Nash Unit Hydrograph, unit hydrograph technique, flood modelling, rainfall runoff relationship, hydrograph, Recursive Least Square identification, Autoregressive model with exogeneous input, Africa, Sahel; 06296.
iterative procedure
optical depth, Langley plot data, solar radiometer, 06807.
iterative process
information use taxonomy, geographic information use, 06747.
iterative solution
groundwater flow problem, conjugate gradient method, strongly implicit procedure, computer storage, 06349.
iterative solver
convergence acceleration technique, pressure field, uneven spacing grid system, 10096.
Ivishak Formation
Permian, Triassic, Sadlerochit Group, unconformity, Echooka Formation, USA, Alaska, Brooks Range; 09396.
jack pine forest
total nitrogen, organic matter, available water capacity, prairie soil, Mollisol, forest soil, Entisol, Alfisol, sandy Mollisol, USA, Minnesota; 08617.
jackknife test
data uncertainty, geostatistical method, groundwater flow model, water level, flow direction, water velocity, flow volume, kriging, USA, Texas, Port Arthur, Upper Chicot Aquifer; 09886.
jacknife
bootstrap, indicator power, saprobity index, Pantle and Buck index, surface water quality, biological index, water quality index, statistical method, 05201.
Jackson's parametric model
soil moisture, microwave radiometer, vegetation cover, polarisation factor, 05718.
Jaisalmer Formation
Jurassic(Middle), wackestone, compaction, authigenesis, carbonate, India, Rajasthan, Jaisalmer; 10607.
James City Formation
mollusk shell, isotope record, oxygen isotope profile, Pliocene marine palaeoclimate, Pleistocene marine palaeoclimate, carbon isotope profile, marine transgression, ice volume, palaeotemperature, Yorktown Formation, Chowan River Formation, USA, Atlantic Coastal Plain; 08475.
January rainfall(1990)
intense rainfall, Tunisia; 08866.
Japanese journal(1985-1990)
climatic aspect, English language reprint, 09963.
Japanese research
relative sea level change, Holocene, sea level, shoreline map, radiocarbon age, coral reef, climatic fluctuation, Japan; 00324.
Jaramillo Subchron
Brunhes Chron, sea ice cover, Pliocene(Late), Pleistocene, palaeoclimate, diatom preservation pattern, Gauss Chron, opal, diatom, Matuyama Chron, Olduvai, Southern Ocean, Jane Basin; Antarctica; 01423.
jarosite
acid mine drainage, solid solution, solubility, hydronium jarosite, groundwater quality, USA, California, Iron Mountain; 13436.
jarrah forest
hillslope transect, coarse textured soil, infiltration, neutron moisture meter, tensiometer, gypsum block, soil water storage, soil water dynamics, Australia, Western Australia; 02901.
Jarvis Creek Ash
volcanic ash, Cantwell ash, Hayes volcano, Tangle Lakes tephra, tephra correlation, Holocene, USA, Alaska; 10736.
Jaunsar Group
sandstone, conglomerate, coarsening upward sequence, siliciclastic unit, Proterozoic, Nagthat Formation, India, Lesser Himalaya, Kumaun; 12921.
Jbel Tissouka Unit
Triassic, Hettangian, breccia, limestone, rifting, chert, Morocco, Riffian Chain, Chaouen; 11760.
jet
air intrusion, stratospheric air, tropical cyclone, cyclone upper atmospheric interaction, satellite, ozone, TOMS, tropopause fold, 10200. deformation forcing, updraft, Mei Yu Front, low level jet, frontal model, midlatitude baroclinic property, tropical convective property, rainfall, Asia, (East); 10094. front, Alpine lee cyclogenesis, cyclone, upper level jet, potential vorticity, low level front, baroclinic zone, Alps; 04298. Great Plains low-level jet, topographic forcing, boundary layer model, soil hydrology, USA; 01900. mesoscale coastal process, frontogenesis, frontolysis, cyclone, precipitation, 01905. vorticity, Rossby wave critical layer, 04291. WKBJ approximation, stability, frontal mean state, baroclinic instability, 13596.
jet exit region
life cycle, persistent anomaly, height anomaly, Aleutian low, teleconnection pattern, baroclinic development, Pacific, (North); 07672.
jet front system
turbulence, upper level jet front system, potential vorticity anomaly, 08954.
jet fuel
forest fire, smoke, photometer, aerosol, spectral optical depth, optical depth, 11158.
jet location
zonal wind variability, tropospheric zonal wind, stratospheric zonal wind, extratropics, tropopause level, subtropical jet, 10079.
jet maximum
surface friction, momentum transport, turbulent mixing, low level jet, aircraft data, 04282.
jet phase module
nitrogen oxide, plume, power plant, dispersion, mixing, 06605.
Jet Propulsion Laboratory
NASA data system, ocean data system, 11599.
jet streak
coastal front, latent heat release, cyclogenesis, 01902. cyclogenesis, storm, baroclinic zone, 01906. warm front, boundary layer, cyclone, surface energy flux, baroclinic process, explosive cyclogenesis, Japan; 01919.
jet stream
assimilation, ocean, circulation, 02192. circulation dynamic factor, ozone decrease, warm sector, 11245. convection, mesoscale weather event, wave activity, storm system, gravity wave activity, vertical velocity, Flatland VHF radar, radar, front, 10098. cross equatorial wind, meridional wind, El Nino/Southern Oscillation, summer heating, tropical heating, 08863. Doppler radar, wind velocity, radar observation, storm(October 1987), frontal system, France, Brittany, Lannion; 00752. gravity wave, velocity fluctuation, radar, azimuthal anisotropy, Japan, Shigaraki; 01848. monsoon, Milankovitch forcing, pluvial climate, climatic episode, global climate, Quaternary(Late), North America; Africa, (North); 13077. orographic forcing, zonal mean flow, stationary wave fluctuation, 01870.
jet stream splitting
feature based predictability, predictability, pressure height, forecast model error, weather system, skill, 10161.
jet stream wind
back bent occlusion, depression, occlusion, storm(February 1990), 09997.
jetstream
chronology, expansion, contraction, lake system, Lake Lahontan, Lake Bonneville, Lake Russell, Lake Searles, radiocarbon age, Younger Dryas, Holocene, USA, Great Basin; 00304.
jetty
river mouth, delta, spit, estuary, sediment transport, Colombia, Magdalena River, Puerto Colombia; 05824.
Jing-Le Formation
alluvial, aeolian deposition, Pliocene(Late), sand, loess, clay, China, Shanxi Province, Jing-Le Basin; 09402.
Joana limestone
conodont, foraminifera, petroleum, Mississippian, wackestone, shale, USA, Nevada, White Pine; Schell Creek Range; USA, Nevada, Egan Range; 00149.
join dependency
losslessness, subhypergraph, 03344.

oint
deep regolith, accelerated erosion, rill, rock property, bedrock incised rill, gully, Schmidt hammer, weathering, Africa, (Southern); 08555. fault, weathering, Eocene, chalk, carbonate, Israel, Negev; 05910. feldspar, mica, weathering grade classification, granite, regolith, cracks, grain boundary, India, Himalayas, Lesser Himalyan Belt; 10823. flow path, infiltration, tensiometer, piezometer, overland flow, saturated lateral flow, groundwater flow, inter flow, groundwater discharge, stream flow generation, fissure, 05127. structural domain, stability analysis, sliding probability map, probabilistic approach, rock slope stability, slope stability, Italy, Rome Region; 08389.
Joint Global Ocean Flux Study
pelagic water, plankton bloom, diatom, marine snow, aggregate, Adriatic Sea; 05927.
oint probability analysis
turbulent transport, tall plant canopy, 03054.
oint probability method
extreme sea level, coastal structure design, extreme wave height, Korea, Pusan; 00322.
oint strength data
constitutive model, rock joint, numerical implementation, 00247.
oint system
corrosion effect, spring migration, uranium series dating, magnetic study, speleothem, fall rate, watertable, thermal water, de gassing, cave genesis, multi storey dissolution maze, phreatic water, groundwater, USA, South Dakota, Black Hills, Wind Cave; Jewel Cave; 10721.
ointing
uplift rate, formation condition, karst cave, cave, subterranean water, USSR, Caucasus; 08406.
okulhlaup
ice dammed lake, Nedre Glamsjo, palaeocurrent, iceberg scour, gravity crater, current erosion mark, Preboreal flood, Norway, Romerike; 09578. subglacial channel, flood, glacier lake, outburst flood, China, Xinjiang, Yarkant River; 03899.
omon Period
Choda site, Matsukawado site, archaeological site, Matsukawado Volcanic Ash Layer, volcanic ash layer, Japan, Aichi Prefecture, Kasugai City; 00315.
omon Transgression
sea-level fluctuation, tephra, paleoenvironmental analyses, Quaternary, marine deposit, morphogenetic processes, Japan, Fukuoka City, Torikai Lowland; 11991. Yayoi regression, Omma stage, Utatsuyama stage, Riss II stadial, Hiradoko stage, Tachikawa stage, Tateyami stadial, Murodo stage, Nyuzen stage, palaeoenvironment, Pleistocene(Early), sea level, Japan; 04968.
oshua
atmospheric optics, hailstorm, superior mirage, meteorological anomaly, biblical episode, Palestine; 07656.
ouansalles Formation
correspondence analysis, eustacy, Sequential Bioquantitative Analysis plot, Palaeoenvironment, Senonian, France, Aquitaine Basin; 07122.
ournal
computer graphic, CAD, bibliography, 05693.
udith River Formation
herbivore, Cretaceous(Late), fossil, amino acid, carnivore, isotope abundance, palaeoecology, food web, dinosaur, Canada, Alberta; 07068.
unction angle
discharge ratio, bed morphology, tributary:main channel discharge ratio, river dynamics, channel confluence, sediment transport, scour depth, 08704.
unge distribution
anthropogenic source, meteorological condition, urban air, Aitken particle, Mie particle, aerosol, Japan, Tokyo; 00847.
ura glacier
palaeogeography, Wurmian glaciation, local ice cap, Switzerland, Jura Mountains; France, Jura Mountains; 09606.
urassic
alteration reaction, burial, diagenesis, mica, sandstone, Norway, Haltenbanken; North Sea; 08296. Bathonian, Great Oolite, ooid fabric, meteoric water, porosity, UK, England; 11656. breccia, neptunian dyke, rifting, cracking, decollement, Switzerland; Italy, Southern Alps; 11657. carbonate source rock, mudstone, Hanifa Formation, carbonate platform, isostatic sagging, hydrocarbon, 07059. continental shelf, Ness Formation, cut-and-fill, reservoir parameter, Saltwick Formation, Aspelintoppen Formation, Atlantic, Norwegian Shelf; 04808. Cretaceous, factor analysis, sedimentation, red bed, Mesozoic, Morocco, High Atlas; 04803. diagenesis, Ravenscar Group, depositional environment, groundwater, pedogenesis, UK, England, Yorkshire, Whitby; 10646. East Berlin Formation, black shale, tricyclic terpane, lacustrine, petroleum, source rock, rift basin, USA, Connecticut, Hartford Basin; 02459. epeiric basin, mudstone, anoxic condition, seasonal oxygen budget, environmental cycle, 07061. evaporite, sabkha, Lias, Mestaoua Formation, basin, 12933. fauna, limestone, fossil, invetebrate, vertebrate, Argentina, Neuquen Province, Zapala; 00151. Galgelokke Member, tidal range, delta, Cambrian, Denmark, Bornholm; 03599. geomorphological, palaeorelief, placer, morphostructure, Triassic, USSR, Siberian Platform, Malo-Botuobinsky; 03691. isoprenoid, mass spectra, oil, archaebacteria, biodegradation, USSR, Tolkinsk Field; 07106. lava flow, paleosol, soil, basalt, Asher Volcanics, Israel; 02464. leaching, sandstone, fresh water, porosity, Magnus Sandstone Member, hydrocarbon exploration, permeability, North Sea, Magnus Oilfield; 06957. limestone, pedogenesis, marl, residual formation, France, Paris Basin; 12981. McCoy Brook Formation, conglomerate, sandstone, mud, clast, debris flow, arid climate, Canada, Nova Scotia, Fundy Basin; 08216. Morrison Formation, fining upward cycle, bounding surface classification, braided river deposit, Westwater Canyon Member, USA, New Mexico; 09397. Morrison Formation, porewater chemistry, lacustrine sediment, Lake T'oo'dichi', Brushy Basin Member, USA, Colorado Plateau; 11737. Morrison Formation, saline lake deposit, lake basin, dinosaur, Lake T'oo'dichi', Brushy Basin Member, USA, Colorado Plateau; 09425. Morrison Formation, saline water, strontium, barite, sandstone, USA, Colorado Plateau; 05936. Morrison Formation, vitroclastic, volcanic ash, lake bed, basin, sandstone, uranium, USA, New Mexico, San Juan Basin; 02388. palaeobotanical investigation, macroflora, palynological complex, USSR, Kazakhstan, Karatau Ridge; 10625. palaeoenvironment, Rhaetian, Bajocian, geotechnical investigation, organic matter, Tethys, Switzerland, Jura Mountains; 04835. Paleogene, pedogenic formation, beidellite, weathering, smectitic mineral, marine sediment, 07113. Pangea, transgression, facies, intracratonic basin, denudation, Carboniferous, Egypt; 03629. petrified forest, Shishu Formation, wood, logs, stump, meander, China, Xinjiang, Junggar Basin; 01307. planktonic algae, kerogen, source rock, chemical mapping, organic matter, Dorset Formation, UK, England, Dorset; 07097. porosity, permeability, hydrocarbon reservoir, infiltration, interstitial clay, Sergi Formation, surface water, Brazil, Reconcavo Basin; 05801. Qaqarssuk Carbonatite Complex, geothermometry, carbonatite, magmatic water, isotope, Greenland; 10633. rare earth element, Smackover Formation, isotopic composition, burial, interstitial fluid, USA, Gulf Coast, Arkansas Shelf; 01278. sea level rise, sediment supply, transgression, mudrock, black shale, UK, England; 10645. sedimentation, metadolomite, breccia, Trias, conglomerate, Italy, Alpi Apuane, Mount Corchia; 07054. seismite, earthquake, Katrol Formation, India, Kutch; 04709. shale, radiolarian, rhodochrosite, manganese, carbonate, Japan; 09319. Shublik Formation, Sag River Formation, carbonate, cement, Triassic, USA, Alaska, North Slope; 02443. smectite, sedimentation, clay mineral, Callovian-Oxfordian, Europe, Anglo-Paris Basin; 01294. subsidence, backstripping, basin, Australia, Queensland, Eromanga Basin; 02424. Tornquist Line, transgression, eustatic curve, sedimentation, Poland; Sweden; 11721. tsunami, bedform, synsedimentary process, lagoon, sedimentary structure, Calcari Grigi Formation, carbonate, Italy, Venetian Alps; 09318.
Jurassic(Late)
Cretaceous(Early), limestone, algae, foraminifera, fine grained sedimentation, palaeography, Morocco, Eastern Rif foreland; 07055.
Jurassic(Lower)
petroleum, terpane, rift basin, synrift, alginite, USA, Connecticut; 07096.
Jurassic(Middle)
siderite, berthierine, clay mineral, electron spin resonance, Northampton ironstone, UK, England, (East); 08312. wackestone, compaction, authigenesis, carbonate, Jaisalmer Formation, India, Rajasthan, Jaisalmer; 10607.
Jurassic(Upper)
Cretaceous(Lower), uplift, erosion, subsidence, sedimentary provenance, basin rifting, UK; France; 08243. latent facies mapping, discrete state data, binary pattern, Morrison Formation, USA, Kansas; 09478. palynomorphs, heavy mineral, feldspar, diagenesis, isotopic dating, sedimentary provenance, North Sea, Central Graben, Argyll Embayment; 08302. shelf sediment, limestone platform, reef, marl, basin, sponge, 08286. sponge, terrigenous influence, organism distribution, pericontinental margin, Tethys, Germany; 08285. Wessex Basin, tectonism, subcrop, structural orientation, Cretaceous, fault, UK, England; 09418.
k mismatch
computer vision, pattern matching, 09108.
K theory
eddy diffusion, Lagrangian stochastic model, turbulence, boundary layer, 01852. intermittent turbulence, clear air turbulence, stable atmosphere, acid rain model, numerical weather prediction model, turbulence modelling, vertical eddy diffusion, 06500. non buoyant toxics, tracer study, vinyl chloride, landfill, short range air dispersion, toxics, USA, California; 06571.
K type disturbance
hydrostatic forcing, nonhydrostatic effect, sea breeze system, 13592.
K-dense corridor
corridor, geometric duality, computational geometry, geometry, 02115.
K-theory
rainfall, micrometeorology, tropical forest, radiation absorption, aerodynamic roughness, 03048.
Kaihu Group
sand mineralogy, sedimentary provenance, Neogene, Quaternary, volcanism, tectonics, New Zealand, South Auckland; 08248.
Kaimur Group
Vindhyan rock, heavy mineral, Semri Group, India, Uttar Pradesh, Banda District; 11727.
Kakegawa Group
Horinouchi Formation, tuff, submarine sliding deposit, lithofacies change, geological significance, Iozumi Tuff, Plio Pleistocene, Japan, Shizuoka Prefecture; 10795.
Kalabagh Fault
decollement thrust, right lateral offset, gravity anomaly, earthquake, strike slip fault, foreland fold thrust belt, Pakistan, Salt Range; 04897.
Kalahari Group
drainage, climatic change, 03606.
Kalela
Kotilainen, Quaternary, botanist, research, Finland; 13011.
Kali Konto Project
erosion, soil conservation, land suitability, tropical environment, Indonesia; 06240.
Kalman filter
atmospheric modelling, VLBI, baseline length, 10257. groundwater model, model calibration, water head, 09889. multicollinearity, navigation, ridge regression, 04512.
Kalman filtering
groundwater flow model, estimation error standard deviation, sensitivity analysis, network density, measurement frequency, water level, monitoring network, China, Zhengzhou; 11050.
Kalman filtration
pollution, prediction model, 03266.
kame
delta, cirque, glacial trough, glacial deposit, Landsat TM, drumlin, streamlined feature, erratic, esker, Ireland; 13124. glacier morphology, surficial geology, glacial stratigraphy, high arctic, mountainous terrain, till, morainal bank, subaqueous fan, fan delta, debris poor glacier, moraine, Canada, Ellesmere Island, Wootton Peninsula; Phillips Inlet;

10764. landsystem, glaciofluvial landform, melt water, ice-contact landform, proglacial feature, kettle hole, UK; Ireland; 11948.

kame hill
ice moraine, melted form, melt water runoff, relief, lowland zone, postglacial relief, deglaciation, Poland, Biala Podlaska; 07242.

kame hummock
flood plain, outwash, kettle gully, Vistula lobe, dead ice melting, river mouth evolution, drumlin field, stagnation lake, Poland, Wierzyca Valley, Gniew; 01379.

Kamieniec Shale Formation
Cambrian, Ocieseki Sandstone, sandstone, mudstone, claystone, Poland, Holy Cross Mountains; 01297.

Kandogawa Formation
Sambe Ohirayama pyroclastic flow, bedrock topography, transgression, sea level, geomorphological development, alluvial plain, microrelief, deltaic plain, stratigraphy, tephrochronology, Tatara, Aira Tn ash, tephra, Hikawa Formation, postglacial transgression, Japan, Izumo Plain; 08350.

Kangra Earthquake
overpressured anticline, basal decollement, rising barrier anticline, anticline, contemporary tectonics, frontal fault system, fold, blind thrust, India, Himalaya, Potwar Plateau; Nepal, Himalaya, Potwar Plateau; India, Himalaya, Salt Range; Nepal, Himalaya, Salt Range; 08370.

kaolin
electrolyte, flocculation, bentonite, aggregate, 08292. electrolytes influence, stress strain behaviour, 03752. metal ion, adsorption, complexation, fresh water, 05932.

kaolinite
cation exchange capacity, tephra, saprolite, volcanic ash, weathering, halloysite, Cameroon; 02476. clay-humus complexation, exchangeable cation, lattice charge, metal bonding, humic acid, montmorillonite, illite, 13230. compaction, cementation, authigenic mineral, Stilo Capo d'Orlando Formation, Miocene, calcite, Italy, Calabria; Sicily; 05803. diaspore, boehmite, illite, haematite, laterite, vermiculite, goethite, calcite, limonite, quartz, Pakistan; 07431. dissolution, ligand, humic acid, complexation, water quality, 12971. exchange reaction, cation exchange resin, Fuquay soil, soil exchanger, model soil exchanger, fluoro aluminium complex, fluorine, aluminium, USA, South Carolina; 10889. ferrallitic soil, particle size analysis, French Guiana; 00375. geochemical change, weathering, biotites, cupriferous rock, secondary phyllosilicate, Brazil, Serra dos Carajas, Salobo; 09615. geothite, hematite, weathering profile, monosiallitisation, ferruginisation, weathering mantle, chemical weathering, chlorite, palaeoweathering, Hercynian Massif, smectite like mineral, Spain, Iberian Hercynian Massif; Portugal, Iberian Hercynian Massif; 02707. gibbsite, flocculation, provenance, continental shelf, clay mineral, montmorillonite, India, Kerala; 00070. halloysite, plagioclase, weathered perthite, granite, weathering, muscovite, Australia, New South Wales, Ardlethan Tin Mine; Queensland, Trial Hill; 12022. hydromica, soil-water film, specific surface, montmorillonite, 00390. illite, hydroxy-interlayered clay, rana soil, clay mineral, high-charge smectite, Spain; 12107. kaolinite polysaccharide system, xanthan, soil structure, dextran, polysaccharide, 10861. leaching, mineralogy, weathering, Ultisol, porcellanite, Non Pareil series, highly weathered soil, biogenic opal, Trinidad and Tobago; 02706. Liesegang banding, zebra rock, claystone, alunite, dickite, Australia, Western Australia, East Kimberley Region, Ord River; 01328. mica, clay mineral, chlorite, crystal structure, indexing, 12992. monsoon, continental shelf, clay mineral, montmorillonite, illite, 12870. montmorillonite, Lockport clay, dielectric constant, permeability, soil, organic fluid, consolidometer, 11889. montmorillonite, mordenite, pH, adsorption, heavy metals, silicon, aluminium oxide, 00408. montmorillonite, Typic Hapludoll, Mollic Haplaquept, pyrophosphate, hydrolysis, goethite, 00422. Oxisol, soil pedogenesis, micromorphology, microaggregation, French Guiana; 01591. Permian, claystone, tonstein, tuff, coal, diagenesis, illite, 02477. rare earth element, deep sea fan, mud, weathering, Atlantic, Amazon Deep Sea Fan; 04760. rejuvenation, gibbsitisation, weathering character, weathering genesis, weathering product, basaltic rock, dolerite, peneplain, Zaire, Shaba, Kibambale; 08527. sand, sodium adsorption ratio, hydraulic conductivity, dispersion, hexametaphosphate, 12988. sandstone, hydrogen isotope composition, isotopic exchange, Cretaceous, clay mineral, Canada, Alberta; 07114. smectite, delta lobe, Nile delta clay, palaeoclimate, palaeogeographic evolution, radiocarbon dated core, clay mineralogy, Egypt, Nile Delta; 11854. soil evolution, weathering, clay fraction, chemical weathering, Latosol, Brazil, Rio Grande do Norte, Serra do Martins Formation; 13289. sorption, humic substance, hydrophobic organic compound, hematite, 03973. Volksrust Formation, Permian, clay mineral, palaeoenvironment, salinity, diagenesis, South Africa, Orange Free Station, Bothaville; 10655. weathering, biotite, cupriferous rock, copper, phyllosilicate, Brazil, Serra dos Carajas, Salobo; 09616. weathering, lake sediment, iron, altitudinal transect, climatic zone, clay mineral, gibbsite, Venezuela, Andes; 03530. weathering, soil, expansion treatment, halloysite, intercalation test, New Zealand; Fiji; 08298.

kaolinite polysaccharide system
xanthan, soil structure, dextran, polysaccharide, kaolinite, 10861.

kaolinitic soil
exchange equilibrium, potassium, illitic soil, smectitic soil, India; 12118. exchange equilibrium, smectitic soil, exchangeable potassium percentage, potassium, calcium, illitic soil, India; 12119. illitic soil, smectitic soil, sorption desorption, caesium-137, clay mineralogy, Australia, Western Australia; 09712.

Kap Graah Group
cyclic variation, meandering, Milankovitch cycle, Devonian, sandstone, Greenland, Gunnar Andersson Land; 02400.

Kap Kobenhavn Formation
palaeoecology, forest tundra, plant remains, insect remains, Plio Pleistocene, Greenland, Peary Land; 09595.

Kapthurin Formation
paleosol, Late Acheulean industry, fauna, braided river, artifact, river system, Kenya, Baringo; 07217.

Karal rock
micromorphological analysis, calcite, cementation, Quaternary geology, radiocarbon date, petrology, dating problem, India, Maharashtra; 08431.

Karoo deposit
palaeogeography, floodplain, lake, Lower Beaufort sequence, Permian, Gondwana, 03605.

Karoo sequence
Paleozoic, Mesozoic, Tertiary, graben, isostatic rebound, sedimentation, Tanzania, Rukwa-Tukuyu Region; 10616.

Karoo Supergroup
diamictite, glacigene, mudrock, Dwyka Formation, Botswana; Namibia; South Africa; 05900. diamictite, glacigenic valley, glacier, Dwyka Formation, Zimbabwe, Hwange; 05898.

karrens
caves, speleothem, conduit direction, prediction method, opal, allophane, karst, quartzite karst, Itacolomi Group, subterranean drainage prediction method, sinkhole, swallowhole, Brazil, Minas Gerais, Ouro Preto; 02555.

karst
abstract, 03841. anthropogenic source, coast, Holocene, Vietnam, Halong; Bai Tylong; 04748. aquifer, travertine, carbonate, neotectonic movement, France, Pyrenees, Corbieres; 07006. brine, hydrothermal fluid, tectonics, lead, zinc, unconformity, China, Guangxi, Siding-Gudan; 12964. carbonate rock, mollusc, tufa, sedimentary environment, palaeogeography, limestone, 10718. cave exploration, limestone, Italy, Abruzzi, Cavallone Cave; 09525. cavern, cement, sandstone, cobalt, lithiophorite, concretion, France, Pays de Sault, Belvis Cave; 01230. disappearing lake, spring, lake, corrosion, USSR, Valdai Upland, Novgorod Region; 11901. downfaulting, tectonic influence, hum, lateral corrosion, downwearing, Quaternary(Early), polje, Greece, Crete; 11900. field trip report, limestone gorge, underground drainage basin, limestone tower, sinkhole, hydrogeology, China, Guangxi; 06055. glaciated dolomite, Silurian aquifer, sinkhole, limestone pavement, ice scour, stepped bedrock topography, ice loading, ice unloading, USA, Wisconsin, Door County; 04924. gypsum, Kirschberg Evaporite Member, evaporite, solution breccia, dissolution, subsidence, USA, Texas, Gillespie County, Fredericksburg; 02347. high alpine mountain, little ice age, France, Savoie, Vanoise, Grande Casse; 02556. landscape scenery, geology, tectonic map, moraine, volcano, Italy; 10684. limestone, conduit cave system, solutional fissure, fissure, cave infilling, phreatic conduit, haematite, Triassic, palaeokarst, UK, England; Wales; 10725. limestone, sinkhole, solution pipe, ground penetrating radar, USA, Florida; 01569. neo-tectonics, cave, Beutushohle, Batterich, Gelberbrunnen spring, Sieben Hengste-Hohgant cave System, Barenschacht, speleothem, fault movement, Switzerland, Thun Lake; 02558. paleosol, carbonate, Quaternary, aeolianite, calcarenite, Bahamas; 12936. point recharge, water tracing, hydrochemical analysis, fissure widening, solution weathering, hydrology, cave, Ireland, Sligo, Geevagh Karst; Bricklieve Karst; 09524. quartzite karst, Itacolomi Group, subterranean drainage prediction method, sinkhole, swallowhole, karrens, caves, speleothem, conduit direction, prediction method, opal, allophane, Brazil, Minas Gerais, Ouro Preto; 02555. sea water, Oligocene, Miocene, Bluff Formation, dolostone, porosity, Caribbean, West Indies, Grand Cayman; 04812. siliclastic rock, carbonate, facies mixing, sediment supply, cyclicity, shelf, mixing, 13003. slope, reef exhumation, geomorphology, Devonian reef, Windjana Limestone, Pillara Limestone, Napier Formation, foot slope pediment, rillenkarren, tufa, gilgai, Pleistocene(Late) dune, Australia, Western Australia, Napier Range; 07150. soil taxa, soil distribution, ground penetrating radar, soil map, USA, Florida, Chiefland Limestone Plain; 03951. speleological research, Tell(L.), cave, Sweden; 13066. tower karst, rock, limestone, China, Yunnan, Kunning; 10727. youthfulness, solutional process, cave system, geomorphic evolution, UK, England, Yorkshire, Ingleborough; Ribblehead; 00258.

karst aquifer
agricultural pollutant, agricultural practice, conservation program, sinkhole, groundwater contamination, USA, Iowa; 01761. flow velocity, spring, oxygen-18 tracer, flow path, groundwater flow, groundwater discharge, China, Guangxi Province, Guilin; 02913. groundwater flow model, conjunctive management, storage coefficient, transmissivity, specific yield, discharge drawdown relationship, groundwater management, multiple aquifer system, China, Taiyuan City; 11129. groundwater flow, water quality, recharge, bicarbonate:calcium ratio, infiltration, France, Foussoubie Karstic System; 11078. limestone, model, simulation, karst evolution, breakthrough time, dissolution kinetics, Germany; 02557. residence time, water chemistry, reducing condition, fertiliser, nitrate concentration, indicator bacteria, groundwater contamination, ion chemistry, USA, Kentucky, Inner Bluegrass Karst Region; 07559. safe yield, water resource utilisation, geosynclinal karst, groundwater regime modification, 04169. snow melt, aquifer recharge, runoff, solar radiation, groundwater discharge, snow cover, mountain basin, France, Doubs; 08789. tracer test, groundwater quality, groundwater flow, hydrodispersive model, well protection, France, Lot, Gramat Causse, Ouysse River; 02917. tufa formation, dissolved inorganic carbon, isotopic content, tritium, groundwater resdience time, carbon-14 dating, groundwater chemistry, Yugoslavia; Czechoslovakia; 04143. weathering budget, aquifer, system mixing, chemical flux, discharge, 06044.

karst cave
cave, subterranean water, jointing, uplift rate, formation condition, USSR, Caucasus; 08406.

karst corrosion
dolomite, mixing corrosion, pothole formation, experimental simulation, helictite, cave study, karstification, Hungary; 06053.

karst data
sinkhole density, permeability, borehole, cave geology, quantification, USA, Iowa; Yugoslavia, Herzogovinia; 06046.

karst denudation
carbon dioxide, climate, soil carbon dioxide, soil temperature, soil moisture, evapotranspiration, USA, Georgia, Pigeon Mountain; North Carolina, Rocky Point; 00915.

karst development
exokarst, endokarst, vertical zoning, 03838.

karst drainage
permafrost environment, sink hole, melt water resurgence, water hardness value, Canada, Northwest Territories, Akpatok Island; 06045.
karst evolution
breakthrough time, dissolution kinetics, karst aquifer, limestone, model, simulation, Germany; 02557.
karst feature
Holocene, landslip, alpine geomorphology, glacial erosion, erosional landform, Australia, Tasmania, Mt Anne Massif; 07244.
karst form
neogene karstification, karstification, chronological sequence, cave development, plantation surface, Oligocene, Pliocene, palaeokarst development, Hungary, Rudabanya Range, Osztramos Hill; 02559.
karst formation
chalk, percolation karst, tectonics, lithology, France, Upper Normandy; 13064.
karst groundwater
spring contamination, water quality management, groundwater quality, water resource protection, China, Shanxi Province; 11067.
karst hydrogeology
groundwater problem, fluviokarst, Ordovician(Upper), pollutant, sinkhole, caves, disappearing river, blind valley, spring, dye tracing, USA, Minnesota, Fillmore County; 03839. groundwater resource, groundwater exploitation, hydrogeological model, China, Shanxi Province, Taiyuan Area; 02908. phreatic cave system, drainage conduit, carbonate rock, spring, doline, submarine spring, palaeocave system, peneplain, uplift, low sea level, dissolution, hydrogeology, New Zealand, Nelson, Golden Bay, Takaka Valley; 09526.
karst infilling
moraine, La Grande Pile sequence, Les Echets sequence, Lac du Bouchet sequence, last climatic cycle, terrestrial record, France; 06084.
karst like topography
Gran Sabana landscape, planation surface, table mountain geology, surficial geochemistry, Venezuelan Guayana Shield, Auyan tepui planation surface, peat bog, nutrient cycle, Venezuela, Bolivar, Chimanta Massif; 09492.
karst process
nickpoint, cluster analysis, ergodic hypothesis, rejuvenation, morphometric assessment, lithologic control, drainage basin evolution, USA, Indiana, Crawford Uplands; 01378. palaeoalpine relief, plantation, weathering crust, limestone, dolomite, Poland, Carpathian Mountains; Czechoslovakia, Carpathians Mountains; 08343.
karst region
land drainage, sinkhole, water resource, groundwater exploitation, river diversion, well, 12293.
karst region evolution
Aggtelek type limestone region, Bakony type limestone region, Hungary; 06048.
karst related feature
palaeokarst, mesokarst, artesian flow, maze cave, phreatic cave, subterranean stream piracy, soil pipe, USA, Mississippi Valley; 03840.
karst spring
hydrograph, spring, hydrochemistry, decisional statistics, discriminant analysis, validation, geohydrological hypothesis, France, Charente, La Rochefoucauld Karst System; Lussac Springs; France, Fontaine de Vaucluse Spring; 13065. recharge, groundwater discharge, spring model, rhythmic spring, ebb and flow spring, intermittent spring, siphon action, Yugoslavia; 12242.
karst surface
mixing zone, artesian groundwater, vadose condition, fracture zone, geological history, cave, Pahasapa Limestone, gypsum bed, anhydrite bed, Mississippian(Late), USA, South Dakota, Black Hills; 10720.
karst system
taiga, mathematico-statistical method, structural non uniformity, quantitative assessment, territorial differentiation, USSR, Arkhangel'sk Oblast'; 11902.
karst terrain
limestone aquifer, cave sedimentation, allogenic feeder stream, soil erosion, cavernous limestone catchment, UK, England; 01506. soil erosion, deposition, fallout cesium-137, USLE, rill erosion, USA, Alabama, Limestone Valley, Gilbert Farm Research Watershed; 12030.
karst terrane
mass transfer model, dissolution, precipitation, turbulent motion, calcite solution, liquid solid interface, reaction rate, 10719.
karst water
mineral characteristic, pH, electrical conductivity, tracing, budget investigation, thermal spring, pollution, water hardness, water resource, Hungary; 11064.
karstic carbonate
speleothem, Pleistocene, stalactite, aragonite, carbonate mineral, Israel, Beth Shemesh, Soreq Cave; 09358.
karstic collapse
permafrost, flooding, landslide, debris flow, earthquake, natural hazard, geological hazard, hazard prediction, loess collapse, China; 13075.
karstic environment
cryoclastic activity, soil ripening, climatic deterioration, micromorphological evidence, Pleistocene(Mid), landscape, climatic change, transgressive-regressive coastline, Acheulean site, UK, England, Somerset, Mendips; Sussex, West Sussex, Boxgrove; 01441.
karstic landform
lithology, structure, temperate karst, tropical karst, polymorphism, residual karst relief, mogote, Spain; Poland; UK; 08405.
karstic landscape
medium alpine mountain, forest cover, aerial photography, bare altitude karst, France, Vercors; 00259.
karstic sediment
cave system, base level, phreatic gallery, allochtonuous element, detrital sediment, ancient glaciation, Switzerland, Helvetic Border Chain, Sieben Hengste; 11899.
karstic system
neotectonics, brittle tectonics, geomorphology, drainage, rift neotectonics, Madagascar; 08377.
karstic terrain
glaciation, saline-fresh water mixing, cave formation, conceptual model, USA, Appalachians; Illinois; USA, Michigan; 01412.
karstic water
mine drainage, protective structure, groundwater flow, impervious layer, drainage condition, inflow rate, 07533.
karstification
chronological sequence, cave development, plantation surface, Oligocene, Pliocene, palaeokarst development, karst form, neogene karstification, Hungary, Rudabanya Range, Osztramos Hill; 02559. cockpit karst, mangrove, tidal flat, bioerosive notch, coastal evolution, mid ocean ridge, Pacific, Caroline Islands; Palau Islands; 13067. geothermal gradient, fluid inclusion, limestone, dolomite, burial history, Germany, Geislingen; Herrlingen; 08287. karst corrosion, dolomite, mixing corrosion, pothole formation, experimental simulation, helictite, cave study, Hungary; 06053.
karstified fracture
geoelectrical method, horizontal loop profiling, Slingram method, Precambrian limestone, electromagnetic horizontal loop method, limestone aquifer, groundwater exploration, low frequency geoelectric method, very low frequency resistivity method, electromagnetic bipole method, resistivity method, Mali, Gondo Plain; 06358.
Kastanozem
Fluvisol, Quaternary(Upper), sediment, soil, provo debris, solifluction, cryoturbation, loess, USA, Utah, Great Salt Lake; 13091.
Kastanozem zone
climate change, global soil change, Chernozem zone, 08563.
kasten core barrel
core, sea bed, box corer, sampling, 01360.
katabatic effect
dry season, savanna site, barotropic result, inertial oscillation, low level jet, sea breeze arrival, Australia; 13515.
katabatic flow
geopotential height, thermal gradient, surface pressure, GCM, Antarctica; 04228. nocturnal slope wind, valley, inversion, adiabatic layer, 03070.
katabatic wind
aircraft observation, valley wind, Antarctica, Terra Nova Bay; 00716. nonhydrostatic model, wind speed, ambient wind, valley, drainage flow, 13550. three dimensional model, drainage current, cold air, Antarctica, Adelie Land; 11189. topographic blocking, stably stratified air, air mass, blocking, nocturnal wind, Australia, South Australia, Adelaide; 13495.
katabatic wind measurement
SEASAT, satellite, radar altimeter, continental ice, 02267.
katabatic zone
elevation profile, accumulation rate, maritime synoptic system, depositional regime, snow accumulation, surface topography, Antarctica, Wilkes Land; 02701.
Katrol Formation
Jurassic, seismite, earthquake, India, Kutch; 04709.
Kauhajoki Formation
Kela Formation, Siuntio Till, Espoo Till, Pikkala Sand, Kauhajoki Till, Harrinkangas Formation, sedimentological analysis, lithostratotype, Weichselian, sediment, stratotype, Finland; 07238.
Kauhajoki Till
Harrinkangas Formation, sedimentological analysis, lithostratotype, Weichselian, sediment, stratotype, Kauhajoki Formation, Kela Formation, Siuntio Till, Espoo Till, Pikkala Sand, Finland; 07238.
Kautsky effect
lidar, plant stress, chlorophyll fluorescence, fluorescence lifetime, 01103.
Kawaguchi Formation
sandstone, Miocene, Pliocene, turbidite, heavy mineral, Araya Formation, Japan, Niigata Prefecture, Higashiyama Region, Nobegawa River; 11730.
Kazusa Group
coarse sediment, channel fill, depocenter, basin, Higashihigasa Formation, Japan, Boso Peninsula; 11729.
Kedichem Formation
lithostratigraphic unit, heavy mineral, sedimentary sequence, lithostratigraphy, provenance, Pleistocene(Early) deposit, Tegelen, Netherlands, Rhine; Belgium, Meuse; Belgium, Scheldt; 10787.
Keewatin ice
Hudson dome concept, indicator erratic, ice-flow pattern, historial review, dispersal, Belcher Island erratic, flow pattern, Laurentide ice, erratic, Canada, Hudson-James Bay Lowland; Belcher Island; Canada, Manitoba; 02636.
Keith clay loam
Woodsen silt loam, Harney silt loam, soil sampling, phosphorus soil test, no-till soil, phosphorus fertiliser, USA, Great Plains; 12089.
Kekiktuk Formation
silica, cementation, burial history, porosity, Mississippian, sandstone, USA, Alaska, North Slope, 1 Leffingwell well; 09315.
Kela Formation
Siuntio Till, Espoo Till, Pikkala Sand, Kauhajoki Till, Harrinkangas Formation, sedimentological analysis, lithostratotype, Weichselian, sediment, stratotype, Kauhajoki Formation, Finland; 07238.
kelp
bulk density, particle density, porosity, aeration, soil physical property, soil amendment, 02757.
kelp bed
sediment loading, gametophyte, Macrocystis, sewage, toxicity, USA, California, Palos Verdes Peninsula; 04774.
Kelvin CISK theory
oscillation, diabatic heating, low frequency dynamics, tropics, general circulation model, 12400.
Kelvin mode
front, cold surge, theoretical study, gravity wave solution, China, Qinghai-Xizang Plateau; 12432.
Kelvin wave
air-sea interaction, ocean response, El Nino, thermocline, Rossby wave,

Pacific, (Northeast); 01862. barotropic instability, Laplace tidal equation, zonal wind, vorticity gradient, internal mode, 04271. coastal low, marine atmosphere, buoyancy advection, South Africa; 13564. coupling parameter, thermocline displacement, wind stress, self excited oscillation, tropical ocean atmosphere, ocean atmosphere system, linear analysis, ocean dynamics, El Nino/Southern Oscillation, 10047. empirical orthogonal function, coastal Kelvin wave, Kelvin wave propagation, ocean modelling, Rossby wave, USA, California; Pacific; 13571. gravity current, trapped disturbance, inversion height, local weather, coastal trap, 08881. latent heating, tropical moist model, thermal forcing, 00750. long-wave approximation, primary circulation, quasi balanced dynamic, tropics, balance scheme, 12403. moisture convergence, latent heating, Beta plane, sea surface temperature, Rossby wave, 01884. normal mode model, air-sea interaction, El Nino/Southern Oscillation, Pacific; 00749. oceanic relaxation time, eastward propagating disturbance, air sea coupled disturbance, aqua-planet, 12379. Rossby wave, El Nino, primitive equation numerical model, coastal wave, Pacific, (Northeast); 07731. satellite retrieval, ozone, nitrogen dioxide, LIMS, chemical fluctuation, vertical propagation, equatorial wave, 11350. solar backscatter ultraviolet instrument, travelling wave, Nimbus-7, ozone measurement, stratosphere, 13643. wind forcing, wind anomaly, ocean general circulation model, baroclinic mode, phase speed, 01871. zonal wind, gravity wave, Rossby-Haurwitz wave, midlatitude jet, planetary scale wave, cloud top dynamics, cloud, Venus; 01792.

Kelvin wave induced oscillation
ozone, water vapour, nitric acid, nitrogen dioxide, LIMS data, stratosphere, trace constituent, equatorial stratosphere, 09073.

Kelvin wave propagation
ocean modelling, Rossby wave, Kelvin wave, empirical orthogonal function, coastal Kelvin wave, USA, California; Pacific; 13571.

Kelvin wave theory
El Nino/Southern Oscillation, coupled model, atmosphere ocean model, CISK condensation, 08904.

Kelvin-Helmholtz billow
lutocline, resuspension, hydraulic jump, internal wave, suspended sediment, Korea(South), Yellow Sea Coast; 04694.

Kelvin-Helmholtz instability
mixed-layer model, thermocline, wind forcing, energy balance, 01864. wave breaking, internal wave, severe, downslope windstorm, windstorm, pulsation, 13595.

Kelvin-Helmholtz wave
ozone, turbulence, nocturnal boundary layer, mini-sodar, 03072.

Kelvin-Helmhotz instability
pseudoenergy, pseudomomentum, negative energy, Casimir, Arnol'd's method, 01180.

Kendall test
chemical parameter, dissolved oxygen, total suspended solid, surface water quality, flow concentration relationship, water quality, USA, Ohio River; 12206.

Kendall trend analysis
surface water quality, semi mean trend analysis, water quality management, pollution, water transfer, China, Luanhe River; Tianjin; 11030.

Kennard,A.S.(1870-1948)
Mollusca, Quaternary stratigraphy, malacology, Geologists' Association, 06074.

Kennessey method
runoff coefficient, aquifer recharge, mountain basin, infiltration rate, Italy, Umbria Marche, Cucco Mountain; 08678.

kepone cycling
estuary, sedimentological fate, surface water quality, polychlorinated hydrocarbon, sediment sink, hydrodynamic model, particle transport, cycling mechanism, fine sediment dispersal, sorption, estuarine circulation, USA, Virginia, James River Estuary; 08760.

Kerepehi Fault
tephra layer, fault, palaeoearthquake, tephrochronology, Holocene, vertical displacement, New Zealand, Hauraki Lowlands, Kopouatai Bog; 00238.

kerogen
anoxic sediment, iron mineral, pyrite, biogenic, sulphate, Peru, ODP Site 680; 01341. bitumen, petroleum, organic matter, pyrolysis, Rock Eval, 05975. black shale, Proterozoic, organic matter, carbonisation, graphitisation, Precambrian, Czechoslovakia, Bohemian Massif; 07103. burial depth, thermal history, phosphorite, diagenesis, sedimentation, organic matter, 03658. hydrocarbon, source rock, lake, organic matter, oil shale, 10612. lacustrine, torbanite, Vryheid Formation, Molteno Formation, Whitehill Formation, classification, oil shale, hydrocarbon, South Africa; 02463. oil, Triassic, Noto Formation, source rock, clay, carbonate, Italy, Sicily, Ragusa Basin; 07064. organic carbon, Proterozoic, Virginia Formation Biwabik Formation, thermal aureole, USA, Minnesota, Animikie Basin; 11790. organic matter, upwelling, oxygen, sedimentation, Arabian Sea, Oman Shelf; 11806. source rock, chemical mapping, organic matter, Dorset Formation, Jurassic, planktonic algae, UK, England, Dorset; 07097. vitrinite reflectance, Neogene, Tertiary, conglomerate, maturation, Japan, Honshu, Tsugaru Basin; 11798. volcanic ash, anoxic cycle, Oligocene, organic carbon, Tard Clay, Hungary, Budapest; 03663.

kerosene
non aqueous liquid, groundwater contamination, mass flow, volatilisation, 11057.

Kesgrave Formation
Valley Farm soil, Barham Soil, cambering, gull, micromorphology, Pleistocene sediment, soil, Westland Green Gravel, Anglian, gelifluction deposit, UK, England, Essex, Stebbing; 06155.

ketoacid
monocarboxylic acid, fatty acid, air-sea exchange, organics, ketocarboxylic acid, marine atmosphere, oxoundecanoic acid, aerosol, Pacific; 03243.

ketocarboxylic acid
marine atmosphere, oxoundecanoic acid, aerosol, ketoacid, monocarboxylic acid, fatty acid, air-sea exchange, organics, Pacific; 03243.

ketone
carbonyl, photolysis, partition coefficient, Henrys Law, methyl ketone, 12531.

kettle gully
Vistula lobe, dead ice melting, river mouth evolution, drumlin field, stagnation lake, kame hummock, flood plain, outwash, Poland, Wierzyca Valley, Gniew; 01379.

kettle hole
kame, landsystem, glaciofluvial landform, melt water, ice-contact landform, proglacial feature, UK; Ireland; 11948.

kettle hole mire
Weichselian, till plateau, mire genesis, palaeoecology, Brandenburgian, Germany, Brandenburg; 08483.

kettle pond
gull, phosphorus, nitrogen, eutrophication, excretion, nutrient, seepage lake, coastal pond, lake water quality, USA, Massachusetts, Cape Cod; 06306.

Kewaunee soil
Rozetta soil, soil compaction, corn, subsoil compaction, soil strength, USA, Wisconsin; 10858.

keyword
radiocarbon database, database, radiocarbon laboratory, Yugoslavia, Zagreb, Rudjer Boskovic Institute; 02598.

KFA-1000
relief mapping, geocoding, digital orthophotograph, space photography, 10368.

khondalitic terrain
groundwater potential index, electrical resistivity, hydrogeology, semi arid region, water exploration, India, Andhra Pradesh, Vizianagaram District, Chipurupalli Taluk; 13419.

Khuisla Formation
Eocene, industry, flux grade, limestone, Bandah Formation, India, Rajasthan, Jaisalmer; 05889.

Kibler-Wollhiser criterion
shock formation, overland flow, kinematic cascade, kinematic wave, rainfall excess, 04033.

Kidman soil
Skumpah soil, metal retention, cadmium, copper, acid mine waste, calcareous soil, mine waste, sorption, 12080.

kieserite
Zechstein, evaporite, anhydrite, Germany, Gorleben; 03655.

kiln
archaeological age, archaeomagnetic dating, limestone kiln, palaeomagnetism, archaeomagnetism, Netherlands, Nijmegen; 10739.

Kimberley Formation
tectonic setting, Turffontein Subgroup, Witwatersrand Supergroup, conglomerate, uplift, South Africa, Witwatersrand Basin, Vredefort Dome; 02421.

Kimmeridge Clay Formation
nodule, sedimentation rate, burial, diagenesis, concretion, UK, England; 08149.

Kimmeridgian
diagenesis, illite, smectite, Mossbauer spectroscopy, aluminium for silica substitution, North Sea; 09445.

Kimmeridgian limestone
micritic limestone, limestone, microbial mat, France, Jura Mountains; Ain, Marchamp; 09428.

kinematic cascade
kinematic wave, rainfall excess, Kibler-Wollhiser criterion, shock formation, overland flow, 04033. overland flow model, runoff, diffusivity, matched diffusivity technique, 10994. overland flow model, runoff, Muskingum Cunge method, turbulent kinematic flow, laminar flow, matched diffusivity technique, 10995.

kinematic method
aerial analytical photogrammetry, spatial accuracy, photo aircraft, GPS, 07922.

kinematic model
rate of shoreline erosion, global warming, sea level, barrier beach erosion, rising sea level, USA, Atlantic Coast; Gulf of Mexico; 05034.

kinematic position determination
GPS, inertial system, precise surveying, 06715.

kinematic routing model
partitioned log-linear model, velocity measurement, hydraulic geometry, velocity-discharge relationship, lowland river, streamflow, log-linear relationship, log-quadratic relationship, UK, England, Lincolnshire; 04048.

kinematic structure
boundary layer structure, boundary dynamics, hurricane, rainband, mesoscale rainfall, 10107. monsoon, divergence, precipitation, whirlwind velocity, India; 11233.

kinematic survey
GPS phase measuring, baseline recovery, 07946.

kinematic wave
infiltration, lateral flow theory, hillslope hydrology, gravity driven flow, unsaturated flow, boundary layer flow, macropore, hydrological hillslope process, 11044. rainfall excess, Kibler-Wollhiser criterion, shock formation, overland flow, kinematic cascade, 04033.

kinematic wave approach
flow resistance value, soil structure, erodibility, hillslope hydrology, overland flow, erosion, sediment transport, 11006.

kinematic wave approximation
runoff model, flow resistance equation, surface runoff, imprevious surface, 07473.

kinematic wave equation
Boussinesq equation, subsurface flow, runoff formation, rainfall runoff relationship, forest basin, capillary rise, non capillary flow, convolution integral, mountain watershed, USSR, Carpathian Mountains; 09808. surface water groundwater interaction, bank storage effect, hydrograph, groundwater flow equation, flood routing solution, open channel flow equation, seepage, 09803.

kinematic wave routing
overland flow, soil moisture, infiltration, peak discharge, runoff volume, drainage basin, arid region, model calibration, model verification, channel flow, rainfall runoff model, Saudi Arabia; 09810.

kinematics
thermodynamics, water budget, mesoscale convective system, updraft, Doppler observation, squall line, 08951. wave, bottom friction, energy budget, 01174.
KINEROS
runoff, tillage practice, contour ripping, hydrological modelling, rangeland watershed, 10986.
kinetic
chemical weathering, B horizon, spodosol, weathering rate, chemical weathering rate, dissolution mechanism, USA, Maine; 12019. hydroxy radical, hydroxyvinyl, hydroxyvinyl adduct, rate constant, 06617. weathering, geology student, dissolution rate, microwave oven, field weathering study, earth science teaching, reaction, 03923.
kinetic energy
available potential energy, eddy kinetic energy, atmospheric energetics, 04269. bifurcation, braided channel, knickpoint evolution, rillwash, laboratory flume, rainfall intensity, 10832. convective atmospheric boundary layer, wall effect, turbulence closure, pollution, mesoscale model, momentum, 04460. eddy kinetic energy, energy cycle, available potential energy, 04268. enstrophy dissipation, semigeostrophic frontal model, Eady wave frontal model, frontal model, momentum diffusion, 12445. entrainment, turbulent flux, cloud top entrainment, small scale mixing, boundary layer, inversion, 04303. radiative cooling, pressure velocity correlation, turbulence structure, stratus cloud, boundary layer, Arctic; 04318. Reynolds stress, deciduous forest, forest, canopy, energy budget, turbulent energy, 11181. thunderstorm, gravity wave, momentum, 01932.
kinetic energy aloft
hailfall, radar measurement, crop damage, 08970.
kinetic energy budget
wintertime, cyclone activity, coast, available potential energy generation, baroclinicity destruction, 06485.
kinetic energy effect
magnesium, exchangeable magnesium, water drop kinetic energy, infiltration rate, sodium-calcium-magnesium soil, soil structure, soil sealing, 06335.
kinetic energy spectra
inertial period, inertial oscillation, surface wind, 06489.
kinetic energy transport
microburst, storm, misocyclone, boundary layer, gust front, momentum transport, 03103.
kinetic fractionation
nitrogen-15:nitrogen-14 variation, nitrate species, nitrogen isotope, nitric acid vapour, isotope exchange, 07861.
kinetic isotope
isotope effect, oxidation, methane, hydroxyl radical, carbon, 11327.
kinetic measurement
thermal decomposition, Laser Magnetic Resonance spectroscopy, chlorine monoxide, ozone, 05550.
kinetic model
adsorption kinetics, stirred flow chamber, ion exchange kinetics, 07394. dissolved metal, particle water metal exchange, metal exchange, estuarine chemistry, surface water chemistry, residence time, trace metal, fresh water residence time, first order chemical reaction, chemical equilibrium modelling, 08751.
kinetic nucleation
ballistic polymerisation, sintering, diffusion-limited aggregation, aerosol, silica powder, particle, 03204.
kinetic study
tropospheric chemistry, equilibrium constant, peroxynitrate, flash photolysis UV absorption, PAN, 06622.
kinetic theory
shear stress, collisional flow, particle flux, granular flow, 03503.
kinetics
anoxic sediment, sulphate reduction, acetate determination, mineralisation, organic matter, USA, Alaska, Skan Bay; 09474. chlorine, ozone depletion, photolysis, rate constant, 06683. diffusion, solid core model, coupled reaction, pollutant, suspended sediment, reversible reaction, adsorption, desorption, 07030. electrode response time, ion selective electrode, potassium, 05091. organic anion, phosphorus release, Spodosol, oxalate, formate, USA, Florida; 07368. rate constant, absorption spectrum, sulphate radical, 06635. sulphate adsorption, sulphate desorption, adsorption, desorption, goethite, pressure jump relaxation, 07364. thermodynamics, carbon dioxide, trace metal speciation, seawater, 05541. trichloromethyl radical, rate constant value, chlorine, UV spectrum, 06638.
kinetostratigraphical unit
glaciodynamic structure, Main Stationary Line, Bovbjerg profile, Holsteinian marine clay, Saalian till, sandur, stockwerk, thrust fault imbrication, Denmark, Jutland; 00298.
Kingston Peak Formation
Quaternary rhythmite, varve, glaciomarine cycle, geology teaching, Markov chain analysis, pedagogic tool, cyclic trend, USA, California, Death Valley; Sweden; 03701.
Kirkcolm Formation
isotopic composition, strike slip movement, Galdenoch Formation, Ordovician, greywacke, sedimentary provenance, UK, Scotland, Southern Uplands; 08244.
Kirschberg Evaporite Member
evaporite, solution breccia, dissolution, subsidence, karst, gypsum, USA, Texas, Gillespie County, Fredericksburg; 02347.
Kjeldahl
multi tracer method, waste water effluent, mixing, effluent quality parameter, total dissolved solid, tracer, waste water reservoir, electrical conductivity, detergent, alkalinity, 05199.
Kjeldahl method
ammonia, nitrate, total nitrogen, 02796. nitrogen, organic nitrogen compound, total nitrogen analysis, microwave digestion, 12093.
Kleszczow Graben
Pilica Interstadial, Younger Saalian, reforestation, Saalian sediment, till, Holsteinian, Eemian, Poland, Belchatow; 09579.
klippe
Martinsburg Formation, foreland basin, thrust terrane, Ordovician, piggyback basin fill, USA, Pennsylvania, Shochary Ridge; 01291.
knickpoint
piedmont fan, recurrence interval, earthquake, headward migration rate, knickpoints age, gully, China, Helanshan Mountain; 02506.
knickpoint evolution
rillwash, laboratory flume, rainfall intensity, kinetic energy, bifurcation, braided channel, 10832.
knickpoints age
gully, knickpoint, piedmont fan, recurrence interval, earthquake, headward migration rate, China, Helanshan Mountain; 02506.
knowledge
artificial intelligence, information system, 04559.
knowledge acquisition
fire station, GIS, expert system, Canada, Alberta, Calgary; 01068.
knowledge base
artificial intelligence programming, deduction, 04560. industrial application, 04554. industry, 04562. object oriented, language, 04557.
knowledge base management system
Generis, 04569. GIS, expert system, intelligent GIS, 01081.
knowledge base pattern recognition
pattern recognition, syntactic approach, expert system, 11477.
knowledge based analysis
urban boundary detection, GIS, fuzzy classifier, mixed pixel, 08133.
knowledge based approach
rule based expert system, prediction, waterborne soil erosion, high magnitude erosion event, soil erosion event, UK, England, Sussex, East Sussex; 01510.
knowledge based GIS
education, management, GIS, environment, GIS standards, 02137. expert system, map production system, geological engineering map, 10339.
knowledge based image analysis
land cover mapping, expert system, Thematic Mapper, 08082.
knowledge based interpretation
acoustic image, ocean resource development, sidescan sonar, sub bottom profiler recording, 10286.
knowledge based system
cartographic symbol, symbolisation, 02181. feature extraction, line tracking, 03320. large system, expert system, artificial intelligence, 13815. model building, hypermedia system, 12805. piloting system, collision avoidance, 13857. tactical decision, decision making, 04566. urban area, land classification, China; 13992.
knowledge based technique
expert system, relational database, 04555.
knowledge database
change detection, remote sensing, GIS, regional analysis, 10340.
knowledge engineering
computer network, GIS, management, spatial database, algorithm, data structure, 13817.
knowledge representation system
pattern recognition algorithm, floating approximation, 03303.
Kolmogorov spectrum
convection, anisotropy, wind speed, cloudy atmosphere, turbulence, 00766.
komatiite
volcanic resurfacing rate, volcanism, Magellan image, lava flow, pyroclastic deposit, rhyolite dacite dome, Venus; 11875.
Kona Dolomite
diagenesis, dolomite, gypsum, ooid, stromatolite, chert, Proterozoic, Big Cusp Algal Dolomite Member, USA, Michigan, Marquette; 05904.
Konrad-Morgenstern theory
cumulative frost heave, frost heave, displacement transducer, segregational potential, field frost heave measurement, prediction, seasonal frost, time domain reflectometry, Canada, Ontario, Ottawa; 01454.
Koorin Experiment
boundary layer data, tree covered terrain, closure constant, modelling, mixed layer growth, Australia; 13514.
Koorin experiment data(1974)
surface flux, heat flux, stress, inertial oscillation, sea breeze, dry season, savanna site, boundary layer process, Australia; 08871.
Kopec,J.
expedition, map, Asia; 05667.
Koppen's classification scheme
climatic region, climatic classification, factor analysis, cluster analysis, Australia, Queensland; 06454.
Korea Ocean Research and Development Institute
oceanography, biotechnology, marine biology, marine geophysics, engineering, polar research, Korea; 08317.
Korean
Antarctic research, ice, research, Antarctica; 04888.
Korteweg-De Vries equation
Cauchy problem, synthetic aperture radar, nonlinear internal wave, internal wave, Landsat TM, 12410.
Kostiakov equation
grassland, rangeland hydrology, Canada, Alberta; 12221.
Kota clay soil
plot study, contour cultivation, runoff, soil loss, sorghum, India, Kota; 06235.
Kotilainen
Quaternary, botanist, research, Kalela, Finland; 13011.
Kotilainen's index
floristic composition, Bendelow and Hartnup's index, oceanicity, continentality, Ireland; UK, Northern Ireland; UK, Scotland; Norway; 03083.
Kotschin problem
frontal stability problem, perturbation technique, 08958.
koultuk
geomorphological regionalisation, deltaic plain, Pleistocene history, floodplain, USSR, Volga River Delta; Caspian Sea; 03716.
Koy-Yukon interglaciation
Ch'ijee Bluff Unit 4, Old Crow tephra, interglacial deposit, Canada,

Yukon, Bluefish Basin, Ch'ijee's Bluff; 07253.
Kozeny-Carman permeability model
Mualem permeability model, Childs and Collis-George permeability model, porous medium, biofilm growth, Millington and Quirk permeability model, groundwater contamination, permeability reduction, permeability model, pore size distribution, 06374.
Kozenys parabola solution
Engelunds solution, seepage surface, unconfined aquifer, Laplace equation, groundwater flow, water table height, Dupuit Forchheimer analysis, 07541.
Krakatoa eruption
drought, sunspot activity, volcanic eruption, rainfall, precipitation, Spain, Valence; 00702.
Krasnozem
aggregation, infiltration, tillage effect, Australia, Queensland, Atherton Tableland; 02754.
Kreftenheye Formation
glaciation, Holocene(Early), grain size, Weichselian, sand, Netherlands, Rhine River; 06967.
kriging
automated variogram modelling, spatial analysis, acid precipitation, non linear regression, variogram modelling, move window estimation, 04195. chloride concentration, monitoring network, groundwater quality monitoring, network design, confined aquifer, parametric statistical technique, nonparametric statistical technique, geostatistical technique, Spain, Barcelona, Llobregat Delta; 01726. co kriging, soil mapping, floodplain soil, zinc, local trend analysis, mathematical spline, inverse distance weighting, weighted local averaging, spatial prediction method, soil pollution, Netherlands, Geul River; 08622. copper, cobalt, element deficiency, soil property, variogram, UK, Scotland; 13219. cubic spline interpolator, soil property prediciton, France, Sandford St. Martin; Yenne; 03986. geostatistics, spatial interpolation, point-kriging, 00433. interpolation, GIS, stochastic model, soil salinity, herbaceous cover, Israel; Botswana; 03364. isolinear map, soil attribute, soil profile attribute, prediction procedure, moisture deficit, Netherlands, Mander; 10853. jackknife test, data uncertainty, geostatistical method, groundwater flow model, water level, flow direction, water velocity, flow volume, USA, Texas, Port Arthur, Upper Chicot Aquifer; 09886. mapping, soil pollution, zinc, Netherlands, Geul Floodplain; 02786. probabilistic analysis collapsing soil, indicator kriging, indicator transform, USA; 03731. soil sampling, spoil physicochemistry, mine spoil, geostatistical technique, sample spacing, USA, Montana; 13270. spatial analysis, statistical analysis, statistical error, wet deposition, acid rain, precipitation, deposition, surface fitting algorithm, 13667. spatial variability modelling, soil parameter, undrained shear strength, variogram, Canada, Quebec, James Bay, Broadback River; 06028. variogram interpretation, variable interpolation, environmental variable, GIS, 09204. variogram, interpolation, 05608.
kriging method
groundwater flow, transport model, parameter estimation, inverse method, transmissivity, Denmark, Vejen; 09877.
kriging technique
areal precipitation, mapping, topography, precipitation data, spatial variability, USA, Arizona; 12146. nitrate, water quality, network geometry, modelling spatial uncertainty, solute transport, transport model, groundwater flow, Austria; 09893.
kriging variance
oedometer, geostatistical method, predict, collapsing soil, USA, Arizona, Tucson; 03799.
Krompachy Group
infrared spectra, Permian, burial, illite, clay mineral, Czechoslovakia, Carpathia, Gemericum; 05968.
krummholz
wind pattern, conifer, alpine transition, Glacier Lakes Ecosystem Experiments Site, wind deformed, USA, Wyoming, Laramie; 06464.
Krusne hory Fault
engineering-geological investigation, geotechnical investigation, slope stability, deep opencast mine, complex geological condition, stability, opencast mine slope, finite element method, Czechoslovakia, Bohemia; 01405.
krypton-85
radon-222, sulphur dioxide, subgrid scale vertical tracer transport, troposphere, convective cloud, frontal zone, carbon monoxide, 05533.
Kuban black earth soil
traffic induced compaction, field traffic, crop yield, soil structure, wheel traffic, track traffic, USSR; 09708.
Kukersite
Guttenberg Oil Rock, thiophene, phenolic compound, Ordovician, pyrolysis, USSR, Estonia; 07105.
Kumada's classification
humic acid, chernozem, Poland; 02809.
Kumaon Lake sediment
sedimentation rate, radiocarbon, chronology, magnetic susceptibility, India, Kumaon Himalayas, Naini Tal District; 02631.
Kungurian deposit
halite, bromine, chlorine, sedimentation, diagenesis, USSR, Caspian Basin; 01235.
Kupferschiefer
biomarker, Permian, aromatic hydrocarbon, chroman, isoprenoid, palaeosalinity, Germany, Lower Rhine Basin; 07099. pyrite, organic matter, redbed, redox state, stratiform, 00170.
Kuroshio current
sea surface temperature anomaly, monsoon, primitive equation model, Pacific; 10035.
kurtosis
roundness, sand, dune, beach, skewness, India, West Bengal, Midnapur District, Junput Beach; 11685.
kysts
oxygen, anoxic, Cenomanian-Turonian, dinoflagellate, benthic, black shale, France, Vocontian Basin; 02439.
La Grande Pile sequence
Les Echets sequence, Lac du Bouchet sequence, last climatic cycle, terrestrial record, karst infilling, moraine, France; 06084.
La Joya Formation
red bed, Pangea, Triassic, Huizachal Formation, channel pattern, Mexico, Sierra Madre Oriental; 11754.
La Luna Formation
dysaerobic condition, laminae, marl, shale, Cretaceous, organic carbon, concretion, Venezuela, Andes de Merida; 04704.
La Nina
coastal water level, estuary, El Nino, Southern Oscillation, shrimp harvest, USA, Louisiana; 07727. sea surface temperature, teleconnection, tropical cyclone, El Nino, Pacific; 04264.
La Perade Clay
climatic optimum, lithostratigraphy, tectonically stable, allochtonous ice, glacioisostasy, glacial lake, climatic cycle, isostatic rebound, eustatic sea level, rhythmite, Deschaillons Varve, St. Maurice Rhythmite, Leclercville Rhythmite, St. Pierre Sediment, Canada, Quebec, St Lawrence Valley; 02657. marine episode, Cartier Sea, fauna, radiocarbon date, postglacial isostatic sea, Champlain Sea invasion, Illinoian-Sangamonian transition, Wisconsinan, Canada, Quebec, St Lawrence Valley; 02659.
Laachersee eruption
Allerod peat, coastal landscape, Weichsel, Late Glacial, Dryas, Germany; 03896.
labeled skeleton
projection, 00981.
labelled dot patterns
Voronoi neighbour, local feature detection, enhancement, 03351.
labelling error
pattern recognition, training sample, 07988.
labile form
rangeland, cultivation, organic matter, carbon, phosphorus, nitrogen, USA, Great Plains; 09744.
labile fraction
mixing experiment, sea water, phytoplankton, micronutrient, iron, 09450.
lability
photolysis, sea water, iron, phytoplankton, iron availability, 11778.
laboratory
compression, clay, permeability anisotropy, natural clay, strain, 06021. flowslide, failure, landslide, liquefaction, pore pressure, shear strength, instrumented, 04916. rainfall simulator, infiltration rate, polymer effect, erosion, 03934.
laboratory analogue
stratified flow, hurricane, fluid dynamics, 12409.
laboratory analysis
cation exchange capacity, 01557. Swedish Antarctic Expedition, research station, Antarctica; 00228.
laboratory apparatus
soil testing, microcomputer based, 03761.
laboratory chart
laboratory investigation, lime, stabilisation, sensitive clay, shear strength, quicklime stabilisation, cementation, cohesion, USA, Alaska; Canada; Scandinavia; 02538.
laboratory cyclic test
excess pore pressure, granular soil, energy approach, seismic liquefaction potential, earthquake, liquefaction potential, standard penetration test, 02541.
laboratory equipment
shear test, wedge shear testing, unsaturated material, clay, gravel, cylwest test, iswest test, priswest test, 09512. triaxial test, strength measurement, soil strength, shear test, 13045.
laboratory evaluation
suspended sediment, mud, bottom sample, backscatterance, USA, Louisiana, Fourchon; 01367.
laboratory experiment
numerical simulation, isolated eddy, barotropic eddy, eddy, basin, topographic beta plane, 12408. pollutant, partitioning, organic carbon, PAHs, Australia, Queensland, Brisbane River Estuary; 04797. sea level, sea strait, barotropic current, baroclinic current, 03546. undrained triaxial compression, linearised integration technique, incremental constitutive equation, numerical technique, stress strain response curve, 08384.
laboratory experiments
cloud top, entrainment instability, buoyancy reversal, stratification, 12452.
laboratory exposure system
simulation, atmospheric degradation, building stone, wet deposition, atmospheric pollutant, acid rain, wet-dry cycling, Porland stone, pollutant-material response relationship, damage function, dry deposition, wet deposition, 02704.
laboratory flume
rainfall intensity, kinetic energy, bifurcation, braided channel, knickpoint evolution, rillwash, 10832.
laboratory intercomparison
European Monitoring and Evaluation Programme, monitoring programme, standardisation, trend, 06678.
laboratory investigation
lime, stabilisation, sensitive clay, shear strength, quicklime stabilisation, cementation, cohesion, laboratory chart, USA, Alaska; Canada; Scandinavia; 02538.
laboratory manual
US Geological Survey, suspended sediment, bottom material, standard reference water sample, sediment analysis, inorganic substance, water quality analysis, analytical method, 00497.
laboratory measurement
conduction current, measurement error, electrical measurement, thundercloud, balloon borne instrumentation, charged water particle, 11157. sediment core, porosity, neutron log, Atlantic, Meteor Rise; ODP Hole 704B; 13000. towing tank, dye plume, Froude number, stable flow, hill, linear theory, 07761.
laboratory method
chemical investigation, statistical method, mapping, work method, phy-

sical geography, field method, 08319. microfabric, porosity, permeability, oolitic sediment, particle packing, Atlantic, (Northwest); Bahamas, Great Bahama Bank; 05805. pore water, anaerobic condition, humic substance, tidal flat, percolation technique, Germany, Elbe Estuary; 08314.

aboratory methods
data collection, data analysis, regional assessment, groundwater quality, National Water Quality Assessment Program, water quality measurement, field method, USA; 12254.

aboratory reflectance spectra
dry plant material, green plant material, plant decay, 05739.

aboratory simulation
glacial abrasion, theory, abrasion rate, shear stress, ice bed interface, 07221. quartz synthesis, soxhlet leaching, basalt, tuff lapilli, leaching, 08517. unified theory, downburst, tornado, cyclone vortex, 10124.

aboratory spectra
mineral alteration, infrared, airborne spectrometer, Australia, Queensland; 09194. spectral reflectance, rock varnish, arid area, rock coating, 08066.

aboratory strength
deformation testing, pressuremeter testing, in situ testing, swelling soil, international conference, soil mechanics, 06018.

aboratory study
differential spore and pollen transport, spore, pollen, UK, England, Surrey, Silwood Lake; 06083. lysimeter study, chemical weathering, feldspar, dissolution rate, weathering rate, microorganism, percolation lysimeter, rate, Sweden, Svartberget; 09625. pollutant detention time, wake cavity, downwind wake cavity, building, detention time, deconvolution technique, 10023. soil reference collection, sliced profile, monolith, Tunisia; 09759.

aboratory test
liquefaction potential, sandy substratum, delta, Benin Formation, foundation structure, Nigeria, Niger Delta; 10705. shear modulus, test, generalized theory, visco elasticity, London Clay, elasticity, 04907.

aboratory value
porosity, permeability, carbonate, Atlantic, (Northwest); Bahamas, Great Bahama Bank; 05804.

aborcita Formation
Wolfcampian, dolomitic limestone, bioherm, fluid inclusion, brine, sediment burial, USA, New Mexico, Sacramento Mountains; 09404.

abour market analysis
storage structure, geographical resolution, network access, management issue, 01045.

abrador Current
Western Boundary Undercurrent, sedimentation, depocentre, submarine sliding, Cenozoic, continental slope, sediment drift feature, Atlantic, Grand Banks, Sackville Spur; 02362.

abradorite evolution
weathering, basanite, pyroxenite, texture effect, plagioclase alteration, France, Massif Central; Canada, Quebec, Mont Saint Bruno; 08521.

ac du Bouchet sequence
last climatic cycle, terrestrial record, karst infilling, moraine, La Grande Pile sequence, Les Echets sequence, France; 06084.

accolith
Quaternary uplift, maar, volcanic relief, andesite, Czechoslovakia, Cerova Vrchovina; 13039.

actone
sterol, hopane, phytanyl thiophene, isoprenoid, evaporite, salt pond, bacteria, Spain, Alacante, Santa Pola; 07098.

acustrian clay
statistical evaluation, engineering property, clay, undrained shear strength, plasticity index, liquidity index, plastic limit, over consolidated ratio, Canada; 02543.

acustrine
dolomitisation, Quaternary, saline, lake, Holocene, 01226. hydrocarbon, Tertiary, tetracyclic triterpane, biomarker, lanostane, China, Biyang Depression; 11797. petroleum, source rock, rift basin, Jurassic, East Berlin Formation, black shale, tricyclic terpane, USA, Connecticut, Hartford Basin; 02459. source rock, gas chromatography, Paleozoic, Greenland; 04861. torbanite, Vryheid Formation, Molteno Formation, Whitehill Formation, classification, oil shale, hydrocarbon, kerogen, South Africa; 02463.

acustrine basin
heavy mineral, clay mineralogy, palaeolake, source rock, Cenozoic, weathering, Cameroon, Adamaoua, Anloua Basin; 12945. sand, alluvial fan, delta facies, Gilbert type fan delta, foreset, Italy, Valdarno Basin; 10592.

acustrine carbonate
spring travertine, terminal lake, Pleistocene, lake, Sayif Formation, facies, palaeoenvironmental setting, Israel, Arava Valley; 03877.

acustrine clay
aliphatic compound, aggregate stability, silty clay, microbial activity, waterlogged soil, 13224. glaciofluvial gravel, Quaternary deposit, road cutting, till, UK, England, Devon, Barnstaple, Lake Cutting; 07233.

acustrine deposit
alluvium, forealpine lake, glaciation, meandering channel, diversion channel, stratigraphy, Switzerland, Aare River; 11847. aridity, lake level, storm frequency, ice age, vegetation, climate, subtropical Chile, pollen, Chile, Laguna de Tagua Tagua; 04979. basin, lake, subsidence, shale, hydrocarbon, rift, 11751. core, explosion crater, forest refuge, lithostratigraphy, volcanism, palaeomagnetism, palynology, Quaternary, Cameroon, West Cameroon, Barombi Mbo; 02630. Middle Polish glaciation, Eemian, Vistulian vegetation, pollen stratigraphy, Pleistocene, Poland, Wroclaw, Imbramowice; 00312. Miocene, Ramblian, carbonate, basin infill, Spain, Cuenca Province, Loranca Basin; 11757. palaeohydrochemistry, magnesium, strontium, salinity, hydrochemistry, ostracode, Pleistocene, Spain, Baza Basin; 00280. paraglacial landform, deglaciation, till, UK, Scotland, Findhorn Valley; 06148.

e trine environment
evaporite sediment, theoretical study, U series isochron, total sample dissolution, dating method, radiochemical data, impure carbonate, 09553. geochemical characterisation, biological marker characterisation, source rock, black shale, Brazil; 10644. trench, Lake Iroquois, subglacial melt water origin, Quaternary(Late), Canada, Ontario, Lake Ontario, Bateau Channel; 04998.

lacustrine episode
epimerisation, isoleucine, ostrich eggshell, eggshell, Struthio camelus, dating, Africa, Sahara; 13097.

lacustrine evaporite
groundwater, aeolian gypsum, pedogenic gypsum, gypsum, evaporite, Quaternary, Australia, New South Wales, Willandra Lakes, Prungle Lakes; 11675.

lacustrine facies
biomarker, thermal maturity, Devonian, organic matter, Orcadian Basin, UK, Scotland; 08283. Lago Tiberino, Villafranchian, tilting, meander bend, terrace, tectonic phase, neotectonics, palaeogeographic evolution, fluvial facies, Italy, Umbria, Tiber Valley, San Fortunato Basin; Umbira, Tiber Valley, Riparvella Basin; 08342.

lacustrine landscape
interglacial, flora, pollen spectra, Eemian Interglacial flora, gyttja, till, Poland, Warsaw, Kasprzak Street; 00313.

lacustrine level
chlorococcal algae, Typhaceae pollen, sterol content, humic acid, fulvic acid, organic wall, microfossil, organic substance, Holocene sediment, marine level, dinoflagellate cyst, pollen grain, sediment weathering, Brazil, Rio de Janeiro, Guarapina Lagoon; 08458.

lacustrine ostracode
ostracode, glaciolacustrine sediment, glacial melt water, Laurentide ice sheet, stable isotope record, last glacial cycle, Canada, Toronto, Scarborough Bluffs; 09555.

lacustrine playa
geochemical carbonate composition, isotopic analysis, mineralogy, carbonate, shelf sea, Archaean, dolostone, 07049.

lacustrine process
morphogenesis, palaeogeographical change, topographic expression, marine shell, marine, glacial, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02521.

lacustrine sediment
aeolian sediment, Wisconsinan deglaciation, glaciotectonism, landsliding, slope failure, gully erosion, glacial diamicton, Canada, Alberta, Red Deer River, Little Sandhill Creek; 04918. buried soil, weathering study, Little Ice Age, glacier fluctuation, radiocarbon date, moraine, lichenometric date, Scandinavia; Sweden; Norway; Finland; 10774. diagenesis, coal, vanadyl porphyrin, dicyclic-deoxophylloerythroetio porphyrins, oil, China; 00181. Lake T'oo'dichi', Brushy Basin Member, Jurassic, Morrison Formation, porewater chemistry, USA, Colorado Plateau; 11737. lanostane, crude oil, biomarker, basin, China, Biyang Depression; 03668. porewater, PCBs, PAH, pesticide, chemical, Canada; USA, Great Lakes, Lake Superior; 01255. silt, clay, buried topography, bedrock topography, overdeepening, glacial Lake Winimusset, USA, Massachusetts, Ware Quadrangle, Winimusset Brook; 11945. source rock, isotope, lake, rift, modern analogue, 11826. sulphur, isotopic content, burial, lake, drying, 04875. Younger Dryas, climatic cooling, pollen, tundra, mineral erosion, climatic perturbation, USA, Alaska, Glacier Bay; 07195.

lacustrine sedimentation
alluvial sedimentation, sedimentation, Stephanian, Variscan basin, volcanic control, tectonic control, Spain, Catalonia, Malpas-Sort Basin; 09419.

lacustrine sequence
aquifer recharge, pluvial lake, PALHYDAF, palaeohydrology, Africa, (Northwest); Tunisia; Algeria; Niger; Mali; 13095.

lacustrine silty clay
soil S wave velocity, numerical analysis, in situ, S wave measurement, Italy, Fucino Valley; 03782.

lacustrine soil
silty clay, soil structure, humic material, aggregate stability, soil aggregate, waterlogged soil, 12051.

lacustro glacial clay
consolidation history, Terzaghi theory, oedometer consolidation test, fossil overburden pressure, geotechnical data, ice sheet thickness, Saalian ice sheet, preconsolidation load, Netherlands, Groningen Province, Marum; 10773. Saalian ice sheet, geotechnical engineering, sub glacial sediment, sediment deformation model, geotechnical property, structural property, over consolidated clay, Netherlands, Groningen Province, Marum; 10772.

lag
arctic setting, precipitation, sandur, aeolian transport, niveo aeolian transport, winter transport, Canada, Northwest Territories, Pangnirtung Pass, Crater Lake; 10513. feedback, palaeoclimatic modelling, equilibrium climate model, general circulation model, 09535. power spectra analysis, sample series, 08822. temperature, carbon dioxide-climate relationship, air dating, carbon dioxide, variation, firn densification, in phase, Antarctica, Vostok; 11915.

lag boulder
till, submarine abrasion, abrasion platform, cliff, boulder, Baltic Sea, Kieler Bucht; 13171.

lag sediment
diamicton, sub-bottom profiling, overcompacted diamicton, sediment texture, mud, Weddell Sea, Filchner Depression; 02357.

lag time
infiltration, subsurface flow, road construction, logging, flow regime, hydrograph, storm runoff, streamflow, USA, California, Caspar Creek; 04152. unit area discharge, steep terrain, drainage basin, forested terrain, rainfall impulse tracking, runoff routing, data logger, storm hyetograph, tipping bucket rain gauge, headwater piezometer, stream flow gauging, 08673.

LAGEOS
drag mechanism, along track acceleration, 10242. geological model, plate boundary, tectonic plate motion, 12710. ranging, high frequency, polar motion, 02098. rotational dynamics, radiation recoil effect, torque, electromotive force, temperature anisotropy, 12594. SLR, tectonic motion, tectonic deformation, laser ranging, 09186.

lagged ensemble

Monte Carlo method, forecasting, chaos, ensemble forecasting, 08987.
lagged response
spatial variability, geomorphic impact, climate change, erosion process, mountain region, hydrologic regime, global climatic model, Canada; 01381.
Lago Tiberino
Villafranchian, tilting, meander bend, terrace, tectonic phase, neotectonics, palaeogeographic evolution, fluvial facies, lacustrine facies, Italy, Umbria, Tiber Valley, San Fortunato Basin; Umbira, Tiber Valley, Riparvella Basin; 08342.
Lagoa Feia Formation
source rock, rifting, Cretaceous, volcaniclastic conglomerate, evaporite, shale, Brazil, Campos Basin; 11755.
lagoon
accretion, tidal level, spartina anglica, geomorphology, management, France, Brittany, Kernic Bay; 10535. atmospheric deposition, lake water quality, nutrient, heavy metals, organic micropollutant, eutrophic lagoon, Brazil, Rio de Janeiro State, Lagoa de Guarapina; 04054. beach, tidal channel, Holocene, transgression, arenite, Spain, Galicia, La Coruna Province; 10547. dolomite, limestone, neomorphism, sea water, mineralization, Bonneterre Formation, Davis Formation, Cambrian, USA, Missouri; 02404. estuarine circulation, forcing, time scale, wind driven current, USA, Florida, Indian River Lagoon; 02331. fringing reef, preferential dissolution, carbonate platform, prograding system, genesis, atoll morphology, palaeoecological study, cored well, French Polynesia, Mururoa; 04893. image analysis, carbonate, sand, Thalassia, air photograph, Caribbean Sea, Grand Cayman; 07004. iron sulphide, pyrite, framboid, sulphide, Italy, Venice Lagoon; 11792. marsh, gyttjas, depositional cycle, radiocarbon date, palaeoclimatic event, water level fluctuation, sediment, Canada, Ontario, Kingston, Cataraqui River; 08495. organic matter, anoxic, nitrate, sulphate, methanogenesis, France, Marseille, Etang de Berre; 01207. organic matter, biomass, phenol, humic compound, brackish lagoon, France, Golfe du Lion; 12846. oxygen profile, sediment water interface, intertidal zone, Portugal, Ria Formosa; 08165. sedimentary structure, Calcari Grigi Formation, carbonate, Jurassic, tsunami, bedform, synsedimentary process, Italy, Venetian Alps; 09318. seepage channel, sabkha, sea water, Saudi Arabia, Rabigh, Al-Kharrar Sabkha; 10606. SPOT-1, bathymetry, Pacific, Cook Islands, Aitutaki Atoll; 02273. storm surge, return period, sea level rise, coastal protection, landuse, Italy, Venice; 09599. surface water quality, ammonium, nitrate, phosphate, sampling strategy, classification method, contiguous grouping, discriminant analysis, nutrient, geographical zone, France, Herault, Thau Lagoon; 09824. tree planting, bar, coastal geomorphology, Holocene bar, China; 10588. water storage, reservoir, water conservation, surface water resource, water loss, swamp, water management, Africa, Nile Basin; 06402. wave, current, tidal inlet, equilibrium profile, 01213. wave, sediment transport, protective measure, beach, sand volume, aeolian transport, Spain, Canary Islands, Las Canteras Beach; 03556.
lagoon ecology
flushing, coastal lagoon, Red Sea, Shu'aiba Lagoon; 07444.
lagoon effluent
effluent, soil chemistry, manure application, swine lagoon, bermudagrass, nutrient accumulation, 07358.
lagoon seepage
radar survey, electromagnetic survey, waste water pond, groundwater contamination, leachate plume, 07551.
lagoon water
eutrophication, algae bloom, multispectral scanner, Italy, Venice; 10439. pH, Eh, salinity, nutrient concentration, bacteria, eutrophication, water quality, waste water, water temperature, Italy, Venice; 04052.
lagoonal ecosystem
remineralisation, nutrient, sediment water exchange, tide, Portugal, Ria Formosa; 08166.
lagoonal fauna
Cenozoic(Late), sea level fluctuation, bivalve fauna, tropical island, glacial regression, species zonation, Pacific; 08503.
lagoonal flux
organic matter, atoll lagoon, pearl, fishery, productivity, Pacific, French Polynesia, Tuamotu Archipelago; 11714.
Lagrangean length scale
convection disperison equation, hydrodynamic dispersion, soil moisture, groundwater flow, solute transport, transient flow, mixing length, 12256.
Lagrangian
motion, coastal transition zone, filament, AVHRR imagery, USA, California; 06897. residual current, conservation equation, convection-dispersion, Fickian hypothesis, Eulerian, 03499.
Lagrangian chain model
Markov chain model, turbulent system, forest, canopy, dispersion models, 12355.
Lagrangian experiment
particle tracing, biological model, continental shelf, shelf ecosystem, CZCS data, data description, USA; 09216.
Lagrangian model
trajectory model, acid rain, cloud process, China, Emei Mountainous District; 11405.
Lagrangian modelling
cloud microphysics, ice process, ice nucleation, ice multiplication, 05433. dispersion process, sedimentation process, resuspension process, turbulence, 08145.
Lagrangian one layer model
sulphur dioxide, pollution concentration, long range transport, sulphate, cloud cover, 04435.
Lagrangian particle model
fumigation, breakdown, nocturnal inversion, inversion breakup fumigation, Langevin equation, turbulence, 13686.
Lagrangian scheme
truncation error, cubic spline, particle in cell method, finite element method, 07641.
Lagrangian simulation
statistical simulation, turbulent motion, heavy particle, particle dispersion, 13511.
Lagrangian statistical function
fluid particle pair, isotorpic turbulence, turbulence, correlation tensor, 09952.
Lagrangian stochastic model
turbulence, boundary layer, K theory, eddy diffusion, 01852.
Lagrangian theory
turbulent transfer, plant, canopy, microclimate, Eulerian theory, 11191.
Lagrangian tracer model
climate model, lightning discharge, marine source, deposition, nitrogen cycle, nitric acid, tropospheric nitrogen, 10193.
Lagrangian velocity
Eulerian velocity, convection dispersion equation, heterogeneity, groundwater flow, dispersion, 05225. Eulerian velocity, seepage velocity, Monte Carlo simulation, tracer, groundwater flow, heterogeneity, convective dispersion, 05224.
Lagrangian-Eulerian method
advection dispersion equation, diffusion, groundwater flow, transport equation, zoomable hidden fine-mesh approach, 01723.
Lagunillas eruptive stage
rockslide, debris avalanche, hazard, eruption, mass wasting, Holocene(Late), destructive phase, volcano, Arenas eruptive stage, Azufrado eruptive stage, Colombia, Nevado del Ruiz Volcano; 00244.
lahar
Holocene, volcanic activity, pyroclastic deposit, New Zealand, North Island, Whakapapa Catchment, Mount Ruapehu; 12877. longitudinal profile, radial valley, bandjir, valley profile concavity, nuee ardente, Indonesia, Java, Merapi Volcano; 03728. pyroclastic deposit, pumice, magma, eruption, volcano, Colombia, Central Cordiellera, Nevado del Ruiz volcano; 02359. pyroclastic flow, meltwater, debris flow, flood, eruption, Colombia, Nevado del Ruiz; 01197. Quaternary(Late) sequence, moraine, rhyodacite, volcanic evolution model, glacial, volcanic geomorphology, andesite, cone collapse, corrie, dacite, debris avalanche, glacial valley, Ecuador, Andes, Chimborazo-Carihuairazo Massif; 02516. released meltwater, eruption, snow pack, ice cap, slush avalanche, Colombia, Nevado del Ruiz Volcano; 00243.
lake
accumulation rate, anthropogenic source, mining, caesium-137, lead-210, USSR, Estonia; 03533. acidification, diatom, pollen, land use, USA, Great Lakes; Canada, Great Lakes; 05879. acidification, palaeolimnology, sulphur, anthropogenic sulphur, lead, Paleoecological Investigation of Recent Lake Acidification project, isotope, North America, PIRLA Study Lakes; 04720. acidification, sediment core, diatom, hydrology, palaeoecology, transfer function, USA, Florida; 05814. algae, cyst taxonomy, stomatocyst, statospore, palaeolimnology, Canada, Ontario; 09328. alkaline lake, phosphate, dissolved salt, dimethylarsinic acid, biogeochemistry, arsenic, methylated species, surface water quality, USA, California, Davis Creek Reservoir; 13360. basalt shear stress, ice topography, subglacial lake, 07297. biomanipulation, water quality, phosphorus cycling, food web, fish, phytoplankton, Netherlands, Lake Wolderwijd; Lake Nuldernauw; 09334. boreal forest, greenhouse warming, climate warming, Canada, Ontario; 12504. bottom sediment, nutrient, mass balance, resuspension, phosphorus, nitrogen, Canada, Ontario; 01204. carbon dioxide, air sea exchange, wave breaking, wind speed, sulphur hexafluoride, gas transfer velocity, 05409. carbonate, groundwater, calcification, bioherm, microbialite, marl, USA, New York, Fayetteville, Green Lake; 02318. chloride, sodium chloride, brine, chemical model, Australia; 11687. coastal plain, Holocene, mineralogical association, dolomite, Australia, South Australia, Coorong Lakes; 05843. core, saline lake, hypersaline lake, isostatic uplift, sea water, Antarctica, Vestfold Hills; 12852. corrosion, karst, disappearing lake, spring, USSR, Valdai Upland, Novgorod Region; 11901. Cretaceous, pelagic environment, porphyrin, heterotroph, methanogen, diagenesis, Eocene, 12968. deflation, sand, lunette, lake barrier, aeolian landform, Australia, Queensland, Cape York; New South Wales, Lake Victoria; Australia, New South Wales, Lake George; 11674. deglaciation, Sweden; 01209. delta, headwater, organic matter, basin, clay, New Zealand, Lake Te Anau; 10529. diatom stratigraphy, elk population, erosion rate, lead-210 dating, pollen analysis, range management, sediment geochemistry, environmental change, sediment record, USA, Wyoming, Yellowstone National Park; 10778. diatom, palaeolimnological, accumulation rate, microfossil, eutrophication, UK, Northern Ireland, Lough Augher; 03531. diatom, pollution, remote sensing, phytoplankton, suspended solid, Japan, Lake Biwa; 06972. dissolved organic carbon, leachate, organic acid, hydrophilic acid, hydrophobic acid, carboxylic, USA, Maine; 09457. drying lake, deflation bowl, ephemeral lake, periodical lake, Mongolia, Gurwan Turuu; 09497. drying, lacustrine sediment, sulphur, isotopic content, burial, 04875. dune, hydrological cycle, salt lake basin, evaporite, carbonate pedogenesis, aeolian dune, uranium series date, dune stabilisation, Strzelecki dunefield, hyperaridity, uranium series, dating, Australia; 13106. entrophication, phosphate, limestone, acidity, USA, North Carolina, Lake Waccamaw; 12845. fault, groundwater, weathering, plate junction, climate change, Ethiopia, Lake Asal; Lake Afrera; 10522. fish, plankton, detection, pelagic organism, 04662. flood plain, lamination, bloom, carbonate, paper shale, Carboniferous, Permian, Germany, Saar-Nahe Basin; 03597. fossil diatom, diatom, salt lake, correspondence analysis, ionic composition, salinity, Quaternary, Bolivia, Altiplano, Laguna Ballivian; 11938. gravel bar, organic matter, anthropogenic, brackish water, Japan, Kamikoshiki Island; 10540. halite, sedimentation rate, brine, radiation, Middle East, Dead Sea; 04751. Holocene, lacustrine, dolomitisation, Quaternary, saline, 01226. Holocene, nitratine, nitrogen, silt, Kenya, Turkana Basin; 03592. humic substance, iron, speciation, fulvic acid, nutrient, Netherlands, Lake Tjeukemeer; 11665. ice sheet, heat flux, polynya, sea ice model, heat transfer rate, Canada, North West Territories, Yukon River Basin; 01465. influx anomaly, seepage meter, Canada, Alberta, Narrow Lake; 07490. isotopic composition, carbonate mineral, organic carbon, oxygen, Ghana, Lake Bosumtwi; 11793. lapse rate, climatic change, local climate, boundary layer climate, temperature change, New Zealand, South Canterbury, Lake Pukaki; 01948. Lower Beaufort sequence, Per-

mian, Gondwana, Karoo deposit, palaeogeography, floodplain, 03605. meromictic, monomictic, carbonate, palaeohydrology, sediment record, maar lake, Australia, Victoria, Western Volcanic Plains District; 05818. meromixis, fire, eutrophic lake, pollen, diatom, boreal forest, Canada, Alberta, Baptiste Lake; 08159. microbial mat, stromatolite, sedimentation, ice cover, Antarctica, Lake Hoare; 10530. micromorphological study, sediment core, high salt content, nahcolite, gaylussite, magadiite, eitelite, Sudan, Darfur, Mahla Crater Lake; 01426. mine drainage, strip mine, pore water, organic matter, spoil, sulphur, USA; 09327. mining, groundwater, salt lake, trace metal, hypersaline, Australia, Victoria; Western Australia; 00036. mire, environmental change, Poland; 00309. mixing, forest lake, heat budget, Schmidt thermal stability, Birgean wind work, humic lake, heat resistance, Finland; 13332. mixing, oxygen cycling, carbon cycling, nutrient cycling, deep water renewal, biological production, USSR, Siberia, Lake Baikal; 12187. nitrate transport, runoff simulation, forest catchment, arable catchment, leaching, land use effect, catchment, Sweden; 00633. noble gas, extraterrestrial, spherule, micrometeorite, cosmic spherule, cryoconite, 04850. organic matter, oil shale, kerogen, hydrocarbon, source rock, 10612. palaeolimnology, pollen, savanna, soil, Maya collapse, forest growth, anthropogenic control, 08160. phosphate, interstitial water, mineralisation, organic matter, complexation, Netherlands, Loosdrecht Lakes; 11666. phosphorus, bottom sediment, pore water, trophic status, Canada, Alberta; 00025. pigment degradation, hypolimnion, palaeolimnology, sedimentation, aphotic, USA, Wisconsin; 03526. pollen, diatom, France, Isere, Lake Paladru; 00030. productivity, sedimentation, eutrophic lake, mineralisation, phosphorus, pollutant, Netherlands, Lake Veluwe; 11667. radionuclide dating, eutrophication, sediment accretion, pigment stratigraphy, Netherlands, Lake Vechten; 01208. remote sensing, GIS, ecological research, USA; 06860. rift basin deposit, Newark Supergroup, Mesozoic, lithofacies, sandstone, palaeolatitude, sedimentation, 11752. rift, modern analogue, lacustrine sediment, source rock, isotope, 11826. river diversion, climate change, Quaternary, organic matter, USA, Nevada, Walker Lake; 02316. saline lake, brine, carbonate, mudflat, Canada, British Columbia, Cariboo Plateau; 00060. saline, calcrete, playa, sedimentation, carbonate, clay, India, Rajasthan, Jaisalmer, Pokaran; Rann; 04817. salinity, biota, blue green algae, water level, hydrologic characteristic, USA, Utah, Great Salt Lake; 06310. salt lake, China, Inner Mongolian Plateau; 11686. Sayif Formation, facies, palaeoenvironmental setting, lacustrine carbonate, spring travertine, terminal lake, Pleistocene, Israel, Arava Valley; 03877. sea, mixing, water balance characteristics, vertical mixing, environmental tritium, groundwater, runoff, water exchange process, tritium, USSR, White Sea; Black Sea; USSR, Caspian Sea; USSR, Barents Sea; USSR, Azov Sea; USSR, Issyk Kul Lake; 07483. seasonal temperature, Chernobyl accident, Italy; 09338. shale, source rock, hydrocarbon, Proterozoic, Nonesuch Formation, sandstone, USA, Michigan; Wisconsin; 10640. shelf deposition, terrigenous deposition, marine sand, accumulation, glacio fluvial detritus, New Zealand, Waitaki River; 03564. soot particle, trace metal, magnetism, atmospheric deposition, palaeolimnology, USA, New York State, Adirondack Mountains, Big Moose Lake; 05815. source rock, tectonic origin, hydrocarbon, petroleum, 10521. spectral reflectance, water quality, mountain, USA, Adirondack Mountain; 11617. stratification, oxygen regime, mixing depth, productivity, nutrient recycling, Canada; 00023. stromatolite, calcium, fluorite, dolomite, carbonate, palaeoenvironment, Tanzania, Lake Natron; 05816. subsidence, shale, hydrocarbon, rift, lacustrine deposit, basin, 11751. supraglacial stream, deglaciation, proglacial, sedimentation, Svalbard, Spitsbergen, Horbyebreen; 04725. surge, satellite image, Landsat image, glacier, subglacial tunnel, Argentina, Mendoza, Grande Del Nevado Glacier; 07303. swamp, pollen diagram, mangrove vegetation, tidal zone, sedimentation, uplift, palynological investigation, Indonesia, Celebes, Sulawesi, Danau Tempe Depression; 00284. terrigenous material, water level, sedimentation, delta, Poland, Carpathian Mts, Lake Roznow; 04724. trophic state, organic matter, sediment concentration, eutrophic lake, anthropogenic activity, Japan; 06974. water colour, optical clarity, Secchi depth, suspended solid, chlorophyll, New Zealand, Canterbury, Lake Coleridge; Wilberforce River; 06975. water quality, precipitation, glacier, evaporation, water balance, stream flow, hydrological atlas, water resource, map, Switzerland; 10967. water, fluorescence, spectroscopy, organic matter, surface water, 02263.

ake acidification
Surface Waters Acidification Programme, acidification, historical water chemistry, surface water quality, sediment core analysis, UK; Norway; Sweden; 13346.

ake alkalinity
pH alkalinity relationship, probability distribution, statistical inference, Box Cox Power transformation, probability model, acid rain, alkalinity, Canada; 05187.

ake anomaly
lake effect storm, regional, snowfall intensity, USA, Great Lakes; 11173.

ake area
humic content, lake water, lake morphometry, watershed morphometry, water colour, drainage ratio, slope, lake depth, USA; Canada; 07489. lake survey, lake density, altitude, Finland; 05185.

ake barrier
aeolian landform, lake, deflation, sand, lunette, Australia, Queensland, Cape York; New South Wales, Lake Victoria; Australia, New South Wales, Lake George; 11674.

ake basin
dinosaur, Lake T'oo'dichi', Brushy Basin Member, Jurassic, Morrison Formation, saline lake deposit, USA, Colorado Plateau; 09425. Gondwana, Talchir Group, sandstone, lithofacies, delta, India, Orissa, Dhenkanal District; 03607. pollen, aquatic vegetation, palaeogeographical condition, high mountain region, mountain lakes, Quaternary(Late), USSR, Tien Shan; Pamirs; 03898.

ake bed
basin, sandstone, uranium, Jurassic, Morrison Formation, vitroclastic, volcanic ash, USA, New Mexico, San Juan Basin; 02388. lake water characteristic, air temperature, wind direction, water characteristic, USSR, Siberia, Omsk District, Siletiteniz Lake; Kyzylkak Lake; USSR, Siberia, Omsk District, Teke Lake; 12188.

Lake Bonneville
Lake Russell, Lake Searles, radiocarbon age, Younger Dryas, Holocene, jetstream, chronology, expansion, contraction, lake system, Lake Lahontan, USA, Great Basin; 00304.

lake bottom
bed sediment, arsenic, sediment, suspended sediment, arsenopyrite, bank deposit, surface water quality, contaminant transport, waste processing, mining, milling, USA, South Dakota, Whitewood Creek; Belle Fourche; USA, South Dakota, Cheyenne River; USA, South Dakota, Lake Oahe; 08749. flow velocity, water column, sedimentation rate, sediment trap, high energy environment, seabed, 02483.

lake calving glacier
trough geometry, terminal environment, topographic control, iceberg calving, outlet glacier, calving glacier, tide water, Greenland, West Greenland; 09607.

lake chain
phosphorus dynamics, phosphorus concentration, lake water quality, lake outflow, Canada, Fishing Lakes; 01669.

lake characteristic
dissolved oxygen, phosphate release, lake water quality, eutrophication, catchment characteristic, nutrient source, 02862.

lake chemistry
anthropogenic disturbance, palynological technique, sediment core, Pacific, French Polynesia, Society Islands, Moorea; 12853. surface water pH, landscape disturbance, hydrologic pathway, pipe flow, forest blowdown, acidification, GIS, remote sensing, USA, New York, Adirondack Mountains; 05186.

lake circulation
lake water quality, spatial distribution, halocarbon, TOXFATE model, hydrodynamic model, toxic contaminant, North America, Great Lakes, Lake St. Clair; 01671. thermal plume, satellite technology, pollution load, USA, Lake Michigan; 08126.

lake control measure
lake water quality, lake limnology, nutrient source control, eutrophication control programme, 02868. lake water quality, phosphorus control, water treatment, land use management, eutrophication control, nutrient source control, 02866.

lake density
altitude, lake area, lake survey, Finland; 05185.

lake deposit
Arkona low water phase, ice margin, Lake Michigan lobe, Mackinaw Interstade, transgression, intra Glenwood, low water phase, glacial lake, radiocarbon age, USA, Michigan, Riverside; Lake Michigan; 06141. sand sea, desert dunefield, linear dune, carbonate, ponded river origin, radiocarbon date, sedimentology, paleohydrology, Quaternary(Late), Namibia, Namib Sand Sea; 04981. sinkhole, Lake Otjikoto, radiocarbon measurement, Holocene, environmental change, pollen analysis, swamp deposit, Namibia, Windhoek; 10761. tectonics, sedimentation, Cretaceous, uplift, Adamantina Formation, Uberaba formation, Brazil, Parana Basin, Triangulo Mineiro area; 02417.

lake depth
lake area, humic content, lake water, lake morphometry, watershed morphometry, water colour, drainage ratio, slope, USA; Canada; 07489.

lake design
lake water quality, artificial lake, trophic state, storm water management, recreation, phosphorus loading, flood prevention, UK, Northern Ireland, Craigavon Lakes; 04059.

lake drainage
ice damned lake, impoundment failure, Greenland, Sondre Stromfjord; 00629.

lake effect
snow storms, nowcast, snow band, forecast, winter storm, remote sensing, Canada, Great Lakes, Lake Ontario; 11275. snow, objective guidance, mesoscale forecast, Canada, Great Lakes, Lake Huron, Georgian Bay; 11276. snowstorm, boundary layer stability, humidity, wind speed, storm, USA, Lake Michigan; 01821. thunderstorm, positive flash, return stroke, negative flash, lightning characteristic, North America, Great Lakes; 08838.

lake effect snow
particle aggregation, snow particle size, USA, Lake Michigan; 04314.

lake effect storm
regional, snowfall intensity, lake anomaly, USA, Great Lakes; 11173.

lake emergence
climatic change, palaeolimnology, down core diatom analyses, diatom, Canada, Baffin Island, Jackman Sound; 08494.

lake emptying
dam overtopping, landslide, river impoundment, natural dam, river regulation, Italy, Valtellina, Adda River; 05261.

lake evaporation
aerodynamic term, open water evaporation, Piche evaporation rate, evaporation calculation, Penman equation, shaded Piche evaporation, Sudan, Sennar Lake; 12152. eddy correlation, energy budget, evaporation, latent heat flux, energy storage, radiation, energy storage term, sensible heat flux, short term measurement, 13315. water balance, flooding, lake water level, hydrological regime, spring flood recharge, spring drainage, Canada, Northwest Territories, Mackenzie Delta; 01668.

lake filling
snow melt, hydrograph, outburst wave, lake outburst, glacier, USSR, Tien-shan, Mertzbacher Lake; 08796.

lake fluctuation
hydrographically closed lake, palaeoclimatic reconstruction, radiocarbon date, tephra unit, chronometric control, deltaic sequence, Dechambeau Ranch High Stand, Marina Low Stand, water balance model, Holocene(Late), USA, California, Mono Lake; 00303.

lake formation
desert, saline lake, India; 01667.

Lake Harrison
tills, chalkly till, Oadby till, Thrussington till, Wolstonian, glaciation, UK; 13136.

Lake Humber
Eskrick moraine, Withernsea till, Quaternary history, Wolstonian till, Ipswichian beach, Hoxnian, Dimlington Stadial, Skipsea till, weathered mantle, Hessley Clay, proglacial lake, UK, England, Humberside; Yorkshire; 13138.
lake ice cover
ice flexural property, radiation-decayed ice, ice morphology, ice thermal condition, 02944.
lake ice formation
ice cover climatology, winter season climatology, Great Lakes ice, Canada, Great Lakes, Lake Erie; Lake Superior; 09010.
lake inflow
evaporation, radioisotope data, tritium, lake surface, water balance, USSR, Sarykamysh Lake; 07459. solute transport model, lake outflow, groundwater lake system, mixing process, unsaturated zone, flow path, surface water groundwater interaction, mass balance method, groundwater exchange, stable isotope mass balance method, flow model, USA, Wisconsin; 08772.
Lake Iroquois
subglacial melt water origin, Quaternary(Late), lacustrine environment, trench, Canada, Ontario, Lake Ontario, Bateau Channel; 04998.
Lake Lahontan
Lake Bonneville, Lake Russell, Lake Searles, radiocarbon age, Younger Dryas, Holocene, jetstream, chronology, expansion, contraction, lake system, USA, Great Basin; 00304. lake level change, palaeolimnology, palaeohydrology, radiocarbon age, uranium series age, Walker Lake subbasin, highstand timing, USA, Nevada, Lahontan Basin; California, Lahontan Basin; 10779. model, evaporation, lake level, palaeoclimatic implication, high stand, USA, Nevada, Lake Lahontan; 04978.
lake level
aridity, variation history, Aral Sea; 07219. climatic fluctuation, climatic change(1880-1980), glacier, Africa, (East); 08991. general circulation model, Milankovitch, albedo forcing, tropical monsoon, geological evidence, numerical simulation, sensitivity experiment, Quaternary, palaeoclimatology, monsoon, Africa; 09540. oxygen isotope record, ostracoda, Pleistocene, seismic profile, piston core, palaeoclimatic model, Last Glacial Maximum, closed basin, China, Qinghai Lake; 13159. palaeoclimate, glaciation, temperature, rainfall, snow line, tree line, Burundi; 00778. palaeoclimatic implication, high stand, Lake Lahontan, model, evaporation, USA, Nevada, Lake Lahontan; 04978. pollen study, palaeoclimate, proxy data, climatic change, Argentina, Lake Cardiel; 01949. storm frequency, ice age, vegetation, climate, subtropical Chile, pollen, lacustrine deposit, aridity, Chile, Laguna de Tagua Tagua; 04979. uranium-thorium chronology, correlated record, oceanic record, continental record, hydrology, palaeoclimate, pollen input, dinocyst productivity, Africa, (North); 09566.
lake level change
palaeolimnology, palaeohydrology, radiocarbon age, uranium series age, Walker Lake subbasin, highstand timing, Lake Lahontan, USA, Nevada, Lahontan Basin; California, Lahontan Basin; 10779.
lake level decline
seasonal climatic change, salt lake, steppe vegetation, savanna grassland, India, Thar Desert; 06108.
lake level fluctuation
bed scour, meander progression, channel movement, accretion, overtopping, erosion, lake level fluctuation, river regulation, river flood hydraulic, road construction, Malawi, Rift Valley, Lake Malawi; 05184. river regulation, river flood hydraulic, road construction, lake level fluctuation, bed scour, meander progression, channel movement, accretion, overtopping, erosion, Malawi, Rift Valley, Lake Malawi; 05184.
lake level history
ice core data, Little Ice Age, glacial history, palaeoclimate, radiocarbon dating, climatic condition, snowline, pollen sequence, Peru, Andes; Bolivia, Andes; 02624.
lake level modelling
evaporation, temperature variation, eddy diffusion model, climate change, lake water level, USA, Oregon, Harney Malheur Lake; 08657.
lake level record
stable isotope data, tufa data, tree stump data, lake size change, sediment core, shallow lake interval, climatic aridity, diatom population, USA, Nevada, Walker Lake; California, Walker Lake; 08473.
lake level rise
water balance, groundwater inflow, density current, New Zealand, North Island, Lake Rotoiti; Lake Rotorua; 00537.
lake limnology
nutrient source control, eutrophication control programme, lake control measure, lake water quality, 02868. watershed model, waterbody model, eutrophication model, trophic state, lake water quality, 02863.
lake management
lake regulation, dam construction, flow rate model, Switzerland, Rhone River; Lake Leman; 12190. palaeolimnological investigation, eutrophication history, sediment core, diatom, phosphorus fraction, Finland, Tuusulanjarvi Lake; 07491.
Lake Michigan lobe
Mackinaw Interstade, transgression, intra Glenwood, low water phase, glacial lake, radiocarbon age, lake deposit, Arkona low water phase, ice margin, USA, Michigan, Riverside; Lake Michigan; 06141.
lake modelling
lake water quality, expert system, trend analysis, parameter estimation, multivariate analysis, Bayesian decision theory, nutrient, lake restoration, cyanobacteria, eutrophication, Finland, Tuusulanjarvi Lake; 07492.
lake morphometry
watershed morphometry, water colour, drainage ratio, slope, lake depth, lake area, humic content, lake water, USA; Canada; 07489.
Lake Otjikoto
radiocarbon measurement, Holocene, environmental change, pollen analysis, swamp deposit, lake deposit, sinkhole, Namibia, Windhoek; 10761.
lake outburst
glacier, lake filling, snow melt, hydrograph, outburst wave, USSR, Tienshan, Mertzbacher Lake; 08796. impoundment failure, avalanche, channel system, flood, peak flow, snowmelt, rain on snow event, USA, California, Sierra Nevada; 08691.
lake outflow
groundwater lake system, mixing process, unsaturated zone, flow path, surface water groundwater interaction, mass balance method, groundwater exchange, stable isotope mass balance method, flow model, lake inflow, solute transport model, USA, Wisconsin; 08772. lake chain, phosphorus dynamics, phosphorus concentration, lake water quality, Canada, Fishing Lakes; 01669.
Lake Pickering
radiocarbon time scale, calibration curve, dendrochronological study, UK, England, North Yorkshire, Star Carr; 08429.
lake recharge
natural water mixing, baricentric model, isotope study, natural water, lake water origin, USSR, Caucasus Mountains, Blue Lake; 06307.
lake regulation
dam construction, flow rate model, lake management, Switzerland, Rhone River; Lake Leman; 12190.
lake rehabilitation
lake water quality, cyanobacteria, blue-gree algae, eutrophication, phosphorus, Norway, Mjosa Lake; 00540.
lake restoration
cyanobacteria, eutrophication, lake modelling, lake water quality, expert system, trend analysis, parameter estimation, multivariate analysis, Bayesian decision theory, nutrient, Finland, Tuusulanjarvi Lake; 07492. phosphorus reduction, dissolved oxygen, nutrient input, sewage treatment, eutrophication, lake water quality, Swiss lake, Switzerland; 13339. reed harvesting, alum treatment, lake water quality, nutrient, trophic status, polluted lake, eutrophication, Greece, Lake Kastoria; 13335.
Lake Russell
Lake Searles, radiocarbon age, Younger Dryas, Holocene, jetstream, chronology, expansion, contraction, lake system, Lake Lahontan, Lake Bonneville, USA, Great Basin; 00304.
Lake Searles
radiocarbon age, Younger Dryas, Holocene, jetstream, chronology, expansion, contraction, lake system, Lake Lahontan, Lake Bonneville, Lake Russell, USA, Great Basin; 00304.
lake sediment
accumulation rate, diatom, sediment trap, aspect ratio, resuspension, UK, Northern Ireland, Lough Neagh; 10664. acoustics, Canada, Great Lakes, Lake Ontario, Hamilton Harbour; 11823. Allerod, Younger Dryas, vegetation history, Late Weichselian, Weichselian(Late), pollen stratigraphy, palaeomagnetic secular variation, radiocarbon chronology, Sweden, Skane, Torreberga; 05024. calcite, precipitation, phosphorus, coprecipitation, Austria, Salzburg, Wallersee; 12848. calcium carbonate, fresh water sediment, redox, interstitial water, iron, 12849. carbonaceous particle, contamination, acidification, ash particle, extraction method, UK, Scotland, Loch Tinker; 04721. charcoal index, pollen index, sedimentological index, geochemical index, fire history, historical reconstruction, boreal forest, forest fire history, Canada, Alberta, Wood Buffalo National Park; 08472. equilibrium model, sorption, pH, phosphorus, acidification, oligotrophication, USA, Wisconsin, Vilas Country, Little Rock Lake; 12843. erosion rate, sediment yield, catchment erosion rate, valley sedimentation, UK, England, Devon, Slapton; 01508. fish, organic carbon, pollen, forest, diatom, Finland, Lake Jarvenjarvi; 04722. fresh water, burbot, sediment water interface, Lota lota, submersible image, fish, bioturbation, USA, Great Lakes, Lake Superior, Caribou Island Basin; 09431. glucose, paddy soil, methanogenesis, fermentation, anoxic, 12841. hydrogeophysical method, electrical resistivity, seismic data, hydraulic leakance, seepage, surface water-groundwater interaction, groundwater discharge, groundwater flow, North America, Great Lakes, Lake Erie; Lake Huron; 01666. interstitial water, phosphorus mobility, calcium, hydroxyapatite, iron, Israel, Lake Kinneret; 08162. iron, altitudinal transect, climatic zone, clay mineral, gibbsite, kaolinite, weathering, Venezuela, Andes; 03530. iron, manganese, porewater, bacteria, organic material, sulphate, reduction, freshwater, 03525. magnetic property, pollen analysis, landuse change, soil erosion, Holocene(Late), France, Petit Lac d'Annecy; 10846. magnetic susceptibility, accumulation rate, Holocene, elm decline, palaeoenvironment, anthropogenic, UK, Northern Ireland, Lough Catherine; 00027. mathematical model, erosion, beach erosion, factor analysis, chemical pollution monitoring, coastal erosion monitoring, pollutant, USA, Lake Michigan; 05978. microfossil, mineral cycling, timescale, diatom, sediment accumulation, macrophyte, accumulation rate, UK, Northern Ireland, County Tyrone, Lough Augher; 00028. moraine complex, timing, deglaciation, radiocarbon, Costa Rica, Cordillera de Talamanca; 03872. organic matter, biomarker, saline sediment, bacteria, carboxylic biomarker, China, Hubei Province, Jianghan Basin; 01210. organic matter, fish, mercury, Canada, Saskatchewan; 12842. PAH, high performance liquid chromatography, ultraviolet fluorescence detection, gas chromatography mass spectrometry, 04876. palaeocurrent, Miocene, fossil leaf, Oviatt Creek Flora, leaf orientation, USA, Idaho; 10621. palaeoenvironmental change, paraglacial sedimentation, neoglacial activity, alpine lake, geomorphological approach, sedimentary response, core, sediment source, Canada, British Columbia, Coast Mountains, Kwoiek Creek; 08471. palaeohydrology, palaeolimnology, rainfall, isotopic analysis, carbonate, 05813. palaeolimnological significance, mineralisation, Holocene, USSR, Lake Balkhash; 10526. palaeolimnology, sulphate, carbon, nitrogen, hydrogen, organic matter, 04719. peat, pollen, loess, last interglaciation, Wisconsin loess, Old Crow Tephra, interglacial deposit, USA, Alaska, Birch Creek; 07250. pH, liming, fossil diatom, diatom, UK, Scotland, Galloway, Loch Fleet; 08254. pH, phosphate, release experiment, experimental method, 09477. phorbin, carotenoid, sediment core, sediment water interface, pigment, USA, Wisconsin, Trout Lake; 09330. phosphorus speciation, superficial sediment, eutrophication, nutrient, Switzerland, Lake Geneva; 08161. phosphorus, pH, acidification, cycling, oligotrophication, sorption, USA, Wisconsin, Vila Country, Little Rock Lake; 12844. Pleistocene, accelerator-mass spectrometer, chronology, organic carbon, radiocarbon dating, USA, Great Basin, Bonneville Basin; Lahontan Basin; USA, Great Basin, Franklin Basin; 02317. pollution, radioactive dating, PCB,

plume, USA, Great Lakes, Lake Michigan, Green Bay; 11704. postglacial marine limit, deglaciation, glacio isostatic rebound, pumice, Weichselian(Late), glaciation, Holocene, shore displacement, glacial sculpture, Svalbard, Nordaustlandet, Prins Oscars Land; 07278. radionuclide, trace, cycling, geochronometer, sedimentation, lead-210, USA, Massachusetts, Bickford Reservoir; 01206. recent record, long term record, soil erosion record, field study, soil erosion, agricultural land, Sweden; 01515. reduction, sulphate, fresh water system, ion chromatography, Germany, Lake Constance; Switzerland, Lake Constance; 09475. sediment quality, phosphorus, trophic status, anoxic hypolimnia, USA, Pennsylvania, Canadohta Lake; 09331. sediment water interface, storm, focusing, radioactive dating, sedimentation rate, USA, Great Lakes, Lake Michigan; 11664. sheep faeces, enrichment factor, seawater, actinide dose, air-sea exchange, radionuclide, UK; 00925. soil erosion, dating, erosion study, conceptual model, temporal resolution, sediment source identification, catchment delivery ratio, 01492. soil, Holocene, forest clearance, anthropogenic source, climatic change, peat, Italy, Ligurian Apennines; 03636. subAntarctic, pollen, diatom, desmid, rhythmite, Holocene, environmental change, Antarctica, South Georgia; 09597. Swedish varve chronology, Preboreal, Bolling, atmospheric radiocarbon, last glacial, radiocarbon date, accelerated mass spectrometry, terrestrial macrofossil, Switzerland; 02592. terrestrial deposit, Little Ice Age, moraine, equilibrium line altitude, palynological investigation, vegetational change, neoglaciation, Holocene, glacial history, climate history, Norway, Jostedalsbreen Region; 08464.

ake sediment sequence
palaeoclimatic implication, radiocarbon dating, microfossil analyses, tephrachronology, palaeoecology, Holocene(Late), Antarctica, South Shetland Islands, Livingston Island; 09596.

ake sedimentation
mixing, reservoir, water circulation, water temperature, sediment discharge, turbidity current, Japan, Hokkaido, Katsurazawa Reservoir; 05190. sedimentometric study, sediment load, Brazil, Mato Grosso State, River Manso; 11010. stratigraphic position, palynology, Pleistocene, rhythmite, pollen content, Leclercville Rhythmites, last interglacial, Canada, Saint-Lawrence Valley, Leclercville; 01437.

ake sediments
anthropogenic, watershed, trace metal, aluminium, speciation, acidification, USA, New York, Adirondack region; 03529.

ake seepage
surface water groundwater interaction, seepage flux, Monte Carlo simulation model, meter estimate, Canada, Alberta, Narrow Lake; USA, Michigan, Lake Sallie; 07486.

ake shore topography
shoreline mapping, beach erosion, USGS, 08069.

ake shoreline
glacial chronology, radiocarbon dating, rock varnish, palaeoclimatic implication, Tioga glaciation, Middle Creek glaciation, Younger Dryas, accelerator mass spectrometry, Pleistocene(Late), USA, Basin and Range Province; 00305.

ake shrinkage
climatic warming, drying, Little Ice Age, glacier recession, Asia, (central); 03120. warming, drying, optimum, Little Ice Age, greenhouse effect, Holocene, carbon dioxide, proxy data, glacier recession, China, Qinghai Lake; Tianshan, Tuyuksu Glacier; China, Tianshan, No.1 Glacier; China, Tianshan, Urumqi River; 00782.

ake size change
sediment core, shallow lake interval, climatic aridity, diatom population, lake level record, stable isotope data, tufa data, tree stump data, USA, Nevada, Walker Lake; California, Walker Lake; 08473.

ake stage
flow reversal, Doppler current profiler, river dynamics, flow model, wind drive current, water level fluctuation, flow measurement, USA, Michigan, Detroit River; 09794. spillway, deglacial thinning, outwash, Wisconsinan(Late), ice margin, recessional event, Moody South Meadows ice margin, marginal alignment, USA, New York, Adirondack Mountains; 07231.

ake surface
water balance, lake inflow, evaporation, radioisotope data, tritium, USSR, Sarykamysh Lake; 07459.

ake surface decrease
water area observation, albedo, mapping, space observation, Chad, Lake Chad; 09268.

ake survey
fish mortality, lake water quality, acid rain, atmospheric deposition, acidification, Norway; 02858. lake density, altitude, lake area, Finland; 05185. pollution, acidification, water quality, water chemistry, fish population, humic compound, Norway; 13344.

ake system
Lake Lahontan, Lake Bonneville, Lake Russell, Lake Searles, radiocarbon age, Younger Dryas, Holocene, jetstream, chronology, expansion, contraction, USA, Great Basin; 00304. Newark Supergroup, palaeoecology, stratigraphic architecture, organic carbon, bioturbator, 11750.

Lake T'oo'dichi'
Brushy Basin Member, Jurassic, Morrison Formation, porewater chemistry, lacustrine sediment, USA, Colorado Plateau; 11737. Brushy Basin Member, Jurassic, Morrison Formation, saline lake deposit, lake basin, dinosaur, USA, Colorado Plateau; 09425.

ake terrace
terminal moraine, alluvial fan, volcanic cone, lava flow, Large Format Camera, thematic map, geomorphology, geology, landuse, landcover, Basin and Range environment, shoreline, USA, California; 09487.

ake tilting method
glacio isostatic uplift, eustasy, empirical uplift estimation, isostatic uplift, Sweden, Fegen Lake; Saven Lake:; 06014.

ake tributary
non-point source pollution, statistical analysis, stream discharge, flow variability, North America, Great Lakes; 01647.

ake varve
ocean sediment, glacier termini, climate change, observing climatic change, climate monitoring, pollen remain, 04329.

lake water
coastal upwelling, thermal infrared, radiosonde, radiative cooling, Sweden; 00957. copper, cobolt, iron, zinc, aluminium, trace metal load, wind speed, reservoir, surface water chemistry, Netherlands, Tjeukemeer; 06302. discharge hydrograph, snowmelt temperature index model, drainage network, infiltrability index, storage, runoff modelling, snowmelt runoff, infiltration, frozen soil, variable source area model, Canada, Quebec; 01746. fault, terrace, sedimentary cycle, transgressive phase, subsidence, Japan, Lake Biwa, Echi River Delta; 11673. industrial discharge, heavy metal, copper, ion selective electrode, pH, oxygen, anthropogenic source, Italy, Lake Orta; 09480. lake morphometry, watershed morphometry, water colour, drainage ratio, slope, lake depth, lake area, humic content, USA; Canada; 07489. phytase, phosphate release, soluble reactive phosphorus, dissolved organic phosphorus, UK, Northern Ireland, Lough Neagh; 09333. pore water, anoxic, algae, phosphorus, Canada, Alberta; 00024.

lake water area
supervised classification technique, remote sensing, Finland, Kuusamo; 09270.

lake water characteristic
air temperature, wind direction, water characteristic, lake bed, USSR, Siberia, Omsk District, Siletiteniz Lake; Kyzylkak Lake; USSR, Siberia, Omsk District, Teke Lake; 12188.

lake water chemistry
acidification, episodic acidication, snowmelt, acid neutralising capacity, basic cation dilution, USA, New York, Adirondacks; 04057. Alpine lake, acid deposition, hydrogeochemistry, lithology, land cover, acidification, catchment characteristic, Italy, Aosta Valley; 13340. effluent, domestic sewage, agricultural runoff, hydrochemistry, pollution status, Himalayan lake, manganese, lead, India, Kashmir; 02853. humic lake, acidity, alkalinity, cation, phosphorus, nitrogen, forest lake, Finland; 07493. hydrogeochemistry, glacier water, sulphate calcium water, calcium sulphate bicarbonate water, Arctic; Svalbard, Spitsbergen, Alandvatnet; Svalbard, Spitsbergen, Hoglandvatnet; 05244. hypogene process, epigene process, ionic ratio, chloride, surface evaporation, isotopic ratio, sediment leachate, brine, salt accumulation, Kenya, Lake Magadi; Tanzania, Lake Natron; 09822. lake water quality, pH, salinity, hydrolysis, dissociation, USSR, Pamir, Lake Sasykkul; 00538. liquid junction, in situ potentiometry, pH determination, redox measurement, reference electrode, hydrogen sulphide detection, Israel, Lake Kinneret; 05188. oligotrophic water, soft water, low mineralized water, atmospheric deposition, Arctic lake, Canada, Quebec, Peninsule d'Ungawa, New Quebec Crater; 02940. precipitation chemistry, soil water chemistry, biogeochemical ion exchange, weathering reaction, water pathway, chemical change, acid rain, runoff chemistry, surface water chemistry, 04082. river regulation, self purification, salinity, hydrologic regime, lake water quality, USSR, Dnieper-Bug Lagoon; 00546. sedimentation, mass balance budget, water source, phosphorus, nitrogen, calcium, chlorine, internal sink, water budget, evaporation, denitrification, mixing, Israel, Lake Kinneret; 07488. soil water chemistry, surface water quality, acid rain map, bedrock, glacial sediment, acid buffering, carbonate mineral, clay, acid leaching, exchange reaction, geology, acid rain, Canada, Ontario; 06315.

lake water circulation
upwelling, temperature regime, atmospheric warming, water temperature, North America, Great Lakes, Lake Erie, Long Point Bay; 04050.

lake water contamination
agricultural pollutant, atrazine, herbicide, precipitation chemistry, s-triazine herbicide, Switzerland, Lake Zurich; 01675. water quality analysis, water quality sampling, source identification, mercury contamination, detection limit, sewage sludge incineration, North America, Great Lakes; 01676.

lake water level
biota, lake water quality, salinity, aquatic biological community, USA, Utah, Great Salt Lake; 01674. bird life, hydro power, wetland management, shallow lake, Sweden, Lake Hornborga; 11115. climatic change, historical record, water level fluctuation, North America, Great Lakes, Lake Michigan; 01672. hydrological regime, spring flood recharge, spring drainage, lake evaporation, water balance, flooding, Canada, Northwest Territories, Mackenzie Delta; 01668. lake level modelling, evaporation, temperature variation, eddy diffusion model, climate change, USA, Oregon, Harney Malheur Lake; 08657.

lake water origin
lake recharge, natural water mixing, baricentric model, isotope study, natural water, USSR, Caucasus Mountains, Blue Lake; 06307.

lake water process
thermal plume, mixing, water exchange, density difference, advection, Coriolis effect, wind stress, buoyancy, North America, Great Lakes, Niagara River; Lake Ontario; 07484.

lake water quality
acid deposition, hill top lake, diatom, pollen, chrysophyte, heavy metal, acidification, land use, precipitation chemistry, Norway; 06303. acid lake, algae growth, algae distribution, Canada, Plastic Lake; 00548. acid lake, inorganic carbon, carbon dioxide, pH, chemical equilibrium, acid neutralising capacity, atmospheric carbon dioxide, 12189. acid precipitation, acidification, nitrate retention, forest catchment, ammonium retention, acid rain, Canada, Ontario; 02854. acid rain, atmospheric deposition, acidification, lake survey, fish mortality, Norway; 02858. acidification, nitric acid, nitrate removal, denitrification, algae removal, 00543. agricultural chemical, sewage discharge, delta lake, speciation, arsenic, Egypt, Nile Delta; 04056. anthropogenic effect, atmospheric deposition, organic matter, inorganic aluminum, buffer capacity, water quality deterioration, acidification, Finland; 13341. artificial lake, trophic state, storm water management, recreation, phosphorus loading, flood prevention, lake design, UK, Northern Ireland, Craigavon Lakes; 04059. atmospheric deposition, littoral zone, land use effect, water level fluctuation, water chemistry, nutrient concentration, Poland, Leczynsko-Wlodawskie Lake District, Lake Piaseczno; 04069. biological monitoring, indicator organism, pH, scaled chrysophte, USA, Connecticut; 02855. breakdown rate, water

pollution, PAH, UVSF fingerprinting, UK, England, London, Broomwood Lake; 04053. caesium transport, radionuclide, sediment, stratification, Chernobyl disaster, UK, England, Cumbria, Esthwaite Water; Windermere; 13343. canopy formation, macrophyte, dissolved oxygen, pH, USA, Washington State, Bull Lake; Keevies Lake; 09823. catchment hydrochemistry, Surface Waters Acidification Programme, chemical process, biological impact, acidification, surface water quality, 13369. catchment treatment, dissolved organic carbon, acidification, phosphorus, nitrogen, oligotrophication, secci depth, sulphur treatment, sodium sulphate treatment, Sweden, Gardsjon Lake; 13345. chloride, pore water, water column, sediment-water interface, USA, New York, Onondaga Lake; 06309. correspondence analysis, water quality data, fauna death, boron, leaching, arsenic, geothermal activity, USA, Nevada, Stillwater Lakes; 06305. cyanobacteria, blue-gree algae, eutrophication, phosphorus, lake rehabilitation, Norway, Mjosa Lake; 00540. ecosystem stability, acid water treatment, buffer, inorganic base, fertiliser, organic material, 07482. equilibrant thermodynamic method, salinity, brine, salt precipitation, hydrochemical simulation, USSR, Baskunchak Lake; 11012. eutrophication, catchment characteristic, nutrient source, lake characteristic, dissolved oxygen, phosphate release, 02862. eutrophication, nutrient load, 02864. eutrophication, salinity, nutrient loading, sewage, agricultural drainage water, Egypt, Lake Manzala; 01673. eutrophication, water chemistry, saprobity, inorganic nitrogen, orthophosphate, chlorophyll-a, biological oxygen demand, historical data, hydrochemistry, phytoplankton, canal, Netherlands, Rijnland; 04068. expert system, trend analysis, parameter estimation, multivariate analysis, Bayesian decision theory, nutrient, lake restoration, cyanobacteria, eutrophication, lake modelling, Finland, Tuusulanjarvi Lake; 07492. fish extinction, landuse effect, vegetational development, preindustrial acidification, Norway, Agder, Tveita Lake; Ersdal Lake; 13445. heavy metals, mesotrophic lake, phytoplankton, zooplankton, Poland, Lake Piaseczno; 02859. heavy metals, plankton, zoobenthos, ichthyofauna, sediment, mesotrophic lake, Poland, Lake Piaseczno; 02860. historical hydrology, sediment, pre industrial acidification, acidification, diatom analysis, Norway, Agder, Tveita Fiskelostjern Lake; Erdsal Fiskelostjern Lake; 13347. hydrogen, water pathway, aluminium concentration, surface water quality, acidification, 04097. irrigation water, sludge use, sediment use, water purification, nutrient reuse, eutrophication, aquaculture, 02867. kettle pond, gull, phosphorus, nitrogen, eutrophication, excretion, nutrient, seepage lake, coastal pond, USA, Massachusetts, Cape Cod; 06306. lake limnology, nutrient source control, eutrophication control programme, lake control measure, 02868. lake limnology, watershed model, waterbody model, eutrophication model, trophic state, 02863. lake outflow, lake chain, phosphorus dynamics, phosphorus concentration, Canada, Fishing Lakes; 01669. lake water chemistry, river regulation, self purification, salinity, hydrologic regime, USSR, Dnieper-Bug Lagoon; 00546. land use effect, water quality management, agricultural nonpoint source model, nitrogen, phosphorus, COD, temperature stratification, mixing, sedimentation, chlorophyll, runoff water quality, sediment dynamics, watershed-lake process model, 04156. landuse effect, pre industrial acidification, biogeochemistry, acid deposition, vegetational development, fish extinction, Norway; 13444. liming, acidification, natural process, anthropogenic effect, surface water quality, USA, New York; Massachusetts; 01670. low oxygen zone, nitrogen cycling, denitrification, nitrification, nitrous oxide, Japan, Lake Kizaki; 06312. mercury, sediment, plankton, fish, atmospheric deposition, total organic carbon, pH, USA, Minnesota; 07480. modelling, eutrophication, flushing, sedimentation, phosphorus dynamics, 13337. nitrogen metabolism, seasonal variation, nitrate nitrogen, snow melt, atmospheric deposition, brackish lake, Japan, Lake Nakanoumi; 06311. nutrient concentration, saline lake, surface water quality, phosphorus, nitrogen, sewage effluent, El Nino/Southern Oscillation, terminal lake, USA, Nevada, Pyramid Lake, Truckee River; 04058. nutrient deficiency, bacterioplankton activity, trophic richness, phosphorus deficiency, USA; Canada, Ontario, Quebec; 00547. nutrient, heavy metals, organic micropollutant, eutrophic lagoon, lagoon, atmospheric deposition, Brazil, Rio de Janeiro State, Lagoa de Guarapina; 04054. nutrient, inflow river, carbon, nitrogen, phosphorus, discharge, organic matter, production degradation process, eutrophication, chemical oxygen demand, total organic carbon, biochemical oxygen demand, surface water quality, Japan, Lake Kasumigaura; 11020. nutrient, trophic status, polluted lake, eutrophication, lake restoration, reed harvesting, alum treatment, Greece, Lake Kastoria; 13335. organic acid, alkalinity, volcanic eruption, dissolved organic carbon, carbonate, dilution by runoff water, microbial mineralisation, USA, Washington, Mount St. Helens; 06304. organic contaminant, sediment storage, contaminant transport, fate, contaminant mass balance model, octachlorostyrene, caesium, PCBs, North America, Great Lakes, Lake St Clair; 02856. oxygen depletion, toxicity, nitrogen species, nitrogen dynamics, USA, New York, Onondaga Lake; 11014. palaeoecological investigation, acidification, acid deposition, diatom, sediment chemistry, atmospheric sulphur, USA, New York, Adirondack Mountains; 04061. palaeoecological investigation, acidification, acid deposition, palaeolimnology, 04060. pH, electrode error, carbon dioxide concentration, epilimnetic sample, USA, Maine; 00544. pH, salinity, hydrolysis, dissociation, lake water chemistry, USSR, Pamir, Lake Sasykkul; 00538. phosphorus control, water treatment, land use management, eutrophication control, nutrient source control, lake control measure, 02866. phosphorus, limiting nutrient, phytoplankton, biologically available phosphorus, chlorophyll-a, trophic state, eutrophication, reservoir, modified biochemical oxygen demand method, algal growth potential method, Japan, Kiso River; 04051. phosphorus, nitrogen, sulphur, anaerobic condition, sulphate ion content, eutrophication, oil shale fired power plant, USSR, Lake Peipsi; 11013. physiological indicator, eutrophication, trophic classification system, trophic state indicator, limiting nutrient concept, algal bioassay, 02861. pollution control, industrial pollutant, pollution load, chloride, chloride decrease, North America, Great Lakes, Lake Erie; 02857. pore water, sediment pore water, alkalinity production, oxic condition, groundwater seepage, acidic lake, acid chemistry, base chemistry, near shore region, 11011. resource management, water demand, surface water, groundwater, eutrophication, Hungary, Danube River; Tisza River; Hungary, Lake Balaton; Hungary, Gabcikovo-Nagymeros River Dam; 13468. runoff, hydrological process, eutrophication, sediment loss, solute loss, nutrient loss, UK, England, Devon, Slapton Ley; 06308. salinity, aquatic biological community, lake water level, biota, USA, Utah, Great Salt Lake; 01674. sampling, trophic state, water quality monitoring, 02865. scaled chrysophyte, pH reconstruction, algal microfossil, palaeolimnology, canonical correspondence analysis, total alkalinity, acidification, USA, New England; 04062. sediment trap flux, benthic recycling, organic carbon, PAH's, PCB congener, USA, Great Lakes, Lake Superior; 13334. snow melt, acid pulse, dystrophic lake, buffer capacity, precipitation quality, acidification, cirque lake, Germany, Black Forest; 08729. soil chemistry, energy use, emission control, forest soil, acidification model, sulphur deposition, Finland; 11102. spatial distribution, halocarbon, TOXFATE model, hydrodynamic model, toxic contaminant, lake circulation, North America, Great Lakes, Lake St. Clair; 01671. sulphur dioxide, acid deposition, Regional Acidification Information and Simulation model, surface water quality, groundwater quality, acidification, Europe; Norway; Scandinavia; 13462. surface water quality, suspended matter, mercury speciation, USA, California; 02884. surface water-groundwater interaction, specific conductance, phosphate, nutrient, eutrophication, ecotone, riparian zone, phosphorus, groundwater, Sweden, Bysjon Lake; 13342. Swiss lake, lake restoration, phosphorus reduction, dissolved oxygen, nutrient input, sewage treatment, eutrophication, Switzerland; 13339. trophic stability, granite watershed, acid deposition, thermal stability, oxygen stratification, transparency, 13338. water quality management, eutrophication, algae, uncertainty model, parameter identification procedure, shallow lake, model prediction, 09821. weathering, forestry, critical deposition load, alkalinity, acidification, Sweden; 07481.

lake water quality reservoir
eutrophication, water quality management, nutrient load, remedial action, 11111.

lake water temperature
hydrothermal process, cold climate lake, USA, Minnesota, Lake Calhoun; 03006.

lakeshore vegetation
willow stand, ice push event, lakewater level, Canada, Quebec, Clearwater Lake; 12265.

lakewater level
lakeshore vegetation, willow stand, ice push event, Canada, Quebec, Clearwater Lake; 12265.

Lamb Catalogue
daily weather type, climatic change, precipitation, synoptic circulation change, principal component analysis, UK; 06456.

Lamb circulation type
circulation trend, temperature, air temperature, UK; 09994.

Lamb mode
acoustic mode, microbarograph, volcano, wave, USA, Mount St. Helens; 00663.

Lambert conformal conic projection
FORTRAN, conic projection, algorithm, 04590.

Lambertian ground reflectance
observation geometry, atmosphere, solar radiation, 00961.

Lambertian property
field, reflection panel, polytetrafluoroethylene, spectral property, 02109.

Lambertian surface
terrain height, Landsat MSS, solar illumination, 12625.

Lamberts Law
fluorescence, opalin glass, spectral radiance standard, organic matter, microspectrofluorimetry, 11821.

laminae
marl, shale, Cretaceous, organic carbon, concretion, La Luna Formation, dysaerobic condition, Venezuela, Andes de Merida; 04704. microbial, biostructuration, seasonality, sedimentation, organic matter, varve, 03524. stromatolite, Cambrian, thrombolite, skeletal stromatolite, ooid, girvanella, China, Sichuan Province, Xiushan; 07057.

laminar flow
matched diffusivity technique, kinematic cascade, overland flow model, runoff, Muskingum Cunge method, turbulent kinematic flow, 10995. percolation, groundwater flow, study soil, Reynolds Number, permeability, 06328. turbulent flow, water flow velocity, flow depth, hillslope hydrology, overland flow, infiltration, runoff hydraulics, hydraulic resistance, microchannel flow, sheet flow, 11001.

laminar flow element
pollution monitoring, flow metering, standard production, calibration, 01975.

laminar incompressible boundary layer
boundary layer flow, pressure gradient, channel flow, 07475.

laminated lake sediment
annually laminated sediment, floating varve chronology, periodicity, varve thickness, radiocarbon, varve chronology, Poland, Gosciaz Lake; 02671.

laminated reservoir deposit
long term erosion rate, sediment yield, erosion rate, probability distribution, event sediment yield, stochastic analysis, Israel, Negev Desert; 02741.

laminated rhythmite
deadice, Bolling interstadial, Weichselian(Late), Flandrian(Early), vegetation, pollen diagram, core, subglacial channel, radiocarbon date, Allerod, Germany, Schleswig Holstein, Angeln; 08482.

laminated sediment
atmospheric radiocarbon, radiocarbon age, varve chronology, annual lamination, absolute dating, late glacial, Switzerland; 13079. coccolith, particle flux, bloom, storm, anoxia, basin floor, Black Sea; 00155. nutrient, isostatic uplift, bottom sediment, clay, varved clay, moraine, Baltic Sea; 00074. Pleistocene, climatic change, laminite, geochemistry, micropalaeontology, palaeoclimatic condition, stable isotope analysis, planktonic foraminifera, salinity, anoxia, Pliocene, Tertiary, Italy, Calabria, Vrica; 00281. trophic change, diatom, pollen, sediment, microstratigraphical analysis, anthropological influence, stratigraphy, Austria, Hollerer See; 10789.

laminated terrigenous sediment

subglacial, marine process, piston core, dropstone, tidal pumping, iceberg rafting, Antarctica, Antarctic Peninsula; 05010.
lamination
bloom, carbonate, paper shale, Carboniferous, Permian, lake, flood plain, Germany, Saar-Nahe Basin; 03597. clay, neap spring cycle, tidal sediment, channel fill, fining up sequence, Netherlands, Schoorldam; 11658. fabric, varve, palaeoceanography, seasonal event, upwelling, Pacific, Peru Margin; 01194. Holocene, reef, cyanobacteria, mollusc, algae, sponge, stromatolite, Atlantic, (Northwest); Bahamas; 05924. mud, turbidite, X-raying, bed contact, bioturbation, Indian Ocean, Bengal Fan; Indian Ocean; 04880. Precambrian, Holocene, stromatolite, organo-sedimentary structure, cyanobacteria, growth rate, Australia, Western Australia, Shark Bay; 01318. sedimentary structure, hummocky cross stratification, storm bed, grain fabric, sandstone, 08147. vegetation, sediment supply, dune field, grainfall, Canada, Alberta, Grande Prairie; 10512.
laminite
geochemistry, micropalaeontology, palaeoclimatic condition, stable isotope analysis, planktonic foraminifera, salinity, anoxia, Pliocene, Tertiary, laminated sediment, Pleistocene, climatic change, Italy, Calabria, Vrica; 00281.
Lance Formation
fluvio deltaic environment, facies architecture, basin, subsidence, Maastrichtian, USA, Wyoming, Wind River Basin; 11753.
land
cadastral map, Germany; 04665. GIS, LIS, management, 02283.
land acquisition
computer mapping, Superconducting Super Collider, USA, Texas, Ellis County; 12809.
land administration
surveyor role, reinstatement boundary, geographical information, Australia; 07903.
land air flux
Simple Biosphere model, biosphere, general circulation model, rainfall climatology, hydrological cycle, 06494.
land alienation
parish survey, trigonometrical surveying, surveyors, Australia, Victoria; 01072.
land allocation
population, economic base, integrated information system, regional analysis, GIS, USA, Houston; 06913.
land atmosphere interaction
surface energy flux, planetary boundary, 07703.
land atmosphere system
passive microwave remote sensing, hydrological variable, 10446.
land availability
new town development, LIS, 10460.
land breeze
cyclone, cold front, inversion, nitrogen oxide, pollution, particulate matter, anticyclone, Japan, Kanto Plain; 02001. sea breeze, non-hydrostatic mesoscale model, radiative heating, longwave radiation, shortwave radiation, surface temperature, Greece, Athens; 01911.
land bridge
marine terrace deformation, cauldron saddle topography, Tsugaru land bridge problem, Quaternary, coastal tectonics, Japan, Tsugaru Strait; 04898. strait, Quaternary(Late), sea level, erosion hole, sea caldron, buried valley, Shimosueyoshi transgression, Japan; 04966.
land capability assessment
ecological landscape planning, ecosystem process, geoecological mapping, 10426. Victorian Land Protection Division, land use, wildlife conservation, land evaluation, Australia, Victoria; 01525.
land capabilty
soil erosion, erosion survey, Venezuela; 10842.
land classification
band combination, Landsat TM, landcover classification, linear transformation, USA, Connecticut, Mansfield; 08077. hierarchical system, geomorphic systems approach, landscape analysis, practical need, USA, Maryland, Piedmont Province; Utah, Uinta Mountains; 11834. knowledge based system, urban area, China; 13992. surface water quality management, watershed classification, multivariate technique, factor analysis, cluster analysis, discriminant analysis, taxonomic land classification, stream, 05281. surface water quality, land process classification, water quality, computer mapping, management, China, Tanshui River Basin; 01415. vegetation pattern, map error, GIS, USA, California; 03449.
land classification system
environmental mapping, mapping, satellite imagery, 09212.
land clearance
mechanised agriculture, farming system, soil compaction, cultivation, soil degradation, Ivory Coast; 09760. salinisation, matric suction profile, chloride profile, water table rise, groundwater recharge, surface water quality, Australia, Murray Basin; 07585. salinisation, river salinity, groundwater recharge, water table rise, revegetation, Australia, Mallee Region; River Murray; 05267. sedimentation rate, historical record, storm, estuary, anthropogenic event, USA, Maryland, Chesapeake Bay; 04733.
land clearing
cropping system, soil compaction, Ultisol, humid tropics, tropical soil, soil physical property, Nigeria; 10943. organic matter, nitrogen, glacial deposit, alluvium, aerial photograph, Canada, British Columbia, Fraser Lowland; USA, Washington, Fraser Lowland; 08612. tropical soil, soil chemical property, humid tropics, Ultisol, cropping system, Nigeria, Okomu; 10944.
land combat
terrain analysis, environmental assessment, GIS, 10484.
land company
mapping, settler, colony history, USA, New York; 08031.
land conservation
farm, soil erosion, automated geographic data, decision making information, USA, Wisconsin, Dane County; 06876. red soil, conservation measure, agricultural land, black soil, water conservation, India; 06232.
land consolidation
noise pollution, GIS, environmental impact assessment, natural resource, Germany; 05752.
land cover
acidification, catchment characteristic, lake water chemistry, Alpine lake, acid deposition, hydrogeochemistry, lithology, Italy, Aosta Valley; 13340. airborne MSS, classification, 04667. biogeochemical cycling, land surface atmosphere interaction, climate modelling, basin model, anthropogenic effect, impoundment, landuse change, climate change, hydrologic process, soil water, evapotranspiration, runoff, discharge, soil texture, Africa, Zambezi River; 12275. census, digital mapping, peatland, UK, Scotland, Shetland Islands; 12731. classification, Landsat TM, accuracy, Thailand, Narathiwat Province; 03451. inundation classification, GIS, methane flux, anaerobic environment, USA, Florida, Everglades; 08125. land use mapping, Landsat TM, Canada; 01112. map, CORINE, EEC, GIS, thematic mapping, Europe; 02232. runoff hydrograph, rainfall runoff relationship, rainfall distribution, interception, evapotranspiration, infiltration, Poland, Carpathian Mountains, Trzebunka; 06282. suburban zone, spatial resolution, fuzzy classification, 11628. vegetation class, degradation indicator, range degradation, herd size, Botswana; 05744.
land cover classification
artificial neural network, Landsat TM, satellite image processing, artificial intelligence, 05725. artificial neural network, training set, supervised classification, pattern recognition, image data classification, 06734. classification accuracy, maximum likelihood classification, probabilistic relaxation, 01111. false colour imagery, forestry, multispectral video system, 03438. maximum likelihood classification, Thematic Mapper, 10313. spectral classification, topographical data, GIS, Netherlands; 10403. SPOT, principal component image, classification accuracy, sampling strategy, 03450.
land cover map
grassland, deforestation, equatorial rain forest, secondary grassland environment, Africa, (Equatorial); 12745.
land cover mapping
database development, GIS, statistical evaluation, thematic map accuracy, land use, USA, Florida; 05645. expert system, Thematic Mapper, knowledge based image analysis, 08082. Large Format Camera, spatial resolution, urban land use, 08132.
land cover pattern
photointerpretation, cartographic portrayal, 02285.
land cover stratification
woodland, grassland, Thematic Mapper, Africa, Sahel; Sudan; 11570.
land cultivation
temperature, flood, rain, palaeotemperature record, perch, Nile perch, Predynastic archaeological assemblage, Egypt, Nile River; 09571.
land degradation
economics, soil conservation, ginger industry, Fiji; 06247. groundcover, tree, erosion control, soil erosion, Australia; 13214. hillside farming, sloping terrain, conservation measure, Yallahs Valley Land Authority, soil erosion, Jamaica, Fall River Basin; 10841. image processing, Microvax computer, I2S software, maximum likelihood classifier, SPOT imagery, dambo environment, digital image processing, Zaire, Shaba, Lubumbashi; Zambia; 09496. irrigation recharge, water table rise, land use change, recharge reduction, subsurface drainage, Australia, Murray-Darling Basin, Riverine Plains; 05265. land-use model, Erosion Productivity Model, Theoretical Erosion Productivity Model, management response, erosion productivity model, 01495. mapping, remote sensing, arid region, overgrazing, accelerated wind erosion, water erosion, soil conservation, India; 12043. soil erosion, soil life, residual suitability, modelling, economic evalution, sustainability, agricultural land, Sierra Leone; Botswana; 03948. surface water quality, reforestation, salinisation, revegetation, salinity management, groundwater management, Australia, Murray-Darling Basin; 05268. surface water quality, water table rise, groundwater quality, hydrogeology, aquifer, salinisation, Australia, Murray Basin; 05263. water table rise, salinisation, water resources, saline seepage, Australia, New South Wales, Murray-Darling Basin; 05266.
Land Degradation and Rehabilitation journal
remote sensing, arid geomorphology, fluvial activity, aeolian activity, literature review, 08337.
land degradation survey
dust storm frequency, erodibility, erosion rate, wind erosion, Australia; 00367.
land development
planning, real estate developer, GIS, 09297. public utility, GIS, land ownership, topographic database, Qatar; 00998.
land disposal site
dredged material, soil ripening, nutrient, relief formation, physico chemical study, soil maturation, Germany, Essen Ruhr, Lake Baldeney; 08524.
land drainage
catchment drainage, salinity, irrigation water management, agricultural development, land management strategy, 02953. channel morphology, peak discharge, stream channel, Canada, Quebec, Cookshire; 04151. leaching efficiency, SALTMOD, irrigation water management, salinity prediction, soil salinity, groundwater salinity, watertable depth, Egypt, Nile Delta, Zagazig, Mashtul; 11107. sinkhole, water resource, groundwater exploitation, river diversion, well, karst region, 12293. surface runoff, water table depth, Dupuit-Forchheimer flow, soil water flow, mole drain, soil hydraulic property, 01698. tile drain, draintile, three dimensional flow field, flow analysis, 13408. tile drain, groundwater quality, surface water quality, silt loam soil, preferential flow, pesticide transport, nutrient transport, drainage water quality, leaching, USA, Indiana; 13453.
land economics
land valuation, Hungary; 03479.
land evaluation
computer based technique, landuse planning, management issue, GIS, UK, Scotland; 11645. GIS, evaluation technique, UK, Scotland; 12730. ILWIS, GIS, watershed management, remote sensing, 13842. land capability assessment, Victorian Land Protection Division, land use, wildlife conservation, Australia, Victoria; 01525. overlay procedure,

GIS, policy formulation, landuse planning, UK, Scotland, Grampian Region; 11644. soil formation, hydromorphic soil, micromorphology, 01553. urban development, expert system, GIS, New Zealand, Waiheke Island; 03478.
land facet
savanna climate, soil sampling, soil property, soil variability, Nigeria; 07429.
land fertility
conservation strategy, soil erosion, Targetted Watershed Management Project, Haiti; 08541.
land gradient
water intake, system design, water management, furrow irrigation, irrigation, cumulative infiltration, furrow length, 06407.
land husbandry
accelerated soil erosion, conservation strategy, conservation adoption, conservation measure, field study, benefit, Malawi; 01519.
land ice melting
global warming, sea level rise, climatic change, thermal expansion, 04331.
land impact
salinisation, climatic change, soil impact, Europe; 04012.
land information
Champlain Institute, Canada, New Brunswick; Nova Scotia; Canada, Prince Edward Island; 13889. computer, surveying, property register, soil, 06918. database management system, local government, GIS, USA, Texas, Midland; 06940. landuse data, local government, GIS, USA, Florida, Orlando; 09202. network, survey, mapping, Canada, New Brunswick; 13812. private sector, business, 13968. property information, cadastral base map, surveying, mapping, Canada, Alberta, Edmonton; 05775. property information, GIS, transport, health care, forestry, regional planning, decision support, Europe; 10323. surveying, mapping, national mapping, Australia; 03375.
land information management
Australian Land Information Council, Australia; 03480. surveying, Australia; 12812.
land information supply
LIS, surveyor, 05641.
land information system
geographic coordinate data base, cadastral survey data, 12814. GIS, hydrological modelling, soil moisture, Less Favoured Area, Greece, Peloponnese; 10397. information exchange, access, standards, Canada, Alberta; 01018. land record, local government, USA, Wisconsin, Dane County; 12657. land registration, committee structure, GIS, Canada, New Brunswick; Nova Scotia; Canada, Prince Edward Island; 01040. land use planning, China, Liaoning Province; 01143. municipal department, utility, facility management, Canada, Alberta, Edmonton; 01144. temporal data, space-time related study, historical digital cadastral database, 01070.
land lake interface
boundary layer variability, carbon dioxide flux, plume, 07707.
land law
town planning, geodesy, 12803.
land leveling
water conservation, soil texture, organic matter content, USA; 02752.
land loss
marsh, vertical accretion rate, sea-level change, rate of submergence, pollen geochronology, subsidence, USA, Maryland, Chesapeake Bay; 11983.
land management
bank erosion, flood control, river regulation, sediment, silt control, Bangladesh; 07595. basin stability, discharge characteristics, peak discharge, quick flow, storm flow, suspended sediment, sediment concentration, watershed study, watershed pretreatment, forest hydrology, USA, California, Caspar Creek; 06382. cropping practice, soil conservation, USLE, relative erosion hazard, evaluation, Australia, New South Wales; 02746. erosion modelling, soil erodibility parameter, entrainment limit, soil strength, erodibility, soil erosion, 10834. forest catchment, moorland, peat soil, seasonal variation, surface water quality, dissolved organic carbon, UK, Scotland, Loch Fleet Catchment; 02961. GIS, environmental data, UK; 13911. groundwater quality, irrigated soil, leaching, nitrate contamination, coastal plain soil, agricultural practice, 04157. iron, aluminium, dissolved organic carbon, soil solution, UK, Wales; 02806. land use effect, contamination vulnerability index, surface water quality, groundwater quality, agricultural development, water resource management, 01765. land use, soil management, soil analysis, land use profitability, 06250. Landsat MSS imagery, saline soil, hydrogeology, fault, solodised solonetz, saline groundwater, Australia, Murray-Darling River Basin, Yelarbon; 05273. LIS, cadastral data, USA, Oregon; 08138. LIS, parcel based management, USA; 08008. LIS, resource information, USA; 13927. map, landscape ecology, coastal dune, sand dune, Netherlands, Texel; 11867. mineral deposit, legal restriction, Federal withdrawal, USA, Idaho; 13902. rangeland, water balance, lysimeter, runoff, interrill erosion, evapotranspiration, water yield, drainage, watershed management, USA, Texas, Rolling Plains; 11096. reforestation, geoecology, mountain area, montane environment, geomorphological process, 11862. soil degradation, groundwater salinisation, evaporation basin, controlled outflow, dilution flow, aquifer disposal, desalinisation, root zone, saline water reuse, saline water disposal, subsurface drainage effluent, Australia, Murray Basin; 05264. soil map, soil property, SPOT, USA, Illinois, Ford County; 03403. soil science, 09645. soil type, forest hydrology, water resource, forest water use, water quality, climatic variation, evaporation, 02955. vegetation, fire control, dynamic modelling, Australia; 03426. water quality, water resource, water management, water demand, water supply, environmental consideration, planning, USA; 05254.
land management strategy
land drainage, catchment drainage, salinity, irrigation water management, agricultural development, 02953.
land ownership
cadastral data, statistical technique, automated survey measurement, GIS, 07958. legal ownership, tenure, GIS, LIS, 13994. topographic database, land development, public utility, GIS, Qatar; 00998.
land ownership data
government structure, resource management, training, Asia; 11641.
land parcel
property information, geographic theme, cadastral database, New Zealand; 01147. property register, surveying authority, mapping, Switzerland; 06915. urban land tax, cartographic parcel information, cadastral data, Atlantic, Canary Islands, Gran Canaria; 12813. value change, 12816.
land parcel mapping
urban planning, CAD, GIS, thematic mapping package, local planning agency, USA, California; 10457.
land planning
database, utility company, 11634.
land pollution
agricultural pollutant, urban area, anthropogenic impact, industrial pollutant, surface water contamination, Nigeria, Owerri, Otamiri River; Nwaore River; 08732. water pollution, EARSeL symposium, remote sensing, environmental problem, environmental monitoring, 09080.
land process classification
water quality, computer mapping, management, land classification, surface water quality, China, Tanshui River Basin; 01415.
land reclamation
agriculture, aquaculture, conservation, delta, land use system, China, Zhu Jiang Delta; 05833. desertification, Landsat, cattle, soil degradation, soybean, Brazil, Rio Grande do Sul; 00467. land reclamation, loess, gully erosion, gully plugging, eroded land, Pakistan, Punjab Province, Pothwar Plateau; 01521. loess, gully erosion, gully plugging, eroded land, land reclamation, Pakistan, Punjab Province, Pothwar Plateau; 01521. magnesium chloride, groundwater quality, groundwater hydrodynamics, salinity, 02952. potentiometric level, hydrologic perturbation, groundwater regime, coal mine, subsidence, USA, Indiana, Terre Haute; 01757. salinity, flood sediment, arid region, leaching requirement, gypsum requirement, sodium adsorption ratio, infiltration characteristic, India; 01754. sea level rise, productivity, coastal evolution, environmental assessment, accretion, Spain, Cantabria; 10582. wetland, tidal lagoon, delta, river regime, salt marsh, France, Arcachon Bay, Leyre River; 09346.
land record
local government, land information system, USA, Wisconsin, Dane County; 12657. transportation, utility database, base map, geographic information system, natural resource, socioeconomic database, Taiwan; 10325.
land records management
title chain, LIS, USA, North Carolina; 08139.
land registration
committee structure, GIS, land information system, Canada, New Brunswick; Nova Scotia; Canada, Prince Edward Island; 01040. updating, institutional arrangement, DTM, base mapping, Canada, New Brunswick; 13887.
land registry
forest cover, expert system, pest related management, management, planting, Canada, Quebec; 13945. mapping, property condition, photogrammetry, Switzerland, Nidwalden; 06919.
land resource
deforestation extent, deforestation rate, Landsat, Brazil, Amazonia; 09232. expert system, field calibration, GIS, trafficability rating, Australia, Queensland, Cape York Peninsula; 10469. soil, mapping, Landsat, India, Karnataka; 04608.
land resource data
areal mean rainfall, climate data, quadtree, hydrological research, data storage, data processing, spatial data, 04016.
land resource management
ecosystem, environmental impact, river basin development, water resource management, 05253. soil characteristic, GIS, USA, Montana; 06853.
land resource planning
soil information, database, Canada; 13944.
land resource survey
soil resource survey, survey method, geostatistics, statistical method, 07330.
land salinisation
hydrogeology, fault, water table rise, basement ridge complex, salinity, Australia, New South Wales, Riverine Plain, Ivanhoe Block; 05272.
land satellite
mobile satellite, European trade, Europe; 13769.
land sea breeze
sea breeze, mesoscale breeze variation, 10090.
land sea correlation
fjord, deglaciation, Foxe glaciation, glacier retreat, offshore moraine, sediment accumulation, accumulation rate, Canada, Baffin Island, Cambridge Fjord; 07225.
land sensitivity
solifluction, mass movement, Atterberg limit, internal friction angle, permeability, erosion control, 03824.
land set aside
nitrate pollution, chalk aquifer, landuse pattern, agricultural policy, groundwater quality, UK, England, Kent; 11090.
land snail
snail shell, rainfall source area, radiocarbon date, atmospheric circulation, circulation pattern, oxygen isotope, Holocene, Israel, Negev Desert; 13099.
land snail shell
stable carbon isotope ratio, Chenopodiaceae, rainfall, Holocene(Middle), organic matter, Israel, Negev Desert; 03878.
land stability
total discharge, mineralisation, nutrient, overland flow, erosion, sediment transport, peak discharge, water quality, wild fire, hydrologic process, 06322.
land subsidence
aquifer storage, vertical leakance, groundwater flow, groundwater recharge, water level decline, groundwater resource, USA, California, Central Valley; 01773. groundwater development, water contamination,

urban water, water resource management, over exploitation, sea water intrusion, Indonesia, Jakarta; 13472. groundwater withdrawal, sediment supply, salt marsh, tidal flat deposit, coastal progradation, coastal lowland vulnerability, China, Shanghai, Yangtze Coastal Plain; 06064. salt water encroachment, flooding, groundwater resource management, water abstraction, resource over exploitation, physical model, Thailand, Bangkok; 07591.

land suitability
tropical environment, Kali Konto Project, erosion, soil conservation, Indonesia; 06240.

land suitability classification
data structure, crop production, natural vegetation, GIS, linear quadtree, UK, Scotland, Deeside Region; England, High Peak District; Kincardine Region; 10406.

land surface
climatology, hydrology, precipitation, general circulation model grid resolution, agricultural activity, water supply, surface climate, Biosphere Atmosphere Transfer Scheme, climate model, Australia; 07745. GIS, geomorphological variable, France, Ouessant Island; 12703. hydrology, precipitation, evaporation, general circulation model, soil water storage, climate, equilibrium state, 07699. insolation, albedo, longwave flux, radiation, vegetation index, soil moisture, vegetation cover, satellite data, algorithm, 13476. parameterisation scheme, HAPEX MOBILHY data set, water budget, 08873. parameterised surface, global climate model, vegetation, 13516. skin temperature, surface climatology, sensible heating, lantent heating, heat flux, moisture flux, aerodynamic roughness, 06461. subgrid scale process, climate simulation, precipitation, hydrological regime, 13542. thermal infrared, spectral emissivity signature, soil sample, 03416.

land surface atmosphere exchange study
energy balance comparison, latent heat flux, 12692.

land surface atmosphere interaction
climate model, microwave, remote sensing, 07702. climate modelling, basin model, anthropogenic effect, impoundment, landuse change, climate change, hydrologic process, soil water, evapotranspiration, runoff, discharge, soil texture, land cover, biogeochemical cycling, Africa, Zambezi River; 12275. radiation, remote sensing, general circulation model, biosphere model, 07705. surface hydrology, climate modelling, general circulation model, evapotranspiration, runoff, atmospheric model, soil moisture, precipitation, topography soils index, water balance flux, 12129.

land surface energy balance
vegetation water use, storm hazard, flow regime, flood study, remote sensing, instrumentation, data collection, Institute of Hydrology, catchment study, water quality, groundwater process, tree, energy balance, climate change, water information system, hydrological modelling, agrohydrology, hydrochemistry, 10960.

land surface evaporation
AVHRR, SMMR, vegetation index, forest, agriculture, Australia; 10383.

land surface heterogeneity
climate model, soil plant atmosphere system, statistical dynamical approach, subgrid scale surface, 07706.

land surface hydrology
regional field, model validation, surface process, general circulation model, precipitation, radiation, 07749.

land surface morphology
DEM, overland flow path, GIS, drainage basin, topography, watershed boundary, 12137.

land surface parameterisation
surface resistance, soil moisture, soil texture, moisture, turbulent flux, pine forest, validation, 03073.

land surface parameterization scheme
climatic change, surface hydrology, 05106.

land surface temperature
TIMS, non scanning infrared radiometer, calibration, 12728.

land surface-atmopshere coupling
runoff, evaporation, tropical forest, regional climate, precipitation, GCM, 04323.

land survey
compass, open sight compass, 05569. GIS, cartographic workstation, digital production, Sweden; 13869. photogrammetry, data capture, cartography, 05573.

land surveying
property, Torrens system, global positioning, Bermuda; 12815.

land surveyor
professional negligence, surveyor competence, USA, Kentucky; 07901.

land surveyors
cadaster, society, 02075. geophysical exploration, seismic survey, seismic data collection, Africa; 00972.

land temperature
ocean temperature, satellite measurement, radiosonde station, temperature change, 07646.

land tenure
informative maps, LIS, Belize; 11642.

land title
administration improvement, urban cadastral mapping, information strategy, cadastral mapping, Thailand; 12817.

land unit boundary
uncertainty, fuzziness, GIS, image interpretation, 12662.

land uplift
oxbow lake, radiocarbon dating, palaeochannel, peat age, Finland, Lapland, Pulmankijoki Valley; 08331. uplift, fault, granite, differential uplift, hinge line, Finland; 10691.

land use
change, satellite, field information, UK; 04666. climatic change, agroecosystem, nitrous oxide, denitrification, model, soil, pedogenic process, Canada, Great Plains; USA, Great Plains; 07317. coal mining history, small watershed, geology, geomorphology, soil, climate, hydrology, water use, USA, Indiana, Clay County; Owen County; USA, Indiana, Sullivan County; USA, Indiana, Vigo County; 05248. ecological type map, flood plain microform, geomorphological map, Hungary, Danube Floodplain; 10388. environment, slopeland utilisation, conceptual framework, slope, Taiwan; 08415. erosion process, tundra zone, nival process, anthropogenic erosion, USSR, Arkhangel'sk Oblast; Komi ASSR; 05043. ERS, SAR, data acquisition facility, ice forecasting, 05564. geological influence, agricultural land, aerial photography, Spain; 02237. GIS, database, measurement, error, accuracy, UK; 04487. lake, acidification, diatom, pollen, USA, Great Lakes; Canada, Great Lakes; 05879. land cover mapping, database development, GIS, statistical evaluation, thematic map accuracy, USA, Florida; 05645. Landsat TM, lowland, UK; 04622. landscape ecology, groundwater flow, groundwater level, forest cover, deforestation, anthropogenic influence, historical geography, ombrotrophic peat, peat formation, evapotranspiration, artificial drainage, Netherlands, Noord-Brabant, Kempen; 06381. landscape, planning, map legibility, 06923. lithology, TM, SPOT, agriculture, Italy, Sardinia; 10408. morphological phenomena, stream erosion, denudation, Italy, Pescara, Abruzzo; 06004. precipitation chemistry, lake water quality, acid deposition, hill top lake, diatom, pollen, chrysophyte, heavy metal, acidification, Norway; 06303. runoff, storm runoff, catchment response, lithology, Luxembourg; 07468. sediment production controls, lowland catchment, sediment production, runoff, storm event, hillslope sediment production, stream sediment load, overland flow, UK, England, Devon, Slapton Ley; 01507. sediment yield, bulk sediment yield, reservoir, erosion rate, catchment characteristic, UK, Scotland, Central Lowlands; 02730. soil management, soil analysis, land use profitability, land management, 06250. spatial factor, rural area, natural resource, GIS, USA, California; 06920. surface energy balance, energy flux variability, suburban terrain, Canada, Vancouver; 10009. thermal pattern, NOAA, HCMM, Landsat TM, Germany, Baden-Wurttemberg; 00956. topographical map, settlement growth, Germany, Steinheim-Murr; 05755. vegetation, map, soil, 02234. Wales Terrestrial Database Project, conservation, database, UK, Wales; 04663. wildlife conservation, land evaluation, land capability assessment, Victorian Land Protection Division, Australia, Victoria; 01525.

land use allocation
GIS, computer assisted allocation, USA, Illinois; 05767. GIS, geoprocessing tool, allocation model, 05630.

land use analysis
landcover analysis, land use change, GIS, SPOT, 08080.

land use change
antecedent soil moisture condition, flow process, hydrograph, experimental basin, conceptual distributed model, physically based model, storm frequency, flow measurement, isotopic tracing, water table level monitoring, runoff generation mechanism, Switzerland, Haute Menthue Watershed; 06278. GIS, SPOT, land use analysis, landcover analysis, 08080. Holocene, alluviation, anthropogenic effect, agriculture, clearance, forcing, valley fill, climatic cause, Portugal, Algarve; 08330. operational meterology, sea state forecasting, sea ice distribution, geodetic application, ERS-1 mission objective, 12592. recharge reduction, subsurface drainage, land degradation, irrigation recharge, water table rise, Australia, Murray-Darling Basin, Riverine Plains; 05265. soil, risk, accelerated erosion, arable land, upland, frost action, sheep disturbance, UK, England; Wales; 02731. vegetation cover, water balance, evapotransporation, streamflow, extreme flood, low flow condition, hydrological model, forest cover, pasture, Belgium, Houille; 01655.

land use control
sedimentation, soil erosion, steepland, topography, logging, Fiji; 06246.

land use development
database, GIS, LIS, raster data, 06744.

land use effect
catchment, lake, nitrate transport, runoff simulation, forest catchment, arable catchment, leaching, Sweden; 00633. contamination vulnerability index, surface water quality, groundwater quality, agricultural development, water resource management, land management, 01765. drainage water quality, cationic monomeric aluminium, surface water quality, acidification, acidic soil, leaching, 01755. erosion, parent material, soil type, taxonomic soil characteristics, soil erosion, Spain, Valencia Province; 09752. farming system, chronobiosequence, soil chemical property, Belgium, Fagne de Chimay; 09753. groundwater quality, microbial denitrification, nitrate, isotope fractionation, denitrification, Germany, Hannover; 01736. nonpoint pollution, water quality, pollution abatement programme, sediment transport, pollutant transport, 00635. rural water supply, land use planning, groundwater protection, groundwater quality, groundwater resource, USA, New York; Vermont; 01759. water level fluctuation, water chemistry, nutrient concentration, lake water quality, atmospheric deposition, littoral zone, Poland, Leczynsko-Wlodawskie Lake District, Lake Piaseczno; 04069. water quality management, agricultural nonpoint source model, nitrogen, phosphorus, COD, temperature stratification, mixing, sedimentation, chlorophyll, runoff water quality, sediment dynamics, watershed-lake process model, lake water quality, 04156. water quality, pesticide, nitrate, environmental impact, organic pollutant, water quality legislation, water quality management, remedial action, anthropogenic effect, Europe; 00649.

land use effects
groundwater recharge, groundwater contamination, recharge rate, water resource management, glacial drift aquifer, recharge area, pumped well, USA; 01734.

land use evaluation
erosion susceptibility, GIS, forest management, Thailand, Chiang Mai; 00942. spatial sampling, 02286.

land use inventory
mineral prospecting, radar, renewable resource monitoring, Brazil; 03275.

land use management
eutrophication control, nutrient source control, lake control measure, lake water quality, phosphorus control, water treatment, 02866. flood frequency, return period, flood plain management, urban flood, flood hazard, mapping, Spain, Puente Genil; Nervion River; 04032.

land use mapping
GIS database, sample generation method, thematic map accuracy, USA, Florida; 08081. Landsat TM, land cover, Canada; 01112. Landsat TM, SPOT, Greece, Messinia; 05724.

land use planning
air quality model, sulphur dioxide, India, Delhi City; 07881. computer, GIS, 05619. environmental quality, environmental pollution, GIS, environmental zoning, Netherlands; 05768. groundwater protection, groundwater quality, groundwater resource, land use effect, rural water supply, USA, New York; Vermont; 01759. land information system, China, Liaoning Province; 01143. mass movement, rockslide, rockfall, snow avalanche, debris flow, hazard, geological mapping, mass movement, Norway; 07190.
land use profitability
land management, land use, soil management, soil analysis, 06250.
land use regulation
landslide problem, watershed management, typhoon season, sediment load, streambank erosion, silt up reservoir, Taiwan; 06039.
land use suitability group
surface mined land, minesoil mapping, mapping unit, minesoil classification system, USA, West Virginia; 07331.
land use system
land reclamation, agriculture, aquaculture, conservation, delta, China, Zhu Jiang Delta; 05833.
land use zone
soil degradation, aggregate stability, wind erosion, irrigation, soil erosion, USSR; 13212.
land utilisation
identification, reclamation, erosion affected land, soil conservation, soil degradation, soil loss, Italy, Emilia-Romagna Region; 01516.
land valuation
land economics, Hungary; 03479.
land zoning
insurance rate, flow magnitude, flow frequency, debris flow, predictor variable, USA, California, Los Angeles; 09519.
land-cover
spatial resolution, geometric accuracy, 11643.
land-sea boundary
satellite, microwave radiometer, cartographic referencing, snow, 00960.
land-sea comparison
last glacial-interglacial transition, pollen record, Pleistocene pollen record, Holocene pollen record, latitudinal vegetation zonation, Senegal; Mauritania; 02629.
land-sea interface
groundwater discharge, phosphate, nitrate, ammonium, nutrient budget, coastal water quality, USA, California, Tomales Bay; 04078.
land-use model
Erosion Productivity Model, Theoretical Erosion Productivity Model, management response, erosion productivity model, land degradation, 01495.
landbase
automation data, utility company, USA, California; Florida; 11633.
landbridge
radiocarbon date, chronology, archaeology, ice free corridor, Beringian, USA, Alaska; 13146.
landcover
Basin and Range environment, shoreline, lake terrace, terminal moraine, alluvial fan, volcanic cone, lava flow, Large Format Camera, thematic map, geomorphology, geology, landuse, USA, California; 09487.
landcover analysis
land use change, GIS, SPOT, land use analysis, 08080.
landcover change
GIS, forest fire, pixel analysis, USA, Michigan; 08091.
landcover classification
linear transformation, land classification, band combination, Landsat TM, USA, Connecticut, Mansfield; 08077. location data, GPS, Landsat TM, Zaire, Ituri; 00974. tasseled cap transformation, unsupervised classification method, classification accuracy, 08078.
landfall
precipitation variation, hurricane activity, drought, Africa, Sahel; USA; Caribbean; Africa, (West); 07663.
landfill
dilution, sorption, radioactive decay, diffusion coefficient, dispersivion, effective porosity, water quality, groundwater flow, transport model, fractured till, contaminant migration, water quality, 07548. dust, wind speed, pool evaporation, dispersion model, emissions model, 04454. leachate, heavy metal, sewage, organic carbon, USA, New York City, Jamaica Bay; 08197. leachate, surface water contamination, groundwater contamination, industrial waste, biological indicator, water quality, toxicity, 00570. mass transport model, transport model, biodegradation, organic contaminant, contaminant transport, groundwater quality, advection dispersion model, Canada, Ottawa, Gloucester; 09906. redox buffering, glacial drift, aquifer, organic acid, iron, pH buffering, groundwater contamination, WATEQF geochemical model, USA, Michigan, Kalamazoo County; 07575. short range air dispersion, toxics, K theory, non buoyant toxics, tracer study, vinyl chloride, USA, California; 06571. tree ring chemistry, groundwater contamination, historical event documentation, iron, chloride, 07572. waste disposal, dispersion, convection, contaminant transport, model calibration, groundwater quality model, sulphate, heavy metal, aquifer pollution, electricity production, Denmark; 11058. water quality management, contaminant transport model, waste disposal, leachate migration, groundwater contamination, USA, Illinois; 09896. water velocity, pesticide degradation, groundwater pollution, organophosphate, chlorophenol, nitrophenol, subsoil, 07564.
landfill cover design
semiarid region, groundwater contamination, waste disposal, water balance study, 00613.
landfill leachate
leachate recirculation, soil shrinkage, field testing, clay surface cover, municipal solid waste, Canada, Ontario; 09694.
landfill site
groundwater pollution, waste disposal, 13428. methane, tree growth, soil reclamation, UK, England, Essex, Pitsea Landfill Site; 09703. surface hydrology, radioactive waste, infiltration, collapse cavity formation, runoff, sediment transport, erosion, surface collapse, waste disposal, USA, Illinois, Sheffield; 11092.
landform
aerial photograph, landscape terminology glossary, natural landscape, UK; 06000. beach, bathymetry, seafloor sediment, wave, current, New Zealand, Greater Cook Strait; 11828. bedrock morphology, weathering, glacial erosion, regolith, deglaciation, uplift, soil profile development, surficial deposit, Finland; Baltic Sea; 10685. colouring scheme, relief shading, slope aspect display, DEM, 01075. Devensian age, moraine, Dimlington Stadial, vegetation history, mass movement, corrie development, particle size analysis, SEM surface texture, postglacial, periglacial, UK, England, Derbyshire, Seal Edge, Middle Seal Clough; 06197. digital image, Landsat TM, terrain, three dimensional model, USA; UK; 06839. fingerprint, fractal terrain, scale space, topography, 03696. geologic unit, Arecibo image, Pioneer Venus Radar Mapper, scattering property, radar scattering, Venus; 02524. geomorphology, height, pattern, plan, 03695. geomorphology, Quaternary, photo element analysis, beach, cliff, India, Konkan Coast; 01225. glacial deposit, drumlin, lodgement till, glaciofluvial landform, periglacial mass wasting, till, mass wating, UK, England, Northumbria; 11953. glacial erosion, plucking, abrasion, basal ice pressure, freeze thaw, regelation, cavitation, polished surface, subglacial process, Greenland; 07247. hillslope, pedogenesis, upslope distance, canonical ordination analysis, convexity, gradient, multivariate analysis, parent material, soil-landform interaction, Australia, South Australia; 13216. measurement, fractal geometry, scaling parameter, random surface, self affinity, 03697. pattern element, terrain analysis, inheritance hierarchy, frame based model, 07965. Pleistocene upland, Holocene lowland, terrace surface, tephra layer, postglacial transgression, human activity, Japan, Tokyo; 02519. soil variation, hillslope, UK, England, Dartmoor; Wyre Forest; 02807. soil, Miocene, drainage network, Pliocene, pediment, inselberg, Pleistocene, climatic phase, geomorphological map, Italy, Sardinia, Nurra, La Corte; 08408. soil, steep slope, water supply, Cameroon, Mandara Mountains; 00224. surface erosion modelling, isotropic erosion, Huyghens wavefront construction, computational cellular method, wave method, Snells law, cellular automata, erosion, 10668. town system, Tertiary, hill country, valley system, high plateau, Germany, Bavaria, Bayerischer Wald; 11868. vegetation, soil, nature's continent, physical environment, climate, North America; 01380. volcanic soil, soil pattern, geomorphology, physiographic unit, Quaternary, basaltic material, Cameroon, Mount Cameroon; 07430. wetland, conservation, estuary, Australia, Western Australia, Peel-Harvey Estuary; 04739.
landform age
pedon variability, soil profile data, weathering profile data, chronosequence study, USA, Coastal Plain Province; 00220.
landform degradation
lateral moraine, slope, relative dating, moraine, USA, California, Lee Vining Canyon; 13116.
landform development
china clay, growan, humid temperate weathering, saprolite age, planation surface, polygenetic surface, etchplanation, deep weathering, granite decomposition, UK, England, Devon, Dartmoor; Cornwall, Bodmin Moor; UK, England, Cornwall, St. Austell Moor; 00221. landscape development, soil moisture balance, forest, savanna, ecosystem pattern, Quaternary, climatic change, stone line, Brazil; 05999.
landform evolution
Basement Complex, alluvial deposit, soil landform relationship, Mediterranean area, subtropical area, carbonaceous parent rock, Senegal; Ivory Coast, Basement Complex; Lebanon, Mount Lebanon; 07427. debris flow, climatic geomorphology, hydrogeomorphology, hillslope evolution, sheetwash, mass wasting, slope, stochastic aspect, climate, hydrology, 11892. environmental change, pedogeomorphology, tropical landform, Pleistocene, soil, 00219. greenhouse warming, landscape, model, quantitative model, hillslope, hydrology, sediment yield, 07131. pedogenesis, terrace, regolith, slope, erosion, forest destruction, erosion rate, soil-stratigraphic technique, New Zealand, Southern Alps; 02520. Pleistocene, pollen analysis, stone counting, radiocarbon dating, pedostratigraphy, lithostratigraphy, Weichselian moraine, Warthe stage moraine, morphostratigraphy, Germany, Schlesweg-Holstein, Schwansen; 13144. soil formation, planation surface, cuesta landscape, climato genetic geomorphology, geomorphology, climatic change, Germany; Europe, (Central); 07146. weathering, landform model, soil formation, slope pedimentation, soil property, Malaysia, Padang Terap; 07434.
landform model
soil formation, slope pedimentation, soil property, landform evolution, weathering, Malaysia, Padang Terap; 07434.
landform position
Boroll, catena, soil-forming process, horizon thickness, Canada, Saskatchewan; 12100. geomorphic unit, soil development, catena, Turkey, Cukurova; 12114. sodic soil, soil taxonomy, soil water regime, saltgrass, sodium adsorption ratio, soil chemical property, USA, North Dakota; 12101. volcanic soil, soil development, terrace soil, parent material, soil mineralogy, soil chemical property, Cameroon, Tiko Plain; 12112.
landform recognition
machine learning, valley head, digital elevation model, geomorphology, mapping, automated recognition, 07136.
landform regionalisation
regional classification, physico geography, microregion, lithological variability, tectonic structure, Poland, Swietokrzyskie Mountains; 09495.
landform sinking
sand, alluvial, Quaternary development, alluvial fan, Sarvis fan, Danube fan, deposition, Hungary, Great Hungarian Plain; 08332.
landform topic
hydrology, soil, physical geography, geographical literature bibliography, biogeography, climatology, geomorphology, coastal topic, glacial topic, UK; 09490.
landform type
subsidence, sedimentation process, geomorphological mapping, genetic classification, Italy, Po Plain, Ravenna; 09530.
landform unit

partition function, geomorphic temperature, area altitude distribution, canonical distribution, equilibrium state, thermodynamic analogy, 03698.
landing performance
heavy rain, snow, freezing condition, aviation, severe weather, aircraft take off, 07620.
Landsat
aerial photography, multispectral photography, chlorophyll concentration, inland water, 01136. aeromagnetic data, tectonic analysis, Greece; 05703. cattle, soil degradation, soybean, land reclamation, desertification, Brazil, Rio Grande do Sul; 00467. classification accuracy, spectral resolution, forest vegetation, USA, Minnesota, Itasca State Park; 03436. classification, image processing, cotton, Turkey, Cukurova Region; 04634. cloud free image, cloud cover, SPOT, Europe; 04593. fluvial palaeofeature, contrast stretching, India, Bihar, Monghyr; 10394. fracture pattern, mineral exploration, geophysical data, Greece, Chalkidiki Peninsula; 05709. geology, hydrology, hydrogeology, geoscience, 04465. ground processing system, expert system, artificial intelligence, 07969. hydrological model, snow albedo, 05750. ice field, Indonesia, Irian Jaya; 02265. land resource, deforestation extent, deforestation rate, Brazil, Amazonia; 09232. land resource, soil, mapping, India, Karnataka; 04608. lineament, geophysical anomaly, basement tectonics, magma composition, Italy, Vulsini; 05701. remote sensing, aerial photography, river discharge, snow depth, water content, dry weather discharge, snow covered area, snowmelt, Israel, Jordan River; Mount Hermon; 00624. remote sensing, vegetal cover, semi arid tropics, India; 09245. rift system, geological photo interpretation, fault kinematics, morpho-structural analysis, SPOT, China, Shaanxi, Wei He; 05704. river, ice, navigation, photointerpretation, USA, Ohio, Allegheny, Monongahela; 04652. satellite monitoring, stereoscopic coverage, topographic data, mapping, 03273. soil reclamation, soil chemical property, saline soil, alkaline soil, Turkey, Cukurova; 12113. spectral variable, urban agglomeration, Greece; 05756. SPOT, GIS, planners, remote sensing, 02082. SPOT, remote sensing technique, Italy; 11410. SPOT, Sojuzkarta, marketing, commercialisation, remote sensing, 05559. SPOT, vegetation cover, savanna woodland, Acacia, Terminalia, Botswana; 01105. suspended solid, stratification, surface water, Chile; 03469. vegetation covered glacial deposit, image enhancement, lithological mapping, mineral exploration, Scandinavia; 05708. woodland depletion, Kenya, Lake Elementeita Basin; 11571.
Landsat 5
atmospheric correction algorithm, algorithm, coastal water, Italy, Naples; 09277.
Landsat data
geological investigation, mineral exploration, mapping, remote sensing, Saudi Arabia; 06822. plume morphology, suspended sediment, estuary, river discharge, discharge plume, USA, Louisiana, Mobile Bay; 05823.
Landsat image
geometric correcting, geographic precision, 03319. glacier, subglacial tunnel, lake, surge, satellite image, Argentina, Mendoza, Grande Del Nevado Glacier; 07303.
Landsat imagery
geomorphology, structural feature, India, Andhra Pradesh, Vamsadhara River Basin; 00225. ice divide movement, glacial erosion, deposition, Laurentide ice sheet, last glacial cycle, drift lineation, ice sheet, lineation, Canada; 09574. tectonic stress, compressive stress, microseismicity, tectonics, microearthquake survey, Homogeneous Station Method, tectonic lineament, India, Mikir Hills; Assam Valley; India, Shillong Plateau; 10695. white surface encrustation, Aspicilia, weathering, basalt, cobble, crustose lichen, Libya, Tripolitania; 06212.
Landsat mosaic
delta, river, crustal deformation, visual interpretation, Botswana, Okavango River; 13966.
Landsat MSS
aerial photograph, terrain classification, hazard mapping, India, Garhwal Himalaya, Kalsi-Chakrata; 02199. cloud free imagery, crop mapping, microwave imaging system, UK; 12581. deforestation, reforestation, multispectral classification, China, Zhaoqing; 08094. delta evolution, algorithm, delta coastal change, Egypt, Nile Delta; 08068. forest identification, ground verification map, Landsat TM, USA, Louisiana; 09224. forest, vegetation index, ratio estimator, AVHRR, USA; 02223. Landsat TM, difference image, multitemporal remote sensing, forest decline, USA, Vermont, Camels Hump; New York, Whiteface Mountain; USA, North Carolina, Mount Mitchell; 08095. Landsat TM, thermal data, agricultural reservoir, conservation assessment, suspended sediment, chlorophyll, USA, Mississippi, Moon Lake; 08127. maximum likelihood classification, region, urban growth, GIS, France; 04670. microcomputer, snow cover mapping, snowmelt runoff simulation, AVHRR, 01133. natural vegetation cover, drought, range degradation, Botswana; 12744. NOAA, meteorological satellite data, Australian plague locust, Australia; 03423. pedogeomorphology, India, Bengal; 00485. satellite mapping, alpine pasture, Asia, Himalayas; 11583. solar illumination, Lambertian surface, terrain height, 12625. Spacelab, HCMM, structural analysis, image processing, linear feature, France; 03414.
Landsat MSS image
SPOT, image, lineament mapping, field checking, detection accuracy, geological map, 08064.
Landsat MSS imagery
saline soil, hydrogeology, fault, solodised solonetz, saline groundwater, land management, Australia, Murray-Darling River Basin, Yelarbon; 05273.
Landsat observation
fractal, cloud structure, ITCZ, 07771.
Landsat radiance
cirrus case study, radiative transfer theory, observations, satellite, aircraft, 12456.
Landsat RBV
drainage, SPOT, Landsat TM, Greece, Macedonia; 04653.
Landsat TM
accuracy, land cover, classification, Thailand, Narathiwat Province; 03451. aerial photography, beach process monitoring, coastal geomorphology, USA, Florida; 08067. alluvial forest, forest, France, Alsace; 09234. biogeochemical anomaly, basemetal, pyrite, Spain; 06864. classification, urban area, texture, context information, Thailand, Bangkok; 02282. clay anomaly, greenstone belt, South Africa; 06837. coral reef, hydrodynamics, SPOT, Saudi Arabia; 03463. data integration, GIS, image enhancement, resource, USA, Montana, Glacier National Park; 04628. data processing, principal component analysis, geological interpretation, Pakistan, Indus; 06842. data production, bulk image processing, 06737. data space volume, principal components analysis, probability density contour, maximum likelihood classifier, SPOT, 10314. developing country, UN, UNEP, UNDP, 03274. difference image, multitemporal remote sensing, forest decline, Landsat MSS, USA, Vermont, Camels Hump; New York, Whiteface Mountain; USA, North Carolina, Mount Mitchell; 08095. digital analysis, Seasat, SAR, Iceland; 11461. digital analysis, vegetation mapping, mapping, Spain; 09240. digitised map data, map based feature extraction, surface material, material classification, database development, USA, New York, Glens Falls; 07896. drumlin, streamlined feature, erratic, esker, kame, delta, cirque, glacial trough, glacial deposit, Ireland; 13124. elevation, forest classification, classification, mountain, France, Vosges; 09181. false colour, sodicity, Indo Gangetic plain, India, Uttar Pradesh; 11539. forest classification, spruce, pine, forest mapping, Germany, Bavaria, Regensburg; 01108. forest damage detection, pear thrips, USA, Massachusetts; Vermont; 02212. forest understory, canopy closure, unsupervised classification, band combination, 05734. forest, tropical forest, site productivity, Australia, Queensland; 04627. geological map, lithologic component image, structural interpretation, Saudi Arabia; 03408. geological structure, volcanosedimentary sequence, reconnaissance geological mapping, airborne geomagnetic survey, Ethiopia, Kurmuk Gizen; 10389. geology, salinity, Australia, Murray Basin; 04605. GIS, spatial pattern, radiation, radiation flux, 09174. gold alteration zone enhancement, epithermal gold deposit, Spain; 06815. ground data, data, crop area, Spain; 13940. ground reflectance, seasonal colour change, normalisation, 05610. groundwater, basement complex, linear feature, Zimbabwe; 06903. ice sheet, microwave radiometry, SAR, 01132. ice stream, crevassing, ice flow, Antarctica, Siple Coast; 03457. iron, geophysical display, geological mapping, USA, California, Mojave Desert; 03412. Korteweg-De Vries equation, Cauchy problem, synthetic aperture radar, nonlinear internal wave, internal wave, 12410. land cover, land use mapping, Canada; 01112. land use, thermal pattern, NOAA, HCMM, Germany, Baden-Wurttemberg; 00956. landcover classification, linear transformation, land classification, band combination, USA, Connecticut, Mansfield; 08077. landcover classification, location data, GPS, Zaire, Ituri; 00974. Landsat MSS, forest identification, ground verification map, USA, Louisiana; 09224. Landsat RBV, drainage, SPOT, Greece, Macedonia; 04653. lowland, land use, UK; 04622. Miocene rock, sedimentary basin, volcanic body, USA, Arizona, Mohave Mountains; California, Whipple Mountains; 03409. natural resource, supervised classification, band combination, 05722. NDVI, vegetation index, forest damage, infrared, USA, New Hampshire; Vermont; USA, Massachusetts; 09231. orography, thermal response, coniferous forest, Italy; 09227. palaeoanthropological research, archaeology, Ethiopia; 06930. pine species, forest plantation, plantation, USA, Kisatchie National Forest, Catahoula District; Kisatchie District; 09225. plot location error, forest decline model, USA, North Carolina, Black Mountains; 08097. research material, instruction, South America, Andes; 04613. sand mixing, aeolian dynamics, Mexico, Sonora, Gran Desierto; 04604. satellite image processing, artificial intelligence, land cover classification, artificial neural network, 05725. satellite image, diffusion, plume, dispersion, 13533. satellite imagery, habitat mapping, fauna, GIS, 02236. Scots pine, forestry detection, GIS, stand index, 09237. Seasat radar imagery, air photograph, geological structure, remote sensing, geothermal field, USA, California; 06834. seismic survey, bathymetry, Ethiopia; Red Sea; 06886. sensor detail generalisation, map ground detail, UK, England, Barking; Reading; 06743. snow depth, reflectance, albedo, USA, Minnesota; 08123. soil, desert, multispectral image, USA, California; 02215. SPOT 1, HRV information, forest management, Scots pine, 09228. SPOT, climate change, blue ice extent, Antarctica, Dronning; 03456. SPOT, land use mapping, Greece, Messinia; 05724. structural mapping, arid terrain, DEM, Tunisia; 06833. subsidence, SPOT, environmental assessment, hydrogeological application, Germany; 06902. surface cover, topography, spectral response, DEM, Canada, Yukon; 03447. surface energy balance, on-site measurement, heat flux density, 01095. terrain, three dimensional model, landform, digital image, USA; UK; 06839. thermal data, agricultural reservoir, conservation assessment, suspended sediment, chlorophyll, Landsat MSS, USA, Mississippi, Moon Lake; 08127. thermal information, detector, spatial resolving power, 07941. topographic profiling, geologic interpretation system, 06840. tree cover, vegetation type, fire, SPOT, Ivory Coast, Korhogo; 03435. vegetation cover, landuse change, agricultural productivity, Niger, Keita; 10422. waste water mapping, pulp mill, mapping, Finland; 09271. water depth, mapping, 11610. watershed, accuracy classification, rainfall runoff event, USA, Texas, Forth Worth; 09273. wildlife, riparian ecosystem, ecosystem, USA; 02271.
Landsat TM data
undergrowth, biomass, principal components analysis, orchard, USA, New York State; 08103.
Landsat TM image
fault scarp, crustal block, vector diagram, neotectonics, Mexico; 06013.
Landsat-5
best linear discriminant function, binary decision tree, supervised classification, multispectral data, 12631. moorland, bird habitat, 12774. morphometric map, landscape complex, relief, Czechoslovakia, Tribec Range; 12713.
Landsat-5 TM
crop cover, spectral response, citrus canopy, composite scene reflectance, 05730.
Landsate MSS
strike-slip fault, extrusion, Turkey; 03410.
LandsatMSS

SPOT, multispectral data, deforestation monitoring, conservation management, multitemporal Landsat MSS, China; 09208.

landscape
arid environment, semiarid environment, oasis, Asia, (Central); 13924. AVHRR, crop condition, spectral confusion, spatial resolution, Canada, Alberta; 03448. cartographic methodology, topographic map, spatial organisation, 09157. climatic change, transgressive-regressive coastline, Acheulean site, karstic environment, cryoclastic activity, soil ripening, climatic deterioration, micromorphological evidence, Pleistocene(Mid), UK, England, Somerset, Mendips; Sussex, West Sussex, Boxgrove; 01441. complex terrain, terrain model, digital map, 07760. cryoturbation, sandstone colluvium, footslope surface colluvial soil, fragipan development, limestone valley, paleosol, clay mineral weathering, genesis, soil, USA, Pennsylvania, Ridge and Valley Province; 02512. ecological research, GIS, natural resource, USA; 06849. fallow land, urbanisation, 12760. hazardous landscape, fluvial landscape, loessic landscape, desert landscape, periglacial landscape, glacial landscape, China; 06009. historical atlas, twentieth century atlas, economy, society, Canada; 10350. human action, degraded landscape, space imagery, India, Rajasthan; 03446. hydroengineering, water management, hydroenvironment, environmental management, 07596. model, quantitative model, hillslope, hydrology, sediment yield, landform evolution, greenhouse warming, 07131. physiographic region, upland massif, UK, Isle of Man; 06001. planning, map legibility, land use, 06923. protected landscape management, management use, remote sensing, data, 09201. rainfall distribution, Africa, Sahel; 10002. relief form, heat exchange, permafrost, technogenous influence, Barents Sea; East Siberian Sea; 08509. soil temperature regime, weathering, pedogenesis, erosion, infiltration rate, topographic inversion, Fall Zone, eroded upland, Piedmont peneplain, erosion rate, soil, USA, Piedmont; Coastal Plain; 02515. space imagery, climatic environment, historical geography, Iraq; 09146. territorial structure, macro body interaction, structure, body, territoriality, 05985. vegetation, spectral modelling, multicomponent landscape, Africa, Sahel; 13913.

landscape analysis
biotope mapping, GIS, environmental planning, 11586. practical need, land classification, hierarchical system, geomorphic systems approach, USA, Maryland, Piedmont Province; Utah, Uinta Mountains; 11834. rural activity, agricultural activity, France, Lorraine; 11580. soil, geoecological research, Germany, Saxony, Dresden; 13021.

landscape appreciation
textbook, physical geography, 04885.

landscape area
elementary natural territorial complex dynamics, complex daily state level, USSR, Protva River, Borovska; 06008.

landscape change
airfield, reservoir, Germany, Coburg; 05753. atlas, map, cartographic representation, Switzerland; 09139. carbon release, carbon dioxide, landuse, emission, deforestation, Latin America; 13628. climatic change, modelling, vegetation, water balance, sediment yield, forecast, 03703. dune management, dynamical GIS, landscape component, research, 12704. expert system development, seasonal dynamics, 10086. National Park, aerial photograph, monitoring, UK, England; Wales; 13909. prehistoric, ice sheet, Ice Age hunter, UK, England, London; 05019.

landscape classification
desert landscape, optical density value, classification, zonal brightness, USSR, Turkmenskaya; 13923.

landscape complex
relief, Landsat-5, morphometric map, Czechoslovakia, Tribec Range; 12713.

landscape component
ecosystem, mountain building process, post glacial condition, glacial landform, Switzerland; 06003. research, landscape change, dune management, dynamical GIS, 12704.

landscape context
slope process, mica schist, soil geomorphic relation, pedogenesis, mica gneiss, geomorphic position, colluvial transport, USA, North Carolina, Blue Ridge Front; 07421.

landscape data
topographic information system, orthoprojection, DLM data, ATKIS, 11457.

landscape design
CAD, terrain modelling, 04530.

landscape development
soil moisture balance, forest, savanna, ecosystem pattern, Quaternary, climatic change, stone line, landform development, Brazil; 05999.

landscape disturbance
hydrologic pathway, pipe flow, forest blowdown, acidification, GIS, remote sensing, lake chemistry, surface water pH, USA, New York, Adirondack Mountains; 05186.

landscape dynamics
instability, mountain, geoecological outlook, absolute height, gradient, 11835.

landscape ecological change
hydrological change, soil moisture, water pathway, water quality, ecohydrological zone, river flow, water supply and demand, groundwater table, climate change, 05105.

landscape ecological impact
climatic change, proceedings, conference, policy implication, 04928.

landscape ecology
coastal dune, sand dune, land management, map, Netherlands, Texel; 11867. groundwater flow, groundwater level, forest cover, deforestation, anthropogenic influence, historical geography, ombrotrophic peat, peat formation, evapotranspiration, artificial drainage, land use, Netherlands, Noord-Brabant, Kempen; 06381. groundwater quality classification, ecohydrological parameter, shallow groundwater, residence time, vegetation development, electrical conductivity, calcite, metacline water type, atmocline water type, lithocline water type, pH electrical conductivity relationship, ionic ratio electrical conductivity relationship, Netherlands; 09901.

landscape evaluation
polar morphology, alpine morphology, ice sheet, nunatak, glacially fretted upland, cirque, arete, horn, moraine, glacier, moraine, Antarctica, East Antarctica, Wohlthat Mountains, Humboldt Region; 10775.

landscape evolution
aeolian deposit, terrace gravel, hill slope, colluvium, loess, scree formation, cold desert, Quaternary deposit, New Zealand, Southland; 07151. Binghamton symposium, hillslope study, terrace study, soil study, stratigraphic study, soil, 08515. eolian plain, Blackwater Draw Formation, buried soil, stability, pedogenesis, deflation, Ogallala Formation, soil, USA, New Mexico, High Plains; Texas, High Plains; 02513. uplift, relief differentiation, lithostructural control, long term relief, relief development, erosion depth, deep weathering, correlation, pre Quaternary, UK, Scotland, Highlands; 11866.

landscape evolution model
hillslope, channel, model, river basin evolution, channel head advance, 04889.

landscape functioning
anthropogenic factor, hydrological cycle, biogeochemical cycle, human activity, ploughing, erosion, USSR, Moscow; 11870.

landscape genesis
Quaternary(Upper), coast, cave, Saale, Eem, Weichsel, Holocene, anthropogenic effect, Quaternary climate, Mediterranean; 08459.

landscape geochemistry
chemical weathering, basalt, heavy metal contamination, soil, India, Bombay; 10824.

landscape history
Bandkeramik, settlement site, pedological study, Germany, Bruchenbrucken; 00472. weathering, iron fractionation, clay mineral analysis, glacial deposit, fluvioglacial deposit, Nepal, Himalayas, Mount Everest; 13298.

landscape indicator
groundwater resource, saline water, desert region, fresh water, USSR, Caspian Sea; 02978.

landscape investigation
lithological unit, airborne SAR, texture feature, 09183.

landscape management
remote sensing, monument care, environmental planning, Czechoslovakia, Zdarske Vrchy; 13912.

landscape map
map renaissance, wall map, 06785.

landscape model
resource, database, USA, Pennsylvania; 13898.

landscape morphodynamics
forest savanna zone, stone line, palaeoenvironmental indicator, catenary approach, gravel layer, tropical landscape, Sierra Leone; 08345.

landscape mosaic
digital image, patch shape, USA, New York State, Finger Lakes; 11544.

landscape partitioning
runoff modelling, mountainous terrain, contour based method, saturation overland flow, subsurface flow, hydrograph, forested catchment, Australia, (Southeast); 08680.

landscape planning
conservation, mountainous landscape, natural environment, USSR, Caucasus, Liakhvi River; 10427. GIS, map error, map overlay, 05644. local terrain, frost risk, risk mapping, 07719.

landscape position
secondary manganese accumulation, geomorphic position, iron, manganese, redox potential, Alfisol, Ultisol, secondary iron accumulation, USA, North Carolina, Piedmont; 10930. spatial pattern, loess soil, wetting rate, clay content, soil erosion, subsoil horizon, erodible loess, aggregate stability, USA, Washington, Palouse Region; 08538.

landscape problem
topographic map, terrain information, 05662.

landscape reconstruction
arid zone, palaeogeographical, climatic condition, Holocene, Northern Hemisphere; 13088.

landscape relative age
wetland surface, upland surface, pedogenic development, soil development index, upland interfluve, stream terrace, river valley, USA, North Carolina, Craven County; 08338.

landscape research
raised landscape dynamics, space and time structure, time structure, Germany; 04887. soil erosion, soil, research procedure, 09486.

landscape scenery
geology, tectonic map, moraine, volcano, karst, Italy; 10684.

landscape structure
regional climate, sensible heat flux, latent heat flux, turbulent heat flux, albedo, 03045.

landscape study
time, surface stability, field morphology, climatic change, primary mineral dissolution rate, soil formation rate, soil development, stable landform, USA, California; Great Basin; 02495.

landscape terminology glossary
natural landscape, landform, aerial photograph, UK; 06000.

landscape type
plant water use, groundwater, soil property, capillary rise, 05206.

landscape unit
soil hydrology, soil taxonomy, soil mapping, soil sampling, Italy, Carnic Alps, Rio Moscardo; 12108. SPOT, geology, France, Massif Central, Cevennes; 05711.

landscape zone
loess, cover loam, weathering crust, geographical environment, soil forming rock, 08516. soil forming process, profile truncation, moisture regime, soil freezing, soil facies, classification, USSR, Soviet Central Asia; 10951.

landslide
active faulting, natural risk, late boundary, geomorphological evolution, Neotectonic, fluvial process, Turkey, Destek-Niksar Region; 03719. anthropogenic effect, flooding, monsoon, deforestation, soil erosion, Thailand, Surat Thani, Lam Phan River; Chawang River Basin; Thailand, Surat Thani, Tapi River; 01758. bank erosion, water table rise, foundation undermining, slope stability, flood, extreme event, geomor-

phology, flood damage, Spain, Pyrenees; 08690. chemical control, mineralogical control, residual strength, clay, Atterberg limit, chemical property, 09510. climatic event, annual debris removal, Israel, Jordan River Gorge; 02552. cuesta, hydrogeotechnics, palaeotectonics, neotectonics, gully erosion, Nigeria; 01393. debris flow, earthquake, natural hazard, geological hazard, hazard prediction, loess collapse, karstic collapse, permafrost, flooding, China; 13075. debris flow, slope movement, reconstruction, past erosional force, tree ring information, torrential rainfall, Japan, Rokko Mountains; 03835. digital enhancement, digitised photograph, vegetation type, New Zealand, Eltham; 03406. environmental impact, disastrous landslide, landuse potential, mudflow, casualties, disaster policy, Taiwan; 08414. fan, earthquakes, energy loss, trigger, high magnitude process, geomorphic process, Italy; Algeria; 13057. flood, risk map, geomorphological criteria, Andorra, Pyrenees, Gran Valira; Valira d'Orient; 06061. forecast, mountain dominated, natural hazard, debris flow, prevention, China; 01409. geomorphic history, pluvial Lake Parman, radiocarbon age, landslide soil, drainage diversion, USA, Nevada, Summit Lake; 04919. geoprocessing, urban expansion, digital cartography, Brazil, Sepetiba; 06830. highway, mass movement, geomorphological analysis, construction, human impact, slope instability, Jordan; 11907. IAEG Commission on Landslides, mass movement, English slope movement feature name, French slope movement feature name, slope movement, nomenclature, 04914. liquefaction, pore pressure, shear strength, instrumented, laboratory, flowslide, failure, 04916. moire crack gauge, TM71 Crack Monitor, rock dilation, slope monitoring, creep, interferometry, Canada, Alberta, Frank Slide; 10710. natural catastrophe, civil protection, municipal vulnerability, natural hazard, emergency preparedness, risk assessment, Canada, Quebec Province; 11904. Neoglacial, Holocene, sediment production, sediment budget, clastic sediment, delta, aggrading, paraglacial sediment, debris flow, Canada, British Columbia, Coast Mountains, Lillooet River; 13015. piedmont benchland, high altitude denudation surface, periglacial process, uplifted peneplain, erosion surface origin, geomorphological characteristic, low relief surface, crustal movement, peneplain, planation surface, summit level, Japan, Akaishi Mountains; Mikawa Plateau; 08351. pore fluid, frictional heating, stability, creeping landslide, long term slope stability, 02536. research review, slope development, slope stability, soil pipe, 07181. residual shear strength, subsoil flow, pore water pressure, mechanic, tropical region, flowslide, West Indies, Dominica; 03826. retrogression surface, earthflow, sensitive clay, river erosion, slope stability, Canada, Quebec, James Bay, La Grande River; 13052. river impoundment, natural dam, river regulation, lake emptying, dam overtopping, Italy, Valtellina, Adda River; 05261. rotational type, mass movement, fault plane, cataclastic rock, piping, trigger mechanism, gully system, slope retrogression, geomorphic effect, Venezuela, Andes, Aracay River, Buena Vista; 09521. sackung, numerical modelling, toppling, Universal Distinct Element Code, block toppling, flexural toppling, Canada, British Columbia, Glacier National Park, Beaver River; 10711. sandstone shale sequence, deep seated landslide, pore water pressure, slope failure, hazard, UK, England, Derbyshire; 07182. scarp retreat, weathering rate, mass diffusion model, geomorphology, modelling, slope development, Japan; 03699. sediment yield, hillslope stability simulation model, landslide prediction, stochastic landslide occurrence, USA, Washington State; 06030. seismite, Quaternary(Late), faulting, palaeoseismicity, fault scarp, Late-Glacial, postglacial, deglaciation, Sweden, Lansjarv Area; 08363. slope stability, steep slope, vegetation, debris slide, forested slope, tree root, Japan; 06040. soil erosion, field experimentation, physical geography, process, glaciology, China; 01376. soil erosion, flood, deforestation, accelerated soil erosion, flood, India, Himalayas, Darjeeling Himalaya, Gish River; 13074. soil process, slope failure mechanism, hillslope development, humid tropical forest, translational failure, earthflow, shallow slide, saprolite, subsurface soil creep, shear strength, cove slope, Puerto Rico; 02550. talus slope, rock glacier, severe climate, Cryoboralf, Cryochrept, geology, geomorphology, soil, whitebark pine ecosystem, Pinus albicaulis, freeze thaw, mass wasting, glaciation, trough wall, moraine, cirque headwall, Canada, Rocky Mountains; USA, Rocky Mountains; 03711. talus, alluvial debris cone, slope modelling, rock fall, solifluction, creep, block field, Czechoslovakia, Slanske Vrchy; 03830. torrential rainstorm, geomorphic system, geomorphic process, hillslope runoff, rill erosion, gully erosion, human disturbance, Spain, Pyrenees, Prepyrenees; 04891. UNESCO Working Party, World Landslide Inventory, reporting method, 04915. uplift, erosion, seismicity, glacial surge, hazard, flood, India, Himalayas, Western Himalaya; 04927. urban planning, applied geomorphology, natural hazard, built environment, hazard mitigation, risk vulnerability, architecture, 10728 varved clay, slide stability, landslide hazard, movement mechanism, slide velocity, France, Alps, La Mure; 04921. volcanic island, sedimentation, submarine volcanics, Reunion, Fournaise Volcano; 08192. wave, mathematical theory, Froude number, 05787.

landslide activity
earthquake induced landslide, radiocarbon date, tree ring analysis, chronology, Canada, Quebec, Charlevoix, Riviere du Gouffre; 11894.

landslide cause
slope stability, neotectonics, stability remedial measure, rockfall cause, India, Himalayas, Kumaun Himalaya, Nainital, Naina Peak; 10716.

landslide geological context
latent landslide, slip, unstable zone, Switzerland; 08397.

landslide geology
landslide history, Holocene landslide, slide plane, wave action, USA, California, Santa Catalina Island, Little Fishermans Campground; 06032.

landslide hazard
coastal landslide, hazard zonation, cliff stability, cliff stop recession, UK, England, Devon; 07188. hazard mapping, artificial reservoir, flood control, reservoir, sediment transport prediction, flow regime, runoff process, extreme flood, mountain hydrology, sediment deposition, flushing, slope morphology, hillslope hydrology, flood hazard, 12136. movement mechanism, slide velocity, landslide, varved clay, slide stability, France, Alps, La Mure; 04921.

landslide hazard map
Cyclone Namu, evacuation strategy, map, flood hazard, Pacific, Solomon Islands, Guadalcanal; 06066.

landslide history
Holocene landslide, slide plane, wave action, landslide geology, USA, California, Santa Catalina Island, Little Fishermans Campground; 06032.

landslide mapping
civil engineering, geomorphological mapping, engineer training, engineering geomorphology, UK; 10729. stereoscopic capability, SPOT, borehole siting, New Caledonia; Bolivia; 05715.

landslide prediction
landslip process, borehole observation, electrical field, mechanical stress, USSR, Zagorsk GAES; 04909. stochastic landslide occurrence, landslide, sediment yield, hillslope stability simulation model, USA, Washington State; 06030.

landslide problem
watershed management, typhoon season, sediment load, streambank erosion, silt up reservoir, land use regulation, Taiwan; 06039.

landslide soil
drainage diversion, landslide, geomorphic history, pluvial Lake Parman, radiocarbon age, USA, Nevada, Summit Lake; 04919.

landslide susceptibility
Digital Elevation Model, hazard assessment, geoscientific map, computer method, Germany, Mainz; 09522.

landslide trigger
trigger, surge, Pakistan, Karakoram Range, Bualtar Glacier; 01467.

landslides
red laterised soil, mulching, mass movement, creep, clayey soil, shearing test, terracette, stability analysis, Rwanda, Zaire-Nile Divide; 02551.

landsliding
slope failure, gully erosion, glacial diamicton, lacustrine sediment, aeolian sediment, Wisconsinan deglaciation, glaciotectonism, Canada, Alberta, Red Deer River, Little Sandhill Creek; 04918.

landslip
alpine geomorphology, glacial erosion, erosional landform, karst feature, Holocene, Australia, Tasmania, Mt Anne Massif; 07244. flooding, glacial rebound, Baltic regression, uplift, coulee, channel valley, Finland; 11849. rockfall, risk map, mud flow, ice breakup, cartographic survey, Switzerland; 08396.

landslip process
borehole observation, electrical field, mechanical stress, landslide prediction, USSR, Zagorsk GAES; 04909.

landsnail
palaeotemperature, isotopic component, gasteropod shell, travertine, France, Seine Valley; 05922.

landsystem
glaciofluvial landform, melt water, ice-contact landform, proglacial feature, kettle hole, kame, UK; Ireland; 11948.

landuse
agricultural mechanisation, rural landuse, China; 13946. basin characteristic, flood, runoff, hydrologic process, soil water dynamics, quick flow analysis, spatial variability, 08667. emission, deforestation, landscape change, carbon release, carbon dioxide, Latin America; 13628. erosion rate, urbanisation, recreation, tourism, USA, Gulf Coast; 11707. everglades, soil, agricultural area, GIS, USA, Florida; 09210. forest, grassland, available water capacity, organic carbon, bulk density, infiltration rate, saturated hydraulic conductivity, soil moisture, moisture transmission, moisture retention, Typic Hapludoll soil, cultivated land, 11084. GIS, commercial development, environmental factor, 09124. lagoon, storm surge, return period, sea level rise, coastal protection, Italy, Venice; 09599. landcover, Basin and Range environment, shoreline, lake terrace, terminal moraine, alluvial fan, volcanic cone, lava flow, Large Format Camera, thematic map, geomorphology, geology, USA, California; 09487. legal consideration, local jurisdiction, GIS, decision making process, regulation, ordinance, USA, Virginia; 09296. loess region, solute transport, suspended sediment, sediment transport, discharge, topography, Belgium, Burdinale River; 08699. optimisation, USSR, Kabardino Balkar ASSR; 12736. pollution distribution, classification system, water quality index, water management, surface water quality, Iran, Anzali Basin; 11124. rainfall, erosion risk, agricultural land, soil erosion, UK, England, South Downs; Sussex, Lewes; 10844. slope failure history, palaeoenvironmental history, marine terrace, tephrochronology, pollen analysis, radiocarbon dating, Allerod Interstadial, postglacial, climatic change, Japan, Hokkaido, Hidaka District; 08401. slope, temporal perspective, gullying pattern, spatial variation, precipitation, bedrock, soil, Zimbabwe, Eastern Highlands; 08553. statistical information system, information system, 09138. suspended sediment, sediment yield, soil erosion, transported sediment, urban watershed, humid tropics, discharge, rainfall, soil loss, Zaire, Lubumbashi; 08700. TM, training data, classification, Italy, Sicily; 12734. topography, hydrology, major ion, specific yield, sedimentary rock, pasture, forest, slope, base flow, organic species, surface water quality, water chemistry, lithology, New Zealand; 11028. wateruse, streamflow characteristics, water quality, estuarine system, waste water, nitrogen, phosphorus, USA, Florida, Charlotte Harbour; 09924. wildlife management, island, ecosystem, USA, Hawaii; 13920.

landuse change
agricultural productivity, Landsat TM, vegetation cover, Niger, Keita; 10422. climate change, hydrologic process, soil water, evapotranspiration, runoff, discharge, soil texture, land cover, biogeochemical cycling, land surface atmosphere interaction, climate modelling, basin model, anthropogenic effect, impoundment, Africa, Zambezi River; 12275. Holocene(Late), erosion, upland erosion, climatic deterioration, human influence, solifluction, radiocarbon dating, debris flow, Little Ice Age, UK; 10843. Model of Acidification of Groundwaters in Catchments, surface water chemistry, soil water chemistry, long term trend, acidification, atmospheric deposition, afforested catchment, moorland, UK, Scotland; Wales; 13446. rainy season, desertification, afforestation, cultivation, vegetation cover, albedo, early rain, Israel; 10021. soil erosion, Holocene(Late), lake sediment, magnetic property, pollen analysis, France, Petit Lac d'Annecy; 10846.

landuse change detection
multi date imagery, satellite sensor system, sensor system, 09211.
landuse classification
digitised image, SAR imagery, Spain; 09215. satellite image, texture classifier, 11459.
landuse consequence
nature management, mapping, regionalisation, environmental disturbance, USSR; 13915.
landuse data
local government, GIS, land information, USA, Florida, Orlando; 09202.
landuse effect
nutrient, multi pond agroecosystem, agricultural water management, China, Chaohu Lake; 12279. pre industrial acidification, biogeochemistry, acid deposition, vegetational development, fish extinction, lake water quality, Norway; 13444. surface energy balance, latent heat flux, atmospheric influence, Bowen ratio, moisture availability, soil moisture, saturation deficit, sensible heat flux, evaporation model, suburban evaporation regime, advection, 12153. total dissolved solid, groundwater quality, phosphate, nitrate, chloride, India, Orissa, Bhubhaneswar; 11089. urbanisation, runoff, stream flow, catchment characteristics, runoff regime, afforestation, flood, return period, extreme event, Switzerland, Emme River; Reuss Valley; 09916. vegetational development, preindustrial acidification, lake water quality, fish extinction, Norway, Agder, Tveita Lake; Ersdal Lake; 13445.
landuse inventory
mapping, mountainous area, Italy, Ardeche; 11647. urban landuse, GIS, USA, Texas; 09214.
landuse mapping
mapping, DTM, France, Ardeche; 09213.
landuse pattern
agricultural policy, groundwater quality, land set aside, nitrate pollution, chalk aquifer, UK, England, Kent; 11090.
landuse planning
environmental geological map, engineering geological map, urban planning, thematic map, regional landuse, Netherlands; 07189. groundwater protection, water management, point source pollution, sampling frequency, groundwater quality monitoring, site specific monitoring, automatic data acquisition system, monitoring network, sample technique, Czechoslovakia; 12253. land evaluation, overlay procedure, GIS, policy formulation, UK, Scotland, Grampian Region; 11644. management issue, GIS, land evaluation, computer based technique, UK, Scotland; 11645. marginal area, forestry resource, Earth observation satellite, Europe; 10405. survey system, interpretation, Taiwan; 10401.
landuse potential
mudflow, casualties, disaster policy, landslide, environmental impact, disastrous landslide, Taiwan; 08414. runoff, precipitation, wadi system, morphological process, water resource, Sudan, Nile River; 12288.
landuse practice
soil erosion, sediment yield, monitoring network, mountain basin, soil erosion, transport parameter, runoff, Iran, Sefid Rud Basin; 08711.
landuse survey
satellite imagery, simulation, sampling landuse survey, 12678.
landuse type
boundary exchange, self similarity, linear boundary, North America, Great Lakes, Lake St. Clair; 03455.
Lane End deposit
Priory Bay deposit, Boxgrove deposit, Earnley deposit, Stone deposit, West Wittering deposit, deposit correlation, Pleistocene, sea level, neotectonic history, Steyne Wood Clay, raised beach, Bembridge Raised Beach, UK, England, Isle of Wight, Bembridge; Solent; 02679.
Langdon Interglaciation
Baxter Interstadial, Linda Glaciation, Regenct Interglaciation, Henty Glaciation, Moore Glaciation, Cainozoic(Late), glaciation, interglaciation, interstadial, pollen analysis, weathering, Margaret Glaciation, Tullabardine Interstadial, Pieman Interglaciation, Australia, Tasmania; 02641.
Langelier Index
Tillmans Diagram, groundwater quality, iron, corrosivity problem, village water supply, 06377.
Langevin
computer vision, stochastic process, digital image matching, 07987.
Langevin equation
turbulence, Lagrangian particle model, fumigation, breakdown, nocturnal inversion, inversion breakup fumigation, 13686.
Langley plot data
solar radiometer, iterative procedure, optical depth, 06807.
Langmiur adsorption isotherm
aggregate dispersal, ultrasonic treatment, particle-size determination, 12087.
Langmuir adsorption isotherm
adsorption, boric acid, humic acid, 05083.
Langmuir equation
travelling wave solution, adsorption, contaminant transport, sorption, Van Bemmelen Freundlich equation, groundwater modelling, 08777.
Langmuir isotherm
calcareous soil, lead sorption, adsorption capacity, Freudlich isotherm, 10892. phosphorus adsorption, isotopic exchange, phosphate fertiliser, adsorption property, 08582.
language
knowledge base, object oriented, 04557. map, metaphor, 04592.
lanostane
crude oil, biomarker, basin, lacustrine sediment, China, Biyang Depression; 03668. lacustrine, hydrocarbon, Tertiary, tetracyclic triterpane, biomarker, China, Biyang Depression; 11797.
lantent heating
heat flux, moisture flux, aerodynamic roughness, land surface, skin temperature, surface climatology, sensible heating, 06461.
lanthanum
manganese, titanium, elemental composition, chlorine, iodine, arsenic, nitrate, ammonium, sulphate, vanadium, zinc, trace element, aerosol, bromine, aluminium, calcium, cobalt, iron, potassium, Arctic; Canada, Ellesmere Island, Alert; 02030.
lapilli
surge deposit, vesicle, hydromagmatic origin, grain size, Italy, Vulcano, La Fossa; 04756.
Laplace distribution
bimodality, dune, sand, particle size distribution, 05976. sand, harbour, provenance, grain size data, shoreline, Libya, Tripolitania, Lepcis Magna; 04879.
Laplace domain
wave propagation, foundation uplift, radiation damping effect, 00253.
Laplace equation
groundwater flow, water table height, Dupuit Forchheimer analysis, Kozenys parabola solution, Engelunds solution, seepage surface, unconfined aquifer, 07541.
Laplace tidal equation
zonal wind, vorticity gradient, internal mode, Kelvin wave, barotropic instability, 04271.
laplace transform
finite difference solution, permafrost, saturated ground, freezing interface, interface path, temperature profile, 07284. groundwater contamination, remedial action, one-dimensional transport, solute transport model, well-to-well recirculation, advection-dispersion equation, 01718.
Laplacian of Gaussian operator
zero crossing, edge detection, detected contour, 07979.
lapse rate
climatic change, local climate, boundary layer climate, temperature change, lake, New Zealand, South Canterbury, Lake Pukaki; 01948. forest, microclimate, sensible heat flux, insolation, vertical water vapour gradient, Malaysia, Negeri Sembilan, Pasoh Forest Reserve; 06463. microburst probability, thermodynamic profiler, temperature retrieval, nowcasting, forecast verification, 10117. mountain hazard, deforestation, downstream impact, high mountain forest, resource use issue, 03704. vapour pressure, precipitation, wind speed, foggy day, sunshine time, China, Bashan Mountains; 08864.
larch
Eemian interglaical, Brorup interstadial, pollen analytical data, last interglacial, Larix pollen, vegetational succession, Fennoscandia; 05025.
large amplitude gravity wave
gravity wave, stratosphere, wave property, radiosonde observation, 11255.
large aperture
spectroradiometer, aperture, spherical aperture, hemispherical aperture, 02093. SPOT-2, aperture, spherical aperture, hemispherical aperture, 02083.
Large Area Crop Inventory Experiment
winter wheat yield, crop estimation, vegetation monitoring, 12763.
large bed element
energy dissipation mechanism, stream, channel, steep mountain, 05989.
large database
object oriented approach, CAD, GIS, 03367.
large diameter
borehole, instrument, in situ testing, static penetration, Spain; 03787.
large diameter well
non-penetrating well, aquifer parameter, Boltzmann transformation, non-penetrating well, hydraulic conductivity, specific storage coefficient, Theis type curve, groundwater flow, type curve, time drawdown data, Saudi Arabia; 00592.
large eddy simulation
buoyancy driven planetary boundary layer, stratus, vertical velocity skewness, boundary layer, 04238. convection, nonhomogeneous surface flux, surface flux, convective boundary layer, 10026. gravity wave, boundary layer, vertical velocity skewness, convective planetary boundary layer, cloud, 04239. obstacle, turbulent flow, flow computation, Reynolds averaged Navier Stokes equation, 07685. penetration convention, similarity scale, universal profile, statistical moment, convective boundary layer, mixed layer, 10017. stable stratification, boundary layer, 07695. statistical representation, sub grid variation, mixing length model, boundary layer, gradient transfer model, 10022. up slope boundary layer, boundary layer, 07715.
large eddy state
cloud street pattern, wave-mean flow interaction, roll vortex, planetary boundary layer, convection, wave-wave interaction, 01851.
Large Format Camera
archaeological study, stereo coverage, Jordan; Lebanon; Israel; 08135. coastal mapping, transfer scope, change detection, Italy, Po River; 00951. Focomat IIc, photographic enlargement, Italy, Po Delta; 10250. lava flow, volcano, caldera, SPOT, Pacific, Galapagos Islands, Isla Fernandina; 05700. spatial resolution, urban land use, land cover mapping, 08132. thematic map, geomorphology, geology, landuse, landcover, Basin and Range environment, shoreline, lake terrace, terminal moraine, alluvial fan, volcanic cone, lava flow, USA, California; 09487. topographic mapping, geometric accuracy, thematic content, metric camera, Sudan; 07911.
large scale basin
mountain basin, rainfall distribution, runoff prediction, distributed model, radar, storage function model, Japan, Kusaki-dam Basin; 08688.
large scale eddy process
hurricane, cloud cluster, depression, Atlantic; 04275.
large scale equation
nonlinear adjustment process, atmosphere, 01872.
large scale interaction
air sea interaction, tropical ocean, interannual time scale, intraseasonal time scale, thermocline, sea surface temperature, Pacific; 11229.
large scale map
OS, map revision, UK; 02174. topographic map, digital map data, computer assisted photogrammetric mapping, Japan; 03385.
large scale permeability
groundwater flow model, permeability, small scale permeability, 09888.
large scale plan

Battle of the Scales, Ordnance Survey, revision, 12666.
large scale subglacial
melt water flood event, flow line pattern, drumlin long axes, bedrock fluting, melt water flood evidence, USA, New York State; Canada, Ontario; 04997.
large scale topography
circulation, low order model, wave wave interaction, isolated mountain, resonance, 12423.
large scale water resources planning
water resources planning, North Atlantic Regional Water Resources Study, storage yield model, institutional arrangement, environmental consideration, mathematical model, water demand, water supply, regional water resource, 05255.
large system
expert system, artificial intelligence, knowledge based system, 13815.
large-scale spatial trend
statistical method, spatial trend, hydrological data, 08641.
Larix pollen
vegetational succession, larch, Eemian interglaical, Brorup interstadial, pollen analytical data, last interglacial, Fennoscandia; 05025.
larvae
dye test, oyster, freshwater, spawning, estuary, USA, Virginia, James River Estuary; 03643. storm, granulometry, temporal variability, core, wave disturbance, Ireland, Galway Bay; 03644.
laser
hydrography, echo sounding, 12621. radar imagery, range normalisation, 13793. radar, surface fitting, image segmentation, 02112.
laser ablation technique
isotopic analysis, cement, calcite, foraminifera, laser probe, chalk, diagenesis, North Sea, Eldfisk Field; 07125.
laser absorption spectrometer
aircraft observation, stratosphere, 00801.
laser absorption spectroscopy
Fourier transform infrared spectroscopy, sampling, formaldehyde, acetaldehyde, carbonaceous species, hydrazone, liquid chromatography, USA, California; 02050.
Laser Atmosphere Wind Sounder
probability distribution, aerosol backscatter, marine atmosphere, carbon dioxide wavelength, profile retrieval, wind profile, satellite wind sounder, 12573.
laser bathymetry
ocean technology, water quality, 10440.
laser detection
hydroxyl radical, photochemical model, ozone interference effect, 06690.
laser detection method
sampling, laser-photolysis fragment-fluorescence, nitric acid, 03214.
laser diffraction
grain size analysis, Baltic Sea; 01372.
Laser Doppler Anemometer
flow mechanism, meandering channel, flood flow geometry, overbank flow, velocity, turbulence, 05168.
laser excited atomic fluorescence spectrometry
ice core, isotope dilution mass spectrometry, lead, Antarctica, Vostok; 04429.
laser flash photolysis
nitrate radical, rate constant, self reaction, 06657.
laser flash photolysism
nitrate self reaction, reaction partner, nitrate radical, 06646.
laser induced chlorophyll fluorescence
blue fluorescence, stress physiology, 10409.
laser induced fluorescence
chemiluminescence detector, intercomparison, nitric oxide measurement, 04368. chemiluminescence detector, tunable diode laser, intercomparison, nitrogen dioxide instrument, 04367. chlorophyll fluorescence, stress detection, soybean, 12765. photochemical model, nitrogen dioxide, nitrogen oxide, chemiluminescent technique, 04378.
laser induced fluorescence instrument
troposphere, hydroxy radical, laser long path absorption spectroscopy, 06670.
laser induced fluorescence technique
hydroxyl radical, hydrogen peroxide, stratosphere, 10197.
laser induced fluorescent
chemiluminescent, anthropogenic source, boundary layer, free troposphere, nitrogen oxide, nitric acid, troposphere, teflon-nylon filter pack, tungstic oxide denuder, 04375.
laser instrument
field surveying instrument, 09083.
laser instrumentation
surveying, construction, 09084.
laser interference comparator
levelling staff, height measurement, 10268.
laser long path absorption spectroscopy
laser induced fluorescence instrument, troposphere, hydroxy radical, 06670.
Laser Magnetic Resonance spectroscopy
chlorine monoxide, ozone, kinetic measurement, thermal decomposition, 05550.
laser measurement
chlorophyll, marginal ice zone, phytoplankton, 01129.
laser optical particle counter
mobility diameter, cascade impactor, warm air front, aerosol, differential mobility analyser, Germany, Heligoland Island; 13706.
laser photofragment emission
photolysis, gas phase reaction, 06621.
laser photolysis
nitrate, nitrite, hydrogen peroxide, absorption coefficient, hydroxy radical, quantum yield, 06629.
laser photolysis efficiency
photo fragmentation two photon laser induced fluorescence instrument, nitrogen oxide, 04370.
laser photolysis fragment fluorescence
ambient air, mixing ratio, nitric acid, Atlantic; 06644.
laser probe
chalk, diagenesis, laser ablation technique, isotopic analysis, cement, calcite, foraminifera, North Sea, Eldfisk Field; 07125.
laser radar measurement
sodium, vertical wind, seasonal variation, mesospheric sodium, tidal activity, Brazil, Sao Jose dos Campos; 03227.
laser radar technique
three dimensional imaging, wide swath bathymetric system, GPS, 10285.
laser range measurement
GPS, onboard sensor data, ground control, aerial triangulation, statoscope, 03290.
laser range sensor
obstacle detection, vehicle, partial derivative, 00984.
laser ranging
LAGEOS, SLR, tectonic motion, tectonic deformation, 09186.
laser ray diffraction
particle size distribution, granulometric method, 10916.
laser scanner
soil surface roughness, surface digitisation, surface roughness, 07390.
laser scattering
airbourne particle classification, aerosol measurement, particle, optical scattering, 13716.
laser wind system
Mie computation, microphysical property, aerosol backscatter measurement, Southern Hemisphere; 12572.
laser-photolysis fragment-fluorescence
nitric acid, laser detection method, sampling, 03214.
Lasertrace
measurement system, accuracy, position, velocity, 04477.
last climatic cycle
terrestrial record, karst infilling, moraine, La Grande Pile sequence, Les Echets sequence, Lac du Bouchet sequence, France; 06084.
last cold stage
Holocene, fluvial environment, geoecological change, tectonic history, orography, 07135.
last deglaciation
carbon-14, accelerator mass spectrometry, transient event, ventilation rate, Pacific intermediate water, Atlantic; Pacific; 02614. Florisphaera profunda, deep sea core, albedo, sea surface temperature, pressure gradient, equatorial divergence, Younger Dryas, nutricline depth variation, Atlantic, (Equatorial); 08443. mean grain size, detrital silt fraction, piston core, palaeocirculation pattern, Pleistocene(Late), Holocene, deep-water circulation, melt water discharge, ocean ventilation rate, ventilation rate, circulation fluctuation, Atlantic, Blake Outer Ridge; 10744. Nordic heat pump, heat pumping mechanism, positive feedback, feedback amplification, volcanic activity, extraterrestrial disturbance, Younger Dryas, cold spell cause, deep sea record, climatic change, 07193. oxygen isotope analyse, deep sea core, deglaciation, melt water isotopic signal, box-model calculation, thermohaline circulation rate, ocean atmosphere system, 11908. oxygen isotope, sea surface temperature, accelerator carbon-14 dating, deep sea sediment, Atlantic, (North); Indian Ocean; 02615. pack ice, salinity, Atlantic Ocean conveyor circulation, melt water, precipitation, runoff, Laurentide Ice Sheet, Younger Dryas, climate change, Arctic Ocean; Atlantic, (North); USA, Gulf of Mexico; 08435. radiocarbon date, Younger Dryas, melt water cooling, general circulation model simulation, climatic condition, water discharge, USA, Gulf of Mexico; 08439. radiocarbon dating, melt water, oxygen isotope analyses, salinity reduction, deglaciation onset, North Atlantic Deep Water, Erie Interstade, ice retreat initiation, Fennoscandia; 08465. Younger Dryas, melt water, conveyor circulation, deep water formation, salinity history, Atlantic, (North); 03856.
last full glacial
stratigraphy, radiocarbon, pollen analysis, rainfall, summer monsoon, vegetation, seasonal climate, Australia, South Australia, Lake Frome; 13108.
last glacation
glacier, Quaternary, glaciation, Africa; 02628.
last glacial
humid montane forest, Holocene, Iron Age, pollen sequence, peatbog, radiocarbon date, grassland, Zaire, Burundi Highlands; 09573. periglacial phenomena, pollen analysis, freezing and thawing indices, forest tundra, permafrost environment, Japan, Hokkaido; 03918. Postglacial, terrace chronology, lateral erosion, climatic change, channel condition, valley side, slope development, Last Glacial Stage, fluvial terrace, alluvial cone, tephra cover, Shikotsu pumice fall, Eniwa "a' pumice fall, Tarumae "d' pumice fall, Tokachi "c-2' ash fall, tephrochronological analysis, Japan, Hokkaido, Tokachi Plain; 04922. radiocarbon date, accelerated mass spectrometry, terrestrial macrofossil, lake sediment, Swedish varve chronology, Preboreal, Bolling, atmospheric radiocarbon, Switzerland; 02592. sea level, rocky shore environment, radiocarbon date, oxygen isotope evidence, foraminifera, Quaternary(Late) sediment, borehole, palaeoenvironmental reconstruction, Holocene, last interglacial, Hong Kong, High Island; 10752. terrace deposit, pollen analytical study, peat, oxygen isotope record, glacial history, palaeoclimate, Japan, Hokkaido; 10793. Weichselian, mountain area, trough, cirque, glacier erosional landform, ice free area, basalt plateau, weathering, Tertiary lava, Iceland, Horgardalur; 03885.
Last Glacial Age
tephra, peat bed, fossil pollen, spore assemblage, Japan, Hokkaido, Konsen Plateau; 02672.
last glacial cycle
drift lineation, ice sheet, lineation, Landsat imagery, ice divide movement, glacial erosion, deposition, Laurentide ice sheet, Canada; 09574. lacustrine ostracode, ostracode, glaciolacustrine sediment, glacial melt water, Laurentide ice sheet, stable isotope record, Canada, Toronto, Scarborough Bluffs; 09555. Linexert moraine complex, Ecromagny terminal moraine, Servance terminal moraine, glacial maximum, France, Vosges; 00299. oxygen isotope measurement, detailed chronology, melt water surge, uranium-thorium age, mass spectrometry, coral,

sea level, Barbados; 00318. oxygen isotope variation, deep sea core, glacial maximum, ice volume, sea level, 05033.
last glacial interglacial cycle
greenhouse gas, ice sheet model, Pleistocene(Late), ice sheet growth, realistic geography, cryodynamics, geodynamics, solar forcing, sea level, Northern Hemisphere; 09544. Milankovitch theory, palaeoclimate, Quaternary climate, coupled climate model, 09542.
Last Glacial Maximum
Aira-Tn Ash, volcanic hazard, vegetation change, Japan, Itai-Teragatani Site; 02676. arid phase, humid climate, Holocene, environmental implication, slope deposit, humid tropical Africa, Kenya; Cameroon; 03876. atmospheric moisture budget, glacial rainfall, palaeosynoptic pattern, Africa, Sahel; 07197. closed basin, lake level, oxygen isotope record, ostracoda, Pleistocene, seismic profile, piston core, palaeoclimatic model, China, Qinghai Lake; 13159. freshwater transport, atmospheric model, sea surface temperature, global water budget, salinity anomaly, thermohaline circulation, oceanic freshwater transport, Atlantic; 02604. ice core, atmospheric carbon dioxide, oceanic carbon dioxide reservoir, carbon storage, 06070. last interglacial, sea surface temperature, CLIMAP, long range transfer function, foraminifer transfer function, Pleistocene(Late), Atlantic, (North); 11918. stationary wave, Laurentide ice sheet, diabatic heating, surface albedo, continental ice volume, air sea interaction, ice albedo effect, Atlantic; 03126.
Last Glacial Period
climatic record, ice margin, deuterium content, microparticle concentration, ice crystal size, bubble concentration, Antarctica; 03133. malacofauna, late Quaternary, loess-like deposit, loam, molluscan assemblage, Poland, Carpathians; 11970. Pleistocene(Late), fauna, Pliomys lenki, Ghiacciaia Cave, loess, Wurm(Early), Mousterian hearth, pleniglacial phase, Italy, Verona, Monti Lessini; 07211.
Last Glacial Stage
fluvial terrace, alluvial cone, tephra cover, Shikotsu pumice fall, Eniwa "a' pumice fall, Tarumae "d' pumice fall, Tokachi "c-2' ash fall, tephrochronological analysis, Last Glacial, Postglacial, terrace chronology, lateral erosion, climatic change, channel condition, valley side, slope development, Japan, Hokkaido, Tokachi Plain; 04922.
last glacial termination
monospecific foraminifera, isotopic change, Glacial-Holocene trend, fine fraction, stable isotopic stratigraphy, pelagic carbonate, 04954.
Last glacial-interglacial cycle
three dimensional experiment, thermo-mechanical ice-sheet model, grounding line dynamics, isostatic bed adjustment, model calculation, eustatic sea level, Holocene deglaciation, ice sheet, Antarctica; 00343.
last glacial-interglacial transition
pollen record, Pleistocene pollen record, Holocene pollen record, latitudinal vegetation zonation, land-sea comparison, Senegal; Mauritania; 02629.
last glaciation
advance, retreat, computer model, glaciosostacy, accumulation, ablation rate, ice velocity, snowline elevation, ice volume, sea level, ice load, 13109. biological productivity, upwelled nutrient, carbon dioxide, biological pumping, palaeoproductivity, accumulation rate, diatom shell, ocean productivity, atmospheric concentration, productivity, Antarctic Ocean; 11931. Equilibrium Line Altitude, moraine limit, neoglacial cooling, Quaternary glaciation, weathered glacial deposit, potassium/argon dating, tectonically active island, mountain ice cap, radiocarbon age, New Guinea; 02633. glaciolacustrine sediment, palaeomagnetism, glacial varve, Argentina, Patagonia, Lago Blanco; 06079. Holocene advance, Quaternary, glaciation, Southern Hemisphere; 02562. ice core data, Holocene, polar ice core, air bubble, atmospheric carbon dioxide, Greece, Crete; Greenland; 11916. late glacial, Neoglacial, Quaternary glaciation, Quaternary(Late), glacier fluctuation, sea level control, tectonics, equilibrium line altitude, tidewater glacier, radiometric dating, raised beach deposit, Southern Ocean; Antarctica, Antarctic Peninsula; 02654. northern hemisphere, interglacial, glacial period, albedo, phytoplankton, carbon dioxide decrease, 06069. permafrost, climatic change, France, Massif Central; 09585. podocarp broadleaf forest, palynology, climatic change, vegetation change, palynomorph, Nothofagus menziesii, Aokautere ash, Holocene, New Zealand, Wairarapa, Pohehe Swamp; Tararua Range; 00288. pollen, core, marine core, marine pollen record, Younger Dryas, climatic change, Japan; Pacific; 01422. sea level history, piedmont lobe, deglaciation, calving phase, glacimarine sediment, radiocarbon date, glacioisostasy, Canada, Northwest Territories, Ellesmere Island; 06173. Weichselian(Early) interstadial, Brorup, Odderade, Warthe glaciation, Elsterian, Saalian ice sheet (stage 8), Eemian interglacial, Domnitz interglacial, Rugen (substage 7a), Fennoscandian ice sheet, ice sheet, Norway; Sweden; Finland; 01434.
Last glaciation maximum
Leszno phase, Poznan Phase, Gniezno Oscillation, meltwater, terrace, outwash plain, Pleni-Vistulian deposit, Poland, Pyzdry Basin, Prosna River, Macew; 00310.
last ice advance
glacier tongue, push moraine, dead ice, glacio geological investigation, Weichselian glaciated area, melt water deposit, till, Germany, Kiel; 08468.
last ice sheet
Pleistocene, Vistulian(Late), Holocene, denudation magnitude, morainic plateau, maximum extent, Poland, Osieczna; 00208.
last interglacial
geomorphic surface, channel characteristic change, Pleistocene(Late), Holocene, base level change, flood plain, channel sand, braided channel, meandering, India, Ganga River Valley; Kanpur; 02505. glacial cycle, chronostratigraphic tool, virtual geomagnetic pole path, palaeomagnetic excursion, 06071. glacial, geosoil traverse, stratotype, European Loess Belt, Mediterranean Belt, Coversand Region, Rocourt soil, climatic condition, Italy, Sardina; Belgium; Greece; 07266. lake sedimentation, stratigraphic position, palynology, Pleistocene, rhythmite, pollen content, Leclercville Rhythmites, Canada, Saint-Lawrence Valley, Leclercville; 01437. Larix pollen, vegetational succession, larch, Eemian interglaical, Brorup interstadial, pollen analytical data, Fennoscandia; 05025. last glacial, sea level, rocky shore environment, radiocarbon date, oxygen isotope evidence, foraminifera, Quaternary(Late) sediment, borehole, palaeoenvironmental reconstruction, Holocene, Hong Kong, High Island; 10752. Muir Point Formation, Whidbey Formation, Highbury Formation, sea level, pollen zone, Canada, British Columbia, Vancouver Island; 07254. pleniglacial dust, dust storm, late Quaternary, dust flow, loess, dust flux, glacial maximum, China, Loess Plateau; 11973. reef, Holocene sand, limestone, uranium series age, coral, Darwins hypothesis, atoll, subsidence rate, Indian Ocean, Cocos Islands; Kelling Islands; 08501. sea level, thermoluminescence, uraniumn thorium chronology, Pleistocene, coastal landform, TL determination, aeolian sand, crustal age, platform, Australia, New South Wales, Illawarra region; 07276. sea surface temperature, CLIMAP, long range transfer function, foraminifer transfer function, Pleistocene(Late), last glacial maximum, Atlantic, (North); 11918. Stage 5, interstadial, Brorup, Odderade, integlacial correlation, Eemian, Weichselian, oxygen isotope stratigraphy, Netherlands; Europe, (Northern); 06081. tephra layer, sea level change, climate change, marine terrane, fluvial terrane, terrace, Japan, Hokkaido, Hidaka District, Shizunai River; Niikappu River; 10807.
last interglacial age
nonglacial deposit, Missinaibi Formation, peat, Owl Creek bed, substage 5e, amino acid result, Beaver River peat bed, palaeoecology, organic deposit, Canada, Ontario; 07258.
last interglacial glacial
sediment, climatic optimum, Illinoian deposit, Sangamonian deposit, Becquets Interstade, Trois-Rivieres Stade, radiocarbon dating, TL date, Canada, Quebec, St Lawrence Valley; 06137.
last interglacial glacial cycle
amino acid geochronology, oxygen isotope stratigraphy, Ipswichian, Eemian, Chelford, St. Germain II, Odderade, Upton Warren type site, UK; Europe; 06082. Eemian interglacial, Amersfoort Brorup interstadial, vegetation, climate, Pleistocene(Late), Europe; 06143. Eemian, Weichselian, Brorup, Odderade, Oerel interstadial, vegetation, climatic gradient, palynostratigraphy, Germany; 06161. glacier fluctuation, climate change, Fennoscandia; 06088. sedimentation rate, radiometric dating, Grande Pile, pollen record, Austria, Alps, Eastern Alps; 06089. stratigraphy, Pleistocene(Late), environmental change, ice rafting, sea level, Denmark; 06086.
last interglacial paleosol
review, current research, TL dating, loess, radiocarbon date, China; North America; Europe, (Central); USA, Alaska; 04953.
last interglacial period
fossil coral reef, uranium thorium age, sea level, high sea level stand, chronology, Bahamas; 06176.
last interglaciation
amino acid, racemisation data, dating, oxygen isotope substage 5e, Quaternary sequence, coastal aminostratigraphy, Australia; 07199. data review, Sangamonian interglacial, vertebrate, Canada; 07252. mammal site, Old Crow tephra, volcanic ash, USA, Alaska, Yukon, Palisades; 10776. Wisconsin loess, Old Crow Tephra, interglacial deposit, lake sediment, peat, pollen, loess, USA, Alaska, Birch Creek; 07250.
Late Acheulean
pluvio glacial sequence, silicified wood, alluvial terrace, fossil hardwood, terrace, Cambodia, Mekong River; 13173.
Late Acheulean industry
fauna, braided river, artifact, river system, Kapthurin Formation, paleosol, Kenya, Baringo; 07217.
late boundary
geomorphological evolution, Neotectonic, fluvial process, landslide, active faulting, natural risk, Turkey, Destek-Niksar Region; 03719.
late Cenozoic
bedrock control, high level stream gravel, incision rate, carbonate rock, migration, river course, USA, Virginia, New River; 05998.
Late Devensian
aeolian clay, Holocene weathering, chalk dissolution, clay mineral transformation, cultivation, brown calcareous earth, rendzina, chalkland, soil formation, erosion, pedogenic processes, soil erosion, UK, England, Yorkshire Wolds; 12032.
Late Devensian ice sheet
ice movement, erratic distribution, glacial erratic, UK, Scotland, Sutherland, Assynt; 06123.
Late Glacial
climatic record, loess sequence, Mollusc assemblage, climatic cycle, SPECMAP data, oscillatory system, France, Alsace, Achenheim; 05020. coast, melt water channel, nehrung, haff, Baltic Sea; 12862. cover sand, pollen analysis, lithostratigraphy, stratigraphy, TL dating, Denmark, Jutland; 09588. deglaciation stage, pollen diagram, Wurm, palynology, chronology, glacial geomorphology, deglaciation extent, deglaciation chronology, France, Alps, Alpes de Haute Provence; 10786. Dryas, Laachersee eruption, Allerod peat, coastal landscape, Weichsel, Germany; 03896. Flandrian(Early), Coleoptera, ecological implication, Bolling, Allerod, Younger Dryas, climatic reconstruction, France, Massif Central, La Taphanel; 09587. glaciation, Older Dryas, Younger Dryas, postglacial shoreline displacement, shoreline displacement, Iceland, Skagi Peninsula; 03907. Holocene, atmospheric carbon-14:carbon-12, carbon reservoir, carbon-14:carbon-12 change, climatic influence, solar influence, oceanic influence, geomagentic influence, 07192. Holocene, climatic record, pluvial event, precipitation, Niger, Bougdouma; 00282. Holocene, environmental change, vegetational environment, human occupation, Mesolithic, Iron Age, pollen analysis, France, Lede du Gurp; 00307. Holocene, global cooling, Pleistocene(Late), Holocene, radiolarian, pollen record, core, oxygen isotope stratigraphy, Okhotsk Sea; 10750. Holocene, humidification, arid region, 06102. Holocene, pollen analysis, France, Massif Central, Artense Region; 09586. Holocene, vegetation, climate, fossil pollen, southern beech, isotope temperature, Chile, Tierra del Fuego; Argentina, Tierra del Fuego; 05016. laminated sediment, atmospheric radiocarbon, radiocarbon age, varve chronology, annual lamination, absolute dating, Switzerland; 13079. Laurentide ice sheet, computerised model, melt water spike, runoff, USA, Mississippi River; Gulf of Mexico; Canada, St. Lawrence; 06076. long term sediment transport, storage, alluvial fan, debris production, Holocene, slope stratigraphy, slope lowering rate,

denudation rate, quantitative study, sediment transport, mountain drainage basin, Japan, Central Japan, Matsumoto Basin; 11861. Neoglacial, Quaternary glaciation, Quaternary(Late), glacier fluctuation, sea level control, tectonics, equilibrium line altitude, tidewater glacier, radiometric dating, raised beach deposit, last glaciation, Southern Ocean; Antarctica, Antarctic Peninsula; 02654. palaeoclimatic reconstruction, pollen, quantitative characteristic, Europe, (North); Asia, (North); 06080. post glacial, vegetational change, catchment event, pollen analysis, multiple profile, UK, Scotland, Fife, Black Loch; 13150. radiocarbon date, anthropogenic influence, pollen analysis, post glacial history, vegetation history, Bolling, Germany, Bavaria, Rhon, Schwarzes Moor; Grabfeld; Germany, Bavaria, Rhon, Lange Berge; 09592. vegetation, pollen analysis, postglacial, France, Massif Central, Haute Loire; 09584.

late glacial period
deflation feature, freezing thawing, Holocene, aeolian deposit, geomorphological feature, wind erosion, Italy, Abruzzo, Roccaraso, Aremogna Plain; 07213.

Late Glacial sediment
glaciolacustrine sediment, moraine, varve, palaeomagnetic data, Argentina, Chubut, Rio Corintos; 08476.

late glacial sedimentation
flute, transverse ridge, De Geer moraine, deformable bed, glacial geomorphic feature, grounded ice, deglaciation, Barents Sea; 04994.

late Pleistocene
fluvial channel, continental shelf, buried channel, sea-level fluctuation, Pleistocene, Holocene, buried, India, Vengurla, Burnt Island; 11989. geomorphological data, mollusc, spore, pollen, diatom, USSR, Siberian Lowland; 11972. ice-wedge cast, sand-wedge relics, periglacial, aeolian transport, weathered bedrock, USA, Wyoming; 12000. sedimentary facies, surf zone, breaker zone, swash zone, backbeach, boulder beach, dune environment, boulder beach, cementation, transgression, shoreline deposit, diagenesis, South Africa, Durban; 11987.

late Quaternary
dust flow, loess, dust flux, glacial maximum, last interglacial, pleniglacial dust, dust storm, China, Loess Plateau; 11973. fault movement, Aspy Fault, Sangamonian, intertidal rock platform, erosional unloading, crustal stress, Canada, Cape Breton Island, Cabot Landing; 04896. glacial episode, sea level, Petuniabukta-Adolfbukta Stage, Billefjorden Stage, Holocene, Ebbadalen-Thomsondalen Stage, Little Ice Age, Svalbard, Spitsbergen, Billefjorden; 11993. loess-like deposit, loam, molluscan assemblage, last glacial period, malacofauna, Poland, Carpathians; 11970. vegetation history, pollen zone, radiocarbon, tephra dated, early postglacial vegetation, temperature, Mazama tephra, Neoglacial ice advance, Canada, Alberta, Jasper National Park, Wilcox Pass; 05012.

Late Weichselian
Weichselian(Late), pollen stratigraphy, palaeomagnetic secular variation, radiocarbon chronology, lake sediment, Allerod, Younger Dryas, vegetation history, Sweden, Skane, Torreberga; 05024.

late Wisconsin advance
Superior lobe, sedimentological parameter, principal component analysis, discriminating, texturally similar till, multivariate technique, Rainy lobe, USA, Minnesota; 03880.

Late Wisconsin till
meltwater, till, Laurentide ice sheet, stable isotopic composition, ostracode, glaciolacustrine sediment, Canada, Ontario, Toronto, Scarborough Bluffs; 13112.

Late-Glacial
postglacial, deglaciation, landslide, seismite, Quaternary(Late), faulting, palaeoseismicity, fault scarp, Sweden, Lansjarv Area; 08363.

Lateglacial
Holocene, erosion, aggradation, floodplain, Belgium, Scheldt River; 10676. Nahanagan Stadial, glacial morphology, sedimentological characteristic, fossil rock glacier, talus foot debris, debris accumulation, rock glacier, interstitial ice, development model, Ireland, Muckish Mountain; 07290. national database, flood event, catastrophic flood, Quaternary, Devensian(Late), UK; 01439. pollen diagram, Loch Lomond Stadial, Older Dryas, climatic change, climatostratigraphic subdivision, Devensian, UK, Scotland, Argyll, Oban, Pulpit Hill; 09551. pollen stratigraphy, radiocarbon dating, Devensian, UK, Wales, South Wales, Glamorgan, Llanilid; 06152. postglacial, environmental history, sea level, UK, Isle of Man; 06151. runoff, sediment yield, catchment behaviour, river response, palaeohydrological change, deglaciation, upland river system, UK, Scotland; 10766.

latent facies mapping
discrete state data, binary pattern, Morrison Formation, Jurassic(Upper), USA, Kansas; 09478.

latent heat
advection, turbulence, sensible heat, 00727. air-sea interaction, operational analysis, energy cycle, hydrology cycle, 01861. saturation vapour pressure vs. temperature curve, evapotranspiration, Penman equation, Penman-Monteith equation, energy budget, surface temperature, air temperature, flux density, 01641. sea surface condition, marine boundary layer, sea swell, thermoradiometer, turbulent transfer, humidity, swell propagation, sea surface temperature, sensible heat, 05401. sensible heat, ECMWF, ocean, surface heat flux, forecast prediction, shortwave radiation, longwave radiation, Atlantic; 06470. tropical cyclone, convection, hurricane, swirling wind, convective ring, Atlantic; 01879.

latent heat effect
blocking, cold front, foehn, orographic influence, frontal movement, Europe, Alps; 08964.

latent heat flux
air-sea interaction, marine boundary layer, wind stress, droplet, temperature, boundary layer, aerosol, humidity, turbulence, 01860. atmospheric influence, Bowen ratio, moisture availability, soil moisture, saturation deficit, sensible heat flux, evaporation model, suburban evaporation regime, advection, landuse effect, surface energy balance, 12153. Bowen ratio, closed desert basin, osmotic potential, albedo, evapotranspiration, playa, transpiration, sensible heat flux, microclimate, 09789. eddy correlation measurement, dry deposition, energy balance, sensible heat flux, net radiation, soil heat flux, USA, Colorado, Pawnee Grasslands; 03076. energy storage, radiation, energy storage term, sensible heat flux, short term measurement, lake evaporation, eddy correlation, energy budget, evaporation, 13315. land surface atmosphere exchange study, energy balance comparison, 12692. moisture budget, bulk transfer coefficient, 11208. moisture diffusivity, 00674. Piche atmometer, ventilation term, Penman model, psychrometry, anemometry, 00736. planetary boundary layer, Bowen Ratio, evaporation, regional evaporation, prairie, atmospheric boundary layer, 13314. scintillation, path averaged flux, heat flux, convection, refractive index structure, sensible heat flux, 13512. sensible heat flux, evaporation measurement, Alpine basin, ALPEX RHONEX project, bulk transfer method, energy balance, Bowen ratio, profile method, Monin Obukhov function, Switzerland, Gletsch; Oberwald; 08659. sensible heat flux, sea surface, inverse problem, ocean model, satellite observation, 12383. slantwise convective adjustment, boundary layer, explosive cyclone, hurricane, wind, temperature, potential vorticity, baroclinic wave, air-sea interaction, sensible heat flux, 04273. temperature, humidity, wind, radiation exchange, energy partition, sensible heat flux, eddy diffusivity, micrometeorological measurement, Brazil, Amazon Forest; 05405. turbulent heat flux, albedo, landscape structure, regional climate, sensible heat flux, 03045.

latent heat flux density
aerodynamic equation, Priestley Taylor model, residual method, evaporation model, alpine tundra, Bowen ratio, energy budget, Canada, British Columbia; 08660.

latent heat parameter
CISK theory, baroclinic model, semi geostrophic model, low latitude, wave CISK theory, 11238.

latent heat release
cyclogenesis, explosive cyclogenesis, Canada; 01917. cyclogenesis, jet streak, coastal front, 01902. cyclogenesis, tropopause fold, potential vorticity anomaly, frontogenesis, explosive cyclogenesis, Canada; 01916. cyclone, tropical cyclone simulation, convective adjustment, convection, deep convection, 01895. entrainment, inversion, cumulus band cloud, cloud band, convection, USA, Hawaii; 01928. potential vorticity anomaly, instability, long lived convective system, mesoscale convective system, convective system, 12443. quasi stationary front, potential vorticity, cyclone, isentropic surface, cyclone, wave, China, Changjiang-Huaihe Valley; 10052.

latent heating
Beta plane, sea surface temperature, Rossby wave, Kelvin wave, moisture convergence, 01884. dynamic process, wave interaction, tropical oscillation, low frequency oscillation, water vapour evolution, 11235. frontal zone, ageostrophic wind, momentum equation, diabatic circulation, orographic forcing, 04286. precipitation rate, divergent wind, frontal zone, diabatic initialisation, regional finite element model, satellite data, storm, prediction model, forecasting, spinup problem, Canada; 10102. surface flux, skill, uncertainty, numerical weather prediction, limited area model, 00774. tropical moist model, thermal forcing, Kelvin wave, 00750. vertical mixing, updraft, stratiform region, mesoscale momentum budget, squall line, 05423.

latent heating profile
rate rate, frontal development, spinup time, diabatic initialisation, regional finite element model, satellite data, humidity enhancement, Canada; 10103.

latent landslide
slip, unstable zone, landslide geological context, Switzerland; 08397.

lateral boundary
forecast error, topography, forecast difference, mesoscale model, predictability estimate, limited area model, 10159.

lateral corrosion
downwearing, Quaternary(Early), polje, karst, downfaulting, tectonic influence, hum, Greece, Crete; 11900.

lateral distribution of flow
river channel, velocity, discharge, compound channel, channel flow estimation, 05164.

lateral erosion
climatic change, channel condition, valley side, slope development, Last Glacial Stage, fluvial terrace, alluvial cone, tephra cover, Shikotsu pumice fall, Eniwa "a' pumice fall, Tarumae "d' pumice fall, Tokachi "c-2' ash fall, tephrochronological analysis, Last Glacial, Postglacial, terrace chronology, Japan, Hokkaido, Tokachi Plain; 04922. downcutting, backward erosion, erosion rate, morphometric assessment, gully, field measurement, USSR, Kazakhstan; 08333.

lateral flow
field drainage system, groundwater recharge, stream head migration, runoff process, chalkland, stream flow, boulder clay cover, UK, England; 05129. sprinkler irrigation, irrigation non uniformity, soil water distribution, irrigated field, root extraction, unsaturated flow, 07525.

lateral flow theory
hillslope hydrology, gravity driven flow, unsaturated flow, boundary layer flow, macropore, hydrological hillslope process, kinematic wave, infiltration, 11044.

lateral mixing
solute transport, dispersivity, groundwater flow, unsaturated zone, macrodispersivity, heterogeneous soil, Dagans formulae, advection, 13397.

lateral moraine
slope, relative dating, moraine, landform degradation, USA, California, Lee Vining Canyon; 13116.

lateral progradation
periplatform mud, sea level, accumulation, bank top sediment, progradation, carbonate megabank, seismic profile, submersible observation, sediment volume, vertical accumulation rate, Atlantic, Great Bahama Bank; 02611.

lateral shear
depth averaged eddy viscosity, dimensionless eddy viscosity, two stage channel, depth averaged velocity, boundary shear stress, secondary flow, friction factor, eddy viscosity, channel flow, flow model, mathematical model, multi stage channel, 05169.

lateral shear turbulence

secondary flow, river gauging, current meter, flow measurement, open channel flow, river flow simulation, flow resistance, flow model, bed generated turbulence, 00526.

lateral spreading
silty sand, liquefaction, ground failure, earthquake, Canada, Quebec, Saguenay; 06027.

lateral stress
in situ property, liquefaction behaviour, earthquake loading, earthquake, pore pressure, Beaufort Sea; China, Ying Kou City; 03768. in situ soil test, stiffness, soil stiffness, 03778. oedometer, splitted ring, measurement, Norway; 03760.

lateral transport
scavenging, sea water, sediment trap experiment, trace metal, sinking, biogenic silica, 09446.

lateral variability
caesium-137, soil erosion, sampling strategy, Canada, Quebec Province; 10838.

lateral variation
glacial loading, hydroglacial loading, Pleistocene(Late), Holocene, sea level, mantle viscosity, isostatic loading, 13027. viscosity, post glacial rebound, tomographic result, uplift modelling, Fennoscandia; 13031.

laterite
duricrust, weathered quartz grain, quartz grain, surficial sand, highly weathered terrain, deep weathering, Australia, Western Australia; 09498. etchplain, pediplain, pediment, planation, tropical region, geomorphological terminology, planation surface, latosol, 00218. geological survey, Caraipe Formation, Morrote Formation, erosive episode, colluvial deposit, aluminisation, colluvium, bauxite, Brazil, Para, Serra de Trucara; 08339. Quaternary, tectonic, climatic record, planation surface, saprolite, REE dispersion, India; 12020. vermiculite, goethite, calcite, limonite, quartz, kaolinite, diaspore, boehmite, illite, haematite, Pakistan; 07431. weathering profile, ferricrete, petrographical study, geochemical study, Central African Republic, Dembia Zemio; 10822.

laterite crust
piping, saprolith, depression, Bas fond, erosion processes, planation surface, Togo; 13022.

laterite soil
void ratio, cohesion, geotechnical property, undisturbed amphibolite, compacted amphibolite, Nigeria, Oyo State; 10704.

laterite terrain
morphometric variable, overland flow, gully morphometry, Guyana, Rupununi Savanna; 07327.

lateritic crust
crustal age, dating criteria, relative dating, ironstone, Zaire, Shaba; 08528.

lateritic deposit
planation surface, neotectonics, geomorphology, palynological analysis, terrace, India, Manipur; 00226.

lateritic pallid zone material
granite, dolerite, parent rock, pallid zone, clay matrix, halloysite, mercury injection porosimetry, water retention curve, mineralogical property, physical property, Australia, Western Australia, Jarrahdale; 01489.

lateritic soil
climate, aeolianite, pedogenesis, plant root, Bahamas, Eleuthera; 12984. disturbed soil, soil excavation, termite, permeability, Mali, Sankarani River; 10867. heterogeneity, soil moisture content, in situ calibration, calibration, neutron moisture meter, Australia, Western Australia; 02896. humid tropics, clay horizon, aluminium mobility, ferralitisation, Brazil, Amazonia; 00414. iron oxide, goethite, haematite, climatic effect, bioclimatic region, Brazil; 09746. organic ligand, ligand, zinc, adsorption, 07372. saprolitic soil, coefficients, Miniature Compacted Tropical soil classification, soil classification, tropical soil, 03797. shear strength, foundation, shallow foundation, Brazil, Parana State; 01404.

Latina Complex
intercalated volcanite, Complesso dei Tufi Inferiori, isotopic stage 15, Minturno Complex, isotopic stage 5, stratigraphic hiatus, radiometric dating, Pleistocene(Middle), transgressive complex, soil chronosequence, Italy, Agro Pontino; 08498.

latitude
cirque, solifluction lobe, tundra zone, altitude minimum, periglacial landform, USA, Colorado; New Mexico; 07289. water depth, biological productivity, cobalt, ferromanganese crust, oxygen minimum zone, crust, Pacific, (Central); 12889.

latitudinal distribution
non methane, hydrocarbon, propane, n butane, acetylene, ethane, alkene, ethene, propene, alkane, Atlantic; 06653. nonmethane, hydrocarbon, mixed layer, ocean, ethene, oceanic emission, marine atmosphere, Atlantic; 06652.

latitudinal gradient
biogenic productivity, postglacial, palaeoceanography, stratigraphic, microfaunal, palynological evidence, Tyrrell Sea, Canada, Hudson Bay; 04973. diurnal cycle, ozone, marine boundary layer, Pacific; Indian Ocean; 06540.

latitudinal vegetation zonation
land-sea comparison, last glacial-interglacial transition, pollen record, Pleistocene pollen record, Holocene pollen record, Senegal; Mauritania; 02629.

Latosol
kaolinite, soil evolution, weathering, clay fraction, chemical weathering, Brazil, Rio Grande do Norte, Serra do Martins Formation; 13289. laterite, etchplain, pediplain, pediment, planation, tropical region, geomorphological terminology, planation surface, 00218. organic carbon, rainforest soil, tropical soil, organic matter, deforestation, burning, cultivation, Brazil, Amazon, Manaus; 09750.

lattice
dilation, erosion, mathematical morphology, image transformation, 07994.

lattice charge
metal bonding, humic acid, montmorillonite, illite, kaolinite, clay-humus complexation, exchangeable cation, 13230.

Latyszenkows formula
Skibinskis formula, grain size distribution, bedload material, transport dynamics, Froude number, bedload transport intensity, Poland, Biala Nida River; 12176.

laumontite
Entisol, particle size distribution, weathering, grain size, USA, California, San Gabriel Mountains; 07415. zeolite, Manda Bed, Triassic, diagenesis, porosity preservation, Tanzania, Ruhuhu Basin; 08272.

Laurentide
montane, glaciation, moraine, meltwater stream, age relationship, Canada, Northwest Territories, Mackenzie Mountains; 13110.

Laurentide deposit
amino acid evidence, marine deposit, Bell Sea sediment, Missinaibi Formation, river deposit, Canada, Ontario, Hudson Bay Lowlands; 07257.

Laurentide glacial melt water
melt water influx, Younger Dryas, Orca Basin, piston core EN32-PC4, surface water cooling, glacial melt water routing, USA, Gulf of Mexico; 08438.

Laurentide ice
erratic, Keewatin ice, Hudson dome concept, indicator erratic, ice-flow pattern, historial review, dispersal, Belcher Island erratic, flow pattern, Canada, Hudson-James Bay Lowland; Belcher Island; Canada, Manitoba; 02636.

Laurentide ice sheet
computerised model, melt water spike, runoff, Late Glacial, USA, Mississippi River; Gulf of Mexico; Canada, St. Lawrence; 06076. diabatic heating, surface albedo, continental ice volume, air sea interaction, ice albedo effect, Last Glacial Maximum, stationary wave, Atlantic; 03126. Foxe glaciation, marine transgression, glacial readvance, relative sea level, Canada; 13165. historical hydrology, glacial runoff, North America, St Lawrence River; USA, Hudson River; North America, Great Lakes; USA, Mississippi River; 02933. last glacial cycle, drift lineation, ice sheet, lineation, Landsat imagery, ice divide movement, glacial erosion, deposition, Canada; 09574. ocean ice sheet interaction, Younger Dryas, radiocarbon date, glacial readvance, Cockburn Substage, iceberg flux, ice rafted detritus, ice sheet fluctuation, Canada, Hudson Strait; 08463. readvance, Miami sublobe, radiocarbon, glacial stratigraphic interpretation, contamination, stump cluster, glacier advance, USA, Ohio, Cincinnati, Sharonville Site; 01430. sea level, Quaternary(Late), sedimentation, deglaciation, seismic profile, sediment wedge, USA, New Jersey, Hudson Apron; 06095. stable isotope record, last glacial cycle, lacustrine ostracode, ostracode, glaciolacustrine sediment, glacial melt water, Canada, Toronto, Scarborough Bluffs; 09555. stable isotopic composition, ostracode, glaciolacustrine sediment, Late Wisconsin till, meltwater, till, Canada, Ontario, Toronto, Scarborough Bluffs; 13112. subglacial meltwater production, pore water pressure, permafrost, ice margine thrusting, drift, bedrock, thermal regime, subglacial aquifer, glacial surge, hummocky stagnation moraine, Rainy lobe, USA, Minnesota; 02638. two-dimensional coupled model, atmosphere-ice sheet-continent model, palaeoclimatic simulation, climate model, ice age time scale, model ice sheet, ice sheet orography, 00269. Younger Dryas chron, core, biogenic silica, silica production, sea ice, sediment accumulation rate, ice proximal environment, cryosphere ocean interaction, Canada, Northwest Territories, Baffin Shelf; 08436. Younger Dryas, climate change, last deglaciation, pack ice, salinity, Atlantic Ocean conveyor circulation, melt water, precipitation, runoff, Arctic Ocean; Atlantic, (North); USA, Gulf of Mexico; 08435.

Lauterecken Formation
stratigraphic marker, microfacies analysis, fossil, cyanobacteria, limestone, Germany, Saar Nahe Basin; 08257.

lava flow
ash deposit, thermal infrared imaging, geological mapping, TIMS, Italy, Mount Etna; 10386. backarc basin, volcaniclastic sedimentation, Archean, Hauy Formation, Canada, Quebec, Chibougamau; 08238. fracture, thermal model, thermal radiance observation, Italy, Sicily, Etna; 08061. Large Format Camera, thematic map, geomorphology, geology, landuse, landcover, Basin and Range environment, shoreline, lake terrace, terminal moraine, alluvial fan, volcanic cone, USA, California; 09487. morphology, radar scattering, remote sensing, USA, Idaho; 02204. paleosol, soil, basalt, Asher Volcanics, Jurassic, Israel; 02464. pyroclastic deposit, rhyolite dacite dome, komatiite, volcanic resurfacing rate, volcanism, Magellan image, Venus; 11875. seamount, volcanism, oceanic ridge, seismic profile, Atlantic, Greenland Basin, Vesterisbanken Seamount; 07022. snowfall, volcanic island, Quaternary glaciation, Antarctic Convergence, intercalation, glacial sediment, Southern Ocean; Southern Ocean, Marion; Southern Ocean, Kerguelan; Southern Ocean, Heard Islands; 02653. volcano, caldera, SPOT, large format camera, Pacific, Galapagos Islands, Isla Fernandina; 05700.

lava shield
lava shield volcano, lava shield production rate, venusian analog, fissure eruption, Magellan radar image, small dome, analog, Iceland; 02525.

lava shield production rate
venusian analog, fissure eruption, Magellan radar image, small dome, analog, lava shield, lava shield volcano, Iceland; 02525.

lava shield volcano
lava shield production rate, venusian analog, fissure eruption, Magellan radar image, small dome, analog, lava shield, Iceland; 02525.

lava slope
mud flow, altitudinal zonality, slope process, slope evolution, regolith, weathering product, debris flow, USSR, Armenian Highland; 08400.

lavaka
gully, healing, tor development, inselberg, Madagascar; 10678.

laval flow
visible image, reflected infrared image, thermal image, USA, Hawaii; 11537.

law of gaps
pluviometric regime, rainfall, law utilisation, 12304.

law utilisation
law of gaps, pluviometric regime, rainfall, 12304.

layer
echogram, atmospheric structure, India, Calcutta; 02191.

layer charge
smectite, halloysite, clay mineral, weathering, pyroclast, Cameroon; 02475.
layer interface
infiltration, two layer soil, layered system, groundwater flow, flux boundary condition, numerical model, Richards equation, 11038.
layered aquifer
recharge, irrigation water, heterogeneous aquifer, water quality evolution, chloride ion, soluble ion, groundwater quality, upland area, leaching, Japan, Ibaraki Prefecture, Dejima; 11068. solute transport model, freshwater-saltwater interface, groundwater flow, transition zone, dispersion, coastal aquifer, 01714.
layered aquifer model
fresh water salt water interaction, fresh water lens, tidal variation, atoll island, island hydrogeology, solute transport model, groundwater flow, density dependent flow, Pacific, Micronesia, Marshall Islands, Enjebi Island, Enewetak Atoll; 09854.
layered character
snow cover, research problem, physical property, seasonal snow cover, 10810.
layered deposit
photoclinometric technique, Mariner 9 image, weathering rind, saltating material, dune field, high resolution, topography, albedo, Mars; 03718.
layered sand
groundwater flow, heterogeneity, soil moisture suction, hydraulic conductivity, effective hydraulic conductivity, unsaturated hydraulic conductivity, 01720.
layered silicate
particle size fraction, eluvial layer, sod podsolic soil, clay mineral, 10860.
layered soil
boundary conditions, model sensitivity, soil moisture profile, soil moisture movement, hydraulic conductivity, infiltration rate, groundwater level, seepage, unsaturated soil, homogeneous soil, 02897. groundwater flow, unsaturated-saturated flow, infiltration, Richards equation, 04107. rigid foundation, limit analysis, cracked, 03793. stream line, colour tracer, unsaturated flow, saturated flow, hydraulic conductivity, groundwater flow, refractional water flow, 04114. unsaturated flow, saturated flow, horizontal flow, vertical flow, hydraulic conductivity, Guelph permeameter technique, silt loam soil, Richards equation, groundwater flow, percolation test, 11037.
layered system
groundwater flow, flux boundary condition, numerical model, Richards equation, layer interface, infiltration, two layer soil, 11038.
Le Castella Capo Rizzuot Terrace
Capo Colonne Terrace, sea level lowering, Crotonian stage, marine regression, Eutyrrhenian, Neotyrrhenian, Tyrrhenian Stage, Pleistocene(Upper), terrace, tectonic dislocation, Cutro terrace, Leonardo Campolongo Isola di Capo Rizzuto Terrace, Italy, Calabria, Crotone Peninsula; 08499.
Lea Park Formation
Western Interior seaway, terrestrial index, organic matter, diagenesis, Cretaceous, shale, Canada, Saskatchewan; 05947.
leachate
buffer capacity, lead retention, clay suspension, Canada, Quebec; 07373. compacted layer, clay subsoil, infiltration rate, infiltrometer, groundwater flow, solute transport, 12259. heavy metal, sewage, organic carbon, landfill, USA, New York City, Jamaica Bay; 08197. lichen, dry deposition, USA, California; 07873. organic acid, hydrophilic acid, hydrophobic acid, carboxylic, lake, dissolved organic carbon, USA, Maine; 09457. radioactive waste, organic contaminant, waste disposal, groundwater contamination, USA, South Carolina, Barnwell; Illinois, Sheffield; 11071. sulphate, sodium chloride, throughfall solution, acid neutralising capacity, sea salt deposition, forest soil, aluminium, cation leaching, 13248. surface water contamination, groundwater contamination, industrial waste, biological indicator, water quality, toxicity, landfill, 00570.
leachate chemistry
tension lysimeter, pan lysimeter, groundwater quality, lysimeter, soil water chemistry, sample size requirement, USA, Pennsylvania, Pea Vine Hill; 01731.
leachate migration
groundwater contamination, landfill, water quality management, contaminant transport model, waste disposal, USA, Illinois; 09896.
leachate plume
lagoon seepage, radar survey, electromagnetic survey, waste water pond, groundwater contamination, 07551.
leachate recirculation
soil shrinkage, field testing, clay surface cover, municipal solid waste, landfill leachate, Canada, Ontario; 09694.
leaching
adsorption, sulphur, sulphur dynamics, Spodosol, USA, New York, Adirondack Mountains; Maine, Bear Brook Watershed; 00426. aeration, stabilisation, sodic clay soil, amelioration, 00380. agricultural chemical loss, subsurface drainage, runoff loss, atrazine, metolachlor, runoff quality, runoff quantity, USA, Louisiana; 02950. agricultural practice, groundwater contamination, pesticide, USA; 00632. agricultural practice, surface water quality, soil water chemistry, nitrate, representative basin, France, Orgeval, Melarchez Basin; 06396. aromaticity, swamp water, organic matter, NMR, humic acid, fulvic acid, humus, Australia, New South Wales, Myall Lakes; 05958. arsenic, geothermal activity, lake water quality, correspondence analysis, water quality data, fauna death, boron, USA, Nevada, Stillwater Lakes; 06305. atrazine, chemical movement, bromide, 02775. bacteria, Pseudomonas, antimony, copper, tetrahedrite, dolomite, Austria, Schwaz; 10629. base cation, base status, exchange reaction, atmospheric pollution, soil acidification, Europe, (Central); Denmark; 10902. cation leaching, potassium fertilisation, simulation model, multicomponent transport model, water transport, matter transport, 08576. chlorsulphuron, metsulphuron methyl, lysimeter, herbicide, Sweden; 07380. chromium, silver, copper, heavy metal, metal remobilisation, sorbed metal, bacterial wall, clay, 03253. cracking pattern, soil cracking, irrigation, bypass flow, nitrate, Greece; 13291. decomposition, fluroxypyr, herbicide, contaminant migration, clay soil, sandy soil, Sweden; 05229. fenamiphos, fenamiphos sulphoxide, fenamiphos sulphone, 13256. fentin acetate, sandy soil, fungicide accumulation, transformation product, organotin residue, Netherlands; 07350. fertiliser, groundwater contamination, septic tank, agricultural pollutant, nitrate-nitrogen loss, 01728. fertiliser, nitrogen, pine plantation, nitrate, ammonia, infiltration, 00386. forest floor, pine plantation, rainfall simulation, nutrient, 05073. granite erratic, shelly till, chronological control, glacial deposit, Munsterian, Southern Irish End Moraine, till, Ireland; 13125. hydraulic conductivity, soil reclamation, salinity, saline sodic soil, Canada, Alberta; 05071. laboratory simulation, quartz synthesis, soxhlet leaching, basalt, tuff lapilli, 08517. land drainage, tile drain, groundwater quality, surface water quality, silt loam soil, preferential flow, pesticide transport, nutrient transport, drainage water quality, USA, Indiana; 13453. land use effect, catchment, lake, nitrate transport, runoff simulation, forest catchment, arable catchment, Sweden; 00633. land use effect, drainage water quality, cationic monomeric aluminium, surface water quality, acidification, acidic soil, 01755. layered aquifer, recharge, irrigation water, heterogeneous aquifer, water quality evolution, chloride ion, soluble ion, groundwater quality, upland area, Japan, Ibaraki Prefecture, Dejima; 11068. leaf, precipitation chemistry, forest cover, nutrient leaching, acid rainfall, 13443. mineralization, precipitation chemistry, isotopic study, geochemical study, groundwater flow path, Atlantic, Canary Islands, Gran Canaria, Amurga; 00600. mineralogy, weathering, Ultisol, porcellanite, Non Pareil series, highly weathered soil, biogenic opal, Kaolinite, Trinidad and Tobago; 02706. model evaluation, solute transport model, groundwater quality, saturated unsaturated soil water flow, pesticide leaching, pesticide root zone model, 12257. nitrate contamination, coastal plain soil, agricultural practice, land management, groundwater quality, irrigated soil, 04157. nitrate leaching, acid soil, tropics, anion exchange, exchange capacity, Oxisol, Alfisol, Ultisol, Inceptisol, South America; Africa; Asia, (Southeast); 07365. nitrate, hydraulic conductivity, nitrogen simulation model, Germany, Baden-Wurttenberg, Stuttgart; 06255. nitrogen loss, desert, nitrogen cycling, desert ecosystem, USA; 03208. nutrient budget, peatland, afforestation, runoff, stream water quality, drainage, bog, groundwater chemistry, 01752. parameter estimation, chemical fate, nitrification, denitrification, nitrogen, groundwater chemistry, breakthrough curve, ammonium nitrate, 02931. pesticide, atrazine, deethylatrazine, alacholor, cyanazine, carbofuran, cultivation practice, groundwater, USA, Maryland, Beltsville; 02755. pesticide, groundwater contamination, uncertainty analysis, mobility index, Attenuation Factor, USA, Hawaii, Oahu, Pearl Harbor Basin; 01740. pesticide, groundwater quality, surface water quality, soil chemistry, agricultural pollutant, pollutant transport, 06394. pesticide, soil water flux, contaminant transport, lysimeter, 09838. pH dependent leaching, ion exchange, anion exchange, forest canopy, deciduous foliage, coniferous foliage, foliage, 11093. pH, acidification, Australia, New South Wales; 02815. porosity, diagenesis, carbonate platform, Zechstein, permeability, Denmark; 03614. precipitation chemistry, model ecosystem, mineral cycling, forest hydrology, lysimeter, canopy leaching, soil water chemistry, acidification, canopy deposition, cation leaching, throughfall enrichment, sulphate, dry deposition, 11087. rainfall simulator, pine plantation, nutrient, 05072. rinsing, reclamation, sodic soil, rice, 02780. runoff chemistry, organic acid, strong acid, peat soil, forest catchment, lysimeter, surface water quality, input output budget, chemical mineralisation, Sweden; 13379. saline sodic soil, organic matter, hydraulic conductivity, 01694. salt accumulation, salinity, topography, soil formation, Israel, Negev Desert; 02810. sandstone, fresh water, porosity, Magnus Sandstone Member, hydrocarbon exploration, permeability, Jurassic, North Sea, Magnus Oilfield; 06957. soil drainage, evapotranspiration, USA, South Dakota; 00460. soil reclamation, gypsum, sodic soil, 00387. spruce forest, precipitation, pollution, nitric acid, ammonia, forest damage, suspended particle, 03259. surface water quality, hydrograph separation, precipitation chemistry, throughfall, France, Corsica, Cannone; 02870. surface water quality, nitrate, forested watershed, ionic concentration, electrical conductivity, nitrification, adsorption, USA, Appalachian Mountains; 13358.
leaching efficiency
SALTMOD, irrigation water management, salinity prediction, soil salinity, groundwater salinity, watertable depth, land drainage, Egypt, Nile Delta, Zagazig, Mashtul; 11107.
leaching experiment
ammonium nitrate, nitrification, nitrate reduction, Ultisol, India, Bhubaneswar; 10883.
leaching loss
fertiliser, solute residence time, nutrient leaching, cropping system, humid tropics, 12220. soybean, nitrate leaching, no-till agriculture, conventional till agriculture, root zone, 01756. surface water quality, non point source pollution, nitrate, agriculture, farming methods, nitrogen cycle, 12274.
leaching potential
Chernozemic soil, irrigation, manure application, cattle feedlot manure, 08577.
leaching rate
human impact, climate change resilience, soil mineral, temperature regime, soil hydrology, Kenya, Nairobi; Canada; Scandinavia; 07322. measurement error, instrumentation, hydraulic conductivity, edge flow, soil core, lysimeter, permeameter, solute leaching, 13396.
leaching requirement
gypsum requirement, sodium adsorption ratio, infiltration characteristic, land reclamation, salinity, flood sediment, arid region, India; 01754.
leaching solution
infiltration, Cecil soil, organic matter, aluminium, acidic solution, forest soil, calcium sulphate, 12075.
lead
atmospheric deposition, diagenesis, anthropogenic contaminant, contaminant, peatland, USA; Canada; 07071. automatic filter changer, motor vehicle emission, pollution, urban atmosphere, pollution measurement, 01977. barium, potassium, strontium, rubidium, cascade impactor, isotope dilution mass spectrometry, sea salt, dust, aerosol, Pacific easterly, Pacific, American Samoa; 02044. biological indicator,

heavy metal, lichen, aluminium, copper, zinc, iron, USA, Louisiana, Baton Rouge; 04443. bottom sediment, cadmium, reservoir, heavy metal, USSR, Dneiper River; 10525. cadmium, copper, organic lead compound, PAH, pollution, motor vehicle, soil profile, UK, England; 00819. cadmium, soil, vegetable, Poland, Upper Silesia; 01604. cadmium, wet deposition, dry deposition, atmospheric concentration, Ligurian Sea; 06604. cadmium, zinc, copper, exchangeable cation, heavy metals, desorption, pH, 02766. chromium, pesticide, nickel, manganese, Secondary Drinking Water Standards, groundwater recharge, groundwater contamination, pollution potential, dry well drainage, volatile organic compound, USA, Arizona, Pima County; 04139. coastal sediment, heavy metals, pollution, cadmium, India; 01263. contaminant transport, industrial pollutant, surface water contamination, groundwater contamination, 02827. copper, manganese, atmospheric deposition, aerosol, trajectory analysis, long range transport, continental source region, scavenging, dust transport, France, Corsica; Africa, Sahara; 06586. copper, manganese, iron, fluoride, chloride, bromide, nitrate, sulphate, urban atmosphere, aliphatics, PAH, Spain, Barcelona; 03175. copper, organic material, anthropogenic source, metal level, zinc, cadmium, Yugoslavia, Adriatic Sea, Limski Kanal; 01260. copper, zinc, heavy metals, coal mining, nickel, Poland, Lublin; 01605. fjord, radioisotope, sedimentation rate, isotope, caesium, USA, Alaska, Smeaton Bay; Boca de Quadra; 06977. groundwater contamination, heavy metal, industrial pollutant, waste water treatment, iron, copper, magnesium, cadmium, India, Aligarh City; 06369. ice albedo effect, shortwave radiation, open water, sea ice decay, 03017. inversion, particulate, aerosol, pollution, impactor, principal component analysis, trace metal, sodium, vanadium, manganese, copper, zinc, arsenic, cadmium, Switzerland, Berne; 05509. lake water chemistry, effluent, domestic sewage, agricultural runoff, hydrochemistry, pollution status, Himalayan lake, manganese, India, Kashmir; 02853. laser excited atomic fluorescence spectrometry, ice core, isotope dilution mass spectrometry, Antarctica, Vostok; 04429. methane, radioactive species, nuclear bomb test, Chernobyl accident, nitrate, sulphate, organochlorine, ice core, pollution, snow, ice, carbon dioxide, Antarctica; Greenland; 05525. mineralisation, metallogenic, mineral exploration, UK, England, Pennines; 06828. motor vehicle, Gaussian diffusion, air quality, pollution, urban environment, carbon monoxide, nitrogen oxide, particulate matter, UK, England, London, Haringey; 00815. motor vehicle, pollution, particulate matter, carbon, aerosol, thermogram, carbon monoxide, 00921. motor vehicle, pollution, particulate matter, UK, England, London; 00814. nickel, cadmium, plant, soil, heavy metals, zinc, copper, China, Beijing; 00432. nickel, particle size distribution, heavy metals, urban air, particulate, iron, manganese, copper, zinc, Korea, (South), Seoul; 03181. nickel, receptor modelling, chemical mass balance, aerosol, particle, urban pollution, regional pollution, USA, California Desert; 12539. ozone, elevation, ecosystem, deposition, acid deposition, mountain, sulphate, nitrate, hydrogen, 11321. Paleoecological Investigation of Recent Lake Acidification project, isotope, lake, acidification, palaeolimnology, sulphur, anthropogenic sulphur, North America, PIRLA Study Lakes; 04720. pollutant, runoff, biochemical oxygen demand, chloride, copper, zinc, Sweden, River Hoje; 02383. pollution, particulate, aerosol, manganese, iron, magnesium, copper, nickel, zinc, cadmium, Chile, Santiago; 03173. sampling rate, Warren Spring sampler, airborne particle, aerosol, experimental error, 05515. sea salt, air-sea exchange, sea water chemistry, aerosol, Pacific, Enewetak Atoll; 02064. snow core, volcanic emission flux, trace element, snow, precipitation chemistry, zinc, sodium, magnesium, aluminium, iron, calcium, sulphate, chloride, cadmium, copper, Colombia, Nevado del Ruiz; 03148. sodium, chloride, calcium, sea water, aerosol, magnesium, chromium, manganese, iron, cobalt, nickel, copper, zinc, Antarctica; Chile; 03168. soil development, Entisol, Inceptisol, cadmium, Italy, Bologna, Northern Apennines; 00473. source apportionment, chemical mass balance, principal component analysis, aerosol, carbon, USA, Pennsylvania, Allegheny Mountain; 11313. speciation, diagenesis, partitioning, pollution, New Zealand, Auckland, Manukau Harbour; 07036. sulphur, fossil fuel, acid precipitation, precipitation chemistry, snow, USA, California, Sierra Nevada; 03205. volatile halogenated hydrocarbon, carbonyl, automobile, risk factor, motor vehicle, pollution, gasoline, Italy, Turin; 00809. water sediment interface, pollution, biogenic cycling, biogenic particle, Atlantic, (North); 08212. zinc, cadmium, chromium, aerosol, heavy metals, particle, sampling, sulphate, calcium, iron, magnesium, potassium, nickel, Spain, Valladolid; 03179. zinc, cadmium, copper, deposition, surface dust, stormwater runoff, rainfall, wet deposition, dry deposition, transport, heavy metals, urban environment, particulate matter, 00818. zinc, carbon, vanadium, sulphate, particulate matter, aerosol, soil dust, transport, Sea of Japan; Japan, Oki Islands; 00844. zinc, chromium, nickel, vanadium, trace metal, wet deposition, sampling protocol, precipitation, cadmium, copper, iron, manganese, Sweden; 04441. zinc, contaminant transport, sediment bound metal, surface water quality, metal contamination, chromium, Costa Rica, Rio Grande de Tarcoles; 02880. zinc, copper, manganese, Messinian, Miocene, Pliocene, shale, mudstone, Tyrrhenian Sea; 00097. zinc, copper, nickel, cadmium, sewage sludge, trace metal, Bahrain; 01562. zinc, heavy metals, contamination, estuary, New Zealand, Pauatahanui Inlet, Porirua Harbour; 01267. zinc, iron, manganese, cadmium, copper, cobalt, chromium, biomass, pollution, trace element, grassland, nickel, Czechoslovakia, Ostrava; 00910. zinc, mercury, copper, nickel, cadmium, chromium, pollution count, diffuse pollution, heavy metals, surface water quality, Europe, River Rhine; 04067. zinc, sediment transport, effluent, heavy metal, sediment texture, organic content, UK, England, Norfolk, Yare River; Broads; 08204. zinc, unconformity, karst, brine, hydrothermal fluid, tectonics, China, Guangxi, Siding-Gudan; 12964.

lead concentration
oceanic surface water, temporal variation, spatial variation, Atlantic; 11217. rain, wet deposition, scavenging, microphysics, transport, trace metal, precipitation cloud, aerosol, particle, 13705. trajectory, aerosol particle, continental source, scavenging, deposition, atmospheric temporal variability, Mediterranean Sea; 10196. unleaded petrol, petrol additive, atmospheric lead, Australia, Western Australia, Perth; 11383.

lead cycle
pollution, anthropogenic input, gasoline production, Atlantic, (Northeast); 08211.

lead decline
vegetation, deposition, rural area, herbage lead levels, trend, UK; 13663.

lead dioxide
nitrate carbon paste coated-wire electrode, sampling, air quality, nitrogen dioxide, sodium hydroxide, hydrogen peroxide, 03194.

lead isotopic composition
transport model, regional source discrimination, atmospheric aerosol, Sweden; 07862.

lead particle
car exhaust, urban environment, sampling, motor vehicle pollution, France, Paris; 03267.

lead retention
clay suspension, leachate, buffer capacity, Canada, Quebec; 07373.

lead sorption
adsorption capacity, Freudlich isotherm, Langmuir isotherm, calcareous soil, 10892.

lead speciation
surface water quality, speciation study, nitrilotriacetic acid, 01690.

lead-210
caesium-137, downward movement, trace element transport, organic matter, carbon-14, 02763. emission, soil, radon, USA; 00835. lake sediment, radionuclide, trace, cycling, geochronometer, sedimentation, USA, Massachusetts, Bickford Reservoir; 01206. lake, accumulation rate, anthropogenic source, mining, caesium-137, USSR, Estonia; 03533. polonium-210, thorium-232, radionculide, lysimetric water, uranium-238, radon-226, 00429. snow, ice sheet, radionuclide, air snow fractionation, beryllium-7, Denmark; Greenland; 11324. snowpit, Chernobyl nuclear accident, deposition, ice sheet, Greenland; 03141.

lead-210 chronology
metal load, sedimentation rate, anthropogenic source, Canada, Great Lakes, Georgian Bay; 01201.

lead-210 dating
accumulation rate, diagenesis, pollutant, anthropogenic source, iron cycling, USA, New York, Adirondack State Park; 03527. pollen analysis, range management, sediment geochemistry, environmental change, sediment record, lake, diatom stratigraphy, elk population, erosion rate, USA, Wyoming, Yellowstone National Park; 10778.

leader
cloud pulse, lightning, electromagnetic radiation field spectra, energy spectral density, return stroke, 11162.

leader core
lightning, return stroke model, channel base current, channel current, leader head, 05380.

leader electric field
lightning flash, lightning stroke, 06445. return stroke, electric field, lightning stroke, 06446.

leader head
leader core, lightning, return stroke model, channel base current, channel current, 05380.

leaf
canopy, conductance, deposition velocity, nitrogen dioxide, nitric oxide, nitric acid, vapour, ammonia, nitrate, ammonium, dry deposition, 12548. cereal, canopy, evaporation rate, drop energy balance, mass transfer, water drop, 07690. dry deposition, sulphate, potassium, foliar washoff, acid rain, rainfall, deposition, washoff, forest, tree, 13665. fatty acid, Ilex aquifolium, tissue, cupric oxide, plant type, cutin, 05970. precipitation chemistry, forest cover, nutrient leaching, acid rainfall, leaching, 13443. water, gas exchange, spectral reflectance, cotton leaf, 02239.

leaf area
plant density, soil water, energy balance, stem flow measurement, evapotranspiration, water balance, evaporation, transpiration, Bowen ratio method, cotton crop, microlysimeter, USA, Texas, Lubbock; 05119. water holding capacity, rainfall partitioning, forest hydrology, interception, canopy storage capacity, eucalypt forest, antecedent weather, Australia; 00511.

leaf area density
bidirectional reflectance field, vegetation canopy, radiation transfer, optical property, 05728.

leaf area index
ammonium, deposition, sulphur dioxide, 03162. branch configuration, rainfall intensity, interception, canopy, stem flow, single factor simulation experiment, 09782. canopy conductance, evapotranspiration, transpiration, millet, stomatal conductance, Penman-Monteith model, Shuttleworth-Wallace model, dryland crop, diffusion porometer, infrared gas analyser, Niger, Sadore; 01640. cassava, water use efficiency, evapotranspiration, neutron probe, Bowen ratio method, soil moisture content, actual evapotranspiration, water balance, Ivory Coast, Adiopodoume; 01636. coniferous forest, surface cover type, solar zenith angle, AVHRR, NDVI, USA; 08099. drag coefficient, turbulence spectra, forest canopy, 03059. evaporation, transpiration, agrometeorological water balance, crop simulation model, crop wateruse, plant physiology, water balance, Africa, Sudan; Sahel; 12159. evapotranspiration, evaporation, evaporative loss, soil surface, water use efficiency, micro lysimeter, Syria; 01639. evapotranspiration, remote sensing, areal evapotranspiration, satellite imagery, soil temperature, soil vegetation atmosphere interface, thermal infrared, remote sensing, energy budget, Finland, Eurajoki River Basin; 10982. fire, shrub steppe ecosystem, soil moisture, evapotranspiration, 06386. leaf water content, infrared reflectance, plant water stress, 01106. regression analysis, soil-grass canopy, grass biomass assessment, AVHRR, vegetation index, Poland; 10413. two layer model, evapotranspiration, one layer model, heat transfer, partial canopy cover, canopy cover, cotton field, soil surface, 10016.

leaf blade
crop residue decomposition, wheat, residue component, stem, leaf sheath, chaff, 00405.

leaf boundary layer
airflow visualisation, boundary layer conductance, buoyancy effect, forced convection, 13526.

leaf conductance
plant water potential, soil moisture, water use efficiency, grassland ecosystem, soil water dynamics, transpiration, water loss, evapotranspiration, 05118.
leaf dimension
Monte Carlo method, plant canopy reflectance, photon transport, 03430.
leaf energy balance
leaf temperature, stomatal conductance, transpiration, 02995.
leaf litter
plant part, sulphur gas, soil, 10177.
leaf orientation
canopy, bidirectional reflectance, 02228. lake sediment, palaeocurrent, Miocene, fossil leaf, Oviatt Creek Flora, USA, Idaho; 10621.
leaf property
optical property, spectral resolution, spectral resolution reflectance, 09248.
leaf sheath
chaff, leaf blade, crop residue decomposition, wheat, residue component, stem, 00405.
leaf spectrometer
remote sensing, canopy water, water thickness, USA, Oregon; 11582.
leaf temperature
stomatal conductance, transpiration, leaf energy balance, 02995.
leaf water
transport mechanism, soil plant atmosphere continuum, evapotranspiration, semi arid region, hydrogen isotope, oxygen isotope, isotopic composition, soil water, atmospheric water vapour, 05121.
leaf water content
infrared reflectance, plant water stress, leaf area index, 01106.
leaf water potential
surface energy balance, temperate grassland, eddy correlation measurement, stomatal conductance, 01847.
leaf water stress
Thematic Mapper, vegetation index, 11548.
leaf wetness
sugar cane, evapotranspiration, automatic weather station, irrigation water management, agro-meteorology, solar radiation, temperature, humidity, wind, rainfall, Reunion; 03012.
leafyeast
air quality, pollution, biological monitor, Europe; 04457.
leakage
groundwater flow, interface model, fresh water-salt water interface, coastal aquifer, salt water dynamics, confining layer, USA, California, Santa Cruz County, Soquel-Aptos Basin; 04123. groundwater recharge, ephemeral stream, dam, river regulation, resource management, storage capacity, infiltration, bedrock, Cyprus; 09932.
leakage coefficient
water chemistry, recharge, discharge drawdown relationship, aquifer characteristic, hydrogeology, transmissivity, storage coefficient, groundwater flow, USA, Florida; 11117.
leakage flux
aquitard, groundwater flow, compressible aquitard, consolidation test, hydraulic diffusivity, Mexico, Mexico City; 12244.
leaky aquifer
groundwater modelling, adjoint state sensitivity method, pumping test, convection diffusion equation, sensitivity analysis, inverse problem of parameter identification, 06347. salt water intrusion, dispersion, equiconcentration, equipotential line, 2D-FED model, sea water encroachment model, groundwater flow, coastal aquifer, 05226. well flow, heterogeneous aquifer, groundwater flow, synthesized analytical numerical method, drawdown, 05222.
learning
HC expression, counterfactual, hierarchical counterfactual, 11480.
least square
image matching, photogrammetric station, 11474. orthogonal transformation, matrix rank, 11444.
least square adjustment
deformation analysis, engineering network, monitoring network, 07959. network adjustment, leveling data, bench mark, crustal movement, 10385.
least square collocation
collocation, algorithm, optimal procedure, DTM, 11467. gravity field, sea surface, topography, satellite data, altimeter, Faeroes; 09096.
least square error estimation
axis of symmetry, Hough transform, 10310.
least squares adjustment
analytical photogrammetric system, camera calibration system, multicollimator method, collimator target, 07930. data adjustment, geometric closure, 10271. network adjustment, survey network, coordinate variation, error ellipse, 07952. software development, total station survey system, field data collection, USA, California; 07954.
least squares collocation method
transport, time stepping, advection, dispersion, Crank Nicolson solution, numerical method, Fourier analysis, Eulerian Lagrangian, 05279.
least squares error estimation
computer vision, digital arc, 03324.
least squares estimation
covariance function, least squares interpolation, collocation, matrix inverse, 12608. outlier, linear transformation, 03294.
least squares interpolation
collocation, matrix inverse, least squares estimation, covariance function, 12608.
least squares line fitting
digital metrics, digital geometry, 03312.
Lebensspuren
Flectonema, bioerosion, oyster shell, cyanobacteria, boring, polychaete, gastropod, Nigeria, Cross River; Qua Ilboe River; Nigeria, Gulf of Guinea; 09437.
Lecidea aff. Sarcogynoides
weathering pit, disintegration, hyphae expansion, quartzite, chelation, weathering, lichen, magaliesberg quartzite, South Africa; 02710.
Leclercville rhythmite
diamicton, till, Parisville turbidite, Gentilly Till, allochtonous ice, Cap Charles glacial complex, Canada, Quebec, St Lawrence Valley; 02637. St. Pierre Sediment, bioturbation, varve, glaciolacustrine event, rhythmite, pollen content, Pleistocene(Late), Deschaillons Varve, St. Maurice Rhythmite, Canada, Quebec, St Lawrence Valley; 02660. St. Pierre Sediment, La Perade Clay, climatic optimum, lithostratigraphy, tectonically stable, allochtonous ice, glacioisostasy, glacial lake, climatic cycle, isostatic rebound, eustatic sea level, rhythmite, Deschaillons Varve, St. Maurice Rhythmite, Canada, Quebec, St Lawrence Valley; 02657.
Leclercville Rhythmites
last interglacial, lake sedimentation, stratigraphic position, palynology, Pleistocene, rhythmite, pollen content, Canada, Saint-Lawrence Valley, Leclercville; 01437.
lecture
geoecology, conference proceeding, geomorphology, 07133.
ledge
artificially cut slope, slope, rib like relief, ledge failure, stability analysis, critical length, Japan, Ibaraki Prefecture, Tsukuba Upland; 08388.
ledge failure
stability analysis, critical length, ledge, artificially cut slope, slope, rib like relief, Japan, Ibaraki Prefecture, Tsukuba Upland; 08388.
lee cyclogenesis
baroclinic instability, frontogenetic development, quasi geostrophic cyclogenesis, 12430. cyclogenesis, baroclinic mode, topography, geostrophic model, dynamical criteria, 13581. cyclogenesis, cyclone development, numerical forecast model, linear theory, theory test, 13582. cyclogenesis, step mountain, envelope orography, mountain blocking, China, Altai Sayan; 08963. potential vorticity, cold air blocking, Alps; 04300. relative vorticity, cyclonic vorticity, convergence, potential vorticity, upper level jet, semi geostrophic flow, orography, stratified rotating atmosphere, 04278. scale separation, cyclogenesis, orographic forcing, baroclinic wave, Mediterranean; 01918. scale separation, orographic disturbance, mesoscale structure, Europe, Alps; 04301. storm initiation, front, trough, USA, Colorado; 10080.
lee face flow
ripple, grain flow, grainfall, cross strata, aeolian dune, dune, air flow, 05806.
lee side
orography, frontal process, simulated front, deformation case, shear case, nonlinear interaction, 13598.
lee trough
boundary layer circulation, blocking, warm season, USA, Appalachians; 10109. dryline, squall line, cloud, precipitation, cold front, occulsion, USA; Pacific; 01901. thunderstorm, genesis zone, lightning data, convection, observational study, warm season, USA, Appalachians; 11271.
lee wave
radiosonde data, wave cloud, cloud band, Australia, Macquarie Island; 07782. secondary current, estuary, topographic feature, tidal cycle, 02322.
leeside wind
drainage flow, sloping terrain, downslope motion, 10088.
legal consideration
local jurisdiction, GIS, decision making process, regulation, ordinance, landuse, USA, Virginia; 09296.
legal implication
data, LIS, accuracy, 02149. remote sensing, satellite, legal protection, Germany; 03271.
legal land parcel
resource management, LIS, USA; 06912.
legal ownership
tenure, GIS, LIS, land ownership, 13994.
legal protection
legal implication, remote sensing, satellite, Germany; 03271.
legal purpose
electronic record, paper record, archive, historical purpose, 06786.
legal ramification
multiparticipant GIS, program organisation, accuracy, database content, 01044.
legal reform of surveying
financial reform of surveying, computerisation, surveying, Switzerland; 06712.
legal reliability
evidentiary admissibility, modern surveying practice, electronic field recorder, 12819.
legal restriction
Federal withdrawal, land management, mineral deposit, USA, Idaho; 13902.
legal theory
contract, liability, error, information system, 05653.
legend
technogenically induced process, map, geomorphological process, USSR; 02560.
legend design
soil map, symboilisation, 02748.
legislation
groundwater protection, water management, pollution control, groundwater quality, hydrogeology, chalk, 07589. liability, economic methodology, groundwater pollution, pesticide, 00654. Montreal Protocol, ozone layer depletion, CFC's, control measure, Canada, Montreal; 10168. pollution, Switzerland; 13727. transportation policy, energy policy, pollution control, Japan; 03196.
legislative change
civil works, mitigation, recreation, drinking water, regulatory programme, US Army Corps of Engineers, USA; 04772.
legume
nitrogen, carbon, soil, crop rotation, grain, lucerne, 00393. ridging, subsoiling, disc harrowing, soil physical property, tillage, maize, Nigeria, Kurmin Biri; 05064.
Leick plate
maize crop, soil temperature gradient, soil moisture gradient, Bowen

ratio, dew rise, dew fall, dew formation, energy balance, 04024.
Leipzig phase
Treene Interglacial, Ruegen Interglacial, Drente phase, Eem interglacial, Weichsel Glacial, geology, palaeontology, palaeoecology, brown coal opencast mine, borehole, Voigtstedt warm period, Holsteinian, Saalian Glaciation, Zeitz phase, Germany; 02670.
length
volume, gully erosion rate, rates of growth, 12024.
length bound
discharge, triggered lightning, lightnining, stroke, 11159.
length scale
rainfall-runoff relationship, overland flow, spatial variability, slope, width, roughness, rainfall intensity, dimensionless hydrograph, runoff discharge, rainfall duration, surface parameter, 04044.
length-area relation
drainage basin geometry, fractal interpretation, mainstream length-drainage area relationship, 01651.
Leningrad
map collection, library, mines, atlas, 06782.
lens distortion
film unflatness, camera, affine sealing, 13766.
Leonardo Campolongo Isola di Capo Rizzuto Terrace
Le Castella Capo Rizzuot Terrace, Capo Colonne Terrace, sea level lowering, Crotonian stage, marine regression, Eutyrrhenian, Neotyrrhenian, Tyrrhenian Stage, Pleistocene(Upper), terrace, tectonic dislocation, Cutro terrace, Italy, Calabria, Crotone Peninsula; 08499.
lepidocrocite
goethite, pipestem, rhizosphere, root respiration, carbon dioxide, oxidation, carbonate, chloride, 00169. iron oxide mineral, humus layer, brown forest soil, USSR, Lithuania; 09772. pH, adsorption, zinc, phosphate, 02770.
Les Echets sequence
Lac du Bouchet sequence, last climatic cycle, terrestrial record, karst infilling, moraine, La Grande Pile sequence, France; 06084. pollen analysis, Pleistocene(Upper), maar, vegetational history, Ribains interglacial, St Geneys, interstadial, Pleniglacial, France, Massif Central, Velay, Le Bouchet Lake; 03895.
Leslie-DeLury depletion experiment
trawl efficiency, sea, navigation, 02089.
Lesotho Highlands Water Project
dam, water intake, sedimentation, hydraulics, siltation, Lesotho, Katse reservoir; 05817.
Less Favoured Area
land information system, GIS, hydrological modelling, soil moisture, Greece, Peloponnese; 10397.
Leszno Phase
age, maximum advance, Vistulian, ice sheet, Poland, Prosna Valley; 00311. Poznan Phase, Gniezno Oscillation, meltwater, terrace, outwash plain, Pleni-Vistulian deposit, Last glaciation maximum, Poland, Pyzdry Basin, Prosna River, Macew; 00310.
Lettau climatonomy model
evapotranspiration, runoff, soil moisture, vegetation change, satellite data, climate change, rainfall decline, surface water balance, Africa, Sahel; 12145.
Lettaus climatonomy model
soil moisture, runoff, evapotranspiration, soil moisture, soil type, surface runoff, normalized difference vegetation index, surface water balance, vegetation cover, Africa, (West); 12239.
letter size
letter spacing, design hierarchy, cartographic typography, 08034.
letter spacing
design hierarchy, cartographic typography, letter size, 08034.
levee
abyssal sediment, bedform, turbidity current, sea level, Pliocene, New Zealand, Bounty Channel; 04758. aggradation rate, debris accumulation rate, debris fan, slope failure, radiocarbon dating, aerial photograph, tephra, Japan, Hokkaido, Yubari area; 07184. agricultural cultivation, geotopological analysis, anthropogenic effect, flood plain, alluvial plain, ox bow lake, Hungary, Danube Valley; 10731. archaeological remains, Pleistocene, Holocene, sedimentation, human impact, sea level, Egypt, Nile Delta, Lake Burullus; 05829. backswamp, crevasse splay, organic matter, palynofacies, palynology, oxbow lake, flood basin, Venezuela, Orinoco Delta; 09344. depression, floristic makeup, species frequency, forest, floodplain, Venezuela, Orinoco River; 02503. sand, submarine fan, sedimentation, eustatic cycle, overbank deposit, mass transport, USA, Gulf of Mexico, Mississippi Fan; 04731. terrace, mountain channel, aggradation, debris flow, channel, valley floor, fan, USA, Oregon, Oregon Coast Range; 00211.
levee failure
flood simulation, drainage design, channel design, mathematical model, flood dynamics, backwater effect, Italy, Valtellina, Adda River; 05159.
level
Channel Tunnel, excavating, position finding, 12618. Wild NA2000, accuracy, measurement, digital level, 04473.
level displacement
time series, sea state condition, pressure transducer, transfer function, pressure record, Germany; North Sea, Island of Sylt; 05982.
leveling data
bench mark, crustal movement, least square adjustment, network adjustment, 10385.
leveling network
longitundinal valley fault, plate motion, GPS satellite survey technique, dislocation model, crustal deformation, 04900.
leveling survey
tidal observation, Philippine Sea Plate, Eurasian Plate, deformation, rapid uplift, horizontal creep, vertical crustal movement, tectonic implication, Taiwan; 04902.
levelling
height difference measurement, baseline, GPS, 05593. measurement distance, geometric levelling, 11416. morphostructure, fault system, seismotectonic feature, vertical movement, neotectonics, France, Provence; 00232. precision levelling, error distribution, 11415. recent crustal movement, geodetic measurement, Hungary, Pannonian Basin; 06015. soil movement, Belgium; 09188.
levelling bench mark
control point, precise levelling network, Israel; 10267.
levelling network
geodetic network, network, optimisation theory, 11432. network error, post adjustment assessment, 10266.
levelling staff
error determination, setting up, 02092. height measurement, laser interference comparator, 10268.
Lewis Shale
transgression, Cretaceous, delta, hydrocarbon, marine environment, Maastrichtian, USA, Wyoming; 05892.
Lhasa block
obduction, Cretaceous, trench arc sediment, oceanic crust, ophiolite, accretionary prism, turbidite, Tibet, Himalaya, Xigaze District; 10617.
liability
data inaccuracy, GIS, information processing, 01035. economic methodology, groundwater pollution, pesticide, legislation, 00654. error, information system, legal theory, contract, 05653. GPS, real estate surveying, 05599.
liability issue
LIS, public accessibility, 09126.
Lias
geophysical log, grain size, Minette Formation, Mesozoic, Luxembourg Sandstone, France, Paris Basin; 12918. Mestaoua Formation, basin, Jurassic, evaporite, sabkha, 12933.
Libby Formation
shrinkage, desiccation, synaeresis, crack, Proterozoic, mudstone, USA, Montana; 04701.
librarian
academic, cartographic material, digital data, storage, 04576.
librarianship
acquisition, collection, 02154.
library
Groningen, map collection, 04572. mines, atlas, Leningrad, map collection, 06782. remote database, cataloging method, geographic information, 08023.
library cataloguing
collection, classification, 02153.
library management
information source, 02152.
lichen
aluminium, copper, zinc, iron, lead, biological indicator, heavy metal, USA, Louisiana, Baton Rouge; 04443. biomonitoring, mercury, emission, deposition, mining, geothermal area, volcanic area, Italy; 13751. differential weathering, feldspar, pyroxene, arctic alpine environment, gabbroic rock, chemical weathering, relative dating, Norway, Leirdalen; 03927. dry deposition, leachate, USA, California; 07873. fertilisation, nitrogen, snail, Israel, Central Negev Highlands; 01608. magaliesberg quartzite, Lecidea aff. Sarcogynoides, weathering pit, disintegration, hyphae expansion, quartzite, chelation, weathering, South Africa; 02710. sulphur dioxide, nitrogen dioxide, pollution, urban pollution, France, Toulouse; 03197. weathering, pit formation, pitting rate, microorganism, wall deterioration, limestone wall, marble monument, cyanobacteria, cyanophilous lichen, biodeterioration process, rain bearing wind, Israel, Jerusalem; Italy, Rome; 08530.
lichenometric date
lacustrine sediment, buried soil, weathering study, Little Ice Age, glacier fluctuation, radiocarbon date, moraine, Scandinavia; Sweden; Norway; Finland; 10774.
lichenometric dating
snow field, permafrost mound, greenhouse warming, geomorphic feature, climatic fluctuation, periglacial environment, mass movement, climatic indicator, debris flow, slush flow, Little Ice Age, Sweden, Abisko Mountains; 02696.
lichenometric investigation
wave washed moraine, Schmidt Test hammer, boulder, isostatic uplift, rock weathering rate, Rhizocarpon geographicum, measurement, calibration, weathering process, Sweden, Bothnian coast, Badamalen; 07321.
lichenometric study
glacier fluctuation, climatic warming, deglaciation, soil erosion, overgrazing, mudflow intensity, USSR, Caucasus, Baksan River; 13059. Holocene, rock glacier, neoglacial moraine, Rhizocarpon, glacial advance, moraine, talus, glacierisation, Canada, Northwest Territories, Frances Lake; Yukon Territory, Frances Lake; 08508.
lichenometry
dendrochronology, radiocarbon dating, Little Ice Age, climate change, glacier fluctuation, moraine, USSR, Tien Shan; 13192. rock weathering rind curve, Aranuian, vegetation history, moraine chronology, Rhizocarpon geographium, glacier, Arrowsmith set, Marquee set, New Zealand, Canterbury, Arrowsmith Range, Cameron Glacier; 08469. soil, chronosequence, Holocene, plant dynamics, neoglacial chronology, floristics, relative age, weathering feature, USA, Wyoming, Teton Range; 06140.
lidar
aerosol, polar stratospheric cloud, Arctic; 00899. aerosol, remote sensing, ozone, stratospheric ozone, seasonal variation, 00784. backscatter depolarisation ratio, optical property, polar stratospheric cloud, optical backscatter, Arctic; 00764. backscatter structure, aerosol backscatter measurement, airborne lidar, ground based lidar, Doppler lidar, 12570. backscatter, aerosol, carbon dioxide laser, stratosphere, modelling, 12560. backscatter, measured optical property, calculated optical property, optical property, aerosol, infrared wavelength, 12565. bistatic lidar, nocturnal boundary layer, terrain effect, aerosol, 13715. case study, mesosphere, stratospehre, saturation limit, gravity wave, middle atmosphere, Rayleigh, 12305. climatology, seasonal variability, wind intensity, gravity wave, middle atmosphere, Rayleigh, 12306. cloud cap, marine boundary layer, particle, sloping layer, aerosol layer, 13649. cloud structure, cloud evolution, depolarisation, backscatter, altocumulus cloud, cirrus case study, 12460. electrochemical, concen-

tration cell, balloon sonde, rocket ozonesonde, stratospheric aerosol, satellite measurement, sampling, ozone profile, 04363. gravity wave, Rayleigh scatter observation, stratospheric height, UK, Wales, Aberystwyth; 09965. ice crystal, cirrus cloud, UK, Wales, Dyfed, Aberystwyth; 01934. ozone change, subpolar air mass, air mass motion, USA, California, Table Mountain; 11349. ozone depletion, volcanic eruption, ozonesonde, quasibiennial oscillation, aerosol, stratosphere, Germany, Hohenpeissenberg; Garmisch-Partenkirchen; 02021. ozone, polar vortex, ozone depletion, stratosphere, Arctic; Norway, Sola Air Station; 00890. particle concentration, ice lead, supercooled water droplet, Arctic; 03142. plant stress, chlorophyll fluorescence, fluorescence lifetime, Kautsky effect, 01103. polar stratospheric cloud, nonspherical particle, nitric acid, ice particle, 00897. polar stratospheric cloud, polar vortex, depolarisation ratio, scattering ratio, ice crystal, Arctic; 00896. polar stratospheric cloud, polar vortex, nitric acid trihydrate, scattering ratio, aerosol depolarisation, stratosphere, Arctic; 00895. polar vortex, adiabatic cooling, depolarisation ratio, scattering ratio, ice crystal, polar stratospheric cloud, Arctic; 00765. radiative transfer theory, satellite observation, near infrared, infrared, brightness temperature difference, optical depth, ice particle, remote sensing, cirrus cloud, 05374. Rayleigh-lidar sounding technique, middle atmosphere, reference atmosphere, 11155. satellite profile, polar vortex, stratosphere, nitrogen dioxide, potential vorticity, potential temperature, ozone, ozonesonde, 00828. spectral radiometer observation, infrared emission, cirrus structure, radiative parameter, 12458. stratosphere, aerosol layer, 11392. stratospheric warming, tropopause, stratospheric ozone, ozone depletion, ozone sounding, Svalbard, Spitsbergen; 00889. sulphur, particle, haze, airborne measurement, Arctic; 11336. synoptic analyses, aerosol cloud, volcano, twilight effect, stratospheric volcanic cloud, optical thickness, polarisation, USA, Utah, Salt Lake City; Guatemala, Santiaguito; 13654. temperature measurement, sodium, mesosphere, USA, Colorado, Fort Collins; 03013. wind structure, measurement error, cirrus case study, cloud, optical property, 12457.

idar data
cirrus cloud, cloud climatology, cloud altitude, HIS, 04211. ice crystal, optical depth, cirrus case study, parameter relationship, satellite, 12453. radar, airborne sodium lidar observation, gravity wave, mesopause, 05417.

idar determination
mixing ratio, water vapour, cotton, 06878.

idar intercomparison
aerosol, backscatter measurement, airborne lidar, ground based lidar, Doppler lidar, carbon dioxide, 12569.

idar measurement
cloud cover, wind speed, buoyant plume, inversion, 02000. coastal water, airborne lidar, radiometer measurement, Adriatic Sea; 09265. gravity wave, airborne measurement, sodium measurement, 11154. numerical model, air pollution research, sulphur dioxide, emission, 04356. radiometer, radiative transfer calculation, coastal water, airborne lidar, 09264.

idar observation
aerosol, haze, cloud, ice crystal precipitation, Greenland, Thule; 04461.

idar profilometer
ice thickness, sea ice cover, microwave sensor, sonar, Arctic Ocean; 12793.

idar system
aerosol measurement, microphysical measurement, infrared model, backscatter, optical extinction coefficient, satellite, 12568.

iesegang banding
zebra rock, claystone, alunite, dickite, kaolinite, Australia, Western Australia, East Kimberley Region, Ord River; 01328.

iesegang diffusion
weathering initial stage, spheroidal weathering, tholeiitic basalt, mathematical modelling, Lesotho; 08529.

fe accuracy
straight line determination, 10274.

fe cycle
persistent anomaly, height anomaly, Aleutian low, teleconnection pattern, baroclinic development, jet exit region, Pacific, (North); 07672. supertyphoon, global model, tropical storm, hurricane, prediction, 11231.

fe cycle simulation
cloud scale model, baroclinic wave, cyclogenesis, nonlinear evolution, synoptic scale, cyclone, 12425.

fe zone
ecosystem, biosphere, climate model, 13544. surface climatology, Biosphere Atmosphere Transfer Scheme, Australia; 06427.

ft off moraine
till tongue, seismostratigraphic study, continental shelf, terminal deposit, marine ending glacier, wedge, floating terminus, grounding line, gravity flow, ice rafted debris, glaciomarine sediment, subglacial undermelt till, deforming basal till, glacial erosion, Canada, Nova Scotia, Scotian Shelf; Norway, Norwegian Shelf; 11943.

ft-up model
particulate matter, suspension, diffusion, detachment model, saltation model, 01991.

fting condensation level
stability, sub-cloud layer, monsoon, 03071.

gand
bitumen, oil sand, wetting, humic matter, aluminosilicate, Canada, Alberta, Athabasca; 00175. humic acid, complexation, water quality, kaolinite, dissolution, 12971. uranium, thorium, complexing, stability constant, 09447. zinc, adsorption, lateritic soil, organic ligand, 07372.

gh ing detection
electric field mill, rain gauge, lightning flash, thunderstorm, Doppler radar, USA, Florida, Kennedy Space Center; 00684.

gh attenuation
bloom, ocean optics, phytoplankton, Atlantic, (North); 11593.

gh availability
polar region, biogeochemical feedback, marine photosynthesis, greenhouse warming, carbon sink, sea ice, Arctic; 10153.

gh diffusion
diffusion difference, digital technique, old aerial photograph, Italy, Salerno; 05582.

light environment
canopy reflectance, near infrared radiant flux, transmittant leaf, 10410.

light extinction
particulate characteristic, visual effect, light scatter coefficient, sulphur, carbon content, USA, North Carolina, Research Triangle Park; 09974. visibility, background aerosol, extinction coefficient, aerosol, Europe; South America; North America; 13490.

light extinction budget
scattering, fine particle, coarse particle, absorption, nitrogen dioxide, particle, extinction, 06438.

light polarisation
plant canopy, agronomy, reflectance measurement, 08087.

light scatter coefficient
sulphur, carbon content, light extinction, particulate characteristic, visual effect, USA, North Carolina, Research Triangle Park; 09974.

light scattering
extinction, absorption, fine particle, sulphate, nitrate, optics, visibility impairment, particle measurement, chemical species, ammonia, USA, Colorado, Denver; 13738. urban aerosol, refractive index prediciton, refraction, 12578.

light scattering coefficient
vertical profile, aerosol property, arctic aerosol, Scandinavia; 13719.

light scattering method
reversible aggregation, sedimentation velocity, humic acid, fulvic acid, humic aggregate, UK, England, North Yorkshire, Whitray Beck; 13231.

light soil
aggregate, blown sand, aeolian erosion, soil erodibility, wind, 08533.

light stable isotope
hydrological regime, precipitation, evapotranspiration, water cycle, meteoric water, hydrogenisotope, oxygen isotope, USA, California; Nevada; 12130.

light stream
natural water, visibility, remote sensing, water property, Monte Carlo technique, upwelling light, 12316.

light use efficiency
grassland, biomass, canopy geometry, soil background reflectance, vegetation index, 12740.

light wind
gravity wave, vortex, plume meandering, stable stratification, 05402.

Lightmoor Channel
Chelford interstadial, Shrewsbury Formation, glacial deposit, Four Ashes, type site, Devensian stage, Stockport Formation, Newer Drift, Iron Bridge gorge, subglacial channel, UK, England, West Midlands; Cheshire Plain; 13135.

lightning
convective rainband, Gulf Stream, Atlantic; 03022. cosmic ray, nitrous oxide, sulphuric acid, sulphur dioxide, volcanic ash, precipitation chemistry, nitrate, precipitation, solar activity, Antarctica; 02029. current risetime, return stroke velocity, electromagnetic field, current amplitude, 08841. electromagnetic radiation field spectra, energy spectral density, return stroke, leader, cloud pulse, 11162. flash, thunderstorm origin, radar precipitation, electrification, 12317. fractal study, dielectric breakdown, 07650. global production rate, nitrogen fixation, 11325. ground flash, electric field change, USA, Florida; 08842. location system, mesoscale forecasting, numerical weather prediction, satellite observation, radar observation, observational source, 00773. mesoscale system, convective system, flash, charge structure, stratiform precipitation, ice-ice interaction, positive lightning, cloud to ground lightning, 12315. multiple return stroke, cloud to ground strike, thunderstorm, 00688. radiation field, travelling current discontinuity, 01818. rainfall, thunderstorm, torrential rain, hail formation, Pacific, Micronesia, Ponape; 07651. return stroke current model, channel base current, 11160. return stroke model, channel base current, channel current, leader head, leader core, 05380. return stroke, current model, transmission line, 11161. sea surface temperature contour, winter, USA, (Northeast); (Southeast); USA; 00700. surface hourly observation, thunderstorm, USA; 01814. television image, electrical discharge, thunder storm, 04214. thundercloud, convective activity, nocturnal photograph, airplane, cloud, 11260. thunderstorm, tilted dipole hypothesis, electrostatic field, precipitation, 01809. thunderstorm, wind shear, rain, 00685.

lightning characteristic
lake effect, thunderstorm, positive flash, return stroke, negative flash, North America, Great Lakes; 08838.

lightning data
convection, observational study, warm season, lee trough, thunderstorm, genesis zone, USA, Appalachians; 11271.

lightning detection
radar data, reflectivity, radial velocity, data presentation, Doppler radar, meteorological data, 05326.

lightning discharge
marine source, deposition, nitrogen cycle, nitric acid, tropospheric nitrogen, Lagrangian tracer model, climate model, 10193.

lightning flash
cloud to ground flash, thunderstorm, USA, Florida, Tampa; 00686. lightning stroke, leader electric field, 06445. thunderstorm, Doppler radar, lighning detection, electric field mill, rain gauge, USA, Florida, Kennedy Space Center; 00684.

lightning flash locating system
ground truth, 00692.

lightning ground flashes
thunderstorm, long continuing current, 00687.

lightning location
thunderstorm, cloud to ground lightning flash, mesoscale storm, storm system, bipolar pattern, 13484.

lightning phenomena
ball lightning, thunderstorm, circles effect vortex, South Africa, Natal; 08836.

lightning production
discharge excited species, discharge effluent, nitrous oxide, 09071.

lightning stroke
leader electric field, lightning flash, 06445. leader electric field, return stroke, electric field, 06446.
lightnining
stroke, length bound, discharge, triggered lightning, 11159.
lightvessel observation
temperature, sea surface temperature, pressure, cloud cover, precipitation, visibility, wave, climate, ship observation, North Sea; 11214.
lignin
biomarker, bulk sediment, cutin acid, conifer needle, tissue, plant debris, USA, Washington State, Dabob Bay; 05949. cellulose, peatification, wood decay, NMR, angiosperm, Indonesia, Sumatra, Bengkalis Island; 05959. chitin, marine sediment, Miocene, organic matter, sedimentation, Indian Ocean, Indus Fan; Arabian Sea, Owen Ridge; Arabian Sea, Oman Margin; 11808. tannin, humification, forest soil, humic acid, aromatic carbon fraction, chemical structure, Germany, Bavaria; 10872.
lignite
trona, basin, tectonics, Miocene, alluvial fan, playa, Turkey, Anatolia, Ankara Province; 12947.
lignite particle
low density turbide, turbidity current, aggradation, braided river, Souris spillway, sediment laden water, sand, USA, North Dakota; 07229.
lime
calcium, agricultural pollutant, surface water quality, dissolved substance, buffered river, anthropogenic pollution, sulphate, chlorine, alkalinity, fertiliser, Sweden; 01682. gypsum, clay dispersion, infiltration, Oxisol, soil amendment, Brazil; 13261. gypsum, ionic strength, calcium, soil strength, Typic Hapludult, soil solution, soil water, water retention, cone index, USA, Georgia, Watkinsville; 13236. soil-root interface, calcium, aluminium, nutrient uptake, Fragiaquic Paleudult, USA, (Southeast); 00418. stabilisation, sensitive clay, shear strength, quicklime stabilisation, cementation, cohesion, laboratory chart, laboratory investigation, USA, Alaska; Canada; Scandinavia; 02538.
lime requirement
buffer capacity, acidic surface soil, cation exchange, soil property, clay content, organic carbon, carbon, exchange capacity, Australia, Queensland; 07435. coal waste, soil reclamation, acidity neutralisation, weathering, USA, Montana; 09697. Mehlich single buffer method, single buffer method, double buffer method, acidic surface soil, buffer method, Australia, Queensland; 07436. pH variation, spatial pH variation, acid soil, management history, Australia, New South Wales, Southern Highlands; 08637.
limestone
acidity, lake, entrophication, phosphate, USA, North Carolina, Lake Waccamaw; 12845. algae, foraminifera, fine grained sedimentation, palaeography, Jurassic(Late), Cretaceous(Early), Morocco, Eastern Rif foreland; 07055. ammonite, biochronology, Callovian, Oxfordian, carbonate, sea level change, platform, Argentina, Neuquen Basin; 09427. argillic horizon, microspar, micrite, micromorphology, USA, Arizona, Colorado Plateau; 01586. Bandah Formation, Khuiala Formation, Eocene, industry, flux grade, India, Rajasthan, Jaisalmer; 05889. bioerosion, Cyanophyceae, coastal corrosion, Morocco; 13199. brachiopod, Haliw Formation, Norian, wackestone, stromatolite, Triassic, Oman, Oman Mountains; 11744. building facade, calcium carbonate, salt deposition, chemical model, masonry, weathering, acid rain, 00350. building stone, precipitation chemistry, National Acid Precipitation Assessment Program, mineralogical characterisation, Shelburne Marble, Salem Limestone, acid rain, marble, USA; 00508. burial depths, Becraft Formation, isotope ratio, compaction, deformation, USA, New York, Hudson River Valley; 12928. calcium, algae, moss, liverwort, tufa, India, Himalaya, Nainital, Aberfoyle; 12958. carbonate, compaction, calcite, dolomitisation, depositional history, Puerto Rico, North Coast Basin, Toa Baja Well; 10600. carbonate, mining, Buxa Group, Bhutan, Samchi District, Hauree Khola; 05888. cave development, aquifer, phreatic, sulphide, hydrocarbon, UK, Wales, South Wales Coalfield; 02461. cement, coral mound, Cretaceous, Tertiary, byrozoan mound, Maastrichtian, bioherm, Denmark, Fakse; 00128. chalk, porosity, consolidation, cementation, 03506. coastal plain, isotopic composition, calcrete, aeolianite, Pleistocene, Egypt, Alexandria; 00061. conduit cave system, solutional fissure, fissure, cave infilling, phreatic conduit, haematite, Triassic, palaeokarst, karst, UK, England; Wales; 10725. continental shelf, calcite, algal nodule, organic matter, phosphate, upwelling, 04843. coral, foraminifera, Eocene, conglomerate, carbonate sandstone, mollusc, Germany, Bavaria, Calcareous Alps; 08256. crinoidal limestone, microfacies, facies, Aptian, Tata Limestone Formation, Hungary, Bakony Mountains; 04813. Devonian, reef complex, spatial variation, form, rock slope, tropical limestone, rock mass strength, Australia, Western Australia, Kimberley Region, Napier Range; 02554. dissolution, cement, Eocene, hydrocarbon exploration, porosity, Qatar, Fahaihil; 03620. dolomite, burial history, karstification, geothermal gradient, fluid inclusion, Germany, Geislingen; Herrlingen; 08287. dolomite, fracture, grainstone, Triassic(Middle), Italy; 08232. dolomite, karst process, palaeoalpine relief, plantation, weathering crust, Poland, Carpathian Mountains; Czechoslovakia, Carpathians Mountains; 08343. dolomite, Toronto Limestone, wackestones, USA, Kansas, Douglas County, Lawrence; 09407. encrustation, Aptian marl sandstone, weathering, caliche, piedmont, glacis, epigeny, Tunisia, Tunisian Ridge, Jebel Bargou; 09628. enthalpy, activation energy, lithological discontinuity, quartz thermal activation energy, loess, sandstone, USA, Kentucky; 12099. Eocene, turbidite, calciturbidite, carbonate platform, Spain, Betic Cordilleras, Sierra de Aitana; 11758. fauna, overgrowth, Pleistocene, Ironshore Formation, tunicate spicule, Caribbean, Grand Cayman; 03612. fossil, invetebrate, vertebrate, Jurassic, fauna, Argentina, Neuquen Province, Zapala; 00151. grainstone, carbonate, anhydrite, cementation, silica, Visean, Belgium, Namur Basin, Saint Ghislain; 11743. gypsum, strontium carbonate, celestite, mineralisation, Permian, 00163. Horikoshitoge Formation, Akuda Formation, Permian, marine limestone, Mino terrane, Japan, Gifu Prefecture, Gujo Hachiman; 11745. isotope; carbonate, groundwater, bauxite, speleothem, rain forest, palaeokarst, Italy, Palermo, Monte Gallo; 03662. karst, carbonate rock, mollusc, tufa, sedimentary environment, palaeogeography, 10718. karst, cave exploration, Italy, Abruzzi, Cavallone Cave; 09525. karst, tower karst, rock, China, Yunnan, Kunning; 10727. Lauterecken Formation, stratigraphic marker, microfacies analysis, fossil, cyanobacteria, Germany, Saar Nahe Basin; 08257. lithification, ooze, chalk, diagenesis, porosity, Atlantic, East Georgia Basin, ODP Site 700; 12937. Manlius Formation, Rondout Formation, dolostone, Devonian, parasequence, USA, New York, Albany, John Boyd Thacher State Park, Indian Ladder Trail; 00124. microbial mat, Kimmeridgian limestone, micritic limestone, France, Jura Mountains; Ain, Marchamp; 09428. Milankovitch cycle, sedimentation, orbital parameter, unconformity, Puerto Rico, North Coast Basin, Toa Baja Well; 10573. Miocene, palaeoceanographic condition, palaeogeography, phosphorite, Cuba; 00133. model, simulation, karst evolution, breakthrough time, dissolution kinetics, karst aquifer, Germany; 02557. mud, cementation, Devonian, Camsell Formation, dolostone, Canada, Northwest Territories; 01277. mudstone, boulder bed, faulting, Carboniferous, Brigantian, UK, Isle of Man, Poyllvaaish; 02405. neomorphism, sea water, mineralization, Bonneterre Formation, Davis Formation, Cambrian, lagoon, dolomite, USA, Missouri; 02404. palaeoflow, Pennsylvanian, Deer Creek Limestone, cyclic deposition, Ozawkie Limestone Member, carbonate, USA, Kansas, Jefferson County; 09406. pedogenesis, marl, residual formation, Jurassic, France, Paris Basin; 12981. pisolite, Holocene, continental shelf, carbonate sand, beach rock, 05851. ramp, reef, Carboniferous, carbonate platform, eustatic, sediment accumulation, sea floor, 00120. rifting, chert, Jbel Tissouka Unit, Triassic, Hettangian, breccia, Morocco, Riffian Chain, Chaouen; 11760. rock control, slope profile, tropical limestone, savanna vegetation, Australia, Western Australia, Napier Range; 13063. rudstone, packstone, biogene, Devonian, Elbingerode Complex, conodont chronology, reef, Germany, Harz Mountains; 08231. sea level change, diagenesis, carbonate rock, isotopic analysis, Holder Formation, Pennsylvanian, USA, New Mexico; 08226. sea water, evaporite, isotope, carbonate, Italy, Sicily; 03615. sinkhole, solution pipe, ground penetrating radar, karst, USA, Florida; 01569. stratiform, stylolite, dissolution, precipitation, burial, 04809. uranium series age, coral, Darwins hypothesis, atoll, subsidence rate, last interglacial, reef, Holocene sand, Indian Ocean, Cocos Islands; Kelling Islands; 08501. Urgonian, Cretaceous, tectonics, nappe, Rossfeld Formation, Alpine Orogeny, Austria, Northern Calcareous Alps, Transdanubian Central Range; Hungary; 03627.
limestone application
soil amendment, acid neutralisation, weathering, pasture, USA, Texas; 13229.
limestone aquifer
cave sedimentation, allogenic feeder stream, soil erosion, cavernous limestone catchment, karst terrain, UK, England; 01506. groundwater exploration, low frequency geoelectric method, very low frequency resistivity method, electromagnetic bipole method, resistivity method, karstified fracture, geoelectrical method, horizontal loop profiling, Slingram method, Precambrian limestone, electromagnetic horizontal loop method, Mali, Gondo Plain; 06358.
limestone area
SPOT, bare soil, erosion phenomena, France, Orleans Forest, Fere-en-Tardenois; 05713.
limestone cave
flow route, wall retreat rate, sinkhole recharge, maze cave, ramiform cave, dissolution rate, artesian flow, cave origin, cave morphology, 06043.
limestone crust
palaeodunes, Quaternary sequence, alluvial reg, Nouakchottian marine formation, Holocene deposit, Ogolian dune, planed dune, Mauritania, Tijirit; 03875. red soil, fersiallite, morphopedology, semi arid area, Algeria; 07426.
limestone gorge
underground drainage basin, limestone tower, sinkhole, hydrogeology, karst, field trip report, China, Guangxi; 06055.
limestone kiln
palaeomagnetism, archaeomagnetism, kiln, archaeological age, archaeomagnetic dating, Netherlands, Nijmegen; 10739.
limestone pavement
ice scour, stepped bedrock topography, ice loading, ice unloading, karst, glaciated dolomite, Silurian aquifer, sinkhole, USA, Wisconsin, Door County; 04924.
limestone pebble
calcrete, dissolution basin, pebble flattening, Morocco, Moulouya, Ksabi Basin; 09627.
limestone petrology
cave morphology, horizontal dissolution cave, phreatic morphology, dead end dissolution tube, sea level fluctuation, Bahamas, San Salvador Island; 00257.
limestone pinnacle
cave, Sarawak Chamber, Clearwater Cave, national park, Malaysia, Sarawak, Gunung Mulu Park; 00261.
limestone platform
reef, marl, basin, sponge, Jurassic(Upper), shelf sediment, 08286.
limestone quarry
spoil bank, alkaline waste, grass cultivar, rehabilitation, stabilisation, UK, England, West Yorkshire, Skipton, Embsay, Hawbank Rock; 03938.
limestone solution
pediment, age, speleothem dates, cryoplanation terrace, low-angle slope, periglacial activity, Canada, Yukon, Old Crow Mountains; 11996. sea water, algae, marine influence, phytokarst, photokarren, scalloping, Ireland, County Clare, Burren; 10724.
limestone tower
sinkhole, hydrogeology, karst, field trip report, limestone gorge, underground drainage basin, China, Guangxi; 06055.
limestone valley
paleosol, clay mineral weathering, genesis, soil, landscape, cryoturbation, sandstone colluvium, footslope surface colluvial soil, fragipan development, USA, Pennsylvania, Ridge and Valley Province; 02512.
limestone wall

marble monument, cyanobacteria, cyanophilous lichen, biodeterioration process, rain bearing wind, lichen, weathering, pit formation, pitting rate, microorganism, wall deterioration, Israel, Jerusalem; Italy, Rome; 08530.
mestone-lime treatment technique
groundwater pollution, water quality, surface water contamination, remedial treatment, pyrite mine, environemtnal impact, acidity, sulphates, India, Amjhore; 12277.
ming
acidification, natural process, anthropogenic effect, surface water quality, lake water quality, USA, New York; Massachusetts; 01670. ammonium, nitrate, ammonia, nitrogen, 13242. Eden subsoil, Lowell subsoil, Nicholson subsoil, titration, crop response, soil acidification, subsoil, fertiliser application, surface charge behaviour, USA, Kentucky; 10929. fertiliser, nutrient availability, sugar maple stand, 03966. forest catchment, moorland catchment, aluminium, stream water chemistry, afforestation, UK, Scotland, Loch Fleet Catchment; 02883. forest soil, Chernobyl nuclear accident, caesium-137, caesium-134, radionuclide, acid irrigation, Germany, Bavaria, Hoglwald; 09683. fossil diatom, diatom, lake sediment, pH, UK, Scotland, Galloway, Loch Fleet; 08254. humus, sod podsolic soil, fertiliser application, acidic soil, 10868. Mehlich I, Olsen, Bray-Kurtz, phosphorus, phosphorus availability, 07399. mineralisation, phosophatase, Andic soil, phosphorus, Spain; 10887. polluted soil, soil reclamation, forest soil, Grey Luvisol, nitrogen, fertiliser, sulphur, 09673. soil test, Pelloxerert, Bray Kurtz P1, phosphorus, sampling intensity, 07406. subsoil acidity, calcium fulvate, soil amelioration, 09670. sulphate deposition, hydrochemical model, MAGIC model, water quality restoration, surface water quality, atmospheric deposition, acidified stream, UK, Wales; 00550.
mit analysis
cracked, layered soil, rigid foundation, 03793.
mit equilibrium method
safety factor, design approach, slope repair, embankment, widening, overconsolidated clay, shallow slope failure, UK, England; 03735.
mit pressure
pressuremeter test, Self-Boring Pressuremeter Test, 03777.
mit velocity
inviolable flow, lowflow, Poland, Reda River; Zagorska Struga River; 00527.
mitation
Flat Plate Dilatometer, dilatometer test, sand, 03780.
mited area model
general circulation model, regional climate simulation, nested mesoscale model, Europe; 08933. latent heating, surface flux, skill, uncertainty, numerical weather prediction, 00774. lateral boundary, forecast error, topography, forecast difference, mesoscale model, predictability estimate, 10159. mesoscale model, synoptic scale data, rawinsonde observation, error growth, four dimensional data, data assimilation, 07759. tropical cyclone, cyclone forecast, mountain model, 08981.
miting nutrient
phytoplankton, biologically available phosphorus, chlorophyll-a, trophic state, eutrophication, reservoir, modified biochemical oxygen demand method, algal growth potential method, lake water quality, phosphorus, Japan, Kiso River; 04051.
miting nutrient concept
algal bioassay, lake water quality, physiological indicator, eutrophication, trophic classification system, trophic state indicator, 02861.
mnology
acid peat flat, water chemistry, invertebrate community, water transparency, drought survival, coastal wetland, Australia; 09781. biota, groundwater quality, heavy metal, thermal spring, pH, dissolved oxygen content, free carbon dioxide, India, Santhal Parganas; 12249. floodplain, socio-economic feature, hydro engineering, wetland management, catchment hydrology, river regulation, water abstraction, water conservation, anthropogenic effect, river ecology, inland water, Africa, (Southern); 04161.
monite
aggregate, framboid, oxidation, biotic mold, pyrite, Egypt, Fayoum Province, Garret Gehannam; 00156. quartz, kaolinite, diaspore, boehmite, illite, haematite, laterite, vermiculite, goethite, calcite, Pakistan; 07431.
LIMS
chemical fluctuation, vertical propagation, equatorial wave, Kelvin wave, satellite retrieval, ozone, nitrogen dioxide, 11350. momentum balance, middle atmosphere, observation, Rossby gravity wave, stratosphere, 12426.
LIMS data
stratosphere, trace constituent, equatorial stratosphere, Kelvin wave induced oscillation, ozone, water vapour, nitric acid, nitrogen dioxide, 09073.
inda Glaciation
Regenct Interglaciation, Henty Glaciation, Moore Glaciation, Cainozoic(Late), glaciation, interglaciation, interstadial, pollen analysis, weathering, Margaret Glaciation, Tullabardine Interstadial, Pieman Interglaciation, Langdon Interglaciation, Baxter Interstadial, Australia, Tasmania; 02641.
ine contrast parameter
feature detection, linear feature, 03327.
ine correspondence
structural matching, segment splitting, 03328.
ine data
quadtree, binary image, data structure, region data, 07997.
ine drawing
computing time reduction, splitting method, corner point identification, 1.469. projection, edge detection, 03326. three dimensional graphics, computer graphics, programming language, 05692.
ine drawing recognition
digitiser, geographical map, 03296.
ine echo system
cloud chemistry, sulphur dioxide, acid precipitation, sulphur dioxide, Taiwan; 00861.
ine extraction
Hough transform, hierarchical method, 04507.
line generalisation
data compression, feature extraction, zero crossing, digital mapping, edge detection, 08051. spectral technique, best fitting adjustment, Fourier transform, conformality, 00977.
line intersection
restricted oriented convex set, convex set, 09107.
line layout
flight planning, aerial photography, photo coverage, 07924.
line morphology
displacement, automated generalisation, automated line reduction, 00976.
line parameter
stratospheric spectra, nitrogen dioxide, Balloon Intercomparison Campaign, 08828.
line potential
hydropower potential, water resource management, environmental management, 08807.
line segment
computer vision, polygon clipping, 03318.
line segment classification
plane sweep overlay, toplogical structuring, 11504.
line simplification
algorithm, characteristic point, bandwidth criterion, 10351. visualisation, performance, Douglas-Peucker algorithm, 03387.
line simplification algorithm
line sinuosity, Douglas Peucker algorithm, algorithm, map accuracy standard, 08054.
line sinuosity
Douglas Peucker algorithm, algorithm, map accuracy standard, line simplification algorithm, 08054.
line tracking
knowledge based system, feature extraction, 03320.
lineament
database, digital analysis, India; 13908. digital data set, remote sensing, crystalline basement, preprocessing, Burkina Faso; 03415. extension fracture, normal displacement, regional strain, neotectonics, stress, fracture pattern, Alpine Fault, New Zealand, Westland; 09505. geomorphological map, structural relief, relief form, volcanic activity, Mexico, Basin of Mexico, Sierra de Monte Alto; 09528. geomorphology, hydrothermal alteration, gold, precious metal, region geological data, USA, Nevada, Great Basin; 06820. geophysical anomaly, basement tectonics, magma composition, Landsat, Italy, Vulsini; 05701. mineral exploration, human factor, remote sensing, 10387. provence, Cretaceous, sandstone, fault, geodynamic, alluvial, 03625. SPOT, structural description, linear filtering, 03413. structural lineament, desert, radioactive area, autocorrelation, Egypt, Gebel El Missikat; 04600. weathering, Nimar sandstone, transgression, palaeogeography, Gondwana, Cretaceous, India, Narmada Basin; 12920.
lineament analysis
image processing techniques, geological map, Saudi Arabia, Al-Khabt; 12711.
lineament class
aerial photography, moraine, geological reconnaissance, SAR, Canada, Newfoundland; 12718.
lineament detector
underground mining, coal, airborne scanner, Germany, Saar; 06818.
lineament extraction
remote sensing, geological mapping, automated lineament extraction, 09184.
lineament mapping
field checking, detection accuracy, geological map, Landsat MSS image, SPOT, image, 08064.
lineament study
satellite imagery, airborne magnetic survey, fracture zone, electromagnetic method, groundwater, water exploration, faulting, Botswana; 13424.
lineament zone
oil field, hydrocarbon exploration, remote sensing image, Libya, Sirt Basin; 05710.
linear alkylbenzene
linear alkylbenzenesulphonate, isomeric change, detergent, pollutant, waste, Japan, Tokyo; 07035.
linear alkylbenzenesulphonate
isomeric change, detergent, pollutant, waste, linear alkylbenzene, Japan, Tokyo; 07035.
linear analysis
ocean dynamics, El Nino/Southern Oscillation, Kelvin wave, coupling parameter, thermocline displacement, wind stress, self excited oscillation, tropical ocean atmosphere, ocean atmosphere system, 10047.
linear boundary
landuse type, boundary exchange, self similarity, North America, Great Lakes, Lake St. Clair; 03455.
linear cloud feature
cirrus, altocumulus, METEOSAT image, Mediterranean; Spain, Pyrenees; Algeria; 04308.
linear diagnosis
stationary wave, general circulation model, transient forcing, 13574.
linear discriminant function
bootstrapping, prediction bias, erosion risk, forest land, discriminant analysis, timber harvest area, forest road, logged area, USA, California; 02724.
linear dune
carbonate, ponded river origin, radiocarbon date, sedimentology, paleohydrology, Quaternary(Late), lake deposit, sand sea, desert dunefield, Namibia, Namib Sand Sea; 04981. monsoon, aeolian palaeogeomorphology, desert sand, aeolianite, climate change, Arabia, Wahiba Sand Sea; 13101.
linear estimation
Monte Carlo simulation, groundwater flow model, model calibration, geostatistical technique, hydraulic conductivity, recharge rate, 09865.
linear expansion

Michelson interferometer, hysteresis, thermal expansion coefficient, sea ice, 07301.
linear feature
edge enhancement, fault, remote sensing, UK; 09185. industrial metrology, 05571. Landsat MSS, Spacelab, HCMM, structural analysis, image processing, France; 03414. Landsat TM, groundwater, basement complex, Zimbabwe; 06903. line contrast parameter, feature detection, 03327. road detection, boundary detection, feature detection, 11475.
linear feature extraction
SAR image, speckle, edge detection, detection algorithm, thresholding operation, 07980.
linear filtering
lineament, SPOT, structural description, 03413.
linear flow
radial flow, unsaturated flow, Richards equation, saturated flow, pond seepage, seepage, three dimensional flow, groundwater flow, USA, North Carolina Barrier Islands; 05207.
linear hashing
conflicting operations, 02123.
linear instability
sphere, ridge orientation, ridge shape, topography, growth rate, baroclinic energy conversion, 12404.
linear interpolation
transmissivity boundary, nonuniform flow, heterogeneous aquifer, particle velocity, groundwater flow model, finite difference model, solute transport, bilinear interpolation, 01717.
linear interpolation model
cold front, surface friction, wind field model, primitive equation model, quasi geostrophic model, 04289.
linear map feature
feature interpretation, rule based system, 02132.
linear mapping
mapping, feature extraction, exploratory data analysis, nonparametric mapping, 13796.
linear model
variance component analysis, digital map, coordinate data, positional uncertainty, 05577.
linear multimode ocean model
two layer primitive equation ocean model, wind driven tropical ocean model, surface current, 06478.
linear multiple correlation
regression analysis, spatial variability, runoff, total runoff, annual runoff, catchment characteristic, direct runoff, 08672.
linear normal mode
normal mode, shallow water vortex, barotropic vortex, vortex, angular momentum, 12406.
linear object
mathematical index, map production, generalisation, 10352.
linear perturbation model
flow forecasting, river flow model, real time forecasting, China, Hankou, Yangtze River; 09809.
linear programming
acid rain abatement, uncertainty analysis, 13662. differentiator design, digital image processing, edge sharpening, 03325. piecewise linear objective function, binding constraint, optimal solution monotony, acid rain abatement, 13674.
linear programming model
groundwater recharge, piezometer, historic piezometric data, Australia, Victoria, Girgarre Project Area; 02906.
linear quadtree
geographic function, GIS, quadtree data structure, 01055. land suitability classification, data structure, crop production, natural vegetation, GIS, UK, Scotland, Deeside Region; England, High Peak District; Kincardine Region; 10406. set operation, intersection, node list, 00979.
linear regression
basin storage, drainage basin, factorial analysis, Spain, Basque Country; Canada, Quebec; 08674. secular trend, precipitation data, observational error, 04200.
linear regression model
cutover mapping, forestry research, SAR, photogrammetric map, Canada, Alberta; 08098. impervious surface, semipervious surface, infiltration, percolation, evaporation, rainfall runoff, rainfall duration curve, rainfall frequency curve, urban catchment, rainfall intensity curve, peak flow, continuous model, 07465.
linear regression theory
recharge component, geochemical species, environmental isotope, Singular Value Decomposition algorithm, groundwater recharge, mixing cell method, quadratic programming algorithm, Botswana; 11054.
linear stability analysis
Reynolds number, Navier-Stokes equation, perturbation method, surface tension, fluid, 00002.
linear theory
instability mode, quasi geostrophic model, dynamical model, blocking, Atlantic; 13591. laboratory measurement, towing tank, dye plume, Froude number, stable flow, hill, 07761. observation, baroclinic instability, quasi geostrophic model, blocking, zonal, transient eddy, feedback, 12420. theory test, lee cyclogenesis, cyclogenesis, cyclone development, numerical forecast model, 13582.
linear transformation
land classification, band combination, Landsat TM, landcover classification, USA, Connecticut, Mansfield; 08077. least squares estimation, outlier, 03294.
linear unmixing
Geosat, altimeter waveform, ice index formulation, sea ice type, 10031.
linear wave
nonlinear wave, wave, steady state, forcing source, wave activity flux, 11237.
linear window
unsupervised classification, search algorithm, USA, New York, Syracuse; 07972.
linearisation
parametric model, moving body surface, image sequence, 00980.
linearised integration technique
incremental constitutive equation, numerical technique, stress strain response curve, laboratory experiment, undrained triaxial compression, 08384.
linearity
hydrogen peroxide, ozone, sulphur dioxide, aqueous oxidation of sulphur dioxide, cloud chemistry, 04431.
lineation
Landsat imagery, ice divide movement, glacial erosion, deposition, Laurentide ice sheet, last glacial cycle, drift lineation, ice sheet, Canada; 09574.
linejitter
geometric calibration, CCD camera, framegrabber, signal transmission, 00952.
Linexert moraine complex
Ecromagny terminal moraine, Servance terminal moraine, glacial maximum, last glacial cycle, France, Vosges; 00299.
linguistic approach
map element, definition criteria, 10377.
linguistic model
pictorial model, integrated decision aiding simulation methodology, oil spill, water resources management, computer model, numerical model, 06398.
linguistic value approach
satellite data interpretation, fuzzy set concept, 10249.
linkage analysis
topographic rainfall, rainfall, UK, Wales; 01830.
lipid
biomarker, glycerol ether, methanogenesis, alkane, organic matter, Green River Shale, USA, Colorado, Piceance Creek; 03660. microorganism, biomarker, Iatroscan, bacteria, phytoplankton, 05945. Miocene, organic matter, organism, monsoon, upwelling, Arabian Sea, Owen Ridge; 11807. organic matter, delta, cycling, biomass, terrigenous material, coastline, Spain, Ebro Delta; 05825. organism, palaeoclimate, diagenesis, biomarker, Japan, Lake Biwa; 06973. particulate matter, sterol, fatty acid, anoxic pond, salt pond, suspended particle, 06970. PCBs, adsorption, partitioning, suspended matter, zooplankton, estuary, continental shelf, Belgium, Scheldt Estuary; 04785. sediment, carbon skelton, sulphur, dimethylalkadiene, isomerisation, biological marker, diagenesis, 07090. sterol, El Nino, fatty acid, USA, California, Santa Barbara Basin; 07094. turbidite, biomarker, organism, submarine fan, organic material, Indian Ocean, Bengal Fan, Hole 717C; 09465.
lipid fraction
protokerogen, soil lipid, 09684.
lipid transformation
sterol, fatty acid, microbial activity, zooplankton, organic matter, faecal pellet, 12969.
lipophilic organochlorine
agrochemical, drainage, swamp, rice field, fishery, Malaysia, Krian River Basin; 03595.
liquefaction
debris flow, geological aspect, hydrogeological aspect, crystalline bedrock, saturation zone, Switzerland, Alps; 06035. densification, dilatation, mixture model, model, static liquefaction, loose sand, 03730. ground failure, earthquake, lateral spreading, silty sand, Canada, Quebec, Saguenay; 06027. membrane compliance, membrane compliance effect elimination, undrained testing, soil susceptibility, 03759. offshore geotechnics, repeated loading, soil cyclic response, calcareous soil, triaxial test, Australia, Western Australia, North West Shelf; 09516. permeability, shear strength, plane strain experiment, compression experiment, water saturated sand, fine grained sand, granular material, 09513. pore pressure, shear strength, instrumented, laboratory, flowslide, failure, landslide, 04916. sand dyke, glaciomarine sediment, ground shaking, earthquake hazard, historic liquefaction, prehistoric liquefaction, earthquake induced liquefaction, USA, Massachusetts, Newbury; 13071. soil, dynamic problem, thixotropic liquefaction, gravitational liquefaction, quicksand liquefaction, water saturated soil, 01407. stability, breakwater, poor foundation, Brazil; 03791.
liquefaction behaviour
earthquake loading, earthquake, pore pressure, lateral stress, in situ property, Beaufort Sea; China, Ying Kou City; 03768.
liquefaction potential
sandy substratum, delta, Benin Formation, foundation structure, laboratory test, Nigeria, Niger Delta; 10705. standard penetration test, laboratory cyclic test, excess pore pressure, granular soil, energy approach, seismic liquefaction potential, earthquake, 02541. Static Cone Penetration Test, empirical correlation, 03789.
liquid chromatography
groundwater dating, recharge zone, groundwater residence time, gas chromatography, mass spectrometry, carbon-14 dating, groundwater biogeochemistry, organic carbon cycle, geochemical evolution, dissolved organic carbon, 04141. laser absorption spectroscopy, Fourier transform infrared spectroscopy, sampling, formaldehyde, acetaldehyde, carbonaceous species, hydrazone, USA, California; 02050. picomolar concentration, carbonyl compound, natural water, sea water, 06314. sampling, hydrogen peroxide, formaldehyde, ozone, diurnal variation, photochemical smog, annular denuder, titanium (IV) sulphate, dinitrophenylhydrazine, eugenol, spectrophotometry, 03164. soil pigment, chrysotalunin, anthraquinone pigment, 12098.
liquid culture
Holloman soil, Belen soil, soil amendment, calcareous soil, sulphur source, sulphur oxidation, USA, New Mexico; 10879. microbial sulphur, soil dilution, Woodburn silt loam, calibration technique, 10924.
liquid ion chromatography
sulphur, soil sulphur, inductively coupled argon plasma spectroscopy, USA, Great Plains; 07410.
liquid jet
air-sea exchange, nitric acid, dinitrogen pentoxide, hydrogen chloride, nitrous acid, trace gas exchange, mass accommodation coefficient, peroxyacetyl nitrate, 03213.
liquid junction

in situ potentiometry, pH determination, redox measurement, reference electrode, hydrogen sulphide detection, lake water chemistry, Israel, Lake Kinneret; 05188.
liquid limit
drying, engineering behaviour, Cochin marine clay, shear strength, marine clay, India, Kerala State; 09515. Pliocene clay, Calanchi, Biancane, grain size, Atterberg limit, Era valley clay, badland, Italy, Tuscany, Era Basin; 08386. surface area, clay, Atterberg limit, mineralogy, 09509.
liquid phase porosity
nuclear magnetic resonance imaging, weight function, groundwater contamination, multiphase transport, 09859.
liquid scintillation
carbon-14, quality assurance protocol, radiocarbon dating laboratory, 04945. spectrometry, error, radiocarbon dating, 02574.
liquid scintillation counter
gas proportional counter, radiocarbon dating, background pulse spectrum, 02576. LKB Quantulus, LKB 1219 SM, beta test comparison, Packard 2260 IL, low level radiocarbon, tritium determination, 02577.
liquid scintillation counting
active sample holder, pulse discrimination electronics, Packard low-level liquid scintillation counting system, background radiation, low background, 02575. intercomparison test, low carbon content, small sample, radiocarbon dating, 02580. London Underground, background count rate, underground vault, 02581. pressurized water reactor, tree ring measurement, carbon-14, gaseous effluent, nuclear power plant, carbon dioxide, carbon monoxide, hydrocarbon, Hungary, Paks; 05481. radiocarbon date, time resolved, 04951. soil carbonate liberation technique, carbonate, carbon-14 labelled carbonate, 10922.
liquid scintillation counting condition
vial, detector shield, low-activity radiocarbon, radiocarbon measurement, optimisation, 02579.
liquid scintillation equipment
radiocarbon dating, remote computer control, Packard Instrument Tri-Carb 460C LSC, inexpensive upgrade, 02578.
liquid scintillation spectrometer
carbon dioxide, carbon isotope, benzene, Poland, Krakow; 05486.
liquid scintillation spectrometry
radon elimination, benzene preparation, radiocarbon dating, 02568.
liquid solid interface
reaction rate, karst terrane, mass transfer model, dissolution, precipitation, turbulent motion, calcite solution, 10719.
liquid water
airborne imaging spectrometer, reflectance, water vapour, vegetation, 01797. microwave remote sensing, cloud, 06510.
liquid water content
boundary layer structure, mesoscale structure, wintertime structure, cold air outbreak, turbulent flux statistics, particle concentration, USA, Lake Michigan; 12435. capillary pressure, experimental method, theoretical determination, characteristic equation, snow, pendular regime, mathematical model, 01462. droplet spectrum, coagulation, spatially inhomogeneous system, Bernoulli test, Stirling number, 03109. radiaiton, fog model, radiative transfer, microphysics, droplet growth, gravitational settling, 12450. stratiform cloud precipitation characteristic, stratiform, cloud, satellite, microwave measurement, 06511. wind speed, droplet size, water flux, forest canopy, model, cloud water, deposition, collection efficiency, 11267.
liquidity index
plastic limit, over consolidated ratio, lacustrian clay, statistical evaluation, engineering property, clay, undrained shear strength, plasticity index, Canada; 02543.
LIS
accuracy, legal implication, data, 02149. agricultural management, natural resource management, USA, Wisconsin; 12733. cadastral data, land management, USA, Oregon; 08138. cadastral record, departmental cooperation, 08009. cartographic principle, local authority, information analysis, data acquisition, GIS, 10317. concept, rural engineering, 03368. CONSOIL, natural resource information, USA, Wisconsin, Dane County; 06855. defence force, terrain analysis, geographic data, Australia, Queensland; 10474. development right, USA, New Jersey, Burlington; 09298. digital database, cadastral database, Australia; New Zealand; 11524. digital video, image analysis, GIS, 06739. economic growth, policy making, GIS, benefit cost study, 08013. electricity, surveying, Switzerland; 06944. environmental monitoring, map production, SPOT, GIS, New Zealand; 13917. free market economy, surveying profession, GIS, 05600. geodetic control, quality control, 08004. geoinformation processing, municipal mapping, GIS, Netherlands, Utrecht; 02281. GIS, regional GIS, Australia, New South Wales, Jervis Bay; 10326. GIS, urban planning, 04674. government, business function, information requirement, Canada, Manitoba; 13970. GPS, education, training, USA; 11413. land availability, new town development, 10460. land ownership, legal ownership, tenure, GIS, 13994. land records management, title chain, USA, North Carolina; 08139. land tenure, informative maps, Belize; 11642. legal land parcel, resource management, USA; 06912. local government, private sector, GIS, Australia, Victoria, Shire of Bulla; 01145. management, land, GIS, 02283. mapping, GIS, USA, Virginia, Prince William County; 06921. parcel based management, land management, USA; 08008. public accessibility, liability issue, 09126. raster data, land use development, database, GIS, 06744. resource information, land management, USA; 13927. satellite technology, NAVSTAR GPS, GIS, 06750. survey control network, USA, Florida; 10475. surveying, cartography, convention proceedings, photogrammetry, image data processing, remote sensing, GIS, 07891. surveying, mapping, GIS, USA; 02073. surveyor, computer system, information system, Italy; 06916. surveyor, land information supply, 05641. system improvement, data base update, 06765. temporal data, data quality, historical data, 05652. transportation network, 05770.
Lisan Formation
backfilling, wadi, Melanopsis shell layer, tectonism, terminal drying, Jordan, Wadi al-Hammeh; 13100.
LISP programming
student, sedimentary environment, SEDRULE, simple expert system, program, 03683.
literature
map design, history, cartography, 02157. surveyors, 00950.
literature review
conservation technology, runoff, erosion, sedimentation, World Bank project, soil conservation, moisture conservation, 02711. Land Degradation and Rehabilitation journal, remote sensing, arid geomorphology, fluvial activity, aeolian activity, 08337.
lithic clast
open system, till palaeosol, weathering, porosity, micromorphology, feldspar weathering, USA; 01481.
Lithic Cryorthent
calcschist, alpine zone, plant, soil, grassland, France, Vanoise Massif; 00469.
lithic industry
stratigraphy, carbon-14 dating, accelerator mass spectrometry, Mousterian period, Hengelo period, France, Ardeche, Lagorce, Ranc de l'Arc Shelter; 04934.
lithic map
volcanism, pyroclastic flow, caldera, Onano Pyroclastic Formation, Italy, Tuscany, Vulsini Volcanic District; 08183.
lithic study
palaeoenvironment, Pleistocene, current research, archaeology, Argentina; Mexico; USA; Canada, Ontario; USSR; China; 06075.
lithic tool
hunting, gathering, pictograph, Pleistocene, human population, megafauna, stone tool, Brazil; 13094.
lithification
cement, ooze, diffusion, omission surface, Quaternary, crust, 02363. chlorite, mica, mudrock, concretion, UK, Wales; 11813. geochemistry, cathodoluminescence, magnesian calcite, crystal habit, cement, sea floor, Atlantic, Little Bahama Bank; 11749. mud, carbonate sediment, cementation, sea floor, Pleistocene, Tyrrhenian Sea, Vavilov Basin, ODP Hole 651A; ODP Hole 650A; 00098. ooze, chalk, diagenesis, porosity, limestone, Atlantic, East Georgia Basin, ODP Site 700; 12937.
lithiophorite
concretion, karst, cavern, cement, sandstone, cobalt, France, Pays de Sault, Belvis Cave; 01230.
lithium
contamination, International Collabortive Study, radiocarbon dating problem, acetylene, counting gas, 04944. normalisation, trace metal, anthropogenic source, estuary, contaminant, Canada; 01366.
lithium tracer
transient storage, acidic stream water, surface water quality, stream tracer, solute transport, advection, dispersion, mountain stream, USA, Colorado, Montezuma, Snake River; 01681.
litho diagenesis
semiarid area, pore, calcium carbonate, calcium oxalate, fungi, calcrete, 10605.
litho-chronostratigraphy
profile, glacial deposit, chronostratigraphy, raised marine terrace, proglacial river, radiocarbon dating, Vistulian, Holocene, Svalbard, Spitsbergen, Horbyedalen; 02690.
lithocline water type
pH electrical conductivity relationship, ionic ratio electrical conductivity relationship, landscape ecology, groundwater quality classification, ecohydrological parameter, shallow groundwater, residence time, vegetation development, electrical conductivity, calcite, metacline water type, atmocline water type, Netherlands; 09901.
lithodependency
ferricrete, hematite:goethite ratio, geochemistry, evolution stage, Burkina Faso, Gaoua; 08526.
lithodynamic process
submarine sandquarry, shore zone impact, Finland, Gulf of Finland; 08411.
lithofacies
alluvial fill, river discharge, braided channel, valley floor development, palaeoclimatic research, past fluvial process, fluvial process, palaeohydrological interpretation, channel pattern, meandering, Poland; 09491. classification, stratal pattern analysis, Triassic, basin evolution, unconformity, Italy, Dolomites; 01373. conglomerate, sandstone, Upper Siwalik subgroup, fining upward cycle, India, Chandigarh, Punjab Sub-Himalaya; 10594. delta, lake basin, Gondwana, Talchir Group, sandstone, India, Orissa, Dhenkanal District; 03607. fan delta, fossil, ichnofacies, alluvial fan, Quaternary, gravel, loess, New Zealand, Hawkeswood Range, Conway Flat; 06969. fan delta, metamorphic, Mesozoic, clastic, Scythian, greenschist, Italy, Stubai Alps; Austria, Stubai Alps; 04822. Lowestoft till, Blakenham and Bramford till, Barham till, Creeting till, colour difference, Newney Green till, Great Waltham till, Hornchurch till, Maldon till, till, UK, England, East Anglia; 13142. Miocene, continental margin, palaeoceanographic event, Pungo River Formation, phosphate, USA, North Carolina; 02415. organic carbon, carbon stratigraphy, pollen, palaeoclimatic variation, dry area, cold area, China, Qaidam Basin, Qarhan Salt Lake; 13158. permafrost, tracing, glacial indicator, boulder train, erratic, 06113. Pleistocene, humid tropical climate, Antigua Formation, Panambi Formation, gravel, alluvial deposit, conglomerate, Colombia, Pacific Lowlands; 01198. quartzarenite, tidal channel, quartz, overgrowth, cement, Ordovician, Simpson Group, cycle, USA, Oklahoma, Anadarko Basin, Knox Oil Field; 01271. sandstone, beach, mudflat, Scheggs Bed, Eocene, Green River Formation, USA, Colorado, Sand Wash Basin; 07041. sandstone, palaeolatitude, sedimentation, lake, rift basin deposit, Newark Supergroup, Mesozoic, 11752. trace element, flysch, Cretaceous, Paleogene, geochemical variability, tectonic unit, Poland, Carpathians; 02419. volcanogenic sediment, turbidite, gravel, continental shelf, sea floor sediment, Indonesia, North Banda Sea; 00071. waste, Cenozoic, aquifer, groundwater, Ringold Formation, Miocene, Pliocene, USA, Washington, Hanford Site; 02378. Weichselian, deglaciation, glaciomarine, sedimentation rate, varve, Sweden, Goteborg; 02353.
lithofacies architecture
reservoir facies, source rock, caprock, rift lake, basin, Zaire, Lake Tan-

ganyika; Tanzania, Lake Tanganyika; 11668.
lithofacies association
calving tidewater glacier, crustal rebound, biofacies, sediment, emergent, Pleistocene(Late), glaciomarine sequence, Devensian(Late), tidewater ice margin, shallow water glaciomarine environment, glacioisostatic crustal depression, Ireland, Skerries; 01432.
lithofacies change
geological significance, Iozumi Tuff, Plio Pleistocene, Kakegawa Group, Horinouchi Formation, tuff, submarine sliding deposit, Japan, Shizuoka Prefecture; 10795.
lithofacies map
Mesozoic basin, basin evolution, sedimentation, Permian basin, epicontinental basin, Poland; 12944.
lithogenesis
sedimentation, lithology, 04883.
lithography
atlas production, historical atlas, map engraving, Italy; 11516.
lithoherm
hardground, suspension feeder, fauna, carbonate mound, current, Atlantic, Little Bahama Bank, Straits of Florida; 01309.
lithologic
structural, topographic influence, remote sensing, snow avalanche path, GIS, USA, Montana, Glacier National Park; 03825.
lithologic component image
structural interpretation, Landsat TM, geological map, Saudi Arabia; 03408.
lithologic composition
vegetation, SPOT, hydrologic forecasting, infiltrometer test, 08129.
lithologic control
drainage basin evolution, karst process, nickpoint, cluster analysis, ergodic hypothesis, rejuvenation, morphometric assessment, USA, Indiana, Crawford Uplands; 01378.
lithologic erodibility
alluvial fan, erodibility, canyon, fan basin relationship, sediment storage, USA, Nevada, White Mountains; California, White Mountains; 07137.
lithological discontinuity
quartz thermal activation energy, loess, sandstone, limestone, enthalpy, activation energy, USA, Kentucky; 12099. soil development sequence, sandstone soil, siltstone soil, elemental analysis, soil texture, New Zealand, Canterbury; 12126.
lithological mapping
mineral exploration, Landsat, vegetation covered glacial deposit, image enhancement, Scandinavia; 05708.
lithological section
Plestocene(Late), isotopic data, hydrogeological information, isotopic data, palaeohydroclimatological investigation, Camp Century, Chad, Lake Chad Basin, Kanem; 11939.
lithological unit
airborne SAR, texture feature, landscape investigation, 09183.
lithological variability
tectonic structure, landform regionalisation, regional classification, physico geography, microregion, Poland, Swietokrzyskie Mountains; 09495.
lithology
alluvium, tributary, grain size distribution, source, gravel, sand, Canada, British Columbia, Bella Coola River; 02311. arid area, semi arid area, aquifer characteristic, sedimentary basin, saline water, groundwater resource, Kenya; 06411. boulder clay, sand, gravel, brick earth, drift mapping, till, mapping, glacial deposit, UK; Ireland; 11947. diffuse infiltration, preferential path, geophysical investigation, groundwater resource, drilling site, air photo interpretation, groundwater recharge, hydrogeological field study, isotope analyses, Burkina Faso, Yatenga Province; 06368. drainage, morphometry, Iraq; 02205. fossil fauna, marine sequence, radiocarbon dated, sea level, Holocene, sedimentary environment, model, relative uplift, Greenland, West Greenland, Disko, Igpik; 05038. geological structure, weathering, disjunctive tectonics, Poland, Gory Swietokrzyskie, Klonow Range; 03722. karst formation, chalk, percolation karst, tectonics, France, Upper Normandy; 13064. land cover, acidification, catchment characteristic, lake water chemistry, Alpine lake, acid deposition, hydrogeochemistry, Italy, Aosta Valley; 13340. land use, runoff, storm runoff, catchment response, Luxembourg; 07468. landuse, topography, hydrology, major ion, specific yield, sedimentary rock, pasture, forest, slope, base flow, organic species, surface water quality, water chemistry, New Zealand; 11028. lithogenesis, sedimentation, 04883. phenoclast, petrographic class, clast size, till, Ireland; 11949. proto Thames system, pre Cromerian age, Anglian age, Pleistocene, gravel, UK, England, Norfolk; 06154. sedimentology, glacial deposit, chronology, UK; Ireland; 13118. structure, temperate karst, tropical karst, polymorphism, residual karst relief, mogote, karstic landform, Spain; Poland; UK; 08405. TM, SPOT, agriculture, land use, Italy, Sardinia; 10408. vegetation cover, drainage density, runoff, drainage development, precipitation, India, Uttar Pradesh, Dhauli-Ganga Basin; 01646.
lithomorphic relief
dynamic test, lithomorphogenesis, rock strength, USSR; USSR, Kazakhstan; USSR, Great Caucasus; 03723.
lithomorphogenesis
rock strength, lithomorphic relief, dynamic test, USSR; USSR, Kazakhstan; USSR, Great Caucasus; 03723.
lithomorphogenetic criterion
diversity, valley natural environment, Svalbard, Spitsbergen, Olva V Land, Ebbadalen; 02522.
lithoseismostratigraphy
depression, seismic complex, Cainozoic, molasse, USSR, Afghano-Tadzhik Depression; Fergana Depression; 07045.
lithosphere
geodynamic event, Quaternary, subduction zone, back arc basin, Philippine Sea; Japan Sea, Gulf of Peter the Great, Vostok Gulf; 10562.
lithosphere thickness
autochthonous block field, geometry thickness, isostatic loading, Weichselian(Late), Scandinavian ice sheet, ice sheet, ice thickness distribution, isostatic rebound, Norway; 09577.
lithospheric flexure
geomorphology, volcanic island, rim, elevated limestone, Cenozoic, reef limestone, makatea, reef facies, notch, Holocene, sea level, Pacific, Cook Islands, Makatea Islands, Mauke; Mitiaro; Pacific, Cook Islands, Makatea Islands, Atiu; 11873. Quaternary(Late) reef, uplift, stratigraphy, chronology, Pleistocene(Late) reef, sea level, coral reef, makatea limestone, reefal limestone, uranium series dating, flexure, Pacific, Cook Islands, Makatea Islands; 10808.
lithospheric loading
fold belt, craton, Mijenfjorden Group, Tertiary, palaeogeography, basin fill, foreland basin, Svalbard, Spitsbergen; 02425.
lithospheric parameter
glacial isostasy, sea level, mantle rheology, viscosity, Earth, post glacial rebound, rheology, 13025.
lithospheric uplift
glacio isostasy, oil deposit, gas deposit, swell like uplift, Europe, (North); 08376.
lithostratigraphic unit
Atlantic period, Subboreal, radiocarbon date, deforestation, slope degradation, sedimentation, postglacial deposit, Quaternary fill, intramorainic depression, cirque, Poland, Tatra MountainsStarorobociański Cirque; 11971. Atlantic period, subBoreal, subAtlantic, slope erosion, Little Ice Age, human disturbance, postglacial deposit, cirque, intramorainic depression, Poland, Tatra Mountains; 09601. conglomerate, permeability, Cardium Formation, Turonian, Coniacian, reservoir, Canada, Alberta, Carrot Creek; 11717. heavy mineral, sedimentary sequence, lithostratigraphy, provenance, Pleistocene(Early) deposit, Tegelen, Kedichem Formation, Netherlands, Rhine; Belgium, Meuse; Belgium, Scheldt; 10787.
lithostratigraphy
amino acid date, Devensian(Late), Clava section, British Quaternary Research Association, deposit transport, fauna, UK, Scotland, Nairn River, Clava; 06126. cyclical record, magnetic susceptibility, radiocarbon date, carbonate, Kenya, Lake Turkana; 10523. Dunaujvaros Tapiosuly loess complex, loess, Wurm period, malacological result, Hungary, Lakitelek; 10757. Elsterian glaciation, melt water sedimentation, Saalian glaciation, ice advance, Main Stationary Line, Quaternary statigraphy, glacial deposit, Denmark, Jutland; 05006. equilibrium line altitude, Holocene, glacier variation, Little Ice Age, marginal moraine, radiocarbon date, Norway, Hardangerjokulen, Blaisen; 07304. glacial flute, basal till, calving, molluscs, Younger Dryas, Weichselian(Late), ice recession, isostatic rebound, till ridge, Barents Sea; 02644. provenance, Pleistocene(Early) deposit, Tegelen, Kedichem Formation, lithostratigraphic unit, heavy mineral, sedimentary sequence, Netherlands, Rhine; Belgium, Meuse; Belgium, Scheldt; 10787. radiocarbon date, equilibrium line, climatic change, Holocene(Late), glacier fluctuation, mass balance, Norway, Jostedalsbreen, Bevringsdalen; 10817. Riss Wurm interglacial, paleosol, Hagelstadt brickyard, chronological classification, pedostratigraphy, Quaternary profile, Pleistocene(Upper), Germany, Bavaria, Hagelstadt; 06162. stage 5a, uranium series dating, interstadial site, peat, pollen, UK, Scotland, Allt Odhar; 06147. stratigraphy, TL dating, Late Glacial, cover sand, pollen analysis, Denmark, Jutland; 09588. tectonically stable, allochtonous ice, glacioisostasy, glacial lake, climatic cycle, isostatic rebound, eustatic sea level, rhythmite, Deschaillons Varve, St. Maurice Rhythmite, Leclercville Rhythmite, St. Pierre Sediment, La Perade Clay, climatic optimum, Canada, Quebec, St Lawrence Valley; 02657. volcanism, palaeomagnetism, palynology, Quaternary, lacustrine deposit, core, explosion crater, forest refuge, Cameroon, West Cameroon, Barombi Mbo; 02630. Weichselian moraine, Warthe stage moraine, morphostratigraphy, landform evolution, Pleistocene, pollen analysis, stone counting, radiocarbon dating, pedostratigraphy, Germany, Schlesweg-Holstein, Schwansen; 13144.
lithostratotype
Weichselian, sediment, stratotype, Kauhajoki Formation, Kela Formation, Siuntio Till, Espoo Till, Pikkala Sand, Kauhajoki Till, Harrinkangas Formation, sedimentological analysis, Finland; 07238.
lithostructural control
long term relief, relief development, erosion depth, deep weathering, correlation, pre Quaternary, landscape evolution, uplift, relief differentiation, UK, Scotland, Highlands; 11866.
lithozone
pollen, boreal vegetation, rhythmite, sedimentary cycle, fluvial, glacioisostatically depressed, St. Pierre Sediment, stratotype, Canada, Quebec, St Lawrence Valley; 02658.
litter
soil organic matter, grassland ecosystem, interception, grazing intensity, rangeland hydrology, water holding capacity, Canada, Alberta; 12276.
litter accumulation
soil acidification, oak tree, spatial distribution, litterfall, acidity, buffering capacity, France; 13196.
litter decomposition
humification, Rendzina, Germany, Bavarian Alps; 01537. litterbasket technique, nutrient dynamics, forest floor, decomposition, 10918.
litter layer
pine forest, delayed surface runoff, detention storage, surface runoff, storage capacity, 07469. soil hydro-ecology, specific volume, specific weight, capillary water, porosity, water holding capacity, forest soil, soil moisture content, China, Tianmu Mountain; 02957.
litterbasket technique
nutrient dynamics, forest floor, decomposition, litter decomposition, 10918.
litterfall
acidity, buffering capacity, litter accumulation, soil acidification, oak tree, spatial distribution, France; 13196. aluminium, magnesium, soil chemistry, biogeochemistry, tree species effect, soil acidification, exchangeable cation, 13234. pine plantation, aluminium smelter, fluoride, USA, South Carolina; 00406.
Little Ice Age
carbonate, glacial till, weathering process, glaciology, geochemistry, glacial deposit, mineralogical study, chemical study, Billefjorden Stage, Svalbard, Spitsbergen, Petuniabukta; 02649. climate change, glacier

fluctuation, moraine, lichenometry, dendrochronology, radiocarbon dating, USSR, Tien Shan; 13192. climate change, sea level change, human impact, environmental change, Pacific Islands; 13180. deglaciation, chronology, marine sediment, proglacial lake basin, radiocarbon date, Younger Dryas, Svalbard, Spitsbergen, Linnevatnet Lake; 05009. dendrochronology, climatic fluctuation, tree ring record, warm epoch, Chile, Patagonia; Argentina, Patagonia; 09003. Gangapurna, Neoglaciation, Pisang, Manang, Buradhan, Omdu, moraine, monsoon, glacial landform, glacial advance stage, Annapurna, Nepal, Himalayas, Manang Valley; 03884. gelifluction, debris flow, Holocene, slope process, periglacial, mountain area, mass wasting, deglaciation, Poland; Scandinavia; 13188. glacial history, palaeoclimate, radiocarbon dating, climatic condition, snowline, pollen sequence, lake level history, ice core data, Peru, Andes; Bolivia, Andes; 02624. glacier fluctuation, radiocarbon date, moraine, lichenometric date, lacustrine sediment, buried soil, weathering study, Scandinavia; Sweden; Norway; Finland; 10774. glacier recession, lake shrinkage, climatic warming, drying, Asia, (central); 03120. greenhouse effect, Holocene, carbon dioxide, proxy data, glacier recession, lake shrinkage, warming, drying, optimum, China, Qinghai Lake; Tianshan, Tuyuksu Glacier; China, Tianshan, No.1 Glacier; China, Tianshan, Urumqi River; 00782. greenhouse gas, tree ring, proxy data, climate fluctuation, temperature, Medieval warm epoch, Fennoscandia; Europe; 00780. historical data, climate change, sunspot activity, Maunder minimum period, solar activity, France, Paris; 10142. Holocene(Late), tree limit, spruce forest, radiocarbon date, adiabatic lapse rate, Sweden; 07268. Holocene, glacier, climate variation, Neoglacial, Hypsithermal, equilibrium line altitude, Norway; 13191. human disturbance, postglacial deposit, cirque, intramorainic depression, lithostratigraphic unit, Atlantic period, subBoreal, subAtlantic, slope erosion, Poland, Tatra Mountains; 09601. karst, high alpine mountain, France, Savoie, Vanoise, Grande Casse; 02556. landuse change, Holocene(Late), erosion, upland erosion, climatic deterioration, human influence, solifluction, radiocarbon dating, debris flow, UK; 10843. Late Quaternary, glacial episode, sea level, Petuniabukta-Adolfbukta Stage, Billefjorden Stage, Holocene, Ebbadalen-Thomsondalen Stage, Svalbard, Spitsbergen, Billefjorden; 11993. lichenometric dating, snow field, permafrost mound, greenhouse warming, geomorphic feature, climatic fluctuation, periglacial environment, mass movement, climatic indicator, debris flow, slush flow, Sweden, Abisko Mountains; 02696. marginal moraine, radiocarbon date, lithostratigraphy, equilibrium line altitude, Holocene, glacier variation, Norway, Hardangerjokulen, Blaisen; 07304. mass balance, glacier, precipitation, climatic warming, Switzerland, Rhonegletscher; 01466. moraine, equilibrium line altitude, palynological investigation, vegetational change, neoglaciation, Holocene, glacial history, climate history, lake sediment, terrestrial deposit, Norway, Jostedalsbreen Region; 08464. outwash plain, morphogenesis, glaciation, Billefjorden Stage, Svalbard, Spitsbergen, Billefjorden, Petuniabukta; 02648. palaeoenvironmental condition, oxygen isotope, dust, surface temperature, westerly, proxy data, palaeoclimate, Antarctica, Siple Station; 03128. permafrost, aerial photograph, rock glacier, permafrost, discontinuous permafrost, Switzerland, Alps, Wallis, Turtmanntal; 03917. Pleistocene(Late), Holocene, relief remodelling, geomorphological mapping, glacier, Petuniabukta-Adolfbukta Stage, Marine terrace, Ebbadalen Stage, Thomsondalen Stage, Svalbard, Spitsbergen, Olav V Land, Ebbadalen-Nordenskioldbreen Region; 02646. radiocarbon, neoglaciation, dendrochronology, Holocene, glacial chronology, USA, Alaska, Kenai Mountains; 03026. sea ice, ice edge location, Southern Ocean; 03132. sedimentation rate, flux, preservation, organic carbon, fjord, bacterial biomass, Hypsithermal period, Neoglacial, Canada, Baffin Island; 04975. summer rainfall, climate change, weather record, Hirosaki Hancho Edo Diary, Japan, Edo; 12489. summer record, cooler period, dryness-wetness pattern, polar front position, climate change, Japan; China; 12490. temperature, glacier, river discharge, precipitation, China, Xinjiang, Urumqi River; 01951.

Little Muddy Creek conglomerate
thrust, sedimentation, provenance, tectonic control, Cretaceous, conglomerate, USA, Wyoming; 02414.

Little Oakley channel
temperate climate, freshwater fish, Cromer Forest-bed Formation, Pleistocene(Early Middle), vertebrate fauna, UK, England, Essex, Little Oakley; 02666.

Little Sole Formation
ice raft, glaciation, glacigenic sediment, stratigraphy, Melville Formation, UK, Scilly Isles, Celtic Sea; 13082.

littoral process
environmental impact, current, sand, beach, Spain, Cirro; Ares; 06997. sedimentation, marsh, estuary, coast, Spain, La Coruna, Bay of Betanzos; Bay of Ares; 02341.

littoral transport
coast, shear stress, tidal inlet, USA, Florida, Capri Pass; Marco Pass; 05822.

littoral water
seismic sounding, submerged relief, shallow water, coast line, Laptev Sea; 06101.

littoral zone
beach, sea cliff, erosion, accretion, island, sedimentation, Canada, Quebec, Iles de la Madelaine; 03550. land use effect, water level fluctuation, water chemistry, nutrient concentration, lake water quality, atmospheric deposition, Poland, Leczynsko-Wlodawskie Lake District, Lake Piaseczno; 04069. spawning habitat, fishery, habitat management, Canada, Lake Ontario; Ontario, Grimsby; Canada, Niagara River; 13928.

Litorina Sea
groundwater, particle size, beach sand, dune, transgression, Poland, Slowinski National Park, Gardno-Leba Lowland, Lake Dolgie Male; 12835.

Litorina Transgression
Dunkirk Transgression, cuspate foreland, coast, tombolo, Denmark, Jutland, Blavandsuk; Skagens Odde; 12861.

liverwort
tufa, limestone, calcium, algae, moss, India, Himalaya, Nainital, Aberfoyle; 12958.

Lixisol
soil formation, soil degradation, foot slope soil, Acrisol, Nigeria, Nsukka; 07428.

LKB 1219 SM
beta test comparison, Packard 2260 IL, low level radiocarbon, tritium determination, liquid scintillation counter, LKB Quantulus, 02577.

LKB Quantulus
LKB 1219 SM, beta test comparison, Packard 2260 IL, low level radiocarbon, tritium determination, liquid scintillation counter, 02577.

Llandeilo sediment
Llandovery sediment, mudstone, Eastern Avalonia terrane, sediment provenance, UK, Wales; 08220.

Llandovery
rare earth element, sedimentary provenance, diagenesis, turbidite, mudrock, UK, Wales; 08294.

Llandovery sediment
mudstone, Eastern Avalonia terrane, sediment provenance, Llandeilo sediment, UK, Wales; 08220.

Llanquihue Glaciation
glaciation, Quaternary, Cainozoic(Late), glacial record, periodic volcanism, uplift, radiocarbon dating, Chile, Andes; 02639.

load history effect
deep mantle viscosity, free air gravity anomaly, deglaciation model, glacial isostasy, gravity anomaly, isostatic disequilibrium, Canada; 09502.

load sampling
dune, transport rate, bed load transport, bed configuration, 09818.

loading
faulting, gravity induced deformation, deformation structure, Pleistocene, sediment, glaciotectonic disturbance, UK, England, Warwickshire, Stretton-on-Fosse; East Anglia, Norfolk; 11955. marine sediment, cavity expansion, cohesive sediment, 12829.

loading capacity
river recovery, flow regime, biomass production, ecological modelling, reservoir, tropics, subtropics, morphometry, retention time, thermal stratification, circulation pattern, dissolved oxygen consumption, eutrophication, South America; 12191.

loam
molluscan assemblage, last glacial period, malacofauna, late Quaternary, loess-like deposit, Poland, Carpathians; 11970.

loam belt
control measure, gully type, erosion risk mapping, gully erosion, Belgium; 01513.

loam soil
salinity, Van Genutchen model, soil water retention, water diffusivity, hydraulic conductivity, Philips sorptivity, sodium adsorption ratio, soil swelling, soil hydraulic property, 09843. soil disturbance, soil physical property, cattle, trampling, seedbed preparation, sandy loam, USA, Arizona; 07417. water table rise, river regulation, environmental protection, capillary rise, Hungary, Danube River, Gabeikovo-Nagymaros; 06331.

loamy sand
infiltration rate, seal formation, surface sealing, soil seal, crust, USA, Georgia, Piedmont; Coastal Plain; 10932.

loamy soil
ephemeral gully, soil crusting, degradation sensibility, compaction, erodibility, France, Haute-Normandie, Pays de Caux; 03939.

lobate delta
sealevel curve, radiocarbon age, coastal landform, stratigraphy, tidal shoal, tidal delta, estuarine embayment, beachridge system, Australia, Western Australia, Peel-Harvey Estuary; 11992.

lobate surge
deformable marine sediment, sedimentology, micropalaeontology, glacimarine sediment, Scilly Till, UK, Celtic Sea; 04959.

lobe
sand body, reservoir, submarine fan, hydrocarbon, 06953.

loblolly pine
chlorophyll level, spectral measurement, pigment concentraion, 08090. diagnosis and recommendation integrated system, nutrient, 00428.

local advection
advection process, surface layer, marginal ice zone, complex terrain, ice strip, 13519.

local area network
networking, GIS, network management, 01046.

local authority
GIS, database, 02146. GIS, fixed asset management, Netherlands; 05764. information analysis, data acquisition, GIS, LIS, cartographic principle, 10317.

local breeze
breeze effect, emission, diffusion, industrial area, diurnal cycle, complex terrain, sea breeze, Italy, Genoa; 11199.

local climate
boundary layer climate, temperature change, lake, lapse rate, climatic change, New Zealand, South Canterbury, Lake Pukaki; 01948. glaciated basin, Germany, Bernau, Stree-See Basin; 11195. vegetation, microclimate, 07725.

local effect
sea level change, global sea level, 06169.

local feature detection
enhancement, labelled dot patterns, Voronoi neighbour, 03351.

local government
distributed GIS, network architecture, GIS, 09304. geodetic network, measurement based system, multipurpose casdastral system, 08005. GIS, land information, database management system, USA, Texas, Midland; 06940. GIS, land information, landuse data, USA, Florida, Orlando; 09202. GIS, USA, Georgia, Fulton County; 05760. GIS, USA; 10455. land information system, land record, USA, Wisconsin, Dane County; 12657. private sector, GIS, LIS, Australia, Victoria, Shire of Bulla; 01145. spatial accuracy, spatial reference system, digital cadastral database, GIS, 05646.

local government planning
GIS, map based computer system, UK, England, Oxfordshire; 10466.

local ice cap
Jura glacier, palaeogeography, Wurmian glaciation, Switzerland, Jura Mountains; France, Jura Mountains; 09606. Loch Lomond Stadial, glaciation, UK, Scotland, Orkney Islands; Shetland; 13127.
local jurisdiction
GIS, decision making process, regulation, ordinance, landuse, legal consideration, USA, Virginia; 09296.
local planning agency
land parcel mapping, urban planning, CAD, GIS, thematic mapping package, USA, California; 10457.
local potential
vorticity conservation, 10051.
local prediction
initial condition, numerical weather prediction, predictability, sea breeze, Argentina, La Plata River; 04290.
local regulation
soil erosion, cropland, erosion prone site, sedimentation, pollution problem, control ordinance, USA, Minnesota, Olmstead County; 05057.
local relief
denudation rate, elevation, slope gradient, sub aerial denudation, passive margin, regional elevation, Africa, (Southern); 11833.
local research
place name study, National Gazetteer database, USA, California, Los Angeles County; 05785.
local scale management
data base, user friendly system, information system, pollution management, 11365.
local similarity theory
Monin-Obukhov similarity theory, stratification, turbulence, vertical velocity, potential temperature, boundary layer, Australia; 03064.
local surface water model
discharge, groundwater quality, fertilizer, manure, contaminant concentration, surface water quality, hydrological model, nitrogen soil model, phosphorus soil model, Netherlands, Hupselse Beek; 06326.
local terrain
frost risk, risk mapping, landscape planning, 07719.
local texture
texture information, adaptive window, texture image, image segmentation, 07999.
local till
tor, Norwegian Ice, snowdrift, Bastad flints, moraine stratigraphy, till, niviation valley, Skaerumhede sequence, Old Baltic Till, Sweden, Scania, Astorp; 05003.
local traffic
distant source, multivariate analysis, PAH, particle, 11409.
local trend analysis
mathematical spline, inverse distance weighting, weighted local averaging, spatial prediction method, soil pollution, kriging, co kriging, soil mapping, floodplain soil, zinc, Netherlands, Geul River; 08622.
local warming
water flux, warming trend, deep water, greenhouse gas, Mediterranean; 06475.
local weather
coastal trap, Kelvin wave, gravity current, trapped disturbance, inversion height, 08881.
local wind
air sea interaction, surface stress, geostrophic balance, USA, Gulf of California; 04234. airsonde, balloon, acoustic sounder, temperature structure, inversion, super-adiabatic layer, valley wind, vertical structure, Antarctica, Wright Valley; 01826. urban climate, mesoclimatology, microclimatology, surface effect, topographic effect, airflow, 00718. vertical gradient, coastal source, emission, dimethylsulphide, algae field, 06609.
local wind change
fell region, valley wind, wind speed, wind direction, Finland; 01824.
localisability
data error, satellite network, 11434.
localisation
porewater pressure, Mohr-Coulomb analysis, Monot double-hardening model, strain softening dilatant soil model, 00252.
localised recharge
recharge preferential pathway, chloride balance, tritium concentration, groundwater recharge mechanism, diffuse recharge, crystalline basement complex, Burkina Faso; 06357.
localised uplift
isostasy, flexural rigidity, sediment erosion, sediment deposition, uplift, extensional region, USA, Basin and Range Province; 07167.
location
object detection, circular object, 04510.
location data
GPS, Landsat TM, landcover classification, Zaire, Ituri; 00974.
location decision
planning proposal, residential area, GIS, Netherlands, Randstad; 05758.
location system
mesoscale forecasting, numerical weather prediction, satellite observation, radar observation, observational source, lightning, 00773. navigation system, dispatch, automatic vehicle, Canada; 13984.
locational consistency
climate regionalisation, principal component analysis, eigenvector, orthogonal rotation, oblique rotation, pattern analysis, 10004.
locational map
statistical map, cartographic design, design, 13861.
locational referencing
GIS, misuse, models of space, 03362.
Loch Lomond ice sheet
climate, maritime ice sheet, glacial mass balance, Quaternary glaciation, ablation, ice sheet initiation, ice sheet-atmospheric moisture model, 03124.
Loch Lomond Readvance
glacial deposit, till, glacial landform, raised beach, UK, Scotland, Inner Hebrides; Outer Hebrides; 13128. mass balance, bedrock basin, topography, ice sheet growth, palaeotemperature curve, Coleoptera, UK, Scotland; 03920.
Loch Lomond Stadial
elm decline, salt marsh, Devensian(Late), Holocene, stratigraphy, radiocarbon dating, palaeoecology, pollen assemblage, UK, England, Severnside; Vale of Gordano; 07264. glaciation, local ice cap, UK, Scotland, Orkney Islands; Shetland; 13127. Older Dryas, climatic change, climatostratigraphic subdivision, Devensian, Lateglacial, pollen diagram, UK, Scotland, Argyll, Oban, Pulpit Hill; 09551. Outer Hebridean ice cap, basal shear stress, Quaternary(Late), glacial history, ice sheet reconstruction, geomorphological mapping, corrie glacier, UK, Scotland, Isle of Skye, Trotternish Escarpment; 06124. proglacial lake, glaciation, UK, Scotland, Grampians; 13130. radiocarbon dated, pollen, periglacial condition, Holocene, soil erosion, Quaternary(Late) stratigraphy, sedimentology, seismic survey, core, stratigraphy, side scan sonar, Devensian(Late), UK, Wales, Lyn Tegid; 02663. raised deposit, British Geological Survey, drift map, till, marine deposit, former coastline, morainic landform, UK, Scotland, Greenock; Clyde Estuary; 07143. sea level change, field guide, stratigraphic correlation, Devensian(Late) glaciation, UK, Scotland, Nairn; Beauly; 06145. valley glacier, Devensian(Late), organic deposit, till, silt, Torrie Silt, Windermere Interstadial, UK, Scotland, Perthshire, Teith Valley; 06149. Younger Dryas, Nahanagan Stadial, geomorphological mapping, radiocarbon date, glacial climate, UK; Ireland; 13121.
Lockport clay
dielectric constant, permeability, soil, organic fluid, consolidometer, kaolinite, montmorillonite, 11889.
locust
GIS, remote sensing, grasshopper, Africa, Sahel; 11576. plague prevention, environmental monitoring, food security, FAO, 00945.
lodgement fill
till micromorphology, diamicton, flow till, basal till, North Sea; 06129.
lodgement till
glaciofluvial landform, periglacial mass wasting, till, mass wating, landform, glacial deposit, drumlin, UK, England, Northumbria; 11953. melt out till, flow till, till genesis, hydraulic conductivity, saturated water flow, till genesis, hydrogeological property, 00291. melt out till, marine erosion, Flandrian transgression, Devensian(Late), glaciation, Dimlington Stadial, till, UK, England; 13137. organic sediment, interglacial site, pollen, UK, Scotland, Dalcharn; 06146. Sainte Anne diamicton, Becancour Till, varve, St. Pierre Sediment, Portneuf Till, deglaciation varve, Deschambault Varve, Canada, Quebec, Sainte-Anne-de-la-Perade; 13115.
loess
aeolian dust, soil formation, dust deposition, sedimentation, deposition, Israel; 08632. aeolian loess, reworked loess, Pleistocene(Upper), Italy, Turin Hills; 07212. Bagaggera sequence, pleniglacial period, Holocene, illuviation, weathering, sedimentary process, pedological process, Pleistocene(Upper), Italy; 07210. Baoji type section, pedostratigraphic section, stratigraphic nomenclature, geosol, magnetostratigraphy, climatic cycle, China, Loess Plateau, Baoji; 08490. carbonate, micromorphology, clay movement, USA, Kansas; 01588. clay, Jing-Le Formation, alluvial, aeolian deposition, Pliocene(Late), sand, China, Shanxi Province, Jing-Le Basin; 09402. compaction, arid condition, alluvial deposit, subsidence, 04799. compaction, field traffic, soil physical property, brown soil, 09655. conservation, tillage effect, potassium, USA, Kentucky; 00462. cover loam, weathering crust, geographical environment, soil forming rock, landscape zone, 08516. dating, orbital frequency, Quaternary, palaeoclimate, magnetic susceptibility, magnetic susceptibility record, China, Loess Plateau; 09594. denudation, sediment load, loess partitioning, China, Huanghe Yellow River; Loess Plateau; 05939. depositional rate, loess paleosol sequence, global climate, climatic change, China, North China, Yellow River; Loess Plateau, Weihe River Valley; 06167. dust flux, glacial maximum, last interglacial, pleniglacial dust, dust storm, late Quaternary, dust flow, China, Loess Plateau; 11973. dust, sediment trapping, moss, desert, vegetation, Israel, Negev Highlands Desert; 12957. environmental response, sedimentary environment, Quaternary stratigraphy, palaeoclimatic model, palaeogeographical reconstruction, France, Alsace, Achenheim; Vosges, Grande Pile; 06085. ferromagnetic mineral, paramagnetism, unweathered loess, paleosol, ultrafine magnetite, palaeoclimate condition, magnetic susceptibility, China, Loess Plateau; 11914. fission track dating, soil, geomorphic evolution, volcanic ash deposit, alluvium, floodplain, terrace surface, deeply weathered soil, USA, High Plains, Rolling Red Plains; 02514. frost action, silt-enriched, alpine, surface mantle, soil profile, granite gneiss, clay mineralogy, gelifraction, chemical weathering, vermiculite, illite, chlorite, smectite kaolinite, USA, Wyoming, Wind River Range, Indian Basin; 12015. Gau landscape, microrelief, Quaternary, Germany, Enz-Neckar Area; 00223. geomorphological evolution, area-altitude analysis, drainage basin, accelerating erosion, China, Loess Plateau; 00210. glaciation, grain size distribution, red clay, clay, Zechstein, Rotliegend, Germany; 03676. gully erosion, gully plugging, eroded land, land reclamation, land reclamation, Pakistan, Punjab Province, Pothwar Plateau; 01521. Holocene, moraine, till, soil development rate, radiocarbon date, loess reworking, fire, frost action, soil age relationship, Quaternary(Late), moraine, New Zealand, Southern Alps, Arrowsmith Range; 07324. horizon genesis, horizon age, Argillic horizon, Weichselian, Bt formation, Bolling Interstadial, Holocene pedogenesis, France, Brittany; Belgium; Germany; Poland; 07265. Kastanozem, Fluvisol, Quaternary(Upper), sediment, soil, provo debris, solifluction, cryoturbation, USA, Utah, Great Salt Lake; 13091. last interglaciation, Wisconsin loess, Old Crow Tephra, interglacial deposit, lake sediment, peat, pollen, USA, Alaska, Birch Creek; 07250. lithofacies, fan delta, fossil, ichnofacies, alluvial fan, Quaternary, gravel, New Zealand, Hawkeswood Range, Conway Flat; 06969. loess like deposit, palaeoclimatic significance, Pleistocene(Upper), dust, steppe environment, post depositional weathering, pluvial period, France; Italy; Africa, (North); 07216. magnetostratigraphic study, climatic change, beryllium, isotopic tracer, aeolian process, China; 00016. morphological feature, agriculture, faunal activity, France; 00392. mouldboard plough, cultivation, soil physical property, tillage, soil moisture, 13227. neolithic, Holocene, tufa, spring, sedimentation, France, Val d'Oise, Guiry-en-Vexin; 07009. opal-A/X-ray amorphous

phase, micromorphological technique, silicification process, calcareous pan, duripan, in situ alteration, eolian dust, USA, Idaho; 12016. palaeomagnetic dating, extractable aluminium, Quaternary(Middle), paleosol, Pleistocene(Early) age, extractable iron, till, Kenya, Mount Kenya, Gorges Valley; 08461. palaeomagnetic evidence, extractable Fe Al, Quaternary, paleosol, buried paleosol, Kenya, Mount Kenya; 03929. palaeosol, pedogenic origin, magnetic variation, China; 01419. paleosol, oxygen isotope record, pedogenic formation, magnetite, mineral magnetic record, China; 07198. periglacial surface layer, pedology, solifluction, solimixim layered soil, 00326. quartz, soil, silt, feldspar, aeolian, Germany, Ore Mountains; 02302. radiocarbon date, last interglacial paleosol, review, current research, TL dating, China; North America; Europe, (Central); USA, Alaska; 04953. raised beach chronology, interglacial raised beach, thermoluminescence, feldspar, Eemian, dune sand, beach sand, UK, Channel Islands; France; 07275. rock dating, baked layer, TL date, tephra, Quaternary, volcanic activity, China, Anhui Province; Shandong Peninsula; China, Jiangsu Province; 09508. rubified soil, paleosol, Rissian, Eemian, Denekamp interstadial, sediment reworking, pedological study, micromorphological study, loessial deposit, soil survey, Spain, Gerona; 07208. sand, gravel, soil erosion, groundwater level, environmental problem, geoecology, Germany, Frankfurt, Main River; 07147. sandstone, limestone, enthalpy, activation energy, lithological discontinuity, quartz thermal activation energy, USA, Kentucky; 12099. scree formation, cold desert, Quaternary deposit, landscape evolution, aeolian deposit, terrace gravel, hill slope, colluvium, New Zealand, Southland; 07151. sedimentary structure, sedimentation, wind velocity, 01550. SEM, x-ray microprobe, micromorphology, calcium carbonate, China, Loess Plateau, Xian; Dongzi Yuan; 01614. settlement, oedometer modulus, unconfined compression test, wetting, deformation parameter, macroporous loess soil, 01402. shore platform, gelifraction, progradation, wind erosion, stratigraphy, palaeoenvironmental significance, Adriatic Sea, Dalmatian Archipelago, Susak Island; 07214. slope wash, sediment transport rate, gullying, rainfall intensity, threshold condition, thalweg gullying, France, Paris Basin; Belgium; 10845. snow cover, Pleistocene, periglacial, eolian deposit, sedimentary facies, depositional process, sand sheet deposit, sand-loess intergrade, sand dune, USA, Alaska; 02693. soil thickness, age, stratigraphic horizon, Omachi APm Tephra Beds, Pleistocene(Middle), eruption style, accumulation rate, Japan, (central); 02675. soil, thermoluminescence, radiocarbon dating, Germany, Schiefergebirge, Bochum; 00308. stratigraphic position, clayey-dusty deposit, paleomagnetic, micromagnetic logging, aeolian deposition, Poland, Nowy Sacz, Carpathians, Zalubincze Brickyard; 11969. tilled soil response, wetting, rainfall, soil erodibility, overland flow, infiltration, Netherlands, South-Limbourg; 01512. tropical rain forest, phytomass, biomass, productivity, nutrient accumulatiom, biogeochemistry, forested landscape, water chemistry, boreal forest, terminal moraine, oak, forest steppe, Brazil, Amazon Basin; USSR, Valday Hills; USSR, Oka-Don Plain; 00353. vineyard, field measurement, piping, runoff, terraced slope, soil erosion, quantitative investigation, erosion form, Hungary, Tokaj Nagyegy; 08548. Weichselian, Boreal, pollen, chalk, tufa, Cenomanian, France, Calvados, Cricqueboeuf; 06999. Wurm period, malacological result, lithostratigraphy, Dunaujvaros Tapiosuly loess complex, Hungary, Lakitelek; 10757. Wurm(Early), Mousterian hearth, pleniglacial phase, last glacial period, Pleistocene(Late), fauna, Pliomys lenki, Ghiacciaia Cave, Italy, Verona, Monti Lessini; 07211. yuan, slope model, valley side, slope evolution, China, Loess Plateau; 13060.

loess belt
sedimentary interpretation, biozone concept, ecostratigraphy, biogeography, Pleistocene, pleniglacial, malacofauna, climatic implication, France, Alsace, Achenheim; Europe; 03846.

loess collapse
karstic collapse, permafrost, flooding, landslide, debris flow, earthquake, natural hazard, geological hazard, hazard prediction, China; 13075.

loess covered terrace
fluvial geomorphodynamics, Quaternary, river terrace, Talgrundterrassen, Holocene terrace, soil type, Germany, Isar River; Danube Valley; 06182.

loess deposit
till, seasonal freezing, permafrost, frost activity, ice segregation, Pleistocene, Italy; 07291.

loess deposition rate
Washtucna Soil, channeled scabland, glacial outburst flood, aggrading geomorphic surface, paleosol, Palouse loess, USA, Washington State; 02509.

loess like deposit
palaeoclimatic significance, Pleistocene(Upper), dust, steppe environment, post depositional weathering, pluvial period, loess, France; Italy; Africa, (North); 07216.

loess paleosol sequence
global climate, climatic change, loess, depositional rate, China, North China, Yellow River; Loess Plateau, Weihe River Valley; 06167.

loess partitioning
loess, denudation, sediment load, China, Huanghe Yellow River; Loess Plateau; 05939.

loess region
solute transport, suspended sediment, sediment transport, discharge, topography, landuse, Belgium, Burdinale River; 08699.

loess reworking
fire, frost action, soil age relationship, Quaternary(Late), moraine, loess, Holocene, moraine, till, soil development rate, radiocarbon date, New Zealand, Southern Alps, Arrowsmith Range; 07324.

loess section
radiocarbon date, stratigraphy, paleosol, Sale terrace, China, Sale Terrace Section; 02632.

loess sequence
Mollusc assemblage, climatic cycle, SPECMAP data, oscillatory system, Late Glacial, climatic record, France, Alsace, Achenheim; 05020.

loess soil
model calibration, surface water quality, pollutant transport, sediment transport, solute transport, runoff, fertilizer, Germany, Karlsruhe, Weiherbach Catchment; 06324. river discharge, delta, erosion, suspended sediment, estuary, provenance, sediment transport, sediment deposition, China, Huanghe River; 09816. soil strength, crust strength index, crust formation, aggregate, fabric analysis, surface crust, simulated rainfall, China, Lishi; 10851. wetting rate, clay content, soil erosion, subsoil horizon, erodible loess, aggregate stability, landscape position, spatial pattern, USA, Washington, Palouse Region; 08538.

loess stabilisation
chemical stabilisation technique, dispersive loessial soil, mass movement, tunnel-gully erosion, New Zealand, Canterbury, Banks Peninsula; 01400.

loess-like deposit
loam, molluscan assemblage, last glacial period, malacofauna, late Quaternary, Poland, Carpathians; 11970.

loess-paleosol sequence
pretreatment technique, radiocarbon dating, evaluation, organic fraction, paleosol, China, Xian; 02589.

loessial deposit
soil survey, loess, rubified soil, paleosol, Rissian, Eemian, Denekamp interstadial, sediment reworking, pedological study, micromorphological study, Spain, Gerona; 07208.

loessic landscape
desert landscape, periglacial landscape, glacial landscape, landscape, hazardous landscape, fluvial landscape, China; 06009.

log transformed frequency distribution
statistical analysis, frequency distribution, logarithmic transformation, Monte Carlo simulation, frequency distribution bias, 05109.

log-linear relationship
log-quadratic relationship, kinematic routing model, partitioned log-linear model, velocity measurement, hydraulic geometry, velocity-discharge relationship, lowland river, streamflow, UK, England, Lincolnshire; 04048.

log-normal probability paper
suspension, sedimentation, turbidity current, bottom sediment, Japan, Hokkaido, Chikita; 02321.

log-quadratic relationship
kinematic routing model, partitioned log-linear model, velocity measurement, hydraulic geometry, velocity-discharge relationship, lowland river, streamflow, log-linear relationship, UK, England, Lincolnshire; 04048.

logarithmic profile
stability correction, wind speed, Monin-Obukhov similarity theory, boundary layer, sea water temperature, air temperature, North Sea; 01856.

logarithmic transform
modal method, finite difference, spectral measurement, tidal wave, wind wave, Crank Nicolson method, 09308.

logarithmic transformation
Monte Carlo simulation, frequency distribution bias, log transformed frequency distribution, statistical analysis, frequency distribution, 05109.

logged area
linear discriminant function, bootstrapping, prediction bias, erosion risk, forest land, discriminant analysis, timber harvest area, forest road, USA, California; 02724.

logging
Andesitic Dystrochrept, bulk density, saturated hydraulic conductivity, porosity, compaction, forest soil, soil disturbance, Chile; 10936. flow regime, hydrograph, storm runoff, streamflow, lag time, infiltration, subsurface flow, road construction, USA, California, Caspar Creek; 04152. land use control, sedimentation, soil erosion, steepland, topography, Fiji; 06246. mass movement checklist, classification accuracy, slope stability, risk, debris slide, timber harvest, USA, California; 02548. Ocean Drilling Program, Deep Sea Drilling Project, coring device, deep sea sediment, warp, 01361. pine growth, water logged soil, USA; 02781. rainforest catchment, suspended sediment, road construction, sediment yield, forestry, erosion, sediment storage, Malaysia, Sabah, Ulu Segama; 09921. streamflow, yield, low flow, runoff, antecedent precipitation, USA, California, Caspar Creek; 04153.

logging induced soil erosion
fishery industry, tourism industry, erosion monetizing, sedimentation cost, steepland, 06059.

logging road
GIS, forest land management, forest monitoring, Indonesia; 12750.

logging technique
soil strength, field description, engineering soil, rock, 13040.

logic
complex object, database, 04545.

logistic regression
GIS, anthropogenic deforestation, 06883. GIS, mathematical function, spatial modelling, probabilistic function, 01051.

logistic-normal stochastic supervision
discriminant analysis, stochastic supervision, 04514.

logistical problem
cave exploration, expedition, Indonesia, Irian Jaya, Cloud Mountains; 00262.

lognormal distribution
normal distribution, gamma distribution, air quality control, pollution, 01972. radon concentration, groundwater contamination, statistical analysis, 07571.

logratio transformation
grain size distribution, sediment classification, compositional data, South China Sea; 09482.

logs
stump, meander, Jurassic, petrified forest, Shishu Formation, wood, China, Xinjiang, Junggar Basin; 01307.

Loma Prieta earthquake
strike slip, reverse faulting, geodetic survey, surface displacement, earthquake, San Francisco earthquake, USA, California, San Andreas fault; 07168.

London Clay

elasticity, laboratory test, shear modulus, test, generalized theory, visco elasticity, 04907. reconstituted sample, clay, shear modulus, triaxial test, recent stress history, soil stiffness, overconsolidated soil, 04905. soil stiffness parameter, stress path probing test, anisotropic elastic stiffness, 03739.

London protocol
volcanic eruption, ozone depletion, stratospheric ozone, heterogeneous chemistry, sulphuric acid aerosol, 09053.

London Underground
background count rate, underground vault, liquid scintillation counting, 02581.

long chain alkenone
sea surface temperature variation, glacial period, interglacial, Pleistocene(Late), sea surface, water temperature variation, Indian Ocean; Arabian Sea; 11926.

long continental pollen sequence
correlation, marine pollen, oxygen isotope stratigraphy, substage 5e, fossil pollen, sedimentation rate, pollen assemblage zone, dating, USA, Washington State, Olympic Peninsula, Humptulips; 01418.

long continuing current
lightning ground flashes, thunderstorm, 00687.

long distance correlation
correlation, fluvial event, temperate zone, channel pattern, sediment facies, deposition rate, braided river, meandering, anthropogenic disturbance, agriculture, discharge, 11840.

long lived convective system
mesoscale convective system, convective system, latent heat release, potential vorticity anomaly, instability, 12443.

long path
field testing, Fourier transform infrared spectroscopy, emission, biological process, 11153.

long period variation
sea level variation, global tide, tide gauge data, post glacial, rebound model, North Sea; 13170.

long profile
terrace system, tectonic movement, flysch, fluvial terrace, solifluctional deposit, deluvial deposit, tectonic movement, uplift rate, uplift rate, downwarping, Poland, Beskid Zywiecki Mountains, Koszarawa River; 11883.

long range ash transport
volcanic ash, ice sheet, glass shard, Wisconsinian ice, aeolian transport, ash, deep sea sediment core, Greenland, South Greenland, Dye 3 Site; 07307.

long range atmospheric transport
cluster analysis, flow characteristic, transport climatology, trajectory, USA, Hawaii, Mauna Loa Observatory; 05532.

long range forecast
forecast, volcanic ash, volcano, eruption, trajectory, USA, Alaska, Redoubt Volcano; 13640. weather predictability, forecast skill, dynamical model forecast ensemble, 08983.

long range forecasting
forecast, Northern Hemisphere, Southern Hemisphere, general circulation, El Nino/Southern Oscillation, Zimbabwe; 07793. river discharge, global system, humidity regime, USSR, Yenisei River; Ob River; 07451.

long range pollution transport
pollution transport process, convective mixing, carbon monoxide, wet season, emission, biological emission source, Brazil, Amazon; 07854.

long range prediction
dynamical prediction, prediction experiment, analogy dynamical model, 10156.

long range transfer function
foraminifer transfer function, Pleistocene(Late), last glacial maximum, last interglacial, sea surface temperature, CLIMAP, Atlantic, (North); 11918.

long range transport
acid deposition, nitrate, sulphate, wet deposition, storm, emission, Japan; 05498. acid precipitation, sulphate, acidity, alkalinity, nitrate, chloride, fluoride, ammonium, calcium, magnesium, sodium, potassium, pH, deposition, fossil fuel, cement, USA, New York, Albany; 04436. acid rain, acid deposition, STEM-II, photochemical oxidant model, diagnostic analysis, mesoscale acid deposition, storm, 12514. ambient air, PAN, ozone, forested area, photochemical episode, 06614. anthropogenic pollutant, atmospheric cadmium, Pacific; 07860. biomass, combustion product, aerosol chemistry, wet season, Brazil, Amazon; 07851. continent to ocean transport, meteorological regime, transport process, trace element, mineral aerosol, sulphur, nitrogen, organic compound, pollution, radioactivity, volcanic activity, residence time, 11304. continental boundary layer, peroxyacetyl nitrate, active nitrogen, nitrogen oxide, free troposphere, maritime air mass, odd nitrogen, 04374. continental source region, scavenging, dust transport, lead, copper, manganese, atmospheric deposition, aerosol, trajectory analysis, France, Corsica; Africa, Sahara; 06586. deposition, sink process, nitrogen dioxide, ozone, Finland; 12530. dust event, synoptic vertical velocity, trajectory model, geochemical tracer, Saharan dust, pollution, 05500. forest ecosystem, pollution, meteorological parameter, sulphur dioxide, nitrogen oxide, sulphate, ammonium, precipitation chemistry, aerosol, 03157. haze, tracers of opportunity, pollution, methylchloroform, perchloroethylene, particle light scattering, urban source, USA, Nevada, Spirit Mountain; 02018. inventory, sulphur dioxide, emission, acid rain, Asia, (East); 13688. marine atmosphere, mixing ratio, PAN, 06583. mineral, aerosol, transport, deposition, dust, tracer, 11307. model evaluation, sulphur deposition, source receptor relationship, error analysis, Europe; 05508. multivariate analysis, trace element data, moss sample, atmospheric deposition, principal component analysis, Norway; 07871. organic compounds, halocarbon, hydrocarbon, transport, methane, 11305. orographic enhancement, rainfall acidity, trajectory analysis, spatial pattern, acid rain, UK, Scotland; 12534. ozone, PAN, photochemical model, control policy, hydrocarbon, Europe; 12549. ozone, photochemistry, particulate matter, dicarboxylic acid, nitrate, organic carbon, phthalate, alkane, pinon aldehyde, aerosol, Japan; 00852. ozone, sulphate, sulphur dioxide, nitrogen oxide, aerosol, pollution, solar radiation, particulate, Israel; 03167. particle size distribution, SEM, red dust fall, Saharan dust, Ireland, Cork; Mayo; Ireland, Galway; 00662. particulate, rain collection, rain scavenging, tephra aerosol, aerosol, USA, Mount St. Helens; 05472. peroxyacetyl nitrate, spruce stand, Germany, Eggegebirge; 05507. pH, trace metal, snow, airborne pollutant, atmospheric deposition, Japan, Hokuriku Region; 07577. photochemical oxidant, chemistry-dispersion model, nitric acid, nitrate aerosol, organic compound, formaldehyde, organic acids, hydrocarbon, peroxyacetyl nitrate, nitrogen oxide, ozone, hydrogen peroxide, sulphur oxides, Japan; 02012. pollution, boundary layer, isobaric trajectory, vanadium, trajectory analysis, Japan; 02006. precipitation chemistry, Saharan dust, deposition, sulphate, rainforest, sea salt, aerosol, Puerto Rico, El Verde; 11311. scavenging, Saharan dust, transport event, deposition, precipitation, aerosol, copper, manganese, Mediterranean Sea; 13733. sulphate, cloud cover, Lagrangian one layer model, sulphur dioxide, pollution concentration, 04435. sulphur, eigenvector, power plant, particulate sulphur, source attribution, receptor modelling, USA, (Western); 11374. sulphur, nitrogen compound, transport, 11306. sulphur, nitrogen, acid deposition, nitrogen oxide, 04453. trace element, aerosol, elemental ratio, anthropogenic source, North Sea; UK, England, Norfolk, Hemsby; 13739. trace metal, background condition, elemental composition, aerosol origin, Hungary; 13714. transport model, nitrogen oxide, pollution, USA, Hawaii; 00874. urban conglomeration, meteorological parameter, PAN, France, Paris Basin; 06594. wet deposition, sulphur dioxide, aerosol sulphate, Finland; 03152.

long range transport event
transport, particulate, trajectory, clay mineral composition, soot particle, snow, sedimentation record, brown snow, Arctic; Canada, Keewatin; 09017.

long range transport model
deposition rate, nitrogen transformation, nitrogen compound, Finland; 06590.

long range weather forecasting
archived data, forecast, air temperature, USSR; 07790.

long slope
clay slope, shear deformation, finite element analysis, progressive failure, 07180.

long term atmospheric carbon dioxide concentration change
seasonal amplitude, carbon cycle, carbon dioxide, Canada, Alert; Ocean Station P; 05475.

long term drought
climatic change, drought, flow record, river flow, Ethiopia, Nile River; 06403. drought, atmospheric circulation, rainbelt, pressure height trend, temperature trend, subsidence, subtropical high, Africa, Sahel; 11179.

long term erosion rate
sediment yield, erosion rate, probability distribution, event sediment yield, stochastic analysis, laminated reservoir deposit, Israel, Negev Desert; 02741.

long term forecasting
fuzzy inference method, expert system, runoff forecasting, 09811.

long term heave
heave test, swelling mechanism, hydration, clay mineral, oedometer test, prediction, Spain; 03800.

long term rate
sediment budget, Chernobyl accident, caesium-137, erosion, arable land, soil loss rate, UK; 09636.

long term record
soil erosion record, field study, soil erosion, agricultural land, lake sediment, recent record, Sweden; 01515.

long term relief
relief development, erosion depth, deep weathering, correlation, pre Quaternary, landscape evolution, uplift, relief differentiation, lithostructural control, UK, Scotland, Highlands; 11866.

long term sediment transport
storage, alluvial fan, debris production, Holocene, slope stratigraphy, slope lowering rate, denudation rate, quantitative study, sediment transport, mountain drainage basin, Late Glacial, Japan, Central Japan, Matsumoto Basin; 11861.

long term sediment transport rate
erosion rate, bioturbation, sediment transport, burrowing mammal, USA, California, Marin County; 09520.

long term simulation model
parameter estimation, runoff quantity, runoff quality, urban runoff, rural runoff, Germany, Northrhine-Westphalia; 07466.

long term slope stability
landslide, pore fluid, frictional heating, stability, creeping landslide, 02536.

long term soil moisture
continuous cropping, fallow, soil moisture status, available water content, soil moisture conservation, agricultural practice, Canada, Alberta, Lethbridge; 01695.

long term stability
pore pressure, overconsolidation ratio, excavation stability, clay, short term stability, 06023.

long term strategy
meteorological service, weather service, climate information data base, 05294.

long term study
short term study, hydrochemical budget, input output budget, sulphate, acidification, surface water quality, UK, Scotland; 13372.

long term translocation
iron, aluminium, podsol, weathering loss, historical weathering rate, translocation, Sweden; 09624.

long term trend
acidification, atmospheric deposition, afforested catchment, moorland, landuse change, Model of Acidification of Groundwaters in Catchments, surface water chemistry, soil water chemistry, UK, Scotland; Wales; 13446. ice nucleus concentration, cloud seeding, precipitation, cloud-radiative climatic forcing, Australia; Antarctica; Australia, Tasmania; USA, Hawaii; 03107. polynomial regression, glacier length, statistical analysis, historical data, glacier terminus, data correlation, climatic

data, frontal dynamics, ablation, accumulation, Italy, Giulie Alps; 08511.
long term varability
calibration, trend, ozone measurement, NOAA-9, Nimbus-7, satellite, short term variability, 12525.
long term variability
ITCZ, tropical rainbelt, rainbelt, rainfall, Africa, Sahel; Kalahari; 11178.
long term weathering
sandy soil, podsol profile, silicate weathering, weathering rate, Norway, Romerike, Nordmoen; 09623. weathering rate, soil analyses, mobile cation, chronosequence, chlorite decomposition, weathering process, mica, plagioclase feldspar, UK, Scotland, Loch Chon; Allt a'Mharcaidh; UK, Scotland, Kelty Water; Norway, Hoylandet; 09621.
long wave flux
model validation, urban canyon, radiation model, nocturnal flux, 11207.
long wave radiation
Earth radiation budget, satellite observation, 03025. outgoing longwave, net solar irradiance, energy balance, solar radiation, 00691.
long wave radiation flux
complementary relationship areal evapotranspiration model, evapotranspiration, atmospheric radiation flux, short wave radiation, surface albedo, vapour transfer coefficient, wind speed, wind correction factor, regional evaporation, Mortons model, daily evaporation, Canada; 09791.
long-wave approximation
primary circulation, quasi balanced dynamic, tropics, balance scheme, Kelvin wave, 12403.
long-wave radiative transfer
nocturnal boundary layer, inversion layer, 03058.
longitudinal density gradient
water quality simulation, bed slope, bottom friction, estuarine hydrodynamics, channel flow, boundary condition, water depth, mass transport, 00530.
longitudinal dispersivity
dispersion, model calibration, transverse dispersivity, solute transport model, chloride plume, transient flow, groundwater flow, 09908. groundwater flow, transient flow, flow direction, velocity fluctuation, solution dispersivity, transverse dispersivity, storativity, 08782.
longitudinal profile
equilibrium-line altitude, glacier, mass balance, area-altitude relationship, climatic variation, USA, Washington State, Klawatti Glacier; 00339. hypsometric curve, hydrology, hydrographic network, geomorphological heterogeneity, morphology, quantitative analysis, fluvial erosion system, bifurcation, Spain, Basque Country; 11845. radial valley, bandjir, valley profile concavity, nuee ardente, lahar, Indonesia, Java, Merapi Volcano; 03728.
longitudinal profile concavity
river, sediment concentration, terrace, alluvial river, China, Huanghuaihai Plain; 05995.
longitudinal river bed profile
drainage pattern, uplift, morphotectonics, morphometric method, neotectonic study, bifurcation ratio, Poland, Carpathians; 00234.
longitudinal river profile
river, sediment load, channel sediment, gravel, mathematical function type, Japan; 08156.
longitudinal turbulence
turbulence spectra, wind tunnel modelling, boundary layer, 13698.
longitudinal variation
chemical flux, subsurface flow path, acidic surface runoff, concentration-discharge relationship, hydrogen, inorganic aluminium, dissolved organic carbon, silicon, acid neutralisation capacity, surface water quality, acidification, USA, New Hampshire, Hubbard Brook Experimental Forest; 04089.
longitundinal valley fault
plate motion, GPS satellite survey technique, dislocation model, crustal deformation, leveling network, 04900.
longleaf pine forest
interrill erosion, nitrogen, phosphorus, infiltration, runoff, water quality, silviculture, grazing treatment, USA, Louisiana, Kisatchie National Forest, Vernon District; 01499.
longshore bar
storm erosion, accretion, beach erosion, berm, sand transport, 01221.
longshore current
beach profile, shear wave, far infragravity wave, SUPERDUCK experiment, USA, North Carolina, Duck; 03552. carbonate mineral, bottom sediment, Holocene, sand, silt, Kuwait, Ras Al-Jalayah; Ras Al-Zour; 00069. continental shelf, baroclinic tide, sea water, India, Goa; 08174. engineer, shear stress, velocity distribution, Galerkin method, beach, 12828. quartz, sand texture, sedimentation, swash zone, foreshore, beach, Greece, Zakynthos, Lagana Beach; 09353. resonant forcing, coastally trapped wave, wave, 01177.
longshore drift
delta, sedimentation, sand body, progradation, Holocene, transgression, India, Nizampatnam Bay; River Krishna; 05838. shoreline change, sand, gravel, beach, spit, USA, Massachusetts, Cape Cod; 04740. surface sediment, sand transport, wave, tide, ebb-tidal delta, Netherlands, Wadden Sea, Texel Inlet; 01216.
longshore sand transport
grain size, current, wave height, SUPERDUCK experiment, surf zone, USA, North Carolina, Duck; 03555.
longshore transport
dredge, beach, harbour, erosion, accretion, energy flux method, Argentina, Buenos Aires Province, Mar del Plata; 10546. sand transport, gravel transport, chenier, intertidal mud flat, deflation, gravel drift, wind effect, sea level, beach, spit, tidal flat, Argentina, Tierra del Fuego, San Sebastian Bay; 10802. shore profile, forebeach, beachfill, erosion, beach nourishment, groyne, Germany, Island of Norderney; 05875. shoreline, sea level rise, wave, headland, erosion, Canada, Nova Scotia; 02338. wave, current, shoreline, beach, 03502.
longwave flux
radiation, vegetation index, soil moisture, vegetation cover, satellite data, algorithm, land surface, insolation, albedo, 13476. shortwave flux, inversion, Nimbus-7, radiometer measurement, Earth radiation budget, 13486.
longwave radiation
condensation, evaporation, sublimation, precipitation, mountain glacial climate, glacier, continentality, 03028. latent heat, sensible heat, ECMWF, ocean, surface heat flux, forecast prediction, shortwave radiation, Atlantic; 06470. monsoon, convection, geopotential height, low frequency monsoon, empirical orthogonal function, Indonesia; Australia; 12331. radiation, elevation gradient, unframed radiation, elevational gradient, India, Himalayas; Nepal, Himalayas; 12312. rainfall rate, satellite derived heating rate, data assimilation, tropics region, 08912. shortwave radiation, surface temperature, land breeze, sea breeze, non-hydrostatic mesoscale model, radiative heating, Greece, Athens; 01911. solar radiation, boundary layer, surface-atmosphere interaction, surface flux, turbulent heat transfer, 00739.
longwave radiation flux
boundary layer, eddy exchange coefficient, upslope flow, Mars; 01854.
loose sand
liquefaction, densification, dilatation, mixture model, model, static liquefaction, 03730.
losing stream
surface water-groundwater interaction, groundwater recharge, wetland, China, Sichuan Province, Ruoergai Wetland; 01624.
loss
rainfall, runoff, soil water storage, evaporation, transpiration, drainage, water balance study, storage, 12144.
loss on ignition
Dumas method, organic carbon, Walkley-Black procedure, dry combustion method, organic matter, mineral soil, clay, New Zealand; 13281.
losslessness
subhypergraph, join dependency, 03344.
Lota lota
submersible image, fish, bioturbation, lake sediment, fresh water, burbot, sediment water interface, USA, Great Lakes, Lake Superior, Caribou Island Basin; 09431.
Louiseville clay
pore size distribution, clay permeability, soil permeability, mercury intrusion porosimetry, Champlain Sea clay, Canada, Quebec, Louiseville; 10927.
low Arctic
tundra, seasonal pollen variation, annual pollen variation, pollen content, snow, Arctic ice cap, ice cap, Canada, Ellesmere Island, Agassiz Ice Cap; 07224.
low background
liquid scintillation counting, active sample holder, pulse discrimination electronics, Packard low-level liquid scintillation counting system, background radiation, 02575.
low carbon content
small sample, radiocarbon dating, liquid scintillation counting, intercomparison test, 02580.
low density turbide
turbidity current, aggradation, braided river, Souris spillway, sediment laden water, sand, lignite particle, USA, North Dakota; 07229.
low energy charged particle observation
auroral magnetosphere, dayside phenomena, 03391.
low energy depositional environment
sedimentation rate, cold based glacier, deglaciation, subglacial meltwater, warm based glacier, climatic amelioration, turbid plume, glacier, glaciomarine sedimentation, floating glacier tongue, Canada, Ellesmere Island, Disraeli Fiord; 01427.
low flow
alluvial aquifer, groundwater resource, water resource development, conjunctive use, France, Plaine de Riviere, Garonne River; 02987. drought, water storage, reservoir, river regulation, water demand, water quality, France, Garonne River; 02986. flood plain agriculture, artificial flood, river regulation, precipitation, runoff, flooding, Africa, Niger River; Senegal River; 06421. flood regime, sediment load, channelization, flow regime, drainage scheme, river regulation, hydrograph characteristic, 06281. peak flow, river regulation, Alpine river, ecological consequence, water diversion, flow regime, Switzerland; 08809. rainfall, vegetation, catchment characteristic, stream flow pattern, runoff characteristics, flow duration curve, flow variability, flood, Guyana; 07467. runoff, antecedent precipitation, logging, streamflow, yield, USA, California, Caspar Creek; 04153. saline pool, water table rise, saline groundwater, groundwater intrusion, surface water groundwater interaction, surface water quality, Australia, Wimmera River, Victoria; 05194. stream flow modelling, reservoir planning, stochastic model, risk methodology, peak flow, flood flow, 08731. time series sampling, flow related dip sample, short term ionic response, hydrochemical process, surface water chemistry, sampling regime, alkalinity source, acidification status, flow-ion relationship, UK, Scotland, Cairngorms, Allt a'Mharcaidh Catchment; 04096. ungauged catchment, automated technique, base flow separation, recession analysis, Australia; 04041.
low flow characteristic
cluster analysis, multiple regression, principal component analysis, ungauged catchment, homogeneous region, regionalisation, catchment characteristic, hydrological homogeneity, Australia; 10992.
low flow condition
hydrological model, forest cover, pasture, land use change, vegetation cover, water balance, evapotransporation, streamflow, extreme flood, Belgium, Houille; 01655.
low flow frequency
stream flow, frequency analysis, statistical analysis, method of moments, Weibull distribution, method of probability weighted moments, method of maximum likelihood, Australia, (South East); 06276.
low flow research
applications research, instrument development, irrigation study, research report, Institute of Hydrology, hydrological cycle, soil physics, river basin modelling, hydrological process, climate modelling, water balance study, runoff study, environmental hydrology, pesticide tran-

sport, hydrochemical study, engineering hydrology, flood estimation, 08640.
low frequency circulation anomaly
blocking pattern, anticyclone, baroclinic wave activity, 04262.
low frequency dynamics
tropics, general circulation model, Kelvin CISK theory, oscillation, diabatic heating, 12400.
low frequency geoelectric method
very low frequency resistivity method, electromagnetic bipole method, resistivity method, karstified fracture, geoelectrical method, horizontal loop profiling, Slingram method, Precambrian limestone, electromagnetic horizontal loop method, limestone aquifer, groundwater exploration, Mali, Gondo Plain; 06358.
low frequency mode
extended integration, filtering, initial state, sea surface temperature, monsoon, predictability, 12473. low frequency wave, European Centre for Medium Range Weather Forecasting grid datasets, zonal wind, meridional propagation, Asia; 12393. tropical radiation, radiation budget, monsoon, eastward propagating mode, Hadley Cell perturbation, 12314.
low frequency monsoon
empirical orthogonal function, longwave radiation, monsoon, convection, geopotential height, Indonesia; Australia; 12331.
low frequency oscillation
flow pattern, quasi geostrophic low spectrum model, numerical study, interannual time scale, 12392. meridional wind, sea surface temperature, ITCZ, monsoon-trade interaction, interannual oscillation, Indian Ocean; Pacific; 12373. rotating annulus, topography, vacillation, oscillation, 12429. total ozone measurement, total ozone mapping spectrometer, ozone perturbation, Rossby wave radiation, 04389. water vapour evolution, latent heating, dynamic process, wave interaction, tropical oscillation, 11235.
low frequency rainfall
rainfall, geomorphic evolution, mountain area, meteorological model, mass movement, 11837.
low frequency variation
tropical convergence, convergence zone, intraseasonal variation, European Centre for Medium Range Weather Forecasting model, 12399.
low frequency wave
European Centre for Medium Range Weather Forecasting grid datasets, zonal wind, meridional propagation, low frequency mode, Asia; 12393. system interaction, ridge, trough, industry, eastward movement, 12394.
low latitude
altitude profile, water vapour, India; 10116. Hadley cell, monsoon circulation, planetary scale wave, synoptic scale wave, wave, meridional circulation, Asia, (East); 11236. nonlinear response, episodic forcing, equatorial forcing, tropical atmosphere, energy accumulation, emanation, 12424. wave CISK theory, latent heat parameter, CISK theory, baroclinic model, semi geostrophic model, 11238.
low level convergence
potential temperature, vortex, orographically induced mesoscale vortex, Denver Cyclone, mesoscale vortex, USA, Colorado, Denver; 05418.
low level dissolved oxygen
dissolved oxygen, groundwater chemistry, selenium contaminated aquifer, Rhodazine-D colorimetric technique, USA, California, Kesterson Reservoir; 02924.
low level flow intensity
anticyclone, rainfall pattern, ITCZ, Zimbabwe; Atlantic; Indian Ocean; 07673.
low level front
baroclinic zone, jet, front, Alpine lee cyclogenesis, cyclone, upper level jet, potential vorticity, Alps; 04298.
low level jet
aircraft data, jet maximum, surface friction, momentum transport, turbulent mixing, 04282. Bise, regional wind, mistral, cold air advection, rain, Europe, Alps; 04226. frontal model, midlatitude baroclinic property, tropical convective property, rainfall, jet, deformation forcing, updraft, Mei Yu Front, Asia, (East); 10094. moist convection, baroclinic atmosphere, radar, upper air sounding, 01912. sea breeze arrival, katabatic effect, dry season, savanna site, barotropic result, inertial oscillation, Australia; 13515.
low level radiocarbon
tritium determination, liquid scintillation counter, LKB Quantulus, LKB 1219 SM, beta test comparison, Packard 2260 IL, 02577.
low level transport
mass transport, Seasat, scatterometer observation, wind stress, ocean, baroclinic boundary layer model, thermal advection, stratification, surface wind, 10045.
low level wind
primitive equation forecast model, momentum flux, sensible heat flux, boundary layer, wind speed, 04324.
low maintenance route
risk assessment technique, erosion risk, mountain footpath, path erosion, South Africa, Drakensberg Mountains; 08412.
low mineralized water
atmospheric deposition, Arctic lake, lake water chemistry, oligotrophic water, soft water, Canada, Quebec, Peninsule d'Ungawa, New Quebec Crater; 02940.
low order model
wave wave interaction, isolated mountain, resonance, large scale topography, circulation, 12423.
low oxygen zone
nitrogen cycling, denitrification, nitrification, nitrous oxide, lake water quality, Japan, Lake Kizaki; 06312.
low pass pyramid ratio
image representation, contrast enhancement, 07981.
low permeability layer
point source, diffuse source, advection-dispersion equation, transverse dispersion, solute transport, groundwater flow, soil pollution, pore water velocity, 13405. water absorption, soil water characteristic, hydraulic resistance, wetting front, inverse method, groundwater flow, infiltration, soil crust, cumulative infiltration, 13402.
low precipitation storm
severe storm, dryline, Doppler radar analysis, 10136.
low pressure centre
winter, storm, rain-snow boundary, melting snow, temperature, 13502.
low relief surface
crustal movement, peneplain, planation surface, summit level, landslide, piedmont benchland, high altitude denudation surface, periglacial process, uplifted peneplain, erosion surface origin, geomorphological characteristic, Japan, Akaishi Mountains; Mikawa Plateau; 08351.
low river level
water transport, hydroelectric power generation, mining, hydrological service, flood, 05292.
low salinity region
trace metal flux, surface water quality, acidic soil, alkaline, silicate, calcium, Thailand, Mae Klong River; Bang Pakong River; 08740.
low salinity surface water
oxygen isotopic analyses, Orbulina universa, melt water, surface salinity, seasonal surface water, surface water, USA, Gulf of Mexico; 08437.
low sea level
dissolution, hydrogeology, karst hydrogeology, phreatic cave system, drainage conduit, carbonate rock, spring, doline, submarine spring, palaeocave system, peneplain, uplift, New Zealand, Nelson, Golden Bay, Takaka Valley; 09526.
low slope
humid climate, sediment loss, runoff erosion, universal soil loss equation, soil erosion data, USLE, P factor, subsurface drainage, USA, Louisiana, Baton Rouge; 05058.
low stands of sea level
slope valley, glacimarine environment, subduction zone, sedimentological evidence, Yakataga diamict, GLORIA imagery, sediment pathway, USA, Alaska, Gulf of Alaska; 04970.
low temperature
aerosol, stratosphere, water, vapour pressures, ternary system, nitric acid, sulphuric acid, 06537. stratosphere, ozone, stratospheric warming, polar stratospheric cloud, ozone depletion, Europe, (Central); (Northern); 13747.
low terrace
flood plain, braided river, meandering channel, aggradation, fluvial episode, high terrace, Poland, Ner Valley, Lodz, Lublinek; 00214.
low transmissivity
groundwater resource, sandstone aquifer, geophysical survey, airborne survey, magnetic-electromagnetic measurement, geological regional investigation, geological structure, graben, horst, dyke, fault, semi arid area, Botswana, Kalahari; 06413.
low vision mapping
visual handicap, tactile mapping, UK, England, London; 10355.
low water phase
glacial lake, radiocarbon age, lake deposit, Arkona low water phase, ice margin, Lake Michigan lobe, Mackinaw Interstade, transgression, intra Glenwood, USA, Michigan, Riverside; Lake Michigan; 06141.
low-activity radiocarbon
radiocarbon measurement, optimisation, liquid scintillation counting condition, vial, detector shield, 02579.
low-angle slope
periglacial activity, limestone solution, pediment, age, speleothem dates, cryoplanation terrace, Canada, Yukon, Old Crow Mountains; 11996.
low-frequency
glacioeustasy, stratigraphy, Antarctic ice volume, seismic sequence stratigraphy, tectonoeustasy, orbital forcing, 11978.
low-frequency convection anomaly
outgoing longwave radiation, wind data, tropical convection, convection, Africa; Indian Ocean; Pacific; North America; 01929.
low-frequency pattern
stationary wave, streamfunction, general circulation model, thermal forcing, 01889.
low-income housing
urbanisation, GIS, urban landuse planning, Malaysia, Kuala Lumpur; 10464.
low-level jet
hodograph, mesoscale organisation, rainstorm, precipitation, mesoscale convective complex, USA, Oklahoma; 01915. internal undular bore, gravity current, gravity wave, radar, short period forecasting, squall line, mesoscale predictability, convection, USA, Kansas, Wichita; 01923.
low-level moisture
low-level shear, squall line, cloud model, 01924.
low-level shear
squall line, cloud model, low-level moisture, 01924.
Lowell subsoil
Nicholson subsoil, titration, crop response, soil acidification, subsoil, fertiliser application, surface charge behaviour, liming, Eden subsoil, USA, Kentucky; 10929.
lower atmosphere
radon, tracer transport, thoron B, boundary layer, diffusion, Spain, Malaga; 06534.
Lower Beaufort sequence
Permian, Gondwana, Karoo deposit, palaeogeography, floodplain, lake, 03605.
Lower Greensand
phosphate clast, nodule bed, Sulphur Bank, gault, Folkestone Bed, UK, England, Kent, Folkestone; 00127.
lower stratosphere
ozone measurement, ozone sounding, ozone profile, ozonesonde, Belgium, Uccle; 06543.
lower troposphere
airship, wind gust, turbulence, 00724. chemical component, aerosol, pollution, principal component analysis, photochemical process, Arctic; 06549.
Lowestoft Advance
Anglian, interglacial clay, marine clay, Hoxnian, Marly Drift, Cromer till, UK, England, Norfolk; 13140.
Lowestoft till

Blakenham and Bramford till, Barham till, Creeting till, colour difference, Newney Green till, Great Waltham till, Hornchurch till, Maldon till, till, lithofacies, UK, England, East Anglia; 13142.

lowflow
limit velocity, inviolable flow, Poland, Reda River; Zagorska Struga River; 00527. streamflow, flow estimation, river recession rate, soil characteristic, rainfall, 04031.

lowland
land use, Landsat TM, UK; 04622. raised bog, Neolithic, forest clearance, Bronze Age, vegetational history, pollen zone, radiocarbon date, UK, Northern Ireland, Antrim, Sluggan Bog; 13149.

lowland catchment
sediment production, runoff, storm event, hillslope sediment production, stream sediment load, overland flow, land use, sediment production controls, UK, England, Devon, Slapton Ley; 01507.

lowland relief
Andean foreland dynamics, depositional origin, rainforest ground, terra firme, Plio-Pleistocene fluvial landscape, dating, aggradation, younger alluvium, biogeography, Brazil, Amazon Lowlands; 02625.

lowland river
streamflow, log-linear relationship, log-quadratic relationship, kinematic routing model, partitioned log-linear model, velocity measurement, hydraulic geometry, velocity-discharge relationship, UK, England, Lincolnshire; 04048.

lowland zone
postglacial relief, deglaciation, kame hill, ice moraine, melted form, melt water runoff, relief, Poland, Biala Podlaska; 07242.

lowstand
glacioisostatic response, isostatic response, deglacial downdraw, seismic-stratigraphic, geomorphic evidence, post-glacial, sea-level, USA, Maine, Gulf of Maine; 11982.

lucerne
legume, nitrogen, carbon, soil, crop rotation, grain, 00393.

Ludhamian
Tiglian(Early), pre Ludhamian, Praetiglian Stage, Waltonian, Reuverian Stage, Anglian Stage, Elsterian, Pleistocene(Early), Pleistocene(Early Middle), correlation, faunal data, floral data, palaeoclimatic data, Pastonian Stage, Tiglian(Late), Bramertonian, Tiglian(Middle), North Sea; 08446.

Ludlovian
Silurian, volcanogenic material, ash, greywacke, Poland, Gory Swietokrzyskie, Jurkowice; 01296.

luminol
ambient air, ozone, PAN, nitrogen dioxide, chemiluminescence, 06578. gas chromatography, PAN, calibration, technique intercomparison, 11151.

luminophore
macrofauna, water sediment interface, sediment mixing, bioturbation, macrobenthos, coastal ecosystem, Mediterranean Sea; 08267.

luminosity
stereoscopic observation, aurora stereo observations, Antarctica; 03001.

Luminox
peroxyacetyl nitrate, n-propyl nitrate, nitrogen dioxide, sampling, nitric acid, hydrogen peroxide, ozone, photolysis-chemiluminescence instrument, tunable diode laser absorption spectrometer, 01804.

lumped conceptual model
environmental model, experimental basin, rainfall runoff relationship, 06277.

lumped mass matrix
saturated-unsaturated flow, groundwater flow, Richards' equation, distributed mass matrix, subsurface flow, hillslope, 01703.

lumped model
deterministic model, probability model, hydraulic conductivity, storage coefficient, specific yield, source-sink function, water table elevation, groundwater flow model, regional groundwater flow, USA, California, Owens Valley; 04125.

lumped period
precipitation data analysis, frequency distribution, orographic precipitation, Japan; 03000.

lunar crater
intercrater plain, degraded carter, Schroeters ratio, crater, radar result, Martian crater, radar altimetry data, Mars; 10686.

lunar tide
upper atmosphere wind, meteor mode, USA, Alaska, Poker Flat; 08938.

Lund Diamicton
clay, glacioaquatic sediment, diamicton, transgression, glaciomarine, iceberg, Sweden, Skane; 02397.

Lunde Formation
albitisation, plagioclase, sandstone, reservoir rock, Triassic, North Sea, Viking Graben, Tampen Spur, Snorre Field; 00167.

lunette
lake barrier, aeolian landform, lake, deflation, sand, Australia, Queensland, Cape York; New South Wales, Lake Victoria; Australia, New South Wales, Lake George; 11674.

luni solar 18.6 year term
rainfall, bistable phase switch, maximum entropy spectrum analysis, precipitation record, 07805.

lutocline
resuspension, hydraulic jump, internal wave, suspended sediment, Kelvin-Helmholtz billow, Korea(South), Yellow Sea Coast; 04694.

Luvisol
potential gully erosion, gully erosion, geographical information system, Mexico, Hidalgo; 09635.

Luvisolic soil
cryogenic soil, rubified horizon, soil development, Tertiary(Late), Pleistocene(Early), paleosol, unglaciated area, Podzolic soil, Canada, Yukon Territory; 11863.

Luxembourg Sandstone
Lias, geophysical log, grain size, Minette Formation, Mesozoic, France, Paris Basin; 12918.

Lyallpur soil
pedogenic change, mineral weathering, soil, degree of profile development, clay translocation, Gujranwala soil, Peshawar soil, Pakistan, Indus River Plain; 01486.

Lyman-alpha hygrometer
balloon gondola, free radical, photofragment fluorescence, hydroxyl, hydroperoxy radical, ozone, water vapor, stratosphere, 04202.

lysimeter
actual evapotranspiration, drainage, crop wateruse, sensitivity analysis, field test, water balance estimation model, available soil water, Eaglemans parameterisation, 11040. caesium-137, groundwater contamination, hazardous waste disposal, nuclear waste disposal, groundwater discharge, recharge estimate, vadose zone, USA, Washington, Hanford Site; 02918. canopy leaching, soil water chemistry, acidification, canopy deposition, cation leaching, throughfall enrichment, sulphate, dry deposition, leaching, precipitation chemistry, model ecosystem, mineral cycling, forest hydrology, 11087. clay soil, soil moisture conservation, silty clay soil, cumulative evaporation, ploughless tillage, straw incorporation, evaporation, Sweden; 05120. drainage evolution, infiltration rate, groundwater recharge, evaporation, Spain, Barcelona, Valles Occidental; 00573. evaporation measurement, grassland catchment, Penman equation, upland area, UK, Scotland; 08661. evaporation, transpiration, interception loss, water balance, snow tussock, New Zealand, Otago; 05122. evapotranspiration, deterministic method, stochastic method, soil water balance, water balance model, crop characteristic, soil charactersitic, simulation model, tensiometer, neutron probe, water storage, root growth, actual evapotranspiration, drainage, Ivory Coast, Bouake; 12236. flux gradient technique, deposition velocity, sulphate, nitrate, ammonium, hydrogen ion, cloud water deposition, vegetation, 00715. grassland, soil water evaporation, crop coefficient, rangeland, evapotranspiration, transpiration, USA, South Dakota, Newell; Idaho, Reynolds; USA, Wyoming, Gillette; 10979. groundwater quality, root zone drainage, denitrification, sulphate : chloride ratio, sulphate concentration, irrigated horticulture, nitrate concentration, Australia, Western Australia, Swan Coastal Plain; 06383. herbicide, leaching, chlorsulphuron, metsulphuron methyl, Sweden; 07380. infiltration capacity, infiltration, melt water, water balance, sandy aquifer, groundwater recharge, groundwater resource, soil moisture, evapotranspiration, Finland, Hyryla; 05251. irrigation practice, watertable management, water balance model, radiant canopy temperature, soil water content, neutron probe, upward flux, energy balance model, soil heat flux, agricultural water, water management, evapotranspiration, shallow watertable, crop evaporation, capillary rise, 13454. leaching, pesticide, soil water flux, contaminant transport, 09838. nitrate, phosphate, groundwater quality, irrigated horticulture, nutrient status, denitrification, root zone drainage, Australia, Western Australia, Swan Coastal Plain; 02925. nitrogen dynamics, spodosol, soil water chemistry, USA, New York, Adirondack Mountains, Huntington Forest; 02919. pan evaporation, soil moisture deficit, water table level, transpiration, evaporation, actual evapotranspiration, potential evapotranspiration, water balance, groundwater recharge, Penman estimate, UK, Northern Ireland, Coleraine; 09790. permeability, oasis, suspended sediment, recharge, groundwater resource, infiltration, evaporation, Mali, Air Mountains, Agrar Egalan; 13407. permeameter, solute leaching, leaching rate, measurement error, instrumentation, hydraulic conductivity, edge flow, soil core, 13396. runoff, interrill erosion, evapotranspiration, water yield, drainage, watershed management, land management, rangeland, water balance, USA, Texas, Rolling Plains; 11096. silica, ionic tracer, tracer movement, snowpack, melt water, USA, Wyoming; 08786. snow survey, snowpack water loss, melt water, forest, 02945. soil core, soil monolith, sampling technique, 10914. soil water chemistry, sample size requirement, leachate chemistry, tension lysimeter, pan lysimeter, groundwater quality, USA, Pennsylvania, Pea Vine Hill; 01731. solute transport, model evaluation, chloride leaching, groundwater flow model, macropore flow, hydraulic conductivity, 13400. surface water quality, input output budget, chemical mineralisation, leaching, runoff chemistry, organic acid, strong acid, peat soil, forest catchment, Sweden; 13379. tensiometer, research programme, instrumentation, observation well, pumping well, groundwater research, soil water process, unsaturated zone, environmental database, Germany, Horkheimer Insel; 09780. volume recorder, soil water, groundwater flow, 11041. water quality, fertiliser, runoff, subsurface drainage, phosphorus, sewage sludge, 02881.

lysimeter study
chemical weathering, feldspar, dissolution rate, weathering rate, microorganism, percolation lysimeter, rate, laboratory study, Sweden, Svartberget; 09625.

lysimetric snow pillow station
hydrology, monitoring station, snow cover, snow melt model, runoff, flood forecasting, Austria, Kuhtai; Tyrol; 08795.

lysimetric water
uranium-238, radon-226, lead-210, polonium-210, thorium-232, radionculide, 00429.

lysimetry
centrifugation, seasonal change, soil solution, 03989.

lysocline
Holocene, accumulation rate, deep sea basin, mud, carbonate, Atlantic, Mid Atlantic Ridge; 01248.

lysocline depth
carbonate system, oceanography, palaeoclimatology, carbon dioxide, subarctic, deep water, Pacific, (North); 10649.

Lyzenga model
CCRS RADARSAT model, ORE model, SAR, velocity bunching model, distributed surface model, 08109.

M25 motorway
classification, chalk, UK, Hertfordshire, Kings Langley; Gade Valley; 03688.

maar
vegetational history, Ribains interglacial, St Geneys, interstadial, Pleniglacial, Les Echets sequence, pollen analysis, Pleistocene(Upper), France, Massif Central, Velay, Le Bouchet Lake; 03895. volcanic relief, andesite, laccolith, Quaternary uplift, Czechoslovakia, Cerova Vrchovina; 13039.

maar crater

siliciclastic grain, pedogenic formation, sedimentation, volcanic event, palaeoenvironment, Cameroon, Lake Barombi Mbo; 11671.
maar lake
lake, meromictic, monomictic, carbonate, palaeohydrology, sediment record, Australia, Victoria, Western Volcanic Plains District; 05818.
maar lake sediment
pollen zone, Eemian, bore hole, Italy, Rome, Valle di Castiglione; 06104.
Maastrichtian
bioherm, limestone, cement, coral mound, Cretaceous, Tertiary, byrozoan mound, Denmark, Fakse; 00128. Cretaceous, strength parameter, Netherlands, Limburg; 03513. Danian, isotopic composition, oxygen, carbon, carbonate sediment, USSR, Mangyshlak; 00131. Eocene, hydrocarbon, phosphorite, bituminous shale, shale, Morocco, Oulad Abdoun; Timahdit; 08288. Lance Formation, fluvio deltaic environment, facies architecture, basin, subsidence, USA, Wyoming, Wind River Basin; 11753. Lewis Shale, transgression, Cretaceous, delta, hydrocarbon, marine environment, USA, Wyoming; 05892. oxygen isotope, chalk, diagenesis, palaeotemperature, Cretaceous(Upper), Campanian, Germany, Lagerdorf; Kronsmoor; 08255. tectonics, carbonate, resedimented deposit, paleoenvironment, flysch, calciclastic, Italy, Friuli, Mount Mataiur; 11759. Wang Formation, cyst, palynofacies, nappes, organic matter, dinoflagellate, France, Western Alps; 04859.
Macbeth colour chart
colour video camera, colour calibration, colour image analysis, 07971.
MacDonald hot spot
Pacific plate, residual volcanic relief, geomorphological evolution, coral reef, makatea, Pacific, Southern Cook Island; French Polynesia, Austral Islands; 08382.
maceral composition
aliphatic hydrocarbon, organic carbon, protokerogen, pyrolysis, 03567.
maceration tank-method
preparation technique, spore, pollen, dinoflagellate cyst, acritarch, microfossil, palynological preparation technique, 11910.
machine learning
valley head, digital elevation model, geomorphology, mapping, automated recognition, landform recognition, 07136.
machine vision
template matching, feature detection, edge detection, 02119. vision metrology unit, three dimensional measurement, robotics system, 07914.
Macigno Formation
mineral species instability, Cervarola Formation, turbidite, sedimentary provenance, Miocene, Italy, Northern Apennines; 08271.
Mackinaw Interstade
transgression, intra Glenwood, low water phase, glacial lake, radiocarbon age, lake deposit, Arkona low water phase, ice margin, Lake Michigan lobe, USA, Michigan, Riverside; Lake Michigan; 06141.
MacLeod sequence
glaciomarine sediment, diamict, sea floor geology, British Geological Survey, Quaternary geology, Atlantic, (North), Geikie; 07203.
macro body interaction
structure, body, territoriality, landscape, territorial structure, 05985.
macro tidal beach
meso tidal beach, beach, ridge, runnel, beach classification, Australia, Queensland; 10550.
macroaggregate
mud, rheology, resuspension, accumulation rate, sediment concentration, USA, North Carolina, Cape Lookout Bight; 01215. thorium, seafloor, residence time, diffusion, scavenging, phytoplankton, anthropogenic hydrocarbon, USA, Washington, Puget Sound; 08163.
macroalgae
fluorescence signature, pigment measurement, marine macroalgae, 09220. rare earth element, sea water, Ulva lactuca L., partition coefficient, carbonate ion, 02432. seasonal change, surfactant, alkylphenol polyethoxylate, Italy, Venice Lagoon; 01258.
macrobenthos
coastal ecosystem, luminophore, macrofauna, water sediment interface, sediment mixing, bioturbation, Mediterranean Sea; 08267.
macroclimatic change
Holocene, soligenous fen, high Arctic, fault block, autochthonous peat deposit, macrofossil, rates of net organic accumulation, slope process, Canada, Northwest Territories, Ellesmere Island, Grant Land Mountains; 11965.
Macrocystis
sewage, toxicity, kelp bed, sediment loading, gametophyte, USA, California, Palos Verdes Peninsula; 04774.
macrodispersivity
heterogeneous soil, Dagans formulae, advection, lateral mixing, solute transport, dispersivity, groundwater flow, unsaturated zone, 13397.
macroeconomic consequence
emission, pollution, sulphur dioxide, Norway; 11133.
macrofauna
carbonate content, seabed sediment, glaciomarine sediment, till, Atlantic, (Northeast); 09363. meiofauna, fault, hydrocarbon, seep, carbon cycling, USA, California, Santa Barbara; 04855. water sediment interface, sediment mixing, bioturbation, macrobenthos, coastal ecosystem, luminophore, Mediterranean Sea; 08267.
macroflora
palynological complex, Jurassic, palaeobotanical investigation, USSR, Kazakhstan, Karatau Ridge; 10625.
macrofossil
dysaerobic conditions, anoxia, productivity, Cretaceous, sea floor, nannofossil, Weddell Sea, ODP Site 692; ODP Site 693; 03639. Quaternary(Late), vegetation reconstruction, pollen, USA, New Mexico, Chaco Canyon; 06138. rates of net organic accumulation, slope process, macroclimatic change, Holocene, soligenous fen, high Arctic, fault block, autochthonous peat deposit, Canada, Northwest Territories, Ellesmere Island, Grant Land Mountains; 11965. snail, boreal forest species, treeline, temperature depression, modelling result, CLIMAP, full glacial summer temperature, summer temperature, Wisconsinan, vegetational zonation, pollen, North America; 02662.
macroinvertebrate
benthic biomass, organic carbon, surface water quality, carbon balance, France, Bessines, Gartempe River; 09827.
macroinvertebrate community
catchment management, surface water quality, agricultural pollutant, intensive dairy farming, farm waste management, UK, Wales, Eastern Cleddau Catchment; 00557.
macromixing process
micromixing process, Gaussian plume model, nitrogen oxide, ozone, plume model, 05513.
macrophyte
accumulation rate, lake sediment, microfossil, mineral cycling, timescale, diatom, sediment accumulation, UK, Northern Ireland, County Tyrone, Lough Augher; 00028. algae, bacteria, bioturbation, salt marsh sediment, organic matter, USA, South Carolina, Georgetown; 02436. dissolved oxygen, pH, lake water quality, canopy formation, USA, Washington State, Bull Lake; Keevies Lake; 09823. flooded forest, methane emission, floodplain, Brazil, Amazon River; 06689. nutrient, inorganic nutrient, nitrogen, phosphorus, phytoplankton, fish farm effluent, surface water contamination, algae, UK, England; 01688. plant tissue, aquatic plant, element composition, 11765. plant, salinity gradient, organic matter, methanogenesis, carbon cycling, freshwater, USA, North Carolina, White Oak River Estuary; 03538. shallow water, reservoir, water purification, water quality, phytomass, USSR, Dnieper River; 00545. standing stock, discharge, organic matter, USA, Idaho, Snake River; 10517.
macrophyte zonation
wetland community differentiation, environmental management, SPOT, USA, South Carolina, Aiken; 08124.
macropore
AUTOCAD, image analysis, pore measurement, tillage, 09719. diffusivity, sorptivity, hydraulic conductivity, ponded infiltration, saturated flow, unsaturated flow, soil hydraulic property, soil water potential, infiltration ring, disc permeameter, 00585. humid catchment, hillslope, preferential flow, soil water characteristic curve, through flow, runoff, soil water storage, pipe flow, bypass flow, old water, water discharge, 09804. hydrological hillslope process, kinematic wave, infiltration, lateral flow theory, hillslope hydrology, gravity driven flow, unsaturated flow, boundary layer flow, 11044. image analysis, earthworm burrow, X-ray computed tomography, tomography, 13225. infiltration rate, alfalfa, cotton, soil compaction, tilled soil, no-till soil, 00590. preferential flow, aggregated soil, groundwater flow, solute transport, convective movement, hydraulic head gradient, diffusion, micropore, 11036. preferential flow, immobile pore water fraction, groundwater flow, infiltration, tillage practice, solute transport, 13398. runoff generation, soil texture, auger hole permeameter, subsurface flow, overland flow, disc permeater, soil hydraulic property, through flow, hillslope, 13324. soil aeration, salt marsh, oxygen, sediment metabolism, respiration, USA, Massachusetts, Belle Isle Marsh; 05953. solute transport, sensitivity analysis, convection-dispersion equation, Richards equation, groundwater flow model, 13399.
macropore channel
preferential water movement, glacial till, snow melt, groundwater movement, potassium iodide tracer, unsaturated soil, frozen soil, 05240.
macropore flow
bypass flow, spatial variability, sampling system, soil water extraction, suction cup method, 13401. hydraulic conductivity, lysimeter, solute transport, model evaluation, chloride leaching, groundwater flow model, 13400. subsurface flow process, hydrograph, subsurface runoff, hillslope hydrology, physically based model, Darcian flow, non Darcian flow, flow path, 11045.
macropore orientation
soil deformation, permeability, pore space, air permeability, soil structure, 13226.
macropore soil water
micropore soil water, forest hydrology, groundwater quality, heavy metals, wastewater disposal, water chemistry, gas well brine, 00614.
macroporosity
infiltration, soil water conservation, agricultural practice, tillage, 05247. saturated hydraulic conductivity, tillage practice, infiltration, groundwater flow, soil characteristic, 06336. soil mesomorphology, soil horizon, manganese nodule, iron rich nodule, image analysis, pore structure, 09718. Ultisol, maize, tillage, mulching, soil water transmissivity, sorptivity, saturated hydraulic conductivity, Nigeria, Nsukka; 09766.
macroporous horizon
pore space, hydric behaviour, ferrallitic cover, soil cover, microaggregated horizon, pore size distribution, alterite, French Guiana; 09745.
macroporous loess soil
loess, settlement, oedometer modulus, unconfined compression test, wetting, deformation parameter, 01402.
macroscale rainfall field
complex relief condition, mountain river, runoff prediction, mathematical model, river runoff, 05131.
macroscopic stress strain response
dilatancy rate, fabric evolution, granular media, 03822.
macrotidal
estuary, sand, mudflat, megaripple, salt marsh, Canada, Bay of Fundy, Cobequid Bay; Salmon River Estuary; 02325.
macrotidal bay
acoustic basement, tidal channel, Holocene, sea level, seismic stratigraphy, Quaternary sediment, Korea, Bunhung Bay; 13174.
macrotidal piedmont coast
wave-cut exposure, facies analysis, proglacial sediment, glacial tectonism, pleistocene, sedimentation, USA, Alaska, Nushagak Lowland, Ekuk Bluffs; 01429.
macrozooplankton
acoustic scattering layer, Doppler current profiler, hydrothermal vent, Pacific, (Northeast); 12785.
Madden Julian oscillation
surface stress, daily time scale, momentum exchange, atmospheric exchange, ocean exchange, solid earth exchange, 08935.
Magadi-type chert

chert, biogenic, silica, diagenesis, Kenya, Lake Magadi; 02348.
magadiite
eitelite, lake, micromorphological study, sediment core, high salt content, nahcolite, gaylussite, Sudan, Darfur, Mahla Crater Lake; 01426.
magaliesberg quartzite
Lecidea aff. Sarcogynoides, weathering pit, disintegration, hyphae expansion, quartzite, chelation, weathering, lichen, South Africa; 02710.
Magellan data
dome, radar bright surface, volcanic centre, caldera, eruption, edifice volume, Venus; 07161. Heng-O ring structure, corona, soil dominated, radar characteristic, equatorial plain, Goldstone observation, interpretation, Venus; 02523.
Magellan image
lava flow, pyroclastic deposit, rhyolite dacite dome, komatiite, volcanic resurfacing rate, volcanism, Venus; 11875. Venera 15/16 mission, crater areal distribution, size frequency relationship, impact crater, Venus; 07154.
Magellan mission
ridge belt, morphology, compressional origin, Venus; 07159.
Magellan observation
dielectric constant, slope, ejecta, impact crater, windblown deposit, mass movement, Venus; 11874.
Magellan radar image
crater, central peak, ejecta, radar albedo, volcanic resurfacing, impact crater, Venus; 11876. small dome, analog, lava shield, lava shield volcano, lava shield production rate, venusian analog, fissure eruption, Iceland; 02525.
Magellan spacecraft
radar picture, Venus; 09500.
Magellanic moorland mosaic
rainfall, hygrophyllous plant formation, glacial climate, vegetation, palynological evidence, Subantarctic forest, Chile, Isla de Chiloe; 05015.
MAGIC model
regional model, acidification, surface water quality, UK, Wales; 04104. water quality restoration, surface water quality, atmospheric deposition, acidified stream, liming, sulphate deposition, hydrochemical model, UK, Wales; 00550.
magma
eruption, volcano, lahar, pyroclastic deposit, pumice, Colombia, Central Cordiellera, Nevado del Ruiz volcano; 02359. fracture system, mineral exploration, alkaline intrusion, SPOT, France, Bas Languedoc; 05702. halo, mineralisation, ore, granite, Variscan, Germany, Lower Harz; 00161.
magma chamber
ash fall, caldera sediment, eruption, eustacy, crater, Indonesia, Sumbawa Island, Mt. Tambora; Saleh Bay; 00076.
magma composition
Landsat, lineament, geophysical anomaly, basement tectonics, Italy, Vulsini; 05701.
magma rise
volcanic landform, compression tectonics, crustal thickening, shield volcano, caldera formation, Venus; 10687.
magma type
radiation budget, volcanic loading, climate response, aerosol, volcanic ash, eruption, ice core, sulphur gas, 07808.
magmatic arc
Tertiary, isotope geochemistry, Marambio Group, cementation, Cretaceous, concretion, Antarctica, James Ross Island, Larsen Basin; 11800.
magmatic water
isotope, Jurassic, Qaqarssuk Carbonatite Complex, geothermometry, carbonatite, Greenland; 10633.
magnafacies
magnesian calcite
benthic organism, sea water, calcium carbonate, marine sediment, aragonite, Sargasso Sea; 12883. biomineralogy, stromatoporoid, aragonite, Devonian, skeleton, diagenesis, USA, New York State; 12978. crystal habit, cement, sea floor, lithification, geochemistry, cathodoluminescence, Atlantic, Little Bahama Bank; 11749.
magnesite
bioherm, bacteria, cyanobacteria, biomineralisation, gypsum, calcite, USA, New York, Fayetteville Green Lake; 03528. dolomite, crystal, Permian, Guadalupian, Tansill Formation, Yates Formation, Permian, USA, New Mexico, Delaware Basin; 00122. sandstone, Precambrian, Mundallio Subgroup, Yadlamalka Formation, dolomite, Australia, South Australia, Adelaide Geosyncline; 12949.
magnesium
aluminium, dissolved organic carbon, acidic soil water, soil water chemistry, peat soil, groundwater quality, iron, calcium, sodium, UK, Scotland; 01732. aluminium, iron, calcium, sulphate, chloride, cadmium, copper, lead, snow core, volcanic emission flux, trace element, snow, precipitation chemistry, zinc, sodium, Colombia, Nevado del Ruiz; 03148. aluminium, silicon, calcium, titanium, iron, sulphur, chlorine, aerosol, calcium sulphate, X-ray spectrometry, particle, Japan, Nagasaki; Nagoya; Pacific, (North); 00843. cadmium, lead, groundwater contamination, heavy metal, industrial pollutant, waste water treatment, iron, copper, India, Aligarh City; 06369. cadmium, silicon, sulphur, marine aerosol, soil particle, aerosol, urban atmosphere, carbon, sulphate, nitrate, ammonium,, chloride, aluminium, sodium, copper, nickel, potassium, zinc, calcium, manganese, Japan, Sapporo; 03199. calcite, organic matter, pore water, dolomitisation, 10639. calcium, aerosol salt, surface water quality, sodium, chlorine, ion concentration, atmospheric deposition, stream water chemistry, upland stream, UK, Wales, Plynlymon Range, River Leri; River Ystwyth; 05196. calcium, chloride, sulphate, pine needle, sea salt, marine aerosol, storm, dry deposition, sodium, potassium, Sweden; 03219. calcium, dissolved silica, hydrograph separation, end member mixing analysis, acidic deposition, surface water chemistry, soil water chemistry, soil water end member, alkalinity, sulphate, sodium, USA, Georgia, Panola Mountain Catchment; 04099. calcium, fluoride, chloride, bromide, nitrate, sulphate, precipitation, nitric acid, sulphuric acid, hydrochloric acid, precipitation chemistry, sea salt, sodium, potassium, ammonium, Japan, Tokyo; 00856. calcium, waterlogged clay, clay, 00383. chloride, cloud water, fog water, Rotating Arm Collector, Caltech Active Strand Cloudwater Collector, droplet chemistry, nitrate, sulphate, ammonium, sodium, calcium, USA, California, Santa Barbara Channel; 04421. chromium, manganese, iron, cobalt, nickel, copper, zinc, lead, sodium, chloride, calcium, sea water, aerosol, Antarctica; Chile; 03168. copper, nickel, zinc, cadmium, lead, pollution, particulate, aerosol, manganese, iron, Chile, Santiago; 03173. Cretaceous, botryoidal cement, calcite, aragonite, cement, Mediterranean; 12938. desorption, pH, Eh, iron, 02769. deuterium, hydrograph separation, isotopic tracer, overland flow, subsurface flow, chemical hydrograph, geochemical tracer, silica, Canada, Canadian Shield; 13325. estuary, trace metal, adsorption, salinity, calcium, Yugoslavia, Krka River; 11678. exchangeable cation, tensile strength, soil mechanical property, sodium, calcium, potassium, shear strength, 13221. exchangeable magnesium, water drop kinetic energy, infiltration rate, sodium-calcium-magnesium soil, soil structure, soil sealing, kinetic energy effect, 06335. fluid flow, precipitation, dolomitisation, dolostone, 11732. fluorine, sea water, apatite, bacteria, carbonate, 08281. hydrothermal mineral, tosudite, serpentinisation, shale, black shale, USSR, Carpathians, Glavny Marmarosh; 09421. iron, manganese, rice, redox regime, Chernozem, meadow-Chernozem soil, calcium, 12078. isotopic evidence, hydrogeochemical process, groundwater chemistry, carbonate chemistry, calcite saturation, strontium, sulphate reduction, methane fermentation, sodium calcium ion exchange, calcite dissolution, nitrate reduction, saline groundwater, organic carbon oxidation, UK, England, Lincolnshire Limestone; 11081. manganese, zinc, aluminium, iron, fertiliser, solubility, calcium, 01564. Miocene, Holocene, ooze, chalk, aragonite, Indian Ocean, Maldives Archipelago, ODP Site 716; 03622. oxygen isotope, volcanic material, interstitial water, pelagic deposit, calcium, Weddell Sea; 03669. phosphorus, potassium, microbial activity, Haploboroll, microwave-radiation treatment, incubation effect, resin-extractable nutrient, calcium, USA, Montana; 12095. potassium, nickel, lead, zinc, cadmium, chromium, aerosol, heavy metals, particle, sampling, sulphate, calcium, iron, Spain, Valladolid; 03179. potassium, surface level concentration, deposition, dry deposition, aerosol, precipitation, scavenging ratio, calcium, sodium, 07887. potassium, vermiculite, X-ray powder diffraction, interstratification, ion exchange, Malawi; 03679. salt type, precipitation, bromine, chloride, potassium, Poland, Puck Gulf; 12932. sea water, diagenesis, organic matter, adsorption, ion exchange, marine sediment, 08275. sea water, sea salt, convective mixing layer, deposition, snow melt run off, snow chemistry, sulphate, sodium, chloride, Japan, Sapporo; 04405. sodium, calcium, subsurface flow, silicate hydrolysis, acid neutralisation capacity, surface water chemistry, precipitation chemistry, throughfall chemistry, soil water chemistry, forest catchment, potassium, Spain, Montseny Mountains; 04090. sodium, montmorillonite, binary miscible displacement, ternary miscible displacement, exchange selectivity coefficient, Sharkey clay soil, cation mobility, calcium, USA, Louisiana; 12092. sodium, potassium, fire, preharvest burning, stream flow, water quality, nutrient, nitrate nitrogen, ammonium nitrogen, phosphate, calcium, 06323. sodium, potassium, pH, deposition, fossil fuel, cement, long range transport, acid precipitation, sulphate, acidity, alkalinity, nitrate, chloride, fluoride, ammonium, calcium, USA, New York, Albany; 04436. sodium, sulfite, nitrite, acid deposition, dry deposition, nitrate, carbonate, sulphate, dew chemistry, frost, potassium, calcium, USA, Indiana, Indianapolis; 05512. soil chemistry, biogeochemistry, tree species effect, soil acidification, exchangeable cation, litterfall, aluminium, 13234. strontium, Pleistocene, Pliocene, interstitial waters, isotopic composition, Caribbean Sea, ODP Hole 671 B; Barbados Ridge, ODP Hole 671B; 02369. strontium, salinity, hydrochemistry, ostracode, Pleistocene, lacustrine deposit, palaeohydrochemistry, Spain, Baza Basin; 00280.
magnesium chloride
groundwater quality, groundwater hydrodynamics, salinity, land reclamation, 02952.
magnesium decline
acidification, inorganic monomeric aluminium, surface water quality, stream water chemistry, soil acidification, sulphate reduction, base cation reduction, calcium decline, Norway, Birkenes Catchment; 04085.
magnesium oxide
diagenesis, faulting, Pliocene, Quaternary, deep-sea sediment, dolomite, Tyrrhenian Sea, Vavilov Basin; Gortani Ridge; Tyrrhenian Sea, Marsili Basin; 00146.
magnesium uptake
Fragiaquic Paleudult, Barber-Cushman model, nutrient uptake, 00419.
magnetic anomaly
MAGSAT, satellite magnetic observation, geological analysis, South America; 03418. seafloor, reflectivity pattern, volcaniclastic, pelagic sediment, Pacific, Lau Basin; 08189.
magnetic anomaly map
POGO satellite, 02096.
magnetic field approximation
centred dipole coordinate, geomagnetism, geomagnetic time, Antarctica, Scott Base; 07942.
magnetic field component
wave phenomenon, VLF, Poynting flux, 03393.
magnetic field experiment
satellite, search coil magnetometer, fluxgate magnetometer, 03389.
magnetic filtration
paramagnetic dust, particle, cupric oxide, sampling, 00683.
magnetic measurement
anomaly survey, geodetic survey, gravity measurement, Latin America; Bolivia; Dominican Republic; 13775. pollen analysis, particle size, sedimentation, Pleistocene, climatic change, China, Yunnan, Kunming Basin, Dianchi Lake; 00035.
magnetic overprint
Brunhes Chron, turbidite, magnetostratigraphy, Tyrrhenian Sea, ODP Hole 650A; 00100.
magnetic polarity record
accumulation rate, sedimentation, Miocene, Argentina, Bermejo Basin;

02394.
magnetic polarity reversal
comparison, post Miocene, diagenetic history, eustatic history, model, data, sea level, Pacific, Enewetak Atoll; 02685.
magnetic polarity stratigraphy
stratotype, biozonation, Neogene, Mio-Pliocene boundary, Tortonian-Messinian boundary, Tyrrhenian Sea; 00014.
magnetic property
geochemical property, soil, Triassic substrate, colluvium, agricultural practice, UK, England, West Midlands; 02733. pollen analysis, landuse change, soil erosion, Holocene(Late), lake sediment, France, Petit Lac d'Annecy; 10846.
magnetic resonance tomography
imaging technique, medical diagnosis, digital radiography, 03300.
magnetic reversal
correlation, till, glaciation style, glacioisostasy, glacial deposit, Hoxnian, Holsteinian, UK; Europe; 11946.
magnetic separation
soil fraction, particle fractionation, Paleustollic Torrert, adsorption, desorption, phosphate sorption, phosphate desorption, Turkey; 07362.
magnetic study
speleothem, fall rate, watertable, thermal water, de gassing, cave genesis, multi storey dissolution maze, phreatic water, groundwater, joint system, corrosion effect, spring migration, uranium series dating, USA, South Dakota, Black Hills, Wind Cave; Jewel Cave; 10721.
magnetic susceptibility
accumulation rate, Holocene, elm decline, palaeoenvironment, anthropogenic, lake sediment, UK, Northern Ireland, Lough Catherine; 00027. environment, physical property, acoustic property, deep sea sediment, palaeoclimatic implication, climatically driven change, sedimentation rate, meltwater, Termination Ia, Arctic, Eurasian Basin; 02619. high resolution stratigraphy, planktonic foraminifer, sediment accumulation rate, SPECMAP, Milankovitch periodicities, Pleistocene(Late), periodicity, oxygen isotope ratio, calcium carbonate, Indian Ocean, ODP Site 728A; Arabian Sea, ODP Site 728A; 11923. Kumaon Lake sediment, sedimentation rate, radiocarbon, chronology, India, Kumaon Himalayas, Naini Tal District; 02631. loess, ferromagnetic mineral, paramagnetism, unweathered loess, paleosol, ultrafine magnetite, palaeoclimate condition, China, Loess Plateau; 11914. magnetic susceptibility record, loess, dating, orbital frequency, Quaternary, palaeoclimate, China, Loess Plateau; 09594. microstructure, tectonic overprinting, stress orientation, Cretaceous(Late), Recent, tectonic stress, basalt dyke, Italy, Sicily, Capo Passero; 07170. orbital forcing function, cyclicity, Milankovitch cycle, nonlinear response, Quaternary record, deep sea sediment core, GRAPE density, carbonate content, Southern Ocean, ODP Hole 704A; Atlantic, (South); 11934. particle size distribution, organic matter, soil boundary, soil survey, USA, Oklahoma; 09651. periodicity, dust, upwelling, aeolian deposition, monsoon, 12896. radiocarbon date, carbonate, lithostratigraphy, cyclical record, Kenya, Lake Turkana; 10523.
magnetic susceptibility anisotropy
matrix fabric, frost disturbed soil, anisotropy, sorted patterned ground, freeze thaw process, USA, Colorado; 03915.
magnetic susceptibility record
loess, dating, orbital frequency, Quaternary, palaeoclimate, magnetic susceptibility, China, Loess Plateau; 09594.
magnetic variation
loess, palaeosol, pedogenic origin, China; 01419.
magnetic-electromagnetic measurement
geological regional investigation, geological structure, graben, horst, dyke, fault, semi arid area, low transmissivity, groundwater resource, sandstone aquifer, geophysical survey, airborne survey, Botswana, Kalahari; 06413.
magnetism
atmospheric deposition, palaeolimnology, lake, soot particle, trace metal, USA, New York State, Adirondack Mountains, Big Moose Lake; 05815.
magnetite
coast, amphibole, epidote, heavy mineral, beach sand, France, Western Channel, Lannion Bay; 05835. ilmenite, glaciers, comminution, rate of comminution, transport distance, basal till, transport, USA, New York, Adirondack Mountains; 13117. mineral magnetic record, loess, paleosol, oxygen isotope record, pedogenic formation, China; 07198. sulphide, Holocene, anoxic sediment, UK, Scotland, Loch Ba; 10665. thin section petrology, sandstone, provenance, Holocene, sand, heavy mineral, 05972.
magnetobiochronology
high resolution, planktic, stable isotope record, spectral analysis, Ocean Drilling Program, biostratigraphic, USA, Mississippi River; Gulf of Mexico; 03860.
magnetosphere
thermal ion mass composition, ion mass spectrometer, 03395.
magnetospheric activity
aurora dynamics, 03397.
magnetostratigraphic
climatic information, stratotype, paleomagnetic study, pollen analysis, Pliocene Pleistocene boundary, Italy, Crotone, Vrica; 03850.
magnetostratigraphic dating
mid Weichselian, ice dammed lake, Norwegian imprint, Rosnaes Advance, sedimentological, geochemical study, Denmark, Zealand, Istebjerg; 05005.
magnetostratigraphic evidence
groundwater discharge, discharge playa, playa sequence, deposition rate, Uluru Clay, Winmatti Bed, Blanchetown Clay, Tyrrell Beds, palaeolake, Bungunnia, deflated material, gypseous dune, dune, aridity, dune building, sedimentological evidence, Australia, Northern Territories, Amadeus Lake; 13105.
magnetostratigraphic study
climatic change, beryllium, isotopic tracer, aeolian process, loess, China; 00016.
magnetostratigraphy
astronomical calibration, Pleistocene(Lower), timescale, foraminifera, oxygen isotope record, Milankovitch, SPECMAP, Pacific, ODP Site 677; 09546. climatic cycle, loess, Baoji type section, pedostratigraphic section, stratigraphic nomenclature, geosol, China, Loess Plateau, Baoji; 08490. magnetic overprint, Brunhes Chron, turbidite, Tyrrhenian Sea, ODP Hole 650A; 00100. oxygen isotope record, sedimentation, eustatic curve, unconformity, Pleistocene, New Zealand, Wanganui Basin; 02356. palaeomagnetic age, Plio Pleistocene, Tsunozu Formation, sedimentation rate, pollen stratigraphy, Japan, San'in District, Tsunozu Area; 04952. scavenger, beryllium-10, cosmogenic radionuclide, accumulation rate, sedimentation rate, Arabian Sea, Owen Ridge; Indus Fan; Arabian Sea, ODP Site 720; Arabian Sea, ODP Site 722; Arabian Sea, ODP Site 728; 11701. sea level, coral atoll, atoll magnetostratigraphy, record calibration, eustatic record, palaeomagnetic measurement, core, French Polynesia, Mururoa Atoll; 08504.
magnetotelluric survey
active fault system, geophysical survey, strike slip fault, tectonic block, microearthquake, Japan, Kinki District; 09504.
magnetoviscosity
soil horizon age, ash soil, relative dating, USSR, Kamchatka; 09709.
magnitude
frequency, sediment transport, agricultural catchement, paired lake catchment study, experimental catchment, UK, England, Warwickshire, Seeswood Pool; Merevale Lake; 02732.
magnitude order
buried relief, pre Akchagyl relief, pre Apsheron relief, thalweg length, erosional form, palaeogeomorphological reconstruction, USSR, Volga Basin, Saratov Region; 08347.
magnitude-frequency relation
recurrence interval, ice sheet, glacier, catastrophic flood, definition, Quaternary, UK; 01438.
magnitude-frequency relationship
alluvial landform, flood flow, point bar, aerial photography, dendrochronological evidence, primary alluvial landform, USA, Tennessee, Cumberland Plateau; 00213.
Magnus Sandstone Member
hydrocarbon exploration, permeability, Jurassic, leaching, sandstone, fresh water, porosity, North Sea, Magnus Oilfield; 06957.
MAGSAT
satellite magnetic observation, geological analysis, magnetic anomaly, South America; 03418.
main channel
flood plain, shear stress distribution, discharge calculation method, steady flow, uniform flow, channel hydraulics, 01662. Mannings resistance coefficient, Darcy-Weisbach resistance coefficient, compound channel, flow resistance, channel hydraulics, flood plain, 01661.
main channel flood plain interaction
bank flooding, flood plain hydraulic, flood wave attenuation, 05182.
Main Dolomite
dolomitisation, carbonate, sabkha, evaporite, Zechstein, Permian, Poland, Leba Elevation Area; 01281.
Main Stationary Line
Bovbjerg profile, Holsteinian marine clay, Saalian till, sandur, stockwerk, thrust fault imbrication, kinetostratigraphical unit, glaciodynamic structure, Denmark, Jutland; 00298. Quaternary statigraphy, glacial deposit, lithostratigraphy, Elsterian glaciation, melt water sedimentation, Saalian glaciation, ice advance, Denmark, Jutland; 05006.
mainframe computer
microcomputer, XYNIMAP, 01050.
mainstream length-drainage area relationship
length-area relation, drainage basin geometry, fractal interpretation, 01651.
maintenance
DBMS, data dictionary, file format information, data entry menu, 01060.
maize
cassava, soil surface temperature, crop cover, surface temperature, vegetative cover, biomass, potato, USA, Hawaii; 08870. chlorophyll, benzyladenine-6, ozone, hydrogen fluoride, foliar senescence, 00808. cultivation, mineralisation, carbon, carbon-13, tillage, organic carbon, 07340. legume, ridging, subsoiling, disc harrowing, soil physical property, tillage, Nigeria, Kurmin Biri; 05064. tillage, mulching, soil water transmissivity, sorptivity, saturated hydraulic conductivity, macroporosity, Ultisol, Nigeria, Nsukka; 09766.
maize crop
soil temperature gradient, soil moisture gradient, Bowen ratio, dew rise, dew fall, dew formation, energy balance, Leick plate, 04024.
maize field
irrigation, water management, nitrate-nitrogen leachisng, groundwater quality, crop yield, agricultural practice, fertiliser, 13448.
maize species suitability
agrometeorological study, rainfall probability, Zambia; 11166.
maize yield
corn yield, agricultural drought, El Nino, USA; 07806.
major anions
major cations, total acidity, radionuclide, oxygen isotope, glacier, snowpit, glaciochemical survey, ice core investigation, Greenland; 01748.
major cations
total acidity, radionuclide, oxygen isotope, glacier, snowpit, glaciochemical survey, ice core investigation, major anions, Greenland; 01748.
major element
minor element, aluminium, sediment mixing, trace metal, suspended matter, estuary, surface water quality, Netherlands, Rhine River; Meuse River; 08745.
major element analysis
ash, sulphuric acid, volcanic acid deposition, microparticle, volcanic horizon, Antarctica; 03147.
major ion
alkalinity, electrical conductivity, sample collection, trace element, sampling method, surface water, water quality analysis, New Zealand;

13356. conifer forest, aerosol, nitric acid vapour, dry deposition, coarse particle, rain chemistry, nitrate, ammonium nitrate, acid deposition, nitrogen, USA; Germany; 05510. specific yield, sedimentary rock, pasture, forest, slope, base flow, organic species, surface water quality, water chemistry, lithology, landuse, topography, hydrology, New Zealand; 11028.

Majut Member
Precambrian, Eriksfjord Formation, graben, conglomerate, braidplain, Greenland, Gardar Province; 03634.

makatea
MacDonald hot spot, Pacific plate, residual volcanic relief, geomorphological evolution, coral reef, Pacific, Southern Cook Island; French Polynesia, Austral Islands; 08382. reef facies, notch, Holocene, sea level, lithospheric flexure, geomorphology, volcanic island, rim, elevated limestone, Cenozoic, reef limestone, Pacific, Cook Islands, Makatea Islands, Mauke; Mitiaro; Pacific, Cook Islands, Makatea Islands, Atiu; 11873.

makatea limestone
reefal limestone, uranium series dating, flexure, lithospheric flexure, Quaternary(Late) reef, uplift, stratigraphy, chronology, Pleistocene(Late) reef, sea level, coral reef, Pacific, Cook Islands, Makatea Islands; 10808.

malachite green method
soil testing, Olsen extract, Bray no. 1 extract, phosphorus, 13277.

malacofauna
climatic implication, loess belt, sedimentary interpretation, biozone concept, ecostratigraphy, biogeography, Pleistocene, pleniglacial, France, Alsace, Achenheim; Europe; 03846. late Quaternary, loess-like deposit, loam, molluscan assemblage, last glacial period, Poland, Carpathians; 11970.

malacological result
lithostratigraphy, Dunaujvaros Tapiosuly loess complex, loess, Wurm period, Hungary, Lakitelek; 10757.

malacology
Geologists' Association, Kennard,A.S.(1870-1948), Mollusca, Quaternary stratigraphy, 06074.

Malbaie Formation
cyclic layering, conglomerate, sand transport, Devonian, braid plain deposit, Canada, Quebec, Gaspe, Pointe Saint-Pierre; 10502.

Maldon till
till, lithofacies, Lowestoft till, Blakenham and Bramford till, Barham till, Creeting till, colour difference, Newney Green till, Great Waltham till, Hornchurch till, UK, England, East Anglia; 13142.

maleic anhydride
nitrobenzene, methyl bromide, phosgene, toxic contaminant, reaction rate, atmospheric persistence, ozone, hydroxyl radical, nitrate radical, aliphatic, aromatic toxic organics, chloroprene, hexachlorocyclopentadiene, cresol, nitrosamine, 10206.

maleic hydrazide
mineral soil component, adsorption capacity, sorption-desorption, iron oxide, fibrous clay, smectite, 13255.

mammal
stratigraphy, sedimentology, mammoth, bison, bone bearing sediment, McConnell Glaciation, Wisconsinan(Middle), Canada, Yukon Territory, Ketza River; 13147.

mammal site
Old Crow tephra, volcanic ash, last interglaciation, USA, Alaska, Yukon, Palisades; 10776.

mammalian fauna
succession reconstruction, faunal succession, Quaternary(Late), Japan, Toyohashi, Suse Quarry; 08492.

mammoth
bison, bone bearing sediment, McConnell Glaciation, Wisconsinan(Middle), mammal, stratigraphy, sedimentology, Canada, Yukon Territory, Ketza River; 13147. Mammuthus primigenius, stratigraphical position, dating, Pleistocene(Late), environment, Denmark; 07267. permafrost, construction, foundation, USSR; 13189.

Mammuthus primigenius
stratigraphical position, dating, Pleistocene(Late), environment, mammoth, Denmark; 07267.

man
post glacial woodland, charcoal analysis, pollen analysis, fire climax woodland, anthropogenic fire, fire, UK, England, East Anglia; 05018.

man induced
morphogenesis, wind erosion, wave abrasion, technogenic process, water erosion, USSR, Astrakhan, Aksarai; Volgograd; 03844.

man machine communication
analytical plotter, Window, 07918. Window, photogrammetric procedure, analytical plotter, 07917.

man made intrustion
temperature, humidity, wind, cave environment, airflow, USA, South Dakota, Wind Cave; 13546.

management
aeolian activity, foredune, dune classification, 10514. artificial intelligence, forest, Canada; 02229. coastline change, training wall, erosion, fishing, Malaysia, Kelantan State; 11713. dune, engineer, conservation, plant community, animal community, Netherlands, Delta Coast; Wadden Island Coast; Netherlands, Holland Coast; 10548. dune, human impact, geomorphology, coastal dune, France; 04743. dune, shore, France; 04744. foreshore, beach, tide, planning, Spain, Las Palmas, Las Canteras beach; 06998. GIS, environment, GIS standards, knowledge based GIS, education, 02137. groundwater over-exploitation, carbon isotope analysis, sampling, groundwater resource, Indonesia, Jakarta Basin Aquifer; 04167. institutional arrangement, GIS, 05623. intergovernmental network, GIS, USA, Nevada, Clark County; 13972. lagoon, accretion, tidal level, spartina anglica, geomorphology, France, Brittany, Kernic Bay; 10535. land classification, surface water quality, land process classification, water quality, computer mapping, China, Tanshui River Basin; 01415. land, GIS, LIS, 02283. neutron activation analysis, estuary, metal, periodic table, suspended material, China, Huanghe River; 04737. park management, three dimensional GIS, GIS, Taiwan, Yangmingshan; 09199. park, beach resource, estuary, erosion, urban park, shoreline, USA, New York, Conference House Park; 00104. planting, land registry, forest cover, expert system, pest related management, Canada, Quebec; 13945. prediction, estuary, model, water quality, USA, Atlantic Coast; 04878. public sector, data sharing, information sharing, 13835. remote sensing, forest survey, Canada; 02225. spatial database, algorithm, data structure, knowledge engineering, computer network, GIS, 13817. strategy, growth stage, 13813. Thematic Mapper, quantitative relationship, forest growth, reflectance measurement, Canada, New Brunswick; 11567. vegetation, mapping system, conservation, Australia, Tasmania; 02242. water supply, cropland, erosion, sedimentation, recreation, transportation, USA, Missouri; 12900. wind, erosion, sand dune, perched dune, cliff, nourishment, USA, Lake Superior; Lake Michigan; Canada, Lake Superior; 03586.

management aspect
digital map, cadastral map, 10473.

management guideline
atrazine, water quality, Canada; 07601. glyphosate, water quality, 07600.

management history
lime requirement, pH variation, spatial pH variation, acid soil, Australia, New South Wales, Southern Highlands; 08637.

management information system
computer technology, GIS, Netherlands; 10319.

management issue
GIS, land evaluation, computer based technique, landuse planning, UK, Scotland; 11645. labour market analysis, storage structure, geographical resolution, network access, 01045.

management language
query language, updating mechanism, database formalism, database system, 08016.

management model
hydraulic head, hydraulic conductivity, monitoring programme, groundwater hydraulics management, groundwater withdrawal, 09858. optimal withdrawal rate, head level, hydraulic conductivity, monitoring programme, water management, groundwater hydraulics, 09926.

management plan
resource degradation, coastline, coastal protection, UK, England, Dorset; Hampshire; 08201.

management practice
soil mapping unit, crop response, 00435. tallgrass prairie ecosystem, SPOT, textural algorithm, spring fire, USA, Kansas, Konza Prairie; 12752.

management project
cadastral project, private sector management, 06792.

management response
erosion productivity model, land degradation, land-use model, Erosion Productivity Model, Theoretical Erosion Productivity Model, 01495.

management simulation
planning, gaming tool, thematic mapping, 06934.

management structure
water supply policy, efficient resource use, water resource planning, water resource management, Australia; 04172.

management system
soybean, yield response, depths of erosion, fragipan soil, 03935. SPOT, technology transfer, cartographic base, Thailand; 02150.

management training
GIS, remote sensing, emergency response, 01155.

management use
remote sensing, data, landscape, protected landscape management, 09201.

managing change
geographic information, policy maker, 01043.

Manang
Buradhan, Omdu, moraine, monsoon, glacial landform, glacial advance stage, Annapurna, Little Ice Age, Gangapurna, Neoglaciation, Pisang, Nepal, Himalayas, Manang Valley; 03884.

Manchidani Unconformity
Rokko Movement, Pleistocene(Middle), fault block movement, sea level rise, Osaka Group, Japan, Kinki; 08502.

Mancos Group
Cretaceous, marine rock, facies, sandstone, shale, Frontier Formation, USA, Colorado; Utah; 01270.

Mancos Shale
Tocito Sandstone, organic carbon, source potential, Cretaceous, USA, New Mexico, San Juan Basin; 11788.

Manda Bed
Triassic, diagenesis, porosity preservation, laumontite, zeolite, Tanzania, Ruhuhu Basin; 08272.

Mane Ting Formation
sedimentation, sand, gravel, transportation, debris flow deposit, Ordovician, India, Himalayas, Black Mountain Basin; Bhutan; 04807.

manganese
abyssal depth, radiolarian, sedimentation rate, nodule, erosion, deep sea sediment, Indian Ocean, Central Indian Basin; 07027. atmospheric deposition, aerosol, trajectory analysis, long range transport, continental source region, scavenging, dust transport, lead, copper, France, Corsica; Africa, Sahara; 06586. bacteria, biogenic metal accumulation, shelf zone, coagulation, microorganisms, gold, copper, 08262. biogeochemistry, sulphate, reduction, denitrification, glucose, iron, USA, Gulf of Maine, Jeffreys Basin; Wilkinson Basin; 10641. biological, Quaternary, alluvium, iron, Morocco; 03664. boron, calcium, molybdenum, forest plant, herbarium plant, precipitation, soil acidification, mineral weathering, strontium, titanium, zinc, cadmium, rubidium, potassium, Norway; 00933. bromine, iodine, mercury, copper, aerosol, particulate, remote atmosphere, urban atmosphere, zinc, vanadium, arsenic, Italy; 03176. cadmium, copper, cobalt, chromium, biomass, pollution, trace element, grassland, nickel, lead, zinc, iron, Czechoslovakia, Ostrava; 00910. cadmium, zinc, nickel, metal solubility, forest, ecosystem, pH, aluminium, Sweden; 01603. calcite growth, calcite overgrowth, metal, precipitation rate, seawater, 05929. calcite, emission colour, cathodoluminescence, 04871. carbonate, Jurassic, shale, radiolarian, rhodochrosite, Japan; 09319. CCD, Antarctic Bottom Water, ferromanganese

crust, cobalt, nodule, Pacific, (Central); 12888. chloride, sea water, fluid advection, subduction, accretionary wedge, methane, Caribbean Sea, Barbados Accretionary Complex, Leg 110; Leg 110; 08240. concretion, radiolarian, iron, Indian Ocean, Central Trough; 10578. copper, root plaque, iron oxide, Phragmites australis, Canada, Ontario, Quebec; 00420. copper, trace metal, estuary, tidal zone, marine zone, surface water quality, seasonal variation, iron, zinc, India, Vellar Estuary; 02875. copper, zinc, arsenic, cadmium, lead, inversion, particulate, aerosol, pollution, impactor, principal component analysis, trace metal, sodium, vanadium, Switzerland, Berne; 05509. copper, zinc, lead, nickel, particle size distribution, heavy metals, urban air, particulate, iron, Korea, (South), Seoul; 03181. Cretaceous, anoxic water, Cenomanian, Turonian, isotopic composition, organic matter, 12974. deep sea bottom, nodule, impact, mining, mineral resource, 04766. estuarine variability, surface water chemistry, salinity level, turbidity maximum zone, particle microstructure, suspended solid, carbon, iron, UK, England, Humber Estuary; Mersey Estuary; UK, England, Tamar Estuary; Germany, Elbe Estuary; 08753. hydrogen peroxide, ozone, rain water, sulphur oxidation, iron, cobalt, vanadium, chromium, Japan; 00850. hydrothermal, dolomite, backarc basin, volcanic arc, subduction zone, Tyrrhenian Sea; 00096. interstitial water, organic carbon, speciation, Japan, Lake Fukami-ike; 10528. iron oxide, akaganeite, goethite, haematite, 12990. iron, cobalt, nickel, copper, zinc, lead, sodium, chloride, calcium, sea water, aerosol, magnesium, chromium, Antarctica; Chile; 03168. iron, fluoride, chloride, bromide, nitrate, sulphate, urban atmosphere, aliphatics, PAH, lead, copper, Spain, Barcelona; 03175. iron, magnesium, copper, nickel, zinc, cadmium, lead, pollution, particulate, aerosol, Chile, Santiago; 03173. iron, micronodule, deep sea sediment, sediment water interface, ferromanganese, Indian Ocean, Central Indian Basin; 10579. iron, nutrient deficiency, soil chemical property, micronutrient, zinc, copper, India; 13299. lead, lake water chemistry, effluent, domestic sewage, agricultural runoff, hydrochemistry, pollution status, Himalayan lake, India, Kashmir; 02853. lead, zinc, chromium, nickel, vanadium, trace metal, wet deposition, sampling protocol, precipitation, cadmium, copper, iron, Sweden; 04441. long range transport, scavenging, Saharan dust, transport event, deposition, precipitation, aerosol, copper, Mediterranean Sea; 13733. magnesium, cadmium, silicon, sulphur, marine aerosol, soil particle, aerosol, urban atmosphere, carbon, sulphate, nitrate, ammonium,, chloride, aluminium, sodium, copper, nickel, potassium, zinc, calcium, Japan, Sapporo; 03199. Messinian, Miocene, Pliocene, shale, mudstone, lead, zinc, copper, Tyrrhenian Sea; 00097. nodule density, anisotropic nodule, sound propagation, Indian Ocean, Central Indian Ocean Basin; 12897. nodule, crust, fluorine, sea water, iron-manganese nodule, 00085. nodule, isotope, metal flux, accretion, Indian Ocean, Central Indian Basin; 04763. nodule, pelagic sediment, carbonate, back arc basin, continental margin, pH, redox potential, 08186. nodule, sedimentation, accretion rate, Atlantic, Madeira Abyssal Plain; 11696. nodule, solution rate, sea water, solubility, water bottom interface, pelagic water, 07019. ocean, atmospheric carbon dioxide, redox cycle, spike, glacial interglacial boundary, rapid deposition, 11917. organic matter, seafloor, Miocene, CCD, bottom current, nodule, fracture zone, Pacific, Clipperton Fracture Zone; Clarion Fracture Zone; 12887. palaeomagnetic technique, iron manganese nodule, radioisotope, nodule core, 05865. pelagic sediment, micronodule, sand, silt, nickel, Pacific, (North), Clarion-Clipperton Ore Province; 05870. phytoplankton, biosorption, 00174. plutonium, americium, nuclear fuel, metal, iron, UK, England, Sellafield; 02382. porewater, bacteria, organic material, sulphate, reduction, freshwater, lake sediment, iron, 03525. redox potential, Alfisol, Ultisol, secondary iron accumulation, landscape position, secondary manganese accumulation, geomorphic position, iron, USA, North Carolina, Piedmont; 10930. rice, redox regime, Chernozem, meadow-Chernozem soil, calcium, magnesium, iron, 12078. Secondary Drinking Water Standards, groundwater recharge, groundwater contamination, pollution potential, dry well drainage, volatile organic compound, lead, chromium, pesticide, nickel, USA, Arizona, Pima County; 04139. soil sectioning, chemical extraction, iron, 01577. sulphate, permanganate value, alkalinity, iron, chloride, total hardness, groundwater chemistry, Quaternary waters, Tertiary waters, Poland; 02971. suspended load, anoxic water, oxyhydroxide, Baltic Sea, Landsort Deep; 07112. titanium, elemental composition, chlorine, iodine, arsenic, nitrate, ammonium, sulphate, vanadium, zinc, trace element, aerosol, bromine, aluminium, calcium, cobalt, iron, potassium, lanthanum, Arctic; Canada, Ellesmere Island, Alert; 02030. todorokite, host rock, cement, enrichment, concretion, Nigeria, Igarra; 03656. toxic substance, water quality model, parameter estimation, hydrolysis process, chemical redox process, redox process, oxidation, iron, 09833. zinc, aluminium, iron, fertiliser, solubility, calcium, magnesium, 01564.

manganese compound
manganese transformation, compound migration, organic compound, podzolic soil, 10893.

manganese concentration
nuclear disintegration, alpha activity ratio, groundwater quality, isotopic disequilibrium, uranium, iron concentration, USA, Kansas; 11062. surface water quality, metal concentration, oxidation process, iron concentration, Canada, St Lawrence River; USA, St Laurence River; 08746.

manganese crust
constant flux model, high resolution profile, manganese response, ocean, climatic cycle, Quaternary, high depth resolution, crustal growth rate, Pacific; 08451.

manganese dioxide
sampling, particulate carbon, carbon, thermal oxidation, aerosols, flame ionisation detector, carbonate, 02058.

manganese distribution
aggregate, autoradiography, manganese movement, 07370.

manganese iron oxyhydroxide
rare earth element, crust, hydrothermal input, oxyhydroxide, nodule, Atlantic, Cape Verde Abyssal Plain, Krylov Seamount; 07021. seamount, basalt, geochemistry, oxyhydroxide crust, volcanic breccia, mineralogy, formation condition, Atlantic, Krylov Seamount; 07020.

manganese movement
manganese distribution, aggregate, autoradiography, 07370.

manganese nodule
accretion rate, biogenic silica content, nodule, Pacific, (Southwest); 01252. iron oxide, trace element, nodule, coral, encrustation, sulphide deposit, Indonesia, Misool; 00088. iron rich nodule, image analysis, pore structure, macroporosity, soil mesomorphology, soil horizon, 09718. nodule, pore size distribution, Pacific, Clarion-Clippeton Province; Guatemala Basin; 01251. sea floor, sea water, geochemical cycling, Eh, bioturbation, Canada, Gulf of St. Lawrence; 00086. seamount, atoll, hydrothermal, Pacific, Manihiki Plateau; Cook Islands; 02374. submarine volcanism, black coral, Italy, Sicily Channel, Sciacca; 03616.

manganese oxide
micromorphology, SEM, hazardous waste disposal, iron oxide, USA, Tennessee; 01589.

manganese response
ocean, climatic cycle, Quaternary, high depth resolution, crustal growth rate, manganese crust, constant flux model, high resolution profile, Pacific; 08451.

manganese retention
water quality, wetland, iron retention, acid drainage, peat, mine drainage, cation exchange, complexation, precipitation, oxidation, 00499.

manganese soil depletion
spectral response, European beech, chlorophyll concentration, 05737.

manganese transformation
compound migration, organic compound, podzolic soil, manganese compound, 10893.

manganese:iron ratio
water depth, ferromanganese deposit, nodule, Pacific, Dampier Ridge; Lord Howe Rise; 09373.

Mangapokia Formation
accretionary wedge, Cretaceous, trench, provenance, Gondwana, New Zealand, Te Awaiti; 00114.

mangrove
delta, SPOT, infrared colour photograph, Guinea, Rio Pongo; 02244. inlet channel, shoreline, estuary, abandoned channel, South Africa, Zululand; 10537. marsh soil, coastal marsh, tanne, Madagascar; 09770. monosaccharide, microorganism, degradation, carbohydrate, peat, USA, Florida, Everglades, Shark River; 04839. oxygen flux, benthic lagoon, nutrient, respiration, tidal outwelling, Australia, Great Barrier Reef; 06986. shoreline, Holocene, Quaternary, sedimentation, sea level rise, 10626. swamp, groundwater, seepage, anoxic lagoon, nutrient release, Japan, Iriomote Island; 06984. swamp, nutrient flux, mixing, trapping, outwelling, Thailand, Klong Ngao Estuary; 07074. swamp, tidal dynamics, flushing, river plume, aquaculture, Australia, Queensland, Hinchinbrook Channel; 06985. tidal flat, bioerosive notch, coastal evolution, mid ocean ridge, karstification, cockpit karst, Pacific, Caroline Islands; Palau Islands; 13067.

mangrove deposit
tidal flat deposit, fossil pollen, peat, coastal plain, sand terrace, Malaysia, Borneo; Indonesia, Sumatra; Brunei, Baram-Belait River Basin; 00285.

mangrove ecosystem
palyno plankton stratigraphy, environmental change, Holocene, intertidal, freshwater biota, pollen diagram, transgression, regression, India, Bengal Basin; 04985.

mangrove forest
aerial photograph, stand density, Malaysia; 03433.

mangrove vegetation
tidal zone, sedimentation, uplift, palynological investigation, lake, swamp, pollen diagram, Indonesia, Celebes, Sulawesi, Danau Tempe Depression; 00284.

Manlius Formation
Rondout Formation, dolostone, Devonian, parasequence, limestone, USA, New York, Albany, John Boyd Thacher State Park, Indian Ladder Trail; 00124.

Manning n
strip cropping, discharge depth equation, flow retardation, flood flow, vegetation, overland flooding, erosion control, flow equation, Australia; 07461.

Manning's n
channel hydraulics, channel flow, vegetation, friction, Denmark; 05166.

Mannings formula
flow capacity, flow resistance, submerged vegetation, discharge-depth equation, roughness coefficient, channel flow, earthlined channel, 13330.

Mannings resistance coefficient
Darcy-Weisbach resistance coefficient, compound channel, flow resistance, channel hydraulics, flood plain, main channel, 01661.

manpower
survey method, GIS, resources analysis, Nigeria; 13764.

mantle compressibility
mantle viscosity, post glacial relaxation, viscous, stratification, compressible mantle, post glacial rebound, 07165.

mantle convection
airy compensation, gravity profile, thermal isostasy, Venus, Aphrodite Terra Highland; 10255. sea level, continental flood, mantle lithosphere dynamics, eustatic sea level, 13164.

mantle lithosphere dynamics
eustatic sea level, mantle convection, sea level, continental flood, 13164.

mantle parameter
Holocene, glacial rebound, sea level change, Fennoscandia; 06181.

mantle rheology
viscosity, Earth, post glacial rebound, rheology, lithospheric parameter, glacial isostasy, sea level, 13025.

mantle viscosity
isostatic adjustment, Frechet kernel, sea level, visco-elastic model, glacioisostasy, 13026. isostatic adjustment, glacial isostasy, rebound inversion, post glacial rebound, resolving power analysis, inverse theory, 07164. isostatic adjustment, radiocarbon dating, glacioisostacy, ICE 3G

model, Pleistocene(Late), deglaciation, sea level change, post glacial rebound, 13076. isostatic loading, lateral variation, glacial loading, hydroglacial loading, Pleistocene(Late), Holocene, sea level, 13027. model, postglacial rebound, heat flux, geoid anomaly, plate velocity, sea level, asthenospheric viscosity, deglaciation, 13029. post glacial relaxation, viscous, stratification, compressible mantle, post glacial rebound, mantle compressibility, 07165.

manual
paleosol, thin section, diagenesis, past environment reconstruction, palaeopedology, 11909.

manual digitisation
DEM, digital map revision, raster image organisation, 10369.

manual digitising
digitising, map data, error, 04486. scanning technology, error detection, geographical database, digitising, 05575.

manual forecast guideline
numerical weather prediction, occlusion development, weather forecasting, 05440.

manure
aggregation, bulk density, physical soil property, biological soil property, Neubois silty loam, 00396. contaminant concentration, surface water quality, hydrological model, nitrogen soil model, phosphorus soil model, local surface water model, discharge, groundwater quality, fertilizer, Netherlands, Hupselse Beek; 06326. decomposition, composting, humic substance, organic matter, 07355. fertiliser, herbicide, pesticide, contaminant transport, recharge flux, groundwater pollution, pollution potential, agricultural watershed, USA, Pennsylvania; 07579. peat, iron enrichment, iron organo complex, 09675. peat, iron organo complex, iron transport, 09676. phosphorus availability, Mussoorie rockphosphate, rockphosphate, 00423.

manure application
carbon, nitrogen, carbohydrate, silt loam, particle-size fraction, organic matter, 12060. cattle feedlot manure, leaching potential, Chernozemic soil, irrigation, 08577. fertiliser, cation exchange capacity, calcareous soil, organic carbon, carbon, 12065. soil physical property, rice straw, soil moisture, paddy soil, China; 12121. soil physical property, soil water retention, soil strength, matric potential, Australia, Queensland, Darling Downs; 12123. swine lagoon, bermudagrass, nutrient accumulation, lagoon effluent, effluent, soil chemistry, 07358.

map
accumulation rate, PhFD ratio, climatic event, aridity, opal phytolith, freshwater diatom, deep sea fan, Africa, Zaire River; Atlantic, Angola Basin, Zaire Fan; 02613. aerial photograph, pollen analysis, agriculture, dune, Netherlands, Maas Polder, Herper Dune; 00470. aerial survey, space survey, socio-economic system, Africa; 04683. bay origin, New Zealand, Taranaki Bay; 09145. Borculus,H., genealogical study, Israel, Jerusalem; 02167. cartographic representation, landscape change, atlas, Switzerland; 09139. cartographic teaching, school geography, 09165. cartography, geo scientific map, geological map, Europe; 09167. cartography, interpretation, children, 09164. children's literature, fantasy map, 10341. children, navigation, 04588. city, Canada, Toronto; 04668. complexity measure, choropleth map, 09155. CORINE, EEC, GIS, thematic mapping, land cover, Europe; 02232. data structure, digital map, Germany, Berlin; 11533. diagram, geolinguistics, 02180. diffusion, vineyard, UK; 05745. disease, health care, statistical map, 04583. erosion classification, SPOT, soil erosion, China, Deqing; 08070. erosion process, quantitative erosion assessment, regionalisation, erosion prone land, soil erosion, deflation, conservation, USSR, (European); 06229. erosion, anthropogenic impact, historical investigation, Netherlands, North Sea coast; 10666. flood hazard, landslide hazard map, Cyclone Namu, evacuation strategy, Pacific, Solomon Islands, Guadalcanal; 06066. geoecological planning, planning, geomorphological map, Germany, Mannheim; 09142. geologico economic map, industrial production, 09300. geomorphological process, legend, technogenically induced process, USSR; 02560. GIS, error, sensitivity analysis, 04547. GIS, topographical mapping, cartographic ethics, social theory, 09148. groundwater resource, groundwater recharge, water quality, hydrogeology, water table depth, hydro contour line, aquifer yield, Poland; 02969. halftone, photographic process, orthophoto, Germany; 01085. irrigation water requirement, irrigation need, climate data, soil classification, potential evapotranspiration, precipitation, root zone capacity, irrigation map, Denmark; 00634. Kopec,J., expedition, Asia; 05667. lake, water quality, precipitation, glacier, evaporation, water balance, stream flow, hydrological atlas, water resource, Switzerland; 10967. landscape ecology, coastal dune, sand dune, land management, Netherlands, Texel; 11867. map quality, design, 02168. metaphor, language, 04592. mobility map, 09151. modelling, DTM, data acquisition, 04522. multibeam, ridge bathymetry, Atlantic, Mid Atlantic Ridge; 09143. natural resource, geographical catography, ecological cartography, 08042. ocean surface precipitation, precipitation map, 09260. outdoor recreation, Canada, Ontario; 04678. paper chemistry, watermark, Italian map trade, 08027. perception, graphic image, 02185. plan, GIS, input quality, 13836. print, bibliography, Paolo Forlani, 12668. reclamation scheme, Netherlands, Haarlemmermeer; 11521. restoration, 04573. river channel, fluvial process, bathymetric map, 09269. satellite, photograph, Germany; 11525. small scale map, environmental planning, planning, Scandinavia; 09205. soil moisture, water balance, computer program, evapotranspiration, water supply, regional yield forecasting, crop yield, Mali; Niger; Senegal; 12283. soil, land use, vegetation, 02234. summer temperature, Western European summer temperature(1750-1975), Western North American summer temperature(1600-1982), radiodensitometrical study, tree ring, dendroclimatology, maximum density, temperature reconstruction, USA; Europe; 11291. survey service, UTM, projection, Asia, (Southeast); Thailand; Malaysia; Indonesia; 04589. surveying, graphics system, Switzerland, Geneva; 06796. suspended sediment yield, USLE, sediment delivery, agricultural land, UK; 02729. television report, weather forecast, France; 09161. Van Deventer,J., Sluyter,P., Netherlands, Gorinchem; 04574. Von Humboldt,A., New Spain map, Mexico; 10348. war, archive, Austria, Vienna; 11523.

map accuracy
cultural process, mapping, Inuit society, 03379.

map accuracy standard
line simplification algorithm, line sinuosity, Douglas Peucker algorithm, algorithm, 08054.

map analysis
connectivity, distance, 05620.

map based computer system
local government planning, GIS, UK, England, Oxfordshire; 10466.

map based computerised system
geographic information, index map, 03377.

map based feature extraction
surface material, material classification, database development, Landsat TM, digitised map data, USA, New York, Glens Falls; 07896.

map collection
atlas, map curator, Netherlands; 02166. early cartography, Hungary; 03370. library, Groningen, 04572. library, mines, atlas, Leningrad, 06782. map library user, 05657.

map comparison
weighted input, spatial data, missing data, 11526.

map compilation
DTM production, topographic line mapping, stereo SPOT imagery, Ordnance Survey, Yemen; 10359. population, atlas, China; 04684.

map conservation
OS, Ireland, Dublin; 02159.

map copperplate
Atlas Nouveau, Sanson copperplate, 08028.

map coverage
GIS, spatial pattern, geographical correlates exploration, 13859.

map curator
map collection, atlas, Netherlands; 02166.

map data
error, manual digitising, digitising, 04486. exchange format, digital map data, Canada, Alberta; 13876.

map data model
digital elevation model, remote sensing, mining environmental effect, surface mining, UK; 06823.

map database
mapmaking, prepress mapping, digital mapping, 05672.

map dating
medieval manuscript map, Vercelli Map, 08025.

map design
design principle, quantitative area symbol, qualitative area symbol, area symbol, 09159. history, cartography, literature, 02157. map production, 02173. symbolisation, generalisation, 05671.

map digitisation
contour line, pattern recognition, 11456. drawing conversion, hybrid technology, computer, 06718.

map digitising
geodetic control network, NTS mapping, survey network, 13774.

map element
definition criteria, linguistic approach, 10377.

map engraving
lithography, atlas production, historical atlas, Italy; 11516.

map error
GIS, land classification, vegetation pattern, USA, California; 03449. map overlay, landscape planning, GIS, 05644.

map fiche catalogue
book catalogue, Arizona State University, 03378.

map generalisation
USGS, digital line graph, ARC/INFO, GIS, digital map, 11498.

map ground detail
Landsat TM, sensor detail generalisation, UK, England, Barking; Reading; 06743.

map information
decision making, GIS, map use, symbol, 11528.

map interpretation
education, teaching, Germany, Wikerbach Valley; 02186.

map language
syntax, map style, 10375.

map legibility
land use, landscape, planning, 06923.

map librarianship
cartography, cartography history, map production, 02070.

map library
archiving, ERS-1, SAR, 11514. automated map retrieval system, 05656.

map library user
map collection, 05657.

map making
digitisation, Ordnance Survey, technological change, 13847. topographic service, map series, Netherlands; 05661.

map manipulation
decision support, GIS, bio physical resource, socioeconomic resource, Australia; 10324.

map name
pre MAGELLAN name, topographic feature, coordinate, Venus; 07163. visual enquiry system, cartographic enquiry system, USA; 09147.

map overlay
edge matching, digital data, GIS, quality control, USA; 06753. holographic stereogram, SPOT image, elevation model, 07935. landscape planning, GIS, map error, 05644. overlay polygon, polygon, OVERPROP, 13832. uniform grid technique, computational cartography, data structure, 01001.

map plotting
CARTOTOOL, software, WORLD DATA BASE II, 03386.

map preservation
map treatment, map repair, cartographic product, 05658. research library, bibliographic control, USA, New York State; 03376.

map processor
visual information manipulation, quantitative information manipulation, archaeological study, GIS, spatial information, Canada, British Columbia, Thompson River Valley; 06931.

map production

cartography, GIS, design, cartographic product, 01083. generalisation, linear object, mathematical index, 10352. map design, 02173. map librarianship, cartography, cartography history, 02070. navigation map, nautical chart, aeronautical chart, 05684. Prolog primitive, rule based system, cartographic name placement, 01087. reprographics, databank, 02175. SPOT, GIS, LIS, environmental monitoring, New Zealand; 13917. technology, economic limitation, political limitation, sphere, map use, 04586.

map production process
scanner, vectorising, automatic feature coding, automatic digitising, 12601.

map production system
geological engineering map, knowledge based GIS, expert system, 10339.

map projection
accuracy, cartographic education, 10372. computer plotting, 10373. distortion, coordinate system, USA; 05595. equal area, pseudocylindrical map projection, minimum error technique, 01092. GIS, data structure, 02145. non spherical world, extraterrestrial cartography, morphographic projection, 09152.

map publisher
property sketch, archival data, 12667.

map publishing
computer graphic technology, mapping technique, GIS technology, 08039.

map quality
design, map, 02168. mean value, mathematical method, 10376.

map reading
public, teaching, planning map, 04587.

map rectification
orthophoto, data accuracy, DTM, Germany, Nordrhein Westfalen; 09091.

map renaissance
wall map, landscape map, 06785.

map repair
cartographic product, map preservation, map treatment, 05658.

map resolution
elevation map, stereo image, SAR, Italy, Panamint Valley; 09178.

map revision
digital line map, orthophotomap, interactive editing, accuracy, Iraq, Bashiqa; 10370. large scale map, OS, UK; 02174. network street, GIS, GPS, Canada, Toronto, Markham; 13767. rural-urban fringe, GPS, SPOT, Canada, Ontario, Toronto; 13853.

map scanning
automation, digitisation, mensuration, 00966. data validation, GIS, digitising, 07915. digital editing, thematic map, database, 11527.

map section
cartography, Japan, Hokkaido, Ezo; 11518.

map series
map making, topographic service, Netherlands; 05661.

map style
map language, syntax, 10375.

map transformation
traffic condition, cartogram, public bath, Japan, Tokyo; 11638.

map treatment
map repair, cartographic product, map preservation, 05658.

map updating
DEM, digital technqiue, SPOT imagery, topographic mapping, 10358.

map use
cartographic community, 02184. map production, technology, economic limitation, political limitation, sphere, 04586. symbol, map information, decision making, GIS, 11528. topographic map, 05690. videodisc, surrogate travel, orienteering marker, 01086.

map user
cartography, computer, 02176. groundwater map, understanding, technical information, 01173.

maple tree
monoterpene concentration, terpene, biogenic hydrocarbon, Canada, Quebec; 06556.

mapmaking
prepress mapping, digital mapping, map database, 05672.

mapping
acidity, hydrogen, nitrate, ammonium, sulphate, Regionalized Variable Theory, spatial analysis, precipitation chemistry, UK; 10972. aerial photograph, glacier, inventory, New Zealand; Indonesia, Irian Jaya; 02270. AM/FM system, GIS, corridor model, 09135. ARTEMIS system, Meteosat mapping, rainfall mapping, evapotranspiration mapping, Africa, Sahel; 09252. atlas, cartographic development, surveying, Austria; 11531. automated recognition, landform recognition, machine learning, valley head, digital elevation model, geomorphology, 07136. cartogram, thematic map making, class interval, 06800. change detection, satellite imagery, India, Karnataka; 02211. channel network, digital elevation data, drainage density, fluvial geomorphology, 12166. civil engineering, education, surveying, Hungary; 03486. coastline, Cuba; 05666. conservation, natural resource, ecosystem, evaluation, Mongolia; 13916. coral, reef, thematic mapping, SPOT, structural mapping, Pacific, New Caledonia, Tetembia Reef; 04660. data model, data function, 04558. database, population, census, expert system, China; 11635. DEM, slope mapping, aspect mapping, 11536. DEM, SPOT, reflectance factor, 04524. digital conversion, project tracking, spreadsheet, project management, 07899. DTM, landuse mapping, France, Ardeche; 09213. education, higher education, UK; 09160. expedition photogrammetry, surveying, Arctic; 09092. facility management, computer software, digital database, GIS, 06764. feature extraction, exploratory data analysis, nonparametric mapping, linear mapping, 13796. forestry monitoring, resource inventory, India, Western Ghats; 11575. freeze-thaw boundary, SMMR, Nimbus-7 SMMR data, soil surface temperature, frozen ground, USA, (Midwest); 02694. geology, planet, 04607. GEOMATICS, spatial information, surveying, 12655. GIS, LIS, surveying, USA; 02073. GIS, LIS, USA, Virginia, Prince William County; 06921. GIS, water management, implementation cost, Canada, British Columbia, Vancouver; 13929. glacial deposit, lithology, boulder clay, sand, gravel, brick earth, drift mapping, till, UK; Ireland; 11947. groundwater contamination, DRASTIC, regional model, USA, Florida; 06901. gully, database, information system, 02201. hillside, exposure, orientation, 02170. information source, bathymetric mapping, cadastral mapping, 02248. Inuit society, map accuracy, cultural process, 03379. land information, network, survey, Canada, New Brunswick; 13812. land information, property information, cadastral base map, surveying, Canada, Alberta, Edmonton; 05775. land parcel, property register, surveying authority, Switzerland; 06915. land use management, flood frequency, return period, flood plain management, urban flood, flood hazard, Spain, Puente Genil; Nervion River; 04032. Landsat TM, digital analysis, vegetation mapping, Spain; 09240. Landsat TM, waste water mapping, pulp mill, Finland; 09271. Landsat TM, water depth, 11610. Landsat, land resource, soil, India, Karnataka; 04608. Landsat, satellite monitoring, stereoscopic coverage, topographic data, 03273. micro computer, vector, raster, 02178. mineral resource, resource, GIS, Canada, Manitoba, Snow Lake Area; 13906. mountainous area, landuse inventory, Italy, Ardeche; 11647. multi state system, social system, economic system, 09171. national mapping, land information, surveying, Australia; 03375. ocean, bathymetry, sea bottom, 04646. ocean, fracture zone, gravity anomaly, satellite, Antarctica; Australia; 02197. oceanic mapping, atmospheric mapping, multibeam mapping, Mexico; 09254. parcel indexing, property, Canada, New Brunswick; 02279. property condition, photogrammetry, land registry, Switzerland, Nidwalden; 06919. public register, GIS, Denmark; 12658. regionalisation, environmental disturbance, landuse consequence, nature management, USSR; 13915. regression model, temperature, turbidity, water quality, Italy, Sicily, Augusta Bay; 11613. remote sensing, arid region, overgrazing, accelerated wind erosion, water erosion, soil conservation, land degradation, India; 12043. remote sensing, Landsat data, geological investigation, mineral exploration, Saudi Arabia; 06822. river, plume, remote sensing, France, Rhone River; 02261. satellite imagery, land classification system, environmental mapping, 09212. settler, colony history, land company, USA, New York; 08031. smooth surface, colour map, continuous surface illustration, 09158. software, microcomputer, 13868. soil pollution, zinc, kriging, Netherlands, Geul Floodplain; 02786. soil structure mapping, vegetation structure mapping, remote sensing imagery, USSR, Siberia; 09191. space observation, lake surface decrease, water area observation, albedo, Chad, Lake Chad; 09268. SPOT data, grassland, France, Lorraine; 06866. SPOT, drainage network, 11618. surveying, database network, geomatics, Canada; 13760. surveying, educational model, industry, 04468. surveying, Hudson's Bay Company, Canada; 11513. tactual mapping, mobility, blind people, 02183. temperate region, structural mapping, SPOT, South American Shear Zone, France; 04603. Third World, natural resource, economic development, 05561. topographic information system, cartographic information system, information system, surveying, Germany; 09137. topography, precipitation data, spatial variability, kriging technique, areal precipitation, USA, Arizona; 12146. US Geological Survey, exploration, USA, Wyoming, Yellowstone National Park; 06788. work method, physical geography, field method, laboratory method, chemical investigation, statistical method, 08319.

mapping activity
tourist office, customer reservation system, tourist industry, New Zealand; 08043.

mapping agency
user assistance, digital spatial data, multipurpose database, 10320.

mapping control
geodetic datum, International Earth Rotation Service, 07949.

mapping curriculum
spatial information, data storage, mapping model, 01005.

mapping history
weather map, 09141.

mapping model
mapping curriculum, spatial information, data storage, 01005.

mapping privatisation
surveying service, mapping service, service contracting, USA; 07904.

mapping programme
digital mapping, topographic mapping, Canada, Ontario; 13886.

mapping scale
floodplain landscape, dynamic phenomenon, USSR, River Ob; 03405.

mapping science
spatial data, National Mapping Program, 05680.

mapping service
service contracting, mapping privatisation, surveying service, USA; 07904.

mapping shallow water
satellite image, airphoto, 09263.

mapping snow cover
mountain, monsoon, avalanche hazard, Afghanistan; 09177.

mapping spectrometer
total ozone, vortex dynamics, ozone depletion, ozone hole, total ozone, Antarctica; 05546.

mapping system
conservation, management, vegetation, Australia, Tasmania; 02242. geographic analysis system, atlas, computer, satellite, China; 06781. GIS, planning agency, spatial analysis, USA, California; 03481. graphic capability, CAD system, database compatibility, computer aid, 08046.

mapping technique
GIS technology, map publishing, computer graphic technology, 08039. scatterometer, wind data, ocean surface, wind divergence, 06434.

mapping unit
minesoil classification system, land use suitability group, surface mined land, minesoil mapping, USA, West Virginia; 07331.

mapping variation
clustering, epidemiology, 12822.

mapsheet
remote sensing, forest inventory database, photointerpretation, digital change detection, Canada, British Columbia; 01107.

maquis

garrigue, climatic condition, Quaternary(Late), multivariate analysis, palynological data, phytosociological data, Tenagi Philippon core, interglacial, evergreen oak forest, steppe vegetation, Greece; 10758.
Marambio Group
cementation, Cretaceous, concretion, magmatic arc, Tertiary, isotope geochemistry, Antarctica, James Ross Island, Larsen Basin; 11800.
marble
dry passage, cave expedition, Norway, South Nordland, Bjorkasen Cave; Elgfjell Cave; 10726. limestone, building stone, precipitation chemistry, National Acid Precipitation Assessment Program, mineralogical characterisation, Shelburne Marble, Salem Limestone, acid rain, USA; 00508. rainfall, solution rate, pollution, acid rain, anthropogenic influence, dissolution rate, dolomitic marble, Greece, Thessaloniki; Plagiari; 10821. weathering, industrial environment, stone deterioration, pollutant, tombstone, Australia, New South Wales, Port Kembla; 12023.
marble monument
cyanobacteria, cyanophilous lichen, biodeterioration process, rain bearing wind, lichen, weathering, pit formation, pitting rate, microorganism, wall deterioration, limestone wall, Israel, Jerusalem; Italy, Rome; 08530.
MARCHAL
three dimensional model, flow model, quality model, solute transport, pressure field simulation, velocity field simulation, particle tracking method, groundwater model, 09874.
Marchetti dilatometer test
silica sand, sand modulus, cone penetration test, 03769.
Marchetti's Flat Dilatometer
flat dilatometer test, Brazil, Rio de Janeiro, Jacarepagua Lowlands; 03773.
mare sporco
dirty sea episode(1841-1990), water mass mixing, marine environment, sea temperature minima, Adriatic Sea, Gulf of Trieste; 10034.
Margaret Glaciation
Tullabardine Interstadial, Pieman Interglaciation, Langdon Interglaciation, Baxter Interstadial, Linda Glaciation, Regenct Interglaciation, Henty Glaciation, Moore Glaciation, Cainozoic(Late), glaciation, interglaciation, interstadial, pollen analysis, weathering, Australia, Tasmania; 02641.
margin
ice sheet, albedo, Fohn event, radiation, turbulent flux, sensible heat flux, short wave radiation, energy balance model, ablation, Greenland, Nordbogletscher; Qamanarssup sermia; 01471.
marginal alignment
lake stage, spillway, deglacial thinning, outwash, Wisconsinan(Late), ice margin, recessional event, Moody South Meadows ice margin, USA, New York, Adirondack Mountains; 07231.
marginal area
forestry resource, Earth observation satellite, landuse planning, Europe; 10405.
marginal bulge
Great Escarpment, vertical tectonics, geomorphology, passive margin, intraplate margin, 13035.
marginal ice zone
aerodynamic roughness, sea ice, drag coefficient, ice, 13541. complex terrain, ice strip, local advection, advection process, surface layer, 13519. inversion, geostrophic wind, boundary layer, mean structure, ice edge, aircraft observation, Arctic; 13534. microwave, SAR, sea ice, Arctic Ocean, Fram Strait; 12792. ocean buoy data, SAR, wave energy attenuation, ocean wave dispersion, sea ice cover, Canada, Newfoundland; 12780. phytoplankton, laser measurement, chlorophyll, 01129. Winter Weddel Sea Project, temperature gradient, sea ice, ice, Weddell Sea; 06476.
marginal land
soil database, agriculture, Denmark; 04609. soil map, GIS, soil degradation, Canada, Saskatchewan; 01098.
marginal moraine
radiocarbon date, Breiseterdalen(Upper), evidence, Preboreal deglaciation, Rogen moraine, cirque moraine, peat development, deglaciation, Breisterdalen moraine, Norway, Jotunheimen; 03882. radiocarbon date, lithostratigraphy, equilibrium line altitude, Holocene, glacier variation, Little Ice Age, Norway, Hardangerjokulen, Blaisen; 07304.
marginal ridge
subduction chain, sub marine geology, intra continental shear, morphogenesis, coastal relief, continental margin, Spain, Galicia; 03712.
marginal sea
environmental oceanography, coast, oceanography, engineering, 13002.
marginal zone
dryness index, desert, aridity equation, agricultural purpose, Mexico, Baja California Sur; 11183. glacier, supra glacial moraine, Horbyebreen glacier, Svalbard, Spitsbergen, Horbyebreen Petuniabukta; 02650.
Marina Low Stand
water balance model, Holocene(Late), lake fluctuation, hydrographically closed lake, palaeoclimatic reconstruction, radiocarbon date, tephra unit, chronometric control, deltaic sequence, Dechambeau Ranch High Stand, USA, California, Mono Lake; 00303.
marine
glacial, lacustrine process, morphogenesis, palaeogeographical change, topographic expression, marine shell, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02521. tropospheric atmosphere, chemiluminescence, gas phase mixing ratio, hydrogen peroxide, 06655.
marine aerosol
aerosol, review, particle size distribution, gas-to-particle conversion, dimethylsulphide, sea salt, sulphate, 13696. aerosol, snowfall, precipitation chemistry, Norway, Alta; Arctic; Norwegian Sea; 03210. aerosol, vertical profile, rain, sea salt aerosol, salt, 09024. maritime polar air, carbon dioxide, aerosol, soot aerosol, air mass, Antarctica; 07875. precipitation chemistry, andesitic soil, sulphur balance, atmospheric deposition, sea spray, Tonga; 10974. precipitation, deposition, methanesulphonate, sea salt, sulphate, Atlantic; 06650. sampling, dimethylsulphide, sulphur dioxide, aerosol ion, marine atmosphere, methanesulphonate, non-sea salt sulphate, Australia; Southern Ocean; 02015. size spectra, dry deposition, aerosol, remote concentration, coastal site, UK, Scotland, Outer Hebrides, South Uist; 13709. soil particle, aerosol, urban atmosphere, carbon, sulphate, nitrate, ammonium,, chloride, aluminium, sodium, copper, nickel, potassium, zinc, calcium, manganese, magnesium, cadmium, silicon, sulphur, Japan, Sapporo; 03199. storm, dry deposition, sodium, potassium, magnesium, calcium, chloride, sulphate, pine needle, sea salt, Sweden; 03219. sulphate, air mass, particle, oceanic dimethylsulphide, dimethylsulphide, 10225. sulphate, nitrate, n-alkane, PAH's, background level, Mediterranean Sea; 12532.
marine air
cartridge trapping procedure, ultraviolet absorbance, carbonyl compound, 07829. climate feedback, albedo, seasonal cycle, dimethyl sulphide, methanesulphonate, sulphate, 07886. ion production rate, air quality, aerosol, electric conductivity, Atlantic; 13488. photochemistry, global cycle, dimethyl sulphide, methyl iodide, iodine species, sulphur species, 11333.
marine animal tracking
satellite, ARGOS, NOAA, 11579.
marine application
GIS, digital data, 04551.
marine atmosphere
anthropogenic source, carbonyl sulphide, boundary layer, 11347. atmospheric particle, cumuliform cloud, gas phase process, aqueous sulphate production, stratus cloud, cloud condensation nucleus, 08971. buoyancy advection, Kelvin wave, coastal low, South Africa; 13564. carbon dioxide wavelength, profile retrieval, wind profile, satellite wind sounder, Laser Atmosphere Wind Sounder, probability distribution, aerosol backscatter, 12573. dimethyl sulphide, carbonyl sulphide, carbon disulphide, biogenic, sulphur compound, sea water, Atlantic; 06648. ethane, ethene, propene, propane, pentane, butane, ocean water, hydrocarbons, biological activity, nonmethane hydrocarbon, remote atmosphere, 11345. ethene, ethane, hydroxyl, methane, carbon monoxide, nonmethane hydrocarbon, pollution, air-sea exchange, Indian Ocean, Amsterdam Island; 03246. formaldehyde, methane oxidation, photochemical depletion, alcene, oxidation, ITCZ, Atlantic; 06651. latitudinal distribution, nonmethane, hydrocarbon, mixed layer, ocean, ethene, oceanic emission, Atlantic; 06652. methanesulphonate, non-sea salt sulphate, marine aerosol, sampling, dimethylsulphide, sulphur dioxide, aerosol ion, Australia; Southern Ocean; 02015. mixing ratio, PAN, long range transport, 06583. ocean forcing, turbulence, surface stress, cloud development, 01863. oxoundecanoic acid, aerosol, ketoacid, monocarboxylic acid, fatty acid, air-sea exchange, organics, ketocarboxylic acid, Pacific; 03243. sea salt, mineral aerosol, deposition rate, aeolian material, trace element, remote, New Zealand; 11337. sulphur cycle, aerosol, methanesulphonate, sulphate nss, dimethylsulphide, remote marine condition, Atlantic; North Sea; 13703.
marine atmospheric boundary layer
sea surface temperature, surface flux, Gulf Stream, Atlantic; 01858.
marine atmospheric surface layer
aerosol concentration, particle size distribution, relative humidity, North Sea; 05476.
marine basin
mineralisation, classification, Cretaceous, geochemical mapping, sedimentation, depression, USSR; 13004.
marine biological activity
air sea exchange, sulphur balance, biogenic sulphur, dimethyl sulphide, methyl mercapton, carbon disulphide, dimethyl disulphide, Europe; 09021.
marine biology
marine geophysics, engineering, polar research, Korea Ocean Research and Development Institute, oceanography, biotechnology, Korea; 08317.
marine biomass
algae, anthropogenic halocarbon, halocarbon, sea water, seasonal cycle, 09473.
marine biosphere
gas exchange process, fossil fuel combustion, global carbon cycle model, terrestrial biosphere, climatic condition, 05494.
marine borehole data
geotechnical data, borehole data, query utility, three dimensional borehole, display utility, Beaufort Sea; 13905.
marine boundary
boundary layer modification, retroflection region, cyclogenesis, baroclinicity, surface heat, heat flux, Atlantic, Agulhas Bank; 12381.
marine boundary layer
aerosol, boundary layer, 03060. boundary layer, sodar echo, acoustic scattering layer, 13524. continental boundary layer, nitric acid, free troposphere, USA; Pacific; 04376. cumulus, stratocumulus, wet virtual adiabat, surface flux measurement, cloudiness, 04253. cyclone, Gulf Stream, stratocumulus, 01907. diurnal variation, carbon disulphide, sulphur, dimethyl sulphide, Atlantic, (Western); 10182. gas chromatography, PAN, Atlantic; 12518. latitudinal gradient, diurnal cycle, ozone, Pacific; Indian Ocean; 06540. monsoon, inversion, convective activity, subsidence, Indian Ocean; 03067. particle, sloping layer, aerosol layer, lidar, cloud cap, 13649. rainfall, oceanographic variability, weather, climate, Agulhas Current, South Africa; 12376. remote sensing, data buoy, synoptic scale wind, wind data, ship survey measurement, 06471. sea swell, thermoradiometer, turbulent transfer, humidity, swell propagation, sea surface temperature, sensible heat, latent heat, sea surface condition, 05401. wind stress, droplet, temperature, boundary layer, aerosol, humidity, turbulence, latent heat flux, air-sea interaction, 01860.
marine clay
Hoxnian, Marly Drift, Cromer till, Lowestoft Advance, Anglian, interglacial clay, UK, England, Norfolk; 13140. liquid limit, drying, engineering behaviour, Cochin marine clay, shear strength, India, Kerala State; 09515. secondary consolidation, sensitive marine clay, consolidation, foundation, sensitive clay settlement, Canada, Ontario, Gloucester; 02540. undisturbed strength, remoulded strength, quick clay, flocculation, oxide mineral, sensitive marine clay, post glacial marine clay, Canada; 08385.
marine cloud

Aitken nuclei, cloud condensation nuclei, nucleation, global climate, dimethyl sulphide, sulphate, sulphur dioxide, particle production, 05521.
marine condition
aldehyde measurement method, formaldehyde, 06591.
marine core
marine pollen record, Younger Dryas, climatic change, last glaciation, pollen, core, Japan; Pacific; 01422. monsoonal climate, monsoon history, oxygen isotope record, palynologt, climate change, pollen transport, Indian Ocean; Arabian Sea; 11920. palaeoceanographic reconstruction, diatom productivity, Holocene, melt water spike, Quaternary(Late), fossil diatom, Canada, Baffin Island; 09560.
marine cyclone
warm sector, cold underlying water, ocean, stable stratification, wind shear, cold frontal zone, diabatic modification, extratropical warm sector, 10027.
marine data
bulk aerodynamic formulae, meridional transport, energy, ECMWF analyses, mean meridional circulation, tropics, ocean atmosphere transport, 07628.
marine deposit
Bell Sea sediment, Missinaibi Formation, river deposit, Laurentide deposit, amino acid evidence, Canada, Ontario, Hudson Bay Lowlands; 07257. Eemian, Weichselian, ice sheet, Weichselian(Late), foraminiferal stratigraphy, geological framework, Quaternary deposit, Denmark, Jutland, Skagen Area; 11956. former coastline, morainic landform, Loch Lomond Stadial, raised deposit, British Geological Survey, drift map, till, UK, Scotland, Greenock; Clyde Estuary; 07143. methane, gas, organic matter, Quaternary, Denmark, Jutland; Kattegat Sea; 04858. morphogenetic processes, Jomon Transgression, sea-level fluctuation, tephra, paleoenvironmental analyses, Quaternary, Japan, Fukuoka City, Torikai Lowland; 11991. transgression, Elsterian(Late) age, Skaershoj deposit, glacial lake, ice rafted stone, glaciomarine environment, annual variation, Quaternary, Denmark, Jutland, Thyholm; 05035.
marine diatom
till covered sediment, core, Eemian, interglacial deposit, Finland, Ostrobothnia; 13153.
marine discharge
sea radioactivity, sea to land pollution transfer, radioactive pollution, nuclear lobby, 07866.
marine ecology
glacimarine environment, grounding line, fjord readvance, basal till, till, diamicton, Holocene(Early), morainal bank sedimentology, Greenland, East Greenland, North Scoresby Land, Skjoldungebrae Gorge; 04977.
marine ecosystem
carbon dioxide, ecosystem response, climate change, deforestation, nitrogen, fertilizer, acid precipitation, terrestrial ecosystem, 04332.
marine ending glacier
wedge, floating terminus, grounding line, gravity flow, ice rafted debris, glaciomarine sediment, subglacial undermelt till, deforming basal till, glacial erosion, lift off moraine, till tongue, seismostratigraphic study, continental shelf, terminal deposit, Canada, Nova Scotia, Scotian Shelf; Norway, Norwegian Shelf; 11943.
marine environment
coastal environment, information system, Canada, Bay of Fundy; Gulf of Maine; Canada, Georges Bank; 13955. geophysical parameter, user community, data exploitation, Europe; 10430. Maastrichtian, Lewis Shale, transgression, Cretaceous, delta, hydrocarbon, USA, Wyoming; 05892. scenario, impact assessment, dispersion model, caesium-137, nuclear weapon testing site, radionuclide, Pacific, French Polynesia; 11316. sea level, sea surface temperature, salinity, frontal structure, upwelling, nutrient supply, thermocline structure, mixed layer depth, currents, causative mechanism, interannual variability, South Africa; 12341. sea temperature minima, mare sporco, dirty sea episode(1841-1990), water mass mixing, Adriatic Sea, Gulf of Trieste; 10034. suspended matter, water quality, Denmark; Baltic Sea; 11608.
marine environmental monitoring system
met ocean forecasting system, cost benefit forecasting system, met ocean monitoring system, user interfacing, weather forecasting, forecasting, Norway; 08820.
marine episode
Cartier Sea, fauna, radiocarbon date, postglacial isostatic sea, Champlain Sea invasion, Illinoian-Sangamonian transition, Wisconsinan, La Perade Clay, Canada, Quebec, St Lawrence Valley; 02659. Wisconsin Glaciation, shell fragment, amino acid ratio, radiocarbon dating, oxygen isotope substage, Canada, Hudson Bay, Nottingham Island; 07201.
marine erosion
Flandrian transgression, Devensian(Late), glaciation, Dimlington Stadial, till, lodgement till, melt out till, UK, England; 13137.
marine exchange
aerosol exchange, gas exchange, International Global Atmospheric Chemistry Programme, atmospheric chemistry change, air sea exchange, 06469.
marine fishery
tuna fishery, remote sensing, 11595.
marine formation
fossil, Presumpscot Formation, Wisconsinan(Late), palaeoenvironment, isostatic rebound, pollen, AMS date, USA, Maine, Portland; 06175.
marine gas hydrate
methane, thermal decomposition, climatic warming, sea level rising, positive feedback, global warming, deglaciation trigger, glaciation extent, 10734.
marine geology
benthic system, pelagic system, Netherlands Institute of Sea Research, oceanography, Netherlands; 08316. ice shelf, geomorphological development, nearshore, shelf, sediment transport, sediment transport model, computer model, Sweden; Baltic Sea; 02609. pollution, eutrophication, sedimentation, heavy metal, organic matter, carbonate, India, Kerala, Mahe Estuary; 08208. seismic profile, u-shaped fjord, glacial erosion, sediment supply, fjord, mass flow process, Antarctica, King George Island, Maxwell Bay; 08455.
marine geophysics
engineering, polar research, Korea Ocean Research and Development Institute, oceanography, biotechnology, marine biology, Korea; 08317.
marine geoscienstist
plate tectonic model, side-scan sonar, ocean depth, 10287.
marine gravel
GIS, resource extraction, resource assessment, marine sand, 10443.
marine ice
ice shelf, frazil ice, congelation ice, ice composition evidence, Antarctica, Victoria Land, Hells Gate Ice Shelf; 13194.
marine ice sheet
ice sheet decoupling, sea level change, sedimentation, mass wasting, rapid sea level rise, USA, Texas, Texas Continental Shelf, Trinity Valley; Gulf of Mexico; Sabine Valley; 10801.
marine incursion
depositional sequence, soil, sea level history, chronology correlation, Quaternary, transgressive regressive cycle, Greece, Gulf of Argos; Argive Plain; 06184.
marine influence
mineral influence, elemental analysis, airborne particulate, Chile, Santiago; Antofagasta City; Chile, Chillan City; 09075. phytokarst, photokarren, scalloping, limestone solution, sea water, algae, Ireland, County Clare, Burren; 10724.
marine information
coastal water, estuary, geographical management software, Netherlands; North Sea; 12623.
marine interglacial
interglacial circulation, Windermere Interstadial, Younger Dryas, radiocarbon age, full glacial, Holocene, North Atlantic Drift, Europe, (Northwest); 09561.
marine invertebrate
preservation potential, fossilization potential, Arctic fjord, continental shelf, benthic microfauna, organic remains, Canada, Baffin Island; 04974.
marine ion
free acidity, principal component analysis, wet deposition, anthropogenic precursor, alkaline particulate, Finland; 06608.
marine level
dinoflagellate cyst, pollen grain, sediment weathering, lacustrine level, chlorococcal algae, Typhaceae pollen, sterol content, humic acid, fulvic acid, organic wall, microfossil, organic substance, Holocene sediment, Brazil, Rio de Janeiro, Guarapina Lagoon; 08458.
marine limestone
Mino terrane, limestone, Horikoshitoge Formation, Akuda Formation, Permian, Japan, Gifu Prefecture, Gujo Hachiman; 11745.
marine limit
deglaciation, sea level curve, glacial lake, prehistory, Canada, Labrador, Nain; Hopedale; 06120. equilibrium line altitude, palaeoclimatic implication, Holocene(Early), glacier advance, raised beach, Godhavn stade, Disko stade, Greenland, West Greenland, Disko Island; 07280. pollen, pre late Weichselian, glaciotectonised sediment, Sweden, Vastergotland, Sjotrop area; 05001.
marine limit elevation
radiocarbon date, deglaciation, emergence curve, Cockburn moraine system, Melville Moraine, sea level change, Foxe ice dome, Canada, Northwest Territories, Melville Peninsula; 06117.
marine macroalgae
macroalgae, fluorescence signature, pigment measurement, 09220.
marine management
benthic resource management, resource management, subtidal region, site suitability management, Chile, Yaldad Bay; 13957.
marine organism
bioelement, eutrophication, scavenging process, suspended particle, sinking particle, Japan, Osaka Bay; 09389. bottom sediment, acid degradation, fatty acid, oxoacid, Pacific, Japan Trench; 09372.
marine origin
precipitation chemistry, wet season, sodium, potassium, chloride, dry season, air mass, Brazil, Amazon; 10208.
marine particle
particulate matter, radionuclide, organic matter, 08309.
marine photosynthesis
greenhouse warming, carbon sink, sea ice, light availability, polar region, biogeochemical feedback, Arctic; 10153.
marine phytoplankton
climate feedback, phytoplankton, condensation nucleus, albedo, cloud nucleus data, 08996.
marine platform
palynology, oxygen isotope stage 6, oxygen isotope substage 5e, marine terrace, uplifted Quaternary marine terrace, pollen, interglacial, New Zealand, Taranaki-Wanganui Area; 01448.
marine pollen
oxygen isotope stratigraphy, substage 5e, fossil pollen, sedimentation rate, pollen assemblage zone, dating, long continental pollen sequence, correlation, USA, Washington State, Olympic Peninsula, Humptulips; 01418.
marine pollen record
Younger Dryas, climatic change, last glaciation, pollen, core, marine core, Japan; Pacific; 01422.
marine pollution
airborne instrument, pollution monitoring, North Sea; 09262.
marine process
piston core, dropstone, tidal pumping, iceberg rafting, laminated terrigenous sediment, subglacial, Antarctica, Antarctic Peninsula; 05010.
marine productivity
global warming, satellite measurement, ocean biology, carbon dioxide, marine sedimentary record, climate change, carbon cycle, glacial period, 05456. hydrology, feedback, climate, greenhouse effect, ozone, 12493.
Marine Quaternary deposit
boring, foraminiferal fauna, Elsterian(Late) assemblage, glacial erosion, Denmark, Zealand; 05021.

marine radiance
pigment retrieval, CZCS data processing, atmospheric correction, 10432.
marine radionavigation
GPS, GLONASS, NAVSAT, shipborne receiving equipment, 05598.
marine record
climate change, amino acid, uranium date, dating problem, glacial sediment system, UK; 13119. Eemian, Yoldia sea, Cardium edule, transgression, spit, isostatic rebound, TL dating, Denmark, Jutland, Vendsyssel-Skagen; 13152.
marine regression
Eutyrrhenian, Neotyrrhenian, Tyrrhenian Stage, Pleistocene(Upper), terrace, tectonic dislocation, Cutro terrace, Leonardo Campolongo Isola di Capo Rizzuto Terrace, Le Castella Capo Rizzuot Terrace, Capo Colonne Terrace, sea level lowering, Crotonian stage, Italy, Calabria, Crotone Peninsula; 08499.
marine resource
port, sea water, muddy coast, dredging, China, Lianyungang; 04794.
marine rock
facies, sandstone, shale, Frontier Formation, Mancos Group, Cretaceous, USA, Colorado; Utah; 01270.
marine sand
accumulation, glacio fluvial detritus, lake, shelf deposition, terrigenous deposition, New Zealand, Waitaki River; 03564. glacial deposit, Quaternary, geological mapping, Holocene, sand spit system, Weichselian glacial deposit, melt water deposit, Pleistocene deposit, gyttyas, peat, Germany, Schleswig Holstein, Gelting Peninsula; 08467. marine gravel, GIS, resource extraction, resource assessment, 10443.
marine sediment
aragonite, magnesian calcite, benthic organism, sea water, calcium carbonate, Sargasso Sea; 12883. biogenic opal, cristobalite, Southern Ocean; 08315. cavity expansion, cohesive sediment, loading, 12829. chronostratigraphy, strontium, sea water, foraminifera, palaeoceanographic record, 09371. classification, smear slide, identification, optical property, 00200. diagenesis, interstital water, phosphorus, organic matter, 00116. dissolution method, rare earth element, riverine input, crustal abundance, diagenesis, 04872. dissolution, silica, diagenesis, opal, pore water, solubility, 05941. embankment, pedogenesis, soil development, dyke, silty clay loam texture, Canada, Nova Scotia, Grand Pre; 08520. fluvial sediment, suspended particulate matter, sediment chemistry, estuary, mixing, salinity gradient, wind stress, cadmium, oxidation, tidal river, metal pollution, surface water quality, Germany, Elbe River; 08757. fresh water sediment, syringic acid, anaerobic degradation, sulphur, demethoxylation, gas, slurry, aromatic compound, anoxic sediment, 07085. geoaccumulation index, estuary, pollution, heavy metals, Spain, Guipuzcoa Coast; 04782. heavy metal, hydrothermal material, Mexico, Gulf of California, Mazatlan Basin; 09441. hydrology, geotechnical engineering, measurement, pore pressure, 01185. Jurassic, Paleogene, pedogenic formation, beidellite, weathering, smectitic mineral, 07113. magnesium, sea water, diagenesis, organic matter, adsorption, ion exchange, 08275. Miocene, organic matter, sedimentation, lignin, chitin, Indian Ocean, Indus Fan; Arabian Sea, Owen Ridge; Arabian Sea, Oman Margin; 11808. multivariate statistical analysis, anthropogenic source, sediment geochemistry, contamination, 00197. organic matter, bacteria, nitrogen, water sediment interface, bioturbation, 08277. organic matter, iron, reduction, Rickard's rate laws, diagenesis, sulphur, pyrite, 01329. palaeotemperature, algae, organism, alkenone, coccolith, 04832. penetrometer, geotechnical condition, Arctic sediment, Beaufort Sea; 04755. phosphorus, biological cycle, sink, nuclear magnetic resonance, 04854. proglacial lake basin, radiocarbon date, Younger Dryas, Little Ice Age, deglaciation, chronology, Svalbard, Spitsbergen, Linnevatnet Lake; 05009. respiration process, benthic microalgae, microelectrode, oxygen, Netherlands, Oosterschelde; 08313. river deposit resuspension, spore, pollen, suspended sediment concentration, USA, Louisiana, Mississippi River, Pointe a la Hache; 06078. seafloor, hydrothermal circulation, pore fluid, probe, fluid pressure, 11817. trace element, Italy; 03561. upwelling field variability, data-model comparison, global circulation model simulation, Indian summer monsoon, monsoon, coastal upwelling, planktonic foraminifera, sea surface temperature, thermocline, Indian Ocean; Middle East, Arabian Sea; 02617.
marine sedimentary record
climate change, carbon cycle, glacial period, marine productivity, global warming, satellite measurement, ocean biology, carbon dioxide, 05456. tectonism rate, strontium isotopic composition, sea water, chemical weathering rate, dissolved flux, ocean, planktonic foraminifer, uplift rate, accumulation rate, 05049.
marine sequence
radiocarbon dated, sea level, Holocene, sedimentary environment, model, relative uplift, lithology, fossil fauna, Greenland, West Greenland, Disko, Igpik; 05038.
marine shell
marine, glacial, lacustrine process, morphogenesis, palaeogeographical change, topographic expression, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02521.
marine site
halocarbon, chloroform, Europe; 13660.
marine snow
aggregate, Joint Global Ocean Flux Study, pelagic water, plankton bloom, diatom, Adriatic Sea; 05927. algal bloom, floc formation, algal floc, coagulation, organic matter, 01330. euphotic zone, abyssal sediment, algal bloom, photosynthesis, Atlantic, (Central); 11697. midoceanic region, phytodetritus, bacteria, benthos, cyanobacteria, Atlantic, (Northeast); 00089. organism, suspended matter, suspension, river plume, floc, Indonesia, Kalimantan, Flores Basin; Makasar Strait; Indonesia, Kalimantan, Mahakam River; 00080. phytoplankton, diatom bloom, suspended matter, flocculation, turbidity, North Sea; 08291. pycnocline, carbon-nitrogen ratio, organic matter, static stability, aggregate, Pacific, (North); 02467. settling speed, aggregation, suspended particle, faecal pellet, biomass, particle transport, coagulation, 10571. settling speed, suspended particle, microorganism, aggregate, floc, 10496.
marine source
deposition, nitrogen cycle, nitric acid, tropospheric nitrogen, Lagrangian tracer model, climate model, lightning discharge, 10193.
marine stratigraphy
sediment stratigraphic method, pine stump, varved clay, Baltic Ice Lake, Yoldia stage, Ancylus transgression, bottom current, Sweden, Hano Bay; 04962.
marine stratocumulus
cloud optical depth, rain drop raduis, measurement inconsistency, remotely sensed measurement, stratocumulus property, radiometer, 12326. cloud, scanning radiometer, albedo, ocean surface, spectral absorption, solar radiation, 04222. stratocumulus, cloud climate interaction, climate feedback, positive feedback, sea surface temperature, cloud climatology, 12374.
marine sulphur
iodine cycle, sulphur, dimethylsulphide, 09066.
marine temperature estimate
test, GCM simulation, palaeoclimate, glacial, interglacial, terrestrial, Indian Ocean; 04964.
marine terrace
carbonate, caliche, volcanism, synvolcanic sediment, biocalcarenite, diagenesis, Atlantic, Canary Islands; Cape Verde Islands; 04830. Cascadia subduction zone, neotectonics, tectonic tilting, regional stress, subduction zone, Quaternary(Late), terrace deformation, USA, Oregon, Cape Blanco; 06174. coral reef, Quaternary(Late), uplift rate, paleosea level, New Guinea, Huon Peninsula; 03905. earthquake, postglacial, uplift rate, coseismic uplift, radiocarbon date, sea level, Holocene, New Zealand, North Island, Pourerere; Aramoana; 06190. Ebbadalen Stage, Thomsondalen Stage, Little Ice Age, Pleistocene(Late), Holocene, relief remodelling, geomorphological mapping, glacier, Petuniabukta-Adolfbukta Stage, Svalbard, Spitsbergen, Olav V Land, Ebbadalen-Nordenskioldbreen Region; 02646. sea level, erosion pavement, outwash plain, glacier oscillation, relief, tidal flat, dead form, Svalbard, Spitsbergen, Petuniabukta; 02689. strandline age, uplift rate, dating technique, dating method, Pleistocene, New Zealand; 00325. subduction margin, dextral fault, reverse fault, palaeoearthquake, seismic hazard studies, fault behaviour variation, tectonic province, New Zealand; 08375. tectonic uplift, terrace, marine transgression, radiocarbon age, active fault, offshore fault, coseismic uplift, Holocene, New Zealand, North Island, Pakarae River; 13179. tephrochronology, pollen analysis, radiocarbon dating, Allerod Interstadial, postglacial, climatic change, landuse, slope failure history, palaeoenvironmental history, Japan, Hokkaido, Hidaka District; 08401. tilting, uplift rate, tectonics, Holocene, Taiwan, Chengkung; Hualien; 06186. undulation, geological structure, continental slope, Quateranry, tectonic movement, Japan, Shikoku; 13176. uplift, geomorphic process, advection, crust, fault bend, USA, California, Santa Cruz; 02529. uplifted Quaternary marine terrace, pollen, interglacial, marine platform, palynology, oxygen isotope stage 6, oxygen isotope substage 5e, New Zealand, Taranaki-Wanganui Area; 01448.
marine terrace deformation
cauldron saddle topography, Tsugaru land bridge problem, Quaternary, coastal tectonics, land bridge, Japan, Tsugaru Strait; 04898. warping, Neotectonic, Quaternary(Late), folding, Japan; 03720.
marine terrace surface
tectonics, earthquake, active fault, Holocene, Japan, Kyushu, Tsushima Strait; 04899.
marine terrane
fluvial terrane, terrace, last interglacial, tephra layer, sea level change, climate change, Japan, Hokkaido, Hidaka District, Shizunai River; Niikappu River; 10807.
Marine Traffic Control Radar
sea surface, Hough Transform, 03462.
marine transgression
eustatic, glacio-isostatic, peripheral forebulge, transgression, postglacial emergence, Holocene, Svalbard, Spitsbergen; 02687. glacial readvance, relative sea level, Laurentide Ice Sheet, Foxe glaciation, Canada; 13165. ice volume, palaeotemperature, Yorktown Formation, Chowan River Formation, James City Formation, mollusk shell, isotope record, oxygen isotope profile, Pliocene marine palaeoclimate, Pleistocene marine palaeoclimate, carbon isotope profile, USA, Atlantic Coastal Plain; 08475. pollen analysis, sea level, thalweg, palynological study, Atlantic sedimentary deposit, France, Nantes, Erdre-Loire Confluence; 00320. radiocarbon age, active fault, offshore fault, coseismic uplift, Holocene, marine terrace, tectonic uplift, terrace, New Zealand, North Island, Pakarae River; 13179. radiocarbon dating, calcrete, cheniers, stratigraphy, Holocene, sand-shell ridges, Argentina, Bahia Blanca Estuary; 03904. regression transgression cycle, river cyclicity, soil cyclicity, sea level change, river deposit, 06170. sand transport, wave height, geological evidence, onshore sand transport, Holocene, USA, Florida, Ten Thousand Islands; 08496. shoreline emergence, seabed, terrestrial, ground temperature, sea level, thermal signature, transgression, Canada; 11980.
marine transport
seafarer requirement, meteorological service, ship, 07618.
marine trophic level
weather, data trend, phytoplankton, zooplankton, food web model, climatic change, 07726.
marine troposphere
formic acid, acetic acid, organic acid, alkene, hydrocarbon, 06687. tropopause, non methane hydrocarbon, hydrocarbon, carbon monoxide, USA, Alaska; Pacific; 04380.
marine upwelling
nitrous oxide, upwelling, oxygen consumption, supersatruated, Indian Ocean; 04456.
marine varve
El Nino/Southern Oscillation, varve, bioturbation, carbon pump, seasonal forcing, climatic variability, Pleistocene, USA, California; 00271.
marine wind
wind speed, October 1987 storm, great storm, storm, microwave evaluation, rain area, rain rate, UK; 07642.
marine zone
surface water quality, seasonal variation, iron, zinc, manganese, copper,

trace metal, estuary, tidal zone, India, Vellar Estuary; 02875.
Mariner 9 image
weathering rind, saltating material, dune field, high resolution, topography, albedo, layered deposit, photoclinometric technique, Mars; 03718.
Marinoan glaciation
diamictite, Proterozoic, glaciation, tillite, Elatina Formation, Australia, South Australia, Central Flinders Ranges; 12923.
maritime aerosol
air mass source, aerosol, size distribution, Ireland, Mace Head; 13708.
maritime air
ozone, nitrogen oxide, sulphur dioxide, dimethyl sulfide, iodine oxide, 06636. particle, radon, radon daughter, 03241.
maritime air mass
odd nitrogen, long range transport, continental boundary layer, peroxyacetyl nitrate, active nitrogen, nitrogen oxide, free troposphere, 04374.
maritime airmass
ice crystal, melt water, sulphate, nitrate, spring thaw, snow chemistry, snow cover, snow melt chemistry, trace ion chemistry, UK, Scotland; 04404.
maritime catchment
tectonic change, isostatic rebound, deforestation, stratigraphical scheme, hydrogeomorphological change, UK, England, Severn Basin; 10675.
maritime climate
airmass, continental component, UK, Scotland, Skye; 04230. climatological record, mean temperature, thermometer, wind direction, Sweden, Uppsala; 03131.
maritime cloud
cumuliform cloud, cloud, rapid development, ice particle concentration, polar cloud, 12467.
maritime continental contrast
sea ice extent, empirical orthogonal function, power spectrum, maximum entropy spectrum, solar radiation, ocean circulation, sea surface temperature, 10042.
maritime data
hydrography, International Hydrographic Organisation, geographic information, Australia; 10441.
maritime ice sheet
glacial mass balance, Quaternary glaciation, ablation, ice sheet initiation, ice sheet-atmospheric moisture model, Loch Lomond ice sheet, climate, 03124.
maritime particle
volatility, aerosol, ammonium sulphate, ammonium bisulphate, temperautre fractionation, sodium chloride, Ireland, Mace Head; 05523.
maritime polar air
carbon dioxide, aerosol, soot aerosol, air mass, marine aerosol, Antarctica; 07875.
maritime polar air masses
sulphur dioxide, nitrogen oxide, hydrogen peroxide, aerosol, pollution, air quality measurement, sulphate aerosol, Poland, Karkonosze Range; 02004.
maritime pollution
hydrographic parameter, sensor, airborne measurement, 13961.
maritime soil
mineral content, seasonal dynamics, saline soil, USSR, Estonia; 01609.
maritime synoptic system
depositional regime, snow accumulation, surface topography, katabatic zone, elevation profile, accumulation rate, Antarctica, Wilkes Land; 02701.
marker
phytoindicator, natural trap, painted square technique, relief evolution, runoff, sheet wash, USSR, Issyk-Kul Lake; 05126.
marker bed
radiocarbon age, Mazama, tephra, Canada, British Columbia, Fraser River Delta; 10564.
marker layer
environment history, sedimentation rate, varved sediment, chronology, El Nino, USA, California, Santa Barbara Basin; 00087.
marker tephra
chronology, fluvial terrace, debris supply, Pleistocene(Late), terrace surface, Japan, Kitakami Lowland; 13178.
market
SPOT, spectral band, stereoscopic coverage, planning, 02076.
market economy
information, commodity, GIS, 13822.
market factor
institutional collaboration, meteorological service, France; 08817.
market research
GIS, environmental agency, Europe; 02141. promotion, pricing, franchising, marketing, digital cartographic data, 01091.
marketing
cartography, graphic design, canvassing map, Netherlands; 06945. commercialisation, remote sensing, Landsat, SPOT, Sojuzkarta, 05559. digital cartographic data, market research, promotion, pricing, franchising, 01091. hydrological service, 04177. production forecast, sugar beet crop, UK, England; 12764. UK Meteorological Office, weather forecasting, UK; 05302.
marketing research
commercial GIS, GIS, Canada; 13969.
Markov autoregressive model
runoff, precipitation, air temperature, empirical verification, parameter justifiability, hydrometeorological series, 10964.
Markov chain
forecast skill, rainfall prediction, Australia, Melbourne; 08980. gamma distribution, ecosystem, weather simulation, China; 10207. Monte Carlo simulation, statistical significance test, transition matrix, 09960. probability distribution function, drought duration, drought frequency analysis, critical drought analysis, 09787.
Markov chain analysis
drought, severe drought, Palmer Drought Severity Index, USA; 12328. pedagogic tool, cyclic trend, Kingston Peak Formation, Quaternary rhythmite, varve, glaciomarine cycle, geology teaching, USA, California, Death Valley; Sweden; 03701.
Markov chain model
turbulent system, forest, canopy, dispersion models, Lagrangian chain model, 12355.
Markov chain-mixed exponential model
annual precipitation, ungauged catchment, daily precipitation, mountain basin, measurement technique, precipitation estimate, watershed variable, USA, South Dakota; Idaho, Reynolds Creek; 08655.
Markov Chains theory
stability analysis, block toppling failure, rock slope, probabilistic method, toppling failure, Monte Carlo simulation, 04917.
Markov model
rain gauge, precipitation, weather classification scheme, Pacific, (Northwest); 07665.
Markov process
climate predictability, sea surface temperature, chaotic dynamics, 00772. sedimentation, 11820.
Markov process model
Poisson cluster process model, point rainfall model, precipitation assessment, parameter estimation, 00503.
Markov random field
computer vision, error cost, 11470.
Markovian analysis
fluid particle trajectory, surface roughness, footprint prediction, 03056.
marl
basin, sponge, Jurassic(Upper), shelf sediment, limestone platform, reef, 08286. carbonate, gypsum, evaporite, trace element, strontium, Spain, Duero Basin; 10602. hydrothermal sediment, Quaternary, ash layer, metalliferous sediment, basin, carbonate cycle, Pacific, (Southwest), Lau Basin; 05871. lake, carbonate, groundwater, calcification, bioherm, microbialite, USA, New York, Fayetteville, Green Lake; 02318. Miocene, Eocene, volcaniclastics, plagioclase, amphibole, biotite, Italy, Avolasca; 03600. residual formation, Jurassic, limestone, pedogenesis, France, Paris Basin; 12981. shale, Cretaceous, organic carbon, concretion, La Luna Formation, dysaerobic condition, laminae, Venezuela, Andes de Merida; 04704.
Marly Drift
Cromer till, Lowestoft Advance, Anglian, interglacial clay, marine clay, Hoxnian, UK, England, Norfolk; 13140.
Marquee set
lichenometry, rock weathering rind curve, Aranuian, vegetation history, moraine chronology, Rhizocarpon geographium, glacier, Arrowsmith set, New Zealand, Canterbury, Arrowsmith Range, Cameron Glacier; 08469.
Mars
atmosphere, microwave spectra, carbon dioxide, global change, thermal structure, 07624. carbon dioxide distribution, energy balance model, climate change, obliquity cycle, 07626. cartographic product, High Resolution Stereo Camera, database, planetary mapping, 03277. dust cloud, meteorological survey, planetary observation analysis, 07622. dust storm, surface wind, Viking Lander 1 site, 07623. geomorphology, stratigraphy, volcanic construct, eruptive style, Mars, Alba Patera; 08354. water cycle, diamond dust, ice haze, snow, 07625.
Mars Venus aeronomy
carbon dioxide, cooling, thermosphere, 09050.
marsh
coast, sea level rise, mudflat, coastal management, cliff, barrier island, dune, beach, 06991. delta plain, accretionary budget, subsidence, organic carbon, USA, Louisiana, Mississippi River, Barataria Basin; 00038. Eh, soil, reduction, sulphate, iron oxide, salinity, USA, Chesapeake Bay; Maryland, Dorchester County; 02457. estuary, coast, littoral process, sedimentation, Spain, La Coruna, Bay of Betanzos; Bay of Ares; 02341. gyttjas, depositional cycle, radiocarbon date, palaeoclimatic event, water level fluctuation, sediment, lagoon, Canada, Ontario, Kingston, Cataraqui River; 08495. nutrient, brackish water, tidal cycle, monitoring, automatic technique, USA, Chesapeake Bay; 11824. nutrient, sea level, estuary, USA, Louisiana, Fourleague Bay; Barataria Basin; 06979. sea level change, wetland, estuary, sediment transport, accretion, USA, Louisiana, Atchafalaya River; Fourleague Bay; USA, Louisiana, Barataria Basin; 06978. sediment budget, coastal erosion, vertical accretion, wetland soil formation, subsiding, mineral, organic matter, USA, Louisiana, Mississippi Delta; 03903. strandline marker, carbon-14 dating, foraminiferal zonation, salt marsh, zonation, elevation, sea level, salinity, USA, Massachusetts, Falmouth, Great Sippewissett Salt Marsh; 10800. vertical accretion rate, sea-level change, rate of submergence, pollen geochronology, subsidence, land loss, USA, Maryland, Chesapeake Bay; 11983.
marsh sediment
organic matter, salt marsh, sulphur, humic substance, iron, USA, Delaware; 10642.
marsh soil
coastal marsh, tanne, mangrove, Madagascar; 09770.
marshland
sulphur, Humic Fluvisol, peat, Germany, Sehestedter Aussendeichsmoor; 01602. tidal marsh, groundwater, discharge, pore water chemistry, salt marsh, solute transport, 04120.
Marshybank Formation
Coniacian, Santonian, sandstone, shelf facies, sea level curve, ramp margin, Muskiki Formation, Canada, Alberta; 11716.
Martian crater
radar altimetry data, lunar crater, intercrater plain, degraded carter, Schroeters ratio, crater, radar result, Mars; 10686.
Martinec and Rango degree day method
tree morphology, alpine catchment, precipitation measurement, raingauge, snowfall, snow core data, snow water equivalent, USA, Wyoming, Glacier Lakes Ecosystem Experiments Site; 09909.
Martinsburg Formation
foreland basin, thrust terrane, Ordovician, piggyback basin fill, klippe, USA, Pennsylvania, Shochary Ridge; 01291.
Marunich's hypothesis
turbulence, friction velocity, zero plane displacement, roughness length, forest canopy, 00721.

Marussi Hotine approach
geodesy, mathematical base, 11430.
Mary Kathleen Group
mudstone, Proterozoic, Ballara Quartzite, Quilalar Formation, Australia, Queensland, Mount Isa; 05902.
Mary Rose site
dam deflection, coordinate measurement, theodolite, 09086.
masonry
weathering, acid rain, limestone, building facade, calcium carbonate, salt deposition, chemical model, 00350.
mass
entropy, reversible process, thermodynamic foundation, modelling, moist atmosphere, conservative property, 13607.
mass accommodation coefficient
peroxyacetyl nitrate, liquid jet, air-sea exchange, nitric acid, dinitrogen pentoxide, hydrogen chloride, nitrous acid, trace gas exchange, 03213. trace gas exchange kinetics, air-water interface, gas transfer rate, 06632.
mass accumulation rate
opal flux maxima, productivity, atmospheric carbon dioxide, ice volume, Pleistocene(Late), palaeoclimatology, flux pattern, biogenic sediment, Pacific; 11929. Pleistocene(Late), variability, summer monsoon wind, continental aridity, deep sea sediment, eolian transport, Arabian Sea; 03863.
mass balance
area-altitude relationship, climatic variation, longitudinal profile, equilibrium-line altitude, glacier, USA, Washington State, Klawatti Glacier; 00339. bedrock basin, topography, ice sheet growth, palaeotemperature curve, Coleoptera, Loch Lomond readvance, UK, Scotland; 03920. climatic change, geostatistics, glaciology, radio echo data, subglacial bed topography, ice thickness, Antarctica, Dronning Maud Land, Scharffenbergbotnen; 00346. continuous injection method, dilution gauging, mountain stream, stream gauging, slug injection method, USA, California, Sierra Nevada; 08669. general circulation model performance, Antarctic wind, inversion strength, Antarctica; 08936. glacier, advance, USA, Alaska, Juneau Icefield, Taku Glacier; 00337. glacier, precipitation, climatic warming, Little Ice Age, Switzerland, Rhonegletscher; 01466. ice lake, glaciology, ice flow, Antarctica, East Antarctica, Maudheimvidda; 00347. ice sheet, climatic sensitivity, climate change, energy balance modelling, orbital effect, Greenland; 10818. ice sheet, glaciology, palaeoclimate, ice evolution time scale, degrees of freedom, continental ice sheet, rheology, 09543. lithostratigraphy, radiocarbon date, equilibrium line, climatic change, Holocene(Late), glacier fluctuation, Norway, Jostedalsbreen, Bevringsdalen; 10817. mountain basin, melt water, discharge, runoff model, snow storage, glacier, 08788. mountain basin, topography, basin characteristic, snow water equivalence, water storage, snow storage, alpine watershed, glacier, 08793. mountain basin, water storage, glacier, Switzerland, Massa River Basin; D'Aletsch Glacier; 08787. organic soil, nitrate depletion, riparian zone, runoff water density, surface water chemistry, denitrification, plant uptake, New Zealand; 06318. paleo sea level, mass balance, tide water glacier, palaeoshoreline, geometry, Wisconsin(Late), iceberg calving rate, ice sheet, USA, Maine, Mount Desert Island; 07232. resuspension, phosphorus, nitrogen, lake, bottom sediment, nutrient, Canada, Ontario; 01204. runoff, mountain basin, river discharge, remote sensing, snow melt, glacier, 08792. solute chemistry, closed basin, groundwater, evaporite, arid area, evaporation, USA, New Mexico, Southern High Plains; Texas, Southern High Plains; 09356. tide water glacier, palaeoshoreline, geometry, Wisconsin(Late), iceberg calving rate, ice sheet, mass balance, paleo sea level, USA, Maine, Mount Desert Island; 07232. water balance, climatic record, glacier runoff, water resources management, USA, Washington, North Cascade Glaciers; 10816. water quality, particulate matter, resuspension, sediment-water interface, mineralisation, 05969.
mass balance budget
water source, phosphorus, nitrogen, calcium, chlorine, internal sink, water budget, evaporation, denitrification, mixing, lake water chemistry, sedimentation, Israel, Lake Kinneret; 07488.
mass balance change model
glaciation cycle, ice sheet, 00336.
mass balance equation
Gauss Markov optimisation approach, piezometric head, parameter estimation, environmental tracer, aquifer model, basin transmissivity, basin storativity, groundwater flow, hydraulic head distribution, 09875. overland water, surface runoff, convective mass transfer, diffusion, soil chemistry, runoff contamination, 13349. timber harvesting, weathering rate, cation nutrient pool, nutrient replenishment, mineral weathering, productivity, nutrient cycle, rock weathering, site productivity, 08518.
mass balance fracture aperture
solute transport, aperture variability, fracture, groundwater flow, tracer, parallel flow, convergent flow, transport time, dispersion, 08771.
mass balance interpretation
pedogenesis, chemical element, tracer, desilication rate, hydrochemical environment, USA, California, Mattole River; 02705.
mass balance method
groundwater exchange, stable isotope mass balance method, flow model, lake inflow, solute transport model, lake outflow, groundwater lake system, mixing process, unsaturated zone, flow path, surface water groundwater interaction, USA, Wisconsin; 08772.
mass balance model
ablation, ice sheet, greenhouse warming, temperature scenario, Antarctica; 13634. fir forest, heat transfer, water retention, meltwater runoff, snow cover energy, Canada, Quebec, Lac Laflamme; 01747. ice sheet, greenhouse warming, sea level, Villach II temperature scenario, Greenland; 10819.
mass balance variation
glacier change, climate, glacier geometry, glacier dynamics, Neoglacial limit, Norway, Svartisen; 00340.
mass conservation
negative specific humidity, shape preserving method, advection process, computational aspect, moisture transport, general circulation model, 13578.
mass consistent model
wind field, forecasting, roughness level, anemometer height, 10101.
mass continuity
stratosphere-troposphere exchange, downward control principle, residual vertical circulation, troposphere, stratosphere, 01883.
mass convergence
subgrid scale, vertical energy flux, thermodynamic, energy budget, enthalpy, convective signal, ITCZ, 13537.
mass dieoff
dieoff, eutrophication, surface water quality, river borne nutrient, algal bloom, Romania, River Danube; Black Sea; 02886.
mass diffusion model
geomorphology, modelling, slope development, landslide, scarp retreat, weathering rate, Japan; 03699.
mass exchange
buoyancy sorting mechanism, air mechanism, entraining detraining model, plume model, convective parameterisation, 12466.
mass extinction coefficient
scattering albedo, radiative transfer, dust cloud, photoacoustical technique, short-path transmissiometry, aerosol dosimetry, 03202. visible radiation, infra red radiation, snow, transmissiometer, snowflake, cyclone snow sampler, 05379.
mass flow
Devonian, Asenvagoya Conglomerate, Asen Formation, Fosen Group, sandstone, conglomerate, Norway, Outer Trondelag; 09401. Dizilitasler Formation, basin, sedimentation, Paleocene, fan-delta sequence, mudstone, shale, Turkey, Anatolia; 04825. glacially influenced sedimentation, continental margin, Pleistocene sediment, debris flow diamict, submarine end moraine, basal melting, basal freezing, UK, Scotland, Hebrides Slope; 04960. palaeovalley, Precambrian, Moraeneso Formation, Proterozoic, conglomerate, sandstone, Greenland; 03609. volatilisation, kerosene, non aqueous liquid, groundwater contamination, 11057.
mass flow apron
Stephens Subgroup, backarc basin, Permian, Triassic, island arc, New Zealand, Southland; 01301.
mass flow controller
sampling of stratopheric species, stratosphere, 04350.
mass flow deposit
glaciolacustrine delta, glaciofluvial system, seasonal change, flood, glacial river, sediment supply, UK; Ireland; 10518.
mass flow process
marine geology, seismic profile, u-shaped fjord, glacial erosion, sediment supply, fjord, Antarctica, King George Island, Maxwell Bay; 08455.
mass flux
sediment trap, organic particle, animal, euphotic zone, concentration gradient, phytoplankton, 02431.
mass median diameter
aqueous colloid, contaminant transport, photon correlation spectroscopy, photosedimentation analysis, size distribution, colloid, Doppler frequency shift, optical density, 09826.
mass moment
moment preserving principle, corner detection, gray moment, 03323.
mass movement
alpine river, aggradation, debris flow, extreme flood, morphological consequence, Switzerland; 05991. Atterberg limit, internal friction angle, permeability, erosion control, land sensitivity, solifluction, 03824. climatic indicator, debris flow, slush flow, Little Ice Age, lichenometric dating, snow field, permafrost mound, greenhouse warming, geomorphic feature, climatic fluctuation, periglacial environment, Sweden, Abisko Mountains; 02696. continental rise, abyssal plain, gravity core, stratigraphic analysis, coccolith species, pelagic sediment type, oxygen isotope time scale, turbidite, slide, climatic change, Saharan Sediment Slide, Quaternary(Late), Africa, Sahara; 09567. corrie development, particle size analysis, SEM surface texture, postglacial, periglacial, landform, Devensian age, moraine, Dimlington Stadial, vegetation history, UK, England, Derbyshire, Seal Edge, Middle Seal Clough; 06197. creep, clayey soil, shearing test, terracette, stability analysis, landslides, red laterised soil, mulching, Rwanda, Zaire-Nile Divide; 02551. Cretaceous(Late), Eocene(Late), basement rock, Pliocene, Tertiary, slope failure, Puerto Rico; 09365. English slope movement feature name, French slope movement feature name, slope movement, nomenclature, landslide, IAEG Commission on Landslides, 04914. fault plane, cataclastic rock, piping, trigger mechanism, gully system, slope retrogression, geomorphic effect, landslide, rotational type, Venezuela, Andes, Aracay River, Buena Vista; 09521. flysch slopes, slope, research program, stability, Poland, Karpaty Mountains, Szymbark, Bystrzyca; 08398. foredeep basin, Plio-Quaternary, continental margin, submarine slide, translation, Italy, Sicily; 00078. geomorphological analysis, construction, human impact, slope instability, landslide, highway, Jordan; 11907. land use planning, mass movement, rockslide, rockfall, snow avalanche, debris flow, hazard, geological mapping, Norway; 07190. low frequency rainfall, rainfall, geomorphic evolution, mountain area, meteorological model, 11837. Magellan observation, dielectric constant, slope, ejecta, impact crater, windblown deposit, Venus; 11874. methane, diapirism, slumping, acoustic void, sedimentation, Indonesia, Savu Basin; 00145. pumice, solifluction deposit, tephra, quantitative characteristics, periglacial slope deposit, smooth mountain slope, Japan, Hokkaido, Hidaka Mountains; 00333. rockslide, rockfall, snow avalanche, debris flow, hazard, geological mapping, mass movement, land use planning, Norway; 07190. seismic refraction, gravimetric investigation, geodetic survey, Austria, Badgastein, Graukogel; 12707. slump, slide, sediment transport, flood discharge, high magnitude, geomorphic work, rainfall event, Spain, Pyrenees; 13016. Tertiary, slump complex, decollement surface, deformation, Ireland, Porcupine Basin; Atlantic, (Northeast); 12879. tunnel-gully erosion, loess stabilisation, chemical stabilisation technique, dispersive loessial soil, New Zealand, Canterbury, Banks Peninsula; 01400. wave refraction, erosion, coast, cliff, UK, Wales, Cardigan Bay; 09352.
mass movement checklist

classification accuracy, slope stability, risk, debris slide, timber harvest, logging, USA, California; 02548.
mass spectra
oil, archaebacteria, biodegradation, Jurassic, isoprenoid, USSR, Tolkinsk Field; 07106.
mass spectrometer
drowned reef, open system behaviour, crustal subsidence, coral reef, subsidence rate, uranium series dating, USA, Hawaii; 07277. sodium lidar temperature, middle atmosphere, state density, temperature, wind, passive falling sphere, ionization gauge, 08942. stratospheric measurement, isotopic abundance, ozone, cryogenic sampler, 05552. tandem mass spectrometry, gas chromatography-mass spectrometry, insertion probe, oil, biomarker, 05974.
mass spectrometric method
rocket borne instrument, nitric acid trihydrate, aerosol, nitric acid, winter, Arctic; 00908.
mass spectrometry
carbon-14 dating, groundwater biogeochemistry, organic carbon cycle, geochemical evolution, dissolved organic carbon, liquid chromatography, groundwater dating, recharge zone, groundwater residence time, gas chromatography, 04141. coral, sea level, Last glacial cycle, oxygen isotope measurement, detailed chronology, melt water surge, uranium-thorium age, Barbados; 00318. dimethyl sulphide, isotope dilution, gas chromatography, 09035. helium-3, 02033. Mode Water, carbon-14, ocean circulation, Indian Ocean; 05450. nitrogen, nitrogen-15, soil extract analysis, automated combustion, 04001. plutonium, soil, isotopic ratio, UK, England, Sellafield; 00927. precipitation chemistry, hydroxymethanesulphonate, precipitation, electrospray ionisation, 11378. total elemental analysis, soil constituent, elemental analysis, ICP-AES, ICP-MS, 08599.
mass transfer
aqueous phase velocity, particle size, nonaqueous phase fluid saturation, multiphase flow, dissolution, nonaqueous phase liquid, groundwater flow, water contamination, toluene, 09898. isothermal region, freezing soil, osmotic potential variation, freeze-thaw event, permafrost, zero curtain effect, heat, 02691. nonaqueous phase liquid, aqueous solubility, vadose zone, phreatic zone, solute transport, immiscible fluid, vapour transport, fluid property, groundwater contamination, volatilisation, remediation effort, 07563. solute transport, diagenesis, buoyancy flow, heat transfer, sedimentary basin, temperature change, pressure change, interstitial solution, 08269. viscous fingering, non-uniform flow, granular media, porous media, contaminant transport, groundwater flow, fluid viscosity difference, dispersion, 07567. washout, sulphur dioxide, gas absorption, wind tunnel, water drop, hydrogen peroxide, scavenging, acid rain, 09019. water drop, leaf, cereal, canopy, evaporation rate, drop energy balance, 07690.
mass transfer model
dissolution, precipitation, turbulent motion, calcite solution, liquid solid interface, reaction rate, karst terrane, 10719.
mass transport
hydraulic conductivity, continuum approximation, effective hydraulic conductivity, fracture media, heterogeneous media, groundwater flow, 09880. levee, sand, submarine fan, sedimentation, eustatic cycle, overbank deposit, USA, Gulf of Mexico, Mississippi Fan; 04731. longitudinal density gradient, water quality simulation, bed slope, bottom friction, estuarine hydrodynamics, channel flow, boundary condition, water depth, 00530. Seasat, scatterometer observation, wind stress, ocean, baroclinic boundary layer model, thermal advection, stratification, surface wind, low level transport, 10045. unsaturated-saturated flow, Galerkin finite element method, vertical water flow, groundwater flow, solute transport, 02899.
mass transport equation
Galerkin finite element method, convection, dispersion, porosity saturation variation, Peclet number, saturated flow, unsaturated flow, groundwater flow, one dimensional flow, 07526.
mass transport model
transport model, biodegradation, organic contaminant, contaminant transport, groundwater quality, advection dispersion model, landfill, Canada, Ottawa, Gloucester; 09906.
mass wastage
slope evolution, rockfall, canyon widening, debris movement, rock movement, USA, Arizona, Colorado River, Grand Canyon; 11895.
mass wasting
deglaciation, Little Ice Age, gelifluction, debris flow, Holocene, slope process, periglacial, mountain area, Poland; Scandinavia; 13188. fluvial erosion, Holocene, geomorphological reconstruction, climatic reconstruction, radiocarbon date, sedimentation rate, aeolian erosion, rotational landsliding, Canada, Saskatchewan, Cypress Hills; Alberta, Cypress Hills; 09582. glaciation, trough wall, moraine, cirque headwall, landslide, talus slope, rock glacier, severe climate, Cryoboralf, Cryochrept, geology, geomorphology, soil, whitebark pine ecosystem, Pinus albicaulis, freeze thaw, Canada, Rocky Mountains; USA, Rocky Mountains; 03711. Holocene(Late), destructive phase, volcano, Arenas eruptive stage, Azufrado eruptive stage, Lagunillas eruptive stage, rockslide, debris avalanche, hazard, eruption, Colombia, Nevado del Ruiz Volcano; 00244. Pleistocene periglaciation, periglacial geomorphology, block glacier, 08505. rapid sea level rise, marine ice sheet, ice sheet decoupling, sea level change, sedimentation, USA, Texas, Texas Continental Shelf, Trinity Valley; Gulf of Mexico; Sabine Valley; 10801. rockfall accident, hazardous rockfall, warning sign, natural hazard, USA, Montana, Glacier National Park; 09533. slope, stochastic aspect, climate, hydrology, landform evolution, debris flow, climatic geomorphology, hydrogeomorphology, hillslope evolution, sheetwash, 11892. tree uprooting, soil disturbance pattern, pit and mound microtopography, soil mixing, treethrow mound longevity, pedoturbation, 07185.
mass wating
landform, glacial deposit, drumlin, lodgement till, glaciofluvial landform, periglacial mass wasting, till, UK, England, Northumbria; 11953.
mass-balance
satellite-image-derived, velocity field, ice stream, sequential satellite imagery, Antarctica; 12010.
mass-movement
periglacial smooth slope, fabric analysis, periglacial environment, periglacial process, frost action, permafrost, Japan; Finland; Antarctica; 12006.
Massachusetts Institute of Technology
angular momentum cycle, Starr, V.P. (1909-76), 11230.
massif
Alpine orography, valley, Europe, Alps; 04188.
matched diffusivity technique
kinematic cascade, overland flow model, runoff, diffusivity, 10994. kinematic cascade, overland flow model, runoff, Muskingum Cunge method, turbulent kinematic flow, laminar flow, 10995.
matching
dihedral junction, vision, pose clustering, 13784. intensity image, feature extraction, straight line, edge support, 13785.
material budget estimate
sampling, estuary, tracer, nutrient budget, material transport, water exchange, hydrodynamical distribution model, Baltic Sea; 01628.
material classification
database development, Landsat TM, digitised map data, map based feature extraction, surface material, USA, New York, Glens Falls; 07896.
material transport
water exchange, hydrodynamical distribution model, material budget estimate, sampling, estuary, tracer, nutrient budget, Baltic Sea; 01628.
materials submodel
dispersion, thermodynamic equilibrium, chemical reaction, hazardous material, complex behaviour, 13740.
mathematical approach
behaviour, collapsible soil, void, water content, Iran; 03801.
mathematical base
Marussi Hotine approach, geodesy, 11430.
mathematical description
oscillating peak model, multi ring basin, basin formation, crater formation, Murrays model, 08352.
mathematical framework
Fourier transform, spatial analysis, petrology, power spectrum, sandstone, 02484.
mathematical function
spatial modelling, probabilistic function, logistic regression, GIS, 01051.
mathematical function type
longitudinal river profile, river, sediment load, channel sediment, gravel, Japan; 08156.
mathematical index
map production, generalisation, linear object, 10352.
mathematical inventory
global carbon cycle, oceanic mixing, biological pumping, 08993.
mathematical language
GIS, artificial intelligence, geographical data processing, predicate calculus, 03358.
mathematical logic
geomorphological proof, glacial landform, proof probability, information theory, ice marginal ramp, Bortensander, 08462.
mathematical method
map quality, mean value, 10376.
mathematical model
adsorption desorption kinetics, carbofuran movement, pesticide, 07353. climate permafrost coupling, permafrost, snowcover depth, cryolithozone, USSR; Canada; 07287. dynamic equilibrium, river basin evolution model, uplift, hillslope, fluvial geomorphology, channel network, 10706. dynamic equilibrium, sediment transport, computer simulation model, flume experiment, river profile, 06301. erosion, beach erosion, factor analysis, chemical pollution monitoring, coastal erosion monitoring, pollutant, lake sediment, USA, Lake Michigan; 05978. Escherichia coli, estuary, bacterial contamination, surface water quality, contaminant transport, faecal pollution, France, Morlaix Estuary; 04064. estuary, current velocity, erosion, deposition, density gradient, suspended solid, salinity, UK; 08164. flood dynamics, backwater effect, levee failure, flood simulation, drainage design, channel design, Italy, Valtellina, Adda River; 05159. flood protection, discharge profile, unsteady flow, flood reconstruction, computer aided reconstruction, Switzerland, Reuss Valley, Reuss River; 05158. human expertise, uncertainty model, reliability, GIS, 01023. liquid water content, capillary pressure, experimental method, theoretical determination, characteristic equation, snow, pendular regime, 01462. mineralisation rate, carbon cycling, nitrogen cycling, organic matter dynamics, 07339. model verification, catchment model, stream flow, parameter estimation procedure, Germany, Northrhine-Westphalia; 06287. moisture storage, hydrologic process, vegetation cover, runoff, soil moisture, 06259. multi stage channel, lateral shear, depth averaged eddy viscosity, dimensionless eddy viscosity, two stage channel, depth averaged velocity, boundary shear stress, secondary flow, friction factor, eddy viscosity, channel flow, flow model, 05169. parameter identification, model instability, groundwater flow model, 05218. physical model, water surface profile, channel flow, partially cut off meander loop, depth averaged velocity profile, meander loop, velocity profile, 05174. protection optimisation, avalanche study, protection measure, 09518. reservoir water quality, hydraulic structure, spillway operation, bottom outlet, water quality management, computer model, Brazil, Amazon Basin, Cachoeira Porteira Reservoir; 12192. restrained rebound, saturated clay, swell pressure growth, 03809. river runoff, macroscale rainfall field, complex relief condition, mountain river, runoff prediction, 05131. semi arid area, rainfall runoff modelling, model applicability, soil type, topography, rainfall pattern, infiltration, soil moisture storage, rainfall spatial distribution, evaporation, groundwater recharge, urban catchment, rural catchment, Tunisia; 06295. upstream storage, flood alleviation, hydraulic model, UK, England, Aylesbury; River Thames; 05260. water demand, water supply, regional water resource, large scale water resources planning, water resources planning, North Atlantic Regional Water Resources Study, storage yield model, institutional arrangement, environmental consideration, 05255. water flow, heat transfer, meltwater refreezing,

porosity, capillary effect, bulk density, snow temperature, grain size, meltwater infiltration, subfreezing snow, 01745.
mathematical modelling
interaction, frozen rock, hydrate, natural gas, 03908. Liesegang diffusion, weathering initial stage, spheroidal weathering, tholeiitic basalt, Lesotho; 08529.
mathematical morphology
contour smoothing, scale reduction, 08053. GIS, data acquisition, scanning, image processing, 05580. image processing, morphological filter, multiple structuring element, 07995. image transformation, lattice, dilation, erosion, 07994.
mathematical order
topology, metric space, spatial subdivision, 08019.
mathematical simulation model
Phreatic aquifer, piezometric depression, environmental isotope, groundwater resources, tritium, carbon-14, water transfer movement, aquifer recharge, circulation, water table depth, evaporation flux, Mali, Nara Region, Interior Delta; 06365. sewage discharge, time of decay, surface water contamination, dispersion coefficient, pollutant dispersion, Argentina, Buenos Aires, Rio de la Plata; 13355.
mathematical spline
inverse distance weighting, weighted local averaging, spatial prediction method, soil pollution, kriging, co kriging, soil mapping, floodplain soil, zinc, local trend analysis, Netherlands, Geul River; 08622.
mathematical theory
Froude number, landslide, wave, 05787.
mathematico-statistical method
structural non uniformity, quantitative assessment, territorial differentiation, karst system, taiga, USSR, Arkhangel'sk Oblast'; 11902.
Mathura refinery
monsoon, winter, stack, dispersion parameter, effluent, sulphur dioxide, India, Agra, Taj Mahal; 11384.
Matonabbee map
copper mine, ethnohistorical knowledge, Canada, Hudson Bay; 08030.
matric flux potential
hydraulic conductivity pressure head relationship, ring factor, groundwater flow, infiltration ring, ponded infiltration, saturated hydraulic conductivity, 11039.
matric potential
manure application, soil physical property, soil water retention, soil strength, Australia, Queensland, Darling Downs; 12123. unsaturated soil, hydraulic conductivity, constant head permeameter, well permeameter, Philips model, infiltration, Guelphs model, 09842.
matric potential gradient
cumulative infiltration, transmission zone saturation, temperature dependence, ponded infiltration, infiltration, Green and Ampt equation, wetting front, hydraulic conductivity, viscosity, 13403.
matric suction profile
chloride profile, water table rise, groundwater recharge, surface water quality, land clearance, salinisation, Australia, Murray Basin; 07585.
matrix adsorption
groundwater flow, coupled flow, solute transport, inverse method, model calibration, aquifer model, maximum likelihood estimation theory, Gauss Newton algorithm, parameter estimation, concentration data, matrix diffusion, 09878.
matrix diffusion
matrix adsorption, groundwater flow, coupled flow, solute transport, inverse method, model calibration, aquifer model, maximum likelihood estimation theory, Gauss Newton algorithm, parameter estimation, concentration data, 09878. parameter estimation, tracer test, solute transport, groundwater contamination, fissured media, porosity ratio, dispersivity, 09867.
matrix fabric
frost disturbed soil, anisotropy, sorted patterned ground, freeze thaw process, magnetic susceptibility anisotropy, USA, Colorado; 03915.
matrix flux potential
diffusivity, water retention, hydraulic conductivity, measurement method, field study, soil property, hillslope hydrology, hydraulic potential, soil water capacity, unsaturated flow, 11042.
matrix inverse
least squares estimation, covariance function, least squares interpolation, collocation, 12608.
matrix isolation
electron spin resonance, peroxy radical, nitrogen oxide, 06545.
matrix isolation spectroscopy
halogenated carbonyl, stratosphere, carbonyl halide, 06612.
matrix potential
precipitation, soil water, arid rangeland, USA, New Mexico; 01554.
matrix rank
least square, orthogonal transformation, 11444.
Matsukawado site
archaeological site, Matsukawado Volcanic Ash Layer, volcanic ash layer, Jomon Period, Choda site, Japan, Aichi Prefecture, Kasugai City; 00315.
Matsukawado Volcanic Ash Layer
volcanic ash layer, Jomon Period, Choda site, Matsukawado site, archaeological site, Japan, Aichi Prefecture, Kasugai City; 00315.
matter transport
leaching, cation leaching, potassium fertilisation, simulation model, multicomponent transport model, water transport, 08576.
maturation
kerogen, vitrinite reflectance, Neogene, Tertiary, conglomerate, Japan, Honshu, Tsugaru Basin; 11798.
maturation range
oil, burial depth, aromatic, biomarker, hopane, China, Liaohe Basin; 07111.
maturity
aryl isoprenoid, biomarker, Sunniland Limestone, organic facies, USA, South Florida Basin; 03661. oil, organic matter, sulphur compound, thiophene, thiolane, thiane, benzothiophene, 07089. rank, fluorescence, vitrinite reflectance, thermal evolution, oil, organic matter, source rock, 11785.
Matuyama Chron
Olduvai, Jaramillo Subchron, Brunhes Chron, sea ice cover, Pliocene(Late), Pleistocene, palaeoclimate, diatom preservation pattern, Gauss Chron, opal, diatom, Southern Ocean, Jane Basin; Antarctica; 01423.
Maunder minimum period
solar activity, Little Ice Age, historical data, climate change, sunspot activity, France, Paris; 10142.
Maungataniwha Sandstone
Cretaceous, phosphatic concretion, grain size analysis, heavy mineral, concretion, palaeoecology, palaeoenvironment, New Zealand, Hawke's Bay, Te Hoe River; 01308.
Maury silt loam
Paleudalf, runoff, soil loss, silt loam, tillage, sediment, nutrient loss, 07337.
maxima
statistics of extreme, Hershfield coefficient, quantitative hydrology, sliding maxima, 05110.
maxima temperature
temperature record, climate, Spain, San Sebastian; 11280.
maximum advance
Vistulian, ice sheet, Leszno Phase, age, Poland, Prosna Valley; 00311.
maximum average vagueness criterion
prediction vagueness criterion, soil electrical resistivity, hydraulic permeability, fuzzy regression, statistical hydrology, regression analysis, 04019.
maximum density
temperature reconstruction, map, summer temperature, Western European summer temperature(1750-1975), Western North American summer temperature(1600-1982), radiodensitometrical study, tree ring, dendroclimatology, USA; Europe; 11291.
maximum entropy estimator
Pearson type-3 distribution, flood, Monte Carlo simulation, statistical method, parameter estimator variance, parameter estimator covariance, 09779.
maximum entropy method
carbon dioxide, greenhouse effect, ecosystem dynamic power, 07818. time scale, intraseasonal zonal wind, zonal wind fluctuation, radiosonde observation, monsoon, spectra, India; 12402.
maximum entropy production
climate model, faint young sun paradox, stellar evolution, solar luminosity, entropy, ice albedo feedback, 13579.
maximum entropy spectrum
solar radiation, ocean circulation, sea surface temperature, maritime continental contrast, sea ice extent, empirical orthogonal function, power spectrum, 10042.
maximum entropy spectrum analysis
precipitation record, luni solar 18.6 year term, rainfall, bistable phase switch, 07805.
maximum extent
last ice sheet, Pleistocene, Vistulian(Late), Holocene, denudation magnitude, morainic plateau, Poland, Osieczna; 00208.
maximum flood estimation
flood peak frequency characteristic, regional maximum flood, design flood estimation, probable maximum flood, Africa(Southern); 05140.
maximum likelihood classification
classification accuracy, ground survey, 05588. error probability, area estimate, 02135. multitemporal data set, migrating means clustering, algorithm, Australia, New South Wales, Willandra Lakes; 10404. probabilistic relaxation, land cover classification, classification accuracy, 01111. region, urban growth, GIS, Landsat MSS, France; 04670. Thematic Mapper, land cover classification, 10313.
maximum likelihood classifier
SPOT imagery, dambo environment, digital image processing, land degradation, image processing, Microvax computer, I2S software, Zaire, Shaba, Lubumbashi; Zambia; 09496. SPOT, Landsat TM, data space volume, principal components analysis, probability density contour, 10314.
maximum likelihood estimate
hydrological variable, Poisson distribution, statistical method, peak magnitude, estimate bias, estimate variance, quantile estimate, partial duration series, 09785.
maximum likelihood estimation
statistical method, parameter estimation, Weibull distribution, Gumbel distribution, Frechet distribution, data analysis, bias error, 13308.
maximum likelihood estimation theory
Gauss Newton algorithm, parameter estimation, concentration data, matrix diffusion, matrix adsorption, groundwater flow, coupled flow, solute transport, inverse method, model calibration, aquifer model, 09878.
maximum likelihood method
minimum mean square error method, flow forecasting, stochastic model, streamflow, auto-regressive moving average, India, Malaprabha River; Hemavathy River; India, Couvery River; 02840. sensitivity analysis, radioactive solute, groundwater flow, solute transport, parameter estimation, automatic calibration, model calibration, Spain; 09870.
maximum likelihood problem
Gauss Newton method, Newton method, optimisation method, adjoint state method, inverse problem, gradient method, groundwater flow, parameter estimation, estimation uncertainty, 09869.
maximum likelihood technique
extreme variable prediction, surface water quality, acidification, UK, Scotland, Cairngorms, Allt a'Mharcaidh Catchment; 04102.
maximum negentropy criterium
multivariate information system, data analysis, information theory, 01065.
maximum shear modulus
sand, seismic cone penetration test, dilatometer data, correlation, Canada, British Columbia; 03790.
maximum size
hailstone size, extreme value theory, observed hailstone, 13605.
maximum sorption capacity

sorption saturation degree, soil acidification, pH buffering capacity, buffering capacity, soil unit, Czechoslovakia, Slovakia; 09757.
maximum temperature
spring phenology, green up period, surface maximum temperature, phenological data, transpiration onset, vegetation, 07637.
maximum wind speed
typhoon, wind speed, sea surface, Coriolis force, 04256.
Maya collapse
forest growth, anthropogenic control, lake, palaeolimnology, pollen, savanna, soil, 08160.
Mazama
tephra, marker bed, radiocarbon age, Canada, British Columbia, Fraser River Delta; 10564.
Mazama tephra
Neoglacial ice advance, Late Quaternary, vegetation history, pollen zone, radiocarbon, tephra dated, early postglacial vegetation, temperature, Canada, Alberta, Jasper National Park, Wilcox Pass; 05012.
maze cave
phreatic cave, subterranean stream piracy, soil pipe, karst related feature, palaeokarst, mesokarst, artesian flow, USA, Mississippi Valley; 03840. ramiform cave, dissolution rate, artesian flow, cave origin, cave morphology, limestone cave, flow route, wall retreat rate, sinkhole recharge, 06043.
McConnell Glaciation
Wisconsinan(Middle), mammal, stratigraphy, sedimentology, mammoth, bison, bone bearing sediment, Canada, Yukon Territory, Ketza River; 13147.
McCoy Brook Formation
conglomerate, sandstone, mud, clast, debris flow, arid climate, Jurassic, Canada, Nova Scotia, Fundy Basin; 08216.
McNaughton-Jarvis parameter
understorey evapotranspiration, evapotranspiration, aerodynamic characteristic, forest hydrology, forest floor evaporation, understorey radiation regime, stomatal conductance characteristic, 02836.
meadow
aggregation, organic matter, particle size fraction, corn, 05068.
meadow-Chernozem soil
calcium, magnesium, iron, manganese, rice, redox regime, Chernozem, 12078.
mean annual rain fall
precipitation, rain fall, regionalisation, principal component analysis, common factor analysis, Ethiopia; 04236.
mean areal rainfall
rainfall prediction, precipitation estimation, radar data, areal rainfall, covariance analysis, rainfall forecast, 13311.
mean bias error
insolation, evapotranspiration, satellite method, albedo model, 06460.
mean circulation
climate interaction, analogous rhythm phenomenon, ocean atmosphere system, analogous discrepance, 04190.
mean daily wind speed
turbulent wind, moisture, sand dune, India; 03074.
mean deviation
standard deviation, precipitation chemistry, deposition, wet deposition, heteroscedasticity, 13666.
mean flow acceleration
momentum flux, radar observation, polar mesopause, Doppler Radar, Norway, Andoya; 04257.
mean grain size
detrital silt fraction, piston core, palaeocirculation pattern, Pleistocene(Late), Holocene, deepwater circulation, melt water discharge, ocean ventilation rate, ventilation rate, circulation fluctuation, last deglaciation, Atlantic, Blake Outer Ridge; 10744. till, saturated hydraulic conductivity, porosity, Scandinavia; 00296.
mean low-level wind
orographic forcing, thermal forcing, stationary wave, 01887.
mean meridional circulation
tropics, ocean atmosphere transport, marine data, bulk aerodynamic formulae, meridional transport, energy, ECMWF analyses, 07628.
mean monthly flow rate
mountain basin, Parde index, flow rate estimation, stream flow, Alpine water course, Switzerland, Dranse de Bagnes, Valais Waterways; 12170.
mean sea level
continental ice topography, SEASAT, Polar platform, altimeter data, 12786.
mean sea level data
tide gauge, sea level, New Zealand; 03906.
mean sea level pressure
sea surface temperature, El Nino/Southern Oscillation, principal component pattern, Australia; 08906.
mean sea surface
geocentric reference ellipsoid, error spectrum, satellite altimeter, tide gauge data, 12788.
mean structure
ice edge, aircraft observation, marginal ice zone, inversion, geostrophic wind, boundary layer, Arctic; 13534.
mean temperature
daily mean, temperature estimation, stream water temperature, UK, England, Teesdale; 01685. thermometer, wind direction, maritime climate, climatological record, Sweden, Uppsala; 03131.
mean tidal range
time series, tidal harmonics, sea level, secular trend, UK; Ireland; France; Belgium; Germany; Netherlands; 11985.
mean value
mathematical method, map quality, 10376.
mean weight diameter
aggregate wetting procedure, freezing, thawing, aggregate stability, size distribution, freeze-thaw cycle, Canada, Prince Edward Island; 13257.
mean wind
momentum flux, velocity variance, wave energy flux, mesospheric momentum flux, radar, USA, Alaska, Poker Flat; 04297.
meander
bar, channel, sinuosity, bedform, engineering, 10516. Jurassic, petrified forest, Shishu Formation, wood, logs, stump, China, Xinjiang, Junggar Basin; 01307. neotectonic effects, sinuosity, channel migration, alluvial channel, floodplain slope, channel slope, uplift, floodplain instability, USA, South Dakota, Belle Fourche River; 10673. river, model scaling, bed topography, 06946.
meander bend
bar, sedimentation, recirculation zone, flow separation, USA, Arizona, Colorado River; Grand Canyon; 02312. terrace, tectonic phase, neotectonics, palaeogeographic evolution, fluvial facies, lacustrine facies, Lago Tiberino, Villafranchian, tilting, Italy, Umbria, Tiber Valley, San Fortunato Basin; Umbira, Tiber Valley, Riparvella Basin; 08342.
meander line
water body, public land survey, 05778.
meander loop
velocity profile, mathematical model, physical model, water surface profile, channel flow, partially cut off meander loop, depth averaged velocity profile, 05174.
meander migration
fluvial sediment, geomorphology, sediment, typological characteristic, fluvial form, 10671.
meander morphology
valley topography, tectonic tilted block, terrace, floodplain, incised meander, USSR, Amur River, Korsakovsky Krivuny; 08334.
meander progression
channel movement, accretion, overtopping, erosion, lake level fluctuation, river regulation, river flood hydraulic, road construction, lake level fluctuation, bed scour, Malawi, Rift Valley, Lake Malawi; 05184.
meander wavelength
flood regime, channel geometry, floodplain, palaeohydrology, channel avulsion, river metamorphosis, avulsion, Australia, Victoria, Thomson River; 00216. sinuosity, asymmetry, channel geometry, depth to width ratio, bend amplitude, Taiwan, Tanshui River; 01657.
meandering
anthropogenic disturbance, agriculture, discharge, long distance correlation, correlation, fluvial event, temperate zone, channel pattern, sediment facies, deposition rate, braided river, 11840. braided river, sheetflood, pedology, climatic oscillation, Ruzizi Plain Deposit, calcrete, ferricrete, stone line, Zaire, Lake Tanganyika; Burundi, Lake Tanganyika; Rwanda, Lake Tanganyika; 06106. flood plain, bedload, environmental change, environmental process, fluvial response, temperate zone, river terrace, buried channel, UK, England, Sussex, Ouse River; 11844. floodplain, upper floodplain, Vistulian, Bolling, organogenic sediment, channel depression, Poland, Pomerania, Slupsk; 05992. last interglacial, geomorphic surface, channel characteristic change, Pleistocene(Late), Holocene, base level change, flood plain, channel sand, braided channel, India, Ganga River Valley; Kanpur; 02505. lithofacies, alluvial fill, river discharge, braided channel, valley floor development, palaeoclimatic research, past fluvial process, fluvial process, palaeohydrological interpretation, channel pattern, Poland; 09491. Milankovitch cycle, Devonian, sandstone, Kap Graah Group, cyclic variation, Greenland, Gunnar Andersson Land; 02400. river behaviour, intertropical region, rift, floodplain, weathering, Zaire; Burundi; Rwanda; 13017. wavelength, sediment transport, alluvial channel, 04716.
meandering channel
aggradation, fluvial episode, high terrace, low terrace, flood plain, braided river, Poland, Ner Valley, Lodz, Lublinek; 00214. channel model, natural channel, channel sinuosity, trapezoidal channel, flow resistance, flood plain flow, channel flow, vorticity, overbank flow, 05167. diversion channel, stratigraphy, lacustrine deposit, alluvium, forealpine lake, glaciation, Switzerland, Aare River; 11847. flood flow geometry, overbank flow, velocity, turbulence, Laser Doppler Anemometer, flow mechanism, 05168. incision, aggradation, floodplain, palaeohydrological development, temperature, precipitation, evapotranspiration, fluvial history, braided river, Netherlands, Mark Basin; 10677.
meandering river
palaeohydrology, Bolling, Allerod, Dryas, Holocene, glacial lake, eustatic fluctuation, glacioisostatic movement, braided river, USSR, Estonia; 11855. pollen assemblage, Holocene, stream terrace, Quaternary(Late), palaeoecology, palaeoenvironment, alluvial valley, radiocarbon dating, melt water, aeolian activity, sand dune, glacial meltwater, braided stream, USA, Missouri, Mississippi River; 07263. river channel pattern, bed material, grain size, channel geometry, fluvial sediment, grain size parameter, 13328. sandstone, coastal protection, dam, power station, Switzerland, Berne, Lake Wohlen; 05885.
meandering valley
Pleistocene upland, remnant stream, asymmetric valley, geomorphological feature, valley, gutter shaped form, tephra deposition, Japan, Kanto Plain; Musashino Upland; 03717.
measured optical property
calculated optical property, optical property, aerosol, infrared wavelength, lidar, backscatter, 12565.
measurement
airborne sensor, aircraft, soil moisture depth, radiometric, Italy; 02194. calibration, weathering process, lichenometric investigation, wave washed moraine, Schmidt Test hammer, boulder, isostatic uplift, rock weathering rate, Rhizocarpon geographicum, Sweden, Bothnian coast, Badamalen; 07321. calibration, weathering process, wave washed moraine, bedrock, Schmidt Test hammer, isostatic uplift, rock weathering rate, raised beach, Sweden, Norrland; 03928. correlation, clay, dynamic shear moduli, shear wave velocity, very soft clay, Greece, Euboea; 03774. Dennder difference method, filter pack, transition flow reactor, Fourier transform infrared, spectroscopy, nitric acid, 13675. digital level, level, Wild NA2000, accuracy, 04473. error, accuracy, land use, GIS, database, UK; 04487. fractal geometry, scaling parameter, random surface, self affinity, landform, 03697. hydraulic conductivity, inverse auger hole method, saturated hydraulic conductivity, till soil, dug well, 01713. lateral stress, oedometer, splitted ring, Norway; 03760. mesopause, sounding system, gravity wave, wavelength, 12308. nitrogen oxide, power plant, plume, night, modelling, ozone, reaction, 13728. pore pressure, marine sediment, hydrology, geotechnical

engineering, 01185. runoff, erosion, sediment transport, 12178. sea level change, tide gauge, dredging, inlet hydraulic, runoff, bay superelevation, 03901. snow water equivalent, computer simulation, airborne measurement technique, gamma radiation attenuation, estimate variation, 00623. suspended sediment, turbidity, PHICAB network, Bolivia, Andes; 12180.

measurement adjustment
digital data recorder, cadastral database, survey computation, blunder detection, 00971.

measurement based system
multipurpose casdastral system, local government, geodetic network, 08005.

measurement correction
air content measurement, polar ice, cut bubble, ice sheet elevation, ice density data, hydrostatic method, 07300.

measurement distance
geometric levelling, levelling, 11416.

measurement error
airborne gravity measurement, power spectral density, GPS, 03295. cirrus case study, cloud, optical property, lidar, wind structure, 12457. data inaccuracy, USGS, regression modelling, groundwater flow, parameter estimation, groundwater recharge, 04116. electrical measurement, thundercloud, balloon borne instrumentation, charged water particle, laboratory measurement, conduction current, 11157. instrumentation, hydraulic conductivity, edge flow, soil core, lysimeter, permeameter, solute leaching, leaching rate, 13396. radiation, double domed radiometer, radiation balance, radiometer, 09972.

measurement frequency
water level, monitoring network, Kalman filtering, groundwater flow model, estimation error standard deviation, sensitivity analysis, network density, China, Zhengzhou; 11050.

measurement inconsistency
remotely sensed measurement, stratocumulus property, radiometer, marine stratocumulus, cloud optical depth, rain drop raduis, 12326.

measurement instrument
suspended sediment, AmasSeds, flow condition, sediment profiler, profiler, Brazil, Amazon River; Amazon Shelf; 10663.

measurement method
field study, soil property, hillslope hydrology, hydraulic potential, soil water capacity, unsaturated flow, matrix flux potential, diffusivity, water retention, hydraulic conductivity, 11042. hydroxyl radical measurement, radiocarbon tracer technique, tracer, 08827. mountain hydrology, evaporation estimation, river discharge, precipitation measurement, snow, glacier, water balance, river flow, bed load, water cycle, hydrological modelling, acid rain, basin characteristic, surface water resource, 12135. rainfall angle, throughfall, stemflow, interception, rainfall partitioning, forest hydrology, throughfall measurement, Australia; 00509. trace species, chemical composition, atmospheric chemistry, 10174.

measurement method selection
expert system, flow measurement, stream gauging, gauging structure, 09812.

measurement precision
carbon-14, natural variation, tree ring, oak, 02596.

measurement station vector
accurate coordinate, satellite positioning, 06724.

measurement system
accuracy, position, velocity, Lasertrace, 04477.

measurement technique
hydrological data, monitoring system, expert system, climate change, forest renewal, hydrological investigation, water resource management, China; 09935. precipitation estimate, watershed variable, Markov chain-mixed exponential model, annual precipitation, ungauged catchment, daily precipitation, mountain basin, USA, South Dakota; Idaho, Reynolds Creek; 08655. time domain reflectometry system, soil water content, automated technique, 08762.

measurement time interval
geological geomorphological process rate, fiducial time, shoreline position, 08326.

measuring
accuracy, digitalising, 04485.

measuring device
surf zone, sheet flow condition, sediment transport, erosion, beach, 05973.

measuring network
soil moisture measurement, infiltration parameter spatial variability, Germany; 06338.

meat cooking operation
submicrometer, aerosol mass distribution, emission, boiler, fire place, automobile, diesel truck, 11339.

mechanic
tropical region, flowslide, landslide, residual shear strength, subsoil flow, pore water pressure, West Indies, Dominica; 03826.

mechanic weathering
biochemical weathering, channel alluvium, gravel, alluvium, abrasion, river channel, weathering, 11841.

mechanical abrasion
olivine, river sand, transport, weathering, heavy mineral, ultramafic source, beach, New Zealand, Westland, Cascade-Martyr River System; 01490.

mechanical anisotropy
mountain slope, slope failure, crystallophyllian formation, foliation, anisotropic structure, France, Isere, Bourg-d'Oisans, Charmonetier; Alps; 03828.

mechanical breakdown
runoff, erosion, experimental study, crusting modelling, soil surface, crusting process, aggregate, slaking, rainfall, 10826.

mechanical denudation
acidification, anthropogenic denudation, denudational process, pollution, weathering, chemical weathering, Poland, Karkonosze Mountains, Lomniczka River; 08546.

mechanical denudation rate
dissolved load, suspended load, denudation, hydrological year 1986, system, spatial variation, chemical denudation rate, Poland, Pomerania, Parseta catchment; 08327.

mechanical dispersion
pollutant transport, dispersion regime, groundwater flow, viscosity gradient, density gradient, miscible displacement, 09899. pollutant transport, mixing, river pollution, pulse disposal, dispersion, convection dispersion equation, surface water quality, velocity gradient, 11019.

mechanical erosion
chemical erosion, metamorphic rock, weathering, sodium loss, France, Var, Maures Massif; 08523. suspended load, solute load, flux, climatic impact, fluvial transport, chemical weathering, France, Adour; Morocco, Souss; Morocco, Oum-er-Rbia; Morocco, Sebou; 00206.

mechanical forcing
valley wind, thermal forcing, 04243.

mechanical property
clay mineralogy, geotechnical unit, geopedological map, Brazil, Sao Carlos; 13072. soft rock, engineering problem, foundation, tunneling, Belgium; 10701. weathering, risk evaluation, rock mass sliding, rock stability, temple, Thebes limestone, rock fall, circular failure, Egypt, Luxor, El Deir El Bahary Valley; 10703.

mechanical rock weathering
rock temperature regime, weathering simulation, surface temperature change rate, weathering, daytime, rock surface temperature, Atlantic, Canary Islands, Tenerife; 02709.

mechanical soil conservation technique
indigenous knowledge, soil erosion, technology limitation, adoption, soil conservation, West Indies, Jamaica; Kenya; Lesotho; Malawi; Swaziland; Sierra Leone; 03946.

mechanical soil strength
aggregate stability, agricultural soil, soil physical property, soil mechanical property, Germany, Bavaria; 09734.

mechanical strength
slope evolution, valley side slope, rock property, hilly land, rock hardness, tensile strength, Schmidt rebound, infiltration capacity, v-shaped valley, headward erosion, Japan, Hokkaido, Shiranuka Hill; Soya Hill; 08402.

mechanical stress
cultivation, Dystrochreptic Fragiudalf, compaction, France, Normandy; 01543. landslide prediction, landslip process, borehole observation, electrical field, USSR, Zagorsk GAES; 04909.

mechanics
raindrop, flow transport, drop size, drop impact, 02716. uncemented, carbonate sand, triaxial testing, fabric-structure of soil, 04906.

mechanisation zone
plough layer, ground pressure, soil moisture content, hydrological condition, USSR, European USSR; 10903.

mechanised agriculture
farming system, soil compaction, cultivation, soil degradation, land clearance, Ivory Coast; 09760. soil strength, semi-arid soil, soil compaction, penetrometer resistance, virgin soil, 12056.

mechanism
chemical weathering, mudstone, mountainous area, oxidation, pyrite, oxidation front, dissolution front, Japan; 01487. climate change, Milankovitch forcing, plate tectonics, trace gas, aerosol, radiation balance, 11292.

mechanistic model
empirical model, climatic variation, tree ring structure, conifer, dendrochronology, 12486.

MEDES 3 handbook
instrumentation, field station, Germany, Trier; 06226.

media alarmism
anthropogenic impact, greenhouse effect, 10138.

media interest
government planning, policy issue, warming, 07801.

median filter
nearest neighbour, 04516.

Median Tectonic Line
slip rate, trench study, seismic event, earthquake magnitude, fault timing, fault displacement, Holocene faulting, Japan, Shikoku; 08374.

mediation
object, database, artificial intelligence, information system, 04564.

medical data
pattern recognition, pattern classification, 03308.

medical diagnosis
digital radiography, magnetic resonance tomography, imaging technique, 03300.

medieval manuscript map
Vercelli Map, map dating, 08025.

Medieval warm epoch
Little Ice Age, greenhouse gas, tree ring, proxy data, climate fluctuation, temperature, Fennoscandia; Europe; 00780.

Mediterranean
mountain, dynamics, chronology, Quaternary detritism, mudflow, flood, till, glaciation, gelifraction, shoreline, France, Corsica; 01383.

Mediterranean area
subtropical area, carbonaceous parent rock, landform evolution, Basement Complex, alluvial deposit, soil landform relationship, Senegal; Ivory Coast, Basement Complex; Lebanon, Mount Lebanon; 07427.

Mediterranean Belt
Coversand Region, Rocourt soil, climatic condition, last interglacial, glacial, geosoil traverse, stratotype, European Loess Belt, Italy, Sardina; Belgium; Greece; 07266.

Mediterranean species
Coleoptera, glacial interglacial cycle, interglacial interlude, interstadial interlude, biogeographic adjustment, faunal invasion, Pleistocene, Europe, (Northern); UK; 08480.

Mediterranean watershed
chemical separation, precipitation chemistry, runoff water quality, throughfall, oxygen 18, hydrograph separation, forested watershed, isotopic separation, France, Corsica, Solenzara, Cannone; 06285.

Mediterranean woodland

HCMM data, albedo, surface temperature, mixed pixel, France; 05733.
medium alpine mountain
forest cover, aerial photography, bare altitude karst, karstic landscape, France, Vercors; 00259.
medium frequency range
wind velocity estimation, radar data, multiple receiver, radar return, mesosphere, 08830.
medium range weather forecast
reference atmosphere, numerical weather prediction, computational instability, 03114.
medium scale
experiment, highly compacted, bentonite, 03802.
mega relief
model, global morphogenesis, geomorphological meta theory, relief symmetry, earth relief, 08321.
megacyclothem
pyrite, Virgilian, Pennsylvanian, organic matter, black shale, USA, Kansas; 01337.
megafauna
stone tool, lithic tool, hunting, gathering, pictograph, Pleistocene, human population, Brazil; 13094.
megageomorphology
global geomorphology, plate tectonics, ocean floor, structural subdivision, 07126.
megaripple
dune, ripple, shear stress, sand, Israel, Sinai desert; 08153. salt marsh, macrotidal, estuary, sand, mudflat, Canada, Bay of Fundy, Cobequid Bay; Salmon River Estuary; 02325.
Mehlich 1
Bray Kurtz P1, soil testing, agricultural soil, Mehlich 3, USA, Georgia, Coastal Plain; 07413. Mehlich 3, Bray Kurtz P1, Mississippi method, soil testing, soil test extractant, USA, Alabama; 07412.
Mehlich 3
Bray Kurtz P1, Mississippi method, soil testing, soil test extractant, Mehlich 1, USA, Alabama; 07412. Mehlich 1, Bray Kurtz P1, soil testing, agricultural soil, USA, Georgia, Coastal Plain; 07413. soil test, alkaline extractant, acidic extractant, phosphorus availability, soil phosphorus, Bray Kurtz P1, Bray Kurtz P2, Canada, Ontario; 07408.
Mehlich 3 extractant
soil test comparison, soil testing, elemental analysis, USA, South Carolina; North Carolina; USA, Virginia; USA, Delaware; 08609.
Mehlich I
Olsen, Bray-Kurtz, phosphorus, phosphorus availability, liming, 07399.
Mehlich III
Bray Kurtz 1, fixation, potassium, phosphorus, double equilibration soil test, USA, Arkansas; 07411.
Mehlich single buffer method
single buffer method, double buffer method, acidic surface soil, buffer method, lime requirement, Australia, Queensland; 07436.
Mei Yu
melting layer, warm rain region, microphysical process, cloud physics, 11265.
Mei Yu front
convective system, orography, mesoscale circulation, Taiwan; 10089. low level jet, frontal model, midlatitude baroclinic property, tropical convective property, rainfall, jet, deformation forcing, updraft, Asia, (East); 10094.
Meinel band
oxygen, hydroxyl radical, middle atmosphere, night airglow, airglow, photometer, oxygen density profile, rocket measurement, 11315.
meiofauna
fault, hydrocarbon, seep, carbon cycling, macrofauna, USA, California, Santa Barbara; 04855. sedimentation, continental shelf, nepheloid layer, gyre, ecosystem response, recycling, Mediterranean Sea, Gulf of Lions; 05852.
MEIS imagery
GIS, remote sensing, terrain data, Canada, Ontario; 13844.
Mejia and Rousselle model
parameter estimation, disaggregation, stream flow, seasonal flow, 09805.
Mekometer
baseline calibration, School of Military Survey, 05597.
melange
convergent margin, mud intrusion, accretionary wedge, sea floor, diapir, diatremes, 01287. Tithonian, Cretaceous, ophiolite, chert, tectogenesis, nappe, Albania, eastern Albanides; 05918.
Melanopsis shell layer
tectonism, terminal drying, Lisan Formation, backfilling, wadi, Jordan, Wadi al-Hammeh; 13100.
mellowing
tensile strength, moulded soil, rapid wetting, air entrapment, differential swelling, 00377.
melt energy computation
ablatometer measurement, melting ice, snow, micrometeorological technique, diurnal pattern, runoff delay, Canada, Alberta, Peyto Glacier; 00338.
melt out till
flow till, till genesis, hydraulic conductivity, saturated water flow, till genesis, hydrogeological property, lodgement till, 00291. ice margin, depositional process, polar maritime environment, sedimentation, debris band, ablation, sublimation till, ice cored moraine, thermal regime, climate, Antarctica, Vestfold Hills; 07248. marine erosion, Flandrian transgression, Devensian(Late), glaciation, Dimlington Stadial, till, lodgement till, UK, England; 13137.
melt rate
evaporation, wind speed, snow evaporation, Canada, Alberta; 00621. thermohaline convection cell, Antarctic Bottom Water, ice ocean interaction, glaciological study, ice velocity, strain rate, accumulation rate, basal melting, Antarctica, Ronne Ice Shelf; 08513.
melt water
aeolian activity, sand dune, glacial meltwater, braided stream, meandering river, pollen assemblage, Holocene, stream terrace, Quaternary(Late), palaeoecology, palaeoenvironment, alluvial valley, radiocarbon dating, USA, Missouri, Mississippi River; 07263. bedload, sediment yield, bed width, particle size, mountain stream, sediment trap, rating curve, transport formula, Helley Smith bed load sampling, Schoklitsch sediment transport formula, glacier, Switzerland, Valais, Bas Glacier d'Arolla; 08713. chemograph separation, englacial component, hydrograph separation, bulk discharge, subglacial component, conductivity, calcium concentration, glacier, Switzerland, Valais, Arolla Glacier; 08800. climate, hydrology, vegetation, precipitation, Arctic region, Canada, Ellesmere Island, Hot Weather Creek; 13440. conveyor circulation, deep water formation, salinity history, last deglaciation, Younger Dryas, Atlantic, (North); 03856. coral reef data, sea level change, carbon dioxide concentration, global cooling, Younger Dryas, oxygen isotope data, Philippines, Sulu Sea; 07200. discharge, runoff model, snow storage, glacier, mass balance, mountain basin, 08788. forest, lysimeter, snow survey, snowpack water loss, 02945. glacier, daily runoff, tank model, mountain basin, runoff model, China, Xinjiang, Urumqi River Basin; 08689. glacier, radioactive contamination, fallout, alpine glacier, snow, vertical dispersion, Chernobyl fallout, Austria, Otztal Alps, Kesselwandferner; 12263. glacier, seasonal variation, sediment yield, sediment transport, suspended sediment, Switzerland, Pennine Alps, Gornera River; Gornergletscher; Switzerland, Pennine Alps, Gornersee; 08714. glacier, tide, wind, suspended sediment, fresh water plume, fjord, Svalbard, Spitsbergen, Lilliehookfjorden, Signehamna; 08167. groundwater contribution, stream flow regime, geochemical denudation, stream solute variation, solute content, surface water quality, alpine stream, annual cycle, USA, Colorado, Colorado Front Range; 07496. gully, pinnacle, mound, mesa, post glacial landscape, badland, Canada, Alberta, Dinosaur Provincial Park; 11893. ice sheet, Antarctic melting, tide gauge record, glacial rebound, warming, glaciostatic shoreline origin, hydrostatic shoreline origin, isostatic shoreline origin, Pleistocene(Late) sea level, Holocene sea level, present sea level, sea level variation, tectonic movement, 07270. ice shelf disintegration, atmospheric warming, satellite image, crevasse, iceberg calving, Antarctica, Wordie Ice Shelf; 09547. ice-contact landform, proglacial feature, kettle hole, kame, landsystem, glaciofluvial landform, UK; Ireland; 11948. infiltration, evaporation, fen, water balance, soil moisture change, hydrological process, permafrost environment, gamma density meter, moisture storage, 13438. lysimeter, silica, ionic tracer, tracer movement, snowpack, USA, Wyoming; 08786. oxygen isotope analyses, salinity reduction, deglaciation onset, North Atlantic Deep Water, Erie Interstade, ice retreat initiation, last deglaciation, radiocarbon dating, Fennoscandia; 08465. precipitation, runoff, Laurentide Ice Sheet, Younger Dryas, climate change, last deglaciation, pack ice, salinity, Atlantic Ocean conveyor circulation, Arctic Ocean; Atlantic, (North); USA, Gulf of Mexico; 08435. refreezing, dry snow, wet snow, freezing rate, wetting-front propagation, analysis, modelling, 01461. sedimentation basin, channel adjustment, sediment transport regime, hydropower scheme, morphological change, downstream channel, Switzerland, Grande Dixence Hydro Power Scheme, Val de Ferpecle; Val d'Arolla; 08724. sulphate, nitrate, spring thaw, snow chemistry, snow cover, snow melt chemistry, trace ion chemistry, maritime airmass, ice crystal, UK, Scotland; 04404. surface salinity, seasonal surface water, surface water, low salinity surface water, oxygen isotopic analyses, Orbulina universa, USA, Gulf of Mexico; 08437. water balance, sandy aquifer, groundwater recharge, groundwater resource, soil moisture, evapotranspiration, lysimeter, infiltration capacity, infiltration, Finland, Hyryla; 05251. weathering, geochemistry, solute concentration, glacial runoff, Antarctica, Victoria Land, Walcott Bay; Alph River; 09326.
melt water channel
end moraine, Quaternary geology, coloured map, superficial deposit, esker, Canada, Alberta, Shetsen; 03879. eroded terrace, fluvial gravel, glacial, sedimentary sequence, overdeepened basin, erosion rate, till, Switzerland, Mittelland; Seeland; 11961. nehrung, haff, Late Glacial, coast, Baltic Sea; 12862. palaeogeographic reconstruction, erosional furrow, USSR, Severnaya Zemlya; 03897.
melt water chemistry
water quality, mineral dust, dust deposition, melt water quality, snow melt, 06380.
melt water cooling
general circulation model simulation, climatic condition, water discharge, last deglaciation, radiocarbon date, Younger Dryas, USA, Gulf of Mexico; 08439.
melt water deposit
Pleistocene deposit, gyttyas, peat, marine sand, glacial deposit, Quaternary, geological mapping, Holocene, sand spit system, Weichselian glacial deposit, Germany, Schleswig Holstein, Gelting Peninsula; 08467. till, last ice advance, glacier tongue, push moraine, dead ice, glacio geological investigation, Weichselian glaciated area, Germany, Kiel; 08468. TL dating, Menapian age, Elsterian, Holsteinian, Saalian, glacial advance, glacial stratigraphy, till, Denmark, Jutland; 05004.
melt water discharge
Holocene, solar forcing, high resolution record, Quaternary(Late), upwelling, anoxic basin, planktonic foraminiferal fauna, piston core, trade wind, glacial interglacial transition, sea level, Venezuela, Cariaco Basin; Caribbean Sea; 10745. ocean ventilation rate, ventilation rate, circulation fluctuation, last deglaciation, mean grain size, detrital silt fraction, piston core, palaeocirculation pattern, Pleistocene(Late), Holocene, deepwater circulation, Atlantic, Blake Outer Ridge; 10744.
melt water drainage
Anglian, ice marginal channel, channel sedimentation, conductivity meter, auger, outwash, UK, England, Suffolk; 10770.
melt water flood
sandur, slopewash, flood event, proglacial storage, sediment concentration, Alpine sediment, sediment budget, sediment yield, suspended sediment, bedload transport, channel pattern, Switzerland, Val d'Herens, Bas Glacier d'Arolla; 07239.
melt water flood event
flow line pattern, drumlin long axes, bedrock fluting, melt water flood evidence, large scale subglacial, USA, New York State; Canada, Ontario; 04997.
melt water flood evidence

large scale subglacial, melt water flood event, flow line pattern, drumlin long axes, bedrock fluting, USA, New York State; Canada, Ontario; 04997.
melt water flow
North Atlantic Deep Water, climatic shift, global change, Younger Dryas, rapid warming, oceanographic change, Atlantic, (North); 08426.
melt water hypothesis
climatic change speed, orbital forcing, ice sheet instability, glacial melt water, melt water incursion, North Atlantic Deep Water, Younger Dryas, cooling event, glacial termination, Ocean Drilling Programme site 658, benthic delta carbon-13 anomaly, Atlantic, (North); 08442.
melt water incursion
North Atlantic Deep Water, Younger Dryas, cooling event, glacial termination, Ocean Drilling Programme site 658, benthic delta carbon-13 anomaly, melt water hypothesis, climatic change speed, orbital forcing, ice sheet instability, glacial melt water, Atlantic, (North); 08442.
melt water infiltration
isotopic profile, palaeoclimatic information, oxygen-18 change, isotope variation, temperatre glacier, USSR, Severnaya Zemlya; Svalbard, Spitsbergen; 05046.
melt water influx
Younger Dryas, Orca Basin, piston core EN32-PC4, surface water cooling, glacial melt water routing, Laurentide glacial melt water, USA, Gulf of Mexico; 08438.
melt water injection
deglacial oscillation, climatic oscillation, accelerator radiocarbon dating, Deep Sea Drilling Project Site 480, Younger Dryas event, glacial forcing, atmospheric teleconnection, salinity lowering, USA, Gulf of California; 08454.
melt water isotopic signal
box-model calculation, thermohaline circulation rate, ocean atmosphere system, last deglaciation, oxygen isotope analyse, deep sea core, deglaciation, 11908.
melt water percolation
climatic change, isotopic composition, cold basal glacier ice, oxygen isotope, deuterium isotope, Switzerland, Alps; 03122.
melt water pulse
deglaciation record, Younger Dryas event, Globigerinoides ruber, Neogloboquadrina pachyderma, surface water temperature, salinity change, Pacific, (Western); 08452.
melt water pulse IB
deglaciation, discharge rate, climate event age, climate event origin, Younger Dryas, Dye 3 ice core, preboreal chronozone, Greenland; 08430.
melt water quality
snow melt, melt water chemistry, water quality, mineral dust, dust deposition, 06380.
melt water resurgence
water hardness value, karst drainage, permafrost environment, sink hole, Canada, Northwest Territories, Akpatok Island; 06045.
melt water runoff
relief, lowland zone, postglacial relief, deglaciation, kame hill, ice moraine, melted form, Poland, Biala Podlaska; 07242.
melt water sedimentation
Saalian glaciation, ice advance, Main Stationary Line, Quaternary statigraphy, glacial deposit, lithostratigraphy, Elsterian glaciation, Denmark, Jutland; 05006.
melt water spike
Quaternary(Late), fossil diatom, marine core, palaeoceanographic reconstruction, diatom productivity, Holocene, Canada, Baffin Island; 09560. runoff, Late Glacial, Laurentide ice sheet, computerised model, USA, Mississippi River; Gulf of Mexico; Canada, St. Lawrence; 06076.
melt water supply
suspended sediment, Weichselian glacimarine deposit, varve, proximal, distal, glacimarine deposit, sedimentation, Sweden; 05002.
melt water surge
uranium-thorium age, mass spectrometry, coral, sea level, Last glacial cycle, oxygen isotope measurement, detailed chronology, Barbados; 00318.
melted form
melt water runoff, relief, lowland zone, postglacial relief, deglaciation, kame hill, ice moraine, Poland, Biala Podlaska; 07242.
melting
ice, snow flake, wind tunnel, 01931. precipitation, freezing, soil, Stefan problem, ablation, thawing, glacier growth, glacier decay, ice formation, thermodynamics, 11082. refreezing, terminal velocity, storm, air-sea interaction, precipitation, snow, rain, Canada, Nova Scotia; 01927.
melting ice
snow, micrometeorological technique, diurnal pattern, runoff delay, melt energy computation, ablatometer measurement, Canada, Alberta, Peyto Glacier; 00338.
melting layer
snowflake, raindrop, microphysics, oceanic mesoscale, convective system, Taiwan; 11266. warm rain region, microphysical process, cloud physics, Mei Yu, 11265.
melting level
hurricane, radar reflectivity, ice water content, 10113.
melting phase
ice sphere, albedo, extinction coefficient, microwave radiative transfer, radar, radiometer, microwave radiometer, storm, rain, 04219.
melting rate
Younger Dryas event, salinity flux, continental ice volume, oscillator feasibility, salinity driven oscillator, salt oscillator, glacial Atlantic, scale analysis model, thermohaline circulation, Atlantic; 08441.
melting refreezing rate
antifreeze, hot water drilling, bore hole closure, cold ice, down hole experimentation, 07299.
melting snow
temperature, low pressure centre, winter, storm, rain-snow boundary, 10502.
meltwater
debris flow, flood, eruption, lahar, pyroclastic flow, Colombia, Nevado del Ruiz; 01197. deglaciation, ice sheet, model, Devensian, Flandrian, glacial rebound, sea level change, UK, Scotland; 13167. forest floor leachate, chemical transformation, sodium, chloride, sulphate, hydrogen, potassium, ammonium, nitrate, snowpack chemistry, USA, New York, Adirondacks; 02936. preferential elution, snowpack chemistry, ion loss, ion accumulation, precipitation chemistry, USA, Michigan; 00618. remote sensing, surface measured data, stream flow forecasting, National Weather Service, Airborne Gammaa Radiation Snow Survey, gamma radiation, National Remote Sensing Hydrology Program, snow water equivalent, USA; 02941. Termination Ia, magnetic susceptibility, environment, physical property, acoustic property, deep sea sediment, palaeoclimatic implication, climatically driven change, sedimentation rate, Arctic, Eurasian Basin; 02619. terrace, outwash plain, Pleni-Vistulian deposit, Last glaciation maximum, Leszno phase, Poznan Phase, Gniezno Oscillation, Poland, Pyzdry Basin, Prosna River, Macew; 00310. till, Laurentide ice sheet, stable isotopic composition, ostracode, glaciolacustrine sediment, Late Wisconsin till, Canada, Ontario, Toronto, Scarborough Bluffs; 13112.
meltwater channel
glacial surging, sedimentation, ice contact lake, rapid sedimentation, terminus advance, proglacial lake, suspended sediment concentration, push moraine, USA, Alaska, Glacier Bay, Carroll Glacier; 02634.
meltwater chemistry
environmental impact, heavy metals, snowpack, snow chemistry, Sea of Japan; 01743. snow chemistry, chromatographic process, preferential elution, ion chromatographic property, 02939.
meltwater drainage
ice sheet, modelling, Devensian(Late), glaciation, UK, Scotland; 13126.
meltwater infiltration
subfreezing snow, mathematical model, water flow, heat transfer, meltwater refreezing, porosity, capillary effect, bulk density, snow temperature, grain size, 01745.
meltwater outflow
ice cored moraine, glacial lake, development stage, glacier margin morphology, outwash fan relief, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02651.
meltwater production
summer precipitation, monsoon, runoff, stream discharge, Pakistan, Karakoram; 02935.
meltwater refreezing
porosity, capillary effect, bulk density, snow temperature, grain size, meltwater infiltration, subfreezing snow, mathematical model, water flow, heat transfer, 01745.
meltwater runoff
snow cover energy, mass balance model, fir forest, heat transfer, water retention, Canada, Quebec, Lac Laflamme; 01747.
meltwater spike
primary productivity, climatic cycle, sedimentation rate, stable isotope record, Quaternary(Late), sedimentation rate, Antarctic continental margin, ice shelf edge, diagenetic process, Antarctica; 02622.
meltwater stream
age relationship, Laurentide, montane, glaciation, moraine, Canada, Northwest Territories, Mackenzie Mountains; 13110. Salpausselka I moraine, delta, glacial lake, sedimentation, ice sheet, glaciolacustrine, Finland, Salpausselka Moraines; 00108.
Melville Formation
Little Sole Formation, ice raft, glaciation, glacigenic sediment, stratigraphy, UK, Scilly Isles, Celtic Sea; 13082.
Melville Moraine
sea level change, Foxe ice dome, marine limit elevation, radiocarbon date, deglaciation, emergence curve, Cockburn moraine system, Canada, Northwest Territories, Melville Peninsula; 06117.
membrane compliance
membrane compliance effect elimination, undrained testing, soil susceptibility, liquefaction, 03759.
membrane compliance effect elimination
undrained testing, soil susceptibility, liquefaction, membrane compliance, 03759.
membrane filtration technique
water quality monitoring, surface water quality, fecal indicator, random sampling, statistical analysis, coliform bacteria, fecal streptococci, 01684.
memory network pattern classifier
multi-level architecture, processing layer, 03316.
Menapian age
Elsterian, Holsteinian, Saalian, glacial advance, glacial stratigraphy, till, melt water deposit, TL dating, Denmark, Jutland; 05004.
Mendocino triple junction
fission track age, uplift, unroofing, stability, uplift history, strike slip offset, space problem, Quaternary uplift, USA, California, King Range, San Andreas Fault; 11878.
mensuration
digitisation, Switzerland; 04490. map scanning, automation, digitisation, 00966. railway, building databank, GIS, Switzerland; 04686.
mental map
GIS, cognitive mapping, perception, Canada, Nova Scotia, Annapolis Valley; 13839.
mental representation
processing tool, GIS, digital model, graphic representation, 03352.
mercuric chloride
soil, mercury, soil retention, 02776.
mercuric ion
fixed bed adsorption, pollutant removal, water treatment, water quality, phenol, p-chlorophenol, 04063.
mercury
copper, aerosol, particulate, remote atmosphere, urban atmosphere, zinc, vanadium, arsenic, manganese, bromine, iodine, Italy; 03176. copper, nickel, cadmium, chromium, pollution count, diffuse pollution, heavy metals, surface water quality, lead, zinc, Europe, River Rhine; 04067. copper, nickel, cadmium, cobalt, zinc, organic pollutant, heavy metal transport, India; 10905. emission, deposition, mining, geothermal area, volcanic area, lichen, biomonitoring, Italy; 13751. Enterobac-

teriaceae, organomercurial, bacterial resistance, biological indicator, pollution, heavy metals, 03263. fish, acidification, methylation, bacteria, 11702. human exposure rate, fish exposure rate, gold mining, surface water quality, sediment contamination, Brazil, Rondonia, Madeira River; 12198. hydrochloric acid, hydrofluoric acid, selenium dioxide, hydrogen bromide, hydrogen iodide, inorganic trace compound, flue gas, coal fired power plant, 03191. lake sediment, organic matter, fish, Canada, Saskatchewan; 12842. methylmercury, pollution plume, food chain, eel, fish, heavy metal, UK, England, Norfolk, Yare River; 08202. moss bag, epiphytic lichen, vascular plant, pine needle, pine bark, biological monitoring, Finland; 01979. oil refinery, airborne contamination, soil pollution, particle size separation, Greece, Aspropirgos; 09758. organic compounds, groundwater contamination, environmental release, water quality analysis, conductivity, pH, chloride, ammonia nitrogen, cyanide, chemical oxygen demand, Spain, Catalonia, Les Franqueses del Valles; 11059. sediment, plankton, fish, atmospheric deposition, total organic carbon, pH, lake water quality, USA, Minnesota; 07480. soil retention, mercuric chloride, soil, 02776. surface active particle, halocline sample, estuarine sample, Yugoslavia, Krka Estuary; 11679. Swedish mor layer, deposition, selenium, sulphur, emission, Sweden; 04442. water tempeature, water quality monitoring, volcanic activity, groundwater contamination, heavy metal contamination, public water supply, Japan, Izu-Oshima Island; 04134.

mercury contamination
detection limit, sewage sludge incineration, lake water contamination, water quality analysis, water quality sampling, source identification, North America, Great Lakes; 01676.

mercury content
ice, snow, sampling technique, Antarctica; 12550.

mercury distribution
volcano, gaseous mercury concentration, Italy, Vulcano; Stromboli; Mediterranean; 07888.

mercury injection porosimetry
water retention curve, mineralogical property, physical property, lateritic pallid zone material, granite, dolerite, parent rock, pallid zone, clay matrix, halloysite, Australia, Western Australia, Jarrahdale; 01489.

mercury intrusion porosimetry
Champlain Sea clay, Louiseville clay, pore size distribution, clay permeability, soil permeability, Canada, Quebec, Louiseville; 10927. pore size, consolidation, compressibility, soil fabric structure, pore size distribution, secondary consolidation, clay, 11887.

mercury level
fish, methylation, microorganism, fresh water, Sweden, Lake Levrasjon; 09335.

mercury porosimetry
backscattered electron scanning image, textural porosity, silty clay soil, pore volume balance estimation, 08594.

mercury speciation
lake water quality, surface water quality, suspended matter, USA, California; 02884.

mercury thermometer
resistance thermometer, temperature measurement, thermometer, 05318.

meridional cell
internally forced rotating spherical system, Hadley flow, Rossby flow, eddy viscosity, 04260.

meridional circulation
low latitude, Hadley cell, monsoon circulation, planetary scale wave, synoptic scale wave, wave, Asia, (East); 11236. snowfall, synoptic climatology, air temperature, winter(1986), cyclonal activity, Antarctica, King George Island, Arctowski Station; 04223. tropics, zonal flow, diabatic forcing field, dynamical property, thermally forced circulation, 12398. zonal superrotation, cloud base, semidiurnal tide, tide, Venus; 10075.

meridional oscillation propagation
European Centre for Medium Range Weather Forcasting data, atmospheric oscillation, tropical atmosphere, El Nino event, 12330.

meridional plane
rotation, translation, stereo camera, 07976.

meridional propagation
low frequency mode, low frequency wave, European Centre for Medium Range Weather Forecasting grid datasets, zonal wind, Asia; 12393.

meridional transport
atmospheric transport, one dimensional modelling, 07864. energy, ECMWF analyses, mean meridional circulation, tropics, ocean atmosphere transport, marine data, bulk aerodynamic formulae, 07628. tropical ocean, El Nino, Geosat, altimeter data, water transport, surface water, Pacific; 10028.

meridional wind
El Nino/Southern Oscillation, summer heating, tropical heating, jet stream, cross equatorial wind, 08863. geomagnetic storm, auroral oval, auroral electrojet, thermospheric temperature, 03002. gwostrophic balance, global forecast, error correlation, isobaric wind, geopotential, radiosonde observation, zonal wind, 12477. sea surface temperature, ITCZ, monsoon-trade interaction, interannual oscillation, low frequency oscillation, Indian Ocean; Pacific; 12373.

meridional wind index
regression analysis, prediction, summer monsoon, Indian monsoon, monsoon rainfall, India; 12472.

meromictic
monomictic, carbonate, palaeohydrology, sediment record, maar lake, lake, Australia, Victoria, Western Volcanic Plains District; 05818.

meromixis
fire, eutrophic lake, pollen, diatom, boreal forest, lake, Canada, Alberta, Baptiste Lake; 08159.

Merriam Effect
geobotanical gradient, climatic ecological gradient, vertical gradient, arid zone, altitude change, USA, California, Death Valley; 11865.

mesa
post glacial landscape, badland, melt water, gully, pinnacle, mound, Canada, Alberta, Dinosaur Provincial Park; 11893.

Mesaverde Group
organic carbon, coal, thermal maturity, vitrinite reflectance, Multiwell Experiment, Rock-Eval analysis, USA, Colorado, Piceance Basin; 02454. reservoir, Cretaceous, Multiwell Experiment, sandstone, shale, natural gas, USA, Colorado, Piceance Basin, Rifle Gap; 02293.

mesh connected computer algorithm
visibility problems, 12652.

mesh network
satellite, data communication, 13765.

meso alpha scale cyclone
mesoscale, rain, weather radar network, rain gauge, rawindonde, synoptic map, meso beta scale complex cell, rainband, China, Beijing; 05324.

meso beta scale complex cell
rainband, meso alpha scale cyclone, mesoscale, rain, weather radar network, rain gauge, rawindonde, synoptic map, China, Beijing; 05324.

meso gamma scale indexing
heat island, urban rainfall, orography, rainfall anomaly, numerical study, Israel, Jerusalem; 11200.

meso relief
hydrographic network, drainage system, aridity, Aral Sea; 06007.

meso scale feature
complex terrain, higher-order closure, tracer experiment, dispersion, 06503. dispersion, topography, fluid dynamic model, complex terrain, 06502.

meso tidal beach
beach, ridge, runnel, beach classification, macro tidal beach, Australia, Queensland; 10550.

mesocale modelling
pollutant transport, deposition, raindrop, microphysical scheme, 06610.

mesoclimatology
microclimatology, surface effect, topographic effect, airflow, local wind, urban climate, 00718.

mesocosms
phosphorus, nutrient loading, eutrophication, eutrophication, sea water, 00173.

mesocyclone
tornado warning, Doppler radar, forecasting, thunderstorm, 01939.

mesocyclones
mesoscale vortex, satellite image, vortex, Antarctica; Weddell Sea; 01920.

mesogamma scale
elastic atmospheric model, storm, severe storm, 10111.

Mesogers 84 experiment
wind field, sodar observation, boundary layer, frontal system, Doppler sodar, 13507.

mesokarst
artesian flow, maze cave, phreatic cave, subterranean stream piracy, soil pipe, karst related feature, palaeokarst, USA, Mississippi Valley; 03840.

Mesolithic
Iron Age, pollen analysis, late glacial, Holocene, environmental change, vegetational environment, human occupation, France, Lede du Gurp; 00307. Neolithic, Bronze Age, arable agriculture, postglacial history, environmental history, valley mire sediment, archaeological excavation, pollen data, UK, England, Cheshire, Tatton Park; 10784. tsunami, transgression, sand, soil horizon, UK, Scotland, Inverness; 03560.

Mesolithic hunting band
burning, grazing, blanket peat, Ulmus decline, forest, moorland, Flandrian(Middle) Period, hillslope forest, pollen, UK, England, Derbyshire, Robinson's Moss; Pennines; 09583.

mesometeorological temperature field
mesoscale analysis, zeta coordinate system, pre alpine basin, Yugoslavia, Slovenia; 04287.

mesopause
carbon dioxide, vibration-vibration transition, radiative cooling, 01817. gravity wave motion, vertical motion field, 08941. lidar data, radar, airborne sodium lidar observation, gravity wave, 05417. middle atmosphere, reference atmosphere, tropopause, stratopause, zonal mean, temperature, pressure, zonal wind, geopotential height, 11141. Solar Mesosphere Explorer, infrared emission, hydrogen, oxygen, 06693. sounding system, gravity wave, wavelength, measurement, 12308.

mesopause density
wind perturbation, sodium, airborne sodium lidar observation, wave number spectra, 05416.

mesopause temperature
hydroxyl, oxygen, spectroscopic observation, 03005. polar summer, sodium layer, 09076.

mesophilous Montane Forest
holarctic element, floristic list, phytogeography, Mexico, Ocuilan Area; 06103.

mesopyrophaeophorbide a
Messel shale, nickel, shale, Eocene, metallochlorin, chlorin, Germany, Messel; 07100.

mesoregion
altitude, slope, aridity coefficient, runoff, physical environment, Hungary, North Hungarian Mountains; 08344.

mesoscale
air flow convergence zone, air flow divergence zone, temperature gradient, wind mesostructure, thermally inhomogeneous surface, 06499. convective system, dehydration, stratosphere, tropopause, vertical motion, trailing stratiform region, squall line, 12447. rain, weather radar network, rain gauge, rawindonde, synoptic map, meso beta scale complex cell, rainband, meso alpha scale cyclone, China, Beijing; 05324. seasonal variation, mesoscale fluctuation, wind speed peak, wind speed, air temperature, 05421.

mesoscale acid deposition
storm, long range transport, acid rain, acid deposition, STEM-II, photochemical oxidant model, diagnostic analysis, 12514.

mesoscale analysis
numerical modelling, sounding retrieval, satellite, water vapour analysis, 07764. satellite model coupled system, complex terrain, 07765. weather forecasting, Sweden; 05368. zeta coordinate system, pre alpine basin, mesometeorological temperature field, Yugoslavia, Slovenia; 04287.

mesoscale boundary
convention, mesoscale symbol, 11254.
mesoscale breeze variation
land sea breeze, sea breeze, 10090.
mesoscale circulation
Mei Yu front, convective system, orography, Taiwan; 10089. radar detection, precipitation type transition, winter, storm, updraft, snow region, Canada, Ontario; 11170. synoptic influence, pollutant transport, numerical investigation, USA, California, Los Angeles Basin; 12440. verification study, mesoscale model, boundary layer, pollutant concentration, numerical investigation, USA, California, Los Angeles Basin; 12439.
mesoscale circulation variability
circumpolar current, Geosat altimeter, surface circulation, 06892.
mesoscale cloud structure
boundary layer, sea surface, cloud top, Rayleigh mode, convective pattern, stratocumulus, 07779.
mesoscale coastal process
frontogenesis, frontolysis, cyclone, precipitation, jet, 01905.
mesoscale convection
convective pattern, 10092.
mesoscale convective complex
low-level jet, hodograph, mesoscale organisation, rainstorm, precipitation, USA, Oklahoma; 01915.
mesoscale convective system
convective system, latent heat release, potential vorticity anomaly, instability, long lived convective system, 12443. updraft, Doppler observation, squall line, kinematics, thermodynamics, water budget, 08951. vortex, thunderstorm, squall line, vertical velocity, mesovortex, USA, Kansas; Oklahoma; 01925.
mesoscale distribution
precipitation distribution, frontal depression, flood, severe storm, wet bulb potential temperature, orographic enhancement, UK, Northern Ireland; 07768.
mesoscale disturbance
gravity wave, mesoscale variability, storm, wind speed, sea, 11225.
mesoscale dynamic topography
satellite altimetry, wet tropospheric correction, 06808.
mesoscale feature
carbon cycle, flux study, ocean, 11222. coastal front, satellite observation, radar, frontogenesis, 01904. complex terrain, operational model, Doppler sodar, dispersion model, 06501.
mesoscale flow
deposition, source apportionment, transport, acid, aerosol, ozone, regional transport, Canada, Ontario; 11377. transport, thermal low, central plateau, coastal emission, Spain; Mediterranean; 13734.
mesoscale fluctuation
wind speed peak, wind speed, air temperature, mesoscale, seasonal variation, 05421.
mesoscale forecast
lake effect, snow, objective guidance, Canada, Great Lakes, Lake Huron, Georgian Bay; 11276.
mesoscale forecast model
short range forecast model, forecast model, narrow band model, radiation parameterisation scheme, 12327.
mesoscale forecasting
numerical weather prediction, satellite observation, radar observation, observational source, lightning, location system, 00773.
mesoscale initialisation
forecast, satellite imagery, radar imagery, initialisation, 08955.
mesoscale kinematics
water release rate, condensation, deposition, cloud, radar, updraft, saturation mixing ratio, storm, synoptic analysis, USA, Utah; 04294.
mesoscale map
ocean tide model, Geosat map, Atlantic, (Northeast); 09255.
mesoscale meteorology
albedo, roughness, stomatal resistance, surface energy budget, forest, 03100.
mesoscale model
boundary condition, humidity, precipitation, cloud water content, cloud cover, numerical weather prediction, radar, satellite imagery, 05425. boundary layer model, dispersion model, coastal region, complex terrain, sea land breeze circulation, Eulerian numerical model, diffusion, pollutant, China, Bohai Sea; 07691. boundary layer, pollutant concentration, numerical investigation, mesoscale circulation, verification study, USA, California, Los Angeles Basin; 12439. climate study, synoptic climate, Penn State/NCAR mesoscale model, 13593. forecasting, fog formation, airport, Australia, Perth; 08967. momentum, kinetic energy, convective atmospheric boundary layer, wall effect, turbulence closure, pollution, 04460. predictability estimate, limited area model, lateral boundary, forecast error, topography, forecast difference, 10159. quasi-geostrophic omega-equation, nonlinear balance equation, diabatic processes, dynamic balance, 01913. stable air flow, nocturnal air flow, isolated hill, tetroon, 08966. surface based perturbation, sea breeze, roughness length, friction velocity, surface temperature, 05420. synoptic scale data, rawinsonde observation, error growth, four dimensional data, data assimilation, limited area model, 07759. trough system, topography, cyclone development, USA; 08911. wind model, complex terrain, wind field variation, flow pattern simulation, 06507.
mesoscale momentum budget
squall line, latent heating, vertical mixing, updraft, stratiform region, 02423.
mesoscale motion
gravity wave, vortical mode, nonstationarity, spectral analysis, 06506.
mesoscale network
chemical analysis, rain water, aerosol concentration, rainfall condition, surface kinematic condition, GOES West imagery, convective system, Brazil, Amazonia; 10209.
mesoscale organisation
rainstorm, precipitation, mesoscale convective complex, low-level jet, hodograph, USA, Oklahoma; 01915.
mesoscale predictability
convection, low-level jet, internal undular bore, gravity current, gravity wave, radar, short period forecasting, squall line, USA, Kansas, Wichita; 01923.
mesoscale process
synoptic scale process, coastal-shelf circulation, coastal physical oceanography, air sea interaction, shelf frontogenesis, stable layer, storm, USA; 10044. synoptic scale process, dynamic process, Richardson number, Roach equation, clear air turbulence, 12438.
mesoscale rainfall
kinematic structure, boundary layer structure, boundary dynamics, hurricane, rainband, 10107.
mesoscale range
spectral description, gravity wave field, middle atmosphere, 11257.
mesoscale snowfall
snowfall event(January 1987), convergence line, Germany; 07758.
mesoscale spectrum
surface roughness, orography, temperature, wind speed, terrain effect, 04237.
mesoscale storm
storm system, bipolar pattern, lightning location, thunderstorm, cloud to ground lightning flash, 13484.
mesoscale structure
lee cyclogenesis, scale separation, orographic disturbance, Europe, Alps; 04301. surface energy budget, Monin-Obukhov similarity, turbulent kinetic energy, cyclogenesis, numerical weather prediction, boundary layer, 01903. wintertime structure, cold air outbreak, turbulent flux statistics, particle concentration, liquid water content, boundary layer structure, USA, Lake Michigan; 12435.
mesoscale surface wind
cold front, mesoscale wind field, wind, temperature, relative humidity, air mass, New Zealand, Southern Alps; 05419.
mesoscale symbol
mesoscale boundary, convention, 11254.
mesoscale system
convective system, flash, charge structure, stratiform precipitation, ice-ice interaction, positive lightning, cloud to ground lightning, lightning, 12315.
mesoscale thermal circulation
dry salt lake, surface wind, albedo, soil thermal property, 05424.
mesoscale transport
deposition rate, PAH, particulate matter, particle size distribution, Mediterranean Sea; 06563.
mesoscale updraft
thunderstorm, frontal surface, instability, convective available potential energy, warm sector, boundary layer, 05427.
mesoscale variability
storm, wind speed, sea, mesoscale disturbance, gravity wave, 11225.
mesoscale vortex
low level convergence, potential temperature, vortex, orographically induced mesoscale vortex, Denver Cyclone, USA, Colorado, Denver; 05418. satellite image, vortex, mesocyclones, Antarctica; Weddell Sea; 01920.
mesoscale vortex couplet
anvil, multicellular convective complex, Doppler radar observation, convective updraft, vorticity, Rossby radius of deformation, vertical shear, 05422.
mesoscale vortex shedding
rotating stratified flow, Rossby number, Froude number, vortex shedding, flow pattern, 04187.
mesoscale weather event
wave activity, storm system, gravity wave activity, vertical velocity, Flatland VHF radar, radar, front, jet stream, convection, 10098.
mesoscale weather prediction
weather prediction system, research service, teaching service, public service, 10158.
mesoscale wind field
wind, temperature, relative humidity, air mass, mesoscale surface wind, cold front, New Zealand, Southern Alps; 05419.
mesosphere
CIRA model, ultraviolet limb radiance, Solar Mesosphere Explorer, temperature climatology, 11139. cooling, greenhouse effect, temperature, trend, 11289. gravity wave, middle atmosphere, stratosphere, 11256. gravity wave, ozone variability, equatorial middle atmosphere, semi annual oscillation, residual mean circulation, temperature dependence, stratopause, 04392. lidar, temperature measurement, sodium, USA, Colorado, Fort Collins; 03013. medium frequency range, wind velocity estimation, radar data, multiple receiver, radar return, 08830. positive ion, rocket flight, heterogeneous chemical process, water vapour, methane, formaldehyde, hydrogen peroxide, hydrogen cyanide, 00785. satellite, stratosphere, thermosphere, 08823. scattering layer, gravity wave, reflectivity structure, 08834. sea surface temperature, Southern Oscillation, stratosphere, 10048. seasonal change, ozone, 03224. stratospehre, saturation limit, gravity wave, middle atmosphere, Rayleigh, lidar, case study, 12305. stratosphere, gravity wave, middle atmosphere, wave drag, momentum flux convergence, Southern Hemisphere; 08929. thermosphere, electrostatic positive ion probe, rocket observation, turbulence, 00679. thermosphere, gravity wave, planetary wave, middle atmosphere, 11239. thermosphere, middle atmospheric dynamics, Rossby wave, gravity wave, 08920. thermosphere, solar heating, satellite data, carbon dioxide, 04221. Van de Graaf source mechanism, middle atmosphere, electric field, 08844. wave drag, eddy diffusivity, middle atmosphere circulation, gravity wave, overturning, convection, transience, turbulence, 01875.
mesospheric cloud
noctilucent, ice particle, electron "bite out', rocket measurement, electron density profile, summer mesopause, 05436.
mesospheric dynamical model
drag, diffusion, gravity wave breaking, temperature inversion, 08917.
mesospheric momentum flux
radar, mean wind, momentum flux, velocity variance, wave energy flux, USA, Alaska, Poker Flat; 04297.
mesospheric ozone

short term flux variation, solar ultraviolet, ultraviolet flux variation, model study, 11330.
mesospheric sodium
tidal activity, laser radar measurement, sodium, vertical wind, seasonal variation, Brazil, Sao Jose dos Campos; 03227.
mesospheric temperature
temperature variation, equatorial temperature, 09961.
mesostructure
front, embedded convection, frontal cloud, USSR; 11269.
mesotrophic fen
poldered river plain, fenland restoration, groundwater flow, water management, ecosystem management, calcium saturation, regional groundwater flow system, Netherlands, Vecht River, Het Gooi; 11113.
mesotrophic lake
lake water quality, heavy metals, plankton, zoobenthos, ichthyofauna, sediment, Poland, Lake Piaseczno; 02860. phytoplankton, zooplankton, lake water quality, heavy metals, Poland, Lake Piaseczno; 02859.
mesotrophic water body
eutrophic water body, water body, 11615.
mesovoid
deforestation, revegetation, cryptovoid, water availability, pore size distribution, soil porosity, microvoid, Brazil, Amazon; 09748.
mesovortex
mesoscale convective system, vortex, thunderstorm, squall line, vertical velocity, USA, Kansas; Oklahoma; 01925.
Mesozoic
aeolian sandstone, sandstone, sedimentary structure, red bed, back arc basin, dune type, Chile, Atacama Region; 10504. basin, plate movement, sedimentation, tectonic setting, sea level variation, Greenland; 05920. benthos, anoxic condition, black shale, bioturbation, dysaerobic environment, France; 03646. Carnot Sandstone, exoscopic analysis, conglomerate, sandstone, heavy mineral, Central African Republic; 04804. chert, silica, quartz, degassing, deep sea sediment, USA; Japan; 10630. clastic, Scythian, greenschist, lithofacies, fan delta, metamorphic, Italy, Stubai Alps; Austria, Stubai Alps; 04822. Cretaceous, Tertiary, synorogenic deposit, sandstone, alluvial fan, carbonate, Spain, Tajo Basin; 08221. Jurassic, Cretaceous, factor analysis, sedimentation, red bed, Morocco, High Atlas; 04803. lithofacies, sandstone, palaeolatitude, sedimentation, lake, rift basin deposit, Newark Supergroup, 11752. Luxembourg Sandstone, Lias, geophysical log, grain size, Minette Formation, France, Paris Basin; 12918. Tertiary, graben, isostatic rebound, sedimentation, Karoo sequence, Paleozoic, Tanzania, Rukwa-Tukuyu Region; 10616. upward fining sequence, sedimentation, siltstone, sandstone, conglomerate, carbonate, red formation, Morocco, High Atlas, Telouet area; 05908.
Mesozoic basement
hemipelagic slope mudstone, Miocene, Mokau Mohakatino Group, provenance, New Zealand, Taranaki, Waikawau; 05919.
Mesozoic basin
basin evolution, sedimentation, Permian basin, epicontinental basin, lithofacies map, Poland; 12944.
Messel Shale
Greenhorn Formation, porphyrin, biomarker, bacteria, palaeoenvironment, 07091. nickel, shale, Eocene, metallochlorin, chlorin, mesopyrophaeophorbide a, Germany, Messel; 07100.
Messinian
clay mineral, salinity, metal, pelite, Italy, Sicily, Eraclea Minoa; 01326. climate, diagenesis, Miocene, Tyrrhenian Sea; 00166. evaporite, clay, diatomite, salinity crisis, celestite, Italy, Puglia; 03617. evaporite, gypsum, sea water, brine, shell, Mediterranean Sea, Bannock Basin; Tyro Basin; 05873. isotopic ratio, brine, salinity crisis, sea water, evaporite, gypsum, Mediterranean Sea, Nile River; Tyrrhenian Sea; 00137. Miocene, Pliocene, shale, mudstone, lead, zinc, copper, manganese, Tyrrhenian Sea; 00097. mud, evaporite, sea water, ooze, Tyrrhenian Sea; 00136. oceanic crust, evaporite, subsidence, sedimentation, fault, graben, Tyrrhenian Sea, Site 652; Site 654; 00147. Pliocene, sediment supply, sea level, delta, Spain, Ebro Delta; 05863. salinity crisis, evaporite, Miocene, Pliocene, transgression, ooze, foraminifera, Tyrrhenian Sea; 00148. sand, algae, diatom, trapping, stromatolite, hypersalinity, Spain, Almeria, El Joyazo; 11741. sea water, anoxic brine, geodynamic setting, basin, brine, Mediterranean Sea, Bannock Basin; Tyro Basin; 10580. sediment supply, sedimentation, continental margin, climatic change, deforestation, depocenter, sea level control, Spain, River Ebro; 05847.
Messinian sediment
heavy metals, evaporation, Tortonian, Pliocene, salinity, Cyprus, Polemi Basin; Pissouri Basin; 03618.
Mestaoua Formation
basin, Jurassic, evaporite, sabkha, Lias, 12933.
met ocean forecasting system
cost benefit forecasting system, met ocean monitoring system, user interfacing, weather forecasting, forecasting, marine environmental monitoring system, Norway; 08820.
met ocean monitoring system
user interfacing, weather forecasting, forecasting, marine environmental monitoring system, met ocean forecasting system, cost benefit forecasting system, Norway; 08820.
meta knowledge
information management, data processing, artificial intelligence, 03297.
metaanalytic reappraisal
environmental science, cloud seeding, rainfall enhancement, 05431.
metabolic index
oxygen uptake, toxicity, surface water quality, biochemical indicator, 02888. surface water quality, toxicity, biomonitoring, biochemical indicator, 02887.
metabolism
microorganism, reduction, aquatic sediment, aquifer, redox potential, 11779.
metachronous pattern
glacial striae, ice flow reconstruction, palaeo ice sheet, flow pattern, deglaciation, frozen bed, ice divide, Sweden; 07235.
metacline water type
atmocline water type, lithocline water type, pH electrical conductivity relationship, ionic ratio electrical conductivity relationship, landscape ecology, groundwater quality classification, ecohydrological parameter, shallow groundwater, residence time, vegetation development, electrical conductivity, calcite, Netherlands; 09901.
metadolomite
breccia, Trias, conglomerate, Jurassic, sedimentation, Italy, Alpi Apuane, Mount Corchia; 07054.
metal
chemical interaction, surface oxide, surface flushing, 05542. clay mineral, weathering, erosion, contamination, estuary, China, Changjiang; 04795. contaminant, PCBs, sink, sediment sink, suspended sediment, Canada, St. Lawrence River, Lac St-Louis; 04770. emission rate, sulpur dioxide, trace gas, Antarctica, Mount Erebus; 09046. heavy metal, aerosol, Atlantic; 11348. iron, manganese, plutonium, americium, nuclear fuel, UK, England, Sellafield; 02382. mining, waste, catchment, Netherlands, Limburg, River Geul; Belgium, River Meuse; 04784. mobility, diagenesis, degradation, organic matter, slurry, 01253. NERC research programme, survey station, station measurement, temperature, salinity, dissolved oxygen, nutrient, zooplankton, sediment, North Sea; 11603. organism, Precambrian, black shale, organic matter, USSR; 11794. pelite, Messinian, clay mineral, salinity, Italy, Sicily, Eraclea Minoa; 01326. periodic table, suspended material, management, neutron activation analysis, estuary, China, Huanghe River; 04737. precipitation rate, seawater, manganese, calcite growth, calcite overgrowth, 05929. redbed, detrital mineral, copper, 00159. sediment core, sediment profile, particle size distribution, Canada, St. Lawrence River, Lake St. Louis; 11706. spatial distribution, estuary, mud flat, salinity, France, Loire Estuary; 00042. surface water quality, sediment concentration, bottom sediment, suspended sediment, metal depth profile, estuary, particulate metal variation, Portugal, Tagus River Estuary; 08743. surface water, heavy metals, sulphur dioxide, nitrogen oxide, pollution, dust, Poland; 03252.
metal accumulation
elemental concentration, soil chronosequence, transition metal, metal depletion, soil analysis, New Zealand, South Island, Reefton; 13301.
metal binding
arsenic, chromium, copper, soil pollution, organic matter, Denmark; 13263.
metal bioavailability
speciation, heavy metal, natural water, 09452. trace metal, sea water, ecotoxicology, analytical chemistry, dissolved organic carbon, 09476.
metal bonding
humic acid, montmorillonite, illite, kaolinite, clay-humus complexation, exchangeable cation, lattice charge, 13230.
metal catalyst
peroxy radical, hydrocarbon peroxide, copper ion, particle, aerosol, 10180.
metal complexation
hydrogen sulphide, Henry's law, sea-air transfer, air-sea exchange, 02023.
metal concentration
cherry, irrigation, waste water, Osoyoos loamy sand, soil nutrition, nitrogen, tree growth, Canada, British Columbia, Osoyoos; 13243. groundwater quality, polluted aquifer, suspended material, fine sediment, agricultural pollutant, sewage effluent, Israel; 01741. oxidation process, iron concentration, manganese concentration, surface water quality, Canada, St Lawrence River; USA, St Laurence River; 08746. pH, forest, plant, animal, Sweden; 02767. vasilinated plexiplate, cascade impactor, resuspension flux, trace metal, wet deposition, dry deposition, precipitation chemistry, North Sea; 04422.
metal contamination
chromium, lead, zinc, contaminant transport, sediment bound metal, surface water quality, Costa Rica, Rio Grande de Tarcoles; 02880. estuarine sediment, phosphorus, anthropogenic enrichment, titanium dioxide, UK, England, Humber Estuary; 04780.
metal corrosion
corrosion chemistry, synergistics, synergistic effect, calcareous stone, 05544.
metal depletion
soil analysis, metal accumulation, elemental concentration, soil chronosequence, transition metal, New Zealand, South Island, Reefton; 13301.
metal depth profile
estuary, particulate metal variation, metal, surface water quality, sediment concentration, bottom sediment, suspended sediment, Portugal, Tagus River Estuary; 08743.
metal exchange
estuarine chemistry, surface water chemistry, residence time, trace metal, fresh water residence time, first order chemical reaction, chemical equilibrium modelling, kinetic model, dissolved metal, particle water metal exchange, 08751.
metal extraction procedure
anthropogenic contamination, trace metal, copper, sediment contamination, 08308.
metal flux
accretion, manganese, nodule, isotope, Indian Ocean, Central Indian Basin; 04763.
metal ion
adsorption, complexation, fresh water, kaolin, 05932. gel chromatography, soil organomineral, molecular weight, humic substance, USSR, Moscow; 00403.
metal ions
sulphate oxidation, catalytic effect, 12543.
metal level
zinc, cadmium, lead, copper, organic material, anthropogenic source, Yugoslavia, Adriatic Sea, Limski Kanal; 01260.
metal load
salinity, bivalve, Corbicula, industry, contamination, trace element, river flow, transport process, USA, California, San Francisco Bay, Suisun Bay; Sacramento River; USA, California, San Francisco Bay, San Joaquin River; 04838. sedimentation rate, anthropogenic source,

lead-210 chronology, Canada, Great Lakes, Georgian Bay; 01201.
metal mobility
sludge amended soil, cadmium, zinc, chromium, nickel, 01563.
metal oxide
herbicide, semiconductor metal oxide particulate, photocatalytic degradation, atrazine, 07354.
metal pollution
heavy metal, surface water chemistry, suspended matter, calcium, sodium, China, Huang he River; Chang Jiang River; China, Zhu Jiang River; 08756. surface water quality, marine sediment, fluvial sediment, suspended particulate matter, sediment chemistry, estuary, mixing, salinity gradient, wind stress, cadmium, oxidation, tidal river, Germany, Elbe River; 08757.
metal remobilisation
sorbed metal, bacterial wall, clay, leaching, chromium, silver, copper, heavy metal, 13253.
metal retention
cadmium, copper, acid mine waste, calcareous soil, mine waste, sorption, Kidman soil, Skumpah soil, 12080.
metal sink
pollution, grain size, sedimentation, anthropogenic activity, 09376.
metal solubility
forest, ecosystem, pH, aluminium, manganese, cadmium, zinc, nickel, Sweden; 01603.
metal speciation
speciation study, trace metal, estuary, environmental factor, cadmium, copper, zinc, surface water quality, India, Muvattupuzha River; Periyar River; 08752.
metal stressed vegetation
copper, satellite data, digital elevation model, Sweden, Kiruna; 06829.
metal-sediment association
heavy metal transport, sediment accumulation, heavy metal accumulation, detention pond, highway runoff, Environmental Protection Agency Toxicity Characteristics Leaching Procedure, surface water quality, USA, Florida; 00565.
metalliferous sediment
basin, carbonate cycle, marl, hydrothermal sediment, Quaternary, ash layer, Pacific, (Southwest), Lau Basin; 05871. partitioning, hydrothermal sediment, back arc spreading, volcanic ash, factor analysis, Pacific, North Fiji Basin; 12891.
metallochlorin
chlorin, mesopyrophaeophorbide a, Messel shale, nickel, shale, Eocene, Germany, Messel; 07100.
metallogenic
mineral exploration, lead, mineralisation, UK, England, Pennines; 06828.
metalloid
filter, ambient air, heavy metal, 06668.
metalloporphyrin
iron porphyrin, organic matter, shale, inductively coupled plasma-mass spectrometry, organometallic complex, 02485.
metalochlor
alachlor, suspended sediment, contaminant transport, surface water quality, herbicide, degradation, atrazine, cyanazine, simazine, USA, Mississippi River; 02885.
metamorphic
Mesozoic, clastic, Scythian, greenschist, lithofacies, fan delta, Italy, Stubai Alps; Austria, Stubai Alps; 04822.
metamorphic aquifer
sedimentary aquifer, hydrochemical characterisation, groundwater mixing, groundwater quality, groundwater flow model, factor analysis, Piper's classification principle, France, Western Alps, Allevard; 01715.
metamorphic mapping
Sanbagawa schist, zoning structure, deep sea facies, nodule, Japan, Kanto Mountains, Ayukawa Valley; 11774.
metamorphic plateau
weathered aquifer, aquifer characteristic, geohydrochemistry, transmissivity, groundwater hydrodynamics, groundwater level, Madagascar; 02970.
metamorphic rock
granite, basalt, tropical region, parent material, soil, climate, Nigeria; 00483. radon potential, GIS, Palaeozoic, USA, Virginia, Fairfax County; 10392. weathering, sodium loss, mechanical erosion, chemical erosion, France, Var, Maures Massif; 08523.
metamorphic terrain
hand dug well, groundwater quality, colour, alkalinity, nitrate level, sulphate level, sewage effluent, groundwater chemistry, shallow groundwater, Nigeria, Modakeke; Ile Ife; 05231.
metamorphism
Hatches Creek Group, Proterozoic, Reynolds Range Group, transgression, quartzite, pelite, Australia, Northern Territory, Reynolds Range, Arunta Block; 07047. sea water, isotopic composition, carbonate, organic carbon, Proterozoic(Upper), diagenesis, Namibia; 09463. turbidite, tectonic setting, Archean, continental crust, diagenesis, 08237.
metaphor
language, map, 04592.
metaquartzite
quartzite, conglomerate, sediment supply, tidal current, Witwatersrand Supergroup, Zandfontein Quartzite Formation, South Africa, Evander Goldfield; 02399.
meteor burst technology
snowpack, telemetry, SNOTEL, hydrometeorological data, data collection system, 09783.
meteor mode
lunar tide, upper atmosphere wind, USA, Alaska, Poker Flat; 08938.
meteor wind measurement
semidiurnal tide, thermosphere wind regime, USSR, Obninsk; 08946.
meteoric water
hydrogenisotope, oxygen isotope, light stable isotope, hydrological regime, precipitation, evapotranspiration, water cycle, USA, California; Nevada; 12130. Paleozoic, dolomitisation, diagenesis, crinoid, calcite, 08260. porosity, Jurassic, Bathonian, Great Oolite, ooid fabric, UK, England; 11656. terrigenous, silicification, Silurian, carbonate, chert, mudrock, China, West Qinling; 01327.
meteorite impact
microbial process, stromatolite, iron oxide, sea level change, iridium anomaly, hardground, Australia, Western Australia, Canning Basin; 11799.
meteorologic characteristics
isotopic composition, chloride concentration, precipitation, USA, Texas, Southern High Plains; New Mexico, Southern High Plains; 11323.
Meteorological and Hydrological Radar Network
weather radar, precipitation, rain gauge, hydrometeorological radar data, data display, data analysis, 05338.
meteorological and hydrological service
social development, economic development, 05306.
meteorological anomaly
biblical episode, Joshua, atmospheric optics, hailstorm, superior mirage, Palestine; 07656.
meteorological aspect
rainfall amount, periglacial belt, distribution pattern, debris flow, geomorphological aspect, Switzerland, Alps; 06036.
meteorological assistance
socio economic activity, farming, agriculture, Africa, Sahel; 05297.
meteorological condition
carbonaceous species, solar radiation, temperature inversion, sea breeze, aerosol, USA, California, San Gabriel Valley; 02046. chemical composition, precipitation, salt content, acid rain, USSR; 11391. Chemical Instrumentation Testing and Evaluation, isentropic trajectory, air mass, synoptic scale wind field, Montgomery stream function analyses, temperature, dew point, ozone, 04372. urban air, Aitken particle, Mie particle, aerosol, Junge distribution, anthropogenic source, Japan, Tokyo; 00847.
meteorological data
climatic data, hydrological forecasting, water resource management, automated water balance systems, water resource forecasting, 06399. energy balance, model input, net radiation, soil surface, surface temperature, 13520. Fohn wind, weather characteristics, Austria, Graz; 11164. forest inventory, cluster sampling, Finland; 11566. hydrological forecasting, rainfall forecasting, remote sensing, weather prediction, forecasting technique, 06267. hydrological forecasting, reservoir operation, flood forecasting, stream flow forecasting, telemetry, water resource forecasting, drought management, weather radar, rain gauge data, UK, England, London; 06273. image analysis, GIS, satellite data, climatological data, vegetation monitoring, 13947. isoline mapping, square grid regionalization, rainfall runoff model, hydrologic data, uncertainty analysis, network operation, water resources development, reservoir, Venezuela; 05315. lightning detection, radar data, reflectivity, radial velocity, data presentation, Doppler radar, 05326. oceanographic data, coastal engineering, storm, wave, bathymetric survey, 06477. rainday, computer program, Australia; 00661. software progress, three-dimensional display technique, data visualisation, 09956. space time analysis, 11147. trajectory sensitivity, sensitivity, three dimensional trajectory, wind field, temporal density, spatial density, 12431.
meteorological drought
agricultural drought, desiccation, precipitation assessment, drought, Niger, Sahel; Africa, Sahel; 00505.
meteorological effect
oceanic effect, sea level change, tide gauge, neotectonics, eustatic effect, Mediterranean Sea; 06183.
meteorological factor
atmospheric electricity, Poland; 00697. radioactive deposition, radar data, radiation transport, rainfall, fallout, weather radar, USSR, Chernobyl; Finland; 10199.
meteorological feature
wind field characteristics, downburst, microburst, wind damage, 10125.
meteorological field
polar air mass, personal computer, potential vorticity analysis, 01791. satellite, wind data, objective analysis, 11145.
meteorological fieldwork(1948)
fishing ground, forecasting need, trawler, ship report, North Sea; Barents Sea; 08851.
meteorological forecast
weather prediction, climatic trend, 00771.
meteorological forecast service
economic benefit, weather forecasting, 05290.
meteorological information
energy supply, weather service, Germany; 05314. meteorology, environmental management, 07621. objective analysis, satellite data, sounding station, optimal interpolation method, 12301.
meteorological information processing system
data processing, 05367.
meteorological model
explicit treatment, cloud, regional model, sulphur, dispersion model, Scandinavia; 11341. mass movement, low frequency rainfall, rainfall, geomorphic evolution, mountain area, 11837.
meteorological observation
observatory, upper air observation, Ireland, Valentia; 04191. scattering coefficient, optical depth, aerosol optical property, aerosol, boundary layer, cloud microphysics, Atlantic; 02043.
meteorological parameter
PAN, long range transport, urban conglomeration, France, Paris Basin; 06594. radon, radon daughter, diurnal variation, eddy diffusivity, 13723. sulphur dioxide, nitrogen oxide, sulphate, ammonium, precipitation chemistry, aerosol, long range transport, forest ecosystem, pollution, 03157.
meteorological phenomena
Australian weather, Australia; 08810.
meteorological quantity
frost predicting, prediction accuracy, 10164.
meteorological regime
transport process, trace element, mineral aerosol, sulphur, nitrogen, organic compound, pollution, radioactivity, volcanic activity, residence

time, long range transport, continent to ocean transport, 11304.
meteorological research
Monte Carlo forecast, probability density function, 01945. precipitation, wheat producing area, micro scale data, vegetation cover, Nigeria, Niger State; 05309.
meteorological satellite
crop yield, resolution image, ecological resource, remote sensing, GIS, Zambia; 11584. satellite, METEOSAT, weather monitoring, Germany, Deutscher Wetterdienst; 13893.
meteorological satellite data
Australian plague locust, Landsat MSS, NOAA, Australia; 03423.
meteorological service
benefit matrix, conjugate matrix, weather forecasting, economic benefit, China; 05291. Deutscher Wetterdienst, Germany; 05304. economic benefit, hydrological service, forecasts, information technology, industry, 07612. economic principle, hydrological service, information, 05286. hydrological service, economic benefit, social benefit, hydrological service, climate service, 08811. hydrological service, economic development, hurricane season, forecasting, Caribbean; 08814. hydrological service, South America; 05308. hydrometeorological service, economic benefit, social benefit, New Zealand; Sweden; 08815. market factor, institutional collaboration, France; 08817. national economy, severe weather event, ecological activity, weather service system, weather forecast, climate analysis, China; 05305. RAF Fighter Command, air attack, war, Battle of Britain, 09957. service package, offshore oil industry, water industry, electricity industry, 05310. ship, marine transport, seafarer requirement, 07618. social development, sustainable development, economic development, Africa; 05307. user need, design process, government perspective, public sector perspective, Canada; 07614. weather service, climate information data base, long term strategy, 05294.
meteorological survey
planetary observation analysis, Mars, dust cloud, 07622.
meteorological telecommunication
fibre optic cable, data handling, data management, 05278.
meteorological tower
microbarograph array, sodar observation, solitary-like wave, nocturnal boundary layer, boundary layer, Benjamin-Davis-Ono theory, 13523.
meteorological variable
cap cloud, cloud water composition, USA, Appalachian Mountains; 11342. precipitation, geographical factor, Japan; 08862.
meteorologist
course inflexibility, education, training, applied meteorology, 07615.
meteorology
boundary layer, ozone variation, nitrate, bromine, USA, Alaska, Barrow; Arctic; 11329. cloud, synoptic scale system, static stability, vertical motion, cirrus case study, 12463. environmental management, meteorological information, 07621. environmental problem, applied climatology, climatology, 00669. geomorphology, urban geography, remote sensing, image enhancement, 12582. hydrology, planning, budget and finance, economic benefit, Latin America; Caribbean; 05301. international cooperation, 01790. nowcasting, real time data processing, rectification, 05585. precipitation chemistry, pollutant, deposition, cluster analysis, USA; Canada; 10201. precipitation chemistry, transport pattern, cluster analysis, USA; 09990. satellite data, active remote sensing technology, atmospheric environment, Australia; 10380. sea bottom, sea level rise, baseline, geoid, North Sea, Helgoland; 00058. topography, pollution element, atmospheric pollution, aluminium reduction plant, dust, Egypt, Nagi Hammady; 07834. urban environment, environment, atmospheric pall, Space Shuttle, 06859. weather condition, natural light simulation, computer graphics, 11487. weather, recurrence probability, USA, Colorado; Wyoming; 02996.
METEOSAT
AVHRR, global radiation, cloud amount, Poland, Warsaw; 12690. bispectral technique, radar, satellite data, precipitation forecasting, rainfall estimation, 05366. national meteorological service, European Centre for Medium Range Weather Forecasts, Europe, (Western); 08821. oceanography, water vapour sounding, vertical temperature sounding, optical payload, 11601. rain gauge measurement, precipitation monitoring, spatial resolution, 12686. remote sensing, rainfall, satellite, infrared data, Africa, Sahel; 06448. vegetation, semiarid region, NDVI, NOAA, AVHRR, Africa, (West); 13951. weather monitoring, meteorological satellite, satellite, Germany, Deutscher Wetterdienst; 13893.
METEOSAT image
linear cloud feature, cirrus, altocumulus, Mediterranean; Spain, Pyrenees; Algeria; 04308.
Meteosat imagery
cloud cluster, tropical storm, convection index, precipitation, rainfall, squall line, Africa, Sahel; 10099. numerical weather prediction, precipitation analysis, dispersion and deposition model, nuclear accident, Chernobyl, radar data, surface observation, Europe; 05325.
Meteosat mapping
rainfall mapping, evapotranspiration mapping, mapping, ARTEMIS system, Africa, Sahel; 09252.
METEOSAT operational programme
polar orbiting meteorological satellite, satellite programme, 08824. World Weather Watch, geostationary orbit, 08825.
Meteosat thermal infrared
operational system, satellite observation, rainfall estimate, cloud statistics, Africa, Sudano-Sahelian Region; 10001.
meter estimate
lake seepage, surface water groundwater interaction, seepage flux, Monte Carlo simulation model, Canada, Alberta, Narrow Lake; USA, Michigan, Lake Sallie; 07486.
methane
air sampling, seasonal variation, spectroscopic observation, trace gas, carbon dioxide, USA, Arizona, Kitt Peak; 04351. anthropogenic emission, carbon dioxide, New Zealand; 07868. bottom sediment, oxidation, carbonate, interstitial water, sulphate, Sea of Okhotsk; 03573. carbon dioxide, peatland, climatic change, carbon cycle, Canada; 10170. carbon monoxide, emission, asphalt pavement, sunlight intensity, 05531. carbon monoxide, emission, hydroxyl radical, oxygen, global change, tropospheric chemistry, solar ultra violet radiation, water vapour, ozone, pollution, nitrogen oxide, 00914. carbon monoxide, hydroxyl radical, climate change, 00864. carbon monoxide, nonmethane hydrocarbon, pollution, air-sea exchange, marine atmosphere, ethene, ethane, hydroxyl, Indian Ocean, Amsterdam Island; 03246. CFC's, nitrous oxide, tropospheric ozone, aerosol, radiative balance, solar radiation, radiatively active trace gas, greenhouse gas, cloud, aerosol, carbon dioxide, 04326. diapirism, slumping, acoustic void, sedimentation, mass movement, Indonesia, Savu Basin; 00145. dolomite, Holocene, carbonate sediment, porosity, beachrock, Egypt, Sinai Peninsula, Bardawil Lagoon; 10554. emission, 00866. emission, termite, hydrocarbon, nitrous oxide, carbon monoxide, hydrogen, carbon dioxide, chloroform, Australia; 02040. ethane, Mulliken charge, hydrofluorocarbon, HFC's, reaction rate, fluorine, chlorine, 06573. foliage burning, sugar cane, carbon dioxide, alcohol engine, carbon monoxide, ozone, Brazil; 09022. formaldehyde, hydrogen peroxide, hydrogen cyanide, mesosphere, positive ion, rocket flight, heterogeneous chemical process, water vapour, 00785. gas, organic matter, Quaternary, marine deposit, Denmark, Jutland; Kattegat Sea; 04858. global change programme, greenhouse gas, International Geosphere Biosphere Programme, climate change, carbon dioxide, CFC's, nitrous oxide, 05443. greenhouse gas, palaeoclimate data, ice core record, climate sensitivity, polar ice sheet, glacial interglacial temperature change, carbon dioxide, 06522. hydroxyl radical, carbon, kinetic isotope, isotope effect, oxidation, 11327. interglacial period, sediment temperature, ice sheet load, phase change, glaciation, methane hydrate, Arctic; 04449. isotope, gas, migration, carbon dioxide, hydrocarbon, Hungary, Pannonian Basin, Bakes Basin; 02462. long range transport, organic compounds, halocarbon, hydrocarbon, transport, 11305. manganese, chloride, sea water, fluid advection, subduction, accretionary wedge, Caribbean Sea, Barbados Accretionary Complex, Leg 110; Leg 110; 08240. nitrogen, chlorine, ozone, anthropogenic effect, photochemistry, gas composition, stratosphere, radiative photochemical model, 12526. nitrous oxide, agriculture, soil, global warming, greenhouse gas, carbon dioxide, 01955. nitrous oxide, biomass burning, emission, boreal forest fire, hydrogen, nonmethane hydrocarbon, greenhouse gas emission, carbon dioxide, carbon monoxide, Canada, Ontraio; USA, Florida; 04418. nitrous oxide, carbon monoxide, water vapour, ozone, sunrise occultation measurement, middle atmosphere, trace molecule spectroscopy, satellite observation, 04394. nitrous oxide, CFC's, carbon dioxide, global warming, trace gas, greenhouse effect, 03250. nitrous oxide, emission, soil, nitrification, rice, cattle, fertilisation, vegetation, greenhouse warming, biological source, biological sink, 09012. nitrous oxide, ozone, carbon dioxide, afforestation, global change, gas emission, warming, 07800. nitrous oxide, ozone, surface temperature, stratosphere, troposphere, greenhouse gas, global warming, trace gas, climate, seasonal model, carbon dioxide, CFCs, 01954. nitrous oxide, ozone, trace gas seasonal variation, trace gas trend, trace gas measurement, carbon monoxide, CFC's, South Africa, Cape Point; Southern Hemisphere; 06546. nitrous oxide, tropical forest, biosphere atmosphere interaction, boundary layer experiment, wet season(1987), ozone, Brazil, Amazon; 07840. nitrous oxide, water vapour, hydrothloric acid, hydrogen fluoride, nitrogen dioxide, chlorine nitrate, nitric acid, polar vortex, airborne measurement, nitric oxide, ozone, Arctic; 00799. non methane hydrocarbon, Titan, homopause, molecular diffusion, eddy diffusion, 04194. oxidation efficiency, hydroxyl radical, nitric oxide, hydrocarbon, ozone, nitrogen, biomass burning, tropics, biogeochemical cycle, trace gas, aerosol particle, carbon monoxide, 07885. oxidation, peat sediment, incubation, root, plant, USA, Florida Everglades; 03642. oxidation, wetland, slurry, photosynthesis, anoxic hypolimnia, Denmark; 07101. ozone, CFC's, nitrous oxide, carbon dioxide, transient change, troposphere, stratosphere, surface climate effect, temperature, chemical composition, 05495. radioactive species, nuclear bomb test, Chernobyl accident, nitrate, sulphate, organochlorine, ice core, pollution, snow, ice, carbon dioxide, lead, Antarctica; Greenland; 05525. source, sink, greenhouse gas, soil-plant environment, carbon dioxide, nitrous oxide, 13741. stratospheric model, chlorine, ozone, 12558. stratospheric water vapour, charge transfer process, ozone attacking radical, heterogeneous reaction process, ozone layer, Antarctica; 06645. thermal decomposition, climatic warming, sea level rising, positive feedback, global warming, deglaciation trigger, glaciation extent, marine gas hydrate, 10734. tree growth, soil reclamation, landfill site, UK, England, Essex, Pitsea Landfill Site; 09703. tundra soil, climate change, water table, 03229. tundra, taiga, trans-Alaska pipeline, emission, USA, Alaska; 00867. urban, fluorocarbons, trace gas, global pollution, rice field, China; USA; Brazil; Australia; 06569. water vapour, tropospheric oxidant, ozone, hydroxyl, carbon monoxide, nitrogen oxide, 04352.
methane emission
fen, bog, swamp peatland, static chamber technique, spring thaw, winter freezing, subarctic fen, ombrotrophic fog, Canada, Quebec; 04411. floodplain, macrophyte, flooded forest, Brazil, Amazon River; 06689. rice field, biomass, methane production, USA, Texas; 09015. rice paddy field, soil temperature, 10213.
methane fermentation
sodium calcium ion exchange, calcite dissolution, nitrate reduction, saline groundwater, organic carbon oxidation, magnesium, isotopic evidence, hydrogeochemical process, groundwater chemistry, carbonate chemistry, calcite saturation, strontium, sulphate reduction, UK, England, Lincolnshire Limestone; 11081.
methane filled counter system
gas contamination, radiocarbon measurement, random error, Debrecen radiocarbon laboratory, Hungary, Debrecen; 04939.
methane flux
anaerobic environment, land cover, inundation classification, GIS, USA, Florida, Everglades; 08125. emission, wetland ecosystem, USA, Florida, Everglades; 10226. river floodplain, emission, rising water, Brazil, Amazon; 07847. subarctic fen, boreal fen, fen margin, pore water, peat, Canada, Quebec; 09014.
methane hydrate
methane venting, glacial plucking, bedrock fragmentation, Precambrian, crystalline bedrock, frost induced wedging, stress release, neotec-

tonic activity, isostatic rebound, Finland; 08466. methane, interglacial period, sediment temperature, ice sheet load, phase change, glaciation, Arctic; 04449.
methane level trend
rice agriculture, cattle rearing, 05516.
methane oxidation
Antarctic vortex, stratospheric water vapour, water vapour, Arctic; Antarctica; 00797. photochemical depletion, alcene, oxidation, ITCZ, marine atmosphere, formaldehyde, Atlantic; 06651.
methane oxidising bacteria
biodegradation, chlorinated ethene, biostimulation experiment, biotransformation experiment, groundwater contamination, remediation method, 07574.
methane production
methane emission, rice field, biomass, USA, Texas; 09015. wetland site, peat, sulphate reduction, anaerobic condition, bog, carbon mineralisation, 09031.
methane reservoir
bog, peatland, greenhouse gas, elevated water table, hydraulic conductivity, raised bog, ombrotrophic bog, 02830.
methane sink
formaldehyde, ice core, oxidation capacity, 09023.
methane thiol
carbonyl sulfide, emission, biogenic sulphur emission, salt marsh, sulphur, dimethyl sulfide, USA, New Hampshire; 04427.
methane venting
glacial plucking, bedrock fragmentation, Precambrian, crystalline bedrock, frost induced wedging, stress release, neotectonic activity, isostatic rebound, methane hydrate, Finland; 08466.
methanesulphonate
non-sea salt sulphate, marine aerosol, sampling, dimethylsulphide, sulphur dioxide, aerosol ion, marine atmosphere, Australia; Southern Ocean; 02015. rainwater, sulphur, wet deposition, emission, dimethyl sulphide, precipitation chemistry, Australia, Tasmania, Cape Grim; 02024. sea salt, sulphate, marine aerosol, precipitation, deposition, Atlantic; 06650. seasonal cycle, dimethylsulphide, oceanic sources, biogenic sulphur, sulphate, aerosol concentration, Antarctica, Mawson; Southern Ocean; 11215. sulphate nss, dimethylsulphide, remote marine condition, marine atmosphere, sulphur cycle, aerosol, Atlantic; North Sea; 13703. sulphate, marine air, climate feedback, albedo, seasonal cycle, dimethyl sulphide, 07886. trajectory, air mass regime, reduced nitrogen cycle, sulphur cycle, dimethylsulphide, ammonia, non seasalt sulphate, Pacific; 06688.
methanesulphonic acid
sulphur, nitrate radical, dimethylsuphide, 06662.
methanogen
diagenesis, Eocene, lake, Cretaceous, pelagic environment, porphyrin, heterotroph, 12968.
methanogenesis
alkane, organic matter, Green River Shale, lipid, biomarker, glycerol ether, USA, Colorado, Piceance Creek; 03660. carbon cycling, freshwater, macrophyte, plant, salinity gradient, organic matter, USA, North Carolina, White Oak River Estuary; 03538. fermentation, anoxic, lake sediment, glucose, paddy soil, 12841. lagoon, organic matter, anoxic, nitrate, sulphate, France, Marseille, Etang de Berre; 01207. organic acid, groundwater chemistry, aquitard sediment, aquifer geochemistry, microbial activity, sulphate reduction, iron reduction, organic carbon, 11063. pore water, biomass, seafloor, bacteria, 04851.
methanol
ethanol, organic emission, alternative fueled vehicle, ozone, fuel, 06572. gasoline, ozone, motor vehicle, pollution, photochemical pollution, 00879. greenhouse gas, carbon dioxide, emission control effort, alternative fuel, air quality debate, gasoline, petrol, photochemical smog, USA, California; 06703.
method
concept, Quaternary stratigraphy, stratigraphical record, mollusc, pollen, radiocarbon, France, Massif Central; 03845. morphoisohypses map, tectonic relief reconstruction, morphoisohypses, USSR, Mangyshlak Peninsula; 03700. quantitative characteristics, shape, geographical feature, 02493. removal, diagenetic material, buried bone, human femur, physical abrasion, chemical procedure, bone, contamination, USA, Illinois, Gibson Site; Peru, Estuquina Site; 03853.
method of maximum likelihood
low flow frequency, stream flow, frequency analysis, statistical analysis, method of moments, Weibull distribution, method of probability weighted moments, Australia, (South East); 06276.
method of moments
Weibull distribution, method of probability weighted moments, method of maximum likelihood, low flow frequency, stream flow, frequency analysis, statistical analysis, Australia, (South East); 06276.
method of probability weighted moments
method of maximum likelihood, low flow frequency, stream flow, frequency analysis, statistical analysis, method of moments, Weibull distribution, Australia, (South East); 06276.
methodological experiment
environmental problem, radiometric method, radon, hazard mapping, 12311.
methodological guideline
atlas, thematic atlas, Finland; 02165.
methodological problem
fluvial relief, channel morphology, morphodynamics, fluvial process, 08328.
methodology
geomorphology, palaeogeography, genetic classification, relief, applied research, 13006. terminology, substantialismic geomorphology, phenomenalism, essentialism, causal relationship, quantitative substantialism, 03694.
methoxybenzene
photochemical aerosol, aerosol, aromatic hydrocarbon, nitrogen oxide, toluene, xylene, ethylbenzene, 00851.
methyl bromide
epichlorhydrin, phosgene, ranking, toxic contaminant, 13641. phosgene, toxic contaminant, reaction rate, atmospheric persistence, ozone, hydroxyl radical, nitrate radical, aliphatic, aromatic toxic organics, chloroprene, hexachlorocyclopentadiene, cresol, nitrosamine, maleic anhydride, nitrobenzene, 10206.
methyl chloroform
emission, complex terrain, regional transport, methylchloroform, pollution, CFC 11, carbon tetrachloide, USA, Nevada-Arizona Desert; 04399.
methyl iodide
electron capture, algae, coastline, 06679. iodine species, sulphur species, marine air, photochemistry, global cycle, dimethyl sulphide, 11333.
methyl ketone
ketone, carbonyl, photolysis, partition coefficient, Henrys Law, 12531.
methyl mercapton
carbon disulphide, dimethyl disulphide, marine biological activity, air sea exchange, sulphur balance, biogenic sulphur, dimethyl sulphide, Europe; 09021.
methyl nitrate
n-propyl nitrate, butyl nitrate, odd nitrogen, organic nitrate, peroxypropionyl nitrate, PAN, USA, Colorado, Boulder; Niwot Ridge; 05524.
methyl parathion
fenitrothion, carbofuran, desorption, pesticide sorption, insecticide, sorption, 07348.
methyl sterol
stanol, microalgae, prymnesiophyte, Pavlova, sterol, 04837.
methyl tert butyl ether
ethyl tert butyl ether, urban NHMC mix, ozone forming potential, oxygenated compound, organic compound, fuel additive, tert butyl alcohol, dimethyl ether, diethyl ether, 11301.
methyl-butene
dicarbonyl formation, Criegee biradical, carbonyl, acetone, acetaldehyde, methylglyoxal, formaldehyde (major), hydroxyacetone, glyoxal (minor), hydroxyacetaldehyde, hydroxyl-methyl-butanone, ozone, 05539.
methylaldehyde
photolysis, spectral integration, error, photodissociation rate coefficient, ozone, nitrogen dioxide, nitrous acid, 02022.
methylamine
adsorption, aliphatic amine, upwelling, pore water, USA, Long Island Sound; Peru; 05951.
methylated species
surface water quality, lake, alkaline lake, phosphate, dissolved salt, dimethylarsinic acid, biogeochemistry, arsenic, USA, California, Davis Creek Reservoir; 13360.
methylation
bacteria, mercury, fish, acidification, 11702. methyltin, organotin, tin, bacterial coculture, organism, USA, Massachusetts, Boston Harbour; 10627. microorganism, fresh water, mercury level, fish, Sweden, Lake Levrasjon; 09335.
methylbiphenyl
cyclisation reaction, palaeotemperature, biphenyl, fluorene, 08280.
methylchloroform
ozone depletion, sampling, trichlorofluoromethane, dichlorodifluoromethane, dichlorofluoromethane, volcanic gas, volatile organic compound, solfataric gas, carbon tetrachloride, 02014. perchloroethylene, particle light scattering, urban source, long range transport, haze, tracers of opportunity, pollution, USA, Nevada, Spirit Mountain; 02018. pollution, CFC 11, carbon tetrachloide, methyl chloroform, emission, complex terrain, regional transport, USA, Nevada-Arizona Desert; 04399.
methylene blue aerosol
aerosol, ultra violet, aerosol charging, particle, polystyrene latex, polymethylmethacrylate, 03193.
methylethlketone
methylvinylketone, photooxidation, 06619.
methylglyoxal
benzaldehyde, formic acid, acetic acid, snow chemistry, carbonyl, carboxylic acid, formaldehyde, acetaldehyde, adlehyde, glyoxal, USA, California; 04420. formaldehyde (major), hydroxyacetone, glyoxal (minor), hydroxyacetaldehyde, hydroxyl-methyl-butanone, ozone, methyl-butene, dicarbonyl formation, Criegee biradical, carbonyl, acetone, acetaldehyde, 05539.
methylhydroperoxide
ozone, spectroscopy, hydroperoxide, diode laser, 06680.
methylmercury
pollution plume, food chain, eel, fish, heavy metal, mercury, UK, England, Norfolk, Yare River; 08202.
methylperoxy self reaction
branching ratio, reaction products, chlorine, 06623.
methyltin
organotin, tin, bacterial coculture, organism, methylation, USA, Massachusetts, Boston Harbour; 10627.
methylvinylketone
photooxidation, methylethlketone, 06619.
metolachlor
alachlor, sampling technique, agricultural pollutant, surface water quality, herbicide, triazine, acetanilide herbicide, atrazine, desethyl, desisopropylatrazine, cyanazine, simazine, USA, Mississippi River; 08737. runoff quality, runoff quantity, leaching, agricultural chemical loss, subsurface drainage, runoff loss, atrazine, USA, Louisiana; 02950. runoff water quality, agricultural practice, herbicide, contaminant transport, 04159. sorptive reversibility, herbicide residue, atrazine, 09689.
metric
clustering algorithm, overlap classes, 11483.
metric camera
geomorphology, cartography, SIR-A, Algeria, Ahaggar Mountains; 07910. Large Format Camera, topographic mapping, geometric accuracy, thematic content, Sudan; 07911.
metric space
spatial subdivision, mathematical order, topology, 08019.
metric system

interpolation, digital map, database, contour line, 08052.
metsulphuron methyl
lysimeter, herbicide, leaching, chlorsulphuron, Sweden; 07380.
Mexican Hill
stratigraphy, palaeoecology, Pleistocene, interstadial sediment, organic rich, interstadial sediment, middle Wisconsinan, Cordilleran Ice Sheet, interstadial sediment, Bullion Pit bed, Canada, British Columbia, Quesnel River Valley; 03889.
Mexico City Clay
repeated loading, oedometer, consolidation, 03743.
Mfamosing limestone
microfacies, Cretaceous, carbonate, shelf, reef, Nigeria, Lower Benue Trough; 00142.
Miami sublobe
radiocarbon, glacial stratigraphic interpretation, contamination, stump cluster, glacier advance, Laurentide ice sheet, readvance, USA, Ohio, Cincinnati, Sharonville Site; 01430.
mica
clay mineral, chlorite, crystal structure, indexing, kaolinite, 12992. feldspar, nepheline, quartz, microfabric, morphology, mineral weathering, neoinformation, weathering, silicate, pseudomorph, olivine, pyroxene, amphibole, 01477. mudrock, concretion, lithification, chlorite, UK, Wales; 11813. peaty podsol, podzolic soil, upland, aluminous vermiculite, weathering product, acid soil, UK, Scotland; 09618. plagioclase feldspar, long term weathering, weathering rate, soil analyses, mobile cation, chronosequence, chlorite decomposition, weathering process, UK, Scotland, Loch Chon; Allt a'Mharcaidh; UK, Scotland, Kelty Water; Norway, Hoylandet; 09621. sandstone, Jurassic, alteration reaction, burial, diagenesis, Norway, Haltenbanken; North Sea; 08296. weathering grade classification, granite, regolith, cracks, grain boundary, joint, feldspar, India, Himalayas, Lesser Himalyan Belt; 10823.
mica gneiss
geomorphic position, colluvial transport, landscape context, slope process, mica schist, soil geomorphic relation, pedogenesis, USA, North Carolina, Blue Ridge Front; 07421. mica schist, saprolite, soil residuum, colluvium, secondary mineral, regolith, weathering, soil geomorphic relation, slope process, USA, North Carolina, Blue Ridge Front; 07420.
mica hydration
weathering, greywacke type sandstone, outwash gravel, inside out weathering, boulder, glacial outwash gravel, quartzofeldspathic sandstone, weathered core, New Zealand, North Westland; 09630.
mica schist
saprolite, soil residuum, colluvium, secondary mineral, regolith, weathering, soil geomorphic relation, slope process, mica gneiss, USA, North Carolina, Blue Ridge Front; 07420. soil geomorphic relation, pedogenesis, mica gneiss, geomorphic position, colluvial transport, landscape context, slope process, USA, North Carolina, Blue Ridge Front; 07421.
micelle
PAH, surfactant, solubilisation, organic contamination, soil water system, 07031.
Michaelis-Menten expression
denitrification, nitrate loss, substrate concentration, soil temperature, soil moisture, Canada, Alberta; 04132.
Michelson interferometer
hysteresis, thermal expansion coefficient, sea ice, linear expansion, 07301.
Michigan Microwave Canopy Scattering model
microwave, canopy, scattering, tree canopy, 02219.
micrite
film flow, cyanobacteria, calcite, proglacial, freezing, subglacial water, sparite, Switzerland, Glacier de Tasnfleuron; 01232. micromorphology, limestone, argillic horizon, microspar, USA, Arizona, Colorado Plateau; 01586. ooze, classification, carbonate, mud, 04810. reef, carbonate, isotopic signal, Indian Ocean; Red Sea; 00066. sparite, diagenesis, carbonate, soil micromorphology, Mediterranean; 01285.
micritic limestone
limestone, microbial mat, Kimmeridgian limestone, France, Jura Mountains; Ain, Marchamp; 09428.
micro basin
erosion study, semi arid zone, runoff sheet, Tunisia; 08551.
micro blade industry
Palaeolithic industry, cultural chronology, axe shaped tool, traffic route, Japan, Chugoku Mountains; 05029.
micro climate
climate, weather type, relief, Switzerland; 08859.
micro computer
vector, raster, mapping, 02178.
micro computer based mapping
desk top mapping, Apple Macintosh, cartography, 09154.
micro crack
olivine, salt accumulation, basalt, weathering, temperate marine environment, basalt cliff, tafoni, honeycomb weathering, UK, Northern Ireland, Antrim; 01483.
micro dispersion
transport model, groundwater flow, aquifer model, conductivity distribution, sandy aquifer, particle size analysis, dispersion, geostatistical simulation technique, hydraulic conductivity, 09887.
micro layer
temperature, nitric acid, nitric acid trihydrate, sulphate aerosol, polar stratospheric cloud, stratospheric cloud, Arctic; 00894.
micro lysimeter
leaf area index, evapotranspiration, evaporation, evaporative loss, soil surface, water use efficiency, Syria; 01639.
micro nutrient status
organic matter content, fertility status, fertiliser use, nitrogen content, soil acidification, South Africa; 10946.
micro scale data
vegetation cover, meteorological research, precipitation, wheat producing area, Nigeria, Niger State; 05309.
microaggregate
aggregate, fractal geometry, organic matter, 00084. ploughed layer, soil structure, water suspensible solid, structural stability, 08569. stability, humic substance, molecular size, organic waste amendment, 00395. turnover, organic matter, charcoal, carbon-13, 00449.
microaggregate stability
carbon mineralisation, nitrogen mineralisation, soil texture, microbial carbon, Alfisol, Vertisol, fumigation extraction technique, 10875.
microaggregate structure
clay leaching, ferrallitic soil, Oxisol, organic matter, soil structural change, Cameroon; 09767.
microaggregated horizon
pore size distribution, alterite, macroporous horizon, pore space, hydric behaviour, ferrallitic cover, soil cover, French Guiana; 09745.
microaggregation
kaolinite, Oxisol, soil pedogenesis, micromorphology, French Guiana; 01591. tillage, cropping sequence, soil physical property, bulk density, soil strength, USA, Texas, Burleson County; 02753.
microalgae
biomass, bloom, fishery, organic carbon, 03584. prymnesiophyte, Pavlova, sterol, methyl sterol, stanol, 04837.
microarthropod
halophytic ecosystem, biological indicator, Solonchak, USSR, Dagestan, Terek River Delta; 00480.
microbarograph
volcano, wave, Lamb mode, acoustic mode, USA, Mount St. Helens; 00663.
microbarograph array
sodar observation, solitary-like wave, nocturnal boundary layer, boundary layer, Benjamin-Davis-Ono theory, meteorological tower, 13523.
microbasin
groundwater dynamics, water resource, fold mountain, mountain region, monoclinal structure, hydrogeology, sedimentary aquifer, 08768.
microbe
petee, tepee, reef, crust, sedimentary structure, saltern, 04750.
microbe dynamics
activated sludge method by extended aeration, nitrification, contact oxidation method, sewage treatment, oyster shell filter, water quality, 00640.
microbial
biostructuration, seasonality, sedimentation, organic matter, varve, laminae, 03524. carbon, biomass, phytoplankton, productivity, deep sea bed, Atlantic, (Northeast); 04761. Cretaceous, phosphorite, ground water, algal mat, Jordan; 03649. floc, faecal pellet, coccolith, sterol, fatty acid, Black Sea; 11795. sulphate, adsorption, fractionation, sorption, isotope, retention, Canada, Ontario, Dorset; 05948.
microbial activity
Gilpin silt loam, potential nitrification activity, potential denitrification activity, denitrification, nitrification, tillage, 12061. Haploboroll, microwave-radiation treatment, incubation effect, resin-extractable nutrient, calcium, magnesium, phosphorus, potassium, USA, Montana; 12095. incubation effect, resin-extractable nutrient, nitrate, ammonium, sulphur, Haploboroll, microwave-radiation treatment, USA, Montana; 12094. sulphate reduction, iron reduction, organic carbon, methanogenesis, organic acid, groundwater chemistry, aquitard sediment, aquifer geochemistry, 11063. waterlogged soil, lacustrine clay, aliphatic compound, aggregate stability, silty clay, 13224. zooplankton, organic matter, faecal pellet, lipid transformation, sterol, fatty acid, 12969.
microbial biomass
sulphur oxidation, rhodanese activity, biological sulphur, sulphur oxidation, chemical sulphur, China; USA, Oregon; 13250. tillage, crop residue, zero tillage, fertiliser application, organic carbon, nitrogen, Australia, Queensland, Warwick, Hermitage Research Station; 13232.
microbial carbon
Alfisol, Vertisol, fumigation extraction technique, microaggregate stability, carbon mineralisation, nitrogen mineralisation, soil texture, 10875. microbial nitrogen, mineralisation, decomposition, soil size fraction, adsorption, organic compound, wheat, 10870. microbial sulphur, soil sulphur fraction, sulphur fertilisation, sulphur transformation, fertiliser, sulphate, USA, Oregon; 10880.
microbial cleansing
contaminant breakdown, soil contamination, Germany; 10897.
microbial community
Cretaceous, chalk, hardground, phosphate, France, Somme; Oise; 03645. saline lake, stromatolite, benthic, Precambrian, stromatolite, Australia, Western Australia, Cervantes, Lake Thetis; 01212.
microbial decomposition
anaerobic condition, topsoil, ammonia gas, sensing electrode, restored soil, soil restoration, organic matter, mineralisation, 08573. nitrification, fish growth, sediment water exchange model, water quality model, volatilisation reaeration, adsorption, ion exchange, heat exchange, sedimentation, coagulation, precipitation, complex formation, hydroloysis, redox process, photochemical reaction, 09828. organic pollutant, biodegradation, parameter estimation, water quality model, 09835.
microbial degradation
acid concentration, rain water chemistry, rain water storage, phenol, acidic organic compound, carboxylic acid, USA, California, Los Angeles; 05112. Freundlich isotherm, soil retention, coumaric acid, adsorption, 03974. residence time, turbidity zone, PCB, PAH, estuary, Netherlands, Scheldt Estuary; 05884. xenobiotic, potabilisation process, chemical degradation, toxicology, pesticide, drinking water contamination, water quality, 11088.
microbial denitrification
nitrate, isotope fractionation, denitrification, land use effect, groundwater quality, Germany, Hannover; 01736.
microbial ecology
ocean optic, Atlantic, (North); 11597.
microbial filament
neoformation, pore water chemistry, silica, Oligocene, Pliocene, Atlantic, ODP Hole 699A; 12985.
microbial mat

epicontinental shale, bioturbating organism, Proterozoic(Middle) Belt Basin, shale, basin history, Belt Supergroup, turbidite, USA, Montana; 07040. Kimmeridgian limestone, micritic limestone, limestone, France, Jura Mountains; Ain, Marchamp; 09428. Precambrian, stromatolite, carbon-13 depletion, sea water, brine, carbon cycle, Israel, Elat; 05911. stromatolite, sedimentation, ice cover, lake, Antarctica, Lake Hoare; 10530.

microbial mediation
phosphogenesis, continental margin, Recent, bacteria, Peru; 05905.

microbial mineralisation
lake water quality, organic acid, alkalinity, volcanic eruption, dissolved organic carbon, carbonate, dilution by runoff water, USA, Washington, Mount St. Helens; 06304.

microbial nitrogen
mineralisation, decomposition, soil size fraction, adsorption, organic compound, wheat, microbial carbon, 10870.

microbial nitrogen transformation
sediment-water interface, coastal sediment, submarine groundwater discharge, water table height, denitrification, nitrate concentration, USA, New York, Great South Bay; 04136.

microbial oxidation
photooxidation, petroleum contamination, oil spill, hydrocarbon fate, surface water quality, evaporation, dilution, wind, current, sedimentation, biological uptake, Antarctica, Arthur Harbour; 13362.

microbial phosphorus
soil fractionation, phosphorus fractionation method, sequential extraction method, soil phosphorus pool, 09726.

microbial population
huntite, Flandrian, carbonate, halite, gypsum, Tunisia, Zarzis, Sabkha al Melah; 01233. soil, power station waste, fly ash, 02758. water-sediment interface, deep sea sediment, organic matter, submersible, bacteria, Atlantic, Bay of Biscay; 03650.

microbial process
stromatolite, iron oxide, sea level change, iridium anomaly, hardground, meteorite impact, Australia, Western Australia, Canning Basin; 11799.

microbial reduction
nitrification, nitrite, nitrate, nitrogen isotope, oxygen isotope, two isotope characterisation, nitrous oxide, Pacific; 05452. protonation, iron oxide solubility, iron oxide dissolution, complexation, ferrihydrite, goethite, hematite, 09610.

microbial source
organic matter, aerosol, hydrocarbon, beta carotane, petroliferous source, China, Beijing; Guiyang; 13745.

microbial sulphur
soil dilution, Woodburn silt loam, calibration technique, liquid culture, 10924. soil flush, pastoral soil, sulphur, plant root, phosphorus, potassium, nitrogen, New Zealand; 07366. soil sulphur fraction, sulphur fertilisation, sulphur transformation, fertiliser, sulphate, microbial carbon, USA, Oregon; 10880.

microbial transformation
contaminant transport, groundwater contamination, nitrate, sulphate, multicomponent transport, Germany, Fuhrberger Field; 04138.

microbial transport
trace inorganic solute, sampling device, water quality, bacteria, suspended particle, filtration device, 04074.

microbial turnover
anaerobiosis, climatic change, soil problem, alluvial domain, global climatic change, salt problem, 07312.

microbialite
marl, lake, carbonate, groundwater, calcification, bioherm, USA, New York, Fayetteville, Green Lake; 02318. stromatolite, sea water, cyanobacteria, calcite, Proterozoic, aragonite, Turkey, Anatolia, Lake Van; 07073.

microbiological denitrification
water purification, reverse osmosis, ion exchange process, electrodialysis, nitrogenous pollutant, water quality management, wastewater treatment, 00657.

microbiological gradient
groundwater quality, unconfined aquifer, nitrate, organic compound, specific conductance, dissolved oxygen, contaminant plume, bacterial growth, heterotrophic activity, chemical gradient, vertical sampling, USA, Massachusetts, Cape Cod; 13434.

microbiological process
humus, steppe soil, humification, organic residue, USSR, Transbaikalia; 12116.

microbiological quality
European Community Directive 76/160, European Blue Flag, water quality standard, water quality monitoring, bathing water, Europe; 00567.

microbiological sampling
bathing water, coastal water quality, shore based sampling, bacterial indicator, European Community Directive, UK, Scotland; 00571.

microbiology
terrestrial environment, groundwater, subsurface sediment, bacteria, organic carbon, biomass, USA, South Carolina, Savannah River Plant; 12979.

microblock
Eocene, pelagic sediment, acoustic basement, Atlantic, Sierra Leone Basin; 00092.

microboring
pelecypod, algae, fungi, sponge, boring, carbonate, reef, Mexico, Yucatan, Cozumel; 00150.

microboring organism
endolith, boring, photic zone, Hallstatt Limestone, Triassic, 08261.

microburst
storm, misocyclone, boundary layer, gust front, momentum transport, kinetic energy transport, 03103. wind damage, meteorological feature, wind field characteristics, downburst, 10125.

microburst dynamics
microburst fine structure, virtual potential temperature, buoyancy, radar, 10135.

microburst fine structure
virtual potential temperature, buoyancy, radar, microburst dynamics, 10135.

microburst probability
thermodynamic profiler, temperature retrieval, nowcasting, forecast verification, lapse rate, 10117.

microcatchment
mountain basin, runoff, hydrograph, rainfall runoff modelling, Saudi Arabia; 08684.

microchannel flow
sheet flow, laminar flow, turbulent flow, water flow velocity, flow depth, hillslope hydrology, overland flow, infiltration, runoff hydraulics, hydraulic resistance, 11001.

microchemical dating
carbon-14, molecular dating, amino acid, polycyclic aromatic hydrocarbon, 05487.

microclimate
Bellani plate evaporimeter, frost free period, solar radiation, evaporation, hill pasture, USA, Appalachian Mountains; 00728. Eulerian theory, Lagrangian theory, turbulent transfer, plant, canopy, 11191. latent heat flux, Bowen ratio, closed desert basin, osmotic potential, albedo, evapotranspiration, playa, transpiration, sensible heat flux, 09789. local climate, vegetation, 07725. microclimatic simulation, weather forecast, 03069. sensible heat flux, insolation, vertical water vapour gradient, lapse rate, forest, Malaysia, Negeri Sembilan, Pasoh Forest Reserve; 06463. snow, soil moisture, muskoxen, plant community, Canada, Northwest Territories, Ellesmere Island, Sverdrup Pass; Arctic; 07684. vegetation, wind break, date fronds mat fence, barrier, wind, erosion control, 12369.

microclimate variation
urban canyon asymmetry, solar radiation, net radiation, sensible heat flux, 05406.

microclimatic simulation
weather forecast, microclimate, 03069.

microclimatological investigation
tropical vegetation, alpine scrub, drought induced timberline, alpine timberline, timberline, water availability, atmospheric circulation, USA, Hawaii, Maui; 13557.

microclimatology
surface effect, topographic effect, airflow, local wind, urban climate, mesoclimatology, 00718.

microcline
geothermal gradient, pressure, temperature, geologic history, erosion, anthracite, 03624.

microcomplex
Cryozem, classification, soil formation, Pleistocene yedoma, soil mantle, Yedoma, USSR, Kolyma Lowland; 10955.

microcomputer
agrometeorological modelling, hydrometeorological model, Venezuela; 01096. bathymetry, coral, submarine terrain, reef, seafloor, remotely operated vessels, 07120. cartography, GIS, 13871. cartography, reorganisation, 13867. commercial system, geographic information, standards, exchange format, 01021. education, 01800. educational training, image processing, 09112. GIS, 04552. graphics, computer cartography, cartography, 13870. historical climate data, climate data management, agriculture, 13629. mapping, software, 13868. mining, francophone, visual information, hypertext, electronic atlas, Canada; 01049. Operational Navigation Chart, product protocol, Digital Chart of the World, vector representation, 01078. raster, geographical information system, 10327. snow cover mapping, snowmelt runoff simulation, AVHRR, Landsat MSS, 01133. XYNIMAP, mainframe computer, 01050.

microcomputer based
laboratory apparatus, soil testing, 03761.

microcomputer program
calcite, crystallographic plane, computer method, CALCIT3, 08306. sediment transport, erodible channel, flood wave, dam failure, channel morphology, flood routing, flood model, 05170.

microcomputer system
discharge measurement, stream flow, turbulent stream, salt tracer dilution, current meter, stage discharge relationship, dilution gauging, irregular channel geometry, 08668.

microcomputer technology
GIS, Department of National Defence, Canada; 01029.

microcomputer workstation
GIS, global change programme, regional impact assessment, database, 08002.

microcontinent
Cenozoic(Late), tectonic development, continental margin, Banda Volcanic Arc, Banda Sea; 03725.

microcosm experiment
soil structure, soil manipulation, soil core, artificial soil core, 10913.

microcrack
hackly fracture surface, sand size, clast, debris avalanche deposit, particle particle interaction, scanning electron microscope, electron imagery, USA, Washington, Mount St. Helens; 09507.

microdata
GIS, statistics, population, census, 04685.

microearthquake
magnetotelluric survey, active fault system, geophysical survey, strike slip fault, tectonic block, Japan, Kinki District; 09504.

microearthquake survey
Homogeneous Station Method, tectonic lineament, Landsat imagery, tectonic stress, compressive stress, microseismicity, tectonics, India, Mikir Hills; Assam Valley; India, Shillong Plateau; 10695.

microelectrode
oxygen, marine sediment, respiration process, benthic microalgae, Netherlands, Oosterschelde; 08313.

microenvironment
precipitation, spring, biological process, carbonate, travertine, USA, Colorado; 08169.

microfabric
clay, smectite, permeability, porosity, consolidation, Weddell Sea, South

Orkney; Antarctica, Leg 113, South Orkney; 03519. digital analysis, orientation, 01571. fabric classification, soil, micrograph, clay, 08304. fine grained sediment, thin section, transmission electron microscopy, backscattered electron image, Caribbean Sea, Barbardos Ridge, ODP Hole 671B; 02478. micromorphology, palaeosol, 01528. morphology, mineral weathering, neoinformation, weathering, silicate, pseudomorph, olivine, pyroxene, amphibole, mica, feldspar, nepheline, quartz, 01477. porosity, permeability, oolitic sediment, particle packing, laboratory method, Atlantic, (Northwest); Bahamas, Great Bahama Bank; 05805. Rhine deposit, soil physical property, Netherlands; 01601. thin section, burrowing channel, soil alteration, earthworm, 10911. Vertisol, micromorphology, 01551. weathering microenvironment, characterisation, granitic, saprolitic soil, Hong Kong; 03796.

microfacies
Cretaceous, carbonate, shelf, reef, Mfamosing limestone, Nigeria, Lower Benue Trough; 00142. cyclic sedimentation, carbonate, fossil, Triassic, Rhaetian, Italy, Southern Alps, Lombardian Basin; 00153. facies, Aptian, Tata Limestone Formation, limestone, crinoidal limestone, Hungary, Bakony Mountains; 04813.

microfacies analysis
fossil, cyanobacteria, limestone, Lauterecken Formation, stratigraphic marker, Germany, Saar Nahe Basin; 08257.

microfault
mud vein, vein structure, calcite, Pacific; Pacific, Peru Margin; 01192.

microfaunal
palynological evidence, Tyrrell Sea, latitudinal gradient, biogenic productivity, postglacial, palaeoceanography, stratigraphic, Canada, Hudson Bay; 04973.

microflora
organic matter, humic substance, sediment-water interface, continental shelf, biogeochemical cycle, Mediterranean Sea, Gulf of Lions; 12880.

microfossil
eutrophication, lake, diatom, palaeolimnological, accumulation rate, UK, Northern Ireland, Lough Augher; 03531. foraminifera, Ostracoda, Eemian, tidal flat sequence, sea level, Holsteinian interglacial, Denmark, Hojer; 06158. freshwater lake, Weichselian times, sea level, timing, postglacial marine invasion, radiocarbon dating, piston core, Indonesia, Halmahera, Kau Bay; 02682. gyttja, diatom, nutrient, eutrophication, Baltic Sea; 00187. igneous intrusion, hydrocarbon, ostracod, thermal alteration, colour, Celtic Sea, Fastnet Basin; Porcupine Basin; 01189. mineral cycling, timescale, diatom, sediment accumulation, macrophyte, accumulation rate, lake sediment, UK, Northern Ireland, County Tyrone, Lough Augher; 00028. oceanographic change, Recent, diatom, temperature, sea ice, glacial-interglacial cycle, productivity, Iceland Sea; Greenland Sea; Norwegian Sea; 02366. organic substance, Holocene sediment, marine level, dinoflagellate cyst, pollen grain, sediment weathering, lacustrine level, chlorococcal algae, Typhaceae pollen, sterol content, humic acid, fulvic acid, organic wall, Brazil, Rio de Janeiro, Guarapina Lagoon; 08458. palynological preparation technique, maceration tank-method, preparation technique, spore, pollen, dinoflagellate cyst, acritarch, 11910. palynomorph, provenance, burial, fossil, preservation potential, plant remains, 07067. pelagic sediment, climatic change, wind, diatom, dust, aeolian transport, Atlantic, Sierra Leone Rise; 07076. sandstone, Barakar Formation, Gondwana, coccolith, India, Bihar, Ramgarh Coalfield; 01306. sediment core, coccolith, climatic change, palaeoceanography, foraminifera, Norwegian Sea; Greenland Sea; 03640.

microfossil analyses
tephrachronology, palaeoecology, Holocene(Late), lake sediment sequence, palaeoclimatic implication, radiocarbon dating, Antarctica, South Shetland Islands, Livingston Island; 09596.

microfossil assemblage
sedimentation depth, uplift rate, micropalaeontology, movements detection, collision, vertical movement, Indonesia, Timor; 07171.

microfracturing
quartz, in situ weathering, comminution, fracture pattern, grain release, physically weathered rock, granitic rock, 01480.

micrograph
clay, microfabric, fabric classification, soil, 08304.

microgravity survey
depression cone, aquifer heterogeneity, textured heterogeneity, unconfined aquifer, 04115.

microlithic tool
Pleistocene(Late), Holocene, uplift, climate, vertebrate fossil, archaeological find, China, Xizang Plateau; Qinghai Plateau; 10791.

microlysimeter
energy balance, soil wetness, eddy correlation measuring device, semi arid area, water balance, dryland millet, evaporation, evapotranspiration, transpiration, soil evaporation, Institute of Hydrology, ICRISAT Sahelian Center, porometry, Niger; 06270. leaf area, plant density, soil water, energy balance, stem flow measurement, evapotranspiration, water balance, evaporation, transpiration, Bowen ratio method, cotton crop, USA, Texas, Lubbock; 05119. soil column, pesticide movement, root zone, 09733. soil column, tillage plot, pesticide mobility, 09690.

micromagnetic logging
aeolian deposition, loess, stratigraphic position, clayey-dusty deposit, paleomagnetic, Poland, Nowy Sacz, Carpathians, Zalubincze Brickyard; 11969.

micromammal
archaeological site, rainfall seasonality, Holocene, climatic change, Africa, (Southern); 10763.

micrometeorite
cosmic spherule, cryoconite, lake, noble gas, extraterrestrial, spherule, 04850.

micrometeorological change
vegetation removal, desert formation, surface resistance, albedo, sensible heat flux, roughness, 07721.

micrometeorological condition
Chernobyl nuclear accident, caesium-137, environmental transfer parameter, dry deposition, washout, particle, Italy, Anguillara Sabazia; 00928.

micrometeorological measurement
latent heat flux, temperature, humidity, wind, radiation exchange, energy partition, sensible heat flux, eddy diffusivity, Brazil, Amazon Forest; 05405.

micrometeorological technique
diurnal pattern, runoff delay, melt energy computation, ablatometer measurement, melting ice, snow, Canada, Alberta, Peyto Glacier; 00338. gradient sampling, emission, deposition, eddy correlation, conditional sampling, chemical sensor resolution, surface flux, 03062.

micrometeorology
compensation point, alfalfa, aerodynamic method, ammonia, ammonium, canopy resistance, deposition, 06459. shelter belt, forest edge, turbulent wake, turbulent transport, 03050. tropical forest, radiation absorption, aerodynamic roughness, K-theory, rainfall, 03048. urban forest, shade, air filtration, 03049.

micromixing process
Gaussian plume model, nitrogen oxide, ozone, plume model, macromixing process, 05513.

micromorphological analysis
calcite, cementation, Quaternary geology, radiocarbon date, petrology, dating problem, Karal rock, India, Maharashtra; 08431.

micromorphological budget
humic soil, palaeoclimatology, stratigraphy, Warneton pedocomplex, Belgium, Warneton; 06157.

micromorphological characteristic
porosity, tillage, soil physical property, 01542.

micromorphological classification
fossil, Recent, calcic microstructure, petrocalcic microstructure, palaeosol, 01476.

micromorphological clay orientation
plasmic fabric, plasma separation, swelling, stress-strain regime, stress, shear deformation, 02534.

micromorphological evidence
palaeoenvironmental change, Pleistocene, Holocene palaeosols, phytoliths, Pleistocene climatic sequence, 01435. Pleistocene(Mid), landscape, climatic change, transgressive-regressive coastline, Acheulean site, karstic environment, cryoclastic activity, soil ripening, climatic deterioration, UK, England, Somerset, Mendips; Sussex, West Sussex, Boxgrove; 01441.

micromorphological interpretation
nari-calcrete, calcrete, stromatolithic coating, Israel, Galilee, Nazerat; 01485.

micromorphological pattern
pedological origin, Paleogene, diagenesis, clay, sand, France, Massif Central, Pue-en-Velay Basin; 02396.

micromorphological property
surface crust, cryptogam cover, soil physical property, fire, semi arid woodland, depositional material, aggregate stability, Australia, New South Wales, Coolabah; 07438.

micromorphological study
fulvic acid, vugh, aggregate, structural improvement, humic acid, soil aggregation, 07341. loessial deposit, soil survey, loess, rubified soil, paleosol, Rissian, Eemian, Denekamp interstadial, sediment reworking, pedological study, Spain, Gerona; 07208. sediment core, high salt content, nahcolite, gaylussite, magadiite, eitelite, lake, Sudan, Darfur, Mahla Crater Lake; 01426. weathering, granite, semi-arid land, inselberg landscape, Palaeozoic granite, chemical weathering, physical weathering, Sudan, Darfur, Kutum; 01484.

micromorphological technique
photographic method, Dutch Programme on Soil Ecology of Arable Farming Systems, staining technique, soil preparation method, image analysis, micromorphology, soil structure, biota, 10910. silicification process, calcareous pan, duripan, in situ alteration, eolian dust, loess, opal-A/X-ray amorphous phase, USA, Idaho; 12016.

micromorphology
Alfisol, clay, 01533. argillification, Aridisol, China; 01613. calcium carbonate, bauxite processing waste, aluminum production, secondary calcite, 12013. calcium carbonate, loess, SEM, x-ray microprobe, China, Loess Plateau, Xian; Dongzi Yuan; 01614. cangahua, silicate clay, silica, Ecuador, Interandean Valley; 01592. chemical bonding, soil cementation, adhesion, cohesion, 01546. civilisation, soil fauna, Nigeria; 01606. clay impoverishment, clay eluviation, hydrolytic weathering, Brazil, Amazonia; 01593. clay movement, loess, carbonate, USA, Kansas; 01588. crust morphology, porosity, infiltration, rainfall simulation, USA; 01584. cryoturbation, soil structure, turbic cryosol, pattern ground, mud hummock, Porphyroskelic fabric, Canada, Yukon Territory, Herschel Island; 13184. experimental study, soil crusting, crust formation, sealing, aggregate breakdown, 03932. feldspar weathering, lithic clast, open system, till palaeosol, weathering, porosity, USA; 01481. fluorescence microscopy, polyester resin, 01574. initial weathering product, feldspar, weathering product, albite, 01479. injection feature, pipkrake, frost heaving, freeze-thaw, Spain, Catalonia, Montserrat Mountains; 01599. land evaluation, soil formation, hydromorphic soil, 01553. limestone, argillic horizon, microspar, micrite, USA, Arizona, Colorado Plateau; 01586. microaggregation, kaolinite, Oxisol, soil pedogenesis, French Guiana; 01591. microfabric, Vertisol, 01551. mineralogy, calcareous duripan, opaline, silica, calcite, USA, California, Mojave Desert; 01585. palaeosol, microfabric, 01528. pedogenesis, carbonate accumulation, Ustrochrept, Camborthid, Calciorthid, calcium carbonate, India, Ghaggar Plain; 01612. pedogenetic mineral, morphology, mineral weathering, neoformation, 01478. Pleistocene sediment, soil, Westland Green Gravel, Anglian, gelifluction deposit, Kesgrave Formation, Valley Farm soil, Barham Soil, cambering, gull, UK, England, Essex, Stebbing; 06155. research, teaching, SEM, 01572. rock flow, rock mulch, saturated hydraulic conductivity, surface sealing, vesicle, hydrological response, soil surface, rainfall, cover, rock fragment, infiltration, 03930. sampling procedure, microscopy, submicroscopy, 01527. saprolite, pedogenesis, 01535. SEM, hazardous waste disposal, iron oxide, manganese oxide, USA, Tennessee; 01589. SEM, quartz sand grain, sand, albic soil, China, Jiangsu Province; Heirongjiang Province; 01615. soil micromorphology, microorganism, thin section fluorescence microscopy, 01526. soil sectioning, 01573. soil structure, biota, micromorphological technique,

photographic method, Dutch Programme on Soil Ecology of Arable Farming Systems, staining technique, soil preparation method, image analysis, 10910. subsurface water flow, carbonate crust, calcrete, sparite, Israel, Judean Desert; 01607. thin section, faunal activity, soil ecology, image analysis, 10908. weathering profile, gabbro-diorite, vermiculite, amphibole, 01529.

micronodule
deep sea sediment, sediment water interface, ferromanganese, manganese, iron, Indian Ocean, Central Indian Basin; 10579. sand, silt, nickel, manganese, pelagic sediment, Pacific, (North), Clarion-Clipperton Ore Province; 05870.

micronutrient
iron, labile fraction, mixing experiment, sea water, phytoplankton, 09450. zinc, copper, manganese, iron, nutrient deficiency, soil chemical property, India; 13299.

microorganism
aggregate, floc, marine snow, settling speed, suspended particle, 10496. apatite, phosphorite, biomineralisation, organic matter, 09429. biomarker, Iatroscan, bacteria, phytoplankton, lipid, 05945. contaminant, bioremediation, bacteria, subsurface sediment, Cape Fear Formation, Middendorf Formation, USA, South Carolina, Savannah River Site; 09434. degradation, carbohydrate, peat, mangrove, monosaccharide, USA, Florida, Everglades, Shark River; 04839. dissolution, feldspar, organic solute, weathering rate, 03924. enzyme, phytomass, Chernozem, fauna, USSR, Rostov Oblast; 00479. fresh water, mercury level, fish, methylation, Sweden, Lake Levrasjon; 09335. heavy metals, petroleum, detergent, bioassay, chemical water pollution, biological water pollution, 01689. percolation lysimeter, rate, laboratory study, lysimeter study, chemical weathering, feldspar, dissolution rate, weathering rate, Sweden, Svartberget; 09625. reduction, aquatic sediment, aquifer, redox potential, metabolism, 11779. reduction, organic matter, carbon dioxide, aquifer, groundwater, bacteria, buried sediment, USA, Atlantic Coastal Plain; 02437. respiration, electron acceptor, reduction activity, Shewanella putrefaciens, iron reduction, oxygen, 08274. terrestrial oincoid, oncoid, sinkhole, dolostone, Oligocene, Miocene, Bluff Formation, Cayman Islands; 12955. thin section fluorescence microscopy, micromorphology, soil micromorphology, 01526. virus, faecal pellet, organic carbon, particle cycling, sea water, energy cycling, Pacific, (North); 08289. wall deterioration, limestone wall, marble monument, cyanobacteria, cyanophilous lichen, biodeterioration process, rain bearing wind, lichen, weathering, pit formation, pitting rate, Israel, Jerusalem; Italy, Rome; 08530. water quality, respiration, beach, tidal flat, decomposition, 09430. waterborne disease, surface water quality, 00568. xenon, pore water, radiotracer, 01310.

microorganisms
gold, copper, manganese, bacteria, biogenic metal accumulation, shelf zone, coagulation, 08262.

micropalaeontological
diatom, silica, accumulation, palaeogeographic, palaeomagnetic, Indian Ocean, Central Trough; 03579.

micropalaeontological analyses
polar front, fluctuation, Gauss, Brunhes palaeo oceanographic record, Atlantic; 03859.

micropalaeontology
glacimarine sediment, Scilly Till, lobate surge, deformable marine sediment, sedimentology, UK, Celtic Sea; 04959. movements detection, collision, vertical movement, microfossil assemblage, sedimentation depth, uplift rate, Indonesia, Timor; 07171. palaeoclimatic condition, stable isotope analysis, planktonic foraminifera, salinity, anoxia, Pliocene, Tertiary, laminated sediment, Pleistocene, climatic change, laminite, geochemistry, Italy, Calabria, Vrica; 00281.

microparticle
chlorine, iron, zirconium, copper, sulphur, bromine, zinc, titanium, nickel, strontium, stratospheric particle, balloon-borne collector, particle, sampling, 03201. volcanic horizon, major element analysis, ash, sulphuric acid, volcanic acid deposition, Antarctica; 03147.

microparticle concentration
ice crystal size, bubble concentration, Last Glacial Period, climatic record, ice margin, deuterium content, Antarctica; 03133.

microparticle concentration measurement
climatic implication, ice core, glacial, interglacial, Antarctica, East Antarctica; 03848.

microphysical characteristic
infrared radiative heating rate, optically thin cirrus, cirrus case study, observation, radiation, dynamic property, 12454.

microphysical measurement
infrared model, backscatter, optical extinction coefficient, satellite, lidar system, aerosol measurement, 12568.

microphysical observation
electrical observation, dynamical observation, monsoon, cloud, rain intensity, electric potential gradient, condensation nuclei, India; 13610. stratiform, cloud, ice particle, crystal, convective cloud, updraft, 07769.

microphysical process
cloud physics, Mei Yu, melting layer, warm rain region, 11265. polar vortex, particle, polar stratospheric cloud, total reactive nitrogen, stratosphere, nitrous oxide, Arctic; 00802.

microphysical property
aerosol backscatter measurement, laser wind system, Mie computation, Southern Hemisphere; 12572.

microphysical scheme
mesocale modelling, pollutant transport, deposition, raindrop, 06610.

microphysical structure
ice free cloud, cumulus cloud, cloud boundary, raindrop, airborne study, altitudinal variability, 13613.

microphysics
adiabatic cooling, particle, heterogeneous chemical, nitric acid trihydrate, cloud physics, polar stratospheric cloud, 00901. droplet growth, gravitational settling, liquid water content, radiaiton, fog model, radiative transfer, 12450. oceanic mesoscale, convective system, melting layer, snowflake, raindrop, Taiwan; 11266. parameterisation scheme, analytical solution, collection growth equation, cloud, 13600. radiative property, cirrus cloud, climate, climatic feedback, particle scattering, 10130. stratosphere, volcano, cosmic ray, gas to particle conversion, nucleation, stratispheric ion, aerosol chemistry, cirrus cloud, 10215. transport, trace metal, precipitation cloud, aerosol, particle, lead concentration, rain, wet deposition, scavenging, 13705. tropospheric size distribution, particle, sulphuric acid, sulphate morphology, sea salt, aerosol, Southern Hemisphere; 12571. visibility, contrast, sky colour, air quality, Mie computation, multiple scattering radiation model, aerosol, 13489.

microphysics property
cloud absorption anomaly, solar radiation, water vapour absorption, 07780.

microphytobenthos
depth profile, primary production, autoradiography, algae, epipsammic, Baltic Sea; 00188.

micropitting
Udic Haplustalf, pedogenesis, SEM, 00382.

microplankton
suspended particle, size distribution, saline water, nitrite, flagellate, Atlantic, Bay of Biscay, Cantabrian Sea; 01343.

micropollutant
heavy metal, PCBs, PAHs, pollutant, grain size, 10658. taste problem, odour problem, surface water quality, eutrophication, potable water, sedimentation, filtration, dissolved air flotation, South Africa; 07503.

micropore
macropore, preferential flow, aggregated soil, groundwater flow, solute transport, convective movement, hydraulic head gradient, diffusion, 11036. organic contaminant, volatile organic solvent, chalk aquifer, groundwater contamination, sampling method, pore water, 11075.

micropore soil water
forest hydrology, groundwater quality, heavy metals, wastewater disposal, water chemistry, gas well brine, macropore soil water, 00614.

microprobe analysis
heavy mineral, provenance research, sand, weathering, grain size, 07116.

microregion
lithological variability, tectonic structure, landform regionalisation, regional classification, physico geography, Poland, Swietokrzyskie Mountains; 09495.

microrelief
deltaic plain, stratigraphy, tephrochronology, Tatara, Aira Tn ash, tephra, Hikawa Formation, postglacial transgression, Kandogawa Formation, Sambe Ohirayama pyroclastic flow, bedrock topography, transgression, sea level, geomorphological development, alluvial plain, Japan, Izumo Plain; 08350. Quaternary, loess, Gau landscape, Germany, Enz-Neckar Area; 00223. soil crust, infiltration rate, rainfall intensity, surface crust, hydraulic resistance, aggregate size, 10857.

microrelief length
depression, moisture, overland flow, alluvial lowland, hypodermic flow, soil crack, gilgai soil, Zaire, Shaba; 07187.

microscale cascade
sediment cascade, dendrogeomorphology, Holocene, non equilibrium process, geomorphic process, geomorphic pattern, avalanche path, subalpine avalanche, sediment yield, USA, Rocky Mountains; 13055.

microscale feature
weathering product, cavernous weathering, cliff retreat, geomorphological study, recent morphodynamic, arid-morphodynamic process, terrace-sediment, hydration-dehydration, salt crystallization, Israel, Sinai Desert; Egypt, Negev Desert; 02497.

microscopy
submicroscopy, micromorphology, sampling procedure, 01527.

microseim
cyclonic activity, solar irradiance variation, swell, 06519.

microseism
forecast, storm surge, coast, Belgium; North Sea; 06513.

microseismicity
tectonics, microearthquake survey, Homogeneous Station Method, tectonic lineament, Landsat imagery, tectonic stress, compressive stress, India, Mikir Hills; Assam Valley; India, Shillong Plateau; 10695.

microsequence
Rewa Formation, hummocky cross stratification, storm laid sediment, sedimentary structure, India, Rajasthan, Bhainsrorgarh; 03516.

microspar
micrite, micromorphology, limestone, argillic horizon, USA, Arizona, Colorado Plateau; 01586.

microspectrofluorimetry
Lamberts Law, fluorescence, opalin glass, spectral radiance standard, organic matter, 11821.

microstratigraphical analysis
anthropological influence, stratigraphy, laminated sediment, trophic change, diatom, pollen, sediment, Austria, Hollerer See; 10789.

microstructural analysis
multidirectional extension, isostatic adjustment, neotectonic feature, planation surface, Spain, Pyrenees, Sierras Exteriores; 10690.

microstructure
crystallite habit, ferromanganese crust, Pacific, (Central); 02373. mud vein, wet sediment, mud, epoxy resin, 02480. mudstone, tectonics, rheology, pore pressure, forearc environment, deformation, Caribbean Sea, Barbados Forearc, ODP Hole 671B; 01188. nodule, titanium, sea water, ferromanganese nodule, Indian Ocean, Somali Basin; 12898. Permian sandstone-shale system, creep model, intercalated clay layer, 01399. tectonic overprinting, stress orientation, Cretaceous(Late), Recent, tectonic stress, basalt dyke, magnetic susceptibility, Italy, Sicily, Capo Passero; 07170. transmission electron microscopy, textural organisation, montmorillonite, adsorption, polysaccharide, 01349.

microtektite
dust, stratosphere, cosmic dust, pollution, 02035.

microtextural study
chemical alteration, innershelf, sand, beach deposit, Holocene, quartz grain, India, Kerala Coast; 12871.

microtexture
sand grain, aeolian, orientation, intensity gradient technique, 03507. speleothem, stable isotope signature, humid climate, carbonate, calcrete,

stromatolitic carbonate, 01475.
microtopographic evolution
erosion, afforested mountain slope, erosion rate, Spain, Pyrenees; 00263.
microtopography
DEM, erosion, flow line, depression storage, soil, 02785. gravel armor, pedoturbation, soil gravel, tree uprooting, treethrow, USA, Wisconsin; Pennsylvania; 06256.
Microvax computer
I2S software, maximum likelihood classifier, SPOT imagery, dambo environment, digital image processing, land degradation, image processing, Zaire, Shaba, Lubumbashi; Zambia; 09496.
microvoid
mesovoid, deforestation, revegetation, cryptovoid, water availability, pore size distribution, soil porosity, Brazil, Amazon; 09748.
microwave
backscatter, sea spike, 02252. backscatter, vegetation, 02213. brightness temperatures, hailstorm, radiative structure, precipitation retrieval algorithm, 10137. canopy, scattering, tree canopy, Michigan Microwave Canopy Scattering model, 02219. dynamic parameter, stratus, cloud, transfer equation, ground based measurement, 13609. forest, ecosystem, SAR, USA, Alaska, Fairbanks; 02227. imagery, GIS, overlay, Canada, Saskatchewan, Melfort; 13846. radiometer, Doppler radar, riming, precipitation, remote sensing, water vapour, 04311. radiometric study, clear air attenuation, water vapour, radiosonde, India, Calcutta; 04205. radiometry, ice, snow, Antarctica; 04650. remote sensing, agriculture, 12755. remote sensing, land surface atmosphere interaction, climate model, 07702. remote sensing, snow, 02274. SAR, sea ice, marginal ice zone, Arctic Ocean, Fram Strait; 12792. vertical transport, water vapour, post rain attenuation, 05697. zenith, wet component, tropospheric path delay, path delay, 13894.
microwave backscatter
vegetation index, crop stress, 12769.
microwave backscatter model
microwave remote sensing, forest ecosystem, 03443.
microwave backscattering
wind speed, wave antenna angle, modulation transfer function, radar cross section, 08112.
microwave digestion
Kjeldahl method, nitrogen, organic nitrogen compound, total nitrogen analysis, 12093.
microwave digestion technique
elemental analysis, mineral soil, total elemental abundance, atomic emission spectrometry, 08598.
microwave Doppler spectra
rough water, water surface, backscatter, Bragg scattering, 08110.
microwave emission
surface wind field, wave spectra, ERS-1, calibration, radar backscattering, infrared emission, 12596. vegetation, radiative transfer model, Africa; 08086.
microwave emissivity
cloud top pressure, temperature profile, satellite sounding, numerical weather prediction, humidity profile, surface temperature, 00767. soil, soil moisture, aggregated soil, soil organic matter, 03401.
microwave energy
high latitude study, geometric distortion, SAR, 07907.
microwave evaluation
rain area, rain rate, marine wind, wind speed, October 1987 storm, great storm, storm, UK; 07642.
microwave imager
sea surface height, Geosat, altimeter, wet tropospheric range correction, water vapour data, Greenland Sea; Iceland Sea; Norwegian Sea; 13566.
microwave imaging system
Landsat MSS, cloud free imagery, crop mapping, UK; 12581.
microwave limb sounder
water vapour, ozone, 12591.
microwave measurement
liquid water content, stratiform cloud precipitation characteristic, stratiform, cloud, satellite, 06511. optimal parameter retrieval, parameter retrieval, instrument noise, 09102.
microwave observation
satellite, empirical orthogonal function analysis, humidity profile, ocean, eigenvector, retrieval accuracy, 13567.
microwave oven
field weathering study, earth science teaching, reaction, kinetic, weathering, geology student, dissolution rate, 03923.
microwave pulse
communication service, nitric oxide, ionized level, 06692.
microwave radar
radar, snow depth, Norway; 09280.
microwave radiation
oat field, soil, vegetation, soil moisture, 05381.
microwave radiative model
radiative transfer, cloud water, rain, ice, snow, graupel, hail, mie property, 05370.
microwave radiative transfer
radar, radiometer, microwave radiometer, storm, rain, melting phase, ice sphere, albedo, extinction coefficient, 04219.
microwave radiometer
cartographic referencing, snow, land-sea boundary, satellite, 00960. earth, crop, ocean, shape determination, 00959. Nimbus 7 SMMR, rain fall, radar reflectivity, 04209. polarization lidar, radar, Doppler radar, ice cloud, storm, supercooled liquid water development, precipitation, USA, Utah; 04317. storm, rain, melting phase, ice sphere, albedo, extinction coefficient, microwave radiative transfer, radar, radiometer, 04219. vegetation cover, polarisation factor, Jackson's parametric model, soil moisture, 05718. waterlogging, salinity, brightness temperature, 05719. winter MONEX, digital rain parameter, precipitation identification, Nimbus-7, China Sea; 12325.
microwave radiometric measurement
relative humidity, vapour profile retrieval, water vapour profile, 12321.
microwave radiometry
plant water content, soil moisture, agricultural management, crop production, Italy; 12758. SAR, Landsat TM, ice sheet, 01132. single channel approach, radiative transfer model, rainfall estimation, area averaged rainfall, rainfall, tropical ocean, ocean, 12322. snow cover, Nimbus 7, Finland; 09281. temperature accuracy, sea surface temperature, spectral method, 11621.
microwave remote sensing
bare soil, evaporation, 10399. cloud, liquid water, 06510. forest ecosystem, microwave backscatter model, 03443. remote sensing, atmospheric property, weather, 13891. soil moisture, 11542. tree height, forest type, 09238.
microwave sensor
multi sensor experiment, agricultural application, optical sensor, 12757. soil erosion, airborne photography, thermal scanning, 12727. sonar, lidar profilometer, ice thickness, sea ice cover, Arctic Ocean; 12793. SPOT, scanner, AVHRR, SAR, 10230.
microwave signature
sea ice concentration, active microwave, passive microwave, ice surface melt, 01126.
microwave spectra
carbon dioxide, global change, thermal structure, Mars, atmosphere, 07624.
microwave-radiation treatment
incubation effect, resin-extractable nutrient, calcium, magnesium, phosphorus, potassium, microbial activity, Haploboroll, USA, Montana; 12095. microbial activity, incubation effect, resin-extractable nutrient, nitrate, ammonium, sulphur, Haploboroll, USA, Montana; 12094.
mid latitude
convective situation, parametric representation, thermodynamic structure, 13614. ozone, ethane, propane, seasonal variation, hydrocarbon, free troposphere, 11340.
mid mountain forest
physical geographic feature, forest landscape, USSR, Caucasus; 04892.
mid ocean ridge
karstification, cockpit karst, mangrove, tidal flat, bioerosive notch, coastal evolution, Pacific, Caroline Islands; Palau Islands; 13067.
mid Weichselian
ice dammed lake, Norwegian imprint, Rosnaes Advance, sedimentological, geochemical study, magnetostratigraphic dating, Denmark, Zealand, Istebjerg; 05005.
mid-infrared
grassland, phytomass, near-infrared, 02222.
MIDAS
cation exchange, acidification, base saturation recovery, acid deposition, percolation, forest soil, soil chemistry, ion dynamics, reduced deposition, Sweden; 11100.
midden
beach ridge, washover deposit, palaeogeography, water temperature, Holocene, molluscan assemblage, climatic change, radiocarbon date, Peru; 07206. vegetation, monsoon, aridity, Holocene(Middle), vegetation record, palaeoclimatic significance, packrat, USA, Nevada, Mojave Desert, McCullough Range; 13089.
Middendorf Formation
microorganism, contaminant, bioremediation, bacteria, subsurface sediment, Cape Fear Formation, USA, South Carolina, Savannah River Site; 09434.
Middle Ages
age of discovery, world map, 10343.
middle and upper atmosphere radar
scattering layer, stratosphere, radar, frequency domain interferometry, 08829.
middle atmosphere
atmospheric heating, exothermic chemical reaction, odd hydrogen species, hydrogen, 10223. carbon dioxide, troposphere, stratosphere, static stability, planetary wave, climatic change, 01953. Curtis Matrix interpolation, escape function, transmission function, carbon dioxide, cooling rate, 01811. diagnostics, observational data, 08932. dissipation rate, diffusion coefficient, turbulence, 11137. electric field, mesosphere, Van de Graaf source mechanism, 08844. emission calculation, non local thermodymamic equilibrium, radiative transfer model, infrared limb emission, ozone, 06697. heat flux divergence, gravity wave, 08939. mesoscale range, spectral description, gravity wave field, 11257. mesosphere, thermosphere, gravity wave, planetary wave, 11239. middle atmosphere tracer transport, photochemically active species, planetary wave, gravity wave, constituent transport, two dimensional model, 04387. night airglow, airglow, photometer, oxygen density profile, rocket measurement, Meinel band, oxygen, hydroxyl radical, 11315. observation, Rossby gravity wave, stratosphere, LIMS, momentum balance, 12426. oxygen, hydrogen, nitrogen, chlorine, climate model, transport-chemistry model, carbon dioxide, temperature, ozone, stratosphere, chlorofluorocarbon, 00786. ozone, reference model, 11372. photolysis, infrared limb emission, ozone, 06696. quasi biennial oscillation, stratosphere, ozone, interannual variability, trace gas, 03222. radar wind, reference atmosphere, 11143. Rayleigh, lidar, case study, mesosphere, stratospehre, saturation limit, gravity wave, 12305. Rayleigh, lidar, climatology, seasonal variability, wind intensity, gravity wave, 12306. reference atmosphere, atmosphere wind, radar wind, wind, 11142. reference atmosphere, climatological study, interannual variability, 11138. reference atmosphere, lidar, Rayleigh-lidar sounding technique, 11155. reference atmosphere, tropopause, stratopause, zonal mean, temperature, pressure, zonal wind, geopotential height, mesopause, 11141. reference profile, pressure, height, temperature, zonal wind, 11136. Rossby wave, planetary wave, 08925. satellite data, ground based measurement, 08931. solar cycle, ion pair production, hydrogen, proton, hydroxyl, hydro-peroxy, nitrogen, nitrogen monoxide, nitrogen dioxide, solar proton event, 03004. Southern Hemispheric wave, gravity wave, Southern Hemisphere; 08930. state density, temperature, wind, passive falling sphere, ionization gauge, mass spectrometer, sodium lidar temperature, 08942. stratosphere, mesosphere, gravity wave, 11256. stratospheric warming, planetary wave, circumpolar vortex, gravity wave, ozone hole, atmospheric dynamics, atmospheric transport, photochemistry, Southern Hemi-

sphere; 08919. thermospheric meridional wind tide, equinox, planetary wave, Argentina; 04233. tidal oscillation, diurnal mode, atmospheric tides, 11241. tidal temperature, atmospheric tide, 11240. trace molecule spectroscopy, satellite observation, methane, nitrous oxide, carbon monoxide, water vapour, ozone, sunrise occultation measurement, 04394. tropical station, semi diurnal tide, rocke wind data, diurnal tide, India, Balasore; 12405. turbulence, gravity wave theory, 08940. ultraviolet, albedo data, noctilucent cloud, satellite observation, polar mesospheric cloud, solar backscattered ultraviolet, spectral radiometer, solar cycle dependence, 09954. wave drag, momentum flux convergence, mesosphere, stratosphere, gravity wave, Southern Hemisphere; 08929. wind corner, directional shear, 08944. wind, reference atmosphere, Southern Hemisphere; 11144. zonal circulation, tidal amplitude, atmospheric dynamics, Canada, Saskatoon; Norway, Tromso; 08943.

middle atmosphere change
solar forcing, anthropogenic effect, 11247.

middle atmosphere circulation
gravity wave, overturning, convection, transience, turbulence, mesosphere, wave drag, eddy diffusivity, 01875.

middle atmosphere dynamics
sounding rocket, turbulence study, 08937.

middle atmosphere instability
phase speed, growth rate, spatial structure, temperature, ozone, satellite observation, 04261.

middle atmosphere tracer transport
photochemically active species, planetary wave, gravity wave, constituent transport, two dimensional model, middle atmosphere, 04387.

middle atmospheric dynamics
radar, Fabry-Perot interferometer, oxygen, Doppler wind, airglow, semidiurnal tide, aurora, diurnal tide, Canada, Saskatoon; 03094. Rossby wave, gravity wave, mesosphere, thermosphere, 08920.

Middle Creek glaciation
Younger Dryas, accelerator mass spectrometry, Pleistocene(Late), lake shoreline, glacial chronology, radiocarbon dating, rock varnish, palaeoclimatic implication, Tioga glaciation, USA, Basin and Range Province; 00305.

middle mountain
biogeodynamic factor, geomorphic process, pedologic process, hydrologic process, structure mapping, granite, France, Mont Lozere; 09494.

Middle Polish glaciation
Eemian, Vistulian vegetation, pollen stratigraphy, Pleistocene, lacustrine deposit, Poland, Wroclaw, Imbramowice; 00312.

Middle Wisconsinan
Cordilleran Ice Sheet, interstadial sediment, Bullion Pit bed, Mexican Hill, stratigraphy, palaeoecology, Pleistocene, interstadial sediment, organic rich, interstadial sediment, Canada, British Columbia, Quesnel River Valley; 03889.

Middle Wisconsinan(Middle)
deglaciation, Nelson River sediment, intertill sediment, nonglacial sedimentary unit, TL dating, Canada, Manitoba, Hudson Bay Lowland; 11942.

Middle Yezo Group
Cretaceous, facies change, Mikasa Formation, sandstone, ravinement, forearc basin, Japan, Yezo Basin; 11728.

Midlandian
glacial deposit, Devensian, morphostratigraphy, chronology, Fenitian, Ireland; 13123. glacial stratigraphy, Nahanagan glaciation, Ipswichian, interglacial, Wolstonian, Numsterian, Devensian, Ireland; 11951. preMidlandian, glacial deposit, glacial stratigraphy, Gortonian stage, Hoxnian, Ipswichian, Ireland; 13122.

Midlandian(Late)
glacial deposit, glaciation, offshore region, ice sheet reconstruction, radiocarbon date, Ireland; 11952.

midlatitude baroclinic property
tropical convective property, rainfall, jet, deformation forcing, updraft, Mei Yu Front, low level jet, frontal model, Asia, (East); 10094.

midlatitude jet
planetary scale wave, cloud top dynamics, cloud, Kelvin wave, zonal wind, gravity wave, Rossby-Haurwitz wave, Venus; 01792.

Midley Sand
storm, sedimentation, radiocarbon date, Holocene(Late), depositional history, borehole, succession, prograding succession, barred shoreline type, sea level rise, UK, England, Kent, Dungeness; 06180.

midoceanic region
phytodetritus, bacteria, benthos, cyanobacteria, marine snow, Atlantic, (Northeast); 00089.

Midwestern Climate Information System
real time information system, climate, information system, USA; 13478.

Mie computation
microphysical property, aerosol backscatter measurement, laser wind system, Southern Hemisphere; 12572. multiple scattering radiation model, aerosol, microphysics, visibility, contrast, sky colour, air quality, 13489.

Mie particle
aerosol, Junge distribution, anthropogenic source, meteorological condition, urban air, Aitken particle, Japan, Tokyo; 00847.

mie property
microwave radiative model, radiative transfer, cloud water, rain, ice, snow, graupel, hail, 05370.

Mie scattering
solar radiation, complex index of refraction, solar heating, aerosol, organics, sea salt, soil particle, Japan, Sapporo; 00848.

Mie theory
ensemble averaging, backscattering, nonspherical particle, particle, statistical approach, Rayleigh theory, 12561. particulate size, visibility, sulphur, aerosol, USA, California; 02068.

Migrating barchanoid bar
trough cross bed, turbulent vorticity, plume, prodelta rhythmite, glacimarine process, grounding line fan, ice contact delta, 04989.

migrating means clustering
algorithm, maximum likelihood classification, multitemporal data set, Australia, New South Wales, Willandra Lakes; 10404.

migration
carbon dioxide, hydrocarbon, methane, isotope, gas, Hungary, Pannonian Basin, Bakes Basin; 02462. river course, late Cenozoic, bedrock control, high level stream gravel, incision rate, carbonate rock, USA, Virginia, New River; 05998. siliceous microfauna, Subtropical Convergence, Antarctic Polar Front, oceanographic front, faunal change, Pleistocene-Holocene, Indian Ocean; 00278. smeltery, dust, heavy metal, 06705.

migration component
diffusion model, groundwater contamination, radionuclide movement, unsaturated zone, Chernobyl nuclear power plant, 07556.

migration cycle
water flow, anthropogenic influence, chemical migration, substance migration, solute transport, USSR, Kansk; Achinsk; 12134.

migration of minerals
frost action, cryogenic, physico-chemical precipitation, iron, silica, calcium carbonate, 11994.

migration path
bottom sediment, sedimentation, shelf, pollutant, Pacific, Gulf of Siam; Japan Sea; Pacific, Sea of Japan; 10563.

migration process
advection, groundwater flow, river water infiltration, alluvial aquifer, groundwater recharge, solute transport, Czechoslovakia, Slovakia, Danube River; 06345.

migratory anticyclone
anticyclone event, Genesis of Atlantic Lows Experiment, cold air damming, damming, synoptic scale flow, 07753.

Mijenfjorden Group
Tertiary, palaeogeography, basin fill, foreland basin, lithospheric loading, fold belt, craton, Svalbard, Spitsbergen; 02425.

Mikasa Formation
sandstone, ravinement, forearc basin, Middle Yezo Group, Cretaceous, facies change, Japan, Yezo Basin; 11728.

Milaknovitch cycle
surface air temperature, solar radiation, sea ice, energy balance, climate sea-ice model, 03018.

Milankovic theory
glacial climate, antiglacial climate, subarctic climate, subtropical climate, climate type, oceanic climate, continental climate, Bacsaks climate type, 08417.

Milankovitch
albedo forcing, tropical monsoon, geological evidence, numerical simulation, sensitivity experiment, Quaternary, palaeoclimatology, monsoon, lake level, general circulation model, Africa; 09540. diatom, palaeoclimate, continental margin, illite, downhole log, orbital forcing, Weddell Sea, Dronning Maud Land; Antarctica; 04757. dynamo process, climatic influence, geomagnetic influence, palaeomagentic secular variation record, secular variation, radiocarbon age, France, Haute Loire, Lac du Bouchet; 08427. organism, carbonate platform, Pleistocene, climate, palaeoclimate, palaeoceanography, sedimentary cycle, cycle, productivity, USA, Florida; 01227. sedimentation rate, foraminifer, barite, cyclicity, Pleistocene, ooze, Indian Ocean, ODP Hole 709C; Mascarene Plateau, ODP Hole 709C; 03576. SPECMAP, magnetostratigraphy, astronomical calibration, Pleistocene(Lower), timescale, foraminifera, oxygen isotope record, Pacific, ODP Site 677; 09546. stratigraphic sequence, eustatic cycle, stacking pattern, sequence, parasequence, 09314. wind velocity, heavy mineral, carbonate, nutrient, runoff, upwelling, Indian Ocean; Arabian Sea; 11700.

Milankovitch cycle
Devonian, sandstone, Kap Graah Group, cyclic variation, meandering, Greenland, Gunnar Andersson Land; 02400. nonlinear response, Quaternary record, deep sea sediment core, GRAPE density, carbonate content, magnetic susceptibility, orbital forcing function, cyclicity, Southern Ocean, ODP Hole 704A; Atlantic, (South); 11934. orbitally induced perturbation, seasonal insolation, climate model, model response, cycle filtering, Antarctica; 10741. sedimentation, orbital parameter, unconformity, limestone, Puerto Rico, North Coast Basin, Toa Baja Well; 10573.

Milankovitch cyclicity
grain size record, periodicity, million year record, summer monsoon wind, continental aridity, monsoon wind, aridity, dust source area, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11925.

Milankovitch forcing
plate tectonics, trace gas, aerosol, radiation balance, mechanism, climate change, 11292. pluvial climate, climatic episode, global climate, Quaternary(Late), jet stream, monsoon, North America; Africa, (North); 13077. sea level change, aridification, desertification, Africa, Sahel; Sahara; 12502.

Milankovitch obliquity cycle
eccentricity cycle, spectral analysis, downhole logging, geochemical logging, sedimentation rate, hiatus, periodicity, Atlantic, (South); Southern Ocean, ODP Site 704; 11935.

Milankovitch periodicities
Pleistocene(Late), periodicity, oxygen isotope ratio, calcium carbonate, magnetic susceptibility, high resolution stratigraphy, planktonic foraminifer, sediment accumulation rate, SPECMAP, Indian Ocean, ODP Site 728A; Arabian Sea, ODP Site 728A; 11923.

Milankovitch theory
orbital forcing, feedback mechanism, nonlinear response, benthic oxygen isotopic record, 03847. palaeoclimate, Quaternary climate, coupled climate model, last glacial interglacial cycle, 09542. periodic variation, Pleistocene(Late), speleothem abundance, insolation variation, UK; 10782. sedimentation, Rhaetic, eustasy, Triassic, cyclicity, subsidence, Italy, Lombardy Basin; 02418.

mile marker addressing system
rural area addressing, computer mapping system, USA, New Mexico; 08022.

miliolites
Quaternary, clay mineral, source, carbonate, India, Gujarat, Kutch; Saurashtra; 03680.

military application

database integration, GIS, computer graphics hardware, 10321. digital database, Netherlands; 05781. image processing, multispectral imagery testbed, multispectral imagery, 07970. international space law, ethical aspect, satellite, remote sensing, 10239. nonstandard database, digital terrain data, 07963.
military cartography
Toth,A., geodesy, Hungary; 03373.
military data acquisition
GIS, terrain analysis, Australia; 10483.
Military Geographic Institute
CAM, cartography, Chile; 02177.
Military Geographical Institute
photographic archive, topographical archive, geodetic archive, archive, Italy; 02162.
military information
terrain data, navigation system, simulation system, information system, 09136.
military map
Imperial War Museum, war, 02163. NATO, regional map series, digital geographic information, 05686.
military map series
digital data base, topographic service, Netherlands; 05677.
military mapping
terrain data, tactical system, 07964.
military radar
over the horizon radar, wind speed, wave height, ocean monitoring, 13475.
military terrain analysis
environmental impact analysis, DTM application, 04529. GIS, DTM data, 06941.
military training
digital mapping, GIS, 01166.
military use
natural resource planning, natural resource management, USA, Mississippi, Vicksburg; 06854.
millet
soil water, cowpea, rainy season, rain onset, Niger, Niamey; Africa, Sahel; 00713. stomatal conductance, Penman-Monteith model, Shuttleworth-Wallace model, dryland crop, diffusion porometer, infrared gas analyser, leaf area index, canopy conductance, evapotranspiration, transpiration, Niger, Sadore; 01640.
millet crop
soil texture, soil moisture storage, root zone, evapotranspiration, drainage, crop coefficient, soil water balance model, drought, actual evapotranspiration, Niger; 12240. water conservation, soil water balance, crop water supply, evapotranspiration, cropped field, fallow field, Niger; 12234.
millet field
hydraulic conductivity, soil hydrological property, soil physical property, soil management, tropical soil, Niger; 09762.
milling
lake bottom, bed sediment, arsenic, sediment, suspended sediment, arsenopyrite, bank deposit, surface water quality, contaminant transport, waste processing, mining, USA, South Dakota, Whitewood Creek; Belle Fourche; USA, South Dakota, Cheyenne River; USA, South Dakota, Lake Oahe; 08749.
Millington and Quirk permeability model
groundwater contamination, permeability reduction, permeability model, pore size distribution, Kozeny-Carman permeability model, Mualem permeability model, Childs and Collis-George permeability model, porous medium, biofilm growth, 06374.
million year record
summer monsoon wind, continental aridity, monsoon wind, aridity, dust source area, Milankovitch cyclicity, grain size record, periodicity, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11925.
Mima type mound
pocket gopher, tunneling, weathering, colluvial dynamics, stone stripe, USA, Washington, Columbia Plateau; 07186.
mimetism dolomite
dolomite, Cenozoic, carbonate, sea level fluctuation, 07050.
Mindel
Haslach glacial, Pleistocene, glaciation, bibliography, Wurm, Riss Wurm interglacial, Germany, Bavaria, Alpine Foreland; 11960.
mine
multivariant statistic, subsidence, topographic deformation, 03843.
mine drainage
cation exchange, complexation, precipitation, oxidation, manganese retention, water quality, wetland, iron retention, acid drainage, peat, 00499. earth resistivity measurement, groundwater contamination, acidic leachate, horizontal resistivity profiling technique, vertical electrical sounding technique, total dissolved solid, isoresistivity map, USA, Indiana, Wheatland; 00608. open case mine, subsurface drainage, infiltration, water resistant screen, Yugoslavia, Kostolac, Cirkovac; 04109. protective structure, groundwater flow, impervious layer, drainage condition, inflow rate, karstic water, 07533. strip mine, pore water, organic matter, spoil, sulphur, lake, USA; 09327. surface water quality, acid stream water, National Stream Survey, USA; 00561.
mine related discharge
sedimentation, surface water quality, sediment, suspended load, dissolved organic carbon, alkalinity level, particulate form sediment, copper, Papua New Guinea, Fly River System; 08755.
mine spoil
geostatistical technique, sample spacing, kriging, soil sampling, spoil physicochemistry, USA, Montana; 13270. gypsum, salinity, soil amendment, spoil deposit, soil chemical property, bentonite, USA, South Dakota, Black Hills; Wyoming, Black Hills; 08591.
mine surveying
civil engineering, earthwork, highway, 04612.
mine waste
sorption, Kidman soil, Skumpah soil, metal retention, cadmium, copper, acid mine waste, calcareous soil, 12080.
mined
reclaimed land, prediction, sediment yield, USLE, USLE parameter, soil loss tolerance level, nonparametric approach, potential erosion, USA, Pennsylvania; 02725.
minefield site
inference system, expert system, GIS, terrain analysis, 08143.
Miner's rule of superpositon
prediction, pore pressure, undrained cyclic principal stress rotation, cyclic loading, 03762.
mineral
aerosol, transport, deposition, dust, tracer, long range transport, 11307. nonrenewable resource, resource, global scale, remote sensing, 02206. organic matter, marsh, sediment budget, coastal erosion, vertical accretion, wetland soil formation, subsiding, USA, Louisiana, Mississippi Delta; 03903. supergene deposit, relief, morphodynamic paradigm, geomorphology, practical research application, 04926.
mineral acid
buffer, acidification, DOC, organic acid, atmospheric deposition, 00551.
mineral aerosol
aerosol deposition, transport mechanism, arid area, dust plume, Germany; 09029. deposition rate, aeolian material, trace element, remote, marine atmosphere, sea salt, New Zealand; 11337. sulphur, nitrogen, organic compound, pollution, radioactivity, volcanic activity, residence time, long range transport, continent to ocean transport, meteorological regime, transport process, trace element, 11304. wind speed, erosion, sandstorm, soil mobilisation, desert dust, sandblasting, Africa, Sahara; 05522.
mineral alteration
infrared, airborne spectrometer, laboratory spectra, Australia, Queensland; 09194.
mineral analysis
pyrophyllite, Haploxeralf, clay mineralogy, Spain; 08621.
mineral balance
capillary rise, high altitude zone, water table fluctuation, rice cultivation, crystalline schist, humid intertropical zone, recharge, groundwater discharge, water balance, Madagascar; 09853.
mineral characteristic
pH, electrical conductivity, tracing, budget investigation, thermal spring, pollution, water hardness, water resource, karst water, Hungary; 11064.
mineral component
simulated lunar soil, crop plant, weathering, Moon, plant-induced, smectite neogenesis, USA, Minnesota, Duluth; 12018.
mineral composition
electrophoretic mobility, water quality analysis, contaminant transport, colloid, surface water quality, sampling, sediment transport, sorption, hydrophobic material, particle size distribution, USA, Missouri, St Louis, Mississippi River; 07501.
mineral content
seasonal dynamics, saline soil, maritime soil, USSR, Estonia; 01609.
mineral cycling
forest hydrology, lysimeter, canopy leaching, soil water chemistry, acidification, canopy deposition, cation leaching, throughfall enrichment, sulphate, dry deposition, leaching, precipitation chemistry, model ecosystem, 11087. timescale, diatom, sediment accumulation, macrophyte, accumulation rate, lake sediment, microfossil, UK, Northern Ireland, County Tyrone, Lough Augher; 00028.
mineral deposit
legal restriction, Federal withdrawal, land management, USA, Idaho; 13902. phosphorite, pyrite, gas hydrate, green clay, glauconite, hydrothermal activity, 11811.
mineral deposit data
UNIX, data processing system, geoscience information, 12702.
mineral dissolution
acidification, Podsol, chemical weathering, weathering, cation leaching, soil formation, mineralogy, Canada, Ontario, Plastic Lake; 13283. silicate weathering, mire, anoxic environment, USA, Minnesota, Lost River; 09455. surface texture, quartz solubility, pore water, quartz grain, precipitation, dolomite, 05930.
mineral dust
dust deposition, melt water quality, snow melt, melt water chemistry, water quality, 06380. isotope, seasonal variation, glaciology, cosmogenic isotope, snow chemistry, 13731. mineral particle, surrogate surface technique, deposition velocity, particle mass size distribution, dry deposition, Pacific; 04355.
mineral endowment descriptor
geodata set, intrinsic sample, geological object, USA, Nevada, Walker Lake; 12677.
mineral erosion
climatic perturbation, lacustrine sediment, Younger Dryas, climatic cooling, pollen, tundra, USA, Alaska, Glacier Bay; 07195.
mineral exploration
Advanced Data Interface System, complex data archive system, remote sensing, 06814. alkaline intrusion, SPOT, magma, fracture system, France, Bas Languedoc; 05702. binomial distribution function, colour coordinate, exploration index, 01101. geophysical data, Landsat, fracture pattern, Greece, Chalkidiki Peninsula; 05709. GIS, GIS toolkit, digital image processing, satellite image data, geological mapping, China, Xinjiang; 06816. human factor, remote sensing, lineament, 10387. image processing, GIS, economic factor, 06826. imaging spectrometry, airborne imaging spectrometry, 09193. infrared, MSS, airborne technology, China; 06825. Landsat, vegetation covered glacial deposit, image enhancement, lithological mapping, Scandinavia; 05708. lead, mineralisation, metallogenic, UK, England, Pennines; 06828. mapping, remote sensing, Landsat data, geological investigation, Saudi Arabia; 06822. regional geochemical group, geological information, GIS, aeromagnetic data, Austria; 12717. vegetation stress, imaging spectrometry, spectral signature, 00958.
mineral fraction
variable charge surface, short range order mineral, Spodosol, surface coating, USA, Washington, Cascade Range; 13284.
mineral genesis
illuvial horizon, alteration horizon, soil chemical characteristics,

mineralogical composition, eluvial horizon, Spain, Madrid Basin; 10941.
mineral grain
feldspar, Spodosolic soil, grain morphology, Canada, Ontario, Chapleau; 01532.
mineral horizon
forest soil, acid percolation, proton buffering, titration, aluminium precipitation, Germany, Bavaria; 13239. Spodosol, humic Cryorthod, aluminium sulphate, sulphate retention, gibbsite, alunite, 08584.
mineral indication databank
relational database management system, Geological Survey of Finland, ore deposit databank, industrial mineral databank, Finland; 12716.
mineral influence
elemental analysis, airborne particulate, marine influence, Chile, Santiago; Antofagasta City; Chile, Chillan City; 09075.
mineral lattice
physical change, water influence, calcite, chemical change, chalk, Iceland Spar, 05050.
mineral magnetic record
loess, paleosol, oxygen isotope record, pedogenic formation, magnetite, China; 07198.
mineral magnetism
storm surge, tsunami, radiocarbon dating, particle size analysis, diatom, UK, England, Scilly Isles, St Agnes, Big Pool; 11683.
mineral mapping
vegetation removal, image unmixing, hydrothermal alteration zone, Australia, Queensland; 10391.
mineral nitrogen
nitrate nitrogen, sod podsolic soil, particle size compostion, fertiliser application, nitrogen fertiliser, 10878.
mineral particle
sediment, estuary, particulate matter process, suspended matter, deposition, clay mineral, organic matter, 12216. surrogate surface technique, deposition velocity, particle mass size distribution, dry deposition, mineral dust, Pacific; 04355.
mineral precipitation
cave, thermal water flow, cave formation process, Hungary; 06050.
mineral prediction
mineral prospecting, mineral resource, remote sensing, 06827.
mineral prospecting
mineral resource, remote sensing, mineral prediction, 06827. radar, renewable resource monitoring, land use inventory, Brazil; 03275.
mineral provenance
feldspar, shelf sediment, continental shelf, quartz, India; 08175. heavy mineral, sand, silt, continental shelf, Atlantic, (Northeast); 08179.
mineral resource
manganese, deep sea bottom, nodule, impact, mining, 04766. remote sensing, mineral prediction, mineral prospecting, 06827. resource management, environmental protection, geopotential use, Norway; Germany; 09195. resource, GIS, mapping, Canada, Manitoba, Snow Lake Area; 13906.
mineral resource endowment
rock type, geological map, Atkins Q-analysis, USSR; USA; 12721.
mineral saturation
analytic error, sensitivity analysis, saturation index, WATEQ4F, acid mine drainage, speciation, groundwater quality, thermodynamic error, 13435.
mineral soil
clay, loss on ignition, Dumas method, organic carbon, Walkley-Black procedure, dry combustion method, organic matter, New Zealand; 13281. total elemental abundance, atomic emission spectrometry, microwave digestion technique, elemental analysis, 08598.
mineral soil component
adsorption capacity, sorption-desorption, iron oxide, fibrous clay, smectite, maleic hydrazide, 13255.
mineral species instability
Cervarola Formation, turbidite, sedimentary provenance, Miocene, Macigno Formation, Italy, Northern Apennines; 08271.
mineral structure
Pliocene, sedimentation, terrigenous material, mixed layered mineral, Egypt, Wadi El Natrum Basin; 05909.
mineral sublayer
organic amendment, aggregate stability, soil physical property, soil structure, organic overlay, Canada; 13228.
mineral subsoil
soil mixing, peat soil, fen peat soil, mixed soil, topsoil, UK, England, East Anglia; 10937.
mineral surface
organic carbon, redox condition, goethite, carbon, soil colour, 07375. water chemistry, hydrogeochemistry, groundwater quality, calcite, 07560.
mineral tailing
natural regeneration, mining, forest, Canada, Quebec, Weedon Mine; 02782.
mineral transformation
interlayering, phyllosilicate, x-ray diffraction index, 00448.
mineral transport
carbon transport, transport model, surface water quality, biogeochemistry, Africa, Niger River; South Africa, Orange River; Namibia, Orange River; 12214. nitrogen, global river transport, dissolved carbon, particulate carbon, carbon transport, ion flux, Canada, St. Lawrence River; Northwest Territories, Mackenzie River; USA, Alaska; USA, Alaska, Yukon River; USSR, Yenisei River; USA, St. Lawrence River; USA, Yukon Territory, Yukon River; 12212.
mineral weathering
cation exchange capacity, sodium calcium selectivity, calcareous soil, gypsiferous soil, anion exclusion, 04003. neoformation, micromorphology, pedogenetic mineral, morphology, 01478. neoinformation, weathering, silicate, pseudomorph, olivine, pyroxene, amphibole, mica, feldspar, nepheline, quartz, microfabric, morphology, 01477. phyllite colluvium, serpentinite, haplohumult, argixeroll, colluvium, weathering, chlorite, serpentine weathering, smectite, soil, USA, California, Klamath Mountains; 12014. productivity, nutrient cycle, rock weathering, site productivity, mass balance equation, timber harvesting, weathering rate, cation nutrient pool, nutrient replenishment, 08518. soil, degree of profile development, clay translocation, Gujranwala soil, Peshawar soil, Lyallpur soil, pedogenic change, Pakistan, Indus River Plain; 01486. strontium, titanium, zinc, cadmium, rubidium, potassium, manganese, boron, calcium, molybdenum, forest plant, herbarium plant, precipitation, soil acidification, Norway; 00933. weathering, acid rain research, historical weathering loss, input output budget, strontium isotope, till, modelling approach, organic acid, Norway; Sweden; Finland; 09626.
mineralisation
carbon, carbon-13, tillage, organic carbon, maize, cultivation, 07340. carbonate, magnesian, skarn deposit, ore type, granitoid, 12960. classification, Cretaceous, geochemical mapping, sedimentation, depression, marine basin, USSR; 13004. coalification, rubidium, niobium, Beaumont Seam, organics, UK, England, Northumberland; 00179. decomposition, organic waste, carbon, 02756. decomposition, soil size fraction, adsorption, organic compound, wheat, microbial carbon, microbial nitrogen, 10870. elemental availability, sewage sludge, heavy metal, compost, nitrogen, 07357. Holocene, lake sediment, palaeolimnological significance, USSR, Lake Balkhash; 10526. hydrothermal transformation, crust, seamount, Atlantic, Cape Verde Depression, Krylov Seamount; 11695. immobilisation, rate estimation procedure, nitrogen-15, fertiliser, 09727. mass balance, water quality, particulate matter, resuspension, sediment-water interface, 05969. metallogenic, mineral exploration, lead, UK, England, Pennines; 06828. microbial decomposition, anaerobic condition, topsoil, ammonia gas, sensing electrode, restored soil, soil restoration, organic matter, 08573. nitrification, burned area, nitrous oxide flux, ecosystem, tropical ecosystem, forest, pasture, Brazil, Amazon; 07846. nutrient, overland flow, erosion, sediment transport, peak discharge, water quality, wild fire, hydrologic process, land stability, total discharge, 06322. ore, granite, Variscan, magma, halo, Germany, Lower Harz; 00161. organic carbon, compost, barseem straw, paddy straw, water hyacinth, 05077. organic matter, complexation, lake, phosphate, interstitial water, Netherlands, Loosdrecht Lakes; 11666. organic matter, enrichment culture, fresh water sediment, sulphate reducing bacteria, bacteria, Germany, Lake Constance; Switzerland, Lake Constance; 09337. organic matter, kinetics, anoxic sediment, sulphate reduction, acetate determination, USA, Alaska, Skan Bay; 09474. organic matter, sod-podsolic soil, humus, 12058. Permian, limestone, gypsum, strontium carbonate, celestite, 00163. phosophatase, Andic soil, phosphorus, liming, Spain; 10887. phosphorus, pollutant, lake, productivity, sedimentation, eutrophic lake, Netherlands, Lake Veluwe; 11667. pore water, sedimentation rate, Neogene, dolomite, diagenesis, reduction, 00117. productivity, oxidation, organic matter, diagenesis, benthic fauna, 10635. throughfall, fertiliser, bulk precipitation, peatland, forest ecosystem, nitrogen cycle, nitrogen deposition, Ireland; 11097. total dissolved solid, salinity, surface water quality, coal mining pollution, Poland, Silesia, Upper Vistula River; Gostynia River; Poland, Silesia, Przemsza River; 02876. water chemistry, peat bog, nutrient status, ombrotrophic peat bog, decomposition, 00501.
mineralisation element
clay mineral, salt lake, evaporite, arid weather, enrichment, China; 10657.
mineralisation rate
carbon cycling, nitrogen cycling, organic matter dynamics, mathematical model, 07339. soil temperature, carbon, nitrogen, phosphorus, nitrification, substrate quality, Arctic soil, toposequence, USA, Alaska, North Slope; 09743.
mineralisation rate model
organic matter mineralisation, peat soil, 10919.
mineralised water
alkalinisation, desert soil, irrigation, 00389.
mineralization
amino acid, nitrogen, mineralization-immobilization-turnover hypothesis, direct hypothesis, 00410. Bonneterre Formation, Davis Formation, Cambrian, lagoon, dolomite, limestone, neomorphism, sea water, USA, Missouri; 02404. groundwater chemistry, groundwater classification, shallow groundwater, groundwater quality, seepage zone, fertiliser, Netherlands; 02930. nitrogen, depth, amino acid, semi-arid soil, Morocco; 00482. organic matter, source area, oil shale, ironstone, coal, minor element, UK, Scotland, Westfield Opencast Site; 02460. precipitation chemistry, isotopic study, geochemical study, groundwater flow path, leaching, Atlantic, Canary Islands, Gran Canaria, Amurga; 00600.
mineralization-immobilization-turnover hypothesis
direct hypothesis, mineralization, amino acid, nitrogen, 00410.
mineralogical association
dolomite, lake, coastal plain, Holocene, Australia, South Australia, Coorong Lakes; 05843.
mineralogical characterisation
Shelburne Marble, Salem Limestone, acid rain, marble, limestone, building stone, precipitation chemistry, National Acid Precipitation Assessment Program, USA; 00508.
mineralogical composition
eluvial horizon, mineral genesis, illuvial horizon, alteration horizon, soil chemical characteristics, Spain, Madrid Basin; 10941. Sod Podsolic soil, coarse fraction mineral, gleying, 09662. soil physiochemical index, taiga soil, autonomous taiga soil, soil forming process, Okhotsk Sea; 10956.
mineralogical control
residual strength, clay, Atterberg limit, chemical property, landslide, chemical control, 09510.
mineralogical investigation
soil component, Quaternary soil, Mossbauer spectroscopy, clay mineral, Sudan, El Gezira; El Gunaid; Sudan, El Mukabrab; Sudan, El Gash; 09768. tropical soil, red soil, soil structure, yellow soil, soil transformation, Ivory Coast, Booro Borotou; 09761.
mineralogical profile
weathered till, fresh till, diagenetic alteration, post depositional weath-

ering, carbonate content, till, geochemical profile, Canada, Quebec, Appalachian Region; 06209.
mineralogical property
physical property, lateritic pallid zone material, granite, dolerite, parent rock, pallid zone, clay matrix, halloysite, mercury injection porosimetry, water retention curve, Australia, Western Australia, Jarrahdale; 01489.
mineralogical relationship
oxygen isotope stage, pelagic carbonate, carbonate distribution, Quaternary(Late), climatic change, isotopic relationship, faunal relationship, Mediterranean Sea, Balearic Slope; 08448.
mineralogical study
chemical study, Billefjorden Stage, Little Ice Age, carbonate, glacial till, weathering process, glaciology, geochemistry, glacial deposit, Svalbard, Spitsbergen, Petuniabukta; 02649.
mineralogy
bacterial attachment, aquifer material, groundwater quality, 11074. calcareous duripan, opaline, silica, calcite, micromorphology, USA, California, Mojave Desert; 01585. carbonate, shelf sea, Archaean, dolostone, lacustrine playa, geochemical carbonate composition, isotopic analysis, 07049. clay mineral, environmental reconstruction, 01364. cryohydromorphic soil, cryogenesis, clay mineral, 01536. formation condition, manganese iron oxyhydroxide, seamount, basalt, geochemistry, oxyhydroxide crust, volcanic breccia, Atlantic, Krylov Seamount; 07020. liquid limit, surface area, clay, Atterberg limit, 09509. mineral dissolution, acidification, Podsol, chemical weathering, weathering, cation leaching, soil formation, Canada, Ontario, Plastic Lake; 13283. Precambrian basement, sediment, remote geophysics, statistical trend anlysis, Egypt, Central Eastern Desert; 03411. weathering, clay mineral, nutrient deficiency, cation, aluminium toxicity, fertility, soil chemical property, Fiji; 13302. weathering, Ultisol, porcellanite, Non Pareil series, highly weathered soil, biogenic opal, Kaolinite, leaching, Trinidad and Tobago; 02706.
minerogenic layers
blanket peat, pollen analysis, mire, vegetational disturbance, palaeoecology, prehistory, UK, Scotland, Galloway Hills, Loch Dee; 10783.
mines
atlas, Leningrad, map collection, library, 06782.
minesoil classification system
land use suitability group, surface mined land, minesoil mapping, mapping unit, USA, West Virginia; 07331.
minesoil mapping
mapping unit, minesoil classification system, land use suitability group, surface mined land, USA, West Virginia; 07331.
Minette Formation
Mesozoic, Luxembourg Sandstone, Lias, geophysical log, grain size, France, Paris Basin; 12918.
mini-sodar
Kelvin-Helmholtz wave, ozone, turbulence, nocturnal boundary layer, 03072.
Miniature Compacted Tropical soil classification
soil classification, tropical soil, lateritic soil, saprolitic soil, coefficients, 03797.
miniature patterned ground
nets and stripes, frost sorted pattern, regolith, patterned ground, soil erosion, Falkland Islands, L'Antioja Valley; 13068.
minimum error technique
map projection, equal area, pseudocylindrical map projection, 01092.
minimum mean square error method
flow forecasting, stochastic model, streamflow, auto-regressive moving average, maximum likelihood method, India, Malaprabha River; Hemavathy River; India, Couvery River; 02840.
Minimum Norm Quadratic Unbaised Estimation
MINQUE, geodetic levelling, high precision surveying, 02095.
minimum spanning tree
relative neighbourhood graph, Gabriel graph, closest point graph, Voronoi tessellation, Delaunay triangulation, 12648.
mining
arid condition, vegetation coverage, image processing, photointerpretation, Italy; 10390. Buxa Group, limestone, carbonate, Bhutan, Samchi District, Hauree Khola; 05888. caesium-137, lead-210, lake, accumulation rate, anthropogenic source, USSR, Estonia; 03533. drainage, organic matter, boreal region, peatland, high apparent molecular weight, Finland, Kiiminkioki River; 07102. floodplain, sediment profile, sedimentation, heavy metals, catchment, 04781. forest, mineral tailing, natural regeneration, Canada, Quebec, Weedon Mine; 02782. francophone, visual information, hypertext, electronic atlas, microcomputer, Canada; 01049. geothermal area, volcanic area, lichen, biomonitoring, mercury, emission, deposition, Italy; 13751. groundwater, salt lake, trace metal, hypersaline, lake, Australia, Victoria; Western Australia; 00036. hydrological service, flood, low river level, water transport, hydroelectric power generation, 05292. milling, lake bottom, bed sediment, arsenic, sediment, suspended sediment, arsenopyrite, bank deposit, surface water quality, contaminant transport, waste processing, USA, South Dakota, Whitewood Creek; Belle Fourche; USA, South Dakota, Cheyenne River; USA, South Dakota, Lake Oahe; 08749. mineral resource, manganese, deep sea bottom, nodule, impact, 04766. petroleum, exploration technique, hydrogeology, gold exploration, GIS, high spectral resolution remote sensing, 06813. waste, catchment, metal, Netherlands, Limburg, River Geul; Belgium, River Meuse; 04784.
mining environmental effect
surface mining, map data model, digital elevation model, remote sensing, UK; 06823.
mining industry
avalanche, air pollution, aridity, glacier melt, deforestation, mountain, agriculture, USSR, (Central Asia); 06230.
mining legislation
river bed disturbance, gravel extraction, bank instability, water table fall, France, Garonne River; 02823.
minipermeameter
permeability, channel, sand body, stratification, grain size, UK, England, Yorkshire coast; 04705.
Mino terrane
limestone, Horikoshitoge Formation, Akuda Formation, Permian, marine limestone, Japan, Gifu Prefecture, Gujo Hachiman; 11745. organism, bindstone, seamount, reef facies, Permian, Japan; 04818.
minor element
aluminium, sediment mixing, trace metal, suspended matter, estuary, surface water quality, major element, Netherlands, Rhine River; Meuse River; 08745. mineralization, organic matter, source area, oil shale, ironstone, coal, UK, Scotland, Westfield Opencast Site; 02460.
minor sediment element
coal, diagenesis, Carboniferous, organic matter, UK, England, Northumberland Trough; 05956.
MINQUE
geodetic levelling, high precision surveying, Minimum Norm Quadratic Unbaised Estimation, 02095.
Minturno Complex
isotopic stage 5, stratigraphic hiatus, radiometric dating, Pleistocene(Middle), transgressive complex, soil chronosequence, Latina Complex, intercalated volcanite, Complesso dei Tufi Inferiori, isotopic stage 15, Italy, Agro Pontino; 08498.
Mio-Pliocene boundary
Tortonian-Messinian boundary, magnetic polarity stratigraphy, stratotype, biozonation, Neogene, Tyrrhenian Sea; 00014.
Miocene
Abu Alaqa Group, conglomerate, delta deposit, fan delta, Egypt, Gulf of Suez; 04823. Afam Clay, channelling, hydrocarbon, incised channel, stratigraphic trap, Nigeria, Niger Delta; 12946. alluvial fan, playa, lignite, trona, basin, tectonics, Turkey, Anatolia, Ankara Province; 12947. alluvial fan, sandstone, facies change, strike-slip fault, fan delta, sediment supply, Gilbert type, Korea, Ulleung Back-arc Basin, Pohang Basin; 00144. Bluff Formation, dolostone, porosity, karst, sea water, Oligocene, Caribbean, West Indies, Grand Cayman; 04812. Bluff Formation, microorganism, terrestrial oincoid, oncoid, sinkhole, dolostone, Oligocene, Cayman Islands; 12955. calcite, kaolinite, compaction, cementation, authigenic mineral, Stilo Capo d'Orlando Formation, Italy, Calabria; Sicily; 05803. CCD, bottom current, nodule, fracture zone, manganese, organic matter, seafloor, Pacific, Clipperton Fracture Zone; Clarion Fracture Zone; 12887. chert, reservoir, Monterey Formation, Mohnian, USA, California, Santa Barbara Channel; 11718. clastic dike, tectonics, mudstone, slickenside, New Zealand, Wairarapa, Annedale; 08151. clay mineral, phosphorite, palygorskite, sepiolite, zeolite, Miocene, Gulf Coast Geosyncline, USA; 01352. clinoptilolite, diagenesis, opal CT, smectite, tuff, zeolite, Sucker Creek Formation, USA, Oregon, Succor Creek Canyon; 08293. continental margin, grain size, Pliocene, tectonism, sedimentation, Tyrrhenian Sea; Tyrrhenian Sea, Site 652; 00081. continental margin, Gulf Stream precursor, upwelling, sea level change, phosphogenesis, USA, North Carolina; 02361. continental margin, palaeoceanographic event, Pungo River Formation, phosphate, lithofacies, USA, North Carolina; 02415. deep water circulation, sapropel, foraminifera, anoxia, Mediterranean; 01345. dewatering, diagenesis, deformation, accretionary prism, porosity, decollement, thrust, Caribbean Sea, Barbados Ridge; 02304. drainage network, Pliocene, pediment, inselberg, Pleistocene, climatic phase, geomorphological map, landform, soil, Italy, Sardinia, Nurra, La Corte; 08408. Eocene, volcaniclastics, plagioclase, amphibole, biotite, marl, Italy, Avolasca; 03600. fault, sandstone, detrital mode, turbidite, accretionary wedge, transform system, Pakistan, Makran Coast Ranges; 04828. flooding, gypsum, anoxic, basin filling, Betic Chain, hypersaline, diatom ecology, Spain, Hellin Basin; 02430. foraminifera, sea level curve, Pliocene, oxygen, biogeochemical cycle, weathering, 02449. fossil leaf, Oviatt Creek Flora, leaf orientation, lake sediment, palaeocurrent, USA, Idaho; 10621. groundwater, climate, flint, weathering, Tertiary, silicification, Belgium, Ardenne; Limburg; 02395. Gulf Coast Geosyncline, Miocene, clay mineral, phosphorite, palygorskite, sepiolite, zeolite, USA; 01352. Holocene, ooze, chalk, aragonite, magnesium, Indian Ocean, Maldives Archipelago, ODP Site 716; 03622. isotope ratio, deep sea sediment, temperature, glaciation, oxygen isotope ratio, ocean, Tertiary, 02364. Macigno Formation, mineral species instability, Cervarola Formation, turbidite, sedimentary provenance, Italy, Northern Apennines; 08271. magnetic polarity record, accumulation rate, sedimentation, Argentina, Bermejo Basin; 02394. Messinian, climate, diagenesis, Tyrrhenian Sea; 00166. Mokau Mohakatino Group, provenance, Mesozoic basement, hemipelagic slope mudstone, New Zealand, Taranaki, Waikawau; 05919. Nambayama Formation, submarine fan, Nodani Formation, flysch, turbidite, Japan, Fossa Magna, Nishikubiki; 11763. ooze, chalk, opal, silica, barite, Paleocene, Indian Ocean, ODP Site 707; ODP Site 709; Indian Ocean, ODP Site 711; Indian Ocean, Mascarene Plateau; 03672. organic matter, organism, monsoon, upwelling, lipid, Arabian Sea, Owen Ridge; 11807. organic matter, sedimentation, lignin, chitin, marine sediment, Indian Ocean, Indus Fan; Arabian Sea, Owen Ridge; Arabian Sea, Oman Margin; 11808. orogeny, volcanic arc, volcaniclastic sediment, Eocene, sedimentation, Celebes Sea, ODP Site 767; ODP Site 770; 07026. palaeoceanographic condition, palaeogeography, phosphorite, limestone, Cuba; 00133. palaeocirculation, Gulf Stream, Suwannee Current, sea level change, palaeoceanography, palaeogeography, USA, Georgia; Straits of Florida; 02455. palaeorelief, transpressional folding model, schistosity, neotectonics, tectonic geomorphology, Cainozoic(Late), peneplain, New Zealand, Otago, Garvie Mountains; Old Man Range; 00241. phosphate, earth history, sea level, palaeogeography, 02401. phosphorite, Pungo River Formation, syn-rift basin, Cenozoic, continental margin, cyclical deposition, USA, North Carolina; 02458. phosphorus, sedimentation, sea floor, Neogene, glaciation, USA, California; 01335. Pliocene, lithofacies, waste, Cenozoic, aquifer, groundwater, Ringold Formation, USA, Washington, Hanford Site; 02378. Pliocene, Quaternary, upwelling, phosphorite, continental shelf, Pacific; Peru; 01283. Pliocene, shale, mudstone, lead, zinc, copper, manganese, Messinian, Tyrrhenian Sea; 00097. Pliocene, subduction, Nazca Plate, convergent margin, tephra, volcanic acticity, Quaternary, Peru; 01292. Pliocene, Tamugigawa Formation, submarine fan, flysch, turbidite, tec-

tonic formation, Japan, Fossa Magna; 11761. Pliocene, transgression, ooze, foraminifera, Messinian, salinity crisis, evaporite, Tyrrhenian Sea; 00148. Pliocene, turbidite, basin, gravity flow deposit, Neogene, neotectonic activity, benthic foraminifera, Dominican Republic, Sierra de Neiba; Cordillera Central; 10614. Pliocene, turbidite, heavy mineral, Araya Formation, Kawaguchi Formation, sandstone, Japan, Niigata Prefecture, Higashiyama Region, Nobegawa River; 11730. porosity, cement, reservoir, gas field, sandstone, USA, Texas, Picaroon Field; 00011. Ramblian, carbonate, basin infill, lacustrine deposit, Spain, Cuenca Province, Loranca Basin; 11757. Reef Complex, sea cliff, reef, progradation, erosion surface, sea level change, Spain, Mallorca; 10603. sand-ball, sandstone, Iriomote Formation, Japan, Okinawa Prefecture, Iriomotejima; 11769. sea level change, sedimentation cycle, eustatic sea level change, tectonics, palaeoenvironment, Egypt, Nile Delta; 09349. sedimentation, core, dipmeter logging, cyclothem, tide, molasse, France, Mont-Saint-Michel; Alpes-de-Haute-Provences, Digne Basin; 07121. silcrete, sandstone, orthoquartzite, diagenesis, paleosol, gore lignite measure, New Zealand, Maitland Basin, Landslip Hill; 00132. subsidence, San Andreas Fault, Oligocene, Vaqueros Formation, strike-slip fault, USA, California Coast Ranges, Cuyama Basin; 03626. Tecuya Formation, volcanic succession, pyroclastic flow, subaerial deposition, subaqueous deposition, USA, California, San Joaquin Basin; 07060. tuffs, montmorillonite, feldspar, Vizcarra Formation, diagenesis, Oligocene, Mexico, Durango; 01324. turbidite, Oligocene, fan, carbonate, oceanic crust, tectonics, Arabian Ocean, Owen Ridge; Indian Ocean, Indus Fan; 12950. upwelling, apatite, Monterey Formation, phosphorite, oxygen isotope, USA, California; 01336. upwelling, pyrite, organic matter, decomposition, 12970. valley entrenchment rate, wall retreat rate, erosion rate, Uranium series dating, speleothem, Tertiary, cave, relief, Norway, Rana, Hammarnesgrotta; 00260.

Miocene rock
sedimentary basin, volcanic body, Landsat TM, USA, Arizona, Mohave Mountains; California, Whipple Mountains; 03409.

Miocene(Middle)
rifting, subsidence, unroofing, uplift, Oligocene(Upper), Red Sea, Gulf of Suez; 09424.

miospore
flooding, Iapetus Ocean, Devonian(Late), Famennian, Hampshire Formation, Belgium, Ourthe Valley; USA, West Virginia; USA, Virginia; 10618. Oneonta Formation, floodplain sediment, magnafacies, red bed, foreland basin, Devonian, USA, New York State, Catskill; 10623.

mire
anoxic environment, mineral dissolution, silicate weathering, USA, Minnesota, Lost River; 09455. environmental change, lake, Poland; 00309. historical study, paleoecological study, Holocene peat, raised bog, radiocarbon dating, pollen analysis, peat, Netherlands, Noord Brabant, Zundert Province; 08478. vegetational disturbance, palaeoecology, prehistory, minerogenic layers, blanket peat, pollen analysis, UK, Scotland, Galloway Hills, Loch Dee; 10783.

mire classification
peat type, peatland, peat classification, 08557.

mire development
peat stratification, pollen analysis, transect, Germany, Lower Saxony; 08624. peatland, eroding, natural resource, Finland; UK, Scotland, Shetland; 03892. timberline, snow patch, peat accumulation, alpine zone, pollen analysis, palsa, Holocene, Japan, Hokkaido, Daisetsuzan Mountains; 10792.

mire ecosystem
peat, post glacial period, radiocarbon dating, Holocene, Finland; 09590.

mire genesis
palaeoecology, Brandenburgian, kettle hole mire, Weichselian, till plateau, Germany, Brandenburg; 08483.

mire type
aapa mire, bog, draining, vegetation, peatland, forested mire, Finland; 13154.

mire vegetation
water chemistry, pH, peat mat, nutrient dynamic, floating mat, pond system, Japan, Mizorogaike Pond; 05107.

mirex
dieldrin, endosulphan, organic trace contaminant, suspended sediment, surface water quality, chlorobenzene congener, hexachlorocyclohexane isomer, DDT group pesticide, PCB, Canada, St Lawrence River; USA, St Lawrence River; 08736.

miscible displacement
mechanical dispersion, pollutant transport, dispersion regime, groundwater flow, viscosity gradient, density gradient, 09899.

miscible displacement method
exchange isotherm, adsorption isotherm, soil solute transport, standard batch method, 00455.

misocyclone
boundary layer, gust front, momentum transport, kinetic energy transport, microburst, storm, 03103.

Missinaibi Formation
glacioisostatic sea, Sundance paleosol, Amery, till, Sangamon, interglaciation, Quaternary, non glacial interval, pollen analysis, Canada, Manitoba, Hudson Bay Lowlands; 07256. peat, Owl Creek bed, substage 5e, amino acid result, Beaver River peat bed, palaeoecology, organic deposit, last interglacial age, nonglacial deposit, Canada, Ontario; 07258. river deposit, Laurentide deposit, amino acid evidence, marine deposit, Bell Sea sediment, Canada, Ontario, Hudson Bay Lowlands; 07257.

missing data
map comparison, weighted input, spatial data, 11526. wet deposition, acid deposition, precipitation-weighted-mean concentration, sulphate concentration, nitrate concentration, 04025.

Mississippi method
soil testing, soil test extractant, Mehlich 1, Mehlich 3, Bray Kurtz P1, USA, Alabama; 07412.

Mississippian
Burlington Keokuk Formation, brine, trace element, diagenesis, carbonate, fractionation, porosity, USA; 05937. carbonate dolomitisation, palaeoaquifer, staining, cement, aquifer, USA, Appalachian Mountains; 00160. carbonate, aquifer, isotopic composition, sea water, evaporite, Devonian, USA, Iowa; 10597. delta front facies, sand, shale, subsidence, Berea Sandstone, USA, Ohio, Black River, Elyria; 11720. packstone, cementation, diagenesis, neomorphism, St. Louis Limestone, Ste. Genevieve Limestone, porosity, USA, Kansas, Gray County; 09316. petroleum exploration, carbonate ramp, carboniferous limestone, oolitic, sandbody, reservoir, UK; 01279. Salem limestone, stylolitisation, pore space, diagenesis, permeability, cementation, porosity, USA, Indiana; 00123. sandstone, Kekiktuk Formation, silica, cementation, burial history, porosity, USA, Alaska, North Slope, 1 Leffingwell well; 09315. shale, flute mark, palaeoflow, turbidite, Bouma division, Besa River Formation, Devonian, Canada, Northwest Territories, Meilleur River; 07039. wackestone, shale, Joana limestone, conodont, foraminifera, petroleum, USA, Nevada, White Pine; Schell Creek Range; USA, Nevada, Egan Range; 00149.

Mississippian(Late)
karst surface, mixing zone, artesian groundwater, vadose condition, fracture zone, geological history, cave, Pahasapa Limestone, gypsum bed, anhydrite bed, USA, South Dakota, Black Hills; 10720.

mist
fog, enhancement deposition, vegetation ecosystem, soil water flow, sulphate, buffering, flow path, precipitation chemistry, acidification, wet deposition, bulk deposition, UK, Scotland, Allt a'Mharcaidh; Norway; 13374.

mist collector
occult collector, sampling, chemical data, precipitation collector, 05319.

mistral
cold air advection, rain, low level jet, Bise, regional wind, Europe, Alps; 04226.

misuse
models of space, locational referencing, GIS, 03362.

Mitchell soil
water content, volcanic glass, cation exchange, specific surface, exchange capacity, clay soil, Tripp soil, USA, Nebraska; 07418.

mitigation
recreation, drinking water, regulatory programme, US Army Corps of Engineers, legislative change, civil works, USA; 04772.

Mitterberg Formation
hinsdalite, dissolution, Permian, apatite, phosphate, diagenesis, aluminium phosphate, sandstone, Austria, Northern Calcareous Alps; 02446.

mixed conifer forest
overland flow, erosion, forestry, sediment transport, soil loss, pipe flow, hydrograph, channel adjustment process, state of the art timber harvest, USA, Arizona; 09912.

mixed crop
interception efficiency, conversion efficiency, radiative balance, canopy, fescue, radiation model, 10019.

mixed deciduous tropical forest
soil metabolism, tropical forest soil, root, India, Orissa; 05074.

mixed grained cohesive soil
till, stress strain behaviour, oedometer, constraint modulus, 03755.

mixed layer
air ocean interface, sea surface temperature, boundary layer, coupled ocean mixed layer, cloud model, ocean, 07729. climate change, ocean, 08905. depth, satellite data, thermal inertia, 04647. large eddy simulation, penetration convention, similarity scale, universal profile, statistical moment, convective boundary layer, 10017. ocean, atmospheric carbon dioxide, carbon isotope record, Quaternary(Late), 02565. ocean, ethene, oceanic emission, marine atmosphere, latitudinal distribution, nonmethane, hydrocarbon, Atlantic; 06652. oceanic mixed layer dynamics, climate sensitivity, energy balance model, 08900. photochemistry, biomass burning, forest, ocean, ozone distribution, aerosol distribution, wet season, Brazil, Amazon; 07857. sea surface temperature, interannual variability, El Nino/Southern Oscillation NSO event, monsoon, coupled atmosphere-ocean system, rainfall, India; Pacific; 12375. solar radiation, heat budget, El Nino/Southern Oscillation, sea surface temperature, ocean transparency, Pacific; 07728. transilient mixing coefficient, convective mixed layer, 13562.

mixed layer depth
acoustic sounder, sodar estimate, surface heat, heat flux, 11192. advective mixed layer model, heat, moisture, entrainment, 07689. cloud amount, wind speed, solar radiation, sea surface temperature, Indian Ocean; 01815. currents, causative mechanism, interannual variability, marine environment, sea level, sea surface temperature, salinity, frontal structure, upwelling, nutrient supply, thermocline structure, South Africa; 12341. nutrient, euphotic zone, biological process, seasonal cycle, phytoplankton, biomass, colour scanner, surface pigment, Atlantic, (North); 10029. salinity, alkalinity, phytoplankton, zooplankton, nitrate, carbon dioxide, Gulf Stream system, carbon cycle, parcel model, Atlantic, (North); 05491. thermal inertia, analytical model, remote sensing, 11453.

mixed layer dynamics
terrain, vegetation-atmosphere interaction, homogeneous terrain, heterogeneous terrain, 13545.

mixed layer environment
ship generated internal wave, short surface wave, turbulent wake, SAR, USA, Gulf of Alaska; 08113.

mixed layer growth
Koorin Experiment, boundary layer data, tree covered terrain, closure constant, modelling, Australia; 13514.

mixed layer heights
dispersion modelling, inversion, operational prediction, prediction, daytime mixed layer, 12365.

mixed layer model
evaporation prediction, catchment scale, coupled canopy, canopy, 13543.

mixed layer recovery
boundary layer structure, boundary dynamics, hurricane, rainband, downdraft modification, 10108.

mixed layer reservoir age
Younger Dryas, upwelling, carbon cycling, ocean circulation, Holocene

ocean circulation, ocean, atmosphere, radiocarbon difference, Canada, British Columbia; Pacific, (North); 03868.
mixed layer simulation
boundary layer variation, model accuracy, USA, California, Los Angeles Basin; 10013.
mixed layered mineral
mineral structure, Pliocene, sedimentation, terrigenous material, Egypt, Wadi El Natrum Basin; 05909.
mixed pixel
knowledge based analysis, urban boundary detection, GIS, fuzzy classifier, 08133. Mediterranean woodland, HCMM data, albedo, surface temperature, France; 05733.
mixed rainfall snowfall
precipitation separation, rainfall, snowfall, USA, Vermont, Danville; France, Durance River Basin; 08648.
mixed soil
topsoil, mineral subsoil, soil mixing, peat soil, fen peat soil, UK, England, East Anglia; 10937.
mixed-layer model
thermocline, wind forcing, energy balance, Kelvin-Helmholtz instability, 01864.
mixing
acid rain, organic matter, sea water quality, carbonate dissolution, alkalinity, calcium, salinity, Baltic Sea; 04072. attrition, ultrasonic vibration, sand, arenite, clay, sandstone, 03686. effluent quality parameter, total dissolved solid, tracer, waste water reservoir, electrical conductivity, detergent, alkalinity, Kjeldahl, multi tracer method, waste water effluent, 05199. estuary, sea water, alkalinity, fresh water, river inflow, USA, California, San Francisco Bay; Delaware, Delaware Bay; 01214. estuary, sea water, trace metal, Yugoslavia; Mediterranean Sea; Yugoslavia, Krka River Estuary; 11710. filtering, sedimentation, current, suspended sediment, circulation, China, Zhejiang, Ziangshan Bay; 05832. forest lake, heat budget, Schmidt thermal stability, Birgean wind work, humic lake, heat resistance, lake, Finland; 13332. heterogeneous media, groundwater flow, density difference, water plume, gravitational instability, convective dispersion, homogeneous media, variable density flow, 08780. jet phase module, nitrogen oxide, plume, power plant, dispersion, 06605. karst, siliclastic rock, carbonate, facies mixing, sediment supply, cyclicity, shelf, 13003. lake water chemistry, sedimentation, mass balance budget, water source, phosphorus, nitrogen, calcium, chlorine, internal sink, water budget, evaporation, denitrification, Israel, Lake Kinneret; 07488. numerical model, three dimensional method, solute transport, groundwater flow, saturated media, heterogeneous flow system, random walk particle method, advection process, dispersion process, unsaturated media, variable flow field, plume dispersion, 08776. organic matter, anthropogenic nutrient, nutrient, estuary, fresh water, hypoxia, Adriatic Sea; Yugoslavia, Krka Estuary; 09386. oxygen cycling, carbon cycling, nutrient cycling, deep water renewal, biological production, lake, USSR, Siberia, Lake Baikal; 12187. Pleistocene, resuspension, estuary, floodplain, transport route, Brazil, Amazonia; Germany, Weser Estuary; North Sea; 04726. redfield coefficient, radiocarbon, oxygen, Atlantic; 11801. reservoir, water circulation, water temperature, sediment discharge, turbidity current, lake sedimentation, Japan, Hokkaido, Katsurazawa Reservoir; 05190. river pollution, pulse disposal, dispersion, convection dispersion equation, surface water quality, velocity gradient, mechanical dispersion, pollutant transport, 11019. salinity gradient, wind stress, cadmium, oxidation, tidal river, metal pollution, surface water quality, marine sediment, fluvial sediment, suspended particulate matter, sediment chemistry, estuary, Germany, Elbe River; 08757. sedimentation, chlorophyll, runoff water quality, sediment dynamics, watershed-lake process model, lake water quality, land use effect, water quality management, agricultural nonpoint source model, nitrogen, phosphorus, COD, temperature stratification, 04156. stratification, tidal forcing, salinity intrusion length, riverflow data, river regulation, channel morphology, carbon budget, sediment budget, estuary, historical change, numerical flow model, USA, Washington, Columbia River; 10965. trapping, outwelling, mangrove, swamp, nutrient flux, Thailand, Klong Ngao Estuary; 07074. water balance characteristics, vertical mixing, environmental tritium, groundwater, runoff, water exchange process, tritium, lake, sea, USSR, White Sea; Black Sea; USSR, Caspian Sea; USSR, Barents Sea; USSR, Azov Sea; USSR, Issyk Kul Lake; 07483. water exchange, density difference, advection, Coriolis effect, wind stress, buoyancy, lake water process, thermal plume, North America, Great Lakes, Niagara River; Lake Ontario; 07484.
mixing analysis
soil water chemistry, alkalinity, total organic carbon, baseflow, surface water chemistry, UK, Scotland, Cairngorms, Allt a'Mharcaidh Catchment; 04101.
mixing cell flow model
recharge, carbonate alluvial aquifer, flow model, water storage, groundwater age, deuterium isotope, groundwater recharge, USA, Nevada, White River; 07544.
mixing cell method
quadratic programming algorithm, linear regression theory, recharge component, geochemical species, environmental isotope, Singular Value Decomposition algorithm, groundwater recharge, Botswana; 11054.
mixing corrosion
pothole formation, experimental simulation, helictite, cave study, karstification, karst corrosion, dolomite, Hungary; 06053.
mixing depth
productivity, nutrient recycling, lake, stratification, oxygen regime, Canada; 00023. sodar observation, wind profile, turbulence profile, diffusion meteorology, dispersive state, boundary layer, dispersion modelling, surface heat flux, 08957.
mixing experiment
sea water, phytoplankton, micronutrient, iron, labile fraction, 09450.
mixing height
solar radiation, deposition, hydrogen peroxide, ozone, air quality, photochemical model, emission rate, inversion layer, USA, California, Los Angeles; 11404. trajectory model, boundary layer model, pollutant transport, radiosonde data, Saudi Arabia; 08959.
mixing layer
channel confluence, hydraulic geometry, channel, bar, scour, 09322. nitrous acid, aerosol surface, rate constant, Germany, Mainz; 06607. sea breeze, convective mixing, valley wind, Japan, Tokyo; 01844.
mixing length
Lagrangean length scale, convection disperison equation, hydrodynamic dispersion, soil moisture, groundwater flow, solute transport, transient flow, 12256.
mixing length model
boundary layer, gradient transfer model, large eddy simulation, statistical representation, sub grid variation, 10022.
mixing process
ammonia emission, grass land, wind speed, 04413. droplet growth, warm midlatitude cloud, tropical cloud, cloud top, entrainment, 10133. sampling, hydrogen peroxide, sulphur dioxide, convective storm, boundary layer, 04354. unsaturated zone, flow path, surface water groundwater interaction, mass balance method, groundwater exchange, stable isotope mass balance method, flow model, lake inflow, solute transport model, lake outflow, groundwater lake system, USA, Wisconsin; 08772.
mixing rate
diagenesis, bioturbated sediment, opal, skeletal debris, 00172. North Atlantic Deep Water, radiocarbon distribution, glacial ocean, benthic foraminifera, concordant age, deep water age, radiocarbon inventory, 08433. sedimentation rate, radionuclide, tracer, harbour, caesium, China, Fujian Province, Meizhou Bay; 01265.
mixing ratio
atmospheric boundary layer, ozone, nitrogen oxide, hydrogen peroxide, photochemical activity, transport process, Germany; 06598. boundary layer, nitrogen loss, nitrogen transport, odd nitrogen species, ship observation, Bermuda; 12517. diurnal cycle, atmospheric moisture, surface reading, Australia; 08872. formaldehyde measurement, photolysis, trospheric air, 06596. nitric acid, laser photolysis fragment fluorescence, ambient air, Atlantic; 06644. nitrogen oxide, air mass, ITCZ, Atlantic; 06587. ozone, formaldehyde, continental air mass, ambient air, diurnal variation, 06593. PAN, long range transport, marine atmosphere, 06583. turbulence, convectively mixed layer, orography, aircraft observation, 00720. water vapour, cotton, lidar determination, 06878.
mixing ratio profile
nitrogen oxide, boundary layer, tropopause, chemiluminescence detector, Europe; 06597.
mixing ratios
carbon monoxide, satellite observation, 04353.
mixing water
remote sensing technique, estuarine mixing, spatial variability, river plume, eutrophication, estuary, surface water quality, sediment load, nutrient concentration, 12210.
mixing zone
artesian groundwater, vadose condition, fracture zone, geological history, cave, Pahasapa Limestone, gypsum bed, anhydrite bed, Mississippian(Late), karst surface, USA, South Dakota, Black Hills; 10720. carbonate diagenesis, flank margin model, dissolution cave development, carbonate platform, halocline, sea cave, bioerosion notch, Ghyben-Herzberg lens, Bahamas; 00317. convection dispersion equation, groundwater quality, transverse dispersivity, fresh water salt water interface, groundwater flow, dispersivity, coastal aquifer, salt water intrusion, concentration profile, 09902. dolomitisation, calcium, stoichiometric composition, aquifer, backscattering imaging, cement, Barbados; 11740. isotopic field, Ordovician, Gordon Group, carbonate, dolomitisation, diagenesis, Australia, Tasmania, Mole Creek; 08236. surface water quality, oxygen isotope, salt exchange, salinity change, isotopic composition, residence time, evaporation, water exchange, sea river interaction, Arctic Ocean; USSR, Caspian Sea; 07505.
mixture model
model, static liquefaction, loose sand, liquefaction, densification, dilatation, 03730.
mobile bed
beach, hydraulic model, wave parameter, breaking zone, 12825. sediment, model scaling, information questionnaire, 06948.
mobile bed hydraulics
St. Venant equation, bedload, 11652.
mobile bed model
sediment transport, alluvial resistance function, sand bed, river, 04690.
mobile bed modelling
sediment transport, Saint Venant flow equation, suspended load, bedload, 09819.
mobile cation
chronosequence, chlorite decomposition, weathering process, mica, plagioclase feldspar, long term weathering, weathering rate, soil analyses, UK, Scotland, Loch Chon; Allt a'Mharcaidh; UK, Scotland, Kelty Water; Norway, Hoylandet; 09621.
mobile immobile model
unsaturated transport, contaminant, soil column, tracer, 07346.
mobile laboratory
monitoring network, trend, pollution monitoring strategy, France, Paris; 06704.
mobile satellite
European trade, land satellite, Europe; 13769.
mobile surface
snow drift, rough sea, dust storm, friction velocity, roughness, thermal stability, 03068.
mobile water
retardation factor, hydrogeological parameter, flow model, environmental isotope, groundwater flow model, fissured rock catchment, fractured rock aquifer, dispersion model, tritium, subsurface storage, Germany, Harz Mts; 05214.
mobile water content
water flux, infiltration, soil water, tracer technique, unsaturated hydraulic conductivity, recharge rate, solute transport, heat transport, groundwater recharge, 07524.
mobilisation
navigation, PCB's, contaminant, dredged material, USA, Massachusetts,

New Bedford Harbour; 11708.
mobilisation capacity
organic sulphur, sulphur accumulation, sulphate concentration, sulphur mobilisation, USA; 10881.
mobility
blind people, mapping, tactual mapping, 02183. diagenesis, degradation, organic matter, slurry, metal, 01253.
mobility diameter
cascade impactor, warm air front, aerosol, differential mobility analyser, laser optical particle counter, Germany, Heligoland Island; 13706.
mobility index
Attenuation Factor, leaching, pesticide, groundwater contamination, uncertainty analysis, USA, Hawaii, Oahu, Pearl Harbor Basin; 01740.
mobility map
map, 09151.
modal method
finite difference, spectral measurement, tidal wave, wind wave, Crank Nicolson method, logarithmic transform, 09308.
modal size classification
sand, relict deposit, bypassing, particle size, continental shelf, grain size parameter, Portugal; 00068.
mode boundary detection
unsupervised classification, discriminant function, 03309.
Mode Water
carbon-14, ocean circulation, mass spectrometry, Indian Ocean; 05450.
model
all-wave radiation, air temperature, snow melt modelling, fir forest, energy balance, 13529. attenuating creep, frozen sand, creep, triaxial compression test, 13181. canyon geometry, urban fabric, nocturnal cooling, cooling, urban climatology, heat island, 12352. carbon pump efficiency, reconstruction, ocean carbon system variation, Antarctic nutrient hypothesis, Vostok ice core, ocean carbon pump, Atlantic deep water, Antarctic net carbon production, upwelling, net production value, 02602. cloud water, deposition, collection efficiency, liquid water content, wind speed, droplet size, water flux, forest canopy, 11267. crustal behaviour, rheological model, uplift, subsidence, Holocene, sea level change, UK, England, Thames River; North Sea; Netherlands; 13169. crustal tilting, domal uplift, stream profile adjustment, crustal warping, nonlinear result, 02501. dam, filling, finite element method, collapsing soil, 03808. data, sea level, magnetic polarity reversal, comparison, post Miocene, diagenetic history, eustatic history, Pacific, Enewetak Atoll; 02685. Devensian, Flandrian, glacial rebound, sea level change, meltwater, deglaciation, ice sheet, UK, Scotland; 13167. diabatic surface layer, trajectory analysis, plume dispersion, diffusion, 13532. direct component, diffuse component, solar irradiation, diffuse irradiation, radiation measurement, empirical separation model, 12313. ecological simulation, computer programme, traffic, 06926. Ekman, boundary layer, orography, vertical motion, 11206. erosion simulation, size distribution simulation, raindrop, throughfall drop, canopy height, 06219. evaporating spray, spray, droplet dispersion, size distribution, humidity, 13602. evaporation, lake level, palaeoclimatic implication, high stand, Lake Lahontan, USA, Nevada, Lake Lahontan; 04978. fuzzy, relational database, 04543. general circulation model, skill, glaciation, precipitation, 12498. geomorphology, geoecology, relief, geomorphic process, geosystem budget, 07129. global morphogenesis, geomorphological meta theory, relief symmetry, earth relief, mega relief, 08321. heating rate profile, radiative heating profile, cirrus, cloud system, 12451. INQUA, global change program, global change, 06067. nonadiabatic process, spectral model, weather forecasting, 12412. pattern learning, artificial intelligence, intelligent process, 02125. permafrost, temperature variation, thermal diffusivity, refreezing, active layer, USA, Alaska, Toolik Lake; 11995. plant population growth, reaction kinetics, Holocene, pollen curve, 04933. plume measurement, nitrogen oxide, chemically reactive plume, dispersion, non linear chemistry, Damkohler number, time scale, 11319. polar stratosphere, cloud surface, ice growth, evaporation, nitric acid, Fourier transform, infrared study, 11334. postglacial rebound, heat flux, geoid anomaly, plate velocity, sea level, asthenospheric viscosity, deglaciation, mantle viscosity, 13029. prediction, expert system, geographical knowledge, model concept, artificial intelligence, 00201. prostrate ground cover, wind erosion, aerodynamic roughness, soil flux, 02720. quantitative model, hillslope, hydrology, sediment yield, landform evolution, greenhouse warming, landscape, 07131. relative uplift, lithology, fossil fauna, marine sequence, radiocarbon dated, sea level, Holocene, sedimentary environment, Greenland, West Greenland, Disko, Igpik; 05038. river basin evolution, channel head advance, landscape evolution model, hillslope, channel, 04889. salt weathering, wetting-drying, tafoni weathering, statistical analysis, sandstone, Spain, Ebro Basin, Barbastro Anticline; 02708. Sangamon ice, radio echo sounding, structure zone, boudinage, stratigraphic disturbance, glacial ice, hydrodynamic model, interface stability, stratified fluid, boudin, Greenland, Summit; 07305. scaling, avalanche speed, run-out distance, dense granular flow, granular flow concept, prediction, 01410. sedimentation process, Precambrian, carbon dioxide, pH, sea water, carbonate system, silicate, 07078. simulation, karst evolution, breakthrough time, dissolution kinetics, karst aquifer, limestone, Germany; 02557. soil, pedogenic process, land use, climatic change, agroecosystem, nitrous oxide, denitrification, Canada, Great Plains; USA, Great Plains; 07317. source area, turbulent exchange, surface layer, patchy terrain, 12370. static liquefaction, loose sand, liquefaction, densification, dilatation, mixture model, 03730. statistical model, teaching, physical geography, 00202. storm water, water cycle, permeable pavement, water budget, urban hydrology, waste water, water management, urban water, Sweden, Lund; 13469. thermal response, active layer, climate warming, permafrost environment, soil temperature, USA, Alaska, Toolik Lake; 13183. water abstraction, climate variability, groundwater resource recharge, Europe; 07604. water quality, management, prediction, estuary, USA, Atlantic Coast; 04878.
model accuracy
hydraulic realism, river network modelling, computer model, UK; Bangladesh; 05179. mixed layer simulation, boundary layer variation, USA, California, Los Angeles Basin; 10013.
model aggregate
volume fraction, diffusion model, aggregated soil, model soil, 08601.
model applicability
soil type, topography, rainfall pattern, infiltration, soil moisture storage, rainfall spatial distribution, evaporation, groundwater recharge, urban catchment, rural catchment, mathematical model, semi arid area, rainfall runoff modelling, Tunisia; 06295.
model assessment
quality assurance, groundwater model, 09881.
model atmosphere
temperature, wind, Arctic; 00673.
model based vision
probabilstic reasoning, 03332.
model building
hypermedia system, knowledge based system, 12805. soil erosion prediction, soil erosion management, soil erosion, transport, sediment yield, detachment, 01494.
model calculation
eustatic sea level, Holocene deglaciation, ice sheet, Last glacial-interglacial cycle, three dimensional experiment, thermo-mechanical ice-sheet model, grounding line dynamics, isostatic bed adjustment, Antarctica; 00343. potential vorticity, polar vortex, polar stratospheric cloud, wintertime chemistry, nitric acid chemistry, 12579.
model calibration
aquifer model, maximum likelihood estimation theory, Gauss Newton algorithm, parameter estimation, concentration data, matrix diffusion, matrix adsorption, groundwater flow, coupled flow, solute transport, inverse method, 09878. aquitard storage, storage coefficient, hydrodynamic model, storage effect, hydraulic head, salinity, water transmissivity, solute transport, groundwater flow, environmental tracer, France, Paris Basin, Dogger Aquifer; 09855. flow rate, parameter estimation, comparative analysis, rainfall-runoff model, Italy, Arno River, Sieve Watershed; 13323. Gauss Newton plus Line Search method, inverse problem, adjoint state conjugated gradient method, computer algorithm, parameter estimation, multi aquifer system, groundwater flow model, Germany, Venloer Scholle Aquifer System; 09862. geostatistical technique, hydraulic conductivity, recharge rate, linear estimation, Monte Carlo simulation, groundwater flow model, 09865. groundwater flow model, calibration target, 09882. groundwater flow model, hydraulic head distribution, velocity field monitoring, water level, velocity prediction error, model uncertainty, USA, South Carolina, Savannah River; 09885. groundwater flow model, radioactive waste disposal, Switzerland, Grimsel Test Site; 09883. groundwater quality model, sulphate, heavy metal, aquifer pollution, electricity production, landfill, waste disposal, dispersion, convection, contaminant transport, Denmark; 11058. heterogeneous soil, groundwater flow, transient flow model, unsaturated zone, 09846. maximum likelihood method, sensitivity analysis, radioactive solute, groundwater flow, solute transport, parameter estimation, automatic calibration, Spain; 09870. model reliability, groundwater model, recharge, abstraction, drawdown, water management, Botswana, Jwaneng Northern Wellfield; 09925. model verification, channel flow, rainfall runoff model, kinematic wave routing, overland flow, soil moisture, infiltration, peak discharge, runoff volume, drainage basin, arid region, Saudi Arabia; 09810. model verification, water management, unsaturated flow, drainage, evapotranspiration, DEMGEN model, soil physical characteristic, soil hysteresis, agrohydrological model, agricultural water demand, Netherlands; 06388. parameter identification, alluvial fan, aquifer model, model uncertainty, groundwater modelling, data shortage, Italy, Marecchia River; 09884. Penman model, Baier and Robertson model, evapotranspiration equation, cold air drainage, wind velocity, potential evapotranspiration, water body proximity, Canada, Quebec; 07460. Penman potential evaporation, evaporation, Thornthwaite soil moisture model, Morton evaporation model, Bouchet Morton evaporation model, catchment scale evaporation, actual evaporation, 10981. pH, cation exchange capacity, cationic composition, adsorption, geochemical model, groundwater quality, automatic calibration, parameter identification, water quality modelling, parameter estimation, 09903. self calibrating model, optimisation model, computer model, groundwater flow, groundwater hydraulics, finite difference model, 09873. SSARR, catchment characteristic, hydrograph prediction, rainfall-runoff model, 01649. streamflow time series, saturated overland flow, soil moisture accounting model, evapotranspiration flux, Hortonian overland flow, rainfall-runoff model, catchment dynamics, hillslope hydrology, antecedent condition, overland flow, subsurface flow, 04042. surface water contamination, volatilisation, transport rate, disulphoton fate, toxfate model, Germany, Rhine River; Switzerland, Rhine River; Netherlands, Rhine River; 08759. surface water quality, pollutant transport, sediment transport, solute transport, runoff, fertilizer, loess soil, Germany, Karlsruhe, Weiherbach Catchment; 06324. temporal water balance distribution, water resource, water management, water balance, gauged catchment, spatial water balance distribution, Belgium, Flanders; 06400. transmissivity, groundwater flow, generalized sensitivity analysis, Monte Carlo simulation, confined aquifer, aquifer system model, sensitivity analysis, Australia, Victoria, Mildura; 09866. transport model, concentration data, optimisation method, remediation strategy, parameter identification, groundwater flow model, 09876. transport modelling, prediction uncertainty, groundwater model, parameter estimation, sensitivity analysis, model reliability, flow modelling, 09861. transverse dispersivity, solute transport model, chloride plume, transient flow, groundwater flow, longitudinal dispersivity, dispersion, 09908. waste disposal, radioactive waste, soil moisture, runoff, snowmelt, wilting point, evapotranspiration, sensitivity testing, CREAMS, ERHYM-II, computer model, groundwater flow, 11032. water head, Kalman filter, groundwater model, 09889.
model concept
artificial intelligence, model, prediction, expert system, geographical knowledge, 00201.
model development
primitive equation, prognostic equation, terrain-following coordinate system, simulation, orography, frontal process, 13597.
model diagnostic study
Presidents' Day cyclone, four dimensional McIDAS system, 11232.

model ecosystem
mineral cycling, forest hydrology, lysimeter, canopy leaching, soil water chemistry, acidification, canopy deposition, cation leaching, throughfall enrichment, sulphate, dry deposition, leaching, precipitation chemistry, 11087.
model error
DEM, radar system, terrain, 11506.
model estimate
turbulence, boundary layer, urban area, 11202.
model evaluation
chloride leaching, groundwater flow model, macropore flow, hydraulic conductivity, lysimeter, solute transport, 13400. diffusion, building, wake, ground level release, 11201. solute transport model, groundwater quality, saturated unsaturated soil water flow, pesticide leaching, pesticide root zone model, leaching, 12257. sulphur deposition, source receptor relationship, error analysis, long range transport, Europe; 05508. summertime ozone measurement, forest, ozone, dry deposition, resistance, 12538.
model experiment
ocean model, monsoon wind, pycnocline, Findlater Jet, upwelling fauna, sediment record, upwelling field variability, Indian Ocean; Middle East, Arabian Peninsula; 02616.
model hybrid
daily rainfall forecasting, rainfall, seasonal forecast, Bangladesh, Dhaka City; 08985.
model ice sheet
ice sheet orography, Laurentide ice sheet, two-dimensional coupled model, atmosphere-ice sheet-continent model, palaeoclimatic simulation, climate model, ice age time scale, 00269.
model implication
ozone hole, chemistry and transport model, polar stratospheric cloud, vortex, polar process, heterogeneous process, chlorine, 10220.
model input
net radiation, soil surface, surface temperature, meteorological data, energy balance, 13520.
model instability
groundwater flow model, mathematical model, parameter identification, 05218.
model inversion
canopy, azimuth, 06862.
Model of Acidification of Groundwater in Catchments
hydrochemical model, stream chemistry, Birkenes model, soil chemistry, sulphate deposition, fish survival, 13389. surface water quality, acidification, Birkenes model, sulphate deposition, 13394.
Model of Acidification of Groundwaters in Catchments
surface water chemistry, soil water chemistry, long term trend, acidification, atmospheric deposition, afforested catchment, moorland, landuse change, UK, Scotland; Wales; 13446.
model parameter
runoff routing model, incompatible storm data, random effect probability model, parameter bias, hydrograph, 00519.
model parameterisation
catchment characteristic, Soil Conservation Service curve number, runoff prediction, rangeland catchment, curve number method, Green and Ampt equation, USA, Texas; Oklahoma; USA, Arizona; USA, Nebraska; USA, Idaho; 08665.
model performance evaluation
data error, observational error, Monte Carlo simulation, value bias, random error, statistical framework, diagnostic tool, random observational error, 08324.
model predictability
model variability, ocean atmosphere model, sea surface temperature, wind stress forcing, coupled model, 08899.
model prediction
lake water quality, water quality management, eutrophication, algae, uncertainty model, parameter identification procedure, shallow lake, 09821. storm surge model, ocean current model, cold front, sea surface elevation, current elevation, split explicit finite difference, Australia; 12390.
model reliability
flow modelling, model calibration, transport modelling, prediction uncertainty, groundwater model, parameter estimation, sensitivity analysis, 09861. groundwater model, recharge, abstraction, drawdown, water management, model calibration, Botswana, Jwaneng Northern Wellfield; 09925.
model response
cycle filtering, Milankovitch cycle, orbitally induced perturbation, seasonal insolation, climate model, Antarctica; 10741.
model result
sensitivity analysis, Cenozoic, ocean circulation, general circulation model experiment, deep water circulation, gyre system, water formation, 08432.
model review
structural unit, flood volcanism, hot spot, supercoronae, tectonics, Venus; 07152.
model scaling
bed topography, meander, river, 06946. information questionnaire, mobile bed, sediment, 06948.
model sensitivity
general circulation model, monsoon, sea surface temperature, 10062. soil moisture profile, soil moisture movement, hydraulic conductivity, infiltration rate, groundwater level, seepage, unsaturated soil, homogeneous soil, layered soil, boundary conditions, 02897.
model simulation
regional spectral radiance, water excess, thermal image, drought damage, 01139. seasonal cycle, tropical ocean, surface forcing, flux data set, Pacific; 13570.
model simulation uncertainty
reliability estimation, hydrograph, hydrological model, peak discharge, probability distribution, runoff model, USA, Illinois; 08663.
model soil
model aggregate, volume fraction, diffusion model, aggregated soil, 08601.
model soil exchanger
fluoro aluminium complex, fluorine, aluminium, kaolinite, exchange reaction, cation exchange resin, Fuquay soil, soil exchanger, USA, South Carolina; 10889.
model study
mesospheric ozone, short term flux variation, solar ultraviolet, ultraviolet flux variation, 11330.
model test
grounding resistance, ice rubble, floating ice, ice modelling basin, glacial force, 08514. wave height, breaking height, wave breaking, 12826.
model testing
flood reconstruction, flood damage, extreme flood, flood dynamics, morphological change, flood protection scheme, hydraulic model, Switzerland, Canton of Uri, Reuss River; 05176. flood, spillway, overflow, weir, erosion, revetment, Canada, Alberta, Bow River, Bearspaw Hydroelectric Development; Calgary, Bearspaw Hydroelectric Development; 02377.
model uncertainty
groundwater modelling, data shortage, model calibration, parameter identification, alluvial fan, aquifer model, Italy, Marecchia River; 09884. model calibration, groundwater flow model, hydraulic head distribution, velocity field monitoring, water level, velocity prediction error, USA, South Carolina, Savannah River; 09885. parameter estimation, radioactive waste disposal, saturated zone, unsaturated zone, performance assessment modelling, groundwater flow model, USA, Nevada, Yucca Mountain; 09845. Royal Society's Surface Water Acidification Programme, acidification, flow path indentification, surface water quality, tracer test, conceptual model, 04066.
model validation
SPECMAP record, statistical test, probability distribution, Pleistocene(Late), climatic record, 09536. surface process, general circulation model, precipitation, radiation, land surface hydrology, regional field, 07749. surface water chemistry, acidification, acid rain, computer model, Birkenes model, 02891. urban canyon radiation model, nocturnal long wave radiation, radiative flux, surface geometry, canyon cooling, 08868. urban canyon, radiation model, nocturnal flux, long wave flux, 11207.
model variability
ocean atmosphere model, sea surface temperature, wind stress forcing, coupled model, model predictability, 08899.
model verification
catchment model, stream flow, parameter estimation procedure, mathematical model, Germany, Northrhine-Westphalia; 06287. channel flow, rainfall runoff model, kinematic wave routing, overland flow, soil moisture, infiltration, peak discharge, runoff volume, drainage basin, arid region, model calibration, Saudi Arabia; 09810. parameter uncertainty, soil heterogeneity, Richards equation, spatial variability, sensitivity analysis, groundwater flow, unsaturated flow, 00581. water management, unsaturated flow, drainage, evapotranspiration, DEMGEN model, soil physical characteristic, soil hysteresis, agrohydrological model, agricultural water demand, model calibration, Netherlands; 06388.
model wave height
SEASAT altimeter, global wave model, altimeter wind speed, 12778.
modeling
sea level change, submergent, emergent observer, thermal structure, isostatic effect, global isostasy, eustatic curve, 11977.
modelisation
precipitation, rainfall modelling, smoothed altitude, France, Vosgien Massif; 09985.
modelled elastic deformation
reservoir, isostatic subsidence, artificial lake, elastic deformation, Norway, Blasjo Reservoir; 02533.
modelled variability
extratropics, general circulation model, geographical distribution, observed variability, 13576.
modelling
acid rain, acidification control, Regional Acidification Information and Simulation model, Europe; 13460. aircraft seeding, orographic cloud, mountainous area, 11270. anastomosed system, fluviatile system, reservoir modelling, oil reservoir, France, Carcassonne; Canada, Saskatchewan; 13014. chemical species, Birkenes model, tracer, acidification, catchment acidification model, Norway, Birkenes; 13393. climate change, South Africa; 11293. Devensian(Late), glaciation, meltwater drainage, ice sheet, UK, Scotland; 13126. DTM, data acquisition, map, 04522. economic evalution, sustainability, agricultural land, land degradation, soil erosion, soil life, residual suitability, Sierra Leone; Botswana; 03948. environmental assessment, flood plain management, flood defence initiative planning, flood control, UK, England, River Thames; 05257. eutrophication, flushing, sedimentation, phosphorus dynamics, lake water quality, 13337. free torsion pendulum test, seismic loading condition, 03764. GIS, volcanic terrain, severe gully erosion risk, conservation priorities, gully erosion, Mexico, Tlalpujahua; Huasca; 12031. glacimarine sediment, sedimentation, rate model, iceberg melting, process model, description, 04987. gully advancement, gully erosion, overland flow, erodibility, India, Bihar, Chotanagpur Plateau; 00215. lidar, backscatter, aerosol, carbon dioxide laser, stratosphere, 12560. melt water, refreezing, dry snow, wet snow, freezing rate, wetting-front propagation, analysis, 01461. mixed layer growth, Koorin Experiment, boundary layer data, tree covered terrain, closure constant, Australia; 13514. moist atmosphere, conservative property, mass, entropy, reversible process, thermodynamic foundation, 13607. NOAA, hydrologic model, water resource, Canada, Rocky Mountains; 11614. nuclear explosion, ozone, photochemical reaction, stratosphere, 11389. ozone, reaction, measurement, nitrogen oxide, power plant, plume, night, 13728. regional planning, GIS, 13976. science, technology, ecosystem, acidification, 02783. sedimentation rate, iceberg, iceberg melt rate, glacier flow velocity, glacier thermal regime, 04955. silty soil, undrained triaxial test, Cam Clay concept, constitutive property, Sweden; 03815. slope development, landslide, scarp retreat, weathering rate, mass diffusion model, geomorphology, Japan; 03699.

soil-structure interface behaviour, elastoplasticity, rate type law, 00248. TM data, geological mapping, ecological mapping, Peru, Andes; 09179. vegetation, water balance, sediment yield, forecast, landscape change, climatic change, 03703. water balance term, Earth surface, satellite remote sensing, energy balance, Botswana; 11184. water erosion, water repellency, runoff, sediment yield, dune terrain, Netherlands; 12036.

modelling approach
organic acid, mineral weathering, weathering, acid rain research, historical weathering loss, input output budget, strontium isotope, till, Norway; Sweden; Finland; 09626.

modelling capability
computerised spatial analysis, GIS, object based structure, 05629.

modelling development
GIS, geographic information system, distributed computing, 10318.

modelling periphyton
surface water quality, water purification, contaminant concentration, biofilm kinetics, channel flow, 05200.

modelling problem
spatial averaging, photochemical model, stratosphere, ozone budget, 07889.

modelling result
CLIMAP, full glacial summer temperature, summer temperature, Wisconsinan, vegetational zonation, pollen, macrofossil, snail, boreal forest species, treeline, temperature depression, North America; 02662.

modelling spatial data
spatial data analysis, spatial referencing, parametric model, spatial data collection, 05627.

modelling spatial uncertainty
solute transport, transport model, groundwater flow, kriging technique, nitrate, water quality, network geometry, Austria; 09893.

modelling strategy
air pollution, pollution control, satellite picture, sounding, plume behaviour, chimney, deposition, 11294.

modelling tool
prototyping tool, forest inventory, SIRS, 13936.

models of space
locational referencing, GIS, misuse, 03362.

Moderate Resolution Imaging Spectrometer
Earth observing system, global process, 12772.

modern analog
Sangamonian, forest history, climate, organic deposit, climatic optimum, Sangamon Interglaciation, Canada, Atlantic Coast; 07261.

modern analogue
lacustrine sediment, source rock, isotope, lake, rift, 11826.

modern bone
dating, bone sample, accelerator mass spectrometry, calcium-41 concentration, Egypt; 02573.

modern environment
ancient environment, glacimarine process, sediment, 06112.

modern surveying practice
electronic field recorder, legal reliability, evidentiary admissibility, 12819.

modification
undisturbed sample, saprolite, bulk density, bucket auger, 12012.

modified
USLE, DTM, high resolution map, soil loss, rain wash, differentiated USLE, 02715.

modified biochemical oxygen demand method
algal growth potential method, lake water quality, phosphorus, limiting nutrient, phytoplankton, biologically available phosphorus, chlorophyll-a, trophic state, eutrophication, reservoir, Japan, Kiso River; 04051.

modified neglect of differential overlap
enthalpy, entropy, hydrogen bond strength, water cluster, cosmic ray, 00846.

modified structure function
air quality monitoring, sulphur dioxide, pollution, Germany, North Rhine-Westphalia; 01966.

modon
vorticity, blocking, potential vorticity, streamfunction, 01893.

modulation transfer function
radar cross section, microwave backscattering, wind speed, wave antenna angle, 08112.

Module Autonome Pluridisciplinaire
resuspension, benthic community, abyssal water, biological activity, particle concentration, temporal variation, nephelometry, Atlantic, Bay of Biscay, Meriadzek Terrace; 07024.

modulus of elasticity
ground moduli, seismic method, wave velocity, settlement calculation, shear moduli, Denmark, Copenhagen, Sollerod; 04912.

mogote
karstic landform, lithology, structure, temperate karst, tropical karst, polymorphism, residual karst relief, Spain; Poland; UK; 08405.

Mohnian
Miocene, chert, reservoir, Monterey Formation, USA, California, Santa Barbara Channel; 11718.

Mohr-Coulomb analysis
Monot double-hardening model, strain softening dilatant soil model, localisation, porewater pressure, 00252.

moire crack gauge
TM71 Crack Monitor, rock dilation, slope monitoring, creep, interferometry, landslide, Canada, Alberta, Frank Slide; 10710.

moist atmosphere
conservative property, mass, entropy, reversible process, thermodynamic foundation, modelling, 13607.

moist baroclinic instability
Rossby number, semi geostrophic equation, updraft, hydrostatic approximation, slantwise convective adjustment, Brunt-Vaisala frequency, eddy flux, baroclinic wave, 04293.

moist convection
baroclinic atmosphere, radar, upper air sounding, low level jet, 01912. scale selection, convection, sloping terrain, wind shear, baroclinicity, 01853.

moisture
AVHRR, viewing angle correction, vegetation index, grassland, Australia, Victoria; 02214. entrainment, mixed layer depth, advective mixed layer model, heat, 07689. overland flow, alluvial lowland, hypodermic flow, soil crack, gilgai soil, microrelief length, depression, Zaire, Shaba; 07187. salinisation, sodium, vegetation, steppe, USSR, Kestanay Oblast, Turgay Plateau; 05101. sand dune, mean daily wind speed, turbulent wind, India; 03074. soluble salt, electrical conductivity, soil variability, texture, 00370. specific heat, dryline mixing, buoyancy, dryline convection, 04186. turbulent flux, pine forest, validation, land surface parameterisation, surface resistance, soil moisture, soil texture, 03073.

moisture accumulation
humus, deep loosening, Sod-Podzolic soil, 00400.

moisture adjustment
numerical weather prediction, tropical circulation, outgoing longwave radiation, satellite data, convective heating, diabatic initialisation, 01941.

moisture availability
soil moisture, saturation deficit, sensible heat flux, evaporation model, suburban evaporation regime, advection, landuse effect, surface energy balance, latent heat flux, atmospheric influence, Bowen ratio, 12153.

moisture budget
bulk transfer coefficient, latent heat flux, 11208. tropical squall line, squall line, heat budget, Africa, (West); 10110.

moisture capacity
bulk density, Chernozem, 01549.

moisture characteristics
crop mid day stress, tropical soil, soil texture, physical property, chemical property, calcareous soil, permanent wilting point, Sudan, Gezira; 10945.

moisture conservation
literature review, conservation technology, runoff, erosion, sedimentation, World Bank project, soil conservation, 02711. sandy soil, bare fallowing, mulching, drainage, evaporation, zero flux boundary, soil moisture storage, Niger; 07584.

moisture content
piston flow, hydraulic conductivity, tracer experiment, soil moisture potential, chalk, recharge, groundwater hydrology, evaporation, fissure system, drainage, unsaturated zone, aquifer recharge, UK, England, (Southeast); 07523. radon, soil, diffusion, 07361. summer temperature, moss cover, cryolite zone region, temperature regime, soil temperature, USSR, Central Yakutiya; 12362.

moisture convergence
latent heating, Beta plane, sea surface temperature, Rossby wave, Kelvin wave, 01884.

moisture deficit
kriging, isolinear map, soil attribute, soil profile attribute, prediction procedure, Netherlands, Mander; 10853.

moisture depth curve
hot air method, soil moisture diffusivity, Van den Berg and Louters method, diffusivity, 02895.

moisture diffusivity
latent heat flux, 00674.

moisture distribution
soil moisture regime, soil water tension, Europe; 12106.

moisture estimation
soil characteristic, evapotranspiration, water balance model, precipitation, evaporation, transpiration, runoff, drainage, temperature, cloud cover, humidity, wind speed, USA, Midwest; 12224.

moisture field
gas signal detection, greenhouse gas, signal, space, hydrological cycle, 11286. storm, precipitation estimate, rainfall rate, Hurricane Debby, thermodynamic field, convective instability, 10093.

moisture flux
aerodynamic roughness, land surface, skin temperature, surface climatology, sensible heating, lantent heating, heat flux, 06461. evaporation, hydrologic model, general circulation, climate model, scale problem, surface moisture, 07700. flux time scale, monsoon, surface flux patterns, heat flux, India; 12336.

moisture hysteresis
soption characteristics, soil moisture, Chernozem, chestnut brown soil, USSR, Siberia; 10864.

moisture movement
unsaturated soil, Richards theory, field monitoring, numerical prediction, UK, England, Wiltshire, Swindon; 13048.

moisture profile
infiltration, wetting front, neutron moisture meter, temporal variability, soil moisture storage, moisture retention, Burkina Faso; 06332.

moisture regime
soil freezing, soil facies, classification, landscape zone, soil forming process, profile truncation, USSR, Soviet Central Asia; 10951.

moisture retention
moisture profile, infiltration, wetting front, neutron moisture meter, temporal variability, soil moisture storage, Burkina Faso; 06332. Typic Hapludoll soil, cultivated land, landuse, forest, grassland, available water capacity, organic carbon, bulk density, infiltration rate, saturated hydraulic conductivity, soil moisture, moisture transmission, 11084.

moisture retention curve
fractal dimension, fractal structure, soil aggregate, pore structure, soil moisture, 13223. sedimentary soil, basaltic soil, soil texture, soil moisture, vapour pressure method, thermocouple psychrometer, USA, Arizona; 12223.

moisture sink
precipitable water, outgoing longwave radiation, rainfall rate, satellite measurement, tropical precipitation, precipitation rate, heat source, 01827.

moisture storage
hydrologic process, vegetation cover, runoff, soil moisture, mathematical model, 06259. melt water, infiltration, evaporation, fen, water bal-

ance, soil moisture change, hydrological process, permafrost environment, gamma density meter, 13438.
moisture transmission
moisture retention, Typic Hapludoll soil, cultivated land, landuse, forest, grassland, available water capacity, organic carbon, bulk density, infiltration rate, saturated hydraulic conductivity, soil moisture, 11084.
moisture transport
general circulation model, mass conservation, negative specific humidity, shape preserving method, advection process, computational aspect, 13578. spectral model, transport scheme, precipitation, numerical advection, 00754.
Mokau Mohakatino Group
provenance, Mesozoic basement, hemipelagic slope mudstone, Miocene, New Zealand, Taranaki, Waikawau; 05919.
molarity of an ethanol droplet technique
carbon content, groundwater flow, unsaturated zone, water repellency, wetting, abrasion, infiltration measurements, 00577.
molasse
lithoseismostratigraphy, depression, seismic complex, Cainozoic, USSR, Afghano-Tadzhik Depression; Fergana Depression; 07045. Miocene, sedimentation, core, dipmeter logging, cyclothem, tide, France, Mont-Saint-Michel; Alpes-de-Haute-Provences, Digne Basin; 07121. seasonal tropical climate, foreland basin, sand composition, tropical climate, arenite, Colombia, Guaviare River; Inirida River; Colombia, Llanos; 09324. sedimentary evolution, West Congolian Supergroup, Proterozoic, intracratonic trough, eustatic, Congo; 02420.
mole drain
soil hydraulic property, land drainage, surface runoff, water table depth, Dupuit-Forchheimer flow, soil water flow, 01698.
molecular connectivity
organic chemical sorption, organic carbon, aqueous solubility, octanol water partition coefficient, sorption coefficient, 08597.
molecular dating
amino acid, polycyclic aromatic hydrocarbon, microchemical dating, carbon-14, 05487.
molecular diffusion
eddy diffusion, methane, non methane hydrocarbon, Titan, homopause, 04194. salt water intrusion, coastal aquifer, fresh water-salt water interface, dispersion, Galerkin's method, 04118.
molecular level dating
fossil bone, amino acid, Clovis age, human fossil, bone dating, Quaternary extinction, accelerator radiocarbon dating, North America; 08428.
molecular mechanics
isomer, hopane, equilibrium ratio, biomarker, 07088.
molecular modulation spectroscopic technique
rate coefficient, photolysis, nitrate radical, 06618.
molecular modulation technique
reaction kinetics, radical, photolysis, iodoethanol, 06616.
molecular size
organic waste amendment, microaggregate, stability, humic substance, 00395.
molecular stratigraphic study
Peru margin sediment, Ocean Drilling Program, sea surface temperature, Pacific; Peru; 00275.
molecular structure
binding energy, entropy, specific heat, complex ion, 05520. organic matter, catagenesis, temperature, oxidation, hydrothermal solution, oil, 11780.
molecular viscosity
turbulent viscosity, pressure drag, boundary layer, surface Rossby number, form drag, Reynolds number similarity, 05396.
molecular weight
humic substance, metal ion, gel chromatography, soil organomineral, USSR, Moscow; 00403.
Mollic Haplaquept
pyrophosphate, hydrolysis, goethite, kaolinite, montmorillonite, Typic Hapludoll, 00422.
Mollisol
chemical structure, humic acid, fulvic acid, humic substance, Alfisol, USA, Ohio; 10899. forest soil, Entisol, Alfisol, sandy Mollisol, jack pine forest, total nitrogen, organic matter, available water capacity, prairie soil, USA, Minnesota; 08617. spatial variability, grid sampling, soil map unit, variability coefficient, soil survey, soil property, USA, Illinois; 08618. USLE, erosivity index, runoff, soil loss, bare fallow plot, Australia, New South Wales, Inverell; 02745.
mollusc
algae, sponge, stromatolite, lamination, Holocene, reef, cyanobacteria, Atlantic, (Northwest); Bahamas; 05924. bioerosion, sandstone, stack, morphological variation, calcareous sandstone, visor and notch morphology, Australia, Western Australia, Trigg Beach; 07075. Dreissena, bottom sediment, suspended matter, USSR, Dnieper-Donbass Canal; 01316. fossil association, gladioeustatic change, sea level change, Pleistocene(Early), Omma Formation, cyclic change, Japan, Kanazawa; 13175. limestone, coral, foraminifera, Eocene, conglomerate, carbonate sandstone, Germany, Bavaria, Calcareous Alps; 08256. palaeoecology, shale, Permian, Bennett Shale, Red Eagle Formation, cyclothem, USA, Nebraska, Richardson County; 01305. pollen, radiocarbon, method, concept, Quaternary stratigraphy, stratigraphical record, France, Massif Central; 03845. spore, pollen, diatom, Late Pleistocene, geomorphological data, USSR, Siberian Lowland; 11972. tufa, sedimentary environment, palaeogeography, limestone, karst, carbonate rock, 10718.
Mollusc assemblage
climatic cycle, SPECMAP data, oscillatory system, Late Glacial, climatic record, loess sequence, France, Alsace, Achenheim; 05020.
mollusc shell
faecal material, shear strength, seabed sediment, consolidation, Canada, Flemish Pass; 12954. gravel lag, barrier island, beach, Holocene, shoreline migration, shell assemblage, USA, Gulf Coast; 09426.
Mollusca
Quaternary stratigraphy, malacology, Geologists' Association, Kennard,A.S.(1870-1948), 06074.
molluscan assemblage
climatic change, radiocarbon date, midden, beach ridge, washover deposit, palaeogeography, water temperature, Holocene, Peru; 07206. diatom assemblage, pollen assemblage, transgression, uplift, Holocene, sea level change, peat core, radiocarbon dating, Japan, Choshi Peninsula, Takagami Lowland; 02684. last glacial period, malacofauna, late Quaternary, loess-like deposit, loam, Poland, Carpathians; 11970.
molluscan association
Pleistocene(Early), glacio eustatic, sea level fluctuation, Japan, Shimokita Peninsula; 02683.
molluscan fauna
clay, heavy metals, trace element, anthropogenic source, pollutant, mud, UK, England, Humber Estuary, Easington; 02381. palaeoenvironmental reconstruction, stratigraphy, climatic reconstruction, interglacial, Pleistocene, fluvial deposit, UK, England; 03893. Pleistocene(Middle), interglacial deposit, environmental implication, stratigraphic implication, palaeochannel, UK, England, Essex, Little Oakley; 02667.
molluscan remains
Baginton Lillington gravel, Palaeoloxodon antiquus, fossil assemblage, deposition environment, elephant remains, UK, England, Warwickshire, Snitterfield; 08477.
molluscs
Younger Dryas, Weichselian(Late), ice recession, isostatic rebound, till ridge, lithostratigraphy, glacial flute, basal till, calving, Barents Sea; 02644.
mollusk shell
isotope record, oxygen isotope profile, Pliocene marine palaeoclimate, Pleistocene marine palaeoclimate, carbon isotope profile, marine transgression, ice volume, palaeotemperature, Yorktown Formation, Chowan River Formation, James City Formation, USA, Atlantic Coastal Plain; 08475.
Molteno Formation
alluvial, graben, coal, red bed, aeolian deposit, Triassic, 03604. Whitehill Formation, classification, oil shale, hydrocarbon, kerogen, lacustrine, torbanite, Vryheid Formation, South Africa; 02463.
molybdate
molybdenum, Dalhousie clay, St. Bernard loam, sorption-desorption, phosphate, phosphorus, 13252.
molybdenum
Dalhousie clay, St. Bernard loam, sorption-desorption, phosphate, phosphorus, molybdate, 13252. forest plant, herbarium plant, precipitation, soil acidification, mineral weathering, strontium, titanium, zinc, cadmium, rubidium, potassium, manganese, boron, calcium, Norway; 00933. swamp, Pennsylvanian, black shale, 07093.
moment preserving principle
corner detection, gray moment, mass moment, 03323.
momentum
boundary layer, turbulent exchange, surface layer, surface flux, trace chemical species, water vapour, sensible heat, 00723. kinetic energy, convective atmospheric boundary layer, wall effect, turbulence closure, pollution, mesoscale model, 04460. kinetic energy, thunderstorm, gravity wave, 01932.
momentum balance
middle atmosphere, observation, Rossby gravity wave, stratosphere, LIMS, 12426.
momentum budget
clear air turbulence, mountain wave, surface roughness, wind shear, mountain, Spain, Pyrenees; France, Pyrenees; 10091.
momentum coupling
ocean atmosphere model, ocean dynamics, wind stress, 06482.
momentum diffusion
kinetic energy, enstrophy dissipation, semigeostrophic frontal model, Eady wave frontal model, frontal model, 12445. warm sector, ageostrophic circulation, semigeostrophic model, Eady wave, frontal model, 13587.
momentum equation
diabatic circulation, orographic forcing, latent heating, frontal zone, ageostrophic wind, 04286. diffusion equation, field diffusion experiment, accidental release, computation model, nuclear accident, nuclear pollutant, 11188. fluvial flow, surface wave, 10488. stream momentum method, surface water quality, river discharge, water resource, Poland, Odra Basin; Vistula Basin; 11110. timestep, shallow water equation, vector scheme, semi Lagrangian scheme, multrigrid solver, trajectory discretisation, 10084. turbulence model, canopy flow, 07687.
momentum exchange
atmospheric exchange, ocean exchange, solid earth exchange, Madden Julian oscillation, surface stress, daily time scale, 08935.
momentum flux
atmosphere surface exchange, turbulent exchange research, 10012. energy density, wave dissipation, velocity fluctuation, radar, Japan, Shigaraki; 01849. horizontal wind, vertical wind disturbance, stratosphere, radar, gravity wave, topography, 12309. radar observation, polar mesopause, Doppler Radar, mean flow acceleration, Norway, Andoya; 04257. sensible heat flux, boundary layer, wind speed, low level wind, primitive equation forecast model, 04324. velocity variance, wave energy flux, mesospheric momentum flux, radar, mean wind, USA, Alaska, Poker Flat; 04297.
momentum flux convergence
mesosphere, stratosphere, gravity wave, middle atmosphere, wave drag, Southern Hemisphere; 08929.
momentum transfer
flood plain, river channel model, scale distortion, compound river channel, boundary effect, velocity distribution, vertical scale, water depth, 05181. heat transfer, turbulent structure, rough surface, turbulence, boundary layer, 03066.
momentum transport
kinetic energy transport, microburst, storm, misocyclone, boundary layer, gust front, 03103. turbulent mixing, low level jet, aircraft data, jet maximum, surface friction, 04282. vegetation canopy, forest edge, turbulent flow, 00738.
momentum variation
intraseasonal time scale, interannual time scale, angular momentum, tropics, zonal contributions, global momentum, 12415.

monazite
drainage basin, sandstone, sedimentary provenance, Carboniferous, geochronology, zircon, UK, England, Pennines; 08270. rare earth elements, waste water, anthropogenic input, bastnasite, USA, California, Santa Barbara Basin; San Pedro Shelf; 08196.
Monin Abukhov similarity theory
boundary layer, turbulence closure scheme, soil heat conduction, Arakawa Schubert method, orography, subgrid scale physics, numerical weather prediction, general circulation model, 05438.
Monin Obukhov function
latent heat flux, sensible heat flux, evaporation measurement, Alpine basin, ALPEX RHONEX project, bulk transfer method, energy balance, Bowen ratio, profile method, Switzerland, Gletsch; Oberwald; 08659.
Monin Obukhov stability parameter
Richardson number, surface flux, turbulence characteristic, flux profile relationship, atmospheric surface layer, 04252.
Monin-Obukhov layer
temperature, humidity, complex hilly grassland, potential temperature, specific humidity, wind profile, radiosonde, surface roughness, surface flux, USA, Kansas; 01846.
Monin-Obukhov length
sodar, pollution meteorology, acoustic sounding, inversion, thermal structure, Pasquill stability, Richardson number, dispersion coefficient, 05496.
Monin-Obukhov similarity
polynya, surface energy balance, boundary layer height, resistance law, ice shelf, turbulent flux, Antarctica, Filehner/Ronne Ice Shelf; 00735. surface roughness, sea breeze, internal boundary layer, wind energy, 00733. turbulent kinetic energy, cyclogenesis, numerical weather prediction, boundary layer, mesoscale structure, surface energy budget, 01903.
Monin-Obukhov similarity theory
boundary layer, sea water temperature, air temperature, logarithmic profile, stability correction, wind speed, North Sea; 01856. Gaussian plume model, dispersion model, uncertainty model, source, emission estimate, 12511. stratification, turbulence, vertical velocity, potential temperature, boundary layer, local similarity theory, Australia; 03064. turbulent exchange, surface, chessboard type surface, profile measurement, inhomogeneity, 13551.
monitor reliability
charcoal monitor, alpha track radon monitor, short term measurement, uranium, 10203.
monitoring
automatic technique, marsh, nutrient, brackish water, tidal cycle, USA, Chesapeake Bay; 11824. data collection, automated data collection, hydrological observation network, 02828. deformation, bridge, photogrammetric precision, 04534. erosion, expressway, construction, extension, road construction, Australia, New South Wales, Sydney; 00368. geoecological monitoring, agricultural landscape, 04631. irrigation water quality, wastewater reservoir, BOD, organic contaminant load, water column, transparency, chlorophyll, dissolved oxygen, Israel; 04163. landscape change, National Park, aerial photograph, UK, England; Wales; 13909. pipeline, buried oil pipeline, impact, discontinuous permafrost zone, permafrost, terrain, Canada, Alberta, Northwest Territories; 05041. savanna, tree leaf production, vegetation index, primary production, AVHRR, NDVI, Senegal; 13950. soil moisture, reflectometry, realtime monitoring, USA, New Hampshire, Hubbard Brook Forest; 13895. soil, vegetation, grazing, semi-arid region, satellite, Australia, New South Wales; 02209. suspended load, salinity, current meter, radioactivity, water quality, Germany, River Ems, Gandersum; 05981. tropical forest cover, Global Resource Information Database, database, 04624. water quality analysis, sampling frequency, data handling, information system, water quality management, 11125.
monitoring network
deposition field, acidic deposition estimate, sulphate deposition field, acid precipitation, precipitation chemistry, air pollutant, Canada, Ontario; North America; 10975. gauging station, stream flow, data collection, Canada, Manitoba, Pembina River; 13322. groundwater quality monitoring, network design, confined aquifer, parametric statistical technique, nonparametric statistical technique, geostatistical technique, kriging, chloride concentration, Spain, Barcelona, Llobregat Delta; 01726. Kalman filtering, groundwater flow model, estimation error standard deviation, sensitivity analysis, network density, measurement frequency, water level, China, Zhengzhou; 11050. least square adjustment, deformation analysis, engineering network, 07959. mountain basin, soil erosion, transport parameter, runoff, landuse practice, soil erosion, sediment yield, Iran, Sefid Rud Basin; 08711. multiattribute utility function, optimal allocation, air monitoring station, 11385. optimisation, multiple objective function, pollution monitoring, network design, Spain, Tarragona; 13680. sample technique, landuse planning, groundwater protection, water management, point source pollution, sampling frequency, groundwater quality monitoring, site specific monitoring, automatic data acquisition system, Czechoslovakia; 12253. telemetry, river discharge, stream flow, hydrological data, flood, computer model, discharge forecasting, onchocerciasis, Togo; 06300. trend, pollution monitoring strategy, mobile laboratory, France, Paris; 06704.
monitoring procedure
remote data collection, hydrogeologic monitoring, telephone line, 05570.
monitoring programme
data quality, sampling regime, water management, water quality, regional water quality, water data, USA, Ohio; Colorado; 11112. glacial fluctuation, crevasse pattern, global warming, Kenya, Mount Kenya, Lewis Glacier; Gregory Glacier; 08512. groundwater hydraulics management, groundwater withdrawal, management model, hydraulic head, hydraulic conductivity, 09858. sediment production, soil erosion, suspended sediment, assessment strategy, rating curve, Hong Kong; 06244. standardisation, trend, laboratory intercomparison, European Monitoring and Evaluation Programme, 06678. water management, groundwater hydraulics, management model, optimal withdrawal rate, head level, hydraulic conductivity, 09926.
monitoring station
snow cover, snow melt model, runoff, flood forecasting, lysimetric snow pillow station, hydrology, Austria, Kuhtai; Tyrol; 08795.
monitoring system
expert system, climate change, forest renewal, hydrological investigation, water resource management, measurement technique, hydrological data, China; 09935. resource management, regional resource, 05721.
monitoring technique
analytical procedure, quality control, water budget, nutrient budget, mountain basin, data collection, stream flow measurement, precipitation gauge, hydrologic process, Switzerland, Alptal Valley; 06286. cost analysis, crystalline rocks, groundwater development, hydrogeology, aquifer yield, site selection, well design, USA, North Carolina, Piedmont Province; Blue Ridge Province; 05211. drainage basin, basin monitoring, sediment yield prediction, soil conservation, water resource management, 13331. snow hydrology, ice hydrology, snowstorage, glacier, water balance, river flow, remote sensing, hydrograph separation, 08794.
monitoring well
groundwater contamination, soil core sampling, physical measurement, chemical measurement, automatic transmission fluid, 11079.
monlinear balance equation
diabatic processes, dynamic balance, mesoscale model, quasi-geostrophic omega-equation, 01913.
monocarboxylic acid
fatty acid, air-sea exchange, organics, ketocarboxylic acid, marine atmosphere, oxoundecanoic acid, aerosol, ketoacid, Pacific; 03243.
monochromatic atmospheric reflectance
aerosol parameter, pollutant, 12695.
monoclinal structure
hydrogeology, sedimentary aquifer, microbasin, groundwater dynamics, water resource, fold mountain, mountain region, 08768.
Monod model
double substrate limiting model, environmental factor, water quality model, substrate inhibition, nitrification, growth kinetics, nitrifying microorganism, 09836.
monodispersion aerosol
particle, refractive index, optical counter calibration, 13681.
monolith
laboratory study, soil reference collection, sliced profile, Tunisia; 09759.
monomictic
carbonate, palaeohydrology, sediment record, maar lake, lake, meromictic, Australia, Victoria, Western Volcanic Plains District; 05818.
monosaccharide
microorganism, degradation, carbohydrate, peat, mangrove, USA, Florida, Everglades, Shark River; 04839.
monosiallitisation
ferruginisation, weathering mantle, chemical weathering, chlorite, palaeoweathering, Hercynian Massif, smectite like mineral, kaolinite, geothite, hematite, weathering profile, Spain, Iberian Hercynian Massif; Portugal, Iberian Hercynian Massif; 02707.
monospecific foraminifera
isotopic change, Glacial-Holocene trend, fine fraction, stable isotopic stratigraphy, pelagic carbonate, last glacial termination, 04954.
Monot double-hardening model
strain softening dilatant soil model, localisation, porewater pressure, Mohr-Coulomb analysis, 00252.
monoterpene
emission, open top chamber, forest air, alpha-pinene, beta-pinene, diurnal variation, 13661. hydrocarbon, acidiccompound, pollutant deposition, ozone, sulphuric acid, aerosol, 06615. nitrogen oxide, hydroxyl radical, beta pinene, d limonene, alpha pinene, sabinene, terpinolene, 09065. ozone, sulphur dioxide, nitrogen dioxide, sulphuric acid, nitrogen oxide, pinonaldehyde, organic nitrate, 05505. rate constant, camphene, sabinene, hydroxyl radical, nitrate radical, ozone, 06568. water vapour, Criegee biradical, alkene, peroxy radical, hydrogen peroxide, forest air, ozone, terpene, isoprene, 03198.
monoterpene concentration
terpene, biogenic hydrocarbon, maple tree, Canada, Quebec; 06556.
monotone
finite difference approximation, advection condensation problem, numerical difficulty, cloud-environment interface, flux corrected transport, 12464.
monotonic cloudiness trend
cloudiness, observing practice, USA; 10145.
monovalent cation exchange
acid-base model, clay mineral, ion-exchange model, ion-exchange resin, cation exchange, exchange isotherm, thermodynamic exchange constant, 12066.
monoxide
polar vortex, ozone depletion, heterogeneous chemistry, stratosphere, chlorine, Arctic; Antarctica; 00824.
monsoon
aeolian palaeogeomorphology, desert sand, aeolianite, climate change, linear dune, Arabia, Wahiba Sand Sea; 13101. aridity, Holocene(Middle), vegetation record, palaeoclimatic significance, packrat, midden, vegetation, USA, Nevada, Mojave Desert, McCullough Range; 13089. avalanche hazard, mapping snow cover, mountain, Afghanistan; 09177. baroclinic circulation onset, upper level anticyclone, composite study, Australian summer monsoon onset, summer, Australia; 12338. climate response, smoke, burning oil, oil well, soot transport model, Kuwait; 13645. cloud, rain intensity, electric potential gradient, condensation nuclei, microphysical observation, electrical observation, dynamical observation, India; 13610. coastal upwelling, planktonic foraminifera, sea surface temperature, thermocline, marine sediment, upwelling field variability, data-model comparison, global circulation model simulation, Indian summer monsoon, Indian Ocean; Middle East, Arabian Sea; 02617. continental shelf, clay mineral, montmorillonite, illite, kaolinite, 12870. continental shelf, sediment trap, clay mineral, terrigenous material, deep sea fan, Indian Ocean; Arabian Sea; 08185. convection scheme, cloud ensemble characteristics, stability dependent closure, UK Meteorological Office, general circulation model, 10112. convection,

geopotential height, low frequency monsoon, empirical orthogonal function, longwave radiation, Indonesia; Australia; 12331. coupled atmosphere-ocean system, rainfall, mixed layer, sea surface temperature, interannual variability, El Nino/Southern Oscillation NSO event, India; Pacific; 12375. cyclone formation, AMEX, tropical cyclone, 11175. deep sea core, Indian summer Southwest Monsoon, coastal upwelling, palaeoproductivity, uranium series radiochemistry, spectral analysis, Arabian Sea; 09568. deep sea sediment, current system, plate tectonics, accumulation rate, Neogene, climatic change, Indian Ocean, Mascarene Plateau, ODP Hole 711A; 03578. deforestation, soil erosion, landslide, anthropogenic effect, flooding, Thailand, Surat Thani, Lam Phan River; Chawang River Basin; Thailand, Surat Thani, Tapi River; 01758. divergence, precipitation, whirlwind velocity, kinematic structure, India; 11233. eastward propagating mode, Hadley Cell perturbation, low frequency mode, tropical radiation, radiation budget, 12314. El Nino, sea level pressure, sea surface temperature, Asia; Pacific; Australia; USA, Alaska, Aleutian Islands; 00710. El Nino/Southern Oscillation, interannual mode, equatorial disturbance, 12397. environmental effects, oil burning, oil well, satellite observation, fire, acid rain, photochemical smog, Kuwait; 13646. glacial landform, glacial advance stage, Annapurna, Little Ice Age, Gangapurna, Neoglaciation, Pisang, Manang, Buradhan, Omdu, moraine, Nepal, Himalayas, Manang Valley; 03884. heavy metal, contamination, sewage, pollutant, India, Bombay, Ulhas River; Thane Creek; 12907. INSAT satellite measurement, monsoon failure, tropical storm, storm, cyclone, intraseasonal oscillation, Asia; 12335. inversion, convective activity, subsidence, marine boundary layer, Indian Ocean; 03067. lake level, general circulation model, Milankovitch, albedo forcing, tropical monsoon, geological evidence, numerical simulation, sensitivity experiment, Quaternary, palaeoclimatology, Africa; 09540. lifting condensation level, stability, sub-cloud layer, 03071. magnetic susceptibility, periodicity, dust, upwelling, aeolian deposition, 12896. Milankovitch forcing, pluvial climate, climatic episode, global climate, Quaternary(Late), jet stream, North America; Africa, (North); 13077. monsoonal westerlies, baroclinic structure, intraseasonal oscillation, westerlies oscillation, Australia, Northern Territory, Darwin; 13493. North Equatorial Current, Pleistocene, climatic change, pollen analysis, Site 717 core, Bengal deep sea fan, glacier, sediment input, India, Bay of Bengal; River Brahmaputra; India, River Irrawaddy; India, River Ganges; India, Himalays; 04965. oceanic circulation, continental margin, oxygen minimum zone, interglacial, glacial, Arabian Sea, ODP Site 724; Oman Margin; Arabian Sea, ODP Site 725; 11693. orographically induced disturbance, heating contrast, ocean, continent, 08865. oxygen, carbon, isotope stratigraphy, thermocline, upwelling, sedimentation rate, glacial interglacial cycle, Indian Ocean, ODP Site 723; Arabian Sea, ODP Site 725; 11924. palaeoclimate, deep sea pollen record, pollen, tradewind circulation, Atlantic; Africa, (West); 13083. Pleistocene(Late), hydrography, planktonic isotope record, benthic isotope record, stable isotope record, foraminifer, glacial interglacial amplitude, surface water temperature, cooling event, carbon accumulation rate, upwelling, Indian Ocean, ODP Site 724; Arabian Sea, ODP Site 724; 11922. predictability, low frequency mode, extended integration, filtering, initial state, sea surface temperature, 12473. primitive equation model, Kuroshio current, sea surface temperature anomaly, Pacific; 10035. rainfall total, homogeneous zone, heavy rainfall, India; 07679. rainfall, regression equation, surface temperature, upper air temperature, temperature, India; 12346. rainfall, warm pool, sea surface temperature, Pacific; India; 07744. regional diversity, tropical region, China; 01387. runoff, stream discharge, meltwater production, summer precipitation, Pakistan, Karakoram; 02935. satellite data, evporation rate, bulk aerodynamic formula, precipitation, water vapour flux, Arabian Sea; 00746. satellite observation, ocean thermal forcing, cloud effect, air sea interaction, India; 12377. sea surface temperature, model sensitivity, general circulation model, 10062. seasonal change, wind field, tropics, outgoing longwave radiation, ITCZ, 12343. spectra, maximum entropy method, time scale, intraseasonal zonal wind, zonal wind fluctuation, radiosonde observation, India; 12402. surface flux patterns, heat flux, moisture flux, flux time scale, India; 12336. suspended solids, heavy metal, industrialisation, anthropogenic discharge, pollutant, sewerage, India, Bombay, Thane Creek; Ulhas River; 12906. thermodynamic structure, air subsidence, convective layer, boundary layer, India, Deccan Plateau; 13506. total annual load, coarse silt fraction, sediment discharge, water discharge, stream flow, total suspended matter, sediment concentration, India, Mahanadi River Basin; 05155. uplift rate, glacial landform, semi arid landscape, erosion rate, geomorphology, climato tectonic framework, uplift, denudation, India, Himalaya; 07149. upwelling, environmental gradient, coastal wind, coastal upwelling gradient, Pleistocene(Late), Indian Ocean; Arabian Sea; 11919. upwelling, lipid, Miocene, organic matter, organism, Arabian Sea, Owen Ridge; 11807. winter, stack, dispersion parameter, effluent, sulphur dioxide, Mathura refinery, India, Agra, Taj Mahal; 11384.

monsoon circulation
El Nino, sea surface temperature, air-sea interaction, 03089. planetary scale wave, synoptic scale wave, wave, meridional circulation, low latitude, Hadley cell, Asia, (East); 11236.

monsoon dynamics
baroclinic disturbance, Hadley circulation, Rossby wave, intra seasonal oscillation, tropical atmosphere, 04276.

monsoon evolution
tropical storm, intraseasonal oscillation, cloudiness, precipitation, imaging system, data analysis, monsoon study, 05285.

monsoon failure
tropical storm, storm, cyclone, intraseasonal oscillation, monsoon, INSAT satellite measurement, Asia; 12335.

monsoon flow
interannual variability, empirical orthogonal function, pseudo stress, Indian Ocean; 12351.

monsoon history
oxygen isotope record, palynologt, climate change, pollen transport, marine core, monsoonal climate, Indian Ocean; Arabian Sea; 11920.

monsoon rainfall
coupling, El Nino, planetary scale wave, India; 12378. meridional wind index, regression analysis, prediction, summer monsoon, Indian monsoon, India; 12472. sea surface temperature, rainfall value, summer monsoon, India; Australia; 10006. upper layer thickness, interannual variability, summer monsoon, Arabian Sea; India; 12380.

monsoon season
cold air flow, snowfall, updraft, downdraft, boundary layer, Doppler sodar, Japan, Sapporo; 03061.

monsoon study
monsoon evolution, tropical storm, intraseasonal oscillation, cloudiness, precipitation, imaging system, data analysis, 05285.

monsoon system
cyclone activity, elevation, precipitation condition, mountainous region, China, Xinjiang Province, Tianshan Mountains; 08652.

monsoon trough
boundary layer, experiment, tower, sodar, tethered sonde, 13525.

monsoon wind
aridity, dust source area, Milankovitch cyclicity, grain size record, periodicity, million year record, summer monsoon wind, continental aridity, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11925. pycnocline, Findlater Jet, upwelling fauna, sediment record, upwelling field variability, model experiment, ocean model, Indian Ocean; Middle East, Arabian Peninsula; 02616. upwelling strength, Globigerina bulloides, climate optimum, sediment record, simulated upwelling, Arabian Sea; 13085.

monsoon-trade interaction
interannual oscillation, low frequency oscillation, meridional wind, sea surface temperature, ITCZ, Indian Ocean; Pacific; 12373.

monsoonal climate
monsoon history, oxygen isotope record, palynologt, climate change, pollen transport, marine core, Indian Ocean; Arabian Sea; 11920.

monsoonal drought
teleconnection, Rossby wave, 03091.

monsoonal westerlies
baroclinic structure, intraseasonal oscillation, westerlies oscillation, monsoon, Australia, Northern Territory, Darwin; 13493.

montane
glaciation, moraine, meltwater stream, age relationship, Laurentide, Canada, Northwest Territories, Mackenzie Mountains; 13110. sediment yield, humid tropical area, rainfall, bed material, relief, saprolite, Puerto Rico; 05808.

montane environment
geomorphological process, land management, reforestation, geoecology, mountain area, 11862.

montane forest
subalpine forest, spruce fir forest, acidity, organic matter content, forest soil, trace metal, USA, (Northeast); 07419.

Montane rain forest
tropical rain forest, rain forest, forest, ash fall, precipitation chemistry, nutrient flux, precipitation, throughfall, Colombia; 11299.

montane tropical rainforest
interception, canopy storage, storage capacity, rainforest, epiphyte cover, rainfall interception, Colombia; 07454. rainfall interception, interception, rainforest, storage capacity, canopy storage, epiphyte, evaporation, 07455.

Monte Carlo forecast
forcing, random initial value, initial value, forecasting result, 10054. probability density function, meteorological research, 01945.

Monte Carlo method
cluster, probabilistic estimate, 12644. forecasting, chaos, ensemble forecasting, lagged ensemble, 08987. plant canopy reflectance, photon transport, leaf dimension, 03430. probabilistic transform, Hough transform, computer vision, feature extraction, 11482. regional groundwater flow, groundwater flow model, deterministic model, water table elevation, probability model, two-point estimate method, 04124. reservoir, compaction, porosity, carbonate, fuzzy sets theory, 08310. typhoon season, simulation technique, tropical cyclone occurrence, China, Shanghai; 10065.

Monte Carlo model
vegetation canopy estimation, 09241.

Monte Carlo simulation
biosphere, ecosystem model, carbon dioxide exchange, carbon dynamics, seasonal exchange, 11322. confined aquifer, aquifer system model, sensitivity analysis, model calibration, transmissivity, groundwater flow, generalized sensitivity analysis, Australia, Victoria, Mildura; 09866. frequency distribution bias, log transformed frequency distribution, statistical analysis, frequency distribution, logarithmic transformation, 05109. groundwater flow model, model calibration, geostatistical technique, hydraulic conductivity, recharge rate, linear estimation, 09865. Markov Chains theory, stability analysis, block toppling failure, rock slope, probabilistic method, toppling failure, 04917. motion effect, hydrodynamic modulation, ocean surface wave, SAR, 08114. parameter uncertainty, pumping rate, dewatering, confined aquifer, head moment estimate, groundwater flow, 01724. spectral perturbation analysis, groundwater flow, soil hydraulic property, hydraulic conductivity, pore size distribution, specific water capacity, unsaturated flow, 06344. statistical method, parameter estimator variance, parameter estimator covariance, maximum entropy estimator, Pearson type-3 distribution, flood, 09779. statistical significance test, transition matrix, Markov chain, 09960. tracer, groundwater flow, heterogeneity, convective dispersion, Lagrangian velocity, Eulerian velocity, seepage velocity, 05224. transmissivity, pump test, chemical tracer test, reliability theory, non-converging flow field, head distribution, converging flow field, groundwater flow, 09871. value bias, random error, statistical framework, diagnostic tool, random observational error, model performance evaluation, data error, observational error, 08324.

Monte Carlo simulation model
meter estimate, lake seepage, surface water groundwater interaction, seepage flux, Canada, Alberta, Narrow Lake; USA, Michigan, Lake Sallie; 07486.

Monte Carlo study
rainfall sampling effect, stream flow, catchment model, rainfall excess, flood peak, basin response, rainfall runoff model, overland flow, USA,

Iowa, Ralston Creek Watershed; 12164.
Monte Carlo technique
sea ice, radar backscatter, 00996. upwelling light, light stream, natural water, visibility, remote sensing, water property, 12316.
Monte Spitz Limestone
cyanophycean, reef, algae, Triassic, Italy, Vicentinian Alps, Recoaro; 08258.
Monterey Formation
burial history, Neogene, bulk density, porosity, Sisquoc Formation, USA, California, Point Pedernales; 10503. Mohnian, Miocene, chert, reservoir, USA, California, Santa Barbara Channel; 11718. phosphorite, oxygen isotope, Miocene, upwelling, apatite, USA, California; 01336. San Gregorio Formation, bioturbation, Thalassinoides, Gyrolithes, fossil, burrow, Mexico, Baja California; USA, California, Mussel Rock; USA, California, Lompoc; 05921. shale, phosphorite, pore water, benthic community, bacteria, organism, USA, California, Naples Beach; 01311. thermal maturity, biomarker, hydrous pyrolysis, isomerisation, USA, California, Monterey; 02452.
Montgomery stream function analyses
temperature, dew point, ozone, meteorological condition, Chemical Instrumentation Testing and Evaluation, isentropic trajectory, air mass, synoptic scale wind field, 04372.
montmorillonite
adsorption, citric acid, hydroxy-aluminium, 12991. adsorption, polysaccharide, microstructure, transmission electron microscopy, textural organisation, 01349. aluminium, ferron method, clay, cation, 01350. beidellite, pumice, clay mineral, spring water, smectite, Indian Ocean, Kerguelen Islands; 08301. binary miscible displacement, ternary miscible displacement, exchange selectivity coefficient, Sharkey clay soil, cation mobility, calcium, magnesium, sodium, USA, Louisiana; 12092. clay mineral, spreading axis, plate movement, climatic zone, Atlantic, (Northwest); 00090. clay surface, adsorption kinetics, cyanazine, peat, 09687. continental shelf, river sediment, chlorite, clay mineralogy, illite, Arabian Sea, Gulf of Kutch; 12869. feldspar, Vizcarra Formation, diagenesis, Oligocene, Miocene, tuffs, Mexico, Durango; 01324. humic acid, fluvic acid, clay-humus complex, 02764. illite, kaolinite, clay-humus complexation, exchangeable cation, lattice charge, metal bonding, humic acid, 13230. illite, kaolinite, monsoon, continental shelf, clay mineral, 12870. iron, aluminium, copper, calcium, herbicide adsorption, acifluorfen herbicide, 09685. kaolinite, gibbsite, flocculation, provenance, continental shelf, clay mineral, India, Kerala; 00070. kaolinite, hydromica, soil-water film, specific surface, 00390. Lockport clay, dielectric constant, permeability, soil, organic fluid, consolidometer, kaolinite, 11889. mordenite, pH, adsorption, heavy metals, silicon, aluminium oxide, kaolinite, 00408. nitrogen, carbon, clay-organic complex, organic compound, thermal degradation, 00168. oxygen isotope, phillipsite, analcime, diagenesis, illite, smectite, USA, California, Searles Lake; 09329. point of zero charge, adsorption, flocculation, hydroxy aluminium, illite, 04867. potassium, calcium, potassium calcium exchange, adsorption kinetics, stirred flow chamber, clay mineral, vermiculite, USA, Texas, Llano; Arizona; 07395. sample size, sample packing, smectite, TGA, calcium, 03682. smectite, swelling, adsorption, desorption, hysteresis, 04866. surface free energy, swelling, aggregate wettability, organic adsorption, aggregate, humic acid, 09467. ternary aqueous solution, clay-organic interaction, acetonitrile, sorption, binary aqueous solution, acrylonitrile, 12081. Typic Hapludoll, Mollic Haplaquept, pyrophosphate, hydrolysis, goethite, kaolinite, 00422. volcanic ash, Campanian, smectite, ash, Scalia Rossa, Cretaceous, bentonite, Italy, Marchigiano Appenines, Furlo Gorge; 01354.
montmorillonitic soil
binary system, ternary system, selectivity coefficient, potassium exchange, calcareous soil, 10888.
Montreal Protocol
CFC production, photochemical climate model, climate change scenario, ozone, climate, 10152. CFC's, chlorine, ozone depletion, stratosphere, Antarctica; 10214. CFC's, global warming, climate change, surface temperature, radiative convective model, greenhouse effect, 04345. CFC's, ozone depletion, stratosphere, pollution, ultraviolet radiation, Arctic; Antarctica; 03209. developing country, CFC abatement, Canada, Montreal; 10171. ozone depletion, halocarbon, chlorine, halon, CFC's, emission, stratospheric ozone, 04409. ozone layer depletion, carbon dioxide, greenhouse gas convention, Austria, Vienna; Canada, Montreal; 10167. ozone layer depletion, CFC's, control measure, legislation, Canada, Montreal; 10168.
Montsouris regression
historical ozone data, surface ozone, ozone data, Yugoslavia, Zagreb; 13679.
monument care
environmental planning, landscape management, remote sensing, Czechoslovakia, Zdarske Vrchy; 13912.
Moody South Meadows ice margin
marginal alignment, lake stage, spillway, deglacial thinning, outwash, Wisconsinan(Late), ice margin, recessional event, USA, New York, Adirondack Mountains; 07231.
Moon
plant-induced, smectite neogenesis, mineral component, simulated lunar soil, crop plant, weathering, USA, Minnesota, Duluth; 12018.
Moore Glaciation
Cainozoic(Late), glaciation, interglaciation, interstadial, pollen analysis, weathering, Margaret Glaciation, Tullabardine Interstadial, Pieman Interglaciation, Langdon Interglaciation, Baxter Interstadial, Linda Glaciation, Regenct Interglaciation, Henty Glaciation, Australia, Tasmania; 02641. till, Henty Glaciation, outwash gravel, climatic change, glaciation, weathering, Pleistocene(Middle), glacial stratigraphy, Australia, Tasmania, Baxter Rivulet; 06134.
moorland
bird habitat, Landsat-5, 12774. conservation, Holocene(Mid), ecological history, UK, England; Wales; 01440. Flandrian(Middle) Period, hillslope forest, pollen, Mesolithic hunting band, burning, grazing, blanket peat, Ulmus decline, forest, UK, England, Derbyshire, Robinson's Moss; Pennines; 09583. hydrogeochemical variation, surface water quality, afforestation, deforestation, acidic oxide deposition, UK, Wales, Hafren Forest; 04091. landuse change, Model of Acidification of Groundwaters in Catchments, surface water chemistry, soil water chemistry, long term trend, acidification, atmospheric deposition, afforested catchment, UK, Scotland; Wales; 13446. peat soil, seasonal variation, surface water quality, dissolved organic carbon, land management, forest catchment, UK, Scotland, Loch Fleet Catchment; 02961.
moorland catchment
aluminium, stream water chemistry, afforestation, liming, forest catchment, UK, Scotland, Loch Fleet Catchment; 02883. precipitation chemistry, catchment process, chemical budget, surface water quality, attenuation, chloride, oxygen isotope, forest catchment, UK, Scotland, Crinan Canal; 02958.
Moraeneso Formation
Proterozoic, conglomerate, sandstone, mass flow, palaeovalley, Precambrian, Greenland; 03609.
morainal bank
subaqueous fan, fan delta, debris poor glacier, moraine, kame, glacier morphology, surficial geology, glacial stratigraphy, high arctic, mountainous terrain, till, Canada, Ellesmere Island, Wootton Peninsula; Phillips Inlet; 10764.
morainal bank sedimentology
marine ecology, glacimarine environment, grounding line, fjord readvance, basal till, till, diamicton, Holocene(Early), Greenland, East Greenland, North Scoresby Land, Skjoldungebrae Gorge; 04977.
moraine
boulder weathering, moraine morphometrics, glacial advance, Salmon Lake glacial unit, relative age data, Stewart River glacial unit, relative dating, USA, Alaska, Kigluaik Mountains; 04993. calving glacier, topographic control, glaciological control, Holocene, ice-sheet margin dynamics, Sisimiut glacial maximum, readvance, Greenland, West Greenland, Ilulissat; 00301. catena profile development index, soil catena, field data, relative age, USA; 09549. cirque headwall, landslide, talus slope, rock glacier, severe climate, Cryoboralf, Cryochrept, geology, geomorphology, soil, whitebark pine ecosystem, Pinus albicaulis, freeze thaw, mass wasting, glaciation, trough wall, Canada, Rocky Mountains; USA, Rocky Mountains; 03711. cryogenic bulge, periglacial, cirque, snowline, glacial trough, China, Beijing, Western Mountain, Lingyuesi Area; 11974. Dimlington Stadial, vegetation history, mass movement, corrie development, particle size analysis, SEM surface texture, postglacial, periglacial, landform, Devensian age, UK, England, Derbyshire, Seal Edge, Middle Seal Clough; 06197. equilibrium line altitude, Otira Glaciation, Quaternary(Late), glaciation, end moraine, Holocene(Late) advance, New Zealand, Mount Ruapehu; 02643. equilibrium line altitude, palynological investigation, vegetational change, neoglaciation, Holocene, glacial history, climate history, lake sediment, terrestrial deposit, Little Ice Age, Norway, Jostedalsbreen Region; 08464. forest growth, tourism, glacier, Switzerland, Alps, Aletsch Glacier; 11962. geological reconnaissance, SAR, lineament class, aerial photography, Canada, Newfoundland; 12718. glacier, depositional environment, glacial process, valley glacier, supraglacial debris, ablation area, sublimation, till, sediment landform association, India, Kashmir, Karakorum, K2 Glacier; 09580. glacier, moraine, landscape evaluation, polar morphology, alpine morphology, ice sheet, nunatak, glacially fretted upland, cirque, arete, horn, Antarctica, East Antarctica, Wohlthat Mountains, Humboldt Region; 10775. kame, glacier morphology, surficial geology, glacial stratigraphy, high arctic, mountainous terrain, till, morainal bank, subaqueous fan, fan delta, debris poor glacier, Canada, Ellesmere Island, Wootton Peninsula; Phillips Inlet; 10764. La Grande Pile sequence, Les Echets sequence, Lac du Bouchet sequence, last climatic cycle, terrestrial record, karst infilling, France; 06084. laminated sediment, nutrient, isostatic uplift, bottom sediment, clay, varved clay, Baltic Sea; 00074. landform degradation, lateral moraine, slope, relative dating, USA, California, Lee Vining Canyon; 13116. landscape evaluation, polar morphology, alpine morphology, ice sheet, nunatak, glacially fretted upland, cirque, arete, horn, moraine, glacier, Antarctica, East Antarctica, Wohlthat Mountains, Humboldt Region; 10775. lichenometric date, lacustrine sediment, buried soil, weathering study, Little Ice Age, glacier fluctuation, radiocarbon date, Scandinavia; Sweden; Norway; Finland; 10774. lichenometry, dendrochronology, radiocarbon dating, Little Ice Age, climate change, glacier fluctuation, USSR, Tien Shan; 13192. loess, Holocene, moraine, till, soil development rate, radiocarbon date, loess reworking, fire, frost action, soil age relationship, Quaternary(Late), New Zealand, Southern Alps, Arrowsmith Range; 07324. meltwater stream, age relationship, Laurentide, montane, glaciation, Canada, Northwest Territories, Mackenzie Mountains; 13110. monsoon, glacial landform, glacial advance stage, Annapurna, Little Ice Age, Gangapurna, Neoglaciation, Pisang, Manang, Buradhan, Omdu, Nepal, Himalayas, Manang Valley; 03884. neoglacial advance, tree ring, glacial fluctuation, dendrochronology, dating, climatic change, Argentina, Rio Negro, Rio Frais Valley; 03890. radiocarbon age, Quaternary(Late), glacial history, vegetative history, deglaciation, Glacier Peak G, Mount St Helens Jy, ash, reforestation, USA, Montana, Glacier National Park; 00293. rhyodacite, volcanic evolution model, glacial, volcanic geomorphology, andesite, cone collapse, corrie, dacite, debris avalanche, glacial valley, lahar, Quaternary(Late) sequence, Ecuador, Andes, Chimborazo-Carihuairazo Massif; 02516. talus, glacierisation, lichenometric study, Holocene, rock glacier, neoglacial moraine, Rhizocarpon, glacial advance, Canada, Northwest Territories, Frances Lake; Yukon Territory, Frances Lake; 08508. till, soil development rate, radiocarbon date, loess reworking, fire, frost action, soil age relationship, Quaternary(Late), moraine, loess, Holocene, New Zealand, Southern Alps, Arrowsmith Range; 07324. varve, palaeomagnetic data, Late Glacial sediment, glaciolacustrine sediment, Argentina, Chubut, Rio Corintos; 08476. volcano, karst, landscape scenery, geology, tectonic map, Italy; 10684.
moraine chronology
Rhizocarpon geographium, glacier, Arrowsmith set, Marquee set, lichenometry, rock weathering rind curve, Aranuian, vegetation history, New Zealand, Canterbury, Arrowsmith Range, Cameron Glacier; 08469.
moraine complex

timing, deglaciation, radiocarbon, lake sediment, Costa Rica, Cordillera de Talamanca; 03872.
moraine crest
global ice volume, oxygen isotope record, cosmogenic chlorine-36 chronology, glacial deposit, mountain glacier, chronology, boulder, USA, California, Sierra Nevada, Bloody Canyon; 00294.
moraine form
morphology, glacial transport direction, ore body, boulder train, striae, 06114.
moraine formation
subglacial sedimentation, glaciolacustrine sedimentation, rapid sedimentation event, glacial Lake Agassiz, esker, subaqueous fan, drainage network instability, discharge surging, Canada, Ontario; 09575.
moraine landscape
glacial bed, groundwater, pollution, hydrogeology, Denmark, Arhus; 07554.
moraine limit
neoglacial cooling, Quaternary glaciation, weathered glacial deposit, potassium/argon dating, tectonically active island, mountain ice cap, radiocarbon age, last glaciation, Equilibrium Line Altitude, New Guinea; 02633.
moraine morphometrics
glacial advance, Salmon Lake glacial unit, relative age data, Stewart River glacial unit, relative dating, moraine, boulder weathering, USA, Alaska, Kigluaik Mountains; 04993.
moraine stratigraphy
till, niviation valley, Skaerumhede sequence, Old Baltic Till, local till, tor, Norwegian Ice, snowdrift, Bastad flints, Sweden, Scania, Astorp; 05003.
morainic landform
Loch Lomond Stadial, raised deposit, British Geological Survey, drift map, till, marine deposit, former coastline, UK, Scotland, Greenock; Clyde Estuary; 07143.
morainic plateau
glacial spillway, Eemian, pollen analysis, glaciofluvial channel, indicator boulder, till stratigraphy, Germany; 11957. maximum extent, last ice sheet, Pleistocene, Vistulian(Late), Holocene, denudation magnitude, Poland, Osieczna; 00208.
morainic soil
peat soil, strontium-90, caesium-137, nuclear fallout, groundwater contamination, surface water contamination, surface geology, radiological contamination, drinking water, Denmark; Greenland; Faroe Islands; 04023.
mordenite
pH, adsorption, heavy metals, silicon, aluminium oxide, kaolinite, montmorillonite, 00408.
Morgan Bluffs Formation
Quaternary geology, Tertiary(Late), Pleistocene(Early), glaciation, interglaciation, Beaufort Formation, Worth Point Formation, Duck Hawk Bluffs Formation, Canada, Banks Island; 09581.
Morgan Creek Limestone
dolomite, burial fluid, fluid inclusion, brine, Cambrian(Upper), USA, Texas; 09398.
morning glory
gravity wave, solitary wave family, thunderstorm, density current, boundary layer, cold outflow, solitary wave, 01793.
morpho-structural analysis
SPOT, Landsat, rift system, geological photo interpretation, fault kinematics, China, Shaanxi, Wei He; 05704.
morphochronology
morphotectonics, crustal movement, global tectonics, denudation chronology, planation surface, summit level, Africa; Europe, (Central); Europe, (Southeast); Europe, (Northern); USSR, Caucasus Mountains; 13020.
morphoclimatic environment
fluvial deposit, time recording, superficial deposit, chronostratigraphy, 06136.
morphodynamic characteristics
slope, technogenous load, coastal slope, USSR, Crimea; 08399.
morphodynamic paradigm
geomorphology, practical research application, mineral, supergene deposit, relief, 04926.
morphodynamical investigation
exogenous process, geomorphology, 00203.
morphodynamics
fluvial process, methodological problem, fluvial relief, channel morphology, 08328. high mountain environment, warming, high mountain research, morphogenesis, 07142. tundra zone, relief unit, geomorphological process, soil development, soil mapping, aerial photograph, Canada, Yukon Territory, Richardson Mountains; 08610.
morphogenesis
coastal relief, continental margin, marginal ridge, subduction chain, sub marine geology, intra continental shear, Spain, Galicia; 03712. glaciation, Billefjorden Stage, Little Ice Age, outwash plain, Svalbard, Spitsbergen, Billefjorden, Petuniabukta; 02648. morphodynamics, high mountain environment, warming, high mountain research, 07142. palaeogeographical change, topographic expression, marine shell, marine, glacial, lacustrine process, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02521. Pleistocene, alluvial fan, palaeoenvironment, wadi, colluvial deposit, Morocco, Moulouya River, Ksabi Basin; 00020. wind erosion, wave abrasion, technogenic process, water erosion, man induced, USSR, Astrakhan, Aksarai; Volgograd; 03844.
morphogenetic classification
runoff, surface condition, infiltration, soil characteristic, crust, 12226.
morphogenetic processes
Jomon Transgression, sea-level fluctuation, tephra, paleoenvironmental analyses, Quaternary, marine deposit, Japan, Fukuoka City, Torikai Lowland; 11991.
morphogenetic zone
tectonic, sea-level change, river discharge, Black Sea; 03562.
morphographic projection
map projection, non spherical world, extraterrestrial cartography, 09152.
morphoisohypses
method, morphoisohypses map, tectonic relief reconstruction, USSR, Mangyshlak Peninsula; 03700.
morphoisohypses map
tectonic relief reconstruction, morphoisohypses, method, USSR, Mangyshlak Peninsula; 03700.
morpholithosystem
urban relief, stability, technogenic load, urban morpholithosystem, USSR, Moscow; Bratislava; 11906.
morphologic investigation
ESR dating, coral reef, palaeosealevel elevation, Barbados model, uplift rate, Pleistocene(Middle), chronology, Pleistocene(Late), sea level change, Barbados; 00319.
morphologic unit
Venera 15/16 mission, radar image, tesserae, volcano, geologic unit, Venus; 07157.
morphological analysis
urban area stratification, urban database, Ivory Coast, Bouake; 03475.
morphological change
bar, storm, nearshore, infragravity wave, edge wave, wave, Denmark; 02343. downstream channel, melt water, sedimentation basin, channel adjustment, sediment transport regime, hydropower scheme, Switzerland, Grande Dixence Hydro Power Scheme, Val de Ferpecle; Val d'Arolla; 08724. elevation change, erosion, sedimentation, river flow, tide, Germany, Lower Elbe, Rhinplatte Island; 00047. extreme event, bed erosion, bank erosion, unsteady flow model, flood event frequency, Switzerland, Reuss Valley; 08692. flood protection scheme, hydraulic model, model testing, flood reconstruction, flood damage, extreme flood, flood dynamics, Switzerland, Canton of Uri, Reuss River; 05176. trap sampler, bed load formula, sediment budget, channel instability, sediment transport, bank erosion, sedimentation, Canada, British Columbia, Fraser River; 12172.
morphological condition
river regulation, flooding, anthropogenic impact, flood plain, river dynamics, climatic condition, France, Loire River; 09795.
morphological consequence
mass movement, alpine river, aggradation, debris flow, extreme flood, Switzerland; 05991.
morphological decomposition
pattern recognition, range image, 10305.
morphological evidence
Quaternary, normal faulting, seismic hazard, wine glass valley, erosional surface, uplift, hanging glacial valley, earthquake, Spain, Pyrenees; Catalonia; 08362.
morphological feature
agriculture, faunal activity, loess, France; 00392.
morphological filter
multiple structuring element, mathematical morphology, image processing, 07995.
morphological indicator
satellite image, shape, Africa, Sahel; 02202.
morphological operator
image data structure, image processing, pattern recognition, computer vision terms, image operator, spatial operator, 10299.
morphological phenomena
stream erosion, denudation, land use, Italy, Pescara, Abruzzo; 06004.
morphological process
water resource, landuse potential, runoff, precipitation, wadi system, Sudan, Nile River; 12288.
morphological profile
raised marine beach, clisimeter route, altimeter route, photogeological map, aerial photograph, Svalbard, Spitsbergen; 02688.
morphological statistics
cloud field, physical parameter statistics, image transformation, parameterisation scheme, 10118.
morphological structuring
thresholding, distance transformation, greyscale element, 11478.
morphological template
decomposition, greyscale, 13804.
morphological variation
calcareous sandstone, visor and notch morphology, mollusc, bioerosion, sandstone, stack, Australia, Western Australia, Trigg Beach; 07075.
morphology
bathymetry, coral reef, computer graphics, three dimensional model, South Africa, Zululand; 04659. coastal erosion, deposition, remote sensing, Taiwan, Chang Hua; 10393. compressional origin, Magellan mission, ridge belt, Venus; 07159. control measure, coastal area, engineering, hydrology, Germany; 00198. glacial transport direction, ore body, boulder train, striae, moraine form, 06114. mineral weathering, neoformation, micromorphology, pedogenetic mineral, 01478. mineral weathering, neoinformation, weathering, silicate, pseudomorph, olivine, pyroxene, amphibole, mica, feldspar, nepheline, quartz, microfabric, 01477. mulching, Vertisol, feature quantification, 00379. ortstein, USSR, Kirov Oblast, Vyatka River; 01534. plate tectonic, polar ocean, sea bed morphology, bathymetry, Ross Sea; Weddell Sea; Arctic; 03870. quantitative analysis, fluvial erosion system, bifurcation, longitudinal profile, hypsometric curve, hydrology, hydrographic network, geomorphological heterogeneity, Spain, Basque Country; 11845. radar scattering, remote sensing, lava flow, USA, Idaho; 02204. soybean, selenium, spectral reflectance, 02238. water storage capacity, transmissivity, slope, hydraulic characteristics, water velocity, flow variability, in stream habitat, biota, catchment area, New Zealand; 10983. x-ray diffraction analysis, steppe soil, USSR, Kazakhstan, Tersek Plateau; 01610.
morphometric analysis
cartography, geographical morphometry, 09168. geomorphometry, fluvial process, relief property, basin morphometry, drainage frequency, drainage density, India, Karnataka, Gangolli River Basin; 11858. Glacial Lake Iroquois, swash zone, submerged drumlin, wave planed summit, proglacial lake, drumlin field, USA, New York; 07230.
morphometric assessment

gully, field measurement, lateral erosion, downcutting, backward erosion, erosion rate, USSR, Kazakhstan; 08333. lithologic control, drainage basin evolution, karst process, nickpoint, cluster analysis, ergodic hypothesis, rejuvenation, USA, Indiana, Crawford Uplands; 01378.

morphometric characteristic
trophic status, water level fluctuation, hydrologic regime, water exchange, flood plain lake, USSR, Ukraine, Dnieper Estuary; 02852.

morphometric characteristics
spatial differentiation, soil water regime, surface water distribution, clay loam, georelief, Czechoslovakia, Ronava River; 08627.

morphometric information
buffer, probability map, GIS, snow avalanche path, USA, Montana, Glacier National Park; 03460.

morphometric map
landscape complex, relief, Landsat-5, Czechoslovakia, Tribec Range; 12713.

morphometric method
neotectonic study, bifurcation ratio, longitudinal river bed profile, drainage pattern, uplift, morphotectonics, Poland, Carpathians; 00234.

morphometric variable
overland flow, gully morphometry, laterite terrain, Guyana, Rupununi Savanna; 07327.

morphometry
lithology, drainage, Iraq; 02205. retention time, thermal stratification, circulation pattern, dissolved oxygen consumption, eutrophication, loading capacity, river recovery, flow regime, biomass production, ecological modelling, reservoir, tropics, subtropics, South America; 12191.

morphopedology
semi arid area, limestone crust, red soil, fersiallite, Algeria; 07426.

morphostratigraphic marker
planation surface, ferricrete, Pleistocene(Middle), alucrete, silcrete, duricrust, Nigeria, Jos Plateau; 06006.

morphostratigraphic unit
floodplain, bedform, planform, point bar, Canada, British Columbia, Squamish River; 10501.

morphostratigraphy
chronology, Fenitian, Midlandian, glacial deposit, Devensian, Ireland; 13123. landform evolution, Pleistocene, pollen analysis, stone counting, radiocarbon dating, pedostratigraphy, lithostratigraphy, Weichselian moraine, Warthe stage moraine, Germany, Schlesweg-Holstein, Schwansen; 13144.

morphostructural analysis
horst, Rhodanian, tectonic movement, Pannonian, planation surface, fault, uplift, USSR, Carpathians, Lesser Carpathians; 08378.

morphostructure
fault system, seismotectonic feature, vertical movement, neotectonics, levelling, France, Provence; 00232. Triassic, Jurassic, geomorphological, palaeorelief, placer, USSR, Siberian Platform, Malo-Botuobinsky; 03691. volcanic upland, remote sensing data, Cenozoic(Late), volcanism, block tectonics, glacial erosion, fluvial activity, USSR, Georgia, Djavakhet Upland; 11871. young platformian plain, geotecture, platformian plain, USSR; 03724.

morphotectonics
climatic geomorphology, valley, river bench, 02500. crustal movement, global tectonics, denudation chronology, planation surface, summit level, morphochronology, Africa; Europe, (Central); Europe, (Southeast); Europe, (Northern); USSR, Caucasus Mountains; 13020. horst, tectonic scarp, USSR, Siberia, Baikal Rift Valley; 10694. morphometric method, neotectonic study, bifurcation ratio, longitudinal river bed profile, drainage pattern, uplift, Poland, Carpathians; 00234. relief, tectonic structure, planatation surface, USSR, Karakorum Range; 08380.

Morrison Formation
fining upward cycle, bounding surface classification, braided river deposit, Westwater Canyon Member, Jurassic, USA, New Mexico; 09397. Jurassic(Upper), latent facies mapping, discrete state data, binary pattern, USA, Kansas; 09478. porewater chemistry, lacustrine sediment, Lake T'oo'dichi', Brushy Basin Member, Jurassic, USA, Colorado Plateau; 11737. saline lake deposit, lake basin, dinosaur, Lake T'oo'dichi', Brushy Basin Member, Jurassic, USA, Colorado Plateau; 09425. saline water, strontium, barite, sandstone, Jurassic, USA, Colorado Plateau; 05936. vitroclastic, volcanic ash, lake bed, basin, sandstone, uranium, Jurassic, USA, New Mexico, San Juan Basin; 02388.

Morrison sequence
Otter Bank sequence, submarine end moraine, Sinclair sequence, stratigraphy, core, British Geological Survey, Quaternary geology, seafloor, UK, Scotland, Judd; 09564.

Morrote Formation
erosive episode, colluvial deposit, aluminisation, colluvium, bauxite, laterite, geological survey, Caraipe Formation, Brazil, Para, Serra de Trucara; 08339.

mortality
death level, cartograophy, Europe, (Western); 11636.

Morton evaporation model
Bouchet Morton evaporation model, catchment scale evaporation, actual evaporation, model calibration, Penman potential evaporation, evaporation, Thornthwaite soil moisture model, 10981.

Mortons model
daily evaporation, long wave radiation flux, complementary relationship areal evapotranspiration model, evapotranspiration, atmospheric radiation flux, short wave radiation, surface albedo, vapour transfer coefficient, wind speed, wind correction factor, regional evaporation, Canada; 09791.

mosquito habitat
spatial characterisation, rice field, USA, California; 11562.

moss
desert, vegetation, loess, dust, sediment trapping, Israel, Negev Highlands Desert; 12957. liverwort, tufa, limestone, calcium, algae, India, Himalaya, Nainital, Aberfoyle; 12958.

moss bag
epiphytic lichen, vascular plant, pine needle, pine bark, biological monitoring, mercury, Finland; 01979.

moss cover
cryolite zone region, temperature regime, soil temperature, moisture content, summer temperature, USSR, Central Yakutiya; 12362.

moss polster
peat core, pollen deposition, spore, New Zealand, South Island, Southern Alps; 06093.

moss sample
atmospheric deposition, principal component analysis, long range transport, multivariate analysis, trace element data, Norway; 07871.

MOSS survey module
digital surface model, survey, technology, DTM, 04531.

Mossbauer spectra
pore solution, illite, sandstone, reservoir, 12993.

Mossbauer spectroscopy
aluminium for silica substitution, Kimmeridgian, diagenesis, illite, smectite, North Sea; 09445. clay mineral, mineralogical investigation, soil component, Quaternary soil, Sudan, El Gezira; El Gunaid; Sudan, El Mukabrab; Sudan, El Gash; 09768. fulvic acid, Countesswells series, Tipperty series, iron concentration, soil solution, reversibility, iron(III) fulvic acid reaction, 09612.

motion
coastal transition zone, filament, AVHRR imagery, Lagrangian, USA, California; 06897. image motion, panoramic photograph, 04536.

motion analysis
optical flow, vision, 13782.

motion blurred image
image, point spread function, real world image, 13781.

motion compensation
drift angle, azimuth compression, 10254. SAR, inertial measurement, autofocus parameter, SAR platform motion, 10253.

motion effect
hydrodynamic modulation, ocean surface wave, SAR, Monte Carlo simulation, 08114.

motion estimation
threshold estimation, pattern matching, quantization, 02107.

motion initiation
gravel, overland flow, cohesive force, entrainment probability, empirical model, 10830.

motivational strategy
personnel motivation, surveying profession, 10237.

motor vehicle
dispersion, nitrogen oxide, emission, nitrogen dioxide, urban pollution, road, 00860. emission regulation, emission, Europe; 00820. emission, pollution, dispersion modelling, nitrogen oxide, trajectory model, power station, UK; 04424. emission, pollution, Europe; 00810. exhaust, emission, pollution, 00816. fuel combustion, aerosol, pollution, size distribution, trace metal, particulate matter, Puerto Rico, Ponce; 11399. Gaussian diffusion, air quality, pollution, urban environment, carbon monoxide, nitrogen oxide, particulate matter, lead, UK, England, London, Haringey; 00815. nitrogen oxide, catalytic converter, emission, pollution, Germany; 00813. pollution, exhaust emission, hydrocarbon, carbon monoxide, nitrogen oxide, formaldehyde, aldehyde, acetylene, butadiene, benzene, ambient temperature, tailpipe emission, 05503. pollution, gasoline, lead, volatile halogenated hydrocarbon, carbonyl, automobile, risk factor, Italy, Turin; 00809. pollution, greenhouse gas, carbon dioxide, pollution control technology, nitrogen oxide, UK; 00812. pollution, nitrogen oxide, pollution, coal fired power station, nitrogen isotope, 00871. pollution, particulate matter, carbon, aerosol, thermogram, carbon monoxide, lead, 00921. pollution, particulate matter, lead, UK, England, London; 00814. pollution, photochemical pollution, methanol, gasoline, ozone, 00879. pollution, topographically complex location, 00817. soil profile, lead, cadmium, copper, organic lead compound, PAH, pollution, UK, England; 00819.

motor vehicle emission
air quality, pollution, urban atmosphere, UK, England, London; 01971. airshed, urban area, pollution, Australia, Perth; 02019. bio assay, photosynthesis, particulate, pollution, traffic, plant chlorophyll, 05490. PAH, urban street dust, capillary gas chromatography, sulphur heterocyclics, pollution, sampling, Japan, Tokyo; 03251. photochemical smog, urban atmosphere, pollution, South Africa; 03149. pollution, urban atmosphere, pollution measurement, lead, automatic filter changer, 01977. street canyon, carbon monoxide, nitrogen dioxide, urban atmosphere, air quality modelling, air quality control, Netherlands, Amsterdam; 01988. sulphate, factor analysis multiple regression model, source apportionment, suspended particulate matter, refuse incineration, soil, sea salt, steel mill, vanadium, fuel oil combustion, aerosol, chemical mass balance, Japan, Tokyo; 05501.

motor vehicle pollution
dispersion model, wind tunnel experiment, pollution, 01987. lead particle, car exhaust, urban environment, sampling, France, Paris; 03267.

mould problem
buildings, ventillation, humidity, air velocity, fungi, hygroscopic spores, spore release, 13676.

mouldboard plough
cultivation, soil physical property, tillage, soil moisture, loess, 13227.

moulded soil
rapid wetting, air entrapment, differential swelling, mellowing, tensile strength, 00377.

mound
diagenesis, pore space, Pennsylvanian, algal-mound complex, carbonate, USA, Colorado; Utah, Paradox Basin; 04811. mesa, post glacial landscape, badland, melt water, gully, pinnacle, Canada, Alberta, Dinosaur Provincial Park; 11893. protozoan, sediment water interface, foraminiferan, ecological disturbance, biogenic mound, USA, California, Santa Catalina Basin; 10620.

Mount Daubeny Formation
palaeocurrent, Devonian, arenite, conglomerate, subsidence, Australia, New South Wales, Darling Basin; 11764.

Mount Harper Group

Windermere Supergroup, Precambrian, palaeokarst, breccia, calcrete, silcrete, Proterozoic, Canada, Yukon Territory, Ogilvie Mountains; 02410.

Mount St Helens
ash, reforestation, moraine, radiocarbon age, Quaternary(Late), glacial history, vegetative history, deglaciation, Glacier Peak G, USA, Montana, Glacier National Park; 00293.

mountain
acid rain, sulphate, nitrate, precipitation chemistry, UK, Wales, Snowdonia; 06701. agriculture, mining industry, avalanche, air pollution, aridity, glacier melt, deforestation, USSR, (Central Asia); 06230. desert, pasture, soil erosion, USSR, Kazakhstan; 10849. dynamics, chronology, Quaternary detritism, mudflow, flood, till, glaciation, gelifraction, shoreline, Mediterranean, France, Corsica; 01383. geoecological outlook, absolute height, gradient, landscape dynamics, instability, 11835. lake, spectral reflectance, water quality, USA, Adirondack Mountain; 11617. Landsat TM, elevation, forest classification, classification, France, Vosges; 09181. momentum budget, clear air turbulence, mountain wave, surface roughness, wind shear, Spain, Pyrenees; France, Pyrenees; 10091. monsoon, avalanche hazard, mapping snow cover, Afghanistan; 09177. precipitation, Probable Maximum Flood, terrain induced precipitation, digital terrain representation, Austria, Vienna; 06467. sulphate, nitrate, hydrogen, lead, ozone, elevation, ecosystem, deposition, acid deposition, 11321. uplift age, tectonism, fault block movement, wavy deformation, Japan; 07172. valley, air temperature, wind speed, drainage flow, inversion breakup, Canada, Alberta; 12446. watershed, GIS, Nepal; 02253.

mountain area
altimetric gradient, windchill, Italy; 10018. global change, proxy climate record, treeline fluctuation, natural hazard, Hypsithermal, Canada, Rocky Mountains; 01382. mass wasting, deglaciation, Little Ice Age, gelifluction, debris flow, Holocene, slope process, periglacial, Poland; Scandinavia; 13188. meteorological model, mass movement, low frequency rainfall, rainfall, geomorphic evolution, 11837. montane environment, geomorphological process, land management, reforestation, geoecology, 11862. soil development sequence, cation exchange property, clay mineralogy, New Zealand, South Island, Canterbury; 08639. soil landscape, erosion cycle, drainage basin, Mediterranean; 08628. timberline, snow, ice, relief evolution, dynamics, spatial organisation, geomorphic process, 11836. trough, cirque, glacier erosional landform, ice free area, basalt plateau, weathering, Tertiary lava, Last Glacial, Weichselian, Iceland, Horgardalur; 03885.

mountain basin
data collection, stream flow measurement, precipitation gauge, hydrologic process, monitoring technique, analytical procedure, quality control, water budget, nutrient budget, Switzerland, Alptal Valley; 06286. dual gauge system, recording gauge, air temperature, tipping bucket gauge, rainfall measurement, snowfall measurement, precipitation gauge, USA, Idaho, Reynolds Creek Watershed; 08649. forest catchment, actual evapotranspiration, water balance, surface temperature, air temperature, transpiration, 06268. hydropower, sediment transport, bed load, suspended load, reservoir deposit, Austria, Kaunertal Hydroelectric Power Station; 08721. infiltration rate, Kennessey method, runoff coefficient, aquifer recharge, Italy, Umbria Marche, Cucco Mountain; 08678. karst aquifer, snow melt, aquifer recharge, runoff, solar radiation, groundwater discharge, snow cover, France, Doubs; 08789. measurement technique, precipitation estimate, watershed variable, Markov chain-mixed exponential model, annual precipitation, ungauged catchment, daily precipitation, USA, South Dakota; Idaho, Reynolds Creek; 08655. melt water, discharge, runoff model, snow storage, glacier, mass balance, 08788. Parde index, flow rate estimation, stream flow, Alpine water course, mean monthly flow rate, Switzerland, Dranse de Bagnes, Valais Waterways; 12170. rain runoff model, spatial variability, flood prediction, rainfall intensity, effective rain, rain concentration index, 12171. rainfall distribution, runoff prediction, distributed model, radar, storage function model, large scale basin, Japan, Kusaki-dam Basin; 08688. river discharge, remote sensing, snow melt, glacier, mass balance, runoff, 08792. runoff model, melt water, glacier, daily runoff, tank model, China, Xinjiang, Urumqi River Basin; 08689. runoff production, infiltration, frozen soil, variable source model, China, Qilian Mountains, Binggou Basin; 08687. runoff, hydrograph computation, Hydrograph GGI-90 model, 08685. runoff, hydrograph, rainfall runoff modelling, microcatchment, Saudi Arabia; 08684. sediment deposition, sediment transport, bedload, step pool river, 08717. soil erosion, transport parameter, runoff, landuse practice, soil erosion, sediment yield, monitoring network, Iran, Sefid Rud Basin; 08711. spatial variability, water cycle, evapotranspiration, soil hydraulic property, stream flow generation, water balance, hydrological modelling, France, Ringelbach Research Catchment; 08644. stream flow gauging, ice cover, runoff variability, glacier, Switzerland, Alps; 08799. stream flow model, rainfall runoff model, daily runoff, tank model, India, Malaprabha River; 08683. structure calibration, stream gauging, current meter, forested catchment, grass catchment, evaporative loss, crump weir, v notch weir, water balance, flat v weir, dilution gauging, sediment accretion, velocity distribution, sediment load, solute load, UK, Scotland, Balquhidder, Kirkton Catchment; Monachyle Catchement; 08708. surface water groundwater interaction, snow melt runoff, silica, acid neutralising capacity, base cation, chemical weathering, water chemistry, USA, California, Sierra Nevada, Emerald Lake; 08735. topography, basin characteristic, snow water equivalence, water storage, snow storage, alpine watershed, glacier, mass balance, 08793. turbidity measurement, proglacial stream, sediment pulse, glacier, suspended sediment, sediment load, 08715. ungauged catchment, runoff modelling, stream discharge, flow condition, hydrological network, flow average, 08671. water storage, glacier, mass balance, Switzerland, Massa River Basin; D'Aletsch Glacier; 08787.

mountain belt
season, snow cover, forest limit, permafrost, thermal seasonality, Spain, Pyrenees; France, Pyrenees; 11167.

mountain blocking
lee cyclogenesis, cyclogenesis, step mountain, envelope orography, China, Altai Sayan; 08963.

mountain building
Phanerozoic, erosion, sedimentation cycle, sediment flux, uplift, 09415.

mountain building process
post glacial condition, glacial landform, landscape component, ecosystem, Switzerland; 06003.

mountain channel
aggradation, debris flow, channel, valley floor, fan, levee, terrace, USA, Oregon, Oregon Coast Range; 00211. travel distance, predicting, deposition, debris flow, USA, Washington, Cascades; Oregon Coast, Coast Range; 03707.

mountain climate
glacio-hydrological response, climatic change, sea surface temperature, planktonic foraminifera, historical record, instrumental record, 03044.

mountain climbing
women, exploration, explorer, Canada; 12671.

mountain dominated
natural hazard, debris flow, prevention, landslide, forecast, China; 01409.

mountain drainage basin
Late Glacial, long term sediment transport, storage, alluvial fan, debris production, Holocene, slope stratigraphy, slope lowering rate, denudation rate, quantitative study, sediment transport, Japan, Central Japan, Matsumoto Basin; 11861.

mountain flow
cold air, air damming, two layer steady state model, inversion layer, 13594. orography, envelope orography, 03101.

mountain footpath
path erosion, low maintenance route, risk assessment technique, erosion risk, South Africa, Drakensberg Mountains; 08412.

mountain forest
forest decline, wet deposition, dry deposition, cloud deposition, interannual variability, acidic deposition, USA, North Carolina, Mount Mitchell; 13652.

mountain front
colluvial stratigraphy, hillslope morphology, triangular facet, active normal fault zone, transport limited hillslope, colluvial transport rate, soil development rate, soil, geomorphic evolution, bedrock facet, tectonically active, USA, New Mexico, Sangre de Cristo Mountains; 02532.

mountain geosystem
anthropogenic impact, soil loss, unstable landscape, USSR, Great Caucasus; 06062.

mountain glacial climate
glacier, continentality, longwave radiation, condensation, evaporation, sublimation, precipitation, 03028.

mountain glacier
chronology, boulder, moraine crest, global ice volume, oxygen isotope record, cosmogenic chlorine-36 chronology, glacial deposit, USA, California, Sierra Nevada, Bloody Canyon; 00294. polar ice sheet, greenhouse warming, sea level, world mean sea level, thermal expansion, Antarctica, West Antarctic Ice Sheet; 01446.

mountain hazard
deforestation, downstream impact, high mountain forest, resource use issue, lapse rate, 03704.

mountain hydrology
evaporation estimation, river discharge, precipitation measurement, snow, glacier, water balance, river flow, bed load, water cycle, hydrological modelling, acid rain, basin characteristic, surface water resource, measurement method, 12135. relief conscious hydrological modelling, remote sensing, basin, instrumentation, hydrological measurement, altitude, 08646. sediment deposition, flushing, slope morphology, hillslope hydrology, flood hazard, landslide hazard, hazard mapping, artificial reservoir, flood control, reservoir, sediment transport prediction, flow regime, runoff process, extreme flood, 12136. snow cover, isotopic composition, altitudinal gradient, Switzerland, Alps; 12261. stream flow, suspended solid, sediment transport, erosion, Bolivia, Rio Beni; 12181.

mountain ice cap
radiocarbon age, last glaciation, Equilibrium Line Altitude, moraine limit, neoglacial cooling, Quaternary glaciation, weathered glacial deposit, potassium/argon dating, tectonically active island, New Guinea; 02633.

mountain lakes
Quaternary(Late), lake basin, pollen, aquatic vegetation, palaeogeographical condition, high mountain region, USSR, Tien Shan; Pamirs; 03898.

mountain meteorology
climatology, temperature lapse rate, windchill, 01842.

mountain model
limited area model, tropical cyclone, cyclone forecast, 08981.

mountain plain ecology
environmental impact, channel shape, sediment accumulation, groundwater regime, salt balance, mountainous terrain, downstream hydrology, hydrological effect, reservoir, China, Haihe River; 08647.

mountain pressure drag
Froude number, wave drag, surface pressure, 04242.

mountain range dynamics
uplift rate, surface uplift, rock uplift, rock exhumation, 04886.

mountain region
hydrologic regime, global climatic model, lagged response, spatial variability, geomorphic impact, climate change, erosion process, Canada; 01381. ion deposition, fog water interception, high elevation, cloud water, trace constituent concentration, 06601. monoclinal structure, hydrogeology, sedimentary aquifer, microbasin, groundwater dynamics, water resource, fold mountain, 08768. orography, boundary layer, Ekman pumping, downslope motion, ageostrophic component, 10010. snowline, glaciation, Great Asau glacier, recession, USSR, Caucasus Mountains; 13145. water balance diagram, climate description, France, Vosges Mountains; 07701.

mountain research
Philippson works, Rhine terrace, Vallendar pebble bed, peneplain, Germany, Rhine River, Schiefergebirge; 08341.

mountain river
channel adjustment, river regime, cross sectional area, aggradation, bedload transport, fluvial geomorphology, dam, bedrock river, suspended sediment, Israel, Golan Heights; 12174. gravel, particle size, river segmentation, Japan, Tohoku District; 05157. precipitation, suspended sediment, turbidity, USSR, Abkhaziya, River Bzyb'; 03523. runoff prediction, mathematical model, river runoff, macroscale rainfall field, complex relief condition, 05131.
mountain slope
isothermic zone, hyperthermic zone, hyperthermic isohyperthermic boundary, isohyet, soil temperature, soil moisture, USA, Hawaii; 04232. slope failure, crystallophyllian formation, foliation, anisotropic structure, mechanical anisotropy, France, Isere, Bourg-d'Oisans, Charmonetier; Alps; 03828. temperature inversion, ozone, Yugoslavia, Ljubljana Basin; 01978.
mountain soil
clay humic colloid, humus, particle translocation, Sombric horizon, organo clay horizon, pyroclastic material, Colombia, Andes; South America, Andes; 10935.
mountain stream
coarse sediment, bedload, Darcy Weisbach flow resistance, channel morphology, channel roughness, flow resistance variation, particle size analysis, Germany, Bavarian Alps, Lainbach River; 08712. concentration record, suspended sediment, erosion, bedload, sediment transport, Iran, Jajroud River Basin; 08718. lithium tracer, transient storage, acidic stream water, surface water quality, stream tracer, solute transport, advection, dispersion, USA, Colorado, Montezuma, Snake River; 01681. nitrate, ammonia, suspended sediment, forest, chemistry condition, stream water chemistry, Switzerland, Prealps, Flyschzone; 08733. runoff, acoustic sensor, sediment transport, hydrophone, bedload indicator, 08705. runoff, transport rate, sediment transport regime, snow melt, flood, sediment yield, dambreak, USA, Colorado, Roaring River; 08728. sediment transport, bedload discharge, sediment trap technique, unsteady flow, Schamov equation, Schoklitsch equation, flood condition, 08707. sediment trap, rating curve, transport formula, Helley Smith bed load sampling, Schoklitsch sediment transport formula, glacier, melt water, bedload, sediment yield, bed width, particle size, Switzerland, Valais, Bas Glacier d'Arolla; 08713. stream gauging, bedload, drop sill, overflow weir, gauging station, 08710. stream gauging, slug injection method, mass balance, continuous injection method, dilution gauging, USA, California, Sierra Nevada; 08669.
mountain terrain
desert terrain, thermal infrared measurement, surface energy radiance, soil type, soil moisture, 08072.
mountain torque
angular momentum, day length, surface torque, 00748.
mountain torrent
sediment transport, fluvial morphology, analytical photogrammetry, Switzerland, Riale di Prugiasco; 03467.
mountain valley
cold front, Europe, Alps; 04280. foehn, orographic modification, frontal passage, Alps; Germany, Bavaria, Alps; 04281.
mountain watershed
kinematic wave equation, Boussinesq equation, subsurface flow, runoff formation, rainfall runoff relationship, forest basin, capillary rise, non capillary flow, convolution integral, USSR, Carpathian Mountains; 09808.
mountain wave
surface roughness, wind shear, mountain, momentum budget, clear air turbulence, Spain, Pyrenees; France, Pyrenees; 10091.
mountain wave drag
complex terrain, Boussinesq flow, inertia gravity wave, 04283.
mountain wind
valley wind, wind, complex area, Switzerland, Gruyere, Sarine Valley; 13555.
mountainous area
landuse inventory, mapping, Italy, Ardeche; 11647. modelling, aircraft seeding, orographic cloud, 11270. oxidation, pyrite, oxidation front, dissolution front, mechanism, chemical weathering, mudstone, Japan; 01487. satellite, skin temperature, nocturnal temperature inversion, temperature inversion, 11213.
mountainous landscape
natural environment, landscape planning, conservation, USSR, Caucasus, Liakhvi River; 10427.
mountainous region
curve number method, alpine watershed, Soil Conservation Service curve number method, variable source area concept, saturation overland flow, runoff prediction, physical model, anthropogenic effect, flood event, Switzerland; 08679. monsoon system, cyclone activity, elevation, precipitation condition, China, Xinjiang Province, Tianshan Mountains; 08652. poisson process theory, Systeme Pour l'Etude d'Evenements Discrets, pluviometry, 12149. wind effect, rainfall variation, 08831.
mountainous terrain
beam interception, radar installation site, weather radar, ground clutter, digitized elevation model, precipitation measurement, France, Cevennes Region; 08651. cloud cover, snow cover, satellite data, hydrological modelling, Canada, Rocky Mountains, Kootenay Watershed; 08645. contour based method, saturation overland flow, subsurface flow, hydrograph, forested catchment, landscape partitioning, runoff modelling, Australia, (Southeast); 08680. downstream hydrology, hydrological effect, reservoir, mountain plain ecology, environmental impact, channel shape, sediment accumulation, groundwater regime, salt balance, China, Haihe River; 08647. evaporation, alpine tundra, water balance, energy balance, potential evaporation, heat flux density, soil moisture, Canada, Cordillera; 08658. fine mesh analysis, Europe, Alps; Pyrenees; 04285. flood hazard, finite difference solution, river network, hydrograph, Preissmann scheme, flood propagation, Hong Kong, Shing Mun River; Sham Chun River; 08676. rainfall variability, runoff generating mechanism, slope, topography, hydrogrph separation, hydrological modelling, 08681. till, morainal bank, subaqueous fan, fan delta, debris poor glacier, moraine, kame, glacier morphology, surficial geology, glacial stratigraphy, high arctic, Canada, Ellesmere Island, Wootton Peninsula; Phillips Inlet; 10764. valley wind, wind field, complex terrain, surface energy budget, Germany, Loisach Valley; 08962.
mountainous watershed
stream flow record, historical data, flow reduction, cloud seeding, rainfall depth, watershed management, rainfall runoff relationship, 05124.
mounting
ferromanganese nodule, rock polishing, sample preparation, 03684.
Mousterian deposit
Neanderthal remains, ESR dating, hominid bearing deposit, stalagmitic floor, Italy, Ligure, Caverna delle Fate; 01417.
Mousterian hearth
pleniglacial phase, last glacial period, Pleistocene(Late), fauna, Pliomys lenki, Ghiacciaia Cave, loess, Wurm(Early), Italy, Verona, Monti Lessini; 07211.
Mousterian period
Hengelo period, lithic industry, stratigraphy, carbon-14 dating, accelerator mass spectrometry, France, Ardeche, Lagorce, Ranc de l'Arc Shelter; 04934.
movable bed
bedload, dune, sand, gravel bed river, flume test, France, Chatou; 05798. flow phenomenon, hydraulic phenomenon, 04688. fluvial process, sediment transport, physical model, 05788. sediment transport, hydraulic modelling, similarity law, physical model, 05791. sediment transport, spatial lag, scaling law, scour, physical model, 05789.
movable mesh model
skill, storm structure, prediction experiment, Hurricane Gloria(1985), multiply nested model, 12476.
move window estimation
kriging, automated variogram modelling, spatial analysis, acid precipitation, non linear regression, variogram modelling, 04195.
movement
Wellington Fault, horizontal offset, slip rate, dextral slip rate, vertical movement rate, Quaternary(Late), New Zealand, Upper Hutt; 00236.
movement mechanism
slide velocity, landslide, varved clay, slide stability, landslide hazard, France, Alps, La Mure; 04921.
movement rate
recurrence interval, extensional tectonism, neotectonic history, structural style, Campo Grande Fault, fault, basin and range tectonism, fault scarp, USA, Texas, Hueco Basin; 11881. snowfall, forecasting, USSR; 11274.
movement stabilisation
date frond mat fence, wind erosion, barrier density, sand movement, erosion control, United Arab Emirates; 06231.
movements detection
collision, vertical movement, microfossil assemblage, sedimentation depth, uplift rate, micropalaeontology, Indonesia, Timor; 07171.
moving body surface
image sequence, linearisation, parametric model, 00980.
moving finite element method
population balance equation, upwind differencing, Smolarkiewicz method, particle growth, 00491.
moving object
corner matching, 04519.
Mphunga colluvium
paleosol, climate dependent, radiocarbon date, denudation rate, badland, Holocene(Late), erosion, colluvium deposition, Bovu colluvium, Swaziland, Mkhondvo Valley; 02740.
MSS
airborne technology, mineral exploration, infrared, China; 06825.
Mualem permeability model
Childs and Collis-George permeability model, porous medium, biofilm growth, Millington and Quirk permeability model, groundwater contamination, permeability reduction, permeability model, pore size distribution, Kozeny-Carman permeability model, 06374.
mucus
intergranular adhesion, erosion, Alteromonas atlantica, exopolymer, sediment transport, 08263.
mud
biogenic mud, pelagic clay, clay, turbidite, grain size analysis, Indian Ocean, Bengal Fan, ODP Site 717; ODP Site 718; Indian Ocean, Bengal Fan, ODP Site 719; 09320. bipartite bed, geotechnical property, pelagite, turbidite, burrowing, Indian Ocean; Indian Ocean, Bengal Fan; 04846. bottom sample, backscatterance, laboratory evaluation, suspended sediment, USA, Louisiana, Fourchon; 01367. buried sediment, organic matter, burial depth, organism, aromaticity, diagenesis, Peru; 01340. calcium carbonate, sedimentation, seismic record, bedform, Tsushima Current, Japan Sea, San'in District; 12872. carbonate sediment, cementation, sea floor, Pleistocene, lithification, Tyrrhenian Sea, Vavilov Basin, ODP Hole 651A; ODP Hole 650A; 00098. carbonate, lysocline, Holocene, accumulation rate, deep sea basin, Atlantic, Mid Atlantic Ridge; 01248. carotenoid, biomarker, organic matter, upwelling, pigment, Pacific, Peru Margin; 01347. cementation, Devonian, Camsell Formation, dolostone, limestone, Canada, Northwest Territories; 01277. clast, debris flow, arid climate, Jurassic, McCoy Brook Formation, conglomerate, sandstone, Canada, Nova Scotia, Fundy Basin; 08216. clay, carbonate concentration, organic matter, shelf sediment, sand, gravel, Turkey, Sea of Marmara, Dardanelles; Bosporus; 08173. deformation, burial, terrigenous, Peru, Continental Margin; 04702. epoxy resin, microstructure, mud vein, wet sediment, 02480. estuary, neogenesis, calcium carbonate, gypsum, sulphide, France, Loire Estuary; 10552. evaporite, sea water, ooze, Messinian, Tyrrhenian Sea; 00136. lag sediment, diamicton, sub-bottom profiling, overcompacted diamicton, sediment texture, Weddell Sea, Filchner Depression; 02357. micrite, ooze, classification, carbonate, 04810. molluscan fauna, clay, heavy metals, trace element, anthropogenic source, pollutant, UK, England, Humber Estuary, Easington; 02381. Quaternary, shore platform, Holocene, phosphogenesis, concretion, New Zealand, Raglan Harbour; 02350. rheology, resuspension, accumulation rate, sediment concentration, macroaggregate, USA, North Carolina, Cape Lookout Bight; 01215. sand ridge, sediment dispersal,

river sediment, grain size, continental shelf, Korea(South), Korea Strait; Korea(South, Nakdong River; 12874. sediment permeability, deposit consolidation, depositional history, uplift, turbidity current, sedimentation rate, Indian Ocean, Bengal Fan, ODP Site 717; ODP Site 718; Indian Ocean, Bengal Fan, ODP Site 719; 09370. sediment physical property, nepheloid layer, surficial sediment, benthic layer, continental margin, Quaternary, shelf, France, Gulf of Lions; Rhone River; 06956. sedimentation, shelf, source, facies, ice cover, Canada, Axel Heiberg Island, Axel Heiberg Shelf; 01239. storm action, continental shelf, particulate matter, sediment supply, delta, resuspension, Spain, River Ebro; 05855. suspended matter, grain size, shelf, estuary, France, Gironde Estuary; 06983. suspended matter, seabed, dredging, transport, gale, Netherlands; Belgium, Zeebrugge; 02342. tectonic provenance, transport, hemipelagic detritus, resuspension, arc trench system, suspended sediment, Pacific, Aleutian Arc; 10577. terrigenous sediment, sediment source, clay mineral, continental shelf, Korea; Yellow Sea; 08181. tidal flat, storm, typhoon, vegetation, estuary, China, Hangzhou Bay, Qian Tang Jiang River; 01317. turbidite, X-raying, bed contact, bioturbation, lamination, Indian Ocean, Bengal Fan; Indian Ocean; 04880. upwelling, source rock, diagenesis, Pacific(East); 04863. weathering, kaolinite, rare earth element, deep sea fan, Atlantic, Amazon Deep Sea Fan; 04760.

mud bed
shear stress, nearshore, resuspension, 04687.

mud blanket
GLORIA survey, oceanic continental transition, back arc basin, side scan sonar, tectonism, volcanic seascape, seamount, New Zealand, Havre Trough; Taupo Volcanic Zone; New Zealand, Ngatoro Basin; 08381.

mud diapir
Quaternary deposit, accretionary prism, submarine photograph, gravity core, diapiric high, turbidity, sea-level variation, Caribbean Sea, South Barbados Prism; 08440.

mud drape
pond, aeolian dune, dune, animal track, interdune, Tunisia, Tozeur, Chott el Gharsa; Oued el Melah; 09436.

mud flat
estuary, redox profile, anoxic sediment, heavy metal, intertidal flat, Belgium, Scheldt Estuary, Ballasplaat Mud Flat; 10583. precipitation, evapotranspiration, salinity, soil salinity, intertidal gradient, sediment, salt marsh, Netherlands; 12140. salinity, metal, spatial distribution, estuary, France, Loire Estuary; 00042. salt marsh, organic matter, estuary, pollutant, anthropogenic metal, UK, England, Severn Estuary, Tites Point; 09383.

mud flow
altitudinal zonality, slope process, slope evolution, regolith, weathering product, debris flow, lava slope, USSR, Armenian Highland; 08400. ice breakup, cartographic survey, landslip, rockfall, risk map, Switzerland; 08396.

mud hummock
Porphyroskelic fabric, micromorphology, cryoturbation, soil structure, turbic cryosol, pattern ground, Canada, Yukon Territory, Herschel Island; 13184.

mud intrusion
accretionary wedge, sea floor, diapir, diatremes, melange, convergent margin, 01287. rheoplasis, flute mould, cavity, Carboniferous, Boss Point Formation, Canada, New Brunswick, Sackville; 04700.

mud mound
terrigenous material, sand, principal component, Bluefield Formation, Girvanella, USA, West Virginia, Pocahontas County; 10599.

mud vein
vein structure, calcite, microfault, Pacific; Pacific, Peru Margin; 01192. wet sediment, mud, epoxy resin, microstructure, 02480.

mud volcano
diapir, decollement, accretionary complex, ocean basin sediment, fluid expulsion, Barbados; 01249. volcano, gas, hydrocarbon, Italy, Emilia-Romagna, Modena, Nirano; 12876.

mud-water interface
Eh, oxygen, trace metal, organic matter, India, Kumaun Region, Lake Bhim Tal; 00034.

mudbank
water level recession, tidal deceleration, bank habitat, seagrass, water trapping, USA, Florida Bay; 12139.

muddy coast
dredging, marine resource, port, sea water, China, Lianyungang; 04794.

mudflat
beach, sand, Quaternary, intertidal sediment, provenance, Kuwait; Arabian Gulf; 10539. coastal management, cliff, barrier island, dune, beach, marsh, coast, sea level rise, 06991. intertidal sedimentation, channel geometry, storm, ebb channel, sedimentation, Korea(South), Inchon; 04738. lake, saline lake, brine, carbonate, Canada, British Columbia, Cariboo Plateau; 00060. megaripple, salt marsh, macrotidal, estuary, sand, Canada, Bay of Fundy, Cobequid Bay; Salmon River Estuary; 02325. salt marsh, estuary, stratification, peat, tidal flat, suspended sediment, sediment budget, UK, Severn Estuary; 04734. Scheggs Bed, Eocene, Green River Formation, lithofacies, sandstone, beach, USA, Colorado, Sand Wash Basin; 07041. seagrass, root mat, vegetation, dune formation, Mauritania, Banc d'Arguin; 07072. subaerial exposure, estuary, diatom, sediment load, UK, England, Tamar Estuary; Severn Estuary; 03541.

mudflat deposit
cementstone, diagenesis, sea water, dolomitisation, Carboniferous(Lower), Ballagan Formation, mudrock, carbonate, UK, Scotland; 09410.

mudflow
casualties, disaster policy, landslide, environmental impact, disastrous landslide, landuse potential, Taiwan; 08414. flood, till, glaciation, gelifraction, shoreline, Mediterranean, mountain, dynamics, chronology, Quaternary detritism, France, Corsica; 01383. hazard forecast, risk, avalanche, USSR, Caucasus, Elbrus Region; 06063. thaw truncation, snowbank ice, tritium, climate change, internal structure, environmental significance, perennial snowbank, permafrost, aeolian, Canada, Northwest Territories, Melville Island; 11997.

mudflow intensity
lichenometric study, glacier fluctuation, climatic warming, deglaciation, soil erosion, overgrazing, USSR, Caucasus, Baksan River; 13059.

mudrock
black shale, Jurassic, sea level rise, sediment supply, transgression, UK, England; 10645. braided stream, Tongue River Member, Fort Union Formation, Paleocene, deposition, alluvial plain, sandstone, USA, Wyoming, Powder River Basin; 05893. carbonate, mudflat deposit, cementstone, diagenesis, sea water, dolomitisation, Carboniferous(Lower), Ballagan Formation, UK, Scotland; 09410. cementstone, Dinantian, diagenesis, Carboniferous, floodplain sediment, UK, Scotland, Berwickshire; 10591. concretion, lithification, chlorite, mica, UK, Wales; 11813. delta top deposit, overbank deposit, sandstone, fossil sandstone, Askrigg Block, Namurian, eustasy, UK, England, Cumbria; North Yorkshire; 09399. Dwyka Formation, Karoo Supergroup, diamictite, glacigene, Botswana; Namibia; South Africa; 05900. isotope, illite, smectite, overpressuring, dehydration, shale, USA, Texas, Gulf Coast; 11812. Llandovery, rare earth element, sedimentary provenance, diagenesis, turbidite, UK, Wales; 08294. meteoric water, terrigenous, silicification, Silurian, carbonate, chert, China, West Qinling; 01327. sandstone diagenesis, reservoir sandstone, clay mineral, sediment source, climate, North Sea, Moray Firth; Viking Graben; North Sea, East Shetland Basin; 09472. storm, suspended sediment, shelf sediment, Cyclone Winifred, Australia, Great Barrier Reef; 00072.

mudstone
Albian, chronostratigraphy, Viking formation, sandstone, Canada, Alberta; 00107. amino acid, carbonate, shell, 10634. anoxic condition, seasonal oxygen budget, environmental cycle, Jurassic, epeiric basin, 07061. boulder bed, faulting, Carboniferous, Brigantian, limestone, UK, Isle of Man, Poyllvaaish; 02405. claystone, Kamieniec Shale Formation, Cambrian, Ościeseki Sandstone, sandstone, Poland, Holy Cross Mountains; 01297. Eastern Avalonia terrane, sediment provenance, Llandeilo sediment, Llandovery sediment, UK, Wales; 08220. fluvial facies, Devonian, palaeoclimate, Worange Point Formation, sandstone, Australia, New South Wales, Eden; 01274. gamma ray curve, geochemical log, pore fluid, continental margin, uranium, well logging, ooze, 02489. Hanifa Formation, carbonate platform, isostatic sagging, hydrocarbon, Jurassic, carbonate source rock, 07059. lead, zinc, copper, manganese, Messinian, Miocene, Pliocene, shale, Tyrrhenian Sea; 00097. Libby Formation, shrinkage, desiccation, synaeresis, crack, Proterozoic, USA, Montana; 04701. mountainous area, oxidation, pyrite, oxidation front, dissolution front, mechanism, chemical weathering, Japan; 01487. olistostrome, flysch, carboniferous, pebble mudstone, Germany, Gorlitz; 00109. prodelta, river mouth, hyperpycnal mixing, Namurian, Carboniferous, Sear House Bed, delta, UK, England, Yorkshire; 05896. Proterozoic, Ballara Quartzite, Quilalar Formation, Mary Kathleen Group, Australia, Queensland, Mount Isa; 05902. shale, mass flow, Dizilitasler Formation, basin, sedimentation, Paleocene, fandelta sequence, Turkey, Anatolia; 04825. slickenside, Miocene, clastic dike, tectonics, New Zealand, Wairarapa, Annedale; 08151. tectonics, rheology, pore pressure, forearc environment, deformation, microstructure, Caribbean Sea, Barbados Forearc, ODP Hole 671B; 01188. yield surface, softening mechanism, time dependent strength reduction, finite element analysis, softening effect, fissured deposit, overconsolidationed deposit, clay, 11888.

Muir Point Formation
Whidbey Formation, Highbury Formation, sea level, pollen zone, last interglacial, Canada, British Columbia, Vancouver Island; 07254.

mulch
water conservation, soil moisture, wateruse efficiency, evaporation, water balance study, crop wateruse, Niger; 12282.

mulching
drainage, evaporation, zero flux boundary, soil moisture storage, moisture conservation, sandy soil, bare fallowing, Niger; 07584. mass movement, creep, clayey soil, shearing test, terracette, stability analysis, landslides, red laterised soil, Rwanda, Zaire-Nile Divide; 02551. soil water transmissivity, sorptivity, saturated hydraulic conductivity, macroporosity, Ultisol, maize, tillage, Nigeria, Nsukka; 09766. Vertisol, feature quantification, morphology, 00379. Vertisol, surface morphology, 00378.

Mulder model
throughfall, interception, forest hydrology, rain forest, humid tropics, Gash model, Ivory Coast, Tai Forest; 01631.

Mulliken charge
hydrofluorocarbon, HFC's, reaction rate, fluorine, chlorine, methane, ethane, 06573.

multi aquifer system
groundwater flow model, model calibration, Gauss Newton plus Line Search method, inverse problem, adjoint state conjugated gradient method, computer algorithm, parameter estimation, Germany, Venloer Scholle Aquifer System; 09862.

multi beam swath sounding
bathymetry, deep sea sounding, sounding method, echo sounder, 07961.

multi date imagery
satellite sensor system, sensor system, landuse change detection, 09211.

multi format database
spatial database, database, GIS, 13833.

multi media technology
government, private sector, national atlas, Canada; 13883.

multi objective planning
water quality management, surface water quality, analytical hierarchy process, pollution control planning, 11126.

multi pond agroecosystem
agricultural water management, landuse effect, nutrient, China, Chaohu Lake; 12279.

multi resolution
connectivity, pyramid segmentation, shift variance, 07996.

multi resolution method
iterative algorithm, clustering, scale space, 06742.

multi ring basin
basin formation, crater formation, Murrays model, mathematical

description, oscillating peak model, 08352.
multi section stream
channel flow, cross sectional geometry, velocity distribution, compound channel, roughness pattern, conveyance distribution, 05162.
multi sensor experiment
agricultural application, optical sensor, microwave sensor, 12757.
multi sensor image
image combination, geocoding accuracy, residual vector, geocoding, Tunisia; 10252.
multi source base map
base map, forest management, GIS, timberland, 09226.
multi spectral image
image, entropy, GIS, 13791.
multi spectral imaging system
CCD camera, image processing system, 07933.
multi spectral radiance
AVHRR, global cloud cover, 12688.
multi spectral scanner
global science, agricultural monitoring, 12590.
multi stage channel
lateral shear, depth averaged eddy viscosity, dimensionless eddy viscosity, two stage channel, depth averaged velocity, boundary shear stress, secondary flow, friction factor, eddy viscosity, channel flow, flow model, mathematical model, 05169.
multi state system
social system, economic system, mapping, 09171.
multi storey dissolution maze
phreatic water, groundwater, joint system, corrosion effect, spring migration, uranium series dating, magnetic study, speleothem, fall rate, watertable, thermal water, de gassing, cave genesis, USA, South Dakota, Black Hills, Wind Cave; Jewel Cave; 10721.
multi tracer method
waste water effluent, mixing, effluent quality parameter, total dissolved solid, tracer, waste water reservoir, electrical conductivity, detergent, alkalinity, Kjeldahl, 05199.
multi unit reservoir system
stochastic stream flow, interbasin transfer system, reservoir operation, water resource management, optimal operation, China; 11128.
multi-aquifer system
groundwater quality, electrical logging, spontaneous potential log, hydrogeochemistry, aquifer zone, coastal aquifer, 01735.
multi-level architecture
processing layer, memory network pattern classifier, 03316.
multi-objective decision making
water resource management, reservoir operation, search beam method, incremental dynamic programming, Fibonacci search method, 02976.
multi-phase flow
oil shale, solute transport, volatile solvent, groundwater flow, two-phase transport, 01742.
multi-scale modelling
energy minimisation, fast fluidisation, regime transition, particle, two-phase flow, 00008.
multi-vessel surveying
acoustic positioning, seismic acquisition, 04471.
multiaquifer system
groundwater flow, confined flow, unconfined flow, aquitard, numerical model, hydraulic head distribution, three dimensional representation, 11052.
multiattribute utility function
optimal allocation, air monitoring station, monitoring network, 11385.
multiband correlation
segmentation, agricultural application, Canada, Quebec; 11553.
multibasin lake
interbasin exchange, stratification, hypolimnetic temperature, groundwater input, inter-lake dissimilarity, basin morphometry, thermal structure, USA, Wisconsin, Trout Lake; 00549.
multibeam
ridge bathymetry, map, Atlantic, Mid Atlantic Ridge; 09143.
multibeam echosounder
hydrographic survey, topographical structure, 10288.
multibeam echosounding
echosounding, accuracy evaluation, surveying, shallow water surveying, Monaco; 09266.
multibeam mapping
mapping, oceanic mapping, atmospheric mapping, Mexico; 09254.
multicellular convective complex
Doppler radar observation, convective updraft, vorticity, Rossby radius of deformation, vertical shear, mesoscale vortex couplet, anvil, 05422.
multicollimator method
collimator target, least squares adjustment, analytical photogrammetric system, camera calibration system, 07930.
multicollinearity
navigation, ridge regression, Kalman filter, 04512.
multicolour printer
battlefield information system, direct digital input, terrain analysis, 08050.
multicomponent landscape
landscape, vegetation, spectral modelling, Africa, Sahel; 13913.
multicomponent transport
microbial transformation, contaminant transport, groundwater contamination, nitrate, sulphate, Germany, Fuhrberger Field; 04138.
multicomponent transport model
water transport, matter transport, leaching, cation leaching, potassium fertilisation, simulation model, 08576.
multicomponent transport modelling
transport model, fresh water salt water interface, groundwater chemistry, salt water displacement, dispersivity, geochemical mixing cell model, water displacement, Gapon selectivity, ion chromatography, 12255.
multicriteria analysis
agricultural land use, policy maker, political conflict, GIS, Netherlands; 05741.
multidate image
multisensor image, radiative transfer code, rectification, 13786.
multidimensional adjustment
GPS, triangulation network, 07948.
multidimensional data
automatic pattern classifier, feature selection, 03310.
multidimensional point data
polygon map, three dimensional regional data, quadtree, spatial analysis, data structure, hierarchical representation, 06799.
multidirectional extension
isostatic adjustment, neotectonic feature, planation surface, microstructural analysis, Spain, Pyrenees, Sierras Exteriores; 10690.
multifractal analysis
cascade process, codimension function, 07633.
multifractal analysis technique
rain field, cloud field, rain drop impact, 07631.
multifractal cloud
albedo paradox, radiative transfer, 07649.
multimedia database
relational algebra, geomatic object, 12665.
multimedia graphics
bivariate choropleth, cartography, thematic cartography, 09150.
multimodal distribution
statistical model, background air pollution, frequency distribution, 13743.
multiparticipant GIS
GIS, database construction, public utility, spatial handling, 03369. program organisation, accuracy, database content, legal ramification, 01044.
multiphase deformation
deformation, geodynamics, structural analysis, Borneo, Rajang-Crocker; 04601.
multiphase flow
dissolution, nonaqueous phase liquid, groundwater flow, water contamination, toluene, mass transfer, aqueous phase velocity, particle size, nonaqueous phase fluid saturation, 09898.
multiphase fluid flow
heat flow, fractured tuff, nuclear waste, nuclear waste repository, effective continuum approximation, unsaturated tuff, thermohydrologic conditions, groundwater contamination, permeability, capillary pressure, 01739. heat flow, thermohydrologic conditions, nuclear waste, fractured tuff, fracture effect, groundwater contamination, unsaturated tuff, nuclear waste repository, permeability, capillary pressure, USA, Nevada, Yucca Mountain, Topopah Spring; 01738.
multiphase transport
liquid phase porosity, nuclear magnetic resonance imaging, weight function, groundwater contamination, 09859.
multiple aquifer system
groundwater chemistry, groundwater recharge, alluvial aquifer, groundwater flow, environmental tracer, Israel, Arava Valley; 05219. karst aquifer, groundwater flow model, conjunctive management, storage coefficient, transmissivity, specific yield, discharge drawdown relationship, groundwater management, China, Taiyuan City; 11129.
multiple channel river
floodplain dynamics, wandering river, dendrochronological technique, flood occurrence, relative stage, river regime, flood scar, bank undercutting, tree establishment, Canada, British Columbia, Morice River; 01656.
multiple circulation regime
anomalous weather, 500 mb height, teleconnection pattern, principal component, El Nino/Southern Oscillation, Japan; 05393.
multiple equilibria
thermohaline circulation, upwelling, ocean, glacial maximum, ocean atmosphere box model, climate response, Atlantic; 06483.
multiple feature data
technology, intelligent data structure, data integration, 01062.
multiple GIS layer
fire rotation, spatial autocorrelation, wildfire distribution, USA, California, San Bernardino National Forest; 10416.
multiple key hashing file
disk modulo allocation, partial match retrieval, 10337.
multiple linear regression
incident irradiance, photosynthetic rate, phytoplankton, primary production, Pacific; 03465.
multiple object recognition
parallel image recognition, vision system, design process, 07985.
multiple objective function
pollution monitoring, network design, monitoring network, optimisation, Spain, Tarragona; 13680.
multiple outlier
stochastic model, photogrammetric block adjustment, 07927.
multiple outliers detection
tuning constant, photogrammetry, bundle adjustment, 07929.
multiple permeability
porous media, compressible fluid, Bessel function, groundwater flow, multiple porosity, 04122.
multiple planimetric projection
visualisation, digital technology, Earth subsurface volume, 08057.
multiple porosity
multiple permeability, porous media, compressible fluid, Bessel function, groundwater flow, 04122.
multiple profile
Late Glacial, post glacial, vegetational change, catchment event, pollen analysis, UK, Scotland, Fife, Black Loch; 13150.
multiple receiver
radar return, mesosphere, medium frequency range, wind velocity estimation, radar data, 08830.
multiple reflection
stratus cloud, albedo, cloud amount, atmosphere transmittance, radiation budget, USA, Alaska, Barrow; 07658.
multiple regression
principal component analysis, ungauged catchment, homogeneous

region, regionalisation, catchment characteristic, hydrological homogeneity, low flow characteristic, cluster analysis, Australia; 10992.
multiple regression model
soil moisture, plant biomass variability, USA, Great Plains; 00492.
multiple return stroke
cloud to ground strike, thunderstorm, lightning, 00688.
multiple scale
edge contour, Gaussian operator gradient, weak edge, 07978.
multiple scattering
ozone depletion, stratospheric cloud, surface albedo, ultraviolet radiation, polar stratospheric cloud, polar twilight, visible radiation, 03226.
multiple scattering radiation model
aerosol, microphysics, visibility, contrast, sky colour, air quality, Mie computation, 13489.
multiple solution
energy balance climate model, ice cap, albedo feedback, slope stability theorem, 06487.
multiple steady state
ice-water-till system, ice sheet, deforming subglacial till, basal velocity, climatic forcing, 00290.
multiple structuring element
mathematical morphology, image processing, morphological filter, 07995.
multiple user
confidentiality, data control, civil liability, GIS, 01036.
multiple weather radar
weather radar display, data transmission, data display, 05344.
multiply nested model
movable mesh model, skill, storm structure, prediction experiment, Hurricane Gloria(1985), 12476.
multiprocessor architecture
image processing, processing parallelism, 11488.
multipurpose cadastral system
cadastral accuracy standard, 10332. cadastral accuracy, accuracy standard, 08006. cadastral terminology, cadastral definition, 08007.
multipurpose casdastral system
local government, geodetic network, measurement based system, 08005.
multipurpose database
mapping agency, user assistance, digital spatial data, 10320.
multipurpose GIS
object modelling, topological data structure, spatial object, hierarchical relation, 08017.
multipurpose spatial database
GIS, geodetic control, USA, Colorado, Jefferson County; 08014.
multiresolution analysis
correlation filter, fractal geometry, probability, 12630.
multiresolution data
multispectral data, Themtic Mapper, SPOT, 11448.
multisensor
stereo display, tropical forest, Costa Rica, Braulio Carrillo National Park; 04618.
multisensor image
radiative transfer code, rectification, multidate image, 13786.
multisource satellite data
erosion feature, burning, overgrazing, deforestation, environmental degradation, Greece, Euboia; 10424.
multispectral classification
Landsat MSS, deforestation, reforestation, China, Zhaoqing; 08094.
multispectral data
deforestation monitoring, conservation management, multitemporal Landsat MSS, LandsatMSS, SPOT, China; 09208. Landsat-5, best linear discriminant function, binary decision tree, supervised classification, 12631. multitemporal data, shifting cultivation, 11557. radiation, soil heat flux, remote sensing, 06811. SPOT-1, panchromatic data, forest stand, 04614. Themtic Mapper, SPOT, multiresolution data, 11448.
multispectral image
Landsat TM, soil, desert, USA, California; 02215. satellite image, image processing, personal computer training, 09117.
multispectral image data
panchromatic image, intensity hue saturation, SPOT, USA, Wisconsin, Madison; 06733.
multispectral imagery
military application, image processing, multispectral imagery testbed, 07970.
multispectral imagery testbed
multispectral imagery, military application, image processing, 07970.
multispectral photography
chlorophyll concentration, inland water, Landsat, aerial photography, 01136.
multispectral quantification
soil condition, colour, Germany, Halle; 03402.
multispectral scanner
lagoon water, eutrophication, algae bloom, Italy, Venice; 10439. Thematic Mapper, aircraft, 11424.
multispectral stereo scanner
spaceborne photogrammetry, digital mapping, optoelectronic CCD sensor, 10244.
multispectral video system
land cover classification, false colour imagery, forestry, 03438. vegetation index, video remote sensing, 05584.
multistage classification
image processing, pattern recognition, 03334.
multitemporal analysis
agricultural development, remote sensing, South America, Amazonia; Peru; 02240.
multitemporal data
remote sensing, forest inventory, vegetation type, 03434. shifting cultivation, multispectral data, 11557. urbanisation, agricultural land, regional planning, GIS, Nepal, Kathmandu Valley; 08083.
multitemporal data set
migrating means clustering, algorithm, maximum likelihood classification, Australia, New South Wales, Willandra Lakes; 10404.
multitemporal image
image classification system, fuzzy logic, Italy; 11460.
multitemporal Landsat MSS
LandsatMSS, SPOT, multispectral data, deforestation monitoring, conservation management, China; 09208.
multitemporal remote sensing
forest decline, Landsat MSS, Landsat TM, difference image, USA, Vermont, Camels Hump; New York, Whiteface Mountain; USA, North Carolina, Mount Mitchell; 08095.
multivariant statistic
subsidence, topographic deformation, mine, 03843.
multivariate analysis
Bayesian decision theory, nutrient, lake restoration, cyanobacteria, eutrophication, lake modelling, lake water quality, expert system, trend analysis, parameter estimation, Finland, Tuusulanjarvi Lake; 07492. continental source, trace metal, enrichment factor, North Sea; 13735. geochemical study, heavy metal, urban pollution, Spain, Madrid; 13726. natural region classification, climatic element, vegetation type, geographic database, Japan; 08079. PAH, particle, local traffic, distant source, 11409. palynological data, phytosociological data, Tenagi Philippon core, interglacial, evergreen oak forest, steppe vegetation, maquis, garrigue, climatic condition, Quaternary(Late), Greece; 10758. parent material, soil-landform interaction, landform, hillslope, pedogenesis, upslope distance, canonical ordination analysis, convexity, gradient, Australia, South Australia; 13216. trace element data, moss sample, atmospheric deposition, principal component analysis, long range transport, Norway; 07871.
multivariate information system
data analysis, information theory, maximum negentropy criterium, 01065.
multivariate model
solute behaviour, acid stream, episodic stream, discharge, water chemistry, antecedent precipitation, Germany, Black Forest; 08734.
multivariate modelling approach
inhalable particulate matter, receptor model, source apportionment, factor analysis, principal component, complex airshed, USA, New Jersey, Newark; 13732.
multivariate plot
groundwater contamination, contaminant source, aromatic hydrocarbon residue, benzene, toluene, ethyl benzene, xylene, 00611.
multivariate statistical analysis
anthropogenic source, sediment geochemistry, contamination, marine sediment, 00197.
multivariate statistics
sulphate, pollution, advection differential equation, receptor modelling, particle, empirical orthogonal function, 13683.
multivariate strategy
Tertiary, grain size distribution, sediment transport, statistical technique, Bangladesh, Bengal Basin; 01371.
multivariate technique
factor analysis, cluster analysis, discriminant analysis, taxonomic land classification, stream, land classification, surface water quality management, watershed classification, 05281. Rainy lobe, late Wisconsin advance, Superior lobe, sedimentological parameter, principal component analysis, discriminating, texturally similar till, USA, Minnesota; 03880.
multiwave model
quasi biennial oscillation, wave damping, critical level absorption, 13585.
multiwavelength radiometer
aerosol, optical property, remote sensing, solar almucantar, China, Beijing; 06557.
Multiwell Experiment
Rock-Eval analysis, Mesaverde Group, organic carbon, coal, thermal maturity, vitrinite reflectance, USA, Colorado, Piceance Basin; 02454. sandstone, shale, natural gas, Mesaverde Group, reservoir, Cretaceous, USA, Colorado, Piceance Basin, Rifle Gap; 02293.
multrigrid solver
trajectory discretisation, momentum equation, timestep, shallow water equation, vector scheme, semi Lagrangian scheme, 10084.
Mundallio Subgroup
Yadlamalka Formation, dolomite, magnesite, sandstone, Precambrian, Australia, South Australia, Adelaide Geosyncline; 12949.
municipal application
street address file, housing intensification, GIS, Canada, Ontario, Toronto; 01158.
municipal department
utility, facility management, land information system, Canada, Alberta, Edmonton; 01144.
municipal GIS
common data, regional government, transportation, planning, Canada, Ontario; 01142. GIS, real estate, park map, Canada, Ontario, Scarborough; 01154.
municipal government
database, data integrity, networking technology, geo-referenced data, 01013.
municipal mapping
GIS, LIS, geoinformation processing, Netherlands, Utrecht; 02281.
municipal model
functional capability, GIS, evaluation, Canada, Ontario; 13816.
municipal solid waste
landfill leachate, leachate recirculation, soil shrinkage, field testing, clay surface cover, Canada, Ontario; 09694.
municipal vulnerability
natural hazard, emergency preparedness, risk assessment, landslide, natural catastrophe, civil protection, Canada, Quebec Province; 11904. risk, hail, natural catastrophe, civil proteciton, Canada, Quebec; 12449.
municipality
geographic base, GIS, urban geographic base, Canada, Montreal; 13993.
Munising Formation

conglomerate, shale, vegetation, Cambrian, shoreline deposit, arenite, USA, Michigan; 02435.
Munster creek flood event
flood hydrograph, friction component, debris flow modelling, fluvial sediment transport, bed load transport, Switzerland; 06034.
Munsterian
Southern Irish End Moraine, till, leaching, granite erratic, shelly till, chronological control, glacial deposit, Ireland; 13125.
Muravo interglacial stage
Poozerskiy substage, geochronology, Pleistocene(Late), TL, USSR, Belorussia; 06090.
Murodo stage
Nyuzen stage, palaeoenvironment, Pleistocene(Early), sea level, Jomon transgression, Yayoi regression, Omma stage, Utatsuyama stage, Riss II stadial, Hiradoko stage, Tachikawa stage, Tateyami stadial, Japan; 04968.
Murrays model
mathematical description, oscillating peak model, multi ring basin, basin formation, crater formation, 08352.
Murree Group
palaeoenvironment, palaeoclimate, sublitharenite, detritus source, sandstone, India, Kashmir Himalaya, Jammu; 05901.
Muschelkalk Facies
facies identification, dolomite, Canete Dolomites and Limestones Formation, Triassic, carbonate ramp, Spain, Iberian Ranges; 08229.
muscovite
kaolinite, halloysite, plagioclase, weathered perthite, granite, weathering, Australia, New South Wales, Ardlethan Tin Mine; Queensland, Trial Hill; 12022. particle size, adsorption, potassium, biotite, India; 01611.
Museo de la Plata
radiocarbon laboratory, radiocarbon dating, reproducibility, Argentina, La Plata; 04942.
Muskat theory
Darcy equation, average river runoff, streamflow, rainfall-runoff model, groundwater flow model, Dupuit-Forchheimer theory, 02844.
Muskiki Formation
Marshybank Formation, Coniacian, Santonian, sandstone, shelf facies, sea level curve, ramp margin, Canada, Alberta; 11716.
Muskingum Cunge method
turbulent kinematic flow, laminar flow, matched diffusivity technique, kinematic cascade, overland flow model, runoff, 10995.
Muskingum formula
hydrograph, flood wave, flood routing, channel storage, floodplain storage, Brazil, Amazon River; 02838.
Muskingum-Cunge routing scheme
geomorphologic characteristic, regime theory, DWOPER, routing model, river routing, 01650.
muskoxen
plant community, microclimate, snow, soil moisture, Canada, Northwest Territories, Ellesmere Island, Sverdrup Pass; Arctic; 07684.
mussel
anthropogenic activity, cytochemical result, environmental stress, oil spill, contamination, intertidal sediment, Canada, St.Lawrence Estuary; 12899. clam, biofacies, shell bed, seep, continental slope, wave base, USA, Louisiana, Gulf of Mexico Shelf; 01313.
mussel culture
biodeposit, nutrient flux, sediment water interface, France, Gulf of Fos, Carteau; 08205.
mussel deposit
exoenzyme, degradation, bacteria, amino acid, France, Gulf of Fos, Carteau; 08264.
Mussoorie rockphosphate
rockphosphate, manure, phosphorus availability, 00423.
mutagenic activity
benzo (g,h,i)perylene, vehicle, organic emission, benzo(a)pyrene, seasonal variation, trend, PAH's, USA, California, San Francisco Bay; 11408.
mutagenicity
PAH's, particle, sampling artefact, filter material, 11152.
Mutual Climatic Range Reconstruction Package
beetle, climatic change, Younger Dryas, palaeoclimatic reconstruction, palaeoenvironmental reconstruction, fossil insect assemblage, Weichselian(Late), pollen stratigraphy, insect fauna, thermal environment, Sweden, Toppeladugard; 09589.
mycorrhizal fungi
root, soil aggregation, 00374.
Mytilus edulis
transgression, sea level, glacial history, shoreline displacement, deglaciation, raised beach, Svalbard, Spitsbergen, Bohemanflya; Erdmannflya; 07279.
n-alkane
carbon preference index, organic compound, vapour particle partitioning, semivolatile organic compound, PCB's, PAHs, organochlorine pesticide, USA, Colorado, Denver; 06579. PAH, hydrocarbon transport, surface water quality, atmospheric deposition, suspended sediment, Canada, Mackenzie River; 08739. suspended particle, aerosol deposition, hydrocarbon, alkane, anthropogenic input, Mediterranean Sea; 09051.
n-alkanoic acid
Beacon Supergroup, sedimentary rock, weathering, organic geochemistry, Antarctica, Victoria Land, McMurdo Dry Valleys; 07440.
n-butane
acetylene, ethane, alkene, ethene, propene, alkane, latitudinal distribution, non methane, hydrocarbon, propane, Atlantic; 06653.
n-alkane
fatty acid ester, fatty acid salt, aerosol, air-sea exchange, bubble bursting, Mediterranean Sea; 02042. n-alkene, hydrocarbon, soil, Antarctica, Victoria Land, McMurdo Dry Valleys; 05085. PAH's, background level, marine aerosol, sulphate, nitrate, Mediterranean Sea; 02532.
n-alkene
hydrocarbon, soil, n-alkane, Antarctica, Victoria Land, McMurdo Dry Valleys; 05085.
n-propyl nitrate
butyl nitrate, odd nitrogen, organic nitrate, peroxypropionyl nitrate, PAN, methyl nitrate, USA, Colorado, Boulder; Niwot Ridge; 05524. nitrogen dioxide, sampling, nitric acid, hydrogen peroxide, ozone, photolysis-chemiluminescence instrument, tunable diode laser absorption spectrometer, Luminox, peroxyacetyl nitrate, 01804.
nadir shot
numerical alignment, photogram, stereoscopic model, 11442.
Nagthat Formation
Jaunsar Group, sandstone, conglomerate, coarsening upward sequence, siliciclastic unit, Proterozoic, India, Lesser Himalaya, Kumaun; 12921.
Nahanagan glaciation
Ipswichian, interglacial, Wolstonian, Numsterian, Devensian, Midlandian, glacial stratigraphy, Ireland; 11951.
Nahanagan Stadial
geomorphological mapping, radiocarbon date, glacial climate, Loch Lomond stadial, Younger Dryas, UK; Ireland; 13121. glacial morphology, sedimentological characteristic, fossil rock glacier, talus foot debris, debris accumulation, rock glacier, interstitial ice, development model, Lateglacial, Ireland, Muckish Mountain; 07290.
nahcolite
gaylussite, magadiite, eitelite, lake, micromorphological study, sediment core, high salt content, Sudan, Darfur, Mahla Crater Lake; 01426.
Namazga
delta, palaeogeography, archaeological data, oasis, USSR, Turkestan, Tedzhen; 13098.
Nambayama Formation
submarine fan, Nodani Formation, flysch, turbidite, Miocene, Japan, Fossa Magna, Nishikubiki; 11763.
name placement
nautical chart, editing system, name selection, 08037.
name selection
name placement, nautical chart, editing system, 08037.
Namurian
Carboniferous, Sear House Bed, delta, mudstone, prodelta, river mouth, hyperpycnal mixing, UK, England, Yorkshire; 05896. eustasy, mudrock, delta top deposit, overbank deposit, sandstone, fossil sandstone, Askrigg Block, UK, England, Cumbria; North Yorkshire; 09399.
nannofossil
engineering, coccolithic, chalk, hardness, Europe, Anglo-Paris Basin; 03588. foraminiferal assemblage, pelagic carbonate, stratigraphic record, benthic-planktonic age difference, ocean ventilation, oxygen isotope stratigraphy, radiocarbon date, stratigraphy, Atlantic; 10746. macrofossil, dysaerobic conditions, anoxia, productivity, Cretaceous, sea floor, Weddell Sea, ODP Site 692; ODP Site 693; 03639. periodicity, terrigenous sediment, organic matter, density, colour, Pliocene, Pleistocene, ooze, Arabian Sea, Owen Ridge, ODP Site 722; Oman Margin, ODP Site 728; 12833. provenance, Cervarola Sandstone, Cretaceous, Eocene, olistostrome, clay mineral, Italy, Northern Apennines, Pratomagno Ridge; 03601.
nannofossil biochronology
calcareous nannofossil, interglacial, oxygen isotope stage, Arctic-Antarctic correlation, correlation, Atlantic, (South); Southern Ocean; 11933.
nannoplankton
seasonality, carbonate flux, coccolith, sediment trap, Norwegian Sea, Lofoten Basin; 04862.
nannoplankton stratigraphy
Cenozoic(Late), calcareous nannoplankton, high resolution, Atlantic, (Northeast); 04956.
Nansen Formation
porosity, cementation, Arctic carbonate, Carboniferous, Permian, algal buildup, Otto Fiord Formation, Canada, Northwest Territories, Ellesmere Island; 02403.
naphthalene
particle, atmospheric reactivity model, photodegradation, 07825.
Napier Formation
foot slope pediment, rillenkarren, tufa, gilgai, Pleistocene(Late) dune, karst, slope, reef exhumation, geomorphology, Devonian reef, Windjana Limestone, Pillara Limestone, Australia, Western Australia, Napier Range; 07150.
Napo refugium
refugial hypothesis, Pleistocene(Late), temperature depression, vegetation change, pollen, phytolith, radiocarbon dating, Ecuador, Amazonia; 07207.
nappe
melange, Tithonian, Cretaceous, ophiolite, chert, tectogenesis, Albania, eastern Albanides; 05918. Rossfeld Formation, Alpine Orogeny, limestone, Urgonian, Cretaceous, tectonics, Austria, Northern Calcareous Alps, Transdanubian Central Range; Hungary; 03627.
nappes
organic matter, dinoflagellate, Maastrichtian, Wang Formation, cyst, palynofacies, France, Western Alps; 04859.
napropamide
pesticide sorption, herbicide, fractionation, organic matter, sediment, 07349. sorption, dissolved organic matter, 02771.
Naredi Formation
Eocene, factor analysis, carbonate classification, carbonate rock, Assilina, India, Kutch; 05912.
nari-calcrete
calcrete, stromatolithic coating, micromorphological interpretation, Israel, Galilee, Nazerat; 01485.
narrow band model
radiation parameterisation scheme, mesoscale forecast model, short range forecast model, forecast model, 12327.
narrow band radiometer
radiometer, solar reflective range, 11425.
narrow band spectra
vegetation index, photosynthetically active radiation, radiation, 04620.
NASA

remote sensing, environment, space shuttle, 04466.
NASA data system
ocean data system, Jet Propulsion Laboratory, 11599.
Nash Unit Hydrograph
unit hydrograph technique, flood modelling, rainfall runoff relationship, hydrograph, Recursive Least Square identification, Autoregressive model with exogeneous input, iterative deconvolution process, Africa, Sahel; 06296.
Nash-Dooge linear reservoir cascade
streamflow generation, evapotranspiration loss, stochastic conceptual model, catchment model, unit hydrograph, rainfall-runoff process, 02842.
National Acid Precipitation Assessment Program
mineralogical characterisation, Shelburne Marble, Salem Limestone, acid rain, marble, limestone, building stone, precipitation chemistry, USA; 00508.
National Atlas
agricultural production, agricultural landuse, agricultural atlas, China; 12674. atlas, GIS, design, Canada; 13851. geographic information, toponymic database, atlas database, data standards, Canada; 01080. multi media technology, government, private sector, Canada; 13883. rule base, base map production, generalisation, Canada; 01082. topographic atlas, provincial atlas, aerial photograph atlas, Netherlands; 05688.
national base map
topographic map production, Netherlands; 05675.
National Cartographic Database
database, cartographic production, Canada; 13884.
National Center for Geographic Information and Analysis
academic institution, private industry, government agency, GIS, 00948. GIS, research, 13808. GIS, research, educational curriculum, 05783. research project, educational agenda, 00949.
national data system
data quality, regional information system, UK; 10456.
national database
flood event, catastrophic flood, Quaternary, Devensian(Late), Lateglacial, UK; 01439. topographic database, design model, Canada; 13880.
national datum
primary framework, adjustment, North American Datum, GIS, coordinate base, Canada; 01016.
national economy
severe weather event, ecological activity, weather service system, weather forecast, climate analysis, meteorological service, China; 05305.
National Gazetteer database
local research, place name study, USA, California, Los Angeles County; 05785.
National Geodetic Information System
binary modelling, data model, data structure, database, Canada; 01003.
National Hydrology Research Institute
failure mode, river ice, ice breakup, ice cover loading, Canada; 02943.
national land survey
cadastral system, grid system, settlement frontier, USA; 03477.
national mapping
land information, surveying, mapping, Australia; 03375.
National Mapping Program
mapping science, spatial data, 05680.
National Meteorological Center
European Centre for Medium Range Weather Forecasts, eddy heat flux, heat flux calculation, stratosphere, Antarctica; 10056. global weather prediction, skill, weather prediction, numerical weather prediction system, 13617.
national meteorological service
European Centre for Medium Range Weather Forecasts, Meteosat, Europe, (Western); 08821.
National Park
aerial photograph, monitoring, landscape change, UK, England; Wales; 13909. ecological approach, GIS, database, conservation management, Canada, Saskatchewan, Grasslands National Park; 01121. geomorphological process, weathering, cave, glaciation, volcanic activity, geology, USA; 02508. limestone pinnacle, cave, Sarawak Chamber, Clearwater Cave, Malaysia, Sarawak, Gunung Mulu Park; 00261. satellite survey, aerial survey, GIS, UK; 09207.
National Remote Sensing Hydrology Program
snow water equivalent, meltwater, remote sensing, surface measured data, stream flow forecasting, National Weather Service, Airborne Gammaa Radiation Snow Survey, gamma radiation, USA; 02941.
National Rivers Authority
river management, resource overexploitation, water conservation, environmental impact, river degradation, water management, UK; 08802.
National Space Development Agency
spacecraft, research, Japan; 10235.
National Space Science Data Center
data listing, satellite data, 09081.
National Stream Survey
mine drainage, surface water quality, acid stream water, USA; 00561.
National Topographic Data Base
data integration, GIS, electrical power utility, corporate GIS, Canada, Ontario; 01042.
National Topographic Data Basse
topographical map, digital data, digitisation, Canada; 13885.
national water management
benchmarking, commercial GIS, GIS concept, pilot study, 10453.
national water quality
biological monitoring, biochemical testing method, ambient testing, toxicity testing, water quality assessment, 11018.
national water quality assessment
surface water quality, groundwater quality, water quality assessment, water quality measurement, USA; 06327.
National Water Quality Assessment Program
water quality measurement, field method, laboratory methods, data collection, data analysis, regional assessment, groundwater quality, USA; 12254.
National Weather Service
Airborne Gammaa Radiation Snow Survey, gamma radiation, National Remote Sensing Hydrology Program, snow water equivalent, meltwater, remote sensing, surface measured data, stream flow forecasting, USA; 02941. organisation transformation, service management, Sweden; 08816.
National Weather Service River Forecast System
WMO, streamflow forecasting, hydrologic forecasting, realtime forecasting, USA, Oklahoma, Bird Creek; France, Orgeval Basin; 00518.
National Weather Service River Forecast System model
climatic change, snow melt, snow accumulation, carbon dioxide induced climatic change, snowpack, stream flow, USA, Montana; 05132.
NATO
regional map series, digital geographic information, military map, 05686.
natrolite
ion exchange, tetrahedral site, water molecule, zeolite, Czechoslovakia, Bohemia; 00190.
natural boundary
geomorphology map, unified harmony, 03422.
natural catastrophe
civil proteciton, municipal vulnerability, risk, hail, Canada, Quebec; 12449. civil protection, municipal vulnerability, natural hazard, emergency preparedness, risk assessment, landslide, Canada, Quebec Province; 11904.
natural catastrophy
neotectonic, canal, pipeline, dam, reservoir, seismic energy, earthquake, Greece; 06016.
natural cavity
tourism potential, cave, glaciotectonism, urban structure, Canada, Quebec, Montreal; 13114.
natural channel
channel sinuosity, trapezoidal channel, flow resistance, flood plain flow, channel flow, vorticity, overbank flow, meandering channel, channel model, 05167.
natural clay
strain, laboratory, compression, clay, permeability anisotropy, 06021.
natural clutter
coherent imaging, autocorrelation function, noise model, 10301.
natural dam
river regulation, lake emptying, dam overtopping, landslide, river impoundment, Italy, Valtellina, Adda River; 05261.
natural disaster
tsunami, coast, historical record, earthquake, wave height, Japan, Tsugaru Peninsula; 09354.
natural emission
emission, nitrate, snow, nitrogen, anthropogenic emission, 00887.
natural environment
landscape planning, conservation, mountainous landscape, USSR, Caucasus, Liakhvi River; 10427.
natural formation
space photograph, symmetry theory, relief symmetry, USSR; 08322.
natural gas
carbon dioxide, climate change, pollution, greenhouse effect, fossil fuel, 03137. mathematical modelling, interaction, frozen rock, hydrate, 03908. Mesaverde Group, reservoir, Cretaceous, Multiwell Experiment, sandstone, shale, USA, Colorado, Piceance Basin, Rifle Gap; 02293.
natural geosystem
ecological-geographical map, ecological problem, USSR; 10425.
natural gradient tracer test
solute transport, tracer test, stochastic model, groundwater flow, concentration data, 09891.
natural hazard
avalanche protection, engineering protection measure, climate region, hazard, Switzerland; 10730. built environment, hazard mitigation, risk vulnerability, architecture, landslide, urban planning, applied geomorphology, 10728. debris flow, prevention, landslide, forecast, mountain dominated, China; 01409. emergency preparedness, risk assessment, landslide, natural catastrophe, civil protection, municipal vulnerability, Canada, Quebec Province; 11904. geological hazard, hazard prediction, loess collapse, karstic collapse, permafrost, flooding, landslide, debris flow, earthquake, China; 13075. Hypsithermal, mountain area, global change, proxy climate record, treeline fluctuation, Canada, Rocky Mountains; 01382. mass wasting, rockfall accident, hazardous rockfall, warning sign, USA, Montana, Glacier National Park; 09533.
natural history
physical geography, atoll, bird, vegetation, Pacific, Marshall Archipelago; 01388.
natural invasion
anthropogenic invasion, plant invasion, paleoecology, Europe, (South); 08486.
natural landscape
geo ecology, Czechoslovakia, Slovak lowland; 03713. landform, aerial photograph, landscape terminology glossary, UK; 06000.
natural language
spatial relation, fuzzy set, 04515.
natural light simulation
computer graphics, meteorology, weather condition, 11487.
natural phenomenon
thunderstorm, passive radio location, radio location, dangerous, 02188.
natural process
anthropogenic effect, surface water quality, lake water quality, liming, acidification, USA, New York; Massachusetts; 01670.
natural rainfall
erodibility index, Wischmeier's nomograph, ferrallitic soil, spatial variability, temporal variability, erodibility, tropical soil, runoff plot, Africa; Madagascar; Guyana; 02738.
natural regeneration
mining, forest, mineral tailing, Canada, Quebec, Weedon Mine; 02782.

natural region classification
climatic element, vegetation type, geographic database, multivariate analysis, Japan; 08079.
natural resource
conservation, Farm Bill, planner, USA; 06872. economic development, mapping, Third World, 05561. ecosystem, evaluation, mapping, conservation, Mongolia; 13916. geographical catography, ecological cartography, map, 08042. GIS, database, regional scale, USA, Florida; 06847. GIS, land use, spatial factor, rural area, USA, California; 06920. GIS, water management, ecological map, ecological model, USA, Florida; 06861. land consolidation, noise pollution, GIS, environmental impact assessment, Germany; 05752. landscape, ecological research, GIS, USA; 06849. mire development, peatland, eroding, Finland; UK, Scotland, Shetland; 03892. resource decision support system, resource management temporality, 09203. socioeconomic database, land record, transportation, utility database, base map, geographic information system, Taiwan; 10325. soil association, soil landscape relationship, Tunisia, Kebili Region; 06005. state, GIS, USA, Illinois; 02231. supervised classification, band combination, Landsat TM, 05722.
natural resource conservation
skyline logging, digital terrain model, 08102.
natural resource information
LIS, CONSOIL, USA, Wisconsin, Dane County; 06855.
natural resource management
GIS, Geographic Resource Analysis Support System, image processing system, remote sensing, 01048. LIS, agricultural management, USA, Wisconsin; 12733. military use, natural resource planning, USA, Mississippi, Vicksburg; 06854.
natural resource monitoring
GIS, grassland biomass, AVHRR, Niger; 08075.
natural resource planning
natural resource management, military use, USA, Mississippi, Vicksburg; 06854.
natural risk
late boundary, geomorphological evolution, Neotectonic, fluvial process, landslide, active faulting, Turkey, Destek-Niksar Region; 03719. shoreline defence, storm, perception, 13482.
natural soil
weak rock, engineering property, compressibility, constitutive relations, fabric-structure of soil, shear strength, structure, 04904.
natural source
volatile organic compound, emission, anthropogenic source, Hungary; 11318.
natural surface process
environmental geomorphology, hazard, threshold analyses, 07132.
natural surface topography
fractal dimension, surface fractal, terrain analysis, 11450.
natural tracer
salt wedge, estuary, suspended matter, organic matter, bank erosion, sediment source, pollutant, Germany, Elbe Estuary; 03542.
natural trap
painted square technique, relief evolution, runoff, sheet wash, marker, phytoindicator, USSR, Issyk-Kul Lake; 05126.
natural variation
tree ring, oak, measurement precision, carbon-14, 02596.
natural vegetation
GIS, linear quadtree, land suitability classification, data structure, crop production, UK, Scotland, Deeside Region; England, High Peak District; Kincardine Region; 10406. semi desert development, aerial picture, vegetation degradation, savanna, Sahel, Niger; 08085.
natural vegetation cover
drought, range degradation, Landsat MSS, Botswana; 12744.
natural water
lake water origin, lake recharge, natural water mixing, baricentric model, isotope study, USSR, Caucasus Mountains, Blue Lake; 06307. metal bioavailability, speciation, heavy metal, 09452. organic acid, acid neutralising capacity, alkalinity, acid base status, 07828. particle, suspension, carbon dioxide, plankton, ocean, 03690. phosphorus, nitrogen, nutrient, chlorophyll, suspended matter, Caspian Sea; 12910. radical flux, solar simulator, biological process, photochemical transformation, USA, East Coast; Gulf of Maine; 10662. sea water, liquid chromatography, picomolar concentration, carbonyl compound, 06314. visibility, remote sensing, water property, Monte Carlo technique, upwelling light, light stream, 12316. water quality model, photochemical reaction, geochemical model, 09834.
natural water mixing
baricentric model, isotope study, natural water, lake water origin, lake recharge, USSR, Caucasus Mountains, Blue Lake; 06307.
nature
rate, resurfacing, crater obliteration, crater production, crater lifetime, volcanic crater, viscous relaxation, crater ejecta halo, tectonic feature, Venus; 02526.
nature conservation
river classification, British river, river survey, catchment characteristic, vegetation, UK; 05128.
nature management
mapping, regionalisation, environmental disturbance, landuse consequence, USSR; 13915. photography processing, space image, 09209.
nature protection
inventory, information system, biotope, Germany, Darmstadt; Dieburg; 11511.
nature reserve
gully erosion, glacio fluvial deposit, environmental protection, terrace and gully landscape, Sweden; 03944.
nature's continent
physical environment, climate, landform, vegetation, soil, North America; 01380.
nautical chart
aeronautical chart, map production, navigation map, 05684. dredging, delta, Chasico Formation, continental shelf, navigation, Argentina, Bahia Blanca Estuary, El Toro Channel; 10534. editing system, name selection, name placement, 08037.
nautical charting
spatial data, temporal information, automated nautical charting, 09130.
nautical map
portolan map, Mediterranean; 01071.
Navier Stockes equation
algebraic stress model, Reynolds stress component, secondary current, turbulence modelling, channel flood plain flow, compound open channel, 05165.
Navier Stokes equation
drag coefficient, shear stress, numerical study, turbulence, Ekman layer, 12360.
Navier-Stokes equation
perturbation method, surface tension, fluid, linear stability analysis, Reynolds number, 00002.
navigation
accuracy, differential Omega, 03292. bedload, estuary, delta, dredging, slope, sediment transport, alluvial river, Zaire, River Zaire; 05887. cartography, GIS, data capture, expert system, standard, 13755. channel process, shallow channel, USSR, Vilyui River; 00022. electronic chart, chart, seaborne navigation, 09144. GIS, oceanography, fishery, environment, Canada; 02247. historical analysis, international cooperation, 06709. Leslie-DeLury depletion experiment, trawl efficiency, sea, 02089. map, children, 04588. nautical chart, dredging, delta, Chasico Formation, continental shelf, Argentina, Bahia Blanca Estuary, El Toro Channel; 10534. offshore bottom, beach, profiling, sediment nourishment, backpassing, 05878. PCB's, contaminant, dredged material, mobilisation, USA, Massachusetts, New Bedford Harbour; 11708. photointerpretation, Landsat, river, ice, USA, Ohio, Allegheny, Monongahela; 04652. piloting, expert system, USA, New York; Alaska; 04563. pollution, Wadatlas, tidal movement, Netherlands, Waddenzee; 06783. Prolog, database, 04556. ridge regression, Kalman filter, multicollinearity, 04512. shoreline change, inner shelf, erosion, bathymetric survey, accretion, Egypt, Nile Delta; 10557. spaceplane, GPS, 10276.
navigation guidance
aircraft attitude recorder, water depth, helicopter lidar bathymeter system, 07912.
navigation map
nautical chart, aeronautical chart, map production, 05684.
navigation safety
sea ice mapping, ice mapping, Greenland; 09288.
navigation system
dispatch, automatic vehicle, location system, Canada; 13984. GPS, GIS, accuracy, 05594. navigation system accuracy, navigation system reliability, interoperability, integration, Omega, GPS, 06714. road, street network, database, 13982. simulation system, information system, military information, terrain data, 09136. traffic, road, 13983.
navigation system accuracy
navigation system reliability, interoperability, integration, Omega, GPS, navigation system, 06714.
navigation system reliability
interoperability, integration, Omega, GPS, navigation system, navigation system accuracy, 06714.
NAVSAT
shipborne receiving equipment, marine radionavigation, GPS, GLONASS, 05598.
NAVSTAR
cadaster, urban surveying, GPS, Canada; 02078. GPS, network, Germany, Mannheim; 04475. GPS, survey, tunnel, 02099. GPS, urban surveying, cadastral surveying, Canada; 04675.
NAVSTAR GPS
GIS, LIS, satellite technology, 06750.
Nazca Plate
continental margin, forearc sediment, tectonic erosion, accretionary complex, structural style, Neogene, Pacific, Peruvian Forearc; 01303. convergent margin, tephra, volcanic acticity, Quaternary, Miocene, Pliocene, subduction, Peru; 01292.
NCAR CCM
carbon dioxide, summer melting, glaciation sensitivity, snow cover, albedo, oceanic roughness, 08419.
NCGIA
curriculum, GIS, education, computer, cartography, USA; 02147.
NDVI
high resolution radiometer, airborne radiometer, temporal variation, 11535. leaf area index, coniferous forest, surface cover type, solar zenith angle, AVHRR, USA; 08099. monitoring, savanna, tree leaf production, vegetation index, primary production, AVHRR, Senegal; 13950. NOAA, AVHRR, Meteosat, vegetation, semiarid region, Africa, (West); 13951. vegetation index, forest damage, infrared, Landsat TM, USA, New Hampshire; Vermont; USA, Massachusetts; 09231.
Neanderthal remains
ESR dating, hominid bearing deposit, stalagmitic floor, Mousterian deposit, Italy, Ligure, Caverna delle Fate; 01417.
neap spring cycle
tidal sediment, channel fill, fining up sequence, lamination, clay, Netherlands, Schoorldam; 11658.
near infrared
infrared, brightness temperature difference, optical depth, ice particle, remote sensing, cirrus cloud, lidar, radiative transfer theory, satellite observation, 05374.
near infrared radiant flux
transmittant leaf, light environment, canopy reflectance, 10410.
near infrared reflectance spectroscopy
soil size fraction, carbon concentration, nitrogen concentration, 10920.
near shore region
lake water quality, pore water, sediment pore water, alkalinity production, oxic condition, groundwater seepage, acidic lake, acid chemistry, base chemistry, 11011.
near stream zone
flow path, groundwater flow, water chemistry, spring, ammonium, denitrification, bank seepage, chloride, nitrogen chemistry, 12248.
near surface chlorophyll concentration

satellite colourimetric measurement, chlorophyll concentration, blue light attenuation, Atlantic, (Northwest); 10436.
near surface compressive stress
quarry floor, pop-up, stress system, orientation, Canada, Quebec, Quebec City; 01390.
near ultraviolet spectroscopy
diurnal photochemistry, ozone destruction, chlorine monoxide, chlorine dioxide, bromine monoxide, visible spectroscopy, Antarctica, McMurdo Station; 04390.
near-infrared
airborne MSS, SAR, classification accuracy, forest mapping, forest type, Canada, Ontario, Chalk River; 05731. mid-infrared, grassland, phytomass, 02222.
near-surface velocity
sea surface temperature, determination, 04640.
nearest neighbour
median filter, 04516.
nearest neighbour spacing
fair weather, cumulus cloud, 10119.
nearshore
infragravity wave, edge wave, wave, morphological change, bar, storm, Denmark; 02343. resuspension, mud bed, shear stress, 04687. shelf, sediment transport, sediment transport model, computer model, marine geology, ice shelf, geomorphological development, Sweden; Baltic Sea; 02609. surf zone, sediment transport, suspended sediment, coastal process, Argentina, Monte Hermoso Coast; 04741.
nearshore area
sand, sea bottom, storm surge, sediment budget, beach, coast, Germany, Probstei Coast; Baltic Sea; 00054.
nearshore bar
bedform, progradation, water depth, sedimentary structure, dipmeter, reservoir rock, Canada, Gulf of Saint-Lawrence; 01222.
nearshore region
wave, suspension, sand, seabed, USA, Florida, Cape Canaveral; 12860.
nearshore seepage
seepage flux, surface water groundwater interaction, seepage pattern, Canada, Alberta; 07487.
nearshore system
storm, surf zone, bar, shoreface, sediment transport, 09350.
nearshore zone
sediment transport, surf zone, shoaling, wave, coastal structure, 03547.
Nedre Glamsjo
palaeocurrent, iceberg scour, gravity crater, current erosion mark, Preboreal flood, jokulhlaup, ice dammed lake, Norway, Romerike; 09578.
negative anomaly
seasonal mean, satellite imagery, secular variation, snow cover, Northern Hemisphere; 12484.
negative concentration
oxygen-18 concentration, sea ice, snow ice, frazil ice, Weddell Sea; 07309.
negative energy
Casimir, Arnol'd's method, Kelvin-Helmhotz instability, pseudoenergy, pseudomomentum, 01180.
negative flash
lightning characteristic, lake effect, thunderstorm, positive flash, return stroke, North America, Great Lakes; 08838.
negative specific humidity
shape preserving method, advection process, computational aspect, moisture transport, general circulation model, mass conservation, 13578.
nehrung
haff, Late Glacial, coast, melt water channel, Baltic Sea; 12862.
neighbourhood analysis
ILWIS, DTM, rockfall, hazard, 02200.
neighbourhood graph
Gabriel graph, Euclidean plane, 11455.
Nelson River sediment
intertill sediment, nonglacial sedimentary unit, TL dating, Middle Wisconsinan(Middle), deglaciation, Canada, Manitoba, Hudson Bay Lowland; 11942.
neo-tectonics
cave, Beutushohle, Batterich, Gelberbrunnen spring, Sieben Hengste-Hohgant cave System, Barenschacht, speleothem, fault movement, karst, Switzerland, Thun Lake; 02558.
Neocomian
redbed, source, fluvial deposit, cycle, Cretaceous, Iran, Kopet-Dagh Basin; 00143.
neodymium
tracer, water column, sediment trap, aerosol, current, nutrient, Mediterranean Sea; 03674.
neoformation
micromorphology, pedogenetic mineral, morphology, mineral weathering, 01478. pore water chemistry, silica, Oligocene, Pliocene, microbial filament, Atlantic, ODP Hole 699A; 12985.
Neogene
alluvial fan, hydromorphosis, groundwater, palygorskite, clay, Spain, Segovia, Bercimuel; 09470. bulk density, porosity, Sisquoc Formation, Monterey Formation, burial history, USA, California, Point Pedernales; 10503. carbonate concentration, productivity rate, Pleistocene sediment, Pliocene sediment, orbital geometry, seafloor, Indian Ocean, Mascarene Plateau, ODP Site 709; ODP Site 710; Indian Ocean, Mascarene Plateau, ODP Site 711; 08191. clay mineral, Quaternary, smectite, submarine volcanism, hydrothermal reaction, pelagic sediment, Pacific, (Central); 11699. climatic change, monsoon, deep sea sediment, current system, plate tectonics, accumulation rate, Indian Ocean, Mascarene Plateau, ODP Hole 711A; 03578. dolomite, diagenesis, reduction, mineralisation, pore water, sedimentation rate, 00117. geomagnetic field, deep sea sediment, Brunhes-Matuyama reversal, cosmic ray, beryllium-10, Atlantic, (South-central), DSDP Site 519; 02371. glaciation, Miocene, phosphorus, sedimentation, sea floor, USA, California; 01335. Mio-Pliocene boundary, Tortonian-Messinian boundary, magnetic polarity stratigraphy, stratotype, biozonation, Tyrrhenian Sea; 00014. Nazca Plate, continental margin, forearc sediment, tectonic erosion, accretionary complex, structural style, Pacific, Peruvian Forearc; 01303. neotectonic activity, benthic foraminifera, Miocene, Pliocene, turbidite, basin, gravity flow deposit, Dominican Republic, Sierra de Neiba; Cordillera Central; 10614. organic matter, clay mineral, thermal history, hydrocarbon, smectite, Czechoslovakia, Transcarpathian Depression, Vienna Basin; 05917. phosphorite, guano, phosphate, Australia; 00106. phosphorite, transgression, precipitation, weathering, solar input, 01275. Pliocene, Pleistocene, climate change, Cenozoic(Late), pollen analysis, China, Heilongjiang Province, Fulaerji; 01443. productivity, sea ice cover, continental slope, opal, climate, Quaternary, Paleogene, Weddell Sea, ODP Site 693; 03571. Quaternary, volcanism, tectonics, Kaihu Group, sand mineralogy, sedimentary provenance, New Zealand, South Auckland; 08248. relict sand, heavy mineral, Paleogene, Korea; Korea, South Sea; 03563. sediment source, current, shelf prism, platform, Eocene, Oligocene, New Zealand, Canterbury Basin; 07017. sepiolite, palygorskite, clay, Spain, Palencia, Duero Basin; 09469. structural history, graben, extension, fault, Tertiary, Paleogene, USA, Utah, Salt Lake City; Basin and Range Province; USA, Utah, Great Salt Lake; 01290. syndiagenetic structure, earthquake, deformation structure, seismite, Oligocene, Egypt; 00012. tephrochronology, time scale, ice age, volcanic centre, Iceland; 03692. Tertiary, conglomerate, maturation, kerogen, vitrinite reflectance, Japan, Honshu, Tsugaru Basin; 11798.
neogene karstification
karstification, chronological sequence, cave development, plantation surface, Oligocene, Pliocene, palaeokarst development, karst form, Hungary, Rudabanya Range, Osztramos Hill; 02559.
Neogene(Late)
plate, relative motion, transform plate motion, transpressive plate motion, San Andreas Fault, Pacific Plate, California Plate, USA, California; 08355.
neogenesis
calcium carbonate, gypsum, sulphide, mud, estuary, France, Loire Estuary; 10552.
Neoglacial
Holocene, sediment production, sediment budget, clastic sediment, delta, aggrading, paraglacial sediment, debris flow, landslide, Canada, British Columbia, Coast Mountains, Lillooet River; 13015. Hypsithermal, equilibrium line altitude, Little Ice Age, Holocene, glacier, climate variation, Norway; 13191. Little Ice Age, sedimentation rate, flux, preservation, organic carbon, fjord, bacterial biomass, Hypsithermal period, Canada, Baffin Island; 04975. Quaternary glaciation, Quaternary(Late), glacier fluctuation, sea level control, tectonics, equilibrium line altitude, tidewater glacier, radiometric dating, raised beach deposit, last glaciation, late glacial, Southern Ocean; Antarctica, Antarctic Peninsula; 02654.
neoglacial activity
alpine lake, geomorphological approach, sedimentary response, core, sediment source, lake sediment, palaeoenvironmental change, paraglacial sedimentation, Canada, British Columbia, Coast Mountains, Kwoiek Creek; 08471.
neoglacial advance
Quaternary, glaciation, Isotope Stage, penultimate glaciation, deeply weathered drift, radiocarbon dated organic deposit, terminal moraine, Ecuador, Andes; Venezuela, Andes; Colombia, Andes; 02623. tree ring, glacial fluctuation, dendrochronology, dating, climatic change, moraine, Argentina, Rio Negro, Rio Frais Valley; 03890.
neoglacial chronology
floristics, relative age, weathering feature, lichenometry, soil, chronosequence, Holocene, plant dynamics, USA, Wyoming, Teton Range; 06140.
Neoglacial cooling
Holocene, forest development, palaeoclimate, pollen, plant macrofossil, high altitude lake, vegetation change, effective precipitation, USA, California, Sierra Nevada; 02661. Quaternary glaciation, weathered glacial deposit, potassium/argon dating, tectonically active island, mountain ice cap, radiocarbon age, last glaciation, Equilibrium Line Altitude, moraine limit, New Guinea; 02633.
Neoglacial ice advance
Late Quaternary, vegetation history, pollen zone, radiocarbon, tephra dated, early postglacial vegetation, temperature, Mazama tephra, Canada, Alberta, Jasper National Park, Wilcox Pass; 05012.
Neoglacial limit
mass balance variation, glacier change, climate, glacier geometry, glacier dynamics, Norway, Svartisen; 00340.
neoglacial moraine
Rhizocarpon, glacial advance, moraine, talus, glacierisation, lichenometric study, Holocene, rock glacier, Canada, Northwest Territories, Frances Lake; Yukon Territory, Frances Lake; 08508.
neoglaciation
dendrochronology, Holocene, glacial chronology, Little Ice Age, radiocarbon, USA, Alaska, Kenai Mountains; 03026. Holocene, glacial history, climate history, lake sediment, terrestrial deposit, Little Ice Age, moraine, equilibrium line altitude, palynological investigation, vegetational change, Norway, Jostedalsbreen Region; 08464. Pisang, Manang, Buradhan, Omdu, moraine, monsoon, glacial landform, glacial advance stage, Annapurna, Little Ice Age, Gangapurna, Nepal, Himalayas, Manang Valley; 03884.
Neogloboquadrina dutertrei
upwelling signal, planktonic foraminiferal asseamblage, hydrographic change, Benguela Current, Angola Current, coastal upwelling cell, global cooling, Atlantic, Walvis Ridge; 10747.
Neogloboquadrina pachyderma
surface water temperature, salinity change, melt water pulse, deglaciation record, Younger Dryas event, Globigerinoides ruber, Pacific, (Western); 08452.
neoinformation
weathering, silicate, pseudomorph, olivine, pyroxene, amphibole, mica, feldspar, nepheline, quartz, microfabric, morphology, mineral weathering, 01477.
Neolithic

archaeological site, ceramic, pottery, petrology, 07118. Bronze Age(Early), date, occupational phase, radiocarbon dating, Greece, Macedonia, Mandalo; 02627. Bronze Age, arable agriculture, postglacial history, environmental history, valley mire sediment, archaeological excavation, pollen data, Mesolithic, UK, England, Cheshire, Tatton Park; 10784. forest clearance, Bronze Age, vegetational history, pollen zone, radiocarbon date, lowland, raised bog, UK, Northern Ireland, Antrim, Sluggan Bog; 13149. Holocene, tufa, spring, sedimentation, loess, France, Val d'Oise, Guiry-en-Vexin; 07009.

neolithic settlement
palaeogeography, prehistoric settlement, palaeoclimate, relief development, Palaeolithic(Middle), artefact, Egypt, Eastern Desert; 04984.

neomorphism
sea water, mineralization, Bonneterre Formation, Davis Formation, Cambrian, lagoon, dolomite, limestone, USA, Missouri; 02404. St. Louis Limestone, Ste. Genevieve Limestone, porosity, Mississippian, packstone, cementation, diagenesis, USA, Kansas, Gray County; 09316.

neon
quartz, spallation ratio, erosion rate, uplift, cosmic ray, Antarctica; 09489.

neotectonic
canal, pipeline, dam, reservoir, seismic energy, earthquake, natural catastrophy, Greece; 06016. fluvial process, landslide, active faulting, natural risk, late boundary, geomorphological evolution, Turkey, Destek-Niksar Region; 03719. Quaternary(Late), folding, marine terrace deformation, warping, Japan; 03720.

neotectonic activity
benthic foraminifera, Miocene, Pliocene, turbidite, basin, gravity flow deposit, Neogene, Dominican Republic, Sierra de Neiba; Cordillera Central; 10614. isostatic rebound, methane hydrate, methane venting, glacial plucking, bedrock fragmentation, Precambrian, crystalline bedrock, frost induced wedging, stress release, Finland; 08466.

neotectonic effects
sinuosity, channel migration, alluvial channel, floodplain slope, channel slope, uplift, floodplain instability, meander, USA, South Dakota, Belle Fourche River; 10673.

neotectonic fault
compression, seismic fault motion, strike slip, fault motion, earthquake, surface ruptures, sinistral strike slip motion, Greece, Akarnania Region; 08367. normal fault, fault zone, fault movement, slip plane, fault breccia, fault gouge, breccia type, brecciation, fracturing, Greece, Aegean; 10693. tectodynamics, earthquake activity, earthquake catalogue, seismicity, focal mechanism, stress pattern, crustal inhomogeneity, Fennoscandia; 11882.

neotectonic fault zone
normal fault zone, slip plane geometry, deformation pattern, hangingwall salient, fault scarp, degradation, structural heterogeneity, Greece, Aegean Region; 08366.

neotectonic faulting
stress measurement, tectonic interpretation, in situ stress measurement, flatjack technique, doorstopper technique, horizontal stress, UK, England, Gloucestershire, Daglingworth Quarry; 08361.

neotectonic feature
planation surface, microstructural analysis, multidirectional extension, isostatic adjustment, Spain, Pyrenees, Sierras Exteriores; 10690.

neotectonic framework
subsidence zone, strain value, crustal deformation, geodetic measurement, recent tectonic movement, tectonic movement, vertical movement, China; 08373.

neotectonic history
geometric segmentation, Campo Grande Fault, fault, Cenozoic fill, calcrete, scarp height, rupture, Pleistocene(Late), hanging wall, vertical offset, USA, Texas, Hueco Basin; 11880. Steyne Wood Clay, raised beach, Bembridge Raised Beach, Lane End deposit, Priory Bay deposit, Boxgrove deposit, Earnley deposit, Stone deposit, West Wittering deposit, deposit correlation, Pleistocene, sea level, UK, England, Isle of Wight, Bembridge; Solent; 02679. structural style, Campo Grande Fault, fault, basin and range tectonism, fault scarp, movement rate, recurrence interval, extensional tectonism, USA, Texas, Hueco Basin; 11881.

neotectonic movement
karst, aquifer, travertine, carbonate, France, Pyrenees, Corbieres; 07006.

neotectonic setting
strike slip movement, GLORIA data, Puerto Rico; 06012.

neotectonic structure
tectonic subdivision, earthcrust thickness, crustal thinning, endogenic regime, surface elevation, Vietnam; China; Laos; Cambodia; 11884.

neotectonic study
bifurcation ratio, longitudinal river bed profile, drainage pattern, uplift, morphotectonics, morphometric method, Poland, Carpathians; 00234.

neotectonics
asymmetrical structure, river valley, valley, thalweg displacement, USSR, Samara River; 11856. brittle tectonics, geomorphology, drainage, rift neotectonics, karstic system, Madagascar; 08377. dislocation zone, fault breccia, tensiional fault, drainage pattern, fault, carbonatite, India, Western Meghalaya, Nongchram; 08371. earthquake, tectonism, bookshelf tectonics, seismicity, volcanic zone, intraplate earthquake, Iceland; 10697. eustasy, sea level, dating method, coastline, North Sea; 08497. eustatic effect, meteorological effect, oceanic effect, sea level change, tide gauge, Mediterranean Sea; 06183. geology, drainage pattern, river alignment, remote sensing, France, Paris Basin, Champagne, Berry; Sologne; 00231. geomorphology, palynological analysis, terrace, lateritic deposit, planation surface, India, Manipur; 00226. gully erosion, landslide, cuesta, hydrogeotechnics, palaeotectonics, Nigeria; 01393. Landsat TM image, fault scarp, crustal block, vector diagram, Mexico; 06013. levelling, morphostructure, fault system, seismotectonic feature, vertical movement, France, Provence; 00232. palaeogeographic evolution, fluvial facies, lacustrine facies, Lago Tiberino, Villafranchian, tilting, meander bend, terrace, tectonic phase, Italy, Umbria, Tiber Valley, San Fortunato Basin; Umbira, Tiber Valley, Riparvella Basin; 08342. palaeoseismicity, timing, coseismic displacement, Alpine Fault, rotational slumping, fault movement, New Zealand, Fiordland; 00240. palaeostress regime, earthquake, brittle tectonics, 04895. Quaternary uplift, fluvial terrace, envelope surface, uplift, geomorphological criteria, Italy, Apennines; 00233. seismic activity, geotechnical implication, Greece, Corinthian Gulf; 00235. seismotectonic map, river terrace, France, Berry; 13030. stability remedial measure, rockfall cause, landslide cause, slope stability, India, Himalayas, Kumaun Himalaya, Nainital, Naina Peak; 10716. stress, fracture pattern, Alpine Fault, lineament, extension fracture, normal displacement, regional strain, New Zealand, Westland; 09505. tectonic geomorphology, Cainozoic(Late), peneplain, Miocene, palaeorelief, transpressional folding model, schistosity, New Zealand, Otago, Garvie Mountains; Old Man Range; 00241. tectonic tilting, regional stress, subduction zone, Quaternary(Late), terrace deformation, marine terrace, Cascadia subduction zone, USA, Oregon, Cape Blanco; 06174.

neotectonism
tide gauge record, glacial unloading, forebulge, warping, sea level, vertical crustal movement, historic, Holocene(Late), USA, (Southeast); (Northeast); 01391.

Neotyrrhenian
Tyrrhenian Stage, Pleistocene(Upper), terrace, tectonic dislocation, Cutro terrace, Leonardo Campolongo Isola di Capo Rizzuto Terrace, Le Castella Capo Rizzuot Terrace, Capo Colonne Terrace, sea level lowering, Crotonian stage, marine regression, Eutyrrhenian, Italy, Calabria, Crotone Peninsula; 08499.

nephanalysis
earthview, skycover, cloud, 03007.

nepheline
quartz, microfabric, morphology, mineral weathering, neoinformation, weathering, silicate, pseudomorph, olivine, pyroxene, amphibole, mica, feldspar, 01477.

nepheloid layer
canyon, hydrography, suspended particulate matter, continental margin, Mediterranean Sea, Gulf of Lions; 05858. gyre, ecosystem response, recycling, meiofauna, sedimentation, continental shelf, Mediterranean Sea, Gulf of Lions; 05852. hydrocarbon, water column, delta, nitrogenous compound, organic matter, phenol, Mediterranean Sea, Gulf of Lions; France, Rhone Delta; Mediterranean, Gulf of Lions, Lacaze-Duthiers Canyon; 05963. plume front, organic matter, suspended matter, sediment accumulation, France, Rhone River; 08284. sedimentary budget, continental shelf, resuspension, accumulation rate, Mediterranean Sea, Gulf of Lions; 05853. surficial sediment, benthic layer, continental margin, Quaternary, shelf, mud, sediment physical property, France, Gulf of Lions; Rhone River; 06956.

nepheloid matter
organic matter, seasonality, ECOMARGE program, continental slope, biogenic matter, Mediterranean Sea, Gulf of Lions; 05859.

nephelometer profile
continental shelf, abyssal sediment, ferromanganese, sedimentation, seafloor, Antarctica; 10576.

nephelometry
deliquescence, hygroscopic, crystallisation humidity, aerosol, USA, California; Arizona; 04433. Module Autonome Pluridisciplinaire, resuspension, benthic community, abyssal water, biological activity, particle concentration, temporal variation, Atlantic, Bay of Biscay, Meriadzek Terrace; 07024.

neptunian dyke
rifting, cracking, decollement, Jurassic, breccia, Switzerland; Italy, Southern Alps; 11657.

neptunium
effluent, transuranic element, UK, England, Ribble Estuary; Irish Sea; 12903. plutonium, americium, Sellafield nuclear power station, radionuclide, radioactivity, nuclear power station, UK, England, Cumbria; 13262.

NERC research programme
survey station, station measurement, temperature, salinity, dissolved oxygen, nutrient, zooplankton, sediment, metal, North Sea; 11603.

neritic
subsidence, overthrusting, Paleogene, carbonate platform, foreland basin, Spain, Pyrenees, Sierra del Cadi; Sierra de Port del Comte; 00140.

neritic ecosystem
chlorophyll, biomass, primary production, sedimentation, phytoplankton, settling velocity, Caribbean, Jamaica, Kingston; 05955.

Nernst-Einstein equation
hydraulic barrier, diffusion coefficient, gravel, unsaturated conditions, groundwater flow, diffusion barrier, ionic transport, 01707.

Neruchevs views
trace element, syngenesis, plankton composition, biogenic content, black shale, 09448.

Ness Formation
cut-and-fill, reservoir parameter, Saltwick Formation, Aspelintoppen Formation, Jurassic, continental shelf, Atlantic, Norwegian Shelf; 04808.

nested mesoscale model
limited area model, general circulation model, regional climate simulation, Europe; 08933.

net deposition
bulk precipitation, acidification, eutrophication, forest hydrology, throughfall, stemflow, spatial variability, atmospheric deposition, dry deposition, 01633.

net erosion
sagebrush, steppe landscape, caesium-137, soil erosion, semi arid region, wind driven redistribution, USA, Wyoming; 10840.

net production value
model, carbon pump efficiency, reconstruction, ocean carbon system variation, Antarctic nutrient hypothesis, Vostok ice core, ocean carbon pump, Atlantic deep water, Antarctic net carbon production, upwelling, 02602.

net radiation
glacier, albedo, surface roughness, thermal diffusivity, subsurface, surface energy balance, 03052. sensible heat flux, microclimate variation,

urban canyon asymmetry, solar radiation, 05406. soil heat flux, latent heat flux, eddy correlation measurement, dry deposition, energy balance, sensible heat flux, USA, Colorado, Pawnee Grasslands; 03076. soil surface, surface temperature, meteorological data, energy balance, model input, 13520. surface heat flux, heat flux, NOAA-7 satellite, infrared data, fair weather, cloudy situation, radiation, heat flux, satellite data, France; 09977. surface temperature, upward longwave radiation, AVHRR, France; Nigeria, Niger; 12691.

net radiation partitioning
Priestley-Taylor formulation, alpha diurnal variation, Bowen ratio, stability, parameter alpha, Brazil, Amazon Forest; 13527.

net soil loss
caesium-137, proportional method, calibration curve, calculation, Australia, New South Wales, Hunter Valley; 02744.

net solar irradiance
energy balance, solar radiation, long wave radiation, outgoing longwave, 00691.

net surface radiation
hydrological balance, deforestation, climate, surface energy balance, evapotranspiration, Brazil, Amazon; 03129.

Netherlands Institute of Sea Research
oceanography, marine geology, benthic system, pelagic system, Netherlands; 08316.

nets and stripes
frost sorted pattern, regolith, patterned ground, soil erosion, miniature patterned ground, Falkland Islands, L'Antioja Valley; 13068.

network
engineering, observation, surveying, 04474. geoid modelling, height, 04500. GIS, corporate wide spatial database, 01041. GIS, telecommunication, Switzerland; 04676. NAVSTAR, GPS, Germany, Mannheim; 04475. optimisation theory, levelling network, geodetic network, 11432. remote sensing, ecological network, 02230. survey, mapping, land information, Canada, New Brunswick; 13812.

network access
management issue, labour market analysis, storage structure, geographical resolution, 01045.

network adjustment
geoid, 02100. leveling data, bench mark, crustal movement, least square adjustment, 10385. results accuracy, GPS survey, 07945. survey network, coordinate variation, error ellipse, least squares adjustment, 07952.

network architecture
GIS, local government, distributed GIS, 09304.

network configuration
gauge network, areal rainfall, radar data, sampling error, rain gauge, 05114.

network density
measurement frequency, water level, monitoring network, Kalman filtering, groundwater flow model, estimation error standard deviation, sensitivity analysis, China, Zhengzhou; 11050.

network design
bundle adjustment, close range measurement, simulation facility, 07926. confined aquifer, parametric statistical technique, nonparametric statistical technique, geostatistical technique, kriging, chloride concentration, monitoring network, groundwater quality monitoring, Spain, Barcelona, Llobregat Delta; 01726. gauging network, hydrometric network, water level, cost-benefit analysis, 04180. monitoring network, optimisation, multiple objective function, pollution monitoring, Spain, Tarragona; 13680.

network error
post adjustment assessment, levelling network, 10266.

network evolution
water management, urban hydrology, hydrographic change, 11104.

network file
revision capacity, distributed file, street network, Canada; 13985.

network geometry
modelling spatial uncertainty, solute transport, transport model, groundwater flow, kriging technique, nitrate, water quality, Austria; 09893. orientation parameter, reciprocal observation, photogrammetry, 12606.

network management
local area network, networking, GIS, 01046.

network operation
water resources development, reservoir, meteorological data, isoline mapping, square grid regionalization, rainfall runoff model, hydrologic data, uncertainty analysis, Venezuela; 05315.

network overlay
GIS, transportation network, 06925.

network partition
node communication, partitioned replicate database, 06731.

network street
GIS, GPS, map revision, Canada, Toronto, Markham; 13767.

networked software
GIS, sewer, digital map, USA, St. Louis; 11631.

networking
GIS, network management, local area network, 01046. weather radar networking, data transmission, data analysis, 05342.

networking concept
system communication, GIS, 01047.

networking technology
geo-referenced data, municipal government, database, data integrity, 01013.

Neubois silty loam
manure, aggregation, bulk density, physical soil property, biological soil property, 00396.

neural network
adaptive pattern recognition, 12654. climatological variable, back propagation, temperature prediction, 11277. data compression, synthetic aperture radar, 03341. SAR, speckle noise, image registration, autofocus, intensity segmentation algorithm, change detection algorithm, 10311.

neutral condition
turbulence structure, surface layer, similarity formulation, 10025.

neutral flow
topographic impact, dispersion, wind tunnel study, turbulent dispersion, hill, upwind point source, 10087.

neutral plume dispersion
digital image analysis, plume, optical method, 12366.

neutral stratification
roughness height, bulk transfer coefficient, saturated barley field, Dalton number, Stanton number, 05400.

neutralising capacity
acidification, sulphur treatment, sodium sulphate treatment, surface water quality, acid speciation, forested catchment, dissolved organic carbon, organic acid, aluminium hydroxide complex, carbonic acid, Sweden, Gardsjon Lake; 13383.

neutron activation analysis
chemical parameter, chromium, cadmium, chemical analysis, potable water, ground water quality, trace element, India, Patiala; 05230. chromium, cadmium, alkali, groundwater quality, potable water, water quality analysis, industrial pollutant, India, Patiala; 02920. estuary, metal, periodic table, suspended material, management, China, Huanghe River; 04737.

neutron log
laboratory measurement, sediment core, porosity, Atlantic, Meteor Rise; ODP Hole 704B; 13000.

neutron method
penetrometer resistance, volumetric moisture content, 00442.

Neutron moisture meter
calibration procedure, regional evaporation, soil moisture, rainfall, evaporation, water balance study, Australia, New South Wales, Goulburn-Marulan Region; 12154. lateritic soil, heterogeneity, soil moisture content, in situ calibration, calibration, Australia, Western Australia; 02896. temporal variability, soil moisture storage, moisture retention, moisture profile, infiltration, wetting front, Burkina Faso; 06332. tensiometer, gypsum block, saturation zone, soil water storage, forest hydrology, hillslope hydrology, soil water dynamics, fine textured soil, infiltration, Australia, Western Australia; 02902. tensiometer, gypsum block, soil water storage, soil water dynamics, jarrah forest, hillslope transect, coarse textured soil, infiltration, Australia, Western Australia; 02901.

neutron probe
Bowen ratio method, soil moisture content, actual evapotranspiration, water balance, leaf area index, cassava, water use efficiency, evapotranspiration, Ivory Coast, Adiopodoume; 01636. electrical conductivity, electromagnetic induction meter, coherency analysis, water storage variability, soil water storage, 07521. runoff, hydraulic conductivity, soil moisture, deep percolation, effective rainfall, water balance, crop management, tensiometer, Burkina Faso, Mossi Plateau, Gampela; 12280. soil moisture content, pasture growth, crop water use, silt loam, Penman equation, soil moisture deficit, potential evapotranspiration, New Zealand, Christchurch; 04108. tensiometer, field capacity, rooting zone, drainage loss, soil water tension, available water content, hydrodynamic characteristic, sandy soil, soil hydraulic property, Ivory Coast; 12230. tensiometer, hydrodynamic model, unsaturated zone, surface runoff, water tension, aquifer recharge, water balance, soil water content, Burkina Faso; 12231. upward flux, energy balance model, soil heat flux, agricultural water, water management, evapotranspiration, shallow watertable, crop evaporation, capillary rise, lysimeter, irrigation practice, watertable management, water balance model, radiant canopy temperature, soil water content, 13454. water content, surface runoff, infiltration, evaporation, grassland, soil water balance, Niger, Ibecetene; 12233. water storage, root growth, actual evapotranspiration, drainage, lysimeter, evapotranspiration, deterministic method, stochastic method, soil water balance, water balance model, crop characteristic, soil charactersitic, simulation model, tensiometer, Ivory Coast, Bouake; 12236.

neutron probe measurement
saturated zone, unsaturated zone, soil matrix flow, preferred pathway, saturated volume fluctuation, recharge, storativity, water balance equation, water level response, groundwater recharge, South Africa, Karoo, Dewetsdorp; De Aar; 11055.

new formation
geomorphology, relief formation, inheritance principle, inheritance, 11832.

New Spain map
map, Von Humboldt,A., Mexico; 10348.

new town development
image overlaying, binary masking, change detection, GIS, Hong Kong, New Territories, Tuen Mun; 10407. LIS, land availability, 10460.

Newark Supergroup
Mesozoic, lithofacies, sandstone, palaeolatitude, sedimentation, lake, rift basin deposit, 11752. palaeoecology, stratigraphic architecture, organic carbon, bioturbator, lake system, 11750.

Newer Drift
Iron Bridge gorge, subglacial channel, Lightmoor Channel, Chelford interstadial, Shrewsbury Formation, glacial deposit, Four Ashes, type site, Devensian stage, Stockport Formation, UK, England, West Midlands; Cheshire Plain; 13135.

Newman
Thematic Mapper data, ferric oxide, satellite, 11547.

Newney Green till
Great Waltham till, Hornchurch till, Maldon till, till, lithofacies, Lowestoft till, Blakenham and Bramford till, Barham till, Creeting till, colour difference, UK, England, East Anglia; 13142.

Newton method
optimisation method, adjoint state method, inverse problem, gradient method, groundwater flow, parameter estimation, estimation uncertainty, maximum likelihood problem, Gauss Newton method, 09869.

Newtonian
rheology, viscometer, suspension, 01358.

Newtonian process
Rossby wave, Ekman layer, diabatic heating, thermal equilibration, planetary wave, three level quasi geostrophic model, 04258.

NEXRAD
radar, television weather industry, forecaster, USA; 10166. storm iden-

tification, radar viewing angle, thunderstorm, echo size, echo asymmetry, 10114.
Neyman Scott model
runoff model, rainfall point process, stochastic model, rainfall runoff model, Poisson model, 09802.
niche
foraminifera, seasonally ice covered area, perennially ice covered area, benthic foraminifera, siliceous sponge reef, sedimentation rate, food supply, Canada, Axel Heiberg Island; Ellesmere Island; Canada, Axel Heiberg Shelf; Arctic Ocean, Baffin Bay, Lancaster Sound; Arctic Ocean, Axel Heiberg Shelf; 10755.
Nicholson subsoil
titration, crop response, soil acidification, subsoil, fertiliser application, surface charge behaviour, liming, Eden subsoil, Lowell subsoil, USA, Kentucky; 10929.
nickel
cadmium, chromium, pollution count, diffuse pollution, heavy metals, surface water quality, lead, zinc, mercury, copper, Europe, River Rhine; 04067. cadmium, cobalt, zinc, organic pollutant, heavy metal transport, mercury, copper, India; 10905. cadmium, Gaussian distribution, wet deposition, sampling strategy, outlier detection, statistical analysis, zinc, copper, chromium, 04434. cadmium, plant, soil, heavy metals, zinc, copper, lead, China, Beijing; 00432. cadmium, sewage sludge, trace metal, lead, zinc, copper, Bahrain; 01562. copper, zinc, lead, sodium, chloride, calcium, sea water, aerosol, magnesium, chromium, manganese, iron, cobalt, Antarctica; Chile; 03168. lead, copper, zinc, heavy metals, coal mining, Poland, Lublin; 01605. lead, zinc, cadmium, chromium, aerosol, heavy metals, particle, sampling, sulphate, calcium, iron, magnesium, potassium, Spain, Valladolid; 03179. lead, zinc, iron, manganese, cadmium, copper, cobalt, chromium, biomass, pollution, trace element, grassland, Czechoslovakia, Ostrava; 00910. manganese, pelagic sediment, micronodule, sand, silt, Pacific, (North), Clarion-Clipperton Ore Province; 05870. manganese, Secondary Drinking Water Standards, groundwater recharge, groundwater contamination, pollution potential, dry well drainage, volatile organic compound, lead, chromium, pesticide, USA, Arizona, Pima County; 04139. metal mobility, sludge amended soil, cadmium, zinc, chromium, 01563. metal solubility, forest, ecosystem, pH, aluminium, manganese, cadmium, zinc, Sweden; 01603. particle size distribution, heavy metals, urban air, particulate, iron, manganese, copper, zinc, lead, Korea, (South), Seoul; 03181. potassium, zinc, calcium, manganese, magnesium, cadmium, silicon, sulphur, marine aerosol, soil particle, aerosol, urban atmosphere, carbon, sulphate, nitrate, ammonium,, chloride, aluminium, sodium, copper, Japan, Sapporo; 03199. receptor modelling, chemical mass balance, aerosol, particle, urban pollution, regional pollution, lead, USA, California Desert; 12539. shale, Eocene, metallochlorin, chlorin, mesopyrophaeophorbide a, Messel shale, Germany, Messel; 07100. strontium, stratospheric particle, balloon-borne collector, particle, sampling, microparticle, chlorine, iron, zirconium, copper, sulphur, bromine, zinc, titanium, 03201. vanadium, sea water, oil seep, hydrocarbon, spill, Mexico, Veracruz; 12902. vanadium, trace metal, wet deposition, sampling protocol, precipitation, cadmium, copper, iron, manganese, lead, zinc, chromium, Sweden; 04441. zinc, cadmium, lead, pollution, particulate, aerosol, manganese, iron, magnesium, copper, Chile, Santiago; 03173.
nickname
city, image, USA, California, Sacramento; 03484.
nickpoint
cluster analysis, ergodic hypothesis, rejuvenation, morphometric assessment, lithologic control, drainage basin evolution, karst process, USA, Indiana, Crawford Uplands; 01378.
Niewodowo II
organic sediment, Eemian Interglacial, palynologic analysis, interglacial lake, Poland, Kolno Plateau; 00314.
night
modelling, ozone, reaction, measurement, nitrogen oxide, power plant, plume, 13728.
night airglow
airglow, photometer, oxygen density profile, rocket measurement, Meinel band, oxygen, hydroxyl radical, middle atmosphere, 11315.
nighttime system
heterogeneous reaction, nitrous oxide, nitrogen oxide, ozone, ammonia, 06544.
Nigrini zonal scale
core sediment, cooling, Quaternary stratigraphy, radiolaria, Indian Ocean; 10749.
Nile delta clay
palaeoclimate, palaeogeographic evolution, radiocarbon dated core, clay mineralogy, kaolinite, smectite, delta lobe, Egypt, Nile Delta; 11854.
Nile perch
Predynastic archaeological assemblage, land cultivation, temperature, flood, rain, palaeotemperature record, perch, Egypt, Nile River; 09571.
Nimar sandstone
transgression, palaeogeography, Gondwana, Cretaceous, lineament, weathering, India, Narmada Basin; 12920.
Nimbus 7
infrared emission, global cooling, global warming, climate variability, 06531. microwave radiometry, snow cover, Finland; 09281.
Nimbus 7 SMMR
rain fall, radar reflectivity, microwave radiometer, 04209.
NIMBUS-7
atmospheric radiation balance, radiation balance, surface atmosphere system, Hungary; 12689. microwave radiometer, winter MONEX, digital rain parameter, precipitation identification, China Sea; 12325. ozone measurement, stratosphere, Kelvin wave, solar backscatter ultraviolet instrument, travelling wave, 13643. radiometer measurement, Earth radiation budget, longwave flux, shortwave flux, inversion, 13486. satellite, short term variability, long term varability, calibration, trend, ozone measurement, NOAA-9, 12525.
Nimbus-7 SMMR data
soil surface temperature, frozen ground, mapping, freeze-thaw boundary, SMMR, USA, (Midwest); 02694.
ninetenth century
county map, rural industry, industrial activity, UK, Wales; England; 01074.
Ninnescah Shale
Permian(Early), redbed, concretion, carbonate, organic matter, shale, USA, Kansas; 09317.
niobium
Beaumont Seam, organics, mineralisation, coalification, rubidium, UK, England, Northumberland; 00179.
Nissenbaum
fulvic acid, organic matter, Palaeocene, phosphorus, nitrogen, Tunisia, Gafsa Basin; 00129.
nitrate
acid deposition, wet deposition, inorganic ion, bulk deposition sample, precipitation quality, sulphate, Finland; 10977. acid rain, precipitation, rain water acidity, ion concentration, storm system, sulphate, 13750. acidity, deposition, trace metal, acid rain, sample storage, stability, precipitation, acid deposition, pH, ammonium, 12512. aerosol, ammonia, acidity, sampling, Netherlands; 03172. aerosol, size distribution, accumulation mode, condensation, droplet, impactor, inorganic particle, ion, sulphate, USA, California; 06576. agricultural management system, agricultural pollutant, groundwater quality, surface water quality, chemical fate, herbicide, atrazine, alachlor, insecticide, carbofuran, 02946. agricultural pollutant, pollution control, buffer zone, floodplain, stream corridor management, surface water quality, 06397. agricultural pollutant, tillage, agricultural practice, groundwater contamination, soil nitrate concentration, fertiliser, 01760. agriculture, farming methods, nitrogen cycle, leaching loss, surface water quality, non point source pollution, 12274. aliphatic carbon, carbonyl group, sulphate, carbon, sampling, Fourier transform infrared analysis, aerosol, ammonium, 00937. ammonia, infiltration, leaching, fertiliser, nitrogen, pine plantation, 00386. ammonia, nitrogen, liming, ammonium, 13242. ammonia, suspended sediment, forest, chemistry condition, stream water chemistry, mountain stream, Switzerland, Prealps, Flyschzone; 08733. ammonium nitrate, acid deposition, nitrogen, major ion, conifer forest, aerosol, nitric acid vapour, dry deposition, coarse particle, rain chemistry, USA; Germany; 05510. ammonium, dry deposition, leaf, canopy, conductance, deposition velocity, nitrogen dioxide, nitric oxide, nitric acid, vapour, ammonia, 12548. ammonium, fertiliser recommendation, nitrogen, soil testing, 13274. ammonium, hydrogen ion, cloud water deposition, vegetation, lysimeter, flux gradient technique, deposition velocity, sulphate, 00715. ammonium, nutrient budget, coastal water quality, land-sea interface, groundwater discharge, phosphate, USA, California, Tomales Bay; 04078. ammonium, potassium, green alga, Chloromonas, acid rain, snow algae, snow chemistry, sulphate, USA, New York; Canada, Quebec; 04406. ammonium, scavenging, precipitation, deposition, 11375. ammonium, sulphate, Regionalized Variable Theory, spatial analysis, precipitation chemistry, mapping, acidity, hydrogen, UK; 10972. ammonium, sulphate, vanadium, zinc, trace element, aerosol, bromine, aluminium, calcium, cobalt, iron, potassium, lanthanum, manganese, titanium, elemental composition, chlorine, iodine, arsenic, Arctic; Canada, Ellesmere Island, Alert; 02030. ammonium, sulphur, Haploboroll, microwave-radiation treatment, microbial activity, incubation effect, resin-extractable nutrient, USA, Montana; 12094. ammonium,, chloride, aluminium, sodium, copper, nickel, potassium, zinc, calcium, manganese, magnesium, cadmium, silicon, sulphur, marine aerosol, soil particle, aerosol, urban atmosphere, carbon, sulphate, Japan, Sapporo; 03199. atmospheric deposition, acidification, organic acid, runoff chemistry, Reversing Acidification in Norway project, sulphate, Norway; 13381. bacteria, reduction, oxygen, denitrification, 08278. beryllium-7, sulphur dioxide, peroxy acetylnitrate, ozone, surface ozone, isentropic trajectory analysis, spring ozone maximum, nitric acid, sulphate, Japan, Sapporo; 00857. bromine, meteorology, boundary layer, ozone variation, USA, Alaska, Barrow; Arctic; 11329. burning, nitrogen, slash pile burning, pinyon-juniper woodland, ammonium, 12064. calcium, phosphorus, solute retention, stream, abiotic sorption, surface water quality, uptake rate, biotic sorption, sediment, dissolved organic carbon, USA, Oregon, Cascade Mountains; North Carolina, Appalachian Mountains; 11021. carbon dioxide, Gulf Stream system, carbon cycle, parcel model, mixed layer depth, salinity, alkalinity, phytoplankton, zooplankton, Atlantic, (North); 05491. carbonate, sulphate, dew chemistry, frost, potassium, calcium, magnesium, sodium, sulfite, nitrite, acid deposition, dry deposition, USA, Indiana, Indianapolis; 05512. chloride, adsorption, transport, sulphate, 03969. chloride, fluoride, ammonium, calcium, magnesium, sodium, potassium, pH, deposition, fossil fuel, cement, long range transport, acid precipitation, sulphate, acidity, alkalinity, USA, New York, Albany; 04436. chloride, landuse effect, total dissolved solid, groundwater quality, phosphate, India, Orissa, Bhubhaneswar; 11089. chloride, sulphate, sampling, aerosol, denuder-filter pack, thermodenuder, wet denuder, ammonia, nitric acid, hydrochloric acid, ammonium, 03183. chloride, total dissolved solids, historical data, groundwater quality, groundwater protection, education program, spring, USA, Virginia; 01781. chloride, wet deposition, washout, aerosol, precipitation, sulphate, Spain; 03177. denitrification, dinitrogen, nitrous oxide, emission, entrapment, salt marsh soil, ammonium, 13639. denitrification, nitrous oxide, nutrient, estuarine sediment, bioturbation, UK, England, Cornwall, Tamar Estuary; Devon, Tamar Estuary; 12856. deposition, acid deposition, precipitation chemistry, sulphate, Japan, Shimane; 13670. dew, dry deposition, guttation, aerodynamic resistance, deposition velocity, precipitation chemistry, sulphur dioxide, sulphate, 03235. dinitrogen pentoxide, nitrogen dioxide, nitrogen, radical decomposition, scavenging, troposphere, 05526. dinitrogen pentoxide, stratospheric species, absorption cross section, photolysis rate, 04391. environmental impact, organic pollutant, water quality legislation, water quality management, remedial action, anthropogenic effect, land use effect, water quality, pesticide, Europe; 00649. eutrophication, phosphorus, potassium, reservoir, nutrient loss, sediment loss, surface water quality, catchment study, pasture improvement, streamflow, upland management, runoff, UK, Wales, Nant-y-Moch; 02947. forested

watershed, ionic concentration, electrical conductivity, nitrification, adsorption, leaching, surface water quality, USA, Appalachian Mountains; 13358. friction velocity, ozone, sampling, pollution, sulphate, particle, rotary inertial impactor, USA, California, Los Angeles; 02048. glaciochemical data, sodium chloride, snow, calcium, sulphate, Asia, Himalayas, Karakoram; 01750. groundwater contamination, catchment management, sewage, waste water disposal, water quality management, phytosanitary product, 07607. groundwater quality, remedial treatment, chemical removal, 13429. hydraulic conductivity, nitrogen simulation model, leaching, Germany, Baden-Wurttenberg, Stuttgart; 06255. hydrocarbon, troposphere, biogenic hydrocarbon, isoprene, pinene, nitrogen oxide, nitrogen dioxide, nitric acid, 04381. hydrogen, lead, ozone, elevation, ecosystem, deposition, acid deposition, mountain, sulphate, 11321. hydrogeological study, hydrochemical study, forested area, agricultural landuse, groundwater contamination, Germany, Schleswig Holstein, Bornhoved Lakes; 11065. isotope fractionation, denitrification, land use effect, groundwater quality, microbial denitrification, Germany, Hannover; 01736. leaching, cracking pattern, soil cracking, irrigation, bypass flow, Greece; 13291. n-alkane, PAH's, background level, marine aerosol, sulphate, Mediterranean Sea; 12532. nitrate elimination process, ion exchange, heterotrophic biological treatment, potable water, water quality, water treatment, 00652. nitric acid, organic acid, organic carbonyl compound, sulphate, sulphite, cloud water chemistry, aerosol, ammonia, ammonium, hydrogen peroxide, USA, California, Sierra Nevada; 04426. nitrite, ammonia, bottom water, nutrient, effluent, fish, phosphate, India, Periyar River Estuary; 12908. nitrite, hydrogen peroxide, absorption coefficient, hydroxy radical, quantum yield, laser photolysis, 06629. nitrite, sulphate, oxalate, ion chromatography, hailstone, cloud water composition, cloud droplet chemistry, convective storm, chloride, 05435. nitrogen deposition, nitrogen retention, forest soil, organic horizon, ammonium, 13241. nitrogen isotope, oxygen isotope, two isotope characterisation, nitrous oxide, microbial reduction, nitrification, nitrite, Pacific; 05452. nitrogen oxide, hydrogen ion, chemical impact, regional emission, acid rain, emission, precipitation chemistry, trend, sulphate, sulphur dioxide, USA, (East); Midwest; 13668. nitrogen, coated wire electrode, electrode method, colorimetric method, 07400. nitrogen, phosphorus, base flow, nutrient loss, groundwater discharge, groundwater quality, surface water quality, agricultural practice, fertiliser, USA, Wisconsin; 01762. non sea salt sulphate, anthropogenic emission, ice core record, sulphate, 04415. optics, visibility impairment, particle measurement, chemical species, ammonia, light scattering, extinction, absorption, fine particle, sulphate, USA, Colorado, Denver; 13738. organic carbon, phthalate, alkane, pinon aldehyde, aerosol, long range transport, ozone, photochemistry, particulate matter, dicarboxylic acid, Japan; 00852. organic compound, specific conductance, dissolved oxygen, contaminant plume, bacterial growth, heterotrophic activity, chemical gradient, vertical sampling, microbiological gradient, groundwater quality, unconfined aquifer, USA, Massachusetts, Cape Cod; 13434. ozone, PAN, photochemical oxidant, nitric acid, Italy, Montelibretti; 06674. ozone, selenium, rate constant, dimethyl selenide, hydroxyl, 05537. palaeoclimate, carbon dioxide, foraminifera, nitrogen, glaciation, palaeochemistry, Pacific; Atlantic; 00934. phosphate, agricultural pollution, river discharge, weathering, organic carbon, Europe; 08157. phosphate, groundwater quality, irrigated horticulture, nutrient status, denitrification, root zone drainage, lysimeter, Australia, Western Australia, Swan Coastal Plain; 02925. phosphate, sampling strategy, classification method, contiguous grouping, discriminant analysis, nutrient, geographical zone, lagoon, surface water quality, ammonium, France, Herault, Thau Lagoon; 09824. phosphate, surface water quality, agricultural pollutant, tillage practice, sorghum culture, nonpoint-source pollution, desorption kinetics, enrichment ratio relationship, sediment, USA, Southern Plains; 13451. phosphate, tillage practice, wheat culture, desorption kinetics, enrichment ratio relationship, surface water quality, groundwater quality, nonpoint-source pollution, sediment, USA, Southern Plains; 13452. pollutant emission, sulphate, source receptor relationship, sulphur dioxide, nitrogen oxide, emission, acid rain, North America; 04437. potassium, phosphate, sodium, chloride, pH, aluminium concentration, iron, clearfelling, drainage water chemistry, forest hydrology, seasonal variability, 04155. precipitating cloud, power station, plume, acid deposition, sulphate, 07824. precipitation chemistry, mountain, acid rain, sulphate, UK, Wales, Snowdonia; 06701. precipitation, chemistry, snow, rain water, snow chemistry, inorganic ion, hydrogen peroxide, sulphate, sodium, chloride, USA, California; 04419. precipitation, solar activity, lightning, cosmic ray, nitrous oxide, sulphuric acid, sulphur dioxide, volcanic ash, precipitation chemistry, Antarctica; 02029. rangeland, terracing, wheat field, saline seep, groundwater quality, salinity, 13447. rate constant, hydroxy radical, chlorine, alkyl, 06628. representative basin, leaching, agricultural practice, surface water quality, soil water chemistry, France, Orgeval, Melarchez Basin; 06396. seasonal concentration ratio, concentration ratio, precipitation, sulphate, USA; Sweden; 11338. seepage, thermal power generation, fly ash, chemical waste, groundwater quality, surface water quality, ammonia, fluoride, aluminium, pH, iron, India, Husdev River; 12202. snow, denitrification, polar stratospheric cloud, stratosphere, ozone depletion, Antarctica; 03200. snow, nitrogen, anthropogenic emission, natural emission, emission, 00887. snowpack chemistry, meltwater, forest floor leachate, chemical transformation, sodium, chloride, sulphate, hydrogen, potassium, ammonium, USA, New York, Adirondacks; 02936. soluble reactive phosphate, dissolved inorganic nitrogen, on site sewage disposal, surface water-groundwater interaction, surface water quality, septic tank, waste disposal, coastal surface water, ammonium, 04080. spring thaw, snow chemistry, snow cover, snow melt chemistry, trace ion chemistry, maritime airmass, ice crystal, melt water, sulphate, UK, Scotland; 04404. stream water chemistry, spatial variation, volcanic landscape, surface water groundwater interaction, phosphate, Costa Rica; 12201. sulphate, acid rain, trend, precipitation acidity, deposition, USA, Sierra Nevada; 13656. sulphate, aluminium, silicon, calcium, iron, sulphur, particle, USA, Appalachian Mountains; 02063. sulphate, ammonium, sodium, calcium, magnesium, chloride, cloud water, fog water, Rotating Arm Collector, Caltech Active Strand Cloudwater Collector, droplet chemistry, USA, California, Santa Barbara Channel; 04421. sulphate, chloride, atmospheric deposition, forested catchment, groundwater contamination, recharge, acidification, aluminium concentration, buffering capacity, Germany, Fichtelgebirge; Spessart; Germany, Ebersberger Forst; 08785. sulphate, methanogenesis, lagoon, organic matter, anoxic, France, Marseille, Etang de Berre; 01207. sulphate, multicomponent transport, microbial transformation, contaminant transport, groundwater contamination, Germany, Fuhrberger Field; 04138. sulphate, organochlorine, ice core, pollution, snow, ice, carbon dioxide, lead, methane, radioactive species, nuclear bomb test, Chernobyl accident, Antarctica; Greenland; 05525. sulphate, precipitation, nitric acid, sulphuric acid, hydrochloric acid, precipitation chemistry, sea salt, sodium, potassium, ammonium, magnesium, calcium, fluoride, chloride, bromide, Japan, Tokyo; 00856. sulphate, snow, precipitation chemistry, chloride, Australia, Snowy Mountains; 00863. sulphate, sodium, potassium, ammonium, anion, organic acid, cation, aerosol, precipitation chemistry, sampling, rain water, ion chromatography, chloride, 03186. sulphate, sulphur dioxide, S(IV) oxidation, vertical transport, ion chromatography, field study, fog, aerosol, scavenging, ammonium, 13658. sulphate, urban atmosphere, aliphatics, PAH, lead, copper, manganese, iron, fluoride, chloride, bromide, Spain, Barcelona; 03175. sulphate, wet deposition, storm, emission, long range transport, acid deposition, Japan; 05498. total nitrogen, Kjeldahl method, ammonia, 02796. transnitration, salicylic acid, cadmium reduction, ion electrode method, USA, Great Plains; 07409. transport model, dispersion condition, control measure, emission scenario, smog episode, sulphur dioxide, nitrogen oxide, sulphate, 07831. tritium, denitrification, storage control, drift deposit, groundwater recharge, chalk aquifer, hydrogeology, hydrochemistry, transmissivity control, UK, England, Norfolk; 07539. Vertisol, grain sorghum, grass, crop rotation, Australia, Queensland; 02760. volatile organics, saline water, groundwater quality, urbanisation, denitrification, Australia, Western Australia, Swan Coastal Plain; 02926. water quality, forest soil, inorganic nitrogen, nitrogen leaching, deforestation, UK, Wales; 01751. water quality, network geometry, modelling spatial uncertainty, solute transport, transport model, groundwater flow, kriging technique, Austria; 09893. wetfall, ammonium, 12506.

nitrate adsorption
drainage water quality, anion exchange, subsurface drainage, water quality treatment, 04150.

nitrate aerosol
organic compound, formaldehyde, organic acids, hydrocarbon, peroxyacetyl nitrate, nitrogen oxide, ozone, hydrogen peroxide, sulphur oxides, long range transport, photochemical oxidant, chemistry-dispersion model, nitric acid, Japan; 02012.

nitrate carbon paste coated-wire electrode
sampling, air quality, nitrogen dioxide, sodium hydroxide, hydrogen peroxide, lead dioxide, 03194.

nitrate concentration
indicator bacteria, groundwater contamination, ion chemistry, karst aquifer, residence time, water chemistry, reducing condition, fertiliser, USA, Kentucky, Inner Bluegrass Karst Region; 07559. lysimeter, groundwater quality, root zone drainage, denitrification, sulphate : chloride ratio, sulphate concentration, irrigated horticulture, Australia, Western Australia, Swan Coastal Plain; 06383. microbial nitrogen transformation, sediment-water interface, coastal sediment, submarine groundwater discharge, water table height, denitrification, USA, New York, Great South Bay; 04136. missing data, wet deposition, acid deposition, precipitation-weighted-mean concentration, sulphate concentration, 04025. surface water quality, water chemistry impoundment, reservoir impact, downstream impoundment effect, Serial Discontinuity Concept, agricultural runoff, urban effluent, South Africa, Eastern Cape, Buffalo River; 06319.

nitrate contamination
coastal plain soil, agricultural practice, land management, groundwater quality, irrigated soil, leaching, 04157.

nitrate depletion
riparian zone, runoff water density, surface water chemistry, denitrification, plant uptake, mass balance, organic soil, New Zealand; 06318.

nitrate distribution
soil nitrate level, desert, alluvial fan, coarse soil, Pleistocene site, USA, California, Mojave Desert; 07416.

nitrate elimination process
ion exchange, heterotrophic biological treatment, potable water, water quality, water treatment, nitrate, 00652.

nitrate flux
denitrification, acetylene inhibition, nitrous oxide, fresh water sediment, 11816.

nitrate leaching
acid soil, tropics, anion exchange, exchange capacity, Oxisol, Alfisol, Ultisol, Inceptisol, leaching, South America; Africa; Asia, (Southeast); 07365. nitrogen loading, surface water quality, bulk precipitation, throughfall, stem flow, nitrogen flux, spruce forest, dissolved inorganic nitrogen, soil water chemistry, forest soil, inorganic nitrogen, UK, Wales, Beddgelert; Plynlimon; UK, England, Cumbria, Kershope; 11098. no-till agriculture, conventional till agriculture, root zone, leaching loss, soybean, 01756. soil model, computer simulation, soil process, anion diffusion, 13267. vegetation type, biogeochemistry, small catchment, surface water quality, atmospheric deposition, soil dynamics, cation loss, acidification, sulphate retention, afforestation, deforestation, France, Mont Lozere; 04154.

nitrate level
sulphate level, sewage effluent, groundwater chemistry, shallow groundwater, metamorphic terrain, hand dug well, groundwater quality, colour, alkalinity, Nigeria, Modakeke; Ile Ife; 05231.

nitrate loading
nitrogen dynamics, surface water quality, tidal river, estuary, phytoplankton, denitrification, wastewater treatment, ammonia loading, USA, Virginia, Potomac River; Maryland; 01678.

nitrate loss
substrate concentration, soil temperature, soil moisture, Michaelis-Menten expression, denitrification, Canada, Alberta; 04132.

nitrate measurement

diffusion technique, filter pack, ammonium nitrate, field intercomparison, nitric acid, 06642.
nitrate nitrogen
ammonium nitrogen, phosphate, calcium, magnesium, sodium, potassium, fire, preharvest burning, stream flow, water quality, nutrient, 06323. snow melt, atmospheric deposition, brackish lake, lake water quality, nitrogen metabolism, seasonal variation, Japan, Lake Nakanoumi; 06311. sod podsolic soil, particle size compostion, fertiliser application, nitrogen fertiliser, mineral nitrogen, 10878.
nitrate pollutant
fertiliser, water quality management, surface water quality, groundwater quality, agricultural land use, agricultural practice, 00631.
nitrate pollution
chalk aquifer, landuse pattern, agricultural policy, groundwater quality, land set aside, UK, England, Kent; 11090. groundwater chemistry, island hydrogeology, volcanic basalt, residence time, hydrochemistry, salinity, oceanic environment, hydrothermal activity, Reunion; 07547.
nitrate production
concentration gradient, dissolved oxygen, ammonium, surface water groundwater interaction, water quality, exchange flow, channel, hyporheic zone, 07508.
nitrate radical
aliphatic, aromatic toxic organics, chloroprene, hexachlorocyclopentadiene, cresol, nitrosamine, maleic anhydride, nitrobenzene, methyl bromide, phosgene, toxic contaminant, reaction rate, atmospheric persistence, ozone, hydroxyl radical, 10206. alkane, butane, pentane, 06625. arene, toluene, xylene, peroxyradical, alkene, 06658. dimethylsuphide, methanesulphonic acid, sulphur, 06662. gas phase process, cloud chemistry, aerosol chemistry, 13657. haloethenes, vinylchloride, vapour phase reaction, Fourier Transform IR spectroscopy, chlorine, 06637. laser flash photolysism, nitrate self reaction, reaction partner, 06646. molecular modulation spectroscopic technique, rate coefficient, photolysis, 06618. ozone, monoterpene, rate constant, camphene, sabinene, hydroxyl radical, 06568. rate constant, self reaction, laser flash photolysis, 06657.
nitrate reduction
dissolved oxygen, biological denitrification, nitrate:chloride ratio, nitrous oxide, aquifer microcosm, carbon addition, groundwater quality, USA, Georgia, Claiborne Aquifer; 13432. saline groundwater, organic carbon oxidation, magnesium, isotopic evidence, hydrogeochemical process, groundwater chemistry, carbonate chemistry, calcite saturation, strontium, sulphate reduction, methane fermentation, sodium calcium ion exchange, calcite dissolution, UK, England, Lincolnshire Limestone; 11081. Ultisol, leaching experiment, ammonium nitrate, nitrification, India, Bhubaneswar; 10883.
nitrate removal
denitrification, algae removal, lake water quality, acidification, nitric acid, 00543. suspended solid removal, total phosphorus removal, stream water quality, wetland, streamflow, USA, Minnesota, Minneapolis; St. Paul; 02879.
nitrate retention
forest catchment, ammonium retention, acid rain, lake water quality, acid precipitation, acidification, Canada, Ontario; 02854.
nitrate self reaction
reaction partner, nitrate radical, laser flash photolysism, 06646.
nitrate species
nitrogen isotope, nitric acid vapour, isotope exchange, kinetic fractionation, nitrogen-15:nitrogen-14 variation, 07861.
nitrate transport
runoff simulation, forest catchment, arable catchment, leaching, land use effect, catchment, lake, Sweden; 00633.
nitrate-nitrogen leachisng
groundwater quality, crop yield, agricultural practice, fertiliser, maize field, irrigation, water management, 13448.
nitrate-nitrogen loss
leaching, fertiliser, groundwater contamination, septic tank, agricultural pollutant, 01728.
nitrate:chloride ratio
nitrous oxide, aquifer microcosm, carbon addition, groundwater quality, nitrate reduction, dissolved oxygen, biological denitrification, USA, Georgia, Claiborne Aquifer; 13432.
nitrated phenol
phenol, cresol, precursor, photochemical formation, fog, 12508.
nitratine
nitrogen, silt, lake, Holocene, Kenya, Turkana Basin; 03592.
nitric acid
aerosol nucleation, winter, stratosphere, sulphuric acid, sulphate particle, Arctic; Antarctica; 00905. aerosol, stratosphere, polar vortex, nitrogen dioxide, nitric acid trihydrate, balloon-borne measurement, total reactive nitrogen, Arctic; Sweden, Esrange; 00909. ammonia, forest damage, suspended particle, leaching, spruce forest, precipitation, pollution, 03259. ammonia, tropical atmosphere, vegetation, burning, nitric acid seasonal variation, ammonia seasonal variation, savannah, 06547. boundary layer chemistry, biogenic hydrocarbon, oxidant formation, nitrogen oxide, hydrocarbon, ozone, peroxyacetyl nitrate, 03269. carbon monoxide, chlorofluorocarbon 11, non methane hydrocarbon, peroxyacetyl nitrate measurement, precursor relationship, ozone, nitrogen oxide, 04373. chemiluminescence, nitrous acid, hydrogen chloride, sodium nitrite, 06664. cirrus cloud, tropopause, stratosphere, polar stratospheric cloud, radiative transfer, 00694. dinitrogen pentoxide, hydrogen chloride, nitrous acid, trace gas exchange, mass accommodation coefficient, peroxyacetyl nitrate, liquid jet, air-sea exchange, 03213. dispersion, sea breeze front, air quality, turbulence, pollution, photochemical product, 00758. Fourier transform, infrared study, model, polar stratosphere, cloud surface, ice growth, evaporation, 11334. free troposphere, marine boundary layer, continental boundary layer, USA; Pacific; 04376. gas to particle conversion, acid aerosol, binary nucleation, aerosol, sulphuric acid, condensation, coagulation, 13160. hydrochloric acid, ammonia, aerosol, background level, source apportionment, trace element, Portugal; 13713. hydrochloric acid, ammonia, scavenging ratio, deposition, sulphur, nitrogen, chlorine species, UK, England; 12541. hydrochloric acid, ammonium, nitrate, chloride, sulphate, sampling, aerosol, denuder-filter pack, thermodenuder, wet denuder, ammonia, 03183. hydrochloric acid, filter pack, denuder, particulate pollutant, ammonia, 06566. hydrochloric acid, hydrofluoric acid, ice, polar stratosphere, 00906. hydrogen chloride, transport, potential vorticity, potential temperature, stratosphere, chlorine nitrate, chlorine compound, nitrogen oxide, Arctic; 00831. hydrogen peroxide, ozone, photolysis-chemiluminescence instrument, tunable diode laser absorption spectrometer, Luminox, peroxyacetyl nitrate, n-propyl nitrate, nitrogen dioxide, sampling, 01804. ice particle, lidar, polar stratospheric cloud, nonspherical particle, 00897. indoor:outdoor ratio, aerosol, inorganic acidic aerosol, sulphur dioxide, 10178. laser detection method, sampling, laser-photolysis fragment-fluorescence, 03214. laser photolysis fragment fluorescence, ambient air, mixing ratio, Atlantic; 06644. measurement, Dennder difference method, filter pack, transition flow reactor, Fourier transform infrared, spectroscopy, 13675. nitrate aerosol, organic compound, formaldehyde, organic acids, hydrocarbon, peroxyacetyl nitrate, nitrogen oxide, ozone, hydrogen peroxide, sulphur oxides, long range transport, photochemical oxidant, chemistry-dispersion model, Japan; 02012. nitrate measurement, diffusion technique, filter pack, ammonium nitrate, field intercomparison, 06642. nitrate removal, denitrification, algae removal, lake water quality, acidification, 00543. nitrate, hydrocarbon, troposphere, biogenic hydrocarbon, isoprene, pinene, nitrogen oxide, nitrogen dioxide, 04381. nitrate, ozone, PAN, photochemical oxidant, Italy, Montelibretti; 06674. nitric acid trihydrate, ice, particle evolution, polar stratospheric cloud, sulphate particle, particle size distribution, Forward Scattering Spectrometer, 00904. nitric acid trihydrate, sulphate aerosol, polar stratospheric cloud, stratospheric cloud, micro layer, temperature, Arctic; 00894. nitrogen dioxide, LIMS data, stratosphere, trace constituent, equatorial stratosphere, Kelvin wave induced oscillation, ozone, water vapour, 09073. nitrous acid, fine particle, ozone, trajectory, aerosol measurement, suburb, atmospheric acidity, acid aerosol, USA, Connecticut; 13712. nitrous acid, particulate nitrate, sulphur dioxide, particulate sulphate, annular denuder, filter pack, gas particle distribution, 12540. nitrous acid, sodium carbonate, particle deposition, calcium carbonate, urban area, diffusion tube, coal, sulphur dioxide, nitrogen dioxide, 03258. organic acid, organic carbonyl compound, sulphate, sulphite, cloud water chemistry, aerosol, ammonia, ammonium, hydrogen peroxide, nitrate, USA, California, Sierra Nevada; 04426. oxidant, forest decline, sulphur dioxide, sulphate, ozone, hydrogen peroxide, USA; 03262. ozone, nitrous oxide, balloon UV ozone spectrometer, photochemical model, active nitrogen partitioning, stratosphere, diode laser spectrometer, nitrogen oxide, nitrogen dioxide, 04393. particulate, transition-flow reactor, carbonaceous species, sulphate, sampling, 02049. peroxyacetyl nitrate, formaldehyde, potassium iodide, phenoxazine, sodium carbonate, potassium hydroxide, pollution control, oxidant, annular denuder, ozone, nitrogen dioxide, 00878. peroxyacetyl nitrate, odd nitrogen species, airborne instrument, intercomparison, nitrogen dioxide, 04364. polar stratospheric cloud, ice particle, nitric acid trihydrate, stratosphere, 00795. polar stratospheric cloud, temperature, cloud formation, chlorine, ozone depletion, remote sensing, ozone, Arctic; Antarctica; 00907. polar vortex, airborne measurement, nitric oxide, ozone, methane, nitrous oxide, water vapour, hydrothloric acid, hydrogen fluoride, nitrogen dioxide, chlorine nitrate, Arctic; 00799. pollution, transport, dry deposition, ozone, Japan; Korea; China; 00859. rainwater composition, precipitation chemistry, acidic precipitation, cold front, conductivity, sea salt, sulphuric acid, USA, North Carolina; 01958. sampling, intercomparison, electron capture gas chromatography, cryogenically enriched sample, ambient air, peroxy acetyl nitrate, nitrogen dioxide, 04365. sodium chloride, particle, annular denuder, hydrpchlonic acid, salt, road deicing, 06559. soot particle, PAHs, heterogeneous reaction, particle surface, nitrogen dioxide, 10181. stomatal resistance, aerosol, cloud droplet, deposition, hydrochloric acid, ammonia, pollution, sulphur dioxide, ozone, UK, England, Kielder Forest; 03144. stratosphere, hydrogen chloride, chlorine nitrate, polar vortex, polar stratospheric cloud, ozone depletion, chlorine monoxide, Arctic; 00917. stratospheric warming, photochemistry, ozone depletion, polar vortex, trajectory, ozone, 00791. sulphate, nitrate, beryllium-7, sulphur dioxide, peroxy acetylnitrate, ozone, surface ozone, isentropic trajectory analysis, spring ozone maximum, Japan, Sapporo; 00857. sulphuric acid, analytical technique, hydrogen peroxide, organic hydroperoxide, free radical reaction, hydroperoxy radical, acid formation, 04416. sulphuric acid, hydrochloric acid, precipitation chemistry, sea salt, sodium, potassium, ammonium, magnesium, calcium, fluoride, chloride, bromide, nitrate, sulphate, precipitation, Japan, Tokyo; 00856. sulphuric acid, hydrogen peroxide, dew chemistry, acid deposition, carbonaceous species, formate, acetate, carboxylate anion, carboxylic acid, bisulphite adduct, formaldehyde, USA, California, Glendora; 02047. sulphuric acid, low temperature, aerosol, stratosphere, water, vapour pressures, ternary system, 06537. thermodenuder system, annual denuder system, nitrogen oxide, ammonia, 06682. troposphere, teflon-nylon filter pack, tungstic oxide denuder, laser induced fluorescent, chemiluminescent, anthropogenic source, boundary layer, free troposphere, nitrogen oxide, 04375. tropospheric nitrogen, Lagrangian tracer model, climate model, lightning discharge, marine source, deposition, nitrogen cycle, 10193. vapour, ammonia, nitrate, ammonium, dry deposition, leaf, canopy, conductance, deposition velocity, nitrogen dioxide, nitric oxide, 12548. winter, mass spectrometric method, rocket borne instrument, nitric acid trihydrate, aerosol, Arctic; 00908.
nitric acid aerosol
ozone, sulphate aerosols, ozone depleting chemistry, heterogeneous chemistry, volcanic aerosol, eruptions, Mexico, El Chichon; 12522.
nitric acid aerosol formation
stratosphere, aerosol, condensation nuclei, supersaturation, Arctic; 05548. stratosphere, gaseous nitric acid, Nitric Acid Trihydrate, aerosol, supersaturation, condensation nuclei, Arctic; 05547.
nitric acid chemistry
model calculation, potential vorticity, polar vortex, polar stratospheric cloud, wintertime chemistry, 12579.
nitric acid hydrate
chemical equilibrium, enthalpies of formation, entropy, calorimetric

measurement, polar stratosphere, 05551.
nitric acid measurement
denuder tube collection, chemiluminescent detection, nylon filter collection system, ion chromatography detection, tunable diode laser, intercomparison, 04366.
nitric acid particle
denitrification, polar stratosphere, polar stratospheric cloud, Arctic; Antarctica; 00794. denitrification, stratosphere, polar stratosphere, ice cloud, Antarctica; Arctic; 00793.
nitric acid seasonal variation
ammonia seasonal variation, savannah, nitric acid, ammonia, tropical atmosphere, vegetation, burning, 06547.
nitric acid trihydrate
aerosol, nitric acid, winter, mass spectrometric method, rocket borne instrument, Arctic; 00908. aerosol, polar stratospheric cloud, dehydration, Arctic; 00900. aerosol, supersaturation, condensation nuclei, nitric acid aerosol formation, stratosphere, gaseous nitric acid, Arctic; 05547. balloon-borne measurement, total reactive nitrogen, nitric acid, aerosol, stratosphere, polar vortex, nitrogen dioxide, Arctic; Sweden, Esrange; 00909. cloud physics, polar stratospheric cloud, microphysics, adiabatic cooling, particle, heterogeneous chemical, 00901. ice, particle evolution, polar stratospheric cloud, sulphate particle, particle size distribution, Forward Scattering Spectrometer, nitric acid, 00904. particle, aerosol, nucleation, polar stratosphere, 10216. scattering ratio, aerosol depolarisation, stratosphere, lidar, polar stratospheric cloud, polar vortex, Arctic; 00895. stratosphere, nitric acid, polar stratospheric cloud, ice particle, 00795. sulphate aerosol, polar stratospheric cloud, stratospheric cloud, micro layer, temperature, nitric acid, Arctic; 00894. water ice cloud, ozone minihole, balloonborne measurement, polar stratospheric cloud, ozone, cooling event, Arctic; 09049.
nitric acid tryhydrate
reaction probability, polar stratosphere, cloud material, chlorine, ozone hole, 12546.
nitric acid uptake
sulphuric acid, stratospheric condition, Henry's law solubility, 06700.
nitric acid vapour
dry deposition, coarse particle, rain chemistry, nitrate, ammonium nitrate, acid deposition, nitrogen, major ion, conifer forest, aerosol, USA; Germany; 05510. hydrogen peroxy radical, photochemistry, chlorine, ozone destruction, hydrogen, 09055. isotope exchange, kinetic fractionation, nitrogen-15:nitrogen-14 variation, nitrate species, nitrogen isotope, 07861.
nitric oxide
chlorine oxide, ozone, stratosphere, aircraft measurement, 09072. hydrocarbon, ozone, nitrogen, biomass burning, tropics, biogeochemical cycle, trace gas, aerosol particle, carbon monoxide, methane, oxidation efficiency, hydroxyl radical, 07885. ionized level, microwave pulse, communication service, 06692. nitric acid, vapour, ammonia, nitrate, ammonium, dry deposition, leaf, canopy, conductance, deposition velocity, nitrogen dioxide, 12548. nitrogen dioxide, rate coefficient, 11352. nitrogen dioxide, stratosphere, water vapour, Arctic; 00804. non-methane hydrocarbon, pollution, air quality, sulphur dioxide, carbon monoxide, particulate matter, oxidant, nitrogen dioxide, Japan; 00919. ozone, methane, nitrous oxide, water vapour, hydrothloric acid, hydrogen fluoride, nitrogen dioxide, chlorine nitrate, nitric acid, polar vortex, airborne measurement, Arctic; 00799. pollution, photochemical smog, surface ozone, rural region, urban region, alpine region, Switzerland; 06567. stratosphere, diurnal variation, 11331. stratosphere, dust, fireball, particle, smoke, nuclear winter, 02997. stratosphere, ozone, chlorine monoxide, nitrogen dioxide, chlorine nitrate, dinitrogen pentoxide, polar vortex, photodissociation rate, Arctic; 00803. total reactive nitrogen, peroxyacetyl nitrate, nitrogen oxide, USA, Alaska, Barrow; Arctic; 00886. tropical forest soil, canopy, boundary layer, rain forest, clay, dry season, wet season, Brazil, Amazon; 07849. urban atmosphere, photochemical air pollution, dispersion model, ozone, sea breeze, emission, Greece, Athens; 03150. urban plume, photolysis, scavenging, ozone, Canada, Alberta, Calgary; 06558.
nitric oxide measurement
laser induced fluorescence, chemiluminescence detector, intercomparison, 04368.
nitrient loss
groundwater discharge, groundwater quality, surface water quality, agricultural practice, fertiliser, nitrate, nitrogen, phosphorus, base flow, USA, Wisconsin; 01762.
nitrification
acidification, air pollution, sulphate, 01558. adsorption, leaching, surface water quality, nitrate, forested watershed, ionic concentration, electrical conductivity, USA, Appalachian Mountains; 13358. ammonification, coastal environment, benthic organism, dilution model, Japan; 03667. ammonium oxidation, regulation, bacteria population, forest soil, 00412. ash deposition, clipping effect, chaparral, fire, soil nutrient status, USA, California, San Diego County; 10863. burned area, nitrous oxide flux, ecosystem, tropical ecosystem, forest, pasture, mineralisation, Brazil, Amazon; 07846. contact oxidation method, sewage treatment, oyster shell filter, water quality, microbe dynamics, activated sludge method by extended aeration, 00640. denitrification, nitrogen removal, chemical phosphorus removal, biological phosphorus, phosphorus removal, waste water treatment, nutrient removal, water quality treatment, oxygen depletion, Denmark; 13466. denitrification, nitrogen, groundwater chemistry, breakthrough curve, ammonium nitrate, leaching, parameter estimation, chemical fate, 02931. denitrification, water purification, water quality, oxygen transport, aquatic macrophyte, wastewater treatment, 00644. fish growth, sediment water exchange model, water quality model, volatilisation reaeration, adsorption, ion exchange, heat exchange, sedimentation, coagulation, precipitation, complex formation, hydroloysis, redox process, photochemical reaction, microbial decomposition, 09828. growth kinetics, nitrifying microorganism, Monod model, double substrate limiting model, environmental factor, water quality model, substrate inhibition, 09836. herbicide, glyphosate, Canada; 03979. immobilisation, soil sink, ammonium fixation, ammonium release, 10882. nitrate reduction, Ultisol, leaching experiment, ammonium nitrate, India, Bhubaneswar; 10883. nitrite, nitrate, nitrogen isotope, oxygen isotope, two isotope characterisation, nitrous oxide, microbial reduction, Pacific; 05452. nitrous oxide, lake water quality, low oxygen zone, nitrogen cycling, denitrification, Japan, Lake Kizaki; 06312. podsolised sand, nitrogen dynamics, soil chemical property, nitrogen mineralisation, Australia, South Australia; Western Australia; 09711. rice, cattle, fertilisation, vegetation, greenhouse warming, biological source, biological sink, methane, nitrous oxide, emission, soil, 09012. sludge amendment, soil, forest soil, USA, Michigan; 02803. substrate quality, Arctic soil, toposequence, mineralisation rate, soil temperature, carbon, nitrogen, phosphorus, USA, Alaska, North Slope; 09743. tillage, microbial activity, Gilpin silt loam, potential nitrification activity, potential denitrification activity, denitrification, 12061. topsoil, coal mine spoil, soil reclamation, USA, New Mexico, San Juan; 09699. Ultisol, nitrogen, carbon, USA, Washington State; Tennessee; 01559.
nitrification inhibitor
temperature, soil, USA, Iowa; 00413.
nitrification-denitrification
acetylene, nitrous oxide, emission, nitrogen, soil microbe, 00880.
nitrifying bacteria
dissolved oxygen, BOD, surface water quality, nitrogenous BOD, biological oxygen demand, pollutant, China, Lee River; 13368.
nitrifying microorganism
Monod model, double substrate limiting model, environmental factor, water quality model, substrate inhibition, nitrification, growth kinetics, 09836.
nitrilotriacetic acid
lead speciation, surface water quality, speciation study, 01690.
nitrite
acid deposition, dry deposition, nitrate, carbonate, sulphate, dew chemistry, frost, potassium, calcium, magnesium, sodium, sulfite, USA, Indiana, Indianapolis; 05512. ammonia, bottom water, nutrient, effluent, fish, phosphate, nitrate, India, Periyar River Estuary; 12908. flagellate, microplankton, suspended particle, size distribution, saline water, Atlantic, Bay of Biscay, Cantabrian Sea; 01343. hydrogen peroxide, absorption coefficient, hydroxy radical, quantum yield, laser photolysis, nitrate, 06629. nitrate, nitrogen isotope, oxygen isotope, two isotope characterisation, nitrous oxide, microbial reduction, nitrification, Pacific; 05452. organic substance, sulphur dioxide, hydroxymethanesulphonic acid, ammonia, dew chemistry, precipitation chemistry, wet deposition, deposition, sulphite, 03155. sulphate, oxalate, ion chromatography, hailstone, cloud water composition, cloud droplet chemistry, convective storm, chloride, nitrate, 05435. sulphur dioxide, hydroxymethane sulphonic acid, air pollution, acidifying component deposition, wet surface, dew, deposition, sulphite, 06611.
nitrite alkaline composition
soil modification, corrosion, dispersive soil, 08575.
nitrobenzene
methyl bromide, phosgene, toxic contaminant, reaction rate, atmospheric persistence, ozone, hydroxyl radical, nitrate radical, aliphatic, aromatic toxic organics, chloroprene, hexachlorocyclopentadiene, cresol, nitrosamine, maleic anhydride, 10206.
nitrogen
acid deposition, nitrogen oxide, long range transport, sulphur, 04453. alkaline soil, nitrogen immobilisation, straw amendment, organic matter, urease inhibitor, urea, hydrolysis, Belgium; 13233. anthropogenic acidity, sulphate adsorption, base flow, cation release, hydrochemical flux, upland catchment, vegetation type, surface water quality, hydrological flux, acid neutralising capacity, soil characteristic, residence time, UK, Scotland, Cairngorms, Allt a'Mharcaidh Catchment; 04095. anthropogenic emission, natural emission, emission, nitrate, snow, 00887. argon, BUGATTI Experiment, thermosphere eddy mixing, turbulence, rocket borne mass spectrometer, 03003. biomass burning, tropics, biogeochemical cycle, trace gas, aerosol particle, carbon monoxide, methane, oxidation efficiency, hydroxyl radical, nitric oxide, hydrocarbon, ozone, 07885. calcium, chlorine, internal sink, water budget, evaporation, denitrification, mixing, lake water chemistry, sedimentation, mass balance budget, water source, phosphorus, Israel, Lake Kinneret; 07488. carbohydrate, silt loam, particle-size fraction, organic matter, manure application, carbon, 12060. carbon cycle, forest decline, coastal eutrophication, sulphur, biosphere, climate change, acid deposition, nutrient flux, heavy metal burden, oxidant, 05459. carbon, clay-organic complex, organic compound, thermal degradation, montmorillonite, 00168. carbon, nitrification, Ultisol, USA, Washington State; Tennessee; 01559. carbon, soil, crop rotation, grain, lucerne, legume, 00393. chaparral, nitrogen oxide, nitrous oxide, biomass burning, emission, carbon dioxide, ammonium, USA, California; 00929. chlorine species, nitric acid, hydrochloric acid, ammonia, scavenging ratio, deposition, sulphur, UK, England; 12541. chlorine, climate model, transport-chemistry model, carbon dioxide, temperature, ozone, stratosphere, chlorofluorocarbon, middle atmosphere, oxygen, hydrogen, 00786. chlorine, ozone depletion, chlorine monoxide, polar vortex, Arctic; 00916. chlorine, ozone, anthropogenic effect, photochemistry, gas composition, stratosphere, radiative photochemical model, methane, 12526. coated wire electrode, electrode method, colorimetric method, nitrate, 07400. denitrification, soil water content, acetylene inhibition, nitrous oxide, 13275. deposition, acidification, UK, England; 00885. depth, amino acid, semi-arid soil, mineralization, Morocco; 00482. enzyme activity, grass legume association, carbon, phosphatase, urease, protease, organic carbon, 10896. erosion, phosphorus, surface water quality, temporal variation, sediment transport, sedimentation, suspended solid, Finland, Koiransuelenoja; 05153. estuary, pycnocline, storm, eutrophic, sedimentation, nutrient, Japan, Tokyo Bay; 02334. eutrophication, excretion, nutrient, seepage lake, coastal pond, lake water quality, kettle pond, gull, phosphorus, USA, Massachusetts, Cape Cod; 06306. fertiliser, sulphur, liming, polluted soil, soil reclamation, forest soil, Grey Luvisol, 09673. fertilizer, acid precipitation, terrestrial ecosystem, marine ecosystem, carbon dioxide, ecosystem response, climate change, deforestation, 04332. forest conversion, agriculture, carbon, Puerto Rico; Virgin Islands; 00464. forest lake, lake water chemistry, humic lake, acidity, alkalinity, cation, phosphorus, Finland; 07493. glacial deposit, alluvium, aerial

photograph, land clearing, organic matter, Canada, British Columbia, Fraser Lowland; USA, Washington, Fraser Lowland; 08612. glaciation, palaeochemistry, nitrate, palaeoclimate, carbon dioxide, foraminifera, Pacific; Atlantic; 00934. global river transport, dissolved carbon, particulate carbon, carbon transport, ion flux, mineral transport, Canada, St. Lawrence River; Northwest Territories, Mackenzie River; USA, Alaska; USA, Alaska, Yukon River; USSR, Yenisei River; USA, St. Lawrence River; USA, Yukon Territory, Yukon River; 12212. glutamic acid, alanine, sulphate, reduction, fermentation, USA, Virginia, Bordenstake Bay; Chesapeake Bay; 12976. groundwater chemistry, breakthrough curve, ammonium nitrate, leaching, parameter estimation, chemical fate, nitrification, denitrification, 02931. humic acid, Oxisol, Spodosol, toposequence, fulvic acid, aromaticity, Brazil, Amazonia; 12082. hydrocarbon, ozone, rain forest, wet season, photochemical model, planetary boundary layer, soil, canopy, PAN, Brazil, Amazon; 07850. hydrogen, organic matter, lake sediment, palaeolimnology, sulphate, carbon, 04719. inorganic nitrogen, rainfall, Mediterranean; 00822. isotopic ratio, tracer, euphotic zone, nutrient, recycling, Bermuda; Sargasso Sea; 04857. labile form, rangeland, cultivation, organic matter, carbon, phosphorus, USA, Great Plains; 09744. lake, bottom sediment, nutrient, mass balance, resuspension, phosphorus, Canada, Ontario; 01204. liming, ammonium, nitrate, ammonia, 13242. major ion, conifer forest, aerosol, nitric acid vapour, dry deposition, coarse particle, rain chemistry, nitrate, ammonium nitrate, acid deposition, USA; Germany; 05510. microbial biomass, tillage, crop residue, zero tillage, fertiliser application, organic carbon, Australia, Queensland, Warwick, Hermitage Research Station; 13232. microbial sulphur, soil flush, pastoral soil, sulphur, plant root, phosphorus, potassium, New Zealand; 07366. mineralisation, elemental availability, sewage sludge, heavy metal, compost, 07357. mineralization-immobilization-turnover hypothesis, direct hypothesis, mineralization, amino acid, 00410. Nissenbaum, fulvic acid, organic matter, Palaeocene, phosphorus, Tunisia, Gafsa Basin; 00129. nitrogen mineralization, shrub-steppe soil, Xerollic Camborthid, 00411. nitrogen monoxide, nitrogen dioxide, solar proton event, middle atmosphere, solar cycle, ion pair production, hydrogen, proton, hydroxyl, hydro-peroxy, 03004. nitrogen-15, soil extract analysis, automated combustion, mass spectrometry, 04001. nutrient, chlorophyll, suspended matter, natural water, phosphorus, Caspian Sea; 12910. oligotrophication, secci depth, sulphur treatment, sodium sulphate treatment, lake water quality, catchment treatment, dissolved organic carbon, acidification, phosphorus, Sweden, Gardsjon Lake; 13345. organic compound, pollution, radioactivity, volcanic activity, residence time, long range transport, continent to ocean transport, meteorological regime, transport process, trace element, mineral aerosol, sulphur, 11304. organic horizon, storage, carbon, UK, Scotland; 02761. organic matter, carbon content, nitrogen content, semiarid soil, humic fraction, cultivated soil, carbon, Spain, Duero Basin; 10940. organic matter, intertidal sediment, oxygen, denitrification, Wadden Sea; 11791. organic nitrogen compound, total nitrogen analysis, microwave digestion, Kjeldahl method, 12093. ozone, aerosol, warming, trace gas, climate change, acid rain, radionuclide, transport, air quality, global pollution, sulphur, carbon, 11298. PAN decomposition, flow reactor, decomposition rate, nitrogen oxide, heterogeneous transformation, 06624. phosphorus, ammonium, iorganic phosphorus, water quality, soil water chemistry, nutrient, vegetation growth, wetland, sewage effluent, pH, redox potential, New Zealand, Waitangi Forest; 12278. phosphorus, base flow, nitrient loss, groundwater discharge, groundwater quality, surface water quality, agricultural practice, fertiliser, nitrate, USA, Wisconsin; 01762. phosphorus, COD, temperature stratification, mixing, sedimentation, chlorophyll, runoff water quality, sediment dynamics, watershed-lake process model, lake water quality, land use effect, water quality management, agricultural nonpoint source model, 04156. phosphorus, discharge, organic matter, production degradation process, eutrophication, chemical oxygen demand, total organic carbon, biochemical oxygen demand, surface water quality, lake water quality, nutrient, inflow river, carbon, Japan, Lake Kasumigaura; 11020. phosphorus, ecosystem, salt marsh, estuary, carbon, USA, South Carolina, North Inlet, Bly Creek; 11677. phosphorus, estuary, nutrient, carbon, India, Hooghly Estuary; 00049. phosphorus, fertilisation, biomass, seedling response, USA, Mississippi; 00461. phosphorus, infiltration, runoff, water quality, silviculture, grazing treatment, longleaf pine forest, interrill erosion, USA, Louisiana, Kisatchie National Forest, Vernon District; 01499. phosphorus, landuse, wateruse, streamflow characteristics, water quality, estuarine system, waste water, USA, Florida, Charlotte Harbour; 09924. phosphorus, nitrification, substrate quality, Arctic soil, toposequence, mineralisation rate, soil temperature, carbon, USA, Alaska, North Slope; 09743. phosphorus, nonpoint-source pollution, agricultural pollutant, urban pollutant, nutrient, dissolved organic carbon, USA, Florida, Indian River Lagoon; 13364. phosphorus, nutrient uptake, nutrient source, surface water quality, dolomite, granitic gneiss, sedge meadow, Canada, North West Territories, Ellesmere Island, Sverdrup Pass; 07507. phosphorus, nutrient, intensive animal farming, agricultural pollutant, surface water quality, France, Coet Dan Drainage Basin; 06395. phosphorus, nutrient, trophic state, seasonal variation, spatial variation, physico chemical variable, solubility, reservoir water chemistry, alkalinity, ammonium, pH, reactive phosphorus, Venezuela, Guanapito Reservoir; 13336. phosphorus, phytoplankton, fish farm effluent, surface water contamination, algae, macrophyte, nutrient, inorganic nutrient, UK, England; 01688. phosphorus, Secchi depth, eutrophication, fish farm, sedimentation, nutrient, Baltic Sea; 12913. phosphorus, silicate, nutrient cycling, phytoplankton, eutrophication, cycling, carbon, North Sea; 12986. phosphorus, sulphur, organic carbon, river, hydrological cycle, precipitation, river runoff, terrestrial source, 12217. phosphorus, water quality, wetland, turbidity, nutrient concentration, suspended sediment, agricultural practice, deforestation, forested wetland, surface water quality, USA, Louisiana, Tensas Basin; 04158. phytoplankton, upwelling, productivity, biogeochemical cycle, organic carbon, Pacific, (North-east); 02466. pine plantation, nitrate, ammonia, infiltration, leaching, fertiliser, 00386. pollution, sulphur dioxide, succulent, biomonitor, chlorophyll, ascorbic acid, 03257. post industrial sediment, pore water chemistry, current, particle deposition, organic matter, bottom topography, North Sea, Skagerrak; 08182. potassium, soil nutrient, beach plain, phosphorus, spatial variation, temporal variation, Netherlands; 06257. precipitation chemistry, infiltration, throughfall, soil water chemistry, forest hydrology, runoff water quality, acidification, surface water quality, 06391. precipitation chemistry, sulphate, USSR, Lake Baikal; 03249. pyrodenitrification, nitrogen fixation, nitrogen oxide, hydrogen cyanide, acetonitrile, biomass burning, nitrogen containing gas, 04414. radical decomposition, scavenging, troposphere, nitrate, dinitrogen pentoxide, nitrogen dioxide, 05526. rainforest soil, soil chemical property, tropical soil, basaltic soil, carbon, Australia, Queensland; 09776. runoff sediment, soil erosion, nutrient loss, enrichment ratio, 04034. salinity, nutrient load, coastal water, phosphorus, Netherlands; North Sea; 01677. sampling, pore water, photosynthesis, nutrient, phosphorus, 04874. sediment burial, organic matter, gas, continental shelf, Pacific, (North); 07013. sedimentation, oxygen consumption, anthropogenic source, benthic mortality, nutrient flux, carbon, North Sea, Kattegat; Baltic Sea; 00043. sewage effluent, El Nino/Southern Oscillation, terminal lake, lake water quality, nutrient concentration, saline lake, surface water quality, phosphorus, USA, Nevada, Pyramid Lake, Truckee River; 04058. sewage, nutrient, estuary, bottom water, recycling, USA, Rhode Island, Narragansett Bay; 06980. silt, lake, Holocene, nitratine, Kenya, Turkana Basin; 03592. slash pile burning, pinyon-juniper woodland, ammonium, nitrate, burning, 12064. snail, lichen, fertilisation, Israel, Central Negev Highlands; 01608. soil change, tillage, grain yield, no-till, conventional till, 00394. soil chemical property, black locust, pine, hardwood, oak, hickory, forest soil, soil solution, solution chemistry, USA, North Carolina, Appalachians; 13259. soil microbe, nitrification-denitrification, acetylene, nitrous oxide, emission, 00880. soil solution, coniferous forest, sulphur, USA, (Northeast); 05078. soil testing, nitrate, ammonium, fertiliser recommendation, 13274. soil, ammonia volatilisation, cattle slurry, 04408. soil, isotopic composition, fertiliser, USSR; 00476. sulphate, visibility, aerosol, carbonaceous species, soot, USA, California; 02060. sulphur dioxide, sulphate, aerosol, DMS, intercontinental transport, sulphur, 11309. sulphur, anaerobic condition, sulphate ion content, eutrophication, oil shale fired power plant, lake water quality, phosphorus, USSR, Lake Peipsi; 11013. sulphur, canopy throughfall, drainage pattern, subsurface runoff, biogeochemical cycling, element budget, precipitation chemistry, throughfall density, stream water chemistry, runoff chemistry, Germany, Black Forest; 04087. sulphur, fertilizer, acidification, surface water quality, soil water chemistry, atmospheric deposition, element budget, experimental watershed, forest catchment, water budget, Germany, Black Forest; 06392. sulphur, Humisol, cultivation, transect, acid hydrolysis, hydrolysable element, vegetable production, carbon, Canada, British Columbia; 08611. tree growth, metal concentration, cherry, irrigation, waste water, Osoyoos loamy sand, soil nutrition, Canada, British Columbia, Osoyoos; 13243. water quality, dissolved gas, groundwater origin, argon, USA, Appalachian Mountains; 11077. water sediment interface, bioturbation, marine sediment, organic matter, bacteria, 08277. waterlogged soil, nutrient transport, volatilisation, denitrification, ammonium nitrogen, organic soil, 02948.

nitrogen budget
emission flux, deposition flux, anthropogenic input, sulphur budget, Europe; 12510.

nitrogen chemistry
near stream zone, flow path, groundwater flow, water chemistry, spring, ammonium, denitrification, bank seepage, chloride, 12248. ozone depletion, stratosphere, Antarctica; 09054.

nitrogen compound
acid deposition, transport models, emission scenario, RAINS model, acidification, strategy, sulphur, Europe; 11296. aluminium, fish stock, pollution, acid precipitation, nitrogen oxide, photo oxidant, Norway; 04451. cultivation, humus, carbon compound, fertiliser application, 10877. long range transport model, deposition rate, nitrogen transformation, Finland; 06590. oxidation process, hydrocarbon, ozone formation, instrument intercomparison, instrumental requirement, atmospheric chemistry, chemical process, aerosol, 11148. potassium fertiliser, fertiliser application, sod podsolic soil, organic compound, USSR, Ramenskaya; 10876. transport, long range transport, sulphur, 11306.

nitrogen concentration
near infrared reflectance spectroscopy, soil size fraction, carbon concentration, 10920.

nitrogen containing gas
nitrogen, pyrodenitrification, nitrogen fixation, nitrogen oxide, hydrogen cyanide, acetonitrile, biomass burning, 04414.

nitrogen content
crop biomass, canopy reflectance, biomass accumulation, 08107. particle size fraction, chestnut brown soil, humus content, cultivation, clay particle, USSR, Transbaikalia; 10954. semiarid soil, humic fraction, cultivated soil, carbon, nitrogen, organic matter, carbon content, Spain, Duero Basin; 10940. soil acidification, micro nutrient status, organic matter content, fertility status, fertiliser use, South Africa; 10946. soil aggregate, chronosequence, cultivation sequence, Ultisol, aggregate size, tropical soil, carbon content, soil fractionation, Peru, Amazon Basin; 09700.

nitrogen cycle
agrosystem, tropical soil, soil model, crop yield, computer simulation, root growth, 13273. leaching loss, surface water quality, non point source pollution, nitrate, agriculture, farming methods, 12274. nitric acid, tropospheric nitrogen, Lagrangian tracer model, climate model, lightning discharge, marine source, deposition, 10193. nitrogen deposition, mineralisation, throughfall, fertiliser, bulk precipitation, peatland, forest ecosystem, Ireland; 11097. sulphur cycle, acid rain, pedosphere, afforestation, agriculture, soil acidification, fertiliser use, South Africa, Transvaal; 10947.

nitrogen cycling
atmospheric deposition, sulphur cycling, chalk grassland, acid rain, eutrophication, Netherlands; 01634. denitrification, nitrification, nitrous oxide, lake water quality, low oxygen zone, Japan, Lake Kizaki; 06312. desert ecosystem, leaching, nitrogen loss, desert, USA; 03208.

organic matter dynamics, mathematical model, mineralisation rate, carbon cycling, 07339.

nitrogen deposition
mineralisation, throughfall, fertiliser, bulk precipitation, peatland, forest ecosystem, nitrogen cycle, Ireland; 11097. nitrogen retention, forest soil, organic horizon, ammonium, nitrate, 13241. sulphur dioxide, ammonia, coniferous tree fumigation, 06535. transport model, sulphur deposition, Europe, (Central); (Eastern; 06592.

nitrogen dioxide
acid rain, wet deposition, emission, sulphur concentration, precipitation, sulphur dioxide, 06677. air quality, particulate matter, exposure estimate, emission, dispersion, residential distribution, carbon monoxide, sulphur dioxide, Norway, Oslo; 01995. Balloon Intercomparison Campaign, line parameter, stratospheric spectra, 08828. carbon monoxide, ozone, nitrogen oxide, dew point temperature, air mass, 04377. chemiluminescence, luminol, ambient air, ozone, PAN, 06578. chemiluminescence, passive diffusion tube, 06681. chlorine nitrate, dinitrogen pentoxide, polar vortex, photodissociation rate, nitric oxide, stratosphere, ozone, chlorine monoxide, Arctic; 00803. chlorine nitrate, nitric acid, polar vortex, airborne measurement, nitric oxide, ozone, methane, nitrous oxide, water vapour, hydrothloric acid, hydrogen fluoride, Arctic; 00799. continental boundary layer, tunable diode laser, aircraft measurement, trace gas, 04371. dinitrogen pentoxide, photochemical model, reaction rate constant, photo cross section, satellite observation, trace molecule spectroscopy, nitrogen oxide, 04386. flow controller, permeation emission rate, gravimetry, chemiluminescence detection, tunable diode laser absorption spectroscopy, calibration, intercomparisons, 04369. hydrogen peroxide, urban atmosphere, pollution, ozone, non-methane hydrocarbon, carbon monoxide, USA, California, Los Angeles; 03223. LIMS data, stratosphere, trace constituent, equatorial stratosphere, Kelvin wave induced oscillation, ozone, water vapour, nitric acid, 09073. LIMS, chemical fluctuation, vertical propagation, equatorial wave, Kelvin wave, satellite retrieval, ozone, 11350. nitric acid trihydrate, balloon-borne measurement, total reactive nitrogen, nitric acid, aerosol, stratosphere, polar vortex, Arctic; Sweden, Esrange; 00909. nitric acid, nitrate, hydrocarbon, troposphere, biogenic hydrocarbon, isoprene, pinene, nitrogen oxide, 04381. nitric acid, nitrous acid, sodium carbonate, particle deposition, calcium carbonate, urban area, diffusion tube, coal, sulphur dioxide, 03258. nitric acid, ozone, nitrous oxide, balloon UV ozone spectrometer, photochemical model, active nitrogen partitioning, stratosphere, diode laser spectrometer, nitrogen oxide, 04393. nitric acid, peroxyacetyl nitrate, formaldehyde, potassium iodide, phenoxazine, sodium carbonate, potassium hydroxide, pollution control, oxidant, annular denuder, ozone, 00878. nitric acid, peroxyacetyl nitrate, odd nitrogen species, airborne instrument, intercomparison, 04364. nitric acid, sampling, intercomparison, electron capture gas chromatography, cryogenically enriched sample, ambient air, peroxy acetyl nitrate, 04365. nitric acid, soot particle, PAHs, heterogeneous reaction, particle surface, 10181. nitric oxide, nitric acid, vapour, ammonia, nitrate, ammonium, dry deposition, leaf, canopy, conductance, deposition velocity, 12548. nitric oxide, non-methane hydrocarbon, pollution, air quality, sulphur dioxide, carbon monoxide, particulate matter, oxidant, Japan; 00919. nitrogen oxide, chemiluminescent technique, laser induced fluorescence, photochemical model, 04378. nitrogen oxide, emission, power plant, plume model, 02010. nitrogen, radical decomposition, scavenging, troposphere, nitrate, dinitrogen pentoxide, 05526. nitrous acid, methylaldehyde, photolysis, spectral integration, error, photodissociation rate coefficient, ozone, 02022. nitrous acid, photochemical smog, photolytic reaction, cloud, photolysis rate, photochemical oxidant, peroxyacetyl nitrate, 04423. ozone, long range transport, deposition, sink process, Finland; 12530. ozone, passive sampler, chemiluminescence, sulphur dioxide, sampling, 03187. ozone, pollution, Finland; 03151. ozone, potential vorticity, potential temperature, satellite data, aircraft data, Arctic; 00829. particle, extinction, light extinction budget, scattering, fine particle, coarse particle, absorption, 06438. particulate, carbon monoxide, nitrogen oxide, pollution, emission, air quality, Finland; 03158. photolysis, chlorine nitrate, sunrise, sunset, stratosphere, chlorine monoxide, 00825. pollution, emission, hydrocarbon, nitrogen oxide, chemistry-dispersion model, ozone, pollution control, urban atmosphere, 02011. pollution, urban pollution, lichen, sulphur dioxide, France, Toulouse; 03197. potential vorticity, potential temperature, ozone, ozonesonde, lidar, satellite profile, polar vortex, stratosphere, 00828. radiative transfer, solar radiative spectrum, trace gas, 06580. rate coefficient, nitric oxide, 11352. research vessel cruise, trace gas concentration, photolysis frequency, aerosol, ozone, 06589. sampling, air quality, pollution, total suspended particulate, dust, sulphur dioxide, Poland, Lublin Coal Basin; 04452. sampling, nitric acid, hydrogen peroxide, ozone, photolysis-chemiluminescence instrument, tunable diode laser absorption spectrometer, Luminox, peroxyacetyl nitrate, n-propyl nitrate, 01804. sodium hydroxide, hydrogen peroxide, lead dioxide, nitrate carbon paste coated-wire electrode, sampling, air quality, 03194. solar proton event, middle atmosphere, solar cycle, ion pair production, hydrogen, proton, hydroxyl, hydro-peroxy, nitrogen, nitrogen monoxide, 03004. spectroscopic measurement, polar vortex, Arctic; 00805. stratosphere, water vapour, nitric oxide, Arctic; 00804. sulphuric acid, nitrogen oxide, pinonaldehyde, organic nitrate, monoterpene, ozone, sulphur dioxide, 05505. synoptic climatology, climate classification, pollution, air quality, principal components analysis, clustering, sulphur dioxide, 07865. trend, rural site, ozone, sulphur dioxide, USA; 13677. urban atmosphere, air quality modelling, air quality control, motor vehicle emission, street canyon, carbon monoxide, Netherlands, Amsterdam; 01988. urban pollution, road, motor vehicle, dispersion, nitrogen oxide, emission, 00860.

nitrogen dioxide instrument
laser induced fluorescence, chemiluminescence detector, tunable diode laser, intercomparison, 04367.

nitrogen dynamic
denitrification, sediment oxygen consumption, sedimentation, oxygen, eutrophication, North Sea, Kattegat; 00180.

nitrogen dynamics
lake water quality, oxygen depletion, toxicity, nitrogen species, USA, New York, Onondaga Lake; 11014. soil chemical property, nitrogen mineralisation, nitrification, podsolised sand, Australia, South Australia; Western Australia; 09711. spodosol, soil water chemistry, lysimeter, USA, New York, Adirondack Mountains, Huntington Forest; 02919. surface water quality, tidal river, estuary, phytoplankton, denitrification, wastewater treatment, ammonia loading, nitrate loading, USA, Virginia, Potomac River; Maryland; 01678.

nitrogen fertilisation
water stress, biomass estimation, winter wheat, photosynthetically active radiation, 08106.

nitrogen fertiliser
imaging spectrometry, biophysical character, vegetation canopy, 09247. mineral nitrogen, nitrate nitrogen, sod podsolic soil, particle size compostion, fertiliser application, 10878.

nitrogen fixation
lightning, global production rate, 11325. nitrogen oxide, hydrogen cyanide, acetonitrile, biomass burning, nitrogen containing gas, nitrogen, pyrodenitrification, 04414.

nitrogen flux
spruce forest, dissolved inorganic nitrogen, soil water chemistry, forest soil, inorganic nitrogen, nitrate leaching, nitrogen loading, surface water quality, bulk precipitation, throughfall, stem flow, UK, Wales, Beddgelert; Plynlimon; UK, England, Cumbria, Kershope; 11098.

nitrogen heterocycle compound
sorption, smectite, contaminant, groundwater, anthropogenic activity, 04767.

nitrogen immobilisation
straw amendment, organic matter, urease inhibitor, urea, hydrolysis, nitrogen, alkaline soil, Belgium; 13233.

nitrogen input
forest ecosystem, transport, deposition model, biomass, uptake rate, acidification, 11355.

nitrogen isotope
bone chemistry, palaeodiet, bone collagen, diagenesis, tooth collagen, isotopic analysis, carbon isotope, 03852. motor vehicle, pollution, nitrogen oxide, pollution, coal fired power station, 00871. nitric acid vapour, isotope exchange, kinetic fractionation, nitrogen-15:nitrogen-14 variation, nitrate species, 07861. oxygen isotope, two isotope characterisation, nitrous oxide, microbial reduction, nitrification, nitrite, nitrate, Pacific; 05452.

nitrogen leaching
deforestation, nitrate, water quality, forest soil, inorganic nitrogen, UK, Wales; 01751.

nitrogen loading
surface water quality, bulk precipitation, throughfall, stem flow, nitrogen flux, spruce forest, dissolved inorganic nitrogen, soil water chemistry, forest soil, inorganic nitrogen, nitrate leaching, UK, Wales, Beddgelert; Plynlimon; UK, England, Cumbria, Kershope; 11098.

nitrogen loss
desert, nitrogen cycling, desert ecosystem, leaching, USA; 03208. forest catchment, groundwater quality, denitrification, nitrous oxide, soil solution, 04137. nitrogen transport, odd nitrogen species, ship observation, mixing ratio, boundary layer, Bermuda; 12517. phosphorus loss, sediment loss, surface water quality, agricultural pollutant, export coefficient model, representative basin, pollution control, UK, England, Windrush River; 06325. soil erosion, nutrient loss, surface contact cover, enrichment ratio, 04035.

nitrogen metabolism
seasonal variation, nitrate nitrogen, snow melt, atmospheric deposition, brackish lake, lake water quality, Japan, Lake Nakanoumi; 06311.

nitrogen mineralisation
burning, slash burned site, forest floor material, organic matter, Canada, British Columbia; 09741. carbon mineralisation, savanna soil, tropical soil, organic matter content, soil fauna, catena, forest savanna soil, denitrification, Ivory Coast, Lamto; 10942. nitrification, podsolised sand, nitrogen dynamics, soil chemical property, Australia, South Australia; Western Australia; 09711. phosphorus fertility status, soil fertility, pasture soil, phosphorus pool, New Zealand; 12072. potential mineralisation rate, cropping practice, Chernozem, organic matter, organic nitrogen, Canada, Saskatchewan, Indian Head; 13240. soil texture, microbial carbon, Alfisol, Vertisol, fumigation extraction technique, microaggregate stability, carbon mineralisation, 10875.

nitrogen mineralization
shrub-steppe soil, Xerollic Camborthid, nitrogen, 00411.

nitrogen monoxide
nitrogen dioxide, solar proton event, middle atmosphere, solar cycle, ion pair production, hydrogen, proton, hydroxyl, hydro-peroxy, nitrogen, 03004.

nitrogen nutrition
ground radiometry, winter wheat, vegetation index, airborne MSS, yield, 08105.

nitrogen oxide
acid, precursor concentration, sulphur dioxide, hydrogen peroxide, ozone, USA, (Northeastern); 06539. acoustic sounder profile, boundary layer, surface circulation, winter, pollution episode, sulphur dioxide, South Africa, Cape Town; 07838. adduct formation, benzene, toluene, hydroxy radical, aromatic, 06626. aerosol, pollution, solar radiation, particulate, long range transport, ozone, sulphate, sulphur dioxide, Israel; 03167. air mass, ITCZ, mixing ratio, Atlantic; 06587. ammonia, nitric acid, thermodenuder system, annual denuder system, 06682. boundary layer, tropopause, chemiluminescence detector, mixing ratio profile, Europe; 06597. catalytic converter, emission, pollution, motor vehicle, Germany; 00813. chemically reactive plume, dispersion, non linear chemistry, Damkohler number, time scale, model, plume measurement, 11319. chemiluminescent technique, laser induced fluorescence, photochemical model, nitrogen dioxide, 04378. chemistry-dispersion model, ozone, pollution control, urban atmosphere, nitrogen dioxide, pollution, emission, hydrocarbon, 02011. denitrification, stratosphere, chlorine, photochemical model, Antarctica; 02017. dew point temperature, air mass, nitrogen dioxide, carbon monoxide, ozone, 04377. emission inventory, emission, Europe; 11320. emission inventory, regional transport, deposition, 01986. emission,

acid rain, nitrate, pollutant emission, sulphate, source receptor relationship, sulphur dioxide, North America; 04437. emission, biomass fire, nitrous oxide, chlorofluorocarbon-12, ammonia, 00788. emission, ecosystem, soil, USA, Colorado, Nunn; South Carolina, North Inlet; USA, Tennessee, Oak Ridge; 13647. emission, fossil fuel, combustion, inventory, economic growth, oil wealth, sulphur dioxide, Saudi Arabia; 11388. emission, nitrogen dioxide, urban pollution, road, motor vehicle, dispersion, 00860. emission, photochemical smog, non-methane hydrocarbon, formaldehyde, ozone, photochemical diffusion model, Australia, Victoria, Latrobe Valley; 02013. emission, power plant emission, industrial emission, ozone, air quality, photosmog modelling, pollution, hydrocarbon, 00853. emission, power plant, plume model, nitrogen dioxide, 02010. European survey, emission, anthropogenic source, Europe; Europe, (Eastern); 13672. formaldehyde, aldehyde, acetylene, butadiene, benzene, ambient temperature, tailpipe emission, motor vehicle, pollution, exhaust emission, hydrocarbon, carbon monoxide, 05503. free troposphere, maritime air mass, odd nitrogen, long range transport, continental boundary layer, peroxyacetyl nitrate, active nitrogen, 04374. heterogeneous transformation, nitrogen, PAN decomposition, flow reactor, decomposition rate, 06624. hydrocarbon, dust, pollution, heavy metal, biomonitoring, sulphur dioxide, Poland, Katowice, Upper Silesia; 09025. hydrocarbon, ozone, peroxyacetyl nitrate, nitric acid, boundary layer chemistry, biogenic hydrocarbon, oxidant formation, 03269. hydrochloric acid, peroxide, tunable diode laser, trace gas, 06654. hydrogen chloride, ammonia, precipitation chemistry, cloud water acidity, aircraft measurement, sulphur, 03153. hydrogen cyanide, acetonitrile, biomass burning, nitrogen containing gas, nitrogen, pyrodenitrification, nitrogen fixation, 04414. hydrogen ion, chemical impact, regional emission, acid rain, emission, precipitation chemistry, trend, sulphate, sulphur dioxide, nitrate, USA, (East); Midwest; 13668. hydrogen peroxide, aerosol, pollution, air quality measurement, sulphate aerosol, maritime polar air masses, sulphur dioxide, Poland, Karkonosze Range; 02004. hydrogen peroxide, hydrocarbon photooxidation, boundary layer, peroxyacyl nitrate, permutation reaction, organic peroxy radical, 00873. hydrogen peroxide, photochemical activity, transport process, mixing ratio, atmospheric boundary layer, ozone, Germany; 06598. hydroperoxide, organic peroxide, hydrocarbon, photochemical oxidation, hydroxy radical, 06671. hydroxyl radical, beta pinene, d limonene, alpha pinene, sabinene, terpinolene, monoterpene, 09065. intercalibration study, principal component analysis, sulphur dioxide, 06667. laser photolysis efficiency, photo fragmentation two photon laser induced fluorescence instrument, 04370. long range transport, sulphur, nitrogen, acid deposition, 04453. matrix isolation, electron spin resonance, peroxy radical, 06545. methane, carbon monoxide, emission, hydroxyl radical, oxygen, global change, tropospheric chemistry, solar ultra violet radiation, water vapour, ozone, pollution, 00914. methane, water vapour, tropospheric oxidant, ozone, hydroxyl, carbon monoxide, 04352. motor vehicle, pollution, greenhouse gas, carbon dioxide, pollution control technology, UK; 00812. nitric acid, carbon monoxide, chlorofluorocarbon 11, non methane hydrocarbon, peroxyacetyl nitrate measurement, precursor relationship, ozone, 04373. nitric acid, hydrogen chloride, transport, potential vorticity, potential temperature, stratosphere, chlorine nitrate, chlorine compound, Arctic; 00831. nitric acid, troposphere, teflon-nylon filter pack, tungstic oxide denuder, laser induced fluorescent, chemiluminescent, anthropogenic source, boundary layer, free troposphere, 04375. nitric oxide, total reactive nitrogen, peroxyacetyl nitrate, USA, Alaska, Barrow; Arctic; 00886. nitrogen dioxide, dinitrogen pentoxide, photochemical model, reaction rate constant, photo cross section, satellite observation, trace molecule spectroscopy, 04386. nitrogen dioxide, nitric acid, nitrate, hydrocarbon, troposphere, biogenic hydrocarbon, isoprene, pinene, 04381. nitrogen dioxide, nitric acid, ozone, nitrous oxide, balloon UV ozone spectrometer, photochemical model, active nitrogen partitioning, stratosphere, diode laser spectrometer, 04393. nitrous oxide, biomass burning, emission, carbon dioxide, ammonium, nitrogen, chaparral, USA, California; 00929. nitrous oxide, emission, soil, fertilisation, forest, savanna, Venezuela, Guayana Shield; 11326. non methane hydrocarbon, ozone, photochemical smog formation, Bahrain; 04439. non-methane hydrocarbon, sea breeze, urban pollution, pollution, photochemical pollution, Taiwan, Taipei; 00854. nuclear fireball, smoke, stratospheric air, ozone depletion, postwar condition, 11332. objective estimation, pollution, sulphur dioxide, dust, Czechoslovakia, Slovakia; 05489. ozone depletion, stratospheric chemistry model, ozone hole, chemical propagation, chlorine, chlorine monoxide, Antarctica; 02028. ozone, aircraft measurement, transboundary air pollution, pollution, sulphur dioxide, 01965. ozone, ammonia, nighttime system, heterogeneous reaction, nitrous oxide, 06544. ozone, carbon monoxide, photochemical model, tropospheric ozone production, convective event, 04383. ozone, eddy correlation, deposition velocity, prairie grassland, USA, Colorado; 06584. ozone, hydrogen peroxide, sulphur oxides, long range transport, photochemical oxidant, chemistry-dispersion model, nitric acid, nitrate aerosol, organic compound, formaldehyde, organic acids, hydrocarbon, peroxyacetyl nitrate, Japan; 02012. ozone, PAN measurement, wet season, Brazil, Amazon; 07852. ozone, plume model, macromixing process, micromixing process, Gaussian plume model, 05513. ozone, sampling, hydrogen peroxide, impinger, diffusion scrubber, USA, California; 02054. ozone, sea breeze, drainage flow, seasonal condition, coastal site, sulphur dioxide, Spain, Castellon; 12533. ozone, stratospheric chemistry, quantum yield, 02032. ozone, trace gas, transboundary mass flux, pollutant, sulphur dioxide, Germany; 06599. particulate matter, geostrophic wind, Brunt Vaisala, Japan, Kanto Plain; Tokyo; 01996. particulate matter, lead, motor vehicle, Gaussian diffusion, air quality, pollution, urban environment, carbon monoxide, UK, England, London, Haringey; 00815. photo oxidant, nitrogen compound, aluminium, fish stock, pollution, acid precipitation, Norway; 04451. photochemical trajectory model, ozone, hydrocarbon, boundary layer, gas fired power station, pollution, Australia, Melbourne; 03156. photosmog, temperature, pollution, field study, PAN, ozone, Switzerland; 12542. pinonaldehyde, organic nitrate, monoterpene, ozone, sulphur dioxide, nitrogen dioxide, sulphuric acid, 05505. plume, power plant, dispersion, mixing, jet phase module, 06605. pollution level, carbon dioxide, hydrocarbon, Middle East; 07874. pollution, coal fired power station, nitrogen isotope, motor vehicle, pollution, 00871. pollution, dust, metal, surface water, heavy metals, sulphur dioxide, Poland; 03252. pollution, emission, air quality, nitrogen dioxide, particulate, carbon monoxide, Finland; 03158. pollution, long range transport, transport model, USA, Hawaii; 00874. pollution, particulate matter, anticyclone, land breeze, cyclone, cold front, inversion, Japan, Kanto Plain; 02001. power plant, plume, night, modelling, ozone, reaction, measurement, 13728. smog chamber, air quality, ozone precursor, ozone, hydrocarbon, USA, California, Los Angeles; 11379. sodium chloride, reaction probability, stratospheric chemistry, chlorine, photooxidation, eruption, alkalic volcano, volcano, 10218. sulphate, ammonium, precipitation chemistry, aerosol, long range transport, forest ecosystem, pollution, meteorological parameter, sulphur dioxide, 03157. sulphate, nitrate, transport model, dispersion condition, control measure, emission scenario, smog episode, sulphur dioxide, 07831. sulphate, sulphur dioxide, particulate matter, elemental composition, air quality, deposition, Japan, Tokyo; 05502. sulphur dioxide, dimethyl sulfide, iodine oxide, maritime air, ozone, 06636. sulphur dioxide, transportable laboratory, ozone, sea breeze onset, coastal, complex terrain, Spain, Castellon; 06702. sulphur oxide, ozone, hydrogen peroxide, non-methane hydrocarbon, pollution damage, PAN, emission reduction, pollution, Japan; 05535. technical option, clean air concept, cost, emission, sulphur dioxide, Switzerland; 11368. toluene, xylene, ethylbenzene, methoxybenzene, photochemical aerosol, aerosol, aromatic hydrocarbon, 00851. trajectory model, power station, motor vehicle, emission, pollution, dispersion modelling, UK; 04424. tropical forest, forest canopy, wet season, rain forest, Brazil, Amazon; 07848. urban plume, transport-chemistry model, ozone, power plant plume, USA; 00875. vertical distribution, aerosol, particle, water vapour, insoluble trace gas, convectively mixed air, ozone, carbon monoxide, 10194. volatile organic compound, boundary layer, ozone formation, 06676.

nitrogen removal
chemical phosphorus removal, biological phosphorus, phosphorus removal, waste water treatment, nutrient removal, water quality treatment, oxygen depletion, nitrification, denitrification, Denmark; 13466.

nitrogen removal process
waste water treatment, ammonia removal, suspended solids retention, biological purification, biological aerated filter, aerobic degradation, potable water treatment, water quality management, 00656.

nitrogen retention
forest soil, organic horizon, ammonium, nitrate, nitrogen deposition, 13241.

nitrogen simulation model
leaching, nitrate, hydraulic conductivity, Germany, Baden-Wurttenberg, Stuttgart; 06255.

nitrogen soil model
phosphorus soil model, local surface water model, discharge, groundwater quality, fertilizer, manure, contaminant concentration, surface water quality, hydrological model, Netherlands, Hupselse Beek; 06326.

nitrogen source
tropical soil, fertiliser application, water drainage, soil acidification, soil exchange complex, Oxisol, Ultisol, Alfisol, 10900.

nitrogen species
nitrogen dynamics, lake water quality, oxygen depletion, toxicity, USA, New York, Onondaga Lake; 11014. radiative cooling, ice saturation, tropopause, cirrus cloud, Norway, Stavanger; Chile, Punta Arena; 00763. sulphur dioxide, ozone, Regional Acid Deposition Model, Oxidation and Scavenging Characteristics of April Rains, Northeast Regional Oxidant Study, acid rain, deposition model, 05504.

nitrogen supplying capacity
crop rotation, farming system, soil property, organic matter, soil structure, aggregate stability, soil porosity, New Zealand, South Island, Canterbury Plains; 09778.

nitrogen transformation
nitrogen compound, long range transport model, deposition rate, Finland; 06590.

nitrogen transport
odd nitrogen species, ship observation, mixing ratio, boundary layer, nitrogen loss, Bermuda; 12517. particulate nitrogen, suspended matter, erosion, deforestation, fertiliser, 08155. sub surface colluviation, colluvial deposit, eutrophication, UK, England, West Sussex; 08394.

nitrogen-15
fertiliser, mineralisation, immobilisation, rate estimation procedure, 09727. soil extract analysis, automated combustion, mass spectrometry, nitrogen, 04001.

nitrogen-15:nitrogen-14 variation
nitrate species, nitrogen isotope, nitric acid vapour, isotope exchange, kinetic fractionation, 07861.

nitrogenous BOD
biological oxygen demand, pollutant, nitrifying bacteria, dissolved oxygen, BOD, surface water quality, China, Lee River; 13368.

nitrogenous compound
organic matter, phenol, nepheloid layer, hydrocarbon, water column, delta, Mediterranean Sea, Gulf of Lions; France, Rhone Delta; Mediterranean, Gulf of Lions, Lacaze-Duthiers Canyon; 05963.

nitrogenous pollutant
water quality management, wastewater treatment, microbiological denitrification, water purification, reverse osmosis, ion exchange process, electrodialysis, 00657.

nitrophenol
subsoil, landfill, water velocity, pesticide degradation, groundwater pollution, organophosphate, chlorophenol, 07564.

nitrosamine
maleic anhydride, nitrobenzene, methyl bromide, phosgene, toxic contaminant, reaction rate, atmospheric persistence, ozone, hydroxyl radical, nitrate radical, aliphatic, aromatic toxic organics, chloroprene, hexachlorocyclopentadiene, cresol, 10206.

nitrosamines
dialkyl nitrosamine, nitrosomorpholine, hydroxyl radical, photolysis, chemistry, toxic contaminant, 11407.

nitrosomorpholine

hydroxyl radical, photolysis, chemistry, toxic contaminant, nitrosamines, dialkyl nitrosamine, 11407.
nitrous acid
actinic wavelength region, absorption spectrum, photodissociation, 09048. aerosol surface, rate constant, mixing layer, Germany, Mainz; 06607. calibration source, diffusion scrubber, 09018. fine particle, ozone, trajectory, aerosol measurement, suburb, atmospheric acidity, acid aerosol, nitric acid, USA, Connecticut; 13712. hydrogen chloride, sodium nitrite, nitric acid, chemiluminescence, 06664. methylaldehyde, photolysis, spectral integration, error, photodissociation rate coefficient, ozone, nitrogen dioxide, 02022. particulate nitrate, sulphur dioxide, particulate sulphate, annular denuder, filter pack, gas particle distribution, nitric acid, 12540. photochemical smog, photolytic reaction, cloud, photolysis rate, photochemical oxidant, peroxyacetyl nitrate, nitrogen dioxide, 04423. sodium carbonate, particle deposition, calcium carbonate, urban area, diffusion tube, coal, sulphur dioxide, nitrogen dioxide, nitric acid, 03258. trace gas exchange, mass accommodation coefficient, peroxyacetyl nitrate, liquid jet, air-sea exchange, nitric acid, dinitrogen pentoxide, hydrogen chloride, 03213.
nitrous oxide
agriculture, soil, global warming, greenhouse gas, carbon dioxide, methane, 01955. aquifer microcosm, carbon addition, groundwater quality, nitrate reduction, dissolved oxygen, biological denitrification, nitrate:chloride ratio, USA, Georgia, Claiborne Aquifer; 13432. balloon UV ozone spectrometer, photochemical model, active nitrogen partitioning, stratosphere, diode laser spectrometer, nitrogen oxide, nitrogen dioxide, nitric acid, ozone, 04393. biomass burning, emission, boreal forest fire, hydrogen, nonmethane hydrocarbon, greenhouse gas emission, carbon dioxide, carbon monoxide, methane, Canada, Ontraio; USA, Florida; 04418. biomass burning, emission, carbon dioxide, ammonium, nitrogen, chaparral, nitrogen oxide, USA, California; 00929. carbon dioxide, transient change, troposphere, stratosphere, surface climate effect, temperature, chemical composition, methane, ozone, CFC's, 05495. carbon monoxide, hydrogen, carbon dioxide, chloroform, methane, emission, termite, hydrocarbon, Australia; 02040. carbon monoxide, solar spectra, trend, trace gas, USA, Arizona, Kitt Peak National Observatory; 06686. carbon monoxide, water vapour, ozone, sunrise occultation measurement, middle atmosphere, trace molecule spectroscopy, satellite observation, methane, 04394. carbon-14, carbon dioxide, USA, Arizona, Kitt Peak; 05484. CFC's, carbon dioxide, global warming, trace gas, greenhouse effect, methane, 03250. chlorofluorocarbon-12, ammonia, nitrogen oxide, emission, biomass fire, 00788. contaminant, sewage, eutrophication, denitrification, anoxic, North Sea, German Bight; 01269. denitrification, model, soil, pedogenic process, land use, climatic change, agroecosystem, Canada, Great Plains; USA, Great Plains; 07317. emission, entrapment, salt marsh soil, ammonium, nitrate, denitrification, dinitrogen, 13639. emission, fossil fuel combustion, sampling, combustion, 03237. emission, nitrogen, soil microbe, nitrification-denitrification, acetylene, 00880. emission, soil, fertilisation, forest, savanna, nitrogen oxide, Venezuela, Guayana Shield; 11326. emission, soil, fertiliser, groundwater, 00939. emission, soil, nitrification, rice, cattle, fertilisation, vegetation, greenhouse warming, biological source, biological sink, methane, 09012. fresh water sediment, nitrate flux, denitrification, acetylene inhibition, 11816. lake water quality, low oxygen zone, nitrogen cycling, denitrification, nitrification, Japan, Lake Kizaki; 06312. lightning production, discharge excited species, discharge effluent, 09071. methane, global change programme, greenhouse gas, International Geosphere Biosphere Programme, climate change, carbon dioxide, CFC's, 05443. methane, source, sink, greenhouse gas, soil-plant environment, carbon dioxide, 13741. microbial reduction, nitrification, nitrite, nitrate, nitrogen isotope, oxygen isotope, two isotope characterisation, Pacific; 05452. microphysical process, polar vortex, particle, polar stratospheric cloud, total reactive nitrogen, stratosphere, Arctic; 00802. nitrogen oxide, ozone, ammonia, nighttime system, heterogeneous reaction, 06544. nitrogen, denitrification, soil water content, acetylene inhibition, 13275. nutrient, estuarine sediment, bioturbation, nitrate, denitrification, UK, England, Cornwall, Tamar Estuary; Devon, Tamar Estuary; 12856. ozone depletion, temperature, ozone, cloud, radiative heating, Arctic; 00693. ozone, carbon dioxide, afforestation, global change, gas emission, warming, methane, 07800. ozone, surface temperature, stratosphere, troposphere, greenhouse gas, global warming, trace gas, climate, seasonal model, carbon dioxide, CFCs, methane, 01954. ozone, trace gas seasonal variation, trace gas trend, trace gas measurement, carbon monoxide, CFC's, methane, South Africa, Cape Point; Southern Hemisphere; 06546. ozone, water vapour, reactive odd nitrogen, stratosphere, Arctic; 00796. polar vortex, condensation nuclei, particle production, polar stratospheric cloud, Arctic; 00892. polar vortex, ozone depletion, Arctic; Antarctica; 00800. polar vortex, ozone depletion, chlorine oxide, stratosphere, diabatic cooling, radiative transfer, water vapour, ozone, 00798. seasonal cycle, tropical deforestation, emission, Brazil, Amazon; 00913. soil denitrification, denitrification activity, particulate organic matter, hot spot, 12063. soil solution, nitrogen loss, forest catchment, groundwater quality, denitrification, 04137. soil water content, denitrification, denitrification activity, hot spot, 12062. soil, emission, red pine plantation, hardwood stand, USA; 05530. sulphuric acid, sulphur dioxide, volcanic ash, precipitation chemistry, nitrate, precipitation, solar activity, lightning, cosmic ray, Antarctica; 02029. trace constituent, stratospheric warming, tracer transport model, balloon observation, GCM, 04388. tropical forest, biosphere atmosphere interaction, boundary layer experiment, wet season(1987), ozone, methane, Brazil, Amazon; 07840. tropospheric ozone, aerosol, radiative balance, solar radiation, radiatively active trace gas, greenhouse gas, cloud, aerosol, carbon dioxide, methane, CFC's, 04326. upwelling, oxygen consumption, supersatruated, marine upwelling, Indian Ocean; 04456. water vapour, hydrothloric acid, hydrogen fluoride, nitrogen dioxide, chlorine nitrate, nitric acid, polar vortex, airborne measurement, nitric oxide, ozone, methane, Arctic; 00799.
nitrous oxide emission
biomass, burning, in situ measurement, 09030.
nitrous oxide flux
dry tropics, tropical forest, 10224. ecosystem, tropical ecosystem, forest, pasture, mineralisation, nitrification, burned area, Brazil, Amazon; 07846.
nitrous oxide trend
photodissociation, atmospheric emission, 09057.
nival process
anthropogenic erosion, land use, erosion process, tundra zone, USSR, Arkhangel'sk Oblast; Komi ASSR; 05043.
nivation
chemical weathering, Schmidt hammer, enhanced boulder weathering, snow patch, Norway, Jotunheimen, Jostedalen; 00351. weathering, Schmidt hammer, enhanced boulder weathering, snowpatch, rapid weathering, permafrost, Switzerland; UK, Scotland; Norway, Glittertinden; 00352. Weichsel(Late), periglacial condition, Quaternary, cryoplanation terrace, goletz, altiplanation terrace, Norway; Finland, Lapland; 00330.
niveo aeolian sedimentation
sedimentary structure, aeolian sand, diagnostic indicator, sand sheet, Greenland, Western Greenland, Sondre Stromfjord; 06204.
niveo aeolian transport
winter transport, lag, arctic setting, precipitation, sandur, aeolian transport, Canada, Northwest Territories, Pangnirtung Pass, Crater Lake; 10513.
niviation valley
Skaerumhede sequence, Old Baltic Till, local till, tor, Norwegian Ice, snowdrift, Bastad flints, moraine stratigraphy, till, Sweden, Scania, Astorp; 05003.
NMR
angiosperm, lignin, cellulose, peatification, wood decay, Indonesia, Sumatra, Bengkalis Island; 05959. humic acid, fulvic acid, humus, leaching, aromaticity, swamp water, organic matter, Australia, New South Wales, Myall Lakes; 05958.
NMR spectrometry
paddy soil, phosphorus, phosphate compound, spectrometry, Madagascar; 09707.
NMR spectroscopy
carbon, humic acid, soil development sequence, New Zealand; 09738.
no-till
conventional till, nitrogen, soil change, tillage, grain yield, 00394.
no-till agriculture
conventional till agriculture, root zone, leaching loss, soybean, nitrate leaching, 01756.
no-till soil
macropore, infiltration rate, alfalfa, cotton, soil compaction, tilled soil, 00590. phosphorus fertiliser, Keith clay loam, Woodsen silt loam, Harney silt loam, soil sampling, phosphorus soil test, USA, Great Plains; 12089.
NOAA
AVHRR, Meteosat, vegetation, semiarid region, NDVI, Africa, (West); 13951. AVHRR, Sudano-Sahelian zone, vegetation canopy, Sudan; Senegal; 06869. AVHRR, vegetation index, agricultural statistic, crop production, Senegal; 06868. HCMM, Landsat TM, land use, thermal pattern, Germany, Baden-Wurttemberg; 00956. hydrologic model, water resource, modelling, Canada, Rocky Mountains; 11614. marine animal tracking, satellite, ARGOS, 11579. meteorological satellite data, Australian plague locust, Landsat MSS, Australia; 03423.
NOAA satellite
AVHRR, orbital strategy, 12595.
NOAA-7
AVHRR, polynya, sea surface temperature, Antarctica; 02190.
NOAA-7 satellite
infrared data, fair weather, cloudy situation, radiation, heat flux, satellite data, net radiation, surface heat flux, heat flux, France; 09977.
NOAA-9
Nimbus-7, satellite, short term variability, long term varability, calibration, trend, ozone measurement, 12525.
NOAA-TIROS-N satellite
tide, temperature, river discharge, suspended sediment, AVHRR, USA, Alabama, Mobile Bay; 03535.
noble gas
carbonate dissolution, groundwater circulation system, carbon-14 dating, environmental isotope, Hungary; 04145. extraterrestrial, spherule, micrometeorite, cosmic spherule, cryoconite, lake, 04850. halogen, accident source term, source term, critical review, radio nuclide, USSR, Chernobyl; 12516. recharge, palaeorecharge, groundwater geochemistry, Mali, Niger River; 13412.
Noble-Denton Weather Service
weather service, private weather service, 02992.
noctilucent
ice particle, electron "bite out', rocket measurement, electron density profile, summer mesopause, mesospheric cloud, 05436.
noctilucent cloud
cloud, visual observation, 08974. satellite observation, polar mesospheric cloud, solar backscattered ultraviolet, spectral radiometer, solar cycle dependence, middle atmosphere, ultraviolet, albedo data, 09954.
nocturnal air flow
isolated hill, tetroon, mesoscale model, stable air flow, 08966.
nocturnal boundary layer
boundary layer height, roughness length, friction velocity, 07698. boundary layer, Benjamin-Davis-Ono theory, meteorological tower, microbarograph array, sodar observation, solitary-like wave, 13523. boundary layer, observational layer, Germany; 13561. boundary layer, time-height structure, statistical summary, climatological study, 13509. fog front, SODAR, density current, shallow water equation, friction velocity, 01845. inversion layer, long-wave radiative transfer, 03058. mini-sodar, Kelvin-Helmholtz wave, ozone, turbulence, 03072. terrain effect, aerosol, lidar, bistatic lidar, 13715.
nocturnal cooling
cooling, urban climatology, heat island, model, canyon geometry, urban fabric, 12352. surface inversion layer, radiative cooling, Japan, Nagano Prefecture, Sugadaira Basin; 04247. topographic parameter, potential temperature, wind velocity, sensible heat flux, surface roughness,

04251.
nocturnal exchange
rain forest, carbon dioxide, heat flux, forest canopy, radiative cooling, Richardson number, Brazil, Amazon; 07842.
nocturnal flux
long wave flux, model validation, urban canyon, radiation model, 11207.
nocturnal inversion
inversion breakup fumigation, Langevin equation, turbulence, Lagrangian particle model, fumigation, breakdown, 13686.
nocturnal long wave radiation
radiative flux, surface geometry, canyon cooling, model validation, urban canyon radiation model, 08868.
nocturnal photograph
airplane, cloud, lightning, thundercloud, convective activity, 11260.
nocturnal slope wind
valley, inversion, adiabatic layer, katabatic flow, 03070.
nocturnal temperature inversion
temperature inversion, mountainous area, satellite, skin temperature, 11213.
nocturnal temperature variation
traffic safety, road maintenance, temperature recording, road surface temperature, topography, wind, Sweden; 07718.
nocturnal wind
katabatic wind, topographic blocking, stably stratified air, air mass, blocking, Australia, South Australia, Adelaide; 13495.
Nodani Formation
flysch, turbidite, Miocene, Nambayama Formation, submarine fan, Japan, Fossa Magna, Nishikubiki; 11763.
node communication
partitioned replicate database, network partition, 06731.
node list
linear quadtree, set operation, intersection, 00979.
nodule
aeolian, sediment cores, sea floor, ferromanganese, sea water, 02365. coral, encrustation, sulphide deposit, manganese nodule, iron oxide, trace element, Indonesia, Misool; 00088. crust, fluorine, sea water, iron-manganese nodule, manganese, 00085. crust, pelagic sediment, red clay, todorokite, ferromanganese nodule, ooze, Indian Ocean, Central Indian Basin; 00095. Devonian, sabkha, carbonate, anhydrite, gypsum, Canada, Alberta; 12926. dolomite, pyrite, paragenesis, phosphorite, fluorapatite, Peru; 00178. erosion, deep sea sediment, manganese, abyssal depth, radiolarian, sedimentation rate, Indian Ocean, Central Indian Basin; 07027. ferromanganese nodule, pelagic abyssal basin, gyre, Pacific, (Southwest); 05872. fracture zone, manganese, organic matter, seafloor, Miocene, CCD, bottom current, Pacific, Clipperton Fracture Zone; Clarion Fracture Zone; 12887. impact, mining, mineral resource, manganese, deep sea bottom, 04766. isotope, metal flux, accretion, manganese, Indian Ocean, Central Indian Basin; 04763. manganese iron oxyhydroxide, rare earth element, crust, hydrothermal input, oxyhydroxide, Atlantic, Cape Verde Abyssal Plain, Krylov Seamount; 07021. manganese nodule, accretion rate, biogenic silica content, Pacific, (Southwest); 01252. manganese, CCD, Antarctic Bottom Water, ferromanganese crust, cobalt, Pacific, (Central); 12888. manganese:iron ratio, water depth, ferromanganese deposit, Pacific, Dampier Ridge; Lord Howe Rise; 09373. metamorphic mapping, Sanbagawa schist, zoning structure, deep sea facies, Japan, Kanto Mountains, Ayukawa Valley; 11774. Ordovician, phosphatic nodule, shale, fossil, France, Brittany, Armorican Massif; 03635. pebble, sediment structure, desilicification, soil, stone line, Brazil, Amazonia; 02301. pelagic sediment, carbonate, back arc basin, continental margin, pH, redox potential, manganese, 08186. pore size distribution, manganese nodule, Pacific, Clarion-Clippeton Province; Guatemala Basin; 01251. sedimentation rate, burial, diagenesis, concretion, Kimmeridge Clay Formation, UK, England; 08149. sedimentation, accretion rate, manganese, Atlantic, Madeira Abyssal Plain; 11696. solution rate, sea water, solubility, water bottom interface, pelagic water, manganese, 07019. sorption, ferruginous nodule, semiarid soil, phosphate, phosphorus fixation, Ghana; Brazil; 13264. source rock, phosphorite, Pennsylvanian, cyclothem, sea level change, black shale, USA; 01338. spreading centre, heat flow anomaly, sulphide, hydrothermal fluid, hemipelagic sediment, oxygen isotope, Pacific, Juan de Fuca Ridge, Middle Valley; 11698. titanium, sea water, ferromanganese nodule, microstructure, Indian Ocean, Somali Basin; 12898. weathering, Cretaceous(Upper), trace element, phosphate, Israel, Negev; 08235.
nodule bed
Sulphur Bank, gault, Folkestone Bed, Lower Greensand, phosphate clast, UK, England, Kent, Folkestone; 00127.
nodule core
manganese, palaeomagnetic technique, iron manganese nodule, radioisotope, 05865.
nodule density
anisotropic nodule, sound propagation, manganese, Indian Ocean, Central Indian Ocean Basin; 12897.
noise model
natural clutter, coherent imaging, autocorrelation function, 10301.
noise pollution
GIS, environmental impact assessment, natural resource, land consolidation, Germany; 05752.
noise removal
feature extraction, sieving, 03338.
Nojiri-ko Formation
radiocarbon dating, elephant hunters, palaeolithic, bone tool, excavation season, Japan, Lake Nojiri, Tategahana; 02673.
Nolan-Pollak counter
Aitken nuclei counter, aerosol climatology, climatology measurement, Ireland, Mace Head; 13707.
nomenclature
landslide, IAEG Commission on Landslides, mass movement, English slope movement feature name, French slope movement feature name, slope movement, 04914.
nomogram
scaling, rapid determination, corrosion property, surface water, chemical composition, seasonal change, carbon dioxide, 02703.
nomograph
rain gauge correction factor, rain, precipitation assessment, effective precipitation, oblique rain, inclined surface, 02834.
non aqueous liquid
groundwater contamination, mass flow, volatilisation, kerosene, 11057.
non aromatic hydrocarbon
alkene, estuary, organic matter, particle, biochemical marker, France, Loire Estuary; 12857.
non buoyant toxics
tracer study, vinyl chloride, landfill, short range air dispersion, toxics, K theory, USA, California; 06571.
non capillary flow
convolution integral, mountain watershed, kinematic wave equation, Boussinesq equation, subsurface flow, runoff formation, rainfall runoff relationship, forest basin, capillary rise, USSR, Carpathian Mountains; 09808.
non Darcian flow
flow path, macropore flow, subsurface flow process, hydrograph, subsurface runoff, hillslope hydrology, physically based model, Darcian flow, 11045.
non equilibrium process
geomorphic process, geomorphic pattern, avalanche path, subalpine avalanche, sediment yield, microscale cascade, sediment cascade, dendrogeomorphology, Holocene, USA, Rocky Mountains; 13055.
non eulerian numerical model
sea breeze, convergence line, Spain, Mallorca; 08961.
non exchangeable potassium
cation saturated resin, Vertisol, Alfisol, Inceptisol, release kinetics, potassium, diffusion coefficient, India; 08633.
non Gaussian speckle
dynamic sea surface, SAR, autocorrelation function, 10431.
non glacial interval
pollen analysis, Missinaibi Formation, glacioisostatic sea, Sundance paleosol, Amery, till, Sangamon, interglaciation, Quaternary, Canada, Manitoba, Hudson Bay Lowlands; 07256.
non karstic cave
cave statistics, cave, Aggtelek karst, Hungary; 06049.
non linear chemistry
Damkohler number, time scale, model, plume measurement, nitrogen oxide, chemically reactive plume, dispersion, 11319.
non linear equation
sea surface temperature, climate model, ocean atmosphere climatic system, orbital parameter, Pliocene, Pleistocene, 12413.
non linear regression
variogram modelling, move window estimation, kriging, automated variogram modelling, spatial analysis, acid precipitation, 04195.
non linear variability
scaling, fractal, geophysics, 07629.
non local thermodymamic equilibrium
radiative transfer model, infrared limb emission, ozone, middle atmosphere, emission calculation, 06697.
non methane
hydrocarbon, propane, n butane, acetylene, ethane, alkene, ethene, propene, alkane, latitudinal distribution, Atlantic; 06653.
non methane hydrocarbon
biogenic emission, hydrocarbon, emission inventory, isoprene, volatile organic compound, UK; 13690. hydrocarbon, carbon monoxide, marine troposphere, tropopause, USA, Alaska; Pacific; 04380. ozone, photochemical smog formation, nitrogen oxide, Bahrain; 04439. peroxyacetyl nitrate measurement, precursor relationship, ozone, nitrogen oxide, nitric acid, carbon monoxide, chlorofluorocarbon 11, 04373. photochemical acid origin, acetic acid, peroxy acetyl radical, organic peroxy radical, 07884. Titan, homopause, molecular diffusion, eddy diffusion, methane, 04194.
non methane organic carbon compound
urban area, ozone production, control strategy, 10205.
Non Pareil series
highly weathered soil, biogenic opal, Kaolinite, leaching, mineralogy, weathering, Ultisol, porcellanite, Trinidad and Tobago; 02706.
non point pollution model
water pollution, runoff, erosion, pesticide, environmental management, nutrient, best management practice, agriculture, 11099.
non point source
finite element method, catchment runoff, GIS, water quality, water quantity, 10452. gypsum transport, salinity, Spain, Ebro River; 08522.
non point source pollution
nitrate, agriculture, farming methods, nitrogen cycle, leaching loss, surface water quality, 12274. pesticide, runoff, ecological impact, water quality, sediment, estuary, agricultural pollution, USA, Washington, Padilla Bay, Puget Sound Estuary; 07581. pollution load, agriculture, vegetated buffer zone, erosion, buffer zone, Finland, Vantaa River Basin; 07580.
non precipitating cumuli
droplet size distribution, adiabatic lifting, cloud model, entrainment, condensation, 04307.
non rooted aggregate
aggregate size, relative humidity, plant water use, water potential gradient, 05205.
non scanning infrared radiometer
calibration, land surface temperature, TIMS, 12728.
non sea salt sulphate
anthropogenic emission, ice core record, sulphate, nitrate, 04415.
non seasalt sulphate
methanesulphonate, trajectory, air mass regime, reduced nitrogen cycle, sulphur cycle, dimethylsulphide, ammonia, Pacific; 06688.
non spatial analyses
database management system, ARC/INFO module, 08003.
non spherical world
extraterrestrial cartography, morphographic projection, map projection, 09152.

non stationarity
rainfall, hydrological series, climatic evolution, Africa, (West); 12344.
non uniform sediment
graded sediment, boundary effect, saltation mechanics, velocity distribution, sediment concentration, grain size interaction, sediment transport, graded sand, 05175.
non urban difference
surface layer, carbon monoxide, vertical thermal diffusion, thermal diffusion coefficient, urban, Japan, Tokyo; 12358.
non-calcareous soil
calcium carbonate, soil erodibility, chalky soil, flocculation, plot study, water erosion, 02719.
non-converging flow field
head distribution, converging flow field, groundwater flow, Monte Carlo simulation, transmissivity, pump test, chemical tracer test, reliability theory, 09871.
non-erodible roughness element
sheltering, wind erosion, vegetation, soil erosion, shear stress partitioning, arid land, canopy structure, erosion threshold, 12025.
non-glaciated catchment
fluvial transport, dynamics, denudation rate, glaciated catchment, Svalbard, Spitsbergen; 02496.
non-hydrostatic mesoscale model
radiative heating, longwave radiation, shortwave radiation, surface temperature, land breeze, sea breeze, Greece, Athens; 01911.
non-linear flow
flow property, stratified flow, topography, 03495.
non-methane hydrocarbon
carbon monoxide, nitrogen dioxide, hydrogen peroxide, urban atmosphere, pollution, ozone, USA, California, Los Angeles; 03223. formaldehyde, ozone, photochemical diffusion model, nitrogen oxide, emission, photochemical smog, Australia, Victoria, Latrobe Valley; 02013. pollution damage, PAN, emission reduction, pollution, nitrogen oxide, sulphur oxide, ozone, hydrogen peroxide, Japan; 05535. pollution, air quality, sulphur dioxide, carbon monoxide, particulate matter, oxidant, nitrogen dioxide, nitric oxide, Japan; 00919. sea breeze, urban pollution, pollution, photochemical pollution, nitrogen oxide, Taiwan, Taipei; 00854.
non-oxygenation
oxygen injection, surface water quality, dissolved oxygen, surface runoff, sewage treatment, storm sewage discharge, UK, England, Thames River; 00556.
non-penetrating well
aquifer parameter, Boltzmann transformation, non-penetrating well, hydraulic conductivity, specific storage coefficient, Theis type curve, groundwater flow, type curve, time drawdown data, large diameter well, Saudi Arabia; 00592. hydraulic conductivity, specific storage coefficient, Theis type curve, groundwater flow, type curve, time drawdown data, large diameter well, non-penetrating well, aquifer parameter, Boltzmann transformation, Saudi Arabia; 00592.
non-photographic sensor
sensor, forest, tropical region, 04615.
non-point source pollution
statistical analysis, stream discharge, flow variability, lake tributary, North America, Great Lakes; 01647.
non-rainfall echo
wind effect, signal attenuation, Z-R relationship, warm season rainstorm, surface rainfall estimation, radar signal interpretation, precipitation assessment, radar rainfall measurement, 00504.
non-sea salt sulphate
marine aerosol, sampling, dimethylsulphide, sulphur dioxide, aerosol ion, marine atmosphere, methanesulphonate, Australia; Southern Ocean; 02015.
non-steady state ice dynamic model
accumulation rate, Holocene, climatic optimum, past change, precipitation rate, ice thickness, age depth profile, ice sheet, ice core record, Canada, Devon Island Ice Cap; Greenland, Greenland Ice Sheet; 02635.
non-tidal circulation
current, estuarine circulation, wind, USA, Chesapeake Bay, York River; 02330.
non-uniform flow
granular media, porous media, contaminant transport, groundwater flow, fluid viscosity difference, dispersion, mass transfer, viscous fingering, 07567.
nonacceleration theorem
transient eddy, quasi geostrophic eddy, eddy, three dimensional time mean flow, potential vorticity flux, enstrophy, 10071.
nonadiabatic process
spectral model, weather forecasting, model, 12412.
nonaqueous phase fluid saturation
multiphase flow, dissolution, nonaqueous phase liquid, groundwater flow, water contamination, toluene, mass transfer, aqueous phase velocity, particle size, 09898.
nonaqueous phase liquid
aqueous solubility, vadose zone, phreatic zone, solute transport, immiscible fluid, vapour transport, fluid property, groundwater contamination, volatilisation, remediation effort, mass transfer, 07563. groundwater contamination, contaminant phase fate, contaminant transport, infiltration, immiscible contaminant, unsaturated zone, 07573. groundwater flow, water contamination, toluene, mass transfer, aqueous phase velocity, particle size, nonaqueous phase fluid saturation, multiphase flow, dissolution, 09898.
nonassociated flow
triaxial test, granular material, instability, failure, soil, 03820.
nonconvex polygon
polygonal entropy, vision, algorithm, 03331.
nondestructive
three dimensional, density measurement, ice core sample, X-ray computed tomography, ice bulk density, 03919.
Nonesuch Formation
sandstone, lake, shale, source rock, hydrocarbon, Proterozoic, USA, Michigan; Wisconsin; 10640.
nonexchangeable potassium
quartzipsamment, potassium, oxalate, vermiculute, hydroxy vermiculite, interlayered vermiculite, secondary mineral, USA, Southeastern Coastal Plain; 07378.
nonglacial deposit
Missinaibi Formation, peat, Owl Creek bed, substage 5e, amino acid result, Beaver River peat bed, palaeoecology, organic deposit, last interglacial age, Canada, Ontario; 07258.
nonglacial interval
weathering, Sangamon Interglaciation, Illinoian, Pleistocene stratigraphy, drumlin, superposed till, USA, Massachusetts, Boston Harbor; 03881.
nonglacial sedimentary unit
TL dating, Middle Wisconsinan(Middle), deglaciation, Nelson River sediment, intertill sediment, Canada, Manitoba, Hudson Bay Lowland; 11942.
nonhomogeneous surface flux
surface flux, convective boundary layer, large eddy simulation, convection, 10026.
nonhydric soil series
upland, wetland, soil vegetation correlation, soil series, hydric soil series, USA, Florida; 10933.
nonhydrostatic effect
sea breeze system, K type disturbance, hydrostatic forcing, 13592.
nonhydrostatic model
wind speed, ambient wind, valley, drainage flow, katabatic wind, 13550.
nonionic detergent
tracer, sewage, groundwater pollution, detergent, Israel; 02915.
nonisothermal condition
pore fluid pressure, finite element, undrained heating, thermal consolidation, stiffness property, numerical analysis, oil sand, Canada, Alberta, Athabasca; 10699.
nonlinear
failure envelope, coarse grained soil, granular, 03821.
nonlinear adjustment process
atmosphere, large scale equation, 01872.
Nonlinear analysis
soil mechanics, theory, implementation, numerical tool, 02545.
nonlinear climate model
seasonal energy balance, climate model, steady state seasonal cycle, seasonal cycle, snowline, ice sheet, climate change, 08422.
nonlinear discrete flood event model
flood event model, rainfall runoff model, parameter estimation, parameter transformation, Australia; 05134.
nonlinear dynamics
chaos theory, strange attractor theory, spectrum model, bifurcation, turbulence, 06497.
nonlinear evolution
synoptic scale, cyclone, life cycle simulation, cloud scale model, baroclinic wave, cyclogenesis, 12425.
nonlinear formulation
snow creep, alpine snow, slow deformation, creep load, pressure measurement, 08403.
nonlinear interaction
lee side, orography, frontal process, simulated front, deformation case, shear case, 13598.
nonlinear internal wave
internal wave, Landsat TM, Korteweg-De Vries equation, Cauchy problem, synthetic aperture radar, 12410.
nonlinear model
stationary wave, wave response, tropical sea, sea surface temperature, general circulation model, 13583.
nonlinear optimisation technique
vegetation canopy, validation, analytical model, bidirectional reflectance, 05729.
nonlinear response
benthic oxygen isotopic record, Milankovitch theory, orbital forcing, feedback mechanism, 03847. episodic forcing, equatorial forcing, tropical atmosphere, energy accumulation, emanation, low latitude, 12424. Quaternary record, deep sea sediment core, GRAPE density, carbonate content, magnetic susceptibility, orbital forcing function, cyclicity, Milankovitch cycle, Southern Ocean, ODP Hole 704A; Atlantic, (South); 11934.
nonlinear result
model, crustal tilting, domal uplift, stream profile adjustment, crustal warping, 02501.
nonlinear theory
barotropic atmosphere, normal model approach, 10049.
nonlinear vertical diffusion
diffusion, numerical scheme, 01796.
nonlinear wave
barotropic stability, tropical ocean, wave stability, current, shear, Rossby gravity wave, 10041. wave, solitons, resonant flow, shock dymamics, transcritical flow, 01176. wave, steady state, forcing source, wave activity flux, linear wave, 11237.
nonlinear wave CISK mode
flow pattern, perturbation, spectral model, CISK mechanism, 12444.
nonlinearity
anisotropy, dilatancy, compression, consolidation, constitutive modelling, sand-bentonite mixture, three modulus hypoelasticity, hypoelasticity, Canada; 02542. response surface plot, statistical method, parameter uncertainty, conditional probability region, hydrological model, 05111.
nonmethane
hydrocarbon, mixed layer, ocean, ethene, oceanic emission, marine atmosphere, latitudinal distribution, Atlantic; 06652.
nonmethane hydrocarbon
greenhouse gas emission, carbon dioxide, carbon monoxide, methane, nitrous oxide, biomass burning, emission, boreal forest fire, hydrogen, Canada, Ontraio; USA, Florida; 04418. pollution, air-sea exchange, marine atmosphere, ethene, ethane, hydroxyl, methane, carbon monoxide, Indian Ocean, Amsterdam Island; 03246. remote atmosphere,

marine atmosphere, ethane, ethene, propene, propane, pentane, butane, ocean water, hydrocarbons, biological activity, 11345. tropospheric chemistry, emission estimate, boundary layer, 03154. urban plume, turbulent transport, sampling, hydroxyl, hydrocarbon, 03234.

nonmethane hydrocarbon chemistry
remote marine boundary layer, air sea flux, 09058.

nonparametric approach
potential erosion, mined, reclaimed land, prediction, sediment yield, USLE, USLE parameter, soil loss tolerance level, USA, Pennsylvania; 02725.

nonparametric mapping
linear mapping, mapping, feature extraction, exploratory data analysis, 13796.

nonparametric statistical technique
geostatistical technique, kriging, chloride concentration, monitoring network, groundwater quality monitoring, network design, confined aquifer, parametric statistical technique, Spain, Barcelona, Llobregat Delta; 01726.

nonparametric statistics
Spearman rank correlation, soil moisture depletion, soil moisture recharge, forest soil, gypsum block, Sweden; 02900.

nonparametric variable kernel estimation
historical flood, palaeoflood information, flood frequency analysis, 12163.

nonpoint pollution
water quality, pollution abatement programme, sediment transport, pollutant transport, land use effect, 00635.

nonpoint source pollution
detention basin, remote sensing, GIS, surface water quality, pollution control, USA, Texas, Trinity River; 00553. runoff pollution, probabilistic modelling, urban runoff, pollutant load, North America, Great Lakes Basin; 07513.

nonpoint-source pollution
agricultural pollutant, urban pollutant, nutrient, dissolved organic carbon, nitrogen, phosphorus, USA, Florida, Indian River Lagoon; 13364. desorption kinetics, enrichment ratio relationship, sediment, nitrate, phosphate, surface water quality, agricultural pollutant, tillage practice, sorghum culture, USA, Southern Plains; 13451. sediment, nitrate, phosphate, tillage practice, wheat culture, desorption kinetics, enrichment ratio relationship, surface water quality, groundwater quality, USA, Southern Plains; 13452.

nonprecipitating convective cloud
boundary layer, cumulus cloud, cloud layer, vertical transport, 05434.

nonrenewable resource
resource, global scale, remote sensing, mineral, 02206.

nonscanner measurement
Earth Radiation Budget Experiment, radiation budget, scanner measurement, 06436.

nonseparable baroclinic instability
quasi geostrophic instability, baroclinic instability, accuracy, WKBJ approximation, 12419.

nonspherical particle
dynamic shape factor, aerosol, aerodynamic particle sizer, 05478. nitric acid, ice particle, lidar, polar stratospheric cloud, 00897. particle, statistical approach, Rayleigh theory, Mie theory, ensemble averaging, backscattering, 12561.

nonstandard database
digital terrain data, military application, 07963.

nonstationarity
spectral analysis, mesoscale motion, gravity wave, vortical mode, 06506.

nonstationary climatic series
air temperature, climate analysis, 03096.

nonstationary homogeneous nucleation
phase formation, condensation, deposition, freezing, delay time, transient time, effective time lag, induction time, 03108.

nontronite
high resolution electron microscopy, oxidation, gel, electron diffraction, ferric iron, ferrous iron, 12989.

nonuniform flow
heterogeneous aquifer, particle velocity, groundwater flow model, finite difference model, solute transport, bilinear interpolation, linear interpolation, transmissivity boundary, 01717.

Nordic heat pump
heat pumping mechanism, positive feedback, feedback amplification, volcanic activity, extraterrestrial disturbance, Younger Dryas, cold spell cause, deep sea record, climatic change, last deglaciation, 07193.

norflurazon
diuron, Candler fine sand, sorption-desorption, herbicide, electrolyte, cation, ionic strength, bromacil, simazine, 13254.

Norian
wackestone, stromatolite, Triassic, limestone, brachiopod, Haliw Formation, Oman, Oman Mountains; 11744.

normal displacement
regional strain, neotectonics, stress, fracture pattern, Alpine Fault, lineament, extension fracture, New Zealand, Westland; 09505.

normal distribution
gamma distribution, air quality control, pollution, lognormal distribution, 01972.

normal fault
fault scarp, en echelon offset, seismic hazard assessment, segmentation behaviour, coseismic behaviour, USA, Idaho, Basin and Range Province; Montana, Basin and Range Province; 08356. fault zone, fault movement, slip plane, fault breccia, fault gouge, breccia type, brecciation, fracturing, neotectonic fault, Greece, Aegean; 10693. graben, hangingwall, fault segmentation, footwall lithology, active normal faulting, extension, Greece; 08365.

normal fault zone
slip plane geometry, deformation pattern, hangingwall salient, fault scarp, degradation, structural heterogeneity, neotectonic fault zone, Greece, Aegean Region; 08366.

normal faulting
crustal extension, seismotectonics, earthquake, short period seismograph network, P wave mechanism, USA, Oregon, Portland; 10688. seismic hazard, wine glass valley, erosional surface, uplift, hanging glacial valley, earthquake, morphological evidence, Quaternary, Spain, Pyrenees; Catalonia; 08362.

normal mode
forecast, divergence measurement, error dynamics, predictability, atmospheric flow, 13618. initialisation, tropical cyclone, cyclone model, balance condition, diabatic heating, 12414. shallow water vortex, barotropic vortex, vortex, angular momentum, linear normal mode, 12406. spectral domain, atmospheric baroclinic instability, baroclinic energy source, energy source, 12421.

normal mode model
air-sea interaction, El Nino/Southern Oscillation, Kelvin wave, Pacific; 00749.

normal mode projection
gravity mode, wind, Rossby mode, general circulation model, 00755.

normal model approach
nonlinear theory, barotropic atmosphere, 10049.

normalisation
Landsat TM, ground reflectance, seasonal colour change, 05610. trace metal, anthropogenic source, estuary, contaminant, lithium, Canada; 01366.

normalised difference
vegetation index, 10412.

normalised difference vegetation index
geographic resource, soil, topography, vegetation condition index, weather impacts, Sudan; 05726.

normalized difference
vegetation index, AVHRR, water vapour, Africa, Sahel; 13949.

Normalized Difference Vegetation Index
inflight calibration, AVHRR, desert reflectance, 05565. radiometric surface temperature, soil moisture availability, vegetation cover, agricultural field, 05742. surface water balance, vegetation cover, Lettaus climatonomy model, soil moisture, runoff, evapotranspiration, soil moisture, soil type, surface runoff, Africa, (West); 12239.

normally consolidated
saturated clay, biaxial apparatus, clay, consolidation history, isochoric straining, shear strength, 03763.

Normanville Group
Cambrian, carbonate ramp, Archaeocyatha, bioherm, Sellick Hill formation, Australia, South Australia, Fleurieu Peninsula; 11748.

Norse representation
Vinland Map, 10349.

North American Datum
GIS, coordinate base, national datum, primary framework, adjustment, Canada; 01016. transformation parameter, data coordinate system, GIS, 10264.

North Atlantic Current
vertical exchange, turbulent exchange, thermocline, energy active zone, Canada, Newfoundland; 11223.

North Atlantic Deep Water
Antarctic Bottom Water, abyssal storm, turbidite, sedimentation rate, Holocene, Wisconsinan, benthic foraminiferal assemblage, palaeocirculation history, Atlantic, Scotian Margin; 10743. carbon dioxide, glacial, interglacial, alkalinity, polar ice, cadmium, planktonic foraminifera, Holocene, 00911. climatic shift, global change, Younger Dryas, rapid warming, oceanographic change, melt water flow, Atlantic, (North); 08426. core, upwelling enhancement, foraminiferal reconstruction, barium distribution, glacial ocean, seven box ocean model, upwelling, 08434. Erie Interstade, ice retreat initiation, last deglaciation, radiocarbon dating, melt water, oxygen isotope analyses, salinity reduction, deglaciation onset, Fennoscandia; 08465. radiocarbon distribution, glacial ocean, benthic foraminifera, concordant age, deep water age, radiocarbon inventory, mixing rate, 08433. rotating hydraulics, stationarity, quiescent upper layer, Atlantic, Faroe Bank Channel; Norwegian Sea; 02291. Younger Dryas, cooling event, glacial termination, Ocean Drilling Programme site 658, benthic delta carbon-13 anomaly, melt water hypothesis, climatic change speed, orbital forcing, ice sheet instability, glacial melt water, melt water incursion, Atlantic, (North); 08442. Younger Dryas, deep water chemistry, productivity, Pleistocene(Late), sea surface temperature, Atlantic, (North); 06096.

North Atlantic Drift
marine interglacial, interglacial circulation, Windermere Interstadial, Younger Dryas, radiocarbon age, full glacial, Holocene, Europe, (Northwest); 09561.

North Atlantic drift water influx
coccolith, biostratigraphy, oxygen isotope stratigraphy, ice rafting, synthesis, Arctic coccolith, sub-Arctic coccolith, coccolith biochronology, Atlantic; 02607.

North Atlantic Regional Water Resources Study
storage yield model, institutional arrangement, environmental consideration, mathematical model, water demand, water supply, regional water resource, large scale water resources planning, water resources planning, 05255.

North Equatorial Current
Pleistocene, climatic change, pollen analysis, Site 717 core, Bengal deep sea fan, glacier, sediment input, monsoon, India, Bay of Bengal; River Brahmaputra; India, River Irrawaddy; India, River Ganges; India, Himalays; 04965.

Northampton ironstone
Jurassic(Middle), siderite, berthierine, clay mineral, electron spin resonance, UK, England, (East); 08312.

Northeast Regional Oxidant Study
acid rain, deposition model, nitrogen species, sulphur dioxide, ozone, Regional Acid Deposition Model, Oxidation and Scavenging Characteristics of April Rains, 05504.

northern hemisphere
interglacial, glacial period, albedo, phytoplankton, carbon dioxide decrease, last glaciation, 06069. Southern Hemisphere, general circulation, El Nino/Southern Oscillation, long range forecasting, forecast, Zimbabwe; 07793.

northern landbridge
vegetation, permafrost, periglaical phenomena, pollen data, boreal forest, refugia, taiga zone, alpine tundra, Japan, Soya Strait; Hokkaido; Japan, Sakhalin; 05031.
Norway spruce
acidification, soil acidification, red pine, 03982. sitka spruce, streamflow, surface water quality, throughfall, stemflow, soil throughflow, stream chemistry, hydrological budget, forest catchment, 02949.
Norwegian Current
dissolution, pelagic zone, sedimentation, pteropod, shell size, East Greenland Current, Norwegian Sea, Lofoten Basin; Greenland Sea, Lofoten Basin; 02442.
Norwegian Ice
snowdrift, Bastad flints, moraine stratigraphy, till, niviation valley, Skaerumhede sequence, Old Baltic Till, local till, tor, Sweden, Scania, Astorp; 05003.
Norwegian imprint
Rosnaes Advance, sedimentological, geochemical study, magnetostratigraphic dating, mid Weichselian, ice dammed lake, Denmark, Zealand, Istebjerg; 05005.
notch
Holocene, sea level, lithospheric flexure, geomorphology, volcanic island, rim, elevated limestone, Cenozoic, reef limestone, makatea, reef facies, Pacific, Cook Islands, Makatea Islands, Mauke; Mitiaro; Pacific, Cook Islands, Makatea Islands, Atiu; 11873.
notch formation
cliff instability, pumice flow, slope instability, salt weathering, frost weathering, Japan, Asama Volcano; 13062. freeze thaw action, frost weathering, exfoliation, cliff recession, Japan, Asama Volcano; 09604.
Nothofagus forests
pollen analysis, aridity, coast, Holocene, Quaternary(Late) vegetation, semiarid coast, Chile; 03873.
Nothofagus menziesii
Aokautere ash, Holocene, Last Glaciation, podocarp broadleaf forest, palynology, climatic change, vegetation change, palynomorph, New Zealand, Wairarapa, Pohehe Swamp; Tararua Range; 00288.
Noto Formation
source rock, clay, carbonate, kerogen, oil, Triassic, Italy, Sicily, Ragusa Basin; 07064.
Nouakchottian marine formation
Holocene deposit, Ogolian dune, planed dune, limestone crust, palaeodunes, Quaternary sequence, alluvial reg, Mauritania, Tijirit; 03875.
nourishment
dredging, estuary, tidal current, sediment transport, texture, beach, New Zealand, Tauranga Harbour, Pilot Bay Beach; 01266. management, wind, erosion, sand dune, perched dune, cliff, USA, Lake Superior; Lake Michigan; Canada, Lake Superior; 03586. sea level rise, seawall, erosion, 09374.
nowcast
snow band, forecast, winter storm, remote sensing, lake effect, snow storms, Canada, Great Lakes, Lake Ontario; 11275.
nowcasting
agriculture, radar network, weather radar network, sugar cane, Brazil, Sao Paulo; 05322. forecast verification, lapse rate, microburst probability, thermodynamic profiler, temperature retrieval, 10117. precipitation, weather radar network, rainfall, Brazil, Sao Paulo; 05321. real time data processing, rectification, meteorology, 05585. satellite image, precipitation, correlation technique, numerical weather prediction, radar imagery, 05449. thunderstorm, rain, forecasting, flooding, hydrometeorology, UK; 01942.
NPK fertiliser
tensile strength, water stability, soil structure, fertiliser application rate, water stability, soil friability, bulk density, 08572.
NTS mapping
survey network, map digitising, geodetic control network, 13774.
Nubian sandstone
Cretaceous, hardpan, clay mineral, semi-arid area, calcrete, Egypt, Western Desert, Barget El-Shab; 01234.
Nubian Series
cementation, heavy mineral, sandstone, provenance, Cretaceous, Precambrian, Jordan; 12948.
nuclear accident
Chernobyl, radar data, surface observation, Meteosat imagery, numerical weather prediction, precipitation analysis, dispersion and deposition model, Europe; 05325. nuclear pollutant, momentum equation, diffusion equation, field diffusion experiment, accidental release, computation model, 11188. water resource, aerial survey method, 05751.
nuclear aerosol
climate, volcanic aerosol, ozone depletion, nuclear warfare, aerosol, indoor aerosol, 03165.
nuclear bomb test
Chernobyl accident, nitrate, sulphate, organochlorine, ice core, pollution, snow, ice, carbon dioxide, lead, methane, radioactive species, Antarctica; Greenland; 05525.
nuclear disaster
GIS, emergency, quadtree, 13997.
nuclear disintegration
alpha activity ratio, groundwater quality, isotopic disequilibrium, uranium, iron concentration, manganese concentration, USA, Kansas; 11062.
nuclear explosion
ozone, photochemical reaction, stratosphere, modelling, 11389.
nuclear facility
environmental problem, remote sensing, 02289. radioiodine, radionuclide, resuspension, aerosol, particle size, isotope, iodine, 13730.
nuclear fallout
groundwater contamination, surface water contamination, surface geology, radiological contamination, drinking water, morainic soil, peat soil, strontium-90, caesium-137, Denmark; Greenland; Faroe Islands; 04023.
nuclear fireball
smoke, stratospheric air, ozone depletion, postwar condition, nitrogen oxide, 11332.
nuclear fuel
metal, iron, manganese, plutonium, americium, UK, England, Sellafield; 02382. reprocessing plant, radiological assessment code, iodine-129, Germany, Karlsruhe; 11370.
nuclear installation
tree leaf, carbon-14, Switzerland; 05480.
nuclear lobby
marine discharge, sea radioactivity, sea to land pollution transfer, radioactive pollution, 07866.
nuclear magnetic resonance
marine sediment, phosphorus, biological cycle, sink, 04854.
nuclear magnetic resonance imaging
weight function, groundwater contamination, multiphase transport, liquid phase porosity, 09859.
nuclear magnetic resonance spectroscopy
spectroscopic investigation, peat-water interaction, electron spin resonance spectroscopy, Fourier transform infrared spectroscopy, 04112.
nuclear plant measurement
industrial photogrammetric technique, analytical stereoplotter, 08134.
nuclear pollutant
momentum equation, diffusion equation, field diffusion experiment, accidental release, computation model, nuclear accident, 11188.
nuclear power
fossil fuel, carbon dioxide emission, carbon dioxide, abatement cost, Germany; 06532. fossil fuel, carbon dioxide, energy intensive economy, 09002. high precision, underwater, photogrammetry, 04481.
nuclear power plant
carbon dioxide, carbon monoxide, hydrocarbon, liquid scintillation counting, pressurized water reactor, tree ring measurement, carbon-14, gaseous effluent, Hungary, Paks; 05481.
nuclear power station
neptunium, plutonium, americium, Sellafield nuclear power station, radionuclide, radioactivity, UK, England, Cumbria; 13262. radionuclide, advection, deposition pattern, transport, reactor, Scandinavia; USSR, Chernobyl; 11308.
nuclear probe
single probe, dual probe, calibration, shrinkage, swelling, clay loam soil, surface condition, soil water content, bulk density, 01699.
nuclear reactor
uranium mine, fallout, pollutant, radionuclide cycling, radionuclide transport, surface water quality, radioactivity, USA, Great Lakes, Lake Michigan; Lake Ontario; Canada, Great Lakes, Lake Ontario; 13351.
nuclear test
Coulter Counter, ion chromatograph, atomic absorption spectrophotometer, aerosol, electrolytic conductivity, snow sample, acid concentration, ice cap sample, volcanic eruption, oxygen isotope ratio, radioisotope peak, 10139.
nuclear war
volcanic eruption, asteroid impact, sea surface temperature, coupled atmospheric oceanic model, albedo, absorptivity, aerosol layer, climate change, 04212.
nuclear warfare
aerosol, indoor aerosol, nuclear aerosol, climate, volcanic aerosol, ozone depletion, 03165.
nuclear waste
fractured tuff, fracture effect, groundwater contamination, unsaturated tuff, nuclear waste repository, permeability, capillary pressure, multiphase fluid flow, heat flow, thermohydrologic conditions, USA, Nevada, Yucca Mountain, Topopah Spring; 01738. nuclear waste repository, effective continuum approximation, unsaturated tuff, thermohydrologic conditions, groundwater contamination, permeability, capillary pressure, multiphase fluid flow, heat flow, fractured tuff, 01739. nuclear waste repository, unsaturated zone, hydrologic issues, USA, Nevada, Yucca Mountain; 01693.
nuclear waste disposal
fracture flow, boundary fitted finite difference method, groundwater flow, radionuclide migration, 12251. groundwater discharge, recharge estimate, vadose zone, lysimeter, caesium-137, groundwater contamination, hazardous waste disposal, USA, Washington, Hanford Site; 02918. groundwater monitoring, radionuclide mobility, sampling technique, dissolution precipitation process, environmental fate, water table contamination, 05235. solute transport, rock matrix diffusion, granitic rock, tracer, groundwater flow, hydraulic conductivity, Sweden; 09860.
nuclear waste repository
effective continuum approximation, unsaturated tuff, thermohydrologic conditions, groundwater contamination, permeability, capillary pressure, multiphase fluid flow, heat flow, fractured tuff, nuclear waste, 01739. permeability, capillary pressure, multiphase fluid flow, heat flow, thermohydrologic conditions, nuclear waste, fractured tuff, fracture effect, groundwater contamination, unsaturated tuff, USA, Nevada, Yucca Mountain, Topopah Spring; 01738. time, GIS, temporal change, USA, Nevada, Yucca Mountain; 01025. unsaturated zone, hydrologic issues, nuclear waste, USA, Nevada, Yucca Mountain; 01693. Van Genuchten Mualem characteristic curve, water absorption, porous block, groundwater flow, volcanic tuff, unsaturated zone, USA, Nevada, Yucca Mountain; 09840.
nuclear waste respository
stable isotopic evidence, pedogenic origin, carbonate, Trench 14, USA, Nevada, Yucca Mountain; 07205.
nuclear weapon test
soil, forest, caesium-137, gamma dose rate, USA, (Northeast); 00430.
nuclear weapon testing site
radionuclide, marine environment, scenario, impact assessment, dispersion model, caesium-137, Pacific, French Polynesia; 11316.
nuclear weapons test
photosynthate, carbon dioxide, carbon-14, cellulose, Sitka spruce, USA, Washington; 05483.
nuclear winter
nitric oxide, stratosphere, dust, fireball, particle, smoke, 02997.
nucleation
global climate, dimethyl sulphide, sulphate, sulphur dioxide, particle production, marine cloud, Aitken nuclei, cloud condensation nuclei,

05521. impaction scavenging, cloud drop, ice particle, pollution, wet removal, aerosol, 04463. in cloud scavenging, precipitation, hydrometer concentration, winter, scavenging efficiency, wet deposition, aerosol, 13710. polar stratosphere, nitric acid trihydrate, particle, aerosol, 10216. precipitate, pattern formation, supersaturation, 04847. scavenging, pollutant, rain composition, convective shower, frontal precipitation, aerosol particle, in cloud, below cloud, absorption, 06554. scavenging, submicrometer, aerosol particle, 11264. soot, aerosol, cloud chamber, ice, 13606. stratispheric ion, aerosol chemistry, cirrus cloud, microphysics, stratosphere, volcano, cosmic ray, gas to particle conversion, 10215.

nucleation rate
particle growth, surface tension, aerosol model, 10172.

nuclide
plutonium, americium, bottom sediment, resuspension, PCB, Mediterranean Sea, Gulf of Lions; 05890.

nuee ardente
lahar, longitudinal profile, radial valley, bandjir, valley profile concavity, Indonesia, Java, Merapi Volcano; 03728.

nugget variance
error estimation model, pH, instrumental drift, random measurement error, 03990.

numerical advection
moisture transport, spectral model, transport scheme, precipitation, 00754.

numerical alignment
photogram, stereoscopic model, nadir shot, 11442.

numerical analysis
in situ, S wave measurement, lacustrine silty clay, soil S wave velocity, Italy, Fucino Valley; 03782. oil sand, nonisothermal condition, pore fluid pressure, finite element, undrained heating, thermal consolidation, stiffness property, Canada, Alberta, Athabasca; 10699.

numerical calculation
dispersion, elevated source, stack, turbulent boundary layer, 12371.

numerical difficulty
cloud-environment interface, flux corrected transport, monotone, finite difference approximation, advection condensation problem, 12464.

numerical dissipation
piecewise parabolic method, numerical technique, discontinuity, finite volume scheme, 01795.

numerical error
Taylor-Galerkin method, Petrov-Galerkin method, accurate space derivative method, Smolarkiewicz method, algorithm, advection equation, 13480.

numerical experiment
accuracy, numerical solution, trajectory, air trajectory, 12411. blocking situation, spectral model, USSR; 06491. sulphur dioxide, sulphate ion, ozone, oxidation, emission reduction, oxidant limitation, aqueous chemistry, 13673. virga settling, squall line, radiative cooling, convection, stratiform, cloud band, 12465.

numerical flow model
mixing, stratification, tidal forcing, salinity intrusion length, riverflow data, river regulation, channel morphology, carbon budget, sediment budget, estuary, historical change, USA, Washington, Columbia River; 10965.

numerical forecast model
linear theory, theory test, lee cyclogenesis, cyclogenesis, cyclone development, 13582.

numerical generalisation
river network, generalisation algorithm, data structure, 13965.

numerical implementation
joint strength data, constitutive model, rock joint, 00247.

numerical investigation
mesoscale circulation, synoptic influence, pollutant transport, USA, California, Los Angeles Basin; 12440. mesoscale circulation, verification study, mesoscale model, boundary layer, pollutant concentration, USA, California, Los Angeles Basin; 12439.

numerical method
finite element method, Taylor-least-squares, Taylor-Galerkin, advection-diffusion, 02998. Fourier analysis, Eulerian Lagrangian, least squares collocation method, transport, time stepping, advection, dispersion, Crank Nicolson solution, 05279. sediment laden flow, clear water flow, hyperconcentrated flow, explicit finite difference formulation, implicit finite difference formulation, characteristic method, suspended sediment, physical model, flood routing, 05150. transport and chemistry model, advection algorithm, eddy diffusion, 03228.

numerical model
air pollution research, sulphur dioxide, emission, lidar measurement, 04356. bank erosion, equilibrium channel, flume experiment, numerical simulation, gravel river widening, 03706. gravity wave spectrum, current gradient, 08908. groundwater flow, unsaturated flow, solute transport, vector state space method, soil hydraulic property, parameter estimation, uncertainty propagation, 08764. hydraulic head distribution, three dimensional representation, multiaquifer system, groundwater flow, confined flow, unconfined flow, aquitard, 11052. linguistic model, pictorial model, integrated decision aiding simulation methodology, oil spill, water resources management, computer model, 06398. radiance distribution, water, wind, 11611. rainfall characteristic, seal formation, raindrop impact, rainstorm intensity, rainfall energy, infiltration, sealing soil, soil permeability, 08766. Richards equation, layer interface, infiltration, two layer soil, layered system, groundwater flow, flux boundary condition, 11038. three dimensional method, solute transport, groundwater flow, saturated media, heterogeneous flow system, random walk particle method, advection process, dispersion process, unsaturated media, variable flow field, plume dispersion, mixing, 08776.

numerical modelling
contact, friction, finite element method, Coulomb dry friction law, algorithm modularity, 00250. isentropic coordinate, vertical coordinate, 11249. rainfall anomaly, El Nino, tropical climate, climate prediction, general circulation, statistical method, 10157. sounding retrieval, satellite, water vapour analysis, mesoscale analysis, 07764. submarine slide, flowslide, viscoplastic, turbidity current, 11653. toppling, Universal Distinct Element Code, block toppling, flexural toppling, landslide, sackung, Canada, British Columbia, Glacier National Park, Beaver River; 10711. trajectory model, pollution dispersal, wind field, Switzerland, Zurich; 13538.

numerical prediction
field measurement, velocity profile, surface strain, bore hole tilting measurement, Glen's flow law, strain rate, flow law, glacier ice, Greenland, South Greenland, Dye 3 Site; 07306. moisture movement, unsaturated soil, Richards theory, field monitoring, UK, England, Wiltshire, Swindon; 13048. thunderstorm, computer capacity, dynamics, 12481.

numerical scheme
nonlinear vertical diffusion, diffusion, 01796.

numerical simulation
bed evolution, bed elevation, sediment transport model, downstream channel, reservoir, wave characteristic, Taiwan; 08722. cyclone development, tropical cyclone, 11252. gravel river widening, numerical model, bank erosion, equilibrium channel, flume experiment, 03706. ice gouge depth, structure return interval, subsea structure, areal gouge generation rate, simulation method, 08456. isolated eddy, barotropic eddy, eddy, basin, topographic beta plane, laboratory experiment, 12408. penetration, sand, finite element method, penetrometer, 00251. powder snow avalanche, Boussinesq approximation, turbulence, avalanche, snow, Japan, Niigata Prefecture, Maseguchi; 01411. sensitivity experiment, Quaternary, palaeoclimatology, monsoon, lake level, general circulation model, Milankovitch, albedo forcing, tropical monsoon, geological evidence, Africa; 09540. thermal structure, urban atmosphere, polluted atmosphere, aerosol characteristic, boundary layer, heat transfer, radiative heat transfer, 12353.

numerical solution
trajectory, air trajectory, numerical experiment, accuracy, 12411.

numerical study
diffusion, point source, turbulence model, pollutant dispersion, triangular ridge, 13531. interannual time scale, low frequency oscillation, flow pattern, quasi geostrophic low spectrum model, 12392. meso gamma scale indexing, heat island, urban rainfall, orography, rainfall anomaly, Israel, Jerusalem; 11200. outflow layer, tropical cyclone, 11253. turbulence, Ekman layer, Navier Stokes equation, drag coefficient, shear stress, 12360. vortex formation, cyclone generation, Froude number, USA, Colorado, Denver; 12422.

numerical technique
discontinuity, finite volume scheme, numerical dissipation, piecewise parabolic method, 01795. stress strain response curve, laboratory experiment, undrained triaxial compression, linearised integration technique, incremental constitutive equation, 08384. US Department of Agriculture, taxonomic classification, soil classification, India; 02750.

numerical tool
Nonlinear analysis, soil mechanics, theory, implementation, 02545.

numerical weather prediciton
operational numerical prediction, 05437.

numerical weather prediction
boundary layer, mesoscale structure, surface energy budget, Monin-Obukhov similarity, turbulent kinetic energy, cyclogenesis, 01903. computational instability, medium range weather forecast, reference atmosphere, 03114. dropwindsonde data, VISSR Atmospheric Sounder, sounding retrieval process, first guess data, forecasting use, Atlantic; 08913. El Nino/Southern Oscillation, skill, forecasting, Pacific; North America; 01937. forecast skill, predictability, 01936. general circulation model, Monin Abukhov similarity theory, boundary layer, turbulence closure scheme, soil heat conduction, Arakawa Schubert method, orography, subgrid scale physics, 05438. humidity profile, surface temperature, microwave emissivity, cloud top pressure, temperature profile, satellite sounding, 00767. inverse problem, general linear inversion, 04322. limited area model, latent heating, surface flux, skill, uncertainty, 00774. occlusion development, weather forecasting, manual forecast guideline, 05440. precipitation analysis, dispersion and deposition model, nuclear accident, Chernobyl, radar data, surface observation, Meteosat imagery, Europe; 05325. predictability, sea breeze, local prediction, initial condition, Argentina, La Plata River; 04290. radar imagery, nowcasting, satellite image, precipitation, correlation technique, 05449. radar, satellite imagery, mesoscale model, boundary condition, humidity, precipitation, cloud water content, cloud cover, 05425. radiosonde measurement, temperature, humidity, satellite sounding, 00768. satellite observation, radar observation, observational source, lightning, location system, mesoscale forecasting, 00773. satellite retrieval method, available potential energy, forecasting, 01802. storm, UK, England; 00770. systematic error, blocking forecast, westerly wind, subgrid scale physics, 05439. tropical circulation, outgoing longwave radiation, satellite data, convective heating, diabatic initialisation, moisture adjustment, 01941.

numerical weather prediction model
turbulence modelling, vertical eddy diffusion, K theory, intermittent turbulence, clear air turbulence, stable atmosphere, acid rain model, 06500.

numerical weather prediction system
National Meteorological Center, global weather prediction, skill, weather prediction, 13617.

numerisation
information, cadastral plan, Switzerland, Vaud; 06795.

Numsterian
Devensian, Midlandian, glacial stratigraphy, Nahanagan glaciation, Ipswichian, interglacial, Wolstonian, Ireland; 11951.

nunatak
chasmolithic algae, granitic rock, wetting, drying, biological weathering, USA, Alaska, Juneau Icefield; 06208. glacially fretted upland, cirque, arete, horn, moraine, glacier, moraine, landscape evaluation, polar morphology, alpine morphology, ice sheet, Antarctica, East Antarctica, Wohlthat Mountains, Humboldt Region; 10775.

Nusselt number
Peclet number, coagulation, suspension, particle settling, Brownian coagulation, 10494.

nutricline depth variation

last deglaciation, Florisphaera profunda, deep sea core, albedo, sea surface temperature, pressure gradient, equatorial divergence, Younger Dryas, Atlantic, (Equatorial); 08443.

nutrient
agriculture, arid land, dune, desertification, vegetation, sand, soil, 07028. air-sea interaction, carbon dioxide, upwelling, El Nino, carbon cycle, sea surface temperature, Pacific; 00912. algae, chlorophyll, carotenoid, estuary, Yugoslavia, Krka River, Sibenik; Adriatic Sea, Sibenik; 09347. anthropogenic nutrient, estuarine anoxia, estuary, chlorophyll, primary production, Adriatic Sea, Sibenik Bay; Yugoslavia, Krka River Estuary; 09385. best management practice, agriculture, non point pollution model, water pollution, runoff, erosion, pesticide, environmental management, 11099. biogeochemical process, stratification, sea water, estuary, halocline, salinity, fresh water sea water interface, discharge, Yugoslavia, Krka River; 11680. bottom sediment, suspended matter, reservoir, sedimentation, organic matter, USSR, Dneiper River; 10524. brackish water, tidal cycle, monitoring, automatic technique, marsh, USA, Chesapeake Bay; 11824. carbon, nitrogen, phosphorus, estuary, India, Hooghly Estuary; 00049. chlorophyll, dilution process, oligotrophic environment, eutrophic ecosystem, Mediterranean Sea; France, Rhone River; 08266. chlorophyll, suspended matter, natural water, phosphorus, nitrogen, Caspian Sea; 12910. dialysis chamber, bed sediment, phosphorus, sediment-water interface, cycling, Canada, Great Lakes, Lake Ontario, Bay of Quinte; 01365. dissolved matter, suspended matter, BOD, COD, surface water quality, self purification, dissolved oxygen, Poland, Lupawa River; 02872. dissolved organic carbon, nitrogen, phosphorus, nonpoint-source pollution, agricultural pollutant, urban pollutant, USA, Florida, Indian River Lagoon; 13364. effluent, fish, phosphate, nitrate, nitrite, ammonia, bottom water, India, Periyar River Estuary; 12908. estuarine sediment, bioturbation, nitrate, denitrification, nitrous oxide, UK, England, Cornwall, Tamar Estuary; Devon, Tamar Estuary; 12856. estuary, bottom water, recycling, nitrogen, sewage, USA, Rhode Island, Narragansett Bay; 06980. estuary, fresh water, hypoxia, mixing, organic matter, anthropogenic nutrient, Adriatic Sea; Yugoslavia, Krka Estuary; 09386. euphotic zone, biological process, seasonal cycle, phytoplankton, biomass, colour scanner, surface pigment, mixed layer depth, Atlantic, (North); 10029. eutrophication, ecotone, riparian zone, phosphorus, groundwater, lake water quality, surface water-groundwater interaction, specific conductance, phosphate, Sweden, Bysjon Lake; 13342. eutrophication, microfossil, gyttja, diatom, Baltic Sea; 00187. geographical zone, lagoon, surface water quality, ammonium, nitrate, phosphate, sampling strategy, classification method, contiguous grouping, discriminant analysis, France, Herault, Thau Lagoon; 09824. heavy metals, organic micropollutant, eutrophic lagoon, lagoon, atmospheric deposition, lake water quality, Brazil, Rio de Janeiro State, Lagoa de Guarapina; 04054. inflow river, carbon, nitrogen, phosphorus, discharge, organic matter, production degradation process, eutrophication, chemical oxygen demand, total organic carbon, biochemical oxygen demand, surface water quality, lake water quality, Japan, Lake Kasumigaura; 11020. inorganic nutrient, nitrogen, phosphorus, phytoplankton, fish farm effluent, surface water contamination, algae, macrophyte, UK, England; 01688. intensive animal farming, agricultural pollutant, surface water quality, nitrogen, phosphorus, France, Coet Dan Drainage Basin; 06395. isostatic uplift, bottom sediment, clay, varved clay, moraine, laminated sediment, Baltic Sea; 00074. lake restoration, cyanobacteria, eutrophication, lake modelling, lake water quality, expert system, trend analysis, parameter estimation, multivariate analysis, Bayesian decision theory, Finland, Tuusulanjarvi Lake; 07492. lake sediment, phosphorus speciation, superficial sediment, eutrophication, Switzerland, Lake Geneva; 08161. lake, humic substance, iron, speciation, fulvic acid, Netherlands, Lake Tjeukemeer; 11665. leaching, forest floor, pine plantation, rainfall simulation, 05073. leaching, rainfall simulator, pine plantation, 05072. loblolly pine, diagnosis and recommendation integrated system, 00428. mass balance, resuspension, phosphorus, nitrogen, lake, bottom sediment, Canada, Ontario; 01204. multi pond agroecosystem, agricultural water management, landuse effect, China, Chaohu Lake; 12279. neodymium, tracer, water column, sediment trap, aerosol, current, Mediterranean Sea; 03674. nitrate nitrogen, ammonium nitrogen, phosphate, calcium, magnesium, sodium, potassium, fire, preharvest burning, stream flow, water quality, 06323. nitrogen, estuary, pycnocline, storm, eutrophic, sedimentation, Japan, Tokyo Bay; 02334. nitrogen, phosphorus, Secchi depth, eutrophication, fish farm, sedimentation, Baltic Sea; 12913. oligotrophic, phytoplankton, fresh water, productivity, river discharge, Mediterranean Sea, Gulf of Lions; 05961. organic matter, forest fallow, pH, Nigeria, Kwara State, High Plain of Yorubaland; 06251. organism, chlorophyll, plankton, phytoplankton, organic matter, ocean circulation, Pacific, (Equatorial); 11802. overland flow, erosion, sediment transport, peak discharge, water quality, wild fire, hydrologic process, land stability, total discharge, mineralisation, 06322. pelagic ecosystem, sediment-water exchange, phytoplankton, eutrophication, denitrification, diagenesis, North Sea, Dogger Bank; 05966. phosphorus, nitrogen, sampling, pore water, photosynthesis, 04874. pollutant, wet only sampler, ecotoxic heavy metal, dissolved organic carbon, rain water, snow, atmospheric deposition, acid, heavy metal, carbon, Netherlands, Yerseke; 09043. pore water, diagenesis, phosphate, carbonate, Middle East, Dead Sea; 00033. precipitation chemistry, forest hydrology, throughfall chemistry, stand age, spatial location, 11094. recycling, nitrogen, isotopic ratio, tracer, euphotic zone, Bermuda; Sargasso Sea; 04857. relief formation, physico chemical study, soil maturation, land disposal site, dredged material, soil ripening, Germany, Essen Ruhr, Lake Baldeney; 08524. reservoir water quality, buffering capacity, chlorophyll, phytoplankton, agricultural runoff, detention reservoir, sediment, 04055. respiration, tidal outwelling, mangrove, oxygen flux, benthic lagoon, Australia, Great Barrier Reef; 06986. runoff, upwelling, Milankovitch, wind velocity, heavy mineral, carbonate, Indian Ocean; Arabian Sea; 11700. sea level, estuary, marsh, USA, Louisiana, Fourleague Bay; Barataria Basin; 06979. sediment transport, Carbon in the Amazon River Experiment, biogeochemisry, river system, surface water quality, spatial distribution, temporal distribution, organic carbon, inorganic carbon, Brazil, Amazon River; 12211. sediment water exchange, tide, lagoonal ecosystem, remineralisation, Portugal, Ria Formosa; 08166. sediment-water interface, recycling, diagenesis, flux chamber, benthic exchange rate, Pacific; 05983. seepage lake, coastal pond, lake water quality, kettle pond, gull, phosphorus, nitrogen, eutrophication, excretion, USA, Massachusetts, Cape Cod; 06306. soil amendment, wood ash, pH, 05076. soil productivity, catena, soil erosion, soil quality, yield, grain yield, Dark Brown soil, Weyburn Association, eroded hillslope, wind erosion, Canada, Saskatchewan; 05054. spatial variability, remote sensing, biogeochemistry, river, surface water chemistry, organic matter, 12209. trace metal, organic matter, 09375. trophic state, seasonal variation, spatial variation, physico chemical variable, solubility, reservoir water chemistry, alkalinity, ammonium, pH, reactive phosphorus, nitrogen, phosphorus, Venezuela, Guanapito Reservoir; 13336. trophic status, polluted lake, eutrophication, lake restoration, reed harvesting, alum treatment, lake water quality, Greece, Lake Kastoria; 13335. vegetation growth, wetland, sewage effluent, pH, redox potential, nitrogen, phosphorus, ammonium, iorganic phosphorus, water quality, soil water chemistry, New Zealand, Waitangi Forest; 12278. water column, continental shelf, ice cover, runoff, halocline, Canada, Ellesmere Island; 00185. zooplankton, sediment, metal, NERC research programme, survey station, station measurement, temperature, salinity, dissolved oxygen, North Sea; 11603.

nutrient accumulatiom
biogeochemistry, forested landscape, water chemistry, boreal forest, terminal moraine, oak, forest steppe, loess, tropical rain forest, phytomass, biomass, productivity, Brazil, Amazon Basin; USSR, Valday Hills; USSR, Oka-Don Plain; 00353.

nutrient accumulation
lagoon effluent, effluent, soil chemistry, manure application, swine lagoon, bermudagrass, 07358. Phytoavailability Soil Test, soil extraction method, ion exchange resin extraction, resin extracted nutrient, soil testing, 07405.

nutrient availability
fertility, forest soil, coal bloom, coal seam, USA, Kentucky; 00463. fire, supply capacity, forest soil, soil process, nutrient loss, Australia; 08589. forest clearance, burning, soil physical change, soil chemical change, cleared forest land, Brazil, Roraima; 09747. saturation extract, calcium to total-cation ratio, calcium, 00452. sugar maple stand, liming, fertiliser, 03966.

nutrient budget
coastal water quality, land-sea interface, groundwater discharge, phosphate, nitrate, ammonium, USA, California, Tomales Bay; 04078. material transport, water exchange, hydrodynamical distribution model, material budget estimate, sampling, estuary, tracer, Baltic Sea; 01628. mountain basin, data collection, stream flow measurement, precipitation gauge, hydrologic process, monitoring technique, analytical procedure, quality control, water budget, Switzerland, Alptal Valley; 06286. peatland, afforestation, runoff, stream water quality, drainage, bog, groundwater chemistry, leaching, 01752. snowmelt, nutrient release, water budget, Arctic; Svalbard, Spitsbergen, Broggerjalvoya, Ny-Alesund; 00626.

nutrient concentration
bacteria, eutrophication, water quality, waste water, water temperature, lagoon water, pH, Eh, salinity, Italy, Venice; 04052. lake water quality, atmospheric deposition, littoral zone, land use effect, water level fluctuation, water chemistry, Poland, Leczynsko-Wlodawskie Lake District, Lake Piaseczno; 04069. mixing water, remote sensing technique, estuarine mixing, spatial variability, river plume, eutrophication, estuary, surface water quality, sediment load, 12210. saline lake, surface water quality, phosphorus, nitrogen, sewage effluent, El Nino/Southern Oscillation, terminal lake, lake water quality, USA, Nevada, Pyramid Lake, Truckee River; 04058. soil fertility, sample preparation method, ion analysis, soil analysis, 07407. suspended sediment, agricultural practice, deforestation, forested wetland, surface water quality, nitrogen, phosphorus, water quality, wetland, turbidity, USA, Louisiana, Tensas Basin; 04158.

nutrient condition
dissolved oxygen, Secchi depth, algal growth, phytoplankton, reservoir limnology, eutrophication, Argentina, Uruguay River, Salto Grande Reservoir; 12193.

nutrient cycle
karst like topography, Gran Sabana landscape, planation surface, table mountain geology, surficial geochemistry, Venezuelan Guayana Shield, Auyan tepui planation surface, peat bog, Venezuela, Bolivar, Chimanta Massif; 09492. rock weathering, site productivity, mass balance equation, timber harvesting, weathering rate, cation nutrient pool, nutrient replenishment, mineral weathering, productivity, 08518.

nutrient cycling
deep water renewal, biological production, lake, mixing, oxygen cycling, carbon cycling, USSR, Siberia, Lake Baikal; 12187. phytoplankton, eutrophication, cycling, carbon, nitrogen, phosphorus, silicate, North Sea; 12986.

nutrient deficiency
bacterioplankton activity, trophic richness, phosphorus deficiency, lake water quality, USA; Canada, Ontario, Quebec; 00547. cation, aluminium toxicity, fertility, soil chemical property, mineralogy, weathering, clay mineral, Fiji; 13302. rice soil, iron toxicity, soil chemical property, soil nutrition, clay content, flooded soil, Senegal, Casamance; 13293. soil chemical property, micronutrient, zinc, copper, manganese, iron, India; 13299. soil chemical property, tropical soil, organic matter, decomposition, grazing, savanna, organic carbon, Nigeria, Guinea Savanna Zone; 13295.

nutrient distribution
circulation, hydrographic field, temperature distribution, salinity distibution, oxygen distribution, Atlantic, (North); 10648.

nutrient dynamic
floating mat, pond system, mire vegetation, water chemistry, pH, peat mat, Japan, Mizorogaike Pond; 05107.

nutrient dynamics
forest floor, decomposition, litter decomposition, litterbasket technique, 10918.

nutrient element

tropical soil, plantation geochemistry, rubber plantation, organic matter, China, Hainan Island; 08634.
nutrient flux
carbon, nitrogen, sedimentation, oxygen consumption, anthropogenic source, benthic mortality, North Sea, Kattegat; Baltic Sea; 00043. heavy metal burden, oxidant, nitrogen, carbon cycle, forest decline, coastal eutrophication, sulphur, biosphere, climate change, acid deposition, 05459. mixing, trapping, outwelling, mangrove, swamp, Thailand, Klong Ngao Estuary; 07074. phytoplankton flux, CZCS data, biological model, continental shelf, shelf ecosystem, USA; 09218. precipitation, throughfall, Montane rain forest, tropical rain forest, rain forest, forest, ash fall, precipitation chemistry, Colombia; 11299. sediment water interface, mussel culture, biodeposit, France, Gulf of Fos, Carteau; 08205.
nutrient input
sewage treatment, eutrophication, lake water quality, Swiss lake, lake restoration, phosphorus reduction, dissolved oxygen, Switzerland; 13339.
nutrient leaching
acid rainfall, leaching, leaf, precipitation chemistry, forest cover, 13443. cropping system, humid tropics, leaching loss, fertiliser, solute residence time, 12220.
nutrient leakage
salinisation, heavy metals, rehabilitation, remediation, restoration, upland stream, ecological degradation, surface water quality, catchment management, water resource management, sedimentation, Australia; 01767.
nutrient level
aragonite preservation, Quaternary(Late), planktonic foraminifer fauna, pteropod preservation, equatorial, salinity, Maldives, Chagos-Laccadive Ridge; Indian Ocean; 03866.
nutrient load
coastal water, phosphorus, nitrogen, salinity, Netherlands; North Sea; 01677. lake water quality, eutrophication, 02864. remedial action, lake water quality reservoir, eutrophication, water quality management, 11111. water quality, reservoir hydrochemistry, salinity, oxygen regime, organic matter, Asia; 00539.
nutrient load estimator
surface water quality, sediment load, statistical characteristics, sediment estimator, 06317.
nutrient loading
eutrophication, eutrophication, sea water, mesocosms, phosphorus, 00173. sewage, agricultural drainage water, lake water quality, eutrophication, salinity, Egypt, Lake Manzala; 01673.
nutrient loss
enrichment ratio, nitrogen, runoff sediment, soil erosion, 04034. eutrophication, rill erosion, soil loss, water erosion, agricultural land, Sweden; 13210. lake water quality, runoff, hydrological process, eutrophication, sediment loss, solute loss, UK, England, Devon, Slapton Ley; 06308. Maury silt loam, Paleudalf, runoff, soil loss, silt loam, tillage, sediment, 07337. nutrient availability, fire, supply capacity, forest soil, soil process, Australia; 08589. sediment loss, surface water quality, catchment study, pasture improvement, streamflow, upland management, runoff, nitrate, eutrophication, phosphorus, potassium, reservoir, UK, Wales, Nant-y-Moch; 02947. surface contact cover, enrichment ratio, nitrogen loss, soil erosion, 04035. water storage, water resource management, runoff farming, water conservation, water harvesting, soil conservation, Tanzania; Zimbabwe; Burkina Faso; Israel; Tunisia; 02984.
nutrient management
compaction, soil permeability, sandy soil, water management, 09667.
nutrient recycling
lake, stratification, oxygen regime, mixing depth, productivity, Canada; 00023.
nutrient release
mangrove, swamp, groundwater, seepage, anoxic lagoon, Japan, Iriomote Island; 06984. water budget, nutrient budget, snowmelt, Arctic; Svalbard, Spitsbergen, Broggerjalvoya, Ny-Alesund; 00626.
nutrient removal
water quality treatment, oxygen depletion, nitrification, denitrification, nitrogen removal, chemical phosphorus removal, biological phosphorus, phosphorus removal, waste water treatment, Denmark; 13466.
nutrient replenishment
mineral weathering, productivity, nutrient cycle, rock weathering, site productivity, mass balance equation, timber harvesting, weathering rate, cation nutrient pool, 08518.
nutrient reuse
eutrophication, aquaculture, lake water quality, irrigation water, sludge use, sediment use, water purification, 02867.
nutrient rich patch
dry savanna, savanna, nutrient status, soil fertility, Africa, (Southern); 09769.
nutrient rich water
surface water, transient tracer data, fertilisation, iron fertilisation, carbon dioxide, plant production, 07743.
nutrient source
lake characteristic, dissolved oxygen, phosphate release, lake water quality, eutrophication, catchment characteristic, 02862. surface water quality, dolomite, granitic gneiss, sedge meadow, nitrogen, phosphorus, nutrient uptake, Canada, North West Territories, Ellesmere Island, Sverdrup Pass; 07507.
nutrient source control
eutrophication control programme, lake control measure, lake water quality, lake limnology, 02868. lake control measure, lake water quality, phosphorus control, water treatment, land use management, eutrophication control, 02866.
nutrient status
denitrification, root zone drainage, lysimeter, nitrate, phosphate, groundwater quality, irrigated horticulture, Australia, Western Australia, Swan Coastal Plain; 02925. extraction procedure, soil testing, fertiliser recommendation, calcium chloride extract, Netherlands; 10272. ombrotrophic peat bog, decomposition, mineralisation, water chemistry, peat bog, 00501. site drainage, parent material, geomorphic history, classification, soil texture, phosphorus, eucalypt research, Australia, Queensland, Toolara State Forest; 10958. soil fertility, nutrient rich patch, dry savanna, savanna, Africa, (Southern); 09769.
nutrient supply
thermocline structure, mixed layer depth, currents, causative mechanism, interannual variability, marine environment, sea level, sea surface temperature, salinity, frontal structure, upwelling, South Africa; 12341. weathering, organic matter decomposition, clay content, decomposition, altitudinal effect, soil variation, volcanic soil, Costa Rica, Volcan Barva; 08620.
nutrient transport
drainage water quality, leaching, land drainage, tile drain, groundwater quality, surface water quality, silt loam soil, preferential flow, pesticide transport, USA, Indiana; 13453. volatilisation, denitrification, ammonium nitrogen, organic soil, nitrogen, waterlogged soil, 02948.
nutrient uptake
Fragiaquic Paleudult, lime, soil-root interface, calcium, aluminium, USA, (Southeast); 00418. magnesium uptake, Fragiaquic Paleudult, Barber-Cushman model, 00419. nutrient source, surface water quality, dolomite, granitic gneiss, sedge meadow, nitrogen, phosphorus, Canada, North West Territories, Ellesmere Island, Sverdrup Pass; 07507. uptake modelling, buffer power, soil buffer, ion diffusion, 07338.
nylon filter
hydrochloric acid, denuder difference method, USA, California; 13651.
nylon filter collection system
ion chromatography detection, tunable diode laser, intercomparison, nitric acid measurement, denuder tube collection, chemiluminescent detection, 04366.
Nyuzen stage
palaeoenvironment, Pleistocene(Early), sea level, Jomon transgression, Yayoi regression, Omma stage, Utatsuyama stage, Riss II stadial, Hiradoko stage, Tachikawa stage, Tateyami stadial, Murodo stage, Japan; 04968.
Oadby till
Thrussington till, Wolstonian, glaciation, Lake Harrison, tills, chalkly till, UK; 13136.
oak
forest steppe, loess, tropical rain forest, phytomass, biomass, productivity, nutrient accumulatiom, biogeochemistry, forested landscape, water chemistry, boreal forest, terminal moraine, Brazil, Amazon Basin; USSR, Valday Hills; USSR, Oka-Don Plain; 00353. hickory, forest soil, soil solution, solution chemistry, nitrogen, soil chemical property, black locust, pine, hardwood, USA, North Carolina, Appalachians; 13259. measurement precision, carbon-14, natural variation, tree ring, 02596.
oak forest
foliage profile, foliage area density, canopy flow, 07716.
oak tree
spatial distribution, litterfall, acidity, buffering capacity, litter accumulation, soil acidification, France; 13196.
oasis
historical hydrology, delta, palaeographic dynamics, palaeoclimate, irrigation system, USSR, Murgab Delta; 02822. incense trade, satellite picture, irrigation area, Saudi Arabia; 08076. landscape, arid environment, semiarid environment, Asia, (Central); 13924. Namazga, delta, palaeogeography, archaeological data, USSR, Turkestan, Tedzhen; 13098. suspended sediment, recharge, groundwater resource, infiltration, evaporation, lysimeter, permeability, Mali, Air Mountains, Agrar Egalan; 13407.
oat field
soil, vegetation, soil moisture, microwave radiation, 05381.
obduction
Cretaceous, trench arc sediment, oceanic crust, ophiolite, accretionary prism, turbidite, Lhasa block, Tibet, Himalaya, Xigaze District; 10617.
object
database, artificial intelligence, information system, mediation, 04564. vector, raster, data model, geomatics, 13858.
object based representation
expert photointerpreter, image interpretation, pattern recognition, computer vision, 03299.
object based structure
modelling capability, computerised spatial analysis, GIS, 05629.
object definition
aerial photography, small format photography survey, scale, 02091.
object detection
circular object, location, 04510. step wise analysis, topographic feature, computer vision system, 07984.
object enhancement
fuzzy set, greyness ambiguity, 09099.
object extraction
aerial photography, rule based programme, 12653. area coverage index, fuzzy image, image subset, 09098.
object geometry
digital photogrammetry, close range application, photogrammetry, 13773.
object identification
dilation, vector domain, raster image, 13873.
object modelling
topological data structure, spatial object, hierarchical relation, multipurpose GIS, 08017.
object orientation
affine, contour, Hough transform, 02104. database, GIS, graphical object, image object, 13823.
object oriented
language, knowledge base, 04557.
object oriented approach
CAD, GIS, large database, 03367. cartographic output package, graphics package, 08048.
object oriented database
object type, query language, GIS, semantics, 01059. spatial data format, data integrity, integrated GIS, 01063.
object oriented description

ATKIS, data model, topographical reality, 11532.
object oriented environment
GIS, data exchange, 13834.
object oriented GIS
cognitive modelling, object oriented programming, 03360.
object oriented modelling
GIS, Prolog, SQL, database query language, 03359.
object oriented paradigm
semantic data model, GIS, graphics, database structure, 01061.
object oriented programming
object oriented GIS, cognitive modelling, 03360.
object positioning
occluded object, three dimensional object, computer vision, depth map, 11472.
object recognition
Connection Machine, parellel computing, 02103. dihedral junction, pose verification, 10315. edge detection, edge classification, feature classification, 03307.
object representation
drainage basin, geomorphometric database, DEM, terrain feature extraction, C language, automating, 02502.
object transformation
geometric modelling, three dimensional object, 11445.
object type
query language, GIS, semantics, object oriented database, 01059.
objective analysis
AVHRR, sea surface, temperature, 11620. geopotential interpolation, operational scheme, 06514. meteorological field, satellite, wind data, 11145. satellite data, sounding station, optimal interpolation method, meteorological information, 12301.
objective estimation
pollution, sulphur dioxide, dust, nitrogen oxide, Czechoslovakia, Slovakia; 05489.
objective guidance
mesoscale forecast, lake effect, snow, Canada, Great Lakes, Lake Huron, Georgian Bay; 11276.
Obkuhov length
convective downdraft, dust devil, boundary layer height, Australia; 05276.
oblique imagery
bidirectional reflectance factor, surface reflectance, view angle, 06863.
oblique photograph
terrestrial photogrammetry, photogrammetry, small format photogrammetry, 04483.
oblique rain
inclined surface, nomograph, rain gauge correction factor, rain, precipitation assessment, effective precipitation, 02834.
oblique rotation
pattern analysis, locational consistency, climate regionalisation, principal component analysis, eigenvector, orthogonal rotation, 10004.
obliquity cycle
Mars, carbon dioxide distribution, energy balance model, climate change, 07626.
observation
baroclinic instability, quasi geostrophic model, blocking, zonal, transient eddy, feedback, linear theory, 12420. radiation, dynamic property, microphysical characteristic, infrared radiative heating rate, optically thin cirrus, cirrus case study, 12454. Rossby gravity wave, stratosphere, LIMS, momentum balance, middle atmosphere, 12426. storm, pressure, temperature, humidity, wind, electric field, radiosonde, balloon sounding, 01803. surveying, network, engineering, 04474.
observation borehole
well location, groundwater flow model, parameter identification, parameter uncertainty, 09872.
observation geometry
atmosphere, solar radiation, Lambertian ground reflectance, 00961.
observation network
theoretical hydrology, data acquisition, rainfall runoff transformation method, drought persistence, stochastic model, Africa, (West); 06261.
observation ship
ion chromatography, atomic absorption spectrometry, sulphate, sea salt sulphate, chloride, sodium, deposition, ocean surface, Pacific, (North); 01992.
observation spacing
Barnes objective analysis scheme, response function, Fourier transform, smoothing scale length, 05274.
observation value
coordinate, geodetic network, 12616.
observation well
pumping well, groundwater research, soil water process, unsaturated zone, environmental database, lysimeter, tensiometer, research programme, instrumentation, Germany, Horkheimer Insel; 09780.
observational data
middle atmosphere, diagnostics, 08932.
observational error
linear regression, secular trend, precipitation data, 04200. Monte Carlo simulation, value bias, random error, statistical framework, diagnostic tool, random observational error, model performance evaluation, data error, 08324.
observational evidence
atmospheric forcing, tidal variability, estuary, USA, Newark, Upper Delaware Bay; 12382. theoretical model, fault style, brittle layer, upper mantle, continental extension, parallel fault, Italy; Tunisia; Libya; Greece; Turkey; 08364.
observational layer
nocturnal boundary layer, boundary layer, Germany; 13561.
observational source
lightning, location system, mesoscale forecasting, numerical weather prediction, satellite observation, radar observation, 00773.
observational study
vertical wind shear, shear, baroclinic zone, USA; Canada; 09988. warm season, lee trough, thunderstorm, genesis zone, lightning data, convection, USA, Appalachians; 11271.
observations
satellite, aircraft, Landsat radiance, cirrus case study, radiative transfer theory, 12456.
observatory
cartographic work, surveying, 05660. upper air observation, meteorological observation, Ireland, Valentia; 04191.
observed data
FSR statistical method, design flood estimation, rainfall runoff method, flood estimation, Flood Studies Report, FSR rainfall runoff method, FSSR16 rainfall runoff method, UK; 07464.
observed hailstone
maximum size, hailstone size, extreme value theory, 13605.
observed residual
radiosonde data, forecast, trial field, interpolation statistics, data assimilation procedure, Canada; 10083.
observed variability
modelled variability, extratropics, general circulation model, geographical distribution, 13576.
observer
education, data collection, data archiving, climatic data, climate archive, USA; 10147.
observing climatic change
climate monitoring, pollen remain, lake varve, ocean sediment, glacier termini, climate change, 04329.
observing practice
monotonic cloudiness trend, cloudiness, USA; 10145.
obstacle
turbulent flow, flow computation, Reynolds averaged Navier Stokes equation, large eddy simulation, 07685.
obstacle detection
vehicle, partial derivative, laser range sensor, 00984.
occluded carbon
opal phytolith, palaeoclimatic reconstruction, Holocene climate, stable isotope ratio, carbon, phytolith, vegetation monitoring, climate change, USA, Great Plains; 10738.
occluded object
three dimensional object, computer vision, depth map, object positioning, 11472.
occlusion
depression, stormy weather, extreme event, 08850. storm(February 1990), jet stream wind, back bent occlusion, depression, 09997.
occlusion development
weather forecasting, manual forecast guideline, numerical weather prediction, 05440.
occulsion
lee trough, dryline, squall line, cloud, precipitation, cold front, USA; Pacific; 01901.
occult collector
sampling, chemical data, precipitation collector, mist collector, 05319.
occultation data
cloud, aerosol, 11447.
occultation measurement
extinction ratio, stratosphere, dust, global climatology, optical climatology, tropospheric aerosol, satellite, 12562.
occupational phase
radiocarbon dating, Neolithic, Bronze Age(Early), date, Greece, Macedonia, Mandalo; 02627.
ocean
atmosphere, radiocarbon difference, mixed layer reservoir age, Younger Dryas, upwelling, carbon cycling, ocean circulation, Holocene ocean circulation, Canada, British Columbia; Pacific, (North); 03868. atmosphere, sea level monitoring, climatic change, 06895. atmospheric carbon dioxide, carbon isotope record, Quaternary(Late), mixed layer, 02565. atmospheric carbon dioxide, redox cycle, spike, glacial interglacial boundary, rapid deposition, manganese, 11917. baroclinic boundary layer model, thermal advection, stratification, surface wind, low level transport, mass transport, Seasat, scatterometer observation, wind stress, 10045. bathymetry, sea bottom, mapping, 04646. biogenic origin, dimethylsulphide, chlorophyll, phytoplankton species, surface water, Atlantic; 11220. biophysical exchange, biosphere, climate range, 07638. boundary layer, turbulent exchange, 07741. buoy, climate change, Tropical Ocean Global Atmosphere programme, sea level pressure, sea surface temperature, air temperature field, Southern Hemisphere; 09989. carbon dioxide, phosphate, alkalinity, oxygen, dissolved inorganic carbon, tracer, 08895. circulation, jet stream, assimilation, 02192. climate, flux transport, ocean sea ice model, 08893. climatic cycle, Quaternary, high depth resolution, crustal growth rate, manganese crust, constant flux model, high resolution profile, manganese response, Pacific; 08451. colour, ice edge, CZCS, Antarctica; Weddell Sea; 02254. continent, monsoon, orographically induced disturbance, heating contrast, 08865. crustal element, wet deposition, chemical analysis, rain sample, calcium enrichment, potassium enrichment, sea water, Pacific; 11335. eigenvector, retrieval accuracy, microwave observation, satellite, empirical orthogonal function analysis, humidity profile, 13567. El Nino/Southern Oscillation, interannual variability, tropical ocean, coupled ocean atmosphere model, sea level variability, Pacific; 07732. error source identification, radiance distribution, optical absorption coefficient, 11600. ethene, oceanic emission, marine atmosphere, latitudinal distribution, nonmethane, hydrocarbon, mixed layer, Atlantic; 06652. fracture zone, gravity anomaly, satellite, mapping, Antarctica; Australia; 02197. frontal zone, synoptic variability, ocean atmosphere exchange, heat exchange, water exchange, 12385. general circulation model, greenhouse effect, water circulation, warming, Atlantic, (North):; 10037. glacial maximum, ocean atmosphere box model, climate response, multiple equilibria, thermohaline circulation, upwelling, Atlantic; 06483. global management, information network, 13953. gravitational field, satellite altimetry, Atlantic; 04497. heat flux, parametrisation, tropical ocean, 13565. ice, environmental monitoring, 11419. mesoscale feature, carbon cycle, flux study, 11222. microwave radiometry, single channel approach, radiative transfer

model, rainfall estimation, area averaged rainfall, rainfall, tropical ocean, 12322. mixed layer, air ocean interface, sea surface temperature, boundary layer, coupled ocean mixed layer, cloud model, 07729. mixed layer, climate change, 08905. natural water, particle, suspension, carbon dioxide, plankton, 03690. ozone distribution, aerosol distribution, wet season, mixed layer, photochemistry, biomass burning, forest, Brazil, Amazon; 07857. partial pressure gradient, air sea interface, carbon dioxide, exchange coefficient, flux, 11227. planktonic foraminifer, uplift rate, accumulation rate, marine sedimentary record, tectonism rate, strontium isotopic composition, sea water, chemical weathering rate, dissolved flux, 05049. primary production, global carbon cycle, carbon cycle, Coastal Zone Color Scanner, 11226. Quaternary, ice age cycle, inorganic nitrogen, feedback, denitrification event, greenhouse warming, climate oscillator, biogeochemical cycling, 04930. remote sensing, water vapour, Special Sensor Microwave/Imager, 01806. satellite imagery, cloud cover, Arctic Ocean; Beaufort Sea; 09173. sea surface temperature anomaly, world ocean, Pacific; 10032. shape determination, microwave radiometer, earth, crop, 00959. spline approximation, cyclone path, 07754. stable stratification, wind shear, cold frontal zone, diabatic modification, extratropical warm sector, marine cyclone, warm sector, cold underlying water, 10027. surface heat flux, forecast prediction, shortwave radiation, longwave radiation, latent heat, sensible heat, ECMWF, Atlantic; 06470. surface water, phosphate, carbon dioxide, productivity, carbon reservoir, planktonic foraminifera, alkalinity, 08994. Tertiary, Miocene, isotope ratio, deep sea sediment, temperature, glaciation, oxygen isotope ratio, 02364. water surface, precipitation, 11216. wave motion, oceanographic model, acoustic propagation, 11598. wave propagation, Doppler radar, radar measurement, 06887.

ocean active layer
air-sea interaction, tropical cyclone, Hurricane Maymie, typhoon, South China Sea; 00743.

ocean atmosphere boundary
boundary model, climatological pattern, humidity, sea surface temperature, Atlantic; Africa, (West); 12391.

ocean atmosphere box model
climate response, multiple equilibria, thermohaline circulation, upwelling, ocean, glacial maximum, Atlantic; 06483.

ocean atmosphere climatic system
orbital parameter, Pliocene, Pleistocene, non linear equation, sea surface temperature, climate model, 12413.

ocean atmosphere coupled model
El Nino/Southern Oscillation theory, sea surface temperature, climate oscillation, 10043.

ocean atmosphere exchange
heat exchange, water exchange, ocean, frontal zone, synoptic variability, 12385.

ocean atmosphere interaction
biogeochemical sulphur cycle, dimethylsulphide, algal biomass, primary productivity, carbon disulphide, carbonyl sulphide, hydrogen sulphide, 05543. cloud amount, sea surface temperature, Atlantic; 12386. El Nino/Southern Oscillation prediction, coupled atmosphere ocean ice model, El Nino/ Southern Oscillation modelling, climate ocean interaction, palaeoclimatic proxy data, 08883.

ocean atmosphere land system
active layer system, precipitation intensity, hydrological cycle, 10970.

ocean atmosphere model
interannual variability, El Nino/Southern Oscillation, 08887. ocean dynamics, wind stress, momentum coupling, 06482. sea surface temperature, wind stress forcing, coupled model, model predictability, model variability, 08899.

ocean atmosphere reorganisation
glacial cycle, glacial to interglacial transition, greenhouse gas, albedo, fresh water transport, ocean salinity, 04929.

ocean atmosphere system
analogous discrepance, mean circulation, climate interaction, analogous rhythm phenomenon, 04190. last deglaciation, oxygen isotope analyse, deep sea core, deglaciation, melt water isotopic signal, box-model calculation, thermohaline circulation rate, 11908. linear analysis, ocean dynamics, El Nino/Southern Oscillation, Kelvin wave, coupling parameter, thermocline displacement, wind stress, self excited oscillation, tropical ocean atmosphere, 10047.

ocean atmosphere transport
marine data, bulk aerodynamic formulae, meridional transport, energy, ECMWF analyses, mean meridional circulation, tropics, 07628.

ocean basin
buoyancy, sea floor, abyssal plain, plume convection, water ventilation, South China Sea, Mindoro Strait; South China Sea; Sulu Sea; 08188.

ocean basin sediment
fluid expulsion, mud volcano, diapir, decollement, accretionary complex, Barbados; 01249.

ocean behaviour
event onset model, El Nino/Southern Oscillation, 07739.

ocean biology
carbon dioxide, marine sedimentary record, climate change, carbon cycle, glacial period, marine productivity, global warming, satellite measurement, 05456. climate, air-sea interaction, ocean circulation, ocean climate, Greenland Sea; 03134.

ocean bottom water formation
thermohaline circulation, greenhouse gas, climatic change, 08898.

ocean buoy data
SAR, wave energy attenuation, ocean wave dispersion, sea ice cover, marginal ice zone, Canada, Newfoundland; 12780.

ocean carbon pump
Atlantic deep water, Antarctic net carbon production, upwelling, net production value, model, carbon pump efficiency, reconstruction, ocean carbon system variation, Antarctic nutrient hypothesis, Vostok ice core, 02602.

ocean carbon system variation
Antarctic nutrient hypothesis, Vostok ice core, ocean carbon pump, Atlantic deep water, Antarctic net carbon production, upwelling, net production value, model, carbon pump efficiency, reconstruction, 02602.

ocean circulation
carbon dioxide, ice core, carbon cycle, 05518. general circulation model experiment, deep water circulation, gyre system, water formation, model result, sensitivity analysis, Cenozoic, 08432. Geosat altimetry, sea surface topography model, 06896. Holocene ocean circulation, ocean, atmosphere, radiocarbon difference, mixed layer reservoir age, Younger Dryas, upwelling, carbon cycling, Canada, British Columbia; Pacific, (North); 03868. mass spectrometry, Mode Water, carbon-14, Indian Ocean; 05450. nutrient, organism, chlorophyll, plankton, phytoplankton, organic matter, Pacific, (Equatorial); 11802. ocean climate, ocean biology, climate, air-sea interaction, Greenland Sea; 03134. ocean sediment, deep-sea sediment, dust, palaeoclimatology, Pleistocene, aeolian deposition, 02309. Pleistocene, glacial nutrient distribution, carbon dioxide, carbon-13, Pacific deep, intermediate water, Pacific; 11928. sea surface temperature, maritime continental contrast, sea ice extent, empirical orthogonal function, power spectrum, maximum entropy spectrum, solar radiation, 10042. temperature, wind-stress, decadal oscillation, atmospheric circulation, sea ice, Barents Sea; Northern Hemisphere; 04339. water vapour transport, salt, general circulation model, 10030.

ocean ciruclation model
inverse model, tracer data, box ocean model, 08891.

ocean climate
ocean biology, climate, air-sea interaction, ocean circulation, Greenland Sea; 03134.

ocean colour
chlorophyll fluorescence, CZCS, 01124. irradiance attenuation, bio optical province, Pacific; 11590. photochemical model, CZCS, sea to air flux, dimethyl sulphide, 09256.

ocean composition
biosphere, carbon cycle, biomass, diffusion model, phosphorous, alkalinity, 10637.

ocean current
coast, seasonal variability, continental margin, circulation pattern, hydrographic data, continental shelf, Mediterranean Sea, Ebro continental margin; 05861. satellite tracking, iceberg drift, forecasting, 02268. upwelling, plankton accumulation, fishery, climatic service, agricultural development, food production, solar energy, wind potential, oil seed production, 05293.

ocean current model
cold front, sea surface elevation, current elevation, split explicit finite difference, model prediction, storm surge model, Australia; 12390.

ocean data system
Jet Propulsion Laboratory, NASA data system, 11599. water cycle, energy cycle, cloud radiation interaction, global change, International Geosphere Biosphere Programme, France; 12588.

ocean depth
marine geoscienstist, plate tectonic model, side-scan sonar, 10287.

ocean disposal
consolidation, cap design, dredging, contamination, sea bed, USA, Connecticut; 00105.

Ocean Drilling Program
biostratigraphic, magnetobiochronology, high resolution, planktic, stable isotope record, spectral analysis, USA, Mississippi River; Gulf of Mexico; 03860. Deep Sea Drilling Project, coring device, deep sea sediment, warp, logging, 01361. Deep Sea Drilling Project, drilling vessel, deep sea coring, coring, 01363. sea surface temperature, molecular stratigraphic study, Peru margin sediment, Pacific; Peru; 00275. stratigraphy, sedimentation rate, oxygen isotope composition, organic carbon content, grain size distribution, upwelling region, Pacific; Peru; 00272. tectonic uplift, prograding clinoform, prograde, onlapping sequence, sediment supply, stratigraphic response, carbonate platform, sea level change, Indian Ocean, Broken Ridge; 11988.

Ocean Drilling Program Holes
foraminiferal assemblage, radiolarian, surface water productivity, upwelling, bottom water environment, coarse grain size distribution, benthic foraminifer, Pacific; Peru; 00273.

ocean drilling programme
Pleistocene, benthic foraminifera, deep sea environment, Indian Ocean; 13086.

Ocean Drilling Programme site 658
benthic delta carbon-13 anomaly, melt water hypothesis, climatic change speed, orbital forcing, ice sheet instability, glacial melt water, melt water incursion, North Atlantic Deep Water, Younger Dryas, cooling event, glacial termination, Atlantic, (North); 08442.

ocean dumping
dumping, floc, waste water, sewage, sludge, 08195.

ocean dynamics
El Nino/Southern Oscillation, Kelvin wave, coupling parameter, thermocline displacement, wind stress, self excited oscillation, tropical ocean atmosphere, ocean atmosphere system, linear analysis, 10047. wind stress, momentum coupling, ocean atmosphere model, 06482.

ocean evolution
CCD, deep sea sediment, Cenozoic, carbonate, accumulation rate, Indian Ocean, Mascarene Plateau, ODP Site 707; ODP Site 708; Indian Ocean, Mascarene Plateau, ODP Site 709; Indian Ocean, Mascarene Plateau, ODP Site 710; Indian Ocean, Mascarene Plateau, ODP Site 711; 08190.

ocean exchange
solid earth exchange, Madden Julian oscillation, surface stress, daily time scale, momentum exchange, atmospheric exchange, 08935.

ocean floor
active margin, back scattered electron imagery, forearc basin, vein structure, fluid flow, Peru; 01193. structural subdivision, megageomorphology, global geomorphology, plate tectonics, 07126.

ocean forcing
surface forcing, 08884. turbulence, surface stress, cloud development, marine atmosphere, 01863.

ocean general circulation model
baroclinic mode, phase speed, Kelvin wave, wind forcing, wind anomaly, 01871. El Nino, equatorial heat content, interannual variation,

tropical, Pacific; 06481.
ocean height
ocean surface temperature, GEOSAT, sea surface topography, Atlantic, (North); 12790.
ocean history
Quaternary, isotopic change, oxygen, carbon, foraminifera, South China Sea; 02372.
ocean ice sheet interaction
Younger Dryas, radiocarbon date, glacial readvance, Cockburn Substage, iceberg flux, ice rafted detritus, ice sheet fluctuation, Laurentide Ice Sheet, Canada, Hudson Strait; 08463.
ocean image
Tower Ocean Wave and Radar Dependence Experiment, SAR, 04643.
ocean measurement
El Nino, turbulent stress, stress divergence, equatorial Pacific, zonal momentum balance, 13580.
ocean mixed layer
deep ocean, biosphere, deforestation, carbon dioxide, carbon, USA, Hawaii, Mauna Loa; Antarctica, South Pole; 05410.
ocean mixing
eddy diffusion coefficient, diapycnal mixing, 08897. exchange, salinity difference, air sea interaction, Mediterranean Sea; Mediterranean, Strait of Gibraltar; 12388.
ocean model
acoustic perturbation, acoustic technique, ocean warming, greenhouse gas, 06474. atmosphere ocean interaction, coupled model, sea surface temperature variation, atmosphere ocean general circulation model, Pacific; 08902. coupled ocean atmosphere land model, intraseasonal wave, interannual wave, wave, tropics, 07746. ENSO signal, heat flux, sea surface temperature anomaly, El Nino, Pacific; 06480. inter basin transport, heat transport, salinity forcing, 08894. monsoon wind, pycnocline, Findlater Jet, upwelling fauna, sediment record, upwelling field variability, model experiment, Indian Ocean; Middle East, Arabian Peninsula; 02616. polar ocean, scenario, projection, greenhouse warming, Intergovernmental Panel on Climate Change, 11279. reconstruction, tropical Atlantic hydrography, Planktontic foraminifera, photic zone, well mixed surface layer, trade wind strength, thermocline, Atlantic; 02610. satellite observation, latent heat flux, sensible heat flux, sea surface, inverse problem, 12383. subthermocline, satellite, altimeter, 02257. wind field analysis, wind driven tropical simulation, interannual time scale, Pacific; 06479.
ocean modelling
Rossby wave, Kelvin wave, empirical orthogonal function, coastal Kelvin wave, Kelvin wave propagation, USA, California; Pacific; 13571.
ocean modelling system
supercomputer, eddy, 08889.
ocean monitoring
cross frontal cold jet, satellite infrared image, frontal jet, altimetry, Iceland; 09964. military radar, over the horizon radar, wind speed, wave height, 13475.
ocean optic
microbial ecology, Atlantic, (North); 11597.
ocean optics
phytoplankton, light attenuation, bloom, Atlantic, (North); 11593.
ocean parameter measurement
ROSIS, imaging spectrometer, 11596.
ocean process
air ice ocean model, experiment buoy, ERS-1, ice zone, Greenland; Barents Sea; 09283.
ocean productivity
atmospheric concentration, productivity, last glaciation, biological productivity, upwelled nutrient, carbon dioxide, biological pumping, palaeoproductivity, accumulation rate, diatom shell, Antarctic Ocean; 11931.
ocean rainfall
satellite, ITCZ, rainfall time scale, rainfall variability, area averaged rainfall, tropical rainfall, 10038.
ocean research
ERS-1, polar ocean research, 09282.
ocean resource development
sidescan sonar, sub bottom profiler recording, knowledge based interpretation, acoustic image, 10286.
ocean response
El Nino, thermocline, Rossby wave, Kelvin wave, air-sea interaction, Pacific, (Northeast); 01862.
ocean response simulation
El Nino, atmospheric circulation, Community Climate Model, sea surface temperature, Pacific; 13572.
ocean salinity
ocean atmosphere reorganisation, glacial cycle, glacial to interglacial transition, greenhouse gas, albedo, fresh water transport, 04929.
ocean sea ice model
ocean, climate, flux transport, 08893.
ocean sediment
deep-sea sediment, dust, palaeoclimatology, Pleistocene, aeolian deposition, ocean circulation, 02309. glacier termini, climate change, observing climatic change, climate monitoring, pollen remain, lake varve, 04329.
ocean surface
hydrodynamic effect, radar scatterometer, wave height, 08111. iron, fertilisation, carbon dioxide, greenhouse effect, phosphate rich water, Southern Ocean; 13563. observation ship, ion chromatography, atomic absorption spectrometry, sulphate, sea salt sulphate, chloride, sodium, deposition, Pacific, (North); 01992. radar dependence, SAR, Tower Ocean Wave and Radar Dependence Experiment, 04642. scattering model, Bragg resonance condition, radar wavelength, 00994. sea salt, cloud droplet, stratus, albedo, global warming, wind dependent aerosol generation, 06472. sea surface temperature, temperature field formation, heat budget, Pacific; 11224. spectral absorption, solar radiation, marine stratocumulus, cloud, scanning radiometer, albedo, 04222. ultralong wave, simulation, winter blocking, blocking episode, sea surface, temperature, 13577. wind divergence, mapping technique, scatterometer, wind data, 06434.
ocean surface precipitation
precipitation map, map, 09260.
ocean surface temperature
GEOSAT, sea surface topography, ocean height, Atlantic, (North); 12790. ocean temperature, climate, Cretaceous, energy balance model, statistical dynamical model, deep ocean temperature, 06486.
ocean surface wave
SAR, Monte Carlo simulation, motion effect, hydrodynamic modulation, 08114.
ocean survey
coastal survey, data logging system, Royal Navy, 05596.
ocean swell
wave directionality, radar imaging, 09257.
ocean technology
water quality, laser bathymetry, 10440.
ocean temperature
climate, Cretaceous, energy balance model, statistical dynamical model, deep ocean temperature, ocean surface temperature, 06486. heat balance, air sea interaction, surface heat flux, Argentina, San Matias Gulf; Nuevo Gulf; Argentina, San Jose Gulf; 05408. ice accumulation, sea level, air-ice-ocean feedback, ice oscillation, 03125. satellite measurement, radiosonde station, temperature change, land temperature, 07646. tropics region, sea surface temperature anomaly, winter circulation, precipitation anomaly, Australia; 08903.
ocean thermal forcing
cloud effect, air sea interaction, monsoon, satellite observation, India; 12377.
ocean tide model
Geosat map, mesoscale map, Atlantic, (Northeast); 09255.
ocean to amosphere flux
carbon monoxide flux, global inventory, climate implication, general circulation model, 10227.
ocean transparency
mixed layer, solar radiation, heat budget, El Nino/Southern Oscillation, sea surface temperature, Pacific; 07728.
ocean ventilation
oxygen isotope stratigraphy, radiocarbon date, stratigraphy, nannofossil, foraminiferal assemblage, pelagic carbonate, stratigraphic record, benthic-planktonic age difference, Atlantic; 10746.
ocean ventilation rate
atmosphere, Holocene, carbon-14 variation, 02601. ventilation rate, circulation fluctuation, last deglaciation, mean grain size, detrital silt fraction, piston core, palaeocirculation pattern, Pleistocene(Late), Holocene, deepwater circulation, melt water discharge, Atlantic, Blake Outer Ridge; 10744.
ocean warming
greenhouse gas, ocean model, acoustic perturbation, acoustic technique, 06474.
ocean water
hydrocarbons, biological activity, nonmethane hydrocarbon, remote atmosphere, marine atmosphere, ethane, ethene, propene, propane, pentane, butane, 11345.
ocean wave
propagating wave, surface wave spectral information, slightly rough facet model, SAR, 05747. wave length, grey level cooccurrence matrix, image texture analysis, 08116.
ocean wave directional spectrum
atmospheric radiative transfer equation, high frequency Doppler spectra, high frequency radar, 05748.
ocean wave dispersion
sea ice cover, marginal ice zone, ocean buoy data, SAR, wave energy attenuation, Canada, Newfoundland; 12780.
ocean wave image
power spectrum, Fourier transform, digital texture analysis, 08115.
ocean wave system
directional buoy, buoy peak wavelength, SAR, Norway; 12781.
ocean-atmosphere cycle
sulphur cycle, ice core record, oceanic emission, dimethylsulphide, climate cycle, Vostok ice core, glacial period, Antarctica; 13632.
ocean-atmosphere interaction
climate change, warming, anthropogenic effect, 13636.
oceanic carbon dioxide reservoir
carbon storage, Last Glacial Maximum, ice core, atmospheric carbon dioxide, 06070.
oceanic circulation
continental margin, oxygen minimum zone, interglacial, glacial, monsoon, Arabian Sea, ODP Site 724; Oman Margin; Arabian Sea, ODP Site 725; 11693.
oceanic climate
continental climate, Bacsaks climate type, Milankovic theory, glacial climate, antiglacial climate, subarctic climate, subtropical climate, climate type, 08417.
oceanic continental transition
back arc basin, side scan sonar, tectonism, volcanic seascape, seamount, mud blanket, GLORIA survey, New Zealand, Havre Trough; Taupo Volcanic Zone; New Zealand, Ngatoro Basin; 08381.
oceanic crust
evaporite, subsidence, sedimentation, fault, graben, Messinian, Tyrrhenian Sea, Site 652; Site 654; 00147. Franciscan complex, Permanente terrane, continental margin, provenance, sandstone, USA, California; 02411. ophiolite, accretionary prism, turbidite, Lhasa block, obduction, Cretaceous, trench arc sediment, Tibet, Himalaya, Xigaze District; 10617. tectonic history, storm, Cretaceous, sandbody, basin, Atlantic, Grand Banks; Bay of Biscay; 01302. tectonics, Miocene, turbidite, Oligocene, fan, carbonate, Arabian Ocean, Owen Ridge; Indian Ocean, Indus Fan; 12950.
oceanic dimethylsulphide
dimethylsulphide, marine aerosol, sulphate, air mass, particle, 10225.
oceanic effect
sea level change, tide gauge, neotectonics, eustatic effect, meteorological effect, Mediterranean Sea; 06183.

oceanic emission
dimethylsulphide, climate cycle, Vostok ice core, glacial period, ocean-atmosphere cycle, sulphur cycle, ice core record, Antarctica; 13632. marine atmosphere, latitudinal distribution, nonmethane, hydrocarbon, mixed layer, ocean, ethene, Atlantic; 06652.
oceanic environment
hydrothermal activity, nitrate pollution, groundwater chemistry, island hydrogeology, volcanic basalt, residence time, hydrochemistry, salinity, Reunion; 07547.
oceanic feature detection
oceanic feature enhancement, satellite data, accurate gradient computation, AVHRR, 06888.
oceanic feature enhancement
satellite data, accurate gradient computation, AVHRR, oceanic feature detection, 06888.
oceanic freshwater transport
last glacial maximum, freshwater transport, atmospheric model, sea surface temperature, global water budget, salinity anomaly, thermohaline circulation, Atlantic; 02604.
oceanic heat content
El Nino, heat transport, heat storage, Pacific; 08882.
oceanic heat flux
sea ice thickness, air-sea ice interaction, Arctic, Fram Strait; 03085.
oceanic heat gain
subtropical gyre, heat balance, Warmwassersphaere, Atlantic; Indian Ocean; 07730.
oceanic influence
geomagentic influence, late glacial, Holocene, atmospheric carbon-14:carbon-12, carbon reservoir, carbon-14:carbon-12 change, climatic influence, solar influence, 07192.
oceanic input
ammonium flux, rain sample, amine nitrogen, aerosol, terrestrial material, Atlantic; 12519.
oceanic mapping
atmospheric mapping, multibeam mapping, mapping, Mexico; 09254.
oceanic mesoscale
convective system, melting layer, snowflake, raindrop, microphysics, Taiwan; 11266.
oceanic mesoscale variability
GEOSAT altimeter, geostrophic model, acoustic propagation model, 12789.
oceanic mixed layer
geostrophic flow, wave propagation, Rossby wave, ray theory, 01179.
oceanic mixed layer dynamics
climate sensitivity, energy balance model, mixed layer, 08900.
oceanic mixing
biological pumping, mathematical inventory, global carbon cycle, 08993.
oceanic parameter
coastal parameter, satellite image, Greenland Sea; 13963.
oceanic platforms
atmospheric stability, buoy, hurricane reconnaissance, flight level wind measurement, wind, 10066.
oceanic property
chlorophyll fluorescence, fluorescence, 09222.
oceanic record
continental record, hydrology, palaeoclimate, pollen input, dinocyst productivity, lake level, uranium-thorium chronology, correlated record, Africa, (North); 09566.
oceanic region
cloud condensation nuclei, Aitken nucleus, Southern Ocean; 12523.
oceanic relaxation time
eastward propagating disturbance, air sea coupled disturbance, aquaplanet, Kelvin wave, 12379.
oceanic response
bore, gravity current, sea surface temperature, Rossby radius, air sea interaction, orographically trapped wind event, coastal zone, 06473.
oceanic ridge
seismic profile, lava flow, seamount, volcanism, Atlantic, Greenland Basin, Vesterisbanken Seamount; 07022.
oceanic roughness
NCAR CCM, carbon dioxide, summer melting, glaciation sensitivity, snow cover, albedo, 08419.
oceanic sources
biogenic sulphur, sulphate, aerosol concentration, methanesulphonate, seasonal cycle, dimethylsulphide, Antarctica, Mawson; Southern Ocean; 11215.
oceanic surface water
temporal variation, spatial variation, lead concentration, Atlantic; 11217.
oceanic water
reduction, oxidation, disproportionation, organic matter, redox, sedimentation, sulphur, 05942. sea level rise, temperature, thermal expansion, 10797.
oceanicity
continentality, Kotilainen's index, floristic composition, Bendelow and Hartnup's index, Ireland; UK, Northern Ireland; UK, Scotland; Norway; 03083.
oceanographic change
melt water flow, North Atlantic Deep Water, climatic shift, global change, Younger Dryas, rapid warming, Atlantic, (North); 08426. Recent, diatom, temperature, sea ice, glacial-interglacial cycle, productivity, microfossil, Iceland Sea; Greenland Sea; Norwegian Sea; 02366.
oceanographic current system
stratified flow, isolated topography, rotating annulus experiment, Rossby number, 06498.
oceanographic data
coastal engineering, storm, wave, bathymetric survey, meteorological data, 06477.
oceanographic front
faunal change, Pleistocene-Holocene, migration, siliceous microfauna, Subtropical Convergence, Antarctic Polar Front, Indian Ocean; 00278.
oceanographic model
acoustic propagation, ocean, wave motion, 11598.
oceanographic process
SAR, tidal cycle, internal wave, Mediterranean Sea, Strait of Gibraltar; 08117.
oceanographic research
in situ measurement, remote sensing data, coastal water quality, water quality, data measurement integration, Ligurian Sea; 09276.
oceanographic result
sea surface topography, GEOSAT, 04638.
oceanographic variability
weather, climate, Agulhas Current, marine boundary layer, rainfall, South Africa; 12376.
oceanography
biotechnology, marine biology, marine geophysics, engineering, polar research, Korea Ocean Research and Development Institute, Korea; 08317. engineering, marginal sea, environmental oceanography, coast, 13002. environmental monitoring, remote sensing, 11420. fishery, environment, navigation, GIS, Canada; 02247. global change, Solid Earth Programme, ESA, gravity field, geopotential, geophysics, 06719. marine geology, benthic system, pelagic system, Netherlands Institute of Sea Research, Netherlands; 08316. palaeoclimatology, carbon dioxide, subarctic, deep water, lysocline depth, carbonate system, Pacific, (North); 10649. remote sensing, data management, France; 11602. Rossby radius, sill crest, exchange flow, hydraulics, 03497. sea ice, ice cover, Okhotsk Sea, Kuril Basin; 04648. sea strait, wave, tide, hydraulics, turbulence, 03494. upwelling measurement, resolution imaging, imaging spectrometer, 09259. water vapour sounding, vertical temperature sounding, optical payload, METEOSAT, 11601.
ochreous brown soil
soil aggregate, water stable organic soil, aggregate stability, wettability, resin treatment, aluminium organic matter, organic matter association, cementing substance, 08519.
Ocieseki Sandstone
sandstone, mudstone, claystone, Kamieniec Shale Formation, Cambrian, Poland, Holy Cross Mountains; 01297.
octachlorostyrene
caesium, PCBs, lake water quality, organic contaminant, sediment storage, contaminant transport, fate, contaminant mass balance model, North America, Great Lakes, Lake St Clair; 02856.
octagonal distance
digital picture, Euclidean distance, 03342.
octanol water partition coefficient
sorption coefficient, molecular connectivity, organic chemical sorption, organic carbon, aqueous solubility, 08597.
October 1987 storm
great storm, storm, microwave evaluation, rain area, rain rate, marine wind, wind speed, UK; 07642.
octree
three dimensional representation, image processing, 13783.
odd hydrogen species
hydrogen, middle atmosphere, atmospheric heating, exothermic chemical reaction, 10223.
odd nitrogen
long range transport, continental boundary layer, peroxyacetyl nitrate, active nitrogen, nitrogen oxide, free troposphere, maritime air mass, 04374. organic nitrate, peroxypropionyl nitrate, PAN, methyl nitrate, n-propyl nitrate, butyl nitrate, USA, Colorado, Boulder; Niwot Ridge; 05524.
odd nitrogen species
airborne instrument, intercomparison, nitrogen dioxide, nitric acid, peroxyacetyl nitrate, 04364. ship observation, mixing ratio, boundary layer, nitrogen loss, nitrogen transport, Bermuda; 12517.
Odderade
integlacial correlation, Eemian, Weichselian, oxygen isotope stratigraphy, last interglacial, Stage 5, interstadial, Brorup, Netherlands; Europe, (Northern); 06081. Oerel interstadial, vegetation, climatic gradient, palynostratigraphy, last interglacial glacial cycle, Eemian, Weichselian, Brorup, Germany; 06161. Upton Warren type site, last interglacial glacial cycle, amino acid geochronology, oxygen isotope stratigraphy, Ipswichian, Eemian, Chelford, St. Germain II, UK; Europe; 06082. Warthe glaciation, Elsterian, Saalian ice sheet (stage 8), Eemian interglacial, Domnitz interglacial, Rugen (substage 7a), Fennoscandian ice sheet, ice sheet, last glaciation, Weichselian(Early) interstadial, Brorup, Norway; Sweden; Finland; 01434.
odour concentration
peak to mean concentration ratio, stability class, wind speed, Gaussian plume, dispersion model, 01993.
odour problem
surface water quality, eutrophication, potable water, sedimentation, filtration, dissolved air flotation, micropollutant, taste problem, South Africa; 07503.
oedometer
consolidation, Mexico City Clay, repeated loading, 03743. constraint modulus, mixed grained cohesive soil, till, stress strain behaviour, 03755. DSS test, bender element, triaxial testing, G max, 03744. geostatistical method, predict, collapsing soil, kriging variance, USA, Arizona, Tucson; 03799. geotechnical property, collapsible soil, aeolian process, Germany, Lower Saxony; 03757. splitted ring, measurement, lateral stress, Norway; 03760.
oedometer consolidation test
fossil overburden pressure, geotechnical data, ice sheet thickness, Saalian ice sheet, preconsolidation load, lacustro glacial clay, consolidation history, Terzaghi theory, Netherlands, Groningen Province, Marum; 10773.
oedometer modulus
unconfined compression test, wetting, deformation parameter, macroporous loess soil, loess, settlement, 01402.
oedometer test
apparatus deformability, swelling pressure, 03803. prediction, long term heave, heave test, swelling mechanism, hydration, clay mineral, Spain; 03800. vane test, triaxial test, cohesion, sanitary fill, analysis,

sanitary embankment, failure, soft clay, embankment failure, Brazil, Rio de Janeiro, Caju District; 11891.
Oerel interstadial
vegetation, climatic gradient, palynostratigraphy, last interglacial glacial cycle, Eemian, Weichselian, Brorup, Odderade, Germany; 06161.
off farm conservation
soil conservation structure, checkdam, water harvesting structure, cost-benefit analysis, economic analysis, Indonesia; 02742.
off farm problem
sediment source, erosion risk, soil erosion study, assessment, excessive soil erosion, 02714.
off nadir imagery
SPOT, birdirectional reflectance, agricultural target, USA; 06874.
off site impact
surface erosion, decision aid, research needs, sedimentation, 06214.
off-farm benefit
erosion control, cost-benefit, accelerated erosion, arable land, UK; 01503.
off-farm impact
cropping pattern, soil water management, erosion control, agricultural land, UK, England; 01505.
offlap
unconformity, sediment supply, eustatic boundary, sediment accumulation, onlap, 10589.
offscraping
accretionary prism, decollement, friction, underthrust sequence, plate convergence, USA, Alaska; 01288.
offset
Holocene, stream channel, San Jacinto fault zone, fault, radiometric dating, slip rate, strain accumulation cycle, USA, California, San Bernardino Valley; 11879. Wellington Fault, radiocarbon dating, terrace, aggradational deposit, vertical offset rate, scarp height, uplift rate, faulting, dated, Ohakean terrace, New Zealand, Woodville, Ballantrae Research Station; 03721.
offset moraine
slip rate, Quaternary(Late), displacement, Hope Fault, earthquake, New Zealand, North Canterbury, Glynn Wye; 00239.
offshore activity
oil industry, environmental data, database, 13903.
offshore bottom
beach, profiling, sediment nourishment, backpassing, navigation, 05878.
offshore dispersion
coastal dispersion, dispersion modelling, air quality, 01983.
offshore fault
coseismic uplift, Holocene, marine terrace, tectonic uplift, terrace, marine transgression, radiocarbon age, active fault, New Zealand, North Island, Pakarae River; 13179.
offshore geotechnics
repeated loading, soil cyclic response, calcareous soil, triaxial test, liquefaction, Australia, Western Australia, North West Shelf; 09516.
offshore moraine
sediment accumulation, accumulation rate, land sea correlation, fjord, deglaciation, Foxe glaciation, glacier retreat, Canada, Baffin Island, Cambridge Fjord; 07225.
offshore near surface flux
inshore flux, fresh water salt water interface, salinity front, density front, tidal motion, coastal water, inshore offshore waters interface, France; UK, England, Dover Strait; 05197.
offshore oil and gas fields
remote sensing geochemical study, forecasting hydrocarbon fields, onshore oil and gas fields, 06817.
offshore oil industry
water industry, electricity industry, meteorological service, service package, 05310.
offshore region
hot spot, classification, seafloor, 12881. ice sheet reconstruction, radiocarbon date, Midlandian(Late), glacial deposit, glaciation, Ireland; 11952. Wolstonian, Anglian, glacial deposit, UK; 11954.
offshore structure
pore water, sea bottom, breakwater, flow theory, 03500.
Ogallala Formation
soil, landscape evolution, eolian plain, Blackwater Draw Formation, buried soil, stability, pedogenesis, deflation, USA, New Mexico, High Plains; Texas, High Plains; 02513.
Ogallala Group
fluvial facies, aeolian facies, gravel, channel fill sediment, Hemphillian, caliche, Tertiary, USA, Texas, Texas Panhandle, Yellow House Canyon; Blanco Canyon; 12915.
Ogolian dune
planed dune, limestone crust, palaeodunes, Quaternary sequence, alluvial reg, Nouakchottian marine formation, Holocene deposit, Mauritania, Tijirit; 03875.
Ogolian sand
sand sample, dune, sandsea, aeolian sedimentation, erg, Pleistocene(Upper), sediment homogeneity, sedimentation characteristic, Senegal, Mbour; Mauritania, Nouakchott; 10759.
Ohakean terrace
offset, Wellington Fault, radiocarbon dating, terrace, aggradational deposit, vertical offset rate, scarp height, uplift rate, faulting, dated, New Zealand, Woodville, Ballantrae Research Station; 03721.
Ohms law
electricity, potential gradient, electric field, conductivity, Finland, Helsinki-Vantaa Airport; 07660.
oil
alkane, biomarker, palaeoenvironment, organic matter, China; 07110. antioxidant, organism, diagenesis, organic matter, asphaltene, 07087. archaebacteria, biodegradation, Jurassic, isoprenoid, mass spectra, USSR, Tolkinsk Field; 07106. biomarker, mass spectrometer, tandem mass spectrometry, gas chromatography-mass spectrometry, insertion probe, 05974. burial depth, aromatic, biomarker, hopane, maturation range, China, Liaohe Basin; 07111. diagenesis, carbonate, aragonite, Deese Group, Desmoinesian, USA, Oklahoma, Arbuckle Mountains; 08239. gas, hydrocarbon, PAH, organic matter, continental margin, 07058. lacustrine sediment, diagenesis, coal, vanadyl porphyrin, dicyclic-deoxophylloerythroetio porphyrins, China; 00181. molecular structure, organic matter, catagenesis, temperature, oxidation, hydrothermal solution, 11780. organic matter, source rock, maturity, rank, fluorescence, vitrinite reflectance, thermal evolution, 11785. organic matter, sulphur compound, thiophene, thiolane, thiane, benzothiophene, maturity, 07089. percolation theory, sand, permeability, sandstone, connectivity, 04697. porosity, Galway Formation, Ordovician, Cambrian, burial, USA, New York, Washington County; 11655. tectonic event, basin, geothermal regime, USSR; 00013. Triassic, Noto Formation, source rock, clay, carbonate, kerogen, Italy, Sicily, Ragusa Basin; 07064.
oil burning
oil well, satellite observation, fire, acid rain, photochemical smog, monsoon, environmental effects, Kuwait; 13646.
oil concentration
oil yield, sunflower, subsoiling, soil profile, USA, South Carolina, Florence; Blackville; 04010.
oil deposit
gas deposit, swell like uplift, lithospheric uplift, glacio isostasy, Europe, (North); 08376.
oil drilling
towing fleet, heavy lift transportation, 07617.
oil effluent
surface water quality, sewage treatment, chemical speciation, residence time, riverine discharge, discharge rate, selenium flux variability, USA, California, San Francisco Bay; 08750.
oil field
hydrocarbon exploration, remote sensing image, lineament zone, Libya, Sirt Basin; 05710.
oil generation
carboxylic acid maturation, hopanoic acid, Venezuela, Maracaibo Basin; 08282.
oil industry
environmental data, database, offshore activity, 13903. photogrammetry, analytical plotter, underwater structure, 13771.
oil pollution
water resource management, surface water quality, potable water, water quality monitoring, alarm system, radioactive contamination, Portugal, Tejo River; 00566.
oil prospecting
GPS, geodetic control, Nigeria; 12613.
oil refinery
airborne contamination, soil pollution, particle size separation, mercury, Greece, Aspropirgos; 09758.
oil reserve
basin type, source rock, sand, gravel, heavy mineral, sedimentation, 03583.
oil reservoir
modelling, anastomosed system, fluviatile system, reservoir modelling, France, Carcassonne; Canada, Saskatchewan; 13014.
oil sand
nonisothermal condition, pore fluid pressure, finite element, undrained heating, thermal consolidation, stiffness property, numerical analysis, Canada, Alberta, Athabasca; 10699. wetting, humic matter, aluminosilicate, ligand, bitumen, Canada, Alberta, Athabasca; 00175.
oil seed production
ocean current, upwelling, plankton accumulation, fishery, climatic service, agricultural development, food production, solar energy, wind potential, 05293.
oil seep
hydrocarbon, spill, nickel, vanadium, sea water, Mexico, Veracruz; 12902.
oil shale
bacteria, Bacillus circulans, silicate, desilicification, bioleaching, Yugoslavia, Aleksinac; 05957. hydrocarbon, kerogen, lacustrine, torbanite, Vryheid Formation, Molteno Formation, Whitehill Formation, classification, South Africa; 02463. ironstone, coal, minor element, mineralization, organic matter, source area, UK, Scotland, Westfield Opencast Site; 02460. kerogen, hydrocarbon, source rock, lake, organic matter, 10612. organic matter, Cretaceous(Upper), phosphorite, black shale, humic acid, oxidation, Morocco, Oulad Abdoun Basin; Timahdit Basin; 07104. solute transport, volatile solvent, groundwater flow, two-phase transport, multi-phase flow, 01742.
oil shale fired power plant
lake water quality, phosphorus, nitrogen, sulphur, anaerobic condition, sulphate ion content, eutrophication, USSR, Lake Peipsi; 11013.
oil slick
petroleum, sea floor, AVHRR, Australia, Otway Basin; 13921.
oil spill
accident, fauna, pollution, denitrification, petroleum, hydrocarbon, France, Mediterranean Coast; 01257. contamination, intertidal sediment, mussel, anthropogenic activity, cytochemical result, environmental stress, Canada, St.Lawrence Estuary; 12899. environmental impact, GIS, USA, Florida, Atlantic Coast; Gulf of Mexico; 13922. hydrocarbon fate, surface water quality, evaporation, dilution, wind, current, sedimentation, biological uptake, microbial oxidation, photooxidation, petroleum contamination, Antarctica, Arthur Harbour; 13362. organic carbon, fuel layer, PAH, emission, combustion, crude oil, pollution, smoke, 05538. remote sensing, SPOT, GIS, environmental sensitivity, 01122. travel time, contaminant fate, contaminant transport, sedimentation, ecological impact, surface water quality, USA, Ohio River; Monongahela River; 02877. water resources management, computer model, numerical model, linguistic model, pictorial model, integrated decision aiding simulation methodology, 06398.
oil spill response
emergency response, TIGER, 12820.
oil spills
SLAR, Archimedes IIa, remote sensing, North Sea; 11623.
oil wealth

sulphur dioxide, nitrogen oxide, emission, fossil fuel, combustion, inventory, economic growth, Saudi Arabia; 11388.
oil well
satellite observation, fire, acid rain, photochemical smog, monsoon, environmental effects, oil burning, Kuwait; 13646. soot transport model, monsoon, climate response, smoke, burning oil, Kuwait; 13645.
oil well drilling
calcium chloride, compaction, rheology, smectite, swelling, 09312.
oil yield
sunflower, subsoiling, soil profile, oil concentration, USA, South Carolina, Florence; Blackville; 04010.
oilfield brine
calcium chloride, brine contamination, contaminated soil, soil contamination, soil reclamation, USA, North Dakota; 07345.
Okhotsk slope
submarine volcano, guyot, hypsometric analysis, planation surface, regional subsidence, subsidence, geomorphology, USSR, Kuril Ridge, Iturup Island; Sea of Okhotsk; 08383.
old aerial photograph
light diffusion, diffusion difference, digital technique, Italy, Salerno; 05582.
Old Baltic Till
local till, tor, Norwegian Ice, snowdrift, Bastad flints, moraine stratigraphy, till, niviation valley, Skaerumhede sequence, Sweden, Scania, Astorp; 05003.
Old Crow tephra
interglacial deposit, Koy-Yukon interglaciation, Ch'ijee Bluff Unit 4, Canada, Yukon, Bluefish Basin, Ch'ijee's Bluff; 07253. interglacial deposit, lake sediment, peat, pollen, loess, last interglaciation, Wisconsin loess, USA, Alaska, Birch Creek; 07250. volcanic ash, last interglaciation, mammal site, USA, Alaska, Yukon, Palisades; 10776.
Old Freezing Works Thrust
Shakespeare Bay Thrust, Cenozoic(Late), thrust tectonics, erosional inlier, Picton Thrust, New Zealand, Picton, Marlborough Sounds; 03727.
old water
water discharge, macropore, humid catchment, hillslope, preferential flow, soil water characteristic curve, through flow, runoff, soil water storage, pipe flow, bypass flow, 09804.
Older Dryas
Allerod, post glacial, pollen, Bolling, UK, Scotland, Fife; 13151. Allerod, Younger Dryas, wind, Weichselian(Late), Holocene(Early), vegetation, climate, flora migration, pollen diagram, pleniglacial period, Bolling, Norway, North Rogaland, Utsira; 08481. climatic change, climatostratigraphic subdivision, Devensian, Lateglacial, pollen diagram, Loch Lomond Stadial, UK, Scotland, Argyll, Oban, Pulpit Hill; 09551. horizontal development, topographic control, pollen analytical technique, bog formation, peat bog, Germany, Bavaria, Rhon Mountains, Schwarze Moor; 09591. Younger Dryas, postglacial shoreline displacement, shoreline displacement, late glacial, glaciation, Iceland, Skagi Peninsula; 03907.
Older Sand
geotechnical aspect, strength, deformation characteristic, foundation engineer, Nigeria, Niger Delta; 03814.
Olduvai
Jaramillo Subchron, Brunhes Chron, sea ice cover, Pliocene(Late), Pleistocene, palaeoclimate, diatom preservation pattern, Gauss Chron, opal, diatom, Matuyama Chron, Southern Ocean, Jane Basin; Antarctica; 01423.
olefin
sulphur dioxide, ethanol, ozone, ammonia, water vapour, diethyl sulphate, hydroxyl, chlorine, 00881.
Oligocene
clay deposit, pyrite deposit, crystal morphology, gypsum, Germany, Hessen, Borken; 09444. fan, carbonate, oceanic crust, tectonics, Miocene, turbidite, Arabian Ocean, Owen Ridge; Indian Ocean, Indus Fan; 12950. Holocene, Pliocene, back arc basin, sedimentary provenance, detrital grain, Pacific, Tonga Arc; 08251. Miocene, Bluff Formation, dolostone, porosity, karst, sea water, Caribbean, West Indies, Grand Cayman; 04812. Miocene, Bluff Formation, microorganism, terrestrial oincoid, oncoid, sinkhole, dolostone, Cayman Islands; 12955. Miocene, tuffs, montmorillonite, feldspar, Vizcarra Formation, diagenesis, Mexico, Durango; 01324. Neogene, sediment source, current, shelf prism, platform, Eocene, New Zealand, Canterbury Basin; 07017. Neogene, syndiagenetic structure, earthquake, deformation structure, seismite, Egypt; 00012. organic carbon, Tard Clay, kerogen, volcanic ash, anoxic cycle, Hungary, Budapest; 03663. organic matter, potash, palynology, evaporite, Rhinegraben, France, Alsace, Mulhouse; 07053. Pliocene, microbial filament, neoformation, pore water chemistry, silica, Atlantic, ODP Hole 699A; 12985. Pliocene, palaeokarst development, karst form, neogene karstification, karstification, chronological sequence, cave development, plantation surface, Hungary, Rudabanya Range, Osztramos Hill; 02559. San Gregorio Formation, palaeoceanographic condition, phosphorite, Mexico, Baja California Sur, San Juan de la Costa; 00177. sandstone, arkose, provenance, Italy, Punta Ala, Piombino; 03602. sandstone, Frio Formation, provenance, volcanic debris, heavy mineral, dissolution, USA, Texas, Rio Grande Province; 04849. source area, sedimentation, depocenter, Cenozoic, erosion, Barents Sea; 03580. thrust, sedimentary provenance, heavy mineral, palaeocurrent, Eocene, France, Haute Provence; 08246. Vaqueros Formation, strike-slip fault, Miocene, subsidence, San Andreas Fault, USA, California Coast Ranges, Cuyama Basin; 03626.
Oligocene(Upper)
Miocene(Middle), rifting, subsidence, unroofing, uplift, Red Sea, Gulf of Suez; 09424.
oligotrophic
phytoplankton, fresh water, productivity, river discharge, nutrient, Mediterranean Sea, Gulf of Lions; 05961.
oligotrophic environment
eutrophic ecosystem, nutrient, chlorophyll, dilution process, Mediterranean Sea; France, Rhone River; 08266.
oligotrophic lake
reduction, phosphorus availability, surface water quality, biological reduction, acidification, acid lake, Sweden, Gardsjon Lake; 13348.
oligotrophic water
soft water, low mineralized water, atmospheric deposition, Arctic lake, lake water chemistry, Canada, Quebec, Peninsule d'Ungawa, New Quebec Crater; 02940.
oligotrophication
lake sediment, equilibrium model, sorption, pH, phosphorus, acidification, USA, Wisconsin, Vilas Country, Little Rock Lake; 12843. secci depth, sulphur treatment, sodium sulphate treatment, lake water quality, catchment treatment, dissolved organic carbon, acidification, phosphorus, nitrogen, Sweden, Gardsjon Lake; 13345. sorption, lake sediment, phosphorus, pH, acidification, cycling, USA, Wisconsin, Vila Country, Little Rock Lake; 12844.
oligotrophy
submarine cave, cave, ecosystem, benthos, redox potential, Mediterranean; 09466.
olistostrome
clay mineral, nannofossil, provenance, Cervarola Sandstone, Cretaceous, Eocene, Italy, Northern Apennines, Pratomagno Ridge; 03601. flysch, carboniferous, pebble mudstone, mudstone, Germany, Gorlitz; 00109.
olivine
pyroxene, amphibole, mica, feldspar, nepheline, quartz, microfabric, morphology, mineral weathering, neoinformation, weathering, silicate, pseudomorph, 01477. river sand, transport, weathering, heavy mineral, ultramafic source, beach, mechanical abrasion, New Zealand, Westland, Cascade-Martyr River System; 01490. salt accumulation, basalt, weathering, temperate marine environment, basalt cliff, tafoni, honeycomb weathering, micro crack, UK, Northern Ireland, Antrim; 01483.
Olsen
Bray-Kurtz, phosphorus, phosphorus availability, liming, Mehlich I, 07399.
Olsen extract
Bray no. 1 extract, phosphorus, malachite green method, soil testing, 13277.
Olsen P test
centrifuging, phosphorus, 02794.
Olsen-phosphorus soil
phosphorus, calcareous soil, inorganic phosphorus, sequential-fractionation procedure, USA, Montana; 12071.
Omachi APm Tephra Beds
Pleistocene(Middle), eruption style, accumulation rate, loess, soil thickness, age, stratigraphic horizon, Japan, (central); 02675.
Omalonomus relictus
blind rove beetle, preglacial relict, rove beetle, beetle, refugium, Canada, Saskatchewan, Cypress Hills; Alberta, Cypress Hills; 10765.
ombrotrophic bog
methane reservoir, bog, peatland, greenhouse gas, elevated water table, hydraulic conductivity, raised bog, 02830. peatland, surface water chemistry, Sphagnum moss, sodium, chloride, blanket bog, soligenous poor fen, raised bog, soligenous fen, Canada, British Columbia, Queen Charlotte Islands, Graham Island; 02873.
ombrotrophic fog
methane emission, fen, bog, swamp peatland, static chamber technique, spring thaw, winter freezing, subarctic fen, Canada, Quebec; 04411.
ombrotrophic peat
peat formation, evapotranspiration, artificial drainage, land use, landscape ecology, groundwater flow, groundwater level, forest cover, deforestation, anthropogenic influence, historical geography, Netherlands, Noord-Brabant, Kempen; 06381.
ombrotrophic peat bog
decomposition, mineralisation, water chemistry, peat bog, nutrient status, 00501.
Omdu
moraine, monsoon, glacial landform, glacial advance stage, Annapurna, Little Ice Age, Gangapurna, Neoglaciation, Pisang, Manang, Buradhan, Nepal, Himalayas, Manang Valley; 03884.
Omega
GPS, navigation system, navigation system accuracy, navigation system reliability, interoperability, integration, 06714.
omission surface
Quaternary, crust, lithification, cement, ooze, diffusion, 02363.
Omma Formation
cyclic change, mollusc, fossil association, gladioeustatic change, sea level change, Pleistocene(Early), Japan, Kanazawa; 13175. Pleistocene, orientation, current flow, shell, Clinocardium fastosum, Japan, Kanazawa City, Okuwa; 11766.
Omma stage
Utatsuyama stage, Riss II stadial, Hiradoko stage, Tachikawa stage, Tateyami stadial, Murodo stage, Nyuzen stage, palaeoenvironment, Pleistocene(Early), sea level, Jomon transgression, Yayoi regression, Japan; 04968.
on line model
dispersion model, wind fluctuation, turbulence, tall stack, Gaussian dispersion model, 13530.
on line retrieval
satellite overpass, satellite receiving station, 12589.
on shore flow
dispersion, pollution level, plume trapping, stable flow, Canada, Ontario, Hamilton; 11196.
on site sewage disposal
septic tank, surface water quality, estuary water quality, groundwater discharge, runoff water quality, USA, Massachusetts, Cape Cod; 04081. surface water-groundwater interaction, surface water quality, septic tank, waste disposal, coastal surface water, ammonium, nitrate, soluble reactive phosphate, dissolved inorganic nitrogen, 04080.
on-line point positioning
photogrammetric system, analytical instrument, DTM, data collection, phototriangulation, 00964.
on-site measurement
heat flux density, Landsat TM, surface energy balance, 01095.

Onano Pyroclastic Formation
lithic map, volcanism, pyroclastic flow, caldera, Italy, Tuscany, Vulsini Volcanic District; 08183.
onboard sensor data
ground control, aerial triangulation, statoscope, laser range measurement, GPS, 03290.
onchocerciasis
forecasting, hydrological forecast, data transmission, Africa; 04661. monitoring network, telemetry, river discharge, stream flow, hydrological data, flood, computer model, discharge forecasting, Togo; 06300.
oncoid
allochem, fossil, peloid, carbonate, textural classification, 12924. sinkhole, dolostone, Oligocene, Miocene, Bluff Formation, microorganism, terrestrial oincoid, Cayman Islands; 12955.
oncolite
fluvial channel, stromatolite, tufa, France, Seine Basin; Somme Basin; 07005.
oncolitic level
periglacial, Eemian, interglacial, Pleistocene, France, Seine Valley, Moisson; Yvelines; 06966.
one dimensional consolidation
creep, constitutive equation, unified theory, 03748.
one dimensional flow
advection-dispersion equation, solute transport, groundwater flow, advection equation, dispersion equation, three dimensional flow, 04110. mass transport equation, Galerkin finite element method, convection, dispersion, porosity saturation variation, Peclet number, saturated flow, unsaturated flow, groundwater flow, 07526.
one dimensional infiltration
groundwater flow, diffusion equation, Fokker Planck equation, unsaturated flow, saturated conductivity, infiltration equation, inverse problem, 06342.
one dimensional model
polar stratospheric cloud, stratospheric chemistry, denitrification, temperature oscillation, 13749. rill inter rill interaction, water sediment budget model, cyclic behaviour, colluviation, soil erosion flume, crust, 10833. sensitivity study, deep water formation, climate change, sea ice interaction, Southern Ocean; 09545.
one dimensional modelling
meridional transport, atmospheric transport, 07864.
one dimensional shaft model
single pulse rain, coalescence, breakup, raindrop size distribution, 12468.
one layer model
heat transfer, partial canopy cover, canopy cover, cotton field, soil surface, leaf area index, two layer model, evapotranspiration, 10016.
one step over flow method
Passioura, soil water diffusivity, 03993.
one-dimensional time dependent ice sheet model
ice sheet, equilibrium line, feedback, oxygen isotope record, palaeoclimatic model, Pleistocene(Mid), climate transition, 00268.
one-dimensional transport
solute transport model, well-to-well recirculation, advection-dispersion equation, Laplace transform, groundwater contamination, remedial action, 01718.
one-fifth rule
shear flow, Rossby wave breaking, two-fifths rule, 01892.
one-pass parallel thinning
thinning template, connectivity-preserving function, 03315.
Oneonta Formation
floodplain sediment, magnafacies, red bed, foreland basin, Devonian, miospore, USA, New York State, Catskill; 10623.
onlap
offlap, unconformity, sediment supply, eustatic boundary, sediment accumulation, 10589.
onlapping sequence
sediment supply, stratigraphic response, carbonate platform, sea level change, Ocean Drilling Program, tectonic uplift, prograding clinoform, prograde, Indian Ocean, Broken Ridge; 11988.
online database
remote sensing, 05655.
onshore oil and gas fields
offshore oil and gas fields, remote sensing geochemical study, forecasting hydrocarbon fields, 06817.
onshore sand transport
Holocene, marine transgression, sand transport, wave height, geological evidence, USA, Florida, Ten Thousand Islands; 08496.
ontogeny
bathymetry, salinity, fossil, cathodoluminescence, biogenic carbonate, 07119.
Onverwacht Group
volcaniclastic sediment, silicification, basin, pyroclastic flow, Barberton greenstone belt, South Africa, Eastern Transvaal; 03633.
ooid
Cretaceous(Early), Wealden, weathering, precipitation, berthierine, UK, England, West Sussex; 08295. girvanella, laminae, stromatolite, Cambrian, thrombolite, skeletal stromatolite, China, Sichuan Province, Xiushan; 07057. spine, diagenesis, aragonite, compaction, porosity, Tunisia, Sebkha el Melah; 03514. stromatolite, chert, Proterozoic, Big Cusp Algal Dolomite Member, Kona Dolomite, diagenesis, dolomite, gypsum, USA, Michigan, Marquette; 05904.
ooid fabric
meteoric water, porosity, Jurassic, Bathonian, Great Oolite, UK, England; 11656.
oolite
sedimentary cycle, platform, Buntsandstein, Platy Dolomite, packstone, stromatolite, Poland, Leba Elevation, Puck Bay Area; 01280.
Oolite Group
Dinantian, pore water, seasonal variation, groundwater, cement, UK, Wales; 10601.
oolitic
sandbody, reservoir, Mississippian, petroleum exploration, carbonate ramp, carboniferous limestone, UK; 01279.
oolitic ironstone
cratonic, foreland basin, sedimentation, Palaeozoic, USA; 05935. Saharan Platform, Devonian, ironstone, cycle, Palaeozoic, 12962. Silurian, Clinton, Europe; 11546.
oolitic sediment
particle packing, laboratory method, microfabric, porosity, permeability, Atlantic, (Northwest); Bahamas, Great Bahama Bank; 05805.
ooze
bioproductivity, sedimentation rate, organic matter, oxygen isotope stage, Norwegian Sea; Greenland Sea; 12882. chalk, aragonite, magnesium, Miocene, Holocene, Indian Ocean, Maldives Archipelago, ODP Site 716; 03622. chalk, diagenesis, porosity, limestone, lithification, Atlantic, East Georgia Basin, ODP Site 700; 12937. chalk, opal, silica, barite, Paleocene, Miocene, Indian Ocean, ODP Site 707; ODP Site 709; Indian Ocean, ODP Site 711; Indian Ocean, Mascarene Plateau; 03672. classification, carbonate, mud, micrite, 04810. Cretaceous, Cenozoic, calcium carbonate, biogenic sediment, Weddell Sea, Maud Rise; 03621. deep sea sediment, carbonate, pelagic sediment, clay, Pacific; 04762. diffusion, omission surface, Quaternary, crust, lithification, cement, 02363. ferromanganese deposit, trace element, accumulation rate, rare earth element, geochronology, hydrothermal sediment, Pacific, North Fiji Basin; 12892. foraminifer, Cenozoic, isotope data, palaeotemperature, polar water, Antarctica, Maud Rise, ODP Sites 689 and 690; Weddell Sea; 03689. foraminifera, Messinian, salinity crisis, evaporite, Miocene, Pliocene, transgression, Tyrrhenian Sea; 00148. glauconite, hydrothermal process, hydromica, Sea of Japan, Yamato Rise; 07025. isotope, sedimentation, bottom sediment, radionuclide, 01357. Messinian, mud, evaporite, sea water, Tyrrhenian Sea; 00136. Milankovitch, sedimentation rate, foraminifer, barite, cyclicity, Pleistocene, Indian Ocean, ODP Hole 709C; Mascarene Plateau, ODP Hole 709C; 03576. mudstone, gamma ray curve, geochemical log, pore fluid, continental margin, uranium, well logging, 02489. nannofossil, periodicity, terrigenous sediment, organic matter, density, colour, Pliocene, Pleistocene, Arabian Sea, Owen Ridge, ODP Site 722; Oman Margin, ODP Site 728; 12833. nodule, crust, pelagic sediment, red clay, todorokite, ferromanganese nodule, Indian Ocean, Central Indian Basin; 00095. rafting, iceberg, diatom, glacial marine sediment, glaciation, Atlantic, Meteor Rise; 12884. terrigenous sediment, turbidite, compaction, burial, biogenic sediment, Indian Ocean; Arabian Sea, Indus Fan, ODP Site 720; Arabian Sea, Owen Ridge, ODP Site 722 and 731; Arabian Sea, Oman Margin, ODP Site 723 and 728; 12832.
opal
allophane, karst, quartzite karst, Itacolomi Group, subterranean drainage prediction method, sinkhole, swallowhole, karrens, caves, speleothem, conduit direction, prediction method, Brazil, Minas Gerais, Ouro Preto; 02555. climate, Quaternary, Paleogene, Neogene, productivity, sea ice cover, continental slope, Weddell Sea, ODP Site 693; 03571. diatom, Matuyama Chron, Olduvai, Jaramillo Subchron, Brunhes Chron, sea ice cover, Pliocene(Late), Pleistocene, palaeoclimate, diatom preservation pattern, Gauss Chron, Southern Ocean, Jane Basin; Antarctica; 01423. organic carbon, benthic, sedimentation, productivity, seasonality, particle flux, Weddell Sea; Southern Ocean, Bransfield Strait; 02471. organic carbon, biogenic production, fresh water, deglaciation, carbon dioxide, river discharge, Indian Ocean, Bay of Bengal; 11804. pore water, solubility, marine sediment, dissolution, silica, diagenesis, 05941. sepiolite, intermediate unit, silcrete, regressive sequence, Spain, Tajo Basin, Vicalvaro; 11723. silcrete, pedogenic silcrete, silica solubility, groundwater, Australia, South Australia, Stuart Creek; 08273. silica, barite, Paleocene, Miocene, ooze, chalk, Indian Ocean, ODP Site 707; ODP Site 709; Indian Ocean, ODP Site 711; Indian Ocean, Mascarene Plateau; 03672. skeletal debris, mixing rate, diagenesis, bioturbated sediment, 00172.
opal CT
smectite, tuff, zeolite, Sucker Creek Formation, Miocene, clinoptilolite, diagenesis, USA, Oregon, Succor Creek Canyon; 08293.
opal flux
ice coverage, ice rafted material, sedimentation, pelagic sedimentation process, sediment trap result, particle flux, biogenic opal flux, Arctic Ocean, Fram Strait; 10754.
opal flux maxima
productivity, atmospheric carbon dioxide, ice volume, Pleistocene(Late), palaeoclimatology, flux pattern, biogenic sediment, mass accumulation rate, Pacific; 11929.
opal phytolith
freshwater diatom, deep sea fan, map, accumulation rate, PhFD ratio, climatic event, aridity, Africa, Zaire River; Atlantic, Angola Basin, Zaire Fan; 02613. palaeoclimatic reconstruction, Holocene climate, stable isotope ratio, carbon, phytolith, vegetation monitoring, climate change, occluded carbon, USA, Great Plains; 10738. phytolith distribution, shifting cultivation, phytolith counting procedure, forest soil, Belgium, Ardennes; 10938.
opal productivity
ice rafted debris input, floating ice shelf, polynya, cycle, rhythm, event, Quaternary, glaciomarine deposit, facies pattern, glaciomarine continental margin environment, basal lodgement till, glacio-isostatic uplift, prograding slope sequence, carbonate, Arctic; Southern Ocean, Weddell Sea; 02620.
opal-A/X-ray amorphous phase
micromorphological technique, silicification process, calcareous pan, duripan, in situ alteration, eolian dust, loess, USA, Idaho; 12016.
opalin glass
spectral radiance standard, organic matter, microspectrofluorimetry, Lamberts Law, fluorescence, 11821.
opaline
silica, calcite, micromorphology, mineralogy, calcareous duripan, USA, California, Mojave Desert; 01585.
open boundary
boundary condition, groundwater flow, transport equation, finite element method, diffusion, convection-dispersion, 04106.
open case mine
subsurface drainage, infiltration, water resistant screen, mine drainage,

Yugoslavia, Kostolac, Cirkovac; 04109.
open channel flow
compound channel, cross flow, shear stress distribution, skewed flow, 01664. flow regime, sediment transport, temporal lag effect, bed form geometry, flow depth, bed load, 01660. river flow simulation, flow resistance, flow model, bed generated turbulence, lateral shear turbulence, secondary flow, river gauging, current meter, flow measurement, 00526. three layer flow, hydraulic control, unidirectional flow, bottom hump, gradually varying flow model, 01665. turbulence measurement, compound channel, transverse shear layer, 01663.
open channel flow equation
seepage, kinematic wave equation, surface water groundwater interaction, bank storage effect, hydrograph, groundwater flow equation, flood routing solution, 09803.
open channel flow model
cross section selection, flow equation, St Venant equation, Preissmann scheme, Abbott Ionescu scheme, river geometry, 05178.
open channel network
unsteady flow, channel flow, finite element method, St. Venant equation, 13329.
open environment
climatological data, albedo, snowcover, radiation balance, vapour pressure, radiation model, snowmelt, 11194.
open field precipitation
throughfall, element flux, soil acidification, atmospheric deposition, acidification, water chemistry, granitic catchment, forest catchment, soil water chemistry, acid rain, acid neutralisation capacity, France, Vosges Massif; 04088.
open loop auto regression model
threshold auto regression model, El Nino, sea surface temperature anomaly, cold tongue water, auto regression model, 04254.
open reach
sedimentation, timber harvesting, channel morphology, forest hydrology, riparian vegetation, aerial photography, USA, Oregon, Elk River Basin; 13450.
open sight compass
land survey, compass, 05569.
open system
till palaeosol, weathering, porosity, micromorphology, feldspar weathering, lithic clast, USA; 01481.
open system behaviour
crustal subsidence, coral reef, subsidence rate, uranium series dating, mass spectrometer, drowned reef, USA, Hawaii; 07277.
open top chamber
forest air, alpha-pinene, beta-pinene, diurnal variation, monoterpene, emission, 13661.
open water
sea ice decay, lead, ice albedo effect, shortwave radiation, 03017. velocity estimation, water velocity, water plant, discharge measurement, weed bed, stream flow, 05154.
open water evaporation
Piche evaporation rate, evaporation calculation, Penman equation, shaded Piche evaporation, lake evaporation, aerodynamic term, Sudan, Sennar Lake; 12152.
open water formation
erosion, sediment deposition, wetland fragmentation, hydrologic change, deltaic coast, spoil bank, canalisation, remote sensing, coastal wetland, pond formation, impoundment, USA, Louisiana, Gulf of Mexico; 05252.
open woodland
snow, ground, thermal regime, subarctic woodland, snowpack, Canada, Quebec, Schefferville; 01456.
open-joint cave
Pikes Peat Granite, weathering, grus, corestone, weathering front, speleogenesis, granite cave, talus, boulder-filled stream channel cave, USA, Colorado, Lost Creek; 12017.
opencast mine slope
finite element method, Krusne hory Fault, engineering-geological investigation, geotechnical investigation, slope stability, deep opencast mine, complex geological condition, stability, Czechoslovakia, Bohemia; 01405.
opencut mining
surface water quality, groundwater quality, water quality monitoring, coal mining, Australia, New South Wales, Hunter Valley; 02819.
operating cost
impact, snowfall, snowbelt, Canada, Great Lakes, Lake Erie; 11146.
operating system
computer science, computer hardware, software, workstation, 01008.
operational analysis
energy cycle, hydrology cycle, latent heat, air-sea interaction, 01861.
operational assimilation
variational assimilation, distance function gradient, shallow water equation, gravity wave noise, assimulation forecast, 06505.
operational forecast
experimental systematic error, relaxation experiment, ECMWF model, forecast field, tropics, baroclinic wave, storm track, 07791.
operational meterology
sea state forecasting, sea ice distribution, geodetic application, ERS-1 mission objective, land use change, 12592.
operational model
Doppler sodar, dispersion model, mesoscale feature, complex terrain, 06501. frozen soil, freezing, water redistribution, simulation, water retention property, hydraulic property, 02692.
operational model integration
wind error, forecast skill, temperature error, extended range prediction, European Centre for Medium Range Weather Forecasting model, interannual variability, 12478.
Operational Navigation Chart
product protocol, Digital Chart of the World, vector representation, microcomputer, 01078.
operational numerical prediction
numerical weather prediciton, 05437.
operational prediction
prediction, daytime mixed layer, mixed layer heights, dispersion modelling, inversion, 12365.
operational scheme
objective analysis, geopotential interpolation, 06514.
operational structure
GIS, dynamic field, data structure, 06752.
operational system
satellite observation, rainfall estimate, cloud statistics, Meteosat thermal infrared, Africa, Sudano-Sahelian Region; 10001. weather pattern, Earth resource, remote sensing system, environmental hazard, USSR; 05560.
ophiolite
accretionary prism, turbidite, Lhasa block, obduction, Cretaceous, trench arc sediment, oceanic crust, Tibet, Himalaya, Xigaze District; 10617. backarc basin, basin history, sandstone, volcanic arc, Indonesia, Halmahera; 08249. chert, tectogenesis, nappe, melange, Tithonian, Cretaceous, Albania, eastern Albanides; 05918.
opportunity loss model
economic value, streamflow data, water pollution control, 04183.
optical absorption coefficient
ocean, error source identification, radiance distribution, 11600.
optical backscatter
lidar, backscatter depolarisation ratio, optical property, polar stratospheric cloud, Arctic; 00764.
optical clarity
Secchi depth, suspended solid, chlorophyll, lake, water colour, New Zealand, Canterbury, Lake Coleridge; Wilberforce River; 06975.
optical climatology
tropospheric aerosol, satellite, occultation measurement, extinction ratio, stratosphere, dust, global climatology, 12562.
optical counter calibration
monodispersion aerosol, particle, refractive index, 13681.
optical data
cloud coverage, global deforestation, SAR, 05566. remote sensing, vegetation, soil water, canopy, USA, Arizona; 06871.
optical density
mass median diameter, aqueous colloid, contaminant transport, photon correlation spectroscopy, photosedimentation analysis, size distribution, colloid, Doppler frequency shift, 09826.
optical density value
classification, zonal brightness, landscape classification, desert landscape, USSR, Turkmenskaya; 13923.
optical depth
aerosol optical property, aerosol, boundary layer, cloud microphysics, meteorological observation, scattering coefficient, Atlantic; 02043. biological effectivity, ultraviolet radiation, ozone abundance, Antarctica, McMurdo Station; 08840. cirrus case study, cloud microstructure, cloud layer, ice particle concentration, vertical velocity, 12459. cirrus case study, cloud, parameter field, satellite data, 12461. cirrus case study, parameter relationship, satellite, lidar data, ice crystal, 12453. El Chichon, stratospheric transport, aerosol, sunradiometry, 00789. ice particle, remote sensing, cirrus cloud, lidar, radiative transfer theory, satellite observation, near infrared, infrared, brightness temperature difference, 05374. jet fuel, forest fire, smoke, photometer, aerosol, spectral optical depth, 11158. Langley plot data, solar radiometer, iterative procedure, 06807. radiometers, dual channel retrieval technique, water vapour band, anvil temperature, anvil emissivity, cloud temperature, remote sounding, tropical cloud temperature, cirrus cloud temperature, 09970. vegetation, remote sensing, spatial variability, aerosol, Africa, Sahel; 13948. volcanic perturbation, stratosphere, eruption, aerosol, Mexico, El Chichon; 12559.
optical depths
shipboard sunphotometer, sunphotometer observation, air mass, aerosol, Atlantic; 12564.
optical disk technology
SMARTSCAN, scanner technology, raster, 05579.
optical extinction coefficient
satellite, lidar system, aerosol measurement, microphysical measurement, infrared model, backscatter, 12568.
optical flow
vision, motion analysis, 13782.
optical fog detector
cloud, fog, 05317.
optical interferometer
Fabry-Perot interferometer, thermospheric temperature, thermospheric neutral wind, Peru, Arequipa; Brazil, Sao Jose dos Campos; 03014.
optical media
cloud, scattering, discrete angle radiative transfer, 06439.
optical method
neutral plume dispersion, digital image analysis, plume, 12366.
optical particle counter
aerosol, relative humidity, counting efficiency, particle size, hygroscopic aerosol, fog formation, cloud condensation process, clean room counter, 08826. thermo optic technique, aerosol, volatility, size distribution, virtual impactor, sulphate, 13717.
optical payload
METEOSAT, oceanography, water vapour sounding, vertical temperature sounding, 11601.
optical property
aerosol, infrared wavelength, lidar, backscatter, measured optical property, calculated optical property, 12565. aerosol, radiative heating, solar absorptivity, dust storm, 07657. FORTRAN, radiation, spectrometer, sea, 04636. geometrical property, electrical property, videometry, CCD sensor, camera model, 06736. leaf area density, bidirectional reflectance field, vegetation canopy, radiation transfer, 05728. lidar, wind structure, measurement error, cirrus case study, cloud, 12457. marine sediment, classification, smear slide, identification, 00200. polar stratospheric cloud, optical backscatter, lidar, backscatter depolarisation ratio, Arctic; 00764. remote sensing, solar almucantar, multiwavelength radiometer, aerosol, China, Beijing; 06557. spectral resolution, spectral resolution reflectance, leaf property, 09248. surface water quality,

absorption coefficient, scattering coefficient, underwater irradiance, turbidity, phytoplankton, Australia, New South Wales, Murray-Darling Basin; South Australia, Murray-Darling Basin; 07498. suspended sediment, water colour, base flow condition, water clarity, surface water quality, turbidity, New Zealand; 11017. temperature inversion, smoke, aviation fuel burning, self lofting, solar heating, emission factor, 04385.
optical scattering
laser scattering, airbourne particle classification, aerosol measurement, particle, 13716.
optical sensor
microwave sensor, multi sensor experiment, agricultural application, 12757.
optical signature
signature type, angular signature, atmospheric effect, radar, remote sensing, 03276.
optical spectrometer
ozone chemistry, greenhouse gas, trace gas, troposphere, 12696.
optical state
optical thickness, turbidity, regional identification, seasonal circulation, India; 13491.
optical storage
video atlas, atlas, 04577.
optical tape recording
data format, addressing, high speed search, database, 01000.
optical thickness
cumulus, cloud field, infrared, 11163. parameterisation, shortwave transmissivity, transmissivity, stratiform cloud, cloud, empirical data, radiative transfer theory, 12320. particle radius, cloud, reflected solar radiation, droplet radius, cloud top, 10128. polarisation, lidar, synoptic analyses, aerosol cloud, volcano, twilight effect, stratospheric volcanic cloud, USA, Utah, Salt Lake City; Guatemala, Santiaguito; 13654. satellite measurement, pollution, forest fire smoke, smoke, particle size, USA; Canada; 04358. sky irradiance, radiometer, 04597. turbidity, regional identification, seasonal circulation, optical state, India; 13491.
optical thickness estimation
irradiance measurement, radiative transfer algorithm, cloud, 13487.
optical triangulation
cross section, profile, structure, triangulation, 04478.
optically thin cirrus
cirrus case study, observation, radiation, dynamic property, microphysical characteristic, infrared radiative heating rate, 12454.
optics
visibility impairment, particle measurement, chemical species, ammonia, light scattering, extinction, absorption, fine particle, sulphate, nitrate, USA, Colorado, Denver; 13738.
optimal
performance evaluation, infinite impulse response filter, detection, 13799.
optimal allocation
air monitoring station, monitoring network, multiattribute utility function, 11385.
optimal boundary
quatree, conversion algorithm, 13778.
optimal interpolation method
meteorological information, objective analysis, satellite data, sounding station, 12301.
optimal modelling
positional data revision, spatial information system, datum redefinition, datum transformation, 07950.
optimal operation
multi unit reservoir system, stochastic stream flow, interbasin transfer system, reservoir operation, water resource management, China; 11128.
optimal operation strategy
reservoir operation, water quality, groundwater management, reservoir, groundwater flow, solute transport, conjunctive use management model, 11118.
optimal parameter retrieval
parameter retrieval, instrument noise, microwave measurement, 09102.
optimal procedure
DTM, least square collocation, collocation, algorithm, 11467.
optimal solution monotony
acid rain abatement, linear programming, piecewise linear objective function, binding constraint, 13674.
optimal withdrawal rate
head level, hydraulic conductivity, monitoring programme, water management, groundwater hydraulics, management model, 09926.
optimisation
hierarchically structured network, computer network, query processing, 02124. landuse, USSR, Kabardino Balkar ASSR; 12736. liquid scintillation counting condition, vial, detector shield, low-activity radiocarbon, radiocarbon measurement, 02579. multiple objective function, pollution monitoring, network design, monitoring network, Spain, Tarragona; 13680.
optimisation method
adjoint state method, inverse problem, gradient method, groundwater flow, parameter estimation, estimation uncertainty, maximum likelihood problem, Gauss Newton method, Newton method, 09869. dispersion, parameter identification, solute transport, unsaturated soil, groundwater flow, soil moisture characteristic, unsaturated conductivity, hydrodynamic dispersion, 05208. remediation strategy, parameter identification, groundwater flow model, model calibration, transport model, concentration data, 09876.
optimisation model
computer model, groundwater flow, groundwater hydraulics, finite difference model, model calibration, self calibrating model, 09873. expert system, environmental impact analysis, GIS, decision support system, pattern recognition, 05632. groundwater quality, pumping schedule, aquifer remediation, parameter estimation, 01737. irrigation water scheduling, crop water requirement, water shortage, irrigation scheduling model, 00648.
optimisation monitoring
dynamic programmiing, control network, 10269.
optimisation problem
center problem rectilinear, problem center, plane, 09104.
optimisation technique
geosphere, biosphere, IGBP, 06856. groundwater contamination, simulation model, well location, pump rate, groundwater remediation, capture zone design, 02923.
optimisation theory
levelling network, geodetic network, network, 11432.
optimum
Little Ice Age, greenhouse effect, Holocene, carbon dioxide, proxy data, glacier recession, lake shrinkage, warming, drying, China, Qinghai Lake; Tianshan, Tuyuksu Glacier; China, Tianshan, No.1 Glacier; China, Tianshan, Urumqi River; 00782.
optimum geodetic datum
geodetic network, Doppler satellite observation, Nigeria; 05590.
optimum threshold selection
drainage pattern, aerial MSS, thermal infrared data, India, Cambay Basin; 10445.
optoelectronic CCD sensor
multispectral stereo scanner, spaceborne photogrammetry, digital mapping, 10244.
ORACLE
Prolog, database, 04568.
Orangeburg Series
clover residue, orthophosphate sorption, ferric hydroxide, hydroxide coated soil, sorption, Paleudult, 07359.
orbit
baseline repeatability, GPS, satellite, Japan; 04493. tide solution, satellite laser ranging, perturbations, Starlette, 02097.
orbit accuracy
gravity, sea surface, topography, SEASAT, altimeter, 04637.
orbit determination
radar mapping satellite, data processing system, Venus; 10243.
orbit error
orbit period, GEOSAT, 03280.
orbit period
GEOSAT, orbit error, 03280.
orbit relaxation software
station pairing, GPS, USA, Florida; 10263.
orbital change
ice change modelling, climate change, ice age, global energy balance model, annual cycle, albedo, feedback, 00266.
orbital effect
mass balance, ice sheet, climatic sensitivity, climate change, energy balance modelling, Greenland; 10818.
orbital forcing
carbon dioxide, glaciation, global model, Cenozoic(Late), climatic change, 09539. feedback mechanism, nonlinear response, benthic oxygen isotopic record, Milankovitch theory, 03847. ice sheet instability, glacial melt water, melt water incursion, North Atlantic Deep Water, Younger Dryas, cooling event, glacial termination, Ocean Drilling Programme site 658, benthic delta carbon-13 anomaly, melt water hypothesis, climatic change speed, Atlantic, (North); 08442. low-frequency, glacioeustasy, stratigraphy, Antarctic ice volume, seismic sequence stratigraphy, tectonoeustasy, 11978. Milankovitch, diatom, palaeoclimate, continental margin, illite, downhole log, Weddell Sea, Dronning Maud Land; Antarctica; 04757. warm saline deep water, ice volume fluctuation, sea level history, Tertiary, ice sheet dynamic, snow gun hypothesis, isotopic signature, deepwater temperature, deep water, tectonic forcing, 12008.
orbital forcing function
cyclicity, Milankovitch cycle, nonlinear response, Quaternary record, deep sea sediment core, GRAPE density, carbonate content, magnetic susceptibility, Southern Ocean, ODP Hole 704A; Atlantic, (South); 11934.
orbital frequency
Quaternary, palaeoclimate, magnetic susceptibility, magnetic susceptibility record, loess, dating, China, Loess Plateau; 09594.
orbital geometry
seafloor, Neogene, carbonate concentration, productivity rate, Pleistocene sediment, Pliocene sediment, Indian Ocean, Mascarene Plateau, ODP Site 709; ODP Site 710; Indian Ocean, Mascarene Plateau, ODP Site 711; 08191.
orbital parameter
Pliocene, Pleistocene, non linear equation, sea surface temperature, climate model, ocean atmosphere climatic system, 12413. unconformity, limestone, Milankovitch cycle, sedimentation, Puerto Rico, North Coast Basin, Toa Baja Well; 10573.
orbital perturbation
climatic record, spectral analyses, astronomical theory, climate ice sheet model, 06068.
orbital strategy
NOAA satellite, AVHRR, 12595.
orbitally induced perturbation
seasonal insolation, climate model, model response, cycle filtering, Milankovitch cycle, Antarctica; 10741.
orbitally induced radiation anomaly
Holocene(Middle) thermal maximum, Holocene, paleoclimatology, changing climate, Canada, Queen Elizabeth Islands; 05011.
Orbulina universa
melt water, surface salinity, seasonal surface water, surface water, low salinity surface water, oxygen isotopic analyses, USA, Gulf of Mexico; 08437.
Orca Basin
piston core EN32-PC4, surface water cooling, glacial melt water routing, Laurentide glacial melt water, melt water influx, Younger Dryas, USA, Gulf of Mexico; 08438.
Orcadian Basin
lacustrine facies, biomarker, thermal maturity, Devonian, organic matter, UK, Scotland; 08283.
orchard
deciduous forest, soil compaction, soil physical property, soil chemical

property, farming system, brown earth, boulder clay, arable farming, Poland, Pomerania; 09756. Landsat TM data, undergrowth, biomass, principal components analysis, USA, New York State; 08103.
orchard tree
radar, remote sensing, polarisation phase difference, USA, California, Fresno; 03444.
order configuration function
digital signal filter, image processing, 03346.
ordinance
landuse, legal consideration, local jurisdiction, GIS, decision making process, regulation, USA, Virginia; 09296.
Ordnance Survey
ephemera, 11519. map compilation, DTM production, topographic line mapping, stereo SPOT imagery, Yemen; 10359. revision, large scale plan, Battle of the Scales, 12666. technological change, map making, digitisation, 13847.
Ordovician
basin, Red Bed, Brehe unit, France, Armorican Massif, North Brittany, Brehec; 11724. Cambrian, burial, oil, porosity, Galway Formation, USA, New York, Washington County; 11655. colour, fining upward, sedimentary structure, provenance, heavy mineral, Wajid sandstone, Cambrian, Saudi Arabia; 00110. cool temperate climate, Recent, Pleistocene, subpolar, Permian, subtropical climate, Australia, Tasmania; 12935. Derryveeny Formation, Dalradian, alluvial fan, conglomerate, uplift history, Ireland, Connemara; 08219. diagenesis, cone in cone structure, sediment porosity, France, Massif Central, Montagne Noire; 08150. dolomitisation, porosity, Ellenburger Group, carbonate, USA, Texas; New Mexico; 11736. foreland basin, orogen, erosion, platform, provenance reversal, sedimentation, carbonate build up, flysch, Canada, Newfoundland; 05913. Gordon Group, carbonate, dolomitisation, diagenesis, mixing zone, isotopic field, Australia, Tasmania, Mole Creek; 08236. greywacke, sedimentary provenance, Kirkcolm Formation, isotopic composition, strike slip movement, Galdenoch Formation, UK, Scotland, Southern Uplands; 08244. isotopic composition, carbonate, Gordon Group, dolomite, Australia, Tasmania, Florentine Valley; 02407. Mane Ting Formation, sedimentation, sand, gravel, transportation, debris flow deposit, India, Himalayas, Black Mountain Basin; Bhutan; 04807. phosphatic nodule, shale, fossil, nodule, France, Brittany, Armorican Massif; 03635. piggyback basin fill, klippe, Martinsburg Formation, foreland basin, thrust terrane, USA, Pennsylvania, Shochary Ridge; 01291. pyrolysis, Kukersite, Guttenberg Oil Rock, thiophene, phenolic compound, USSR, Estonia; 07105. Simpson Group, cycle, lithofacies, quartzarenite, tidal channel, quartz, overgrowth, cement, USA, Oklahoma, Anadarko Basin, Knox Oil Field; 01271.
Ordovician(Early)
Cool Creek Formation, sea water, dolomitisation, diagenesis, burial, Arbuckle Group, USA, Oklahoma, Slick Hills; 10598.
Ordovician(Late)
Georgian Bay Formation, sandstone, tempestite, ichnofossil, Canada, Ontario; 10619.
Ordovician(Upper)
pollutant, sinkhole, caves, disappearing river, blind valley, spring, dye tracing, karst hydrogeology, groundwater problem, fluviokarst, USA, Minnesota, Fillmore County; 03839.
ore
deep water zone, ferromanganese, concretion, 05864. granite, Variscan, magma, halo, mineralisation, Germany, Lower Harz; 00161.
ore body
boulder train, striae, moraine form, morphology, glacial transport direction, 06114.
ore boulder
transport distance, heavy mineral, glacial material, till, Finland; 07236.
ore deposit
glacial indicator, glacial movement, indicator tracing, 07222. hydrocarbon, basin classification, geochemical maturation, exploration programme, basin, 05876.
ore deposit databank
industrial mineral databank, mineral indication databank, relational database management system, Geological Survey of Finland, Finland; 12716.
ORE model
SAR, velocity bunching model, distributed surface model, Lyzenga model, CCRS RADARSAT model, 08109.
ore type
granitoid, mineralisation, carbonate, magnesian, skarn deposit, 12960.
organic acid
acid neutralising capacity, alkalinity, acid base status, natural water, 07828. acidification, hydrochemical study, surface water quality, anthropogenic pollutant, soil acidification, sulphate deposition, aluminium, Norway, Birkenes; Atna; Norway, Hoylandet; Sweden, Svartberget; 13371. alkaline trap, formaldehyde, acetaldehyde, formic acid, acetic acid, aldehyde, peroxyacetyl nitrate, sampling, urban air, USA, California; 03218. alkalinity, volcanic eruption, dissolved organic carbon, carbonate, dilution by runoff water, microbial mineralisation, lake water quality, USA, Washington, Mount St. Helens; 06304. alkene, hydrocarbon, marine troposphere, formic acid, acetic acid, 06687. aluminium hydroxide complex, carbonic acid, neutralising capacity, acidification, sulphur treatment, sodium sulphate treatment, surface water quality, acid speciation, forested catchment, dissolved organic carbon, Sweden, Gardsjon Lake; 13383. atmospheric deposition, mineral acid, buffer, acidification, DOC, 00551. Bh horizon, Spodic horizon, phosphorus release, aluminium release, 12067. cation, aerosol, precipitation chemistry, sampling, rain water, ion chromatography, chloride, nitrate, sulphate, sodium, potassium, ammonium, anion, 03186. forest soil, formic acid, oxalic acid, USA, (Southeast); 04006. groundwater chemistry, aquitard sediment, aquifer geochemistry, microbial activity, sulphate reduction, iron reduction, organic carbon, methanogenesis, 11063. hydrophilic acid, hydrophobic acid, carboxylic, lake, dissolved organic carbon, leachate, USA, Maine; 09457. iron, pH buffering, groundwater contamination, WATEQF geochemical model, landfill, redox buffering, glacial drift, aquifer, USA, Michigan, Kalamazoo County; 07575. mineral weathering, weathering, acid rain research, historical weathering loss, input output budget, strontium isotope, till, modelling approach, Norway; Sweden; Finland; 09626. organic carbonyl compound, sulphate, sulphite, cloud water chemistry, aerosol, ammonia, ammonium, hydrogen peroxide, nitrate, nitric acid, USA, California, Sierra Nevada; 04426. runoff chemistry, Reversing Acidification in Norway project, sulphate, nitrate, atmospheric deposition, acidification, Norway; 13381. strong acid, peat soil, forest catchment, lysimeter, surface water quality, input output budget, chemical mineralisation, leaching, runoff chemistry, Sweden; 13379.
organic acidity
precipitation chemistry, acidification, stream water chemistry, surface water, chemical dynamics, acid stream, atmospheric deposition, wet deposition, sulphate, aluminium, carbon, Sweden, Svartberget; 13376. spate specific flow pathway, surface water quality, acid stream, stream episodicity, tracer study, flow path, pre event water, soil water chemistry, Sweden, Svartberget; 13378.
organic acids
hydrocarbon, peroxyacetyl nitrate, nitrogen oxide, ozone, hydrogen peroxide, sulphur oxides, long range transport, photochemical oxidant, chemistry-dispersion model, nitric acid, nitrate aerosol, organic compound, formaldehyde, Japan; 02012.
organic adsorption
aggregate, humic acid, montmorillonite, surface free energy, swelling, aggregate wettability, 09467.
organic aerosol
face velocity effect, quartz fiber filter, vapour adsorption artifact, 06560.
organic air pollutant
terrestrial plant, spruce needle, biological indicator, 03264.
organic amendment
aggregate stability, soil physical property, soil structure, organic overlay, mineral sublayer, Canada; 13228. toxic concentration, selenium, trace element, volatilisation, USA, California, Merced County, Kesterson Reservoir; 01205. Typic Quartzipsamment, penetrometer resistance, bulk density, physical soil property, 00397.
organic anion
phosphorus release, Spodosol, oxalate, formate, kinetics, USA, Florida; 07368.
organic arsenical
groundwater contamination, oxidation, arsenic, Mexico, Lagunera Region; 00604.
organic carbon
acid runoff, hillslope, organic rich catchment, pH, flow pathway, episodic acidity, Sweden, Svartberget Research Catchment; 04084. aluminium, sulphate retention, precipitation chemistry, stream water chemistry, alpine catchment, snowmelt, turbidity, colour, Norway, Atna River, Storbekken; 13375. aqueous solubility, octanol water partition coefficient, sorption coefficient, molecular connectivity, organic chemical sorption, 08597. aridity, upwelling, Pliocene, calcium carbonate, Arabian Sea, Owen Ridge, ODP Site 722; 11803. benthic, sedimentation, productivity, seasonality, particle flux, opal, Weddell Sea; Southern Ocean, Bransfield Strait; 02471. biogenic production, fresh water, deglaciation, carbon dioxide, river discharge, opal, Indian Ocean, Bay of Bengal; 11804. biomass, grazing, bacteria, flagellate, remineralisation, Atlantic, (Northeast); 10574. biomass, microbiology, terrestrial environment, groundwater, subsurface sediment, bacteria, USA, South Carolina, Savannah River Plant; 12979. bioturbation, burrow, sampling procedure, shrimp, Red Sea, Gulf of Aqaba; 08265. bioturbator, lake system, Newark Supergroup, palaeoecology, stratigraphic architecture, 11750. bottom sediment, anoxic basin, organic matter, accumulation rate, varve counting, Black Sea; 10651. bulk density, infiltration rate, saturated hydraulic conductivity, soil moisture, moisture transmission, moisture retention, Typic Hapludoll soil, cultivated land, landuse, forest, grassland, available water capacity, 11084. cadmium, soil, transport model, accumulation, pH, 06253. carbon cycle, general circulation model, phosphate, oxygen, 11782. carbon cycle, glacial till, solid organic matter, dissolved organic carbon, radiocarbon dating, carbon isotope, geochemistry, pore water, clay soil, Canada, Alberta, Western Interior Great Plains; 09900. carbon stratigraphy, pollen, palaeoclimatic variation, dry area, cold area, lithofacies, China, Qaidam Basin, Qarhan Salt Lake; 13158. carbon, exchange capacity, lime requirement, buffer capacity, acidic surface soil, cation exchange, soil property, clay content, Australia, Queensland; 07435. carbon, manure application, fertiliser, cation exchange capacity, calcareous soil, 12065. carbonate, stable isotope composition, Thalassia, seagrass, inundation, Atlantic, Bahamas, Bight of Abaco; 01236. coal, thermal maturity, vitrinite reflectance, Multiwell Experiment, Rock-Eval analysis, Mesaverde Group, USA, Colorado, Piceance Basin; 02454. compost, barseem straw, paddy straw, water hyacinth, mineralisation, 05077. concretion, La Luna Formation, dysaerobic condition, laminae, marl, shale, Cretaceous, Venezuela, Andes de Merida; 04704. continental margin sediment, seafloor, particle flux, recycling, input rate, USA, California, Santa Monica Basin; 01241. dam, reservoir outfall, sewage treatment, run off, oxygen, organic compound, industrial wastewater, surface water quality, urban runoff, Canada, Alberta, Bow River; 00560. decomposition, calcium carbonate, solubility, surface water quality, sewage water, eutrophication, Jordan, King Talal Reservoir; 13333. deep sea sediment, productivity, anoxic, sedimentation rate, 00171. delta sediment, shelf sediment, sulphate, iron sulphide, reduction, anoxic sediment, pyrite, sedimentation rate, USA, Mississippi River Delta; Gulf of Mexico; USA, Texas; USA, Louisiana; 09359. electron acceptor, biological process, sediment-water interface, cycling, diagenesis, 02450. elemental carbon, woodsmoke, aerosol, sampling, carbonaceous aerosol, intercomparison, USA, California, Claremont; 02057. fjord, bacterial biomass, Hypsithermal period, Neoglacial, Little Ice Age, sedimentation rate, flux, preservation, Canada, Baffin Island; 04975. foraminifera, factor analysis, continental margin, radiolarian, calcium carbonate, Arabian Sea; 03666. fuel layer, PAH, emission, combustion, crude oil, pollution, smoke, oil spill, 05538. gas-to-particle conversion, secondary formation, carbonaceous aerosol, aerosol, carbon concentration, USA, California, Los Angeles Basin; 13655.

heavy metal, biodegradation, waste, pollutant, bottom sediment, Venezuela, Tuy River Basin; 08199. inorganic carbon, nutrient, sediment transport, Carbon in the Amazon River Experiment, biogeochemisry, river system, surface water quality, spatial distribution, temporal distribution, Brazil, Amazon River; 12211. landfill, leachate, heavy metal, sewage, USA, New York City, Jamaica Bay; 08197. maize, cultivation, mineralisation, carbon, carbon-13, tillage, 07340. marsh, delta plain, accretionary budget, subsidence, USA, Louisiana, Mississippi River, Barataria Basin; 00038. methanogenesis, organic acid, groundwater chemistry, aquitard sediment, aquifer geochemistry, microbial activity, sulphate reduction, iron reduction, 11063. microalgae, biomass, bloom, fishery, 03584. nitrate, phosphate, agricultural pollution, river discharge, weathering, Europe; 08157. nitrogen, enzyme activity, grass legume association, carbon, phosphatase, urease, protease, 10896. nitrogen, microbial biomass, tillage, crop residue, zero tillage, fertiliser application, Australia, Queensland, Warwick, Hermitage Research Station; 13232. nitrogen, phytoplankton, upwelling, productivity, biogeochemical cycle, Pacific, (North-east); 02466. nutrient deficiency, soil chemical property, tropical soil, organic matter, decomposition, grazing, savanna, Nigeria, Guinea Savanna Zone; 13295. organism, peat horizon, sedimentary peat, aquatic organism, plant, Canada, British Columbia, Vancouver Island; 02434. oxidation, sinking, continental shelf, sea floor, USA, California; 03659. oxygen, carbonate system, sea water, dissolution rate, decomposition, Pacific, (North); 10638. oxygen, lake, isotopic composition, carbonate mineral, Ghana, Lake Bosumtwi; 11793. PAH's, PCB congener, lake water quality, sediment trap flux, benthic recycling, USA, Great Lakes, Lake Superior; 13334. PAHs, laboratory experiment, pollutant, partitioning, Australia, Queensland, Brisbane River Estuary; 04797. particle cycling, sea water, energy cycling, microorganism, virus, faecal pellet, Pacific, (North); 08289. pelagic system, sedimentation, sea floor, particle flux, carbonate, Norwegian Sea; 03670. phthalate, alkane, pinon aldehyde, aerosol, long range transport, ozone, photochemistry, particulate matter, dicarboxylic acid, nitrate, Japan; 00852. piston core, Bolivina pacifica, benthic foraminifera, palaeoceanographic change, global climatic change, paleoenvironmental change, Japan Sea; 10751. pollen, forest, diatom, lake sediment, fish, Finland, Lake Jarvenjarvi; 04722. productivity, oxygen profile, redox, carbon cycling, phosphorite, 03570. Proterozoic(Upper), diagenesis, metamorphism, sea water, isotopic composition, carbonate, Namibia; 09463. Proterozoic, Virginia Formation Biwabik Formation, thermal aureole, kerogen, USA, Minnesota, Animikie Basin; 11790. protokerogen, pyrolysis, maceral composition, aliphatic hydrocarbon, 03567. radiocarbon dating, lake sediment, Pleistocene, accelerator-mass spectrometer, chronology, USA, Great Basin, Bonneville Basin; Lahontan Basin; USA, Great Basin, Franklin Basin; 02317. rainforest soil, tropical soil, organic matter, deforestation, burning, cultivation, Latosol, Brazil, Amazon, Manaus; 09750. redox condition, goethite, carbon, soil colour, mineral surface, 07375. river, hydrological cycle, precipitation, river runoff, terrestrial source, nitrogen, phosphorus, sulphur, 12217. sea bed, oxidation, sediment-water interface, diffusive flux, pore water profile, Indonesia, Savu Basin; 00182. seasonality, particulate matter, fatty acid, organism, organic matter, biogeochemistry, Arabian Sea; 01348. sediment remobilisation, continental shelf, continental rise, accumulation rate, bioturbation, USA, New England; Atlantic, Middle Atlantic Bight; 09360. sedimentation rate, carbonate, productivity, hydrographic, Sea of Marmara, Izmit Bay; 03543. sedimentation, upwelling, epigenesis, diagenesis, barium, Peru; 01342. soil microorganism, CNMR analysis, chemical structure, 00376. source potential, Cretaceous, Mancos Shale, Tocito Sandstone, USA, New Mexico, San Juan Basin; 11788. speciation, manganese, interstitial water, Japan, Lake Fukami-ike; 10528. sulphate, carbon fraction, carbon solubilisation, forest soil, decomposition rate, throughfall solution, 13249. sulphater eduction, pyrite, sulphur, carbonate, Cretaceous(Upper), phosphorite, sulphur sink, Israel; 09464. surface water quality, carbon balance, macroinvertebrate, benthic biomass, France, Bessines, Gartempe River; 09827. Tard Clay, kerogen, volcanic ash, anoxic cycle, Oligocene, Hungary, Budapest; 03663. terrigenous material, river, bottom transport, Mediterranean Sea, Gulf of Lions; France, Rhone River; 05962. transgression, upwelling, phosphorite, weathering, shelf sediment, 05903. turnover time, benthos, biomass, deep sea floor, sediment trap, Atlantic, (Northwest); 03575. Walkley-Black procedure, dry combustion method, organic matter, mineral soil, clay, loss on ignition, Dumas method, New Zealand; 13281. water quality, heavy metals, bottom sediment, anthropogenic activity, trace metal, India, Cochin; 04736. water soluble contaminant, compost, waste disposal, groundwater quality, heavy metal, pollution, 13431.

organic carbon content
dryness index, carbon, climatic change, 09740. grain size distribution, upwelling region, Ocean Drilling Program, stratigraphy, sedimentation rate, oxygen isotope composition, Pacific; Peru; 00272. soil water, cassava, tillage, 03954. trichloroethylene, vapour partition coefficient, specific surface area, sorption, 08586.

organic carbon cycle
geochemical evolution, dissolved organic carbon, liquid chromatography, groundwater dating, recharge zone, groundwater residence time, gas chromatography, mass spectrometry, carbon-14 dating, groundwater biogeochemistry, 04141.

organic carbon distribution
porosity, bulk density, aggregate size, cultivation, 01544.

organic carbon oxidation
magnesium, isotopic evidence, hydrogeochemical process, groundwater chemistry, carbonate chemistry, calcite saturation, strontium, sulphate reduction, methane fermentation, sodium calcium ion exchange, calcite dissolution, nitrate reduction, saline groundwater, UK, England, Lincolnshire Limestone; 11081.

organic carbonyl compound
sulphate, sulphite, cloud water chemistry, aerosol, ammonia, ammonium, hydrogen peroxide, nitrate, nitric acid, organic acid, USA, California, Sierra Nevada; 04426.

organic chemical
urban fog, fog, deposition, alkane, PAHs, PCB's, hydrophobic chemical, 13694.

organic chemical sorption
organic carbon, aqueous solubility, octanol water partition coefficient, sorption coefficient, molecular connectivity, 08597.

organic complex
silylation, humate metal ion complex, plutonium complex, calcium complex, iron complex, copper complex, extraction procedure, 08604.

organic component
silt loam soil, carbon pool, cropping system, wet aggregate stability, aggregate stability, 08567.

organic compound
aquiculture, bottom sediment, chlorobenzene, benzene concentration, Japan, Honshu, Ise Bay; Nagoya City; Japan, Honshu, Yokkaichi City; 09392. Crank-Nicolson finite difference scheme, particle size distribution, particulate, radial diffusion model, gas particle sorption kinetics, 05536. dew, pollution, forest ecosystem, deposition, fog, Europe; 00884. fog water chemistry, wood burning community, industrial zone, deposition chemistry, formic acid, atmospheric deposition, acetic acid, formaldehyde, USA, Oregon, Corvallis; 12150. fog water, carbonyl, hydroxyalkanesulfonic acid, formaldehyde, Italy, Po Valley; 06603. formaldehyde, organic acids, hydrocarbon, peroxyacetyl nitrate, nitrogen oxide, ozone, hydrogen peroxide, sulphur oxides, long range transport, photochemical oxidant, chemistry-dispersion model, nitric acid, nitrate aerosol, Japan; 02012. fuel additive, tert butyl alcohol, dimethyl ether, diethyl ether, methyl tert butyl ether, ethyl tert butyl ether, urban NHMC mix, ozone forming potential, oxygenated compound, 11301. hexadecyltrimethylammonium, clay mineral, organo clay, sorbent efficiency, sorption isotherm, 10871. industrial wastewater, surface water quality, urban runoff, organic carbon, dam, reservoir outfall, sewage treatment, run off, oxygen, Canada, Alberta, Bow River; 00560. infiltration, unsaturated zone, groundwater contamination, vapour phase transport, dispersion, solute transport, volatilisation, 11076. nitrogen compound, potassium fertiliser, fertiliser application, sod podsolic soil, USSR, Ramenskaya; 10876. podzolic soil, manganese compound, manganese transformation, compound migration, 10893. pollution, radioactivity, volcanic activity, residence time, long range transport, continent to ocean transport, meteorological regime, transport process, trace element, mineral aerosol, sulphur, nitrogen, 11304. relative humidity, gas to particle partitioning, adsorption theory, semivolatile organic chemical, aerosol, 12551. river discharge, hydrocarbon, photo oxidation, Thailand, Gulf of Thailand, Chao Phraya River; 04796. sample transport, sample storage, water sample, volatile organic compound, water quality analysis, 07443. specific conductance, dissolved oxygen, contaminant plume, bacterial growth, heterotrophic activity, chemical gradient, vertical sampling, microbiological gradient, groundwater quality, unconfined aquifer, nitrate, USA, Massachusetts, Cape Cod; 13434. thermal degradation, montmorillonite, nitrogen, carbon, clay-organic complex, 00168. vapour particle partitioning, semivolatile organic compound, PCB's, PAHs, organochlorine pesticide, n alkane, carbon preference index, USA, Colorado, Denver; 06579. wheat, microbial carbon, microbial nitrogen, mineralisation, decomposition, soil size fraction, adsorption, 10870.

organic compounds
groundwater contamination, environmental release, water quality analysis, conductivity, pH, chloride, ammonia nitrogen, cyanide, chemical oxygen demand, mercury, Spain, Catalonia, Les Franqueses del Valles; 11059. halocarbon, hydrocarbon, transport, methane, long range transport, 11305.

organic contaminant
contaminant transport, groundwater quality, advection dispersion model, landfill, mass transport model, transport model, biodegradation, Canada, Ottawa, Gloucester; 09906. dissolved phase, suspended matter, particle partitioning, salinity, turbidity, fresh water seawater interface, surface water quality, hydrocarbon transport, hydrocarbon fate, particulate phase, France, Rhone River; China, Huanghe River; China, Changjiang River; 08738. gas works, PAH, volatile organic compound, groundwater contamination, USA, Washington, Seattle, Gas Works Park; 04140. sediment storage, contaminant transport, fate, contaminant mass balance model, octachlorostyrene, caesium, PCBs, lake water quality, North America, Great Lakes, Lake St Clair; 02856. trace substance, atmospheric input, soil contaminant, heavy metal, soil acidification, UK; Scandinavia; 10901. volatile organic solvent, chalk aquifer, groundwater contamination, sampling method, pore water, micropore, 11075. waste disposal, groundwater contamination, leachate, radioactive waste, USA, South Carolina, Barnwell; Illinois, Sheffield; 11071.

organic contaminant attenuation
groundwater quality model, oxygen transport, biodegradation modelling, 00606.

organic contaminant load
water column, transparency, chlorophyll, dissolved oxygen, monitoring, irrigation water quality, wastewater reservoir, BOD, Israel; 04163.

organic contamination
soil water system, micelle, PAH, surfactant, solubilisation, 07031.

organic content
lead, zinc, sediment transport, effluent, heavy metal, sediment texture, UK, England, Norfolk, Yare River; Broads; 08204.

organic deposit
climatic optimum, Sangamon Interglaciation, modern analog, Sangamonian, forest history, climate, Canada, Atlantic Coast; 07261. last interglacial age, nonglacial deposit, Missinaibi Formation, peat, Owl Creek bed, substage 5e, amino acid result, Beaver River peat bed, palaeoecology, Canada, Ontario; 07258. till, silt, Torrie Silt, Windermere Interstadial, Loch Lomond Stadial, valley glacier, Devensian(Late), UK, Scotland, Perthshire, Teith Valley; 06149.

organic emission
alternative fueled vehicle, ozone, fuel, methanol, ethanol, 06572. benzo(a)pyrene, seasonal variation, trend, PAH's, mutagenic activity, benzo (g,h,i)perylene, vehicle, USA, California, San Francisco Bay; 11408.

organic facies
maturity, aryl isoprenoid, biomarker, Sunniland Limestone, USA, South Florida Basin; 03661. palaeoenvironmental interpretation, coal, Cretaceous, Otway Group, Australia, Otway Basin; 02465.

organic fluid
consolidometer, kaolinite, montmorillonite, Lockport clay, dielectric constant, permeability, soil, 11889.
organic forest soil
surface water quality, acidification, acid stream, discharge pH relationship, aluminium speciation, 13388.
organic fraction
paleosol, loess-paleosol sequence, pretreatment technique, radiocarbon dating, evaluation, China, Xian; 02589.
organic fumes
toxicological limit, volatile organic pollutant, oxygen, carbon dioxide, carbon monoxide, pollution, 03256.
organic geochemistry
n alkanoic acid, Beacon Supergroup, sedimentary rock, weathering, Antarctica, Victoria Land, McMurdo Dry Valleys; 07440.
organic horizon
acid forest soil, proton buffering, soil acidification, forest soil, granitic soil, phyllitic soil, basaltic soil, Germany, Bavaria; 12059. ammonium, nitrate, nitrogen deposition, nitrogen retention, forest soil, 13241. storage, carbon, nitrogen, UK, Scotland; 02761.
organic hydroperoxide
free radical reaction, hydroperoxy radical, acid formation, nitric acid, sulphuric acid, analytical technique, hydrogen peroxide, 04416. hydroxymethyl hydroperoxide, ozone, biogenic hydrocarbon, alkene, hydrogen peroxide, 10184.
organic iodine
biogeochemical process, geochemical tracer, sea water, iodine, iodate, USA, Chesapeake Bay; 09458.
organic iron complex
catchment hydrology, chemical composition, environmental genesis, hydrological process, iron complex, reservoir hydrology, water colour, surface water quality, discolouration, 13353.
organic lead compound
PAH, pollution, motor vehicle, soil profile, lead, cadmium, copper, UK, England; 00819.
organic ligand
ligand, zinc, adsorption, lateritic soil, 07372.
organic material
anthropogenic source, metal level, zinc, cadmium, lead, copper, Yugoslavia, Adriatic Sea, Limski Kanal; 01260. carbon-14 preparation, radiocarbon dating, sample preparation, 02570. lake water quality, ecosystem stability, acid water treatment, buffer, inorganic base, fertiliser, 07482. lipid, turbidite, biomarker, organism, submarine fan, Indian Ocean, Bengal Fan, Hole 717C; 09465. sulphate, reduction, freshwater, lake sediment, iron, manganese, porewater, bacteria, 03525. trace metal, fossil, burrow, Pleistocene, sand, USA, Georgia, Georgia Bight; 01314.
organic matter
accumulation rate, varve counting, organic carbon, bottom sediment, anoxic basin, Black Sea; 10651. adsorption, ion exchange, marine sediment, magnesium, sea water, diagenesis, 08275. aerosol, hydrocarbon, beta carotane, petroliferous source, microbial source, China, Beijing; Guiyang; 13745. afforestation, carbon-14, 02798. aggregation, surface tension, hydrocarbon, 11784. altitude, India, Aravalli Ranges; 02811. altitudinal effect, volcanic soil, weathering, humus, Andosol, Mexico, Sierra Nevada, Iztaccihuatl Volcano; 08619. aluminium oxide, iron oxide, phosphate adsorption, 03967. aluminium, acidic solution, forest soil, calcium sulphate, leaching solution, infiltration, Cecil soil, 12075. amino acid, biomarker, diagenesis, Quaternary, China, Xinjiang, Chiawobao; 07108. amino compound, carbohydrate, ammonia, pore water, Arabian Sea, Oman Margin, ODP Site 723; ODP Site 724; 11805. anhydrous ammonia, Drummer soil, chemical fixation, USA, Illinois; 00416. anoxic, nitrate, sulphate, methanogenesis, lagoon, France, Marseille, Etang de Berre; 01207. anthropogenic nutrient, nutrient, estuary, fresh water, hypoxia, mixing, Adriatic Sea; Yugoslavia, Krka Estuary; 09386. anthropogenic, brackish water, lake, gravel bar, Japan, Kamikoshiki Island; 10540. asphaltene, oil, antioxidant, organism, diagenesis, 07087. atoll lagoon, pearl, fishery, productivity, lagoonal flux, Pacific, French Polynesia, Tuamotu Archipelago; 11714. available water capacity, prairie soil, Mollisol, forest soil, Entisol, Alfisol, sandy Mollisol, jack pine forest, total nitrogen, USA, Minnesota; 08617. bacteria, aluminium, adsorption, particulate material, 04836. bacteria, nitrogen, water sediment interface, bioturbation, marine sediment, 08277. bank erosion, sediment source, pollutant, natural tracer, salt wedge, estuary, suspended matter, Germany, Elbe Estuary; 03542. barite, oxygen, upwelling, Antarctic Circumpolar Current, Southern Ocean; 08194. basin, clay, lake, delta, headwater, New Zealand, Lake Te Anau; 10529. basin, Weichselian, fresh water sediment, terrigenous isotope, sulphate, sulphide, Indonesia, Halmahera Island, Kau Bay; 10647. benthic boundary layer, sediment trap, sedimentation rate, shelf area, Mediterranean Sea, Gulf of Lions; 05854. benthic community, euphotic zone, continental margin, camera tow, sea floor, Atlantic, Georges Bank; 07018. biogeochemistry, organic carbon, seasonality, particulate matter, fatty acid, organism, Arabian Sea; 01348. biomarker, saline sediment, bacteria, carboxylic biomarker, lake sediment, China, Hubei Province, Jianghan Basin; 01210. biomass, phenol, humic compound, brackish lagoon, lagoon, France, Golfe du Lion; 12846. black shale, Cretaceous, anoxia, sapropel, euxinic basin, 04852. black shale, megacyclothem, pyrite, Virgilian, Pennsylvanian, USA, Kansas; 01337. boreal region, peatland, high apparent molecular weight, mining, drainage, Finland, Kiiminkioki River; 07102. boron, adsorption, acid soil, India, West Bengal; 00484. boron, edaphic parameter, pH, 00417. bottom topography, nitrogen, post industrial sediment, pore water chemistry, current, particle deposition, North Sea, Skagerrak; 08182. burial depth, organism, aromaticity, diagenesis, mud, buried sediment, Peru; 01340. carbon budget, biogenic carbon, isotope ratio, bloom, sedimentation, Canada, St Lawrence Estuary; 09341. carbon content, nitrogen content, semiarid soil, humic fraction, cultivated soil, carbon, nitrogen, Spain, Duero Basin; 10940. carbon dioxide, aquifer, groundwater, bacteria, buried sediment, microorganism, reduction, USA, Atlantic Coastal Plain; 02437. carbon, phosphorus, nitrogen, labile form, rangeland, cultivation, USA, Great Plains; 09744. carbon-14, carbon cycle, 02799. carbon-14, lead-210, caesium-137, downward movement, trace element transport, 02763. carbonate, hypersaline environment, sabkha, organosedimentary facies, Holocene, diagenesis, United Arab Emirates, Abu Dhabi; 07107. carbonate, marine geology, pollution, eutrophication, sedimentation, heavy metal, India, Kerala, Mahe Estuary; 08208. carbonisation, graphitisation, Precambrian, kerogen, black shale, Proterozoic, Czechoslovakia, Bohemian Massif; 07103. catagenesis, temperature, oxidation, hydrothermal solution, oil, molecular structure, 11780. cementation, shale, sandstone, categenesis, 12965. Cenozoic, upwelling, deep sea sediment, accumulation rate, Pacific, Peruvian Continental Margin; 02470. charcoal, carbon-13, microaggregate, turnover, 00449. clay mineral, dolocrete, Tertiary, groundwater, Dammam Formation, Kuwait, Kuwait City; 04816. clay mineral, thermal history, hydrocarbon, smectite, Neogene, Czechoslovakia, Transcarpathian Depression, Vienna Basin; 05917. climatic change, compaction, peat bog, accumulation rate, Argentina, Tierra del Fuego, Andes; Chile, Patagonia, Andes; 00306. coal petrology, petroleum, terminology, burial, 12966. complexation, lake, phosphate, interstitial water, mineralisation, Netherlands, Loosdrecht Lakes; 11666. contaminant, PAH, smelting, sedimentation rate, industry, Canada, Quebec, Saguenay Fjord; 00103. continental margin, current, suspended matter, carbonate, Mediterranean Sea, Gulf of Lions; France, Rhone River; 05860. continental margin, oil, gas, hydrocarbon, PAH, 07058. copper, plant availability, soil copper fraction, copper fractionation, sesquioxide, Canada, Saskatchewan; 13282. copper, productivity, trace element, sea water, ferromanganese nodule, 00083. Cretaceous(Upper), phosphorite, black shale, humic acid, oxidation, oil shale, Morocco, Oulad Abdoun Basin; Timahdit Basin; 07104. decarboxylation, cement, sandstone, isotope, Permian-Triassic, carbonate, oxidation, Spain, Iberian Range; 01325. decomposition, grazing, savanna, organic carbon, nutrient deficiency, soil chemical property, tropical soil, Nigeria, Guinea Savanna Zone; 13295. decomposition, Miocene, upwelling, pyrite, 12970. deforestation, burning, cultivation, Latosol, organic carbon, rainforest soil, tropical soil, Brazil, Amazon, Manaus; 09750. deionized water, Fractogel TSK, humus, gel permeation chromatography, 05088. delta, cycling, biomass, terrigenous material, coastline, lipid, Spain, Ebro Delta; 05825. density, colour, Pliocene, Pleistocene, ooze, nannofossil, periodicity, terrigenous sediment, Arabian Sea, Owen Ridge, ODP Site 722; Oman Margin, ODP Site 728; 12833. diagenesis, benthic fauna, mineralisation, productivity, oxidation, 10635. diagenesis, carbonate, sea water, pore water, interstitial water, 05946. diagenesis, Cretaceous, shale, Lea Park Formation, Western Interior seaway, terrestrial index, Canada, Saskatchewan; 05947. diagenesis, diatom, geotechnical, Atterberg limits, shear strength, Peru, Continental Margin; 04703. diagenesis, DOC, deep sea sediment, pore water, pelagic sedument, degradation, 03574. diagenesis, vitrinite reflectance, illite crystallinity, tectonics, palaeotemperature, Italy, Ligurian Apennines; 09420. dinoflagellate, Maastrichtian, Wang Formation, cyst, palynofacies, nappes, France, Western Alps; 04859. Dorset Formation, Jurassic, planktonic algae, kerogen, source rock, chemical mapping, UK, England, Dorset; 07097. enrichment culture, fresh water sediment, sulphate reducing bacteria, bacteria, mineralisation, Germany, Lake Constance; Switzerland, Lake Constance; 09337. estuary, pollutant, anthropogenic metal, mud flat, salt marsh, UK, England, Severn Estuary, Tites Point; 09383. eutrophic environment, organism, trap sample, upwelling, particle flux, sedimentation, 09453. faecal pellet, lipid transformation, sterol, fatty acid, microbial activity, zooplankton, 12969. fatty acid, cutin, plant species, tissue, terrigenous material, 05944. fish, mercury, lake sediment, Canada, Saskatchewan; 12842. flocculation, dispersion, arid zone soil, clay dispersivity, structural stability, aluminium oxide, iron oxide, 08570. forest fallow, pH, nutrient, Nigeria, Kwara State, High Plain of Yorubaland; 06251. forest-grassland, cation exchange capacity, savanna soil, atmospheric element source, soil chemical property, vegetation gradient, Venezuela, Orinoco Llanos; 12103. gas, continental shelf, nitrogen, sediment burial, Pacific, (North); 07013. geothermal history, sedimentation, basin, rift sediment, tectonics, Gabon; Congo; 03632. Green River Shale, lipid, biomarker, glycerol ether, methanogenesis, alkane, USA, Colorado, Piceance Creek; 03660. halocline, sedimentation, phosphorus, productivity, stratification, Baltic Sea; 10650. humic acid, carbon-14, Sod-Podzolic soil, humus, 00404. humic substance, sediment-water interface, continental shelf, biogeochemical cycle, microflora, Mediterranean Sea, Gulf of Lions; 12880. hydraulic conductivity, leaching, saline sodic soil, 01694. hydrogeology, groundwater origin, water colour, water treatment, Denmark, Jutland, Ribe County; 07555. inorganic aluminum, buffer capacity, water quality deterioration, acidification, lake water quality, anthropogenic effect, atmospheric deposition, Finland; 13341. interstitial water, diagenesis, coral reef, sulphate, oxidation, USA, Hawaii, Oahu; 04754. interstitial water, dissolved organic carbon, redox zone, amino acid, sedimentation rate, Tyrrhenian Sea; 00186. intertidal sediment, oxygen, denitrification, nitrogen, Wadden Sea; 11791. ionbinding reaction, adsorption, dissolution, acidification, surface water chemistry, aluminium exchange, cation exchange fractionation, organically complexed aluminium, 13386. iron oxide, iron availability, solubilisation, 09674. iron, reduction, Rickard's rate laws, diagenesis, sulphur, pyrite, marine sediment, 01329. isotopic composition, carbonate sediment, calcite, aragonite, dolomite, sulphate, Red Sea, Shaban-Deep; 04819. isotopic composition, terrigenous matter, biozone, Quaternary, suspended material, Africa, Congo River; 10520. kerogen, burial depth, thermal history, phosphorite, diagenesis, sedimentation, 03658. kinetics, anoxic sediment, sulphate reduction, acetate determination, mineralisation, USA, Alaska, Skan Bay; 09474. lake sediment, palaeolimnology, sulphate, carbon, nitrogen, hydrogen, 04719. lake, river diversion, climate change, Quaternary, USA, Nevada, Walker Lake; 02316. land snail shell, stable carbon isotope ratio, Chenopodiaceae, rainfall, Holocene(Middle), Israel, Negev Desert; 03878. macrophyte, algae, bacteria, bioturbation, salt marsh sediment, USA, South Carolina, Georgetown; 02436. macrophyte, standing stock, discharge, USA, Idaho, Snake River; 10517. manganese, Cretaceous, anoxic water, Cenomanian, Turonian, isotopic composition, 12974. manure application, carbon, nitrogen, carbohydrate, silt loam, particle-size fraction, 12060. manure, decomposition, com-

posting, humic substance, 07355. marine particle, particulate matter, radionuclide, 08309. marine sediment, diagenesis, interstital water, phosphorus, 00116. marine snow, algal bloom, floc formation, algal floc, coagulation, 01330. marsh, sediment budget, coastal erosion, vertical accretion, wetland soil formation, subsiding, mineral, USA, Louisiana, Mississippi Delta; 03903. metal binding, arsenic, chromium, copper, soil pollution, Denmark; 13263. metal, organism, Precambrian, black shale, USSR; 11794. methanogenesis, carbon cycling, freshwater, macrophyte, plant, salinity gradient, USA, North Carolina, White Oak River Estuary; 03538. microaggregate, aggregate, fractal geometry, 00084. microorganism, apatite, phosphorite, biomineralisation, 09429. microspectrofluorimetry, Lamberts Law, fluorescence, opalin glass, spectral radiance standard, 11821. mineral particle, sediment, estuary, particulate matter process, suspended matter, deposition, clay mineral, 12216. mineral soil, clay, loss on ignition, Dumas method, organic carbon, Walkley-Black procedure, dry combustion method, New Zealand; 13281. mineralisation, microbial decomposition, anaerobic condition, topsoil, ammonia gas, sensing electrode, restored soil, soil restoration, 08573. minor sediment element, coal, diagenesis, Carboniferous, UK, England, Northumberland Trough; 05956. mud-water interface, Eh, oxygen, trace metal, India, Kumaun Region, Lake Bhim Tal; 00034. nitrogen mineralisation, burning, slash burned site, forest floor material, Canada, British Columbia; 09741. nitrogen, glacial deposit, alluvium, aerial photograph, land clearing, Canada, British Columbia, Fraser Lowland; USA, Washington, Fraser Lowland; 08612. NMR, humic acid, fulvic acid, humus, leaching, aromaticity, swamp water, Australia, New South Wales, Myall Lakes; 05958. nutrient element, tropical soil, plantation geochemistry, rubber plantation, China, Hainan Island; 08634. nutrient load, water quality, reservoir hydrochemistry, salinity, oxygen regime, Asia; 00539. nutrient, bottom sediment, suspended matter, reservoir, sedimentation, USSR, Dneiper River; 10524. nutrient, spatial variability, remote sensing, biogeochemistry, river, surface water chemistry, 12209. nutrient, trace metal, 09375. ocean circulation, nutrient, organism, chlorophyll, plankton, phytoplankton, Pacific, (Equatorial); 11802. oil shale, kerogen, hydrocarbon, source rock, lake, 10612. oil, alkane, biomarker, palaeoenvironment, China; 07110. Orcadian Basin, lacustrine facies, biomarker, thermal maturity, Devonian, UK, Scotland; 08283. organic nitrogen, nitrogen mineralisation, potential mineralisation rate, cropping practice, Chernozem, Canada, Saskatchewan, Indian Head; 13240. organism, bacteria, smelter, point source, PCB, organochlorine, North Sea; 08213. organism, monsoon, upwelling, lipid, Miocene, Arabian Sea, Owen Ridge; 11807. organometallic form, algal mat, geothermal water, organism, bacteria, New Zealand, Rotokawa; Waimangu; 01319. oxidation, redox reaction, carbonate, deep sea sediment, abyssal plain, Atlantic, (North); 01247. oxygen isotope stage, ooze, bioproductivity, sedimentation rate, Norwegian Sea; Greenland Sea; 12882. Palaeocene, phosphorus, nitrogen, Nissenbaum, fulvic acid, Tunisia, Gafsa Basin; 00129. palaeoenvironment, biomass productivity, Tethys, source rock, Toarcian, 07086. paleosol, clay mineralogy, silt, hydromorphic paleosol, Spain, Duero Basin; 12995. palynofacies, palynology, oxbow lake, flood basin, levee, backswamp, crevasse splay, Venezuela, Orinoco Delta; 09344. particle size fraction, corn, meadow, aggregation, 05068. particle, biochemical marker, non aromatic hydrocarbon, alkene, estuary, France, Loire Estuary; 12857. peloid, phosphate, Cretaceous, biogenic detritus, phytoplankton, Turkey, Mardin, Mazidag-Derik; 00130. petroleum, geochemical data, source rock, diagenesis, Indian Ocean; Arabian Sea; 07014. petroleum, Rock Eval, pyrolysis, biopolymer, Norway, Skagerrak; 05967. phenol, nepheloid layer, hydrocarbon, water column, delta, nitrogenous compound, Mediterranean Sea, Gulf of Lions; France, Rhone Delta; Mediterranean, Gulf of Lions, Lacaze-Duthiers Canyon; 05963. phosphate, upwelling, limestone, continental shelf, calcite, algal nodule, 04843. phosphorite, diagenesis, hydrocarbon, humic acid, Peru; 00125. physical separation, soil separation method, size fraction, particle size separation, 09724. plankton, biomarker, fresh water, terrestrial marker, fatty acid, France, Rhone Delta; 12858. Pleistocene, palaeoceanography, dust, cycle periodicity, upwelling, Indian Ocean; Arabian Sea; 11660. plutonium, radionuclide, americium, UK, England, Cumbria; 09702. polynuclear aromatic, hydrocarbon, bottom sediment, bitumen, Weddell Sea; 05960. pore water, Cretaceous, coal, till, hydrogeologic characteristic, groundwater, Canada, Alberta; 08148. pore water, dolomitisation, magnesium, calcite, 10639. potash, palynology, evaporite, Rhinegraben, Oligocene, France, Alsace, Mulhouse; 07053. potassium calcium exchange, exchange equilibrium, Anglberg, Ottenhofen, Buchhofen, potassium, Germany; 08588. production degradation process, eutrophication, chemical oxygen demand, total organic carbon, biochemical oxygen demand, surface water quality, lake water quality, nutrient, inflow river, carbon, nitrogen, phosphorus, discharge, Japan, Lake Kasumigaura; 11020. productivity, anthropogenic influence, estuary, delta, surface property, suspended solid, Mediterranean Sea; France, Rhone River Delta; Yugoslavia, Krka River Estuary; 11715. pyrolysis, Rock Eval, kerogen, bitumen, petroleum, 05975. Quaternary, marine deposit, methane, gas, Denmark, Jutland; Kattegat Sea; 04858. rainfall-runoff modelling, infiltration, stone cover, semiarid hillslope, gravel, hillslope hydrology, vegetation cover, rainsplash, overland flow, USA, Arizona; 13321. rainforest soil, soil particle migration, soil transformation, forest clearance, tillage, burning, Brazil, Amazon; 09749. redbed, redox state, stratiform, Kupferschiefer, pyrite, 00170. redox, sedimentation, sulphur, oceanic water, reduction, oxidation, disproportionation, 05942. reservoir property, diagenesis, distributary channel, Carboniferous, transgression, sandstone, UK, England, Yorkshire, Trumfleet Field; 12980. river sediment, pollution, adsorption site, particle size, PAH, 03585. runoff process, industrial emission, basin sedimentation, plutonium, Sweden, Gulf of Bothnia; 09384. salt marsh, sulphur, humic substance, iron, marsh sediment, USA, Delaware; 10642. scavenging, sea water, particulate sorption, particulate matter, rock weathering, 09449. sea water quality, carbonate dissolution, alkalinity, calcium, salinity, mixing, acid rain, Baltic Sea; 04072. seafloor, Miocene, CCD, bottom current, nodule, fracture zone, manganese, Pacific, Clipperton Fracture Zone; Clarion Fracture Zone; 12887. seasonality, ECOMARGE program, continental slope, biogenic matter, nepheloid matter, Mediterranean Sea, Gulf of Lions; 05859. sediment concentration, eutrophic lake, anthropogenic activity, lake, trophic state, Japan; 06974. sediment, napropamide, pesticide sorption, herbicide, fractionation, 07349. sedimentation, lignin, chitin, marine sediment, Miocene, Indian Ocean, Indus Fan; Arabian Sea, Owen Ridge; Arabian Sea, Oman Margin; 11808. selinium, soil, USA, California; 04007. sewage, environmental quality, water quality, indicator species, UK, England, Humber Estuary; North Sea; 00039. sewage, flocculation, biogeochemical process, bottom water, pore water, copper, USA, Washington, Puget Sound; 09379. shale, inductively coupled plasma-mass spectrometry, organometallic complex, metalloporphyrin, iron porphyrin, 02485. shale, Ninnescah Shale, Permian(Early), redbed, concretion, carbonate, USA, Kansas; 09317. shelf sediment, sand, gravel, mud, clay, carbonate concentration, Turkey, Sea of Marmara, Dardanelles; Bosporus; 08173. slurry, metal, mobility, diagenesis, degradation, 01253. sod-podsolic soil, humus, mineralisation, 12058. soil boundary, soil survey, magnetic susceptibility, particle size distribution, USA, Oklahoma; 09651. soil chemical property, Chernozemic zone, soil transformation, rangeland, succession, abandoned cropland, Canada, Alberta; 08613. soil chemistry, 09649. soil cohesion, soil structure, water suction, unsaturated sand soil, 09654. soil structural change, microaggregate structure, clay leaching, ferrallitic soil, Oxisol, Cameroon; 09767. soil structure, aggregate stability, soil porosity, nitrogen supplying capacity, crop rotation, farming system, soil property, New Zealand, South Island, Canterbury Plains; 09778. source area, oil shale, ironstone, coal, minor element, mineralization, UK, Scotland, Westfield Opencast Site; 02460. source rock, maturity, rank, fluorescence, vitrinite reflectance, thermal evolution, oil, 11785. spoil, sulphur, lake, mine drainage, strip mine, pore water, USA; 09327. spreading centre, hydrothermal deposit, sulphide, sulphate, silica, Pacific, East Pacific Rise; 12886. static stability, aggregate, marine snow, pycnocline, carbon-nitrogen ratio, Pacific, (North); 02467. submersible, bacteria, microbial population, water-sediment interface, deep sea sediment, Atlantic, Bay of Biscay; 03650. substrate composition, suspended particulate matter, trophic structure, deforestation, river disturbance, surface water quality, thermal regime, benthic matter, USA, Maine, Piscataquis River; 12199. sulphate, anoxic sediment, continental slope, reduction, oxidation, Peru, ODP Site 680; ODP Site 688; 01244. sulphur compound, thiophene, thiolane, thiane, benzothiophene, maturity, oil, 07089. sulphur, tidal marsh, soil classification, physiographic position, Spain, Ria de Betanzos; 02805. surface water, lake, water, fluorescence, spectroscopy, 02263. suspended matter, sediment accumulation, nepheloid layer, plume front, France, Rhone River; 08284. tectonics, weathering, trace metal, carbonate, Israel; 11796. tectonism, source rock, anoxic lake, stratification, climate, Zaire, Lake Tanganyika; Tanzania, Lake Tanganyika; 11670. Tertiary, paleosol, humic acid, epicuticular wax, Canada; Arctic; 04004. Tethys, Jurassic, palaeoenvironment, Rhaetian, Bajocian, geotechnical investigation, Switzerland, Jura Mountains; 04835. thermal maturation, Carboniferous, shale, depositional history, anoxic lake, 04695. thermal maturity, coal, biomarker, hopanoid, shale, China, Funan; 07109. trace metal, pyrite, diagenesis, sulphide, anoxic sediment, 01359. trap, stratification, settling rate, seston, Italy, Lago di Mergozzo; 12850. upwelling, oxygen, sedimentation, kerogen, Arabian Sea, Oman Shelf; 11806. upwelling, pigment, mud, carotenoid, biomarker, Pacific, Peru Margin; 01347. upwelling, terrigenous, desert, bacterial mat, total organic carbon, pyrolysis parameter, Pacific, Peruvian Coast; (East-central); 02469. urease inhibitor, urea, hydrolysis, nitrogen, alkaline soil, nitrogen immobilisation, straw amendment, Belgium; 13233. varve, laminae, microbial, biostructuration, seasonality, sedimentation, 03524. vegetable production, cultivation, soil chemical property, Canada, British Columbia; 05092. water stable aggregation, clod porosity, aggregate stability, binding carbohydrate, cropping rotation, New Zealand, South Island, Canterbury; 08592. water uptake, air encapsulation, 03960.

organic matter association
cementing substance, ochreous brown soil, soil aggregate, water stable organic soil, aggregate stability, wettability, resin treatment, aluminium organic matter, 08519.

organic matter content
fertility status, fertiliser use, nitrogen content, soil acidification, micro nutrient status, South Africa; 10946. forest soil, trace metal, montane forest, subalpine forest, spruce fir forest, acidity, USA, (Northeast); 07419. land leveling, water conservation, soil texture, USA; 02752. savanna, surface crusting, wet savannah, aggregate, soil erodibility assessment, crusting, rainfall simulation, catena, Ivory Coast; 03947. soil fauna, catena, forest savanna soil, denitrification, nitrogen mineralisation, carbon mineralisation, savanna soil, tropical soil, Ivory Coast, Lamto; 10942. soil texture, clay content, Atterberg limit, carbon content, soil survey, Canada, Saskatchewan; 08607. sorption, herbicide, s-triazine, thiocarbamate, soil texture, 02773.

organic matter decay
soil, forest, greenhouse gas, biotic influence, carbon dioxide, global warming, climate change, 05492.

organic matter decomposition
clay content, decomposition, altitudinal effect, soil variation, volcanic soil, nutrient supply, weathering, Costa Rica, Volcan Barva; 08620.

organic matter dynamics
mathematical model, mineralisation rate, carbon cycling, nitrogen cycling, 07339.

organic matter extraction
extraction procedure, Haplaquoll, Cryoboroll, Haploboroll, Haplaquod, 10869.

organic matter loss
fallow land, vegetation cover, vegetation recolonisation, abandoned field, soil erodibility, soil erosion, Spain, Murcia; 01511.

organic matter mineralisation
peat soil, mineralisation rate model, 10919.

organic micropollutant
eutrophic lagoon, lagoon, atmospheric deposition, lake water quality, nutrient, heavy metals, Brazil, Rio de Janeiro State, Lagoa de Guarapina; 04054. floodplain, surface water quality, suspended matter, sediment contamination, PAH's, polychlorobiphenyl, hexachlorobenzene, DDT, DDT metabolite, heavy metal, Netherlands, Waal River; Rhine

River; 11024. PAH, tar, intercalibration, combustion, biomass, sampling, chemical analysis, pollution, wood stove, boiler, Sweden; Norway; Finland; Denmark; 00811.
organic nitrate
monoterpene, ozone, sulphur dioxide, nitrogen dioxide, sulphuric acid, nitrogen oxide, pinonaldehyde, 05505. peroxypropionyl nitrate, PAN, methyl nitrate, n-propyl nitrate, butyl nitrate, odd nitrogen, USA, Colorado, Boulder; Niwot Ridge; 05524.
organic nitrogen
nitrogen mineralisation, potential mineralisation rate, cropping practice, Chernozem, organic matter, Canada, Saskatchewan, Indian Head; 13240. suspended solids, water quality, storm runoff volume, storm runoff load, urban watershed, dissolved solids, total nitrogen, total ammonia, USA; 01648.
organic nitrogen compound
total nitrogen analysis, microwave digestion, Kjeldahl method, nitrogen, 12093.
organic overlay
mineral sublayer, organic amendment, aggregate stability, soil physical property, soil structure, Canada; 13228.
organic particle
animal, euphotic zone, concentration gradient, phytoplankton, mass flux, sediment trap, 02431.
organic peroxide
hydrocarbon, photochemical oxidation, hydroxy radical, nitrogen oxide, hydroperoxide, 06671.
organic peroxy radical
nitrogen oxide, hydrogen peroxide, hydrocarbon photooxidation, boundary layer, peroxyacyl nitrate, permutation reaction, 00873. non methane hydrocarbon, photochemical acid origin, acetic acid, peroxy acetyl radical, 07884.
organic phosphorus
inorganic phosphorus, phosphorus fraction, parent material, cropping management, 10884. total organic phosphorus, tropical soil, Bowman extraction method, phosphorus, Brazil; Ghana; 07379.
organic pollutant
biodegradation, parameter estimation, water quality model, microbial decomposition, 09835. boreal water, dissolved organic matter, humus, surface water quality, bioavailability, Finland; 13367. heavy metal transport, mercury, copper, nickel, cadmium, cobalt, zinc, India; 10905. unsaturated soil, effective partition coefficient, soil temperature, pollutant transport, soil water content, Korea(South); 10874. water quality legislation, water quality management, remedial action, anthropogenic effect, land use effect, water quality, pesticide, nitrate, environmental impact, Europe; 00649.
organic pool
phosphate, fractionation, 08307.
organic remains
marine invertebrate, preservation potential, fossilization potential, Arctic fjord, continental shelf, benthic microfauna, Canada, Baffin Island; 04974.
organic residue
microbiological process, humus, steppe soil, humification, USSR, Transbaikalia; 12116. soil, waste amendment, 01538.
organic rich
interstadial sediment, middle Wisconsinan, Cordilleran Ice Sheet, interstadial sediment, Bullion Pit bed, Mexican Hill, stratigraphy, palaeoecology, Pleistocene, interstadial sediment, Canada, British Columbia, Quesnel River Valley; 03889.
organic rich catchment
Birkenes model, dissolved organic carbon, tracer, surface water quality, acidification, runoff water chemistry, 13395. pH, flow pathway, episodic acidity, organic carbon, acid runoff, hillslope, Sweden, Svartberget Research Catchment; 04084.
organic sediment
Eemian Interglacial, palynologic analysis, interglacial lake, Niewodowo II, Poland, Kolno Plateau; 00314. interglacial site, pollen, lodgement till, UK, Scotland, Dalcharn; 06146.
organic soil
cluster analysis, principal component analysis, soil characteristic, Canada, Ontario; Quebec; 05095. humic substance, acid organic soil, soil solution, charge, ion binding model, 07356. nitrate depletion, riparian zone, runoff water density, surface water chemistry, denitrification, plant uptake, mass balance, New Zealand; 06318. nitrogen, waterlogged soil, nutrient transport, volatilisation, denitrification, ammonium nitrogen, 02948. peatland, groundwater velocity, hydraulic conductivity, USA, Minnesota; 02294.
organic soil horizon
soil toxicity, aluminium, hydroxy aluminium polymer, 10891.
organic soil process
soil process, percolating water, podsolic soil, acidic soil, upland soil, aluminium, sesquioxide accumulation, acidic pollution, experimental leaching column, inorganic soil process, Norway, Hoylandet; UK, Scotland, Allt a, Mharcaidh; UK, Scotland, Loch Chon; UK, Scotland, Kelty Water; 09620.
organic solute
weathering rate, microorganism, dissolution, feldspar, 03924.
organic species
pollutant concentration, upwind, downwind, inorganic species, Bermuda; 12520. surface water quality, water chemistry, lithology, landuse, topography, hydrology, major ion, specific yield, sedimentary rock, pasture, forest, slope, base flow, New Zealand; 11028.
organic substance
high performance liquid chromatography, stopped elution method, gas chromatography, diffusion coefficient, 09732. Holocene sediment, marine level, dinoflagellate cyst, pollen grain, sediment weathering, lacustrine level, chlorococcal algae, Typhaceae pollen, sterol content, humic acid, fulvic acid, organic wall, microfossil, Brazil, Rio de Janeiro, Guarapina Lagoon; 08458. sulphur dioxide, hydroxymethanesulphonic acid, ammonia, dew chemistry, precipitation chemistry, wet deposition, deposition, sulphite, nitrite, 03155.
organic sulphur
inorganic sulphur, pyrite sulphur, sulphur dynamics, sulphur fraction, ester sulphate, carbon bonded sulphur, USA, Louisiana; 13288. sulphur accumulation, sulphate concentration, sulphur mobilisation, mobilisation capacity, USA; 10881. throughfall, stem flow, sulphur, soil solution chemistry, forest hydrology, 07445.
organic trace contaminant
suspended sediment, surface water quality, chlorobenzene congener, hexachlorocyclohexane isomer, DDT group pesticide, PCB, mirex, dieldrin, endosulphan, Canada, St Lawrence River; USA, St Lawrence River; 08736.
organic tracer
biomass burning, visibility, aerosol, Australia, Latrobe Valley; 03169.
organic wall
microfossil, organic substance, Holocene sediment, marine level, dinoflagellate cyst, pollen grain, sediment weathering, lacustrine level, chlorococcal algae, Typhaceae pollen, sterol content, humic acid, fulvic acid, Brazil, Rio de Janeiro, Guarapina Lagoon; 08458.
organic waste
carbon, mineralisation, decomposition, 02756. groundwater pollution, groundwater quality, rural area, corrosivity, handpump, Ivory Coast; Ghana; Mali; Niger; Burkina Faso; 06376. permeability, Bandelier Tuff, waste disposal, radioactive waste, USA, New Mexico, Los Alamos; 03991. phosphorus, compost, calcareous soil, fertiliser application, 13245.
organic waste amendment
microaggregate, stability, humic substance, molecular size, 00395.
organic water quality
groundwater contamination, chlorinated solvent, potable water, industrial pollutant, UK, England, Birmingham; 01730.
organically complexed aluminium
organic matter, ionbinding reaction, adsorption, dissolution, acidification, surface water chemistry, aluminium exchange, cation exchange fractionation, 13386.
organics
ketocarboxylic acid, marine atmosphere, oxoundecanoic acid, aerosol, ketoacid, monocarboxylic acid, fatty acid, air-sea exchange, Pacific; 03243. mineralisation, coalification, rubidium, niobium, Beaumont Seam, UK, England, Northumberland; 00179. partitioning, transport, foliage-atmosphere system, fugacity based model, 03233. sea salt, soil particle, Mie scattering, solar radiation, complex index of refraction, solar heating, aerosol, Japan, Sapporo; 00848.
organisation structure
environmental impact, data collection, climatic change, water resource, water management, global environmental observation, hydrometric network, Switzerland; 04182. society journal, society meeting, American Meteorological Society, 09955.
organisation transformation
service management, national weather service, Sweden; 08816.
organisational developments
GIS, planning and design, 05642.
organisational impact
GIS, implementation plan, USA, Florida; 09123.
organisational issue
GIS, distributed GIS, USA, Florida; 09127. public service corporation, database, cost benefit, USA, Wisconsin; 11629.
organism
alkenone, coccolith, marine sediment, palaeotemperature, algae, 04832. aromaticity, diagenesis, mud, buried sediment, organic matter, burial depth, Peru; 01340. bacteria, organic matter, organometallic form, algal mat, geothermal water, New Zealand, Rotokawa; Waimangu; 01319. bacteria, smelter, point source, PCB, organochlorine, organic matter, North Sea; 08213. bindstone, seamount, reef facies, Permian, Mino terrane, Japan; 04818. bioavailability, trace metal, bottom sediment, Baltic Sea; Poland, Vistula River; 01259. calcite, aragonite, Phanerozoic, bioherm, tectonics, reef, carbonate, 00119. carbonate platform, Pleistocene, climate, palaeoclimate, palaeoceanography, sedimentary cycle, cycle, productivity, Milankovitch, USA, Florida; 01227. chlorophyll, plankton, phytoplankton, organic matter, ocean circulation, nutrient, Pacific, (Equatorial); 11802. diagenesis, organic matter, asphaltene, oil, antioxidant, 07087. dissolved organic carbon, bomb radiocarbon, pelagic organism, carbon cycling, Pacific, (North); 02468. dune, deflation, blowout, algae, Netherlands, Schiermonnikoog; 10628. fishing, oyster, shellfish, PCBs, polychlorinated terphenyl, USA, Virginia, Chesapeake Bay, Back River; 04775. harbour, hydrocarbon, trace metal, contaminant, sea water, Atlantic, Bermuda; 01268. hopanol, tetrahymanol, diplopterol, triterpenol, gammacerane, USA, California, Santa Monica Basin; 07095. isotope, carbohydrate, diagenesis, chitin, fractionation, 07092. methylation, methyltin, organotin, tin, bacterial coculture, USA, Massachusetts, Boston Harbour; 10627. monsoon, upwelling, lipid, Miocene, organic matter, Arabian Sea, Owen Ridge; 11807. Monterey Formation, shale, phosphorite, pore water, benthic community, bacteria, USA, California, Naples Beach; 01311. organic matter, biogeochemistry, organic carbon, seasonality, particulate matter, fatty acid, Arabian Sea; 01348. palaeoclimate, diagenesis, biomarker, lipid, Japan, Lake Biwa; 06973. peat horizon, sedimentary peat, aquatic organism, plant, organic carbon, Canada, British Columbia, Vancouver Island; 02434. Precambrian, black shale, organic matter, metal, USSR; 11794. seafood, contamination, Sediment Quality Triad, pollution, heavy metals, toxic sediment, 04768. submarine fan, organic material, lipid, turbidite, biomarker, Indian Ocean, Bengal Fan, Hole 717C; 09465. suspended matter, suspension, river plume, floc, marine snow, Indonesia, Kalimantan, Flores Basin; Makasar Strait; Indonesia, Kalimantan, Mahakam River; 00080. thorium scavenging, adsorption rate constant, desorption rate constant, trace metal, radiotracer, 07084. trap sample, upwelling, particle flux, sedimentation, organic matter, eutrophic environment, 09453. tufa edification, stromatolitic, calcareous, tufa, France, Paris Basin; 05926.
organism distribution
pericontinental margin, Tethys, Jurassic(Upper), sponge, terrigenous influence, Germany; 08285.
organo clay
sorbent efficiency, sorption isotherm, organic compound, hexadecyl-

trimethylammonium, clay mineral, 10871.
organo clay horizon
pyroclastic material, mountain soil, clay humic colloid, humus, particle translocation, Sombric horizon, Colombia, Andes; South America, Andes; 10935.
organo metallic complex
fulvic acid, adsorption, clay mineral, humic acid, aluminium oxide, silicon oxide, 10873.
organo-sedimentary structure
cyanobacteria, growth rate, lamination, Precambrian, Holocene, stromatolite, Australia, Western Australia, Shark Bay; 01318.
organochloride pesticide
polyurethane foam, hexachlorocyclohexane, pesticide, sampling, 03190.
organochlorine
ice core, pollution, snow, ice, carbon dioxide, lead, methane, radioactive species, nuclear bomb test, Chernobyl accident, nitrate, sulphate, Antarctica; Greenland; 05525. organic matter, organism, bacteria, smelter, point source, PCB, North Sea; 08213. pesticide, PCBs, bottom sediment, contaminant, desorption, solubilisation, Canada, St.Lawrence River; 04771. pollutant, air-sea exchange, hexachlorocyclohexane, water sample, Henrys law, Chukchi Sea; Bering Sea; 13648.
organochlorine insecticide
surface water quality, insecticide residue, residue seasonal variation, India, Tamil Nadu, Vellar River; 09825.
organochlorine pesticide
n alkane, carbon preference index, organic compound, vapour particle partitioning, semivolatile organic compound, PCB's, PAHs, USA, Colorado, Denver; 06579.
organogenic deposit
terminal moraine, pollen analyses, carbon-14 dating, geological geomorphological analysis, dating, submoraine, Svalbard, Spitsbergen, Wedel Jarlsberg Land, Renardbreen; 07245.
organogenic sediment
channel depression, meandering, floodplain, upper floodplain, Vistulian, Bolling, Poland, Pomerania, Slupsk; 05992.
organohalide
surface water quality, humic substance, fulvic acid, chlorination, France; 13350.
organomercurial
bacterial resistance, biological indicator, pollution, heavy metals, mercury, Enterobacteriaceae, 03263.
organometallic complex
metalloporphyrin, iron porphyrin, organic matter, shale, inductively coupled plasma-mass spectrometry, 02485. water contamination, heavy metals, coal carbonisation wastewater, toxicity, India; 00495.
organometallic form
algal mat, geothermal water, organism, bacteria, organic matter, New Zealand, Rotokawa; Waimangu; 01319.
organophosphate
chlorophenol, nitrophenol, subsoil, landfill, water velocity, pesticide degradation, groundwater pollution, 07564.
organophosphorus insecticide
particle, fog liquid, pesticide occurrence, fog, advected oceanic fog, inversion, USA, California, Monterey; 10189.
organosedimentary facies
Holocene, diagenesis, organic matter, carbonate, hypersaline environment, sabkha, United Arab Emirates, Abu Dhabi; 07107.
organosulphur compound
dimethylsulphide, trosphere, gas chromatography, Atlantic; 06649.
organosulphur formation
heterotrophic activity, sulphate, 02759.
organotin
tin, bacterial coculture, organism, methylation, methyltin, USA, Massachusetts, Boston Harbour; 10627.
organotin residue
leaching, fentin acetate, sandy soil, fungicide accumulation, transformation product, Netherlands; 07350.
orientation
current flow, shell, Clinocardium fastosum, Omma Formation, Pleistocene, Japan, Kanazawa City, Okuwa; 11766. flume, flow direction, bedform alignment, dune, wind, 01186. imbrication, pebble, beach, swash, Namibia, Algoa Bay, Alexandria; 04707. intensity gradient technique, microtexture, sand grain, aeolian, 03507. mapping, hillside, exposure, 02170. microfabric, digital analysis, 01571. near surface compressive stress, quarry floor, pop-up, stress system, Canada, Quebec, Quebec City; 01390. photogrammetry, inner relative, absolute orientation, 12607. videoplotter, digitising scanner, digital photogrammetric system, 03289.
orientation estimation
surface patch, automatic inspection, self occlusion, 00982.
orientation parameter
reciprocal observation, photogrammetry, network geometry, 12606.
oriented locational analysis
smalltalk implementation, heuristic, 06760.
orienteering marker
map use, videodisc, surrogate travel, 01086.
orifice rim
precipitation gauge, bird protection ring, wind field deformation, turbulence, wind tunnel, 13702.
origins
agriculture, Younger Dryas, climate modelling, urban civilisation, global climate, 02561.
Oriskany Sandstone
shell, sea water, isotopic equilibrium, diagenesis, brachiopod, cement, Helderberg Group, USA, New York State; 05925.
ornithogenic soil
phosphate, guano, weathering, frost, Antarctica, Antarctic Peninsula; King George Island; 02817.
orogaraphic cloud
silver iodide burned in acetone, cloud seeding, cloud microphysics, ice crystal concentration, 05429.
orogen
erosion, platform, provenance reversal, sedimentation, carbonate build up, flysch, Ordovician, foreland basin, Canada, Newfoundland; 05913. subduction, volcaniclastic deposit, thrust slice, Palaeozoic, chert, Australia, New South Wales, New England; 01299.
orogenic belt
Tethys, Cretaceous, suture, carbonate margin, basin, Poros Formation, accretionary complex, Greece, Argolis Peninsula; 01298.
orogenic process
gravimetric network, geodetic network, vertical deflection, gravity anomaly, Pakistan, Karakorum; 12611.
orogeny
volcanic arc, volcaniclastic sediment, Eocene, sedimentation, Miocene, Celebes Sea, ODP Site 767; ODP Site 770; 07026.
orographic cloud
aerosol, sulphate, cloud microphysics, precipitation chemistry, acid precipitation, 00862. mountainous area, modelling, aircraft seeding, 11270.
orographic disturbance
mesoscale structure, lee cyclogenesis, scale separation, Europe, Alps; 04301.
orographic effect
internal atmospheric boundary, flow thickness, flow velocity, air mass temperature difference, friction, warm air stratification, bora, frontal surface, 04284.
orographic enhancement
mesoscale distribution, precipitation distribution, frontal depression, flood, severe storm, wet bulb potential temperature, UK, Northern Ireland; 07768. rainfall acidity, trajectory analysis, spatial pattern, acid rain, long range transport, UK, Scotland; 12534.
orographic forcing
baroclinic wave, lee cyclogenesis, scale separation, cyclogenesis, Mediterranean; 01918. latent heating, frontal zone, ageostrophic wind, momentum equation, diabatic circulation, 04286. thermal forcing, stationary wave, mean low-level wind, 01887. zonal mean flow, stationary wave fluctuation, jet stream, 01870.
orographic influence
frontal movement, latent heat effect, blocking, cold front, foehn, Europe, Alps; 08964.
orographic modification
frontal passage, mountain valley, foehn, Alps; Germany, Bavaria, Alps; 04281.
orographic modulation
baroclinic instability, instability, 10064.
orographic precipitation
lumped period, precipitation data analysis, frequency distribution, Japan; 03000.
orographic triggering
tropical cyclone, cyclogenesis, Boussinesq flow model, Pacific, (North); 07748.
orographically induced cyclogenesis
shear, curvature, fine mesh analysis, divergence, cyclogenesis, Alps; 04299.
orographically induced disturbance
heating contrast, ocean, continent, monsoon, 08865.
orographically induced mesoscale vortex
Denver Cyclone, mesoscale vortex, low level convergence, potential temperature, vortex, USA, Colorado, Denver; 05418.
orographically trapped wind event
coastal zone, oceanic response, bore, gravity current, sea surface temperature, Rossby radius, air sea interaction, 06473.
orography
air mass, cyclonic vortex, vortex, Africa; 07671. aircraft observation, mixing ratio, turbulence, convectively mixed layer, 00720. boundary layer, Ekman pumping, downslope motion, ageostrophic component, mountain region, 10010. envelope orography, mountain flow, 03101. frontal process, model development, primitive equation, prognostic equation, terrain-following coordinate system, simulation, 13597. frontal process, simulated front, deformation case, shear case, nonlinear interaction, lee side, 13598. last cold stage, Holocene, fluvial environment, geoecological change, tectonic history, 07135. mesoscale circulation, Mei Yu front, convective system, Taiwan; 10089. rain fall distribution, Israel, Galilee; 04224. rainfall anomaly, numerical study, meso gamma scale indexing, heat island, urban rainfall, Israel, Jerusalem; 11200. stratified rotating atmosphere, lee cyclogenesis, relative vorticity, cyclonic vorticity, convergence, potential vorticity, upper level jet, semi geostrophic flow, 04278. subgrid scale physics, numerical weather prediction, general circulation model, Monin Abukhov similarity theory, boundary layer, turbulence closure scheme, soil heat conduction, Arakawa Schubert method, 05438. temperature, wind speed, terrain effect, mesoscale spectrum, surface roughness, 04237. thermal response, coniferous forest, Landsat TM, Italy; 09227. vertical motion, model, Ekman, boundary layer, 11206. weather radar, hydrological application, radar reflectivity, 05340.
oromorphological relief
cartography, geomorphological modelling, general system theory, relief form hierarchy, 00204.
ortho image
precision correction, geometric correction, digital image, 11441.
orthogonal function
pressure surface, algorithm, space time structure, empirical space time, 12302. snow cover variation, snow, satellite observation, Europe; Asia; North America; 04197.
orthogonal measurement
tachymeter, gross error, 00970.
orthogonal rotation
oblique rotation, pattern analysis, locational consistency, climate regionalisation, principal component analysis, eigenvector, 10004.
orthogonal transformation
matrix rank, least square, 11444.
orthographic satellite
satellite image map, SPOT system, digital elevation model, digital

imagery, USA, California; 08041.
orthometric height data
SEASAT radar altimeter, digital elevation model, geoid model, satellite orbit ephemeris, Australia, Simpson Desert; 12627.
orthophosphate
chlorophyll-a, biological oxygen demand, historical data, hydrochemistry, phytoplankton, canal, lake water quality, eutrophication, water chemistry, saprobity, inorganic nitrogen, Netherlands, Rijnland; 04068. pyrophosphate, zinc, autoclaved soil, 00427. sorption model, spatial variability, solute transport, groundwater quality, 12258.
orthophosphate sorption
ferric hydroxide, hydroxide coated soil, sorption, Paleudult, Orangeburg Series, clover residue, 07359.
orthophosphorus
sodium hydroxide-extractable phosphorus, surface water quality, phosphorus, suspended solid, USA, Wyoming; 13359.
orthophoto
data accuracy, DTM, map rectification, Germany, Nordrhein Westfalen; 09091. map, halftone, photographic process, Germany; 01085.
orthophotography
photogrammetry, photogrammetry, surveying, soil cover, cadaster, Switzerland; 06844.
orthophotomap
interactive editing, accuracy, map revision, digital line map, Iraq, Bashiqa; 10370. weathered soil depth, Hatano theory, heavy rainfall, slope failure, Japan; 00255.
orthoprojection
DLM data, ATKIS, landscape data, topographic information system, 11457.
orthoquartzite
diagenesis, paleosol, gore lignite measure, Miocene, silcrete, sandstone, New Zealand, Maitland Basin, Landslip Hill; 00132.
orthoxylene
aerosol, photodegradation, xylene, 06630. groundwater chemistry, radon, scintillation method, Canada, Quebec; 07546.
ortstein
morphology, USSR, Kirov Oblast, Vyatka River; 01534. radiocarbon dating, geological condition, Canada, Quebec, St Lawrence River; Anticosti Island; Canada, Quebec, Gaspe Peninsula; 08615.
OS
correlation, image point, aerial triangulation, SPOT, photogrammetry, 04480. map conservation, Ireland, Dublin; 02159. map revision, large scale map, UK; 02174.
Osaka Group
Manchidani Unconformity, Rokko Movement, Pleistocene(Middle), fault block movement, sea level rise, Japan, Kinki; 08502.
oscillating peak model
multi ring basin, basin formation, crater formation, Murrays model, mathematical description, 08352.
oscillation
diabatic heating, low frequency dynamics, tropics, general circulation model, Kelvin CISK theory, 12400. extended range prediction, forecast, general circulation model, outgoing longwave radiation, empirical orthogonal function, barotrophic instability, tropical extratropical interaction, 12401. low frequency oscillation, rotating annulus, topography, vacillation, 12429.
oscillation pattern
warm pool, convection shift, Indian Ocean; Pacific; 09998.
oscillation period
tropical troposphere, forecast, tropospheric oscillation pattern, Principal Osillation Pattern analysis, 09981.
oscillator feasibility
salinity driven oscillator, salt oscillator, glacial Atlantic, scale analysis model, thermohaline circulation, melting rate, Younger Dryas event, salinity flux, continental ice volume, Atlantic; 08441.
oscillatory system
Late Glacial, climatic record, loess sequence, Mollusc assemblage, climatic cycle, SPECMAP data, France, Alsace, Achenheim; 05020.
osmium
ferromanganese, speciation, redox state, sea water, 12961.
osmotic potential
albedo, evapotranspiration, playa, transpiration, sensible heat flux, microclimate, latent heat flux, Bowen ratio, closed desert basin, 09789.
osmotic potential variation
freeze-thaw event, permafrost, zero curtain effect, heat, mass transfer, isothermal region, freezing soil, 02691.
Osoyoos loamy sand
soil nutrition, nitrogen, tree growth, metal concentration, cherry, irrigation, waste water, Canada, British Columbia, Osoyoos; 13243.
ostracod
thermal alteration, colour, microfossil, igneous intrusion, hydrocarbon, Celtic Sea, Fastnet Basin; Porcupine Basin; 01189.
ostracod fauna
Pleistocene(Middle), interglacial deposit, Cromerian age, UK, England, Essex, Little Oakley; 02668.
Ostracoda
Eemian, tidal flat sequence, sea level, Holsteinian interglacial, microfossil, foraminifera, Denmark, Hojer; 06158. Pleistocene, seismic profile, piston core, palaeoclimatic model, Last Glacial Maximum, closed basin, lake level, oxygen isotope record, China, Qinghai Lake; 13159.
ostracode
glaciolacustrine sediment, glacial melt water, Laurentide ice sheet, stable isotope record, last glacial cycle, lacustrine ostracode, Canada, Toronto, Scarborough Bluffs; 09555. glaciolacustrine sediment, Late Wisconsin till, meltwater, till, Laurentide ice sheet, stable isotopic composition, Canada, Ontario, Toronto, Scarborough Bluffs; 13112. Holocene, palaeoclimatic evidence, sedimentation rate, core, palaeolimnology, radiocarbon, stable isotope, USA, Great Lakes, Lake Michigan; 08474. Pleistocene, lacustrine deposit, palaeohydrochemistry, magnesium, strontium, salinity, hydrochemistry, Spain, Baza Basin; 00280.
ostrich eggshell
eggshell, Struthio camelus, dating, lacustrine episode, epimerisation, isoleucine, Africa, Sahara; 13097.
Otira Glaciation
Quaternary(Late), glaciation, end moraine, Holocene(Late) advance, moraine, equilibrium line altitude, New Zealand, Mount Ruapehu; 02643.
Ottawa sand
unsaturated soil, sandy soil, soil moisture content, specific retention, hydraulic conductivity, electrical resistivity, Archie's law, saturated hydraulic conductivity, vadose zone sediment, 05209.
Ottenhofen
Buchhofen, potassium, organic matter, potassium calcium exchange, exchange equilibrium, Anglberg, Germany; 08588.
Otter Bank sequence
submarine end moraine, Sinclair sequence, stratigraphy, core, British Geological Survey, Quaternary geology, seafloor, Morrison sequence, UK, Scotland, Judd; 09564.
otter board
fishery, sediment reworking, erosion, trawling, Baltic Sea, Kiel Bay; 07038.
Otter Sandstone
alluvial fan, pedogenesis, palaeosol, plant, root, calcrete, Triassic, UK, England, Devon; 11768.
Otto Fiord Formation
Nansen Formation, porosity, cementation, Arctic carbonate, Carboniferous, Permian, algal buildup, Canada, Northwest Territories, Ellesmere Island; 02403.
Otway Group
organic facies, palaeoenvironmental interpretation, coal, Cretaceous, Australia, Otway Basin; 02465.
out flow
convection, density current, thunderstrom out flow, Doppler lidar, vortex roll instability, USA, Colorado, Boulder; 04306.
out going longwave radiation
albedo, Earth Radiation Budget Experiment, solar radiation, radiation budget, 04213.
outage reporting
utility company, reliability indicator, cost, benefit, GIS, USA, Connecticut, New Haven; 11632.
outburst flood
jokulhlaup, subglacial channel, flood, glacier lake, China, Xinjiang, Yarkant River; 03899.
outburst wave
lake outburst, glacier, lake filling, snow melt, hydrograph, USSR, Tienshan, Mertzbacher Lake; 08796.
outdoor recreation
map, Canada, Ontario; 04678.
Outer Hebridean ice cap
basal shear stress, Quaternary(Late), glacial history, ice sheet reconstruction, geomorphological mapping, corrie glacier, Loch Lomond Stadial, UK, Scotland, Isle of Skye, Trotternish Escarpment; 06124.
outflow hydrograph
snowmelt hydrology, snowbank, perennial snowbank, permafrost zone, surface ablation, basal ice growth, subsurface flow, Canada, Melville Island; 00619.
outflow layer
tropical cyclone, numerical study, 11253.
outflow rate
surface water groundwater interaction, groundwater lake system, groundwater exchange, solute transport model, stable isotope plume, flow model, recharge, discharge, inflow rate, USA, Wisconsin; 08773.
outgoing long-wave
net solar irradiance, energy balance, solar radiation, long wave radiation, 00691.
outgoing longwave radiation
cooling, radiative effectiveness, cloud, albedo, 09975. empirical orthogonal function, barotrophic instability, tropical extratropical interaction, oscillation, extended range prediction, forecast, general circulation model, 12401. ITCZ, monsoon, seasonal change, wind field, tropics, 12343. radiative entropy, temperature distribution, energy balance, radiative temperature, 01812. rainfall rate, satellite measurement, tropical precipitation, precipitation rate, heat source, moisture sink, precipitable water, 01827. satellite data, convective heating, diabatic initialisation, moisture adjustment, numerical weather prediction, tropical circulation, 01941. surface downward flux, satellite observation, radiative flux, energy balance, 01819. synoptic scale disturbance, tropical meteorology, Rossby gravity wave, 04277. wind data, tropical convection, convection, low-frequency convection anomaly, Africa; Indian Ocean; Pacific; North America; 01929. winter temperature, teleconnection, time lag correlation, radiation, China; 09973.
outgoing radiation
sea ice, spectral brightness, sea surface, 08845.
outlet glacier
ablation-temperature equation, wind, Fohn event, response, energy balance, ice sheet, temperature change, ablation, Greenland, Nordbogletscher; Qamanarssup sermia; 01470. calving glacier, tide water, lake calving glacier, trough geometry, terminal environment, topographic control, iceberg calving, Greenland, West Greenland; 09607. ice cap, crevassed outlet, uncrevassed ice, terminal advance, surge behavior, fast flowing, Svalbard, Nordaustlandet, Vestfonna; 01469. trough, reconstruction, dynamics, Wisconsin(Late), ice dome, drumlin, glaciological model, Valley Heads Moraine System, ice thickness, basal shear stress, USA, New York, Finger Lakes; 01431.
outlier
graben, Central Rand Group, back stripping, deformation, slip fault, South Africa, Witwatersrand Basin; 02422. linear transformation, least squares estimation, 03294.
outlier detection
edge detection, robust edge detection, statistical classification, thin line edge, 03321. statistical analysis, zinc, copper, chromium, nickel, cadmium, Gaussian distribution, wet deposition, sampling strategy, 04434.
outlying data point
IRF-k method, point kriging, chloride, hardness, groundwater quality,

geostatistical method, 02929.
outwash
kettle gully, Vistula lobe, dead ice melting, river mouth evolution, drumlin field, stagnation lake, kame hummock, flood plain, Poland, Wierzyca Valley, Gniew; 01379. melt water drainage, Anglian, ice marginal channel, channel sedimentation, conductivity meter, auger, UK, England, Suffolk; 10770. Wisconsinan(Late), ice margin, recessional event, Moody South Meadows ice margin, marginal alignment, lake stage, spillway, deglacial thinning, USA, New York, Adirondack Mountains; 07231.
outwash apron
ice marginal lake, strandline, drawdown phase, spillway channel, bedload transport, Canada, British Columbia, Bridge Glacier; 13111.
outwash fan relief
meltwater outflow, ice cored moraine, glacial lake, development stage, glacier margin morphology, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02651.
outwash gravel
climatic change, glaciation, weathering, Pleistocene(Middle), glacial stratigraphy, Moore Glaciation, till, Henty Glaciation, Australia, Tasmania, Baxter Rivulet; 06134. fluvial terrace, till, glaciation, Anglian, Wolstonian, Devensian, proglacial lake, UK, England, Lincolnshire; 13139. inside out weathering, boulder, glacial outwash gravel, quartzofeldspathic sandstone, weathered core, mica hydration, weathering, greywacke type sandstone, New Zealand, North Westland; 09630.
outwash plain
glacier oscillation, relief, tidal flat, dead form, marine terrace, sea level, erosion pavement, Svalbard, Spitsbergen, Petuniabukta; 02689. morphogenesis, glaciation, Billefjorden Stage, Little Ice Age, Svalbard, Spitsbergen, Billefjorden, Petuniabukta; 02648. permafrost environment, aeolian deflation, radiocarbon date, thawing, ice wedge, deflation, tundra polygon, glaciofluvial outwash, Canada, Quebec, Ungava Peninsula; 13185. Pleni-Vistulian deposit, Last glaciation maximum, Leszno phase, Poznan Phase, Gniezno Oscillation, meltwater, terrace, Poland, Pyzdry Basin, Prosna River, Macew; 00310.
outwash river
dune, palaeowind vector, sand sheet, Pleistocene(Late), aeolian sand, USA, Alaska; 06116.
outwash sand
Saalian Glaciation, ice wedge cast, synsedimentary frost crack, Warta cold sub-Stage, palaeogeographical significance, thermal contraction crack cast, Poland, Lodz; 00332.
outwash sediment
ice striated pebble, ice melt, graben structure, periglacial environment, ice rich diamicton, redeposited diamicton, diamicton block, structure, Quaternary, Austria, Inn Valley, Innsbruck; 07241.
outwelling
mangrove, swamp, nutrient flux, mixing, trapping, Thailand, Klong Ngao Estuary; 07074.
over consolidated clay
lacustro glacial clay, Saalian ice sheet, geotechnical engineering, sub glacial sediment, sediment deformation model, geotechnical property, structural property, Netherlands, Groningen Province, Marum; 10772.
over consolidated ratio
lacustrian clay, statistical evaluation, engineering property, clay, undrained shear strength, plasticity index, liquidity index, plastic limit, Canada; 02543.
over exploitation
sea water intrusion, land subsidence, groundwater development, water contamination, urban water, water resource management, Indonesia, Jakarta; 13472. water resource management, economic implication, groundwater depletion, groundwater quality, Saudi Arabia; 13458.
over the horizon radar
wind speed, wave height, ocean monitoring, military radar, 13475.
overbank deposit
mass transport, levee, sand, submarine fan, sedimentation, eustatic cycle, USA, Gulf of Mexico, Mississippi Fan; 04731. sandstone, fossil sandstone, Askrigg Block, Namurian, eustasy, mudrock, delta top deposit, UK, England, Cumbria; North Yorkshire; 09399.
overbank flow
cross sectional geometry, boundary roughness, river channel, flood, compound channel modelling, hydraulic geometry, discharge capacity, flow resistance, 05180. meandering channel, channel model, natural channel, channel sinuosity, trapezoidal channel, flow resistance, flood plain flow, channel flow, vorticity, 05167. velocity, turbulence, Laser Doppler Anemometer, flow mechanism, meandering channel, flood flow geometry, 05168.
overburden pressure
freeze and thaw point, wet clay, determination, electrical potential, 01449.
overburden stress
consolidation, permeability, pore-water pressure, decollement, complex, Caribbean Sea, Barbados Ridge, ODP Site 671; ODP Site 672; Caribbean Sea, Barbados Ridge, ODP Site 676; 02303.
overcompacted diamicton
sediment texture, mud, lag sediment, diamicton, sub-bottom profiling, Weddell Sea, Filchner Depression; 02357.
overconsolidated clay
shallow slope failure, limit equilibrium method, safety factor, design approach, slope repair, embankment, widening, UK, England; 03735.
overconsolidated soil
London Clay, reconstituted sample, clay, shear modulus, triaxial test, recent stress history, soil stiffness, 04905.
overconsolidation ratio
excavation stability, clay, short term stability, long term stability, pore pressure, 06023.
overconsolidationed deposit
clay, mudstone, yield surface, softening mechanism, time dependent strength reduction, finite element analysis, softening effect, fissured deposit, 11888.
overdeepened basin
erosion rate, till, melt water channel, eroded terrace, fluvial gravel, glacial, sedimentary sequence, Switzerland, Mittelland; Seeland; 11961.
overdeepened lake
seismic reflection, fjord lake, bedrock relief, glacial sediment fill, glacial overdeepening, structural control, Canada, British Columbia, Kalamalka Lake; 07226.
overdeepening
glacial Lake Winimusset, lacustrine sediment, silt, clay, buried topography, bedrock topography, USA, Massachusetts, Ware Quadrangle, Winimusset Brook; 11945. sedimentation, Pleistocene, fjord lake, bedrock incision depth, glaciolacustrine sedimentation, fjord lake basin, Canada, British Columbia, Okanagan Lake; 04995.
overflow
weir, erosion, revetment, model testing, flood, spillway, Canada, Alberta, Bow River, Bearspaw Hydroelectric Development; Calgary, Bearspaw Hydroelectric Development; 02377.
overflow weir
gauging station, mountain stream, stream gauging, bedload, drop sill, 08710.
overgrazing
accelerated wind erosion, water erosion, soil conservation, land degradation, mapping, remote sensing, arid region, India; 12043. cattle breeding, gallery forest, river bed migration, stress, disturbance, vegetation dynamics, Argentina, Chaco Region; 08329. deforestation, environmental degradation, multisource satellite data, erosion feature, burning, Greece, Euboia; 10424. deforestation, salinisation, dryland, desert degradation, post glacial, desiccation, desertification, arid land, 11937. mudflow intensity, lichenometric study, glacier fluctuation, climatic warming, deglaciation, soil erosion, USSR, Caucasus, Baksan River; 13059. stratigraphic unit, terrace, Quaternary(Late), fluvial sedimentation, radiometric dating, alluvial fill, alluviation, valley glaciation, Greece, Epirus, Voidomatis Basin; 07215.
overgrowth
cement, Ordovician, Simpson Group, cycle, lithofacies, quartzarenite, tidal channel, quartz, USA, Oklahoma, Anadarko Basin, Knox Oil Field; 01271. detrital, isotopic composition, spalling, sand, crystal face, silt, 00010. Pleistocene, Ironshore Formation, tunicate spicule, limestone, fauna, Caribbean, Grand Cayman; 03612. sandstone, cementation, silica, quartzite, Proterozoic, Mali; 12919.
overland flooding
erosion control, flow equation, Manning n, strip cropping, discharge depth equation, flow retardation, flood flow, vegetation, Australia; 07461.
overland flow
alluvial lowland, hypodermic flow, soil crack, gilgai soil, microrelief length, depression, moisture, Zaire, Shaba; 07187. base flow, total runoff, soil storage, storage discharge relationship, snow covered mountain catchment, water yield model, soil water balance, Iran; 05133. cohesive force, entrainment probability, empirical model, motion initiation, gravel, 10830. disc permeater, soil hydraulic property, through flow, hillslope, macropore, runoff generation, soil texture, auger hole permeameter, subsurface flow, 13324. erodibility, modelling, gully advancement, gully erosion, India, Bihar, Chotanagpur Plateau; 00215. erosion, forestry, sediment transport, soil loss, pipe flow, hydrograph, channel adjustment process, state of the art timber harvest, mixed conifer forest, USA, Arizona; 09912. erosion, sediment transport, kinematic wave approach, flow resistance value, soil structure, erodibility, hillslope hydrology, 11006. erosion, sediment transport, peak discharge, water quality, wild fire, hydrologic process, land stability, total discharge, mineralisation, nutrient, 06322. gully morphometry, laterite terrain, morphometric variable, Guyana, Rupununi Savanna; 07327. hillslope, convective dispersive solute transport, concentration hydrograph, rainfall induced runoff, solute transfer, soil solution, runoff water, 06316. infiltration, loess, tilled soil response, wetting, rainfall, soil erodibility, Netherlands, South-Limbourg; 01512. infiltration, rangeland catchment, Horton overland flow, Dunne overland flow, rainfall-runoff model, 01652. infiltration, runoff hydraulics, hydraulic resistance, microchannel flow, sheet flow, laminar flow, turbulent flow, water flow velocity, flow depth, hillslope hydrology, 11001. kinematic cascade, kinematic wave, rainfall excess, Kibler-Wollhiser criterion, shock formation, 04033. land use, sediment production controls, lowland catchment, sediment production, runoff, storm event, hillslope sediment production, stream sediment load, UK, England, Devon, Slapton Ley; 01507. Monte Carlo study, rainfall sampling effect, stream flow, catchment model, rainfall excess, flood peak, basin response, rainfall runoff model, USA, Iowa, Ralston Creek Watershed; 12164. organic matter, rainfall-runoff modelling, infiltration, stone cover, semiarid hillslope, gravel, hillslope hydrology, vegetation cover, rainsplash, USA, Arizona; 13321. rain impacted flow, flow roughness, transport inception, sediment transport, overland flow, Shields criterion, 10831. rain splash transport, freeze thaw, depositional quantification, postsettlement deposition, sediment basin, sediment transport, fly ash, spatial variability, soil erosion acceleration, USA, Illinois; 08540. rainfall characteristics, hydraulic conductivity, saturated hydraulic conductivity, pipe flow, runoff, surficial process, rainforest, rill, gully, South America, Amazonia; 09801. runoff generation, rilling, sedimentation, slope length, erosion, deposition, Horton runoff volume, surface sealing, headcut incision, colluvial fan formation, infiltration, percolation, 05125. runoff water quality, surface water quality, bacterial quality, upland catchment, faecal coliform, UK, England, Yorkshire Dales; 13366. S shaped basin, infiltration, solute transport, unsaturated zone, boundary fitted grid method, Richards equation, Fickian equation, soil moisture, hydraulic head distribution, flow velocity, capillary fringe, 13404. saturated lateral flow, groundwater flow, inter flow, groundwater discharge, stream flow generation, fissure, joint, flow path, infiltration, tensiometer, piezometer, 05127. Shields criterion, overland flow, rain impacted flow, flow roughness, transport inception, sediment transport, 10831. soil moisture, infiltration, peak discharge, runoff volume, drainage basin, arid region, model calibration, model verification, channel flow, rainfall runoff model, kinematic wave routing, Saudi Arabia; 09810. soil movement, forest, seasonal soil movement, sediment concentration, sediment source, India, Himalayas, Kumaun Himalaya;

00365. spatial variability, slope, width, roughness, rainfall intensity, dimensionless hydrograph, runoff discharge, rainfall duration, surface parameter, length scale, rainfall-runoff relationship, 04044. subsurface flow, antecedent conditions, flow mechanism, soil moisture accounting model, rainfall-runoff model, hillslope hydrology, 04043. subsurface flow, chemical hydrograph, geochemical tracer, silica, magnesium, deuterium, hydrograph separation, isotopic tracer, Canada, Canadian Shield; 13325. subsurface flow, groundwater flow, flow route, base flow, hillslope hydrology, soil moisture content, storm runoff, evapotranspiration, 10998. subsurface flow, model calibration, streamflow time series, saturated overland flow, soil moisture accounting model, evapotranspiration flux, Hortonian overland flow, rainfall-runoff model, catchment dynamics, hillslope hydrology, antecedent condition, 04042. water erosion, wind driven rain, flume experiment, simulated rainfall, solute transport, wind action, 10829. water repellency, wildfire, soil wettability, afforested catchment, bedload, quick flow, peak flow, soil loss, catchment response ratio, suspended sediment, South Africa; 10993.

overland flow hydraulics
runoff hydrograph, sediment yield, interrill overland flow, hillslope hydrology, flow resistance, USA, Arizona; 05137.

overland flow model
runoff, diffusivity, matched diffusivity technique, kinematic cascade, 10994. runoff, Muskingum Cunge method, turbulent kinematic flow, laminar flow, matched diffusivity technique, kinematic cascade, 10995.

overland flow path
GIS, drainage basin, topography, watershed boundary, land surface morphology, DEM, 12137.

overland water
surface runoff, convective mass transfer, diffusion, soil chemistry, runoff contamination, mass balance equation, 13349.

overlap classes
metric, clustering algorithm, 11483.

overlay
microwave, imagery, GIS, Canada, Saskatchewan, Melfort; 13846.

overlay polygon
polygon, OVERPROP, map overlay, 13832.

overlay problem
analytical cartography, algebraic topology, 11503.

overlay procedure
GIS, policy formulation, landuse planning, land evaluation, UK, Scotland, Grampian Region; 11644.

overpressured anticline
basal decollement, rising barrier anticline, anticline, contemporary tectonics, frontal fault system, fold, blind thrust, Kangra Earthquake, India, Himalaya, Potwar Plateau; Nepal, Himalaya, Potwar Plateau; India, Himalaya, Salt Range; Nepal, Himalaya, Salt Range; 08370.

overpressuring
dehydration, shale, mudrock, isotope, illite, smectite, USA, Texas, Gulf Coast; 11812.

OVERPROP
map overlay, overlay polygon, polygon, 13832.

overshooting thunderstorm cloud top
Rayleigh damping, parcel rise rate, hydrometeor drag, temperature deviation, thunderstorm, cloud top dynamic, 04302.

overstepping
continental shelf, shoreface, barrier beach, gravel, Holocene, Canada, Atlantic Coast; 10545.

overthrusting
Paleogene, carbonate platform, foreland basin, neritic, subsidence, Spain, Pyrenees, Sierra del Cadi; Sierra de Port del Comte; 00140.

overtopping
erosion, lake level fluctuation, river regulation, river flood hydraulic, road construction, lake level fluctuation, bed scour, meander progression, channel movement, accretion, Malawi, Rift Valley, Lake Malawi; 05184. hydraulic model, stability, wave transmission, breakwater, USA, California, Redondo Beach; 02339.

overturn
stratification, water column, heavy metals, halite, coprecipitation, Middle East, Dead Sea; 00032.

overturning
convection, transience, turbulence, mesosphere, wave drag, eddy diffusivity, middle atmosphere circulation, gravity wave, 01875.

overview
interlaboratory study, radiocarbon dating, 04936. international radiocarbon intercomparison, Internal Consistency, External Consistency, radiocarbon dating, 04943. soil chronosequence, atmospheric dust influx, climatic change, paleosol, pedogenesis, diagenesis, soil-geomorphic research, 02494.

overwash
wave power, drumlin, barrier, paraglacial coast, headland, Canada, Nova Scotia, Story Head; 06992.

Oviatt Creek Flora
leaf orientation, lake sediment, palaeocurrent, Miocene, fossil leaf, USA, Idaho; 10621.

Owl Creek bed
substage 5e, amino acid result, Beaver River peat bed, palaeoecology, organic deposit, last interglacial age, nonglacial deposit, Missinaibi Formation, peat, Canada, Ontario; 07258.

ox bow
backswamp, point bar, human influence, Slovak Hungarian Barrage, environmental change monitoring, geo ecological mapping, satellite imagery, floodplain, Hungary; 09532.

ox bow lake
levee, agricultural cultivation, geotopological analysis, anthropogenic effect, flood plain, alluvial plain, Hungary, Danube Valley; 10731.

oxalate
aluminum oxide, competitive adsorption, adsorption, phosphate, 10885. dithionite, iron, extractable iron, aluminium, pyrophosphate, Australia, Queensland; 00487. formate, kinetics, organic anion, phosphorus release, Spodosol, USA, Florida; 07368. ion chromatography, hailstone, cloud water composition, cloud droplet chemistry, convective storm, chloride, nitrate, nitrite, sulphate, 05435. vermiculute, hydroxy vermiculite, interlayered vermiculite, secondary mineral, nonexchangeable potassium, quartzipsamment, potassium, USA, Southeastern Coastal Plain; 07378.

oxalate source
intertropical zone, biomass burning, aerosol, particle, dry season, calcium oxalate, ice nuclei, convective cloud, Ivory Coast; 03207.

oxalate treatment
dithionite citrate bicarbonate treatment, phosphate sorption, Paleudult, tropical soil, pH effect, Nigeria; 08629.

oxalic acid
organic acid, forest soil, formic acid, USA, (Southeast); 04006. pore water, groundwater contamination, aluminium speciation, podsolisation, WATEQ, GEOCHEM, dissolved aluminium species, thermodynamic computer model, 11066.

oxbow lake
flood basin, levee, backswamp, crevasse splay, organic matter, palynofacies, palynology, Venezuela, Orinoco Delta; 09344. radiocarbon dating, palaeochannel, peat age, land uplift, Finland, Lapland, Pulmankijoki Valley; 08331.

Oxfordian
carbonate, sea level change, platform, limestone, ammonite, biochronology, Callovian, Argentina, Neuquen Basin; 09427.

oxic condition
groundwater seepage, acidic lake, acid chemistry, base chemistry, near shore region, lake water quality, pore water, sediment pore water, alkalinity production, 11011.

oxidant
annular denuder, ozone, nitrogen dioxide, nitric acid, peroxyacetyl nitrate, formaldehyde, potassium iodide, phenoxazine, sodium carbonate, potassium hydroxide, pollution control, 00878. forest decline, sulphur dioxide, sulphate, ozone, hydrogen peroxide, nitric acid, USA; 03262. nitrogen dioxide, nitric oxide, non-methane hydrocarbon, pollution, air quality, sulphur dioxide, carbon monoxide, particulate matter, Japan; 00919. nitrogen, carbon cycle, forest decline, coastal eutrophication, sulphur, biosphere, climate change, acid deposition, nutrient flux, heavy metal burden, 05459.

oxidant concentration
ultraviolet radiation, photochemistry, transport model, sensitivity analysis, ozone depletion, temperature change, 13737.

oxidant episode
ozone, photochemical oxidant, tropopause folding, Japan, Hokuriku District; 05497.

oxidant formation
nitrogen oxide, hydrocarbon, ozone, peroxyacetyl nitrate, nitric acid, boundary layer chemistry, biogenic hydrocarbon, 03269.

oxidant limitation
aqueous chemistry, numerical experiment, sulphur dioxide, sulphate ion, ozone, oxidation, emission reduction, 13673.

oxidation
acid precipitation, sulphate, precipitation chemistry, USA, Hawaii, Kilauea Volcano; 10976. anoxic sediment, sulphur, sulphate, thiosulphate, reduction, biogeochemistry, 01333. arsenic, organic arsenical, groundwater contamination, Mexico, Lagunera Region; 00604. biotic mold, pyrite, limonite, aggregate, framboid, Egypt, Fayoum Province, Garret Gehannam; 00156. carbonate, chloride, lepidocrocite, goethite, pipestem, rhizosphere, root respiration, carbon dioxide, 00169. carbonate, interstitial water, sulphate, methane, bottom sediment, Sea of Okhotsk; 03573. chemistry, diethyl ether, ethyl tert butyl ether, formaldehyde, 11300. disproportionation, organic matter, redox, sedimentation, sulphur, oceanic water, reduction, 05942. disproportionation, transformation pathway, bacteria, electron flow, reduction pathway, sulphur, Denmark, Kattegat; 09460. emission reduction, oxidant limitation, aqueous chemistry, numerical experiment, sulphur dioxide, sulphate ion, ozone, 13673. ferrous iron, acid base transfer, diffusion, 03978. ferrous iron, oxygenation kinetic, diffusion, 03977. gel, electron diffraction, ferric iron, ferrous iron, nontronite, high resolution electron microscopy, 12989. hydrothermal solution, oil, molecular structure, organic matter, catagenesis, temperature, 11780. hydroxy radical, toluene, radical, adduct radical, benzyl radical, 06627. iron oxide, goethite, concretion, Tertiary, Spain, Galicia, Roupar Basin; 09459. iron, manganese, toxic substance, water quality model, parameter estimation, hydrolysis process, chemical redox process, redox process, 09833. iron, phosphate, porewater chemistry, tidal marsh, redox potential, 02323. ITCZ, marine atmosphere, formaldehyde, methane oxidation, photochemical depletion, alcene, Atlantic; 06651. manganese retention, water quality, wetland, iron retention, acid drainage, peat, mine drainage, cation exchange, complexation, precipitation, 00499. methane, hydroxyl radical, carbon, kinetic isotope, isotope effect, 11327. oil shale, organic matter, Cretaceous(Upper), phosphorite, black shale, humic acid, Morocco, Oulad Abdoun Basin; Timahdit Basin; 07104. organic matter, decarboxylation, cement, sandstone, isotope, Permian-Triassic, carbonate, Spain, Iberian Range; 01325. organic matter, diagenesis, benthic fauna, mineralisation, productivity, 10635. organic matter, interstitial water, diagenesis, coral reef, sulphate, USA, Hawaii, Oahu; 04754. organic matter, sulphate, anoxic sediment, continental slope, reduction, Peru, ODP Site 680; ODP Site 688; 01244. peat sediment, incubation, root, plant, methane, USA, Florida Everglades; 03642. potassium, solution, toxicity, arsenic, birnessite, 03654. pyrite, oxidation front, dissolution front, mechanism, chemical weathering, mudstone, mountainous area, Japan; 01487. redox reaction, carbonate, deep sea sediment, abyssal plain, organic matter, Atlantic, (North); 01247. reduction, estuarine sediment, oxidative pathway, reductive pathway, thiosulphate, sulphur, Denmark, Kysing Fjord; 05828. remote marine atmosphere, particle, sulphur dioxide, sulphate aerosol, sea salt aerosol, heterogeneous oxidation, homogeneous oxidation, 12536. salt water intrusion, sea sand, heavy metal, groundwater quality, infiltration, road construction, sodium, ion exchange, redox reaction, 07550. sediment-water interface, diffusive flux, pore water profile, organic carbon, sea bed, Indonesia, Savu Basin; 00182. sinking, continental shelf, sea floor, organic carbon, USA, California; 03659. speciation, sea water, hydrogen peroxide, chromium,

10631. sulphur dioxide, hydrogen peroxide, droplet chemistry, 06634. sulphur, rhodanese activity, soil, 07371. tidal river, metal pollution, surface water quality, marine sediment, fluvial sediment, suspended particulate matter, sediment chemistry, estuary, mixing, salinity gradient, wind stress, cadmium, Germany, Elbe River; 08757. wetland, slurry, photosynthesis, anoxic hypolimnia, methane, Denmark; 07101.

Oxidation and Scavenging Characteristics of April Rains
Northeast Regional Oxidant Study, acid rain, deposition model, nitrogen species, sulphur dioxide, ozone, Regional Acid Deposition Model, 05504.

oxidation capacity
methane sink, formaldehyde, ice core, 09023.

oxidation efficiency
hydroxyl radical, nitric oxide, hydrocarbon, ozone, nitrogen, biomass burning, tropics, biogeochemical cycle, trace gas, aerosol particle, carbon monoxide, methane, 07885.

oxidation front
dissolution front, mechanism, chemical weathering, mudstone, mountainous area, oxidation, pyrite, Japan; 01487. sand, turbidite, pelagic layer, abyssal plain, Atlantic, Horseshoe Abyssal Plain; Seine Abyssal Plain; Atlantic, Madeira Abyssal Plain; 11694. weathering mechanism, chemical weathering, engineering properties, sandstone, conglomerate, cemented, zeolite, humid mountainous area, Japan; 12021.

oxidation procedure
sulphur determination, peat, 08606.

oxidation process
hydrocarbon, ozone formation, instrument intercomparison, instrumental requirement, atmospheric chemistry, chemical process, aerosol, nitrogen compound, 11148. iron concentration, manganese concentration, surface water quality, metal concentration, Canada, St Lawrence River; USA, St Laurence River; 08746.

oxidation rate
fertiliser, sulphur, 05084.

oxidation study
HCFC's, chlorine, 10179.

oxidation-reduction
waterlogged soil, soil dynamics, physicochemical approach, iron, 13235.

oxidative pathway
reductive pathway, thiosulphate, sulphur, oxidation, reduction, estuarine sediment, Denmark, Kysing Fjord; 05828.

oxide mineral
chemical weathering process, coordination chemistry, weathering, surface controlled dissolution, 00349. sensitive marine clay, post glacial marine clay, marine clay, undisturbed strength, remoulded strength, quick clay, flocculation, Canada; 08385.

oxidised soil
water quality, biota, sediment, water quality, trace element, pesticide, irrigation water quality, drainage water quality, alkaline soil, USA, California, Kesterson National Wildlife Refuge; 11085.

oxidized pyrite
sulphur, iron, solid phase transformation, biological oxidation, pyritic mine spoil, spoil material, coal, weathered face, USA, Ohio; 09614.

Oxisol
Alfisol, Ultisol, Inceptisol, leaching, nitrate leaching, acid soil, tropics, anion exchange, exchange capacity, South America; Africa; Asia, (Southeast); 07365. haematite, goethite, Eh, pH, chemoreductive dissolution, iron oxide, Brazil, Central Plateau; 00466. organic matter, soil structural change, microaggregate structure, clay leaching, ferrallitic soil, Cameroon; 09767. Podzol, brown silty soil, copper, zinc, adsorption behaviour, 07360. relief generation, planarian surface, soil development, erosional relief, humid tropical climate, Thailand, Khorat Plateau; 02518. soil amendment, lime, gypsum, clay dispersion, infiltration, Brazil; 13261. soil pedogenesis, micromorphology, microaggregation, kaolinite, French Guiana; 01591. Spodosol, toposequence, fulvic acid, aromaticity, nitrogen, humic acid, Brazil, Amazonia; 12082. Spodosol, Ultisol, podzolisation, soil sequence, soil process, Brazil, Amazonia, Manaus; 07425. surface charge characteristics, clay mineralogy, variable charge soil, volcanic ash soil, Andept, Andisol, weathered soil, Papua, New Guinea; Indonesia, Irian Jaya; 09775. Ultisol, Alfisol, nitrogen source, tropical soil, fertiliser application, water drainage, soil acidification, soil exchange complex, 10900. Ultisol, Spodosol, geochemistry, podzolisation, Brazil, Amazonia, Manaus; 02804.

oxoacid
marine organism, bottom sediment, acid degradation, fatty acid, Pacific, Japan Trench; 09372.

oxoundecanoic acid
aerosol, ketoacid, monocarboxylic acid, fatty acid, air-sea exchange, organics, ketocarboxylic acid, marine atmosphere, Pacific; 03243.

oxygen
absorption spectrum, collision pair, 09068. ammonia, toxic pollutant, pollutant, water quality, sewer overflow, storm water runoff, urban pollutant, surface water, dissolved oxygen, Netherlands, Amstel-en Gooiland; 13352. anoxic, Cenomanian-Turonian, dinoflagellate, benthic, black shale, kysts, France, Vocontian Basin; 02439. anoxic, Quaternary, pore water chemistry, benthic fauna, sill, Indonesia, Halmahera, Kau Bay; 00050. anthropogenic source, lake water, industrial discharge, heavy metal, copper, ion selective electrode, pH, Italy, Lake Orta; 09480. biogeochemical cycle, weathering, Miocene, foraminifera, sea level curve, Pliocene, 02449. calcium carbonate, dissolution rate, deep sea sediment, carbon dioxide, Pacific, (North); 05869. carbon dioxide, carbon monoxide, pollution, organic fumes, toxicological limit, volatile organic pollutant, 03256. carbon, carbonate sediment, Maastrichtian, Danian, isotopic composition, USSR, Mangyshlak; 00131. carbon, foraminifera, ocean history, Quaternary, isotopic change, South China Sea; 02372. carbon, isotope stratigraphy, thermocline, upwelling, sedimentation rate, glacial interglacial cycle, monsoon, Indian Ocean, ODP Site 723; Arabian Sea, ODP Site 725; 11924. carbonate system, sea water, dissolution rate, decomposition, organic carbon, Pacific, (North); 10638. denitrification, nitrate, bacteria, reduction, 08278. denitrification, nitrogen, organic matter, intertidal sediment, Wadden Sea; 11791. dissolved inorganic carbon, tracer, ocean, carbon dioxide, phosphate, alkalinity, 08895. Doppler wind, airglow, semidiurnal tide, aurora, diurnal tide, middle atmospheric dynamics, radar, Fabry-Perot interferometer, Canada, Saskatoon; 03094. eutrophication, nitrogen dynamic, denitrification, sediment oxygen consumption, sedimentation, North Sea, Kattegat; 00180. fauna, flora, dam draining, pollution, suspended solid, France, Loire River, St. Etienne; 11709. Florida Loop Current, subzonal boundary, accumulation rate, biogeographic model, Quaternary, planktonic foraminiferal assemblage zone, tropical, graphic correlation, Caribbean Sea, Colombia Basin; Atlantic; USA, Gulf of Mexico; 03857. global change, tropospheric chemistry, solar ultra violet radiation, water vapour, ozone, pollution, nitrogen oxide, methane, carbon monoxide, emission, hydroxyl radical, 00914. hydrogen, nitrogen, chlorine, climate model, transport-chemistry model, carbon dioxide, temperature, ozone, stratosphere, chlorofluorocarbon, middle atmosphere, 00786. hydroxyl radical, middle atmosphere, night airglow, airglow, photometer, oxygen density profile, rocket measurement, Meinel band, 11315. lake, isotopic composition, carbonate mineral, organic carbon, Ghana, Lake Bosumtwi; 11793. marine sediment, respiration process, benthic microalgae, microelectrode, Netherlands, Oosterschelde; 08313. mesopause, Solar Mesosphere Explorer, infrared emission, hydrogen, 06693. microorganism, respiration, electron acceptor, reduction activity, Shewanella putrefaciens, iron reduction, 08274. mixing, redfield coefficient, radiocarbon, Atlantic; 11801. organic carbon, carbon cycle, general circulation model, phosphate, 11782. organic compound, industrial wastewater, surface water quality, urban runoff, organic carbon, dam, reservoir outfall, sewage treatment, run off, Canada, Alberta, Bow River; 00560. ozone, wind tunnel, deposition, dry deposition, sulphur dioxide, ammonia, carbon dioxide, 03161. phosphorous, redox, benthic boundary layer, 10636. polarographic method, Winkler method, sea water, salinity, sodium chloride, Israel, Dead Sea; 07124. rhizosphere, iron hydroxide, pore water, rhizoconcretion, salt marsh sediment, plant, Spartina, Portugal, Tagus Estuary; 04842. sediment metabolism, respiration, macropore, soil aeration, salt marsh, USA, Massachusetts, Belle Isle Marsh; 05953. sedimentation, kerogen, organic matter, upwelling, Arabian Sea, Oman Shelf; 11806. spectroscopic observation, mesopause temperature, hydroxyl, 03005. trace metal, organic matter, mud-water interface, Eh, India, Kumaun Region, Lake Bhim Tal; 00034. upwelling, Antarctic Circumpolar Current, organic matter, barite, Southern Ocean; 08194.

oxygen 18
hydrograph separation, forested watershed, isotopic separation, Mediterranean watershed, chemical separation, precipitation chemistry, runoff water quality, throughfall, France, Corsica, Solenzara, Cannone; 06285.

oxygen absorption
water quality model, surface water quality, reaeration, 09830.

oxygen consumption
anthropogenic source, benthic mortality, nutrient flux, carbon, nitrogen, sedimentation, North Sea, Kattegat; Baltic Sea; 00043. supersatruated, marine upwelling, nitrous oxide, upwelling, Indian Ocean; 04456.

oxygen content
surface water quality, water quality indicator, caddisfly assemblage structure, biological indicator, Spain, Cadagua River; 02871.

oxygen cycling
carbon cycling, nutrient cycling, deep water renewal, biological production, lake, mixing, USSR, Siberia, Lake Baikal; 12187.

oxygen density profile
rocket measurement, Meinel band, oxygen, hydroxyl radical, middle atmosphere, night airglow, airglow, photometer, 11315.

oxygen depletion
nitrification, denitrification, nitrogen removal, chemical phosphorus removal, biological phosphorus, phosphorus removal, waste water treatment, nutrient removal, water quality treatment, Denmark; 13466. surface water quality, stream quality model, sewage overflow, dissolved oxygen, Streeter Phelps equation, transport dispersion model, biodegradation, water quality, 07516. toxicity, nitrogen species, nitrogen dynamics, lake water quality, USA, New York, Onondaga Lake; 11014.

oxygen diffusion rate
Eh, Arctic soil, Arctic; Svalbard, Spitsbergen, Calpsostranda; 02801.

oxygen distribution
estuary, surface water quality, probabilistic random function model, geostatistical modelling, dissolved oxygen, Italy, Taranto, Mar Piccolo; 13361. nutrient distribution, circulation, hydrographic field, temperature distribution, salinity distibution, Atlantic, (North); 10648.

oxygen flux
benthic lagoon, nutrient, respiration, tidal outwelling, mangrove, Australia, Great Barrier Reef; 06986.

oxygen injection
surface water quality, dissolved oxygen, surface runoff, sewage treatment, storm sewage discharge, non-oxygenation, UK, England, Thames River; 00556.

oxygen ion flux
electric field, ion mass spectrometer, 03394.

oxygen isotope
carbonate dissolution, Pleistocene, winnowing effect, dissolution effect, sedimentation process, Pacific, Ontong Java Plateau; 08450. chalk, diagenesis, palaeotemperature, Cretaceous(Upper), Campanian, Maastrichtian, Germany, Lagerdorf; Kronsmoor; 08255. climate change, Holocene, Wisconsin/Wurm Late Glacial Stage, ice cap, ice core, China, Dunde Ice Cap; 03027. deuterium isotope, melt water percolation, climatic change, isotopic composition, cold basal glacier ice, Switzerland, Alps; 03122. deuterium, isotopic analysis, precipitation chemistry, Italy, Sicily; Mediterranean Sea; 04397. deuterium, precipitation, water vapour, air temperature, sea temperature, wind speed, sea ice cover, supersaturation, stable isotope model, 04198. dust, surface temperature, westerly, proxy data, palaeoclimate, Little Ice Age, palaeoenvironmental condition, Antarctica, Siple Station; 03128. foraminifera, clay mineral, sediment core, palaeoclimatic record, Ligurian Sea; 04963. forest catchment, moorland catchment, precipitation chemistry, catchment process, chemical budget, surface water quality, attenuation,

chloride, UK, Scotland, Crinan Canal; 02958. freshwater input, coastal water, glacial meltwater, Alaska coastal current, USA, Alaska, Gulf of Alaska; Kodiak Island; 00627. glacier, snowpit, glaciochemical survey, ice core investigation, major anions, major cations, total acidity, radionuclide, Greenland; 01748. Holocene, land snail, snail shell, rainfall source area, radiocarbon date, atmospheric circulation, circulation pattern, Israel, Negev Desert; 13099. hydrogen isotope, strontium isotope, atmospheric deposition, isotope tracer, snow chemistry, Scandinavia; 07578. isotopic composition, soil water, atmospheric water vapour, leaf water, transport mechanism, soil plant atmosphere continuum, evapotranspiration, semi arid region, hydrogen isotope, 05121. light stable isotope, hydrological regime, precipitation, evapotranspiration, water cycle, meteoric water, hydrogenisotope, USA, California; Nevada; 12130. Miocene, upwelling, apatite, Monterey Formation, phosphorite, USA, California; 01336. nodule, spreading centre, heat flow anomaly, sulphide, hydrothermal fluid, hemipelagic sediment, Pacific, Juan de Fuca Ridge, Middle Valley; 11698. phillipsite, analcime, diagenesis, illite, smectite, montmorillonite, USA, California, Searles Lake; 09329. pressure, isotope enhancement, ozone, 00841. reduction, bacteria, sulphur, sulphate, 12973. saline formation, isotope, dolomite, Triassic, carbonate, sea water, carbon isotope, China, Sichuan Province, Huaying Mountain; 07056. salt exchange, salinity change, isotopic composition, residence time, evaporation, water exchange, sea river interaction, mixing zone, surface water quality, Arctic Ocean; USSR, Caspian Sea; 07505. sea surface temperature, accelerator carbon-14 dating, deep sea sediment, last deglaciation, Atlantic, (North); Indian Ocean; 02615. temperature record, ice core, Antarctica, Ronne Ice Shelf; 04342. Tertiary(Middle), zonal wind speed, poleward energy transport, energy balance, palaeo sea surface temperature, 05453. two isotope characterisation, nitrous oxide, microbial reduction, nitrification, nitrite, nitrate, nitrogen isotope, Pacific; 05452. volcanic material, interstitial water, pelagic deposit, calcium, magnesium, Weddell Sea; 03669.

oxygen isotope analyse
deep sea core, deglaciation, melt water isotopic signal, box-model calculation, thermohaline circulation rate, ocean atmosphere system, last deglaciation, 11908.

oxygen isotope analyses
salinity reduction, deglaciation onset, North Atlantic Deep Water, Erie Interstade, ice retreat initiation, last deglaciation, radiocarbon dating, melt water, Fennoscandia; 08465.

oxygen isotope analysis
cloud top temperature, evaporation, convective precipitation, stratiform precipitation, isotopic composition, precipitation, extratropical cyclone, 01959. delta radioactivity, palaeoclimate, proxy data, climatic record, ice core, surface layer, Antarctica, Wilkes Land; 01952.

oxygen isotope composition
organic carbon content, grain size distribution, upwelling region, Ocean Drilling Program, stratigraphy, sedimentation rate, Pacific; Peru; 00272. quartz, aeolian dust, parent material, silty mantle, sedentary soil, particle size distribution, Japan; Korea(South); 13300. quartz, soil, Quaternary(Late), volcanic ash, aeolian dust, tephra, Japan; 00270.

oxygen isotope data
coral terrace elevation, ICE 3G model, global model, Pleistocene(Late), deglaciation, geophysical prediction, sea level change, 09541. melt water, coral reef data, sea level change, carbon dioxide concentration, global cooling, Younger Dryas, Philippines, Sulu Sea; 07200.

oxygen isotope evidence
foraminifera, Quaternary(Late) sediment, borehole, palaeoenvironmental reconstruction, Holocene, last interglacial, last glacial, sea level, rocky shore environment, radiocarbon date, Hong Kong, High Island; 10752.

oxygen isotope history
ice shelf, climate fluctuation, Antarctica; 04450.

oxygen isotope measurement
detailed chronology, melt water surge, uranium-thorium age, mass spectrometry, coral, sea level, Last glacial cycle, Barbados; 00318.

oxygen isotope profile
Pliocene marine palaeoclimate, Pleistocene marine palaeoclimate, carbon isotope profile, marine transgression, ice volume, palaeotemperature, Yorktown Formation, Chowan River Formation, James City Formation, mollusk shell, isotope record, USA, Atlantic Coastal Plain; 08475.

oxygen isotope ratio
calcium carbonate, magnetic susceptibility, high resolution stratigraphy, planktonic foraminifer, sediment accumulation rate, SPECMAP, Milankovitch periodicities, Pleistocene(Late), periodicity, Indian Ocean, ODP Site 728A; Arabian Sea, ODP Site 728A; 11923. ocean, Tertiary, Miocene, isotope ratio, deep sea sediment, temperature, glaciation, 02364. radioisotope peak, nuclear test, Coulter Counter, ion chromatograph, atomic absorption spectrophotometer, aerosol, electrolytic conductivity, snow sample, acid concentration, ice cap sample, volcanic eruption, 10139. subsurface sediment, clay, sand, gravel, Japan, Kinki District; 10596.

oxygen isotope record
calcium carbonate, preservation spike, dissolution spike, climate optima, glacial maxima, differential dissolution, Pleistocene, Pacific; 03867. cosmogenic chlorine-36 chronology, glacial deposit, mountain glacier, chronology, boulder, moraine crest, global ice volume, USA, California, Sierra Nevada, Bloody Canyon; 00294. glacial history, palaeoclimate, Last Glacial, terrace deposit, pollen analytical study, peat, Japan, Hokkaido; 10793. Milankovitch, SPECMAP, magnetostratigraphy, astronomical calibration, Pleistocene(Lower), timescale, foraminifera, Pacific, ODP Site 677; 09546. ostracoda, Pleistocene, seismic profile, piston core, palaeoclimatic model, Last Glacial Maximum, closed basin, lake level, China, Qinghai Lake; 13159. palaeoclimatic model, Pleistocene(Mid), climate transition, one-dimensional time dependent ice sheet model, ice sheet, equilibrium line, feedback, 00268. palynologt, climate change, pollen transport, marine core, monsoonal climate, monsoon history, Indian Ocean; Arabian Sea; 11920. pedogenic formation, magnetite, mineral magnetic record, loess, paleosol, China; 07198. sedimentation, eustatic curve, unconformity, Pleistocene, magnetostratigraphy, New Zealand, Wanganui Basin; 02356. Southern Oscillation, coral, El Nino/Southern Oscillation event, surface water, salinity, Pacific, Tarawa Atoll; Galapagos Islands; Pacific; 11281.

oxygen isotope stage
Arctic-Antarctic correlation, correlation, nannofossil biochronology, calcareous nannofossil, interglacial, Atlantic, (South); Southern Ocean; 11933. coastal upwelling, Quaternary(Late), productivity, diatom, primary productivity map, upwelling, Peru; 11930. ooze, bioproductivity, sedimentation rate, organic matter, Norwegian Sea; Greenland Sea; 12882. pelagic carbonate, carbonate distribution, Quaternary(Late), climatic change, isotopic relationship, faunal relationship, mineralogical relationship, Mediterranean Sea, Balearic Slope; 08448. sedimentation rate, high resolution 230 Th ex stratigraphy, high latitude, thorium-230, foraminifera, Norwegian Sea, Fram Strait; 04957.

oxygen isotope stage 5
stable oxygen isotope stratigraphy, radiometric age, uranium/thorium method, iceberg melting, salinity, Atlantic, Fram Strait; 02606.

oxygen isotope stage 6
oxygen isotope substage 5e, marine terrace, uplifted Quaternary marine terrace, pollen, interglacial, marine platform, palynology, New Zealand, Taranaki-Wanganui Area; 01448. sediment core, coal content, surface circulation, ice drift reconstruction, ice rafted coal fragment, Arctic Ocean; Norwegian Sea; Greenland Sea; 04958.

oxygen isotope stratigraphy
ice rafting, synthesis, Arctic coccolith, sub-Arctic coccolith, coccolith biochronology, North Atlantic drift water influx, coccolith, biostratigraphy, Atlantic; 02607. Ipswichian, Eemian, Chelford, St. Germain II, Odderade, Upton Warren type site, last interglacial glacial cycle, amino acid geochronology, UK; Europe; 06082. last interglacial, Stage 5, interstadial, Brorup, Odderade, integlacial correlation, Eemian, Weichselian, Netherlands; Europe, (Northern); 06081. Late Glacial, Holocene, global cooling, Pleistocene(Late), Holocene, radiolarian, pollen record, core, Okhotsk Sea; 10750. radiocarbon date, stratigraphy, nannofossil, foraminiferal assemblage, pelagic carbonate, stratigraphic record, benthic-planktonic age difference, ocean ventilation, Atlantic; 10746. substage 5e, fossil pollen, sedimentation rate, pollen assemblage zone, dating, long continental pollen sequence, correlation, marine pollen, USA, Washington State, Olympic Peninsula, Humptulips; 01418.

oxygen isotope substage
marine episode, Wisconsin Glaciation, shell fragment, amino acid ratio, radiocarbon dating, Canada, Hudson Bay, Nottingham Island; 07201.

oxygen isotope substage 5e
marine terrace, uplifted Quaternary marine terrace, pollen, interglacial, marine platform, palynology, oxygen isotope stage 6, New Zealand, Taranaki-Wanganui Area; 01448. Quaternary sequence, coastal aminostratigraphy, last interglaciation, amino acid, racemisation data, dating, Australia; 07199.

oxygen isotope time scale
turbidite, slide, climatic change, Saharan Sediment Slide, Quaternary(Late), mass movement, continental rise, abyssal plain, gravity core, stratigraphic analysis, coccolith species, pelagic sediment type, Africa, Sahara; 09567.

oxygen isotope variation
deep sea core, glacial maximum, ice volume, sea level, last glacial cycle, 05033. pollen assemblage, palaeoclimate, stalagmite, flowstone sequence, U series technique, Norway, Rana; 06159.

oxygen isotopic analyses
Orbulina universa, melt water, surface salinity, seasonal surface water, surface water, low salinity surface water, USA, Gulf of Mexico; 08437.

oxygen isotopic composition
firn core, ice sheet, snow melting, Antarctica; 03119.

oxygen minimum zone
crust, latitude, water depth, biological productivity, cobalt, ferromanganese crust, Pacific, (Central); 12889. interglacial, glacial, monsoon, oceanic circulation, continental margin, Arabian Sea, ODP Site 724; Oman Margin; Arabian Sea, ODP Site 725; 11693.

oxygen O(1D)
isotopic exchange, carbon dioxide, ozone, stratosphere, 10217.

oxygen profile
redox, carbon cycling, phosphorite, organic carbon, productivity, 03570. sediment water interface, intertidal zone, lagoon, Portugal, Ria Formosa; 08165.

oxygen regime
mixing depth, productivity, nutrient recycling, lake, stratification, Canada; 00023. organic matter, nutrient load, water quality, reservoir hydrochemistry, salinity, Asia; 00539.

oxygen resonance
temperature sounding, cloud, water vapor, surface emissivity, radiometric imaging, tropospheric temperature, precipitation, 04210.

oxygen stratification
transparency, lake water quality, trophic stability, granite watershed, acid deposition, thermal stability, 13338.

oxygen transport
aquatic macrophyte, wastewater treatment, nitrification, denitrification, water purification, water quality, 00644. biodegradation modelling, organic contaminant attenuation, groundwater quality model, 00606.

oxygen uptake
gas exchange rate, first order stream, tracer test, surface water quality, groundwater inflow, 04077. toxicity, surface water quality, biochemical indicator, metabolic index, 02888.

oxygen-18
deuterium, isotope analysis, soil water extraction, 02932. deuterium, tritium, precipitation to runoff conversion model, storm runoff, snowmelt runoff, runoff generation, environmental isotope, tracer study, hillslope hydrology, New Zealand; 11003. soil characteristic, water table level, evaporation, isotopic profile, Sahelian climate, deuterium, Niger, Niger Valley; 12158.

oxygen-18 change
isotope variation, temperatre glacier, melt water infiltration, isotopic profile, palaeoclimatic information, USSR, Severnaya Zemlya; Svalbard, Spitsbergen; 05046.

oxygen-18 concentration

sea ice, snow ice, frazil ice, negative concentration, Weddell Sea; 07309.
oxygen-18 isotope
inorganic monomeric aluminium, soil water end member, surface water chemistry, soil water chemistry, hydrogen calcium, runoff chemistry, Norway, Birkenes Catchment; 04103.
oxygen-18 profile
ice core, geological data, Pleistocene, cold period, desertification period, famine period, African empire, historical record, hydroclimatological event, Africa, Sahel; Sahara; Africa, Chad, Lake Chad; 13630.
oxygen-18 tracer
flow path, groundwater flow, groundwater discharge, karst aquifer, flow velocity, spring, China, Guangxi Province, Guilin; 02913.
oxygenated compound
organic compound, fuel additive, tert butyl alcohol, dimethyl ether, diethyl ether, methyl tert butyl ether, ethyl tert butyl ether, urban NHMC mix, ozone forming potential, 11301.
oxygenated fuel
carbon monoxide, emission measurement, USA, Colorado, Denver; 03232.
oxygenated hydrocarbon
sampling, cryogenic trapping, trace gas, gas chromatography, flame ionisation, photo ionisation, carbonyl compound, 03211.
oxygenation
fossil, bioturbation, sedimentation, turbidite, sedimentary structure, Indian Ocean, Bengal Fan; Indian Ocean; 04845.
oxygenation kinetic
diffusion, oxidation, ferrous iron, 03977.
oxyhydroxide
manganese, suspended load, anoxic water, Baltic Sea, Landsort Deep; 07112. nodule, manganese iron oxyhydroxide, rare earth element, crust, hydrothermal input, Atlantic, Cape Verde Abyssal Plain, Krylov Seamount; 07021.
oxyhydroxide crust
volcanic breccia, mineralogy, formation condition, manganese iron oxyhydroxide, seamount, basalt, geochemistry, Atlantic, Krylov Seamount; 07020.
oyster
Cretaceous(Upper), Amman Formation, phosphorite, chert, bioherm, Jordan, Ruseifa, Tel es Sur; 08233. estuarine circulation, resource, two layered net, wind, seston, 12854. estuary, residence time, cadmium, contamination, France, Gironde Estuary, Marennes-Oleron; 04787. freshwater, spawning, estuary, larvae, dye test, USA, Virginia, James River Estuary; 03643. shellfish, PCBs, polychlorinated terphenyl, organism, fishing, USA, Virginia, Chesapeake Bay, Back River; 04775.
oyster reef
sedimentation, geomorphology, shell deposition, bottom current, USA, Virginia, James River; 04840. tidal creek, estuary, phosphorus, salt marsh, USA, South Carolina, North Inlet, Bly Creek Basin; 12855.
oyster shell
cyanobacteria, boring, polychaete, gastropod, lebensspuren, Plectonema, bioerosion, Nigeria, Cross River; Qua Ilboe River; Nigeria, Gulf of Guinea; 09437. Pliocene, Imperial Formation, delta, ichnofacies, channel deposit, USA, California, Salton Trough; 02427. tire chip, shale, drag coefficient, replenishment material, boundary layer, USA, Virginia; 04776.
oyster shell filter
water quality, microbe dynamics, activated sludge method by extended aeration, nitrification, contact oxidation method, sewage treatment, 00640.
Ozawkie Limestone Member
carbonate, limestone, palaeoflow, Pennsylvanian, Deer Creek Limestone, cyclic deposition, USA, Kansas, Jefferson County; 09406.
ozone
acid rain, photochemical oxidant, control strategy, urban environmental quality, urban emission, Europe; 05514. aerosol, warming, trace gas, climate change, acid rain, radionuclide, transport, air quality, global pollution, sulphur, carbon, nitrogen, 11298. aerosol, wet season observation, emission, hydroxyl radical, atmospheric trace species, photochemical reaction, convection, Brazil, Amazon; 07856. air quality monitoring, pollution, emission, dust, Saudi Arabia, Jubail; 01963. air quality standard, Alpine region, foehn, stratosphere, photochemical process, 06538. air quality standard, heat wave, ozone precursor emission, 10175. air quality, photochemical model, emission rate, inversion layer, mixing height, solar radiation, deposition, hydrogen peroxide, USA, California, Los Angeles; 11404. air quality, photosmog modelling, pollution, hydrocarbon, nitrogen oxide, emission, power plant emission, industrial emission, 00853. aircraft measurement, transboundary air pollution, pollution, sulphur dioxide, nitrogen oxide, 01965. aircraft observation, hydrogen peroxide, USA; 00790. alkene, ethene, propene, butene, pentene, hexene, rate constant, Arrhenius parameter, 06620. ammonia, nighttime system, heterogeneous reaction, nitrous oxide, nitrogen oxide, 06544. ammonia, water vapour, diethyl sulphate, hydroxyl, chlorine, olefin, sulphur dioxide, ethanol, 00881. anthropogenic effect, photochemistry, gas composition, stratosphere, radiative photochemical model, methane, nitrogen, chlorine, 12526. atmospheric hydrogen, anthropogenic source, stratosphere, 07821. band oscillator strength, Schumann-Runge band, absorption cross section, 06437. biogenic hydrocarbon, alkene, hydrogen peroxide, organic hydroperoxide, hydroxymethyl hydroperoxide, 10184. biomass burning, diurnal cycle, seasonal cycle, carbon monoxide, Brazil, Natal; Cuiaba; 03236. bromine compound, arctic spring, Sunrise Experiment(1988), 09067. carbon dioxide, afforestation, global change, gas emission, warming, methane, nitrous oxide, 07800. carbon dioxide, climate change, radiative convective equilibrium, surface temperature, radiative forcing, climate, 04360. carbon monoxide, nitrogen oxide, vertical distribution, aerosol, particle, water vapour, insoluble trace gas, convectively mixed air, 10194. carbon monoxide, photochemical model, tropospheric ozone production, convective event, nitrogen oxide, 04383. CFC's, nitrous oxide, carbon dioxide, transient change, troposphere, stratosphere, surface climate effect, temperature, chemical composition, methane, 05495. CFC's, ozone depletion, environmental impact, CFC substitute, 05540. Chappuis band, absorption cross section, 11344. chlorine monoxide, nitrogen dioxide, chlorine nitrate, dinitrogen pentoxide, polar vortex, photodissociation rate, nitric oxide, stratosphere, Arctic; 00803. circumpolar vortex, TOMS data, vortex breakdown, planetary wave amplitude, Antarctica; 06699. climate, Montreal Protocol, CFC production, photochemical climate model, climate change scenario, 10152. cloud, radiative heating, nitrous oxide, ozone depletion, temperature, Arctic; 00693. conifer, air pollution, reflectance spectra, 03432. convection, biomass burning, tropical ozone, 09061. convective transport, photochemical production, downdraft development, anvil, anvil core, cloud draft structure, trace gas transport, cloud model, transport pathway, squall line, 10210. cooling event, nitric acid trihydrate, water ice cloud, ozone minihole, balloonborne measurement, polar stratospheric cloud, Arctic; 09049. cryogenic sampler, mass spectrometer, stratospheric measurement, isotopic abundance, 05552. deposition, tree, exposure pattern, forest, high altitude, pressure effect, temperature dependence, 11302. diurnal variation, photochemical smog, annular denuder, titanium (IV) sulphate, dinitrophenylhydrazine, eugenol, spectrophotometry, liquid chromatography, sampling, hydrogen peroxide, formaldehyde, 03164. droplet chemistry, sulphate, hydrogen peroxide, sulphur dioxide, cloud chemistry, 05529. dry deposition, resistance, model evaluation, summertime ozone measurement, forest, 12538. eddy correlation, deposition velocity, prairie grassland, nitrogen oxide, USA, Colorado; 06584. elevation, ecosystem, deposition, acid deposition, mountain, sulphate, nitrate, hydrogen, lead, 11321. emission, branch chamber, gaseous flux, hydrogen peroxide, carbon dioxide, water, sulphur dioxide, 02026. ethane, propane, seasonal variation, hydrocarbon, free troposphere, mid latitude, 11340. forested area, photochemical episode, long range transport, ambient air, PAN, 06614. formaldehyde, continental air mass, ambient air, diurnal variation, mixing ratio, 06593. fuel, methanol, ethanol, organic emission, alternative fueled vehicle, 06572. global change, sea surface temperature, vegetation index, radiation budget, snow cover, 12587. hydrocarbon, boundary layer, gas fired power station, pollution, nitrogen oxide, photochemical trajectory model, Australia, Melbourne; 03156. hydrocarbon, nitrogen oxide, smog chamber, air quality, ozone precursor, USA, California, Los Angeles; 11379. hydrogen fluoride, foliar senescence, maize, chlorophyll, benzyladenine-6, 00808. hydrogen peroxide, hydrocarbon, ethene, propane, acetaldehyde, pollution, formaldehyde, photochemical smog, 02041. hydrogen peroxide, nitric acid, oxidant, forest decline, sulphur dioxide, sulphate, USA; 03262. hydrogen peroxide, non-methane hydrocarbon, pollution damage, PAN, emission reduction, pollution, nitrogen oxide, sulphur oxide, Japan; 05535. hydrogen peroxide, sea salt nuclei, stratus cloud, cloud droplet chemistry, droplet chemistry, precipitation chemistry, sulphur dioxide, 03245. hydrogen peroxide, sulphur oxides, long range transport, photochemical oxidant, chemistry-dispersion model, nitric acid, nitrate aerosol, organic compound, formaldehyde, organic acids, hydrocarbon, peroxyacetyl nitrate, nitrogen oxide, Japan; 02012. hydrogen peroxide, trace gas, polluted air mass, photochemical activity, 06600. hydroxyl radical, nitrate radical, aliphatic, aromatic toxic organics, chloroprene, hexachlorocyclopentadiene, cresol, nitrosamine, maleic anhydride, nitrobenzene, methyl bromide, phosgene, toxic contaminant, reaction rate, atmospheric persistence, 10206. hydroxyl, carbon monoxide, nitrogen oxide, methane, water vapour, tropospheric oxidant, 04352. interannual variability, trace gas, middle atmosphere, quasi biennial oscillation, stratosphere, 03222. isoprene, alpha-pinene, urban plume, plume model, biogenic hydrocarbon, emission, UK; 13664. kinetic measurement, thermal decomposition, Laser Magnetic Resonance spectroscopy, chlorine monoxide, 05550. long range transport, deposition, sink process, nitrogen dioxide, Finland; 12530. marine boundary layer, latitudinal gradient, diurnal cycle, Pacific; Indian Ocean; 06540. marine productivity, hydrology, feedback, climate, greenhouse effect, 12493. mesosphere, seasonal change, 03224. meteorological condition, Chemical Instrumentation Testing and Evaluation, isentropic trajectory, air mass, synoptic scale wind field, Montgomery stream function analyses, temperature, dew point, 04372. methane, foliage burning, sugar cane, carbon dioxide, alcohol engine, carbon monoxide, Brazil; 09022. methane, nitrous oxide, tropical forest, biosphere atmosphere interaction, boundary layer experiment, wet season(1987), Brazil, Amazon; 07840. methane, nitrous oxide, water vapour, hydrothloric acid, hydrogen fluoride, nitrogen dioxide, chlorine nitrate, nitric acid, polar vortex, airborne measurement, nitric oxide, Arctic; 00799. methane, stratospheric model, chlorine, 12558. methyl-butene, dicarbonyl formation, Criegee biradical, carbonyl, acetone, acetaldehyde, methylglyoxal, formaldehyde (major), hydroxyacetone, glyoxal (minor), hydroxyacetaldehyde, hydroxyl-methyl-butanone, 05539. microwave limb sounder, water vapour, 12591. middle atmosphere, emission calculation, non local thermodymamic equilibrium, radiative transfer model, infrared limb emission, 06697. middle atmosphere, photolysis, infrared limb emission, 06696. monoterpene, rate constant, camphene, sabinene, hydroxyl radical, nitrate radical, 06568. motor vehicle, pollution, photochemical pollution, methanol, gasoline, 00879. mountain slope, temperature inversion, Yugoslavia, Ljubljana Basin; 01978. nitric acid, polar stratospheric cloud, temperature, cloud formation, chlorine, ozone depletion, remote sensing, Arctic; Antarctica; 00907. nitric acid, pollution, transport, dry deposition, Japan; Korea; China; 00859. nitric acid, stomatal resistance, aerosol, cloud droplet, deposition, hydrochloric acid, ammonia, pollution, sulphur dioxide, UK, England, Kielder Forest; 03144. nitric acid, stratospheric warming, photochemistry, ozone depletion, polar vortex, trajectory, 00791. nitric oxide, urban plume, photolysis, scavenging, Canada, Alberta, Calgary; 06558. nitrogen dioxide, LIMS, chemical fluctuation, vertical propagation, equatorial wave, Kelvin wave, satellite retrieval, 11350. nitrogen dioxide, nitric acid, peroxyacetyl nitrate, formaldehyde, potassium iodide, phenoxazine, sodium carbonate, potassium hydroxide, pollution control, oxidant, annular denuder, 00878. nitrogen dioxide, nitrous acid, methylaldehyde, photolysis, spectral integration, error, photodissociation rate coefficient, 02022. nitrogen dioxide, research vessel cruise, trace gas concentration, photolysis frequency, aerosol, 06589. nitrogen oxide, acid, precursor concentration, sulphur dioxide, hydrogen peroxide, USA, (Northeastern); 06539. nitrogen oxide, dew point

temperature, air mass, nitrogen dioxide, carbon monoxide, 04377. nitrogen oxide, hydrogen peroxide, photochemical activity, transport process, mixing ratio, atmospheric boundary layer, Germany; 06598. nitrogen oxide, nitric acid, carbon monoxide, chlorofluorocarbon 11, non methane hydrocarbon, peroxyacetyl nitrate measurement, precursor relationship, 04373. nitrogen oxide, photosmog, temperature, pollution, field study, PAN, Switzerland; 12542. nitrogen oxide, sulphur dioxide, dimethyl sulfide, iodine oxide, maritime air, 06636. nitrogen, biomass burning, tropics, biogeochemical cycle, trace gas, aerosol particle, carbon monoxide, methane, oxidation efficiency, hydroxyl radical, nitric oxide, hydrocarbon, 07885. nitrous oxide, balloon UV ozone spectrometer, photochemical model, active nitrogen partitioning, stratosphere, diode laser spectrometer, nitrogen oxide, nitrogen dioxide, nitric acid, 04393. nitrous oxide, polar vortex, ozone depletion, chlorine oxide, stratosphere, diabatic cooling, radiative transfer, water vapour, 00798. non-methane hydrocarbon, carbon monoxide, nitrogen dioxide, hydrogen peroxide, urban atmosphere, pollution, USA, California, Los Angeles; 03223. oxidation, emission reduction, oxidant limitation, aqueous chemistry, numerical experiment, sulphur dioxide, sulphate ion, 13673. oxygen isotope, pressure, isotope enhancement, 00841. ozonesonde, lidar, satellite profile, polar vortex, stratosphere, nitrogen dioxide, potential vorticity, potential temperature, 00828. PAN measurement, wet season, nitrogen oxide, Brazil, Amazon; 07852. PAN, emission, urban atmosphere, heat island, hydrocarbon, urbanisation, USA, Georgia, Atlanta; 05527. PAN, nitrogen dioxide, chemiluminescence, luminol, ambient air, 06578. PAN, photochemical model, control policy, hydrocarbon, long range transport, Europe; 12549. PAN, photochemical oxidant, nitric acid, nitrate, Italy, Montelibretti; 06674. particulate matter, sinusitis, hay fever, urban air quality, respiratory disease, health history, smoking, 09056. passive sampler, chemiluminescence, sulphur dioxide, sampling, nitrogen dioxide, 03187. peroxy acetyl nitrite, pollution, photochemical oxidant, plume, 04446. peroxyacetyl nitrate, nitric acid, boundary layer chemistry, biogenic hydrocarbon, oxidant formation, nitrogen oxide, hydrocarbon, 03269. peroxyacetylnitrate, seasonal variation, daily variation, peroxypropionilnitrate, Italy, Tiber Valley; 03163. photochemical diffusion model, nitrogen oxide, emission, photochemical smog, non-methane hydrocarbon, formaldehyde, Australia, Victoria, Latrobe Valley; 02013. photochemical model, emission, photolysis rate coefficient, PAN, Europe; 06565. photochemical model, stratosphere, QBO signal, interannual variability, transport, temperature, 12547. photochemical oxidant, tropopause folding, oxidant episode, Japan, Hokuriku District; 05497. photochemical reaction, stratosphere, modelling, nuclear explosion, 11389. photochemical smog formation, nitrogen oxide, non methane hydrocarbon, Bahrain; 04439. photochemistry, particulate matter, dicarboxylic acid, nitrate, organic carbon, phthalate, alkane, pinon aldehyde, aerosol, long range transport, Japan; 00852. photolysis-chemiluminescence instrument, tunable diode laser absorption spectrometer, Luminox, peroxyacetyl nitrate, n-propyl nitrate, nitrogen dioxide, sampling, nitric acid, hydrogen peroxide, 01804. planetary wave, ozone depletion, ozone climatology, 00877. plume model, macromixing process, micromixing process, Gaussian plume model, nitrogen oxide, 05513. polar vortex, ozone depletion, stratosphere, lidar, Arctic; Norway, Sola Air Station; 00890. pollution control, urban atmosphere, nitrogen dioxide, pollution, emission, hydrocarbon, nitrogen oxide, chemistry-dispersion model, 02011. pollution, nitrogen dioxide, Finland; 03151. pollution, nitrogen oxide, methane, carbon monoxide, emission, hydroxyl radical, oxygen, global change, tropospheric chemistry, solar ultra violet radiation, water vapour, 00914. potential vorticity, potential temperature, satellite data, aircraft data, nitrogen dioxide, Arctic; 00829. power plant plume, nitrogen oxide, urban plume, transport-chemistry model, USA; 00875. radiative dynamical feedback, solar heating rate, global mean temperature, global mean solar heating, 00787. rain forest, respiration, ecosystem, solar flux, deposition velocity, biosphere exchange, carbon dioxide, Brazil, Amazon; 07841. rain forest, wet season, photochemical model, planetary boundary layer, soil, canopy, PAN, nitrogen, hydrocarbon, Brazil, Amazon; 07850. rain water, sulphur oxidation, iron, cobalt, vanadium, chromium, manganese, hydrogen peroxide, Japan; 00850. Rayleigh scattering, backscatter, absorption coefficient, satellite measurement, ultraviolet radiation, 07655. Rayleigh scattering, radiation parameterisation scheme, forecast model, emissivity, water vapor path length, aerosol, solar radiation, cloud, 05371. reaction, measurement, nitrogen oxide, power plant, plume, night, modelling, 13728. reference model, middle atmosphere, 11372. Regional Acid Deposition Model, Oxidation and Scavenging Characteristics of April Rains, Northeast Regional Oxidant Study, acid rain, deposition model, nitrogen species, sulphur dioxide, 05504. regional transport, mesoscale flow, deposition, source apportionment, transport, acid, aerosol, Canada, Ontario; 11377. rocket emission, Space Shuttle, stratosphere, chlorine, 09069. sampling, aerosol, carbon, USA, California; 02061. sampling, arsine, ultraviolet radiation, potassium permanganate, potassium permanganated silicagel solid adsorption, atomic absorption spectrometry, 03159. sampling, hydrogen peroxide, impinger, diffusion scrubber, nitrogen oxide, USA, California; 02054. sampling, pollution, sulphate, particle, rotary inertial impactor, nitrate, friction velocity, USA, California, Los Angeles; 02048. satellite data, station data, radiative-dynamical-photochemical model, seasonal cycle, quasi biennial oscillation, 13650. satellite observation, infrared, ultraviolet, remote sensing, 03145. satellite observation, middle atmosphere instability, phase speed, growth rate, spatial structure, temperature, 04261. sea breeze onset, coastal, complex terrain, nitrogen oxide, sulphur dioxide, transportable laboratory, Spain, Castellon; 06702. sea breeze, drainage flow, seasonal condition, coastal site, sulphur dioxide, nitrogen oxide, Spain, Castellon; 12533. sea breeze, emission, nitric oxide, urban atmosphere, photochemical air pollution, dispersion model, Greece, Athens; 03150. selenium, rate constant, dimethyl selenide, hydroxyl, nitrate, 05537. solar radiation, ultraviolet radiation, New Zealand; 00699. Southern Hemisphere spring(1988), Southern Hemisphere spring(1987), quasi-biennial oscillation, stratospheric condition, polar temperature, Southern Hemisphere; 08923. spectroscopy, hydroperoxide, diode laser, methylhydroperoxide, 06680. STEM II model, transport model, gas phase chemistry model, pollution transport, Japan; 11314. stratopause, diurnal variation, ozone trend, stratosphere, aerosol, 02031. stratosphere, aircraft measurement, nitric oxide, chlorine oxide, 09072. stratosphere, chlorofluorocarbon, middle atmosphere, oxygen, hydrogen, nitrogen, chlorine, climate model, transport-chemistry model, carbon dioxide, temperature, 00786. stratosphere, oxygen O(1D), isotopic exchange, carbon dioxide, 10217. stratosphere, statistical dynamical model, climate model, trace gas, transport, tropopause gap, 12577. stratosphere, tropospheric lifetime, CFC, halon, chlorine, bromine, 07837. stratospheric chemistry, hydrogen peroxide, hydroxyl radical, 10186. stratospheric chemistry, quantum yield, nitrogen oxide, 02032. stratospheric ozone, seasonal variation, lidar, aerosol, remote sensing, 00784. stratospheric warming, polar stratospheric cloud, ozone depletion, low temperature, stratosphere, Europe, (Central); (Northern); 13747. sulphate aerosols, ozone depleting chemistry, heterogeneous chemistry, volcanic aerosol, eruptions, nitric acid aerosol, Mexico, El Chichon; 12522. sulphate, sulphur dioxide, nitrogen oxide, aerosol, pollution, solar radiation, particulate, long range transport, Israel; 03167. sulphur dioxide, aqueous oxidation of sulphur dioxide, cloud chemistry, linearity, hydrogen peroxide, 04431. sulphur dioxide, hill cap cloud, hydrogen peroxide, cloud, ammonia gas, 09064. sulphur dioxide, nitrogen dioxide, sulphuric acid, nitrogen oxide, pinonaldehyde, organic nitrate, monoterpene, 05505. sulphur dioxide, nitrogen dioxide, trend, rural site, USA; 13677. sulphuric acid, aerosol, monoterpene, hydrocarbon, acidiccompound, pollutant deposition, 06615. sunrise occultation measurement, middle atmosphere, trace molecule spectroscopy, satellite observation, methane, nitrous oxide, carbon monoxide, water vapour, 04394. surface ozone, isentropic trajectory analysis, spring ozone maximum, nitric acid, sulphate, nitrate, beryllium-7, sulphur dioxide, peroxy acetylnitrate, Japan, Sapporo; 00857. surface temperature, stratosphere, troposphere, greenhouse gas, global warming, trace gas, climate, seasonal model, carbon dioxide, CFCs, methane, nitrous oxide, 01954. terpene, isoprene, monoterpene, water vapour, Criegee biradical, alkene, peroxy radical, hydrogen peroxide, forest air, 03198. TOMS, tropopause fold, jet, air intrusion, stratospheric air, tropical cyclone, cyclone upper atmospheric interaction, satellite, 10200. trace gas seasonal variation, trace gas trend, trace gas measurement, carbon monoxide, CFC's, methane, nitrous oxide, South Africa, Cape Point; Southern Hemisphere; 06546. trace gas, transboundary mass flux, pollutant, sulphur dioxide, nitrogen oxide, Germany; 06599. trajectory, aerosol measurement, suburb, atmospheric acidity, acid aerosol, nitric acid, nitrous acid, fine particle, USA, Connecticut; 13712. tropics, satellite analysis, biomass burning, carbon monoxide, 06691. tropics, TROPOZ, bush fire, emission area, Africa, (West); South America, (Northern); 11317. tropopause, ozone hole, total ozone, 03248. tunable diode laser, total ozone, heterodyne spectrophotometry, 00680. turbulence, nocturnal boundary layer, mini-sodar, Kelvin-Helmholtz wave, 03072. ultraviolet solar radiation, surface ozone, total ozone, Antarctica; Weddell Sea; 00883. urban atmosphere, urban plume, cloud cover, plume width, chemistry-dispersion model, 02009. water vapor, stratosphere, Lyman-alpha hygrometer, balloon gondola, free radical, photofragment fluorescence, hydroxyl, hydroperoxy radical, 04202. water vapour, Atlantic; 06656. water vapour, nitric acid, nitrogen dioxide, LIMS data, stratosphere, trace constituent, equatorial stratosphere, Kelvin wave induced oscillation, 09073. water vapour, reactive odd nitrogen, stratosphere, nitrous oxide, Arctic; 00796. water vapour, tracer transport, diabatic circulation, stratosphere, radiative heating, temperature, 00757. wind tunnel, deposition, dry deposition, sulphur dioxide, ammonia, carbon dioxide, oxygen, 03161. zenith sky observation, ozone trend analysis, Dobson spectrophotometer, 06698.

ozone abundance
optical depth, biological effectivity, ultraviolet radiation, Antarctica, McMurdo Station; 08840.

ozone attacking radical
heterogeneous reaction process, ozone layer, methane, stratospheric water vapour, charge transfer process, Antarctica; 06645.

ozone budget
boundary layer, carbon monoxide, airborne flux measurement, budget estimate, trace species, Brazil, Amazon; 07858. modelling problem, spatial averaging, photochemical model, stratosphere, 07889.

ozone change
subpolar air mass, air mass motion, lidar, USA, California, Table Mountain; 11349.

ozone chemistry
greenhouse gas, trace gas, troposphere, optical spectrometer, 12696.

ozone climatology
high elevation, photochemical cycle, budbreak, USA, North Carolina, Mount Mitchell State Park; 10195. ozone, planetary wave, ozone depletion, 00877.

ozone column
atmospheric chemistry parameterisation, atmospheric chemistry, hydroxy radical, computational scheme, 09059. wavenumber one disturbance, photochemistry, semi Lagrangian technique, Eulerian grid, stratospheric chemistry, stratospheric transport, isentropic surface, 06542.

ozone comparision
pressure, temperature, radiosonde, rocketsonde, SBUV, SAGE II, ozone gradient, satellite, 12545.

ozone concentration
high elevation site, pressure corrected adjustment, elevational gradient, USA; 11303.

ozone data
Montsouris regression, historical ozone data, surface ozone, Yugoslavia, Zagreb; 13679.

ozone decomposition
potable water, water chemistry, carbonate, bicarbonate, pH, anionic mineral species, 07449.

ozone decrease
warm sector, jet stream, circulation dynamic factor, 11245.

ozone depleting chemistry
heterogeneous chemistry, volcanic aerosol, eruptions, nitric acid aerosol, ozone, sulphate aerosols, Mexico, El Chichon; 12522.

ozone depletion
air chemistry, CFC's, carbon dioxide, greenhouse effect, pollution control, energy conservation, fossil fuel, greenhouse gas, environmental protection, 04402. biological damage, ultraviolet radiation, dosimeter, aquatic environment, ultra violet B radiation, Antarctica; 13568. CFC's, ozone protocol, Australia; 09027. CFC's, protocol, aerosol, pollution prevention, Canada, Montreal; 10169. chlorine monoxide, bromine monoxide, potential temperature, potential vorticity, polar vortex, Arctic; 00918. chlorine monoxide, CFC's, polar vortex, airraft measurement, Arctic; 05534. chlorine monoxide, nitric acid, stratosphere, hydrogen chloride, chlorine nitrate, polar vortex, polar stratospheric cloud, Arctic; 00917. chlorine monoxide, polar vortex, nitrogen, chlorine, Arctic; 00916. chlorine oxide, polar vortex, polar stratospheric cloud, Arctic; Antarctica; 00833. chlorine oxide, stratosphere, diabatic cooling, radiative transfer, water vapour, ozone, nitrous oxide, polar vortex, 00798. cloud particle, aerosol ozone, chlorine, polar stratospheric cloud, 00902. cold temperature, stratosphere, chlorine, Antarctica; 06582. environmental impact, CFC substitute, ozone, CFC's, 05540. global ozone budget, dilution effect, chemistry transport model, TOMS data, Antarctica; 09052. greenhouse gas, climatic change, New Zealand; 00775. greenhouse warming, infrared absorption cross section, hydroxyl radical, reaction kinetics, HFC's, 06555. halocarbon, chlorine, halon, CFC's, emission, stratospheric ozone, Montreal Protocol, 04409. heterogeneous chemistry, stratosphere, chlorine, monoxide, polar vortex, Arctic; Antarctica; 00824. low temperature, stratosphere, ozone, stratospheric warming, polar stratospheric cloud, Europe, (Central); (Northern); 13747. nitrate, snow, denitrification, polar stratospheric cloud, stratosphere, Antarctica; 03200. nitrous oxide, polar vortex, Arctic; Antarctica; 00800. nuclear warfare, aerosol, indoor aerosol, nuclear aerosol, climate, volcanic aerosol, 03165. ozone climatology, ozone, planetary wave, 00877. ozone hole, total ozone, mapping spectrometer, total ozone, vortex dynamics, Antarctica; 05546. ozone profile measurement, polar vortex, balloon sounding, Antarctica; 04362. ozone sounding, lidar, stratospheric warming, tropopause, stratospheric ozone, Svalbard, Spitsbergen; 00889. photochemistry, solar illumination, condensation nuclei, Arctic; Antarctica; Sweden, Kiruna; 00891. photolysis, rate constant, kinetics, chlorine, 06683. polar night, polar stratospheric cloud, winter, aerosol, Arctic; 00893. polar stratospheric cloud, chlorine, stratosphere, 06541. polar vortex, stratosphere, bromine oxide, bromine nitrate, bromine chloride, chlorine monoxide, Antarctica; Arctic; 00826. polar vortex, TOMS, photochemical model, chlorine monoxide, Antarctica; 02016. polar vortex, trajectory, ozone, nitric acid, stratospheric warming, photochemistry, 00791. postwar condition, nitrogen oxide, nuclear fireball, smoke, stratospheric air, 11332. potential vorticity, trace species, polar stratospheric chemistry, aircraft mission, polar vortex, Antarctica; 07870. pressure dependence, chlorine reaction, 07883. remote sensing, ozone, nitric acid, polar stratospheric cloud, temperature, cloud formation, chlorine, Arctic; Antarctica; 00907. sampling, trichlorofluoromethane, dichlorodifluoromethane, dichlorofluoromethane, volcanic gas, volatile organic compound, solfataric gas, carbon tetrachloride, methylchloroform, 02014. solar backscattered ultraviolet, instrument degradation, satellite observation, Dobson network, Umkehr, 03225. solar cycle 21, geomagnetic activity, aurorae, Antarctica; 04412. spectro radiometer, column ozone measurement, austral spring, total ozone, Antarctica, Palmer Station; 04395. stratosphere, lidar, ozone, polar vortex, Arctic; Norway, Sola Air Station; 00890. stratosphere, Montreal Protocol, CFC's, chlorine, Antarctica; 10214. stratosphere, nitrogen chemistry, Antarctica; 09054. stratosphere, polar stratospheric cloud, photochemistry, heterozenous chemistry, cloud physics, chlorine monoxide, 00832. stratosphere, pollution, ultraviolet radiation, Montreal Protocol, CFC's, Arctic; Antarctica; 03209. stratosphere, trace gas, solar forced tide, tide, 11248. stratospheric chemistry model, ozone hole, chemical propagation, chlorine, chlorine monoxide, nitrogen oxide, Antarctica; 02028. stratospheric cloud, surface albedo, ultraviolet radiation, polar stratospheric cloud, polar twilight, visible radiation, multiple scattering, 03226. stratospheric ozone, heterogeneous chemistry, sulphuric acid aerosol, London protocol, volcanic eruption, 09053. temperature change, oxidant concentration, ultraviolet radiation, photochemistry, transport model, sensitivity analysis, 13737. temperature, ozone, cloud, radiative heating, nitrous oxide, Arctic; 00693. total ozone, ozone hole, dilution, chemical transport model, Antarctica; 02027. total ozone, winter, TOMS, total ozone, stratospheric warming, potential vorticity, 00888. ultraviolet radiation, pollution, CFC's, 04396. volcanic eruption, ozonesonde, quasibiennial oscillation, aerosol, stratosphere, lidar, Germany, Hohenpeissenberg; Garmisch-Partenkirchen; 02021.

ozone destruction
chlorine dioxide, stratospheric ozone, photodissociation, 09070. chlorine monoxide, chlorine dioxide, bromine monoxide, visible spectroscopy, near ultraviolet spectroscopy, diurnal photochemistry, Antarctica, McMurdo Station; 04390. cyclone breakdown, stratosphere, warming, cyclogenesis, polar stratospheric cloud, heterogeneous chemical reaction, 07755. hydrogen, nitric acid vapour, hydrogen peroxy radical, photochemistry, chlorine, 09055.

ozone distribution
aerosol distribution, wet season, mixed layer, photochemistry, biomass burning, forest, ocean, Brazil, Amazon; 07857.

ozone formation
aldehyde, photochemical smog, vehicle emission, alcohol, fuel, 13692. instrument intercomparison, instrumental requirement, atmospheric chemistry, chemical process, aerosol, nitrogen compound, oxidation process, hydrocarbon, 11148. nitrogen oxide, volatile organic compound, boundary layer, 06676.

ozone forming potential
oxygenated compound, organic compound, fuel additive, tert butyl alcohol, dimethyl ether, diethyl ether, methyl tert butyl ether, ethyl tert butyl ether, urban NHMC mix, 11301.

ozone gradient
satellite, ozone comparision, pressure, temperature, radiosonde, rocketsonde, SBUV, SAGE II, 12545.

ozone hole
atmospheric dynamics, atmospheric transport, photochemistry, middle atmosphere, stratospheric warming, planetary wave, circumpolar vortex, gravity wave, Southern Hemisphere; 08919. chemical depletion, vortex dynamical property, circumpolar vortex, aircraft observation, ozone transport, tracer data, Antarctica; 08926. chemical propagation, chlorine, chlorine monoxide, nitrogen oxide, ozone depletion, stratospheric chemistry model, Antarctica; 02028. chemically processed air, stratospheric air, chemistry transport model, hydrogen chloride, polar stratospheric cloud, air extent variability, chlorine, Arctic; 10221. chemistry and transport model, polar stratospheric cloud, vortex, polar process, heterogeneous process, chlorine, model implication, 10220. chlorine measurement, winter, stratosphere, 10219. dilution, chemical transport model, ozone depletion, total ozone, Antarctica; 02027. international research, Sweden; 10228. nitric acid tryhydrate, reaction probability, polar stratosphere, cloud material, chlorine, 12546. ozone mapping, time lapse atlas, climate change, 05698. polar stratospheric ozone, branching ratio, rate constant, bromine, chlorine, 06660. quasi biennial oscillation, sea-surface temperature, polar total, Antarctica; 12524. stratosphere, vertical propagation, planetary wave structure, sea surface temperature, Pacific, (South); 08928. total ozone, mapping spectrometer, total ozone, vortex dynamics, ozone depletion, Antarctica; 05546. total ozone, ozone spectrographic measurement, Antarctica; 09039. total ozone, ozone, tropopause, 03248. ultraviolet transmission, sea ice, austral spring, ice cover, 08839. warming dynamics, stratospheric sudden warming, Antarctica; 08927.

ozone interference effect
laser detection, hydroxyl radical, photochemical model, 06690.

ozone layer
climate change, global warming, ultraviolet radiation, impact minimisation, forestry, recreation, 13637. food web, acid deposition, international scientific programme, atmospheric evolution, anthropogenic action, warming, 13479. methane, stratospheric water vapour, charge transfer process, ozone attacking radical, heterogeneous reaction process, Antarctica; 06645. warming, ozone pollution, global warming, 09032.

ozone layer depletion
carbon dioxide, greenhouse gas convention, Montreal Protocol, Austria, Vienna; Canada, Montreal; 10167. CFC's, control measure, legislation, Montreal Protocol, Canada, Montreal; 10168.

ozone level
ozone peak concentration, indoor outdoor ratio, indoor air quality, air quality model, 10176.

ozone loss
stratosphere, austral spring, catalytic cycle, free radical, vortex, CFC's, Antarctica; 07869.

ozone loss rate
flight track, chlorine, bromine, stratosphere, Antarctica; 12554.

ozone mapping
Dobson spectrometer, calibration, 12597. time lapse atlas, climate change, ozone hole, 05698.

ozone measurement
dry season, wet season, rain forest, Brazil, Amazon; 07855. NOAA-9, Nimbus-7, satellite, short term variability, long term varability, calibration, trend, 12525. ozone sounding, ozone profile, ozonesonde, lower stratosphere, Belgium, Uccle; 06543. stratosphere, Kelvin wave, solar backscatter ultraviolet instrument, travelling wave, Nimbus-7, 13643. stratospheric cloud detection, balloon campaign, total ozone field, TOVS/HIRS2 infrared radiance, TOMS ozone data, polar stratospheric cloud, Arctic; Europe, (Northern); 10222.

ozone minihole
balloonborne measurement, polar stratospheric cloud, ozone, cooling event, nitric acid trihydrate, water ice cloud, Arctic; 09049.

ozone monitoring
photosmog, precursor, photochemical ozone, Mediterranean; 09044.

ozone peak concentration
indoor outdoor ratio, indoor air quality, air quality model, ozone level, 10176.

ozone perturbation
Rossby wave radiation, low frequency oscillation, total ozone measurement, total ozone mapping spectrometer, 04389.

ozone pollution
global warming, ozone layer, warming, 09032.

ozone precurser
PAN, air quality, photochemical formation, USA, California; 06575.

ozone precursor
ozone, hydrocarbon, nitrogen oxide, smog chamber, air quality, USA, California, Los Angeles; 11379.

ozone precursor emission
ozone, air quality standard, heat wave, 10175.

ozone production
control strategy, non methane organic carbon compound, urban area, 10205.

ozone profile
cosmogenic radio nuclide, cable car, photochemical production, stratospheric intrusion, ozone trend, Germany, Zugspitze; 10202. lidar, electrochemical, concentration cell, balloon sonde, rocket ozonesonde, stratospheric aerosol, satellite measurement, sampling, 04363. ozonesonde, lower stratosphere, ozone measurement, ozone sounding, Belgium, Uccle; 06543. polar stratospheric cloud, chemical ozone depletion, stratosphere, Arctic; 07876.

ozone profile measurement
polar vortex, balloon sounding, ozone depletion, Antarctica; 04362.

ozone protocol
ozone depletion, CFC's, Australia; 09027.

ozone sounding
lidar, stratospheric warming, tropopause, stratospheric ozone, ozone depletion, Svalbard, Spitsbergen; 00889. ozone profile, ozonesonde, lower stratosphere, ozone measurement, Belgium, Uccle; 06543.

ozone spectrographic measurement
ozone hole, total ozone, Antarctica; 09039.

ozone transport
tracer data, ozone hole, chemical depletion, vortex dynamical property,

circumpolar vortex, aircraft observation, Antarctica; 08926.
ozone trend
ozone profile, cosmogenic radio nuclide, cable car, photochemical production, stratospheric intrusion, Germany, Zugspitze; 10202. regional variation, statistical trend analysis, total ozone, Northern Hemisphere; 04349. robust statistical method, statistical method, emission control, air quality, urban ozone, USA; 12513. stratosphere, aerosol, ozone, stratopause, diurnal variation, 02031. stratosphere, preliminary assessment, aerosol, contamination effect, SAGE, 11394.
ozone trend analysis
Dobson spectrophotometer, ozone, zenith sky observation, 06698.
ozone trends
total ozone, quasi biennial oscillation, 06551.
ozone valley
subtropics, thermal process, dynamic process, India; 10211.
ozone variability
equatorial middle atmosphere, semi annual oscillation, residual mean circulation, temperature dependence, stratopause, mesosphere, gravity wave, 04392. stratosphere, data assimilation system, subplanetary scale feature, three dimensional simulation, wintertime, 12553.
ozone variation
Dobson spectrophotometer, synoptic weather condition, South Africa, Pretoria; 12515. nitrate, bromine, meteorology, boundary layer, USA, Alaska, Barrow; Arctic; 11329. trend, surface ozone trend, Germany, Arkona; Hohenpeissenberg; 11328.
ozonesonde
lidar, satellite profile, polar vortex, stratosphere, nitrogen dioxide, potential vorticity, potential temperature, ozone, 00828. lower stratosphere, ozone measurement, ozone sounding, ozone profile, Belgium, Uccle; 06543. quasibiennial oscillation, aerosol, stratosphere, lidar, ozone depletion, volcanic eruption, Germany, Hohenpeissenberg; Garmisch-Partenkirchen; 02021.
P factor
subsurface drainage, low slope, humid climate, sediment loss, runoff erosion, universal soil loss equation, soil erosion data, USLE, USA, Louisiana, Baton Rouge; 05058.
P release rate
weathering index, atmospheric P input, rock, weathering, phosphorus budget, terrestrial watershed, saprolite, isovolumetric process, USA, South Carolina, Liberty Hill; Brazil, Rio Negro; Brazil, Amazon River; 06210.
P wave mechanism
normal faulting, crustal extension, seismotectonics, earthquake, short period seismograph network, USA, Oregon, Portland; 10688.
p-chlorophenol
mercuric ion, fixed bed adsorption, pollutant removal, water treatment, water quality, phenol, 04063.
p-hydroxyphenylacetic acid
sampling, hydrogen peroxide, formaldehyde, USA, California, Glendora; 02051.
Pacific deep
intermediate water, ocean circulation, Pleistocene, glacial nutrient distribution, carbon dioxide, carbon-13, Pacific; 11928.
Pacific easterly
lead, barium, potassium, strontium, rubidium, cascade impactor, isotope dilution mass spectrometry, sea salt, dust, aerosol, Pacific, American Samoa; 02044.
Pacific intermediate water
last deglaciation, carbon-14, accelerator mass spectrometry, transient event, ventilation rate, Atlantic; Pacific; 02614.
Pacific ocean
satellite observation, GEOSAT, tropical ocean, cyclone pair, wind speed, storm track, 01807.
Pacific Plate
California Plate, Neogene(Late), plate, relative motion, transform plate motion, transpressive plate motion, San Andreas Fault, USA, California; 08355. residual volcanic relief, geomorphological evolution, coral reef, makatea, MacDonald hot spot, Pacific, Southern Cook Island; French Polynesia, Austral Islands; 08382.
Pacific-Australian Plate
plate boundary, strike-slip movement, geodetic shear strain, Alpine fault zone, triangulation network, New Zealand, South Island, Haast; 13032.
pack ice
drift, floe, arctic polar pack ice, Arctic; 02700. Geosat, altimeter, ice, SAR, Greenland; 11606. radiative flux, ice crystal, sea ice thickness, cloud optical property, Arctic; 02990. salinity, Atlantic Ocean conveyor circulation, melt water, precipitation, runoff, Laurentide Ice Sheet, Younger Dryas, climate change, last deglaciation, Arctic Ocean; Atlantic, (North); USA, Gulf of Mexico; 08435.
pack ice movement
satellite, ice drifting, polar exploration, Arctic Ocean; 10753.
Packard 2260 IL
low level radiocarbon, tritium determination, liquid scintillation counter, LKB Quantulus, LKB 1219 SM, beta test comparison, 02577.
Packard Instrument Tri-Carb 460C LSC
inexpensive upgrade, liquid scintillation equipment, radiocarbon dating, remote computer control, 02578.
Packard low-level liquid scintillation counting system
background radiation, low background, liquid scintillation counting, active sample holder, pulse discrimination electronics, 02575.
packing concentration
void, sphere packing, haphazard packing, 03510.
packrat
midden, vegetation, monsoon, aridity, Holocene(Middle), vegetation record, palaeoclimatic significance, USA, Nevada, Mojave Desert, McCullough Range; 13089.
packrat midden assemblage
fossil, insect evidence, Quaternary(Late), climatic change, USA, Texas, Chihuahuan Desert, Big Bend Region; 03871.
packstone
biogene, Devonian, Elbingerode Complex, conodont chronology, reef, limestone, rudstone, Germany, Harz Mountains; 08231. cementation, diagenesis, neomorphism, St. Louis Limestone, Ste. Genevieve Limestone, porosity, Mississippian, USA, Kansas, Gray County; 09316. stromatolite, oolite, sedimentary cycle, platform, Buntsandstein, Platy Dolomite, Poland, Leba Elevation, Puck Bay Area; 01280.
paddy soil
manure application, soil physical property, rice straw, soil moisture, China; 12121. methanogenesis, fermentation, anoxic, lake sediment, glucose, 12841. phosphorus, phosphate compound, spectrometry, NMR spectrometry, Madagascar; 09707.
paddy straw
water hyacinth, mineralisation, organic carbon, compost, barseem straw, 05077.
PAH
anthropogenic input, scavenging, contamination, hydrocarbon, alkane, Mediterranean Sea, Gulf of Fos; France, Rhone Delta; 12911. colloids, contaminant transport, sorption, fluorescence-quenching method, hydrophobic organic pollutant, groundwater contamination, 02914. emission, combustion, crude oil, pollution, smoke, oil spill, organic carbon, fuel layer, 05538. estuary, microbial degradation, residence time, turbidity zone, PCB, Netherlands, Scheldt Estuary; 05884. fishery, anthropogenic influence, benthic survey, heavy metal, North Sea, Oyster Grounds; 07037. gas chromatography, 09045. groundwater pollution, surface water pollution, industrial pollutant, Poland, Sudety Mountains; 08784. high performance liquid chromatography, ultraviolet fluorescence detection, gas chromatography mass spectrometry, lake sediment, 04876. hydrocarbon transport, surface water quality, atmospheric deposition, suspended sediment, n alkane, Canada, Mackenzie River; 08739. lead, copper, manganese, iron, fluoride, chloride, bromide, nitrate, sulphate, urban atmosphere, aliphatics, Spain, Barcelona; 03175. organic matter, continental margin, oil, gas, hydrocarbon, 07058. organic matter, river sediment, pollution, adsorption site, particle size, 03585. particle, local traffic, distant source, multivariate analysis, 11409. particulate matter, particle size distribution, mesoscale transport, deposition rate, Mediterranean Sea; 06563. PCBs, volatile organics, inorganic particular matter, risk assessment, chromium, air quality, pollution monitoring, urban atmosphere, Canada; 01980. pesticide, chemical, lacustrine sediment, porewater, PCBs, Canada; USA, Great Lakes, Lake Superior; 01255. plough layer, agricultural soil, sludge amendment, 05086. pollution, motor vehicle, soil profile, lead, cadmium, copper, organic lead compound, UK, England; 00819. risk assessment, highway runoff, potable water, surface water contamination, 00562. Salmonella, chemical mutagen, industrial waste, river water quality, fish population, USA, West Virginia, Kanawha River; 08198. smelting, sedimentation rate, industry, organic matter, contaminant, Canada, Quebec, Saguenay Fjord; 00103. soil pollution, heavy metal, agricultural soil, sewage sludge, sludge amendment, 09688. storm event, pollution, point source, UK, England, Derbyshire, River Derwent; 03589. surfactant, solubilisation, organic contamination, soil water system, micelle, 07031. tar, intercalibration, combustion, biomass, sampling, chemical analysis, pollution, wood stove, boiler, organic micropollutant, Sweden; Norway; Finland; Denmark; 00811. toxicity, coal tar, contaminated soil, 05087. toxicology, deposition, diesel engine exhaust, particle, 13744. urban street dust, capillary gas chromatography, sulphur heterocyclics, pollution, sampling, motor vehicle emission, Japan, Tokyo; 03251. UVSF fingerprinting, lake water quality, breakdown rate, water pollution, UK, England, London, Broomwood Lake; 04053. vehicle pollution, highway, pollution, deposition flux, heavy metal, 13721. volatile organic compound, groundwater contamination, organic contaminant, gas works, USA, Washington, Seattle, Gas Works Park; 04140. water quality, storm water runoff, hydrocarbon, runoff pollution, surface water quality, bottom sediment, urban runoff, aliphatic hydrocarbon, Japan, Tokyo, Tama River Basin, Nogawa River; 07514.
PAH derivative
photochemical episode, gas phase, France, Paris; 07823.
PAH's
background level, marine aerosol, sulphate, nitrate, n-alkane, Mediterranean Sea; 12532. combustion, aerosol photoemission, automobile exhaust, particle surface, 11380. fossil fuel, particulate matter, benzo[a]pyrene, coronene, fire, bush fire, woodburning, Australia, Sydney; 07830. mutagenic activity, benzo (g,h,i)perylene, vehicle, organic emission, benzo(a)pyrene, seasonal variation, trend, USA, California, San Francisco Bay; 11408. particle, sampling artefact, filter material, mutagenicity, 11152. PCB congener, lake water quality, sediment trap flux, benthic recycling, organic carbon, USA, Great Lakes, Lake Superior; 13334. phototoxicity, hazard, photoactivation, toxic substance, dredging, harbour, USA, Great Lakes, Lake Michigan; 11703. polychlorobiphenyl, hexachlorobenzene, DDT, DDT metabolite, heavy metal, organic micropollutant, floodplain, surface water quality, suspended matter, sediment contamination, Netherlands, Waal River; Rhine River; 11024.
Pahasapa Limestone
gypsum bed, anhydrite bed, Mississippian(Late), karst surface, mixing zone, artesian groundwater, vadose condition, fracture zone, geological history, cave, USA, South Dakota, Black Hills; 10720.
PAHs
heterogeneous reaction, particle surface, nitrogen dioxide, nitric acid, soot particle, 10181. laboratory experiment, pollutant, partitioning, organic carbon, Australia, Queensland, Brisbane River Estuary; 04797. organochlorine pesticide, n alkane, carbon preference index, organic compound, vapour particle partitioning, semivolatile organic compound, PCB's, USA, Colorado, Denver; 06579. PCB's, hydrophobic chemical, organic chemical, urban fog, fog, deposition, alkane, 13694. pollutant, grain size, micropollutant, heavy metal, PCBs, 10658.
paint chip
wind speed, aluminium oxide, hydrochloric acid, particulate deposition, space shuttle launch, deposition, sand grain, sea shell fragment, USA, Florida, John F.Kennedy Space Center; 05488.
painted square technique
relief evolution, runoff, sheet wash, marker, phytoindicator, natural trap, USSR, Issyk-Kul Lake; 05126.
paired catchment study
gullying, erosion acceleration, clearcutting, plantation forest, Taungya

cultivation, Indonesia, Java; 06241.
paired comparison
ammonium, precipitation chemistry, siting criteria, USA, Mississippi; 12529.
paired lake catchment study
experimental catchment, magnitude, frequency, sediment transport, agricultural catchement, UK, England, Warwickshire, Seeswood Pool; Merevale Lake; 02732.
Pakoon Limestone
Permian, carbonate, aeolian deposit, Callville Limestone, Pennsylvanian, Supai Group, USA, Arizona; Nevada; 07052.
palaeo ice sheet
flow pattern, deglaciation, frozen bed, ice divide, metachronous pattern, glacial striae, ice flow reconstruction, Sweden; 07235.
palaeo recharge
groundwater recharge, hydrogeological model, velocity profile, groundwater flow, arid basin, Australia, Amadeus Basin; 02903.
palaeo sea surface temperature
oxygen isotope, Tertiary(Middle), zonal wind speed, poleward energy transport, energy balance, 05453.
palaeoalpine relief
plantation, weathering crust, limestone, dolomite, karst process, Poland, Carpathian Mountains; Czechoslovakia, Carpathians Mountains; 08343.
palaeoanthropological research
archaeology, Landsat TM, Ethiopia; 06930.
palaeoaquifer
staining, cement, aquifer, Mississippian, carbonate dolomitisation, USA, Appalachian Mountains; 00160.
palaeobasin
stratification, carbonate, Cambrian, salt accumulation, USSR, Siberia; 12934.
palaeobathymetry
geohistory analysis, Banda Arc, benthic foraminifera, quantitative palaeobathymetry, uplift history, foreland basin, Cenozoic(Late), Indonesia, Timor; 07174.
palaeobiocoenosis
thanatocoenosis, palaeoethnobotanical research, plant remains preservation, archaeological plant remains, 09557.
palaeobiogeography
biostratigraphy, Cretaceous, Bansi Formation, platform deposit, facies, India, Himalayas; 04827.
palaeobotanical investigation
macroflora, palynological complex, Jurassic, USSR, Kazakhstan, Karatau Ridge; 10625.
palaeobotanical record
tree scarcity, beetle, periglacial form, unstable condition, charcoal, Weichselian, vegetation type, Europe, (Northwest); 10780.
palaeocave system
peneplain, uplift, low sea level, dissolution, hydrogeology, karst hydrogeology, phreatic cave system, drainage conduit, carbonate rock, spring, doline, submarine spring, New Zealand, Nelson, Golden Bay, Takaka Valley; 09526.
palaeocean
foraminifers, phosphate, deep ocean, cadmium, cadmium-calcium ratio, Peru; 01368.
palaeoceanographic
cerium, carbonate, seawater, sedimentation rate, rare earth element, Indian Ocean, ODP Leg 115; Mascarene Plateau; 03673.
palaeoceanographic change
global climatic change, paleoenvironmental change, organic carbon, piston core, Bolivina pacifica, benthic foraminifera, Japan Sea; 10751.
palaeoceanographic condition
palaeogeography, phosphorite, limestone, Miocene, Cuba; 00133. phosphorite, Oligocene, San Gregorio Formation, Mexico, Baja California Sur, San Juan de la Costa; 00177. Pliocene(Late), Quaternary, diatom stratigraphy, stratigraphic marker species, datum age, Southern Ocean; Atlantic, (South); 11932.
palaeoceanographic event
Pungo River Formation, phosphate, lithofacies, Miocene, continental margin, USA, North Carolina; 02415. sedimentation, Cenozoic, phosphorite, plate tectonics, palaeoclimatic event, 00118.
palaeoceanographic implication
primary production, photic zone, glacial North Atlantic, export production, seasonality, intermittency, 07194.
palaeoceanographic reconstruction
diatom productivity, Holocene, melt water spike, Quaternary(Late), fossil diatom, marine core, Canada, Baffin Island; 09560.
palaeoceanographic record
marine sediment, chronostratigraphy, strontium, sea water, foraminifera, 09371.
palaeoceanography
dust, cycle periodicity, upwelling, organic matter, Pleistocene, Indian Ocean; Arabian Sea; 11660. foraminifera, microfossil, sediment core, coccolith, climatic change, Norwegian Sea; Greenland Sea; 03640. palaeogeography, Miocene, palaeocirculation, Gulf Stream, Suwannee Current, sea level change, USA, Georgia; Straits of Florida; 02455. radiocarbon age, deepwater chemistry, circulation change, Quaternary, deepwater, Atlantic; 02603. seasonal event, upwelling, lamination, fabric, varve, Pacific, Peru Margin; 01194. sedimentary cycle, cycle, productivity, Milankovitch, organism, carbonate platform, Pleistocene, climate, palaeoclimate, USA, Florida; 01227. stratigraphic, microfaunal, palynological evidence, Tyrrell Sea, latitudinal gradient, biogenic productivity, postglacial, Canada, Hudson Bay; 04973.
Palaeocene
Fort Union Formation, tonstein, Tongue River Member, volcanic ash, coal, USA, Wyoming, Powder River Basin; 11789. phosphorus, nitrogen, Nissenbaum, fulvic acid, organic matter, Tunisia, Gafsa Basin; 00129.
palaeochannel
aquifer hydrogeology, terrain conductivity meter, alluvial aquifer, transient electromagnetic sounding, electromagnetic mapping, United Arab Emirates, Abu Dhabi, Al Jaww Plain; 13423. buried depth, Holocene, channel sediment, Pleistocene(Late), sedimentary structure, China, Shandong, North Shandong Plain; 11860. drainage system, electromagnetic bipole-bipole method, resistivity map, piezometer, water exploration, groundwater, arid zone, Niger, Agadez, Teloua; 13422. molluscan fauna, Pleistocene(Middle), interglacial deposit, environmental implication, stratigraphic implication, UK, England, Essex, Little Oakley; 02667. peat age, land uplift, oxbow lake, radiocarbon dating, Finland, Lapland, Pulmankijoki Valley; 08331. peninsula progradation, Delmarva Peninsula, sea level, Wisconsinan(Late) palaeochannel, climate change, Quaternary geology, trailing edge continental margin, USA, Virginia, Chesapeake Bay; Delaware, Chesapeake Bay; 07273. sponge, transgression, regression, Cretaceous, Eocene, Australia, Western Australia, Eucla Basin; 02423. vertical movement, regional hydrogeology, river piracy, coarse change, India, Madras, Palar River; 06017.
palaeochannel pattern
alluvial sedimentary sequence, chronology, discharge variation, sedimentary sequence, palaeohydrology, Warta Valley Research Project, valley floor morphology, Poland, Warta River; 11851.
palaeochemistry
nitrate, palaeoclimate, carbon dioxide, foraminifera, nitrogen, glaciation, Pacific; Atlantic; 00934.
palaeocirculation
Gulf Stream, Suwannee Current, sea level change, palaeoceanography, palaeogeography, Miocene, USA, Georgia; Straits of Florida; 02455.
palaeocirculation history
North Atlantic Deep Water, Antarctic Bottom Water, abyssal storm, turbidite, sedimentation rate, Holocene, Wisconsinan, benthic foraminiferal assemblage, Atlantic, Scotian Margin; 10743.
palaeocirculation pattern
Pleistocene(Late), Holocene, deepwater circulation, melt water discharge, ocean ventilation rate, ventilation rate, circulation fluctuation, last deglaciation, mean grain size, detrital silt fraction, piston core, Atlantic, Blake Outer Ridge; 10744. relict dune, desert dune, climatic change, aridity, atmospheric circulation, 07204.
palaeoclimate
carbon dioxide, foraminifera, nitrogen, glaciation, palaeochemistry, nitrate, Pacific; Atlantic; 00934. carbon dioxide, ice sheet formation, ice core bubble, glacial maximum, Holocene, Arctic; 03135. continental margin, illite, downhole log, orbital forcing, Milankovitch, diatom, Weddell Sea, Dronning Maud Land; Antarctica; 04757. deep sea pollen record, pollen, tradewind circulation, monsoon, Atlantic; Africa, (West); 13083. diagenesis, biomarker, lipid, organism, Japan, Lake Biwa; 06973. diatom preservation pattern, Gauss Chron, opal, diatom, Matuyama Chron, Olduvai, Jaramillo Subchron, Brunhes Chron, sea ice cover, Pliocene(Late), Pleistocene, Southern Ocean, Jane Basin; Antarctica; 01423. evaporite, sedimentation, brine, playa, saline lake, palaeohydrology, Canada, Saskatchewan, Ceylon Lake; 08158. fluctuation, global climatic change, radiocarbon dating, sediment, secular change, sea level history, USSR, Caspian Sea; 04982. glacial climate change, interglacial climate change, climate change, pollen, aeolian evidence, climate modelling, forcing, general circulation modelling, 10732. glacial, interglacial, terrestrial, marine temperature estimate, test, GCM simulation, Indian Ocean; 04964. glaciation, temperature, rainfall, snow line, tree line, lake level, Burundi; 00778. ice core data, climate change, pinyon tree, carbon dioxide, carbon-13, dendrochronology, USA; 05451. ice evolution time scale, degrees of freedom, continental ice sheet, rheology, mass balance, ice sheet, glaciology, 09543. irrigation system, oasis, historical hydrology, delta, palaeographic dynamics, USSR, Murgab Delta; 02822. isotopic stage, palynological study, Quaternary, pollen assemblage, Japan, Kyushu; 10796. Last Glacial, terrace deposit, pollen analytical study, peat, oxygen isotope record, glacial history, Japan, Hokkaido; 10793. Little Ice Age, palaeoenvironmental condition, oxygen isotope, dust, surface temperature, westerly, proxy data, Antarctica, Siple Station; 03128. magnetic susceptibility, magnetic susceptibility record, loess, dating, orbital frequency, Quaternary, China, Loess Plateau; 09594. palaeoceanography, sedimentary cycle, cycle, productivity, Milankovitch, organism, carbonate platform, Pleistocene, climate, USA, Florida; 01227. palaeogeographic evolution, radiocarbon dated core, clay mineralogy, kaolinite, smectite, delta lobe, Nile delta clay, Egypt, Nile Delta; 11854. pollen input, dinocyst productivity, lake level, uranium-thorium chronology, correlated record, oceanic record, continental record, hydrology, Africa, (North); 09566. pollen, plant macrofossil, high altitude lake, vegetation change, effective precipitation, Neoglacial cooling, Holocene, forest development, USA, California, Sierra Nevada; 02661. precipitation, Cedrus atlantica, tree ring width, Morocco; 01956. proxy data, climatic change, lake level, pollen study, Argentina, Lake Cardiel; 01949. proxy data, climatic record, ice core, surface layer, oxygen isotope analysis, delta radioactivity, Antarctica, Wilkes Land; 01952. proxy data, particle, conductivity, stable isotope content, ice cap, China, West Kunlun; 03118. Quaternary climate, coupled climate model, last glacial interglacial cycle, Milankovitch theory, 09542. radiocarbon dating, climatic condition, snowline, pollen sequence, lake level history, ice core data, Little Ice Age, glacial history, Peru, Andes; Bolivia, Andes; 02624. red parting, paleosol, red interbasaltic level, volcanism, weathering, France, Massif Central, Cantal; Velay; 13198. relief development, Palaeolithic(Middle), artefact, neolithic settlement, palaeogeography, prehistoric settlement, Egypt, Eastern Desert; 04984. relief, aeolian relief, fluvial relief, erg, terrace, crust, hygric gradient, hypsometric gradient, climate change, Namibia, Namib Desert; 11869. river valley, fluvial process, palaeohydrological reconstruction, Poland, Vistula River Valley; 07140. Sangamonian interglacial, Holocene epoch, soil development, paleosol, interglaical climate, Canada; 07251. sediment provenance, diagenesis, sandstone, Triassic, climate, USA; Canada; 08214. sedimentation rate, Pliocene, Tertiary, tectonic record, climatic record, Japan, Lake Biwa; 00286. stalagmite, flowstone sequence, U series technique, oxygen isotope variation, pollen assemblage, Norway, Rana; 06159. Stefan problem, ice bearing permafrost, palaeotemperature model, time lag, freezing rate, thawing rate, permafrost thickness, USSR, East Siberia; USA, Alaska, Barrow; USA, Alaska, Prudhoe Bay; 09602. sublitharenite, detritus source, sandstone, Murree Group, palaeoenvironment, India, Kashmir Himalaya, Jammu; 05901. tree ring

chronology, air mass boundary, dendrochronology, USA, Great Salt Lake; 05468. vegetation, Quaternary environment, cold stage, steppe vegetation, tundra, China; 08491. vegetational change, forest, prairie, Holocene, palaeoecological material, USA, Iowa, Roberts Creek; 02428. Worange Point Formation, sandstone, mudstone, fluvial facies, Devonian, Australia, New South Wales, Eden; 01274.

palaeoclimate condition
magnetic susceptibility, loess, ferromagnetic mineral, paramagnetism, unweathered loess, paleosol, ultrafine magnetite, China, Loess Plateau; 11914.

palaeoclimate data
ice core record, climate sensitivity, polar ice sheet, glacial interglacial temperature change, carbon dioxide, methane, greenhouse gas, 06522.

palaeoclimatic condition
Atlantic optimum, Holocene, climatic zonality, Northern Hemisphere; 08424. stable isotope analysis, planktonic foraminifera, salinity, anoxia, Pliocene, Tertiary, laminated sediment, Pleistocene, climatic change, laminite, geochemistry, micropalaeontology, Italy, Calabria, Vrica; 00281.

palaeoclimatic data
Pastonian Stage, Tiglian(Late), Bramertonian, Tiglian(Middle), Ludhamian, Tiglian(Early), pre Ludhamian, Praetiglian Stage, Waltonian, Reuverian Stage, Anglian Stage, Elsterian, Pleistocene(Early), Pleistocene(Early Middle), correlation, faunal data, floral data, North Sea; 08446.

palaeoclimatic environment
Fort Hancock Formation, soil horizon, Vertisol, smectite, Tertiary, USA, Texas, Hueco Bolson; Mexico, Chihuahua; 09416.

palaeoclimatic event
palaeoceanographic event, sedimentation, Cenozoic, phosphorite, plate tectonics, 00118. water level fluctuation, sediment, lagoon, marsh, gyttjas, depositional cycle, radiocarbon date, Canada, Ontario, Kingston, Cataraqui River; 08495.

palaeoclimatic evidence
sedimentation rate, core, palaeolimnology, radiocarbon, stable isotope, ostracode, Holocene, USA, Great Lakes, Lake Michigan; 08474.

palaeoclimatic history
Cainozoic, environmental change, global warming, Africa, (Southern); 10762.

palaeoclimatic implication
climatically driven change, sedimentation rate, meltwater, Termination Ia, magnetic susceptibility, environment, physical property, acoustic property, deep sea sediment, Arctic, Eurasian Basin; 02619. high stand, Lake Lahontan, model, evaporation, lake level, USA, Nevada, Lake Lahontan; 04978. Holocene(Early), glacier advance, raised beach, Godhavn stade, Disko stade, marine limit, equilibrium line altitude, Greenland, West Greenland, Disko Island; 07280. radiocarbon dating, microfossil analyses, tephrachronology, palaeoecology, Holocene(Late), lake sediment sequence, Antarctica, South Shetland Islands, Livingston Island; 09596. Tioga glaciation, Middle Creek glaciation, Younger Dryas, accelerator mass spectrometry, Pleistocene(Late), lake shoreline, glacial chronology, radiocarbon dating, rock varnish, USA, Basin and Range Province; 00305.

palaeoclimatic indicator
forward theory, permafrost, surface temperature change, temperature history, geothermal data, inverse theory, heat flux, USA, Alaska, Prudhoe Bay; 08507.

palaeoclimatic information
ice core, Cenozoic(Late), palaeoenvironment, isotopic temperature, aeolian dust, greenhouse gas, Antarctica, Vostok; 09548. oxygen-18 change, isotope variation, temperatre glacier, melt water infiltration, isotopic profile, USSR, Severnaya Zemlya; Svalbard, Spitsbergen; 05046.

palaeoclimatic model
Last Glacial Maximum, closed basin, lake level, oxygen isotope record, ostracoda, Pleistocene, seismic profile, piston core, China, Qinghai Lake; 13159. palaeogeographical reconstruction, loess, environmental response, sedimentary environment, Quaternary stratigraphy, France, Alsace, Achenheim; Vosges, Grande Pile; 06085. Pleistocene(Mid), climate transition, one-dimensional time dependent ice sheet model, ice sheet, equilibrium line, feedback, oxygen isotope record, 00268.

palaeoclimatic modelling
equilibrium climate model, general circulation model, lag, feedback, 09535.

palaeoclimatic proxy data
ocean atmosphere interaction, El Nino/Southern Oscillation prediction, coupled atmosphere ocean ice model, El Nino/ Southern Oscillation modelling, climate ocean interaction, 08883.

palaeoclimatic reconstruction
Holocene climate, stable isotope ratio, carbon, phytolith, vegetation monitoring, climate change, occluded carbon, opal phytolith, USA, Great Plains; 10738. palaeoenvironmental reconstruction, fossil insect assemblage, Weichselian(Late), pollen stratigraphy, insect fauna, thermal environment, Mutual Climatic Range Reconstruction Package, beetle, climatic change, Younger Dryas, Sweden, Toppeladugard; 09589. palaeoenvironmental reconstruction, reconstruction, Holocene, snail, vertebrate, fauna, Poland, Cravow, Grodzisko, Nad Mosurem Starym Duza Cave; 06165. pollen, quantitative characteristic, Late Glacial, Europe, (North); Asia, (North); 06080. radiocarbon date, tephra unit, chronometric control, deltaic sequence, Dechambeau Ranch High Stand, Marina Low Stand, water balance model, Holocene(Late), lake fluctuation, hydrographically closed lake, USA, California, Mono Lake; 00303. temperature, precipitation, climate, Younger Dryas, Northern Hemisphere; 08425.

palaeoclimatic record
oxygen isotope, foraminifera, clay mineral, sediment core, Ligurian Sea; 04963.

palaeoclimatic research
past fluvial process, fluvial process, palaeohydrological interpretation, channel pattern, meandering, lithofacies, alluvial fill, river discharge, braided channel, valley floor development, Poland; 09491.

palaeoclimatic sequence
periglacial cycle, Dryas stadial, Weichselian, permafrost, Pomeranian stage, Europe, (Western); France; Belgium; 06198.

palaeoclimatic signal
ice-sheet bed, basal melting, deep drilling project, thermal model, Greenland, Summit Ice Divide; 01472.

palaeoclimatic significance
involution, patterned ground, wedge, cryoturbation, paleosol, relict, periglacial feature, Canada, Alberta, Waterton-Glacier Park; USA, Montana, Waterton-Glacier Park; 11999. isotopic composition, carbonate cave deposit, equilibrium, precipitation process, HENDYS kinetic equation, speleothem, 02563. packrat, midden, vegetation, monsoon, aridity, Holocene(Middle), vegetation record, USA, Nevada, Mojave Desert, McCullough Range; 13089. Pleistocene(Upper), dust, steppe environment, post depositional weathering, pluvial period, loess, loess like deposit, France; Italy; Africa, (North); 07216. polygonal patterned ground, till, fire, thermal cracking, radiocarbon date, permafrost aggradation, soil wedge polygon, Canada, Quebec; 07288.

palaeoclimatic simulation
climate model, ice age time scale, model ice sheet, ice sheet orography, Laurentide ice sheet, two-dimensional coupled model, atmosphere-ice sheet-continent model, 00269.

palaeoclimatic variation
dry area, cold area, lithofacies, organic carbon, carbon stratigraphy, pollen, China, Qaidam Basin, Qarhan Salt Lake; 13158.

palaeoclimatology
carbon dioxide, subarctic, deep water, lysocline depth, carbonate system, oceanography, Pacific, (North); 10649. desert, ancient lake, China; Africa, Sahara; 09572. flux pattern, biogenic sediment, mass accumulation rate, opal flux maxima, productivity, atmospheric carbon dioxide, ice volume, Pleistocene(Late), Pacific; 11929. monsoon, lake level, general circulation model, Milankovitch, albedo forcing, tropical monsoon, geological evidence, numerical simulation, sensitivity experiment, Quaternary, Africa; 09540. Pleistocene(Late), Holocene, foraminifera, pteropoda, Quaternary(Late) sediment, core TEV 1 BAN 85, Tyrrhenian Sea; 08447. Pleistocene, aeolian deposition, ocean circulation, ocean sediment, deep-sea sediment, dust, 02309. stratigraphy, Warneton pedocomplex, micromorphological budget, humic soil, Belgium, Warneton; 06157.

palaeocontinental reconstruction
Cenozoic, plate tectonics, basin evolution, Indonesia; 07173.

palaeocurrent
aeolian dune, Copper Harbor Formation, Proterozoic(Late), sandstone, cross stratification, Canada, Lake Superior Basin, Five Mile Point; 08215. continental shelf, surf zone, wind stress, current, bedform, USA, Texas; 01237. Cretaceous, sandstone, cross bedding, transgression, dispersal pattern, India, Gujarat; 11726. Devonian, arenite, conglomerate, subsidence, Mount Daubeny Formation, Australia, New South Wales, Darling Basin; 11764. Eocene, Oligocene, thrust, sedimentary provenance, heavy mineral, France, Haute Provence; 08246. iceberg scour, gravity crater, current erosion mark, Preboreal flood, jokulhlaup, ice dammed lake, Nedre Glamsjo, Norway, Romerike; 09578. Miocene, fossil leaf, Oviatt Creek Flora, leaf orientation, lake sediment, USA, Idaho; 10621. sandstone, bedform, South Bar Formation, Pennsylvanian, antidune, Canada, Nova Scotia, Sydney; 02300.

palaeocurrent pattern
Cambrian, coastal dune, aeolian deposit, Vassbo Formation, cross bedding, ripple, dune, Sweden, Vassbo; 05802.

palaeodiet
bone collagen, diagenesis, tooth collagen, isotopic analysis, carbon isotope, nitrogen isotope, bone chemistry, 03852.

palaeodrainage
topography, DEM, drainage basin analysis, Australia; 12138.

palaeodune
dune, Bridgnorth Sandstone Formation, sand sheet, bedform, UK, England, Shropshire, Bridgnorth; 05895.

palaeodunes
Quaternary sequence, alluvial reg, Nouakchottian marine formation, Holocene deposit, Ogolian dune, planed dune, limestone crust, Mauritania, Tijirit; 03875.

palaeoearthquake
seismic hazard studies, fault behaviour variation, tectonic province, marine terrace, subduction margin, dextral fault, reverse fault, New Zealand; 08375. tephrochronology, Holocene, vertical displacement, Kerepehi Fault, tephra layer, fault, New Zealand, Hauraki Lowlands, Kopouatai Bog; 00238.

palaeoecological evidence
water budget, episodic permafrost, Weichselian, Pleniglacial(Middle), ice wedge cast, Netherlands, Twente District, Hengelo Basin; 10812.

palaeoecological investigation
acidification, acid deposition, diatom, sediment chemistry, atmospheric sulphur, lake water quality, USA, New York, Adirondack Mountains; 04061. acidification, acid deposition, palaeolimnology, lake water quality, 04060. peat, clay, silt, Holocene, sea level movement, coastal deposit, UK, England, Merseyside, Wirral, Newton Carr; 06153.

palaeoecological material
palaeoclimate, vegetational change, forest, prairie, Holocene, USA, Iowa, Roberts Creek; 02428.

palaeoecological research
pollen analysis, environmental hypothesis, Q mode factor analysis, cluster analysis, pollen dispersal data, research analog, Quaternary, Argentina, Neuquen, Cerro Domuyo; 07196.

palaeoecological study
cored well, lagoon, fringing reef, preferential dissolution, carbonate platform, prograding system, genesis, atoll morphology, French Polynesia, Mururoa; 04893.

palaeoecology
Brandenburgian, kettle hole mire, Weichselian, till plateau, mire genesis, Germany, Brandenburg; 08483. brown coal opencast mine, borehole, Voigtstedt warm period, Holsteinian, Saalian Glaciation, Zeitz phase, Leipzig phase, Treene Interglacial, Ruegen Interglacial, Drente phase, Eem interglacial, Weichsel Glacial, geology, palaeontology, Germany; 02670. food web, dinosaur, Judith River Formation, herbivore,

Cretaceous(Late), fossil, amino acid, carnivore, isotope abundance, Canada, Alberta; 07068. forest tundra, plant remains, insect remains, Plio Pleistocene, Kap Kobenhavn Formation, Greenland, Peary Land; 09595. Holocene(Late), lake sediment sequence, palaeoclimatic implication, radiocarbon dating, microfossil analyses, tephrachronology, Antarctica, South Shetland Islands, Livingston Island; 09596. organic deposit, last interglacial age, nonglacial deposit, Missinaibi Formation, peat, Owl Creek bed, substage 5e, amino acid result, Beaver River peat bed, Canada, Ontario; 07258. palaeoenvironment, alluvial valley, radiocarbon dating, melt water, aeolian activity, sand dune, glacial meltwater, braided stream, meandering river, pollen assemblage, Holocene, stream terrace, Quaternary(Late), USA, Missouri, Mississippi River; 07263. palaeoenvironment, Maungataniwha Sandstone, Cretaceous, phosphatic concretion, grain size analysis, heavy mineral, concretion, New Zealand, Hawke's Bay, Te Hoe River; 01308. platform carbonate, reef, Wilkawillina Limestone, Parara Limestone, Cambrian, Australia, South Australia, Flinders Ranges, Wilkawillina Gorge; 05923. Pleistocene, interstadial sediment, organic rich, interstadial sediment, middle Wisconsinan, Cordilleran Ice Sheet, interstadial sediment, Bullion Pit bed, Mexican Hill, stratigraphy, Canada, British Columbia, Quesnel River Valley; 03889. pollen assemblage, Loch Lomond Stadial, elm decline, salt marsh, Devensian(Late), Holocene, stratigraphy, radiocarbon dating, UK, England, Severnside; Vale of Gordano; 07264. prehistory, minerogenic layers, blanket peat, pollen analysis, mire, vegetational disturbance, UK, Scotland, Galloway Hills, Loch Dee; 10783. shale, Permian, Bennett Shale, Red Eagle Formation, cyclothem, mollusc, USA, Nebraska, Richardson County; 01305. stratigraphic architecture, organic carbon, bioturbator, lake system, Newark Supergroup, 11750. tectonic implication, uplift, earthquake damage, Holocene, raised shoreline, Turkey, Hatay Coasts; Syria, Orontes Delta; 08500. transfer function, lake, acidification, sediment core, diatom, hydrology, USA, Florida; 05814. transfer function, sea surface temperature, palaeotemperature, calcareous nannofossil, deep sea core, Caribbean Sea; 06097.

Palaeoecology Conference
abstract, 01436.

palaeoenvironment
aeolian sand, radiocarbon dating, hyperarid climate, climatic condition, Quaternary(Late), dune incursion, archaeology, chronology, Israel, Sinai; Negev; 07220. alluvial valley, radiocarbon dating, melt water, aeolian activity, sand dune, glacial meltwater, braided stream, meandering river, pollen assemblage, Holocene, stream terrace, Quaternary(Late), palaeoecology, USA, Missouri, Mississippi River; 07263. anthropogenic, lake sediment, magnetic susceptibility, accumulation rate, Holocene, elm decline, UK, Northern Ireland, Lough Catherine; 00027. archaeology, soil micromorphology, 09717. arid zone river, alluvial plain, playa, gypsum crust, stream terrace, climatic gradient, upwelling, Namibia, Namib Desert, Tumas Basin; 07218. biomass productivity, Tethys, source rock, Toarcian, organic matter, 07086. diagenetically altered material, carbonate geochemistry, recrystallisation, carbonate mineral, glacial sediment, geochemical clue, 04991. ferric oolite, sedimentation, ironstone, basin, rifting, Malawi, Lake Malawi; 05830. geometry, genesis, glacigenic sediment, ice movement, eroding ice sheet, Barents Sea; 04976. geomorphology, TL dating, cold climate, eolian sand, periglacial eolian sand, 03886. isostatic rebound, pollen, AMS date, marine formation, fossil, Presumpscot Formation, Wisconsinan(Late), USA, Maine, Portland; 06175. isotopic temperature, aeolian dust, greenhouse gas, palaeoclimatic information, ice core, Cenozoic(Late), Antarctica, Vostok; 09548. lake, stromatolite, calcium, fluorite, dolomite, carbonate, Tanzania, Lake Natron; 05816. maar crater, siliciclastic grain, pedogenic formation, sedimentation, volcanic event, Cameroon, Lake Barombi Mbo; 11671. Maungataniwha Sandstone, Cretaceous, phosphatic concretion, grain size analysis, heavy mineral, concretion, palaeoecology, New Zealand, Hawke's Bay, Te Hoe River; 01308. Messel Shale, Greenhorn Formation, porphyrin, biomarker, bacteria, 07091. Miocene, sea level change, sedimentation cycle, eustatic sea level change, tectonics, Egypt, Nile Delta; 09349. organic matter, oil, alkane, biomarker, China; 07110. palaeoclimate, sublitharenite, detritus source, sandstone, Murree Group, India, Kashmir Himalaya, Jammu; 05901. paleosol, palaeohydrology, tephrochronology, geochemistry, radiocarbon dating, pleniglacial environment, Holocene, France, Massif Central, Limagne Rift Valley, Artiere Basin; 10785. Pleistocene(Early), sea level, Jomon transgression, Yayoi regression, Omma stage, Utatsuyama stage, Riss II stadial, Hiradoko stage, Tachikawa stage, Tateyami stadial, Murodo stage, Nyuzen stage, Japan; 04968. Pleistocene, current research, archaeology, lithic study, Argentina; Mexico; USA; Canada, Ontario; USSR; China; 06075. radiocarbon dating, pollen analysis, depositional process, post depositional process, rock shelter, Pleistocene(Late), Italy, Venetio Region; 06163. Rhaetian, Bajocian, geotechnical investigation, organic matter, Tethys, Jurassic, Switzerland, Jura Mountains; 04835. salinity, diagenesis, kaolinite, Volksrust Formation, Permian, clay mineral, South Africa, Orange Free Station, Bothaville; 10655. sedimentation, fault block, subsidence, Dinantian, transgression, UK, England, Lancashire; Lake District; 00139. Senonian, Jouansalles Formation, correspondence analysis, eustacy, Sequential Bioquantitative Analysis plot, France, Aquitaine Basin; 07122. St. Charles site, radiocarbon age, alluvial fill, stratigraphy, Wisconsinan(Middle), stratigraphy, USA, Iowa, Clanton Creek; 07262. wadi, colluvial deposit, morphogenesis, Pleistocene, alluvial fan, Morocco, Moulouya River, Ksabi Basin; 00020. Weichselian(Middle), diamicton, Piaski Formation, permafrost, braided system, fluvial system, Weichselian(Late), stratigraphy, Poland; 07269.

palaeoenvironmental
isotopic composition, Pliocene, Varswater Formation, diagenesis, phosphate, South Africa, Cape Province; 03638.

palaeoenvironmental change
paraglacial sedimentation, neoglacial activity, alpine lake, geomorphological approach, sedimentary response, core, sediment source, lake sediment, Canada, British Columbia, Coast Mountains, Kwoiek Creek; 08471. Pleistocene, Holocene palaeosols, phytoliths, Pleistocene climatic sequence, micromorphological evidence, 01435.

palaeoenvironmental condition
oxygen isotope, dust, surface temperature, westerly, proxy data, palaeoclimate, Little Ice Age, Antarctica, Siple Station; 03128.

palaeoenvironmental deposition
textural parameter, quartz grain, quartzite, India, Chittoor District; 04708.

palaeoenvironmental event
Pteropoda, high resolution record, sedimentary sequence, core, R/V Meteor cruise, stable isotopic record, stratified water column, productivity, Younger Dryas event, Holocene, Red Sea; 10748.

palaeoenvironmental history
marine terrace, tephrochronology, pollen analysis, radiocarbon dating, Allerod Interstadial, postglacial, climatic change, landuse, slope failure history, Japan, Hokkaido, Hidaka District; 08401.

palaeoenvironmental indicator
catenary approach, gravel layer, tropical landscape, landscape morphodynamics, forest savanna zone, stone line, Sierra Leone; 08345.

palaeoenvironmental interpretation
coal, Cretaceous, Otway Group, organic facies, Australia, Otway Basin; 02465. rock varnish origin, hyperarid, coastal desert, bacteria, fog, dew, Peru; 07318. stratigraphic interpretation, Pleni Vistulian grain, aeolian coversand, permafrost, frost fissure, fragipan, coversand, dune stabilisation, inland dune, Vistulian(Late), aeolian phenomena, Poland; 10790.

palaeoenvironmental reconstruction
fossil insect assemblage, Weichselian(Late), pollen stratigraphy, insect fauna, thermal environment, Mutual Climatic Range Reconstruction Package, beetle, climatic change, Younger Dryas, palaeoclimatic reconstruction, Sweden, Toppeladugard; 09589. Holocene, last interglacial, last glacial, sea level, rocky shore environment, radiocarbon date, oxygen isotope evidence, foraminifera, Quaternary(Late) sediment, borehole, Hong Kong, High Island; 10752. reconstruction, Holocene, snail, vertebrate, fauna, palaeoclimatic reconstruction, Poland, Cravow, Grodzisko, Nad Mosurem Starym Duza Cave; 06165. stratigraphy, climatic reconstruction, interglacial, Pleistocene, fluvial deposit, molluscan fauna, UK, England; 03893. sulphurisation, hydrocarbon, biomarker distribution, 08279.

palaeoenvironmental setting
lacustrine carbonate, spring travertine, terminal lake, Pleistocene, lake, Sayif Formation, facies, Israel, Arava Valley; 03877.

palaeoenvironmental significance
loess, shore platform, gelifraction, progradation, wind erosion, stratigraphy, Adriatic Sea, Dalmatian Archipelago, Susak Island; 07214.

palaeoethnobotanical research
plant remains preservation, archaeological plant remains, palaeobiocoenosis, thanatocoenosis, 09557.

palaeoflood information
flood frequency analysis, nonparametric variable kernel estimation, historical flood, 12163.

palaeoflood record
parameter estimation, probability distribution, flood frequency analysis, streamflow record, extreme flood event, 00514.

palaeoflow
critical flow, wavelength, antidune geometry, 05797. Pennsylvanian, Deer Creek Limestone, cyclic deposition, Ozawkie Limestone Member, carbonate, limestone, USA, Kansas, Jefferson County; 09406. Proterozoic, uranium, South Africa, Witwatersrand, West Wits Line Goldfield; 10507. turbidite, Bouma division, Besa River Formation, Devonian, Mississippian, shale, flute mark, Canada, Northwest Territories, Meilleur River; 07039.

palaeogeographic
palaeomagnetic, micropalaeontological, diatom, silica, accumulation, Indian Ocean, Central Trough; 03579.

palaeogeographic evolution
fluvial facies, lacustrine facies, Lago Tiberino, Villafranchian, tilting, meander bend, terrace, tectonic phase, neotectonics, Italy, Umbria, Tiber Valley, San Fortunato Basin; Umbira, Tiber Valley, Riparvella Basin; 08342. radiocarbon dated core, clay mineralogy, kaolinite, smectite, delta lobe, Nile delta clay, palaeoclimate, Egypt, Nile Delta; 11854.

palaeogeographic problem
climatic implication, sedimentary provenance, isotopic technique, tectonics, island arc, 08303.

palaeogeographic reconstruction
erosional furrow, melt water channel, USSR, Severnaya Zemlya; 03897.

palaeogeographical
climatic condition, Holocene, landscape reconstruction, arid zone, Northern Hemisphere; 13088.

palaeogeographical change
topographic expression, marine shell, marine, glacial, lacustrine process, morphogenesis, Svalbard, Spitsbergen, Billefjorden; Austfjorden; 02521.

palaeogeographical condition
high mountain region, mountain lakes, Quaternary(Late), lake basin, pollen, aquatic vegetation, USSR, Tien Shan; Pamirs; 03898.

palaeogeographical environment
glaciated highland, climate change, buried soil, peat, pollen, radiocarbon date, USSR, Tien Shan Highlands; 08348.

palaeogeographical evolution
environmental problem, uplift, geographical study, China, Qinghai-Xizang Plateau; 01386.

palaeogeographical reconstruction
loess, environmental response, sedimentary environment, Quaternary stratigraphy, palaeoclimatic model, France, Alsace, Achenheim; Vosges, Grande Pile; 06085.

palaeogeographical significance
thermal contraction crack cast, outwash sand, Saalian Glaciation, ice wedge cast, synsedimentary frost crack, Warta cold sub-Stage, Poland, Lodz; 00332.

palaeogeography
archaeological data, oasis, Namazga, delta, USSR, Turkestan, Tedzhen; 13098. basin fill, foreland basin, lithospheric loading, fold belt, craton,

Mijenfjorden Group, Tertiary, Svalbard, Spitsbergen; 02425. basin, sea level, Station Quarry Bed, Brigantian, carbonate platform, UK, England, Derbyshire, Millers Dale; 09412. delta, Iron Gate terrace, terrace, subsidence plain, stratigraphy, tectonic uplift, sea level, palaeohydrology, Romania, Danube River; 11853. facies pattern, Cretaceous, tectonic subsidence, plate boundary, sea level fluctuation, Spain, Jumilla-Cieza Region; 01295. floodplain, lake, Lower Beaufort sequence, Permian, Gondwana, Karoo deposit, 03605. genetic classification, relief, applied research, methodology, geomorphology, 13006. geographical landscape, photo montage, Salyut 6, relief form, Iraq; 06846. geological catastrophe, Pleistocene(Late), tundra steppe zone, transgression, USSR, Beringia; 05027. Gondwana, Cretaceous, lineament, weathering, Nimar sandstone, transgression, India, Narmada Basin; 12920. limestone, karst, carbonate rock, mollusc, tufa, sedimentary environment, 10718. Miocene, palaeocirculation, Gulf Stream, Suwannee Current, sea level change, palaeoceanography, USA, Georgia; Straits of Florida; 02455. Miocene, phosphate, earth history, sea level, 02401. phosphorite, limestone, Miocene, palaeoceanographic condition, Cuba; 00133. Pleistocene, soil formation, stratigraphy, USSR, Ukraina; Don; USSR, Dniepr; USSR, Volga; 05026. prehistoric settlement, palaeoclimate, relief development, Palaeolithic(Middle), artefact, neolithic settlement, Egypt, Eastern Desert; 04984. Sobia Bodon Unit, carbonaceous platform, tidal plain, delta, Spain, Cantabric Zone, Asturias; 12917. water temperature, Holocene, molluscan assemblage, climatic change, radiocarbon date, midden, beach ridge, washover deposit, Peru; 07206. Wurmian glaciation, local ice cap, Jura glacier, Switzerland, Jura Mountains; France, Jura Mountains; 09606.

palaeogeomorphological reconstruction
magnitude order, buried relief, pre Akchagyl relief, pre Apsheron relief, thalweg length, erosional form, USSR, Volga Basin, Saratov Region; 08347.

palaeographic dynamics
palaeoclimate, irrigation system, oasis, historical hydrology, delta, USSR, Murgab Delta; 02822.

palaeography
Jurassic(Late), Cretaceous(Early), limestone, algae, foraminifera, fine grained sedimentation, Morocco, Eastern Rif foreland; 07055.

palaeohydrochemistry
magnesium, strontium, salinity, hydrochemistry, ostracode, Pleistocene, lacustrine deposit, Spain, Baza Basin; 00280.

palaeohydroclimatological investigation
Camp Century, lithological section, Plestocene(Late), isotopic data, hydrogeological information, isotopic data, Chad, Lake Chad Basin, Kanem; 11939.

palaeohydrogeology
sedimentary basin, piezometric depression, groundwater anomaly, hollow aquifer, aquifer hydrodynamics, cone of depression, evapotranspiration flux, Senegal; 05227.

palaeohydrologic technique
geomorphology, sedimentology, botany, spatial characteristic, flood frequency estimate, flood bar, alluvial fan, tree scar, flood hydrometeorology, flash flood, flooding, elevation, USA, Colorado, Big Thompson River; Rocky Mountains; 01642.

palaeohydrological change
deglaciation, upland river system, Lateglacial, runoff, sediment yield, catchment behaviour, river response, UK, Scotland; 10766. global pattern, temperate palaeohydrology, fluvial process, 10670.

palaeohydrological development
temperature, precipitation, evapotranspiration, fluvial history, braided river, meandering channel, incision, aggradation, floodplain, Netherlands, Mark Basin; 10677.

palaeohydrological evidence
Clovis age drought, extinction, Younger Dryas, geoarchaeological evidence, USA, Arizona, Murray Springs; 13090.

palaeohydrological interpretation
channel pattern, meandering, lithofacies, alluvial fill, river discharge, braided channel, valley floor development, palaeoclimatic research, past fluvial process, fluvial process, Poland; 09491.

palaeohydrological reconstruction
palaeoclimate, river valley, fluvial process, Poland, Vistula River Valley; 07140.

palaeohydrological research
research methodology, fluvial geomorphology, flood, ancient flood, risk analyses, research methodology, fluvial palaeohydrology, 10672.

palaeohydrology
alluvial sequence, flood plain deposit, agricultural activity, Holocene floodplain, climate change, river behaviour, Czechoslovakia, Morava River Basin; 11852. Bolling, Allerod, Dryas, Holocene, glacial lake, eustatic fluctuation, glacioisostatic movement, braided river, meandering river, USSR, Estonia; 11855. channel avulsion, river metamorphosis, avulsion, meander wavelength, flood regime, channel geometry, floodplain, Australia, Victoria, Thomson River; 00216. floodplain deposit, fluvial regime, climatic change, valley floor cross section, Poland, Vistula River Valley; 11850. fluvial history, terrace, stratigraphical evidence, Holocene, river alignment, river evolution, USSR, Siberia; 11857. incision, aggradation, river terrace, flood plain, evapotranspiration, postglacial history, glacio-isostatically adjustment, Finland, Ivalojoki River; Oulankajoki River; 11848. lacustrine sequence, aquifer recharge, pluvial lake, PALHYDAF, Africa, (Northwest); Tunisia; Algeria; Niger; Mali; 13095. palaeoclimate, evaporite, sedimentation, brine, playa, saline lake, Canada, Saskatchewan, Ceylon Lake; 08158. palaeogeography, delta, Iron Gate terrace, terrace, subsidence plain, stratigraphy, tectonic uplift, sea level, Romania, Danube River; 11853. palaeolimnology, rainfall, isotopic analysis, carbonate, lake sediment, 05813. radiocarbon age, uranium series age, Walker Lake subbasin, highstand timing, Lake Lahontan, lake level change, palaeolimnology, USA, Nevada, Lahontan Basin; California, Lahontan Basin; 10779. sediment record, maar lake, lake, meromictic, monomictic, carbonate, Australia, Victoria, Western Volcanic Plains District; 05818. temperate palaeohydrology, temperate zone, valley reach, fluvial palaeohydrology, 11839. tephrochronology, geochemistry, radiocarbon dating, pleniglacial environment, Holocene, palaeoenvironment, paleosol, France, Massif Central, Limagne Rift Valley, Artiere Basin; 10785. Warta Valley Research Project, valley floor morphology, palaeochannel pattern, alluvial sedimentary sequence, chronology, discharge variation, sedimentary sequence, Poland, Warta River; 11851.

palaeoisland
Holocene, Smackover Formation, San Andres Formation, diagenesis, fresh water lens, carbonate, grainstone, USA, Louisiana; Texas; 08228.

palaeokarst
breccia, calcrete, silcrete, Proterozoic, Mount Harper Group, Windermere Supergroup, Precambrian, Canada, Yukon Territory, Ogilvie Mountains; 02410. karst, limestone, conduit cave system, solutional fissure, fissure, cave infilling, phreatic conduit, haematite, Triassic, UK, England; Wales; 10725. limestone, isotope; carbonate, groundwater, bauxite, speleothem, rain forest, Italy, Palermo, Monte Gallo; 03662. mesokarst, artesian flow, maze cave, phreatic cave, subterranean stream piracy, soil pipe, karst related feature, USA, Mississippi Valley; 03840. review, regional survey, terminology, 00256.

palaeokarst development
karst form, neogene karstification, karstification, chronological sequence, cave development, plantation surface, Oligocene, Pliocene, Hungary, Rudabanya Range, Osztramos Hill; 02559.

palaeolake
Allerod, Younger Dryas, eustatic sea-level rise, radiocarbon date, Tapes transgression, sea level, pollen stratigraphy, Norway, Sunnmore; 00321. biological origin, calcium carbonate, algae, bacteria, travertine, Morocco, Sahara; 12956. Bungunnia, deflated material, gypseous dune, dune, aridity, dune building, sedimentological evidence, magnetostratigraphic evidence, groundwater discharge, discharge playa, playa sequence, deposition rate, Uluru Clay, Winmatti Bed, Blanchetown Clay, Tyrrell Beds, Australia, Northern Territories, Amadeus Lake; 13105. source rock, Cenozoic, weathering, lacustrine basin, heavy mineral, clay mineralogy, Cameroon, Adamaoua, Anloua Basin; 12945.

palaeolake level
glacial maxima, palaeowater-table level, age, travertine deposit, uranium series dating, USA, Arizona, Grand Canyon National Park; 01425.

palaeolatitude
sedimentation, lake, rift basin deposit, Newark Supergroup, Mesozoic, lithofacies, sandstone, 11752.

palaeolimnological
accumulation rate, microfossil, eutrophication, lake, diatom, UK, Northern Ireland, Lough Augher; 03531.

palaeolimnological investigation
eutrophication history, sediment core, diatom, phosphorus fraction, lake management, Finland, Tuusulanjarvi Lake; 07491.

palaeolimnological significance
mineralisation, Holocene, lake sediment, USSR, Lake Balkhash; 10526.

palaeolimnology
canonical correspondence analysis, total alkalinity, acidification, lake water quality, scaled chrysophyte, pH reconstruction, algal microfossil, USA, New England; 04062. down core diatom analyses, diatom, lake emergence, climatic change, Canada, Baffin Island, Jackman Sound; 08494. erosion, varved sediment, peatland, Finland, Lake Heinalampi; 00031. lake water quality, palaeoecological investigation, acidification, acid deposition, 04060. lake, algae, cyst taxonomy, stomatocyst, statospore, Canada, Ontario; 09328. lake, soot particle, trace metal, magnetism, atmospheric deposition, USA, New York State, Adirondack Mountains, Big Moose Lake; 05815. palaeohydrology, radiocarbon age, uranium series age, Walker Lake subbasin, highstand timing, Lake Lahontan, lake level change, USA, Nevada, Lahontan Basin; California, Lahontan Basin; 10779. pollen, savanna, soil, Maya collapse, forest growth, anthropogenic control, lake, 08160. radiocarbon, stable isotope, ostracode, Holocene, palaeoclimatic evidence, sedimentation rate, core, USA, Great Lakes, Lake Michigan; 08474. rainfall, isotopic analysis, carbonate, lake sediment, palaeohydrology, 05813. sedimentation, aphotic, lake, pigment degradation, hypolimnion, USA, Wisconsin; 03526. sulphate, carbon, nitrogen, hydrogen, organic matter, lake sediment, 04719. sulphur, anthropogenic sulphur, lead, Paleoecological Investigation of Recent Lake Acidification project, isotope, lake, acidification, North America, PIRLA Study Lakes; 04720.

palaeolithic
bone tool, excavation season, Nojiri-ko Formation, radiocarbon dating, elephant hunters, Japan, Lake Nojiri, Tategahana; 02673.

Palaeolithic industry
cultural chronology, axe shaped tool, traffic route, micro blade industry, Japan, Chugoku Mountains; 05029.

palaeolithic stratigraphy
historical account, cave site, chronostratigraphy, Hungary; 06051.

Palaeolithic(Middle)
artefact, neolithic settlement, palaeogeography, prehistoric settlement, palaeoclimate, relief development, Egypt, Eastern Desert; 04984.

Palaeoloxodon antiquus
fossil assemblage, deposition environment, elephant remains, molluscan remains, Baginton Lillington gravel, UK, England, Warwickshire, Snitterfield; 08477.

palaeomagentic secular variation record
secular variation, radiocarbon age, Milankovitch, dynamo process, climatic influence, geomagnetic influence, France, Haute Loire, Lac du Bouchet; 08427.

palaeomagnetic
micropalaeontological, diatom, silica, accumulation, palaeogeographic, Indian Ocean, Central Trough; 03579.

palaeomagnetic age
Plio Pleistocene, Tsunozu Formation, sedimentation rate, pollen stratigraphy, magnetostratigraphy, Japan, San'in District, Tsunozu Area; 04952.

palaeomagnetic correlation
correlation, Pleistocene, paleosol, soil formation, stratigraphic correlation, Bahamas, San Salvador Islands; 13092.

palaeomagnetic data
Late Glacial sediment, glaciolacustrine sediment, moraine, varve, Argentina, Chubut, Rio Corintos; 08476.

palaeomagnetic dating
extractable aluminium, Quaternary(Middle), paleosol, Pleistocene(Early) age, extractable iron, till, loess, Kenya, Mount Kenya, Gorges Valley; 08461.
palaeomagnetic evidence
extractable Fe Al, Quaternary, paleosol, buried paleosol, loess, Kenya, Mount Kenya; 03929. glacial Lake Missoula, flood, rhythmically layered sediment, palaeomagnetic test, remanent magnetisation, declination change rate, USA, Washington, Sanpoil River; 10777.
palaeomagnetic excursion
last interglacial, glacial cycle, chronostratigraphic tool, virtual geomagnetic pole path, 06071.
palaeomagnetic measurement
core, magnetostratigraphy, sea level, coral atoll, atoll magnetostratigraphy, record calibration, eustatic record, French Polynesia, Mururoa Atoll; 08504. Thames-Medway river system, geology, interglacial sediment, borehole, channel sediment, pre-diversion Thames, Pleistocene(Middle), Cromerian, UK, England, Essex, Little Oakley; 02664.
palaeomagnetic research
Quaternary sediment, Pleistocene, Holocene, greigite, Black Sea; 03862.
palaeomagnetic secular variation
radiocarbon chronology, lake sediment, Allerod, Younger Dryas, vegetation history, Late Weichselian, Weichselian(Late), pollen stratigraphy, Sweden, Skane, Torreberga; 05024.
palaeomagnetic technique
iron manganese nodule, radioisotope, nodule core, manganese, 05865.
palaeomagnetic test
remanent magnetisation, declination change rate, palaeomagnetic evidence, glacial Lake Missoula, flood, rhythmically layered sediment, USA, Washington, Sanpoil River; 10777.
palaeomagnetism
archaeomagnetism, kiln, archaeological age, archaeomagnetic dating, limestone kiln, Netherlands, Nijmegen; 10739. glacial varve, last glaciation, glaciolacustrine sediment, Argentina, Patagonia, Lago Blanco; 06079. palynology, Quaternary, lacustrine deposit, core, explosion crater, forest refuge, lithostratigraphy, volcanism, Cameroon, West Cameroon, Barombi Mbo; 02630. tectonic analysis, curved collision belt, fracture pattern, palaeostress reconstruction, fault slip data set, tectonic events, belt rotation, Taiwan, Hsuehshan Range; 04901.
palaeomargin
gravity gradient, uplift, deep crustal property, passive margin, physiographic framework, USA, (Eastern); 13036.
palaeontological investigation
cave, stratigraphy, Hungary; 06052.
palaeontology
palaeoecology, brown coal opencast mine, borehole, Voigtstedt warm period, Holsteinian, Saalian Glaciation, Zeitz phase, Leipzig phase, Treene Interglacial, Ruegen Interglacial, Drente phase, Eem interglacial, Weichsel Glacial, geology, Germany; 02670.
palaeopedology
interglacial, pedological phenomena, sedimentary phenomena, climatic phenomena, colluvial deposit, Eemian interglacial, gelifluction deposit, permafrost, pleniglacial, colluvial deposit, France, Dordogne, Les Tares; 06156. manual, paleosol, thin section, diagenesis, past environment reconstruction, 11909.
palaeoproductivity
accumulation rate, diatom shell, ocean productivity, atmospheric concentration, productivity, last glaciation, biological productivity, upwelled nutrient, carbon dioxide, biological pumping, Antarctic Ocean; 11931. Quaternary(Late), Agulhas Current, intra ocean heat transfers, coccolithophore species, Indian Ocean; 03864. uranium series radiochemistry, spectral analysis, monsoon, deep sea core, Indian summer Southwest Monsoon, coastal upwelling, Arabian Sea; 09568. water column scavenging, erosion, winnowing, Uranium-series disequilibrium, particle scavenging, sediment accumulation, Pleistocene(Late), seasonal upwelling, interglacial episode, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11927.
palaeorecharge
groundwater geochemistry, noble gas, recharge, Mali, Niger River; 13412.
palaeorelief
placer, morphostructure, Triassic, Jurassic, geomorphological, USSR, Siberian Platform, Malo-Botuobinsky; 03691. transpressional folding model, schistosity, neotectonics, tectonic geomorphology, Cainozoic(Late), peneplain, Miocene, New Zealand, Otago, Garvie Mountains; Old Man Range; 00241.
palaeorivers
geomorphological map, fluvial sediment, geomorphological study, Italy, Po Plain; 03708.
palaeosalinity
Kupferschiefer, biomarker, Permian, aromatic hydrocarbon, chroman, isoprenoid, Germany, Lower Rhine Basin; 07099.
palaeosealevel elevation
Barbados model, uplift rate, Pleistocene(Middle), chronology, Pleistocene(Late), sea level change, morphologic investigation, ESR dating, coral reef, Barbados; 00319.
palaeosedimentary environment
soil grain size, shallow water resource, frequency domain aeroelectromagnetic method, groundwater prospecting, saline water, fresh water, brackish water, China; 09923.
palaeoseismic study
Quaternary(Late), faulting, TL dating, fault zone, enechelon, Quaternary normal fault, paleoearthquake, thorium age, earthquake potential, USA, Utah, Logan; 10689.
palaeoseismicity
fault scarp, Late-Glacial, postglacial, deglaciation, landslide, seismite, Quaternary(Late), faulting, Sweden, Lansjarv Area; 08363. timing, coseismic displacement, Alpine Fault, rotational slumping, fault movement, neotectonics, New Zealand, Fiordland; 00240.
palaeoseismological data
slip rate, segmentation, Holocene earthquake, Basin and Range province, active normal fault, USA, Utah, Wasatch Fault Zone; 08359.
palaeoshoreline
geometry, Wisconsin(Late), iceberg calving rate, ice sheet, mass balance, paleo sea level, mass balance, tide water glacier, USA, Maine, Mount Desert Island; 07232. reef, sea level rise, Quaternary, coral reef, storm surge, climatic change, USA, Florida Keys; 09598.
palaeosol
microfabric, micromorphology, 01528. micromorphological classification, fossil, Recent, calcic microstructure, petrocalcic microstructure, 01476. pedogenic origin, magnetic variation, loess, China; 01419. phytolite, Tertiary, forest litter, Canada, Axel Heiberg Island, Geodetic Hills; 11787. plant, root, calcrete, Triassic, Otter Sandstone, alluvial fan, pedogenesis, UK, England, Devon; 11768.
palaeostress
structure, uplift, piggyback basin, fault, compressional structure, Italy, Sant'Arcangelo Basin; 13037.
palaeostress indicator
Quaternary, stress field change, Kenya, Gregory Roft; 08369.
palaeostress reconstruction
fault slip data set, tectonic events, belt rotation, palaeomagnetism, tectonic analysis, curved collision belt, fracture pattern, Taiwan, Hsuehshan Range; 04901.
palaeostress regime
earthquake, brittle tectonics, neotectonics, 04895.
palaeosynoptic pattern
last glacial maximum, atmospheric moisture budget, glacial rainfall, Africa, Sahel; 07197.
palaeotectonics
neotectonics, gully erosion, landslide, cuesta, hydrogeotechnics, Nigeria; 01393. sand, tectonic setting, weathering, source terrain, Panama; Costa Rica; Venezuela; Colombia; 01323.
palaeotemperature
algae, organism, alkenone, coccolith, marine sediment, 04832. biphenyl, fluorene, methylbiphenyl, cyclisation reaction, 08280. calcareous nannofossil, deep sea core, palaeoecology, transfer function, sea surface temperature, Caribbean Sea; 06097. Cretaceous(Upper), Campanian, Maastrichtian, oxygen isotope, chalk, diagenesis, Germany, Lagerdorf; Kronsmoor; 08255. fluid inclusion, diagenesis, stretching, reequilibration, deformation, 09440. Holocene temperature change, diatom assemblage shift, Bolivia, Bolivian Andes, Oriental Cordillera; 03138. Inoceramus, Cretaceous(Late), bivalve, belemnite, fossil, Antarctica, James Ross Island; 08252. isotopic component, gasteropod shell, travertine, landsnail, France, Seine Valley; 05922. organic matter, diagenesis, vitrinite reflectance, illite crystallinity, tectonics, Italy, Ligurian Apennines; 09420. polar water, ooze, foraminifer, Cenozoic, isotope data, Antarctica, Maud Rise, ODP Sites 689 and 690; Weddell Sea; 03689. sandstone, reservoir, Triassic, burial, illite, brine, Irish Sea, Morecambe Gas Field; 02473. Vedde ash layer, Saksunarvatn ash layer, surface sediment, diatom distribution, Holocene palaeotemperature, Iceland Sea; Greenland Sea; Norwegian Sea; 03855. weathering, soil, thermal influence, illite, sill, 12987. Yorktown Formation, Chowan River Formation, James City Formation, mollusk shell, isotope record, oxygen isotope profile, Pliocene marine palaeoclimate, Pleistocene marine palaeoclimate, carbon isotope profile, marine transgression, ice volume, USA, Atlantic Coastal Plain; 08475.
palaeotemperature curve
Coleoptera, Loch Lomond readvance, mass balance, bedrock basin, topography, ice sheet growth, UK, Scotland; 03920.
palaeotemperature model
time lag, freezing rate, thawing rate, permafrost thickness, palaeoclimate, Stefan problem, ice bearing permafrost, USSR, East Siberia; USA, Alaska, Barrow; USA, Alaska, Prudhoe Bay; 09602.
palaeotemperature record
perch, Nile perch, Predynastic archaeological assemblage, land cultivation, temperature, flood, rain, Egypt, Nile River; 09571. speleothem, stalagmite, climatic change, ESR analysis, radiometric dating, Quaternary(Late), Australia, Tasmania, Florentine Valley; 02677.
palaeothermometer
temperature, foraminifera, upwelling, El Nino/Southern Oscillation, alkenone, Peru; 01369.
palaeovalley
groundwater course, water exploration, self potential method, volcanic area, 13456. Precambrian, Moraeneso Formation, Proterozoic, conglomerate, sandstone, mass flow, Greenland; 03609. sheet 49 oN-04 oW, British Geological Survey, sea bed sediment, Quaternary geology, bathymetry, UK, Channel Islands, Guernsey; English Channel, Hurd Deep; 01421.
palaeovegetation map
pollen data, human impact, Quaternary(Late), vegetation history, Europe; 06142.
palaeovelocity
gravel deposit, bed roughness, flow resistance, 02481.
palaeowater-table level
age, travertine deposit, uranium series dating, palaeolake level, glacial maxima, USA, Arizona, Grand Canyon National Park; 01425.
palaeoweathering
Hercynian Massif, smectite like mineral, kaolinite, geothite, hematite, weathering profile, monosiallitisation, ferruginisation, weathering mantle, chemical weathering, chlorite, Spain, Iberian Hercynian Massif; Portugal, Iberian Hercynian Massif; 02707.
palaeowind
carbonate, eolianite, diagenesis, sand ridge, platform, China, Fujian, Putian; 03521. Proterozoic, Venkatpur Sandstone, aeolian stratification, erg, sand sea, India, Pranhita Valley; Godavari Valley; 10595.
palaeowind vector
sand sheet, Pleistocene(Late), aeolian sand, outwash river, dune, USA, Alaska; 06116.
Palaeozoic
carbonate, reef carbonate, cementation, compaction, hydrocarbon, dolomitisation, 00121. chert, orogen, subduction, volcaniclastic deposit, thrust slice, Australia, New South Wales, New England; 01299. metamorphic rock, radon potential, GIS, USA, Virginia, Fairfax

County; 10392. oolitic ironstone, cratonic, foreland basin, sedimentation, USA; 05935. oolitic ironstone, Saharan Platform, Devonian, ironstone, cycle, 12962.
Palaeozoic dolomite
permafrost, deglaciation history, dolomite bedrock, pingo, closed system, Canada, Mackenzie District, Mackenzie River Delta; 11998.
Palaeozoic granite
chemical weathering, physical weathering, micromorphological study, weathering, granite, semi-arid land, inselberg landscape, Sudan, Darfur, Kutum; 01484.
paleo climate
climate model validation, weather prediction, coupled atmosphere ocean model, 04328.
paleo sea level
mass balance, tide water glacier, palaeoshoreline, geometry, Wisconsin(Late), iceberg calving rate, ice sheet, mass balance, USA, Maine, Mount Desert Island; 07232.
Paleocene
Carrizo Formation, Eocene, porosity, compaction, thermal maturation, temperature, Wilcox Group, USA, Texas, Gulf Coast; 08218. deposition, alluvial plain, sandstone, mudrock, braided stream, Tongue River Member, Fort Union Formation, USA, Wyoming, Powder River Basin; 05893. fan-delta sequence, mudstone, shale, mass flow, Dizilitasler Formation, basin, sedimentation, Turkey, Anatolia; 04825. graben, basalt, rifting, sedimentation, Quqaluit Formation, Cape Searle Formation, Cretaceous, Canada, Northwest Territories, Baffin Island; 02409. Miocene, ooze, chalk, opal, silica, barite, Indian Ocean, ODP Site 707; ODP Site 709; Indian Ocean, ODP Site 711; Indian Ocean, Mascarene Plateau; 03672.
paleochannel
estuary, drowned river valley, transgression, sea-level stand, channel-fill sequence, USA, Delmarva Peninsula; Chesapeake Bay; USA, Susquehanna River; 03537.
paleoclimatology
changing climate, orbitally induced radiation anomaly, Holocene(Middle) thermal maximum, Holocene, Canada, Queen Elizabeth Islands; 05011.
paleoearthquake
thorium age, earthquake potential, palaeoseismic study, Quaternary(Late), faulting, TL dating, fault zone, enechelon, Quaternary normal fault, USA, Utah, Logan; 10689.
paleoearthquake timing
Holocene faulting, radiocarbon age, colluvial sediment, debris flow, faulting event, TL dating, fault scarp derived colluvium, USA, Utah, Wasatch Fault Zone; 08360.
Paleoecological Investigation of Recent Lake Acidification project
isotope, lake, acidification, palaeolimnology, sulphur, anthropogenic sulphur, lead, North America, PIRLA Study Lakes; 04720.
paleoecological study
Holocene peat, raised bog, radiocarbon dating, pollen analysis, peat, mire, historical study, Netherlands, Noord Brabant, Zundert Province; 08478.
paleoecology
natural invasion, anthropogenic invasion, plant invasion, Europe, (South); 08486.
paleoenvironment
flysch, calciclastic, Maastrichtian, tectonics, carbonate, resedimented deposit, Italy, Friuli, Mount Mataiur; 11759.
paleoenvironmental analyses
Quaternary, marine deposit, morphogenetic processes, Jomon Transgression, sea-level fluctuation, tephra, Japan, Fukuoka City, Torikai Lowland; 11991.
paleoenvironmental change
organic carbon, piston core, Bolivina pacifica, benthic foraminifera, palaeoceanographic change, global climatic change, Japan Sea; 10751.
Paleogene
carbonate platform, foreland basin, neritic, subsidence, overthrusting, Spain, Pyrenees, Sierra del Cadi; Sierra de Port del Comte; 00140. diagenesis, clay, sand, micromorphological pattern, pedological origin, France, Massif Central, Pue-en-Velay Basin; 02396. facies, taxa, palynomorph, USA, Wyoming, Bighorn Basin; 10622. geochemical variability, tectonic unit, lithofacies, trace element, flysch, Cretaceous, Poland, Carpathians; 02419. isotopic dating, tuff, Uinta Formation, zircon, biotite, fission track age, Cretaceous, USA, Utah, Uinta Basin; 02387. Neogene, productivity, sea ice cover, continental slope, opal, climate, Quaternary, Weddell Sea, ODP Site 693; 03571. Neogene, relict sand, heavy mineral, Korea; Korea, South Sea; 03563. Neogene, structural history, graben, extension, fault, Tertiary, USA, Utah, Salt Lake City; Basin and Range Province; USA, Utah, Great Salt Lake; 01290. pedogenic formation, beidellite, weathering, smectitic mineral, marine sediment, Jurassic, 07113. sedimentation, palynomorph, thermal maturity, Canada, British Columbia, Queen Charlotte Islands, Graham Island; 01304. tectonic activity, sediment supply, sediment maturity, sedimentation, rift, alluvial fan, China, Liaoning Province, Liaohe Rift; Bohai Sea Gulf, Liaohe Rift; 02354.
paleogeography
synchronicity, Pleistocene, space-time, 11831.
paleohydrology
Quaternary(Late), lake deposit, sand sea, desert dunefield, linear dune, carbonate, ponded river origin, radiocarbon date, sedimentology, Namibia, Namib Sand Sea; 04981.
paleoinfiltration water
isotope study, groundwater origin, groundwater recharge, Triassic aquifer, Poland, Crocow-Silesia Monocline; 05232.
paleomagnetic
micromagnetic logging, aeolian deposition, loess, stratigraphic position, clayey-dusty deposit, Poland, Nowy Sacz, Carpathians, Zalubincze Brickyard; 11969.
paleomagnetic study
pollen analysis, Pliocene Pleistocene boundary, magnetostratigraphic, climatic information, stratotype, Italy, Crotone, Vrica; 03850.
paleosea level
marine terrace, coral reef, Quaternary(Late), uplift rate, New Guinea, Huon Peninsula; 03905.
paleosol
aeolian dust, atmospheric transport, soil, China, Loess Plateau; Mongolia, Gobi Desert; China, Takla Nakan; Japan; 05103. buried paleosol, loess, palaeomagnetic evidence, extractable Fe Al, Quaternary, Kenya, Mount Kenya; 03929. carbonate, Quaternary, aeolianite, calcarenite, karst, Bahamas; 12936. clay mineral weathering, genesis, soil, landscape, cryoturbation, sandstone colluvium, footslope surface colluvial soil, fragipan development, limestone valley, USA, Pennsylvania, Ridge and Valley Province; 02512. clay mineralogy, silt, hydromorphic paleosol, organic matter, Spain, Duero Basin; 12995. climate dependent, radiocarbon date, denudation rate, badland, Holocene(Late), erosion, colluvium deposition, Bovu colluvium, Mphunga colluvium, Swaziland, Mkhondvo Valley; 02740. Cretaceous, Hell Creek Formation, cement, pedogenesis, diagenesis, USA, Montana; 02453. genesis, substratum, dynamics, peneplain, soil formation, weathering, saprolitic decomposition, gneiss, Budel's model, deep weathered soil, inselberg, Alfisol, India; 00227. gore lignite measure, Miocene, silcrete, sandstone, orthoquartzite, diagenesis, New Zealand, Maitland Basin, Landslip Hill; 00132. Hagelstadt brickyard, chronological classification, pedostratigraphy, Quaternary profile, Pleistocene(Upper), lithostratigraphy, Riss Wurm interglacial, Germany, Bavaria, Hagelstadt; 06162. Holocene, Quaternary, aridity, dune, aeolian sediment, USA, Colorado, Hudson; 02306. Holocene, rainfall, desert, radiocarbon dated evidence, freshwater lake, Algeria, Tanezrouft; 06517. humic acid, epicuticular wax, organic matter, Tertiary, Canada; Arctic; 04004. humic matter, radiocarbon age, diagenesis, tephrochronology, Italy, Procida Island; 02588. illite, iron nodule, hematite, gorthite, Spain, Jaen, Cazorla Mountains; 01598. interglaical climate, palaeoclimate, Sangamonian interglacial, Holocene epoch, soil development, Canada; 07251. Late Acheulean industry, fauna, braided river, artifact, river system, Kapthurin Formation, Kenya, Baringo; 07217. loess-paleosol sequence, pretreatment technique, radiocarbon dating, evaluation, organic fraction, China, Xian; 02589. oxygen isotope record, pedogenic formation, magnetite, mineral magnetic record, loess, China; 07198. palaeohydrology, tephrochronology, geochemistry, radiocarbon dating, pleniglacial environment, Holocene, palaeoenvironment, France, Massif Central, Limagne Rift Valley, Artiere Basin; 10785. Palouse loess, loess deposition rate, Washtucna Soil, channeled scabland, glacial outburst flood, aggrading geomorphic surface, USA, Washington State; 02509. pedogenesis, diagenesis, soil-geomorphic research, overview, soil chronosequence, atmospheric dust influx, climatic change, 02494. Pleistocene(Early) age, extractable iron, till, loess, palaeomagnetic dating, extractable aluminium, Quaternary(Middle), Kenya, Mount Kenya, Gorges Valley; 08461. radiocarbon dating, soil microorganism, Kenya, Mount Kenya; 00451. red interbasaltic level, volcanism, weathering, palaeoclimate, red parting, France, Massif Central, Cantal; Velay; 13198. relict, periglacial feature, palaeoclimatic significance, involution, patterned ground, wedge, cryoturbation, Canada, Alberta, Waterton-Glacier Park; USA, Montana, Waterton-Glacier Park; 11999. Rissian, Eemian, Denekamp interstadial, sediment reworking, pedological study, micromorphological study, loessial deposit, soil survey, loess, rubified soil, Spain, Gerona; 07208. Sale terrace, loess section, radiocarbon date, stratigraphy, China, Sale Terrace Section; 02632. soil formation, stratigraphic correlation, palaeomagnetic correlation, correlation, Pleistocene, Bahamas, San Salvador Islands; 13092. soil, basalt, Asher Volcanics, Jurassic, lava flow, Israel; 02464. stratigraphy, parent material, parent material, USA, Pennsylvania, Allegheny Plateau; 04009. tephra, clay mineral, volcanic glass, weathering, New Zealand, Rotorua; 08299. Tertiary, chlorite, detrital origin, illite, smectite, China, Yacheng Gas Field; 10656. thin section, diagenesis, past environment reconstruction, palaeopedology, manual, 11909. ultrafine magnetite, palaeoclimate condition, magnetic susceptibility, loess, ferromagnetic mineral, paramagnetism, unweathered loess, China, Loess Plateau; 11914. unglaciated area, Podzolic soil, Luvisolic soil, cryogenic soil, rubified horizon, soil development, Tertiary(Late), Pleistocene(Early), Canada, Yukon Territory; 11863. zircon, index weathering, soil, silicate rock, aluminium, heavy mineral, 09619.
Paleosols
Holocene, rainfall, fresh water lakelet, eolian formation, TL dated, Mali, Tanezrouft Desert; Algeria, Tanezrouft Desert; 03874.
Paleozoic
dolomitisation, diagenesis, crinoid, calcite, meteoric water, 08260. lacustrine, source rock, gas chromatography, Greenland; 04861. Mesozoic, Tertiary, graben, isostatic rebound, sedimentation, Karoo sequence, Tanzania, Rukwa-Tukuyu Region; 10616.
Paleudalf
runoff, soil loss, silt loam, tillage, sediment, nutrient loss, Maury silt loam, 07337.
Paleudult
chisel ploughing, root distribution, yield response, subsoiling, 00401. Orangeburg Series, clover residue, orthophosphate sorption, ferric hydroxide, hydroxide coated soil, sorption, 07359. tropical soil, pH effect, oxalate treatment, dithionite citrate bicarbonate treatment, phosphate sorption, Nigeria; 08629.
Paleustollic Torrert
adsorption, desorption, phosphate sorption, phosphate desorption, magnetic separation, soil fraction, particle fractionation, Turkey; 07362.
PALHYDAF
palaeohydrology, lacustrine sequence, aquifer recharge, pluvial lake, Africa, (Northwest); Tunisia; Algeria; Niger; Mali; 13095.
pallid zone
clay matrix, halloysite, mercury injection porosimetry, water retention curve, mineralogical property, physical property, lateritic pallid zone material, granite, dolerite, parent rock, Australia, Western Australia, Jarrahdale; 01489.
Palmer Drought Severity Index
flooding, climate data, precipitation, water budget, USA, Louisiana; 12162. Markov chain analysis, drought, severe drought, USA; 12328.
Palmers drought index
river stage, stream flow, flood frequency, drought index, USA, Tennes-

see, Hatchie River; 10984.
Palouse loess
loess deposition rate, Washtucna Soil, channeled scabland, glacial outburst flood, aggrading geomorphic surface, paleosol, USA, Washington State; 02509.
palsa
Holocene, mire development, timberline, snow patch, peat accumulation, alpine zone, pollen analysis, Japan, Hokkaido, Daisetsuzan Mountains; 10792.
palsa mire
snow depth, frost depth, Finland, Utsjoki; 03039.
palsas
frost mound, ice lenses, permafrost, ground ice, Canada, Quebec, Schefferville; 03913.
paludified mineral soil
peatland, water table depth, aeration, water potential, soil aeration, forest ploughing, porosity, soil water, air filled porosity, Finland, Karelia; 10847.
palygorskite
clay, Neogene, alluvial fan, hydromorphosis, groundwater, Spain, Segovia, Bercimuel; 09470. clay, Neogene, sepiolite, Spain, Palencia, Duero Basin; 09469. pelagic carbonate, turbidite, smectite, weathering, illite, chlorite, Arabian Sea; 12895. sepiolite, zeolite, Miocene, Gulf Coast Geosyncline, Miocene, clay mineral, phosphorite, USA; 01352. Typic Argixrerolls, cristobalite, silica, Spain, Ecija; 00468.
palyno plankton stratigraphy
environmental change, Holocene, intertidal, freshwater biota, pollen diagram, transgression, regression, mangrove ecosystem, India, Bengal Basin; 04985.
palynofacies
nappes, organic matter, dinoflagellate, Maastrichtian, Wang Formation, cyst, France, Western Alps; 04859. palynology, oxbow lake, flood basin, levee, backswamp, crevasse splay, organic matter, Venezuela, Orinoco Delta; 09344.
palynologic analysis
interglacial lake, Niewodowo II, organic sediment, Eemian Interglacial, Poland, Kolno Plateau; 00314.
palynological analysis
terrace, lateritic deposit, planation surface, neotectonics, geomorphology, India, Manipur; 00226.
palynological complex
Jurassic, palaeobotanical investigation, macroflora, USSR, Kazakhstan, Karatau Ridge; 10625.
palynological data
phytosociological data, Tenagi Philippon core, interglacial, evergreen oak forest, steppe vegetation, maquis, garrigue, climatic condition, Quaternary(Late), multivariate analysis, Greece; 10758.
palynological evidence
Subantarctic forest, Magellanic moorland mosaic, rainfall, hygrophyllous plant formation, glacial climate, vegetation, Chile, Isla de Chiloe; 05015. Tyrrell Sea, latitudinal gradient, biogenic productivity, postglacial, palaeoceanography, stratigraphic, microfaunal, Canada, Hudson Bay; 04973.
palynological investigation
lake, swamp, pollen diagram, mangrove vegetation, tidal zone, sedimentation, uplift, Indonesia, Celebes, Sulawesi, Danau Tempe Depression; 00284. vegetational change, neoglaciation, Holocene, glacial history, climate history, lake sediment, terrestrial deposit, Little Ice Age, moraine, equilibrium line altitude, Norway, Jostedalsbreen Region; 08464.
palynological preparation technique
maceration tank-method, preparation technique, spore, pollen, dinoflagellate cyst, acritarch, microfossil, 11910.
palynological study
Atlantic sedimentary deposit, marine transgression, pollen analysis, sea level, thalweg, France, Nantes, Erdre-Loire Confluence; 00320. Quaternary, pollen assemblage, palaeoclimate, isotopic stage, Japan, Kyushu; 10796.
palynological technique
sediment core, lake chemistry, anthropogenic disturbance, Pacific, French Polynesia, Society Islands, Moorea; 12853.
palynologt
climate change, pollen transport, marine core, monsoonal climate, monsoon history, oxygen isotope record, Indian Ocean; Arabian Sea; 11920.
palynology
chronology, glacial geomorphology, deglaciation extent, deglaciation chronology, Late Glacial, deglaciation stage, pollen diagram, Wurm, France, Alps, Alpes de Haute Provence; 10786. chronostratigraphy, climatic reconstruction, vegetation dynamics, Quaternary palynology, 04932. climatic change, vegetation change, palynomorph, Nothofagus menziesii, Aokautere ash, Holocene, Last Glaciation, podocarp broadleaf forest, New Zealand, Wairarapa, Pohehe Swamp; Tararua Range; 00288. evaporite, Rhinegraben, Oligocene, organic matter, potash, France, Alsace, Mulhouse; 07053. groundwater salinity, groundwater chemistry, brine pool, salt playa lake, chemical evolution, Australia, Victoria, Tresco; 05238. interglacial deposit, correlation, river floodplain, alluvial aggradation, Cromerian, Beestonian, UK, England, Essex, Little Oakley; 02665. oxbow lake, flood basin, levee, backswamp, crevasse splay, organic matter, palynofacies, Venezuela, Orinoco Delta; 09344. oxygen isotope stage 6, oxygen isotope substage 5e, marine terrace, uplifted Quaternary marine terrace, pollen, interglacial, marine platform, New Zealand, Taranaki-Wanganui Area; 01448. peat, relative sea level change, coastal response, sand beach, coastal dune, progradation, backbarrier marsh, dune ridge, Canada, Newfoundland; 00316. Pleistocene, rhythmite, pollen content, Leclercville Rhythmites, last interglacial, lake sedimentation, stratigraphic position, Canada, Saint-Lawrence Valley, Leclercville; 01437. Quaternary, lacustrine deposit, core, explosion crater, forest refuge, lithostratigraphy, volcanism, palaeomagnetism, Cameroon, West Cameroon, Barombi Mbo; 02630. salt marsh environment, vegetation, climate, Cainozoic, salinity, groundwater salinity, Australia, Murray Basin; 05239. Stephanian, alluvial fan, tectonic activity, Spain, Cantabrian Mountains, Leon Province; 10615.
palynomorph
Nothofagus menziesii, Aokautere ash, Holocene, Last Glaciation, podocarp broadleaf forest, palynology, climatic change, vegetation change, New Zealand, Wairarapa, Pohehe Swamp; Tararua Range; 00288. Paleogene, facies, taxa, USA, Wyoming, Bighorn Basin; 10622. provenance, burial, fossil, preservation potential, plant remains, microfossil, 07067. thermal maturity, Paleogene, sedimentation, Canada, British Columbia, Queen Charlotte Islands, Graham Island; 01304.
palynomorph load
flowering peak, recycling, pollen, spore, river, vegetation, sedimentation, USA, Texas, Trinity River; 06077.
palynomorphs
heavy mineral, feldspar, diagenesis, isotopic dating, sedimentary provenance, Jurassic(Upper), North Sea, Central Graben, Argyll Embayment; 08302.
palynostratigraphy
aquifer characteristic, groundwater flow, saline groundwater, borehole analysis, hydrogeology, Australia, Murray Basin; 05217. last interglacial glacial cycle, Eemian, Weichselian, Brorup, Odderade, Oerel interstadial, vegetation, climatic gradient, Germany; 06161.
PAN
air quality, photochemical formation, ozone precurser, USA, California; 06575. calibration, technique intercomparison, luminol, gas chromatography, 11151. emission reduction, pollution, nitrogen oxide, sulphur oxide, ozone, hydrogen peroxide, non-methane hydrocarbon, pollution damage, Japan; 05535. emission, urban atmosphere, heat island, hydrocarbon, urbanisation, ozone, USA, Georgia, Atlanta; 05527. Henrys law constant, hydrolysis rate, 10183. kinetic study, tropospheric chemistry, equilibrium constant, peroxynitrate, flash photolysis UV absorption, 06622. long range transport, marine atmosphere, mixing ratio, 06583. long range transport, urban conglomeration, meteorological parameter, France, Paris Basin; 06594. marine boundary layer, gas chromatography, Atlantic; 12518. methyl nitrate, n-propyl nitrate, butyl nitrate, odd nitrogen, organic nitrate, peroxypropionyl nitrate, USA, Colorado, Boulder; Niwot Ridge; 05524. nitrogen dioxide, chemiluminescence, luminol, ambient air, ozone, 06578. nitrogen, hydrocarbon, ozone, rain forest, wet season, photochemical model, planetary boundary layer, soil, canopy, Brazil, Amazon; 07850. ozone, forested area, photochemical episode, long range transport, ambient air, 06614. ozone, nitrogen oxide, photosmog, temperature, pollution, field study, Switzerland; 12542. ozone, photochemical model, emission, photolysis rate coefficient, Europe; 06565. photochemical model, control policy, hydrocarbon, long range transport, ozone, Europe; 12549. photochemical oxidant, nitric acid, nitrate, ozone, Italy, Montelibretti; 06674. rate constant, secondary reaction, sulphur compound, peroxyacetyl radical, 06661.
pan coefficient
evaporation, seepage, water loss, reservoir, India, Rajasthan, Pali, Sardar Samand Reservoir; 07485.
PAN decomposition
flow reactor, decomposition rate, nitrogen oxide, heterogeneous transformation, nitrogen, 06624.
pan evaporation
energy balance, Priestley-Taylor method, evapotranspiration, Arctic watershed, permafrost, water balance, USA, Alaska, Imnavait Creek; 13439. soil moisture deficit, water table level, transpiration, evaporation, actual evapotranspiration, potential evapotranspiration, water balance, groundwater recharge, Penman estimate, lysimeter, UK, Northern Ireland, Coleraine; 09790.
pan lysimeter
groundwater quality, lysimeter, soil water chemistry, sample size requirement, leachate chemistry, tension lysimeter, USA, Pennsylvania, Pea Vine Hill; 01731.
PAN measurement
wet season, nitrogen oxide, ozone, Brazil, Amazon; 07852.
Panambi Formation
gravel, alluvial deposit, conglomerate, lithofacies, Pleistocene, humid tropical climate, Antigua Formation, Colombia, Pacific Lowlands; 01198.
panchromatic data
forest stand, multispectral data, SPOT-1, 04614.
panchromatic image
intensity hue saturation, SPOT, multispectral image data, USA, Wisconsin, Madison; 06733.
panchromatic photograph
aerial photograph, anthropogenic denudation, denudation landform, arable field, soil erosion, Poland, Torun; 08545.
Pangea
transgression, facies, intracratonic basin, denudation, Carboniferous, Jurassic, Egypt; 03629. Triassic, Huizachal Formation, channel pattern, La Joya Formation, red bed, Mexico, Sierra Madre Oriental; 11754.
Pannonian
planation surface, fault, uplift, morphostructural analysis, horst, Rhodanian, tectonic movement, USSR, Carpathians, Lesser Carpathians; 08378.
Panoche loam
transport model, selenate, selenite, selenomethionine, selenium transport, soil column, 09682.
panoramic photograph
motion, image motion, 04536.
panspot
sodium affected landscape, dispersive erosion, soil morphology, topography, Entisol, USA, North Dakota; 10898.
Panthalassa Ocean
shale, rare earth element, cerium, Tamba Group, accretionary prism, 02448.
Panthera spelaea remains
Aurelia formation, Pleistocene(Middle), carnivore remains, Ursus spelaeus remains, Canis lupus remains, Vulpes vulpes remains, Italy, Rome Region; 08487.
Pantle and Buck index

surface water quality, biological index, water quality index, statistical method, jacknife, bootstrap, indicator power, saprobity index, 05201.
Paolo Forlani
map, print, bibliography, 12668.
Papaghni Group
evaporite, halite, gypsum, Vempalle Formation, India, Andhra Pradesh, Cuddapah Basin; 10608.
paper chemistry
watermark, Italian map trade, map, 08027.
paper record
archive, historical purpose, legal purpose, electronic record, 06786.
paper review
piezocone, statistical method, in situ testing, 13044.
paper shale
Carboniferous, Permian, lake, flood plain, lamination, bloom, carbonate, Germany, Saar-Nahe Basin; 03597.
paradigm
geomorphology, Davis theory, peneplain concept, Finland; 13008.
paragenesis
phosphorite, fluorapatite, nodule, dolomite, pyrite, Peru; 00178.
paraglacial coast
headland, overwash, wave power, drumlin, barrier, Canada, Nova Scotia, Story Head; 06992.
paraglacial landform
deglaciation, till, lacustrine deposit, UK, Scotland, Findhorn Valley; 06148.
paraglacial sediment
debris flow, landslide, Neoglacial, Holocene, sediment production, sediment budget, clastic sediment, delta, aggrading, Canada, British Columbia, Coast Mountains, Lillooet River; 13015.
paraglacial sedimentation
neoglacial activity, alpine lake, geomorphological approach, sedimentary response, core, sediment source, lake sediment, palaeoenvironmental change, Canada, British Columbia, Coast Mountains, Kwoiek Creek; 08471.
paralic sedimentation
Quaternary, tectonic control, eustatic control, season, climatic zone, 12939.
parallel
segmentation, clustering, histogram, 04503.
parallel algorithm
binary object, decomposition, skeletonisation, 12637. curve, point in polygon, 11468.
parallel architecture
systolic array, performance evaluation, 02111.
parallel computer
grid cell GIS, data management technique, scan line processing, 07998.
parallel computing
hardware, image processing, thinning algorithm, 02105.
parallel fault
observational evidence, theoretical model, fault style, brittle layer, upper mantle, continental extension, Italy; Tunisia; Libya; Greece; Turkey; 08364.
parallel flow
convergent flow, transport time, dispersion, mass balance fracture aperture, solute transport, aperture variability, fracture, groundwater flow, tracer, 08771.
parallel hydrometric measurement
hydrograph, snow melt, flood wave, glacier, snow cover, runoff variation, USSR, Pamir Mountains, Abramov Glacier; Europe, Alps, Vernagt Glacier; 08797.
parallel image recognition
vision system, design process, multiple object recognition, 07985.
parallel plate model
groundwater flow model, breakthrough curve, solute transport, fracture channel model, 13410.
parallel processing
pyramid machine, Hough transform, 07983. transputer, implementational model, structural model, image classifier, classifier, 13795.
parallel retreat
caprock, slope development, Clarens Sandstone, slope replacement, rock resistance, Richter type slope, fluvial incision, South Africa, Orange Free State, Klerkspruit Valley; 10715.
parallelism
topographical map, feature extraction, image processing, 13798.
paramagnetic dust
particle, cupric oxide, sampling, magnetic filtration, 00683.
paramagnetism
humic substance, soil science, electron paramagnetic resonance, 00446. unweathered loess, paleosol, ultrafine magnetite, palaeoclimate condition, magnetic susceptibility, loess, ferromagnetic mineral, China, Loess Plateau; 11914.
parameter alpha
net radiation partitioning, Priestley-Taylor formulation, alpha diurnal variation, Bowen ratio, stability, Brazil, Amazon Forest; 13527.
parameter bias
hydrograph, model parameter, runoff routing model, incompatible storm data, random effect probability model, 00519.
parameter configuration technique
aquifer restoration, game theory, groundwater contamination, transmissivity value, parameter uncertainty, 07566.
parameter estimation
AR(1) log normal model, hydrological sequence, stream flow, historical sequence, index sequential method, reservoir storage, exceedance probability, USA, California, Colorado River; Lake Powell; USA, California, Lake Mead; 13310. automatic calibration, model calibration, maximum likelihood method, sensitivity analysis, radioactive solute, groundwater flow, solute transport, Spain; 09870. chemical fate, nitrification, denitrification, nitrogen, groundwater chemistry, breakthrough curve, ammonium nitrate, leaching, 02931. comparative analysis, rainfall-runoff model, model calibration, flow rate, Italy, Arno River, Sieve Watershed; 13323. concentration data, matrix diffusion, matrix adsorption, groundwater flow, coupled flow, solute transport, inverse method, model calibration, aquifer model, maximum likelihood estimation theory, Gauss Newton algorithm, 09878. disaggregation, stream flow, seasonal flow, Mejia and Rousselle model, 09805. environmental tracer, aquifer model, basin transmissivity, basin storativity, groundwater flow, hydraulic head distribution, mass balance equation, Gauss Markov optimisation approach, piezometric head, 09875. estimation uncertainty, maximum likelihood problem, Gauss Newton method, Newton method, optimisation method, adjoint state method, inverse problem, gradient method, groundwater flow, 09869. flood frequency analysis, probability weighted moment, partial probability weighted moment, generalized extreme value distribution, historical flood data, 09807. groundwater recharge, measurement error, data inaccuracy, USGS, regression modelling, groundwater flow, 04116. head profile, groundwater flow, soil hydraulic property, unsaturated transient flow, van Genuchten equation, cumulative drainage, 02898. hillslope hydrology, soil property, antecedent condition, surface runoff, subsurface runoff, groundwater flow, hydraulic conductivity, soil porosity, evaporation, storm flow, Australia, Western Australia; 07472. hydrograph separation, instantaneous unit hydrograph, upland catchment, quick flow, slow flow, stream flow response, rainfall excess, UK, Wales; 05138. hydrolysis process, chemical redox process, redox process, oxidation, iron, manganese, toxic substance, water quality model, 09833. inverse method, transmissivity, kriging method, groundwater flow, transport model, Denmark, Vejen; 09877. Markov process model, Poisson cluster process model, point rainfall model, precipitation assessment, 00503. model calibration, pH, cation exchange capacity, cationic composition, adsorption, geochemnical model, groundwater quality, automatic calibration, parameter identification, water quality modelling, 09903. multi aquifer system, groundwater flow model, model calibration, Gauss Newton plus Line Search method, inverse problem, adjoint state conjugated gradient method, computer algorithm, Germany, Venloer Scholle Aquifer System; 09862. multivariate analysis, Bayesian decision theory, nutrient, lake restoration, cyanobacteria, eutrophication, lake modelling, lake water quality, expert system, trend analysis, Finland, Tuusulanjarvi Lake; 07492. optimisation model, groundwater quality, pumping schedule, aquifer remediation, 01737. parameter transformation, nonlinear discrete flood event model, flood event model, rainfall runoff model, Australia; 05134. probability distribution, flood frequency analysis, streamflow record, extreme flood event, palaeoflood record, 00514. radioactive waste disposal, saturated zone, unsaturated zone, performance assessment modelling, groundwater flow model, model uncertainty, USA, Nevada, Yucca Mountain; 09845. runoff quantity, runoff quality, urban runoff, rural runoff, long term simulation model, Germany, Northrhine-Westphalia; 07466. sensitivity analysis, model reliability, flow modelling, model calibration, transport modelling, prediction uncertainty, groundwater model, 09861. tracer test, solute transport, groundwater contamination, fissured media, porosity ratio, dispersivity, matrix diffusion, 09867. uncertainty propagation, numerical model, groundwater flow, unsaturated flow, solute transport, vector state space method, soil hydraulic property, 08764. water quality model, microbial decomposition, organic pollutant, biodegradation, 09835. Weibull distribution, Gumbel distribution, Frechet distribution, data analysis, bias error, maximum likelihood estimation, statistical method, 13308.
parameter estimation procedure
mathematical model, model verification, catchment model, stream flow, Germany, Northrhine-Westphalia; 06287.
parameter estimation technique
heterogeneous media, solute transport model, distance dependent dispersion, convection dispersion equation, hydrodynamic dispersion, diffusion, pore water velocity, 08781.
parameter estimator covariance
maximum entropy estimator, Pearson type-3 distribution, flood, Monte Carlo simulation, statistical method, parameter estimator variance, 09779.
parameter estimator variance
parameter estimator covariance, maximum entropy estimator, Pearson type-3 distribution, flood, Monte Carlo simulation, statistical method, 09779.
parameter field
satellite data, optical depth, cirrus case study, cloud, 12461.
parameter identifiability
coupled inverse problem, groundwater modelling, waste water disposal, disposal management, 08775.
parameter identification
alluvial fan, aquifer model, model uncertainty, groundwater modelling, data shortage, model calibration, Italy, Marecchia River; 09884. flow mass transport, flow heat transport, salt water intrusion, two phase flow, coupled inverse problem, groundwater modelling, sensitivity analysis, 08774. groundwater flow model, model calibration, transport model, concentration data, optimisation method, remediation strategy, 09876. model instability, groundwater flow model, mathematical model, 05218. parameter uncertainty, observation borehole, well location, groundwater flow model, 09872. solute transport, unsaturated soil, groundwater flow, soil moisture characteristic, unsaturated conductivity, hydrodynamic dispersion, optimisation method, dispersion, 05208. water quality modelling, parameter estimation, model calibration, pH, cation exchange capacity, cationic composition, adsorption, geochemnical model, groundwater quality, automatic calibration, 09903.
parameter identification procedure
shallow lake, model prediction, lake water quality, water quality management, eutrophication, algae, uncertainty model, 09821.
parameter justifiability
hydrometeorological series, Markov autoregressive model, runoff, precipitation, air temperature, empirical verification, 10964.
parameter relationship
satellite, lidar data, ice crystal, optical depth, cirrus case study, 12453.
parameter retrieval
instrument noise, microwave measurement, optimal parameter retrieval, 09102.
parameter transferability

rainfall disaggregation model, dry period, shower event, shower depth, shower duration, Hershenhorn's technique, daily rainfall, USA; 05115.
parameter transformation
nonlinear discrete flood event model, flood event model, rainfall runoff model, parameter estimation, Australia; 05134.
parameter uncertainty
conditional probability region, hydrological model, nonlinearity, response surface plot, statistical method, 05111. observation borehole, well location, groundwater flow model, parameter identification, 09872. parameter configuration technique, aquifer restoration, game theory, groundwater contamination, transmissivity value, 07566. pumping rate, dewatering, confined aquifer, head moment estimate, groundwater flow, Monte Carlo simulation, 01724. soil heterogeneity, Richards equation, spatial variability, sensitivity analysis, groundwater flow, unsaturated flow, model verification, 00581. waste management, decision analysis, risk analysis, cost benefit analysis, groundwater flow, hydrogeology, contaminant remediation, engineering design, uncertainty model, geological uncertainty, 07590.
parameterisation
ice cloud, water content, general circulation model, ice deposition, sedimentation, sublimation, ice crystal, 10127. regional climate model, energy balance, climate modelling, Hungary; 11246. shortwave transmissivity, transmissivity, stratiform cloud, cloud, empirical data, radiative transfer theory, optical thickness, 12320.
parameterisation scheme
analytical solution, collection growth equation, cloud, microphysics, 13600. HAPEX MOBILHY data set, water budget, land surface, 08873. morphological statistics, cloud field, physical parameter statistics, image transformation, 10118. radar contour, hail cell, convective cell, 08968.
parameterised surface
global climate model, vegetation, land surface, 13516.
parametric model
moving body surface, image sequence, linearisation, 00980. spatial data collection, modelling spatial data, spatial data analysis, spatial referencing, 05627.
parametric representation
thermodynamic structure, mid latitude, convective situation, 13614.
parametric statistical technique
nonparametric statistical technique, geostatistical technique, kriging, chloride concentration, monitoring network, groundwater quality monitoring, network design, confined aquifer, Spain, Barcelona, Llobregat Delta; 01726.
parametrisation
eddy, sensible heat transport, zonal average, averaged dynamic model, 13586. tropical ocean, ocean, heat flux, 13565.
paramoudra
flint compaction, chalk dissolution, Ashby Hill Flint, UK, England, Humberside, Grimsby; 09411.
Parara Limestone
Cambrian, carbonate, slope facies, diagenesis, Hawker Group, Australia, South Australia, Flinders Ranges, Wilkawillina Gorge; 11746. Cambrian, palaeoecology, platform carbonate, reef, Wilkawillina Limestone, Australia, South Australia, Flinders Ranges, Wilkawillina Gorge; 05923.
parasequence
limestone, Manlius Formation, Rondout Formation, dolostone, Devonian, USA, New York, Albany, John Boyd Thacher State Park, Indian Ladder Trail; 00124. Milankovitch, stratigraphic sequence, eustatic cycle, stacking pattern, sequence, 09314.
parcel
drop spectrum, cloud, successive convective element, inversion, 13611.
parcel based management
land management, LIS, USA; 08008.
parcel indexing
property, mapping, Canada, New Brunswick; 02279.
parcel information
intelligent information system, socioeconomic data, USA, California, San Francisco; 05762. survey, GIS, boundary information, Canada; 13975.
parcel mapping
GIS, accuracy, 05776.
parcel method
cumulus onset, cloud amount, 05430. prediction, cumulus onset, cloud amount, heterogeneous land surface, 12470.
parcel model
mixed layer depth, salinity, alkalinity, phytoplankton, zooplankton, nitrate, carbon dioxide, Gulf Stream system, carbon cycle, Atlantic, (North); 05491.
parcel rise rate
hydrometeor drag, temperature deviation, thunderstorm, cloud top dynamic, overshooting thunderstorm cloud top, Rayleigh damping, 04302.
Parde index
flow rate estimation, stream flow, Alpine water course, mean monthly flow rate, mountain basin, Switzerland, Dranse de Bagnes, Valais Waterways; 12170.
parellel computing
object recognition, Connection Machine, 02103.
parent material
acid soil, expert system, fertility, altitude, rainfall, Rwanda; 05100. aspect, spatial variation, erosion distribution, soil erosion, slope aspect, South Africa, Ciskei; 08556. cropping management, organic phosphorus, inorganic phosphorus, phosphorus fraction, 10884. geomorphic history, classification, soil texture, phosphorus, eucalypt research, nutrient status, site drainage, Australia, Queensland, Toolara State Forest; 10958. paleosol, stratigraphy, parent material, USA, Pennsylvania, Allegheny Plateau; 04009. parent material, paleosol, stratigraphy, USA, Pennsylvania, Allegheny Plateau; 04009. river terrace, alluvial fan, soil erosion chronology, environmental change, vegetation change, soil degradation, relief, Mediterranean; 08550. silty mantle, sedentary soil, particle size distribution, oxygen isotope composition, quartz, aeolian dust, Japan; Korea(South); 13300. soil mineralogy, soil chemical property, landform position, volcanic soil, soil development, terrace soil, Cameroon, Tiko Plain; 12112. soil type, taxonomic soil characteristics, soil erosion, land use effect, erosion, Spain, Valencia Province; 09752. soil, climate, metamorphic rock, granite, basalt, tropical region, Nigeria; 00483. soil-landform interaction, landform, hillslope, pedogenesis, upslope distance, canonical ordination analysis, convexity, gradient, multivariate analysis, Australia, South Australia; 13216.
parent rock
pallid zone, clay matrix, halloysite, mercury injection porosimetry, water retention curve, mineralogical property, physical property, lateritic pallid zone material, granite, dolerite, Australia, Western Australia, Jarrahdale; 01489. soil development, phosphorus, Spain, Galicia; 01597.
parish survey
trigonometrical surveying, surveyors, land alienation, Australia, Victoria; 01072.
Parisville turbidite
Gentilly Till, allochtonous ice, Cap Charles glacial complex, Leclercville rhythmite, diamicton, till, Canada, Quebec, St Lawrence Valley; 02637.
park
beach resource, estuary, erosion, urban park, shoreline, management, USA, New York, Conference House Park; 00104.
park management
three dimensional GIS, GIS, management, Taiwan, Yangmingshan; 09199.
park map
municipal GIS, GIS, real estate, Canada, Ontario, Scarborough; 01154.
park resources
wildlife monitoring, forest fire management, GIS, SPANS, 01119.
Parshall loam
saturation percentage, sodium adsorption ratio, electrical conductivity, salt precipitation, soil salinisation, water quality effect, irrigation, Alfalfa, Williams loam, Barnes loam, Svea loam, USA, Great Plains; 10856.
partial canopy cover
canopy cover, cotton field, soil surface, leaf area index, two layer model, evapotranspiration, one layer model, heat transfer, 10016.
partial derivative
laser range sensor, obstacle detection, vehicle, 00984.
partial duration series
maximum likelihood estimate, hydrological variable, Poisson distribution, statistical method, peak magnitude, estimate bias, estimate variance, quantile estimate, 09785.
partial flow regulation
reservoir design, storage capacity, reservoir capacity, input output characteristic, 05189.
partial match retrieval
multiple key hashing file, disk modulo allocation, 10337.
partial penetration
vertical flow, seepage surface, well, unconfined aquifer, groundwater flow, well storage, elastic storage release, gravity drainage, anisotropy, 07540.
partial pressure
carbon dioxide, piston velocity, carbon dioxide, air-sea exchange, Atlantic; Pacific; 00931. plankton chlorophyll, biological activity, fossil fuel, spatial variability, sink, carbon dioxide, Atlantic; 13653. surface waters, subtropical region, carbon dioxide, Indian Ocean; 07735.
partial pressure gradient
air sea interface, carbon dioxide, exchange coefficient, flux, ocean, 11227.
partial probability weighted moment
generalized extreme value distribution, flood forecasting, flood frequency analysis, flood magnitude, return period, 09806. generalized extreme value distribution, historical flood data, parameter estimation, flood frequency analysis, probability weighted moment, 09807.
partial saturation
plasticity, constitutive model, partially saturated soil, compaction, 04903.
partially cut off meander loop
depth averaged velocity profile, meander loop, velocity profile, mathematical model, physical model, water surface profile, channel flow, 05174.
partially saturated fracture
air water interface, fluid flow, capillary pressure head, fracture flow, groundwater flow, travel time, 12246.
partially saturated soil
compaction, partial saturation, plasticity, constitutive model, 04903.
participating laboratory
sample pretreatment, radiocarbon dating, interim progress report, international collaborative program, 02584.
particle
aerosol physics, snow, snow flake, precipitation, aerosol, 04407. aerosol, metal catalyst, peroxy radical, hydrocarbon peroxide, copper ion, 10180. aerosol, nucleation, polar stratosphere, nitric acid trihydrate, 10216. alkaline aerosol, enrichment factor, aerosol, 03261. annular denuder, hydrpchlonic acid, salt, road deicing, nitric acid, sodium chloride, 06559. atmospheric reactivity model, photodegradation, naphthalene, 07825. biochemical marker, non aromatic hydrocarbon, alkene, estuary, organic matter, France, Loire Estuary; 12857. collision efficiency, below cloud scavenging, scavenging rate, aerosol, drizzle drop, precipitation drop, 13695. conductivity, stable isotope content, ice cap, palaeoclimate, proxy data, China, West Kunlun; 03118. cupric oxide, sampling, magnetic filtration, paramagnetic dust, 00683. dry season, calcium oxalate, ice nuclei, convective cloud, oxalate source, intertropical zone, biomass burning, aerosol, Ivory Coast; 03207. empirical orthogonal function, multivariate statistics, sulphate, pollution, advection differential equation, receptor modelling, 13683. extinction, light extinction budget, scattering, fine particle, coarse particle, absorption, nitrogen dioxide, 06438. fog liquid, pesticide occurrence, fog, advected oceanic fog, inversion, organophosphorus

insecticide, USA, California, Monterey; 10189. haze, airborne measurement, lidar, sulphur, Arctic; 11336. heterogeneous chemical, nitric acid trihydrate, cloud physics, polar stratospheric cloud, microphysics, adiabatic cooling, 00901. kinetic nucleation, ballistic polymerisation, sintering, diffusion-limited aggregation, aerosol, silica powder, 03204. lead concentration, rain, wet deposition, scavenging, microphysics, transport, trace metal, precipitation cloud, aerosol, 13705. local traffic, distant source, multivariate analysis, PAH, 11409. magnesium, aluminium, silicon, calcium, titanium, iron, sulphur, chlorine, aerosol, calcium sulphate, X-ray spectrometry, Japan, Nagasaki; Nagoya; Pacific, (North); 00843. micrometeorological condition, Chernobyl nuclear accident, caesium-137, environmental transfer parameter, dry deposition, washout, Italy, Anguillara Sabazia; 00928. nitrate, sulphate, aluminium, silicon, calcium, iron, sulphur, USA, Appalachian Mountains; 02063. oceanic dimethylsulphide, dimethylsulphide, marine aerosol, sulphate, air mass, 10225. optical scattering, laser scattering, airbourne particle classification, aerosol measurement, 13716. PAH, toxicology, deposition, diesel engine exhaust, 13744. polar stratospheric cloud, total reactive nitrogen, stratosphere, nitrous oxide, microphysical process, polar vortex, Arctic; 00802. polystyrene latex, polymethylmethacrylate, methylene blue aerosol, aerosol, ultra violet, aerosol charging, 03193. radon, radon daughter, maritime air, 03241. rainwater composition, aerosol, calcium, acid deposition, precipitation chemistry, deposition, 03182. refractive index, optical counter calibration, monodispersion aerosol, 13681. rotary inertial impactor, nitrate, friction velocity, ozone, sampling, pollution, sulphate, USA, California, Los Angeles; 02048. sampling artefact, filter material, mutagenicity, PAH's, 11152. sampling, chimney stack, pollution, calibration, impactor, aerosol, 00682. sampling, diffusion scrubber, formaldehyde, hydrogen peroxide, USA, California; 02055. sampling, microparticle, chlorine, iron, zirconium, copper, sulphur, bromine, zinc, titanium, nickel, strontium, stratospheric particle, balloon-borne collector, 03201. sampling, quartz fiber filter, polychlorinated dibenzo-p-dioxin, polychlorinated dibensofuran, PCBs, gas chromatography, pollution, 00842. sampling, sulphate, calcium, iron, magnesium, potassium, nickel, lead, zinc, cadmium, chromium, aerosol, heavy metals, Spain, Valladolid; 03179. sampling, wind tunnel, aerosol, 03203. size distribution, sulphur conversion, aerosol water content, sulphate, sulphur dioxide, seasalt, aerosol, Bermuda; 12537. sloping layer, aerosol layer, lidar, cloud cap, marine boundary layer, 13649. smoke, nuclear winter, nitric oxide, stratosphere, dust, fireball, 02997. spectral characteristics, aerosol, backscatter, Hawaii, Mauna Loa Observatory; 12566. statistical approach, Rayleigh theory, Mie theory, ensemble averaging, backscattering, nonspherical particle, 12561. sulphate, aerosol, acidity, sulphur dioxide, USA, PA, Chestnut Ridge; 13685. sulphur dioxide, sulphate aerosol, sea salt aerosol, heterogeneous oxidation, homogeneous oxidation, oxidation, remote marine atmosphere, 12536. sulphuric acid, sulphate morphology, sea salt, aerosol, microphysics, tropospheric size distribution, Southern Hemisphere; 12571. supercooled cloud, thermal diffusion chamber, ice nuclei, climate change, 03106. surface aerosol, aerosol, Antarctica, Amundsen-Scott South Pole Station; 03206. suspension, carbon dioxide, plankton, ocean, natural water, 03690. two-phase flow, multi-scale modelling, energy minimisation, fast fluidisation, regime transition, 00008. ultrafine aerosol, aerosol, condensation nucleus counter, counting efficiency, 11149. urban pollution, regional pollution, lead, nickel, receptor modelling, chemical mass balance, aerosol, USA, California Desert; 12539. water vapour, insoluble trace gas, convectively mixed air, ozone, carbon monoxide, nitrogen oxide, vertical distribution, aerosol, 10194. wind field, Reynolds number region, Stokes range, settling velocity, 13481.

particle aggregation
snow particle size, lake effect snow, USA, Lake Michigan; 04314.

particle analysis
particle area temporal variation, phytoplankton, tributary loading, calcium carbonate, precipitation, USA, New York, Syracuse, Onondaga Lake; 09332.

particle area temporal variation
phytoplankton, tributary loading, calcium carbonate, precipitation, particle analysis, USA, New York, Syracuse, Onondaga Lake; 09332.

particle bed interaction
tracer technique, gravel bed river, sediment transport, coarse sediment, river morphology, bedload transport, 08702.

particle bounce
trace element, aerosol, rural airshed, USA, Maryland; 05479.

particle concentration
ice lead, supercooled water droplet, lidar, Arctic; 03142. liquid water content, boundary layer structure, mesoscale structure, wintertime structure, cold air outbreak, turbulent flux statistics, USA, Lake Michigan; 12435. radon, trajectory, wind rose, tropospheric transport, Australia, Macquarie Island; Southern Ocean; Australia, Cape Grim; 03239. temporal variation, nephelometry, Module Autonome Pluridisciplinaire, resuspension, benthic community, abyssal water, biological activity, Atlantic, Bay of Biscay, Meriadzek Terrace; 07024.

particle counting
condensation nucleus counter, counting efficiency, aerosol, 10173.

particle cycling
sea water, energy cycling, microorganism, virus, faecal pellet, organic carbon, Pacific, (North); 08289.

particle density
bulk density, total porosity, water release curve, 13266. porosity, aeration, soil physical property, soil amendment, kelp, bulk density, 02757. volcanic soil, gas pycnometer, Martinique; 00443.

particle deposition
calcium carbonate, urban area, diffusion tube, coal, sulphur dioxide, nitrogen dioxide, nitric acid, nitrous acid, sodium carbonate, 03258. organic matter, bottom topography, nitrogen, post industrial sediment, pore water chemistry, current, North Sea, Skagerrak; 08182. Teflon filter, Fourier transform infrared spectroscopy, sampling, aerosol, carbon, 00938.

particle diffusion
diffusion model, particle diffusion equation, sorption dynamics, solute transport, 01625.

particle diffusion equation
sorption dynamics, solute transport, particle diffusion, diffusion model, 01625.

particle dispersion
Lagrangian simulation, statistical simulation, turbulent motion, heavy particle, 13511.

particle elemental composition
phosphorus-rich particle, Plainfield loamy sand, Blount silt loam, excessively fertilised soil, phosphorus, 12069.

particle evolution
polar stratospheric cloud, sulphate particle, particle size distribution, Forward Scattering Spectrometer, nitric acid, nitric acid trihydrate, ice, 00904.

particle flux
biogenic opal flux, opal flux, ice coverage, ice rafted material, sedimentation, pelagic sedimentation process, sediment trap result, Arctic Ocean, Fram Strait; 10754. bloom, storm, anoxia, basin floor, laminated sediment, coccolith, Black Sea; 00155. carbonate, organic carbon, pelagic system, sedimentation, sea floor, Norwegian Sea; 03670. granular flow, kinetic theory, shear stress, collisional flow, 03503. opal, organic carbon, benthic, sedimentation, productivity, seasonality, Weddell Sea; Southern Ocean, Bransfield Strait; 02471. recycling, input rate, organic carbon, continental margin sediment, seafloor, USA, California, Santa Monica Basin; 01241. sedimentation, organic matter, eutrophic environment, organism, trap sample, upwelling, 09453. tropical, sediment trap study, sediment accumulation pattern, carbonate productivity rate, reconstructing, Atlantic, Sierra Leone Rise; Ceara Rise; 03861.

particle fractionation
Paleustollic Torrert, adsorption, desorption, phosphate sorption, phosphate desorption, magnetic separation, soil fraction, Turkey; 07362.

particle gliding
snow, gliding, clast orientation, talus fabric, USA, California, Lassen Peak; 01408.

particle growth
moving finite element method, population balance equation, upwind differencing, Smolarkiewicz method, 00491. surface tension, aerosol model, nucleation rate, 10172.

particle growth trajectory
updraft fringe, graupel, hail, embryo growth stage, precipitation production, hailstorm, airflow, 10134.

particle in cell method
finite element method, Lagrangian scheme, truncation error, cubic spline, 07641.

particle interaction
clay suspension, shear stress, sodium chloride, pH, Cecil soil, Putnam soil, Hoytville soil, 13238.

particle light scattering
urban source, long range transport, haze, tracers of opportunity, pollution, methylchloroform, perchloroethylene, USA, Nevada, Spirit Mountain; 02018.

particle loss
aspiration efficiency, gravitational settling, impaction, vena contracta formation, aerosol sampling, 06433.

particle mass size distribution
dry deposition, mineral dust, mineral particle, surrogate surface technique, deposition velocity, Pacific; 04355.

particle measurement
chemical species, ammonia, light scattering, extinction, absorption, fine particle, sulphate, nitrate, optics, visibility impairment, USA, Colorado, Denver; 13738. Forward Scattering Spectrometer, sulphuric acid, polar stratospheric cloud, Arctic; 00903. source apportionment, visibility, fine particle, 07785.

particle microstructure
suspended solid, carbon, iron, manganese, estuarine variability, surface water chemistry, salinity level, turbidity maximum zone, UK, England, Humber Estuary; Mersey Estuary; UK, England, Tamar Estuary; Germany, Elbe Estuary; 08753.

particle orientation
shrinking, swelling, failure, cracking, clay, 03963.

particle packing
laboratory method, microfabric, porosity, permeability, oolitic sediment, Atlantic, (Northwest); Bahamas, Great Bahama Bank; 05805.

particle particle interaction
scanning electron microscope, electron imagery, microcrack, hackly fracture surface, sand size, clast, debris avalanche deposit, USA, Washington, Mount St. Helens; 09507.

particle partitioning
salinity, turbidity, fresh water seawater interface, surface water quality, hydrocarbon transport, hydrocarbon fate, particulate phase, organic contaminant, dissolved phase, suspended matter, France, Rhone River; China, Huanghe River; China, Changjiang River; 08738.

particle production
marine cloud, Aitken nuclei, cloud condensation nuclei, nucleation, global climate, dimethyl sulphide, sulphate, sulphur dioxide, 05521. polar stratospheric cloud, nitrous oxide, polar vortex, condensation nuclei, Arctic; 00892.

particle property
aerosol, particle size distribution, 03212.

particle radii
groundwater flow, particle size distribution, solute transport, aggregated media, aggregate size, distribution, 01722.

particle radius
cloud, reflected solar radiation, droplet radius, cloud top, optical thickness, 10128. thermocapillary velocity, electrophoretic velocity, settling velocity, bubble, zeta potential, 10492.

particle resistance
bed structure, gravel bed, bed surface response, flume study, sediment transport equation, Shields parameter, 12173.

particle scattering
microphysics, radiative property, cirrus cloud, climate, climatic feedback, 10130.

particle scavenging
sediment accumulation, Pleistocene(Late), seasonal upwelling, interglacial episode, palaeoproductivity, water column scavenging, erosion, winnowing, Uranium-series disequilibrium, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11927.
particle settling
Brownian coagulation, Nusselt number, Peclet number, coagulation, suspension, 10494.
particle shape
beach, sorting, gravel, sand, 06990. terminal velocity, precipitation, accretion, snow, freezing rain, ice pellet, Canada; 04315.
particle size
adsorption, potassium, biotite, muscovite, India; 01611. aggregate size, water retention, pore size, 03959. beach sand, dune, transgression, Littorina Sea, groundwater, Poland, Slowinski National Park, Gardno-Leba Lowland, Lake Dolgie Male; 12835. biogenic silica, thermal stratification, frustule, silica, diatom, USA, Great Lakes, Lake Michigan; 11786. bottom sediment, current, sedimentation, saltation, Bering Sea; 05850. bulk density, water stable aggregate, residual effect, soil loss, Canada, Ontario, Ottawa, Central Experimental Farm; 13204. continental shelf, grain size parameter, modal size classification, sand, relict deposit, bypassing, Portugal; 00068. ephemeral stream, flow dynamics, suspended sediment, Kenya, Baringo District; 00532. filtration, ripening, water supply, waste water, 00102. gravel, bed material, bedload, skewness, flow competence, flood, UK, England, Great Eggleshope Beck; USA, Oregon, Oak Creek; 12838. Grundite illite, Geogia kaolinite number 3, suspension nebulisation, solution nebulisation, clay, atomic emission spectroscopy, 10917. hygroscopic aerosol, fog formation, cloud condensation process, clean room counter, optical particle counter, aerosol, relative humidity, counting efficiency, 08826. identification, Towada-Ooyu pumice, Towada Volcano, tephra, pumice, ferromagnetic mineral, Japan, Tohoku District; 02674. iron, copper, zinc, desert, dust, Egypt, Cairo; 02038. isotope, iodine, nuclear facility, radioiodine, radionuclide, resuspension, aerosol, 13730. mountain stream, sediment trap, rating curve, transport formula, Helley Smith bed load sampling, Schoklitsch sediment transport formula, glacier, melt water, bedload, sediment yield, bed width, Switzerland, Valais, Bas Glacier d'Arolla; 08713. nonaqueous phase fluid saturation, multiphase flow, dissolution, nonaqueous phase liquid, groundwater flow, water contamination, toluene, mass transfer, aqueous phase velocity, 09898. optical thickness, satellite measurement, pollution, forest fire smoke, smoke, USA; Canada; 04358. PAH, organic matter, river sediment, pollution, adsorption site, 03585. phosphate, apatite, fluorapatite, francolite, 03652. pore ice, dunes, sublimation, particle supply, aeolian transport, cold environment, periglacial environment, 07249. river bed morphology, flow history, braided gravel river, critical tractive stress, dimensionless shear stress, slope, cluster bedform, New Zealand, Springfield, Kowai River; 00531. river segmentation, mountain river, gravel, Japan, Tohoku District; 05157. scattering albedo, smoke, anthropogenic pollution, aerosol, satellite measurement, pollution, aerosol optical thickness, 04357. sediment recovery, centrifuge system, suspended sediment, trace metal, Switzerland, Lake Geneva, Upper Rhone River; 01370. sedimentation, Pleistocene, climatic change, magnetic measurement, pollen analysis, China, Yunnan, Kunming Basin, Dianchi Lake; 00035. sewage, sediment organic content, bottom deposit, heavy metal, copper, cadmium, UK, England, Norfolk, Broads; Yare River; 08203. similarity criteria, wind speed, saltation, suspension, 05795. spectral response, suspended sediment, sediment colour, satellite imagery, remote sensing, India; 13309. suspended sediment, bed slope, depth:width ratio, downstream channel, flow regime, dam, channel stability, Saudi Arabia; 08725. transparency, suspended solid, USA, Great Lakes, Lake Michigan; Canada, Great Lakes, Lake St. Clair; 01202.
particle size analysis
diatom, mineral magnetism, storm surge, tsunami, radiocarbon dating, UK, England, Scilly Isles, St Agnes, Big Pool; 11683. dispersion, geostatistical simulation technique, hydraulic conductivity, micro dispersion, transport model, groundwater flow, aquifer model, conductivity distribution, sandy aquifer, 09887. kaolinite, ferrallitic soil, French Guiana; 00375. mountain stream, coarse sediment, bedload, Darcy Weisbach flow resistance, channel morphology, channel roughness, flow resistance variation, Germany, Bavarian Alps, Lainbach River; 08712. sediment transport, bedload sampler, coarse material, USA, Montana, Gallatin Range, Squaw Creek; 08706. SEM surface texture, postglacial, periglacial, landform, Devensian age, moraine, Dimlington Stadial, vegetation history, mass movement, corrie development, UK, England, Derbyshire, Seal Edge, Middle Seal Clough; 06197.
particle size compostion
fertiliser application, nitrogen fertiliser, mineral nitrogen, nitrate nitrogen, sod podsolic soil, 10878.
particle size distribution
aerosol, Arctic aerosol, cascade impactor sampling, aerodynamic diameter, sulphur, proton induced X-ray emission, sea salt, chlorine, gas particle chemical interaction, Arctic; 05519. aerosol, differential mobility particle sizer, aerodynamic particle sizer, fuel oil combustion, 01982. aggregation, iron oxide, Terra Rossa soil, Italy; 09755. carbonate, calcareous soil, Austin soil series, Rio Grande soil series, Victoria soil series, sodium saturation, sonication treatment, soil carbonate, dispersion treatment, USA, Texas; 10921. concentration profile, sediment concentration, continental shelf, resuspension, suspended sediment, USA, New York, Long Island; 03559. diagenesis, bedrock, sedimentary environment, deposit property, glacial deposit, till, Canada; Poland; Svalbard, Spitsbergen; 06135. downsteam channel, bed degradation, suspended sediment, sediment concentration, water surface level, bedload, bed elevation, Iraq, Tigris River; 08723. fallout, dust, Egypt, Qena; 11386. Forward Scattering Spectrometer, nitric acid, nitric acid trihydrate, ice, particle evolution, polar stratospheric cloud, sulphate particle, 00904. gas-to-particle conversion, dimethylsulphide, sea salt, sulphate, marine aerosol, aerosol, review, 13696. granulometric method, laser ray diffraction, 10916. heavy metals, urban air, particulate, iron, manganese, copper, zinc, lead, nickel, Korea, (South), Seoul; 03181. Laplace distribution, bimodality, dune, sand, 05976. mesoscale transport, deposition rate, PAH, particulate matter, Mediterranean Sea; 06563. metal, sediment core, sediment profile, Canada, St. Lawrence River, Lake St. Louis; 11706. mineral composition, electrophoretic mobility, water quality analysis, contaminant transport, colloid, surface water quality, sampling, sediment transport, sorption, hydrophobic material, USA, Missouri, St Louis, Mississippi River; 07501. organic matter, soil boundary, soil survey, magnetic susceptibility, USA, Oklahoma; 09651. oxygen isotope composition, quartz, aeolian dust, parent material, silty mantle, sedentary soil, Japan; Korea(South); 13300. particle property, aerosol, 03212. particulate, radial diffusion model, gas particle sorption kinetics, organic compound, Crank-Nicolson finite difference scheme, 05536. relative humidity, marine atmospheric surface layer, aerosol concentration, North Sea; 05476. sediment distribution, erosion resistance, bed process, bedform characteristic, bed armouring, slope development, 08727. sedimentation, dam, reservoir, France, Pyrennes, Tet River; 08206. SEM, red dust fall, Saharan dust, long range transport, Ireland, Cork; Mayo; Ireland, Galway; 00662. ship traffic, anthropogenic source, trace metal, estuary, Yugoslavia, Krka River Estuary; Kornati Islands; 01261. Sierpinski carpet, Brooks-Corey model, Campbell model, soil water retention, unsaturated hydraulic conductivity, soil texture, pore structure, fractal geometry, 01706. soil disruption, soil texture, size class, disruption index, aggregate index, 10915. solute transport, aggregated media, aggregate size, distribution, particle radii, groundwater flow, 01722. weathering, grain size, laumontite, Entisol, USA, California, San Gabriel Mountains; 07415.
particle size fraction
chestnut brown soil, humus content, cultivation, clay particle, nitrogen content, USSR, Transbaikalia; 10954. corn, meadow, aggregation, organic matter, 05068. eluvial layer, sod podsolic soil, clay mineral, layered silicate, 10860. ultrasonification, extractant, zinc, Australia, Queensland; Western Australia; 00486.
particle size separation
mercury, oil refinery, airborne contamination, soil pollution, Greece, Aspropirgos; 09758. organic matter, physical separation, soil separation method, size fraction, 09724.
particle sizing
Gerety and Slingerland (1983), terminal velocity, eroding bed, 02789.
particle supply
aeolian transport, cold environment, periglacial environment, particle size, pore ice, dunes, sublimation, 07249.
particle surface
nitrogen dioxide, nitric acid, soot particle, PAHs, heterogeneous reaction, 10181. PAH's, combustion, aerosol photoemission, automobile exhaust, 11380.
particle suspension
riverine erosion, sedimentation, river sediment, sediment provenance, bedload, 08154.
particle tracer
transport model, bed load fraction, sediment transport, surface water quality, caesium-137 tracer, USA, Tennessee, White Oak Creek; 01658.
particle tracing
biological model, continental shelf, shelf ecosystem, CZCS data, data description, Lagrangian experiment, USA; 09216.
particle tracking method
data analysis, solute transport, groundwater flow, computer modelling, supercomputer, equation solution, visualisation technique, 07441. groundwater model, MARCHAL, three dimensional model, flow model, quality model, solute transport, pressure field simulation, velocity field simulation, 09874.
particle trajectory
gravel bed, tributary, channel confluence, sediment transport, 00018.
particle translocation
Sombric horizon, organo clay horizon, pyroclastic material, mountain soil, clay humic colloid, humus, Colombia, Andes; South America, Andes; 10935.
particle transport
coagulation, marine snow, settling speed, aggregation, suspended particle, faecal pellet, biomass, 10571. cycling mechanism, fine sediment dispersal, sorption, estuarine circulation, kepone cycling, estuary, sedimentological fate, surface water quality, polychlorinated hydrocarbon, sediment sink, hydrodynamic model, USA, Virginia, James River Estuary; 08760. sand, wind, desertification, suspended particle, 06950. shear stress, grain shear stress, bed form shear stress, bed load motion, 08703. solution transport, contaminant transport, groundwater quality, adsorption desorption, unsaturated zone, radionuclide migration, 07565.
particle travel time
hillslope hydrology, runoff, Darcys law, slope water flow, groundwater flow, pore water velocity, flow path, 11034.
particle velocity
groundwater flow model, finite difference model, solute transport, bilinear interpolation, linear interpolation, transmissivity boundary, nonuniform flow, heterogeneous aquifer, 01717. precipitation intensity, polarisation diversity radar, weather radar technique, frequency-agile radar, Doppler weather radar, 05332.
particle volume
haze, tropospheric aerosol, aerosol size distribution, North America; 13720.
particle water metal exchange
metal exchange, estuarine chemistry, surface water chemistry, residence time, trace metal, fresh water residence time, first order chemical reaction, chemical equilibrium modelling, kinetic model, dissolved metal, 08751.
particle-size determination
Langmiur adsorption isotherm, aggregate dispersal, ultrasonic treatment, 12087.
particle-size fraction
organic matter, manure application, carbon, nitrogen, carbohydrate, silt loam, 12060.
particle-size fractionation
excessively fertilised soil, phosphorus, density fraction, phosphorus-

rich particle, USA, Illinois; Michigan; USA, Wisconsin; USA, New York; 12068.
articulate
aerosol, manganese, iron, magnesium, copper, nickel, zinc, cadmium, lead, pollution, Chile, Santiago; 03173. aerosol, pollution, impactor, principal component analysis, trace metal, sodium, vanadium, manganese, copper, zinc, arsenic, cadmium, lead, inversion, Switzerland, Berne; 05509. carbon monoxide, nitrogen oxide, pollution, emission, air quality, nitrogen dioxide, Finland; 03158. carbon, transport, emission inventory, building surface, particulate elemental carbon, diesel emission, smoke, dispersion model, soiling, 13722. Chernobyl nuclear accident, radionuclide, deposition, strontium-90, caesium-137, radioactivity, iodine, Italy, Saluggia; 00926. flaming fire, smouldering fire, trace gas, remote sensing, biomass burning, emission, 04359. ion chromatography, annular diffusion denuder, pollution, sampling, aerosol, 03184. iron, manganese, copper, zinc, lead, nickel, particle size distribution, heavy metals, urban air, Korea, (South), Seoul; 03181. long range transport, ozone, sulphate, sulphur dioxide, nitrogen oxide, aerosol, pollution, solar radiation, Israel; 03167. pollution, traffic, plant chlorophyll, motor vehicle emission, bio assay, photosynthesis, 05490. radial diffusion model, gas particle sorption kinetics, organic compound, Crank-Nicolson finite difference scheme, particle size distribution, 05536. rain collection, rain scavenging, tephra aerosol, aerosol, long range transport, USA, Mount St. Helens; 05472. remote atmosphere, urban atmosphere, zinc, vanadium, arsenic, manganese, bromine, iodine, mercury, copper, aerosol, Italy; 03176. sampling, glass impactor, annular denuder, filter pack, sulphate, 00681. stability of element, adsorption, fresh water, complexation, 05933. trajectory, clay mineral composition, soot particle, snow, sedimentation record, brown snow, long range transport event, transport, Arctic; Canada, Keewatin; 09017. transition-flow reactor, carbonaceous species, sulphate, sampling, nitric acid, 02049. wood burning, aerosol, sampling, carbonaceous species, USA, California; 02059.
articulate carbon
black carbon, combustion, cloud condensation nuclei, biomass, burning, equatorial rain, Africa, Congo; 13754. carbon transport, ion flux, mineral transport, nitrogen, global river transport, dissolved carbon, Canada, St. Lawrence River; Northwest Territories, Mackenzie River; USA, Alaska; USA, Alaska, Yukon River; USSR, Yenisei River; USA, St. Lawrence River; USA, Yukon Territory, Yukon River; 12212. carbon, thermal oxidation, aerosols, flame ionisation detector, carbonate, manganese dioxide, sampling, 02058.
rticulate characteristic
visual effect, light scatter coefficient, sulphur, carbon content, light extinction, USA, North Carolina, Research Triangle Park; 09974.
articulate deposition
space shuttle launch, deposition, sand grain, sea shell fragment, paint chip, wind speed, aluminium oxide, hydrochloric acid, USA, Florida, John F.Kennedy Space Center; 05488.
articulate elemental carbon
diesel emission, smoke, dispersion model, soiling, particulate, carbon, transport, emission inventory, building surface, 13722.
articulate emission
biosphere, biomass burning, gas emission, 06520.
articulate form sediment
copper, mine related discharge, sedimentation, surface water quality, sediment, suspended load, dissolved organic carbon, alkalinity level, Papua New Guinea, Fly River System; 08755.
articulate inorganic matter
phosphorus transport, surface water quality, agricultural catchment, sediment associated transport, particulate organic matter, Denmark, Gelbaek River; Lyngbygaards River; 02951.
articulate material
below cloud scavenging, precipitation, scavenging, wet deposition, 13697. organic matter, bacteria, aluminium, adsorption, 04836.
articulate matter
aerosol, fuel burning, agricultural burning, principal component analysis, visibility, pollution, sulphur, USA, California; 02067. aerosol, sea salt aerosol, biomass burning, photochemical aerosol, pollution, fine particle mass, carbon, visibility, Australia, Latrobe Valley; 00920. aerosol, soil dust, transport, lead, zinc, carbon, vanadium, sulphate, Sea of Japan; Japan, Oki Islands; 00844. anticyclone, land breeze, cyclone, cold front, inversion, nitrogen oxide, pollution, Japan, Kanto Plain; 02001. benzo[a]pyrene, coronene, fire, bush fire, woodburning, PAH's, fossil fuel, Australia, Sydney; 07830. carbon, aerosol, thermogram, carbon monoxide, lead, motor vehicle, pollution, 00921. dicarboxylic acid, nitrate, organic carbon, phthalate, alkane, pinon aldehyde, aerosol, long range transport, ozone, photochemistry, Japan; 00852. elemental composition, air quality, deposition, nitrogen oxide, sulphate, sulphur dioxide, Japan, Tokyo; 05502. exposure estimate, emission, dispersion, residential distribution, carbon monoxide, sulphur dioxide, nitrogen dioxide, air quality, Norway, Oslo; 01995. factor analysis, source identification, exposures, volatile organic compound, USA, Kanawha Valley; 11403. fatty acid, organism, organic matter, biogeochemistry, organic carbon, seasonality, Arabian Sea; 01348. geostrophic wind, Brunt Vaisala, nitrogen oxide, Japan, Kanto Plain; Tokyo; 01996. lead, motor vehicle, Gaussian diffusion, air quality, pollution, urban environment, carbon monoxide, nitrogen oxide, UK, England, London, Haringey; 00815. lead, motor vehicle, pollution, UK, England, London; 00814. lead, zinc, cadmium, copper, deposition, surface dust, stormwater runoff, rainfall, wet deposition, dry deposition, transport, heavy metals, urban environment, 00818. motor vehicle, fuel combustion, aerosol, pollution, size distribution, trace metal, Puerto Rico, Ponce; 11399. oxidant, nitrogen dioxide, nitric oxide, non-methane hydrocarbon, pollution, air quality, sulphur dioxide, carbon monoxide, Japan; 00919. particle size distribution, mesoscale transport, deposition rate, PAH, Mediterranean Sea; 06563. Pasquill's stability categories, stability, pollution, sulphur dioxide, Spain, Salamanca; 01989. phytoplankton, photosynthesis, upwelling, turnover rate, fatty acid, Japan, Hachijo Island; 12982. pollution, residence time, radiocaesium, Chernobyl nuclear accident, fallout, deposition, resuspended dust, UK, England, Barrow-in-Furness; 00807. pollution, smog warning, air quality monitoring, Germany; 01981. radionuclide, organic matter, marine particle, 08309. regional weather pattern, clustering, synoptic meteorological class, pollution, Spain, Valladolid; 00858. respirable size range, dispersion coefficient, pollution, dust, Gaussian dispersion model, 04417. resuspension, sediment-water interface, mineralisation, mass balance, water quality, 05969. rock weathering, organic matter, scavenging, sea water, particulate sorption, 09449. sediment supply, delta, resuspension, mud, storm action, continental shelf, Spain, River Ebro; 05855. sinusitis, hay fever, urban air quality, respiratory disease, health history, smoking, ozone, 09056. source apportionment, sea salt, chemical mass balance method, aerosol, Japan, Kashima; 11406. source receptor study, chemical industry, pollutant exposure, volatile organic compound, USA, West Virginia, Kanawha Valley; 11402. sterol, fatty acid, anoxic pond, salt pond, suspended particle, lipid, 06970. suspension, diffusion, detachment model, saltation model, lift-up model, 01991.
particulate matter process
suspended matter, deposition, clay mineral, organic matter, mineral particle, sediment, estuary, 12216.
particulate measurement
suspended particulate, sea surface reflectance, 11619.
particulate metal flux
trace metal, surface water quality, watershed physiography, North America; Atlantic, (North); 08741.
particulate metal variation
metal, surface water quality, sediment concentration, bottom sediment, suspended sediment, metal depth profile, estuary, Portugal, Tagus River Estuary; 08743.
particulate nitrate
sulphur dioxide, particulate sulphate, annular denuder, filter pack, gas particle distribution, nitric acid, nitrous acid, 12540.
particulate nitrogen
suspended matter, erosion, deforestation, fertiliser, nitrogen transport, 08155.
particulate organic carbon
carbon cycle, pollution, sewage, waste water, dissolved organic carbon, Egypt, Alexandria, Eastern Harbour; 10586. river water, water quality, PCBs, partitioning, filtration plant, waste water plant, aqueous phase, adsorbed phase, drinking water, suspended matter, sewage sludge, France, Paris, Seine River; 05204.
particulate organic matter
hot spot, nitrous oxide, soil denitrification, denitrification activity, 12063. particulate inorganic matter, phosphorus transport, surface water quality, agricultural catchment, sediment associated transport, Denmark, Gelbaek River; Lyngbygaards River; 02951.
particulate phase
organic contaminant, dissolved phase, suspended matter, particle partitioning, salinity, turbidity, fresh water seawater interface, surface water quality, hydrocarbon transport, hydrocarbon fate, France, Rhone River; China, Huanghe River; China, Changjiang River; 08738.
particulate pollutant
ammonia, nitric acid, hydrochloric acid, filter pack, denuder, 06566.
particulate retention
suspended particle, centrifugation, filtration, sorption, humic substance, surface water quality, PCB, Canada, St Lawrence River; USA, St Lawrence River; 08747.
particulate silicate
phytoplankton, dissolved silicate, sedimentation, surface water quality, diatom, biogenic silicate, eutrophication, Netherlands, Rhine River; 00554.
particulate size
visibility, sulphur, aerosol, Mie theory, USA, California; 02068.
particulate sorption
particulate matter, rock weathering, organic matter, scavenging, sea water, 09449.
particulate source
instrumental neutron activation analysis, energy dispersive X-ray fluorescence, elemental characterisation, aerosol, India, Bombay; 06570.
particulate sulphate
annular denuder, filter pack, gas particle distribution, nitric acid, nitrous acid, particulate nitrate, sulphur dioxide, 12540. sulphur, sulphate, USA; 02007.
particulate sulphur
source attribution, receptor modelling, long range transport, sulphur, eigenvector, power plant, USA, (Western); 11374.
particulate system
deposition, aerosol, coagulation, evaporation, 04440.
partition coefficient
carbonate ion, macroalgae, rare earth element, sea water, Ulva lactuca L., 02432. Henrys Law, methyl ketone, ketone, carbonyl, photolysis, 12531. surface water quality, water quality model, contaminant transport, adsorption, suspended matter, toxicity, 09831.
partition function
geomorphic temperature, area altitude distribution, canonical distribution, equilibrium state, thermodynamic analogy, landform unit, 03698.
partitioned log-linear model
velocity measurement, hydraulic geometry, velocity-discharge relationship, lowland river, streamflow, log-linear relationship, log-quadratic relationship, kinematic routing model, UK, England, Lincolnshire; 04048.
partitioned replicate database
network partition, node communication, 06731.
partitioning
filtration plant, waste water plant, aqueous phase, adsorbed phase, drinking water, suspended matter, sewage sludge, particulate organic carbon, river water, water quality, PCBs, France, Paris, Seine River; 05204. gas bubble, suspended matter, pollutant, surfactant, flotation, sediment-water interface, Italy; 04790. hydrothermal sediment, back arc spreading, volcanic ash, factor analysis, metalliferous sediment, Pacific, North Fiji Basin; 12891. organic carbon, PAHs, laboratory experiment, pollutant, Australia, Queensland, Brisbane River Estuary; 04797. pollution, lead, speciation, diagenesis, New Zealand, Auckland,

Manukau Harbour; 07036. stomatal conductance, canopy evaporation, canopy temperature, soil evaporation, vapour pressure deficit, crop weather model, carbon dioxide, plant growth, photosynthesis, 05280. suspended matter, zooplankton, estuary, continental shelf, lipid, PCBs, adsorption, Belgium, Scheldt Estuary; 04785. transport, foliage-atmosphere system, fugacity based model, organics, 03233.

partly saturated soil
suctions test, penetration test, shear strength, strength, deformation, 03745.

PASIN filter
aerosol inlet passing efficiency, aircraft derived aerosol data, 06435.

Pasquill stability
Richardson number, dispersion coefficient, Monin-Obukhov length, sodar, pollution meteorology, acoustic sounding, inversion, thermal structure, 05496.

Pasquill's stability categories
stability, pollution, sulphur dioxide, particulate matter, Spain, Salamanca; 01989.

Passioura
soil water diffusivity, one step over flow method, 03993.

passive diffusion tube
nitrogen dioxide, chemiluminescence, 06681.

passive falling sphere
ionization gauge, mass spectrometer, sodium lidar temperature, middle atmosphere, state density, temperature, wind, 08942.

passive loading
rafting, glacimarine environment, rafted sediment, iceberg, 04990.

passive margin
eustatic, subsidence, sedimentation, sea level curve, 01286. intraplate margin, marginal bulge, Great Escarpment, vertical tectonics, geomorphology, 13035. physiographic framework, palaeomargin, gravity gradient, uplift, deep crustal property, USA, (Eastern); 13036. regional elevation, local relief, denudation rate, elevation, slope gradient, sub aerial denudation, Africa, (Southern); 11833. rift-valley lake, source rock, facies architecture, Tanzania, Lake Tanganyika; Zaire, Lake Tanganyika; Malawi, Lake Malawi; 11669.

passive microwave
ice classification, Arctic; 04649. ice surface melt, microwave signature, sea ice concentration, active microwave, 01126.

passive microwave remote sensing
hydrological variable, land atmosphere system, 10446.

passive radio location
radio location, dangerous, natural phenomenon, thunderstorm, 02188.

passive remote sensing
remote sensing, algorithm, water, 02255.

passive sampler
chemiluminescence, sulphur dioxide, sampling, nitrogen dioxide, ozone, 03187.

past change
precipitation rate, ice thickness, age depth profile, ice sheet, ice core record, non-steady state ice dynamic model, accumulation rate, Holocene, climatic optimum, Canada, Devon Island Ice Cap; Greenland, Greenland Ice Sheet; 02635.

past climate
climatic record, climatic information, China; 00781.

past environment reconstruction
palaeopedology, manual, paleosol, thin section, diagenesis, 11909.

past erosional force
tree ring information, torrential rainfall, landslide, debris flow, slope movement, reconstruction, Japan, Rokko Mountains; 03835.

past fluvial process
fluvial process, palaeohydrological interpretation, channel pattern, meandering, lithofacies, alluvial fill, river discharge, braided channel, valley floor development, palaeoclimatic research, Poland; 09491.

past ice sheet
structural stability, genericity, terminal moraine, field evidence, 00289.

Pastonian Stage
Tiglian(Late), Bramertonian, Tiglian(Middle), Ludhamian, Tiglian(Early), pre Ludhamian, Praetiglian Stage, Waltonian, Reuverian Stage, Anglian Stage, Elsterian, Pleistocene(Early), Pleistocene(Early Middle), correlation, faunal data, floral data, palaeoclimatic data, North Sea; 08446.

pastoral soil
sulphur, plant root, phosphorus, potassium, nitrogen, microbial sulphur, soil flush, New Zealand; 07366.

pasture
deforestation, colonisation, road length, Brazil, Rondonia; 12743. forest, slope, base flow, organic species, surface water quality, water chemistry, lithology, landuse, topography, hydrology, major ion, specific yield, sedimentary rock, New Zealand; 11028. infrared thermometry, resistance model, sensible heat, aerodynamic resistance, surface temperature, diurunal trend, canopy air temperature, evaporation, Australia, New South Wales, Goulburn; 00729. land use change, vegetation cover, water balance, evapotransporation, streamflow, extreme flood, low flow condition, hydrological model, forest cover, Belgium, Houille; 01655. limestone application, soil amendment, acid neutralisation, weathering, USA, Texas; 13229. mineralisation, nitrification, burned area, nitrous oxide flux, ecosystem, tropical ecosystem, forest, Brazil, Amazon; 07846. productivity, precipitation cyclicity, USSR, Turkmenistan; 04189. range, soil loss equation, simulated rainfall, bare ground, runoff, USA, North Dakota; 13206. soil acidification, carbon cycle, buffering capacity, Australia, Victoria, Rutherglen; 09715. soil acidification, fertiliser, buffering capacity, carbon cycle, Australia, Victoria; 09714. soil erosion, mountain, desert, USSR, Kazakhstan; 10849. soil zinc concentration, zinc application, immobilisation, New Zealand, South Island, Southland; Otago; 10907.

pasture growth
crop water use, silt loam, Penman equation, soil moisture deficit, potential evapotranspiration, neutron probe, soil moisture content, New Zealand, Christchurch; 04108.

pasture improvement
streamflow, upland management, runoff, nitrate, eutrophication, phosphorus, potassium, reservoir, nutrient loss, sediment loss, surface water quality, catchment study, UK, Wales, Nant-y-Moch; 02947.

pasture land
soil type, urban heat island, 00941.

pasture production
AVHRR, ground based assessment, Niger; 13939.

pasture soil
phosphorus pool, nitrogen mineralisation, phosphorus fertility status, soil fertility, New Zealand; 12072.

pasture type
steppe pasture resource, space photography, classification, 03427.

pastureland management
water management, runoff collection, water hole, Africa, Sahel; 06425.

patch shape
landscape mosaic, digital image, USA, New York State, Finger Lakes; 11544.

patchy terrain
model, source area, turbulent exchange, surface layer, 12370.

path averaged flux
heat flux, convection, refractive index structure, sensible heat flux, latent heat flux, scintillation, 13512.

path delay
microwave, zenith, wet component, tropospheric path delay, 13894.

path erosion
low maintenance route, risk assessment technique, erosion risk, mountain footpath, South Africa, Drakensberg Mountains; 08412.

pathway
radionuclide, scavenging, bioturbation, plutonium, Baltic Sea; 12912.

pattern
form, divergence, probability, 02116. fractal dimension, ripple, dune, sand, bedform, 04698. plan, landform, geomorphology, height, 03695. soil erosion rate, arable field, soil erosion, caesium-137, UK; 01502. wavelength, ripple, bedform, saltation, 04714.

pattern analysis
locational consistency, climate regionalisation, principal component analysis, eigenvector, orthogonal rotation, oblique rotation, 10004.

pattern classification
clustering, annealing, 04513. discriminant function, projection pursuit, 06729. medical data, pattern recognition, 03308. recursive decision rule, heuristics, feature extraction, 06730.

pattern detection
geoscientist status, geological method, artificial intelligence, 08060.

pattern element
terrain analysis, inheritance hierarchy, frame based model, landform, 07965.

pattern extraction
information, contour detection, 10308.

pattern formation
supersaturation, nucleation, precipitate, 04847.

pattern ground
mud hummock, Porphyroskelic fabric, micromorphology, cryoturbation, soil structure, turbic cryosol, Canada, Yukon Territory, Herschel Island; 13184.

pattern identification
cartographic visualisation, visualisation tool, 09153.

pattern learning
artificial intelligence, intelligent process, model, 02125.

pattern matching
k mismatch, computer vision, 09108. quantization, motion estimation, threshold estimation, 02107.

pattern recognition
character recognition, statistical approach, cursive text, 02126. cluster analysis, agglomerative clustering, heap, 11479. computer vision terms, image operator, spatial operator, morphological operator, image data structure, image processing, 10299. computer vision, object based representation, expert photointerpreter, image interpretation, 03299. edge detection, aerial photography, image enhancement, shadow removal, 02110. geological anomaly, spatial distribution, geological map, computer classification, 12599. image data classification, land cover classification, artificial neural network, training set, supervised classification, 06734. map digitisation, contour line, 11456. multistage classification, image processing, 03334. optimisation model, expert system, environmental impact analysis, GIS, decision support system, 05632. pattern classification, medical data, 03308. photogrammetry, image matching, 11465. photogrammetry, stereophotogrammetry, 04532. range image, morphological decomposition, 10305. shape analysis, elliptical fit, ellipsoidal fit, image processing, 10303. syntactic approach, expert system, knowledge base pattern recognition, 11477. texture spectrum, classification, texture analysis, 03304. training sample, labelling error, 07988. two dimensional recognition, convex polygon, contour matching, image matching, 03330.

pattern recognition algorithm
floating approximation, knowledge representation system, 03303.

pattern transformation
shape transformation, splitting shooting method, computer vision, digital image transformation, 07989.

patterned ground
altitudinal belt, geomorphic process, timberline, grazing, periglacial form, rock glacier, solifluction lobe, terracette, Spain, Pyrenees; 05042. cryoturbation, Quaternary, periglacial phenomena, fossil frost crack, France, Aube, Champagne; 13187. scale invariant topography, spatial order, ripple, polygonal pattern, drainage network, geomorphological spatial self organisation, geomorphology, periodic bedform, 05986. soil erosion, miniature patterned ground, nets and stripes, frost sorted pattern, regolith, Falkland Islands, L'Antioja Valley; 13068. soil recurrently frozen, polygon, stripe, free convection model, self organisation form, 06193. sorted pattern, sorted circle, polygon, soil convection, desiccation cracking, secondary sorting, Svalbard, Spitzbergen, Kapp Linne; USA, Colorado, Colorado Front Range, Arikaree Cirque; 12007. wedge, cryoturbation, paleosol, relict, periglacial feature, palaeoclimatic significance, involution, Canada, Alberta, Waterton-Glacier Park; USA, Montana, Waterton-Glacier Park; 11999.

Pavlova
sterol, methyl sterol, stanol, microalgae, prymnesiophyte, 04837.
payload
data distribution, ERS-1, 11418.
PCB
mirex, dieldrin, endosulphan, organic trace contaminant, suspended sediment, surface water quality, chlorobenzene congener, hexachlorocyclohexane isomer, DDT group pesticide, Canada, St Lawrence River; USA, St Lawrence River; 08736. nuclide, plutonium, americium, bottom sediment, resuspension, Mediterranean Sea, Gulf of Lions; 05890. organochlorine, organic matter, organism, bacteria, smelter, point source, North Sea; 08213. PAH, estuary, microbial degradation, residence time, turbidity zone, Netherlands, Scheldt Estuary; 05884. particulate retention, suspended particle, centrifugation, filtration, sorption, humic substance, surface water quality, Canada, St Lawrence River; USA, St Lawrence River; 08747. plume, lake sediment, pollution, radioactive dating, USA, Great Lakes, Lake Michigan, Green Bay; 11704. surface water quality, estuary, waste water treatment facility, USA, Rhode Island, Narragansett Bay Estuary; 08744.
PCB congener
lake water quality, sediment trap flux, benthic recycling, organic carbon, PAH's, USA, Great Lakes, Lake Superior; 13334.
PCB's
contaminant, dredged material, mobilisation, navigation, USA, Massachusetts, New Bedford Harbour; 11708. DDT, fallout load, atmospheric deposition, transport, persistent pollutant, holarctic biota, 07880. hydrophobic chemical, organic chemical, urban fog, fog, deposition, alkane, PAHs, 13694. PAHs, organochlorine pesticide, n alkane, carbon preference index, organic compound, vapour particle partitioning, semivolatile organic compound, USA, Colorado, Denver; 06579. pesticide, chlorinated organic compound, aircraft, Atlantic; Bermuda; 12535. sedimentary structure, viscoelastic representation, shear, bottom sediment, fluidisation, 09309.
PCBs
adsorption, partitioning, suspended matter, zooplankton, estuary, continental shelf, lipid, Belgium, Scheldt Estuary; 04785. bottom sediment, contaminant, desorption, solubilisation, organochlorine, pesticide, Canada, St.Lawrence River; 04771. estuary, contamination, biota, recreation, shellfish, USA, Hudson River, New York Harbor; 04777. gas chromatography, pollution, particle, sampling, quartz fiber filter, polychlorinated dibenzo-p-dioxin, polychlorinated dibensofuran, 00842. lake water quality, organic contaminant, sediment storage, contaminant transport, fate, contaminant mass balance model, octachlorostyrene, caesium, North America, Great Lakes, Lake St Clair; 02856. PAH, pesticide, chemical, lacustrine sediment, porewater, Canada; USA, Great Lakes, Lake Superior; 01255. PAHs, pollutant, grain size, micropollutant, heavy metal, 10658. partitioning, filtration plant, waste water plant, aqueous phase, adsorbed phase, drinking water, suspended matter, sewage sludge, particulate organic carbon, river water, water quality, France, Paris, Seine River; 05204. polychlorinated terphenyl, organism, fishing, oyster, shellfish, USA, Virginia, Chesapeake Bay, Back River; 04775. sink, sediment sink, suspended sediment, metal, contaminant, Canada, St. Lawrence River, Lac St-Louis; 04770. volatile organics, inorganic particular matter, risk assessment, chromium, air quality, pollution monitoring, urban atmosphere, PAH, Canada; 01980.
peak discharge
catchment characteristic, drainage density, spatial variablity, stream flow, runoff, France, Massif des Hautes Vosges; 12168. probability distribution, runoff model, model simulation uncertainty, reliability estimation, hydrograph, hydrological model, USA, Illinois; 08663. quick flow, storm flow, suspended sediment, sediment concentration, watershed study, watershed pretreatment, forest hydrology, land management, basin stability, discharge characteristics, USA, California, Caspar Creek; 06382. return period, flow-duration relationship, design flood, DELTAQIX method, ten-year flood, flood estimation, 00523. runoff volume, drainage basin, arid region, model calibration, model verification, channel flow, rainfall runoff model, kinematic wave routing, overland flow, soil moisture, infiltration, Saudi Arabia; 09810. stream channel, land drainage, channel morphology, Canada, Quebec, Cookshire; 04151. water quality, wild fire, hydrologic process, land stability, total discharge, mineralisation, nutrient, overland flow, erosion, sediment transport, 06322.
peak discharge estimation
runoff coefficient, unit hydrograph, hydrograph characteristic, rainfall depth, slope, infiltration, runoff factor values, ungauged basin, flood estimation, Africa, Sahel; 06293.
peak flood
topography, flood routing, hypsometry, planform, hydrologic response, basin morphometry, time to peak, basin characteristic, hydrograph, drainage basin, 07462.
peak flow
continuous model, linear regression model, impervious surface, semipervious surface, infiltration, percolation, evaporation, rainfall runoff, rainfall duration curve, rainfall frequency curve, urban catchment, rainfall intensity curve, 07465. flood flow, low flow, stream flow modelling, reservoir planning, stochastic model, risk methodology, 08731. rainfall intensity, rainfall runoff model, Rosenbrock optimisation technique, deterministic model, conceptual model, saturated flow, groundwater flow, subsurface drainage, 06339. river regulation, Alpine river, ecological consequence, water diversion, flow regime, low flow, Switzerland; 08809. runoff, transpiration, soil compaction, antecedent condition, dimensionless unit hydrograph, deforestation, flood hydrograph, stream flow, Czechoslovakia, Sputka River; 06283. snow melt, precipitation, winter temperature, runoff peak, soil moisture condition, rainfall intensity, rainfall runoff model, climate change, Sweden; Finland; 05149. snowmelt, rain on snow event, lake outburst, impoundment failure, avalanche, channel system, flood, USA, California, Sierra Nevada; 08691. soil loss, catchment response ratio, suspended sediment, overland flow, water repellency, wildfire, soil wettability, afforested catchment, bedload, quick flow, South Africa; 10993. stream discharge, catchment geology, surface water groundwater exchange, aquifer recharge, sackung, runoff characteristic, infiltration, Alpine stream, Switzerland, Poschiavo, Varuna; 08693.
peak magnitude
estimate bias, estimate variance, quantile estimate, partial duration series, maximum likelihood estimate, hydrological variable, Poisson distribution, statistical method, 09785.
peak to mean concentration ratio
stability class, wind speed, Gaussian plume, dispersion model, odour concentration, 01993.
peak water demand
water resource management, artificial recharge, calcite precipitation, aquifer permeability, well performance, USA, Nevada, Clark County, Las Vegas Valley, Colorado River; 02962.
peakflow estimation
antecedent precipitation index model, rainfall runoff model, hydrograph recession coefficient, stream flow, tropical environment, India, Wainganga River; USA, Hawaii; USA; 09800.
pear thrips
Landsat TM, forest damage detection, USA, Massachusetts; Vermont; 02212.
pearl
fishery, productivity, lagoonal flux, organic matter, atoll lagoon, Pacific, French Polynesia, Tuamotu Archipelago; 11714.
Pearson distribution
antecedent rainfall condition, seasonal frequency, India, Pantnagar; 00521.
Pearson type-3 distribution
flood, Monte Carlo simulation, statistical method, parameter estimator variance, parameter estimator covariance, maximum entropy estimator, 09779.
peasant agriculture
soil erosion, field study site, degradation, dambo soil, Zimbabwe; 01520.
peat
alluvial material, soil mapping, soil age, radiocarbon dating, France, Haut-Rhin, Illhaeusern; 09754. beach ridge, sea level, backbarrier deposit, coastal energy, coast, Holocene, storm beach, Fiji, Viti Levu, Pacific Harbour; 06192. Boreal, tufa, chalk, pollen, pre Boreal, France, Eure, Saint-Jean d'Asnieres; 07000. Carboniferous, swamp, tree, compaction, subsidence, cyclicity, USA, Alabama, Warrior Basin; 10613. clay, silt, Holocene, sea level movement, coastal deposit, palaeoecological investigation, UK, England, Merseyside, Wirral, Newton Carr; 06153. coastal plain, sand terrace, mangrove deposit, tidal flat deposit, fossil pollen, Malaysia, Borneo; Indonesia, Sumatra; Brunei, Baram-Belait River Basin; 00285. copper ion, ion fixation, exchange property, cation exchange, complexation, 07344. iron enrichment, iron organo complex, manure, 09675. iron organo complex, iron transport, manure, 09676. lake sediment, soil, Holocene, forest clearance, anthropogenic source, climatic change, Italy, Ligurian Apennines; 03636. mangrove, monosaccharide, microorganism, degradation, carbohydrate, USA, Florida, Everglades, Shark River; 04839. marine sand, glacial deposit, Quaternary, geological mapping, Holocene, sand spit system, Weichselian glacial deposit, melt water deposit, Pleistocene deposit, gyttyas, Germany, Schleswig Holstein, Gelting Peninsula; 08467. marshland, sulphur, Humic Fluvisol, Germany, Sehestedter Aussendeichsmoor; 01602. methane flux, subarctic fen, boreal fen, fen margin, pore water, Canada, Quebec; 09014. mine drainage, cation exchange, complexation, precipitation, oxidation, manganese retention, water quality, wetland, iron retention, acid drainage, 00499. mire, historical study, paleoecological study, Holocene peat, raised bog, radiocarbon dating, pollen analysis, Netherlands, Noord Brabant, Zundert Province; 08478. montmorillonite, clay surface, adsorption kinetics, cyanazine, 09687. Owl Creek bed, substage 5e, amino acid result, Beaver River peat bed, palaeoecology, organic deposit, last interglacial age, nonglacial deposit, Missinaibi Formation, Canada, Ontario; 07258. oxidation procedure, sulphur determination, 08606. oxygen isotope record, glacial history, palaeoclimate, Last Glacial, terrace deposit, pollen analytical study, Japan, Hokkaido; 10793. Pennsylvanian, coal, Block Coal Member, Brazil Formation, tidal deposit, cyclicity, USA, Indiana; 02389. pollen, lithostratigraphy, stage 5a, uranium series dating, interstadial site, UK, Scotland, Allt Odhar; 06147. pollen, loess, last interglaciation, Wisconsin loess, Old Crow Tephra, interglacial deposit, lake sediment, USA, Alaska, Birch Creek; 07250. pollen, radiocarbon date, palaeogeographical environment, glaciated highland, climate change, buried soil, USSR, Tien Shan Highlands; 08348. post glacial period, radiocarbon dating, Holocene, mire ecosystem, Finland; 09590. relative sea level change, coastal response, sand beach, coastal dune, progradation, backbarrier marsh, dune ridge, palynology, Canada, Newfoundland; 00316. resource evaluation, GIS, UK, Scotland, Caithness; 12732. Sphagnum, Carex, humification, carbon number, acyclic methyl ketone, Finland; 02440. sub Boreal, dam, pollen analysis, tufa, France, Calvados, Reviers; 07010. sulphate reduction, anaerobic condition, bog, carbon mineralisation, methane production, wetland site, 09031. tectonism, sedimentation, sandstone, shale, coal, Westphalian, Coal Measures, UK, England, Northumberland, West Chevington Opencast Site; 04802. terrace, Holocene, sand, sedimentation rate, Pleistocene, Italy, Po River; 00019. tidal flat, suspended sediment, sediment budget, mudflat, salt marsh, estuary, stratification, UK, Severn Estuary; 04734. treatment technique, carbon-14, dating, 02790. weathering, vegetation, anthropogenic pollution, trace metal, sewage effluent, fen, USA, Minnesota, Filson Creek Fen; 09454.
peat accumulation
alpine zone, pollen analysis, palsa, Holocene, mire development, timberline, snow patch, Japan, Hokkaido, Daisetsuzan Mountains; 10792.
peat age
land uplift, oxbow lake, radiocarbon dating, palaeochannel, Finland, Lapland, Pulmankijoki Valley; 08331. radiocarbon date, bulk density, Canada; 10737.
peat and peatland publication
German language area, bibliography, Germany; Austria; 10788.
peat bed
fossil pollen, spore assemblage, Last Glacial Age, tephra, Japan, Hok-

kaido, Konsen Plateau; 02672.

peat bog
accumulation rate, organic matter, climatic change, compaction, Argentina, Tierra del Fuego, Andes; Chile, Patagonia, Andes; 00306. agricultural activity, radiocarbon date, postglacial landscape history, stratigraphic study, pollen analysis, Norway, Trondheim, Dragvoll; 02669. axial range, radiocarbon date, cummingtonite, andesitic tephra, periglacial condition, volcanic glass, tephra, tephrostratigraphy, high altitude, New Zealand, North Island; 01444. nutrient cycle, karst like topography, Gran Sabana landscape, planation surface, table mountain geology, surficial geochemistry, Venezuelan Guayana Shield, Auyan tepui planation surface, Venezuela, Bolivar, Chimanta Massif; 09492. nutrient status, ombrotrophic peat bog, decomposition, mineralisation, water chemistry, 00501. Older Dryas, horizontal development, topographic control, pollen analytical technique, bog formation, Germany, Bavaria, Rhon Mountains, Schwarze Moor; 09591.

peat classification
mire classification, peat type, peatland, 08557.

peat conservation
soil conservation, degradation, fen soil, Germany; 08564.

peat core
pollen deposition, spore, moss polster, New Zealand, South Island, Southern Alps; 06093. radiocarbon dating, molluscan assemblage, diatom assemblage, pollen assemblage, transgression, uplift, Holocene, sea level change, Japan, Choshi Peninsula, Takagami Lowland; 02684. Sphagnum fuscum, decay, compaction, Sweden; 06252.

peat covered catchment
soil water storage, catchment scale approach, water balance, hillslope hydrology, runoff production, UK, England, East Anglia; Somerset Levels; 11004.

peat cutting
peatland, satellite data, aerial photograph, reclamation, UK, Northern Ireland; 12742.

peat development
deglaciation, Breisterdalen moraine, marginal moraine, radiocarbon date, Breiseterdalen(Upper), evidence, Preboreal deglaciation, Rogen moraine, cirque moraine, Norway, Jotunheimen; 03882.

peat extraction
conservation area, fen, eutrophication, Germany, Lower Saxony, Helmstedt District, Rieseberg Fen; 12132.

peat formation
evapotranspiration, artificial drainage, land use, landscape ecology, groundwater flow, groundwater level, forest cover, deforestation, anthropogenic influence, historical geography, ombrotrophic peat, Netherlands, Noord-Brabant, Kempen; 06381.

peat horizon
sedimentary peat, aquatic organism, plant, organic carbon, organism, Canada, British Columbia, Vancouver Island; 02434.

peat humification
radiocarbon dating, proxy record, climate, blanket mire, Dark Age, climatic deterioration, UK; 10781.

peat mat
nutrient dynamic, floating mat, pond system, mire vegetation, water chemistry, pH, Japan, Mizorogaike Pond; 05107.

peat moorland
reservoir, erosion, sediment yield, sediment delivery, UK, England, Yorkshire, Wessenden Head Moor; 10519.

peat podsolic soil
gley podsolic soil, bog podsolic soil, clay mineralogy, soil micromorphology, chlorite, USSR, Northern Taiga; 09771.

peat profile
radiocarbon, forest-tundra vegetation, pollen analysis, post-glacial, vegetation history, Canada, Yukon Territory, Ittlemit Lake; 11964.

peat sediment
incubation, root, plant, methane, oxidation, USA, Florida Everglades; 03642.

peat soil
fen peat soil, mixed soil, topsoil, mineral subsoil, soil mixing, UK, England, East Anglia; 10937. forest catchment, lysimeter, surface water quality, input output budget, chemical mineralisation, leaching, runoff chemistry, organic acid, strong acid, Sweden; 13379. groundwater quality, iron, calcium, sodium, magnesium, aluminium, dissolved organic carbon, acidic soil water, soil water chemistry, UK, Scotland; 01732. mineralisation rate model, organic matter mineralisation, 10919. raised bog, pH effect, alkaline fertilising, acid fertilising, sorption capacity, soil property, Germany, Lower Saxony, Konigsmoor; 08625. seasonal variation, surface water quality, dissolved organic carbon, land management, forest catchment, moorland, UK, Scotland, Loch Fleet Catchment; 02961. soil cover, planation, perhumid tropical zone, humid climate, ferrallitic soil, podzol, tropics, general planation model, Venezuela, Amazonia, Rio Negro Basin; Brazil, Amazonia; 10680. strontium-90, caesium-137, nuclear fallout, groundwater contamination, surface water contamination, surface geology, radiological contamination, drinking water, morainic soil, Denmark; Greenland; Faroe Islands; 04023.

peat stratification
pollen analysis, transect, mire development, Germany, Lower Saxony; 08624.

peat stratigraphy
GPR survey, coring survey, ground penetrating radar, Canada, Ontario, Ellice Swamp; 05013.

peat type
peatland, peat classification, mire classification, 08557.

peat vegetation
fen, hydrology, water chemistry, UK, Wales, Brecon, Illtyd Pools; 00500.

peat-water interaction
electron spin resonance spectroscopy, Fourier transform infrared spectroscopy, nuclear magnetic resonance spectroscopy, spectroscopic investigation, 04112.

peatbog
radiocarbon date, grassland, last glacial, humid montane forest, Holocene, Iron Age, pollen sequence, Zaire, Burundi Highlands; 09573.

peatbog water
groundwater circulation, groundwater recharge, unsteady flow model, water table fluctuation, exchange rate, recharge, coastal lowland, flow model, saline groundwater, Poland, Bielawskie Blota; 07543.

peatification
wood decay, NMR, angiosperm, lignin, cellulose, Indonesia, Sumatra, Bengkalis Island; 05959.

peatland
afforestation, runoff, stream water quality, drainage, bog, groundwater chemistry, leaching, nutrient budget, 01752. climatic change, carbon cycle, methane, carbon dioxide, Canada; 10170. database, GIS, resource planning, UK, Scotland; 13899. eroding, natural resource, mire development, Finland; UK, Scotland, Shetland; 03892. forest ecosystem, nitrogen cycle, nitrogen deposition, mineralisation, throughfall, fertiliser, bulk precipitation, Ireland; 11097. forest fire, wildlife management, crop inventory, GIS, quadtree, Canada, Ontario; 01113. forested mire, mire type, aapa mire, bog, draining, vegetation, Finland; 13154. greenhouse gas, elevated water table, hydraulic conductivity, raised bog, ombrotrophic bog, methane reservoir, bog, 02830. groundwater velocity, hydraulic conductivity, organic soil, USA, Minnesota; 02294. high apparent molecular weight, mining, drainage, organic matter, boreal region, Finland, Kiiminkioki River; 07102. land cover, census, digital mapping, UK, Scotland, Shetland Islands; 12731. lead, atmospheric deposition, diagenesis, anthropogenic contaminant, contaminant, USA; Canada; 07071. palaeolimnology, erosion, varved sediment, Finland, Lake Heinalampi; 00031. peat classification, mire classification, peat type, 08557. satellite data, aerial photograph, reclamation, peat cutting, UK, Northern Ireland; 12742. spatial variation, temporal variation, specific conductance, hydrogeochemistry, fen, dissolved organic carbon, bog, USA, Wisconsin, Crystal Bog; 02829. surface water chemistry, Sphagnum moss, sodium, chloride, blanket bog, soligenous poor fen, raised bog, soligenous fen, ombrotrophic bog, Canada, British Columbia, Queen Charlotte Islands, Graham Island; 02873. water table depth, aeration, water potential, soil aeration, forest ploughing, porosity, soil water, air filled porosity, paludified mineral soil, Finland, Karelia; 10847.

peaty podsol
podzolic soil, upland, aluminous vermiculite, weathering product, acid soil, mica, UK, Scotland; 09618.

pebble
beach, swash, orientation, imbrication, Namibia, Algoa Bay, Alexandria; 04707. bedload, sand, grain size, sorting, skewness, texture, Nigeria, Imo River; Gulf of Guinea; 02315. sediment structure, desilicification, soil, stone line, nodule, Brazil, Amazonia; 02301. terrace, aggradational unit, incised meander, Pleistocene, gravel, fluviatile Pleistocene, Devensian, glacial limit, UK, England, Wye River; 13168. torrential deposit, geomorphology, colluvial deposit, slope, valley bottom, Spain, Galicia, Lugo; 06963.

pebble charge
flume experiment, shields criterion, bed granulometry, erosion, bed load transport, channel hydraulics, traction force, 12185.

pebble cluster
bed roughness, sediment transport, bedform, bedload, gravel bed river, bed microform, 05809.

pebble flattening
limestone pebble, calcrete, dissolution basin, Morocco, Moulouya, Ksabi Basin; 09627.

pebble mudstone
mudstone, olistostrome, flysch, carboniferous, Germany, Gorlitz; 00109.

Peclet number
coagulation, suspension, particle settling, Brownian coagulation, Nusselt number, 10494. saturated flow, unsaturated flow, groundwater flow, one dimensional flow, mass transport equation, Galerkin finite element method, convection, dispersion, porosity saturation variation, 07526.

pedagogic tool
cyclic trend, Kingston Peak Formation, Quaternary rhythmite, varve, glaciomarine cycle, geology teaching, Markov chain analysis, USA, California, Death Valley; Sweden; 03701.

pedlment
age, speleothem dates, cryoplanation terrace, low-angle slope, periglacial activity, limestone solution, Canada, Yukon, Old Crow Mountains; 11996. inselberg, Pleistocene, climatic phase, geomorphological map, landform, soil, Miocene, drainage network, Pliocene, Italy, Sardinia, Nurra, La Corte; 08408. planation, tropical region, geomorphological terminology, planation surface, latosol, laterite, etchplain, pediplain, 00218.

pedimentation
uniformitarianism, catastrophism, geomorphology, Huttonian concept, cyclic concept, geomorphological process, glaciation, 02492.

pediplain
pediment, planation, tropical region, geomorphological terminology, planation surface, latosol, laterite, etchplain, 00218.

pedocementation
geocementation, chalcedony, cementing agent, tepetate, Mexico, Valley of Mexico; 01482.

pedogenesis
calcrete, Italy, Puglia; 01231. caliche, humid climate, udic Mollisol, clay illuviation, Bt horizon, Argiudoll, Argentina, Buenos Aires Province, Balcarce; 09617. carbonate accumulation, Ustrochrept, Camborthid, Calciorthid, calcium carbonate, micromorphology, India, Ghaggar Plain; 01612. chemical element, tracer, desilication rate, hydrochemical environment, mass balance interpretation, USA, California, Mattole River; 02705. deflation, Ogallala Formation, soil, landscape evolution, eolian plain, Blackwater Draw Formation, buried soil, stability, USA, New Mexico, High Plains; Texas, High Plains; 02513. diagenesis, paleosol, Cretaceous, Hell Creek Formation, cement, USA, Montana; 02453. diagenesis, soil-geomorphic research, overview, soil chronosequence, atmospheric dust influx, climatic change, paleosol, 02494. erosion, Eocene, clay mineral, Cenozoic, weathering, Spain, Pyrenees; France, Pyrenees; 10654. erosion, infiltration rate, topo-

graphic inversion, Fall Zone, eroded upland, Piedmont peneplain, erosion rate, soil, landscape, soil temperature regime, weathering, USA, Piedmont; Coastal Plain; 02515. gravel, Borofolist, dolomitic parent material, soil lithosequence, soil composition, USA, Michigan, Lake Huron, Bois Blanc Island; 13287. Jurassic, diagenesis, Ravenscar Group, depositional environment, groundwater, UK, England, Yorkshire, Whitby; 10646. marl, residual formation, Jurassic, limestone, France, Paris Basin; 12981. mica gneiss, geomorphic position, colluvial transport, landscape context, slope process, mica schist, soil geomorphic relation, USA, North Carolina, Blue Ridge Front; 07421. micromorphology, saprolite, 01535. palaeosol, plant, root, calcrete, Triassic, Otter Sandstone, alluvial fan, UK, England, Devon; 11768. plant root, lateritic soil, climate, aeolianite, Bahamas, Eleuthera; 12984. SEM, micropitting, Udic Haplustalf, 00382. soil development, dyke, silty clay loam texture, marine sediment, embankment, Canada, Nova Scotia, Grand Pre; 08520. soil distribution, soil mapping, USA; 13215. soil solution, chemical model, chemical reaction, weathering process, proton donor, 09611. terrace, regolith, slope, erosion, forest destruction, erosion rate, soil-stratigraphic technique, landform evolution, New Zealand, Southern Alps; 02520. upslope distance, canonical ordination analysis, convexity, gradient, multivariate analysis, parent material, soil-landform interaction, landform, hillslope, Australia, South Australia; 13216.

pedogenesis rate
eolian dust accumulation, spatial soil variability, chronosequence, geochronological tool, soil property, USA, California, Cajon Pass; 02510.

pedogenetic mineral
morphology, mineral weathering, neoformation, micromorphology, 01478.

pedogenetic process
agricultural use, soil mapping, geological material, climatic factor, Morocco, Settat; 05717.

pedogenic calcium carbonate
calcium carbonate genesis, soil carbonate genesis, uranium-series, soil age, aeolian source, Mexico, Sonora; 13093.

pedogenic calcrete
calcrete hardening, fungal activity, calcium oxalate carbonate cycle, Israel, Galilee; 07385.

pedogenic carbonate
alluvial soil, terrace, Aridic Haplustalf, radiocarbon age, stable isotope chemistry, Pakistan, Punjab, Harappa; 00283.

pedogenic change
mineral weathering, soil, degree of profile development, clay translocation, Gujranwala soil, Peshawar soil, Lyallpur soil, Pakistan, Indus River Plain; 01486. weathering, post depositional weathering, scanning electron microscope, zircon, rutile, podsol, chronosequence, aeolian sand, soil age, Australia, Queensland, Cooloola; 09629.

pedogenic development
soil development index, upland interfluve, stream terrace, river valley, landscape relative age, wetland surface, upland surface, USA, North Carolina, Craven County; 08338.

pedogenic formation
beidellite, weathering, smectitic mineral, marine sediment, Jurassic, Paleogene, 07113. magnetite, mineral magnetic record, loess, paleosol, oxygen isotope record, China; 07198. sedimentation, volcanic event, palaeoenvironment, maar crater, siliciclastic grain, Cameroon, Lake Barombi Mbo; 11671.

pedogenic gypsum
gypsum, evaporite, Quaternary, lacustrine evaporite, groundwater, aeolian gypsum, Australia, New South Wales, Willandra Lakes, Prungle Lakes; 11675.

pedogenic origin
carbonate, Trench 14, nuclear waste respository, stable isotopic evidence, USA, Nevada, Yucca Mountain; 07205. magnetic variation, loess, palaeosol, China; 01419.

pedogenic perstruction
Quaternary deposit, cryogenic perstruction, Tertiary deposit, Poland; 00474.

pedogenic process
land use, climatic change, agroecosystem, nitrous oxide, denitrification, model, soil, Canada, Great Plains; USA, Great Plains; 07317.

pedogenic processes
soil erosion, Late Devensian, aeolian clay, Holocene weathering, chalk dissolution, clay mineral transformation, cultivation, brown calcareous earth, rendzina, chalkland, soil formation, erosion, UK, England, Yorkshire Wolds; 12032.

pedogenic silcrete
silica solubility, groundwater, opal, silcrete, Australia, South Australia, Stuart Creek; 08273.

pedogenic zonation
temperature, plane species, zonality concept, precipitation, Chile; Antarctica; 01594.

pedogeomorphic aspect
spatial variability, catenary sequence, intergrade, granitic material, hillslope development, slope, rainfall, South Africa, Kruger National Park; 09523.

pedogeomorphology
Landsat MSS, India, Bengal; 00485. tropical landform, Pleistocene, soil, landform evolution, environmental change, 00219.

pedologic process
hydrologic process, structure mapping, granite, middle mountain, biogeodynamic factor, geomorphic process, France, Mont Lozere; 09494.

pedological origin
Paleogene, diagenesis, clay, sand, micromorphological pattern, France, Massif Central, Pue-en-Velay Basin; 02396.

pedological phenomena
sedimentary phenomena, climatic phenomena, colluvial deposit, Eemian interglacial, gelifluction deposit, permafrost, pleniglacial, colluvial deposit, palaeopedology, interglacial, France, Dordogne, Les Tares; 06156.

pedological process
Pleistocene(Upper), loess, Bagaggera sequence, pleniglacial period, Holocene, illuviation, weathering, sedimentary process, Italy; 07210.

pedological property
soil pore, thin section, ferric nodule, illuviation ferriargillan, geostatistical method, 13268.

pedological stratification
clay soil, bulk volume, clay content, clay fabric, water retention property, 06329.

pedological study
landscape history, Bandkeramik, settlement site, Germany, Bruchenbrucken; 00472. micromorphological study, loessial deposit, soil survey, loess, rubified soil, paleosol, Rissian, Eemian, Denekamp interstadial, sediment reworking, Spain, Gerona; 07208.

pedology
climatic oscillation, Ruzizi Plain Deposit, calcrete, ferricrete, stone line, meandering, braided river, sheetflood, Zaire, Lake Tanganyika; Burundi, Lake Tanganyika; Rwanda, Lake Tanganyika; 06106. solifluction, solimixim layered soil, loess, periglacial surface layer, 00326. stoneline, reference dating, cyclic feature, geomorphology, Brazil; 07424.

pedon variability
soil profile data, weathering profile data, chronosequence study, landform age, USA, Coastal Plain Province; 00220.

pedosphere
afforestation, agriculture, soil acidification, fertiliser use, nitrogen cycle, sulphur cycle, acid rain, South Africa, Transvaal; 10947. global change, anthropogenic action, soil change, 13218.

pedostratigraphic section
stratigraphic nomenclature, geosol, magnetostratigraphy, climatic cycle, loess, Baoji type section, China, Loess Plateau, Baoji; 08490.

pedostratigraphy
lithostratigraphy, Weichselian moraine, Warthe stage moraine, morphostratigraphy, landform evolution, Pleistocene, pollen analysis, stone counting, radiocarbon dating, Germany, Schlesweg-Holstein, Schwansen; 13144. Quaternary profile, Pleistocene(Upper), lithostratigraphy, Riss Wurm interglacial, paleosol, Hagelstadt brickyard, chronological classification, Germany, Bavaria, Hagelstadt; 06162.

pedoturbation
mass wasting, tree uprooting, soil disturbance pattern, pit and mound microtopography, soil mixing, treethrow mound longevity, 07185. soil gravel, tree uprooting, treethrow, microtopography, gravel armor, USA, Wisconsin; Pennsylvania; 06256.

pelagic abyssal basin
gyre, nodule, ferromanganese nodule, Pacific, (Southwest); 05872.

pelagic carbonate
carbonate distribution, Quaternary(Late), climatic change, isotopic relationship, faunal relationship, mineralogical relationship, oxygen isotope stage, Mediterranean Sea, Balearic Slope; 08448. diagenesis, isotopic composition, strontium, sedimentation, cement, Indian Ocean, ODP Site 709; Mascarene Plateau, ODP Site 709; 03623. last glacial termination, monospecific foraminifera, isotopic change, Glacial-Holocene trend, fine fraction, stable isotopic stratigraphy, 04954. stratigraphic record, benthic-planktonic age difference, ocean ventilation, oxygen isotope stratigraphy, radiocarbon date, stratigraphy, nannofossil, foraminiferal assemblage, Atlantic; 10746. turbidite, smectite, weathering, illite, chlorite, palygorskite, Arabian Sea; 12895.

pelagic clay
clay, turbidite, grain size analysis, mud, biogenic mud, Indian Ocean, Bengal Fan, ODP Site 717; ODP Site 718; Indian Ocean, Bengal Fan, ODP Site 719; 09320. volcanic sediment, subduction zone, geotechnical study, bulk density, shear strength, plate margin, Banda Sea; 00093.

pelagic deposit
calcium, magnesium, oxygen isotope, volcanic material, interstitial water, Weddell Sea; 03669.

pelagic ecosystem
sediment-water exchange, phytoplankton, eutrophication, denitrification, diagenesis, nutrient, North Sea, Dogger Bank; 05966.

pelagic environment
porphyrin, heterotroph, methanogen, diagenesis, Eocene, lake, Cretaceous, 12968.

pelagic larvae
current data, wind data, eddy retention mechanism, groundfish productivity, Canada, British Columbia, Hecate Strait; 08118.

pelagic layer
abyssal plain, oxidation front, sand, turbidite, Atlantic, Horseshoe Abyssal Plain; Seine Abyssal Plain; Atlantic, Madeira Abyssal Plain; 11694.

pelagic organism
carbon cycling, organism, dissolved organic carbon, bomb radiocarbon, Pacific, (North); 02468. lake, fish, plankton, detection, 04662.

pelagic sediment
acoustic basement, microblock, Eocene, Atlantic, Sierra Leone Basin; 00092. carbonate, back arc basin, continental margin, pH, redox potential, manganese, nodule, 08186. clay, ooze, deep sea sediment, carbonate, Pacific; 04762. climatic change, wind, diatom, dust, aeolian transport, microfossil, Atlantic, Sierra Leone Rise; 07076. magnetic anomaly, seafloor, reflectivity pattern, volcaniclastic, Pacific, Lau Basin; 08189. micronodule, sand, silt, nickel, manganese, Pacific, (North), Clarion-Clipperton Ore Province; 05870. Neogene, clay mineral, Quaternary, smectite, submarine volcanism, hydrothermal reaction, Pacific, (Central); 11699. Pleistocene, Pliocene, dissolution, foraminifer, turbidite, Indian Ocean, ODP Hole 708C; Mascarene Plateau, ODP Hole 708C; 03577. red clay, todorokite, ferromanganese nodule, ooze, nodule, crust, Indian Ocean, Central Indian Basin; 00095.

pelagic sediment type
oxygen isotope time scale, turbidite, slide, climatic change, Saharan Sediment Slide, Quaternary(Late), mass movement, continental rise, abyssal plain, gravity core, stratigraphic analysis, coccolith species, Africa, Sahara; 09567.

pelagic sedimentation process
sediment trap result, particle flux, biogenic opal flux, opal flux, ice cov-

erage, ice rafted material, sedimentation, Arctic Ocean, Fram Strait; 10754.
pelagic sedument
degradation, organic matter, diagenesis, DOC, deep sea sediment, pore water, 03574.
pelagic system
Netherlands Institute of Sea Research, oceanography, marine geology, benthic system, Netherlands; 08316. sedimentation, sea floor, particle flux, carbonate, organic carbon, Norwegian Sea; 03670.
pelagic water
manganese, nodule, solution rate, sea water, solubility, water bottom interface, 07019. plankton bloom, diatom, marine snow, aggregate, Joint Global Ocean Flux Study, Adriatic Sea; 05927.
pelagic zone
sedimentation, pteropod, shell size, East Greenland Current, Norwegian Current, dissolution, Norwegian Sea, Lofoten Basin; Greenland Sea, Lofoten Basin; 02442.
pelagite
turbidite, burrowing, mud, bipartite bed, geotechnical property, Indian Ocean; Indian Ocean, Bengal Fan; 04846.
pelecypod
algae, fungi, sponge, boring, carbonate, reef, microboring, Mexico, Yucatan, Cozumel; 00150.
pelite
Messinian, clay mineral, salinity, metal, Italy, Sicily, Eraclea Minoa; 01326. metamorphism, Hatches Creek Group, Proterozoic, Reynolds Range Group, transgression, quartzite, Australia, Northern Territory, Reynolds Range, Arunta Block; 07047.
pelitic material
heavy mineral, reduction, sedimentation, dam, USSR, Neva Bay; 08207.
pellicular avalanche
slush avalanche, boulder tongue, geomorphic impact, spring avalanche, snow avalanching, avalanche, denudation rate, Svalbard, Spitsbergen; 06042.
Pelloxerert
Bray Kurtz P1, phosphorus, sampling intensity, liming, soil test, 07406.
peloid
carbonate, textural classification, oncoid, allochem, fossil, 12924. phosphate, Cretaceous, biogenic detritus, phytoplankton, organic matter, Turkey, Mardin, Mazidag-Derik; 00130.
pendular regime
mathematical model, liquid water content, capillary pressure, experimental method, theoretical determination, characteristic equation, snow, 01462.
peneplain
kaolinite, rejuvenation, gibbsitisation, weathering character, weathering genesis, weathering product, basaltic rock, dolerite, Zaire, Shaba, Kibambale; 08527. Miocene, palaeorelief, transpressional folding model, schistosity, neotectonics, tectonic geomorphology, Cainozoic(Late), New Zealand, Otago, Garvie Mountains; Old Man Range; 00241. mountain research, Philippson works, Rhine terrace, Vallendar pebble bed, Germany, Rhine River, Schiefergebirge; 08341. planation surface, summit level, landslide, piedmont benchland, high altitude denudation surface, periglacial process, uplifted peneplain, erosion surface origin, geomorphological characteristic, low relief surface, crustal movement, Japan, Akaishi Mountains; Mikawa Plateau; 08351. soil formation, weathering, saprolitic decomposition, gneiss, Budel's model, deep weathered soil, inselberg, Alfisol, paleosol, genesis, substratum, dynamics, India; 00227. uplift, low sea level, dissolution, hydrogeology, karst hydrogeology, phreatic cave system, drainage conduit, carbonate rock, spring, doline, submarine spring, palaeocave system, New Zealand, Nelson, Golden Bay, Takaka Valley; 09526.
peneplain concept
paradigm, geomorphology, Davis theory, Finland; 13008.
peneplain remnant
uplift rate, crustal movement rate, geomorphogenetic movement, crustal movement, altitudinal limitation, Japan, Shikoku Mountains; 10696.
penetration
sand, finite element method, penetrometer, numerical simulation, 00251.
penetration coefficient
hydraulic conductivity, soil texture, pore measurement, quick capillary rise, pore geometrical characteristics, 09731.
penetration convention
similarity scale, universal profile, statistical moment, convective boundary layer, mixed layer, large eddy simulation, 10017.
penetration pore pressure
clay, piezocone, dilatometer test, self boring pressuremeter, 03784.
penetration resistance
grazing, bulk density, soil compaction, Canada, Alberta; 00458. rainforest, shear strength, Australia, Queensland; 01617. soil bulk density, hardsetting soil, root growth, structural regeneration, sandy loam, UK; 12083.
penetration test
shear strength, strength, deformation, partly saturated soil, suctions test, 03745.
penetrative scheme
warming, carbon dioxide sensitivity, greenhouse effect, climate sensitivity, convective parametrisation, convection scheme, 10141.
penetrometer
geotechnical condition, Arctic sediment, marine sediment, Beaufort Sea; 04755. hand held penetrometer, soil penetrometer, field instrument, 08593. numerical simulation, penetration, sand, finite element method, 00251. root growth, soil penetration, 03956. standard measurement, soil penetrometer measurement interpretation, cone angle, 06019.
penetrometer resistance
bulk density, physical soil property, organic amendment, Typic Quartzipsamment, 00397. Torrertic Paleustoll, water retention, tillage, gully density, USA, Texas, Bushland; 01541. virgin soil, mechanised agriculture, soil strength, semi-arid soil, soil compaction, 12056. volumetric moisture content, neutron method, 00442.
peninsula progradation
Delmarva Peninsula, sea level, Wisconsinan(Late) palaeochannel, climate change, Quaternary geology, trailing edge continental margin, palaeochannel, USA, Virginia, Chesapeake Bay; Delaware, Chesapeake Bay; 07273.
Penman combination method
actual evapotranspiration, psychrometer constant, evapotranspiration, Bowen ratio, eddy correlation, USA, California, Owens Valley; 01637.
Penman equation
evaporation, transpiration, bare soil surface, potential transpiration, actual evaporation, Priestly Taylor equation, runoff, Africa, Sudan; Sahel; Niger; 12156. Penman-Monteith equation, energy budget, surface temperature, air temperature, flux density, latent heat, saturation vapour pressure vs. temperature curve, evapotranspiration, 01641. saturation vapor-pressure curve, combination equation, evaporation, approximation error, 12151. shaded Piche evaporation, lake evaporation, aerodynamic term, open water evaporation, Piche evaporation rate, evaporation calculation, Sudan, Sennar Lake; 12152. soil moisture deficit, potential evapotranspiration, neutron probe, soil moisture content, pasture growth, crop water use, silt loam, New Zealand, Christchurch; 04108. upland area, lysimeter, evaporation measurement, grassland catchment, UK, Scotland; 08661.
Penman estimate
lysimeter, pan evaporation, soil moisture deficit, water table level, transpiration, evaporation, actual evapotranspiration, potential evapotranspiration, water balance, groundwater recharge, UK, Northern Ireland, Coleraine; 09790.
Penman formula
equilibrium evaporation method, Brutsaert-Stricker method, Bouchet method, complementary evaporation concept, catchment waterbalance method, actual evapotranspiration, evapotranspiration, soil moisture recharge method, Malawi; 02835. evaporation pan, water management, Sudano-Sahelian climate, evaporation, free water surface, 06269.
Penman model
Baier and Robertson model, evapotranspiration equation, cold air drainage, wind velocity, potential evapotranspiration, water body proximity, model calibration, Canada, Quebec; 07460. psychrometry, anemometry, latent heat flux, Piche atmometer, ventilation term, 00736.
Penman potential evaporation
evaporation, Thornthwaite soil moisture model, Morton evaporation model, Bouchet Morton evaporation model, catchment scale evaporation, actual evaporation, model calibration, 10981.
Penman's open water evaporation formula
evapotranspiration, wetland, sedge community, evaporation efficiency, vegetation cover, 05117.
Penman-Monteith equation
energy budget, surface temperature, air temperature, flux density, latent heat, saturation vapour pressure vs. temperature curve, evapotranspiration, Penman equation, 01641.
Penman-Monteith model
canopy resistance, surface roughness, surface albedo, evapotranspiration model, arid region, advection-aridity evapotranspiration model, complementary relationship, areal evapotranspiration model, China, Xinjiang; 01638. Shuttleworth-Wallace model, dryland crop, diffusion porometer, infrared gas analyser, leaf area index, canopy conductance, evapotranspiration, transpiration, millet, stomatal conductance, Niger, Sadore; 01640.
Penn State/NCAR mesoscale model
mesoscale model, climate study, synoptic climate, 13593.
Pennsylvanian
algal-mound complex, carbonate, mound, diagenesis, pore space, USA, Colorado; Utah, Paradox Basin; 04811. Allegheny Formation, cyclothem, Upper Freeport coal, thrust ridge, coal swamp, siliciclastic sediment, USA, Maryland; West Virginia; USA, Pennsylvania; 12940. antidune, palaeocurrent, sandstone, bedform, South Bar Formation, Canada, Nova Scotia, Sydney; 02300. black shale, molybdenum, swamp, 07093. coal, Block Coal Member, Brazil Formation, tidal deposit, cyclicity, peat, USA, Indiana; 02389. cyclothem, sea level change, black shale, nodule, source rock, phosphorite, USA; 01338. Deer Creek Limestone, cyclic deposition, Ozawkie Limestone Member, carbonate, limestone, palaeoflow, USA, Kansas, Jefferson County; 09406. Francis Creek Shale, Carbondale Formation, Westphalian, clayrock, sand body, fossil, biofacies, USA, Illinois; 04833. limestone, sea level change, diagenesis, carbonate rock, isotopic analysis, Holder Formation, USA, New Mexico; 08226. organic matter, black shale, megacyclothem, pyrite, Virgilian, USA, Kansas; 01337. Sandia Formation, fault, sheetflood, sandstone, braid delta, subsidence rate, USA, New Mexico, Taos Trough; 02412. shelf facies model, sand ridge, storm, sandstone, Holder Formation, USA, New Mexico, Sacramento Mountain; 02386. Supai Group, Pakoon Limestone, Permian, carbonate, aeolian deposit, Callville Limestone, USA, Arizona; Nevada; 07052.
pentachlorophenol
sludge amended soil, sorption, degradation, 02772.
pentane
butane, ocean water, hydrocarbons, biological activity, nonmethane hydrocarbon, remote atmosphere, marine atmosphere, ethane, ethene, propene, propane, 11345. nitrate radical, alkane, butane, 06625.
pentene
hexene, rate constant, Arrhenius parameter, ozone, alkene, ethene, propene, butene, 06620.
penultimate glaciation
deeply weathered drift, radiocarbon dated organic deposit, terminal moraine, neoglacial advance, Quaternary, glaciation, Isotope Stage, Ecuador, Andes; Venezuela, Andes; Colombia, Andes; 02623.
Peralta Tuff Member
Bearhead Rhyolite, tuff, surge deposit, pyroclastic, hazard, USA, New Mexico, Jemez Mountains; 10565.
percentage matrix
grain size distribution, correlation, hyperplane, Eigenvalue, Italy, Po River Delta; 11825.
percentage rock fragment cover
raindrop impact, impact energy, water erosion, rock fragment, soil

flume, rainfall simulator, Portugal, Alentejo; 06224.
perception
graphic image, map, 02185. mental map, GIS, cognitive mapping, Canada, Nova Scotia, Annapolis Valley; 13839. natural risk, shoreline defence, storm, 13482. science, remote sensing, psychology, 04467.
perceptual mapping
cluster analysis, consumer perception, tourist attraction, USA, Florida; 03483.
perch
Nile perch, Predynastic archaeological assemblage, land cultivation, temperature, flood, rain, palaeotemperature record, Egypt, Nile River; 09571.
perched aquifer
sedimentary formation, dry wedge formation, groundwater resource, electrical resistivity, hydrogeology, dolerite dome, Mauritania, Sarakolle desert; 13417.
perched dune
cliff, nourishment, management, wind, erosion, sand dune, USA, Lake Superior; Lake Michigan; Canada, Lake Superior; 03586.
perched fauna
faunal hiatus, biotic effect, sea level change, Pleistocene test, USA, California; 11911.
perchlorate
exchange capacity, adsorbed-cation charge, chloride, 00456.
perchloroethylene
particle light scattering, urban source, long range transport, haze, tracers of opportunity, pollution, methylchloroform, USA, Nevada, Spirit Mountain; 02018.
percolating water
podsolic soil, acidic soil, upland soil, aluminium, sesquioxide accumulation, acidic pollution, experimental leaching column, inorganic soil process, organic soil process, soil process, Norway, Hoylandet; UK, Scotland, Allt a, Mharcaidh; UK, Scotland, Loch Chon; UK, Scotland, Kelty Water; 09620.
percolation
evaporation, rainfall runoff, rainfall duration curve, rainfall frequency curve, urban catchment, rainfall intensity curve, peak flow, continuous model, linear regression model, impervious surface, semipervious surface, infiltration, 07465. forest soil, soil chemistry, ion dynamics, reduced deposition, MIDAS, cation exchange, acidification, base saturation recovery, acid deposition, Sweden; 11100. groundwater flow, study soil, Reynolds Number, permeability, laminar flow, 06328. overland flow, runoff generation, rilling, sedimentation, slope length, erosion, deposition, Horton runoff volume, surface sealing, headcut incision, colluvial fan formation, infiltration, 05125. pesticide, agriculture, degradation, 03981. random graph, Poisson process, cluster, 12645. random walk model, dispersion, fracture network, groundwater flow, contaminant migration, 09879. snow, soil frost, flow path, frozen soil, soil water-heat model, infiltration, drainage flow, frost, surface runoff, Sweden; 13437.
percolation karst
tectonics, lithology, karst formation, chalk, France, Upper Normandy; 13064.
percolation lysimeter
rate, laboratory study, lysimeter study, chemical weathering, feldspar, dissolution rate, weathering rate, microorganism, Sweden, Svartberget; 09625.
percolation technique
laboratory method, pore water, anaerobic condition, humic substance, tidal flat, Germany, Elbe Estuary; 08314.
percolation test
layered soil, unsaturated flow, saturated flow, horizontal flow, vertical flow, hydraulic conductivity, Guelph permeameter technique, silt loam soil, Richards equation, groundwater flow, 11037.
percolation theory
automatic threshold selection, image segmentation, histogram method, 12639. sand, permeability, sandstone, connectivity, oil, 04697.
perennial snowbank
permafrost zone, surface ablation, basal ice growth, subsurface flow, outflow hydrograph, snowmelt hydrology, snowbank, Canada, Melville Island; 00619. permafrost, aeolian, mudflow, thaw truncation, snowbank ice, tritium, climate change, internal structure, environmental significance, Canada, Northwest Territories, Melville Island; 11997.
perennial streamflow
discharge-duration pattern, intermittent streamflow, variable flow, stream discharge, river classification, Nigeria; 02839.
perennially ice covered area
benthic foraminifera, siliceous sponge reef, sedimentation rate, food supply, niche, foraminifera, seasonally ice covered area, Canada, Axel Heiberg Island; Ellesmere Island; Canada, Axel Heiberg Shelf; Arctic Ocean, Baffin Bay, Lancaster Sound; Arctic Ocean, Axel Heiberg Shelf; 10755.
performance
Douglas-Peucker algorithm, line simplification, visualisation, 03387.
performance assessment modelling
groundwater flow model, model uncertainty, parameter estimation, radioactive waste disposal, saturated zone, unsaturated zone, USA, Nevada, Yucca Mountain; 09845.
performance data
reinforced soil wall, field monitoring, creep, surcharge load, 06024.
performance evaluation
GIS, benchmark, proof of concept development, 13826. GIS, system resource utilisation, 05643. infinite impulse response filter, detection, optimal, 13799. parallel architecture, systolic array, 02111.
performance model
scanning, imaging, infrared sensor, 09175.
perhumid tropical zone
humid climate, ferrallitic soil, podzol, tropics, general planation model, peat soil, soil cover, planation, Venezuela, Amazonia, Rio Negro Basin; Brazil, Amazonia; 10680.
periBaltic syneclise
anhydrite, Zechstein, sabkha deposit, Upper Anhydrite, sulphate, Poland; 12931.
pericontinental margin
Tethys, Jurassic(Upper), sponge, terrigenous influence, organism distribution, Germany; 08285.
periglacial
aeolian transport, weathered bedrock, Late Pleistocene, ice-wedge cast, sand-wedge relics, USA, Wyoming; 12000. cirque, snowline, glacial trough, moraine, cryogenic bulge, China, Beijing, Western Mountain, Lingyuesi Area; 11974. Eemian, interglacial, Pleistocene, oncolitic level, France, Seine Valley, Moisson; Yvelines; 06966. eolian deposit, sedimentary facies, depositional process, sand sheet deposit, sand-loess intergrade, sand dune, loess, snow cover, Pleistocene, USA, Alaska; 02693. geomorphology, permafrost, freezing, thawing, weathering, soil temperature, rock temperature, discontinuous permafrost, Switzerland, Alps, Wallis, Unterrothorn; Gornergrat; 06199. humid temperate, semiarid, insolation, topographic asymmetry, insolation, asymmetry, glacial, 03702. landform, Devensian age, moraine, Dimlington Stadial, vegetation history, mass movement, corrie development, particle size analysis, SEM surface texture, postglacial, UK, England, Derbyshire, Seal Edge, Middle Seal Clough; 06197. mountain area, mass wasting, deglaciation, Little Ice Age, gelifluction, debris flow, Holocene, slope process, Poland; Scandinavia; 13188. polygon, climatic condition, photointerpretation, geometry, vistulian polygon, ice wedge polygon, Poland, Poznan; 06200.
periglacial activity
limestone solution, pediment, age, speleothem dates, cryoplanation terrace, low-angle slope, Canada, Yukon, Old Crow Mountains; 11996.
periglacial belt
distribution pattern, debris flow, geomorphological aspect, meteorological aspect, rainfall amount, Switzerland, Alps; 06036.
periglacial condition
evapotranspiration, tundra, cryogenic process, Permafrost, geoecology, subalpine heath, Sweden, Abisko Valley; 03916. geomorphological process, forest margin, Norway, Hallingsdal, Geilo; Sweden; 00329. Holocene, soil erosion, Quaternary(Late) stratigraphy, sedimentology, seismic survey, core, stratigraphy, side scan sonar, Devensian(Late), Loch Lomond Stadial, radiocarbon dated, pollen, UK, Wales, Lyn Tegid; 02663. Quaternary, cryoplanation terrace, goletz, altiplanation terrace, nivation, Weichsel(Late), Norway; Finland, Lapland; 00330. volcanic glass, tephra, tephrostratigraphy, high altitude, peat bog, axial range, radiocarbon date, cummingtonite, andesitic tephra, New Zealand, North Island; 01444.
periglacial cycle
Dryas stadial, Weichselian, permafrost, Pomeranian stage, palaeoclimatic sequence, Europe, (Western); France; Belgium; 06198.
periglacial denudation
frost-riven cliff, cryopediment, rate of cryoplanation, frost action, gelifluction, wash, cryoplanation surface, smooth slope, slope evolution, Hungary, Tokaj Mountains; 12003.
periglacial deposit
preDevensian, glacial event, Devensian glaciation, deep weathering, glaciated region, weathered bedrock, UK, Scotland, Buchan; 13129.
periglacial effect
asymmetry, Pleistocene, slope deposit, Culm series, gelifluction, Czechoslovakia, Moravia; 03829.
periglacial element
geological structure, relief, slope deposit, congelifluxion, slopewash, Poland, Czestochowa Upland; 12002.
periglacial environment
debris flow levee, alpine debris flow, sedimentary property, debris flow track, France, Alps; 06038. ice rich diamicton, redeposited diamicton, diamicton block, structure, Quaternary, outwash sediment, ice striated pebble, ice melt, graben structure, Austria, Inn Valley, Innsbruck; 07241. mass movement, climatic indicator, debris flow, slush flow, Little Ice Age, lichenometric dating, snow field, permafrost mound, greenhouse warming, geomorphic feature, climatic fluctuation, Sweden, Abisko Mountains; 02696. particle size, pore ice, dunes, sublimation, particle supply, aeolian transport, cold environment, 07249. periglacial process, frost action, permafrost, mass-movement, periglacial smooth slope, fabric analysis, Japan; Finland; Antarctica; 12006. stratogenesis, slope waste deposit, freeze-thaw action, stratified slope deposit, stratified scree, grezes litees, France; 01458. topsoil, cascading system, sediment flux, Caesium-137, slope process activity, Sweden, Aknes; Karkevagge; 12001.
periglacial eolian sand
palaeoenvironment, geomorphology, TL dating, cold climate, eolian sand, 03886.
periglacial feature
palaeoclimatic significance, involution, patterned ground, wedge, cryoturbation, paleosol, relict, Canada, Alberta, Waterton-Glacier Park; USA, Montana, Waterton-Glacier Park; 11999.
periglacial form
rock glacier, solifluction lobe, terracette, patterned ground, altitudinal belt, geomorphic process, timberline, grazing, Spain, Pyrenees; 05042. unstable condition, charcoal, Weichselian, vegetation type, palaeobotanical record, tree scarcity, beetle, Europe, (Northwest); 10780.
periglacial geomorphology
Arctic, thermokarstic feature, permafrost, warming, segregation ice, stratified scree, sorted circle, cryoturbation, USA, Alaska; South America, Andes; China, Tibet; 07285. block glacier, mass wasting, Pleistocene periglaciation, 08505.
periglacial landform
latitude, cirque, solifluction lobe, tundra zone, altitude minimum, USA, Colorado; New Mexico; 07289.
periglacial landscape
glacial landscape, landscape, hazardous landscape, fluvial landscape, loessic landscape, desert landscape, China; 06009.
periglacial mass wasting
till, mass wating, landform, glacial deposit, drumlin, lodgement till, glaciofluvial landform, UK, England, Northumbria; 11953.
periglacial period

aeolian geomorphic role, wind erosion, corrasion, derasion, Hungary; 08547.
periglacial phenomena
active form, fossil form, New Zealand, South Island, Southern Alps; Otago; 06202. bibliography, subantarctic, environment, biology, coastal erosion, glaciation, Southern Ocean, Macquarie Island; 04894. fossil frost crack, patterned ground, cryoturbation, Quaternary, France, Aube, Champagne; 13187. pollen analysis, freezing and thawing indices, forest tundra, permafrost environment, Last Glacial, Japan, Hokkaido; 03918.
periglacial process
Devensian Stage, thermokarst, thermal erosion, Crowland Bed, UK, England, Cambridgeshire, Grunty Fen; 13186. frost action, permafrost, mass-movement, periglacial smooth slope, fabric analysis, periglacial environment, Japan; Finland; Antarctica; 12006. uplifted peneplain, erosion surface origin, geomorphological characteristic, low relief surface, crustal movement, peneplain, planation surface, summit level, landslide, piedmont benchland, high altitude denudation surface, Japan, Akaishi Mountains; Mikawa Plateau; 08351.
periglacial slope deposit
clast size, clast shape, slope deposit, fabric strength, eigenvalue method, clast fabric strength, Japan, Hokkaido, Hidaka Mountains; 00334. smooth mountain slope, mass movement, pumice, solifluction deposit, tephra, quantitative characteristics, Japan, Hokkaido, Hidaka Mountains; 00333.
periglacial smooth slope
fabric analysis, periglacial environment, periglacial process, frost action, permafrost, mass-movement, Japan; Finland; Antarctica; 12006.
periglacial stone accumulation
glacial region, subsoil stone, Germany; 00331.
periglacial structure
ice-wedge cast, frost crack, involution, pollen, chronology, China; 12005.
periglacial surface layer
pedology, solifluction, solimixim layered soil, loess, 00326.
periglaical phenomena
pollen data, boreal forest, refugia, taiga zone, alpine tundra, northern landbridge, vegetation, permafrost, Japan, Soya Strait; Hokkaido; Japan, Sakhalin; 05031.
periodic bedform
patterned ground, scale invariant topography, spatial order, ripple, polygonal pattern, drainage network, geomorphological spatial self organisation, geomorphology, 05986.
periodic channel
super critical shear, potential vorticity, detuning, baroclinic vortice, unstable baroclinic wave, 04259.
periodic sampling
aquifer dynamics, groundwater flow, recharge, single sampling episode, carbon-14, tritium, half life, Canada, Ontario, Waterloo; 11051.
periodic table
suspended material, management, neutron activation analysis, estuary, metal, China, Huanghe River; 04737.
periodic variation
Pleistocene(Late), speleothem abundance, insolation variation, Milankovitch theory, UK; 10782.
periodic volcanism
uplift, radiocarbon dating, Llanquihue Glaciation, glaciation, Quaternary, Cainozoic(Late), glacial record, Chile, Andes; 02639.
periodical lake
lake, drying lake, deflation bowl, ephemeral lake, Mongolia, Gurwan Turuu; 09497.
periodicity
dust, upwelling, aeolian deposition, monsoon, magnetic susceptibility, 12896. Milankovitch obliquity cycle, eccentricity cycle, spectral analysis, downhole logging, geochemical logging, sedimentation rate, hiatus, Atlantic, (South); Southern Ocean, ODP Site 704; 11935. million year record, summer monsoon wind, continental aridity, monsoon wind, aridity, dust source area, Milankovitch cyclicity, grain size record, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11925. oxygen isotope ratio, calcium carbonate, magnetic susceptibility, high resolution stratigraphy, planktonic foraminifer, sediment accumulation rate, SPECMAP, Milankovitch periodicities, Pleistocene(Late), Indian Ocean, ODP Site 728A; Arabian Sea, ODP Site 728A; 11923. stream flow data, rainfall data, hydrological series, data analysis, statistical method, Turkey; Saudi Arabia; USA; 13307. terrigenous sediment, organic matter, density, colour, Pliocene, Pleistocene, ooze, nannofossil, Arabian Sea, Owen Ridge, ODP Site 722; Oman Margin, ODP Site 728; 12833. tree ring data, radiocarbon time series, carbon cycle, cosmic ray, Ionian Sea, Gulf of Taranto; 03693. varve thickness, radiocarbon, varve chronology, laminated lake sediment, annually laminated sediment, floating varve chronology, Poland, Gosciaz Lake; 02671.
peripheral forebulge
transgression, postglacial emergence, Holocene, marine transgression, eustatic, glacio-isostatic, Svalbard, Spitsbergen; 02687.
periphyton
turbidity, stream bed, siltation, braided river, clay, suspension, silt, New Zealand, South Island; 02441.
periplatform mud
sea level, accumulation, bank top sediment, progradation, carbonate megabank, seismic profile, submersible observation, sediment volume, vertical accumulation rate, lateral progradation, Atlantic, Great Bahama Bank; 02611.
periplatform ooze
Pliocene Pleistocene, cyclic variation, climate induced calcium carbonate preservation, intermediate water, aragonite cycle, Indian Ocean; Maldives; 03865.
periplatform sediment
aragonite, calcite, continental shelf, bank drowning, carbonate bank, Caribbean Sea, Nicaragua Rise; Jamaican shelf; 08170.
permafrost
active layer, pingo, summer thawing, seasonal thawing, Mongolia; 09603. aeolian, mudflow, thaw truncation, snowbank ice, tritium, climate change, internal structure, environmental significance, perennial snowbank, Canada, Northwest Territories, Melville Island; 11997. aerial photograph, rock glacier, permafrost, discontinuous permafrost, Little Ice Age, Switzerland, Alps, Wallis, Turtmanntal; 03917. alpine forest-tundra, air temperature, thermal regime, Canada, Quebec, Mont du Lac des Cygnes; 01457. arid mountain, cryogenic form, alpine desert, altitudinal zonation, USSR, Pamir Mountains, Eastern Pamirs; 12004. braided system, fluvial system, Weichselian(Late), stratigraphy, palaeoenvironment, Weichselian(Middle), diamicton, Piaski Formation, Poland; 07269. buried snowbank ice, snowbank, ground ice genesis, frozen ground, Canada, Yukon Territory; 01453. climate change, polar firn, global warming, glacier, 04343. climatic change, last glaciation, France, Massif Central; 09585. construction, foundation, mammoth, USSR; 13189. deglaciation history, dolomite bedrock, pingo, closed system, Palaeozoic dolomite, Canada, Mackenzie District, Mackenzie River Delta; 11998. discontinuous permafrost, Little Ice Age, permafrost, aerial photograph, rock glacier, Switzerland, Alps, Wallis, Turtmanntal; 03917. flooding, landslide, debris flow, earthquake, natural hazard, geological hazard, hazard prediction, loess collapse, karstic collapse, China; 13075. freezing, thawing, weathering, soil temperature, rock temperature, discontinuous permafrost, periglacial, geomorphology, Switzerland, Alps, Wallis, Unterrothorn; Gornergrat; 06199. frost activity, ice segregation, Pleistocene, loess deposit, till, seasonal freezing, Italy; 07291. frost fissure, fragipan, coversand, dune stabilisation, inland dune, Vistulian(Late), aeolian phenomena, palaeoenvironmental interpretation, stratigraphic interpretation, Pleni Vistulian grain, aeolian coversand, Poland; 10790. frost, soil temperature, freezing index, ground freezing, Canada; 10811. geoecology, subalpine heath, periglacial condition, evapotranspiration, tundra, cryogenic process, Sweden, Abisko Valley; 03916. grazing land, climate warming, arid region soil, soil crusting, salinity, water erosion, wind erosion, 07314. ground ice, global change, sea level, coastal erosion, retrogressive thaw slump, slope instability, Canada, Beaufort Sea Coastlands; 03911. ground ice, palsas, frost mound, ice lenses, Canada, Quebec, Schefferville; 03913. ice margine thrusting, drift, bedrock, thermal regime, subglacial aquifer, glacial surge, hummocky stagnation moraine, Rainy lobe, Laurentide Ice Sheet, subglacial meltwater production, pore water pressure, USA, Minnesota; 02638. mass-movement, periglacial smooth slope, fabric analysis, periglacial environment, periglacial process, frost action, Japan; Finland; Antarctica; 12006. nivation, weathering, Schmidt hammer, enhanced boulder weathering, snowpatch, rapid weathering, Switzerland; UK, Scotland; Norway, Glittertinden; 00352. periglaical phenomena, pollen data, boreal forest, refugia, taiga zone, alpine tundra, northern landbridge, vegetation, Japan, Soya Strait; Hokkaido; Japan, Sakhalin; 05031. pleniglacial, colluvial deposit, palaeopedology, interglacial, pedological phenomena, sedimentary phenomena, climatic phenomena, colluvial deposit, Eemian interglacial, gelifluction deposit, France, Dordogne, Les Tares; 06156. Pomeranian stage, palaeoclimatic sequence, periglacial cycle, Dryas stadial, Weichselian, Europe, (Western); France; Belgium; 06198. postglacial marine terrace, thermal regime, sandy postglacial soil, soil temperature measurement, Canada, Quebec, Kangiqsualujjuaq; 03912. rock glacier, bore hole, heat flow, Holocene, creep, thermal characteristics, Switzerland, Swiss Alps, Grisons, Murtel Corvatsch; 01459. saturated ground, freezing interface, interface path, temperature profile, laplace transform, finite difference solution, 07284. seasonal growth band, pingo ice, pingo growth, Stefan's equation, 05040. slope deposit, coarse slope deposit, cryogenic packing, USSR, Sikhote-Alin Uplands; 03832. snowcover depth, cryolithozone, mathematical model, climate permafrost coupling, USSR; Canada; 07287. summer thaw, thaw rate, thaw depth, active layer, Svalbard, Spitsbergen; 06203. surface temperature change, temperature history, geothermal data, inverse theory, heat flux, palaeoclimatic indicator, forward theory, USA, Alaska, Prudhoe Bay; 08507. technogenous influence, landscape, relief form, heat exchange, Barents Sea; East Siberian Sea; 08509. temperature variation, thermal diffusivity, refreezing, active layer, model, USA, Alaska, Toolik Lake; 11995. terrain, monitoring, pipeline, buried oil pipeline, impact, discontinuous permafrost zone, Canada, Alberta, Northwest Territories; 05041. thermal seasonality, mountain belt, season, snow cover, forest limit, Spain, Pyrenees; France, Pyrenees; 11167. thermokarst, retrogressive thaw slump, ground ice, fluvial activity, coastal erosion, thawing sediment, Canada, Yukon Territory, Herschel Island; 03910. trace element, soil chemical property, Arctic soil, humus, heavy metal, Svalbard, Spitsbergen; 12115. tracing, glacial indicator, boulder train, erratic, lithofacies, 06113. warming, segregation ice, stratified scree, sorted circle, cryoturbation, periglacial geomorphology, Arctic, thermokarstic feature, USA, Alaska; South America, Andes; China, Tibet; 07285. water balance, pan evaporation, energy balance, Priestley-Taylor method, evapotranspiration, Arctic watershed, USA, Alaska, Imnavait Creek; 13439. zero curtain effect, heat, mass transfer, isothermal region, freezing soil, osmotic potential variation, freeze-thaw event, 02691.
permafrost aggradation
soil wedge polygon, palaeoclimatic significance, polygonal patterned ground, till, fire, thermal cracking, radiocarbon date, Canada, Quebec; 07288.
permafrost degradation
biogenic process, shallow water basin, hydrochemistry, snow melt, Svalbard, Spitsbergen, Billefjorden, Ebbadalen; Arctic; 05246.
permafrost distribution
discontinuous permafrost, radon measurement, USA, Alaska; 07286.
permafrost environment
aeolian deflation, radiocarbon date, thawing, ice wedge, deflation, tundra polygon, glaciofluvial outwash, outwash plain, Canada, Quebec, Ungava Peninsula; 13185. gamma density meter, moisture storage, melt water, infiltration, evaporation, fen, water balance, soil moisture change, hydrological process, 13438. Last Glacial, periglacial phenomena, pollen analysis, freezing and thawing indices, forest tundra, Japan, Hokkaido; 03918. sink hole, melt water resurgence, water hardness value, karst drainage, Canada, Northwest Territories, Akpatok Island; 06045. soil temperature, model, thermal response, active layer, climate warming, USA, Alaska, Toolik Lake; 13183.

rmafrost mound
gravimetric data, topographic data, gravity estimation, volume ice fraction, discontinuous permafrost, in situ determination, formation density, ice volume distribution, Canada, Quebec; 01455. greenhouse warming, geomorphic feature, climatic fluctuation, periglacial environment, mass movement, climatic indicator, debris flow, slush flow, Little Ice Age, lichenometric dating, snow field, Sweden, Abisko Mountains; 02696.
rmafrost thickness
palaeoclimate, Stefan problem, ice bearing permafrost, palaeotemperature model, time lag, freezing rate, thawing rate, USSR, East Siberia; USA, Alaska, Barrow; USA, Alaska, Prudhoe Bay; 09602.
rmafrost zone
albedo, snow melt, ablation, energy flux, energy balance, snowbank, Canada, Northwest Territories, Melville Island; 06466. surface ablation, basal ice growth, subsurface flow, outflow hydrograph, snowmelt hydrology, snowbank, perennial snowbank, Canada, Melville Island; 00619.
rmanent charge
variable charge, buffer capacity, soil acidity, acid base buffer system, 10866.
rmanent wilting point
moisture characteristics, crop mid day stress, tropical soil, soil texture, physical property, chemical property, calcareous soil, Sudan, Gezira; 10945.
rmanente terrane
continental margin, provenance, sandstone, oceanic crust, Franciscan complex, USA, California; 02411.
rmanganate value
alkalinity, iron, chloride, total hardness, groundwater chemistry, Quaternary waters, Tertiary waters, manganese, sulphate, Poland; 02971.
rmeability
Bandelier Tuff, waste disposal, radioactive waste, organic waste, USA, New Mexico, Los Alamos; 03991. borehole, cave geology, quantification, karst data, sinkhole density, USA, Iowa; Yugoslavia, Herzogovinia; 06046. brine, erosion, escarpment, ravine, canyon, USA, Gulf of Mexico, Florida Escarpment; 01242. capillary pressure, multiphase fluid flow, heat flow, fractured tuff, nuclear waste, nuclear waste repository, effective continuum approximation, unsaturated tuff, thermohydrologic conditions, groundwater contamination, 01739. capillary pressure, multiphase fluid flow, heat flow, thermohydrologic conditions, nuclear waste, fractured tuff, fracture effect, groundwater contamination, unsaturated tuff, nuclear waste repository, USA, Nevada, Yucca Mountain, Topopah Spring; 01738. carbonate, laboratory value, porosity, Atlantic, (Northwest); Bahamas, Great Bahama Bank; 05804. Cardium Formation, Turonian, Coniacian, reservoir, lithostratigraphic unit, conglomerate, Canada, Alberta, Carrot Creek; 11717. cementation, porosity, Mississippian, Salem limestone, stylolitisation, pore space, diagenesis, USA, Indiana; 00123. channel, sand body, stratification, grain size, minipermeameter, UK, England, Yorkshire coast; 04705. clay sand mixture, hydroxy polymer, hydraulic conductivity, smectite sand mixture, charge density, 07343. clay sand mixture, synthesis method, hydraulic conductivity, hydroxy aluminium, USA, Wyoming; 10890. compaction, porosity, dewatering, subduction, sediment loading, convergent margin, Caribbean Sea, Barbados Ridge; 02370. compaction, salinity, voids ratio, flocculation, seabed sediment, Indian Ocean, Mauritius; 01191. erosion control, land sensitivity, solifluction, mass movement, Atterberg limit, internal friction angle, 03824. fault, fluid flow, accumulation rate, groundwater, hydrocarbon, 10498. flow velocity, fluid flow, decollement, pore pressure, accretionary prism, Caribbean Sea, Barbados Ridge; 02305. fluid, burial, accretionary prism, fracture, shear zone, 02292. frozen soil, soil moisture content, forest soil, infiltration, 02956. hydraulic conductivity, chalk, groundwater flow, unsaturated zone, piezometer, shallow weathered chalk, infiltration, saturated hydraulic conductivity, UK, England, Norfolk; 07522. hydrocarbon reservoir, infiltration, interstitial clay, Sergi Formation, surface water, Jurassic, porosity, Brazil, Reconcavo Basin; 05801. Jurassic, leaching, sandstone, fresh water, porosity, Magnus Sandstone Member, hydrocarbon exploration, North Sea, Magnus Oilfield; 06957. laminar flow, percolation, groundwater flow, study soil, Reynolds Number, 06328. lateritic soil, disturbed soil, soil excavation, termite, Mali, Sankarani River; 10867. leaching, porosity, diagenesis, carbonate platform, Zechstein, Denmark; 03614. oasis, suspended sediment, recharge, groundwater resource, infiltration, evaporation, lysimeter, Mali, Air Mountains, Agrar Egalan; 13407. oolitic sediment, particle packing, laboratory method, microfabric, porosity, Atlantic, (Northwest); Bahamas, Great Bahama Bank; 05805. pore geometry, hydrocarbon, chalk, Cretaceous, porosity, North Sea; Greece; UK, England; 03505. pore space, air permeability, soil structure, macropore orientation, soil deformation, 13226. pore-water pressure, decollement, complex, overburden stress, consolidation, Caribbean Sea, Barbados Ridge, ODP Site 671; ODP Site 672; Caribbean Sea, Barbados Ridge, ODP Site 676; 02303. porosity, consolidation, carbonate sediment, stress, geotechnical property, 03509. porosity, consolidation, microfabric, clay, smectite, Weddell Sea, South Orkney; Antarctica, Leg 113, South Orkney; 03519. porosity, groundwater resource, hydrogeology, chalk matrix, Poland, Lublin Coal Basin; 05249. porosity, specific surface, biofilm growth, porous medium, dispersivity, groundwater flow, inverse problem, pore geometry, solute transport, solute flux, 06375. sandstone, connectivity, oil, percolation theory, sand, 04697. sediment stratification, Darcian seepage equation, Green Ampt infiltration equation, groundwater recharge, intermittent stream, stream channel sediment, 00576. shape factor, finite element analysis, analysis, constant-head permeability test, clay, soil permeability, 02539. shear strength test dam, red soil, residual soil, construction material, earth dam, compaction, Algeria, Souani; 01403. shear strength, plane strain experiment, compression experiment, water saturated sand, fine grained sand, granular material, liquefaction, 09513. small scale permeability, large scale permeability, groundwater flow model, 09888. soil characteristic, forest hydrology, soil moisture regime, water holding capacity, China, Wolong Natural Reserve; 01696. soil, organic fluid, consolidometer, kaolinite, montmorillonite, Lockport clay, dielectric constant, 11889.
rmeability anisotropy
natural clay, strain, laboratory, compression, clay, 06021.
rmeability model
pore size distribution, Kozeny-Carman permeability model, Mualem permeability model, Childs and Collis-George permeability model, porous medium, biofilm growth, Millington and Quirk permeability model, groundwater contamination, permeability reduction, 06374.
rmeability reduction
permeability model, pore size distribution, Kozeny-Carman permeability model, Mualem permeability model, Childs and Collis-George permeability model, porous medium, biofilm growth, Millington and Quirk permeability model, groundwater contamination, 06374. porous medium, bacteria, biofilm growth, groundwater contamination, hydraulic conductivity, 06373.
rmeable pavement
water budget, urban hydrology, waste water, water management, urban water, model, storm water, water cycle, Sweden, Lund; 13469.
rmeameter
hydraulic conductivity, wetting front, soil property, vadose zone, groundwater flow, steady state infiltration, infiltration rate, infiltrometer, 00583. solute leaching, leaching rate, measurement error, instrumentation, hydraulic conductivity, edge flow, soil core, lysimeter, 13396.
rmeation emission rate
gravimetry, chemiluminescence detection, tunable diode laser absorption spectroscopy, calibration, intercomparisons, nitrogen dioxide, flow controller, 04369.
rmethrin
invertebrate, plant, insecticide, forestry, Canada, Ontario; 11705.
Permian
algal buildup, Otto Fiord Formation, Nansen Formation, porosity, cementation, Arctic carbonate, Carboniferous, Canada, Northwest Territories, Ellesmere Island; 02403. apatite, phosphate, diagenesis, aluminium phosphate, sandstone, Mitterberg Formation, hinsdalite, dissolution, Austria, Northern Calcareous Alps; 02446. aromatic hydrocarbon, chroman, isoprenoid, palaeosalinity, Kupferschiefer, biomarker, Germany, Lower Rhine Basin; 07099. Bennett Shale, Red Eagle Formation, cyclothem, mollusc, palaeoecology, shale, USA, Nebraska, Richardson County; 01305. burial, illite, clay mineral, Krompachy Group, infrared spectra, Czechoslovakia, Carpathia, Gemericum; 05968. carbonate, aeolian deposit, Callville Limestone, Pennsylvanian, Supai Group, Pakoon Limestone, USA, Arizona; Nevada; 07052. clay mineral, palaeoenvironment, salinity, diagenesis, kaolinite, Volksrust Formation, South Africa, Orange Free Station, Bothaville; 10655. claystone, tonstein, tuff, coal, diagenesis, illite, kaolinite, 02477. decarboxylation, Rotliegend Sandstone, carbon, strontium, ankerite, North Sea, Leman Gas Field; 05964. diagenesis, dolomotisation, anhydrite, shoal facies, Ca-2 interval, Denmark, Logumkloster-1 Well; 05938. energy resource, source rock, graben, terrestrial sediment, glacigene deposit, siliciclastic, Triassic, Tanzania; 03593. evaporite pool, diagenesis, fluid inclusion, sea water, halite, brine, USA, Texas, Palo Duro Basin; 08227. fluid inclusion, brine, silicate, diagenesis, evaporite, Salado Formation, USA, New Mexico, Delaware Basin; 10632. fossil, geodynamics, Hercynian, basin, volcanic, Morocco; 03637. Gondwana, Karoo deposit, palaeogeography, floodplain, lake, Lower Beaufort sequence, 03605. Guadalupian, Tansill Formation, Yates Formation, Permian, magnesite, dolomite, crystal, USA, New Mexico, Delaware Basin; 00122. lake, flood plain, lamination, bloom, carbonate, paper shale, Carboniferous, Germany, Saar-Nahe Basin; 03597. limestone, gypsum, strontium carbonate, celestite, mineralisation, 00163. magnesite, dolomite, crystal, Permian, Guadalupian, Tansill Formation, Yates Formation, USA, New Mexico, Delaware Basin; 00122. Main Dolomite, dolomitisation, carbonate, sabkha, evaporite, Zechstein, Poland, Leba Elevation Area; 01281. marine limestone, Mino terrane, limestone, Horikoshitoge Formation, Akuda Formation, Japan, Gifu Prefecture, Gujo Hachiman; 11745. Mino terrane, organism, bindstone, seamount, reef facies, Japan; 04818. subtropical climate, Ordovician, cool temperate climate, Recent, Pleistocene, subpolar, Australia, Tasmania; 12935. thermal history, Road Canyon Formation, colour alteration index, fluid inclusion, USA, Texas, Glass Mountains; 09409. Triassic, imbrication, gravity slide, greywacke, turbidite, radiolarian, New Zealand, Wellington Peninsula; 01300. Triassic, island arc, mass flow apron, Stephens Subgroup, backarc basin, New Zealand, Southland; 01301. Triassic, Sadlerochit Group, unconformity, Echooka Formation, Ivishak Formation, USA, Alaska, Brooks Range; 09396. Wolfcamp Formation, Wichita Group, evaporite, anhydrite, USA, Texas, Paleo Duro Basin; 11738. Zechstein, sulphur, isotopic composition, strontium, sea water, Germany; 12930.
Permian basin
epicontinental basin, lithofacies map, Mesozoic basin, basin evolution, sedimentation, Poland; 12944.
Permian sandstone-shale system
creep model, intercalated clay layer, microstructure, 01399.
Permian(Early)
redbed, concretion, carbonate, organic matter, shale, Ninnescah Shale, USA, Kansas; 09317.
Permian(Middle)
platform, faunal association, biocoenoses, Afghanistan, Hindu Kush; 08259.
Permian-Triassic
carbonate, oxidation, organic matter, decarboxylation, cement, sandstone, isotope, Spain, Iberian Range; 01325.
Permo-Carboniferous
heavy mineral, provenance, Variscan basement, denudation, uplift, basin evolution, fan deposit, Germany; 00141.
Permo-Triassic sequence
sedimentation, basin deposition, genetic stratigraphy, stratigraphic classification, coal, Australia, New South Wales, Gunnedah Basin; 09403.
permutation reaction
organic peroxy radical, nitrogen oxide, hydrogen peroxide, hydrocarbon photooxidation, boundary layer, peroxyacyl nitrate, 00873.

peroxidase
humus peroxidase complex, enzyme activity, humic acid, Chernozem, grey forest soil, 10895.
peroxide
trace gas constitutent, alpine station, peroxide measurement, sulphur dioxide concentration, Switzerland, Jungfraujoch; 06585. tunable diode laser, trace gas, nitrogen oxide, hydrochloric acid, 06654.
peroxide measurement
sulphur dioxide concentration, peroxide, trace gas constitutent, alpine station, Switzerland, Jungfraujoch; 06585.
peroxy acetyl nitrate
nitrogen dioxide, nitric acid, sampling, intercomparison, electron capture gas chromatography, cryogenically enriched sample, ambient air, 04365.
peroxy acetyl nitrite
pollution, photochemical oxidant, plume, ozone, 04446.
peroxy acetyl radical
organic peroxy radical, non methane hydrocarbon, photochemical acid origin, acetic acid, 07884.
peroxy acetylnitrate
ozone, surface ozone, isentropic trajectory analysis, spring ozone maximum, nitric acid, sulphate, nitrate, beryllium-7, sulphur dioxide, Japan, Sapporo; 00857.
peroxy radical
hydrocarbon peroxide, copper ion, particle, aerosol, metal catalyst, 10180. hydrogen peroxide, forest air, ozone, terpene, isoprene, monoterpene, water vapour, Criegee biradical, alkene, 03198. nitrogen oxide, matrix isolation, electron spin resonance, 06545.
peroxyacetyl nitrate
active nitrogen, nitrogen oxide, free troposphere, maritime air mass, odd nitrogen, long range transport, continental boundary layer, 04374. formaldehyde, potassium iodide, phenoxazine, sodium carbonate, potassium hydroxide, pollution control, oxidant, annular denuder, ozone, nitrogen dioxide, nitric acid, 00878. liquid jet, air-sea exchange, nitric acid, dinitrogen pentoxide, hydrogen chloride, nitrous acid, trace gas exchange, mass accommodation coefficient, 03213. n-propyl nitrate, nitrogen dioxide, sampling, nitric acid, hydrogen peroxide, ozone, photolysis-chemiluminescence instrument, tunable diode laser absorption spectrometer, Luminox, 01804. nitric acid, boundary layer chemistry, biogenic hydrocarbon, oxidant formation, nitrogen oxide, hydrocarbon, ozone, 03269. nitrogen dioxide, nitrous acid, photochemical smog, photolytic reaction, cloud, photolysis rate, photochemical oxidant, 04423. nitrogen oxide, nitric oxide, total reactive nitrogen, USA, Alaska, Barrow; Arctic; 00886. nitrogen oxide, ozone, hydrogen peroxide, sulphur oxides, long range transport, photochemical oxidant, chemistry-dispersion model, nitric acid, nitrate aerosol, organic compound, formaldehyde, organic acids, hydrocarbon, Japan; 02012. odd nitrogen species, airborne instrument, intercomparison, nitrogen dioxide, nitric acid, 04364. sampling, urban air, organic acid, alkaline trap, formaldehyde, acetaldehyde, formic acid, acetic acid, aldehyde, USA, California; 03218. spruce stand, long range transport, Germany, Eggegebirge; 05507.
peroxyacetyl nitrate measurement
precursor relationship, ozone, nitrogen oxide, nitric acid, carbon monoxide, chlorofluorocarbon 11, non methane hydrocarbon, 04373.
peroxyacetyl radical
PAN, rate constant, secondary reaction, sulphur compound, 06661.
peroxyacetylnitrate
seasonal variation, daily variation, peroxypropionilnitrate, ozone, Italy, Tiber Valley; 03163.
peroxyacyl nitrate
permutation reaction, organic peroxy radical, nitrogen oxide, hydrogen peroxide, hydrocarbon photooxidation, boundary layer, 00873.
peroxynitrate
flash photolysis UV absorption, PAN, kinetic study, tropospheric chemistry, equilibrium constant, 06622.
peroxypropionilnitrate
ozone, peroxyacetylnitrate, seasonal variation, daily variation, Italy, Tiber Valley; 03163.
peroxypropionyl nitrate
PAN, methyl nitrate, n-propyl nitrate, butyl nitrate, odd nitrogen, organic nitrate, USA, Colorado, Boulder; Niwot Ridge; 05524.
peroxyradical
alkene, nitrate radical, arene, toluene, xylene, 06658.
persistence
groundwater quality, pesticide, aldicarb residue, sandstone aquifer, Canada, Prince Edward Island; 02922. seasonal temperature, bivariate linear regression, temperature prediction, analog prediction, USA; 01946.
persistence effect
silver iodide seeding, hail suppression, seeding, South Africa, Nelspruit; 10120.
persistent anomaly
height anomaly, Aleutian low, teleconnection pattern, baroclinic development, jet exit region, life cycle, Pacific, (North); 07672.
persistent pollutant
holarctic biota, PCB's, DDT, fallout load, atmospheric deposition, transport, 07880.
personal computer
air quality, dispersion modelling, 05499. computer model, air quality assessment, regional scale model, 11364. CZCS, data processing, atmospheric correction, 09100. ice radar receiver, radar receiver, glacier, USA, Alaska, Alaska Range, Mount Estelle Glacier; 01464. potential vorticity analysis, meteorological field, polar air mass, 01791.
personal computer system
image speckle, image classification, sea ice, SAR, Baltic Sea; 09292.
personal computer training
multispectral image, satellite image, image processing, 09117.
personal exposure
volatile organic compound, indoor pollution, air quality monitoring, sampling, sorbent cartridge sampling, gas chromatography/mass spectrometry, air monitoring strategy, USA, California, Los Angeles County; 03217.
personel computer
computer software, hydrometeorological data, hydrogeological data, arid area, semi arid area, water resource management, hydrological monitoring, data collection, data storage, data processing, Africa; 06417.
personnel motivation
surveying profession, motivational strategy, 10237.
perspective
regional geography, physiography, geological structure, recent trend, Sri Lanka; 01385.
perspective projection
tilted camera perspective projection, 02113. vision, camera parameter, projection, quadrilateral, 13797.
perspective view
visualisation, urban fabric, photogrammetric technique, 12682.
perturbation
convex hull, algorithm, 11484. spectral model, CISK mechanism, nonlinear wave CISK mode, flow pattern, 12444. transient atmospheric wave, zonal wind, static stability, 01899.
perturbation analysis
turbulent flow, porous barrier, vorticity equation, Reynolds stress, simplified equation, 12307.
perturbation approach
effective medium property, groundwater flow, transient flow, infiltration redistribution, Richards equation, unsaturated flow, heterogeneous media, 09848. groundwater flow model, hydraulic head variability, transmissivity perturbation vector, storativity perturbation vector, heterogeneous aquifer, 09864.
perturbation method
surface tension, fluid, linear stability analysis, Reynolds number, Navier-Stokes equation, 00002.
perturbation technique
Kotschin problem, frontal stability problem, 08958.
perturbations
Starlette, orbit, tide solution, satellite laser ranging, 02097.
Peru margin sediment
Ocean Drilling Program, sea surface temperature, molecular stratigraphic study, Pacific; Peru; 00275.
pervious basin
tropical basin, recession curve, total runoff, base flow, unit hydrograph, hydrograph separation, rainfall intensity, antecedent moisture condition, surface runoff, Africa, Sahel; 00524.
Peshawar soil
Lyallpur soil, pedogenic change, mineral weathering, soil, degree of profile development, clay translocation, Gujranwala soil, Pakistan, Indus River Plain; 01486.
pest management
automated weather station, climatological network, crop specific location, biological data, crop pest interaction model, risk preference, climate related information, 07712.
pest related management
management, planting, land registry, forest cover, expert system, Canada, Quebec; 13945.
pesticide
agricultural pollutant, policy strategy, groundwater quality, conservation program, groundwater protection, 01764. agriculture, degradation, percolation, 03981. aldicarb residue, sandstone aquifer, persistence, groundwater quality, Canada, Prince Edward Island; 02922. atrazine, deethylatrazine, alacholor, cyanazine, carbofuran, cultivation practice, groundwater, leaching, USA, Maryland, Beltsville; 02755. chemical, lacustrine sediment, porewater, PCBs, PAH, Canada; USA, Great Lakes, Lake Superior; 01255. chlorinated organic compound, aircraft, PCB's, Atlantic; Bermuda; 12535. clearfelling, aluminium, water quality, water chemistry, forest hydrology, acidification, colour, sediment content, herbicide, 04149. contaminant transport, recharge flux, groundwater pollution, pollution potential, agricultural watershed, manure, fertiliser, herbicide, USA, Pennsylvania; 07579. drinking water contamination, water quality, microbial degradation, xenobiotic, potabilisation process, chemical degradation, toxicology, 11088. environmental management, nutrient, best management practice, agriculture, non point pollution model, water pollution, runoff, erosion, 11099. groundwater contamination, uncertainty analysis, mobility index, Attenuation Factor, leaching, USA, Hawaii, Oahu, Pearl Harbor Basin; 01740. groundwater quality, surface water quality, soil chemistry, agricultural pollutant, pollutant transport, leaching, 06394. irrigation water quality, drainage water quality, alkaline soil, oxidised soil, water quality, biota, sediment, water quality, trace element, USA, California, Kesterson National Wildlife Refuge; 11085. leaching, agricultural practice, groundwater contamination, USA; 00632. legislation, liability, economic methodology, groundwater pollution, 00654. mathematical model, adsorption desorption kinetics, carbofuran movement, 07353. nickel, manganese, Secondary Drinking Water Standards, groundwater recharge, groundwater contamination, pollution potential, dry well drainage, volatile organic compound, lead, chromium, USA, Arizona, Pima County; 04139. nitrate, environmental impact, organic pollutant, water quality legislation, water quality management, remedial action, anthropogenic effect, land use effect, water quality, Europe; 00649. PCBs, bottom sediment, contaminant, desorption, solubilisation, organochlorine, Canada, St.Lawrence River; 04771. runoff, ecological impact, water quality, sediment, estuary, agricultural pollution, non point source pollution, USA, Washington, Padilla Bay, Puget Sound Estuary; 07581. sampling, organochloride pesticide, polyurethane foam, hexachlorocyclohexane, 03190. soil column, carbofuran movement, soil structure, 07352. soil water flux, contaminant transport, lysimeter, leaching, 09838. soil, desorption, adsorption, Australia, Western Australia; 01567. surface water, prairie province, Canada; 13960. vulnerability, risk, VULPEST model, contaminant transport, fate, unsaturated zone, water table contamination, groundwater contamination, 00607. water treatment, charcoal, DDT, potable water quality, remedial technique, Freundlichs sorption isotherm equation, sorption mechanism, 07500.
pesticide degradation

groundwater pollution, organophosphate, chlorophenol, nitrophenol, subsoil, landfill, water velocity, 07564.
sticide dynamics
water quality, soil property, potable water, UK, England, Lincolnshire, Sleaford; 07582.
sticide evaporation rate
soil, evaporation flux, 07827.
sticide leaching
pesticide root zone model, leaching, model evaluation, solute transport model, groundwater quality, saturated unsaturated soil water flow, 12257.
sticide migration
tile drained soil, transfer function model, 07351.
sticide mobility
microlysimeter, soil column, tillage plot, 09690. root zone model, tillage system, soil core, Upidsamment, Plainfield soil, USA, Wisconsin; 07347.
sticide movement
pesticide persistence, sulphometuron, hydrolysis, USA, North Dakota; 09698. root zone, microlysimeter, soil column, 09733.
sticide occurrence
fog, advected oceanic fog, inversion, organophosphorus insecticide, particle, fog liquid, USA, California, Monterey; 10189.
sticide persistence
sulphometuron, hydrolysis, pesticide movement, USA, North Dakota; 09698.
sticide removal
potable water, water quality management, water treatment, water purification, 00658.
sticide residue
soil biochemical factor, copper toxicity, soil toxicity, fungicide, Costa Rica; 10934.
sticide root zone model
leaching, model evaluation, solute transport model, groundwater quality, saturated unsaturated soil water flow, pesticide leaching, 12257.
sticide simulation model
unsaturated zone, simulation model, chemistry behaviour, contaminant transport, degradation, aldicarb, bromide, 09897.
sticide sorption
herbicide, fractionation, organic matter, sediment, napropamide, 07349. insecticide, sorption, methyl parathion, fenitrothion, carbofuran, desorption, 07348.
sticide transport
hydrochemical study, engineering hydrology, flood estimation, low flow research, applications research, instrument development, irrigation study, research report, Institute of Hydrology, hydrological cycle, soil physics, river basin modelling, hydrological process, climate modelling, water balance study, runoff study, environmental hydrology, 08640. nutrient transport, drainage water quality, leaching, land drainage, tile drain, groundwater quality, surface water quality, silt loam soil, preferential flow, USA, Indiana; 13453.
tee
tepee, reef, crust, sedimentary structure, saltern, microbe, 04750.
trified forest
Shishu Formation, wood, logs, stump, meander, Jurassic, China, Xinjiang, Junggar Basin; 01307.
trocalcic microstructure
palaeosol, micromorphological classification, fossil, Recent, calcic microstructure, 01476.
trofacies
actualism, uniformitarianism, provenance, sandstone, USA, New Mexico, Rio Grande Rift; 02413. sediment grain, turbidite, arenite, provenance study, diagenesis, 06952.
trogenesis
black shale, diagenesis, depositional environment, China, Hunan, Taojiang; 07046.
troglyph
rock map, choreme, Mexico, Las Estacas; 05663.
trographic class
clast size, till, lithology, phenoclast, Ireland; 11949.
trographical study
geochemical study, laterite, weathering profile, ferricrete, Central African Republic, Dembia Zemio; 10822.
trol
photochemical smog, methanol, greenhouse gas, carbon dioxide, emission control effort, alternative fuel, air quality debate, gasoline, USA, California; 06703.
trol additive
atmospheric lead, lead concentration, unleaded petrol, Australia, Western Australia, Perth; 11383.
troleum
detergent, bioassay, chemical water pollution, biological water pollution, microorganism, heavy metals, 01689. environmental geochemistry, coal, volcanology, carbonate, evaporite, 04881. exploration technique, hydrogeology, gold exploration, GIS, high spectral resolution remote sensing, mining, 06813. geochemical data, source rock, diagenesis, organic matter, Indian Ocean; Arabian Sea; 07014. hydrocarbon, oil spill, accident, fauna, pollution, denitrification, France, Mediterranean Coast; 01257. lake, source rock, tectonic origin, hydrocarbon, 10521. Mississippian, wackestone, shale, Joana limestone, conodont, foraminifera, USA, Nevada, White Pine; Schell Creek Range; USA, Nevada, Egan Range; 00149. organic matter, pyrolysis, Rock Eval, kerogen, bitumen, 05975. Rock Eval, pyrolysis, biopolymer, organic matter, Norway, Skagerrak; 05967. sea floor, AVHRR, oil slick, Australia, Otway Basin; 13921. source rock, rift basin, Jurassic, East Berlin Formation, black shale, tricyclic terpane, lacustrine, USA, Connecticut, Hartford Basin; 02459. terminology, burial, organic matter, coal petrology, 12966. terpane, rift basin, synrift, alginite, Jurassic (Lower), USA, Connecticut; 07096.
troleum basin
groundwater flow, flowpath, sedimentary basin, basin pressure, hydrology, 07534.
petroleum contamination
oil spill, hydrocarbon fate, surface water quality, evaporation, dilution, wind, current, sedimentation, biological uptake, microbial oxidation, photooxidation, Antarctica, Arthur Harbour; 13362.
petroleum exploration
carbonate ramp, carboniferous limestone, oolitic, sandbody, reservoir, Mississippian, UK; 01279. industrial pollutant, surface water quality, groundwater contamination, geopollutant, ionic concentration, biochemical oxygen demand, dissolved oxygen, chemical oxygen demand, surface water groundwater interaction, India, Godavary River; 11023. statistical technique, image analysis, computer mapping, resource exploration, 12701.
petroleum hydrocarbon
urban runoff, water quality, surface water quality, runoff pollution, 07511.
petroleum industry
exploration, facility management, three dimensional analysis, GIS, 03421.
petroleum production
Delphic analysis, risk assessment, subsidence cause, inundation cause, tidal gauge data, submergence rate, groundwater pumpage, USA, Texas, Gulf Coast; 06060.
petroliferous source
microbial source, organic matter, aerosol, hydrocarbon, beta carotane, China, Beijing; Guiyang; 13745.
petrology
dating problem, Karal rock, micromorphological analysis, calcite, cementation, Quaternary geology, radiocarbon date, India, Maharashtra; 08431. Neolithic, archaeological site, ceramic, pottery, 07118. power spectrum, sandstone, mathematical framework, Fourier transform, spatial analysis, 02484.
Petrov Galerkin modification
artificial diffusion, water contamination, surface water quality, space discontinuous Galerkin method, convection diffusion equation, streamline diffusion method, 11015.
Petrov-Galerkin method
accurate space derivative method, Smolarkiewicz method, algorithm, advection equation, numerical error, Taylor-Galerkin method, 13480.
Petuniabukta-Adolfbukta Stage
Billefjorden Stage, Holocene, Ebbadalen-Thomsondalen Stage, Little Ice Age, Late Quaternary, glacial episode, sea level, Svalbard, Spitsbergen, Billefjorden; 11993. Marine terrace, Ebbadalen Stage, Thomsondalen Stage, Little Ice Age, Pleistocene(Late), Holocene, relief remodelling, geomorphological mapping, glacier, Svalbard, Spitsbergen, Olav V Land, Ebbadalen-Nordenskioldbreen Region; 02646.
pF-curve
unsaturated hydraulic conductivity, hot air method, till soil, soil moisture suction, 01701.
pH
acidification, cycling, oligotrophication, sorption, lake sediment, phosphorus, USA, Wisconsin, Vila Country, Little Rock Lake; 12844. acidification, leaching, Australia, New South Wales; 02815. adsorption, heavy metals, silicon, aluminium oxide, kaolinite, montmorillonite, mordenite, 00408. adsorption, zinc, phosphate, lepidocrocite, 02770. afforestation, hydrograph separation, soil water chemistry, surface water chemistry, flow path, acid neutralisation capacity, UK, Wales, Llyn Brianne; 04100. aluminium concentration, iron, clearfelling, drainage water chemistry, forest hydrology, seasonal variability, nitrate, potassium, phosphate, sodium, chloride, 04155. aluminium, acidic soil, pH spatial variation, aluminium spatial variation, extractable aluminium, surface soil, subsurface soil, Australia, Western Australia; 10957. aluminium, manganese, cadmium, zinc, nickel, metal solubility, forest, ecosystem, Sweden; 01603. ammonium, nitrate, acidity, deposition, trace metal, acid rain, sample storage, stability, precipitation, acid deposition, 12512. amorphous colloid, acidification, surface water quality, aluminium species, colloidal aggregation, fractionation technique, temperature, 13384. anionic mineral species, ozone decomposition, potable water, water chemistry, carbonate, bicarbonate, 07449. apatite, phosphorus, sea water, fluorapatite, 11781. bark test, pollution, Pinus sylvestris, electrolytic conductivity, sulphate concentration, Poland, Ojcow National Park; 04455. bottom sediment, fluvial sediment, suspended sediment, water chemistry, soil, Brazil, Amazon Basin, Madeira River; 04717. carbon-14, carbaryl, 09686. carbonate, adsorption, acetic acid, aluminium oxide, 00407. cation exchange capacity, cationic composition, adsorption, geochemnical model, groundwater quality, automatic calibration, parameter identification, water quality modelling, parameter estimation, model calibration, 09903. cation exchange capacity, chromium, phosphorus, 01566. Cecil soil, Putnam soil, Hoytville soil, particle interaction, clay suspension, shear stress, sodium chloride, 13238. chemical equilibrium, acid neutralising capacity, atmospheric carbon dioxide, lake water quality, acid lake, inorganic carbon, carbon dioxide, 12189. chemical speciation, dissolved organic carbon, humic substance, acid surface water, aluminium binding, ionic charge balance, surface water quality, 13365. chemoreductive dissolution, iron oxide, Oxisol, haematite, goethite, Eh, Brazil, Central Plateau; 00466. chloride, ammonia nitrogen, cyanide, chemical oxygen demand, mercury, organic compounds, groundwater contamination, environmental release, water quality analysis, conductivity, Spain, Catalonia, Les Franqueses del Valles; 11059. clay content, zinc, prairie soil, Canada, Saskatchewan; 05094. clay, flocculation, electrolyte concentration, exchangeable sodium percentage, sodium adsorption ratio, 00381. critical coagulation concentration, sodium illite, potassium illite, 00372. deposition, fossil fuel, cement, long range transport, acid precipitation, sulphate, acidity, alkalinity, nitrate, chloride, fluoride, ammonium, calcium, magnesium, sodium, potassium, USA, New York, Albany; 04436. dissolved oxygen content, free carbon dioxide, limnology, biota, groundwater quality, heavy metal, thermal spring, India, Santhal Parganas; 12249. Eh, iron, magnesium, desorption, 02769. Eh, salinity, nutrient concentration, bacteria, eutrophication, water quality, waste water, water temperature, lagoon water, Italy, Venice; 04052. electrical conductivity, tracing, budget investigation, thermal spring, pollution, water hardness, water resource, karst water, mineral charac-

teristic, Hungary; 11064. electrode error, carbon dioxide concentration, epilimnetic sample, lake water quality, USA, Maine; 00544. fertiliser, acidic topsoil, phosphorus, aluminium, vertical distribution, Australia, New South Wales; Victoria; 00488. flow pathway, episodic acidity, organic carbon, acid runoff, hillslope, organic rich catchment, Sweden, Svartberget Research Catchment; 04084. forest, plant, animal, metal concentration, Sweden; 02767. indirect measurement, agar contact method, 03997. infrared spectra, allophane, geothermal carbon dioxide, New Zealand, Tongariro National Park, Mount Ruapehu, Silica Springs; 08300. instrumental drift, random measurement error, nugget variance, error estimation model, 03990. ion uptake, cation anion balance, rhizosphere pH, 03975. ionic composition, self purification, surface water quality, urban effluent, Burkina Faso, Ouagadougou, River We; 06313. iron, nitrate, seepage, thermal power generation, fly ash, chemical waste, groundwater quality, surface water quality, ammonia, fluoride, aluminium, India, Husdev River; 12202. isotopic fractionation, Rayleigh equation, fractionation, carbon, carbonate, 01320. lake water quality, canopy formation, macrophyte, dissolved oxygen, USA, Washington State, Bull Lake; Keevies Lake; 09823. lake water quality, mercury, sediment, plankton, fish, atmospheric deposition, total organic carbon, USA, Minnesota; 07480. lead, cadmium, zinc, copper, exchangeable cation, heavy metals, desorption, 02766. liming, fossil diatom, diatom, lake sediment, UK, Scotland, Galloway, Loch Fleet; 08254. nutrient, organic matter, forest fallow, Nigeria, Kwara State, High Plain of Yorubaland; 06251. nutrient, soil amendment, wood ash, 05076. organic carbon, cadmium, soil, transport model, accumulation, 06253. organic matter, boron, edaphic parameter, 00417. oxygen, anthropogenic source, lake water, industrial discharge, heavy metal, copper, ion selective electrode, Italy, Lake Orta; 09480. peat mat, nutrient dynamic, floating mat, pond system, mire vegetation, water chemistry, Japan, Mizorogaike Pond; 05107. phosphate, release experiment, experimental method, lake sediment, 09477. phosphorus, acidification, oligotrophication, lake sediment, equilibrium model, sorption, USA, Wisconsin, Vilas Country, Little Rock Lake; 12843. precipitation collector, precipitation monitoring, hydrogen, ion concentration, wet deposition, Winkler diagram, precipitation conductivity, USA, Nebraska, Omaha; 04027. reactive phosphorus, nitrogen, phosphorus, nutrient, trophic state, seasonal variation, spatial variation, physico chemical variable, solubility, reservoir water chemistry, alkalinity, ammonium, Venezuela, Guanapito Reservoir; 13336. redox potential, manganese, nodule, pelagic sediment, carbonate, back arc basin, continental margin, 08186. redox potential, nitrogen, phosphorus, ammonium, iorganic phosphorus, water quality, soil water chemistry, nutrient, vegetation growth, wetland, sewage effluent, New Zealand, Waitangi Forest; 12278. salinity, hydrolysis, dissociation, lake water chemistry, lake water quality, USSR, Pamir, Lake Sasykkul; 00538. scaled chrysophte, lake water quality, biological monitoring, indicator organism, USA, Connecticut; 02855. sea water, carbonate system, silicate, model, sedimentation process, Precambrian, carbon dioxide, 07078. soil temperature, soil moisture, denitrification, USA, California, Sierra Nevada; 02802. soil, rainfall, Australia, New South Wales; 02814. solubility, hydrolysis, aqueous aluminium, surface water quality, aluminium hydroxide, temperature effect, 07504. specific conductance, geomorphological effect, soil character, 10854. trace metal, snow, airborne pollutant, atmospheric deposition, long range transport, Japan, Hokuriku Region; 07577. water quality, precipitation, copper, heavy metal, 05928.

pH alkalinity relationship
probability distribution, statistical inference, Box Cox Power transformation, probability model, acid rain, alkalinity, lake alkalinity, Canada; 05187.

pH buffering
groundwater contamination, WATEQF geochemical model, landfill, redox buffering, glacial drift, aquifer, organic acid, iron, USA, Michigan, Kalamazoo County; 07575.

pH buffering capacity
buffering capacity, soil unit, maximum sorption capacity, sorption saturation degree, soil acidification, Czechoslovakia, Slovakia; 09757.

pH calculation
sodium adsorption ratio, exchangeable sodium percentage, salinity model, electrical conductivity, Australia, Murray Basin; 09736.

pH change
proton diffusion, titration curve, soil lime requirement, 07401.

pH data
base flow, acid neutralisation capacity, forest stream, water chemistry, surface water chemistry, soil water chemistry, storm runoff, UK, Wales, Hafren; 11026.

pH decrement
temperate soil, phosphate application, soil pH, phosphorus sorption, Canada; 08590.

pH dependent leaching
ion exchange, anion exchange, forest canopy, deciduous foliage, coniferous foliage, foliage, leaching, 11093.

pH determination
redox measurement, reference electrode, hydrogen sulphide detection, lake water chemistry, liquid junction, in situ potentiometry, Israel, Lake Kinneret; 05188.

pH effect
alkaline fertilising, acid fertilising, sorption capacity, soil property, peat soil, raised bog, Germany, Lower Saxony, Konigsmoor; 08625. oxalate treatment, dithionite citrate bicarbonate treatment, phosphate sorption, Paleudult, tropical soil, Nigeria; 08629.

pH electrical conductivity relationship
ionic ratio electrical conductivity relationship, landscape ecology, groundwater quality classification, ecohydrological parameter, shallow groundwater, residence time, vegetation development, electrical conductivity, calcite, metacline water type, atmocline water type, lithocline water type, Netherlands; 09901.

pH reconstruction
algal microfossil, palaeolimnology, canonical correspondence analysis, total alkalinity, acidification, lake water quality, scaled chrysophyte, USA, New England; 04062.

pH spatial variation
aluminium spatial variation, extractable aluminium, surface soil, subsurface soil, pH, aluminium, acidic soil, Australia, Western Australia; 10957.

pH value
cloud water, ion concentration, supercooled cloud, chemical composition, snow, 10185.

pH variation
spatial pH variation, acid soil, management history, lime requirement, Australia, New South Wales, Southern Highlands; 08637.

Phanerozoic
bioherm, tectonics, reef, carbonate, organism, calcite, aragonite, 00119. erosion, sedimentation cycle, sediment flux, uplift, mountain building, 09415. spectral reflectance, USA, Wyoming, Wind River Basin; Bighorn Basin; 02487.

phase change
glaciation, methane hydrate, methane, interglacial period, sediment temperature, ice sheet load, Arctic; 04449. salt weathering, chalk, experimental weathering, frost weathering, freeze thaw, 03925.

phase error
sonar, side scan sonar, 02088.

phase formation
condensation, deposition, freezing, delay time, transient time, effective time lag, induction time, nonstationary homogeneous nucleation, 03108.

phase modulation
thermosphere dynamics, radiometeor measurement, tidal motion, amplitide modulation, USSR, Kazan; 08945.

phase partitioning
dry deposition, wet deposition, deposition velocity, acid deposition, equilibration process, 06574.

phase reduction
satellite selection, systematic error, GPS survey planning, precision indicator, 10260.

phase shift
well tide, tidal strain, Venedikov harmonic analysis method, water level, aquifer permeability, harmonic analysis, deep borehole, groundwater flow, amplitude ratio, 09850.

phase speed
growth rate, spatial structure, temperature, ozone, satellite observation, middle atmosphere instability, 04261. Kelvin wave, wind forcing, wind anomaly, ocean general circulation model, baroclinic mode, 01871.

phenoclast
petrographic class, clast size, till, lithology, Ireland; 11949.

phenol
acidic organic compound, carboxylic acid, microbial degradation, acid concentration, rain water chemistry, rain water storage, USA, California, Los Angeles; 05112. COD reduction, effluent treatment, wet air oxidation, 12133. cresol, precursor, photochemical formation, fog, nitrated phenol, 12508. degradation, dehalogenation, bleaching, Sweden; 12904. humic compound, brackish lagoon, lagoon, organic matter, biomass, France, Golfe du Lion; 12846. nepheloid layer, hydrocarbon, water column, delta, nitrogenous compound, organic matter, Mediterranean Sea, Gulf of Lions; France, Rhone Delta; Mediterranean, Gulf of Lions, Lacaze-Duthiers Canyon; 05963. p-chlorophenol, mercuric ion, fixed bed adsorption, pollutant removal, water treatment, water quality, 04063.

phenolic acid
Andosol, polyphenolic fraction, vegetation zone, humic acid, fulvic acid, Mexico, Sierra Nevada, Iztaccihuatl Volcano; 13260.

phenolic compound
Ordovician, pyrolysis, Kukersite, Guttenberg Oil Rock, thiophene, USSR, Estonia; 07105.

phenological classification
terrestrial vegetation, vegetation cover, shortwave vegetation index, vegetation index, 09243.

phenological data
transpiration onset, vegetation, maximum temperature, spring phenology, green up period, surface maximum temperature, 07637.

phenological model
spring, 07683.

phenology
bibliography, 05695.

phenomenalism
essentialism, causal relationship, quantitative substantialism, methodology, terminology, substantialismic geomorphology, 03694.

phenoxazine
sodium carbonate, potassium hydroxide, pollution control, oxidant, annular denuder, ozone, nitrogen dioxide, nitric acid, peroxyacetyl nitrate, formaldehyde, potassium iodide, 00878.

PhFD ratio
climatic event, aridity, opal phytolith, freshwater diatom, deep sea fan, map, accumulation rate, Africa, Zaire River; Atlantic, Angola Basin, Zaire Fan; 02613.

PHICAB network
measurement, suspended sediment, turbidity, Bolivia, Andes; 12180.

PHIGS
homogeneous transformation, coordinate system, curved surface primitive, 05694.

Philippine Sea Plate
Eurasian Plate, deformation, rapid uplift, horizontal creep, vertical crustal movement, tectonic implication, leveling survey, tidal observation, Taiwan; 04902.

Philippson works
Rhine terrace, Vallendar pebble bed, peneplain, mountain research, Germany, Rhine River, Schiefergebirge; 08341.

Philips model
infiltration, Guelphs model, matric potential, unsaturated soil, hydraulic conductivity, constant head permeameter, well permeameter, 09842.

Philips sorptivity
sodium adsorption ratio, soil swelling, soil hydraulic property, loam soil, salinity, Van Genutchen model, soil water retention, water dif-

fusivity, hydraulic conductivity, 09843.
phillipsite
analcime, diagenesis, illite, smectite, montmorillonite, oxygen isotope, USA, California, Searles Lake; 09329. cristobalite, Cretaceous, Pleistocene, deep sea drilling, zeolite, clinoptilolite, 05866.
PHOCUS
ATKIS, data structure, 11502.
phorbin
carotenoid, sediment core, sediment water interface, pigment, lake sediment, USA, Wisconsin, Trout Lake; 09330.
phosgene
acetic acid, degradation product, chlorinated hydrocarbon, 06640. ranking, toxic contaminant, methyl bromide, epichlorhydrin, 13641. toxic contaminant, reaction rate, atmospheric persistence, ozone, hydroxyl radical, nitrate radical, aliphatic, aromatic toxic organics, chloroprene, hexachlorocyclopentadiene, cresol, nitrosamine, maleic anhydride, nitrobenzene, methyl bromide, 10206.
phosophatase
Andic soil, phosphorus, liming, mineralisation, Spain; 10887.
phosphatase
urease, protease, organic carbon, nitrogen, enzyme activity, grass legume association, carbon, 10896.
phosphatase activity
worm activated soil, earthworm cast, phosphorus mineralisation, phosphate, India, Bangalore; 13247.
phosphate
agricultural pollution, river discharge, weathering, organic carbon, nitrate, Europe; 08157. alkalinity, oxygen, dissolved inorganic carbon, tracer, ocean, carbon dioxide, 08895. apatite, fluorapatite, francolite, particle size, 03652. Arrhenius activation energy, adsorption, aluminium precipitate, 05081. calcium, magnesium, sodium, potassium, fire, preharvest burning, stream flow, water quality, nutrient, nitrate nitrogen, ammonium nitrogen, 06323. carbon dioxide, productivity, carbon reservoir, planktonic foraminifera, alkalinity, ocean, surface water, 08994. carbonate, nutrient, pore water, diagenesis, Middle East, Dead Sea; 00033. carbonate, reworking, Hawthorn Group, USA, Florida; 01339. continental margin, iron, hardground, glauconite, goethite, Australia, New South Wales; 09366. coprecipitation, calcite, freshwater, plant, algae, 03641. Cretaceous, biogenic detritus, phytoplankton, organic matter, peloid, Turkey, Mardin, Mazidag-Derik; 00130. deep ocean, cadmium, cadmium-calcium ratio, palaeocean, foraminifers, Peru; 01368. diagenesis, aluminium phosphate, sandstone, Mitterberg Formation, hinsdalite, dissolution, Permian, apatite, Austria, Northern Calcareous Alps; 02446. diagenesis, apatite, crystallinity index, rare earth element, 04853. diffusion coefficient, phosphorus concentration, buffer power, adsorption desorption, Germany, Gottingen; 10886. dissolved salt, dimethylarsinic acid, biogeochemistry, arsenic, methylated species, surface water quality, lake, alkaline lake, USA, California, Davis Creek Reservoir; 13360. earth history, sea level, palaeogeography, Miocene, 02401. foraminifera, Pungo River Formation, Yorktown Formation, continental shelf, sand, USA, North Carolina; 02429. fractionation, organic pool, 08307. goethite, crystal morphology, adsorption, desorption, 05082. goethite, sorptive behaviour, activation energy, Freundlich equation, slow reaction, 12073. groundwater quality, irrigated horticulture, nutrient status, denitrification, root zone drainage, lysimeter, nitrate, Australia, Western Australia, Swan Coastal Plain; 02925. guano, weathering, frost, ornithogenic soil, Antarctica, Antarctic Peninsula; King George Island; 02817. Gulf Stream, western boundary current, upwelling, buoyancy, Atlantic; 00115. Holocene, atoll, diagenesis, Pacific, French Polynesia, Tuamotu Archipelago, Mataiva Atoll; 00135. IGCP Project meeting, phosphorite nomenclature, rock classification, 08224. interstitial water, mineralisation, organic matter, complexation, lake, Netherlands, Loosdrecht Lakes; 11666. lepidocrocite, pH, adsorption, zinc, 02770. limestone, acidity, lake, entrophication, USA, North Carolina, Lake Waccamaw; 12845. lithofacies, Miocene, continental margin, palaeoceanographic event, Pungo River Formation, USA, North Carolina; 02415. microbial community, Cretaceous, chalk, hardground, France, Somme; Oise; 03645. Neogene, phosphorite, guano, Australia; 00106. nitrate, ammonium, nutrient budget, coastal water quality, land-sea interface, groundwater discharge, USA, California, Tomales Bay; 04078. nitrate, chloride, landuse effect, total dissolved solid, groundwater quality, India, Orissa, Bhubhaneswar; 11089. nitrate, nitrite, ammonia, bottom water, nutrient, effluent, fish, India, Periyar River Estuary; 12908. nitrate, stream water chemistry, spatial variation, volcanic landscape, surface water groundwater interaction, Costa Rica; 12201. nodule, weathering, Cretaceous(Upper), trace element, Israel, Negev; 08235. nutrient, eutrophication, ecotone, riparian zone, phosphorus, groundwater, lake water quality, surface water-groundwater interaction, specific conductance, Sweden, Bysjon Lake; 13342. oxalate, aluminum oxide, competitive adsorption, adsorption, 10885. oxygen, organic carbon, carbon cycle, general circulation model, 11782. palaeoenvironmental, isotopic composition, Pliocene, Varswater Formation, diagenesis, South Africa, Cape Province; 03638. phosphatase activity, worm activated soil, earthworm cast, phosphorus mineralisation, India, Bangalore; 13247. phosphorus fixation, nodule, sorption, ferruginous nodule, semiarid soil, Ghana; Brazil; 13264. phosphorus, calcareous soil, redox potential, reduction-oxidation, submerged soil, Egypt, Nile Delta; 13244. phosphorus, molybdate, molybdenum, Dalhousie clay, St. Bernard loam, sorption-desorption, 13252. porewater chemistry, tidal marsh, redox potential, oxidation, iron, 02323. rare earth element, guano, apatite, reef, supersaturation, Pacific, Nauru; 00134. release experiment, experimental method, lake sediment, pH, 09477. sampling strategy, classification method, contiguous grouping, discriminant analysis, nutrient, geographical zone, lagoon, surface water quality, ammonium, nitrate, France, Herault, Thau Lagoon; 09824. saturation, sea water, interstitial water, water column, salinity, Spain, Fuente Piedra Lagoon; 00029. Slaven Chert, Devonian, barite, USA, Nevada, Toquima Range; 05950. sodium, chloride, pH, aluminium concentration, iron, clearfelling, drainage water chemistry, forest hydrology, seasonal variability, nitrate, potassium, 04155. surface site, exchangeable phosphate, soil model, phosphorus, 13276. surface water quality, agricultural pollutant, tillage practice, sorghum culture, nonpoint-source pollution, desorption kinetics, enrichment ratio relationship, sediment, nitrate, USA, Southern Plains; 13451. tillage practice, wheat culture, desorption kinetics, enrichment ratio relationship, surface water quality, groundwater quality, nonpoint-source pollution, sediment, nitrate, USA, Southern Plains; 13452. upwelling, limestone, continental shelf, calcite, algal nodule, organic matter, 04843.
phosphate adsorption
organic matter, aluminium oxide, iron oxide, 03967.
phosphate application
soil pH, phosphorus sorption, pH decrement, temperate soil, Canada; 08590.
phosphate availability
soil testing, sorption index, Canada, Peace River Region; 00437.
phosphate clast
nodule bed, Sulphur Bank, gault, Folkestone Bed, Lower Greensand, UK, England, Kent, Folkestone; 00127.
phosphate compound
spectrometry, NMR spectrometry, paddy soil, phosphorus, Madagascar; 09707.
phosphate desorption
magnetic separation, soil fraction, particle fractionation, Paleustollic Torrert, adsorption, desorption, phosphate sorption, Turkey; 07362.
phosphate fertiliser
adsorption property, Langmuir isotherm, phosphorus adsorption, isotopic exchange, 08582.
phosphate release
lake water quality, eutrophication, catchment characteristic, nutrient source, lake characteristic, dissolved oxygen, 02862. soluble reactive phosphorus, dissolved organic phosphorus, lake water, phytase, UK, Northern Ireland, Lough Neagh; 09333.
phosphate rich water
ocean surface, iron, fertilisation, carbon dioxide, greenhouse effect, Southern Ocean; 13563.
phosphate rock
dissolution, phosphorus sink, calcium sink, Gafsa, 07363.
phosphate sorption
allophanic soil, sulphate, silicate, hydroxyl, sorption, Spain; 07382. calcareous soil, phosphorus, sorption characteristic, decalcification, 09671. Paleudult, tropical soil, pH effect, oxalate treatment, dithionite citrate bicarbonate treatment, Nigeria; 08629. phosphate desorption, magnetic separation, soil fraction, particle fractionation, Paleustollic Torrert, adsorption, desorption, Turkey; 07362. sorption isotherm, Cinnamon Brown soil, Cuba; 01560.
phosphatic concretion
grain size analysis, heavy mineral, concretion, palaeoecology, palaeoenvironment, Maungataniwha Sandstone, Cretaceous, New Zealand, Hawke's Bay, Te Hoe River; 01308.
phosphatic nodule
shale, fossil, nodule, Ordovician, France, Brittany, Armorican Massif; 03635.
phosphogenesis
concretion, mud, Quaternary, shore platform, Holocene, New Zealand, Raglan Harbour; 02350. continental margin, Recent, bacteria, microbial mediation, Peru; 05905. Miocene, continental margin, Gulf Stream precursor, upwelling, sea level change, USA, North Carolina; 02361.
phosphogypsum
runoff, erosion, Grumusol soil, Typic Chromoxerert, slope, aspect, Israel; 03950. subsoil acidity, Cecil series, Wedowee series, Bladen series, self liming effect, soil infertility, 08574. subsoil, arid subsoil, gypsum, 03980.
phosphorite
accumulation rate, productivity, upwelling, Peru; 00126. apatite, continental margin, glauconite, pore water, sediment mixing, iron, 03569. biomineralisation, organic matter, microorganism, apatite, 09429. bituminous shale, shale, Maastrichtian, Eocene, hydrocarbon, Morocco, Oulad Abdoun; Timahdit; 08288. black shale, humic acid, oxidation, oil shale, organic matter, Cretaceous(Upper), Morocco, Oulad Abdoun Basin; Timahdit Basin; 07104. chert, bioherm, oyster, Cretaceous(Upper), Amman Formation, Jordan, Ruseifa, Tel es Sur; 08233. continental shelf, Miocene, Pliocene, Quaternary, upwelling, Pacific; Peru; 01283. diagenesis, hydrocarbon, humic acid, organic matter, Peru; 00125. diagenesis, sedimentation, organic matter, kerogen, burial depth, thermal history, 03658. eustatic movement, texture, Sinian, Doushantuo Formation, sedimentation, China, Jiangxi Province, Zhaoyang; 10610. fluorapatite, nodule, dolomite, pyrite, paragenesis, Peru; 00178. ground water, algal mat, microbial, Cretaceous, Jordan; 03649. guano, phosphate, Neogene, Australia; 00106. iron, silica, Tethys, Cretaceous, goethite, Israel, Negev; 08234. limestone, Miocene, palaeoceanographic condition, palaeogeography, Cuba; 00133. Oligocene, San Gregorio Formation, palaeoceanographic condition, Mexico, Baja California Sur, San Juan de la Costa; 00177. organic carbon, productivity, oxygen profile, redox, carbon cycling, 03570. oxygen isotope, Miocene, upwelling, apatite, Monterey Formation, USA, California; 01336. palygorskite, sepiolite, zeolite, Miocene, Gulf Coast Geosyncline, Miocene, clay mineral, USA; 01352. Pennsylvanian, cyclothem, sea level change, black shale, nodule, source rock, USA; 01338. plate tectonics, palaeoclimatic event, palaeoceanographic event, sedimentation, Cenozoic, 00118. pore water, benthic community, bacteria, organism, Monterey Formation, shale, USA, California, Naples Beach; 01311. Pungo River Formation, syn-rift basin, Cenozoic, continental margin, cyclical deposition, Miocene, USA, North Carolina; 02458. pyrite, gas hydrate, green clay, glauconite, hydrothermal activity, mineral deposit, 11811. sea level curve, Campanian, greensand, weathering, Cretaceous, Egypt; 03619. substitution, apatite, strontium, calcium, barium, 03653. sulphur sink, organic carbon, sulphater eduction, pyrite, sulphur, carbonate, Cretaceous(Upper), Israel; 09464. texture, volcanism, silicification, phosphorus, cement, 00158. transgression, precipitation, weathering, solar input, Neogene, 01275. weathering, shelf sediment, organic carbon, transgression, upwelling, 05903.
phosphorite nomenclature
rock classification, phosphate, IGCP Project meeting, 08224.

phosphorous
alkalinity, ocean composition, biosphere, carbon cycle, biomass, diffusion model, 10637. redox, benthic boundary layer, oxygen, 10636.

phosphorous release
physical adsorption, chemical adsorption, surface water chemistry, uptake length, radiotracer, 07509.

phosphorus
acidification, oligotrophication, lake sediment, equilibrium model, sorption, pH, USA, Wisconsin, Vilas Country, Little Rock Lake; 12843. aluminium, vertical distribution, pH, fertiliser, acidic topsoil, Australia, New South Wales; Victoria; 00488. ammonium oxalate extract, colourimetric method, soil testing, 13278. ammonium, iorganic phosphorus, water quality, soil water chemistry, nutrient, vegetation growth, wetland, sewage effluent, pH, redox potential, nitrogen, New Zealand, Waitangi Forest; 12278. anthropogenic enrichment, titanium dioxide, metal contamination, estuarine sediment, UK, England, Humber Estuary; 04780. base flow, nitrient loss, groundwater discharge, groundwater quality, surface water quality, agricultural practice, fertiliser, nitrate, nitrogen, USA, Wisconsin; 01762. biological cycle, sink, nuclear magnetic resonance, marine sediment, 04854. bottom sediment, pore water, trophic status, lake, Canada, Alberta; 00025. calcareous soil, inorganic phosphorus, sequential-fractionation procedure, Olsen-phosphorus soil, USA, Montana; 12071. calcareous soil, redox potential, reduction-oxidation, submerged soil, phosphate, Egypt, Nile Delta; 13244. cement, phosphorite, texture, volcanism, silicification, 00158. chemical method, inorganic phosphate, available phosphorus, Ethiopia; 08630. chemical method, soil test method, available phosphorus, Ethiopia; 08631. COD, temperature stratification, mixing, sedimentation, chlorophyll, runoff water quality, sediment dynamics, watershed-lake process model, lake water quality, land use effect, water quality management, agricultural nonpoint source model, nitrogen, 04156. compost, calcareous soil, fertiliser application, organic waste, 13245. coprecipitation, lake sediment, calcite, precipitation, Austria, Salzburg, Wallersee; 12848. cultivation, inositolic phosphate, Chernozem, fertilisation, 13246. density fraction, phosphorus-rich particle, particle-size fractionation, excessively fertilised soil, USA, Illinois; Michigan; USA, Wisconsin; USA, New York; 12068. diatom, algae, biomass, silicon, Germany, Saxonia, Saidenbach; 12847. diffusion, fertiliser, soil, adsorption, 03968. discharge, organic matter, production degradation process, eutrophication, chemical oxygen demand, total organic carbon, biochemical oxygen demand, surface water quality, lake water quality, nutrient, inflow river, carbon, nitrogen, Japan, Lake Kasumigaura; 11020. double equilibration soil test, Mehlich III, Bray Kurtz 1, fixation, potassium, USA, Arkansas; 07411. ecosystem, salt marsh, estuary, carbon, nitrogen, USA, South Carolina, North Inlet, Bly Creek; 11677. electro ultrafiltration, Vertisol, phosphorus desorption, desorption rate, potassium, Italy; 07384. estuary, nutrient, carbon, nitrogen, India, Hooghly Estuary; 00049. eucalypt research, nutrient status, site drainage, parent material, geomorphic history, classification, soil texture, Australia, Queensland, Toolara State Forest; 10958. eutrophication, evapotranspiration, hydrological process, wetland, Canada, Ontario; 12131. excessively fertilised soil, GEOCHEM computer model, carbon, constant ion activity, solubility equilibrium, 12070. ferric hydroxide, equilibration, undersaturation, seasonal flow, USA, Hudson River; 12977. fertilisation, biomass, seedling response, nitrogen, USA, Mississippi; 00461. groundwater, lake water quality, surface water-groundwater interaction, specific conductance, phosphate, nutrient, eutrophication, ecotone, riparian zone, Sweden, Bysjon Lake; 13342. infiltration, runoff, water quality, silviculture, grazing treatment, longleaf pine forest, interrill erosion, nitrogen, USA, Louisiana, Kisatchie National Forest, Vernon District; 01499. iron, heavy metals, spectral analysis, tracer, pollution, Canada, Great Lakes, Lake Ontario, Hamilton Harbour; 01203. lake rehabilitation, lake water quality, cyanobacteria, blue-gree algae, eutrophication, Norway, Mjosa Lake; 00540. lake water, pore water, anoxic, algae, Canada, Alberta; 00024. landuse, wateruse, streamflow characteristics, water quality, estuarine system, waste water, nitrogen, USA, Florida, Charlotte Harbour; 09924. liming, mineralisation, phosophatase, Andic soil, Spain; 10887. limiting nutrient, phytoplankton, biologically available phosphorus, chlorophyll-a, trophic state, eutrophication, reservoir, modified biochemical oxygen demand method, algal growth potential method, lake water quality, Japan, Kiso River; 04051. malachite green method, soil testing, Olsen extract, Bray no. 1 extract, 13277. molybdate, molybdenum, Dalhousie clay, St. Bernard loam, sorption-desorption, phosphate, 13252. nitrification, substrate quality, Arctic soil, toposequence, mineralisation rate, soil temperature, carbon, nitrogen, USA, Alaska, North Slope; 09743. nitrogen, calcium, chlorine, internal sink, water budget, evaporation, denitrification, mixing, lake water chemistry, sedimentation, mass balance budget, water source, Israel, Lake Kinneret; 07488. nitrogen, eutrophication, excretion, nutrient, seepage lake, coastal pond, lake water quality, kettle pond, gull, USA, Massachusetts, Cape Cod; 06306. nitrogen, forest lake, lake water chemistry, humic lake, acidity, alkalinity, cation, Finland; 07493. nitrogen, labile form, rangeland, cultivation, organic matter, carbon, USA, Great Plains; 09744. nitrogen, lake, bottom sediment, nutrient, mass balance, resuspension, Canada, Ontario; 01204. nitrogen, Nissenbaum, fulvic acid, organic matter, Palaeocene, Tunisia, Gafsa Basin; 00129. nitrogen, nutrient, chlorophyll, suspended matter, natural water, Caspian Sea; 12910. nitrogen, oligotrophication, secci depth, sulphur treatment, sodium sulphate treatment, lake water quality, catchment treatment, dissolved organic carbon, acidification, Sweden, Gardsjon Lake; 13345. nitrogen, salinity, nutrient load, coastal water, Netherlands; North Sea; 01677. nitrogen, sampling, pore water, photosynthesis, nutrient, 04874. nitrogen, sewage effluent, El Nino/Southern Oscillation, terminal lake, lake water quality, nutrient concentration, saline lake, surface water quality, USA, Nevada, Pyramid Lake, Truckee River; 04058. nitrogen, sulphur, anaerobic condition, sulphate ion content, eutrophication, oil shale fired power plant, lake water quality, USSR, Lake Peipsi; 11013. nonpoint-source pollution, agricultural pollutant, urban pollutant, nutrient, dissolved organic carbon, nitrogen, USA, Florida, Indian River Lagoon; 13364. nutrient loading, eutrophication, eutrophication, sea water, mesocosms, 00173. nutrient uptake, nutrient source, surface water quality, dolomite, granitic gneiss, sedge meadow, nitrogen, Canada, North West Territories, Ellesmere Island, Sverdrup Pass; 07507. nutrient, intensive animal farming, agricultural pollutant, surface water quality, nitrogen, France, Coet Dan Drainage Basin; 06395. nutrient, trophic state, seasonal variation, spatial variation, physico chemical variable, solubility, reservoir water chemistry, alkalinity, ammonium, pH, reactive phosphorus, nitrogen, Venezuela, Guanapito Reservoir; 13336. Olsen P test, centrifuging, 02794. organic matter, marine sediment, diagenesis, interstital water, 00116. organic phosphorus, total organic phosphorus, tropical soil, Bowman extraction method, Brazil; Ghana; 07379. parent rock, soil development, Spain, Galicia; 01597. particle elemental composition, phosphorus-rich particle, Plainfield loamy sand, Blount silt loam, excessively fertilised soil, 12069. pH, acidification, cycling, oligotrophication, sorption, lake sediment, USA, Wisconsin, Vila Country, Little Rock Lake; 12844. pH, cation exchange capacity, chromium, 01566. phosphate compound, spectrometry, NMR spectrometry, paddy soil, Madagascar; 09707. phosphate, surface site, exchangeable phosphate, soil model, 13276. phosphorus availability, liming, Mehlich I, Olsen, Bray-Kurtz, 07399. phytoplankton biomass, reservoir, seston, sediment trap, Czechoslovakia, Rimnov Reservoir; 12851. phytoplankton, fish farm effluent, surface water contamination, algae, macrophyte, nutrient, inorganic nutrient, nitrogen, UK, England; 01688. plant uptake, soil phosphorus, USA, Michigan; 00425. pollutant, lake, productivity, sedimentation, eutrophic lake, mineralisation, Netherlands, Lake Veluwe; 11667. potassium, fertiliser addition, Vertisol, electro ultrafiltration, Italy; 07383. potassium, microbial activity, Haploboroll, microwave-radiation treatment, incubation effect, resin-extractable nutrient, calcium, magnesium, USA, Montana; 12095. potassium, nitrogen, microbial sulphur, soil flush, pastoral soil, sulphur, plant root, New Zealand; 07366. potassium, reservoir, nutrient loss, sediment loss, surface water quality, catchment study, pasture improvement, streamflow, upland management, runoff, nitrate, eutrophication, UK, Wales, Nant-y-Moch; 02947. productivity, stratification, organic matter, halocline, sedimentation, Baltic Sea; 10650. salt marsh, oyster reef, tidal creek, estuary, USA, South Carolina, North Inlet, Bly Creek Basin; 12855. sampling intensity, liming, soil test, Pelloxerert, Bray Kurtz P1, 07406. sea water, fluorapatite, pH, apatite, 11781. Secchi depth, eutrophication, fish farm, sedimentation, nutrient, nitrogen, Baltic Sea; 12913. sediment fractionation, sediment trap, fallout, biogenic carbonate, sedimentation, biogenic silica, 09451. sediment loading, surface water quality, phosphorus release, eutrophication, fresh water system, salt water system, phosphorus immobilisation, 00555. sediment-water interface, cycling, nutrient, dialysis chamber, bed sediment, Canada, Great Lakes, Lake Ontario, Bay of Quinte; 01365. sedimentation, sea floor, Neogene, glaciation, Miocene, USA, California; 01335. sewage sludge, lysimeter, water quality, fertiliser, runoff, subsurface drainage, 02881. silicate, nutrient cycling, phytoplankton, eutrophication, cycling, carbon, nitrogen, North Sea; 12986. sodic soil, phosphorus release, sodium ion, India, Indo-Gangetic Plains; 07386. soil test, dry matter, plant yield, 02795. solute retention, stream, abiotic sorption, surface water quality, uptake rate, biotic sorption, sediment, dissolved organic carbon, nitrate, calcium, USA, Oregon, Cascade Mountains; North Carolina, Appalachian Mountains; 11021. sorption characteristic, decalcification, phosphate sorption, calcareous soil, 09671. spatial variation, temporal variation, nitrogen, potassium, soil nutrient, beach plain, Netherlands; 06257. sulphur, organic carbon, river, hydrological cycle, precipitation, river runoff, terrestrial source, nitrogen, 12217. surface water quality, temporal variation, sediment transport, sedimentation, suspended solid, nitrogen, erosion, Finland, Koiransuelenoja; 05153. suspended solid, orthophosphorus, sodium hydroxide-extractable phosphorus, surface water quality, USA, Wyoming; 13359. trophic status, anoxic hypolimnia, lake sediment, sediment quality, USA, Pennsylvania, Canadohta Lake; 09331. vesicular-arbuscular mycorrhizal fungi, biomass, productivity, 00424. water quality, wetland, turbidity, nutrient concentration, suspended sediment, agricultural practice, deforestation, forested wetland, surface water quality, nitrogen, USA, Louisiana, Tensas Basin; 04158.

phosphorus adsorption
isotopic exchange, phosphate fertiliser, adsorption property, Langmuir isotherm, 08582.

phosphorus availability
fertiliser reactivity, isotopic dilution, fertiliser, phosphorus-32, Brazil; 10928. liming, Mehlich I, Olsen, Bray-Kurtz, phosphorus, 07399. Mussoorie rockphosphate, rockphosphate, manure, 00423. soil phosphorus, Bray Kurtz P1, Bray Kurtz P2, Mehlich 3, soil test, alkaline extractant, acidic extractant, Canada, Ontario; 07408. surface water quality, biological reduction, acidification, acid lake, oligotrophic lake, reduction, Sweden, Gardsjon Lake; 13348.

phosphorus budget
terrestrial watershed, saprolite, isovolumetric process, P release rate, weathering index, atmospheric P input, rock, weathering, USA, South Carolina, Liberty Hill; Brazil, Rio Negro; Brazil, Amazon River; 06210.

phosphorus buffering capacity
soil property, fertiliser requirement, Ultisol, buffering capacity, USA, (Southeast); Spain; 08587.

phosphorus concentration
buffer power, adsorption desorption, phosphate, diffusion coefficient, Germany, Gottingen; 10886. lake water quality, lake outflow, lake chain, phosphorus dynamics, Canada, Fishing Lakes; 01669.

phosphorus control
water treatment, land use management, eutrophication control, nutrient source control, lake control measure, lake water quality, 02866.

phosphorus cycling
food web, fish, phytoplankton, lake, biomanipulation, water quality, Netherlands, Lake Wolderwijd; Lake Nuldernauw; 09334.

phosphorus deficiency
lake water quality, nutrient deficiency, bacterioplankton activity, trophic richness, USA; Canada, Ontario, Quebec; 00547.

phosphorus desorption
desorption rate, potassium, phosphorus, electro ultrafiltration, Vertisol, Italy; 07384.

phosphorus dynamics
lake water quality, modelling, eutrophication, flushing, sedimentation, 13337. phosphorus concentration, lake water quality, lake outflow, lake chain, Canada, Fishing Lakes; 01669.
phosphorus fertiliser
Keith clay loam, Woodsen silt loam, Harney silt loam, soil sampling, phosphorus soil test, no-till soil, USA, Great Plains; 12089.
phosphorus fertility status
soil fertility, pasture soil, phosphorus pool, nitrogen mineralisation, New Zealand; 12072.
phosphorus fixation
nodule, sorption, ferruginous nodule, semiarid soil, phosphate, Ghana; Brazil; 13264.
phosphorus fraction
lake management, palaeolimnological investigation, eutrophication history, sediment core, diatom, Finland, Tuusulanjarvi Lake; 07491. parent material, cropping management, organic phosphorus, inorganic phosphorus, 10884.
phosphorus fractionation method
sequential extraction method, soil phosphorus pool, microbial phosphorus, soil fractionation, 09726.
phosphorus immobilisation
phosphorus, sediment loading, surface water quality, phosphorus release, eutrophication, fresh water system, salt water system, 00555.
phosphorus loading
flood prevention, lake design, lake water quality, artificial lake, trophic state, storm water management, recreation, UK, Northern Ireland, Craigavon Lakes; 04059.
phosphorus loss
sediment loss, surface water quality, agricultural pollutant, export coefficient model, representative basin, pollution control, nitrogen loss, UK, England, Windrush River; 06325.
phosphorus mineralisation
phosphate, phosphatase activity, worm activated soil, earthworm cast, India, Bangalore; 13247.
phosphorus mobility
calcium, hydroxyapatite, iron, lake sediment, interstitial water, Israel, Lake Kinneret; 08162.
phosphorus pool
nitrogen mineralisation, phosphorus fertility status, soil fertility, pasture soil, New Zealand; 12072.
phosphorus reduction
dissolved oxygen, nutrient input, sewage treatment, eutrophication, lake water quality, Swiss lake, lake restoration, Switzerland; 13339.
phosphorus release
aluminium release, organic acid, Bh horizon, Spodic horizon, 12067. eutrophication, fresh water system, salt water system, phosphorus immobilisation, phosphorus, sediment loading, surface water quality, 00555. sodium ion, phosphorus, sodic soil, India, Indo-Gangetic Plains; 07386. Spodosol, oxalate, formate, kinetics, organic anion, USA, Florida; 07368.
phosphorus removal
waste water treatment, nutrient removal, water quality treatment, oxygen depletion, nitrification, denitrification, nitrogen removal, chemical phosphorus removal, biological phosphorus, Denmark; 13466.
phosphorus sink
calcium sink, Gafsa, phosphate rock, dissolution, 07363.
phosphorus soil model
local surface water model, discharge, groundwater quality, fertilizer, manure, contaminant concentration, surface water quality, hydrological model, nitrogen soil model, Netherlands, Hupselse Beek; 06326.
phosphorus soil test
no-till soil, phosphorus fertiliser, Keith clay loam, Woodsen silt loam, Harney silt loam, soil sampling, USA, Great Plains; 12089.
phosphorus sorption
pH decrement, temperate soil, phosphate application, soil pH, Canada; 08590.
phosphorus speciation
superficial sediment, eutrophication, nutrient, lake sediment, Switzerland, Lake Geneva; 08161.
phosphorus transformation
diffusion model, soluble source, calcareous soil, 08583.
phosphorus transport
agricultural runoff, soil erosion, bioavailability, runoff, USA, Oklahoma; Texas; 01493. surface water quality, agricultural catchment, sediment associated transport, particulate organic matter, particulate inorganic matter, Denmark, Gelbaek River; Lyngbygaards River; 02951.
phosphorus-32
phosphorus availability, fertiliser reactivity, isotopic dilution, fertiliser, Brazil; 10928.
phosphorus-rich particle
particle-size fractionation, excessively fertilised soil, phosphorus, density fraction, USA, Illinois; Michigan; USA, Wisconsin; USA, New York; 12068. Plainfield loamy sand, Blount silt loam, excessively fertilised soil, phosphorus, particle elemental composition, 12069.
photic zone
glacial North Atlantic, export production, seasonality, intermittency, palaeoceanographic implication, primary production, 07194. Hallstatt Limestone, Triassic, microboring organism, endolith, boring, 08261. well mixed surface layer, trade wind strength, thermocline, ocean model, reconstruction, tropical Atlantic hydrography, Planktontic foraminifera, Atlantic; 02610.
photo acoustic
carbonaceous aerosol, aerosol, elemental carbon, sampling, thermal optical, 04432.
photo aircraft
GPS, kinematic method, aerial analytical photogrammetry, spatial accuracy, 07922.
photo coverage
line layout, flight planning, aerial photography, 07924.
photo cross section
satellite observation, trace molecule spectroscopy, nitrogen oxide, nitrogen dioxide, dinitrogen pentoxide, photochemical model, reaction rate constant, 04386.
photo dissociation
instability, acoustic wave, radiation, chemical reaction, 04361.
photo element analysis
beach, cliff, landform, geomorphology, Quaternary, India, Konkan Coast; 01225.
photo fragmentation two photon laser induced fluorescence instrument
nitrogen oxide, laser photolysis efficiency, 04370.
photo interpretation
advancing glacier, retreating glacier, inventory, Holocene, historical data, climatic condition, frontal movement, glacier evolution, Canada, British Columbia, Glacier National Park; 06205. classification, forest stand, inventory, stratified random sampling, Dominican Republic; 10415.
photo ionisation
carbonyl compound, oxygenated hydrocarbon, sampling, cryogenic trapping, trace gas, gas chromatography, flame ionisation, 03211.
photo montage
Salyut 6, relief form, palaeogeography, geographical landscape, Iraq; 06846.
photo oxidant
nitrogen compound, aluminium, fish stock, pollution, acid precipitation, nitrogen oxide, Norway; 04451.
photo oxidation
organic compound, river discharge, hydrocarbon, Thailand, Gulf of Thailand, Chao Phraya River; 04796.
photoacoustic detection
sampling, air quality, pollution, toxicity, 03189.
photoacoustic sensing
infrared laser, 03185.
photoacoustical technique
short-path transmissiometry, aerosol dosimetry, mass extinction coefficient, scattering albedo, radiative transfer, dust cloud, 03202.
photoactivation
toxic substance, dredging, harbour, PAH's, phototoxicity, hazard, USA, Great Lakes, Lake Michigan; 11703.
photocatalytic degradation
atrazine, metal oxide, herbicide, semiconductor metal oxide particulate, 07354.
photochemical acid origin
acetic acid, peroxy acetyl radical, organic peroxy radical, non methane hydrocarbon, 07884.
photochemical activity
ozone, hydrogen peroxide, trace gas, polluted air mass, 06600. transport process, mixing ratio, atmospheric boundary layer, ozone, nitrogen oxide, hydrogen peroxide, Germany; 06598.
photochemical aerosol
aerosol, aromatic hydrocarbon, nitrogen oxide, toluene, xylene, ethylbenzene, methoxybenzene, 00851. pollution, fine particle mass, carbon, visibility, particulate matter, aerosol, sea salt aerosol, biomass burning, Australia, Latrobe Valley; 00920.
photochemical air pollution
dispersion model, ozone, sea breeze, emission, nitric oxide, urban atmosphere, Greece, Athens; 03150.
photochemical climate model
climate change scenario, ozone, climate, Montreal Protocol, CFC production, 10152.
photochemical cycle
budbreak, ozone climatology, high elevation, USA, North Carolina, Mount Mitchell State Park; 10195.
photochemical depletion
alcene, oxidation, ITCZ, marine atmosphere, formaldehyde, methane oxidation, Atlantic; 06651.
photochemical diffusion model
nitrogen oxide, emission, photochemical smog, non-methane hydrocarbon, formaldehyde, ozone, Australia, Victoria, Latrobe Valley; 02013.
photochemical episode
gas phase, PAH derivative, France, Paris; 07823. long range transport, ambient air, PAN, ozone, forested area, 06614.
photochemical experiment
ambient air, sulphuric acid, sulphur, aerosol, 06643.
photochemical formation
fog, nitrated phenol, phenol, cresol, precursor, 12508. ozone precurser, PAN, air quality, USA, California; 06575.
photochemical model
active nitrogen partitioning, stratosphere, diode laser spectrometer, nitrogen oxide, nitrogen dioxide, nitric acid, ozone, nitrous oxide, balloon UV ozone spectrometer, 04393. chlorine monoxide, ozone depletion, polar vortex, TOMS, Antarctica; 02016. control policy, hydrocarbon, long range transport, ozone, PAN, Europe; 12549. CZCS, sea to air flux, dimethyl sulphide, ocean colour, 09256. emission rate, inversion layer, mixing height, solar radiation, deposition, hydrogen peroxide, ozone, air quality, USA, California, Los Angeles; 11404. emission, photolysis rate coefficient, PAN, ozone, Europe; 06565. nitrogen dioxide, nitrogen oxide, chemiluminescent technique, laser induced fluorescence, 04378. nitrogen oxide, denitrification, stratosphere, chlorine, Antarctica; 02017. ozone interference effect, laser detection, hydroxyl radical, 06690. planetary boundary layer, soil, canopy, PAN, nitrogen, hydrocarbon, ozone, rain forest, wet season, Brazil, Amazon; 07850. reaction rate constant, photo cross section, satellite observation, trace molecule spectroscopy, nitrogen oxide, nitrogen dioxide, dinitrogen pentoxide, 04386. stratosphere, ozone budget, modelling problem, spatial averaging, 07889. stratosphere, QBO signal, interannual variability, transport, temperature, ozone, 12547. tropospheric ozone production, convective event, nitrogen oxide, ozone, carbon monoxide, 04383.
photochemical oxidant
chemistry-dispersion model, nitric acid, nitrate aerosol, organic compound, formaldehyde, organic acids, hydrocarbon, peroxyacetyl nitrate, nitrogen oxide, ozone, hydrogen peroxide, sulphur oxides, long range transport, Japan; 02012. control strategy, urban environmental quality,

urban emission, ozone, acid rain, Europe; 05514. nitric acid, nitrate, ozone, PAN, Italy, Montelibretti; 06674. peroxyacetyl nitrate, nitrogen dioxide, nitrous acid, photochemical smog, photolytic reaction, cloud, photolysis rate, 04423. plume, ozone, peroxy acetyl nitrite, pollution, 04446. tropopause folding, oxidant episode, ozone, Japan, Hokuriku District; 05497.

photochemical oxidant model
diagnostic analysis, mesoscale acid deposition, storm, long range transport, acid rain, acid deposition, STEM-II, 12514.

photochemical oxidation
hydroxy radical, nitrogen oxide, hydroperoxide, organic peroxide, hydrocarbon, 06671.

photochemical ozone
ozone monitoring, photosmog, precursor, Mediterranean; 09044.

photochemical pollution
methanol, gasoline, ozone, motor vehicle, pollution, 00879. nitrogen oxide, non-methane hydrocarbon, sea breeze, urban pollution, pollution, Taiwan, Taipei; 00854.

photochemical process
lower troposphere, chemical component, aerosol, pollution, principal component analysis, Arctic; 06549. ozone, air quality standard, Alpine region, foehn, stratosphere, 06538.

photochemical product
nitric acid, dispersion, sea breeze front, air quality, turbulence, pollution, 00758.

photochemical production
downdraft development, anvil, anvil core, cloud draft structure, trace gas transport, cloud model, transport pathway, squall line, ozone, convective transport, 10210. stratospheric intrusion, ozone trend, ozone profile, cosmogenic radio nuclide, cable car, Germany, Zugspitze; 10202.

photochemical reaction
convection, ozone, aerosol, wet season observation, emission, hydroxyl radical, atmospheric trace species, Brazil, Amazon; 07856. geochemical model, natural water, water quality model, 09834. microbial decomposition, nitrification, fish growth, sediment water exchange model, water quality model, volatilisation reaeration, adsorption, ion exchange, heat exchange, sedimentation, coagulation, precipitation, complex formation, hydroloysis, redox process, 09828. stratosphere, modelling, nuclear explosion, ozone, 11389.

photochemical smog
annular denuder, titanium (IV) sulphate, dinitrophenylhydrazine, eugenol, spectrophotometry, liquid chromatography, sampling, hydrogen peroxide, formaldehyde, ozone, diurnal variation, 03164. methanol, greenhouse gas, carbon dioxide, emission control effort, alternative fuel, air quality debate, gasoline, petrol, USA, California; 06703. monsoon, environmental effects, oil burning, oil well, satellite observation, fire, acid rain, Kuwait; 13646. non-methane hydrocarbon, formaldehyde, ozone, photochemical diffusion model, nitrogen oxide, emission, Australia, Victoria, Latrobe Valley; 02013. ozone, hydrogen peroxide, hydrocarbon, ethene, propane, acetaldehyde, pollution, formaldehyde, 02041. photolytic reaction, cloud, photolysis rate, photochemical oxidant, peroxyacetyl nitrate, nitrogen dioxide, nitrous acid, 04423. surface ozone, rural region, urban region, alpine region, nitric oxide, pollution, Switzerland; 06567. urban atmosphere, pollution, motor vehicle emission, South Africa; 03149. vehicle emission, alcohol, fuel, ozone formation, aldehyde, 13692.

photochemical smog formation
nitrogen oxide, non methane hydrocarbon, ozone, Bahrain; 04439.

photochemical theory
solar occultation data, stratospheric chemistry, rate ratio, 06548.

photochemical trajectory model
ozone, hydrocarbon, boundary layer, gas fired power station, pollution, nitrogen oxide, Australia, Melbourne; 03156.

photochemical transformation
natural water, radical flux, solar simulator, biological process, USA, East Coast; Gulf of Maine; 10662.

photochemically active species
planetary wave, gravity wave, constituent transport, two dimensional model, middle atmosphere, middle atmosphere tracer transport, 04387.

photochemistry
biomass burning, forest, ocean, ozone distribution, aerosol distribution, wet season, mixed layer, Brazil, Amazon; 07857. chlorine, ozone destruction, hydrogen, nitric acid vapour, hydrogen peroxy radical, 09055. cloud physics, aerosol, chlorine, denitrification, polar vortex, 00834. gas composition, stratosphere, radiative photochemical model, methane, nitrogen, chlorine, ozone, anthropogenic effect, 12526. global cycle, dimethyl sulphide, methyl iodide, iodine species, sulphur species, marine air, 11333. heterozenous chemistry, cloud physics, chlorine monoxide, ozone depletion, stratosphere, polar stratospheric cloud, 00832. middle atmosphere, stratospheric warming, planetary wave, circumpolar vortex, gravity wave, ozone hole, atmospheric dynamics, atmospheric transport, Southern Hemisphere; 08919. ozone depletion, polar vortex, trajectory, ozone, nitric acid, stratospheric warming, 00791. particulate matter, dicarboxylic acid, nitrate, organic carbon, phthalate, alkane, pinon aldehyde, aerosol, long range transport, ozone, Japan; 00852. semi Lagrangian technique, Eulerian grid, stratospheric chemistry, stratospheric transport, isentropic surface, ozone column, wavenumber one disturbance, 06542. solar illumination, condensation nuclei, ozone depletion, Arctic; Antarctica; Sweden, Kiruna; 00891. transport model, sensitivity analysis, ozone depletion, temperature change, oxidant concentration, ultraviolet radiation, 13737.

photoclinometric technique
Mariner 9 image, weathering rind, saltating material, dune field, high resolution, topography, albedo, layered deposit, Mars; 03718.

photodegradation
degradation product, surface water quality, polychlorinated dibenzo-p-dioxin, sunlight, carbon-14 activity, sunlight photolysis, 07499. naphthalene, particle, atmospheric reactivity model, 07825. xylene, orthoxylene, aerosol, 06630.

photodissociation
atmospheric emission, nitrous oxide trend, 09057. nitrous acid, actinic wavelength region, absorption spectrum, 09048. ozone destruction, chlorine dioxide, stratospheric ozone, 09070.

photodissociation constant
primordial atmosphere, Urey effect, free oxygen, 06536.

photodissociation rate
nitric oxide, stratosphere, ozone, chlorine monoxide, nitrogen dioxide, chlorine nitrate, dinitrogen pentoxide, polar vortex, Arctic; 00803.

photodissociation rate coefficient
ozone, nitrogen dioxide, nitrous acid, methylaldehyde, photolysis, spectral integration, error, 02022.

photoelastic stress analysis
underground chamber, stress field, digital image processing, 06732.

photoelectric emission
instrumentation, balloon observation, conductivity, relaxation time, solar radiation, 00689.

photofragment emission flow tube
ammonium sulphate, rate constant, sulphite, ammonium, 05528.

photofragment fluorescence
hydroxyl, hydroperoxy radical, ozone, water vapor, stratosphere, Lyman-alpha hygrometer, balloon gondola, free radical, 04202.

photogeological map
aerial photograph, morphological profile, raised marine beach, clisimeter route, altimeter route, Svalbard, Spitsbergen; 02688.

photogeomorphological mapping
chalk cliff, engineering geomorphologial mapping, cliff stability, UK, England, Kent, Abbots Cliff; Shakespeare Cliff; 04925.

photogram
stereoscopic model, nadir shot, numerical alignment, 11442.

photogrammetric application
DEM generation, terrain data extraction, SPOT imagery, digital stereo work station, analytical plotter, 10291.

photogrammetric block adjustment
multiple outlier, stochastic model, 07927.

photogrammetric camera
remote sensing, scanner system, raster archive, hybrid, GIS, Germany; 06789.

photogrammetric compilation
profile accuracy, high altitude overflight, aerotriangulation, 07923.

photogrammetric data capture system
stereodigitiser, GIS, 12602.

photogrammetric map
linear regression model, cutover mapping, forestry research, SAR, Canada, Alberta; 08098.

photogrammetric mapping
aerial survey, survey technique, 04479.

photogrammetric measurement
image correlation, digital image processing, 07920. topography, flow velocity, digital terrain model, glacier study, USA, Alaska, Juneau icefield, Vaughan Lewis icefall; 07302.

photogrammetric precision
monitoring, deformation, bridge, 04534.

photogrammetric procedure
analytical plotter, man machine communication, Window, 07917.

photogrammetric reduction
SPOT imagery, stereo imagery, 07938.

photogrammetric station
least square, image matching, 11474.

photogrammetric system
analytical instrument, DTM, data collection, phototriangulation, on-line point positioning, 00964. close range industrial surveying, theodolite, point determination, 03287.

photogrammetric technique
image superimposition, raster image, information system, 07919.

photogrammetrists
satellite image, aerial photograph, 02090.

photogrammetrists recruitment
training, stereoscopic activity, testing procedure, 06708.

photogrammetry
analytical plotter, underwater structure, oil industry, 13771. built environment, archaeological reconstruction, architectural model, 09302. bundle adjustment, analytical photogrammetry, geodesy, GPS technique, 07928. bundle adjustment, multiple outliers detection, tuning constant, 07929. civil engineering, DTM, 04521. data acquisition, DTM, analytical photogrammetry, 04523. data capture, cartography, land survey, 05573. digital data updating, data updating, 09085. geographic information, database, 03288. GIS, aerial photography, utility mapping, raster scan, New Zealand; 13838. GIS, aerial triangulation, stereo image injection, digital terrain model, 07931. GIS, data quality, 12663. Helva,U.V., Hobrough,G.L., image processing, 04533. image data processing, remote sensing, GIS, LIS, surveying, cartography, convention proceedings, 07891. image matching, pattern recognition, 11465. industry, three dimensional imaging, 04535. inner relative, absolute orientation, orientation, 12607. land registry, mapping, property condition, Switzerland, Nidwalden; 06919. network geometry, orientation parameter, reciprocal observation, 12606. nuclear power, high precision, underwater, 04481. object geometry, digital photogrammetry, close range application, 13773. OS, correlation, image point, aerial triangulation, SPOT, 04480. photogrammetry, surveying, soil cover, cadaster, orthophotography, Switzerland; 06844. photointerpretation, aerial photography, 00965. photointerpretation, image quality, phototographic data, Hungary, Szekesfehervar; 03487. precision, industrial photogrammetry, 04482. remote sensing, education, Greece; Cyprus; Yugoslavia; Albania; 06706. small format photogrammetry, oblique photograph, terrestrial photogrammetry, 04483. stereophotogrammetry, pattern recognition, 04532. surveying, soil cover, cadaster, orthophotography, photogrammetry, Switzerland; 06844. three-dimensional coordinate, GIS, stereoscopic photography, stereozoom transfer scope, 13772.

photograph
arable field, rill, gully, plot experiment, erosion estimate, soil erosion, UK; 08543. map, satellite, Germany; 11525. track safety system, Switzerland; 10472.

photograph resolution
coastal research, aerial photography, space photography, 10444.
photographic archive
topographical archive, geodetic archive, archive, Military Geographical Institute, Italy; 02162.
photographic edge extraction
area of change, SPOT, photographic processing technique, false color composite, 05673.
photographic enlargement
Large Format Camera, Focomat IIc, Italy, Po Delta; 10250.
photographic method
Dutch Programme on Soil Ecology of Arable Farming Systems, staining technique, soil preparation method, image analysis, micromorphology, soil structure, biota, micromorphological technique, 10910. wind direction, climate, algal growth, aspect, weathering rate, sandstone cliff, Ardingly Sandstone, UK, England, Kent, Tunbridge Wells, High Rocks; West Sussex, West Hoathly, Chiddingly Wood; 07319.
photographic process
orthophoto, map, halftone, Germany; 01085.
photographic processing technique
false color composite, photographic edge extraction, area of change, SPOT, 05673.
photographic product
aerial photography, pricing, analytical aerotriangulation, rectification parameter, USA; 07925.
photography
image, expert system, 04492.
photography processing
space image, nature management, 09209.
photointerpretation
aerial photography, cartography, vegetation, Spain, Torrelaguna; 01102. aerial photography, photogrammetry, 00965. cartographic portrayal, land cover pattern, 02285. digital change detection, mapsheet, remote sensing, forest inventory database, Canada, British Columbia; 01107. geometry, vistulian polygon, ice wedge polygon, periglacial, polygon, climatic condition, Poland, Poznan; 06200. image quality, phototographic data, photogrammetry, Hungary, Szekesfehervar; 03487. Landsat, river, ice, navigation, USA, Ohio, Allegheny, Monongahela; 04652. mining, arid condition, vegetation coverage, image processing, Italy; 10390. soil use, soil description, soil mapping, aerial photography, Brazil, Sao Paulo State, Botucatu, Tiete Basin; 13290.
photointerpreter
Bayesian technique, fuzzy logic, analysis uncertainty, terrain analysis, 07940.
photokarren
scalloping, limestone solution, sea water, algae, marine influence, phytokarst, Ireland, County Clare, Burren; 10724.
photoluminescence
calcite, spectroscopy, spectra, ultraviolet, 04870.
photolysis
chemistry, toxic contaminant, nitrosamines, dialkyl nitrosamine, nitrosomorpholine, hydroxyl radical, 11407. chlorine nitrate, sunrise, sunset, stratosphere, chlorine monoxide, nitrogen dioxide, 00825. gas phase reaction, laser photofragment emission, 06621. infrared limb emission, ozone, middle atmosphere, 06696. iodoethanol, molecular modulation technique, reaction kinetics, radical, 06616. nitrate radical, molecular modulation spectroscopic technique, rate coefficient, 06618. partition coefficient, Henrys Law, methyl ketone, ketone, carbonyl, 12531. rate constant, infrared absorption, chloroacetaldehyde, alkane, alkene, 06663. rate constant, kinetics, chlorine, ozone depletion, 06683. scavenging, ozone, nitric oxide, urban plume, Canada, Alberta, Calgary; 06558. sea water, iron, phytoplankton, iron availability, lability, 11778. spectral integration, error, photodissociation rate coefficient, ozone, nitrogen dioxide, nitrous acid, methylaldehyde, 02022. trospheric air, mixing ratio, formaldehyde measurement, 06596.
photolysis frequency
aerosol, ozone, nitrogen dioxide, research vessel cruise, trace gas concentration, 06589.
photolysis rate
nitrate, dinitrogen pentoxide, stratospheric species, absorption cross section, 04391. photochemical oxidant, peroxyacetyl nitrate, nitrogen dioxide, nitrous acid, photochemical smog, photolytic reaction, cloud, 04423.
photolysis rate coefficient
PAN, ozone, photochemical model, emission, Europe; 06565.
photolysis-chemiluminescence instrument
tunable diode laser absorption spectrometer, Luminox, peroxyacetyl nitrate, n-propyl nitrate, nitrogen dioxide, sampling, nitric acid, hydrogen peroxide, ozone, 01804.
photolytic reaction
cloud, photolysis rate, photochemical oxidant, peroxyacetyl nitrate, nitrogen dioxide, nitrous acid, photochemical smog, 04423.
photomap
differential rectification, colour orthophoto mapping, colour digital processing, density, Japan; 03382.
photometer
aerosol, spectral optical depth, optical depth, jet fuel, forest fire, smoke, 11158. oxygen density profile, rocket measurement, Meinel band, oxygen, hydroxyl radical, middle atmosphere, night airglow, airglow, 11315.
photometric detection
traffic density, suspended particulate matter, benzothiazole, urban pollution, pollution, tyre tread, pyrolysis, gas chromatography, flame, 00849.
photometric image irradiance
texture flow equation, vision calculus, 12642.
photon correlation spectroscopy
dynamic light scattering, zeta potential, colloid, humic acid, groundwater, 02486. photosedimentation analysis, size distribution, colloid, Doppler frequency shift, optical density, mass median diameter, aqueous colloid, contaminant transport, 09826.
photon transport
leaf dimension, Monte Carlo method, plant canopy reflectance, 03430.
photooxidation
eruption, alkalic volcano, volcano, nitrogen oxide, sodium chloride, reaction probability, stratospheric chemistry, chlorine, 10218. methylethlketone, methylvinylketone, 06619. petroleum contamination, oil spill, hydrocarbon fate, surface water quality, evaporation, dilution, wind, current, sedimentation, biological uptake, microbial oxidation, Antarctica, Arthur Harbour; 13362.
photooxidation mechanism
dimethyl sulphide, dimethyl disulphide, 09036. smog chamber, dimethyl sulphide, dimethyl disulphide, 09037.
photosedimentation analysis
size distribution, colloid, Doppler frequency shift, optical density, mass median diameter, aqueous colloid, contaminant transport, photon correlation spectroscopy, 09826.
photosmog
precursor, photochemical ozone, ozone monitoring, Mediterranean; 09044. temperature, pollution, field study, PAN, ozone, nitrogen oxide, Switzerland; 12542.
photosmog modelling
pollution, hydrocarbon, nitrogen oxide, emission, power plant emission, industrial emission, ozone, air quality, 00853.
photosynthate
carbon dioxide, carbon-14, cellulose, Sitka spruce, nuclear weapons test, USA, Washington; 05483.
photosynthesis
anoxic hypolimnia, methane, oxidation, wetland, slurry, Denmark; 07101. carbon cycle, carbon dioxide, forest, 03143. isotope, calcification, algae, cyanobacteria, travertine, UK; 09357. marine snow, euphotic zone, abyssal sediment, algal bloom, Atlantic, (Central); 11697. nutrient, phosphorus, nitrogen, sampling, pore water, 04874. particulate, pollution, traffic, plant chlorophyll, motor vehicle emission, bio assay, 05490. partitioning, stomatal conductance, canopy evaporation, canopy temperature, soil evaporation, vapour pressure deficit, crop weather model, carbon dioxide, plant growth, 05280. physiological response, Pterocladia, Rhodophyta, Gelidium, Portugal, Azores; 04841. plant cellulose, atmospheric isotopic composition, carbon dioxide, carbon cycle, 09079. respiration, precipitation, soil water, groundwater, watershed hydrology, hydrological cycle, water movement, water storage, evaporation, condensation, infiltration, antecedent moisture condition, variable source area, return period, environmental water, transpiration, interception, 10963. tropical forest, forest ecosystem, respiration, diurnal carbon dioxide exchange, carbon dioxide, Samoa; 09011. upwelling, turnover rate, fatty acid, particulate matter, phytoplankton, Japan, Hachijo Island; 12982.
photosynthetic rate
phytoplankton, primary production, multiple linear regression, incident irradiance, Pacific; 03465.
photosynthetically active radiation
growing season, actinometric measurement, Poland, Turew Region; 04229. nitrogen fertilisation, water stress, biomass estimation, winter wheat, 08106. radiation, narrow band spectra, vegetation index, 04620.
phototographic data
photogrammetry, photointerpretation, image quality, Hungary, Szekesfehervar; 03487.
phototoxicity
hazard, photoactivation, toxic substance, dredging, harbour, PAH's, USA, Great Lakes, Lake Michigan; 11703.
phototriangulation
on-line point positioning, photogrammetric system, analytical instrument, DTM, data collection, 00964.
Phragmites australis
manganese, copper, root plaque, iron oxide, Canada, Ontario, Quebec; 00420.
phreatic
cement, fresh water, groundwater, dissolution, uranium, vadose, Bahamas, Bahama Bank, South Joulters Cay; 02351. sulphide, hydrocarbon, limestone, cave development, aquifer, UK, Wales, South Wales Coalfield; 02461.
phreatic aquifer
impermeable layer, hydrodynamic dispersion model, groundwater pollution, salt water intrusion, 06346. piezometric depression, environmental isotope, groundwater resources, tritium, carbon-14, water transfer movement, aquifer recharge, circulation, water table depth, evaporation flux, mathematical simulation model, Mali, Nara Region, Interior Delta; 06365.
phreatic cave
subterranean stream piracy, soil pipe, karst related feature, palaeokarst, mesokarst, artesian flow, maze cave, USA, Mississippi Valley; 03840.
phreatic cave system
drainage conduit, carbonate rock, spring, doline, submarine spring, palaeocave system, peneplain, uplift, low sea level, dissolution, hydrogeology, karst hydrogeology, New Zealand, Nelson, Golden Bay, Takaka Valley; 09526.
phreatic conduit
haematite, Triassic, palaeokarst, karst, limestone, conduit cave system, solutional fissure, fissure, cave infilling, UK, England; Wales; 10725.
phreatic drainage system
tower, cave, cave exploration, China Caves Project, speleothem, China, Guangxi, Mashan County, Jin Lung Dong; Gang Zei; 06057.
phreatic gallery
allochtonuous element, detrital sediment, ancient glaciation, karstic sediment, cave system, base level, Switzerland, Helvetic Border Chain, Sieben Hengste; 11899.
phreatic morphology
dead end dissolution tube, sea level fluctuation, limestone petrology, cave morphology, horizontal dissolution cave, Bahamas, San Salvador Island; 00257.
phreatic water
groundwater, joint system, corrosion effect, spring migration, uranium series dating, magnetic study, speleothem, fall rate, watertable, thermal water, de gassing, cave genesis, multi storey dissolution maze, USA, South Dakota, Black Hills, Wind Cave; Jewel Cave; 10721.

phreatic zone
solute transport, immiscible fluid, vapour transport, fluid property, groundwater contamination, volatilisation, remediation effort, mass transfer, nonaqueous phase liquid, aqueous solubility, vadose zone, 07563.
phreatomagmatic eruption
pyroclastic surge, tuff ring, base surge, volcano, Korea(South), Cheju Island, Songaksan Mount; 05856.
phthalate
alkane, pinon aldehyde, aerosol, long range transport, ozone, photochemistry, particulate matter, dicarboxylic acid, nitrate, organic carbon, Japan; 00852.
phthalate ester
industrial pollutant, surface water contaminant, gas chromatography-mass spectrometry, UK, England, Greater Manchester, Irwell River; Etherow River; 01679.
phycoerythrin
submarine light field, pigment concentration, spectral fluorescence technique, 10438.
phyllite colluvium
serpentinite, haplohumult, argixeroll, colluvium, weathering, chlorite, serpentine weathering, smectite, soil, mineral weathering, USA, California, Klamath Mountains; 12014.
phyllitic soil
basaltic soil, organic horizon, acid forest soil, proton buffering, soil acidification, forest soil, granitic soil, Germany, Bavaria; 12059.
phyllosilicate
kaolinite, weathering, biotite, cupriferous rock, copper, Brazil, Serra dos Carajas, Salobo; 09616. spectroscopy, hectorite, caesium, clay, 01351. x-ray diffraction index, mineral transformation, interlayering, 00448.
phyllosilicate crystallinity
soil, weathering product, granitic rock, Spain, Galicia; 07320.
physical abrasion
chemical procedure, bone, contamination, method, removal, diagenetic material, buried bone, human femur, USA, Illinois, Gibson Site; Peru, Estuquina Site; 03853.
physical adsorption
chemical adsorption, surface water chemistry, uptake length, radiotracer, phosphorous release, 07509.
physical change
water influence, calcite, chemical change, chalk, Iceland Spar, mineral lattice, 05050.
physical characterisation
chalk, standardised procedure, abrasion, Channel Tunnel, salt weathering, sandblast erosion test, 04913.
physical database
database design, decision support tool, 09132.
physical environment
climate, landform, vegetation, soil, nature's continent, North America; 01380. mesoregion, altitude, slope, aridity coefficient, runoff, Hungary, North Hungarian Mountains; 08344. population, state atlas, thematic content, 05689.
physical equation
field scale erosion, erosion estimation, soil erosion rate, erosion model, 10836.
physical geographic feature
forest landscape, mid mountain forest, USSR, Caucasus; 04892.
physical geographical characteristics
Pleistocene relief, vegetation, soil, excursion route, Czechoslovakia, Slovakia; Poland, Slovakia, High Tatras; 01384.
physical geography
atoll, bird, vegetation, natural history, Pacific, Marshall Archipelago; 01388. data point, attractor, systems behaviour, chaos theory, 08320. field method, laboratory method, chemical investigation, statistical method, mapping, work method, 08319. geographical bibliography, geography review, Iceland; 10681. geographical literature bibliography, biogeography, climatology, geomorphology, coastal topic, glacial topic, landform topic, hydrology, soil, UK; 09490. geographical science, human geography, remote sensing, GIS, academic status, China; 01375. landscape appreciation, textbook, 04885. model, statistical model, teaching, 00202. process, glaciology, landslide, soil erosion, field experimentation, China; 01376. theory principle, geographical theory, 13005.
physical measurement
chemical measurement, automatic transmission fluid, monitoring well, groundwater contamination, soil core sampling, 11079.
physical model
anthropogenic effect, flood event, mountainous region, curve number method, alpine watershed, Soil Conservation Service curve number method, variable source area concept, saturation overland flow, runoff prediction, Switzerland; 08679. flood routing, numerical method, sediment laden flow, clear water flow, hyperconcentrated flow, explicit finite difference formulation, implicit finite difference formulation, characteristic method, suspended sediment, 05150. land subsidence, salt water encroachment, flooding, groundwater resource management, water abstraction, resource over exploitation, Thailand, Bangkok; 07591. movable bed, fluvial process, sediment transport, 05788. movable bed, sediment transport, hydraulic modelling, similarity law, 05791. movable bed, sediment transport, spatial lag, scaling law, scour, 05789. water surface profile, channel flow, partially cut off meander loop, depth averaged velocity profile, meander loop, velocity profile, mathematical model, 05174.
physical non equilibrium model
groundwater flow, adsorption, dispersion, solute transport, saturated soil, 04105.
physical parameter statistics
image transformation, parameterisation scheme, morphological statistics, cloud field, 10118.
physical property
acoustic property, deep sea sediment, palaeoclimatic implication, climatically driven change, sedimentation rate, meltwater, Termination Ia, magnetic susceptibility, environment, Arctic, Eurasian Basin; 02619. chemical property, calcareous soil, permanent wilting point, moisture characteristics, crop mid day stress, tropical soil, soil texture, Sudan, Gezira; 10945. irrigation, soil degradation, argillisation, compaction, Chernozem, USSR, Ukraine; 10950. lateritic pallid zone material, granite, dolerite, parent rock, pallid zone, clay matrix, halloysite, mercury injection porosimetry, water retention curve, mineralogical property, Australia, Western Australia, Jarrahdale; 01489. seasonal snow cover, layered character, snow cover, research problem, 10810. spring, groundwater quality, chemical property, Bahrain, Adari Spring; 00602. yield, groundwater regulation, chalk aquifer, impermeable chalk, fissure system, UK, England, Hampshire, Itchen River; Candover Stream; UK, England, Hampshire, Alre River; 07537.
physical separation
soil separation method, size fraction, particle size separation, organic matter, 09724.
physical soil property
biological soil property, Neubois silty loam, manure, aggregation, bulk density, 00396. organic amendment, Typic Quartzipsamment, penetrometer resistance, bulk density, 00397.
physical suitability assessment
database, GIS, crop specific model, 06877.
physical weathering
micromorphological study, weathering, granite, semi-arid land, inselberg landscape, Palaeozoic granite, chemical weathering, Sudan, Darfur, Kutum; 01484.
physically based model
Darcian flow, non Darcian flow, flow path, macropore flow, subsurface flow process, hydrograph, subsurface runoff, hillslope hydrology, 11045. storm frequency, flow measurement, isotopic tracing, water table level monitoring, runoff generation mechanism, land use change, antecedent soil moisture condition, flow process, hydrograph, experimental basin, conceptual distributed model, Switzerland, Haute Menthue Watershed; 06278.
physically weathered rock
granitic rock, microfracturing, quartz, in situ weathering, comminution, fracture pattern, grain release, 01480.
physico chemical soil characteristic
erosional soil characteristic, soil, alluvial soil, India, Uttar Pradesh, Deoria District; 06233.
physico chemical study
soil maturation, land disposal site, dredged material, soil ripening, nutrient, relief formation, Germany, Essen Ruhr, Lake Baldeney; 08524.
physico chemical variable
solubility, reservoir water chemistry, alkalinity, ammonium, pH, reactive phosphorus, nitrogen, phosphorus, nutrient, trophic state, seasonal variation, spatial variation, Venezuela, Guanapito Reservoir; 13336.
physico geography
microregion, lithological variability, tectonic structure, landform regionalisation, regional classification, Poland, Swietokrzyskie Mountains; 09495.
physico-chemical precipitation
iron, silica, calcium carbonate, migration of minerals, frost action, cryogenic, 11994.
physico-chemical property
soil property, cassava, cropping system, earthworm cast, Alfisol, tropical soil, Nigeria; 09706.
physicochemical approach
iron, oxidation-reduction, waterlogged soil, soil dynamics, 13235.
physicochemical classification
soil classification, ion exchange, 02749.
physicochemical property
soil reclamation, fertiliser application, cultivation, podsolic loam soil, taiga, USSR, Komi; 10949.
physics
interpretation, remote sensing, world problem, 03272.
physiognomic method
global climate, global warming, climate change, vegetation, plant fossil, 05458.
physiographic framework
palaeomargin, gravity gradient, uplift, deep crustal property, passive margin, USA, (Eastern); 13036.
physiographic position
organic matter, sulphur, tidal marsh, soil classification, Spain, Ria de Betanzos; 02805.
physiographic region
upland massif, landscape, UK, Isle of Man; 06001.
physiographic unit
Quaternary, basaltic material, landform, volcanic soil, soil pattern, geomorphology, Cameroon, Mount Cameroon; 07430.
physiography
geological structure, recent trend, perspective, regional geography, Sri Lanka; 01385.
physiologic equivalent temperature
weather, climate, illness, death, bioclimatology, urban environment, smog, heat wave, discomfort index, 02037.
physiological indicator
eutrophication, trophic classification system, trophic state indicator, limiting nutrient concept, algal bioassay, lake water quality, 02861.
physiological response
Pterocladia, Rhodophyta, Gelidium, photosynthesis, Portugal, Azores; 04841.
physiology
ecology, vegetation, geobotany, remote sensing, China; 06850.
phytanyl thiophene
isoprenoid, evaporite, salt pond, bacteria, lactone, sterol, hopane, Spain, Alacante, Santa Pola; 07098.
phytase
phosphate release, soluble reactive phosphorus, dissolved organic phosphorus, lake water, UK, Northern Ireland, Lough Neagh; 09333.
Phytoavailability Soil Test
soil extraction method, ion exchange resin extraction, resin extracted

nutrient, soil testing, nutrient accumulation, 07405.
phytocenoses
Secchi-disk depth, chlorophyll, eutrophication, water quality, Netherlands, Friesland; 01137.
phytodetritus
bacteria, benthos, cyanobacteria, marine snow, midoceanic region, Atlantic, (Northeast); 00089. reef, phytoplankton, growth rate, bacteria, deep sea sediment, productivity, Solomon Sea; Coral Sea; 00184.
phytogeography
mesophilous Montane Forest, holarctic element, floristic list, Mexico, Ocuilan Area; 06103.
phytoindicator
natural trap, painted square technique, relief evolution, runoff, sheet wash, marker, USSR, Issyk-Kul Lake; 05126.
phytokarst
photokarren, scalloping, limestone solution, sea water, algae, marine influence, Ireland, County Clare, Burren; 10724.
phytolite
Tertiary, forest litter, palaeosol, Canada, Axel Heiberg Island, Geodetic Hills; 11787.
phytolith
quartz, vegetation, Buchanan Lake Formation, forest deposit, soil horizon, Canada, Axel Heiberg Island, Geodetic Hills; 11767. radiocarbon dating, Napo refugium, refugial hypothesis, Pleistocene(Late), temperature depression, vegetation change, pollen, Ecuador, Amazonia; 07207. vegetation monitoring, climate change, occluded carbon, opal phytolith, palaeoclimatic reconstruction, Holocene climate, stable isotope ratio, carbon, USA, Great Plains; 10738.
phytolith counting procedure
forest soil, opal phytolith, phytolith distribution, shifting cultivation, Belgium, Ardennes; 10938.
phytolith distribution
shifting cultivation, phytolith counting procedure, forest soil, opal phytolith, Belgium, Ardennes; 10938.
phytoliths
Pleistocene climatic sequence, micromorphological evidence, palaeoenvironmental change, Pleistocene, Holocene palaeosols, 01435.
phytomass
biomass, productivity, nutrient accumulatiom, biogeochemistry, forested landscape, water chemistry, boreal forest, terminal moraine, oak, forest steppe, loess, tropical rain forest, Brazil, Amazon Basin; USSR, Valday Hills; USSR, Oka-Don Plain; 00353. Chernozem, fauna, microorganism, enzyme, USSR, Rostov Oblast; 00479. macrophyte, shallow water, reservoir, water purification, water quality, USSR, Dnieper River; 00545. near-infrared, mid-infrared, grassland, 02222. radiometer, reflectanc factor, soybean, field radiometry, Brazil, Paraiba; 06867.
phytomass production
transpiration, vegetation cover, plant growth, evaporation, USSR, Siberia, Desert Region; Asia, (Central); 12155.
phytoplankton
agricultural runoff, detention reservoir, sediment, nutrient, reservoir water quality, buffering capacity, chlorophyll, 04055. anthropogenic hydrocarbon, macroaggregate, thorium, seafloor, residence time, diffusion, scavenging, USA, Washington, Puget Sound; 08163. biologically available phosphorus, chlorophyll-a, trophic state, eutrophication, reservoir, modified biochemical oxygen demand method, algal growth potential method, lake water quality, phosphorus, limiting nutrient, Japan, Kiso River; 04051. biomass, coastal transition zone, satellite thermal imagery, temperature, USA, California; 06898. biomass, colour scanner, surface pigment, mixed layer depth, nutrient, euphotic zone, biological process, seasonal cycle, Atlantic, (North); 10029. biosorption, manganese, 00174. canal, lake water quality, eutrophication, water chemistry, saprobity, inorganic nitrogen, orthophosphate, chlorophyll-a, biological oxygen demand, historical data, hydrochemistry, Netherlands, Rijnland; 04068. carbon dioxide decrease, last glaciation, northern hemisphere, interglacial, glacial period, albedo, 06069. chlorophyll fluorescence, fluorescence, atmospheric property, 09221. climate, global warming, cloud, radiation balance, earth radiation budget, cloud condensation nuclei, 00690. coccolithophore bloom, CZCS, atmospheric correction, suspended sediment, bloom, North Sea; 02249. condensation nucleus, albedo, cloud nucleus data, marine phytoplankton, climate feedback, 08996. CZCS, bloom, Antarctica; Peru; Ecuador; Arctic Ocean; Mediterranean Sea; 02260. CZCS, ship observation, Bering Sea; 02246. denitrification, wastewater treatment, ammonia loading, nitrate loading, nitrogen dynamics, surface water quality, tidal river, estuary, USA, Virginia, Potomac River; Maryland; 01678. diatom bloom, suspended matter, flocculation, turbidity, marine snow, North Sea; 08291. dissolved silicate, sedimentation, surface water quality, diatom, biogenic silicate, eutrophication, particulate silicate, Netherlands, Rhine River; 00554. estuary, iron, anthropogenic source, trace metal, suspended particulate material, UK, Scotland, Firth of Clyde; Clyde Estuary; 04779. eutrophication, cycling, carbon, nitrogen, phosphorus, silicate, nutrient cycling, North Sea; 12986. eutrophication, denitrification, diagenesis, nutrient, pelagic ecosystem, sediment-water exchange, North Sea, Dogger Bank; 05966. fish farm effluent, surface water contamination, algae, macrophyte, nutrient, inorganic nutrient, nitrogen, phosphorus, UK, England; 01688. fluorescence, coccolithophore bloom, flow cytometry, 03464. fresh water, productivity, river discharge, nutrient, oligotrophic, Mediterranean Sea, Gulf of Lions; 05961. Gelbstoff, factor analysis, aerial photography, river, coastal water, suspended matter, 12795. growth rate, bacteria, deep sea sediment, productivity, phytodetritus, reef, Solomon Sea; Coral Sea; 00184. halocline, river inflow, sinking, decomposition, fresh water, Yugoslavia, Krka Estuary; 09462. iron availability, lability, photolysis, sea water, iron, 11778. lake, biomanipulation, water quality, phosphorus cycling, food web, fish, Netherlands, Lake Wolderwijd; Lake Nuldernauw; 09334. laser measurement, chlorophyll, marginal ice zone, 01129. light attenuation, bloom, ocean optics, Atlantic, (North); 11593. lipid, microorganism, biomarker, Iatroscan, bacteria, 05945. mass flux, sediment trap, organic particle, animal, euphotic zone, concentration gradient, 02431. micronutrient, iron, labile fraction, mixing experiment, sea water, 09450. optical property, surface water quality, absorption coefficient, scattering coefficient, underwater irradiance, turbidity, Australia, New South Wales, Murray-Darling Basin; South Australia, Murray-Darling Basin; 07498. organic matter, ocean circulation, nutrient, organism, chlorophyll, plankton, Pacific, (Equatorial); 11802. organic matter, peloid, phosphate, Cretaceous, biogenic detritus, Turkey, Mardin, Mazidag-Derik; 00130. photosynthesis, upwelling, turnover rate, fatty acid, particulate matter, Japan, Hachijo Island; 12982. primary production, multiple linear regression, incident irradiance, photosynthetic rate, Pacific; 03465. productivity, deep sea bed, microbial, carbon, biomass, Atlantic, (Northeast); 04761. reservoir limnology, eutrophication, nutrient condition, dissolved oxygen, Secchi depth, algal growth, Argentina, Uruguay River, Salto Grande Reservoir; 12193. settling velocity, neritic ecosystem, chlorophyll, biomass, primary production, sedimentation, Caribbean, Jamaica, Kingston; 05955. solar irradiance, seasonal variation, satellite image, euphotic zone, chlorophyll fluorescence, 06899. spring bloom, chelator, copper, sea water, trace metal adsorption, Canada, Nova Scotia, Bedford Basin; 09432. suspended solid, lake, diatom, pollution, remote sensing, Japan, Lake Biwa; 06972. tributary loading, calcium carbonate, precipitation, particle analysis, particle area temporal variation, USA, New York, Syracuse, Onondaga Lake; 09332. upwelling, productivity, biogeochemical cycle, organic carbon, nitrogen, Pacific, (Northeast); 02466. vegetation, biomass, wetland, flora, detrital particulate organic matter, USA, Oregon, Columbia River Estuary; 05821. velocity, viscosity, sedimentation, precipitation, coagulation, 05792. zooplankton, food web model, climatic change, marine trophic level, weather, data trend, 07726. zooplankton, lake water quality, heavy metals, mesotrophic lake, Poland, Lake Piaseczno; 02859. zooplankton, nitrate, carbon dioxide, Gulf Stream system, carbon cycle, parcel model, mixed layer depth, salinity, alkalinity, Atlantic, (North); 05491.
phytoplankton biomass
reservoir, seston, sediment trap, phosphorus, Czechoslovakia, Rimnov Reservoir; 12851.
phytoplankton flux
CZCS data, biological model, continental shelf, shelf ecosystem, nutrient flux, USA; 09218.
phytoplankton growth limitation
Antarctic water, enrichment experiment, biological pump, iron deficiency, Ross Sea; 08420.
phytoplankton pigment
CZCS, aerosol scattering, water leaving radiance, Rayleigh radiance, 12694. pigment, continental shelf, CZCS, pigment variability, USA; 09219.
phytoplankton production
river pollution, surface water quality, industrial effluent, India, Periyar River; 01692.
phytoplankton species
surface water, ocean, biogenic origin, dimethylsulphide, chlorophyll, Atlantic; 11220.
phytosanitary phenomena
forest cover type mapping, SPOT-1, GIS, resource manager, France, Mercantour National Park; 05735.
phytosanitary product
nitrate, groundwater contamination, catchment management, sewage, waste water disposal, water quality management, 07607.
phytosociological data
Tenagi Philippon core, interglacial, evergreen oak forest, steppe vegetation, maquis, garrigue, climatic condition, Quaternary(Late), multivariate analysis, palynological data, Greece; 10758.
phytotoxic photochemical oxidant
air quality, vegetation, pollution, biological indicator, Mexico; 01960.
Piaski Formation
permafrost, braided system, fluvial system, Weichselian(Late), stratigraphy, palaeoenvironment, Weichselian(Middle), diamicton, Poland; 07269.
Picea abies
adventitious root, dendrogeomorphology, debris flow, spruce, 06029.
Piche atmometer
ventilation term, Penman model, psychrometry, anemometry, latent heat flux, 00736.
Piche evaporation rate
evaporation calculation, Penman equation, shaded Piche evaporation, lake evaporation, aerodynamic term, open water evaporation, Sudan, Sennar Lake; 12152.
picomolar concentration
carbonyl compound, natural water, sea water, liquid chromatography, 06314.
pictograph
Pleistocene, human population, megafauna, stone tool, lithic tool, hunting, gathering, Brazil; 13094.
Picton Thrust
Old Freezing Works Thrust, Shakespeare Bay Thrust, Cenozoic(Late), thrust tectonics, erosional inlier, New Zealand, Picton, Marlborough Sounds; 03727.
pictorial information processing
image analysis bibliography, computer vision bibliography, 07968.
pictorial model
integrated decision aiding simulation methodology, oil spill, water resources management, computer model, numerical model, linguistic model, 06398.
picture processing
computer analysis, computer vision, 10295.
piecewise linear objective function
binding constraint, optimal solution monotony, acid rain abatement, linear programming, 13674.
piecewise parabolic method
numerical technique, discontinuity, finite volume scheme, numerical dissipation, 01795.
piedmont
glacis, epigeny, limestone, encrustation, Aptian marl sandstone, weathering, caliche, Tunisia, Tunisian Ridge, Jebel Bargou; 09628.

piedmont benchland
high altitude denudation surface, periglacial process, uplifted peneplain, erosion surface origin, geomorphological characteristic, low relief surface, crustal movement, peneplain, planation surface, summit level, landslide, Japan, Akaishi Mountains; Mikawa Plateau; 08351.
piedmont fan
recurrence interval, earthquake, headward migration rate, knickpoints age, gully, knickpoint, China, Helanshan Mountain; 02506.
piedmont lobe
deglaciation, calving phase, glacimarine sediment, radiocarbon date, glacioisostasy, last glaciation, sea level history, Canada, Northwest Territories, Ellesmere Island; 06173. deglaciation, glacial maximum, Wisconsin(Late) Glaciation, deep sea core, ice rafted detritus, Cordilleran ice sheet, radiocarbon age, Canada, British Columbia; 06118.
Piedmont peneplain
erosion rate, soil, landscape, soil temperature regime, weathering, pedogenesis, erosion, infiltration rate, topographic inversion, Fall Zone, eroded upland, USA, Piedmont; Coastal Plain; 02515.
Pieman Interglaciation
Langdon Interglaciation, Baxter Interstadial, Linda Glaciation, Regenct Interglaciation, Henty Glaciation, Moore Glaciation, Cainozoic(Late), glaciation, interglaciation, interstadial, pollen analysis, weathering, Margaret Glaciation, Tullabardine Interstadial, Australia, Tasmania; 02641.
piesometric level
hydrogeology, hydrogeochemistry, ground stability, water level, Tunisia, Tunis; 12241.
piezocone
dilatometer test, self boring pressuremeter, penetration pore pressure, clay, 03784. dilatometer, soil investigation, cone-piezocone penetration test, pressuremeter testing, in situ testing, 13042. statistical method, in situ testing, paper review, 13044.
piezocone penetration
clay, cone penetrometer, fissuring, in situ test, pore water stress, 04908.
piezocone penetrometer
flat dilatometer, dune, calibration test, sand, in situ density, Canada, Quebec, Ottawa River; 13047.
piezometer
historic piezometric data, linear programming model, groundwater recharge, Australia, Victoria, Girgarre Project Area; 02906. hydrologic condition, debris flow initiation, hillslope hydrology, pore pressure, antecedent moisture, tensiometer, USA, California, San Francisco; 10712. hydrosequence, water table, B horizon colour, soil colour, soil saturation, USA, Michigan; 10948. overland flow, saturated lateral flow, groundwater flow, inter flow, groundwater discharge, stream flow generation, fissure, joint, flow path, infiltration, tensiometer, 05127. shallow weathered chalk, infiltration, saturated hydraulic conductivity, permeability, hydraulic conductivity, chalk, groundwater flow, unsaturated zone, UK, England, Norfolk; 07522. water exploration, groundwater, arid zone, palaeochannel, drainage system, electromagnetic bipole-bipole method, resistivity map, Niger, Agadez, Teloua; 13422.
piezometric depression
environmental isotope, groundwater resources, tritium, carbon-14, water transfer movement, aquifer recharge, circulation, water table depth, evaporation flux, mathematical simulation model, Phreatic aquifer, Mali, Nara Region, Interior Delta; 06365. groundwater anomaly, hollow aquifer, aquifer hydrodynamics, cone of depression, evapotranspiration flux, palaeohydrogeology, sedimentary basin, Senegal; 05227.
piezometric head
inverse problem, groundwater flow, basis function, transmissivity estimation, 09863. parameter estimation, environmental tracer, aquifer model, basin transmissivity, basin storativity, groundwater flow, hydraulic head distribution, mass balance equation, Gauss Markov optimisation approach, 09875.
piezometric level
isotopic study, groundwater mixing, groundwater recharge, groundwater resource, piston flow, Mali, Koula Nossombougou; 00597.
piggyback basin
fault, compressional structure, palaeostress, structure, uplift, Italy, Sant'Arcangelo Basin; 13037.
piggyback basin fill
klippe, Martinsburg Formation, foreland basin, thrust terrane, Ordovician, USA, Pennsylvania, Shochary Ridge; 01291.
pigment
algal biomass profile, euphotic layer, productivity map, 11592. continental shelf, CZCS, pigment variability, phytoplankton pigment, USA; 09219. fatty acid, diatom, algae, biomarker, estuary, Yugoslavia, Krka River, Sibenik; Adriatic Sea, Sibenik; 09348. lake sediment, phorbin, carotenoid, sediment core, sediment water interface, USA, Wisconsin, Trout Lake; 09330. mud, carotenoid, biomarker, organic matter, upwelling, Pacific, Peru Margin; 01347. seston, shelf sea, radiometric determination, 04645. suspended matter, CZCS, water colour, 13962. wind, California Current, satellite, surface, Pacific; 02259.
pigment concentraion
loblolly pine, chlorophyll level, spectral measurement, 08090.
pigment concentration
CZCS, bura, hydrodynamical model, Adriatic Sea; 12783. spectral fluorescence technique, phycoerythrin, submarine light field, 10438. upwelling, AVHRR, CZCS, sea surface temperature, Atlantic, (North); 12784.
pigment content
FLI, airborne spectrometer, spectrometer, spruce forest, 09235.
pigment degradation
hypolimnion, palaeolimnology, sedimentation, aphotic, lake, USA, Wisconsin; 03526.
pigment measurement
marine macroalgae, macroalgae, fluorescence signature, 09220.
pigment retrieval
CZCS data processing, atmospheric correction, marine radiance, 10432.
pigment stratigraphy
lake, radionuclide dating, eutrophication, sediment accretion, Netherlands, Lake Vechten; 01208.
pigment variability
phytoplankton pigment, pigment, continental shelf, CZCS, USA; 09219.
pike
fish, GIS, ecology, habitat management, Canada, Lake Ontario, Hamilton Harbour; 13930.
Pikes Peat Granite
weathering, grus, corestone, weathering front, speleogenesis, granite cave, talus, boulder-filled stream channel cave, open-joint cave, USA, Colorado, Lost Creek; 12017.
Pikkala Sand
Kauhajoki Till, Harrinkangas Formation, sedimentological analysis, lithostratotype, Weichselian, sediment, stratotype, Kauhajoki Formation, Kela Formation, Siuntio Till, Espoo Till, Finland; 07238.
pile
collapsible soil, foundation, field test, Brazil, Pernambuco, Santa Maria da Boa Vista; 03804.
pile test
residual granitic soil, triaxial shear strength, granitic residual soil, cone penetrometer test, Portugal, Guimaraes, Azurem Site; 03795.
Pilica Interstadial
Younger Saalian, reforestation, Saalian sediment, till, Holsteinian, Eemian, Kleszczow Graben, Poland, Belchatow; 09579.
Pillara Limestone
Napier Formation, foot slope pediment, rillenkarren, tufa, gilgai, Pleistocene(Late) dune, karst, slope, reef exhumation, geomorphology, Devonian reef, Windjana Limestone, Australia, Western Australia, Napier Range; 07150.
pilot balloon
spectral energy, wind characteristic, boundary layer, India, Pune; 10008.
pilot project
data layer, waste storage, disposal facility, regional planning, USA, Vermont; 13974.
pilot study
national water management, benchmarking, commercial GIS, GIS concept, 10453.
piloting
expert system, navigation, USA, New York; Alaska; 04563.
piloting system
collision avoidance, knowledge based system, 13857.
pine
forest mapping, Landsat TM, forest classification, spruce, Germany, Bavaria, Regensburg; 01108. hardwood, oak, hickory, forest soil, soil solution, solution chemistry, nitrogen, soil chemical property, black locust, USA, North Carolina, Appalachians; 13259.
pine afforestation
regional planning, soil pattern, vegetation pattern, Mali; Chile; 11573.
pine bark
biological monitoring, mercury, moss bag, epiphytic lichen, vascular plant, pine needle, Finland; 01979.
pine climatic requirement
resource competition, subalpine, pine woodland, summer frost, 06465.
pine forest
delayed surface runoff, detention storage, surface runoff, storage capacity, litter layer, 07469. validation, land surface parameterisation, surface resistance, soil moisture, soil texture, moisture, turbulent flux, 03073.
pine growth
water logged soil, logging, USA; 02781.
pine needle
pine bark, biological monitoring, mercury, moss bag, epiphytic lichen, vascular plant, Finland; 01979. sea salt, marine aerosol, storm, dry deposition, sodium, potassium, magnesium, calcium, chloride, sulphate, Sweden; 03219. sulphur, iron, pollution, Pinus sylvestris, bioindicator, sulphur dioxide, fluorine compound, Finland, Kevo; Poland; 02069.
pine plantation
aluminium smelter, fluoride, litterfall, USA, South Carolina; 00406. nitrate, ammonia, infiltration, leaching, fertiliser, nitrogen, 00386. nutrient, leaching, rainfall simulator, 05072. rainfall simulation, nutrient, leaching, forest floor, 05073.
pine species
forest plantation, plantation, Landsat TM, USA, Kisatchie National Forest, Catahoula District; Kisatchie District; 09225.
pine stump
varved clay, Baltic Ice Lake, Yoldia stage, Ancylus transgression, bottom current, marine stratigraphy, sediment stratigraphic method, Sweden, Hano Bay; 04962.
pine woodland
summer frost, pine climatic requirement, resource competition, subalpine, 06465.
pinene
nitrogen oxide, nitrogen dioxide, nitric acid, nitrate, hydrocarbon, troposphere, biogenic hydrocarbon, isoprene, 04381.
pingo
closed system, Palaeozoic dolomite, permafrost, deglaciation history, dolomite bedrock, Canada, Mackenzie District, Mackenzie River Delta; 11998. summer thawing, seasonal thawing, permafrost, active layer, Mongolia; 09603.
pingo growth
Stefan's equation, permafrost, seasonal growth band, pingo ice, 05040.
pingo ice
pingo growth, Stefan's equation, permafrost, seasonal growth band, 05040.
pinnacle
mound, mesa, post glacial landscape, badland, melt water, gully, Canada, Alberta, Dinosaur Provincial Park; 11893.
pinon aldehyde
aerosol, long range transport, ozone, photochemistry, particulate matter, dicarboxylic acid, nitrate, organic carbon, phthalate, alkane, Japan; 00852.
pinonaldehyde

organic nitrate, monoterpene, ozone, sulphur dioxide, nitrogen dioxide, sulphuric acid, nitrogen oxide, 05505.
Pinus albicaulis
freeze thaw, mass wasting, glaciation, trough wall, moraine, cirque headwall, landslide, talus slope, rock glacier, severe climate, Cryoboralf, Cryochrept, geology, geomorphology, soil, whitebark pine ecosystem, Canada, Rocky Mountains; USA, Rocky Mountains; 03711.
Pinus contorta woodland
Tsuga heterophylla, Tsuga mertensiana, plant migration, coastal forest, Quaternary(Late), vegetation history, pollen, plant macrofossil, radiocarbon dated core, USA, Alaska, Chilkat Peninsula, Lily Lake; 00302.
Pinus pinaster stand
forest, sap flow, evaporation, energy balance, sensible heat flux, heat flux measurement, 13540.
Pinus sylvestris
bioindicator, sulphur dioxide, fluorine compound, pine needle, sulphur, iron, pollution, Finland, Kevo; Poland; 02069. electrolytic conductivity, sulphate concentration, pH, bark test, pollution, Poland, Ojcow National Park; 04455.
Pinyon juniper
chaparral, vegetation strip, watershed, hillslope stabilisation, erosion control, sediment delivery, ponderosa pine, USA, Arizona; 08539.
Pinyon tree
carbon dioxide, carbon-13, dendrochronology, palaeoclimate, ice core data, climate change, USA; 05451.
Pinyon-juniper woodland
ammonium, nitrate, burning, nitrogen, slash pile burning, 12064.
Pioneer Venus Radar Mapper
scattering property, radar scattering, landform, geologic unit, Arecibo image, Venus; 02524.
Pipe
sedimentary deposit, sediment transport, waste water, sewage pipe, 05874.
Pipe drainage
soil investigation, 05069.
Pipe flow
bypass flow, old water, water discharge, macropore, humid catchment, hillslope, preferential flow, soil water characteristic curve, through flow, runoff, soil water storage, 09804. forest blowdown, acidification, GIS, remote sensing, lake chemistry, surface water pH, landscape disturbance, hydrologic pathway, USA, New York, Adirondack Mountains; 05186. hydrograph, channel adjustment process, state of the art timber harvest, mixed conifer forest, overland flow, erosion, forestry, sediment transport, soil loss, USA, Arizona; 09912. runoff, surficial process, rainforest, rill, gully, overland flow, rainfall characteristics, hydraulic conductivity, saturated hydraulic conductivity, South America, Amazonia; 09801.
Pipe installation
streamflow regulation, culvert, forest stream, cost-benefit model, 01769.
Pipeline
buried oil pipeline, impact, discontinuous permafrost zone, permafrost, terrain, monitoring, Canada, Alberta, Northwest Territories; 05041. dam, reservoir, seismic energy, earthquake, natural catastrophy, neotectonic, canal, Greece; 06016.
Pipeline construction
Sod-Podzolic loam, reforestation, biogeocoenosis, USSR, Moscow; 00477.
Pipeline drawing
pipeline replacement planning, facilities management mapping system, Japan, Yokohama; 03473.
Pipeline information management
pipeline network, CAM, Japan, Tokyo; 03472.
Pipeline network
CAM, pipeline information management, Japan, Tokyo; 03472.
Pipeline replacement planning
facilities management mapping system, pipeline drawing, Japan, Yokohama; 03473.
Piper's classification principle
metamorphic aquifer, sedimentary aquifer, hydrochemical characterisation, groundwater mixing, groundwater quality, groundwater flow model, factor analysis, France, Western Alps, Allevard; 01715.
Pipestem
rhizosphere, root respiration, carbon dioxide, oxidation, carbonate, chloride, lepidocrocite, goethite, 00169.
Piping
forest clearing, quantitative study, debris movement, slope, sinkhole depression, fissure cave, weathering, block movement, creep, frost heaving, Czechoslovakia, Western Carpathians, Javorniky Mountains; 11896. runoff, terraced slope, soil erosion, quantitative investigation, erosion form, loess, vineyard, field measurement, Hungary, Tokaj Nagyegy; 08548. saprolith, depression, Bas fond, erosion processes, planation surface, laterite crust, Togo; 13022. slope failure, valley head hollow, discharge process, subsurface water, hydrogeomorphological characteristic, hillslope, 08392. trigger mechanism, gully system, slope retrogression, geomorphic effect, landslide, rotational type, mass movement, fault plane, cataclastic rock, Venezuela, Andes, Aracay River, Buena Vista; 09521.
Pipkrake
frost heaving, freeze-thaw, micromorphology, injection feature, Spain, Catalonia, Montserrat Mountains; 01599.
Pirate
eighteenth century map, Pacific; 05668.
Pisang
Manang, Buradhan, Omdu, moraine, monsoon, glacial landform, glacial advance stage, Annapurna, Little Ice Age, Gangapurna, Neoglaciation, Nepal, Himalayas, Manang Valley; 03884.
Pisolite
Holocene, continental shelf, carbonate sand, beach rock, limestone, 05851.
Piston core
Bolivina pacifica, benthic foraminifera, palaeoceanographic change, global climatic change, paleoenvironmental change, organic carbon, Japan Sea; 10751. dropstone, tidal pumping, iceberg rafting, laminated terrigenous sediment, subglacial, marine process, Antarctica, Antarctic Peninsula; 05010. microfossil, freshwater lake, Weichselian times, sea level, timing, postglacial marine invasion, radiocarbon dating, Indonesia, Halmahera, Kau Bay; 02682. palaeocirculation pattern, Pleistocene(Late), Holocene, deepwater circulation, melt water discharge, ocean ventilation rate, ventilation rate, circulation fluctuation, last deglaciation, mean grain size, detrital silt fraction, Atlantic, Blake Outer Ridge; 10744. palaeoclimatic model, Last Glacial Maximum, closed basin, lake level, oxygen isotope record, ostracoda, Pleistocene, seismic profile, China, Qinghai Lake; 13159. trade wind, glacial interglacial transition, sea level, melt water discharge, Holocene, solar forcing, high resolution record, Quaternary(Late), upwelling, anoxic basin, planktonic foraminiferal fauna, Venezuela, Cariaco Basin; Caribbean Sea; 10745.
piston core EN32-PC4
surface water cooling, glacial melt water routing, Laurentide glacial melt water, melt water influx, Younger Dryas, Orca Basin, USA, Gulf of Mexico; 08438.
piston flow
antecedent conditions, surface water quality, soil water chemistry, flow path, dry-wet hydrological cycle, bog, base flow, Norway, Birkenes; 13380. hydraulic conductivity, tracer experiment, soil moisture potential, chalk, recharge, groundwater hydrology, evaporation, fissure system, drainage, unsaturated zone, aquifer recharge, moisture content, UK, England, (Southeast); 07523. piezometric level, isotopic study, groundwater mixing, groundwater recharge, groundwater resource, Mali, Koula Nossombougou; 00597. saline water, irrigation water quality, unsaturated zone, gypsum amended soil, groundwater flow rate, preferential flow, dual water flow, 01697. slug flow, herbicide, groundwater contamination, chemical fate, bromide, atrazine, contaminant transport, tracer, preferential flow, USA, Kansas, Great Bend Prairie; 02928.
piston velocity
carbon dioxide, air-sea exchange, partial pressure, carbon dioxide, Atlantic; Pacific; 00931.
pit and mound microtopography
soil mixing, treethrow mound longevity, pedoturbation, mass wasting, tree uprooting, soil disturbance pattern, 07185.
pit formation
pitting rate, microorganism, wall deterioration, limestone wall, marble monument, cyanobacteria, cyanophilous lichen, biodeterioration process, rain bearing wind, lichen, weathering, Israel, Jerusalem; Italy, Rome; 08530.
pitot tube
balloon observation, aircraft measurement, wind, temperature, humidity, aerosol, 01823.
pitting
salinisation, rubification, desert pavement, soil development rate, soil chronosequence, soil development rate, cold desert ecosystem, boulder weathering feature, desert varnish, spalling, Antarctica, Transantarctic Mountains; 01491.
pitting rate
microorganism, wall deterioration, limestone wall, marble monument, cyanobacteria, cyanophilous lichen, biodeterioration process, rain bearing wind, lichen, weathering, pit formation, Israel, Jerusalem; Italy, Rome; 08530.
Pitzers equation
evaporite, sedimentation, sulphate, chloride, 12925.
PIXE
preconcentration, freeze drying, rain water, fog water, trace element, precipitation, 13746.
pixel
box filter, random noise, digital image, 06738. classification, hierarchy, expert system, 04571. edge detection, rotation invariance, invariance, 09106.
pixel analysis
landcover change, GIS, forest fire, USA, Michigan; 08091.
pixel scale
vegetation, subpixel, canopy cover, soil albedo, 06870.
pixel to pixel correlation
classification performance, TM data, Gaussian statistical parameters, autoregressive model, 07967.
place name study
National Gazetteer database, local research, USA, California, Los Angeles County; 05785.
place recognition
cartography, subjective generalisation, Black settlement, census data, South Africa; 08038.
placement condition
collapse, compacted non plastic till, water content, Canada, Quebec, James Bay; 03807.
placer
bed load, flume, gravel bed channel, heavy mineral, 02310. morphostructure, Triassic, Jurassic, geomorphological, palaeorelief, USSR, Siberian Platform, Malo-Botuobinsky; 03691.
placer gold mining
geocryology, frozen soil, creep, thermal pile, Antarctica; China, Qinghai-Xizang Plateau; 01460.
placer mining
gravel, gold placer, asymmetric drainage, USA, Alaska, Tofty; Eureka Creek; 13013.
plagioclase
amphibole, biotite, marl, Miocene, Eocene, volcaniclastics, Italy, Avolasca; 03600. sandstone, reservoir rock, Triassic, Lunde Formation, albitisation, North Sea, Viking Graben, Tampen Spur, Snorre Field; 00167. weathered perthite, granite, weathering, muscovite, kaolinite, halloysite, Australia, New South Wales, Ardlethan Tin Mine; Queensland, Trial Hill; 12022.
plagioclase alteration
labradorite evolution, weathering, basanite, pyroxenite, texture effect, France, Massif Central; Canada, Quebec, Mont Saint Bruno; 08521.

plagioclase feldspar
long term weathering, weathering rate, soil analyses, mobile cation, chronosequence, chlorite decomposition, weathering process, mica, UK, Scotland, Loch Chon; Allt a'Mharcaidh; UK, Scotland, Kelty Water; Norway, Hoylandet; 09621.
plague prevention
environmental monitoring, food security, FAO, locust, 00945.
Plainfield loamy sand
Blount silt loam, excessively fertilised soil, phosphorus, particle elemental composition, phosphorus-rich particle, 12069.
Plainfield soil
pesticide mobility, root zone model, tillage system, soil core, Upidsamment, USA, Wisconsin; 07347.
plan
GIS, input quality, map, 13836. landform, geomorphology, height, pattern, 03695.
plan preparation
total station, survey units, 07957.
Plan Sierra project
ecodevelopment, shifting cultivation, irrigated land, soil loss measurement, puente de erosion, farming system stabilizing, hillside farming system, Dominican Republic, Sierra; 06221.
planar graph
scale dependence, spatial feature, 01052.
planar slope
anisotropy, hillslope, infiltration, 08391.
planarian surface
soil development, erosional relief, humid tropical climate, oxisol, relief generation, Thailand, Khorat Plateau; 02518.
planatation surface
morphotectonics, relief, tectonic structure, USSR, Karakorum Range; 08380.
planation
perhumid tropical zone, humid climate, ferrallitic soil, podzol, tropics, general planation model, peat soil, soil cover, Venezuela, Amazonia, Rio Negro Basin; Brazil, Amazonia; 10680. regolith, crust, weathering, 13018. tropical region, geomorphological terminology, planation surface, latosol, laterite, etchplain, pediplain, pediment, 00218.
planation surface
cuesta landscape, climato genetic geomorphology, geomorphology, climatic change, landform evolution, soil formation, Germany; Europe, (Central); 07146. fault, uplift, morphostructural analysis, horst, Rhodanian, tectonic movement, Pannonian, USSR, Carpathians, Lesser Carpathians; 08378. ferricrete, Pleistocene(Middle), alucrete, silcrete, duricrust, morphostratigraphic marker, Nigeria, Jos Plateau; 06006. geomorphic evolution, ablation rate, Tertiary erosion, uplift, weathering-ablation model, saprolite, clastic sediment, sediment volume, Canada, Quebec, North Appalachians; 13019. laterite crust, piping, saprolith, depression, Bas fond, erosion processes, Togo; 13022. latosol, laterite, etchplain, pediplain, pediment, planation, tropical region, geomorphological terminology, 00218. microstructural analysis, multidirectional extension, isostatic adjustment, neotectonic feature, Spain, Pyrenees, Sierras Exteriores; 10690. neotectonics, geomorphology, palynological analysis, terrace, lateritic deposit, India, Manipur; 00226. polygenetic surface, etchplanation, deep weathering, granite decomposition, landform development, china clay, growan, humid temperate weathering, saprolite age, UK, England, Devon, Dartmoor; Cornwall, Bodmin Moor; UK, England, Cornwall, St. Austell Moor; 00221. regional subsidence, subsidence, geomorphology, Okhotsk slope, submarine volcano, guyot, hypsometric analysis, USSR, Kuril Ridge, Iturup Island; Sea of Okhotsk; 08383. saprolite, REE dispersion, laterite, Quaternary, tectonic, climatic record, India; 12020. summit level, landslide, piedmont benchland, high altitude denudation surface, periglacial process, uplifted peneplain, erosion surface origin, geomorphological characteristic, low relief surface, crustal movement, peneplain, Japan, Akaishi Mountains; Mikawa Plateau; 08351. summit level, morphochronology, morphotectonics, crustal movement, global tectonics, denudation chronology, Africa; Europe, (Central); Europe, (Southeast); Europe, (Northern); USSR, Caucasus Mountains; 13020. table mountain geology, surficial geochemistry, Venezuelan Guayana Shield, Auyan tepui planation surface, peat bog, nutrient cycle, karst like topography, Gran Sabana landscape, Venezuela, Bolivar, Chimanta Massif; 09492.
plane
optimisation problem, center problem rectilinear, problem center, 09104.
plane species
zonality concept, precipitation, pedogenic zonation, temperature, Chile; Antarctica; 01594.
plane strain experiment
compression experiment, water saturated sand, fine grained sand, granular material, liquefaction, permeability, shear strength, 09513.
plane sweep overlay
toplogical structuring, line segment classification, 11504.
planed dune
limestone crust, palaeodunes, Quaternary sequence, alluvial reg, Nouakchottian marine formation, Holocene deposit, Ogolian dune, Mauritania, Tijirit; 03875.
planet
geological mapping, planimetric map, 04578. mapping, geology, 04607.
planetary boundary
land atmosphere interaction, surface energy flux, 07703.
planetary boundary layer
Bowen Ratio, evaporation, regional evaporation, prairie, atmospheric boundary layer, latent heat flux, 13314. convection, wave-wave interaction, large eddy state, cloud street pattern, wave-mean flow interaction, roll vortex, 01851. entrainment, forest, surface energy balance, 03030. heat flux, complex terrain, boundary layer, stability breakdown, 13505. soil, canopy, PAN, nitrogen, hydrocarbon, ozone, rain forest, wet season, photochemical model, Brazil, Amazon; 07850. updraught, dispersion model, Gaussian distribution, vertical velocity distribution, 03057.
planetary cartography
catography, Moon; Mars; Mercury; Venus; 04591.
planetary cooling
equilibrium line, ice age, glaciation theory, ice sheet reconstruction, albedo, global cooling, tectonic uplift, China, Tibet; India, Himalaya Mts; 11913.
planetary mapping
Mars, cartographic product, High Resolution Stereo Camera, database, 03277.
planetary observation analysis
Mars, dust cloud, meteorological survey, 07622.
planetary scale wave
cloud top dynamics, cloud, Kelvin wave, zonal wind, gravity wave, Rossby-Haurwitz wave, midlatitude jet, Venus; 01792. monsoon rainfall, coupling, El Nino, India; 12378. stormtrack, symbiotic relationship, synoptic scale wave, wave, 13575. synoptic scale wave, wave, meridional circulation, low latitude, Hadley cell, monsoon circulation, Asia, (East); 11236.
planetary wave
circumpolar vortex, gravity wave, ozone hole, atmospheric dynamics, atmospheric transport, photochemistry, middle atmosphere, stratospheric warming, Southern Hemisphere; 08919. climatic change, middle atmosphere, carbon dioxide, troposphere, stratosphere, static stability, 01953. global temperature data, geopotential height data, eastward travelling wave, stratosphere, Southern Hemisphere; 12418. gravity wave, constituent transport, two dimensional model, middle atmosphere, middle atmosphere tracer transport, photochemically active species, 04387. middle atmosphere, mesosphere, thermosphere, gravity wave, 11239. middle atmosphere, Rossby wave, 08925. middle atmosphere, thermospheric meridional wind tide, equinox, Argentina; 04233. ozone depletion, ozone climatology, ozone, 00877. regime, wintertime circulation, dynamical predictability, cluster, European Centre for Medium Range Weather Forecasts model, 13590. three level quasi geostrophic model, Newtonian process, Rossby wave, Ekman layer, diabatic heating, thermal equilibration, 04258. wave wave interaction, winter warming, stratosphere, quasi periodic amplification, Southern Hemisphere; 12417. weather regime, general circulation model, 01882.
planetary wave amplitude
ozone, circumpolar vortex, TOMS data, vortex breakdown, Antarctica; 06699.
planetary wave critical layer
equivalent barotropic framework, potential vorticity, dissipation, 04266.
planetary wave forcing
stratosphere, polar vortex, tropical wind, quasi-biennial oscillation, stratosphere, planetary wave transport, 01890.
planetary wave structure
sea surface temperature, ozone hole, stratosphere, vertical propagation, Pacific, (South); 08928.
planetary wave transport
planetary wave forcing, stratosphere, polar vortex, tropical wind, quasi-biennial oscillation, stratosphere, 01890.
planform
hydrologic response, basin morphometry, time to peak, basin characteristic, hydrograph, drainage basin, peak flood, topography, flood routing, hypsometry, 07462. point bar, morphostratigraphic unit, floodplain, bedform, Canada, British Columbia, Squamish River; 10501.
planimetric coordinate
coordinate, GPS, 11440.
planimetric data
vector form, raster form, database, 11499.
planimetric map
planet, geological mapping, 04578.
planimetric survey
survey data, data collection, 07953.
planktic
stable isotope record, spectral analysis, Ocean Drilling Program, biostratigraphic, magnetobiochronology, high resolution, USA, Mississippi River; Gulf of Mexico; 03860.
plankton
biomarker, fresh water, terrestrial marker, fatty acid, organic matter, France, Rhone Delta; 12858. detection, pelagic organism, lake, fish, 04662. fish, atmospheric deposition, total organic carbon, pH, lake water quality, mercury, sediment, USA, Minnesota; 07480. heavy metal, pollution, toxicity, China, Xiamen Bay; Jiulong River; 09387. ocean, natural water, particle, suspension, carbon dioxide, 03690. phytoplankton, organic matter, ocean circulation, nutrient, organism, chlorophyll, Pacific, (Equatorial); 11802. zoobenthos, ichthyofauna, sediment, mesotrophic lake, lake water quality, heavy metals, Poland, Lake Piaseczno; 02860.
plankton accumulation
fishery, climatic service, agricultural development, food production, solar energy, wind potential, oil seed production, ocean current, upwelling, 05293.
plankton bloom
diatom, marine snow, aggregate, Joint Global Ocean Flux Study, pelagic water, Adriatic Sea; 05927.
plankton chlorophyll
biological activity, fossil fuel, spatial variability, sink, carbon dioxide, partial pressure, Atlantic; 13653.
plankton composition
biogenic content, black shale, Neruchevs views, trace element, syngenesis, 09448.
planktonic algae
kerogen, source rock, chemical mapping, organic matter, Dorset Formation, Jurassic, UK, England, Dorset; 07097.
planktonic foraminifer
sediment accumulation rate, SPECMAP, Milankovitch periodicities, Pleistocene(Late), periodicity, oxygen isotope ratio, calcium carbonate, magnetic susceptibility, high resolution stratigraphy, Indian Ocean, ODP Site 728A; Arabian Sea, ODP Site 728A; 11923. uplift rate, accu-

mulation rate, marine sedimentary record, tectonism rate, strontium isotopic composition, sea water, chemical weathering rate, dissolved flux, ocean, 05049.
planktonic foraminifer fauna
pteropod preservation, equatorial, salinity, nutrient level, aragonite preservation, Quaternary(Late), Maldives, Chagos-Laccadive Ridge; Indian Ocean; 03866.
planktonic foraminifera
alkalinity, ocean, surface water, phosphate, carbon dioxide, productivity, carbon reservoir, 08994. historical record, instrumental record, mountain climate, glacio-hydrological response, climatic change, sea surface temperature, 03044. Holocene, North Atlantic Deep Water, carbon dioxide, glacial, interglacial, alkalinity, polar ice, cadmium, 00911. salinity, anoxia, Pliocene, Tertiary, laminated sediment, Pleistocene, climatic change, laminite, geochemistry, micropalaeontology, palaeoclimatic condition, stable isotope analysis, Italy, Calabria, Vrica; 00281. sea surface temperature, thermocline, marine sediment, upwelling field variability, data-model comparison, global circulation model simulation, Indian summer monsoon, monsoon, coastal upwelling, Indian Ocean; Middle East, Arabian Sea; 02617.
planktonic foraminiferal asseamblage
hydrographic change, Benguela Current, Angola Current, coastal upwelling cell, global cooling, Neogloboquadrina dutertrei, upwelling signal, Atlantic, Walvis Ridge; 10747.
planktonic foraminiferal assemblage zone
tropical, graphic correlation, oxygen, Florida Loop Current, subzonal boundary, accumulation rate, biogeographic model, Quaternary, Caribbean Sea, Colombia Basin; Atlantic; USA, Gulf of Mexico; 03857.
planktonic foraminiferal fauna
piston core, trade wind, glacial interglacial transition, sea level, melt water discharge, Holocene, solar forcing, high resolution record, Quaternary(Late), upwelling, anoxic basin, Venezuela, Cariaco Basin; Caribbean Sea; 10745.
planktonic isotope record
benthic isotope record, stable isotope record, foraminifer, glacial interglacial amplitude, surface water temperature, cooling event, carbon accumulation rate, upwelling, monsoon, Pleistocene(Late), hydrography, Indian Ocean, ODP Site 724; Arabian Sea, ODP Site 724; 11922.
Planktontic foraminifera
photic zone, well mixed surface layer, trade wind strength, thermocline, ocean model, reconstruction, tropical Atlantic hydrography, Atlantic; 02610.
planner
natural resource, conservation, Farm Bill, USA; 06872.
planners
remote sensing, Landsat, SPOT, GIS, 02082.
planning
administration, geological data, Norway; 09187. beach erosion, coastal defence, dune, Italy, Gulf of Venice, Lido di Jesolo; 01224. budget and finance, economic benefit, meteorology, hydrology, Latin America; Caribbean; 05301. fire management, GIS, USA, California, San Bernardino National Forest; 06884. gaming tool, thematic mapping, management simulation, 06934. geography, GIS, DTM, environmental science, 09169. geomorphological map, map, geoecological planning, Germany, Mannheim; 09142. GIS, decision support, Netherlands; 06922. GIS, spatial information, 05622. green belt, bioclimate, urban climate, Germany, Ruhr; 08869. hypermap, cartographic document, 10328. land management, water quality, water resource, water management, water demand, water supply, environmental consideration, USA; 05254. management, foreshore, beach, tide, Spain, Las Palmas, Las Canteras beach; 06998. map legibility, land use, landscape, 06923. map, small scale map, environmental planning, Scandinavia; 09205. market, SPOT, spectral band, stereoscopic coverage, 02076. municipal GIS, common data, regional government, transportation, Canada, Ontario; 01142. real estate developer, GIS, land development, 09297. region, GIS, resource, Indonesia; 04664. rural settlement, geomorphology, spatial distribution, India, Rajasthan, Barmer District; 00265. sediment transport, sandy beach, beach, wave energy, 12859. semi arid region, environmental degradation, geoscientific map, Spain, Valencia; Canary Islands, Gran Canaria; 09295. urban planning, regional planning, developing country, Asia; Pacific; 02278.
planning agency
spatial analysis, mapping system, GIS, USA, California; 03481.
planning and design
organisational developments, GIS, 05642.
planning atlas
urban area, cartography, atlas, Austria, Vienna; 02276.
planning attribute
GIS, planning process, information requirement, planning entity, 05761.
planning decision
GIS, computer network, digital technology, social change, 06748.
planning design
planning legislation, Dutch National Physical Planning Agency, GIS, Netherlands; 05647.
planning entity
planning attribute, GIS, planning process, information requirement, 05761.
planning legislation
Dutch National Physical Planning Agency, GIS, planning design, Netherlands; 05647.
planning map
map reading, public, teaching, 04587.
planning practice
functionality, policy environment, GIS, Netherlands; 10454.
planning process
information requirement, planning entity, planning attribute, GIS, 05761. urban planning, regional planning, GIS technology, 05759.
planning proposal
residential area, GIS, location decision, Netherlands, Randstad; 05758.
planning responsibility
urban area mapping, address matching, postal zip code, USA, New York, Broome County; 08021.
planning tool
developing world, remote sensing, environmental change, Peru; Bangladesh; 02275.
plant physiology
water balance, leaf area index, evaporation, transpiration, agrometeorological water balance, crop simulation model, crop wateruse, Africa, Sudan; Sahel; 12159.
plant
algae, phosphate, coprecipitation, calcite, freshwater, 03641. animal, metal concentration, pH, forest, Sweden; 02767. canopy, microclimate, Eulerian theory, Lagrangian theory, turbulent transfer, 11191. insecticide, forestry, permethrin, invertebrate, Canada, Ontario; 11705. methane, oxidation, peat sediment, incubation, root, USA, Florida Everglades; 03642. organic carbon, organism, peat horizon, sedimentary peat, aquatic organism, Canada, British Columbia, Vancouver Island; 02434. Quaternary, carbonate, calcite, freshwater, tufa deposit, 02346. root, calcrete, Triassic, Otter Sandstone, alluvial fan, pedogenesis, palaeosol, UK, England, Devon; 11768. salinity gradient, organic matter, methanogenesis, carbon cycling, freshwater, macrophyte, USA, North Carolina, White Oak River Estuary; 03538. salinity, electrical conductivity, salt tolerance, Australia; 02792. soil strength, root, Indonesia; 01547. soil, grassland, Lithic Cryorthent, calcschist, alpine zone, France, Vanoise Massif; 00469. soil, heavy metals, zinc, copper, lead, nickel, cadmium, China, Beijing; 00432. Spartina, oxygen, rhizosphere, iron hydroxide, pore water, rhizoconcretion, salt marsh sediment, Portugal, Tagus Estuary; 04842. succesional sequence, calcium carbonate, floodplain, soil, isotope, carbon, ecosystem, USA, Alaska, Tanana River; 07070.
plant availability
soil copper fraction, copper fractionation, sesquioxide, organic matter, copper, Canada, Saskatchewan; 13282.
plant available potassium
predictive model, soil extractant, available potassium, potassium, extractant procedure, Canada, Ontario; 08614.
plant biomass variability
multiple regression model, soil moisture, USA, Great Plains; 00492.
plant biostratigraphy
Shobudani Formation, plant extinction, climatic change, topographical change, extinction, Pleistocene(Early), Japan, Wakayama Prefecture, Hashimoto City; 00287.
plant canopy
agronomy, reflectance measurement, light polarisation, 08087.
plant canopy reflectance
photon transport, leaf dimension, Monte Carlo method, 03430.
plant cellulose
atmospheric isotopic composition, carbon dioxide, carbon cycle, photosynthesis, 09079.
plant chlorophyll
motor vehicle emission, bio assay, photosynthesis, particulate, pollution, traffic, 05490.
plant community
animal community, management, dune, engineer, conservation, Netherlands, Delta Coast; Wadden Island Coast; Netherlands, Holland Coast; 10548. elevation, total soil depth, water holding capacity, rooting depth, soil variable, USA, Nevada, Humboldt National Forest; 00459. microclimate, snow, soil moisture, muskoxen, Canada, Northwest Territories, Ellesmere Island, Sverdrup Pass; Arctic; 07684.
plant cover
semi arid area, erosion, weathering, sub humid area, Morocco, Adour Basin; Sebou Basin; 09325.
plant debris
lignin, biomarker, bulk sediment, cutin acid, conifer needle, tissue, USA, Washington State, Dabob Bay; 05949.
plant decay
laboratory reflectance spectra, dry plant material, green plant material, 05739.
plant density
soil water, energy balance, stem flow measurement, evapotranspiration, water balance, evaporation, transpiration, Bowen ratio method, cotton crop, microlysimeter, leaf area, USA, Texas, Lubbock; 05119.
plant dynamics
neoglacial chronology, floristics, relative age, weathering feature, lichenometry, soil, chronosequence, Holocene, USA, Wyoming, Teton Range; 06140.
plant extinction
climatic change, topographical change, extinction, Pleistocene(Early), plant biostratigraphy, Shobudani Formation, Japan, Wakayama Prefecture, Hashimoto City; 00287.
plant fossil
physiognomic method, global climate, global warming, climate change, vegetation, 05458.
plant growth
evaporation, phytomass production, transpiration, vegetation cover, USSR, Siberia, Desert Region; Asia, (Central); 12155. photosynthesis, partitioning, stomatal conductance, canopy evaporation, canopy temperature, soil evaporation, vapour pressure deficit, crop weather model, carbon dioxide, 05280. soil, tropical region, global warming, climatic change, 07313. yield, dose response relationship, crop loss, pollutant, exposure, 11363.
plant growth model
runoff, germination, growth, climatological record, rainfall, daily rainfall record, rainday effect, Australia; 07807.
plant invasion
paleoecology, natural invasion, anthropogenic invasion, Europe, (South); 08486.
plant macrofossil
buried soil, climatic shift, Aranuian, vegetation history, pollen diagram, New Zealand, Canterbury, Arrowsmith Range, Prospect Hill Plateau; 03900. high altitude lake, vegetation change, effective precipitation, Neoglacial cooling, Holocene, forest development, palaeoclimate, pollen, USA, California, Sierra Nevada; 02661. radiocarbon dated core, Pinus contorta woodland, Tsuga heterophylla, Tsuga mertensiana, plant

migration, coastal forest, Quaternary(Late), vegetation history, pollen, USA, Alaska, Chilkat Peninsula, Lily Lake; 00302. Weichselian(Late), distribution map, Holocene, Denmark; Finland; Norway; Sweden; 09558.
plant migration
coastal forest, Quaternary(Late), vegetation history, pollen, plant macrofossil, radiocarbon dated core, Pinus contorta woodland, Tsuga heterophylla, Tsuga mertensiana, USA, Alaska, Chilkat Peninsula, Lily Lake; 00302.
plant part
sulphur gas, soil, leaf litter, 10177.
plant physiological process
transpiration, forest decline, acid deposition, soil acidification, water yield, forest catchment, rainfall runoff relationship, runoff coefficient, Germany, Black Forest, Eyach Catchment; 08801.
plant physiology
crop water balance, rainfall, evaporation, transpiration, runoff, deep drainage, soil water storage, crop wateruse, wateruse efficiency, tillage, fertiliser application, soil characteristic, water balance, Africa, Sudan; Sahel; 12141. database, cultural practice, wateruse efficiency, evaporation, crop water requirement, potential evapotranspiration, soil water balance, Africa, Sudan; Sahel; 12142. soil characteristic, crop wateruse, water management, soil water movement, infiltration, drainage, evaporation, wateruse efficiency, soil water balance, Africa, Sudan; Sahel; 12290.
plant population growth
reaction kinetics, Holocene, pollen curve, model, 04933.
plant production
nutrient rich water, surface water, transient tracer data, fertilisation, iron fertilisation, carbon dioxide, 07743.
plant remains
insect remains, Innerkip site, Sangamon Interglaciation, Isotope Stage 5e, Wisconsinan interstadial, Coleoptera, Pleistocene(Late), vertebrate remains, Canada, Ontario, Thames River; 07259. insect remains, Plio Pleistocene, Kap Kobenhavn Formation, palaeoecology, forest tundra, Greenland, Peary Land; 09595. microfossil, palynomorph, provenance, burial, fossil, preservation potential, 07067. sediment identification method, fabric, sample processing, 09556.
plant remains preservation
archaeological plant remains, palaeobiocoenosis, thanatocoenosis, palaeoethnobotanical research, 09557.
plant root
lateritic soil, climate, aeolianite, pedogenesis, Bahamas, Eleuthera; 12984. phosphorus, potassium, nitrogen, microbial sulphur, soil flush, pastoral soil, sulphur, New Zealand; 07366.
plant species
tissue, terrigenous material, organic matter, fatty acid, cutin, 05944.
plant stress
chlorophyll fluorescence, fluorescence lifetime, Kautsky effect, lidar, 01103. pollution, industrial dust, agricultural plant, 06875.
plant tissue
aquatic plant, element composition, macrophyte, 11765.
plant type
cutin, leaf, fatty acid, Ilex aquifolium, tissue, cupric oxide, 05970.
plant uptake
grassland management, radionuclide, UK, England, Cumbria; 01596. mass balance, organic soil, nitrate depletion, riparian zone, runoff water density, surface water chemistry, denitrification, New Zealand; 06318. soil phosphorus, phosphorus, USA, Michigan; 00425.
plant water content
agronomic application, wheat, radar backscatter, 10420. soil moisture, agricultural management, crop production, microwave radiometry, Italy; 12758.
plant water potential
soil moisture, water use efficiency, grassland ecosystem, soil water dynamics, transpiration, water loss, evapotranspiration, leaf conductance, 05118.
plant water stress
leaf area index, leaf water content, infrared reflectance, 01106.
plant water use
cork oak forest, interception, stem flow, soil moisture, evapotranspiration, drought cycle, water balance, forest hydrology, transpiration, eucalypt forest, Portugal, Alentejo, Odemira; 09914. groundwater, soil property, capillary rise, landscape type, 05206. water potential gradient, non rooted aggregate, aggregate size, relative humidity, 05205.
plant yield
phosphorus, soil test, dry matter, 02795.
plant-induced
smectite neogenesis, mineral component, simulated lunar soil, crop plant, weathering, Moon, USA, Minnesota, Duluth; 12018.
plantation
Landsat TM, pine species, forest plantation, USA, Kisatchie National Forest, Catahoula District; Kisatchie District; 09225. weathering crust, limestone, dolomite, karst process, palaeoalpine relief, Poland, Carpathian Mountains; Czechoslovakia, Carpathians Mountains; 08343.
plantation forest
Taungya cultivation, paired catchment study, gullying, erosion acceleration, clearcutting, Indonesia, Java; 06241.
plantation geochemistry
rubber plantation, organic matter, nutrient element, tropical soil, China, Hainan Island; 08634.
plantation soil
soil classification system, soil attribute, 09652. soil property, tropical soil, agroforestry, soil fertility, Costa Rica; 07422.
plantation surface
Oligocene, Pliocene, palaeokarst development, karst form, neogene karstification, karstification, chronological sequence, cave development, Hungary, Rudabanya Range, Osztramos Hill; 02559.
planting
land registry, forest cover, expert system, pest related management, management, Canada, Quebec; 13945.
plasma
solar wind, Ulysses, heliosphere, solar corona, 05563.
plasma irregularity
equatorial electrojet, ionospheric plasma, radar interferometric imaging, Peru, Jicamarca; 12693.
plasma separation
swelling, stress-strain regime, stress, shear deformation, micromorphological clay orientation, plasmic fabric, 02534.
plasma spectrometry
chemical analysis, element, soil, 11815.
plasma wave
upper hybrid frequency emission, sounder experiment, equatorial plasma turbulence, 03399.
plasmasphere
electric field detector, double probe technique, ion beam technique, ionosphere, 03390.
plasmic fabric
plasma separation, swelling, stress-strain regime, stress, shear deformation, micromorphological clay orientation, 02534.
plastic clay
sand, constitutive modelling, soil behaviour, three modulus hypoelasticity, China, Wuhan; France, Paris; 03766.
plastic limit
over consolidated ratio, lacustrian clay, statistical evaluation, engineering property, clay, undrained shear strength, plasticity index, liquidity index, Canada; 02543. predicting, young volcanic soil, Andosol, void ratio, undrained shear strength, 03798.
plastic strain increment
yield function, flow rule, hardening function, boundary stress, shear, isotropic soil, elasto plastic soil, 11890. yield function, unsaturated soil, constitutive equation, flow rule, 03806.
plasticity
constitutive model, partially saturated soil, compaction, partial saturation, 04903.
plasticity index
liquidity index, plastic limit, over consolidated ratio, lacustrian clay, statistical evaluation, engineering property, clay, undrained shear strength, Canada; 02543.
plasticity theory
shear volumetric coupling, soil behaviour theory, soil constitutive behaviour, dilatant capability, endochronic plasticity, 09514.
plate
relative motion, transform plate motion, transpressive plate motion, San Andreas Fault, Pacific Plate, California Plate, Neogene(Late), USA, California; 08355.
plate bearing resistance
drainage, bearing resistance, subsoiling, New Zealand, South Island; 04015.
plate boundary
earthquake, tsunami, seafloor, volcano, subsidence, submarine eruption, 08168. sea level fluctuation, palaeogeography, facies pattern, Cretaceous, tectonic subsidence, Spain, Jumilla-Cieza Region; 01295. strike-slip movement, geodetic shear strain, Alpine fault zone, triangulation network, Pacific-Australian Plate, New Zealand, South Island, Haast; 13032. tectonic plate motion, LAGEOS, geological model, 12710.
plate boundary zone
GPS, tropospheric calibration, plate motion vector, geodetic measurement, Caribbean Sea; 12709.
plate convergence
authigenesis, coal, shale, cleat set, hydrothermal, stress field, USA, Pennsylvania, Anthracite Region; 02416. geothermal regime, chloride, brine, diagenesis, interstitial water, hydrogeological system, Peru; 01243. offscraping, accretionary prism, decollement, friction, underthrust sequence, USA, Alaska; 01288.
plate junction
climate change, lake, fault, groundwater, weathering, Ethiopia, Lake Asal; Lake Afrera; 10522.
plate margin
Cretaceous(Late), Pleistocene, uplift, sediment basin, Cenozoic, tectonic transpression, Hispaniola, Haiti, Peralta-Rio Ocoa Belt; Dominican Republic, Peralta-Rio Ocoa Belt; 09417. earthquake, continental slope, Quaternary, Holocene, fault, glide plane, trench slope basin, New Zealand, North Island, Kidnappers Slide; 10568. pelagic clay, volcanic sediment, subduction zone, geotechnical study, bulk density, shear strength, Banda Sea; 00093.
plate motion
GPS satellite survey technique, dislocation model, crustal deformation, leveling network, longitundinal valley fault, 04900. trench arc backarc system, hotspot, subduction hinge migration, rollback, Philippine Sea, Izu-Bonin-Mariana Arc; 03726.
plate motion vector
geodetic measurement, plate boundary zone, GPS, tropospheric calibration, Caribbean Sea; 12709.
plate movement
climatic zone, montmorillonite, clay mineral, spreading axis, Atlantic, (Northwest); 00090. sedimentation, rift, tectonics, upheaval, strike slip, Egypt, Red Sea; 03630. sedimentation, tectonic setting, sea level variation, Mesozoic, basin, Greenland; 05920.
plate tectonic
polar ocean, sea bed morphology, bathymetry, morphology, Ross Sea; Weddell Sea; Arctic; 03870.
plate tectonic model
side-scan sonar, ocean depth, marine geoscienstist, 10287.
plate tectonics
accumulation rate, Neogene, climatic change, monsoon, deep sea sediment, current system, Indian Ocean, Mascarene Plateau, ODP Hole 711A; 03578. basin evolution, palaeocontinental reconstruction, Cenozoic, Indonesia; 07173. deformation analysis, geodetic technology, positioning, gravity field, 00973. ocean floor, structural subdivision, megageomorphology, global geomorphology, 07126. palaeoclimatic event, palaeoceanographic event, sedimentation, Cenozoic, phosphorite, 00118. trace gas, aerosol, radiation balance, mechanism, climate change, Milankovitch forcing, 11292. turbidite, Berriasian, Valan-

ginian, abyssal plain, Cretaceous, Indian Ocean, Argo Abyssal Plain; Gascoyne Abyssal Plain; 00094.

late velocity
sea level, asthenospheric viscosity, deglaciation, mantle viscosity, model, postglacial rebound, heat flux, geoid anomaly, 13029.

lateau
diffuse irradiance, scattering, albedo, ultraviolet irradiance, Antarctica, Plateau Station; 09976.

lateau gravel
preAnglian, glacial deposit, St. Erth Beds, cave, UK; 13148.

lateau uplift
climate change, plateau uplift, general circulation model, tectonics, glaciation, aridification, Cenozoic(Late), 09538. general circulation model, tectonics, glaciation, aridification, Cenozoic(Late), plateau uplift, climate change, 09538.

latform
Buntsandstein, Platy Dolomite, packstone, stromatolite, oolite, sedimentary cycle, Poland, Leba Elevation, Puck Bay Area; 01280. cross sectional shape, gradient, channel sinuosity, river channel, channel adjustment, river regime, complex response principle, China, Weihe River, Sanmenxia Reservoir; 04047. Eocene, Oligocene, Neogene, sediment source, current, shelf prism, New Zealand, Canterbury Basin; 07017. eustatic change, environmental change, sediment supply, depositional bias, carbonate, sea level cycle, 09485. faunal association, biocoenoses, Permian(Middle), Afghanistan, Hindu Kush; 08259. Last Interglacial, sea level, thermoluminescence, uraniumn thorium chronology, Pleistocene, coastal landform, TL determination, aeolian sand, crustal age, Australia, New South Wales, Illawarra region; 07276. limestone, ammonite, biochronology, Callovian, Oxfordian, carbonate, sea level change, Argentina, Neuquen Basin; 09427. palaeowind, carbonate, eolianite, diagenesis, sand ridge, China, Fujian, Putian; 03521. provenance reversal, sedimentation, carbonate build up, flysch, Ordovician, foreland basin, orogen, erosion, Canada, Newfoundland; 05913. reef, carbonate sand deposit, sand, Holocene, tidal current, USA, Florida Keys, Quicksands; 05844. Riphean, Quaternary, basin, clay, USSR; 09471. sequence stratigraphy, shoreline, carbonate, basin, France, Western Alps, Southern Vercors Plateau; 11742.

latform carbonate
dolomite lens, cement, brine, fluid inclusion, basin, USA, Arkansas, Ozarks; Missouri, Ozarks; 09408. reef, Wilkawillina Limestone, Parara Limestone, Cambrian, palaeoecology, Australia, South Australia, Flinders Ranges, Wilkawillina Gorge; 05923.

latform deposit
facies, palaeobiogeography, biostratigraphy, Cretaceous, Bansi Formation, India, Himalayas; 04827.

latform progradation
eustatic oscillation, Triassic, San Cassiano Formation, carbonate platform, deep water cycle, Italy, Dolomites, San Cassiano Formation; 09413.

latformian plain
morphostructure, young platformian plain, geotecture, USSR; 03724.

laty Dolomite
packstone, stromatolite, oolite, sedimentary cycle, platform, Buntsandstein, Poland, Leba Elevation, Puck Bay Area; 01280.

laya
brine, water chemistry, evaporite, basin, core, salt pan, USA, California, Bristol Dry Lake Basin; 11735. deflation, radiocarbon, sedimentation, spring deposit, travertine, Australia, South Australia, Lake Torrens, Mountford Spring; 00037. gypsum crust, stream terrace, climatic gradient, upwelling, palaeoenvironment, arid zone river, alluvial plain, Namibia, Namib Desert, Tumas Basin; 07218. gypsum, anhydrite, Holocene, groundwater, brine, USA, California, Bristol Dry Lake; 05840. gypsum, Quaternary, aridity, dunefield, groundwater, salt lake, Australia, Northern Territory, Lake Amadeus; 11661. lignite, trona, basin, tectonics, Miocene, alluvial fan, Turkey, Anatolia, Ankara Province; 12947. saline lake, palaeohydrology, palaeoclimate, evaporite, sedimentation, brine, Canada, Saskatchewan, Ceylon Lake; 08158. sedimentation, carbonate, clay, lake, saline, calcrete, India, Rajasthan, Jaisalmer, Pokaran; Rann; 04817. transpiration, sensible heat flux, microclimate, latent heat flux, Bowen ratio, closed desert basin, osmotic potential, albedo, evapotranspiration, 09789.

laya condition
AMS dating, radiocarbon dating, arid environment, radiocarbon technique, chemical pretreatment, salt lake core, sediment input, Australia, South Australia, Eyre Lake; 13107.

laya lake
drainage basin, carbonate, evaporite, groundwater, Australia; 00063. groundwater, diagenesis, glauberite, saline lake, Australia, Northern Territory, Karinga Creek; 09339.

laya sequence
deposition rate, Uluru Clay, Winmatti Bed, Blanchetown Clay, Tyrrell Beds, palaeolake, Bungunnia, deflated material, gypseous dune, dune, aridity, dune building, sedimentological evidence, magnetostratigraphic evidence, groundwater discharge, discharge playa, Australia, Northern Territories, Amadeus Lake; 13105.

lectonema
bioerosion, oyster shell, cyanobacteria, boring, polychaete, gastropod, lebensspuren, Nigeria, Cross River; Qua Iboe River; Nigeria, Gulf of Guinea; 09437.

leistocene
accelerator-mass spectrometer, chronology, organic carbon, radiocarbon dating, lake sediment, USA, Great Basin, Bonneville Basin; Lahontan Basin; USA, Great Basin, Franklin Basin; 02317. aeolian deposition, ocean circulation, ocean sediment, deep-sea sediment, dust, palaeoclimatology, 02309. alluvial fan, palaeoenvironment, wadi, colluvial deposit, morphogenesis, Morocco, Moulouya River, Ksabi Basin; 00020. Atsumi Group, depositional cycle, barrier island, strand plain system, glacio eustatic change, sea level change, Japan; 13177. benthic foraminifera, deep sea environment, ocean drilling programme, Indian Ocean; 13086. climate change, Cenozoic(Late), pollen analysis, Neogene, Pliocene, China, Heilongjiang Province, Fulaerji; 01443. climate, palaeoclimate, palaeoceanography, sedimentary cycle, cycle, productivity, Milankovitch, organism, carbonate platform, USA, Florida; 01227. climatic change, laminite, geochemistry, micropalaeontology, palaeoclimatic condition, stable isotope analysis, planktonic foraminifera, salinity, anoxia, Pliocene, Tertiary, laminated sediment, Italy, Calabria, Vrica; 00281. climatic change, magnetic measurement, pollen analysis, particle size, sedimentation, China, Yunnan, Kunming Basin, Dianchi Lake; 00035. climatic change, pollen analysis, Site 717 core, Bengal deep sea fan, glacier, sediment input, monsoon, North Equatorial Current, India, Bay of Bengal; River Brahmaputra; India, River Irrawaddy; India, River Ganges; India, Himalays; 04965. climatic change, speleothem deposition, cave, calcite, gypsum, halite, uranium series dating, Australia, South Australia, Nullarbor Plain; Western Australia, Nullarbor Plain; 06109. climatic phase, geomorphological map, landform, soil, Miocene, drainage network, Pliocene, pediment, inselberg, Italy, Sardinia, Nurra, La Corte; 08408. coastal landform, TL determination, aeolian sand, crustal age, platform, Last Interglacial, sea level, thermoluminescence, uraniumn thorium chronology, Australia, New South Wales, Illawarra region; 07276. cold period, desertification period, famine period, African empire, historical record, hydroclimatological event, oxygen-18 profile, ice core, geological data, Africa, Sahel; Sahara; Africa, Chad, Lake Chad; 13630. continental glaciation, ice cap, stratigraphy, glacial extent, Europe, (Central); 11963. Cretaceous, reef, algae, foraminifera, foralgal crust, Red Sea; 01284. cryogenic structure, cryolithozone, wedge shaped form, arid condition, USSR, Kazakhstan; 06201. current research, archaeology, lithic study, palaeoenvironment, Argentina; Mexico; USA; Canada, Ontario; USSR; China; 06075. deep sea drilling, zeolite, clinoptilolite, phillipsite, cristobalite, Cretaceous, 05866. dunefield, sediment budget, sediment dating, Holocene, Australia, Queensland, Cape York; Northern Territory, Arnhem Land; 02308. fjord lake, bedrock incision depth, glaciolacustrine sedimentation, fjord lake basin, overdeepening, sedimentation, Canada, British Columbia, Okanagan Lake; 04995. fluvial deposit, molluscan fauna, palaeoenvironmental reconstruction, stratigraphy, climatic reconstruction, interglacial, UK, England; 03893. glacial nutrient distribution, carbon dioxide, carbon-13, Pacific deep, intermediate water, ocean circulation, Pacific; 11928. glaciation, bibliography, Wurm, Riss Wurm interglacial, Mindel, Haslach glacial, Germany, Bavaria, Alpine Foreland; 11960. gravel, fluviatile Pleistocene, Devensian, glacial limit, pebble, terrace, aggradational unit, incised meander, UK, England, Wye River; 13168. gravel, lithology, proto Thames system, pre Cromerian age, Anglian age, UK, England, Norfolk; 06154. Holocene palaeosols, phytoliths, Pleistocene climatic sequence, micromorphological evidence, palaeoenvironmental change, 01435. Holocene, buried, late Pleistocene, fluvial channel, continental shelf, buried channel, sea-level fluctuation, India, Vengurla, Burnt Island; 11989. Holocene, greigite, palaeomagnetic research, Quaternary sediment, Black Sea; 03862. Holocene, reef, windward margin model, carbonate platform, USA, Florida, Florida Keys; 07003. Holocene, sedimentation, continental slope, turbidite, slumping, USSR, Caucasus, Black Sea Margin; 10567. Holocene, sedimentation, human impact, sea level, levee, archaeological remains, Egypt, Nile Delta, Lake Burullus; 05829. Holocene, soil, ecotope, Germany, Odenwald; 00471. human population, megafauna, stone tool, lithic tool, hunting, gathering, pictograph, Brazil; 13094. humid tropical climate, Antigua Formation, Panambi Formation, gravel, alluvial deposit, conglomerate, lithofacies, Colombia, Pacific Lowlands; 01198. ice dammed lake, ice floe, USSR, Altay, Uymonskaya Basin; 03883. interstadial sediment, organic rich, interstadial sediment, middle Wisconsinan, Cordilleran Ice Sheet, interstadial sediment, Bullion Pit bed, Mexican Hill, stratigraphy, palaeoecology, Canada, British Columbia, Quesnel River Valley; 03889. Ironshore Formation, tunicate spicule, limestone, fauna, overgrowth, Caribbean, Grand Cayman; 03612. lacustrine deposit, Middle Polish glaciation, Eemian, Vistulian vegetation, pollen stratigraphy, Poland, Wroclaw, Imbramowice; 00312. lacustrine deposit, palaeohydrochemistry, magnesium, strontium, salinity, hydrochemistry, ostracode, Spain, Baza Basin; 00280. lake, Sayif Formation, facies, palaeoenvironmental setting, lacustrine carbonate, spring travertine, terminal lake, Israel, Arava Valley; 03877. limestone, coastal plain, isotopic composition, calcrete, aeolianite, Egypt, Alexandria; 00061. lithification, mud, carbonate sediment, cementation, sea floor, Tyrrhenian Sea, Vavilov Basin, ODP Hole 651A; ODP Hole 650A; 00098. loess deposit, till, seasonal freezing, permafrost, frost activity, ice segregation, Italy; 07291. magnetostratigraphy, oxygen isotope record, sedimentation, eustatic curve, unconformity, New Zealand, Wanganui Basin; 02356. marine terrace, strandline age, uplift rate, dating technique, dating method, New Zealand; 00325. marine varve, El Nino/Southern Oscillation, varve, bioturbation, carbon pump, seasonal forcing, climatic variability, USA, California; 00271. Mediterranean species, Coleoptera, glacial interglacial cycle, interglacial interlude, interstadial interlude, biogeographic adjustment, faunal invasion, Europe, (Northern); UK; 08480. non linear equation, sea surface temperature, climate model, ocean atmosphere climatic system, orbital parameter, Pliocene, 12413. oncolitic level, periglacial, Eemian, interglacial, France, Seine Valley, Moisson; Yvelines; 06966. ooze, Milankovitch, sedimentation rate, foraminifer, barite, cyclicity, Indian Ocean, ODP Hole 709C; Mascarene Plateau, ODP Hole 709C; 03576. ooze, nannofossil, periodicity, terrigenous sediment, organic matter, density, colour, Pliocene, Arabian Sea, Owen Ridge, ODP Site 722; Oman Margin, ODP Site 728; 12833. orientation, current flow, shell, Clinocardium fastosum, Omma Formation, Japan, Kanazawa City, Okuwa; 11766. oxygen isotope record, calcium carbonate, preservation spike, dissolution spike, climate optima, glacial maxima, differential dissolution, Pacific; 03867. palaeoceanography, dust, cycle periodicity, upwelling, organic matter, Indian Ocean; Arabian Sea; 11660. palaeoclimate, diatom preservation pattern, Gauss Chron, opal, diatom, Matuyama Chron, Olduvai, Jaramillo Subchron, Brunhes Chron, sea ice cover, Pliocene(Late), Southern Ocean, Jane Basin; Antarctica; 01423. paleosol, soil formation, stratigraphic correlation, palaeomagnetic correlation, correlation, Bahamas, San Salvador Islands; 13092. peat, terrace, Holocene, sand, sedimentation rate, Italy, Po River; 00019. periglacial, eolian deposit, sedimentary facies, depositional process, sand sheet deposit, sand-loess intergrade, sand dune, loess, snow cover, USA, Alaska; 02693. pleniglacial, malacofauna, climatic implication, loess

belt, sedimentary interpretation, biozone concept, ecostratigraphy, biogeography, France, Alsace, Achenheim; Europe; 03846. Pliocene, decollement, accretionary prism, depth profile, interstitial water, volcanic ash, Caribbean Sea; Atlantic, Barbados Ridge; 02368. Pliocene, dissolution, foraminifer, turbidite, pelagic sediment, Indian Ocean, ODP Hole 708C; Mascarene Plateau, ODP Hole 708C; 03577. Pliocene, ice rafted debris, sea ice cover, interglacial, diatom, Weddell Sea, Jane Basin, ODP Site 697; 03566. Pliocene, interstitial waters, isotopic composition, magnesium, strontium, Caribbean Sea, ODP Hole 671 B; Barbados Ridge, ODP Hole 671B; 02369. pollen analysis, stone counting, radiocarbon dating, pedostratigraphy, lithostratigraphy, Weichselian moraine, Warthe stage moraine, morphostratigraphy, landform evolution, Germany, Schlesweg-Holstein, Schwansen; 13144. quartz, chert, Rhaxella, shingle, flint, UK, England, Suffolk, Orfordness; 06996. reef terrace, biota, tectonics, erosion, transgression, diagenesis, Red Sea; 00062. resuspension, estuary, floodplain, transport route, mixing, Brazil, Amazonia; Germany, Weser Estuary; North Sea; 04726. rhythmite, pollen content, Leclercville Rhythmites, last interglacial, lake sedimentation, stratigraphic position, palynology, Canada, Saint-Lawrence Valley, Leclercville; 01437. Saiss limestone, sedimentation, carbonate, travertine, Pliocene, Morocco, Saiss de Fez Basin; 01282. sand, organic material, trace metal, fossil, burrow, USA, Georgia, Georgia Bight; 01314. sea level, neotectonic history, Steyne Wood Clay, raised beach, Bembridge Raised Beach, Lane End deposit, Priory Bay deposit, Boxgrove deposit, Earnley deposit, Stone deposit, West Wittering deposit, deposit correlation, UK, England, Isle of Wight, Bembridge; Solent; 02679. sediment load, Casabianca Formation, volcanism, aggradation, Pliocene, Colombia, Nevado del Ruiz; 01238. sediment, glaciotectonic disturbance, loading, faulting, gravity induced deformation, deformation structure, UK, England, Warwickshire, Stretton-on-Fosse; East Anglia, Norfolk; 11955. sedimentation, macrotidal piedmont coast, wave-cut exposure, facies analysis, proglacial sediment, glacial tectonism, USA, Alaska, Nushagak Lowland, Ekuk Bluffs; 01429. seismic profile, piston core, palaeoclimatic model, Last Glacial Maximum, closed basin, lake level, oxygen isotope record, ostracoda, China, Qinghai Lake; 13159. slope deposit, Culm series, gelifluction, periglacial effect, asymmetry, Czechoslovakia, Moravia; 03829. snow cover, ice cover, glaciation, carbon dioxide, greenhouse warming, climate change, albedo, temperature, 00777. soil formation, stratigraphy, palaeogeography, USSR, Ukraina; Don; USSR, Dniepr; USSR, Volga; 05026. soil, anthropogenic activity, Holocene, Poland; 05099. soil, landform evolution, environmental change, pedogeomorphology, tropical landform, 00219. space-time, paleogeography, synchronicity, 11831. stalactite, aragonite, carbonate mineral, karstic carbonate, speleothem, Israel, Beth Shemesh, Soreq Cave; 09358. subpolar, Permian, subtropical climate, Ordovician, cool temperate climate, Recent, Australia, Tasmania; 12935. turbidite, deep sea fan, sedimentation, slope stability, Mediterranean Sea, Ebro shelf; 05862. unconformity, channel deposit, channel levee complex, turbidite system, sea level fluctuation, sedimentary evolution, Pliocene, Mediterranean Sea, Ebro Margin; 06099. uplift, sediment basin, Cenozoic, tectonic transpression, plate margin, Cretaceous(Late), Hispaniola, Haiti, Peralta-Rio Ocoa Belt; Dominican Republic, Peralta-Rio Ocoa Belt; 09417. valley glacier, ice loading, shear strength, Atterberg consistency limit, ice thickness reconstruction, subglacial consolidation, fine grained sediment, stratified sediment, ice thickness, Austria, Alps, Vorarlberg; 07240. Vistulian(Late), Holocene, denudation magnitude, morainic plateau, maximum extent, last ice sheet, Poland, Osieczna; 00208. winnowing effect, dissolution effect, sedimentation process, oxygen isotope, carbonate dissolution, Pacific, Ontong Java Plateau; 08450.

Pleistocene biostratigraphy
pollen, Pleistocene(Middle), extinct palynomorph, Pleistocene(Late), terrestrial sediment, New Zealand, Wanganui Basin; 03851.

Pleistocene climatic sequence
micromorphological evidence, palaeoenvironmental change, Pleistocene, Holocene palaeosols, phytoliths, 01435.

Pleistocene coral
coastal subsidence, Quaternary(Late), uplift, Troodos ophiolite, uranium series dating, Cyprus; 02680.

Pleistocene deposit
gyttyas, peat, marine sand, glacial deposit, Quaternary, geological mapping, Holocene, sand spit system, Weichselian glacial deposit, melt water deposit, Germany, Schleswig Holstein, Gelting Peninsula; 08467. Holocene deposit, erosion, coastline, protection works, UK, Isle of Man; 06994.

Pleistocene history
floodplain, koultuk, geomorphological regionalisation, deltaic plain, USSR, Volga River Delta; Caspian Sea; 03716.

Pleistocene Holocene transition
deglaciation effect, Quaternary(Late), regional deglaciation, fresh water influx, isotopic signature, Sweden; 04961.

Pleistocene marine palaeoclimate
carbon isotope profile, marine transgression, ice volume, palaeotemperature, Yorktown Formation, Chowan River Formation, James City Formation, mollusk shell, isotope record, oxygen isotope profile, Pliocene marine palaeoclimate, USA, Atlantic Coastal Plain; 08475.

Pleistocene periglaciation
periglacial geomorphology, block glacier, mass wasting, 08505.

Pleistocene pollen record
Holocene pollen record, latitudinal vegetation zonation, land-sea comparison, last glacial-interglacial transition, pollen record, Senegal; Mauritania; 02629.

Pleistocene relief
vegetation, soil, excursion route, physical geographical characteristics, Czechoslovakia, Slovakia; Poland, Slovakia, High Tatras; 01384.

Pleistocene sediment
debris flow diamict, submarine end moraine, basal melting, basal freezing, mass flow, glacially influenced sedimentation, continental margin, UK, Scotland, Hebrides Slope; 04960. Pliocene sediment, orbital geometry, seafloor, Neogene, carbonate concentration, productivity rate, Indian Ocean, Mascarene Plateau, ODP Site 709; ODP Site 710; Indian Ocean, Mascarene Plateau, ODP Site 711; 08191. soil, Westland Green Gravel, Anglian, gelifluction deposit, Kesgrave Formation, Valley Farm soil, Barham Soil, cambering, gull, micromorphology, UK, England, Essex, Stebbing; 06155.

Pleistocene site
nitrate distribution, soil nitrate level, desert, alluvial fan, coarse soil, USA, California, Mojave Desert; 07416.

Pleistocene soil
dating, soil development, soil chronosequence, alluvial soil, Holocene soil, USA, Great Basin; 13285. Holocene soil, soil composition, soil classification, Griffy soil, Enos soil, Ethete soil, Apron soil, Glenton soil, soil-landscape relationship, USA, Wyoming, Wind River Basin, Riverton; 13286.

Pleistocene stratigraphy
drumlin, superposed till, nonglacial interval, weathering, Sangamon Interglaciation, Illinoian, USA, Massachusetts, Boston Harbor; 03881.

Pleistocene terrace
Acheulean(Late), alluvial terrace, silicified wood, river terrace, Cambodia, Mekong River; 09600. Quaternary uplift, dating, tectonism, terrace, eustatic sea level, uranium/thorium dating, coral, Pacific, New Hebrides, Vanuatu; Ile d'Efate; 01394.

Pleistocene test
perched fauna, faunal hiatus, biotic effect, sea level change, USA, California; 11911.

Pleistocene upland
Holocene lowland, terrace surface, tephra layer, postglacial transgression, human activity, landform, Japan, Tokyo; 02519. remnant stream, asymmetric valley, geomorphological feature, valley, gutter shaped form, tephra deposition, meandering valley, Japan, Kanto Plain; Musashino Upland; 03717.

Pleistocene warming
Glacial-marine sediment, Arctic ice cover, chronology, deep ocean ventilation, stability, ice cover, Arctic; 02618.

Pleistocene water
aquifer, recharge, ground-water, dilution, confined ground water, vertical recharge, isotopically heavy, USA, Iowa; 11966.

Pleistocene yedoma
soil mantle, Yedoma, microcomplex, Cryozem, classification, soil formation, USSR, Kolyma Lowland; 10955.

Pleistocene(Early Middle)
correlation, faunal data, floral data, palaeoclimatic data, Pastonian Stage, Tiglian(Late), Bramertonian, Tiglian(Middle), Ludhamian, Tiglian(Early), pre Ludhamian, Praetiglian Stage, Waltonian, Reuverian Stage, Anglian Stage, Elsterian, Pleistocene(Early), North Sea; 08446. vertebrate fauna, Little Oakley channel, temperate climate, freshwater fish, Cromer Forest-bed Formation, UK, England, Essex, Little Oakley; 02666.

Pleistocene(Early)
glaciation, interglaciation, Beaufort Formation, Worth Point Formation, Duck Hawk Bluffs Formation, Morgan Bluffs Formation, Quaternary geology, Tertiary(Late), Canada, Banks Island; 09581. glacio eustatic, sea level fluctuation, molluscan association, Japan, Shimokita Peninsula; 02683. Omma Formation, cyclic change, mollusc, fossil association, gladioeustatic change, sea level change, Japan, Kanazawa; 13175. paleosol, unglaciated area, Podzolic soil, Luvisolic soil, cryogenic soil, rubified horizon, soil development, Tertiary(Late), Canada, Yukon Territory; 11863. plant biostratigraphy, Shobudani Formation, plant extinction, climatic change, topographical change, extinction, Japan, Wakayama Prefecture, Hashimoto City; 00287. Pleistocene(Early Middle), correlation, faunal data, floral data, palaeoclimatic data, Pastonian Stage, Tiglian(Late), Bramertonian, Tiglian(Middle), Ludhamian, Tiglian(Early), pre Ludhamian, Praetiglian Stage, Waltonian, Reuverian Stage, Anglian Stage, Elsterian, North Sea; 08446. pollen analysis, deep sea fan, coniferous forest, Indian Ocean, Indus Deep Sea Fan, ODP Site 720; 11921. sea level, Jomon transgression, Yayoi regression, Omma stage, Utatsuyama stage, Riss II stadial, Hiradoko stage, Tachikawa stage, Tateyami stadial, Murodo stage, Nyuzen stage, palaeoenvironment, Japan; 04968.

Pleistocene(Early) age
extractable iron, till, loess, palaeomagnetic dating, extractable aluminium, Quaternary(Middle), paleosol, Kenya, Mount Kenya, Gorges Valley; 08461.

Pleistocene(Early) deposit
Tegelen, Kedichem Formation, lithostratigraphic unit, heavy mineral, sedimentary sequence, lithostratigraphy, provenance, Netherlands, Rhine; Belgium, Meuse; Belgium, Scheldt; 10787.

Pleistocene(Late)
aeolian sand, outwash river, dune, palaeowind vector, sand sheet, USA, Alaska; 06116. climatic record, model validation, SPECMAP record, statistical test, probability distribution, 09536. cyclic aeolian activity, Younger Dryas, deflation, aridity, dune activation, Australia, Gulf of Carpentaria; 13103. deglaciation, geophysical prediction, sea level change, oxygen isotope data, coral terrace elevation, ICE 3G model, global model, 09541. deglaciation, sea level change, post glacial rebound, mantle viscosity, isostatic adjustment, radiocarbon dating, glacioisostacy, ICE 3G model, 13076. delta, shelf, buried river valley, ancient delta, regressive stage, Yenotayev, Atelian stage, seismoacoustic profiling, USSR, Caspian Sea; 04983. Deschaillons Varve, St. Maurice Rhythmite, Leclercville Rhythmite, St. Pierre Sediment, bioturbation, varve, glaciolacustrine event, rhythmite, pollen content, Canada, Quebec, St Lawrence Valley; 02660. environment, mammoth, Mammuthus primigenius, stratigraphical position, dating, Denmark; 07267. environmental change, ice rafting, sea level, last interglacial glacial cycle, stratigraphy, Denmark; 06086. fauna, Pliomys lenki, Ghiacciaia Cave, loess, Wurm(Early), Mousterian hearth, pleniglacial phase, last glacial period, Italy, Verona, Monti Lessini; 07211. glaciomarine sequence, Devensian(Late), tidewater ice margin, shallow water glaciomarine environment, glacioisostatic crustal depression, lithofacies association, calving tidewater glacier, crustal rebound, biofacies, sediment, emergent, Ireland, Skerries; 01432. hanging wall, vertical offset, neotectonic history, geometric segmentation, Campo Grande Fault, fault, Cenozoic fill, calcrete, scarp height, rupture, USA, Texas, Hueco Basin; 11880. Holocene(Early), sediment supply, tidal sandbody, sandbody,

Eocene, Roda Sandstone, Spain, Pyrenees; East China Sea; 09400. Holocene, base level change, flood plain, channel sand, braided channel, meandering, last interglacial, geomorphic surface, channel characteristic change, India, Ganga River Valley; Kanpur; 02505. Holocene, deepwater circulation, melt water discharge, ocean ventilation rate, ventilation rate, circulation fluctuation, last deglaciation, mean grain size, detrital silt fraction, piston core, palaeocirculation pattern, Atlantic, Blake Outer Ridge; 10744. Holocene, flora change, Pleistocene(Middle), interglacial flora, glacial flora, interstadial flora, pollen assemblages, Japan, San-in District; 05030. Holocene, foraminifera, pteropoda, Quaternary(Late) sediment, core TEV 1 BAN 85, palaeoclimatology, Tyrrhenian Sea; 08447. Holocene, radiolarian, pollen record, core, oxygen isotope stratigraphy, Late Glacial, Holocene, global cooling, Okhotsk Sea; 10750. Holocene, relief remodelling, geomorphological mapping, glacier, Petuniabukta-Adolfbukta Stage, Marine terrace, Ebbadalen Stage, Thomsondalen Stage, Little Ice Age, Svalbard, Spitsbergen, Olav V Land, Ebbadalen-Nordenskioldbreen Region; 02646. Holocene, sea level change, glacio hydro isostatic model, tectonic movement, Australia; 06188. Holocene, sea level, mantle viscosity, isostatic loading, lateral variation, glacial loading, hydroglacial loading, 13027. Holocene, sedimentary facies, continental shelf, delta, prodelta mud, progradational sequence, Spain, Ebro Continental Shelf; 06100. Holocene, uplift, climate, vertebrate fossil, archaeological find, microlithic tool, China, Xizang Plateau; Qinghai Plateau; 10791. Holocene, vegetation, environmental record, pollen, sedimentological evidence, aridity, charcoal, burning, Aboriginal people, Australia, Victoria, Wangoom Lake; 04986. hydrography, planktonic isotope record, benthic isotope record, stable isotope record, foraminifer, glacial interglacial amplitude, surface water temperature, cooling event, carbon accumulation rate, upwelling, monsoon, Indian Ocean, ODP Site 724; Arabian Sea, ODP Site 724; 11922. ice sheet growth, realistic geography, cryodynamics, geodynamics, solar forcing, sea level, last glacial interglacial cycle, greenhouse gas, ice sheet model, Northern Hemisphere; 09544. lake shoreline, glacial chronology, radiocarbon dating, rock varnish, palaeoclimatic implication, Tioga glaciation, Middle Creek glaciation, Younger Dryas, accelerator mass spectrometry, USA, Basin and Range Province; 00305. last glacial maximum, last interglacial, sea surface temperature, CLIMAP, long range transfer function, foraminifer transfer function, Atlantic, (North); 11918. last interglacial glacial cycle, Eemian interglacial, Amersfoort Brorup interstadial, vegetation, climate, Europe; 06143. monsoon, upwelling, environmental gradient, coastal wind, coastal upwelling gradient, Indian Ocean; Arabian Sea; 11919. palaeoclimatology, flux pattern, biogenic sediment, mass accumulation rate, opal flux maxima, productivity, atmospheric carbon dioxide, ice volume, Pacific; 11929. palaeoenvironment, radiocarbon dating, pollen analysis, depositional process, post depositional process, rock shelter, Italy, Venetio Region; 06163. periodicity, oxygen isotope ratio, calcium carbonate, magnetic susceptibility, high resolution stratigraphy, planktonic foraminifer, sediment accumulation rate, SPECMAP, Milankovitch periodicities, Indian Ocean, ODP Site 728A; Arabian Sea, ODP Site 728A; 11923. sea level change, morphologic investigation, ESR dating, coral reef, palaeosealevel elevation, Barbados model, uplift rate, Pleistocene(Middle), chronology, Barbados; 00319. sea surface temperature, North Atlantic Deep Water, Younger Dryas, deep water chemistry, productivity, Atlantic, (North); 06096. sea surface, water temperature variation, long chain alkenone, sea surface temperature variation, glacial period, interglacial, Indian Ocean; Arabian Sea; 11926. seasonal upwelling, interglacial episode, palaeoproductivity, water column scavenging, erosion, winnowing, Uranium-series disequilibrium, particle scavenging, sediment accumulation, Indian Ocean; Arabian Sea, Owen Ridge, ODP Site 722; 11927. sedimentary structure, palaeochannel, buried depth, Holocene, channel sediment, China, Shandong, North Shandong Plain; 11860. speleothem abundance, insolation variation, Milankovitch theory, periodic variation, UK; 10782. stadial, interstadial, Eemian age, stratigraphy, Weichselian, till stratigraphy, glacial history, Norway, Finnmark, Finnmarksvidda; 06130. temperature depression, vegetation change, pollen, phytolith, radiocarbon dating, Napo refugium, refugial hypothesis, Ecuador, Amazonia; 07207. terrace surface, marker tephra, chronology, fluvial terrace, debris supply, Japan, Kitakami Lowland; 13178. terrestrial sediment, Pleistocene biostratigraphy, pollen, Pleistocene(Middle), extinct palynomorph, New Zealand, Wanganui Basin; 03851. TL, Muravo interglacial stage, Poozerskiy substage, geochronology, USSR, Belorussia; 06090. tundra steppe zone, transgression, palaeogeography, geological catastrophe, USSR, Beringia; 05027. variability, summer monsoon wind, continental aridity, deep sea sediment, eolian transport, mass accumulation rate, Arabian Sea; 03863. vertebrate remains, plant remains, insect remains, Innerkip site, Sangamon Interglaciation, Isotope Stage 5e, Wisconsinan interstadial, Coleoptera, Canada, Ontario, Thames River; 07259.

Pleistocene(Late) deposit
second step platform, Salawusu Group, sporo pollen analysis, China, Nei Mongol, Ho Bao Basin; 08489.

Pleistocene(Late) dune
karst, slope, reef exhumation, geomorphology, Devonian reef, Windjana Limestone, Pillara Limestone, Napier Formation, foot slope pediment, rillenkarren, tufa, gilgai, Australia, Western Australia, Napier Range; 07150.

Pleistocene(Late) reef
sea level, coral reef, makatea limestone, reefal limestone, uranium series dating, flexure, lithospheric flexure, Quaternary(Late) reef, uplift, stratigraphy, chronology, Pacific, Cook Islands, Makatea Islands; 10808.

Pleistocene(Late) sea level
Holocene sea level, present sea level, sea level variation, tectonic movement, melt water, ice sheet, Antarctic melting, tide gauge record, glacial rebound, warming, glaciostatic shoreline origin, hydrostatic shoreline origin, isostatic shoreline origin, 07270.

Pleistocene(Lower Middle)
biostratigraphic succession, Villafranchian, Farneta faunistic unit, Equus caballus, equid, Italy; 08488.

Pleistocene(Lower)
timescale, foraminifera, oxygen isotope record, Milankovitch, SPECMAP, magnetostratigraphy, astronomical calibration, Pacific, ODP Site 677; 09546.

Pleistocene(Mid)
climate transition, one-dimensional time dependent ice sheet model, ice sheet, equilibrium line, feedback, oxygen isotope record, palaeoclimatic model, 00268. landscape, climatic change, transgressive-regressive coastline, Acheulean site, karstic environment, cryoclastic activity, soil ripening, climatic deterioration, micromorphological evidence, UK, England, Somerset, Mendips; Sussex, West Sussex, Boxgrove; 01441.

Pleistocene(Middle)
alucrete, silcrete, duricrust, morphostratigraphic marker, planation surface, ferricrete, Nigeria, Jos Plateau; 06006. beach ridge, Tyrrhenian, sea level, barrier island, subsidence area, fault, Spain, Alicante; 06982. carnivore remains, Ursus spelaeus remains, Canis lupus remains, Vulpes vulpes remains, Panthera spelaea remains, Aurelia formation, Italy, Rome Region; 08487. chronology, Pleistocene(Late), sea level change, morphologic investigation, ESR dating, coral reef, palaeosealevel elevation, Barbados model, uplift rate, Barbados; 00319. Cromerian, palaeomagnetic measurement, Thames-Medway river system, geology, interglacial sediment, borehole, channel sediment, pre-diversion Thames, UK, England, Essex, Little Oakley; 02664. eruption style, accumulation rate, loess, soil thickness, age, stratigraphic horizon, Omachi APm Tephra Beds, Japan, (central); 02675. extinct palynomorph, Pleistocene(Late), terrestrial sediment, Pleistocene biostratigraphy, pollen, New Zealand, Wanganui Basin; 03851. fault block movement, sea level rise, Osaka Group, Manchidani Unconformity, Rokko Movement, Japan, Kinki; 08502. glacial stratigraphy, Moore Glaciation, till, Henty Glaciation, outwash gravel, climatic change, glaciation, weathering, Australia, Tasmania, Baxter Rivulet; 06134. glaciomarine deposit, push moraine complex, ice lobe, glacio isostasy, sea level, USA, Alaska, Baldwin Peninsula; 00292. hydrographic network, wadis, relict valley, Villafranchian, rillwash, sheet flood, braided stream, stream channel, Morocco, Sahara, Daoura Hamada; Algeria, Sahara, Saovra Hamada; 08460. interglacial deposit, Cromerian age, ostracod fauna, UK, England, Essex, Little Oakley; 02668. interglacial deposit, environmental implication, stratigraphic implication, palaeochannel, molluscan fauna, UK, England, Essex, Little Oakley; 02667. interglacial flora, glacial flora, interstadial flora, pollen assemblages, Pleistocene(Late), Holocene, flora change, Japan, San-in District; 05030. transgressive complex, soil chronosequence, Latina Complex, intercalated volcanite, Complesso dei Tufi Inferiori, isotopic stage 15, Minturno Complex, isotopic stage 5, stratigraphic hiatus, radiometric dating, Italy, Agro Pontino; 08498.

Pleistocene(Middle) glaciation
push moraine complex, Anglian Glaciation, ice contact outwash fan, Anglian age, glaciation timing, UK, England, Norfolk, Cromer Ridge; 06128.

Pleistocene(Upper)
carbonate, reef-associated carbonate, reef terrace, glacio eustatic, sea level, sediment accumulation rate, tectonic uplift, sedimentology, sequence stratigraphy, Barbados; 07274. dust, steppe environment, post depositional weathering, pluvial period, loess, loess like deposit, palaeoclimatic significance, France; Italy; Africa, (North); 07216. Holocene, terrace, flood plain, Germany, Main River, Kahl River; 00222. lithostratigraphy, Riss Wurm interglacial, paleosol, Hagelstadt brickyard, chronological classification, pedostratigraphy, Quaternary profile, Germany, Bavaria, Hagelstadt; 06162. loess, aeolian loess, reworked loess, Italy, Turin Hills; 07212. loess, Bagaggera sequence, pleniglacial period, Holocene, illuviation, weathering, sedimentary process, pedological process, Italy; 07210. maar, vegetational history, Ribains interglacial, St Geneys, interstadial, Pleniglacial, Les Echets sequence, pollen analysis, France, Massif Central, Velay, Le Bouchet Lake; 03895. sediment homogeneity, sedimentation characteristic, Ogolian sand, sand sample, dune, sandsea, aeolian sedimentation, erg, Senegal, Mbour; Mauritania, Nouakchott; 10759. terrace, tectonic dislocation, Cutro terrace, Leonardo Campolongo Isola di Capo Rizzuto Terrace, Le Castella Capo Rizzuot Terrace, Capo Colonne Terrace, sea level lowering, Crotonian stage, marine regression, Eutyrrhenian, Neotyrrhenian, Tyrrhenian Stage, Italy, Calabria, Crotone Peninsula; 08499.

Pleistocene-Holocene
migration, siliceous microfauna, Subtropical Convergence, Antarctic Polar Front, oceanographic front, faunal change, Indian Ocean; 00278.

Pleni Vistulian grain
aeolian coversand, permafrost, frost fissure, fragipan, coversand, dune stabilisation, inland dune, Vistulian(Late), aeolian phenomena, palaeoenvironmental interpretation, stratigraphic interpretation, Poland; 10790.

Pleni-Vistulian deposit
Last glaciation maximum, Leszno phase, Poznan Phase, Gniezno Oscillation, meltwater, terrace, outwash plain, Poland, Pyzdry Basin, Prosna River, Macew; 00310.

pleniglacial
colluvial deposit, palaeopedology, interglacial, pedological phenomena, sedimentary phenomena, climatic phenomena, colluvial deposit, Eemian interglacial, gelifluction deposit, permafrost, France, Dordogne, Les Tares; 06156. Les Echets sequence, pollen analysis, Pleistocene(Upper), maar, vegetational history, Ribains interglacial, St Geneys, interstadial, France, Massif Central, Velay, Le Bouchet Lake; 03895. malacofauna, climatic implication, loess belt, sedimentary interpretation, biozone concept, ecostratigraphy, biogeography, Pleistocene, France, Alsace, Achenheim; Europe; 03846.

pleniglacial dust
dust storm, late Quaternary, dust flow, loess, dust flux, glacial maximum, last interglacial, China, Loess Plateau; 11973.

pleniglacial environment
Holocene, palaeoenvironment, paleosol, palaeohydrology, tephrochronology, geochemistry, radiocarbon dating, France, Massif Central, Limagne Rift Valley, Artiere Basin; 10785.

pleniglacial period
Bolling, Older Dryas, Allerod, Younger Dryas, wind, Weichselian(Late), Holocene(Early), vegetation, climate, flora migration, pollen diagram, Norway, North Rogaland, Utsira; 08481. Holo-

cene, illuviation, weathering, sedimentary process, pedological process, Pleistocene(Upper), loess, Bagaggera sequence, Italy; 07210.

pleniglacial phase
last glacial period, Pleistocene(Late), fauna, Pliomys lenki, Ghiacciaia Cave, loess, Wurm(Early), Mousterian hearth, Italy, Verona, Monti Lessini; 07211.

Pleniglacial(Middle)
ice wedge cast, palaeoecological evidence, water budget, episodic permafrost, Weichselian, Netherlands, Twente District, Hengelo Basin; 10812.

Plestocene(Late)
isotopic data, hydrogeological information, isotopic data, palaeohydroclimatological investigation, Camp Century, lithological section, Chad, Lake Chad Basin, Kanem; 11939.

Plio Pleistocene
Kakegawa Group, Horinouchi Formation, tuff, submarine sliding deposit, lithofacies change, geological significance, Iozumi Tuff, Japan, Shizuoka Prefecture; 10795. Kap Kobenhavn Formation, palaeoecology, forest tundra, plant remains, insect remains, Greenland, Peary Land; 09595. Tsunozu Formation, sedimentation rate, pollen stratigraphy, magnetostratigraphy, palaeomagnetic age, Japan, San'in District, Tsunozu Area; 04952.

Plio-Pleistocene fluvial landscape
dating, aggradation, younger alluvium, biogeography, lowland relief, Andean foreland dynamics, depositional origin, rainforest ground, terra firme, Brazil, Amazon Lowlands; 02625.

Plio-Quaternary
continental margin, submarine slide, translation, mass movement, foredeep basin, Italy, Sicily; 00078.

Pliocene
back arc basin, sedimentary provenance, detrital grain, Oligocene, Holocene, Pacific, Tonga Arc; 08251. backarc, canyon, volcanic arc, Cretaceous, Tertiary, Indonesia, Halmahera, Kau Bay; 00057. calcium carbonate, organic carbon, aridity, upwelling, Arabian Sea, Owen Ridge, ODP Site 722; 11803. chattermark, sand, quartz, France, Paris Basin, Haute-Normandie; 10505. continental slope, slide scar, submarine slide, Mexico, Baja California, Vizcaino Bay, Ranger Slide; 03568. decollement, accretionary prism, depth profile, interstitial water, volcanic ash, Pleistocene, Caribbean Sea; Atlantic, Barbados Ridge; 02368. dissolution, foraminifer, turbidite, pelagic sediment, Pleistocene, Indian Ocean, ODP Hole 708C; Mascarene Plateau, ODP Hole 708C; 03577. Holocene, Polar Front Zone, sediment accumulation rate, glacial interglacial alternation, Southern Ocean, ODP Site 699A; ODP Site 701C; Southern Ocean, ODP Site 704B; Atlantic, (South); 11936. ice rafted debris, sea ice cover, interglacial, diatom, Pleistocene, Weddell Sea, Jane Basin, ODP Site 697; 03566. illite, accretionary prism, abyssal plain, smectite, Atlantic, Barbados Ridge, ODP Site 671; ODP Site 672; 01355. Imperial Formation, delta, ichnofacies, channel deposit, oyster shell, USA, California, Salton Trough; 02427. interstitial waters, isotopic composition, magnesium, strontium, Pleistocene, Caribbean Sea, ODP Hole 671 B; Barbados Ridge, ODP Hole 671B; 02369. levee, abyssal sediment, bedform, turbidity current, sea level, New Zealand, Bounty Channel; 04758. lithofacies, waste, Cenozoic, aquifer, groundwater, Ringold Formation, Miocene, USA, Washington, Hanford Site; 02378. microbial filament, neoformation, pore water chemistry, silica, Oligocene, Atlantic, ODP Hole 699A; 12985. oxygen, biogeochemical cycle, weathering, Miocene, foraminifera, sea level curve, 02449. palaeokarst development, karst form, neogene karstification, karstification, chronological sequence, cave development, plantation surface, Oligocene, Hungary, Rudabanya Range, Osztramos Hill; 02559. pediment, inselberg, Pleistocene, climatic phase, geomorphological map, landform, soil, Miocene, drainage network, Italy, Sardinia, Nurra, La Corte; 08408. Pleistocene, climate change, Cenozoic(Late), pollen analysis, Neogene, China, Heilongjiang Province, Fulaerji; 01443. Pleistocene, non linear equation, sea surface temperature, climate model, ocean atmosphere climatic system, orbital parameter, 12413. Pleistocene, ooze, nannofossil, periodicity, terrigenous sediment, organic matter, density, colour, Arabian Sea, Owen Ridge, ODP Site 722; Oman Margin, ODP Site 728; 12833. Pleistocene, Saiss limestone, sedimentation, carbonate, travertine, Morocco, Saiss de Fez Basin; 01282. Pleistocene, sediment load, Casabianca Formation, volcanism, aggradation, Colombia, Nevado del Ruiz; 01238. Pleistocene, unconformity, channel deposit, channel levee complex, turbidite system, sea level fluctuation, sedimentary evolution, Mediterranean Sea, Ebro Margin; 06099. Quaternary, deep-sea sediment, dolomite, magnesium oxide, diagenesis, faulting, Tyrrhenian Sea, Vavilov Basin; Gortani Ridge; Tyrrhenian Sea, Marsili Basin; 00146. Quaternary, upwelling, phosphorite, continental shelf, Miocene, Pacific; Peru; 01283. salinity, Messinian sediment, heavy metals, evaporation, Tortonian, Cyprus, Polemi Basin; Pissouri Basin; 03618. sediment supply, sea level, delta, Messinian, Spain, Ebro Delta; 05863. sedimentation, terrigenous material, mixed layered mineral, mineral structure, Egypt, Wadi El Natrum Basin; 05909. shale, mudstone, lead, zinc, copper, manganese, Messinian, Miocene, Tyrrhenian Sea; 00097. subduction, Nazca Plate, convergent margin, tephra, volcanic acticity, Quaternary, Miocene, Peru; 01292. Tamugigawa Formation, submarine fan, flysch, turbidite, tectonic formation, Miocene, Japan, Fossa Magna; 11761. tectonism, sedimentation, Miocene, continental margin, grain size, Tyrrhenian Sea; Tyrrhenian Sea, Site 652; 00081. Tertiary, laminated sediment, Pleistocene, climatic change, laminite, geochemistry, micropalaeontology, palaeoclimatic condition, stable isotope analysis, planktonic foraminifera, salinity, anoxia, Italy, Calabria, Vrica; 00281. Tertiary, slope failure, mass movement, Cretaceous(Late), Eocene(Late), basement rock, Puerto Rico; 09365. Tertiary, tectonic record, climatic record, palaeoclimate, sedimentation rate, Japan, Lake Biwa; 00286. transgression, ooze, foraminifera, Messinian, salinity crisis, evaporite, Miocene, Tyrrhenian Sea; 00148. turbidite, basin, gravity flow deposit, Neogene, neotectonic activity, benthic foraminifera, Miocene, Dominican Republic, Sierra de Neiba; Cordillera Central; 10614. turbidite, heavy mineral, Araya Formation, Kawaguchi Formation, sandstone, Miocene, Japan, Niigata Prefecture, Higashiyama Region, Nobegawa River; 11730. Varswater Formation, diagenesis, phosphate, palaeoenvironmental, isotopic composition, South Africa, Cape Province; 03638.

Pliocene clay
Calanchi, Biancane, grain size, Atterberg limit, Era valley clay, badland, liquid limit, Italy, Tuscany, Era Basin; 08386.

Pliocene marine palaeoclimate
Pleistocene marine palaeoclimate, carbon isotope profile, marine transgression, ice volume, palaeotemperature, Yorktown Formation, Chowan River Formation, James City Formation, mollusk shell, isotope record, oxygen isotope profile, USA, Atlantic Coastal Plain; 08475.

Pliocene Pleistocene
cyclic variation, climate induced calcium carbonate preservation, intermediate water, aragonite cycle, periplatform ooze, Indian Ocean; Maldives; 03865.

Pliocene Pleistocene boundary
magnetostratigraphic, climatic information, stratotype, paleomagnetic study, pollen analysis, Italy, Crotone, Vrica; 03850.

Pliocene sediment
orbital geometry, seafloor, Neogene, carbonate concentration, productivity rate, Pleistocene sediment, Indian Ocean, Mascarene Plateau, ODP Site 709; ODP Site 710; Indian Ocean, Mascarene Plateau, ODP Site 711; 08191.

Pliocene(Late)
Pleistocene, palaeoclimate, diatom preservation pattern, Gauss Chron, opal, diatom, Matuyama Chron, Olduvai, Jaramillo Subchron, Brunhes Chron, sea ice cover, Southern Ocean, Jane Basin; Antarctica; 01423. Quaternary, diatom stratigraphy, stratigraphic marker species, datum age, palaeoceanographic condition, Southern Ocean; Atlantic, (South); 11932. Quaternary, glaciation, Ross Glaciation, Porika Glaciation, uplift, erosion, interglacial shoreline, radiocarbon dated, New Zealand; 02642. sand, loess, clay, Jing-Le Formation, alluvial, aeolian deposition, China, Shanxi Province, Jing-Le Basin; 09402.

Pliocene(Upper)
heavy mineral, fault, uplift, depositional cycle, breccia layer, volcanic layer, Holocene, Italy, Aquila, Fucino Basin; 07063.

Pliomys lenki
Ghiacciaia Cave, loess, Wurm(Early), Mousterian hearth, pleniglacial phase, last glacial period, Pleistocene(Late), fauna, Italy, Verona, Monti Lessini; 07211.

plot experiment
erosion estimate, soil erosion, photograph, arable field, rill, gully, UK; 08543.

plot length
topography, slope, topsoil, soil characteristic, runoff generation, soil crust, runoff yield, soil cracking, 12160.

plot location error
forest decline model, Landsat TM, USA, North Carolina, Black Mountains; 08097.

plot measurement
runoff, soil loss, infiltration rate, thunderstorm, soil erosion measurement, Germany; Hungary; 02736.

plot study
contour cultivation, runoff, soil loss, sorghum, Kota clay soil, India, Kota; 06235. water erosion, non-calcareous soil, calcium carbonate, soil erodibility, chalky soil, flocculation, 02719.

plotting position formula
historical flood, statistical method, probability plotting position, Weibull rule, unbiased plotting position formula, Cunnane formula, 10991.

plough layer
agricultural soil, sludge amendment, PAH, 05086. ground pressure, soil moisture content, hydrological condition, mechanisation zone, USSR, European USSR; 10903. irrigation, soil physical property, soil chemical property, Chernozem, waterlogging, gleying, stagnant regime, 10855.

plough mark
slump, sediment supply, seafloor, iceberg, Atlantic, Miller Region; 09368.

ploughed layer
soil structure, water suspensible solid, structural stability, microaggregate, 08569.

ploughing
cone penetrometer, soil clod, soil strength, tillage, 05066. erosion, landscape functioning, anthropogenic factor, hydrological cycle, biogeochemical cycle, human activity, USSR, Moscow; 11870. surface crusting, run off measurement, gravelly soil, cultivation, Ivory Coast, Bouake; 05060.

ploughless tillage
straw incorporation, evaporation, lysimeter, clay soil, soil moisture conservation, silty clay soil, cumulative evaporation, Sweden; 05120.

plucking
abrasion, basal ice pressure, freeze thaw, regelation, cavitation, polished surface, subglacial process, landform, glacial erosion, Greenland; 07247.

plume
acid deposition, sulphate, nitrate, precipitating cloud, power station, 07824. boundary layer, g and h distribution, probability density function, concentration fluctuation, 00722. complex terrain, tracer release, forecasting model, emergency response plan, air quality study, transport model, diffusion model, turbulence, USA, Utah; 07820. deposition, pollution, stratus cloud, cumulus cloud, precipitation, power station, acid deposit, 04445. dispersion, Landsat TM, satellite image, diffusion, 13533. in situ testing, electrical resistivity cone, groundwater contamination study, groundwater quality, contamination, Canada, British Columbia; 06025. lake sediment, pollution, radioactive dating, PCB, USA, Great Lakes, Lake Michigan, Green Bay; 11704. land lake interface, boundary layer variability, carbon dioxide flux, 07707. night, modelling, ozone, reaction, measurement, nitrogen oxide, power plant, 13728. optical method, neutral plume dispersion, digital image analysis, 12366. ozone, peroxy acetyl nitrite, pollution, photochemical oxidant, 04446. pollution, dispersion model, Cross-Appalachian Tracer Experiment, tracer transport, dispersion, 02045. power plant, disper-

sion, mixing, jet phase module, nitrogen oxide, 06605. prodelta rhythmite, glacimarine process, grounding line fan, ice contact delta, migrating barchanoid bar, trough cross bed, turbulent vorticity, 04989. remote sensing, mapping, river, France, Rhone River; 02261. surface evidence, wind, aeolian feature, Voyager Mission, airborne evidence, Triton; 07156. terrain roughness, pollutant transport, terrain roughness, dispersion model, complex terrain, 08960. visible band, infrared band, current, CZCS, USA, Columbia River; 02258.

plume behaviour
chimney, deposition, modelling strategy, air pollution, pollution control, satellite picture, sounding, 11294.

plume convection
water ventilation, ocean basin, buoyancy, sea floor, abyssal plain, South China Sea, Mindoro Strait; South China Sea; Sulu Sea; 08188.

plume dispersion
diffusion, model, diabatic surface layer, trajectory analysis, 13532. mixing, numerical model, three dimensional method, solute transport, groundwater flow, saturated media, heterogeneous flow system, random walk particle method, advection process, dispersion process, unsaturated media, variable flow field, 08776. residential neighbourhood, diffusion, dispersion, gravity flow, tracer, urban dispersion, 04428.

plume downwash
turbulence, dispersion model, USA, Alaska, Prudhoe Bay; 04462.

plume front
organic matter, suspended matter, sediment accumulation, nepheloid layer, France, Rhone River; 08284.

plume meandering
stable stratification, light wind, gravity wave, vortex, 05402.

plume measurement
nitrogen oxide, chemically reactive plume, dispersion, non linear chemistry, Damkohler number, time scale, model, 11319.

plume model
biogenic hydrocarbon, emission, ozone, isoprene, alpha-pinene, urban plume, UK; 13664. convective parameterisation, mass exchange, buoyancy sorting mechanism, air mechanism, entraining detraining model, 12466. cooling tower, diffusion, integral model, electrical generation, dispersion, 12364. macromixing process, micromixing process, Gaussian plume model, nitrogen oxide, ozone, 05513. nitrogen dioxide, nitrogen oxide, emission, power plant, 02010. point source, transport, stacks, diffusion coefficient, 13691.

plume morphology
suspended sediment, estuary, river discharge, discharge plume, Landsat data, USA, Louisiana, Mobile Bay; 05823.

plume release
balloon launching, helium balloon, trajectory, synoptic condition, 04464.

plume rise
boundary layer, climate change, ambient temperature, 04245. convection, dispersion, buoyant particle, boundary layer, inversion, 01999. pollutant, stack height, sulphur dioxide, South Africa, Transvaal; 07819. pollution concentration, wake dispersion, tracer, downwash, building, USA, Alsaka, Prudhoe Bay; Arctic; 06504. video camera, image analysis, building dispersion, infrared method, Arctic; 11150.

plume trapping
stable flow, on shore flow, dispersion, pollution level, Canada, Ontario, Hamilton; 11196.

plume width
chemistry-dispersion model, ozone, urban atmosphere, urban plume, cloud cover, 02009.

plunge
reflection, breaker, bar, reef, wave tank, 03549.

Pluto Controller Colour Processor
terrain modelling, computer visualisation, visualisation, graphics reproduction, 09119.

plutonium
americium, bottom sediment, resuspension, PCB, nuclide, Mediterranean Sea, Gulf of Lions; 05890. americium, nuclear fuel, metal, iron, manganese, UK, England, Sellafield; 02382. americium, Sellafield nuclear power station, radionuclide, radioactivity, nuclear power station, neptunium, UK, England, Cumbria; 13262. atomic bomb, fallout, Japan, Nagasaki; 11310. organic matter, runoff process, industrial emission, basin sedimentation, Sweden, Gulf of Bothnia; 09384. pathway, radionuclide, scavenging, bioturbation, Baltic Sea; 12912. radionuclide, americium, organic matter, UK, England, Cumbria; 09702. soil, isotopic ratio, mass spectrometry, UK, England, Sellafield; 00927.

plutonium complex
calcium complex, iron complex, copper complex, extraction procedure, organic complex, silylation, humate metal ion complex, 08604.

pluvial climate
climatic episode, global climate, Quaternary(Late), jet stream, monsoon, Milankovitch forcing, North America; Africa, (North); 13077.

pluvial event
precipitation, Late Glacial, Holocene, climatic record, Niger, Bougdouma; 00282.

pluvial lake
PALHYDAF, palaeohydrology, lacustrine sequence, aquifer recharge, Africa, (Northwest); Tunisia; Algeria; Niger; Mali; 13095.

pluvial Lake Parman
radiocarbon age, landslide soil, drainage diversion, landslide, geomorphic history, USA, Nevada, Summit Lake; 04919.

pluvial period
loess, loess like deposit, palaeoclimatic significance, Pleistocene(Upper), dust, steppe environment, post depositional weathering, France; Italy; Africa, (North); 07216.

pluvial regime
annual precipitation, precipitation dynamics, USSR, Kharkov; Poland, Poznan; 12349. soil erosion, soil loss, rainwash, cultivated field, erosion pin measurement, Rwanda, Runyinya Butare, Rwaza Hill; 10848.

pluvio glacial sequence
silicified wood, alluvial terrace, fossil hardwood, terrace, Late Acheulean, Cambodia, Mekong River; 13173.

pluviometric regime
rainfall, law utilisation, law of gaps, 12304.

pluviometry
mountainous region, poisson process theory, Systeme Pour l'Etude d'Evenements Discrets, 12149. rainfall distribution, rainfall, topography, spatial variation, altitude, Burkina Faso, Ouagadougou; 02832.

pocket gopher
tunneling, weathering, colluvial dynamics, stone stripe, Mima type mound, USA, Washington, Columbia Plateau; 07186.

podocarp broadleaf forest
palynology, climatic change, vegetation change, palynomorph, Nothofagus menziesii, Aokautere ash, Holocene, Last Glaciation, New Zealand, Wairarapa, Pohehe Swamp; Tararua Range; 00288.

Podsol
chemical weathering, weathering, cation leaching, soil formation, mineralogy, mineral dissolution, acidification, Canada, Ontario, Plastic Lake; 13283. chronosequence, aeolian sand, soil age, pedogenic change, weathering, post depositional weathering, scanning electron microscope, zircon, rutile, Australia, Queensland, Cooloola; 09629. forest ecosystem, intergrade mineral, test mineral, forest soil, acid brown soil, aluminium, 08565. weathering loss, historical weathering rate, translocation, long term translocation, iron, aluminium, Sweden; 09624.

podsol profile
silicate weathering, weathering rate, long term weathering, sandy soil, Norway, Romerike, Nordmoen; 09623.

podsolic loam soil
taiga, physicochemical property, soil reclamation, fertiliser application, cultivation, USSR, Komi; 10949.

podsolic soil
acidic soil, upland soil, aluminium, sesquioxide accumulation, acidic pollution, experimental leaching column, inorganic soil process, organic soil process, soil process, percolating water, Norway, Hoylandet; UK, Scotland, Allt a, Mharcaidh; UK, Scotland, Loch Chon; UK, Scotland, Kelty Water; 09620. aluminium, Albaquult, Hapludult, Epiaquic Haplustult, supporting solution, soil solution, variable charge soil, Bladen series, Wedowee series, Australia; USA, Georgia; 08581. gleyed soil, hydrochemical flux, throughfall, stem flow, forest catchment, soil water chemistry, stream acidity, hydrogen, sulphate, chloride, sodium, crown leaching, interception, UK, Scotland; 11086. profile differentiation, clay formation, soil formation, USSR, Siberia; 09774.

podsolisation
chelating resin, spodic horizon, soil forming process, vermiculite, resin, geochemical process, France; 13197. sand, soil fragility, tree, France, Fontainebleau; 05098. WATEQ, GEOCHEM, dissolved aluminium species, thermodynamic computer model, oxalic acid, pore water, groundwater contamination, aluminium speciation, 11066.

podsolised sand
nitrogen dynamics, soil chemical property, nitrogen mineralisation, nitrification, Australia, South Australia; Western Australia; 09711.

podsols
CHAOS model, aluminium solubility, soil horizon, acidified catchment, surface water acidification model, aluminium solubility control, Norway, Birkenes Catchment; 09622.

podzol
aluminium, alumina, SEM, French Polynesia, Tahiti; 01619. brown silty soil, copper, zinc, adsorption behaviour, Oxisol, 07360. illuvial horizon, eluvial horizon, Burozem, amorphous compound, Asia; 10904. thermoluminescence dating, coastal sand dune, chronosequence, Australia, Queensland, North Stradbroke Island; Cooloola; 02566. tropics, general planation model, peat soil, soil cover, planation, perhumid tropical zone, humid climate, ferrallitic soil, Venezuela, Amazonia, Rio Negro Basin; Brazil, Amazonia; 10680.

Podzolic soil
humus, soil property, basic rock, USSR; 01531. Luvisolic soil, cryogenic soil, rubified horizon, soil development, Tertiary(Late), Pleistocene(Early), paleosol, unglaciated area, Canada, Yukon Territory; 11863. manganese compound, manganese transformation, compound migration, organic compound, 10893. upland, aluminous vermiculite, weathering product, acid soil, mica, peaty podsol, UK, Scotland; 09618.

podzolisation
Oxisol, Ultisol, Spodosol, geochemistry, Brazil, Amazonia, Manaus; 02804. soil sequence, soil process, Oxisol, Spodosol, Ultisol, Brazil, Amazonia, Manaus; 07425.

POGO satellite
magnetic anomaly map, 02096.

point
rectangle, access method, R tree, 13792.

point bar
aerial photography, dendrochronological evidence, primary alluvial landform, magnitude-frequency relationship, alluvial landform, flood flow, USA, Tennessee, Cumberland Plateau; 00213. human influence, Slovak Hungarian Barrage, environmental change monitoring, geo ecological mapping, satellite imagery, floodplain, ox bow, backswamp, Hungary; 09532. morphostratigraphic unit, floodplain, bedform, planform, Canada, British Columbia, Squamish River; 10501.

point determination
photogrammetric system, close range industrial surveying, theodolite, 03287.

point emission source
fluoride, atmospheric pollutant, soil sampling, Greece; 13292.

point in polygon
parallel algorithm, curve, 11468.

point infiltration model
small basin, semi arid area, runoff storage, soil type, surface retention, antecedent soil moisture, separation curve, incipient runoff curve, infiltration, rainfall runoff model, USA, Wyoming; 09792.

point kriging
chloride, hardness, groundwater quality, geostatistical method, outlying data point, IRF-k method, 02929.

point observation
spatial surface, isarithmic mapping, choropleth mapping, interpolation,

01053.
point of use-point of entry device
potable water, water quality protection, water resource management, 04168.
point of zero charge
adsorption, flocculation, hydroxy aluminium, illite, montmorillonite, 04867.
point position
GPS, differential mode, accuracy, Japan, Nagoya, Takayama; 04494.
point rainfall model
precipitation assessment, parameter estimation, Markov process model, Poisson cluster process model, 00503.
point recharge
water tracing, hydrochemical analysis, fissure widening, solution weathering, hydrology, cave, karst, Ireland, Sligo, Geevagh Karst; Bricklieve Karst; 09524.
point restoration
geodetic network, survey, survey mark, 04498.
point source
diffuse source, advection-dispersion equation, transverse dispersion, solute transport, groundwater flow, soil pollution, pore water velocity, low permeability layer, 13405. PAH, storm event, pollution, UK, England, Derbyshire, River Derwent; 03589. PCB, organochlorine, organic matter, organism, bacteria, smelter, North Sea; 08213. transport, stacks, diffusion coefficient, plume model, 13691. turbulence model, pollutant dispersion, triangular ridge, numerical study, diffusion, 13531.
point source pollution
sampling frequency, groundwater quality monitoring, site specific monitoring, automatic data acquisition system, monitoring network, sample technique, landuse planning, groundwater protection, water management, Czechoslovakia; 12253.
point spread function
real world image, motion blurred image, image, 13781.
point tracking
time varying image, dynamic image, imaging geometry, 09109.
point-kriging
kriging, geostatistics, spatial interpolation, 00433.
Poisson cluster process model
point rainfall model, precipitation assessment, parameter estimation, Markov process model, 00503.
Poisson distribution
statistical method, peak magnitude, estimate bias, estimate variance, quantile estimate, partial duration series, maximum likelihood estimate, hydrological variable, 09785.
Poisson equation
anelastic approximation, deep convection, 10131. friction, convolution, hydrodynamics, steady state solution, bottom friction, velocity, 10489.
Poisson model
Neyman Scott model, runoff model, rainfall point process, stochastic model, rainfall runoff model, 09802.
Poisson process
cluster, percolation, random graph, 12645.
Poisson Process theory
regional synthesis method, flood probability law, flood chronology, basin characteristic, return period, rainfall runoff relationship, probabilistic method, Algeria; 12169. Systeme Pour l'Etude d'Evenements Discrets, pluviometry, mountainous region, 12149.
Pokhil empirical technique
tropical cyclone, Bretschneider parametric model, Pacific; 03099.
polar air mass
personal computer, potential vorticity analysis, meteorological field, 01791.
polar cloud
maritime cloud, cumuliform cloud, cloud, rapid development, ice particle concentration, 12467. satellite observation, cloud cover, radiometer, Arctic; 03112.
polar continentality
climate, seasonal energy balance, energy balance model, annual cycle, supercontinent, summer snow, polar region, albedo feedback, sea ice margin, 08934.
polar coordinate
human navigation, dead reckoning navigation, homing vector, 10275.
polar exploration
pack ice movement, satellite, ice drifting, Arctic Ocean; 10753.
polar firn
global warming, glacier, permafrost, climate change, 04343.
polar front
fluctuation, Gauss, Brunhes palaeo oceanographic record, micropalaeontological analyses, Atlantic; 03859. polar low, baroclinicity, vortex, cold air stream, satellite image, 00753.
polar front position
climate change, Little Ice Age, summer record, cooler period, dryness-wetness pattern, Japan; China; 12490.
Polar Front Zone
sediment accumulation rate, glacial interglacial alternation, Pliocene, Holocene, Southern Ocean, ODP Site 699A; ODP Site 701C; Southern Ocean, ODP Site 704B; Atlantic, (South); 11936.
polar ice
11 year cycle, solar activity, beryllium 10, heliomagnetic cyclicity, 06521. cadmium, planktonic foraminifera, Holocene, North Atlantic Deep Water, carbon dioxide, glacial, interglacial, alkalinity, 00911. cut bubble, ice sheet elevation, ice density data, hydrostatic method, measurement correction, air content measurement, 07300. ice core, recovery, dating, carbon dioxide, 02697. temperate ice, impluse radar system, Technical University of Denmark radar, airborne sounding, radar sounding, USA, Alaska, Columbia Glacier; Greenland; 10815.
polar ice core
air bubble, atmospheric carbon dioxide, last glaciation, ice core data, Holocene, Greece, Crete; Greenland; 11916.
polar ice sheet
glacial interglacial temperature change, carbon dioxide, methane, greenhouse gas, palaeoclimate data, ice core record, climate sensitivity, 06522. greenhouse warming, sea level, world mean sea level, thermal expansion, mountain glacier, Antarctica, West Antarctic Ice Sheet; 01446.
polar low
baroclinicity, vortex, cold air stream, satellite image, polar front, 00753.
polar maritime environment
sedimentation, debris band, ablation, sublimation till, ice cored moraine, thermal regime, climate, melt out till, ice margin, depositional process, Antarctica, Vestfold Hills; 07248.
polar mesopause
Doppler Radar, mean flow acceleration, momentum flux, radar observation, Norway, Andoya; 04257. summer, temperature, altitude, 11140.
polar mesospheric cloud
solar backscattered ultraviolet, spectral radiometer, solar cycle dependence, middle atmosphere, ultraviolet, albedo data, noctilucent cloud, satellite observation, 09954.
polar morphology
alpine morphology, ice sheet, nunatak, glacially fretted upland, cirque, arete, horn, moraine, glacier, moraine, landscape evaluation, Antarctica, East Antarctica, Wohlthat Mountains, Humboldt Region; 10775.
polar motion
LAGEOS, ranging, high frequency, 02098.
polar night
polar stratospheric cloud, winter, aerosol, ozone depletion, Arctic; 00893.
polar ocean
scenario, projection, greenhouse warming, Intergovernmental Panel on Climate Change, ocean model, 11279. sea bed morphology, bathymetry, morphology, plate tectonic, Ross Sea; Weddell Sea; Arctic; 03870.
polar ocean research
ocean research, ERS-1, 09282.
polar orbit
Earth Observation Programme, gravity, 11417.
polar orbiting meteorological satellite
satellite programme, METEOSAT operational programme, 08824.
Polar platform
altimeter data, mean sea level, continental ice topography, SEASAT, 12786. earth atmosphere system, international cooperation, European Space Agency, 12586. remote sensing, data management, ESA-Earthnet, 00944.
polar procedure
cadastral work, digital method, 10279.
polar process
heterogeneous process, chlorine, model implication, ozone hole, chemistry and transport model, polar stratospheric cloud, vortex, 10220.
polar region
albedo feedback, sea ice margin, polar continentality, climate, seasonal energy balance, energy balance model, annual cycle, supercontinent, summer snow, 08934. biogeochemical feedback, marine photosynthesis, greenhouse warming, carbon sink, sea ice, light availability, Arctic; 10153. ice distribution, interannual variability, spatial distribution, sea ice, Canada, Hudson Bay; Barents Sea; Okhotsk Sea; Bering Sea; 13503. terrestrial record, sea level fluctuation, precipitation change, isotope stage, Cenozoic, glacier fluctuation, Antarctica; Atlantic; 02652.
polar research
ERS-1, research application, 09291. Korea Ocean Research and Development Institute, oceanography, biotechnology, marine biology, marine geophysics, engineering, Korea; 08317.
polar sampling
principal axis, rotationally symmetric shape, 10304.
polar stratosphere
circumpolar cyclonic vortex, stratospheric warming, 03095. cloud material, chlorine, ozone hole, nitric acid tryhydrate, reaction probability, 12546. cloud surface, ice growth, evaporation, nitric acid, Fourier transform, infrared study, model, 11334. ice cloud, nitric acid particle, denitrification, stratosphere, Antarctica; Arctic; 00793. nitric acid hydrate, chemical equilibrium, enthalpies of formation, entropy, calorimetric measurement, 05551. nitric acid trihydrate, particle, aerosol, nucleation, 10216. nitric acid, hydrochloric acid, hydrofluoric acid, ice, 00906. polar stratospheric cloud, nitric acid particle, denitrification, Arctic; Antarctica; 00794. stratospheric cloud, temperature dependence, 11395.
polar stratospheric chemistry
aircraft mission, polar vortex, ozone depletion, potential vorticity, trace species, Antarctica; 07870.
polar stratospheric cloud
aerosol measurement, polar vortex, stratospheric aerosol, Arctic; 00898. air extent variability, chlorine, ozone hole, chemically processed air, stratospheric air, chemistry transport model, hydrogen chloride, Arctic; 10221. carbonyl difluoride, heterozeneous chemistry, hydrogen fluoride, carbon dioxide, chlorine nitrate, hydrochloric acid, chlorine oxide, 00806. chemical ozone depletion, stratosphere, ozone profile, Arctic; 07876. chlorine, stratosphere, ozone depletion, 06541. dehydration, nitric acid trihydrate, aerosol, Arctic; 00900. heterogeneous chemical reaction, ozone destruction, cyclone breakdown, stratosphere, warming, cyclogenesis, 07755. ice particle, nitric acid trihydrate, stratosphere, nitric acid, 00795. lidar, aerosol, Arctic; 00899. lidar, polar vortex, adiabatic cooling, depolarisation ratio, scattering ratio, ice crystal, Arctic; 00765. microphysics, adiabatic cooling, particle, heterogeneous chemical, nitric acid trihydrate, cloud physics, 00901. nitric acid particle, denitrification, polar stratosphere, Arctic; Antarctica; 00794. nitrous oxide, polar vortex, condensation nuclei, particle production, Arctic; 00892. nonspherical particle, nitric acid, ice particle, lidar, 00897. optical backscatter, lidar, backscatter depolarisation ratio, optical property, Arctic; 00764. ozone depletion, chlorine monoxide, nitric acid, stratosphere, hydrogen chloride, chlorine nitrate, polar vortex, Arctic; 00917. ozone depletion, chlorine oxide, polar vortex, Arctic; Antarctica; 00833. ozone depletion, cloud particle, aerosol ozone, chlorine, 00902. ozone depletion, low temperature, stratosphere, ozone, stratospheric warming, Europe, (Central); (Northern); 13747. ozone measurement, stratospheric cloud detection, balloon campaign, total

ozone field, TOVS/HIRS2 infrared radiance, TOMS ozone data, Arctic; Europe, (Northern); 10222. ozone, cooling event, nitric acid trihydrate, water ice cloud, ozone minihole, balloonborne measurement, Arctic; 09049. particle measurement, Forward Scattering Spectrometer, sulphuric acid, Arctic; 00903. photochemistry, heterozenous chemistry, cloud physics, chlorine monoxide, ozone depletion, stratosphere, 00832. polar twilight, visible radiation, multiple scattering, ozone depletion, stratospheric cloud, surface albedo, ultraviolet radiation, 03226. polar vortex, depolarisation ratio, scattering ratio, ice crystal, lidar, Arctic; 00896. polar vortex, nitric acid trihydrate, scattering ratio, aerosol depolarisation, stratosphere, lidar, Arctic; 00895. radiative transfer, nitric acid, cirrus cloud, tropopause, stratosphere, 00694. stratosphere, ozone depletion, nitrate, snow, denitrification, Antarctica; 03200. stratospheric chemistry, denitrification, temperature oscillation, one dimensional model, 13749. stratospheric cloud, micro layer, temperature, nitric acid, nitric acid trihydrate, sulphate aerosol, Arctic; 00894. sulphate particle, particle size distribution, Forward Scattering Spectrometer, nitric acid, nitric acid trihydrate, ice, particle evolution, 00904. temperature, cloud formation, chlorine, ozone depletion, remote sensing, ozone, nitric acid, Arctic; Antarctica; 00907. temperature, radiosonde, forecasting, Arctic; 00672. temperature, winter, stratospheric warming, stratosphere, 00670. total reactive nitrogen, stratosphere, nitrous oxide, microphysical process, polar vortex, particle, Arctic; 00802. vortex, polar process, heterogeneous process, chlorine, model implication, ozone hole, chemistry and transport model, 10220. winter, aerosol, ozone depletion, polar night, Arctic; 00893. winter, temperature, stratosphere, polar vortex, Arctic; 00671. wintertime chemistry, nitric acid chemistry, model calculation, potential vorticity, polar vortex, 12579.

polar stratospheric ozone
branching ratio, rate constant, bromine, chlorine, ozone hole, 06660.

polar summer
sodium layer, mesopause temperature, 09076.

polar temperature
ozone, Southern Hemisphere spring(1988), Southern Hemisphere spring(1987), quasi-biennial oscillation, stratospheric condition, Southern Hemisphere; 08923.

polar total
ozone hole, quasi biennial oscillation, sea-surface temperature, Antarctica; 12524.

polar troposphere
winter(1988-1989), continental air mass, warm advection, adiabatic warming, radiative cooling, heat budget, USA, Alaska; 09999.

polar twilight
visible radiation, multiple scattering, ozone depletion, stratospheric cloud, surface albedo, ultraviolet radiation, polar stratospheric cloud, 03226.

polar type glacier
temperate type glacier, snow cover, temperature distribution, glacier, ablation area, China; 01468.

polar vortex
adiabatic cooling, depolarisation ratio, scattering ratio, ice crystal, polar stratospheric cloud, lidar, Arctic; 00765. airborne measurement, nitric oxide, ozone, methane, nitrous oxide, water vapour, hydrothloric acid, hydrogen fluoride, nitrogen dioxide, chlorine nitrate, nitric acid, Arctic; 00799. airraft measurement, ozone depletion, chlorine monoxide, CFC's, Arctic; 05534. balloon sounding, ozone depletion, ozone profile measurement, Antarctica; 04362. condensation nuclei, particle production, polar stratospheric cloud, nitrous oxide, Arctic; 00892. depolarisation ratio, scattering ratio, ice crystal, lidar, polar stratospheric cloud, Arctic; 00896. ionospheric data, solar activity, 06443. nitric acid trihydrate, scattering ratio, aerosol depolarisation, stratosphere, lidar, polar stratospheric cloud, Arctic; 00895. nitrogen dioxide, nitric acid trihydrate, balloon-borne measurement, total reactive nitrogen, nitric acid, aerosol, stratosphere, Arctic; Sweden, Esrange; 00909. nitrogen dioxide, spectroscopic measurement, Arctic; 00805. nitrogen, chlorine, ozone depletion, chlorine monoxide, Arctic; 00916. ozone depletion, chlorine monoxide, bromine monoxide, potential temperature, potential vorticity, Arctic; 00918. ozone depletion, chlorine oxide, stratosphere, diabatic cooling, radiative transfer, water vapour, ozone, nitrous oxide, 00798. ozone depletion, heterogeneous chemistry, stratosphere, chlorine, monoxide, Arctic; Antarctica; 00824. ozone depletion, nitrous oxide, Arctic; Antarctica; 00800. ozone depletion, potential vorticity, trace species, polar stratospheric chemistry, aircraft mission, Antarctica; 07870. ozone depletion, stratosphere, lidar, ozone, Arctic; Norway, Sola Air Station; 00890. particle, polar stratospheric cloud, total reactive nitrogen, stratosphere, nitrous oxide, microphysical process, Arctic; 00802. photochemistry, cloud physics, aerosol, chlorine, denitrification, 00834. photodissociation rate, nitric oxide, stratosphere, ozone, chlorine monoxide, nitrogen dioxide, chlorine nitrate, dinitrogen pentoxide, Arctic; 00803. polar stratospheric cloud, ozone depletion, chlorine monoxide, nitric acid, stratosphere, hydrogen chloride, chlorine nitrate, Arctic; 00917. polar stratospheric cloud, ozone depletion, chlorine oxide, Arctic; Antarctica; 00833. polar stratospheric cloud, winter, temperature, stratosphere, Arctic; 00671. polar stratospheric cloud, wintertime chemistry, nitric acid chemistry, model calculation, potential vorticity, 12579. potential vorticity field, warming, stratosphere, 08922. stratosphere, bromine oxide, bromine nitrate, bromine chloride, chlorine monoxide, ozone depletion, Antarctica; Arctic; 00826. stratosphere, chlorine dioxide, bromine oxide, Arctic; Antarctica; 00823. stratosphere, chlorine monoxide, hydrogen chloride, chlorine, sulphate, heterogeneous chemistry, aerosol, Arctic; 05549. stratosphere, nitrogen dioxide, potential vorticity, potential temperature, ozone, ozonesonde, lidar, satellite profile, 00828. stratospheric aerosol, polar stratospheric cloud, aerosol measurement, Arctic; 00898. TOMS, photochemical model, chlorine monoxide, ozone depletion, Antarctica; 02016. trajectory, ozone, nitric acid, stratospheric warming, photochemistry, ozone depletion, 00791. tropical wind, quasi-biennial oscillation, stratosphere, planetary wave transport, planetary wave forcing, stratosphere, 01890.

polar wander
sea level fluctuation, rheological stratification, depositional sequence, eustatic sea level, fluctuation, 01445.

polar water
ooze, foraminifer, Cenozoic, isotope data, palaeotemperature, Antarctica, Maud Rise, ODP Sites 689 and 690; Weddell Sea; 03689.

polar wobble
harmonic oscillator, excitation function, 12610.

Polarbjorn
Drift Experiment, Coordinated Eastern Arctic Experiment, ice floes, research platform, Arctic; 03921.

polariation sensitivity
tree, radar backscatter, artificial tree, azimuthal variation, 11572.

polarisation
feature space, environment, remote sensing, 04585. lidar, synoptic analyses, aerosol cloud, volcano, twilight effect, stratospheric volcanic cloud, optical thickness, USA, Utah, Salt Lake City; Guatemala, Santiaguito; 13654. Poynting flux, auroral kilometric radiation, propagation, 03392. precipitation charactersation, hail, polarized echo, hail size, 10132. visible reflectance, AVHRR, arid land, SMMR, Africa, Sahel; Sudan; 04595.

polarisation characteristic
cumulonimbus, hail, shower, cloud, radar polarimeter, seeding area, hail suppression, 11268.

polarisation diversity radar
weather radar technique, frequency-agile radar, Doppler weather radar, particle velocity, precipitation intensity, 05332.

polarisation factor
Jackson's parametric model, soil moisture, microwave radiometer, vegetation cover, 05718.

polarisation phase difference
orchard tree, radar, remote sensing, USA, California, Fresno; 03444.

polarization diversity
snowflake, bright band error, radar, rainfall, 05328.

polarization lidar
radar, Doppler radar, ice cloud, storm, supercooled liquid water development, precipitation, microwave radiometer, USA, Utah; 04317.

polarized echo
hail size, polarisation, precipitation charactersation, hail, 10132.

polarographic determination
voltamperometric determination, spectrophotometric determination, hydrogen peroxide, rain water, 06669.

polarographic method
Winkler method, sea water, salinity, sodium chloride, oxygen, Israel, Dead Sea; 07124.

Polaroid instant material
close range photogrammetry, 12605.

Polarstern cruise
pollutant, trace component, Eurotrac project, 06659.

poldered river plain
fenland restoration, groundwater flow, water management, ecosystem management, calcium saturation, regional groundwater flow system, mesotrophic fen, Netherlands, Vecht River, Het Gooi; 11113.

polessie
alluvial plain, floodplain, stability, inertia, geosystem, USSR, Meshchera Lowlands; 13007.

poleward energy transport
energy balance, palaeo sea surface temperature, oxygen isotope, Tertiary(Middle), zonal wind speed, 05453.

police
crime, waste water, site suitability, database, USA, Hawaii, Honolulu; 13979.

policy
cropland, environmental protection, shelterbelt, terrace, irrigation, erosion hazard, erosion rate, soil conservation, Hungary, Komarom County; 01518. soil erosion, agricultural land, British Geomorphological Research Group Workshop, erosion process, conservation, 02713.

policy choice
greenhouse effect, climate change, fossil fuel, conflict, warming, 13627.

policy environment
GIS, planning practice, functionality, Netherlands; 10454.

policy formulation
landuse planning, land evaluation, overlay procedure, GIS, UK, Scotland, Grampian Region; 11644.

policy implication
landscape ecological impact, climatic change, proceedings, conference, 04928.

policy initivative
surface transportation, information system, USA; 10277.

policy issue
warming, media interest, government planning, 07801.

policy maker
managing change, geographic information, 01043. political conflict, GIS, multicriteria analysis, agricultural land use, Netherlands; 05741.

policy making
earth observing system, Global Change Research Programme, USA; 09959. GIS, benefit cost study, LIS, economic growth, 08013.

policy model
economic welfare model, water resource management, groundwater protection, groundwater quality, 00643.

policy problem
environmental stress, slopeland development, soil conservation, water conservation, Taiwan, Ta Chia River, Te Chi Watershed; 08413.

policy recommendation
scientific research, epidemiology, GIS, 10480.

policy strategy
climate change, tide gauge data, sea level change, radiatively active gas, carbon dioxide, global warming, Caribbean; 04235. groundwater quality, conservation program, groundwater protection, pesticide, agricultural pollutant, 01764.

polished surface
subglacial process, landform, glacial erosion, plucking, abrasion, basal ice pressure, freeze thaw, regelation, cavitation, Greenland; 07247.

political action

global agenda, pollution, energy efficiency, toxic waste, emission, 07882.
political boundary
symbolisation, boundary definition, 08036.
political condition
bureaucratic structure, public organisation, GIS, 12664.
political conflict
GIS, multicriteria analysis, agricultural land use, policy maker, Netherlands; 05741.
political hydrology
wetland management, urban development, arid land, semi-arid land, environmental impact, wetland destruction, climate effect, 02982.
political limitation
sphere, map use, map production, technology, economic limitation, 04586.
political unit
history, cartography, 02161.
polje
karst, downfaulting, tectonic influence, hum, lateral corrosion, downwearing, Quaternary(Early), Greece, Crete; 11900.
pollen
aeolian evidence, climate modelling, forcing, general circulation modelling, palaeoclimate, glacial climate change, interglacial climate change, climate change, 10732. AMS date, marine formation, fossil, Presumpscot Formation, Wisconsinan(Late), palaeoenvironment, isostatic rebound, USA, Maine, Portland; 06175. aquatic vegetation, palaeogeographical condition, high mountain region, mountain lakes, Quaternary(Late), lake basin, USSR, Tien Shan; Pamirs; 03898. Bolling, Older Dryas, Allerod, post glacial, UK, Scotland, Fife; 13151. boreal vegetation, rhythmite, sedimentary cycle, fluvial, glacioisostatically depressed, St. Pierre Sediment, stratotype, lithozone, Canada, Quebec, St Lawrence Valley; 02658. chalk, tufa, Cenomanian, loess, Weichselian, Boreal, France, Calvados, Cricqueboeuf; 06999. chronology, periglacial structure, ice-wedge cast, frost crack, involution, China; 12005. chrysophyte, heavy metal, acidification, land use, precipitation chemistry, lake water quality, acid deposition, hill top lake, diatom, Norway; 06303. core, marine core, marine pollen record, Younger Dryas, climatic change, last glaciation, Japan; Pacific; 01422. diatom, boreal forest, lake, meromixis, fire, eutrophic lake, Canada, Alberta, Baptiste Lake; 08159. diatom, desmid, rhythmite, Holocene, environmental change, lake sediment, subAntarctic, Antarctica, South Georgia; 09597. diatom, lake, France, Isere, Lake Paladru; 00030. diatom, Late Pleistocene, geomorphological data, mollusc, spore, USSR, Siberian Lowland; 11972. dinoflagellate cyst, acritarch, microfossil, palynological preparation technique, macerationtank-method, preparation technique, spore, 11910. dryland, hyperarid zone, Holocene(Early), summer, rainfall, ecological significance, Middle East; 06107. forest, diatom, lake sediment, fish, organic carbon, Finland, Lake Jarvenjarvi; 04722. interglacial, marine platform, palynology, oxygen isotope stage 6, oxygen isotope substage 5e, marine terrace, uplifted Quaternary marine terrace, New Zealand, Taranaki-Wanganui Area; 01448. interglacial, till, Illinoian, Sangamonian, inter till sediment, Canada, Ontario, Pointe-Fortune; 07228. laboratory study, differential spore and pollen transport, spore, UK, England, Surrey, Silwood Lake; 06083. lacustrine deposit, aridity, lake level, storm frequency, ice age, vegetation, climate, subtropical Chile, Chile, Laguna de Tagua Tagua; 04979. land use, lake, acidification, diatom, USA, Great Lakes; Canada, Great Lakes; 05879. lithostratigraphy, stage 5a, uranium series dating, interstadial site, peat, UK, Scotland, Allt Odhar; 06147. lodgement till, organic sediment, interglacial site, UK, Scotland, Dalcharn; 06146. loess, last interglaciation, Wisconsin loess, Old Crow Tephra, interglacial deposit, lake sediment, peat, USA, Alaska, Birch Creek; 07250. macrofossil, Quaternary(Late), vegetation reconstruction, USA, New Mexico, Chaco Canyon; 06138. macrofossil, snail, boreal forest species, treeline, temperature depression, modelling result, CLIMAP, full glacial summer temperature, summer temperature, Wisconsinan, vegetational zonation, North America; 02662. Mesolithic hunting band, burning, grazing, blanket peat, Ulmus decline, forest, moorland, Flandrian(Middle) Period, hillslope forest, UK, England, Derbyshire, Robinson's Moss; Pennines; 09583. palaeoclimatic variation, dry area, cold area, lithofacies, organic carbon, carbon stratigraphy, China, Qaidam Basin, Qarhan Salt Lake; 13158. periglacial condition, Holocene, soil erosion, Quaternary(Late) stratigraphy, sedimentology, seismic survey, core, stratigraphy, side scan sonar, Devensian(Late), Loch Lomond Stadial, radiocarbon dated, UK, Wales, Lyn Tegid; 02663. phytolith, radiocarbon dating, Napo refugium, refugial hypothesis, Pleistocene(Late), temperature depression, vegetation change, Ecuador, Amazonia; 07207. plant macrofossil, high altitude lake, vegetation change, effective precipitation, Neoglacial cooling, Holocene, forest development, palaeoclimate, USA, California, Sierra Nevada; 02661. plant macrofossil, radiocarbon dated core, Pinus contorta woodland, Tsuga heterophylla, Tsuga mertensiana, plant migration, coastal forest, Quaternary(Late), vegetation history, USA, Alaska, Chilkat Peninsula, Lily Lake; 00302. Pleistocene(Middle), extinct palynomorph, Pleistocene(Late), terrestrial sediment, Pleistocene biostratigraphy, New Zealand, Wanganui Basin; 03851. pre Boreal, peat, Boreal, tufa, chalk, France, Eure, Saint-Jean d'Asnieres; 07000. pre late Weichselian, glaciotectonised sediment, marine limit, Sweden, Vastergotland, Sjotrop area; 05001. quantitative characteristic, Late Glacial, palaeoclimatic reconstruction, Europe, (North); Asia, (North); 06080. radiocarbon date, palaeogeographical environment, glaciated highland, climate change, buried soil, peat, USSR, Tien Shan Highlands; 08348. radiocarbon, method, concept, Quaternary stratigraphy, stratigraphical record, mollusc, France, Massif Central; 03845. rainforest, eucalypt forest, tree, Australia, New South Wales, Central Tablelands, Robertson; 06092. savanna, soil, Maya collapse, forest growth, anthropogenic control, lake, palaeolimnology, 08160. sea level, coastal barrier, Holocene(Late), vegetational change, wet sclerophyll forest, tropical rainforest, Australia, New South Wales, Illawarra Coastal Plain; 05032. sediment, microstratigraphical analysis, anthropological influence, stratigraphy, laminated sediment, trophic change, diatom, Austria, Hollerer See; 10789. sedimentological evidence, aridity, charcoal, burning, Aboriginal people, Pleistocene(Late), Holocene, vegetation, environmental record, Australia, Victoria, Wangoom Lake; 04986. spore, river, vegetation, sedimentation, palynomorph load, flowering peak, recycling, USA, Texas, Trinity River; 06077. suspended sediment concentration, marine sediment, river deposit resuspension, spore, USA, Louisiana, Mississippi River, Pointe a la Hache; 06078. tradewind circulation, monsoon, palaeoclimate, deep sea pollen record, Atlantic; Africa, (West); 13083. tundra, mineral erosion, climatic perturbation, lacustrine sediment, Younger Dryas, climatic cooling, USA, Alaska, Glacier Bay; 07195.
pollen analyses
carbon-14 dating, geological geomorphological analysis, dating, submoraine, organogenic deposit, terminal moraine, Svalbard, Spitsbergen, Wedel Jarlsberg Land, Renardbreen; 07245.
pollen analysis
agriculture, dune, map, aerial photograph, Netherlands, Maas Polder, Herper Dune; 00470. Anoka Sand Plain, drought, continuous record, Holocene, aeolian activity, vegetation change, wind blown silt, dune field, USA, Minnesota, Ann Lake; 05014. arid condition, forest, grassland, aquatic plant, vegetation response, climatic change, Kenya, Rift Valley, Lake Naivasha; 10760. arid zone, sediment sequence, vegetational history, Quaternary, Australia, South Australia, Dalhousie Springs; 06111. aridity, coast, Holocene, Quaternary(Late) vegetation, semiarid coast, Nothofagus forests, Chile; 03873. Atlantic, sub Boreal, river incision, tufa dam, Holocene, France, Eure, Bernouville; 06964. biostratigraphic regional synthesis, postglacial vegetation, vegetational history, France, Western Pyrenees; 08479. climate, Wisconsinan(Middle), vertebrate environment, cave, coprocenosis, taphonomic analysis, Canada, Alberta, Rocky Mountain, January Cave; 07255. deep sea fan, coniferous forest, Pleistocene(Early), Indian Ocean, Indus Deep Sea Fan, ODP Site 720; 11921. depositional process, post depositional process, rock shelter, Pleistocene(Late), palaeoenvironment, radiocarbon dating, Italy, Venetio Region; 06163. environmental change, Quaternary, arid zone, Holocene(Late), vegetation change, Australia, South Australia, Dalhousie Springs; 06110. environmental history, flood plain sedimentation, Bronze Age(Late), Iron Age, valley sedimentation, UK, England, Sussex, Combe Haven Valley; 02734. environmental hypothesis, Q mode factor analysis, cluster analysis, pollen dispersal data, research analog, Quaternary, palaeoecological research, Argentina, Neuquen, Cerro Domuyo; 07196. fire climax woodland, anthropogenic fire, fire, man, post glacial woodland, charcoal analysis, UK, England, East Anglia; 05018. freezing and thawing indices, forest tundra, permafrost environment, Last Glacial, periglacial phenomena, Japan, Hokkaido; 03918. glaciofluvial channel, indicator boulder, till stratigraphy, morainic plateau, glacial spillway, Eemian, Germany; 11957. Holocene sediment, alluvial lowland, vegetational change, Japan, Yokohama, Kashio River; 08493. landuse change, soil erosion, Holocene(Late), lake sediment, magnetic property, France, Petit Lac d'Annecy; 10846. late glacial, Holocene, environmental change, vegetational environment, human occupation, Mesolithic, Iron Age, France, Lede du Gurp; 00307. Late Glacial, Holocene, France, Massif Central, Artense Region; 09586. lithostratigraphy, stratigraphy, TL dating, Late Glacial, cover sand, Denmark, Jutland; 09588. mire, vegetational disturbance, palaeoecology, prehistory, minerogenic layers, blanket peat, UK, Scotland, Galloway Hills, Loch Dee; 10783. Missinaibi Formation, glacioisostatic sea, Sundance paleosol, Amery, till, Sangamon, interglaciation, Quaternary, non glacial interval, Canada, Manitoba, Hudson Bay Lowlands; 07256. multiple profile, Late Glacial, post glacial, vegetational change, catchment event, UK, Scotland, Fife, Black Loch; 13150. Neogene, Pliocene, Pleistocene, climate change, Cenozoic(Late), China, Heilongjiang Province, Fulaerji; 01443. palsa, Holocene, mire development, timberline, snow patch, peat accumulation, alpine zone, Japan, Hokkaido, Daisetsuzan Mountains; 10792. particle size, sedimentation, Pleistocene, climatic change, magnetic measurement, China, Yunnan, Kunming Basin, Dianchi Lake; 00035. peat bog, agricultural activity, radiocarbon date, postglacial landscape history, stratigraphic study, Norway, Trondheim, Dragvoll; 02669. peat, mire, historical study, paleoecological study, Holocene peat, raised bog, radiocarbon dating, Netherlands, Noord Brabant, Zundert Province; 08478. Pleistocene(Upper), maar, vegetational history, Ribains interglacial, St Geneys, interstadial, Pleniglacial, Les Echets sequence, France, Massif Central, Velay, Le Bouchet Lake; 03895. Pliocene Pleistocene boundary, magnetostratigraphic, climatic information, stratotype, paleomagnetic study, Italy, Crotone, Vrica; 03850. post glacial history, vegetation history, Bolling, Late Glacial, radiocarbon date, anthropogenic influence, Germany, Bavaria, Rhon, Schwarzes Moor; Grabfeld; Germany, Bavaria, Rhon, Lange Berge; 09592. post-glacial, vegetation history, peat profile, radiocarbon, forest-tundra vegetation, Canada, Yukon Territory, Ittlemit Lake; 11964. postglacial, Late Glacial, vegetation, France, Massif Central, Haute Loire; 09584. Quaternary, refugia, tree, cold stage distribution, forest tree, Europe, (North); 09559. radiocarbon dating, Allerod Interstadial, postglacial, climatic change, landuse, slope failure history, palaeoenvironmental history, marine terrace, tephrochronology, Japan, Hokkaido, Hidaka District; 08401. rain forest, forest regression, tropical region, core, swamp, Brazil, Amazon Basin, Serra dos Carajas; 10756. rainfall, summer monsoon, vegetation, seasonal climate, last full glacial, stratigraphy, radiocarbon, Australia, South Australia, Lake Frome; 13108. range management, sediment geochemistry, environmental change, sediment record, lake, diatom stratigraphy, elk population, erosion rate, lead-210 dating, USA, Wyoming, Yellowstone National Park; 10778. sea level, thalweg, palynological study, Atlantic sedimentary deposit, marine transgression, France, Nantes, Erdre-Loire Confluence; 00320. Site 717 core, Bengal deep sea fan, glacier, sediment input, monsoon, North Equatorial Current, Pleistocene, climatic change, India, Bay of Bengal; River Brahmaputra; India, River Irrawaddy; India, River Ganges; India, Himalays; 04965. stone counting, radiocarbon dating, pedostratigraphy, lithostratigraphy, Weichselian moraine, Warthe stage moraine, morphostratigraphy, landform evolution, Pleistocene, Germany, Schlesweg-Holstein, Schwansen; 13144. swamp deposit, lake deposit, sinkhole, Lake Otjikoto, radiocarbon measurement, Holocene, environmental change, Namibia, Windhoek; 10761. transect, mire development, peat stratifica-

tion, Germany, Lower Saxony; 08624. tufa, peat, sub Boreal, dam, France, Calvados, Reviers; 07010. vegetation history, deforested, blanket bog, charcoal influx, Betula decline, fire, Ireland, County Kerry, Lough Adoon Valley; 05017. vleis, environmental change, anthropogenic disturbance, burning regime, vegetation history, South Africa, Cape Province, Cederberg; 13155. weathering, Margaret Glaciation, Tullabardine Interstadial, Pieman Interglaciation, Langdon Interglaciation, Baxter Interstadial, Linda Glaciation, Regenct Interglaciation, Henty Glaciation, Moore Glaciation, Cainozoic(Late), glaciation, interglaciation, interstadial, Australia, Tasmania; 02641.

pollen analytical data
last interglacial, Larix pollen, vegetational succession, larch, Eemian interglaical, Brorup interstadial, Fennoscandia; 05025.

pollen analytical study
peat, oxygen isotope record, glacial history, palaeoclimate, Last Glacial, terrace deposit, Japan, Hokkaido; 10793.

pollen analytical technique
bog formation, peat bog, Older Dryas, horizontal development, topographic control, Germany, Bavaria, Rhon Mountains, Schwarze Moor; 09591.

pollen assemblage
Holocene, stream terrace, Quaternary(Late), palaeoecology, palaeoenvironment, alluvial valley, radiocarbon dating, melt water, aeolian activity, sand dune, glacial meltwater, braided stream, meandering river, USA, Missouri, Mississippi River; 07263. Loch Lomond Stadial, elm decline, salt marsh, Devensian(Late), Holocene, stratigraphy, radiocarbon dating, palaeoecology, UK, England, Severnside; Vale of Gordano; 07264. palaeoclimate, isotopic stage, palynological study, Quaternary, Japan, Kyushu; 10796. palaeoclimate, stalagmite, flowstone sequence, U series technique, oxygen isotope variation, Norway, Rana; 06159. snow patch, slope break, environmental change, Holocene(Late), snow accumulation hollow, soil stratigraphy, Japan, Echigo Range, Mount Tango; 10794. transgression, uplift, Holocene, sea level change, peat core, radiocarbon dating, molluscan assemblage, diatom assemblage, Japan, Choshi Peninsula, Takagami Lowland; 02684.

pollen assemblage zone
dating, long continental pollen sequence, correlation, marine pollen, oxygen isotope stratigraphy, substage 5e, fossil pollen, sedimentation rate, USA, Washington State, Olympic Peninsula, Humptulips; 01418.

pollen assemblages
Pleistocene(Late), Holocene, flora change, Pleistocene(Middle), interglacial flora, glacial flora, interstadial flora, Japan, San-in District; 05030.

pollen content
Leclercville Rhythmites, last interglacial, lake sedimentation, stratigraphic position, palynology, Pleistocene, rhythmite, Canada, Saint-Lawrence Valley, Leclercville; 01437. Pleistocene(Late), Deschaillons Varve, St. Maurice Rhythmite, Leclercville Rhythmite, St. Pierre Sediment, bioturbation, varve, glaciolacustrine event, rhythmite, Canada, Quebec, St Lawrence Valley; 02660. snow, Arctic ice cap, ice cap, low Arctic, tundra, seasonal pollen variation, annual pollen variation, Canada, Ellesmere Island, Agassiz Ice Cap; 07224.

pollen curve
model, plant population growth, reaction kinetics, Holocene, 04933.

pollen data
boreal forest, refugia, taiga zone, alpine tundra, northern landbridge, vegetation, permafrost, periglaical phenomena, Japan, Soya Strait; Hokkaido; Japan, Sakhalin; 05031. human impact, Quaternary(Late), vegetation history, palaeovegetation map, Europe; 06142. Mesolithic, Neolithic, Bronze Age, arable agriculture, postglacial history, environmental history, valley mire sediment, archaeological excavation, UK, England, Cheshire, Tatton Park; 10784.

pollen deposition
spore, moss polster, peat core, New Zealand, South Island, Southern Alps; 06093.

pollen diagram
core profile, human settlement, geobotanical investigation, Germany, Bad Oldesloe; 08484. core, subglacial channel, radiocarbon date, Allerod, laminated rhythmite, deadice, Bolling interstadial, Weichselian(Late), Flandrian(Early), vegetation, Germany, Schleswig Holstein, Angeln; 08482. Loch Lomond Stadial, Older Dryas, climatic change, climatostratigraphic subdivision, Devensian, Lateglacial, UK, Scotland, Argyll, Oban, Pulpit Hill; 09551. mangrove vegetation, tidal zone, sedimentation, uplift, palynological investigation, lake, swamp, Indonesia, Celebes, Sulawesi, Danau Tempe Depression; 00284. plant macrofossil, buried soil, climatic shift, Aranuian, vegetation history, New Zealand, Canterbury, Arrowsmith Range, Prospect Hill Plateau; 03900. pleniglacial period, Bolling, Older Dryas, Allerod, Younger Dryas, wind, Weichselian(Late), Holocene(Early), vegetation, climate, flora migration, Norway, North Rogaland, Utsira; 08481. transgression, regression, mangrove ecosystem, palyno plankton stratigraphy, environmental change, Holocene, intertidal, freshwater biota, India, Bengal Basin; 04985. Wurm, palynology, chronology, glacial geomorphology, deglaciation extent, deglaciation chronology, Late Glacial, deglaciation stage, France, Alps, Alpes de Haute Provence; 10786.

pollen dispersal data
research analog, Quaternary, palaeoecological research, pollen analysis, environmental hypothesis, Q mode factor analysis, cluster analysis, Argentina, Neuquen, Cerro Domuyo; 07196.

pollen geochronology
subsidence, land loss, marsh, vertical accretion rate, sea-level change, rate of submergence, USA, Maryland, Chesapeake Bay; 11983.

pollen grain
sediment weathering, lacustrine level, chlorococcal algae, Typhaceae pollen, sterol content, humic acid, fulvic acid, organic wall, microfossil, organic substance, Holocene sediment, marine level, dinoflagellate cyst, Brazil, Rio de Janeiro, Guarapina Lagoon; 08458.

pollen index
sedimentological index, geochemical index, fire history, historical reconstruction, boreal forest, forest fire history, lake sediment, charcoal index, Canada, Alberta, Wood Buffalo National Park; 08472.

pollen input
dinocyst productivity, lake level, uranium-thorium chronology, correlated record, oceanic record, continental record, hydrology, palaeoclimate, Africa, (North); 09566.

pollen rain
arid environment, Burkard trap, pollen reentrainment, USA, Arizona, Tucson; 00279.

pollen ratio
climate change, carbon dioxide, Global Change Program, tree ring chronology, deuterium, tree line stand, 10140.

pollen record
core, oxygen isotope stratigraphy, Late Glacial, Holocene, global cooling, Pleistocene(Late), Holocene, radiolarian, Okhotsk Sea; 10750. deep sea core, V28-304, RC 14-99, regional vegetation, gymnosperm, angiosperm, glacial interval, Japan; 04967. environmental change, climatic condition, Quaternary(Late), Uganda, Rukiga Highlands; 04980. global forcing, Younger Dryas, Chile; Argentina; 09550. last interglacial glacial cycle, sedimentation rate, radiometric dating, Grande Pile, Austria, Alps, Eastern Alps; 06089. Pleistocene pollen record, Holocene pollen record, latitudinal vegetation zonation, land-sea comparison, last glacial-interglacial transition, Senegal; Mauritania; 02629.

pollen reentrainment
pollen rain, arid environment, Burkard trap, USA, Arizona, Tucson; 00279.

pollen remain
lake varve, ocean sediment, glacier termini, climate change, observing climatic change, climate monitoring, 04329.

pollen sequence
Holsteinian, Holsteinian-Mazovian interglacial, Hoxnian, Ferdynandovian, interglacial, Poland; UK, England; 01442. lake level history, ice core data, Little Ice Age, glacial history, palaeoclimate, radiocarbon dating, climatic condition, snowline, Peru, Andes; Bolivia, Andes; 02624. peatbog, radiocarbon date, grassland, last glacial, humid montane forest, Holocene, Iron Age, Zaire, Burundi Highlands; 09573.

pollen spectra
Eemian Interglacial flora, gyttja, till, lacustrine landscape, interglacial, flora, Poland, Warsaw, Kasprzak Street; 00313.

pollen spectrum
ice sheet, firn, Greenland, South Greenland, Dye 3 Site; 07246.

pollen stratigraphical data
Holocene, global climatic pattern, simulation, vegetational response, climatic reconstruction, Europe; 03891.

pollen stratigraphy
insect fauna, thermal environment, Mutual Climatic Range Reconstruction Package, beetle, climatic change, Younger Dryas, palaeoclimatic reconstruction, palaeoenvironmental reconstruction, fossil insect assemblage, Weichselian(Late), Sweden, Toppeladugard; 09589. magnetostratigraphy, palaeomagnetic age, Plio Pleistocene, Tsunozu Formation, sedimentation rate, Japan, San'in District, Tsunozu Area; 04952. palaeolake, Allerod, Younger Dryas, eustatic sea-level rise, radiocarbon date, Tapes transgression, sea level, Norway, Sunnmore; 00321. palaeomagnetic secular variation, radiocarbon chronology, lake sediment, Allerod, Younger Dryas, vegetation history, Late Weichselian, Weichselian(Late), Sweden, Skane, Torreberga; 05024. Pleistocene, lacustrine deposit, Middle Polish glaciation, Eemian, Vistulian vegetation, Poland, Wroclaw, Imbramowice; 00312. radiocarbon dating, Devensian, lateglacial, UK, Wales, South Wales, Glamorgan, Llanilid; 06152. vegetational history, Younger Dryas, Holocene, USSR, Ladoga Lake; 13157.

pollen study
palaeoclimate, proxy data, climatic change, lake level, Argentina, Lake Cardiel; 01949.

pollen transport
marine core, monsoonal climate, monsoon history, oxygen isotope record, palynologt, climate change, Indian Ocean; Arabian Sea; 11920.

pollen trapping
rainforest, canopy vegetation, Australia, Queensland; 06091.

pollen zone
Eemian, bore hole, maar lake sediment, Italy, Rome, Valle di Castiglione; 06104. last interglacial, Muir Point Formation, Whidbey Formation, Highbury Formation, sea level, Canada, British Columbia, Vancouver Island; 07254. radiocarbon date, lowland, raised bog, Neolithic, forest clearance, Bronze Age, vegetational history, UK, Northern Ireland, Antrim, Sluggan Bog; 13149. radiocarbon, tephra dated, early postglacial vegetation, temperature, Mazama tephra, Neoglacial ice advance, Late Quaternary, vegetation history, Canada, Alberta, Jasper National Park, Wilcox Pass; 05012.

pollutant
air-sea exchange, hexachlorocyclohexane, water sample, Henrys law, organochlorine, Chukchi Sea; Bering Sea; 13648. anthropogenic influence, sedimentation, suspended sediment, reservoir, dam, heavy metal, Spain, Ebro Delta; 05883. anthropogenic metal, mud flat, salt marsh, organic matter, estuary, UK, England, Severn Estuary, Tites Point; 09383. anthropogenic source, iron cycling, lead-210 dating, accumulation rate, diagenesis, USA, New York, Adirondack State Park; 03527. bottom sediment, organic carbon, heavy metal, biodegradation, waste, Venezuela, Tuy River Basin; 08199. chlorobenzene, suspended particulate, bottom sediment, chemical partition, fishing, effluent, Japan, Ise Bay; 09393. colloid, coagulation, settling, 05793. crustal material, anthropogenic pollution contribution, trace element, aerosol, Atlantic; 06684. deposition, cluster analysis, meteorology, precipitation chemistry, USA; Canada; 10201. dustfall, air pollution, cement dust, heavy metals, Turkey, Elazig; 01262. emission inventory, CORINAIR project, Europe; 11358. environmental monitoring, air quality model, pollution meteorology, boundary layer, atmospheric diffusion, 09047. estuary, fluorescence, decomposition, North Sea, German Bight; 05965. exposure, plant growth, yield, dose response relationship, crop loss, 11363. grain size, micropollutant, heavy metal, PCBs, PAHs, 10658. lake sediment, mathematical model, erosion, beach erosion, factor analysis, chemical pollution monitoring, coastal erosion monitoring, USA, Lake Michigan; 05978. lake, productivity, sedimentation, eutrophic lake, mineralisation, phosphorus, Netherlands, Lake Veluwe; 11667. mesoscale model, boundary layer model, dispersion model, coastal region,

complex terrain, sea land breeze circulation, Eulerian numerical model, diffusion, China, Bohai Sea; 07691. migration path, bottom sediment, sedimentation, shelf, Pacific, Gulf of Siam; Japan Sea; Pacific, Sea of Japan; 10563. monochromatic atmospheric reflectance, aerosol parameter, 12695. monsoon, heavy metal, contamination, sewage, India, Bombay, Ulhas River; Thane Creek; 12907. mud, molluscan fauna, clay, heavy metals, trace element, anthropogenic source, UK, England, Humber Estuary, Easington; 02381. natural tracer, salt wedge, estuary, suspended matter, organic matter, bank erosion, sediment source, Germany, Elbe Estuary; 03542. nitrifying bacteria, dissolved oxygen, BOD, surface water quality, nitrogenous BOD, biological oxygen demand, China, Lee River; 13368. partitioning, organic carbon, PAHs, laboratory experiment, Australia, Queensland, Brisbane River Estuary; 04797. radionuclide cycling, radionuclide transport, surface water quality, radioactivity, nuclear reactor, uranium mine, fallout, USA, Great Lakes, Lake Michigan; Lake Ontario; Canada, Great Lakes, Lake Ontario; 13351. rain composition, convective shower, frontal precipitation, aerosol particle, in cloud, below cloud, absorption, nucleation, scavenging, 06554. runoff, biochemical oxygen demand, chloride, copper, zinc, lead, Sweden, River Hoje; 02383. scavenging, sequential sampling model, cloud dynamics, precipitation rate, pollutant rain concentration, 06553. sewerage, monsoon, suspended solids, heavy metal, industrialisation, anthropogenic discharge, India, Bombay, Thane Creek; Ulhas River; 12906. sinkhole, caves, disappearing river, blind valley, spring, dye tracing, karst hydrogeology, groundwater problem, fluviokarst, Ordovician(Upper), USA, Minnesota, Fillmore County; 03839. stack height, sulphur dioxide, plume rise, South Africa, Transvaal; 07819. street traffic, environmental spatial research, emission, 12521. sulphur dioxide, nitrogen oxide, ozone, trace gas, transboundary mass flux, Germany; 06599. surfactant, flotation, sediment-water interface, partitioning, gas bubble, suspended matter, Italy; 04790. suspended sediment, reversible reaction, adsorption, desorption, kinetics, diffusion, solid core model, coupled reaction, 07030. tombstone, marble, weathering, industrial environment, stone deterioration, Australia, New South Wales, Port Kembla; 12023. trace component, Eurotrac project, Polarstern cruise, 06659. trajectory, wind field, Japan, Osaka; 05389. transport, deposition, dry deposition, sulphur dioxide, trajectory model, 11390. valley, complex terrain, wind tunnel modelling, dispersion, 13693. waste, linear alkylbenzene, linear alkylbenzenesulphonate, isomeric change, detergent, Japan, Tokyo; 07035. water quality, sewer overflow, storm water runoff, urban pollutant, surface water, dissolved oxygen, oxygen, ammonia, toxic pollutant, Netherlands, Amstel-en Gooiland; 13352. wet only sampler, ecotoxic heavy metal, dissolved organic carbon, rain water, snow, atmospheric deposition, acid, heavy metal, carbon, nutrient, Netherlands, Yerseke; 09043.

pollutant concentration
boundary condition, turbulent diffusion, diffusion, underlying surface, deposition, 12361. numerical investigation, mesoscale circulation, verification study, mesoscale model, boundary layer, USA, California, Los Angeles Basin; 12439. turbulence, diffusion, vehicle, traffic, speed, 11212. upwind, downwind, inorganic species, organic species, Bermuda; 12520.

pollutant decay
water conservation, sewage effluent, chalk aquifer, aquifer recharge, groundwater quality, UK, England, Hampshire; 07561.

pollutant deposition
ozone, sulphuric acid, aerosol, monoterpene, hydrocarbon, acidiccompound, 06615.

pollutant detention time
wake cavity, downwind wake cavity, building, detention time, deconvolution technique, laboratory study, 10023.

pollutant dispersion
mathematical simulation model, sewage discharge, time of decay, surface water contamination, dispersion coefficient, Argentina, Buenos Aires, Rio de la Plata; 13355. sea breeze, turbulent diffusion, Gaussian plume model, wind veering, 05473. triangular ridge, numerical study, diffusion, point source, turbulence model, 13531.

pollutant emission
sulphate, source receptor relationship, sulphur dioxide, nitrogen oxide, emission, acid rain, nitrate, North America; 04437.

pollutant exposure
volatile organic compound, particulate matter, source receptor study, chemical industry, USA, West Virginia, Kanawha Valley; 11402.

pollutant load
nonpoint source pollution, runoff pollution, probabilistic modelling, urban runoff, North America, Great Lakes Basin; 07513. runoff, surface water quality, wet deposition, bulk deposition, urban hydrology, Germany, Hamburg; 00563.

pollutant migration
biogeochemical cycle, industrial waste, groundwater quality, cyanide, salt, 07553.

pollutant monitoring
ecosystem monitoring, global baseline site, 11398.

pollutant rain concentration
pollutant, scavenging, sequential sampling model, cloud dynamics, precipitation rate, 06553.

pollutant removal
water treatment, water quality, phenol, p-chlorophenol, mercuric ion, fixed bed adsorption, 04063.

pollutant transport
advection, diffusion, channel flow, reach back characteristics method, dispersion, 12200. deposition, raindrop, microphysical scheme, mesocale modelling, 06610. dispersion regime, groundwater flow, viscosity gradient, density gradient, miscible displacement, mechanical dispersion, 09899. land use effect, nonpoint pollution, water quality, pollution abatement programme, sediment transport, 00635. leaching, pesticide, groundwater quality, surface water quality, soil chemistry, agricultural pollutant, 06394. mixing, river pollution, pulse disposal, dispersion, convection dispersion equation, surface water quality, velocity gradient, mechanical dispersion, 11019. numerical investigation, mesoscale circulation, synoptic influence, USA, California, Los Angeles Basin; 12440. radiosonde data, mixing height, trajectory model, boundary layer model, Saudi Arabia; 08959. sediment transport, solute transport, runoff, fertilizer, loess soil, model calibration, surface water quality, Germany, Karlsruhe, Weiherbach Catchment; 06324. soil water content, organic pollutant, unsaturated soil, effective partition coefficient, soil temperature, Korea(South); 10874. terrain roughness, dispersion model, complex terrain, plume, terrain roughness, 08960.

pollutant-material response relationship
damage function, dry deposition, wet deposition, laboratory exposure system, simulation, atmospheric degradation, building stone, wet deposition, atmospheric pollutant, acid rain, wet-dry cycling, Porland stone, 02704.

polluted air
urban climate, thermal infrared mapping, Austria, Graz; 05766.

polluted air mass
photochemical activity, ozone, hydrogen peroxide, trace gas, 06600.

polluted aquifer
suspended material, fine sediment, agricultural pollutant, sewage effluent, metal concentration, groundwater quality, Israel; 01741.

polluted atmosphere
aerosol characteristic, boundary layer, heat transfer, radiative heat transfer, numerical simulation, thermal structure, urban atmosphere, 12353. climatic changes, temperature, radiation balance, Middle East; 09005.

polluted lake
eutrophication, lake restoration, reed harvesting, alum treatment, lake water quality, nutrient, trophic status, Greece, Lake Kastoria; 13335.

polluted soil
soil reclamation, forest soil, Grey Luvisol, nitrogen, fertiliser, sulphur, liming, 09673.

polluted stream
bay, dissolved oxygen, salt water environment, geostatistical technique, surface water quality, estuary, Italy, Taranto, Mar Piccolo; 07495.

pollution
acid precipitation, nitrogen oxide, photo oxidant, nitrogen compound, aluminium, fish stock, Norway; 04451. acid rain, anthropogenic influence, dissolution rate, dolomitic marble, marble, rainfall, solution rate, Greece, Thessaloniki; Plagiari; 10821. acidification, acid deposition, air pollution prevention, 04401. acidification, water quality, water chemistry, fish population, humic compound, lake survey, Norway; 13344. acidity, temperature inversion, pollution front, France, Lorraine; 03260. adsorption site, particle size, PAH, organic matter, river sediment, 03585. advection differential equation, receptor modelling, particle, empirical orthogonal function, multivariate statistics, sulphate, 13683. aerosol optical thickness, particle size, scattering albedo, smoke, anthropogenic pollution, aerosol, satellite measurement, 04357. air pollution observation, air quality monitoring network, Korea; Japan; 04403. air quality measurement, sulphate aerosol, maritime polar air masses, sulphur dioxide, nitrogen oxide, hydrogen peroxide, aerosol, Poland, Karkonosze Range; 02004. air quality monitoring, pollution control, fog, France, Basse-Seine; 04447. air quality monitoring, sampling, emission, 04448. air quality, emission limit value, 03255. air quality, principal components analysis, clustering, sulphur dioxide, nitrogen dioxide, synoptic climatology, climate classification, 07865. air quality, sulphur dioxide, carbon monoxide, particulate matter, oxidant, nitrogen dioxide, nitric oxide, non-methane hydrocarbon, Japan; 00919. air-sea exchange, marine atmosphere, ethene, ethane, hydroxyl, methane, carbon monoxide, nonmethane hydrocarbon, Indian Ocean, Amsterdam Island; 03246. anthropogenic contamination, continental shelf, trace element, Tyrrhenian Sea; Italy, Tuscany Coast; 10585. anthropogenic input, gasoline production, lead cycle, Atlantic, (Northeast); 08211. biogenic cycling, biogenic particle, lead, water sediment interface, Atlantic, (North); 08212. biological indicator, phytotoxic photochemical oxidant, air quality, vegetation, Mexico; 01960. biological monitor, leafyeast, air quality, Europe; 04457. boundary layer, isobaric trajectory, vanadium, trajectory analysis, long range transport, Japan; 02006. boundary layer, stratified flow, fluid modelling, atmospheric diffusion, complex terrain, wind tunnel modelling, 05404. cadmium, lead, coastal sediment, heavy metals, India; 01263. calibration, impactor, aerosol, particle, sampling, chimney stack, 00682. CFC 11, carbon tetrachloide, methyl chloroform, emission, complex terrain, regional transport, methylchloroform, USA, Nevada-Arizona Desert; 04399. CFC's, ozone depletion, ultraviolet radiation, 04396. chemical plant, emission, control equipment, incinerator, Denmark, Jutland, Cheminova; 11366. climate record, ice core, carbon dating, tritium, glacier, hypsithermal, volcanic eruption, Arctic; Svalbard, Spitsbergen; 04341. coal fired power station, nitrogen isotope, motor vehicle, pollution, nitrogen oxide, 00871. control strategy, emission reduction cost, RAINS model, receptor area, uncertainty, source receptor relationship, transboundary air, Austria; 11367. copper, zinc, coastline, anthropogenic pollution, heavy metal, Japan, Seto Inland Sea; 09388. denitrification, petroleum, hydrocarbon, oil spill, accident, fauna, France, Mediterranean Coast; 01257. deposition flux, heavy metal, PAH, vehicle pollution, highway, 13721. dispersion model, Cross-Appalachian Tracer Experiment, tracer transport, dispersion, plume, 02045. dispersion model, receptor model, trace metal, inorganic anion, factor analysis, Hong Kong; 03170. dispersion modelling, nitrogen oxide, trajectory model, power station, motor vehicle, emission, UK; 04424. dust, factory emission, vegetation, soil, India, Uttar Pradesh, Mirzapur, Dala Cement Factory; 00431. dust, Gaussian dispersion model, particulate matter, respirable size range, dispersion coefficient, 04417. dust, metal, surface water, heavy metals, sulphur dioxide, nitrogen oxide, Poland; 03252. Earth, deforestation, desertification, 02224. emission, aerosol, in-situ measurement, aircraft measurement, remote sensing, satellite observation, 00935. emission, air quality, nitrogen dioxide, particulate, carbon monoxide, nitrogen oxide, Finland; 03158. emission, dust, ozone, air quality monitoring, Saudi Arabia, Jubail; 01963. emission, hydrocarbon, nitrogen oxide, chemistry-dispersion model, ozone, pollution control, urban atmosphere, nitrogen dioxide, 02011. enclosed sea, civil engineer, tidal current, Japan, Osaka Bay; 09391. energy efficiency, toxic waste, emission, political action, global agenda, 07882. eutrophication, sedimentation, heavy metal, organic matter, carbonate, marine geology, India, Kerala, Mahe Estuary; 08208.

exhaust emission, hydrocarbon, carbon monoxide, nitrogen oxide, formaldehyde, aldehyde, acetylene, butadiene, benzene, ambient temperature, tailpipe emission, motor vehicle, 05503. expert system, aerosol, 03178. field study, PAN, ozone, nitrogen oxide, photosmog, temperature, Switzerland; 12542. fine particle mass, carbon, visibility, particulate matter, aerosol, sea salt aerosol, biomass burning, photochemical aerosol, Australia, Latrobe Valley; 00920. flood, climate, Egypt, Cairo; 00664. fly ash, heavy metal, 11356. forest decline, soil condition, spruce, Germany, North Rhine Westfalia; 09026. forest ecosystem, deposition, fog, organic compound, dew, Europe; 00884. forest fire smoke, smoke, particle size, optical thickness, satellite measurement, USA; Canada; 04358. formaldehyde, photochemical smog, ozone, hydrogen peroxide, hydrocarbon, ethene, propane, acetaldehyde, 02041. fossil fuel, dust, cement industry, vanadium, Egypt, Cairo; 03146. gasoline, lead, volatile halogenated hydrocarbon, carbonyl, automobile, risk factor, motor vehicle, Italy, Turin; 00809. grain size, sedimentation, anthropogenic activity, metal sink, 09376. greenhouse effect, fossil fuel, natural gas, carbon dioxide, climate change, 03137. greenhouse gas, carbon dioxide, pollution control technology, nitrogen oxide, motor vehicle, UK; 00812. halocarbon, forest, chloroform, soil air, tetrachlorethene, trichloroethane, trichloromethane, Germany; 04425. heavy metal, biomonitoring, sulphur dioxide, nitrogen oxide, hydrocarbon, dust, Poland, Katowice, Upper Silesia; 09025. heavy metals, marine sediment, geoaccumulation index, estuary, Spain, Guipuzcoa Coast; 04782. heavy metals, mercury, Enterobacteriaceae, organomercurial, bacterial resistance, biological indicator, 03263. heavy metals, river sediment, geoaccumulation index, Spain, Guipuzcoa; 04783. heavy metals, toxic sediment, organism, seafood, contamination, Sediment Quality Triad, 04768. hydrocarbon, nitrogen oxide, emission, power plant emission, industrial emission, ozone, air quality, photosmog modelling, 00853. hydrogeology, moraine landscape, glacial bed, groundwater, Denmark, Arhus; 07554. impactor, principal component analysis, trace metal, sodium, vanadium, manganese, copper, zinc, arsenic, cadmium, lead, inversion, particulate, aerosol, Switzerland, Berne; 05509. industrial dust, agricultural plant, plant stress, 06875. industrial source, soil, heavy metals, China, Shanghai, Baoshan-Wusong; 02768. lead, speciation, diagenesis, partitioning, New Zealand, Auckland, Manukau Harbour; 07036. legislation, Switzerland; 13727. lognormal distribution, normal distribution, gamma distribution, air quality control, 01972. long range transport, dust event, synoptic vertical velocity, trajectory model, geochemical tracer, Saharan dust, 05500. long range transport, transport model, nitrogen oxide, USA, Hawaii; 00874. mesoscale model, momentum, kinetic energy, convective atmospheric boundary layer, wall effect, turbulence closure, 04460. meteorological parameter, sulphur dioxide, nitrogen oxide, sulphate, ammonium, precipitation chemistry, aerosol, long range transport, forest ecosystem, 03157. methylchloroform, perchloroethylene, particle light scattering, urban source, long range transport, haze, tracers of opportunity, USA, Nevada, Spirit Mountain; 02018. microtektite, dust, stratosphere, cosmic dust, 02035. modified structure function, air quality monitoring, sulphur dioxide, Germany, North Rhine-Westphalia; 01966. motor vehicle emission, airshed, urban area, Australia, Perth; 02019. motor vehicle emission, photochemical smog, urban atmosphere, South Africa; 03149. motor vehicle pollution, dispersion model, wind tunnel experiment, 01987. motor vehicle, emission, Europe; 00810. motor vehicle, exhaust, emission, 00816. motor vehicle, nitrogen oxide, catalytic converter, emission, Germany; 00813. motor vehicle, soil profile, lead, cadmium, copper, organic lead compound, PAH, UK, England; 00819. nitric acid, ammonia, forest damage, suspended particle, leaching, spruce forest, precipitation, 03259. nitrogen dioxide, ozone, Finland; 03151. nitrogen oxide, methane, carbon monoxide, emission, hydroxyl radical, oxygen, global change, tropospheric chemistry, solar ultra violet radiation, water vapour, ozone, 00914. nitrogen oxide, photochemical trajectory model, ozone, hydrocarbon, boundary layer, gas fired power station, Australia, Melbourne; 03156. nitrogen oxide, pollution, coal fired power station, nitrogen isotope, motor vehicle, 00871. nitrogen oxide, sulphur oxide, ozone, hydrogen peroxide, non-methane hydrocarbon, pollution damage, PAN, emission reduction, Japan; 05535. organic carbon, water soluble contaminant, compost, waste disposal, groundwater quality, heavy metal, 13431. organic fumes, toxicological limit, volatile organic pollutant, oxygen, carbon dioxide, carbon monoxide, 03256. ozone, non-methane hydrocarbon, carbon monoxide, nitrogen dioxide, hydrogen peroxide, urban atmosphere, USA, California, Los Angeles; 03223. particle, sampling, quartz fiber filter, polychlorinated dibenzo-p-dioxin, polychlorinated dibensofuran, PCBs, gas chromatography, 00842. particulate matter, anticyclone, land breeze, cyclone, cold front, inversion, nitrogen oxide, Japan, Kanto Plain; 02001. particulate matter, carbon, aerosol, thermogram, carbon monoxide, lead, motor vehicle, 00921. particulate matter, lead, motor vehicle, UK, England, London; 00814. particulate matter, regional weather pattern, clustering, synoptic meteorological class, Spain, Valladolid; 00858. particulate, aerosol, manganese, iron, magnesium, copper, nickel, zinc, cadmium, lead, Chile, Santiago; 03173. phosphorus, iron, heavy metals, spectral analysis, tracer, Canada, Great Lakes, Lake Ontario, Hamilton Harbour; 01203. photochemical oxidant, plume, ozone, peroxy acetyl nitrite, 04446. photochemical pollution, methanol, gasoline, ozone, motor vehicle, 00879. photochemical pollution, nitrogen oxide, non-methane hydrocarbon, sea breeze, urban pollution, Taiwan, Taipei; 00854. photochemical product, nitric acid, dispersion, sea breeze front, air quality, turbulence, 00758. photochemical smog, surface ozone, rural region, urban region, alpine region, nitric oxide, Switzerland; 06567. Pinus sylvestris, bioindicator, sulphur dioxide, fluorine compound, pine needle, sulphur, iron, Finland, Kevo; Poland; 02069. Pinus sylvestris, electrolytic conductivity, sulphate concentration, pH, bark test, Poland, Ojcow National Park; 04455. point source, PAH, storm event, UK, England, Derbyshire, River Derwent; 03589. pollution dispersion, puff model, Portugal; 01985. pollution modelling, emission data base, air quality data, concentration isoline, Portugal; 06606. polychaete, bioavailability, salinity stress, heavy metal, India, Bombay, Thane Creek; 12909. prediction model, Kalman filtration, 03266. principal component analysis, photochemical process, lower troposphere, chemical component, aerosol, Arctic; 06549. productivity, biogenic debris, sedimentation, gyre, heavy metal, sediment source, Tyrrhenian Sea; 08172. radioactive dating, PCB, plume, lake sediment, USA, Great Lakes, Lake Michigan, Green Bay; 11704. radioactivity, volcanic activity, residence time, long range transport, continent to ocean transport, meteorological regime, transport process, trace element, mineral aerosol, sulphur, nitrogen, organic compound, 11304. radish plant, biological indicator, 03265. remote sensing, phytoplankton, suspended solid, lake, diatom, Japan, Lake Biwa; 06972. residence time, radiocaesium, Chernobyl nuclear accident, fallout, deposition, resuspended dust, particulate matter, UK, England, Barrow-in-Furness; 00807. river water, heavy metal, water quality, sewage treatment, toxicology, 09377. sampling, aerosol, particulate, ion chromatography, annular diffusion denuder, 03184. sampling, isokinetic sampling system, fly ash, gravimetric method, beta ray, dust, stack gas, 03192. sampling, motor vehicle emission, PAH, urban street dust, capillary gas chromatography, sulphur heterocyclics, Japan, Tokyo; 03251. sewage, waste water, dissolved organic carbon, particulate organic carbon, carbon cycle, Egypt, Alexandria, Eastern Harbour; 10586. signal detection, warming debate, climate variability, greenhouse gas buildup, 13623. size distribution, trace metal, particulate matter, motor vehicle, fuel combustion, aerosol, Puerto Rico, Ponce; 11399. smog warning, air quality monitoring, particulate matter, Germany; 01981. smoke, oil spill, organic carbon, fuel layer, PAH, emission, combustion, crude oil, 05538. snow, ice, carbon dioxide, lead, methane, radioactive species, nuclear bomb test, Chernobyl accident, nitrate, sulphate, organochlorine, ice core, Antarctica; Greenland; 05525. solar radiation, particulate, long range transport, ozone, sulphate, sulphur dioxide, nitrogen oxide, aerosol, Israel; 03167. stone decay, granite weathering, urban environment, Brazil, Rio de Janeiro; 10820. stratus cloud, cumulus cloud, precipitation, power station, acid deposit, plume, deposition, 04445. sulphate, particle, rotary inertial impactor, nitrate, friction velocity, ozone, sampling, USA, California, Los Angeles; 02048. sulphur compound, ultraviolet fluorescence analyser, hydrogen sulphide, Finland, South Karelia; 01976. sulphur dioxide, air quality monitoring, Germany; 01964. sulphur dioxide, dust, nitrogen oxide, objective estimation, Czechoslovakia, Slovakia; 05489. sulphur dioxide, macroeconomic consequence, emission, Norway; 11133. sulphur dioxide, nitrogen oxide, ozone, aircraft measurement, transboundary air pollution, 01965. sulphur dioxide, ozone, nitric acid, stomatal resistance, aerosol, cloud droplet, deposition, hydrochloric acid, ammonia, UK, England, Kielder Forest; 03144. sulphur dioxide, particulate matter, Pasquill's stability categories, stability, Spain, Salamanca; 01989. sulphur dioxide, Sodar, air quality control, emission, chimney, France, Provence; 04444. sulphur dioxide, succulent, biomonitor, chlorophyll, ascorbic acid, nitrogen, 03257. sulphur, particulate matter, aerosol, fuel burning, agricultural burning, principal component analysis, visibility, USA, California; 02067. suspended soil, humic substance, river, soil, China; 08210. suspended solid, oxygen, fauna, flora, dam draining, France, Loire River, St. Etienne; 11709. terrain hypsometry, temperature inversion, sulphur dioxide, 04398. topographically complex location, motor vehicle, 00817. total suspended particulate, dust, sulphur dioxide, nitrogen dioxide, sampling, air quality, Poland, Lublin Coal Basin; 04452. toxicity, photoacoustic detection, sampling, air quality, 03189. toxicity, plankton, heavy metal, China, Xiamen Bay; Jiulong River; 09387. trace element, grassland, nickel, lead, zinc, iron, manganese, cadmium, copper, cobalt, chromium, biomass, Czechoslovakia, Ostrava; 00910. trace metal, suspended sediment, estuary, anthropogenic, shelf sea, North Sea; 10541. traffic, plant chlorophyll, motor vehicle emission, bio assay, photosynthesis, particulate, 05490. transport, dry deposition, ozone, nitric acid, Japan; Korea; China; 00859. turbidity, surface boundary layer, Volz photometer, 05376. tyre tread, pyrolysis, gas chromatography, flame, photometric detection, traffic density, suspended particulate matter, benzothiazole, urban pollution, 00849. ultraviolet radiation, Montreal Protocol, CFC's, ozone depletion, stratosphere, Arctic; Antarctica; 03209. urban atmosphere, motor vehicle emission, air quality, UK, England, London; 01971. urban atmosphere, pollution measurement, lead, automatic filter changer, motor vehicle emission, 01977. urban climate, temperature, heat island, precipitation, insolation, Japan, Tokyo; 05390. urban environment, carbon monoxide, nitrogen oxide, particulate matter, lead, motor vehicle, Gaussian diffusion, air quality, UK, England, London, Haringey; 00815. urban pollution, lichen, sulphur dioxide, nitrogen dioxide, France, Toulouse; 03197. volatile organic pollutant, thermodesorption, amines, U. dimethylhydrazine, sampling, gas chromatography-mass spectrometry, 03270. Wadatlas, tidal movement, navigation, Netherlands, Waddenzee; 06783. waste water, disposal system, sewage, Greece, Saronikos Gulf, Athens Sea Outfall; 12905. water hardness, water resource, karst water, mineral characteristic, pH, electrical conductivity, tracing, budget investigation, thermal spring, Hungary; 11064. water transfer, Kendall trend analysis, surface water quality, semi mean trend analysis, water quality management, China, Luanhe River; Tianjin; 11030. weathering, chemical weathering, mechanical denudation, acidification, anthropogenic denudation, denudational process, Poland, Karkonosze Mountains, Lomniczka River; 08546. weathering, trace element, anthropogenic source, 01246. wet removal, aerosol, nucleation, impaction scavenging, cloud drop, ice particle, 04463. wood stove, boiler, organic micropollutant, PAH, tar, intercalibration, combustion, biomass, sampling, chemical analysis, Sweden; Norway; Finland; Denmark; 00811.

pollution abatement programme
sediment transport, pollutant transport, land use effect, nonpoint pollution, water quality, 00635.

pollution charge
water charge, water resource management, pricing policy, 00647.

pollution concentration
long range transport, sulphate, cloud cover, Lagrangian one layer model, sulphur dioxide, 04435. wake dispersion, tracer, downwash, building, plume rise, USA, Alsaka, Prudhoe Bay; Arctic; 06504.

pollution control
air quality, emission control technology, 03215. arid area, water resource, water management, semi arid area, water quality, surface

water, groundwater, Africa, Sahel; Sudan; Ghana; 06414. buffer zone, floodplain, stream corridor management, surface water quality, nitrate, agricultural pollutant, 06397. efficiency analysis, economic model, water pollution, abatement cost comparison, 01784. emission, desulphurisation, ecological monitoring system, thermal power plant, sulphur dioxide, Yugoslavia, Sostanj; 01962. energy conservation, fossil fuel, greenhouse gas, environmental protection, ozone depletion, air chemistry, CFC's, carbon dioxide, greenhouse effect, 04402. environment policy, European Community, air quality, 00821. fog, pollution, air quality monitoring, France, Basse-Seine; 04447. groundwater quality, hydrogeology, chalk, legislation, groundwater protection, water management, 07589. industrial pollutant, pollution load, chloride, chloride decrease, lake water quality, North America, Great Lakes, Lake Erie; 02857. legislation, transportation policy, energy policy, Japan; 03196. nitrogen loss, phosphorus loss, sediment loss, surface water quality, agricultural pollutant, export coefficient model, representative basin, UK, England, Windrush River; 06325. nonpoint source pollution, detention basin, remote sensing, GIS, surface water quality, USA, Texas, Trinity River; 00553. oxidant, annular denuder, ozone, nitrogen dioxide, nitric acid, peroxyacetyl nitrate, formaldehyde, potassium iodide, phenoxazine, sodium carbonate, potassium hydroxide, 00878. pollution prevention, clean air policy, air pollution, 00923. pollution prevention, international cooporation, air pollution, 00924. satellite picture, sounding, plume behaviour, chimney, deposition, modelling strategy, air pollution, 11294. sulphur dioxide, vehicle emission, pollution monitoring, 01961. urban atmosphere, nitrogen dioxide, pollution, emission, hydrocarbon, nitrogen oxide, chemistry-dispersion model, ozone, 02011. waste minimisation, waste treatment, 03253. water quality management, industrial pollutant, water quality conservation, Sweden; Netherlands; 13467.

pollution control action
transport behaviour, groundwater quality, chlorinated solvent, chalk aquifer, contaminant transport, groundwater protection, UK; 07562.

pollution control measure
water quality management, water conservation, economic stimulation, 11123.

pollution control planning
multi objective planning, water quality management, surface water quality, analytical hierarchy process, 11126.

pollution control technology
nitrogen oxide, motor vehicle, pollution, greenhouse gas, carbon dioxide, UK; 00812.

pollution count
diffuse pollution, heavy metals, surface water quality, lead, zinc, mercury, copper, nickel, cadmium, chromium, Europe, River Rhine; 04067.

pollution damage
PAN, emission reduction, pollution, nitrogen oxide, sulphur oxide, ozone, hydrogen peroxide, non-methane hydrocarbon, Japan; 05535.

pollution dispersal
wind field, numerical modelling, trajectory model, Switzerland, Zurich; 13538.

pollution dispersion
boundary layer, turbulent burst, 04246. convective boundary layer, evaporation, 04430. puff model, pollution, Portugal; 01985.

pollution distribution
classification system, water quality index, water management, surface water quality, landuse, Iran, Anzali Basin; 11124.

pollution element
atmospheric pollution, aluminium reduction plant, dust, meteorology, topography, Egypt, Nagi Hammady; 07834.

pollution episode
sulphur dioxide, nitrogen oxide, acoustic sounder profile, boundary layer, surface circulation, winter, South Africa, Cape Town; 07838.

pollution front
pollution, acidity, temperature inversion, France, Lorraine; 03260.

pollution index
environmental management, air pollution, 11359.

pollution information
tidal mixing, harbour, raster, GIS, USA, Massachusetts, Boston; 06908.

pollution level
carbon dioxide, hydrocarbon, nitrogen oxide, Middle East; 07874. cyclonic activity, anticyclone, weather condition, USSR; Caspian Sea; 07822. plume trapping, stable flow, on shore flow, dispersion, Canada, Ontario, Hamilton; 11196.

pollution load
agriculture, vegetated buffer zone, erosion, buffer zone, non point source pollution, Finland, Vantaa River Basin; 07580. chloride, chloride decrease, lake water quality, pollution control, industrial pollutant, North America, Great Lakes, Lake Erie; 02857. lake circulation, thermal plume, satellite technology, USA, Lake Michigan; 08126.

pollution management
local scale management, data base, user friendly system, information system, 11365.

pollution mapping
spectrometry, algal bloom mapping, bloom, Norway; 09223.

pollution measurement
lead, automatic filter changer, motor vehicle emission, pollution, urban atmosphere, 01977.

pollution meteorology
acoustic sounding, inversion, thermal structure, Pasquill stability, Richardson number, dispersion coefficient, Monin-Obukhov length, sodar, 05496. boundary layer, atmospheric diffusion, pollutant, environmental monitoring, air quality model, 09047.

pollution modelling
emission data base, air quality data, concentration isoline, pollution, Portugal; 06606. remote sensing, soil vulnerability assessment, groundwater vulnerability assessment, GIS, 09192.

pollution monitoring
acid deposition, forest, air quality, France, Vosges Forest; 01967. AVHRR, ecological modelling, transport modelling, North Sea; 02262. data presentation, real time display, France, Ile de France; 01973. flow metering, standard production, calibration, laminar flow element, 01975. marine pollution, airborne instrument, North Sea; 09262. network design, monitoring network, optimisation, multiple objective function, Spain, Tarragona; 13680. pollution control, sulphur dioxide, vehicle emission, 01961. urban atmosphere, PAH, PCBs, volatile organics, inorganic particular matter, risk assessment, chromium, air quality, Canada; 01980. urban atmosphere, sulphur dioxide, air quality, Germany, Berlin; 01968. urban atmosphere, Terrain Protection Factor, smog index, 01974.

pollution monitoring strategy
mobile laboratory, monitoring network, trend, France, Paris; 06704.

pollution plume
food chain, eel, fish, heavy metal, mercury, methylmercury, UK, England, Norfolk, Yare River; 08202.

pollution policy
coal region, environmental change, regional conflict, Clean Air Act, efficiency criteria, government regulation, USA; 10204.

pollution potential
agricultural watershed, manure, fertiliser, herbicide, pesticide, contaminant transport, recharge flux, groundwater pollution, USA, Pennsylvania; 07579. dry well drainage, volatile organic compound, lead, chromium, pesticide, nickel, manganese, Secondary Drinking Water Standards, groundwater recharge, groundwater contamination, USA, Arizona, Pima County; 04139.

pollution prevention
air pollution, global atmospheric balance, human health, 00922. clean air policy, air pollution, pollution control, 00923. groundwater protection, groundwater quality, water management, USA; 13457. international cooporation, air pollution, pollution control, 00924. ozone depletion, CFC's, protocol, aerosol, Canada, Montreal; 10169. system monitoring, air pollution meteorology, air pollution chemistry, aerosol, instrumentation, 04400.

pollution problem
control ordinance, local regulation, soil erosion, cropland, erosion prone site, sedimentation, USA, Minnesota, Olmstead County; 05057.

pollution reduction
scale model test, wind break, coating agent, environmental impact, coal storage pile, wind tunnel, 11312.

pollution status
Himalayan lake, manganese, lead, lake water chemistry, effluent, domestic sewage, agricultural runoff, hydrochemistry, India, Kashmir; 02853.

pollution tolerant species
sewage discharge, water quality criteria, surface water quality, intermittent pollution, storm sewage, benthic community, 07517.

pollution transport
complex terrain, surface roughness, 02020. complex terrain, tracer transport, dispersion, sulphur hexafluoride, Greece, Thriassion Pedion; Athens; Greece, Mount Aegaleo; 01990. ozone, STEM II model, transport model, gas phase chemistry model, Japan; 11314. turbulence model, sea breeze front, 01984.

pollution transport process
convective mixing, carbon monoxide, wet season, emission, biological emission source, long range pollution transport, Brazil, Amazon; 07854.

polonium-210
thorium-232, radionculide, lysimetric water, uranium-238, radon-226, lead-210, 00429.

polyacrylamide
soil physical property, soil conditioner, soil biological property, 09665.

Polyas method
rainy day distribution, summer, Aegean Sea; 12348.

polychaete
bioavailability, salinity stress, heavy metal, pollution, India, Bombay, Thane Creek; 12909. gastropod, lebensspuren, Plectonema, bioerosion, oyster shell, cyanobacteria, boring, Nigeria, Cross River; Qua Iiboe River; Nigeria, Gulf of Guinea; 09437.

polychaetes
bird feeding trace, bioturbation, tidal flat, reworking, Netherlands, Wadden Sea; 01315.

polychlorinated dibensofuran
PCBs, gas chromatography, pollution, particle, sampling, quartz fiber filter, polychlorinated dibenzo-p-dioxin, 00842.

polychlorinated dibenzo-p-dioxin
polychlorinated dibensofuran, PCBs, gas chromatography, pollution, particle, sampling, quartz fiber filter, 00842. sunlight, carbon-14 activity, sunlight photolysis, photodegradation, degradation product, surface water quality, 07499.

polychlorinated hydrocarbon
sediment sink, hydrodynamic model, particle transport, cycling mechanism, fine sediment dispersal, sorption, estuarine circulation, kepone cycling, estuary, sedimentological fate, surface water quality, USA, Virginia, James River Estuary; 08760.

polychlorinated terphenyl
organism, fishing, oyster, shellfish, PCBs, USA, Virginia, Chesapeake Bay, Back River; 04775.

polychlorobiphenyl
hexachlorobenzene, DDT, DDT metabolite, heavy metal, organic micropollutant, floodplain, surface water quality, suspended matter, sediment contamination, PAH's, Netherlands, Waal River; Rhine River; 11024.

polycrystalline ice
creep model, constitutive modelling, transient creep, 07294. crystal anisotropy, crack nucleation, elastic anisotropy, porous ice, 07293.

polycyclic aromatic hydrocarbon
microchemical dating, carbon-14, molecular dating, amino acid, 05487.

polyester resin
micromorphology, fluorescence microscopy, 01574.

polygenetic surface
etchplanation, deep weathering, granite decomposition, landform development, china clay, growan, humid temperate weathering, saprolite age, planation surface, UK, England, Devon, Dartmoor; Cornwall, Bodmin Moor; UK, England, Cornwall, St. Austell Moor; 00221.

polygon
climatic condition, photointerpretation, geometry, vistulian polygon, ice

wedge polygon, periglacial, Poland, Poznan; 06200. OVERPROP, map overlay, overlay polygon, 13832. soil convection, desiccation cracking, secondary sorting, patterned ground, sorted pattern, sorted circle, Svalbard, Spitzbergen, Kapp Linne; USA, Colorado, Colorado Front Range, Arikaree Cirque; 12007. stripe, free convection model, self organisation form, patterned ground, soil recurrently frozen, 06193.

polygon clipping
line segment, computer vision, 03318.

polygon map
three dimensional regional data, quadtree, spatial analysis, data structure, hierarchical representation, multidimensional point data, 06799.

polygon overlay
geographical feature, GIS, decision support system, 05621.

polygon processing
CADD, drafting and design, spatial analysis, GIS, 06778.

polygon skeletonisation
raster-vector integration, Voronoi diagram, spatial adjacency, interpolation, 00978.

polygonal approximation
dominant point, Gaussian smoothing, 12646. finite difference, boundary point data, 12647.

polygonal entropy
vision, algorithm, nonconvex polygon, 03331.

polygonal pattern
drainage network, geomorphological spatial self organisation, geomorphology, periodic bedform, patterned ground, scale invariant topography, spatial order, ripple, 05986.

polygonal patterned ground
till, fire, thermal cracking, radiocarbon date, permafrost aggradation, soil wedge polygon, palaeoclimatic significance, Canada, Quebec; 07288.

polyhedra
positioning, recognition, intensity, 04504.

polymer effect
erosion, laboratory, rainfall simulator, infiltration rate, 03934.

polymer grid
revised design chart, steep slope, reinforced slope, slope, design chart, geotextile, 09517.

polymethylmethacrylate
methylene blue aerosol, aerosol, ultra violet, aerosol charging, particle, polystyrene latex, 03193.

polymorphism
residual karst relief, mogote, karstic landform, lithology, structure, temperate karst, tropical karst, Spain; Poland; UK; 08405.

polynomial
velocity field, crustal movement, trigonometry, seismic zone, Greece, Lake Volvi; 02196.

polynomial approximation
digital image, deblurring, polynomial transform, 07993.

polynomial regression
glacier length, statistical analysis, historical data, glacier terminus, data correlation, climatic data, frontal dynamics, ablation, accumulation, long term trend, Italy, Giulie Alps; 08511.

polynomial transform
polynomial approximation, digital image, deblurring, 07993.

polynomials
image algebra, binary image processing, contour, quadtree, 03302.
